### Chapter 23 Beating Liwei

Xu Dalan was slapped on the neck, but before he could scream, the pole came over again, this time hitting Xu Dalan in the mouth.

"Cough...poof..."

Xu Dalan's mouth immediately became numb, he spit out subconsciously, and the two front teeth fell to the ground mixed with blood.

"Ow...uh, Tooth!"

Xu Dalan wiped her mouth, got blood on her hand, and when she saw that her front teeth had fallen out, she immediately rushed towards Gu Shinian like crazy.

"You dare to hit me! I'll kill you, you little turtle!"

Gu Shinian had no idea of not hitting women. For such a mean-mouthed woman, she should be hit so that she didn't dare to be mean.

The moment Xu Dalan rushed over, Gu Shinian lifted his foot and kicked her crotch, only to see Xu Dalan rushing over like a cannonball, kicked back like a cannonball, sitting on the ground and crawling for a long time. not get up.

The surrounding villagers were stunned, and Gu Shinian's posture of raising his feet showed that he was skilled.

Gu Shinian regretted that this body was too young and had poor strength. If he stepped on his previous body, Xu Dalan's hip bones would have been broken long ago.

Yun Chang was not at all surprised by Gu Shinian's skills. When his parents and brothers in the previous life were still there, every summer, Gu Shinian and his brother would be thrown into the army by Grandpa Gu to train for two months, and the two of them were usually at home. Find her as a referee and learn from each other.

Until that accident happened, she lost her parents and elder brother, and Gu Shinian also lost her mother and elder brother. He never went to the army again. Instead, he took her away from the Beijing circle where she grew up, and learned from scratch, alone. Make Aunt Gu's dowry a business giant.

Although Gu Shinian never used a fist in front of her during those six years, the fisting skills he learned with his brother had long been imprinted in his bones, so how could he forget...

While howling and cursing, Xu Dalan struggled to get up, Gu Shinian threw away the pole, stepped over a few steps, and kicked Xu Dalan one by one.

And every time he kicked in the same position, that was Xu Dalan's mouth.

Gu Shinian's face was cold, his lips were pursed tightly, almost forming a straight line, his eyes were fixed on Xu Dalan's mouth, his eyes were gloomy and cold, as long as Xu Dalan dared to open his mouth, he would kick him.

Xu Dalan was kicked so that the back of the head was knocked to the ground one after another, and after a while, she slumped on the ground and didn't move.

The surrounding villagers were stunned. This young boy who looked better than a baby girl was like a wolf cub when he beat people. The tyrannical aura around him made people shudder.

Especially the eyes, gloomy, without a bit of popularity, as if he kicked a stone on the side of the road, not a person.

Xu Dalan didn't move or scold her, but Gu Shinian still didn't want to let her go.

The Gu family and the Yun family are family friends and neighbors. Yun Chang is the only girl of the generation of the two families.

Uncle Yun, Aunt Yun, and his best friend Yunzhou City, even looked at Yun Chang like an eyeball, for fear that she would suffer a little bit of grievance.

Even if the last two families had an accident and the Yun family was gone, he would take Yun Chang to his side, take Uncle Yun, Aunt Yun, and the love that Yunzhou City had for her, and take care of her growing up personally.

During those six years, Yun Chang's daily necessities were a little more refined than when he was in the Yun family. Even when Yunshang went to school, he would pay to accompany her to study, the purpose was to protect Yunshang anytime and anywhere in the school and prevent her from being wronged.

He held it in his hand and took good care of the little sister, when had she ever heard such vulgar and despicable language, and she still attacked her.

Even if he came to this world, he had to force Yun Chang to grow up, and he didn't want her to hear these unspeakable bastards, let alone let her grow up in this way.

Gu Shinian bent down and picked up the pole,

He stretched out his foot and stepped on Xu Dalan's lower jaw, forcing her to open her mouth, put one end of the pole into Xu Dalan's mouth, and stabbed it down by turning left and right.

The blood in Xu Dalan's mouth came out all at once, he raised his head, rolled his eyes constantly, like a stranded fish, his body was greatly twisted, and he was about to lose his breath.

Gu Shinian didn't even change his expression, he didn't speak, pursed his lips, his eyes were cold and calm.

The surrounding villagers were all frightened by this scene, and even the few villagers who were about to go forward to pull the frame didn't dare to step forward.

Yun Chang had never seen Gu Shinian's appearance before, and after being stunned, she felt more fear in her heart.

It's not because Gu Shinian is scary, but because he is worried that his anger will be insignificant, killing Xu Dalan and causing trouble for him.

"Gu..."

Yun Chang rushed over, just said a word, and then closed her mouth subconsciously, she didn't want to expose more personal information of Gu Shinian in front of the villagers.

"Second brother! Second brother! You can't fight anymore, it will kill people!" Yun Chang said with a choked voice, hugging Gu Shinian's waist and pulling him back with force, "Second brother, it's not worth it, I don't even have it. I understand what she said, I'm not angry, I'm really not angry, second brother, let go!"

Gu Shinian's expression softened, and he stretched out a hand to cover Yun Chang's eyes, so as not to let her see Xu Dalan's tragic state, but the strength of his feet did not diminish at all.

Seeing that Yun Chang couldn't persuade him, she was anxious, she pouted and cried, "Second brother, I'm afraid..."

Gu Shinian sighed in his heart. Although he was angry, he still acted in a measured way and would not really kill Xu Dalan.

In fact, he has more ways to beat Xu Dalan but people can't see it, but he doesn't want to do that.

Widow Wang's reputation in Xinglin Village was not good, and the women in the village didn't say it, but she still had a big opinion in her heart.

This time, the reason why the villagers stood up to defend Yunshang and denounced Xu Dalan was because Xu Dalan was from another village, and he spoke too much. Everyone looked at the sake of the village and the dead Yun Dachuan. Help Yun Chang.

These can be heard from what the villagers said when they were angry with Xu Dalan before.

If Xu Dalan was from Xinglin Village and he didn't speak so meanly, the villagers would not necessarily reach out to help Yunshang.

Widow Wang's becoming a lunatic is already a sure thing, and the old Yun family is too weak, and there is still a grudge against Yun Chang.

Now, in front of the villagers, he beat Xu Dalan violently. On the one hand, he vented his anger on Yun Chang, and on the other hand, he also stood up.

With Xu Dalan's lessons learned, anyone in the village who wants to bully Yunshang will have to weigh in their hearts.

Yun Chang is easy to bully, but she has a brother who is not easy to bully and often comes back to see her!

"A-shang, be good, stop crying."

Gu Shinian raised his feet, let go of Xu Dalan's head, and threw the pole in his hand to the ground. He looked at Xu Dalan coldly, and said clearly, word by word:

"Xu Dalan, if you want medical expenses, go to the provincial military district compound and ask me for labor and management. Next time you dare to trouble Ah Chang, I will beat your four sons together!"
