Chapter 201 Watching Li Hongmei

Yun Erchuan trusted Gu Shinian, and after hearing what he said, he went back to the village without even revealing his face.

Gu Shinian returned to the crowd, pulled Yun Chang and Lin Dani out, explained in a low voice, and then the group squeezed forward.

"Second aunt, it's so nice of you to be here! Come, come in with us! You slandered my aunt yesterday, and we're here to sue you in town today!"

Li Hongmei was not prepared that Yunshang would suddenly appear, and there was Comrade Lin from the provincial capital standing beside her. When she heard that the two came to sue her in the town, she immediately stepped back with a white face, wanting to put her cat behind the crowd. .

Mrs. Li immediately closed her mouth, wiped away her tears, and looked straight at Lin Dani.

This lesbian from the provincial capital has a clean face and is incredibly handsome. She wears a capable Lenin outfit and a pair of small leather boots with straps on her feet. The uppers are soft and shiny, and the toes are small and delicate. , At first glance, it is a cultural person from a big city.

Mrs. Li didn't know that Lin Dani was a shoe factory worker, nor did she know that the shoes on Lin Dani's feet were actually defective products sold in the shoe factory. Sitting on the ground, she was directly stunned by Lin Dani, a pair of leather shoes that could not be found in Qinghe County. .

Ouch, for goodness!

Hongmei, who is blind, looks like a girl, and is more than enough to match the big cadres in the city. Can people like Yun Erchuan?

How did she give birth to such a stupid girl, she couldn't find anyone with dirty water.

Okay now, people have come to town to complain!

Mrs. Li let go of the staff's thighs and slapped Li Hongmei's face with a slap, "You mortal star! How dare you speak ill of the big cadres from the provincial capital? Hurry up and apologize to Comrade Lin!"

Lin Dani kept in mind Gu Shinian's explanation, kept her face straight, didn't speak, didn't look at Li Hongmei, and pulled Yun Chang to go to the town government.

Li Hongmei was frightened, shaking her lips, and hurriedly stopped in front of Lin Dani. Before she could speak, Yun Chang said first:

"My aunt made an engagement yesterday, and you pointed at my grandfather and my grandmother's nose in front of a whole room of guests and yelled at my grandfather and my grandmother. If you want to ruin my aunt's marriage, you even poured dirty water on my second uncle's head, and my grandfather and my grandma You're so angry that you can't even get out of bed, why don't you call a doctor quickly, what are you doing at the gate of the town government?"

Yun Chang's remarks were completely opposite to what Mrs. Li had said before. Li Hongmei's image instantly changed from a victim to a marriage of a bad sister-in-law and a bad daughter-in-law of her ill parents-in-law.

And listening to Yun Chang's meaning, Yun Erchuan had no intention of divorcing Li Hongmei. The old couple of Yun's family were still lying on the kang waiting for Li Hongmei to ask the doctor to see a doctor.

The eyes of people around Li Hongmei and Mrs. Li changed instantly.

Obviously, compared with these two people, what Yun Chang said is more credible.

After all, a child this age can't make up a whole lot of nonsense.

As soon as Yun Chang finished speaking, Lin Dani did not give Li Hongmei a chance to speak, and walked directly to the two staff members, took out the letter of introduction from her body, handed it over, and pointed at Li Hongmei:

"Two comrades, does your town government care about slandering and spreading rumors about the problem of working class style? If it does, I will say it here. If it does not, I will go to the county public security bureau to report the case now."

Lin Dani's letter of introduction was opened on the street, and there was no work unit, but it was because of this that the two staff members did not dare to speculate on Lin Dani's work.

After all, her outfit is too bluffing.

Moreover, things that can be solved in the town must not be stabbed in the county, otherwise the town leaders will lose the face.

What's more, it also involves comrades from the provincial capital.

One of the staff wiped the cold sweat that did not exist on his forehead, returned the letter of introduction to Lin Dani, and said righteously, "Comrade Lin, don't worry, as long as there is grievance, we can take care of it!"

"I'm going to sue Li Hongmei." Lin Dani pointed directly at Li Hongmei, who had no color on her face, "Li Hongmei insulted me in front of a room full of people at Lao Yun's house at around 12:30 yesterday.

It is a very serious crime to spread rumors and slander that I have a style problem! Slandering and spreading rumors about the working class is against the working class and against the dictatorship of the proletariat! "

This big hat was buckled, and Li Hongmei's face was ashen, and her whole body shook into a sieve.

Mrs. Li jumped three feet high and cried out, "You're wronged! Master Qingtian, my daughter was just in a hurry to see the wrong person. She has absolutely no idea of going against the proletariat..."

"Quiet! No noise!"

Lin Dani's hat was buckled, and the staff of the town government couldn't take it seriously. After scolding Mrs. Li, she then asked Lin Dani, "Comrade Lin, your reaction is very serious. How did Li Hongmei slander you? Do you have any evidence? "

"Comrade, Li Hongmei slandered me and Comrade Yun Erchuan of the old Yun family in Xinglin Village had a style problem. I can also show evidence that she slandered me."

Lin Dani said, and took out a train ticket from her pocket, "This is my first time in Qinghe County. I went to the county town the night before yesterday, and I arrived in Xinglin Village at about nine o'clock yesterday morning. In this regard, the handlebar style in the town can be used. testify.

Comrade Yun Shuilian of Lao Yun's family made an appointment yesterday, and there were not enough staff in the family. My niece begged me to help. I arrived at Lao Yun's house around 10:30, and have been helping out at Lao Yun's house since then.

During the time of helping, I didn't say a word to Comrade Yun Erchuan, nor did I have any contact with Comrade Yun Erchuan. More than a dozen people at Lao Yun's house yesterday could testify to me.

Li Hongmei insulted me, slandered and spread rumors about me, and scolded me in front of a room full of guests, you can also go and verify with the guests..."

Seeing that the situation was over, Mrs. Li immediately used her trump card and rolled on the ground, "I'm wronged! My daughter is just scolding the wrong person, why is it on the line, and we will not let the common people speak in the future! Oh, this is The cultural people from the provincial capital are too cruel!"

When the staff saw the old lady pouting, they immediately reprimanded her with a cold face, "Shut up! If you keep making a fuss, be careful we will punish you for the crime of obstructing official duties!"

The old lady Li immediately stopped her voice, got up from the ground, received the contemptuous eyes of the onlookers, and realized that things were not going well, she simply covered her face with her hands, pulled away from the crowd, left Li Hongmei and ran away.

Seeing this, Li Hongmei fell to the ground with a black face.

It's over, her mother doesn't want her anymore.

Lin Dani looked at Li Hongmei with unbearable emotions flashing in her eyes, just thinking of Li Hongmei's intentional act of ruining Yun Shuilian's marriage, Lin Dani lowered her eyes again and

continued, "Comrade, since Comrade Li Hongmei has made a mistake, you must deal with it fairly."
"

Yun Chang blinked and interjected, "My aunt is a person that the Provincial Women's Federation focuses on, so I can't be wronged in our town."

Therefore, quickly convict Li Hongmei, so that Yun Erchuan can unilaterally apply for a divorce from the bad guys!

Chapter 202 Divorce

The sun is good today, and the old lady sat in the yard while basking in the sun, while putting up the soles of her shoes.

Seeing that Yun Erchuan entered the yard with a dark face, the old lady quickly put down the needle and thread in her hand and asked, "Er Chuan, why are you back so soon? How are things going, Sangnan?"

"Shangnan is still in town." Yun Erchuan reached out and rubbed his face, and continued to ask, "Mother, where is my father?"

"What's the matter in the room? What happened?" The old lady frowned.

"It's something, mother, let's go into the house and talk."

Entering the room, Yun Erchuan poured a bowl of hot water and sipped it, wiped his mouth again, and said to the old couple sitting on the edge of the kang:

"Father, mother, I want to divorce Li Hongmei."

Yun Erchuan's voice was dull, and without waiting for the old couple to speak, he continued, "I'm going to the town today, and Li Hongmei's mother sued the government at the gate of the town government, saying that I came to steal a chicken from his house, saying that our family Sparring with Li Hongmei, persecuting women..."

"What? Madam Li really dares to do this!"

The old lady was anxious. Seeing Yun Erchuan nod, she turned around and punched the old man in anger, "Look at me! Look at me! What kind of in-law are you looking for? It's for our family to go to labor reform!"

The old man shrank his shoulders and silently moved to the side.

At the beginning, he married Li Hongmei to Erchuan with the consent of his wife, but now it is his fault if anything happens.

However, in the face of the old lady's anger, the old man wisely chose to remain silent and bear the old lady's anger.

Forget it, who made him the head of the family and didn't stop Erchuan from marrying Li Hongmei.

