Chapter 281 Want a granddaughter instead of a wife

It won't do Li Hongmei any good to talk about it, if not, Shuan Zi and the baby in Li Hongmei's stomach can still enjoy the blessings from Chang Nan's hand, and it can also indirectly bring benefits to Li Hongmei.

According to Li Hongmei's thoughts, she wished that she would not let go of Changnan for the rest of her life, and it was impossible for her to tell people about it.

Where did it go wrong?

Aunt Li picked up the basket on the ground, and seeing the old lady standing there with a pale face, as if she had been hit so hard, she quickly grabbed the old lady's arm and helped her to sit on the stone by the roadside. Down.

"Hey! Auntie, you don't dare to get angry, Shen Yuegui opened her mouth so nonchalantly, none of us believed it! Think about it, she is a bad person who was criticized and educated by the police, how can she speak human words..."

"Wenying, what did Shen Yuegui say about Changnan, please tell me quickly..." Realizing that she was a little anxious, the old lady was afraid that Aunt Li would suspect her, so she added, "Tell me carefully, wait After listening, I will confront Shen Yuegui and tear her mouth apart!"

Aunt Li had no doubts, cleared her throat, and said to the old lady:

"Shen Yuegui's man's name is Gao Qingmin, and he is a cousin of Gao Qingshan on the other side of the river. Shen Yuegui said that Gao Qingshan thought that there were too many daughters in the family, so he threw your Changnan into the river. Nanny took her back. She also said that Changnan also knew about it, and Gao Qingshan is going to Fenyang to meet relatives these two days."

After Aunt Li finished speaking, she couldn't help being shocked when she saw that the old lady was completely dumbfounded, her complexion was ashen, as if she had been drained of energy, and suddenly she was more than ten years old.

Quickly squatted down and shook the old lady's arm, "Ma'am? Ma'am? What's wrong with you? Oh, you don't dare to get angry! If you feel angry, let's take a few people to smash Shen Laohan's house Let it out, don't get angry yourself."

The old lady came back to her senses, stared at Aunt Li for a long time, and said in a weak voice:

"Wenying, you said that Shen Yuegui has such a vicious heart, she is really full of maggots. Isn't it because Erchuan doesn't like her and doesn't want to marry her, how can she make up such vicious words..."

The old lady spoke louder and louder, and at the end, she even cried and scolded, "Shangnan is the only seedling of Dachuan! Dachuan is gone, and only Changnan is a delicate Miaomiao. She is going to break the roots of my Dachuan!" My son! It's so sinful! The old Shen family has a bunch of black-hearted and rotten things, this is sincere and shameful..."

"Auntie~, don't worry, no one of us believes her. She said that Changnan was put in the river. Can Wang Guihua go down the river with a big belly to catch her? Besides, if Changnan was picked up, then Where did the child in Wang Guihua's stomach go? Doesn't it make sense!"

The old lady seemed to have found a spiritual support, and nodded quickly, "Yes, if Changnan was not Dachuan's own daughter, where would the baby in Wang Guihua's belly go? Changnan has been my heart of Dachuan since birth, and she is surrounded by thousands of miles. People in the village don't love their daughters as much as Dachuan! If it wasn't for their own, would they love Changnan more than boys? How can that black-hearted Shen Yuegui spout shit like that!"

The old lady spoke more and more smoothly, and in the end, she even coaxed herself over, thinking that Yunshang was her granddaughter, otherwise how could Dachuan love Yunshang so much.

Aunt Li followed the old lady's words to comfort her. When the old lady looked good, she quickly found an excuse to leave. Old Han's house, let's see if his daughter dares to make up nonsense.

The old lady didn't take the last few words of Aunt Li's provocative words seriously, and walked home with a basket full of wild vegetables.

No matter what Shen Yuegui said was true or not, she didn't dare to delay this matter any longer, she had to discuss it with the old man to see what to do about it.

After dinner, the old man lay on the kang while touching his seventy percent full belly, and let out a long and comfortable breath.

I lived on my own for a month, and I didn't eat a few meals to my heart's content. Today is another day of hand-rolled noodles with soup, and steamed fragrant acacia flowers.

There is also a plate of fried bacon and a plate of fried leeks, which can be regarded as making up for a month of copying.

This is how people live.

When Yun Erchuan left with Shuanzi, the old man half leaned on the quilt, and asked the old lady, "Shuying, what's wrong with you today, I see that you look bad and your legs and feet are weak, are you going out today?" Are you tired?"

The old lady wiped the corners of her eyes, went out and closed the door, and without clearing the dishes, she climbed onto the kang, went to the old man, repeated what Aunt Li said, and finally asked, "You stay in the village every day, how long will you be?" Didn't you hear the gossip?"

The old man was also taken aback, turned over and sat up, and said with a dark face, "I'm busy with work every day, I really haven't heard of it."

"Shen Yuegui said that Changnan knew about it, and that the surname Gao was going to Fenyang to meet relatives, what should I do about this?"

The old lady said, her tears fell again, and she punched the old man, "What else do you think you can do? You can still make Shen Yuegui talk nonsense when you stay in the village every day. If my granddaughter is really taken away, I will I won't be with you either!"

The old man: "...". Then I can't be like a gossip, gossip among women, can I?

Seeing the old lady's tears, the old man took the 'crime' wisely, and actively offered ideas to atone for the crime.

"Shuying, don't worry. Changnan is our baby, and no one can take it away. You go back early tomorrow morning and ask Changnan carefully to see if she knows about it.