But this Mrs. Li is too poisonous and unreasonable!

He gave Yun Erchuan a hat for robbery, and the old couple was given a hat for oppressing women. This is to destroy their old Yun family.

Such a family cannot end.

The old man had a dark face and asked Yun Erchuan, "Old Li's family has sued for a long time, can the town leaders agree to your divorce?"

"Comrade Gu Xiao said he has a way." Yun Erchuan wiped the corners of his eyes and asked in a dry voice, "Father, mother, after the divorce, if Li Hongmei doesn't want to keep the baby in her belly, forget it. How to arrange her?"

After asking this question, the old couple fell silent.

Several people knew in their hearts that if Yun Erchuan really divorced Li Hongmei, with the greed and viciousness of Mrs. Li, she would definitely not take in Li Hongmei. At that time, where should Li Hongmei settle down?

And she still has a big belly, how can she live alone?

It's impossible for both of them to get divorced, and they still engage in a divine operation of not leaving home for divorce, right?

Besides, there are many couples in the village who have never received a marriage certificate. If Li Hongmei is left at home, it will be no different from not getting a divorce.

The old lady started to wipe her tears again, not because she couldn't bear Li Hongmei, but because she couldn't bear the golden grandson in Li Hongmei's belly.

The old man and Yun Erchuan are men after all, and their minds are not delicate enough to understand Li Hongmei's thoughts, but the old lady knows very well that once Yun Erchuan and Li Hongmei divorce, Li Hongmei will most likely give up the child in her womb.

She has no family to rely on, and the only way out is to find a home for herself as soon as possible. If there is still Lao Yun's seed in her stomach, which man would be willing to take advantage of it?

"Oh, it hurts me to death! Erchuan, if this daughter-in-law wants to leave, your father and I will not stop you, but we have to find a way to save the baby in Li Hongmei's belly..."

"Your mother is right." The old man answered from the side, "I have thought about it, the house of the old landlord's house at the entrance of the village is empty, if the old Li family really doesn't want Li Hongmei, let's talk to the village chief and let Li Hongmei live in the old landlord's house. In a few months, let her go after the baby is born..."

The old couple and Yun Erchuan had a good plan, but when Yunshang and his party came back from town and said that Li Hongmei had been tossed into the bureau by them, the people of the old Yun family were dumbfounded.

The first reaction was that Li Hongmei had become a bad element!

The second reaction is, oh, my family has a bad mother, what can I say about my daughter-in-law in the future?

The old couple thinks more, Li Hongmei has become a bad element, so what to do with the baby in her stomach? Does it have to be classified as a small bad guy from birth?

Thinking of this, the faces of the Lao Yun family turned black.

These gangsters, who do things without regard for their heads and tails, turn people into bad elements, they are too ruthless!

Gu Shinian looked at the face of the old Yun family, was silent for a while, and said to the old couple, "Grandpa Yun, Grandma Yun, and Li Hongmei are detained by the town, which is actually a good thing for our family..."

Seeing the people from Lao Yun's family all looking up at him, Gu Shinian smiled, "Now the child in Li Hongmei's belly is her amulet, without the child, she will definitely be sentenced, if the child is left, she may still be punished. possibility of release."

Gu Shinian knew how much the old couple of the Yun family valued the child in Li Hongmei's belly. Before deciding to intervene in Yun Erchuan's divorce, they had already considered Li Hongmei's pregnancy.

If they divorced normally, Li Hongmei probably wouldn't leave any children for her own sake. As a result, the old Yun family would definitely feel distressed, and maybe they would blame him and Yun Chang.

Li Hongmei is now detained. In order not to be sentenced, Li Hongmei will definitely save the child in her womb. In this way, Yun Erchuan can unilaterally apply for a divorce from Li Hongmei, and also make Li Hongmei willing to give birth to the child in her womb...

The development of the matter was just as Gu Shinian expected. Because Li Hongmei was pregnant, Lin Dani agreed to give her a lighter punishment. She was not sentenced or paraded in a high hat, but was educated and asked her to go back to the village to reflect. , pick big shit, sweep the streets, and accept the supervision of the people at all times.

Li Hongmei really didn't do any dirty work in Lao Yun's house. Although her food and clothing were not as good as others, the old couple of Yun's family were kind and treated her well. Li Hongmei lived a really comfortable life in the past.

But now, not only has she been unilaterally filed for divorce by Yun Erchuan, but she has to stay in the cesspool of Tianmao, dealing with the bad guys, and she is often stoned by naughty children.

Fortunately, Lao Yun's family was concerned about the child in Li Hongmei's belly, and from time to time they gave her some supplementary food to supplement her nutrition. It was precisely because of this that Li Hongmei took great care of this child, for fear that if the child was gone, the food of Lao Yun's family would also be lost. Follow the fly, and she will be pulled to sentence.

.....

After Yun Erchuan got divorced, he really struggled for a few days, until the old man chased him around the yard with a broom for a few laps, and Yun Erchuan finally cheered up and helped the old couple prepare Yun Shuilian's dowry.

On the thirteenth day of the first lunar month, Yun Chang followed Gu Shinian to send Lin Dani and Da Cheng on the train back to the provincial capital, and then excitedly went to find Yun Shuilian, and continued to make light bulbs that always glow.

Chapter 203 The nympho appears

As soon as Zhang Shouyi saw Yun Chang, the corners of his mouth twitched unconsciously.

He felt that Yun Shuilian's little niece was brighter and more dazzling than the miner's lamp he used for lighting when he was drilling the well.

Moreover, the human kid is so big, the balls in his eyes are round and round, and he turns a ghost idea, so that he doesn't have the courage to touch Yun Shuilian's little hand, and there is no way to whisper a few words to Yun Shuilian.

Yun Chang saw Zhang Shouyi's expression in his eyes, and rolled his eyes secretly:

Small sample!

Want to eat my Aunt Shuilian's tofu without getting married?

Dream about you!

Yun Chang hugged Yun Shuilian's leg, and crawled up, "Gu, are you coming to buy wedding clothes today? I'll pick it out for you. My eyesight is good, I'll definitely be able to pick it out for you. Nice and trendy style."

Yun Shuilian blushed, hugged Yun Chang in her arms, and looked at Zhang Shouyi again.

Seeing Yun Shuilian's sparkling eyes, Zhang Shouyi immediately disarmed and surrendered, and hurriedly took over Yun Chang, fearing that she would be tired of Yun Shuilian.

Yun Chang lay on Zhang Shouyi's shoulder and waved at Gu Shinian, "Second brother Gu, go do your errands, I'll go home with my aunt at night."

"Okay, don't run around today, listen to Aunt Yun, I'll visit you in the village in a few days."

Gu Shinian touched Yunshang's head, said hello to the newly released couple, and walked along the street to the Public Security Bureau.

It has been half a month since Xue Liuzi and his gang intercepted him, so it's time to go to the Public Security Bureau to find out the result.

Also, the school is about to start. Has Zhang Chunni arranged the school for him?

In two days, it will be the fifteenth day of the first lunar month, and I will call the capital to see if the third grandpa has returned from Shenshi.

By the way, I have to ask people to find out where there is a suitable house, and move Yunshang's hukou as soon as possible...

Seeing Gu Shinian's figure disappearing on the corner of the street without looking back, Yun Chang was a little lost, then turned around immediately, and entered the department store with great interest.

In addition to buying daily necessities, Yun Shuilian also has to pull new quilts and buy new clothes for marriage.

The daily necessities are easy to solve. Zhang Shouyi took the note issued by the unit and bought the enamel washbasin with the red hi letter, the tea jar, as well as the thermos, towels and so on.

Including the thirty-six legs required for marriage, Zhang Shouyi also waved his hand and bought a set of cabinets directly from the furniture selling place on the fourth floor. It can be placed along the corner of the wall. .

And the department store also provides delivery services, leave the address and pay, and the department store will send the combination cabinet to the home for installation.

The quilt surface was also successfully purchased. With the note, I pulled two pieces of one-meter-five-wide material with a big red bottom and a peony print, which was both festive and thick.

It's just that the three of them walked around the entire department store, but they didn't buy Yun Shuilian any new clothes they liked.

Either the style is old, or the colors are not bright enough. There are two sets of Lenin outfits that look very capable, but the size is not suitable.

Yun Shuilian originally wanted to buy some clothes to deal with, but Yun Shang and Zhang Shouyi, who had high requirements and strict standards, disagreed. The two went to the fabric counter. After a long discussion, they unanimously decided to give Yun Shuilian a piece of material. , go to a tailor to make a dress to your liking.

Yun Chang also brainwashed Zhang Shouyi like a little adult, "Comrade Xiao Zhang! You and my aunt will get married once in a lifetime, so don't be careless. This wedding dress is the face you gave my aunt that day. Gu Cai has more face!"

Zhang Shouyi didn't say anything, but he firmly remembered these words in his heart, and then his eyes swept across the counter again, and he spent a lot of money to pull an extra piece of fabric for Yun Shuilian.

Yun Chang gave Zhang Shouyi a high score again, and felt that this uncle was really a good choice. He had a good personality, was considerate, and was willing to give Yunshui Lotus money.

from the department store,

Zhang Shouyi first took Yun Shuilian to make the clothes to measure the size, and then took the two to a state-run restaurant for dinner.

Yun Chang also realized that her light bulb was very dazzling, and wanted to act alone, go to the waste collection station, and make some secret money, but looking at her short figure, she shut her mouth wisely, and continued to glow with shame.

It was the first time that Zhang Shouyi brought Yun Shuilian out to dinner. He very generously ordered a plate of braised fish, a plate of small crispy pork, a plate of fried lotus root slices, and a bowl of stuffed vegetable soup.

Yun Chang is not short of meat on weekdays, nor is he greedy, and his chopsticks don't touch meat dishes very much, but he drank two bowls of stuffed vegetable soup in a row.

While eating, Zhang Shouyi kept serving Yun Shuilian with vegetables. The atmosphere between the two was sweet and sweet, and Yun Chang didn't interrupt anyone's eyes. He drank the soup and looked out the window casually.

Although it was the first month of the month, the street outside was still gray, and there was no festive atmosphere for the New Year. The trees on both sides of the street were also bare, and only the dry branches stood upright in the wind.

Yun Chang was first attracted by the slogan across the road, and then she looked at the girl standing under the slogan and staring straight at the restaurant.

The girl was about seventeen or eighteen years old, her facial features were fairly decent, she had two ponytails, a dark red woolen coat with a large waist, and a pair of half-high-heeled black leather shoes on her feet.

This dress is also an eye-catching presence in the county.

It's just... the girls seem to be looking at their table?

Yun Chang blinked and gently stabbed Yun Shuilian with her arm, "Gu, that person outside seems to be looking at us."

As soon as the words fell, Zhang Shouyi and Yun Shuilian looked out the window at the same time. Under the blank expression on Yun Shuilian's face, Zhang Shouyi's expression suddenly changed and he almost jumped up from his chair.

Seeing this, Yun Chang felt a sigh in her heart. Before she had time to ask, Zhang Shouyi had already kept moving the dishes from the table to the table in the corner.

"Comrade Zhang, are you...?"

"That's Director Yang's daughter." Zhang Shouyi pursed his lips, and the expression on his face was very ugly, "That girl followed me."

Yun Chang was stunned for a moment, then turned around again, wanting to see what Director Yang's daughter who had anthomaniac looked like, but when she looked out again, there was no one outside.

"Uncle Zhang, is that lesbian always following you?" Yun Chang asked very seriously with a small face.

Since that woman was able to follow Zhang Shouyi, it means that her condition is far more serious than what Director Yang said.

And most of these people are very extreme. If she knew that Zhang Shouyi was going to marry Yun Shuilian, would she be stimulated and do things that hurt Yun Shuilian?

"It's not too often." Zhang Shouyi shook his head, "You followed me twice."

Yun Chang nodded and stopped talking.

After this episode, Zhang Shouyi and Yun Shuilian were both emotionally affected. After eating, the two did not continue shopping, but returned to the mule cart stop, ready to take a ride back to the village.

Chapter 204 Inquiring about the news

When Yunshang and Yun Shuilian returned to the village, it was just dinner time. Standing at the entrance of the village, they could see the smoke rising from the chimneys on the roofs of every household in the village. The curling Nana shrouded the village, making the gray village become graceful.

This beautiful scene made Yun Shuilian, who was not in a particularly good mood, also have a smile on her face.

Yun Chang wrinkled her little nose and sniffed hard, the fragrant smell of scrambled eggs with green onions wafted faintly in the cold wind, not strong, but very attractive.

Yun Chang touched her not very hungry belly and pulled Yun Shuilian to speed up her steps.

"Gu, hurry up and let me fry green onions and scrambled eggs when I go back."

It was rare to see Yun Chang showing a greedy look, Yun Shuilian couldn't help laughing, and was about to tell her to pay attention to her feet, but she saw her small body suddenly stiffen and stopped.

Yun Shuilian looked up and saw that Li Hongmei followed the villains in the village and pulled the broom towards the entrance of the village.

In just a few days, Li Hongmei had aged a lot, her hair was tied in a small bun at the back of her head, and a large piece of hair fell out from one ear, covered with dust, and her face was dry. A black mark, as if he hadn't washed his face for several days.

She was wearing a ragged smock full of patches, with black cuffs and an unpleasant odor.

Seeing Yunshang and Yun Shuilian, Li Hongmei stomped her feet, her eyes burst into two balls of anger, raised her hand to touch her stomach, and looked at them viciously.

Yun Chang did not pay attention to Li Hongmei's small actions, but focused on the bad guys next to her.

He was still the bad guy who chatted up with the old man at the door last time, with messy hair, two hands in his cuffs, a broom under his arms, and a hunched waist. He looked honest and honest.

As soon as Yun Chang saw this person, he felt uncomfortable all over, and he always had a feeling of trepidation. Even if he was grinning at this time, Yun Chang felt that his smile was not reaching the bottom of his eyes, and he could even feel the slightest malice in those eyes. .

Seeing that Yun Shuilian was pulling Yun Chang to go, Li Hongmei stepped down and stopped in front of the two, "Yun Shuilian, go back and ask your second brother to bring food quickly, I have nothing to eat there, don't be hungry. With the eldest grandson of your Lao Yun family."

Yun Shuilian glanced at Li Hongmei's belly and said angrily, "Got it."

"Tell your second brother, I don't eat dry buns, bring me some food with soup."

"Second brother's ration is dry buns, do you like it or not!"

Yun Shuilian scolded Li Hongmei and took Yun Chang away, but the bad guy said at this moment, "Comrade Yun, I heard that your relatives are here, or did you come from the provincial capital?"

"Why are you asking about this?" Yun Shuilian frowned and asked cautiously.

"Hehe..." The villain looked at Yun Chang, stuck out his tongue and licked his lips, "I heard that your relatives look exactly the same as this little girl, they are more like mothers than her own mother!"

Yun Chang looked up and looked straight at the bad elements, "You are a bad element who came to participate in the reform through labor. If you don't reform well, what do you want to do to inquire about my family's affairs? Do you have any other conspiracy?"

"Hey, little comrade, don't dare to talk nonsense, I have already deeply realized my mistake..."

"Then why are you always inquiring about my family?"

Yun Chang continued to ask questions, and Yun Shuilian also looked at the bad guys coldly.

"Comrade Yun, that's what happened. My family is a provincial coal mine. I want to inquire about the coal mine with your relatives, not about your family."

Probably because Yunshang was young and he didn't speak well, so the bad guys simply skipped Yunshang and explained it to Yun Shuilian.

Fortunately, Yun Shuilian's temperament is soft, but she still has a clear class stance towards the delegating bad elements, and immediately said with a cold face:

"My relatives have returned to the provincial capital! Even if they do not return to the provincial capital, without the consent of the leaders, my relatives cannot disclose any information about the mining area to you.

I hope you will keep your identity in mind and stop asking about things you shouldn't know. "

Ignoring the stiff face of the bad elements, Yun Chang stretched out her thumb and praised Yun Shuilian, "Gu, you are amazing! You should be as ruthless as the autumn wind sweeping leaves when you treat class enemies!"

Yun Shuilian touched Yun Chang's head, no longer paying attention to the two of them, and dragged her straight into the village.

After dinner, several families that were closer to Lao Yun's family came one after another. Everyone gathered around the stove, heating the fire, and asking the old lady about Yun Shuilian's marriage.

The old lady smiled and grabbed a handful of fruit candies, and each person divided them into two pieces. After that, she hugged Yunshang Yunshang and talked about Yun Shuilian and Zhang Shouyi shopping together today. (The whole process of Yun Shuilian's dating was all told by the little light bulb Yunshang to the old lady.)

Aunt Li next door had a bright voice. She heard that Zhang Shouyi had pulled two pieces of material for Yun Shuilian to make two new clothes. She patted her thigh with envy:

"Aiya, Auntie, you've made it through! The son-in-law that Shuilian found is a regular worker in the city, and the person is reliable. If we find a job in the future, Shuilian will be a proper city worker! Auntie, The days of you and my uncle enjoying happiness are to come!"

The old lady smiled and said, "What a blessing, as long as Shuilian has a good future, even if her father and I complete the task, we will be buried in half of the people, and we will not be a drag on the children."