If Changnan doesn't know, let's wait for someone surnamed Gao to find us. If you know, you can talk to Shinianwazi again, let Shinianwazi persuade Changnan, don't let others coax you. The family who could throw Changnan into the river back then was such a good family, but I couldn't let the baby recognize it. "

The old lady was still worried, and then asked, "Then what should I do if Changnan wants to recognize her relatives? Wang Guihua, who killed a thousand swords, didn't treat Changnan well back then."

"It's so easy to recognize this kiss. If we don't admit it, Changnan can only be Dachuan's daughter. It's useless to say."

Thinking that Li Hongmei also knew about this, the old man continued, "Li Hongmei is not afraid, we can find a way to seal Li Hongmei's mouth."

The old lady sighed, "I'm afraid that Li Hongmei won't be fooled, what if she calls for remarriage with Erchuan?"

Seeing that the old man stopped talking, the old lady glared, pulled back the quilt and lay down angrily, "Sleep! You don't want Changnan, I want Changnan! I will go back to Fenyang tomorrow morning to look at my granddaughter, and I want someone with the surname Gao." I found it, and I will take Changnan out to beg for food and live!"

The old man: "... " Is this asking for a granddaughter instead of a wife?

Chapter 282 I was bullied

The old man looked at the back of the old lady's head very aggrieved, "Look at your temper, when did I say I don't want to be a girl? I was just thinking, should I ask someone to inquire about Gao's family first, and see what the family is like?" How about it, when we find it, we can have an idea in our hearts."

The old lady snorted, "The Gao family thought that Changnan was a daughter and threw them into the river. Now they are going to pick up Changnan, why don't they just look at Shi Nianwazi and Comrade Lin behind Changnan? How could this be fancying Changnan? This is to see that Changnan is protected by a wealthy family and can benefit the Gao family.

You ask someone to inquire, and what results can you inquire about? It's nothing more than regretting losing the baby, and the baby's mother is crying at home every day, and wants to find the baby back.

Hmph, Changnan is my granddaughter anyway, don't try to take her away once she's been harmed by Changnan once she returns to Gao's house! "

After talking, the old lady covered her head and fell asleep angrily. She didn't even wash the dishes on the chopping board.

The old man sighed, lit the kerosene lamp, got off the kang to wash the dishes gently, and then went up to the kang and lay down.

Early the next morning, the family had a simple breakfast, the old man went to work, the old lady asked Yun Erchuan to carry a basket of wild game, and the two of them took the scorpion and went straight to Fenyang.

When turning into the corridor on the second floor of Xiaoyang Building, the old lady saw Yunshang standing by the stove cooking at a glance.

That's right, Yun Shang is cooking!

Stepping on a small bench, holding a spoon in his hand, leaning forward slightly, he is struggling to stir in the small iron pot.

With the movements of Yunshang's hands, bursts of rich chicken soup scent spread throughout the small western building.

The old lady was so startled that her eyeballs almost fell off, she bumped her little feet, ran over like a gust of wind, and took Yun Chang off the stool:

"Hey, sweet little girl, how dare you be so bold! You are not as tall as the stove, yet you dare to make a fuss about cooking! What about your aunt? Why is she so ignorant and doesn't care about you?"

Yun Shang couldn't feel the old lady's frightened feeling at all. Turning around, she proudly praised the old lady, "Grandma! I'll make chicken soup for you! Second brother Gu taught me!"

The old lady almost shed tears after holding back the tears all the way. How could such a good granddaughter not be a kiss?

This is the granddaughter of their Lao Yun family!

No one can take it away!

Yun Erchuan also stared, looking at Yunshang, then at the dark iron pot, he didn't know what to say.

A small iron pot, plus half a pot of water, weighs more than ten catties. How did a little girl in Changnan put the pot on the stove?

Damn, why is his Changnan so good?

She is only a head taller than the stove, and she can already cook on a bench. She will definitely be a capable girl when she grows up!

Only the silly Shuanzi stood on tiptoe by the stove, no matter who made the chicken soup, and swallowed hard at the smell of the chicken soup.

The old lady took the spoon from Yunshang's hand, went to cover the pot, and pulled Yunshang into the house, "Shangnan, are you alone at home today?"

"Ang, my aunt is going to work, and my second brother is going to school." Yunshang replied, but she moved to the bamboo basket and looked through it, and saw that there were half of the basket of wild vegetables and a hare in it. Lost interest.

"Grandma, is my grandfather at home? Has he eaten well? Is the village busy recently? Will my grandfather be tired from work..."

Yunshang asked for a long time like a little housekeeper. Before the old lady could figure out how to ask about Yunshang's Gao family, Yunshang took the old lady's arm and complained.

"Grandma, Erya next door bullied me!"

"Does she still dare to bully you?" The old lady raised her voice immediately, and she got up to ask Er Ya to settle the score, "I haven't mentioned the matter of bullying you last time, how dare she come to bully you? Really think you are like her No one will take care of you!"

Walking to the door, the old lady turned her head and asked, "Shangnan, why did Erya bully you, tell grandma."

Yunshang frowned, and said aggrievedly, "She told the children in Xiaoyanglou that I eat well and dress well every day, and I still don't do anything. She wants everyone to call me Miss Jiao."

Four or five-year-old children have no sense of right and wrong, and they don't know that the word "Miss Jiao" is a derogatory term in this era.

They just think that Yunshang is white and tender, as delicate as a doll in a New Year picture. The clothes on her body are always clean and haven't been patched. Isn't she just Miss Jiao in the adults.