Someone immediately picked up the conversation, "Oh, old sister, you don't dare to think that way, we Shuilian are high school students and cultural people, and they will definitely have a bright future in the future. We Shuilian's face is blackened."

"That's right! Shuilian is the one we watched grow up. What a good girl, she will definitely be filial in the future."

"When Shui Lian was studying, my sister-in-law saw Tian'er saying that Uncle Yun and Aunt Yun were stupid, and the family tightened their belts for a girl movie. It's okay now, I heard that Shui Lian married into the city with a belly of ink. Here, my sister-in-law regrets her eyes, saying that she knew this was a good thing, and she was also studying for her girl's film!"

"Tsk, just your concubine and daughter? She looks like a yam egg, and her face and plate can top our water lotus, so can the workers in the city like her?"

"Hey, in the surrounding villages, who didn't say that Shui Lian's study was a Western landscape? This time, Shui Lian is going to be a city person, but isn't it a fight back?"

...

The people in the room chatted lively and lively for a long time, and then gathered around the dowry box newly created by the old man and Yun Erchuan for a long time, until Yun Chang was about to doze off, and then they got up and left together.

The old lady was about to close the door to sleep when Aunt Li next door turned around and put her hand on the door, "Aunt Yun, let me tell you something else!"

After speaking, without waiting for the old lady to reply, she bent down and squeezed in through the crack of the door, "Auntie, is your Erchuan really divorced from Li Hongmei?"

Chapter 205 I'm getting married

The old lady didn't bring Aunt Li into the house, so she stood at the door and sighed, "Oh, it's time to leave. If the couple can't make it through, we won't delay anyone looking for a home."

"Oh, isn't Li Hongmei stupid? You and Uncle are such good people! Our Erchuan has a good temper, and Shuilian is going to marry in the city, and life at home is about to get up. What else is she dissatisfied with? It's been a mess."

Aunt Li's house lives next door. The voice here is a little louder, and you can hear it next door. When Yun Erchuan and the old man were doing carpentry work in the front yard, they couldn't help but talk about Li Hongmei. Seven or eighty-eight, but they knew the reasons for their divorce.

Li Hongmei was no longer a member of the Lao Yun family. The old lady didn't want to speak ill of Li Hongmei in front of Aunt Li, so she responded perfunctorily, and then stopped talking.

Aunt Li knew what the old lady was like, so it wasn't surprising that she lowered her voice and continued, "Auntie, is Erchuan still looking for someone? What kind of person are you looking for?"

The old lady was stunned for a moment and asked, "Why? Is there a suitable family over there?"

"There is a good stubble at my mother's house. The woman is twenty-four this year, and she hasn't found anyone yet. I just thought, this age is not much different from our Erchuan, but it is suitable, but I don't know about our Erchuan. Looking for something."

"Where is your mother's family... 24 this year?" The old lady tried her best to recall, "Is it the baby of Shen Laohan's family?"

"That's right! It's the eldest daughter of his family. After Shen Laohan and his wife were gone, the woman pulled three younger siblings by herself, and she dragged herself to twenty-four before she could find someone else. The woman works quickly and has a good temperament. Puli, is a door-to-door type.

Auntie, we Erchuan are honest, we have to choose a daughter-in-law who can stand up. I think this woman is suitable! "

The old lady pondered for a long time, sighed and shook her head, "Junying, our two are neighbors, I accept your affection. Shen Laohan's daughter is not bad, but it doesn't suit us Erchuan, so let's forget it."

"Why isn't it suitable? Do you think that woman is not worthy of Erchuan?"

Aunt Li was in a hurry, although Shen Laohan's daughter asked her to investigate this matter, but Yun Erchuan is a second-married leader, what a good thing to be able to marry a first-married eldest girl, why did the old lady refuse?

Could it be that the old lady is the one who suspects that the girl has three burdensome siblings?

But doesn't Yun Erchuan also have a son with a bottle of oil in front of him? Li Hongmei still has one in her stomach. Why does the old lady only look at the shortcomings of others and not her own?

The old lady patted Aunt Li's hand, "Don't dare to say that! It's not that women are not worthy of Erchuan, but in our Erchuan they are not worthy of others.

You know, Li Hongmei still has a baby in her stomach. No matter how anxious we are, we can't find someone before Li Hongmei is born.

Besides, the person is a first-married girl, so she can't bring a baby boy to Erchuan as soon as she walks in the door. No one is comfortable with this.

Moreover, those who have never given birth to a baby do not know how to look at the baby. I thought, the matter of Erchuan looking for someone, let's talk about it in two years. "

The old lady put out the reason, and Aunt Li couldn't say anything, she sighed secretly, and decided to go back to her mother's house and let her mother go to Lao Shen's house to push the matter away.

It is said that chasing children is not a business, and the daughter of the old Shen family is the first marriage, but it is also a big drag. At this time, the old Yun family should be a little careful. It is better for her to be less involved in this matter.

After Aunt Li left, the old lady leaned against the door and sighed for a long time before rubbing her eyes and entering the room with her feet upside down.

After the fifteenth day of the first month, the weather was getting warmer day by day, Yunshang also took off his cotton coat and put on a sweater.

It wasn't the one that Lin Dani had not finished knitting, but a new sweater from the mall, dark pink with a few small flowers hanging on it, which made Yun Chang's face even more tender.

Then put on well-fitting trousers, put on leather shoes on your feet,

Really more lavish than the children in the city.

Gu Shinian came to the village the day before Yun Shuilian went out. Zhang Chunni had already found a good school for him. After Yun Shuilian got married, the old Yun family went to the county to help Yun Chang see the house. After completing the transfer procedures, he will go to school.

As for the case of Gu Guangzong buying a murderer to kill him, the public security has made no progress for the time being.

Gu Shinian knew in his heart that Gu Huaqing should have taken the shot. For the reputation of the Gu family, the other party tried to suppress the case.

If he insists on pursuing it to the end and makes Gu Huaqing in a hurry, the other party will push a ghost to come out, and maybe he will send Gu Guangzong back to Qinghe County. .

Therefore, this matter has almost come to an end, there will be more opportunities for revenge in the future, so there is no rush at this time.

Fortunately, this case is not without harvest. Xue Liuzi and his gang were all sentenced to death because of the murder they committed, and they will not threaten the safety of him and Yunshang in the future.

On the 20th day of the first lunar month, Yun Chang got up early, put on the new clothes prepared the night before, asked Gu Shinian to tie her pigtails, and went to the side room to prepare food for Widow Wang for the day. The two held hands. Go back to the village.

The meeting of the Lao Yun family was already lively. There were seven or eight borrowed square tables in the middle of the courtyard, with benches that had not yet been put down.

On one side of the yard was a temporary stove, with a large iron pot that Yunshang bought from the provincial capital. The pot was filled with a pot of stewed vegetables. Many of the ingredients in it were sponsored by Yunshang. The ingredients were full of oil and water. It's also big, smells fragrant, and is very greedy.

Many neighbors who came to help out with their rice bowls gathered together in twos and threes to eat the morning work-meal. There were also women who scooped up the stewed vegetables, went out and sent them home in a hurry.

Entering the main room, Gu Shinian greeted the old couple and took the initiative to go out to help Yun Erchuan to greet the guests, while Yun Chang, relying on her small size, got into Yun Shuilian who was sitting on the head of the kang.

At this time, Yun Shuilian had already changed into new clothes, and it was the Lenin dress made of jujube red fabric that Zhang Shouyi had pulled for her.

A few girls next to her were helping Yun Shuilian to braid her hair, trying to make her the most beautiful and spirited bride. After the incident, a middle-aged woman came over with a red thread and helped Yun Shui neatly. Lotus twisted face.

Yun Chang felt her face hurt just by looking at it, she touched her smooth and tender face, and stepped back calmly.

By the time Yun Shuilian was ready, it was almost noon.

According to the custom, the man from the man must come over before noon, finish lunch at the woman's house, and then pick up the bride in a lively manner.

It's just that as time goes by, the relatives who are waiting for the seat to send their relatives have their stomachs bulging, and the bridegroom's team is still not seen at the entrance of the village.

The atmosphere in the room gradually became solemn, and Yun Shuilian's face gradually turned pale.

Chapter 206 Catch the rape drama

"boom!"

The thin wooden door was violently kicked open, Zhang Shouyi woke up suddenly, and before he could react, he was kicked fiercely.

Immediately afterwards, Director Yang's wife rushed over and greeted Zhang Shouyi's face with scratches and scratches, "I'll beat you to death, you shameless bastard! Playing a hooligan on my Jiaojiao's head! I'll send you to jail today. , I'll send you to a gun! Let your whole family eat in prison..."

Zhang Shouyi's mind was dizzy, and his body was too soft to lift any strength, so he could only struggle to get up, avoiding the pursuit of Director Yang's daughter-in-law.

In a daze, a warm carcass plunged into his arms and shielded him behind him. At the same time, a female voice sounded in his ears, "Mom! What are you doing? Who asked you to hit my man!"

my man?

Zhang Shouyi was startled, and then he noticed that he was not wearing clothes, and the woman in his arms was also wearing only a small vest.

At this time, the thin quilt slipped from the body, and the overlapping bodies of the two were exposed naked to the air.

Zhang Shouyi's face turned red, and then turned black again.

The woman in her arms is not Yun Shuilian!

No, he hasn't married Yun Shuilian yet!

It's not right... it's happened! Today is the day he married Yun Shuilian!

Zhang Shouyi looked out the window subconsciously, and found that the sun had risen above his head, his face turned pale immediately, and he subconsciously pushed away the female body in his arms.

"Zhang Shouyi! You dare to push me?"

The woman turned her head and bit Zhang Shouyi's shoulder abruptly. At the same time, her arms were tightly wrapped around Zhang Shouyi's waist, and she got into his arms again.

The quilt slid further down, and the woman's pink panties were exposed in the air.

Director Yang turned his back subconsciously, grinding his back molars in anger, "Yang Jiao! Get dressed! What are you talking about!"

If it wasn't for his own daughter on the bed, he would have to send these shameless adulterers to the Public Security Bureau!

No shame! No matchmaking! Self-deprecating!

He has had blood mold for eight lifetimes, how could he give birth to such a life-threatening thing!

This antonymous image of a man obsessed with a man really ruined his old face!

Director Yang's daughter-in-law was so angry that she patted her chest and gasped, staring at Zhang Shouyi with a pair of eyes, eager to tear him apart.

After Zhang Shouyi recognized who was in the room, his mind exploded, and he instantly realized what was going on.

He yanked Yang Jiao's arm away, like a furious lion, pointed at her nose and cursed, "Yang Jiao! What do you want to do! What do you want to do? What do I owe you? My life Is it enough for you? Is it enough?"

Director Yang and his wife were instantly angry, they went up and grabbed Zhang Shouyi and beat him.

"Zhang Shouyi, you bastard! If you dare to yell at my daughter, I will beat you to death..."

"Zhang Shouyi! I didn't send you to the police for the sake of my daughter, and you still slapped your nose and face! While despising my daughter, I played a hooligan to my daughter. Believe it or not, I will report the crime immediately and let the police comrade be killed. you!"

Yang Jiao put on her clothes unhurriedly and stood beside her, smiling as she watched Director Yang and his wife beat Zhang Shouyi, and from time to time she pointed out:

"Dad, kick him, yes, kick his ball! You dare to scold my mother for taking advantage of my mother, and abolish him!"

"Scrat him, scratch hard! Yes, scratch your face, dare to take advantage of my mother! Bah! You can't kill him!"

"Zhang Shouyi, you beg me, and if you're going to marry me today, I'll ask my parents to stop after you finish!"

Zhang Shouyi was naked, and while covering the quilt to prevent himself from disappearing, he struggled to resist the violent beatings of the Yang family.

Hearing Yang Jiao's words, Zhang Shouyi's eyes popped out of anger, "Yang Jiao! Are you still shameless? You knew that I was getting married today, but last night you used a stick to stifle me, knocking me out and acting like a hooligan! Do you think that? So I can marry you? Dream about you!"

Director Yang's daughter-in-law started even harder, beating and scolding,

"Fart! You dare to spit and slander my daughter! The old lady must send you to be shot!"

Yang Jiao smiled and said, "Why am I bored with you? Go and sue the police! Go and say that I, Yang Jiao, put you to sleep and played a hooligan to you, you see if the police believe that you are playing a hooligan to me. Still believe that I'm playing hooligans with you!"

It's your luck that the old lady sees you, how dare you not want me!

What's so good about that village girl? snort! Dare to snatch a man from me, my mother will let her lose her life today! "

Zhang Shouyi was stunned.

It's getting late now. He, the groom, is trapped outside and can't go back. What should Yun Shuilian do?

If he doesn't pick up the relatives, where will the old Yun family's face be?

Yun Shuilian was released as a pigeon on her wedding day, what will others think of her in the future? What will she do in the future?

It was he who killed the water lotus.

Today's marriage seems impossible, Shuilian, how much do you have to hate him?

Yang Jiao raised her hand and looked at the window. The sunlight came in from the window and pulled her fingers into pink and slender, looking extremely beautiful.

Yang Jiao was very satisfied with her beautiful hands and asked again with a smile:

"Zhang Shouyi, is that village girl as good-looking as me? Look at how good-looking my hands are. That village girl's hands are born to pick up big dung, you can also like it?"

Zhang Shouyi's head was buzzing, his mouth was shaking, and he wanted to pounce and tear Yang Jiao apart.

Yang Jiao turned around and sat on the only chair in the room, smiling innocently and cruelly, "Zhang Shouyi, if you marry me today, if you marry me, you will be a cadre! If you can sit in the office in the future, I will I will also treat you well, cook for you, sleep with you, give birth to a baby for you, what else are you dissatisfied with?

What can that village girl give you?

If you marry her, I will beat you with a sap every day and sleep with you every day! Also let other men beat your little village girl's sap and find someone to sleep with her! If you don't believe it, try marrying her today! "

Director Yang and his wife were dumbfounded. Is this really their daughter?

Last night, he beat Zhang Shouyi's sap, then dragged him to his new house, stripped off his clothes... Are you acting like a hooligan?

This... this... is so awesome!

To rob a man in this way is really... the former (Qing) office (new) has not (removed) heard (vulgar)!

Director Yang looked at Zhang Shouyi, whose face was gray and defeated, like being struck by lightning, and couldn't help but feel sympathy for him.

Encountering a cruel person like his daughter, Zhang Shouyi will suffer in the future.

It's so fierce that most people can't stand it!

He just said, why did Jiaojiao leave a note in the living room to let him and her mother come to the new house to catch a rape at this point, it turned out to be playing fairy dance.

Wanting to understand this, Director Yang naturally wanted to cooperate with Yang Jiao to capture Zhang Shouyi, a particularly lovable son-in-law.

"Zhang Shouyi, whether it's my daughter who hit you with a sap, or you hooked up with my daughter, it's a fact that you played a hooligan to my daughter. Are you responsible for this?"

Zhang Shouyi didn't answer Director Yang's question, he turned his head to look at Yang Jiao, and saw that she was curling the corner of her mouth, her smile was three-part evil, three-part naive, and three-part cruel. , looking straight at the sunny sky outside.

Chapter 207 This marriage is over

The sun was shining brightly outside, but Zhang Shouyi felt that the air in the room was freezing to his bones, so he pulled out his clothes from the bed, put on the quilt slowly, got out of bed, and prepared to leave.

"Zhang Shouyi!" Yang Jiao stood up from the chair with red eyes, "You dare to leave! Believe it or not, I will go to that village girl now, and slap her ears in front of all her relatives! Dare to seduce my man with broken shoes! , I let her wear a high hat and parade the streets!"

Zhang Shouyi closed his eyes, and when he opened them again, his eyes were already calm, "I have a whole room of people waiting for me to greet my relatives. I have to tell the matchmaker to tell the woman not to wait for me..."

Up to now, whether he married Yang Jiao or not, he had no face and could not marry Yun Shuilian.

Otherwise, being targeted by a lunatic like Yang Jiao, she will suffer a big loss sooner or later. He would rather Yun Shuilian hate her than let her fall into Yang Jiao's hands.

There was no fear or scruples in this woman's heart. He couldn't imagine what she would do to Yun Shuilian.

Zhang Shouyi wanted to go back to cancel the wedding, but Yang Jiao was not satisfied, so she stopped in front of Zhang Shouyi, "No, I can't trust you! Well, my dad and I go back with you, don't send the matchmaker away, just marry me, anyway. The marriage room is ready-made."

Zhang Shouyi laughed in anger, stared at Yang Jiao for a long time, raised his hand to touch the big bag behind his head, and turned to look at Director Yang, "Director Yang, your daughter has ruined the marriage of other people's daughters, it's not authentic. , If you even rob the wedding and the matchmaker, wouldn't it be too bullying?"

Director Yang smiled and waved to Yang Jiao, "Jiaojiao, you can't get married today. Your mother and I haven't prepared a dowry for you yet. We have to wait until the dowry is ready before we get married."

It doesn't matter if the marriage is broken. If the bride is replaced by his daughter temporarily, it will not affect him well, and maybe the village girl's family will be forced to fight with their family.

He just took over as the director not long ago, and his foundation is unstable, so it's better not to make trouble for the time being.

"don't want!"

Yang Jiao rolled her eyes, opened her arms, and firmly held the door frame, "I'm going back with him! If I don't follow, what if he elopes with that village girl?"