Their simple thinking will never understand the complexity of the adult world, the dangers of the human heart, let alone that in this era, when people mention the word 'Miss Jiao', they will subconsciously add 'Miss Jiao' in front of it. Capitalist' three words.

At this time, the capitalists are the ones to be knocked down. Erya gave Yunshang the title of "Miss Jiao". This is to plant a nail and find an opportunity to destroy Yunshang.

If it gets to the ears of those who care, maybe even Yun Erchuan and Yun Shuilian will be investigated.

The old lady also thought of this, and even found a reason for Yunshang to start cooking suddenly.

In fright and anger, the old lady shook her body, with a dark face, rushed to the next door and smashed the door.

"You little girl, why are you so vicious? Where did my daughter-in-law provoke you? You bullied my granddaughter in different ways again and again! You are dirty and smelly and no one cares about it. Why do you just look at other people's homes?" Is a clean baby not pleasing to the eye?"

"Our family loves our granddaughter, and we like to feed and dress her granddaughter well. Can you control me? You have maggots in your heart at a young age, and you can't be a traitor when you grow up!"

...

The old lady slammed on the door and yelled and cursed, Yun Shang moved out a bench from the house, and hurriedly sent it to the old lady, and let the old lady sit on the bench and curse slowly.

Since Er Ya dared to persuade the child to call her Miss Jiao behind her back, then she dared to move out the escort, and those who blocked the door scolded her for three days and three nights.

She is not a doormat, she doesn't say anything after being bullied, and is sullen all by herself.

First help the old lady to sit on the stool, then pour a jar of water for the old lady to moisten her throat, and when the old lady is tired of scolding, Yun Chang goes up and kicks Erya's door, "Erya! I know You are hiding in the house! Come out quickly, my grandma is going to settle accounts with you!"

"You dare to teach people to call me Miss Jiao behind your back, why don't you call me in front of you! Come out and let my grandma teach you how to behave!"

Erchuan held Shuanzi in his arms, looked at the old lady, and then at Yunshang, not daring to say anything, scratched his head in embarrassment, got into the house and couldn't come out.

The old lady and Yunshang made a fuss at the door of Erya's room, which quickly attracted a crowd of onlookers. Before the neighbors could ask questions, the old lady first poked out Erya's good deed with a loud voice.

"...Little slut, you have a vicious heart! You persuaded people to call me Changnan the capitalist's Miss Jiao, and scared me, a six-year-old child, to look for work everywhere!"

He was not as tall as the stove, so he stepped on a small bench to cook for the whole family. Oops, nothing happened! If it really burns, burns, what can I tell Da Chuan! Changnan is the only seedling of my Dachuan..."

Chapter 283 Melee

After the old lady finished speaking, there was a sneer from the crowd, and a mean female voice said, "I'm not mistaken, your baby is the only one in the small foreign-style building who is well-raised. This doesn't look like the children of our working class."

How can there be a girl from a worker's family who wears new clothes every day and eats fine grains every day?

If you want to make dumplings with white noodles, you have to send them to this family and that family. Since you want to swell your face and make yourself fat, you might as well give it to the whole house, so why only pick a few?

Besides, Lao Yun's family is not a worker's family, but a mud-legged boy who just came from the village. Both children are temporary workers, and there is a lunatic in the family. The feces on the family's feet have not been cleaned. What kind of high-ranking people are there!

With this in mind, there are quite a lot of people in Xiaoyanglou who don't want to see Lao Yun's family. No, some people can't help but show up as soon as they find an opportunity.

The old lady became angry all of a sudden, stuck her neck, and shouted at the crowd behind, "Say what, say what! If you have the ability, come out and say it, stand in front of me and say it! See if I don't slap you!

What's the matter, say my baby is squeamish, so what did your baby do when he was six years old? Do you wash and cook every day to serve your big family, or do you go to work on the streets to earn money every day! "

The old lady let out a fire, and no one said anything.

When the old lady was angry, Yunshang swept her eyes around the crowd, and finally rushed over and grabbed He Aidang and refused to let go, "You are still helping Er Ya to speak, she not only said I am Miss Jiao, she You also said that your family, Zhou Xiu, is the daughter of a capitalist who oppressed her!"

He Aidang frowned, and was about to push Yun Shang's hand away, but she opened her mouth and blurted out a series of accusations again, "No matter how delicate I am, I'm not as delicate as your Zhou Xiu! Big girl, I still eat well and dress well every day, and I don't do anything, at least I can sweep the floor and wash my own clothes!"

Anyway, there is a bathroom at home, so it's up to her whether she sweeps the floor and does the laundry or not.

No one penetrated through the walls, and supervised her work through several layers of walls!

The old lady didn't expect that it was He Aidang who was tearing things up behind her back, and she immediately picked up the tea mug and was about to throw it at it. If it wasn't for Yunshang's quick hands, she hugged the old lady's arm, and the old lady would be able to talk to He Aidang before she could clean up Erya. Love the party and do it.

He Aidang has always said that he is an educated person in the city, and he can't do things to gossip about people behind their backs, but this will be caught by Yunshang, and the matter will involve Zhou Xiu, He Aidang can no longer care about blushing.

His black eyebrows stood upright, he pushed aside the crowd, and kicked Erya's door:

"Chen Erya! You heartless bastard! How sorry I am for you, you want to harm me, Zhou Xiu like this! Come out and tell me clearly..."

For Er Ya, He Ai Dang really endured to the limit.

At this moment, she no longer wanted to maintain her dignity, and acted like a shrew, kicking the door and smashing Erya's glass with her fist, while yelling for Erya to get out.