Director Yang and his wife: "..."

Who said his daughter was stupid?

How clever!

Knowing how to play immortals and rob men, and also know how to prevent men from running away with their daughter-in-law, who can think of so much?

Zhang Shouyi's head was opened, and he was already dizzy and could not stand still, but he would be entangled by Yang Jiao again, his body trembled with anger, his eyes darkened, and he almost fell to the ground.

Director Yang gave Zhang Shouyi a hand from behind and said to Yang Jiao, "Jiaojiao is obedient, if you don't worry, I will accompany Zhang Shouyi back and watch him for you, how about you?"

Yang Jiao was satisfied, she withdrew her hand with a smile, and hopped out of the door.

Zhang Shouyi stumbled back home, and should not ask anxiously from relatives and friends, he found his father, Han Weihong and Zhang Haiyang, and knelt down in front of the three of them.

Han Weihong and Zhang Haiyang were startled, and quickly turned sideways to avoid them, looking at Zhang Shouyi, whose face was covered in blood, with uncertainty.

"Father, Sister Han, Brother Zhang, I'm sorry for you, I'm sorry for Shuilian, I'm sorry for Uncle Yun's family, today's marriage... I can't get it together."

Next, when the three of them asked, Zhang Shouyi kept his mouth shut and did not say the reason for the temporary cancellation of the wedding.

Han Weihong was stunned, pointing at Zhang Shouyi and scolding, pulling Zhang Haiyang to leave.

"Sister Han, wait a second." Zhang Shouyi wiped his red eyes, opened the cabinet, and pulled out a small cloth bag wrapped in a blue handkerchief, "Sister Han, there are five hundred yuan and some bills in it. , you help me hand it over to Shuilian, just say, it's me, Zhang Shouyi, who can't handle her..."

Han Weihong turned around and left without looking, but Zhang Haiyang raised his hand and patted Zhang Shouyi's shoulder, sighed, took the handkerchief, and hurriedly left Zhang's house after Han Weihong.

.....

Xinglin Village, Lao Yun's house.

As time passed by, the people waiting for the seats in the house and outside the courtyard couldn't help but whispered, wondering if the man's family changed his mind temporarily and didn't want to marry Yun Shuilian.

Some people even squeezed into the back room, either sympathizing or gloating at Yun Shuilian, and said a few words of 'consolation', which made Yun Shuilian pale even more.

The old man and Yun Erchuan's faces were terrifyingly black, and they stood motionless at the gate, looking at the direction of the village entrance.

In the yard, someone finally couldn't help it, and shouted at the old man:

"Uncle Yun, is your water lotus married yet? If it doesn't, the gift money will be refunded, so you can go home and cook, and don't wait for your food to be banned. "

"That's right, it's already noon, and the man is not coming, don't you regret it?"

"What are you talking about! We came all the way here to send Shuilian out of the house! Shuilian can't get married, but the face of thousands of people in our Xinglin Village can't be left alone! Uncle Yun, let's have dinner first, and after dinner, we will send the water lotus to the man's house, and escort him to salute, this marriage has to be married!"

"That's the truth! Don't let the man play with the girls in our village because he is a city person! There is also a matchmaker! Bring the matchmaker with you, the man has to give us an account of this!"

"Yes! I have to give an explanation! Shui Lian is the number one literate person in our Shili Eight Villages, a flower of Shui Lingling, so people can't be bullied like this!"

Listening to everyone's gossip, benevolent or malicious, the old man's throat was sweet, enduring the dizziness and blackening in front of him, he stretched out his hand to support the wall, and it took a lot of effort not to fall down.

Yun Erchuan hurriedly supported the old man, "Father, what's the matter with you?"

"...It's okay." The old man clenched Yun Erchuan's arm tightly, "Where's your Uncle Han?"

"Waiting at the entrance of the village." Yun Erchuan paused, then lowered his voice again and asked, "Father, what should I do now?"

"You go to the village and call you Uncle Han to come back..."

Before the old man could finish speaking, he saw Han Shan striding towards this side from a distance, with Han Weihong and his wife following him.

"Wei Hong, why are you all here? Where is Zhang Shouyi? Where is the team to pick up the relatives?" the old man asked anxiously.

Seeing Han Weihong's livid face, her lips turning white with anger, and another indescribable appearance, the old man suddenly widened his eyes, and the last trace of luck in his heart disappeared.

He stayed where he was, his lips trembling for a long time, and finally he squeezed out a sentence, "... Wei Hong, uncle can hold on, you say, make it clear, what happened."

"Uncle, the Zhang family has repented, and Zhang Shouyi will not come to pick up the relatives."

Chapter 208 Clean up the mess

Although he was mentally prepared, the old man couldn't help staggering when Han Weihong said the news of Zhang's repentance of marriage.

Yun Erchuan quickly gave the old man a hand from behind, gritted his teeth and said, "Zhang Shouyi dares to trick my sister! Labor and capital will kill him!"

After speaking, he turned around and asked Han Weihong, "Sister Weihong, why did that bastard Zhang Shouyi regret his marriage! What does he think of us Shuilian! If he regretted his marriage on the wedding day, he asked Shuilian how to behave in the future!"

Han Wei's face turned blue and white, and he was ashamed and didn't know what to say.

Although Yun Erchuan was scolding Zhang Shouyi, as a matchmaker, she also couldn't escape the responsibility. If she hadn't made a promise that Zhang's father and son were kind people, and said that Zhang Shouyi had a good character, Yun Shuilian would not have gone on a blind date with this family.

In the final analysis, it was her unreliable work that caused Uncle Yun's family to lose face now, and caused Yun Shuilian to be pointed at by others in the future.

In the future, those three aunts and six women in the village still don't know how much gossip about Yun Shuilian will be spread.

At most, others scolded Zhang Shouyi for being inauthentic, but they blamed Yun Shui Lian for the reason for regretting the marriage. It is said that Yun Shuilian wanted to climb up the working family in the city, but she still did not make it. She was rejected on the wedding day and regretted the marriage on the spot.

And Yun Shuilian's future marriages will also be affected...

"Er Chuan!"

The old man stopped Yun Erchuan's words, supported his legs and feet that were shaking with anger, and asked the old man Han, "Brother Han, you have a lot of things to do, what should we do now?"

The old man Han's face was too dark, he gave Han Weihong and his wife a stern look, and said, "It's getting late, no matter whether the marriage is finished today or not, let's have dinner first, and let relatives and friends eat first. , find a few families to go to the county, let's talk to the Zhang family well, this matter can't be left alone."

Just as the old man was about to nod his head, Gu Shinian came over from behind and asked Han Weihong, "Aunt Han, Zhang Shouyi temporarily regretted his marriage, so he didn't give our family an explanation? You and my uncle just came back from the Zhang family, and we didn't let the Zhang family go. Give you an explanation?"

Everyone was stunned.

To explain?

Of course, I have to explain it, but shouldn't I send my relatives away first?

If you don't send relatives away, could it be possible to tear up with the Zhang family in front of so many people and ask Zhang Shouyi why he dumped Yun Shuilian?

In this way, wouldn't the damage to Yun Shuilian be even greater?

Gu Shinian looked at the expressions of several people and knew what they were thinking, so angry that he only wanted to curse.

He took a deep breath, looked at Mr. Yun, then at Han Shan, and finally at Zhang Haiyang and Han Weihong:

"Uncle Zhang, Aunt Han, the Zhang family repented their marriage temporarily. It was the Zhang family who did it inappropriately. Their family had to give an explanation to the matchmaker, an explanation to the Lao Yun family, and a gift to the Lao Yun family's full courtyard, waiting for The

relatives who were sitting at the seat sent an explanation, and we couldn't just quietly push all the mess on us.

I can't get married today, and the responsibility lies with the Zhang family. The Zhang family should come over to someone who can take charge and help clean up the mess!

Let the principal say a few words of apology in front of our relatives in the yard, toast a glass of apology wine, help restore Aunt Yun's reputation, and get back the face of the old Yun family. This requires them Always do it, right?

Also, since the marriage is over, the Zhang family should also bear the loss of today's meeting, and they have to come over to settle the bill individually. After paying the bills, I helped send away the relatives of the Lao Yun family, and the two families sat down to talk slowly about the explanation that the Zhang family should give! "

Gu Shinian's remarks were like a thunderbolt, and they directly woke up Han Weihong and his wife who were dazed.

Yup! This is how it should be done!

It was Zhang Shouyi himself who fell in love with Yun Shuilian, and he won this marriage after saying good things. Why would he go back on his own words, and he wouldn't even give an explanation, and let the Lao Yun family clean up the mess that Zhang's family broke into?

Since Zhang Shouyi has betrayed his promise, then the Zhang family should come over to someone in charge and put the responsibility on their old Zhang family.