In this way, Yunshang and the old lady became spectators.

He Aidang's hands were strong, and after only a few pats, the glass on Erya's window cracked with a 'click'.

Now Erya couldn't bear it anymore, opened the door abruptly, took a broom and whipped He Aidang:

"Get out! Why do you come to my house to act wild! Occupy my house, let me serve your family like a cow and a horse, and want to embezzle my money privately. Your old Zhou family is simply worse than a capitalist. How dare you say that I harmed Zhou Xiu !"

He Aidang was whipped by the broom for a while, but the old lady quit, picked up the tea mug, poured a full mug of water on Erya:

"It's your own business for you to be a cow or a horse for the old Zhou family. If you don't bully the old Zhou family, what are you doing when you see Tian'er bullying my Changnan! Say that my Changnan is Miss Jiao, and my Changnan wants you to serve her." ?"

As soon as the old lady finished speaking, Yun Chang rushed over like a small cannonball, grabbed Er Ya's hair and scratched her paw fiercely.

Now that Er Ya has come out, then find the opportunity to beat her up, play tricks or something, it's better than a fight.

In the future, if Erya dared to gossip again, she would block the road and beat Erya three times a day, without even a sack. Sooner or later, Erya would take a detour when she saw her.

After all, Erya was a child, with Yunshang and the old lady interfering, He Aidang quickly grabbed the broom, kicked Erya into the room.

Yun Chang chased after her and kicked Er Ya's feet to vent her anger, and retreated in a timely manner, leaving the battlefield to He Aidang, and obediently retreated behind the old lady and did not move.

The old lady didn't scold Erya anymore, so she wiped her tears and told the neighbors good things about Yunshang:

"My Changnan is very obedient and sensible. Her mother was ill a few years ago. A five-year-old child went to the provincial capital to see a doctor for her mother. This can support my family in Dachuan. Why is it Miss Jiao? Lie? Which Miss Jiao can be as capable as my Changnan!"

"What's wrong with my baby's well-dressed clothes? We didn't wear other people's clothes. The sweater and leather shoes were all sent from the provincial capital by the baby's aunt. I don't wear them for the baby, because there are worms." You say that my Changnan is Miss Jiao, she has no father or mother, she is dirty and smelly herself, and her heart is sour!"

...

The old lady said something, and the neighbors who had eaten Lao Yun's dumplings before also echoed:

"Yes, your girl may do it, I saw her drying clothes on the balcony yesterday, she is not delicate!"

Yun Shang: "... " Auntie, you read wrong! In fact, Second Brother Gu was drying the clothes, and I was only responsible for passing the wet clothes by the side.

"Shang girl is a filial child, today she asked me how to poke the stove, when the child got half a chicken, she has to learn how to make soup to make up for Aunt Yun."

Yun Shang: "... " You really think too much, the stove was poked by Second Brother Gu, and the chicken nuggets were also chopped by Second Brother Gu in advance, I just added water, green onion and ginger, and watched the heat.

"Isn't that right, Chang girl is such a good girl. Usually she doesn't smile or talk when she sees people, and she doesn't open her mouth when she doesn't call her aunt. Miss Jiao, a capitalist, has nostrils on her head. How can Shang girl be so kind."

Yun Shang: "... " That's right, I'm such a polite and clever kid.

...

The old lady and the neighbors were giving Yunshang the title of "Miss Jiao". Yunshang was listening happily, and from time to time, she would take a look inside the door to see the battle between He Aidang and Erya.

I have to say that Erya's luck is quite good.

The old lady is not the kind of unreasonable old woman who is full of obscenities and all kinds of body organs. She scolds people, but she will reason with each other one by one, instead of blindly messing around.

Chapter 284: The Purpose of the Enemy Agents

Not to mention He Aidang, who claims to be an educated person, and she can't learn the way of a shrew cursing the street. Even if she is very angry and beats Erya, it is because she has never fought with anyone before. Be less restrictive.

In this way, Erya didn't suffer much.

It's just that Yunshang couldn't figure it out, Erya had come back to life, why she was still so stupid in doing things, and even used the stupidest and simplest way to trip her up behind her back.

Telling the four or five-year-old children in Xiaoyanglou that she was Miss Jiao, she found out with only one piece of fruit candy, and by the way, she also found out that Erya was gossiping about Zhou Xiu behind her back.

This kind of pit digging with the least technical content, like a child's play house, really doesn't seem like something that a person who has been alive again can do.

So when Gu Shinian came back, Yun Shang still couldn't help complaining, "Second brother Gu, you said Erya is so stupid now, so how stupid was she in her previous life? I suspect that she was mentally handicapped in her previous life. The type that was sold and paid for by others."

Gu Shinian really didn't know about Yun Shang being hated by Er Ya. When he came back and heard about it, although he didn't say anything, his eyes turned cold.

Hearing Yun Shang's question now, Gu Shinian's mouth curled into a mocking smile again, "I told you last time, if you live again, it's your age, not your IQ. No matter how many times a fool lives You are an idiot, if you have any intention of harming others..."

"That's stupid and bad." Yun Shang answered.

"That's right." Gu Shinian tapped Yun Shang's head, and then asked, "Why didn't you tell me about this earlier?"

"To deal with this kind of trivial matter, our old lady still needs to come forward. She can stand outside the door and scold Erya, and she can talk to the neighbors and say nice things about me. If I tell you, you can beat Erya at most and let her Don't dare to gossip about me anymore, it's useless." After all, I'm the one who can beat Er Ya alone.

When Gu Shinian thought about it, he felt that what Yun Shang said really made sense.

This matter is really suitable for the old lady to come forward, it can make Erya feel ashamed, and it can also take off the hat of "Miss Jiao" on Yunshang's head.

If it were him, it would at most teach Erya a lesson so that she would not dare to provoke Yunshang in the future, but with the title of 'Miss Jiao', he really couldn't find a way to clarify it with everyone.

The two were talking, when the old lady opened the door and walked in, her eyes were red, as if she had cried a lot.

Yun Chang froze for a moment, ran over, took the old lady's hand and asked, "Grandma, what's the matter with you? The chicken soup I stewed today is too bad, did it make you cry?"

Even though I was fine when I ate, I also praised me for the stewed chicken soup well, and I ate half an extra cornbread, why did I cry after only a while?

The old lady: "... " The chicken soup was too bad to drink, so I cried. What kind of weird reason is this?

Gu Shinian was speechless for a while, stepped forward and pulled Yun Chang, helped the old lady to sit down on the sofa, and sat on the opposite side of the sofa, waiting for the old lady to speak.

As soon as the old lady entered the door, he could see that the old lady was pretending to be something, and her brows were all knit together, which showed that it was not a trivial matter.

It should be something serious to take time to come here now.

Sure enough, after Gu Shinian and Yunshang sat down, the old lady stared at Yunshang for a long time, and finally wiped the corners of her red eyes and asked, "Shangnan, tell grandma, is there someone surnamed Gao looking for you these days?" you?"

Yun Shang and Gu Shinian looked at each other, and immediately realized that the enemy agents had attacked!

Seeing that Yun Chang didn't speak, the old lady became more worried, and continued with a trembling voice:

"...Shangnan, you are still a kid, you don't understand anything, if someone tells you nonsense, you have to tell grandma, don't let the bad guys coax you away." Especially those with the surname Gao, then Family members are unreliable, so don't go back with them.

Yun Chang didn't know how much the old lady knew, but it was undeniable that the enemy agent deliberately passed the news to the old lady's ears.

Otherwise, with such a confidential matter, how could the old lady know the other party's surname is Gao.

Yun Shang looked at Gu Shinian secretly,

Seeing him nodding slightly, he said, "Grandma, which villain are you talking about? Is it Shen Yuegui? She told me a few days ago that she wanted to take me to someone with the surname Gao, but I didn't agree."

"Shen Yuegui wants to take you away?" The old lady was startled, she grabbed Yun Shang's hand across the tea table, and asked with a look of fear, "What else did she say?"

"She said that my mother and I didn't look the same, that I was picked up from the river, and that I was a child from the Gao family on the other side of the river..."

Seeing that the old lady's face was getting uglier, Yunshang hurriedly said, "I told Shen Yuegui that I look a lot like my Aunt Lin, but I'm not a child of Aunt Lin's family. I also said that the children in our village They were all picked up from rivers and mountains, whoever picked them up belonged to that family, and my mother picked me up, so I belonged to Nai's family, not Gao's family!"

Children often ask adults where they come from. The villagers in Xinglin Village often use the reason that they picked it up from the river or from the stone mountain.

Yun Shang used this reason to fool Shen Yuegui before, and now she also pretended to know nothing to fool the old lady.

Sure enough, when the old lady heard what Yun Shang said, she immediately laughed.

"Yes, you are Grandma's granddaughter, not a child of the Gao family. If someone from the Gao family comes to take you away in a few days, you can say the same, but you can't let go of your mouth and agree to live in the Gao family. How can the Gao family live?" It's not Fuwo, Changnan is going to suffer, you know?"

Yunshang nodded obediently, and reassured the old lady, "Don't worry, grandma, I won't go anywhere, I'll just stay at home and treat grandma as her granddaughter. No one has grandma and second brother Gu to treat me well. "Even if she finds her own parents in the future, she may not be able to treat her better than the old lady.

After hearing this, the old lady burst into tears again, and her lips couldn't help shaking. Her granddaughter really didn't hurt in vain, she was so smart and sensible.

Wazi should have known about this a long time ago, but she could see through her heart better than anyone else, knowing that the Gao family had lost her once and was unreliable, so she didn't murmur about going back.

Otherwise, that shit-stirring stick Shen Yuegui would have coaxed Changnan away long ago.

That's fine, when the Gao family comes, as long as Changnan kills her and doesn't go back, no one can take her granddaughter away.

Gu Shinian on the side also comforted the old lady, "Grandma Yun, I have heard what Shen Yuegui said. Don't worry, I will watch A-Shang and prevent her from being coaxed away."

The old lady didn't say enough details, but Yunshang and Gu Shinian guessed the enemy's purpose through these trivial words.

The enemy agent is worried that things will change, and is going to forcibly take Yunshang away in the name of acknowledging relatives.

Chapter 285: Yun Chang's life experience

The old lady took a small basket, put the hare under it, covered it with acacia flowers, and sent Yunshuilian to Director Ren.

Then wash the remaining half basket of acacia flowers, drain the water, mix with cornmeal and white flour, sprinkle with salt, and steam in a pan.

In about seven or eight minutes, the *Sophora japonica* is steamed, and it tastes sweet and delicious, and the taste is very good.

Seeing that Yun Chang was eating, she raised her head reluctantly, the old lady sighed secretly, put down the bowl, and asked Yun Chang:

"Shangnan, it's getting warmer these days. Do you want to go to the provincial capital? Go see your Aunt Lin, and play with Dacheng for a few more days. I heard that there is a park in the provincial capital, and you can go to the park."