Only in this way can the reputation of Yun Shuilian be restored to the greatest extent.

They were really confused, and they left the old Zhang's house without thinking about it.

Han Weihong even patted her forehead continuously, regretting that she did not accept the 500 yuan that Zhang Shouyi compensated Yun Shuilian.

Oh...what was she thinking at the time?

It is up to Yun Shuilian to decide whether to accept the money or not. As a matchmaker, how could she decide on her own behalf instead of Yun Shuilian?

It's... so rude!

Zhang Haiyang quickly took out his handkerchief, stuffed it into Han Weihong's hand, and said to the two old men, "Father, Uncle Yun, I'll go to town right now and call the comrades in the bureau to go to Zhang's house and ask them to take Zhang Shouyi. His father brought it here!"

"Ocean." Han Weihong stopped Zhang Haiyang, but before he could speak, Zhang Haiyang quickly waved his hand and said, "Don't worry, I'll let a comrade in the bureau drive him over, and he will be there in about half an hour."

Xinglin Village is not far from the town. Usually, it only takes half an hour to ride an ox cart. Zhang Haiyang was born in the military, so he would let go of the speed running and arrive at the town in only ten minutes.

After making the call at the post office, Zhang Haiyang did not return to the village, lit a cigarette and waited at the entrance of the town.

After Zhang Haiyang left, the old man and Han Shan got together and said a few words. They quickly cheered up and went home to arrange the opening ceremony.

This time, Lao Yun's family's banquet was still very rich, with two cold dishes, six stir-fry dishes, and four large bowls of hot soup dishes.

Maybe it was because the dishes were too rich, or maybe it was because of starvation. Relatives sat down at the table and just scrambled to grab the food.

No one in the yard talked about Yun Shuilian's temporary repentance of marriage.

When Zhang Haiyang brought Lao Zhangtou into the door, the dishes on the table were just half finished.

With a cold face, the old man stood on the steps of the door of the main house with Lao Zhangtou, and banged the wooden barrel with a stick. When all the relatives came over, he opened his mouth to introduce Lao Zhangtou's identity.

As soon as I heard that Lao Zhangtou was the father of the groom, the relatives and friends of Laoyun's family were all blown up, and they kept asking Zhang's family why they regretted their marriage. Some people patted the table and pointed at Lao Zhangtou's nose, scolding and yelling. He wanted the old Zhang family to give Yun Shuilian an explanation.

The yard was filled with people who were close to the old Yun family, gossiping secretly, or laughing at Yun Shuilian, but when facing outsiders, everyone would unconsciously hug each other and fight for the girls in their village.

It's like a child of one's own family, who can scold them any way they want, but others can't bully them.

At this time, Lao Zhangtou was like a sheep caught in a pack of wolves. Facing the crusade and accusations of dozens of people, he couldn't resist for a while.

In the end, the village chief came forward and rescued Lao Zhangtou from the crowd.

Chapter 209 Buy a house for my aunt

When everyone sat down again, the old man and Han Shan held the jug and took the toast table by table to apologize to Lao Zhang.

"Today it's because our old Zhang family is not authentic, I'm sorry Shuilian! It's not that Shuilian is bad, but my kid has an accident, and he's still in the hospital right now. This marriage seems to be impossible, let everyone It's all from our old Zhang family, so I toast everyone with a glass of wine and treat it as an apology for my kid!"

The same words, Lao Zhangtou said eight times, the bowl of eating, Lao Zhangtou drank eight bowls of liquor.

After toasting the last table, Lao Zhang blushed and became Guan Gong, and before he even went out, he vomited upside down.

Gu Shinian held Yun Chang's hand and stood at the door looking coldly.

Old Zhangtou was humbled by his son's age. It was indeed pitiful, but they didn't sympathize with him at all.

The comrades who sent Lao Zhangtou said that if he hadn't revealed his identity as a public security officer, Lao Zhangtou would have pushed back and refused to come.

Also, knowing that there is no good thing here, you have to pretend to be a grandson in a low voice. Who wants to be angry?

However, the son does not teach the fault of the father.

No matter what difficulties Zhang Shouyi encountered, what difficulties he had, it was a fact that he dumped Yun Shuilian on his wedding day, just for that, the old Zhang family should do anything for Yun Shuilian.

Old Zhangtou is now doing what he should do the most: do his best to help Yun Shuilian restore his reputation.

And what the Lao Yun family can do now is to stop the loss in time, try every means to put the responsibility on the Zhang family, and take back the face of the Lao Yun family.

Although it is a bit suspicious of self-deception, it is better to remedy it in time and determine the responsible party than to make random guesses after the fact.

Even though this process may have humiliated Lao Zhangtou's face, Yun Shuilian was the most innocent, saddest, most humiliating, and the one who suffered the most.

After Lao Zhangtou vomited, he refused Zhang Haiyang's support, stood at the gate with his body propped up, and followed behind Mr. Yun to see off the relatives of Lao Yun's family one by one.

When all the guests left, Gu Shinian took Yun Chang to find the old man, found a place with no one, and put forward his own suggestion directly:

"Grandpa Yun, I don't think Aunt Yun is suitable for staying in the village anymore, nor is it suitable for looking for a job in the county in the future. I heard news a few days ago that an aluminum plant is being built in the Fenyang area, and I think Aunt Yun can work in Fenyang. Buy a house in the area and work in an aluminum factory later."

Mr. Yun opened his mouth in surprise, but couldn't come back to his senses for a long time.

Today is Shuilian's wedding day. Has the old Zhangtou left? There is still a lot of things at home waiting for him to solve. Comrade Gu Xiao suddenly talked about buying a house for Yun Shuilian and looking for a job.

This span is too big.

Yun Chang grabbed the front of the old man's clothes, raised his angry little face, and said word by word:

"Master, if my aunt stays in the village again, as soon as I go out, I will hear people gossiping about her, and my aunt will cry. Zhang Shouyi compensated my aunt 500 yuan, and will use the money to buy a house for my aunt and wait for my aunt to enter. As a cadre in the aluminum plant, he is more powerful than Zhang Shouyi, and the villagers will say that Zhang Shouyi is not worthy of my aunt, and that he was not lucky enough to keep my aunt, so he was admitted to the hospital on the day of the wedding."

The old man suddenly jolted, thinking that what Yun Chang and Gu Shilian said made too much sense.

Old Zhang Tou did explain the reasons for the cancellation of the wedding table by table, and put all the responsibility on Zhang Shouyi, but for Yun Shuilian, it was only a temporary removal of the name of being rejected and repented of the marriage, and he started again. On his back is the reputation of being blessed with thin, kefu.

That's why on the wedding day, the groom went to the hospital and had to cancel the wedding.

Comparing the two, the reputation of bad character is a little better than the reputation of bad character.

If Yun Shui Lian could put her household registration in the Fenyang area, become a female cadre in an aluminum plant, and push Zhang Shouyi in her work, no one would think that Yun Shui Lian was lucky.

Zhang Shouyi can't climb up.

Everyone would only think that Zhang Shouyi was unlucky, a worker who couldn't rise above a female cadre like Yun Shuilian.

At that time, no one will dare to gossip about Yun Shuilian.

The old man's eyes lit up for a moment, and then he lowered his head hesitantly, "The five hundred yuan... Is the water lotus appropriate?"

"Appropriate!" Yun Chang and Gu Shinian nodded at the same time.

They came here from later generations. Naturally, they have seen a lot of them. They have also heard a lot of mental damage fees and reputation damage fees. They don't think there is anything wrong with accepting the five hundred yuan.

But for the kind old Yun family, these five hundred yuan are a bit tricky to hold.

The old man hesitated for a while, and finally decided to hand over five hundred yuan to Yun Shuilian to handle it himself.

Yun Chang and Gu Shinian were not discouraged either. They had a way to persuade the old man, and they had a way to fool Yun Shuilian. They immediately followed the old man back to the house and pulled Yun Shuilian to the side room to talk.

Yun Shuilian's eyes were as swollen as peaches, and after listening to the advice of the two, she squeezed out a smile that was even uglier than crying, "Shangnan, dear, we can't take this money, we will deduct the money for the table later. , and the rest will be returned to the old Zhang family. As for work, auntie will look for it later."

Seeing Yun Shuilian pretending to be strong with tears in her eyes, Yun Chang was so distressed that she almost cried, she stepped forward to hug Yun Shuilian and said softly, "Gu, this money

cannot be returned to Comrade Zhang. Second Brother Gu said. Now, this is Comrade Zhang's intention, if you don't, Comrade Zhang will cry."

Yun Chang is too young to be able to come up with ideas on other matters, but it is not easy to speak directly about the relationship between men and women.