Yun Shang: "...". Is the old lady planning to drive her away with a single pole, and let the Gao family come to nothing?

Ouch, why is her old lady so cute!

He even planned to hide her.

However, she has been too busy to grow her hair recently, so it would be nice to go to the provincial capital.

Thinking of this, Yunshang secretly looked at Gu Shinian, saw him nodding slightly, and quickly agreed, "Grandma, I'll listen to you, and I'll go to the provincial capital to see Aunt Lin tomorrow."

Gu Shinian also said beside him, "Grandma Yun, I will take a leave of absence from the school tomorrow, and send A-shang to the provincial capital for a few days." Otherwise, with the little girl's restless temper, she might not be able to take Dacheng with her. Get up.

The old man is not here, and the old lady has the final say on the family affairs. Seeing that Yunshang is willing to go out to play, she immediately squinted her eyes and said, "Okay, Nai'er will go to the street to open a letter of introduction tomorrow. You and Brother Shi Nian are in the provincial capital for a long time. Play for a few days."

Yun Shuilian has been so busy lately that she has to go to work during the day and go to night school at night. She doesn't know that something big is going to happen at home. Seeing that the old lady is going to send Yunshang to the provincial capital, she can't help but raise her head in surprise. Looking at the old lady, "Mother, why do you want to let Shangnan go to the provincial capital? Comrade Lin is also very busy, can Shangnan go over there?"

The old lady didn't answer the previous question, she lowered her head, and took a mouthful of *Sophora japonica* rice, "Let's bring more food stamps for Changnan and Shinianwazi, so that Comrade Lin won't suffer, it shouldn't be a problem." Not so much.

Thinking of what Lin Dani said during the Chinese New Year, the old lady hesitated for a while, then continued:

"Nianzi, Changnan, when you two arrive in the provincial capital, remember to tell Comrade Lin about the family surnamed Gao, and ask Comrade Lin if he has any impression of that family."

Compared with people surnamed Gao, the old lady is more willing to believe that Lin Dani is Yun Shang's relatives. In the end, the face that resembles Yun Shang can't be faked, and Lin Dani's concern for Yun Shang is from the heart, and she doesn't care about it. Asking for something in return.

If the old Yun family really can't keep this granddaughter, the old lady hopes that Yun Shang will live with Lin Dani in the future instead of being taken away by the Gao family who suddenly appeared.

Early the next morning, the old lady took Yunshang to the street to open a letter of introduction. Gu Shinian went to school to ask for leave, and went to the post office to make a few phone calls.

The first call was to Zhang Chunni, who told her about her current situation, and reassured Zhang Chunni that she would take time to go home after a while.

The second call was to the Linyang shoe factory, informing Lin Dani to pick up someone at the train station tomorrow morning.

The third call was to Zhang Haiyang and told about the Yunshang that the Gao family was about to take away. From Zhang Haiyang, he knew that the police had been watching the Gao family and asked the village to use the excuse of busy spring farming to not introduce the Gao family. letter, trapped the Gao family in the village and could not get out.

The Gao family couldn't leave the village, so they could only ask Shen Yuegui to release the news that Yun Shang was not the granddaughter of Lao Yun's family, in order to force Lao Yun's family to take the initiative to contact the Gao family and take the opportunity to take Yun Shang back.

Knowing that there would be no troubles in the Gao family, Gu Shinian was relieved, but decided to let Yun Shang stay in the provincial capital for a while, lest the enemy agents come up with other tricks to deal with Yun Shang.

Just as he was about to hang up the phone, Zhang Haiyang lowered his voice and said, "In those years, Yunshang's life experience... I found some clues here.

"

Gu Shinian tightened his hand holding the microphone, and pressed his lips tightly together. It took a lot of effort to force himself to calm down, "Uncle Zhang, that family...have you ever looked for A-Shang?"

Zhang Haiyang lowered his eyes, looked at the information on the table, and heaved a long sigh, "I have looked for it. I have been looking for it all these years, and I have never given up."

Gu Shinian restrained his emotions, and continued to ask, "... Which family is A Chang from?"

"Yunshang is probably the daughter of Bai Yancheng and Commander Bai of the provincial military region. By the way, this Bai Yancheng does not get along with your father...and Political Commissar Gu. If Yunshang recognizes her biological parents, she will live in the military compound in the

future , it is inevitable to meet with the political commissar Gu's family. If political commissar Gu knows that you have a close relationship with Yunshang..."

Zhang Haiyang didn't continue, but Gu Shinian knew what he meant.

Now is not a time of war. Under normal circumstances, the political commissar of the military region should have more say than the commander.

But the current situation is just the opposite. As the political commissar of the military region, Gu Huaqing was not only overwhelmed by Bai Yancheng, but even a few levels behind his leader. Gu Huaqing faced him.

It's fine if Gu Huaqing can't find a chance to bring down Bai Yancheng, but now that he has Gu Shinian, a pawn that can penetrate into the enemy's interior, how can Gu Huaqing give up?

Gu Shinian thanked Zhang Haiyang, then frowned and asked, "Uncle Zhang, in addition to being responsible for catching enemy agents, you can also investigate the affairs of the leaders of the provincial military region?"

Seeing that Zhang Haiyang was puzzled, Gu Shinian continued, "Uncle Zhang, how did you know about the quarrel between Political Commissar Gu and Commander Bai? This kind of thing should not be spread outside, right?"

It wasn't that Gu Shinian was careless, no matter how powerful Zhang Haiyang was, he was only the leader of the County Public Security Bureau. No matter how long his hand was, he couldn't find the leader of the provincial military region.