Gu Shinian received the signal from Yunshang, and immediately answered, "Aunt Yun, five hundred yuan is not a small amount. Comrade Zhang can give you so much money, which shows that he knows in his heart that he is sorry for you this time. .

And I believe in Comrade Zhang's character, he won't do anything treacherous, and there must be someone in the middle of today's affairs. "

Yun Shuilian froze for a moment, "...Could it be Director Yang's daughter? Zhang Shouyi said that Director Yang's daughter had followed him... Could it be Director Yang forcing him?"

"Aunt Yun, if Director Yang is really threatening Comrade Zhang, you should accept the 500 yuan. You should buy a house in Fenyang area as soon as possible, work in an aluminum factory in a few months, and then find a way to get Comrade Zhang to be transferred there too. Only in this way can Comrade Zhang not be threatened by Director Yang's family."

The prospect depicted by Gu Shinian was too good. Yun Shuilian, who was in a desperate situation, seemed to be catching the last ray of light in the dark, and asked in disbelief:

"Comrade Gu Xiao, you mean... Comrade Zhang Shouyi and I are okay, can..." Get married?

Of course not!

Nine times out of ten, the difficulties Zhang Shouyi encountered this time were the work of Director Yang's family, and most likely it was peach news.

If Zhang Shouyi can't get out of trouble, he is basically the son-in-law of Director Yang's family. If he can get out of trouble, the means will be fierce and dark, and maybe he will get into a lawsuit. A little white flower like Yun Shuilian is still suitable to follow. Simple-minded people live their lives.

Chapter 210 Are you sharpening your knife to kill?

Most importantly, Gu Shinian suspected that Zhang Shouyi had already slept with Director Yang's daughter.

If Yun Shuilian continues to be with Zhang Shouyi, if the other party shakes this matter out in the future, it will be Yun Shuilian who will be hurt.

However, these are things that need to be considered in the future. The most important thing at the moment is to appease Yun Shuilian and let her take Zhang Shouyi's compensation money as soon as possible to buy a house in Fenyang area and settle down.

"Aunt Yun, the Zhang family explained that the reason for the cancellation of the wedding was that Comrade Zhang Shouyi was admitted to the hospital, and it did not say that the two of you had dissolved the engagement.

When you stabilize in the Fenyang area, as long as Comrade Zhang gets rid of Director Yang's house, of course you can still be together.

Moreover, even if Comrade Zhang cannot be transferred, if you have a job and a house in the Fenyang area, Comrade Zhang can go to you. "You are setting up a stable rear for yourself and Comrade Zhang. For your future, you must hurry up and get things done as soon as possible.

Yun Shuilian's eyes regained brilliance, and her complexion was much better than before. Yun Chang blinked and continued to strike while the iron was hot:

"Gu, my grandfather and my grandma feel sorry for you, and I am afraid that you will be wronged. Comrade Zhang wronged you, we will use his money to buy a house, so that my grandfather and grandma feel better. If Comrade Zhang does not go to the Fenyang area in the future, let's find a way to get the money back."

"Aunt Yun, Ah Chang is right, no matter what Comrade Zhang plans to do in the future, you have to think about yourself and Grandpa Yun and Grandma Yun. Moreover, it is better to settle down in the Fenyang area as soon as possible than you and One of Comrade Zhang is trapped in the village, and the other is trapped in the county."

Yun Chang held Yun Shui Lian and shook it, "Gu, you should go to the village chief early in the morning to open a letter of introduction. Second brother Gu and I will accompany you to find a house in Fenyang."

Yun Shuilian raised her hand to wipe away the tears oozing from the corners of her eyes, smiled at Yun Chang and Gu Shinian, and nodded, "Okay, Gudu listens to Chang Nan..."

After coming out of Lao Yun's house, Yun Chang's anger, which he had endured for a long time, erupted instantly, grabbing Gu Shinian's hand tightly, and pulling him to the direction of the village entrance, "Second brother Gu, I'm going to the county, I'm going now! Going to find Zhang Shouyi!"

Zhang Shouyi thought he could compensate Yun Shuilian for five hundred yuan?

Thinking that his father came and cooperated with the Lao Yun family to clean up the mess, so he wouldn't owe the Lao Yun family?

Fuck him, it's just a dream!

Even if Zhang Shouyi might also be a victim, that was his own incompetence, which did not mean that he was not at fault.

A big man, knowing that Director Yang's daughter has an antromania, and knowing that the woman followed him twice, was able to follow the words of Director Yang's family without any defense.

It's okay to be incompetent, and it's even more unforgivable that Yun Shuilian has become a joke in eight villages!

There is also Director Yang's family. They don't do anything early or late, but they choose to plot Zhang Shouyi on the day of marriage. Their family is trying to rob their son-in-law. They are clearly beating the old Yun family's face and trying to ruin Yun Shuilian's life. .

Such a family with bad intentions should go to labor reform in disgrace!

Gu Shinian knew Yun Chang's temperament and did not persuade her. The two of them didn't even go home and left the village directly.

After waiting for the town, seeing that there was no one on the road, Yun Chang took out the bicycle in the space and asked Gu Shinian to take her to the county.

On the day Zhang Shouyi accompanied Yun Shuilian to the department store, he once told the clerk who sold furniture on the fourth floor about his home address. Yun Chang listened to it, and at this time, he didn't need to inquire about it deliberately. The two found Zhang Shouyi's house directly.

At this time, the sky was completely dark, standing in front of the closed wooden door of Zhang's house, Yun Chang took a few deep breaths, evacuating the suffocation in his chest.

Pushing open the courtyard door, the main room was dark, only the sound of 'shasha' came out.

Regardless of Gu Shinian's obstruction, Yun Chang rushed over a few steps, kicked open the door of the main house, and shouted at the inside: "Zhang Shouyi! Come out for me!"

The rustling sound in the room stopped instantly,

Immediately after the dim light came on, Zhang Shouyi's tall figure lifted the curtain of the door and stood at the inner door frame.

With the light behind his back, Yun Chang couldn't see the expression on Zhang Shouyi's face, but he could clearly see that he was holding a kitchen knife in his other hand.

Aware of Yun Chang's gaze, Zhang Shouyi put his hand holding the kitchen knife behind his back, as if surprised and embarrassed: "Shang Nan? You, why are you here?"

"Why can't I come?" Yun Chang asked coldly, "You've made my aunt a joke of ten miles and eight villages. I can't come and ask you for an explanation?"

Zhang Shouyi finished his words instantly, and Yun Chang didn't care what his reaction was, and dragged Gu Shinian directly into the room.

It can be seen that the main house should be a new house prepared by Zhang Shouyi for Yun Shuilian. The house is very clean. There is a row of waist-high wooden cabinets at the base of the wall. Tea jar.

On the side by the window, there is a washbasin stand with a brand new bright red enamel washbasin on it, and a square table next to it, with a small pile of melon seeds and fruit candies scattered on the table.

The big kang in the house should have been cleaned up again. Two new quilts were placed flat on the kang, and the bright red quilts were particularly eye-catching under the illumination of the light.

It can be seen that Zhang Shouyi really likes Yun Shuilian very much. Every part of the new house is decorated with great care. If there is no such thing as regretting the marriage, Yun Shuilian should be the happiest bride at this time.

Unfortunately.....

Yun Chang secretly sighed, and the feeling of suffocation in his heart also dissipated a little.

Looking back, Yunshang's attention was again attracted by the old washbasin and sharpening stone in the middle of the room. Thinking of the 'rustling' sound just heard outside the courtyard, Yunshang instantly reacted: that was the sound of Zhang Shouyi sharpening his knife. !

What did Zhang Shouyi want to do when sharpening his knives at night?

Yun Chang and Gu Shinian looked at each other and had bad thoughts in their hearts at the same time.

"Shangnan, have you eaten with Shi Nian?"

Zhang Shouyi put the kitchen knife on the table as if nothing had happened, took out a package of cakes from the cabinet, and handed it to Yun Chang and Gu Shinian.

Seeing that the two of them didn't speak with a cold face, Zhang Shouyi smiled, opened the greased paper bag, and stuffed the chicken cake inside their hands.

Yun Chang noticed that the smile on Zhang Shouyi's face was very cold, the expression in his eyes was also very cold, and even his understated questioning voice carried a cold and sharp anger.

Glancing at the shiny kitchen knife on the table again, Yun Chang's scalp was numb and goosebumps appeared on his arms.

Such Zhang Shouyi felt too unfamiliar and too dangerous.

Yun Chang lowered her head, took a bite of the chicken cake, and looked up at Zhang Shouyi for a moment, "Are you sharpening your knife to kill Director Yang's daughter?"

Zhang Shouyi was stunned for a moment, then shook his head in denial, "What am I doing to kill Director Yang's daughter?"