Besides, the disagreement between the leaders of the military region is a tacit secret. No matter how serious the internal turmoil is, it will not spread to the outside and cause jokes from outsiders. How can Zhang Haiyang know?

Hearing Gu Shinian's question, Zhang Haiyang laughed for a long time, "Shinian, have you forgotten what my brother-in-law does? It's Han Chen's father."

"Let's put it this way, Bai Yancheng's father is my brother-in-law's old leader. My brother-in-law was able to gain a firm foothold in the capital, and the Bai family has contributed a lot behind the scenes. This time, my brother-in-law can provide a lot of support for investigating Yunshang's life

experience." There are few clues, otherwise I would not be able to directly investigate the private affairs of the leaders of the military region."

The more Gu Shinian heard it, the drier his throat became, and a huge wave hit the shore in his heart.

In the past, he always felt that he was strong enough, his arms were strong enough, that he could rely on Yunshang, protect her from wind and rain, and protect her from growing up.

Chapter 286 Going to the provincial capital again

When Yunshang's family background in this life was truly displayed in front of Gu Shinian's eyes, he realized that he was too weak, so weak that he would lose even the qualification to protect Yunshang.

Yunshang will be the daughter of the commander of the military region in the future. She will be loved by her parents and guarded by her elder brother. He is a half-child with no clan and no family. How can he compare his family background with the leaders of the military region?

In the last life, in the eyes of outsiders, he was the one who pulled Yunshang and gave Yunshang a home, but only Gu Shinian knew in his heart that Yunshang was his salvation, and it was in his heart when he was in the dark quagmire. The only ray of light is his inseparable concern.

When he helped Yunshang get out of autism, the darkness in his heart was also dispelled at the same time. He will not complain about the cruelty of life or the unfairness of fate, and he will learn to open his eyes to see the beauty and light of the world.

Gu Shinian knew in his heart that he needed Yunshang more than Yunshang needed him.

Therefore, even if he knew Yun Shang's life experience, Gu Shinian couldn't be happy for Yun Shang, his heart was stuffy and painful, as if he was pressed by a stone, or as if he was tightly held by a big hand, he was so heavy that he could hardly breathe Get angry.

Zhang Haiyang's voice on the other end of the phone continued, "Yunshang's life experience won't be hidden for long, at most August, the Bai family will definitely pick her up, you and Lao Yun's family have to be mentally prepared..."

Gu Shinian didn't know how he hung up the phone, and stood outside the post office for a long time, until someone entered the post office and pushed Gu Shinian, then he came back to his senses.

In the small foreign building, the old lady was busy packing things for Yunshang, folded the clothes one by one, put them in the small suitcase that had been polished brightly in the morning, and put a lot of dried vegetables in the cloth bag, bacon, ready to take it to Lin Dani and Dacheng.

Yunshang pulled Shuanzi and sat on the soft sofa, crossed his legs and shook his chubby feet. While teaching Shuanzi to listen to the old lady at home and not to tire the old lady, he picked up the old lady on the table. The peanuts, one by one, were thrown into the mouth, chewing loudly, looking like a second-generation ancestor.

Seeing Gu Shinian enter the door with a cold look on his brows and a little pale face, Yun Chang quickly slid off the sofa and followed him into the room like a dog.

"Second Brother Gu, are you back? Have you had breakfast? What did you eat in the morning? Are you thirsty? I'll make you a cup of sugar water. Put two more spoonfuls of sugar and don't give it to Shuanzi..."

When Gu Shinian heard this, the corners of his mouth curled up unconsciously.

The little girl saw that he was not in the right mood, so she used him as an embolism.

"Second Brother Gu, did someone bully you? Tell me, I'll help you put on a sack and beat him up! If you beat him submissively, I promise to make a detour when I see you in the future!"

Yun Chang said while observing Gu Shinian's face, seeing that the corners of his mouth were slightly upturned, and there was a smile on his face, and he felt a little more relaxed.

He jumped over, threw himself into Gu Shinian's arms, put his head under his hand, and rubbed it lightly like a kitten, and said softly, "Second brother~, don't you like me touching my pigtail?" Son, I'm wearing a pigtail today, second brother, feel it quickly, is it done well?"

Gu Shinian raised his hand to touch Yunshang's little soft hair, and praised in a very good way, "Well, Ah Chang's hair is tied up very nicely today, when you arrive in the provincial capital, the second brother will take you to the department store to buy it." Wearing flowers on your head."

"Second brother, I still need to wear new clothes!"

"Okay, I'll buy you new clothes."

Yun Chang looked up at Gu Shinian, saw that his eyes were bright and gentle, and he was as tolerant and pampering as before, so he finally let go of his concerns.

"Second brother, have you called Uncle Zhang, when will the Gao family come over?"

"Don't worry, the Gao family asked Shen Yuegui to release the news. The family couldn't leave the village, so they deliberately released the news in order to let the members of Lao Yun's family mess themselves up and contact them."

Yun Chang nodded, knowing what the other party was thinking.

This is Lao Yun's house,

Don't pay attention to patriarchy, if it's another family, she will be designated to exchange favors with the Gao family.

"What about Gao Qingmin? If there is no movement from the Yun family, will Gao Qingmin and Shen Yuegui come to find me? Also, if I go to the provincial capital, will those people come to Lao Yun's house to press for my whereabouts?"

"No," Gu Shinian thought for a while, and said to Yun Shang in a low voice, "Uncle Zhang is here, and the police are watching over Lao Yun's house. Everyone is safe."

Yun Chang breathed a sigh of relief, if the members of Lao Yun's family fell into the hands of the enemy because of her running away, then she would have no way to atone for the crime.

"Second Brother Gu, we won't stay in the provincial capital for long, and we'll be back in ten days at most."

Gu Shinian calculated the time, nodded and agreed, "Okay, it will be May in ten days' time, and the matter of Aunt Yun's regularization should be settled by then, and we can just congratulate Aunt Yun."

Yunshang helped Gu Shinian pack up his clothes, and seeing that Gu Shinian's face was no longer unhappy, he jumped out with great enthusiasm and pestered the old lady to make delicious food.

The two were going to catch the evening train, the old lady generously poured oil in a small iron pan, fried a pot of leek balls, and baked a few white flour pancakes for the two to fill their stomachs on the train.

.....

Lin Dani woke up Dacheng early in the morning, after a hasty wash, squeezed onto the tram and rushed to the train station.

When the train from the direction of Fenyang entered the station, the two picked up Yunshang and Gu Shinian from the bustling crowd.

Dacheng was as skinny as ever, when he saw Yunshang, he first touched the braid, and then went to Gu Shinian's side, helping to carry the shiny and luxurious leather suitcase.

On the other hand, Lin Dani weighed the weight of the cloth bag, and when she found that Gu Shinian could carry it, she turned around and picked up Yunshang, walked in front, and led Gu Shinian and Dacheng to the outside of the station.

"Brother Shi Nian, my aunt came back to clean the room after receiving the call yesterday. This morning, she asked the aunt in the yard to help line up to buy vegetables, saying that she would make delicious food for you and sister Yunshang. I heard that today You can even buy fish!"

Dacheng sucked his saliva, and continued, "Brother Shi Nian, my aunt's grades are good now. The night school teacher said that my aunt will definitely be admitted to Linyang University. If I work hard, I still hope to be admitted to a university in the capital. Woolen cloth."

Gu Shinian really didn't expect that Lin Dani's grades would be so good. Seeing Dacheng's proud expression, he asked him, "What about you? Aunt Lin's grades are so good, how is your academic performance?"

The smile on Dacheng's face disappeared at a speed visible to the naked eye, and he whispered, "...my grades are not very good."

Upon hearing the words, Yun Chang in front turned her head and looked at Da Cheng with a look of contempt, "Ah! Brother Da Cheng, you are actually a backward student! You are not as good as me."

Chapter 287 Fruit Seedlings

Dacheng blushed, and said with a stiff neck, "I'm already in the second grade, why am I not as good as you?" Sister Yunshang was bragging!

Yun Shang raised her chin proudly, "My aunt said I'm a little genius, and I can even go to the third grade now!"

Yun Chang brags shamelessly.

Dacheng suddenly became angry, turned his head, and thought: Sister Yunshang is too bad, and bullied him again...

Talking all the way, I got off the tram, turned into the alley, and before I entered the door, I heard the voices of children crying and adults yelling and cursing in the yard.

Lin Dani frowned, carried Yun Chang into the yard, Dacheng followed behind and entered the door, muttering: The couple surnamed Pan fought again.

"Oh, Comrade Lin is back? This is your niece, she looks so handsome!"

A woman about forty years old came out of the east room, smiled and praised Yunshang, and then gave Lin Dani the basin in her hand, which contained a big red carp.

"This is the fish you entrusted me to buy this morning. It weighs sixty-two catties. It's still alive and fresh!"

Lin Dani put down Yunshang, took the basin with a smile, thanked the woman, then turned to look at the young couple who were quarreling at the door of the West House, "Comrade Pan, you and Comrade Li have something to talk about in the house, don't quarrel in the yard, Let the neighbors in the neighborhood hear and watch the joke."

Yun Shang noticed that the gay man surnamed Pan had an embarrassing expression on his face, his ears were slightly red, and he nodded indiscriminately and entered the Westinghouse. The child who stopped crying and kept spitting at Lin Dani also followed into the house.

"Oh, what a crime. The couple quarrels every day, and they don't even know how to control the children. They are six or seven years old, and they don't know any manners." The woman sighed and shook her head.

Yun Chang's face turned black with anger.

What kind of tenant is this?

She even had the guts to throw face at the landlord, Lin Dani just indulged in this, and didn't drive the family out?

Lin Dani smiled in a good-tempered manner and refused to answer the woman's words, "Aunt Liu, is your Liu Miao off work soon? I'm making braised fish today, and I'll let Liu Miao come over for dinner later."

"No, no, no..." Aunt Liu waved her hands again and again, glanced at Gu Shinian and Yunshang who were frowning tightly after entering the yard, and refused, "Your family has relatives here today, and my family Miao Miao won't join in the fun Come on, go back and cook."

After finishing speaking, the corners of her mouth drooped, her eyes turned towards Westinghouse, Yunshang followed Aunt Liu's line of sight and saw the window of Westinghouse shut from the inside with a 'snap', and there was no eavesdropping figure under the window.

Yun Chang's face was dark, and her eyes turned around the yard, and found that this large courtyard had changed a lot.

Two east houses were erected at the base of the east wall, where Aunt Liu's family lived, and a firewood house was added to the west, where Comrade Pan and his wife lived.

Two vine branches were planted at the bottom of the south wall, a hawthorn tree was planted, and a vegetable garden was dug next to it, which was lush with fresh and tender vegetable seedlings, and there was an additional well in front of the vegetable garden.

Yun Shang couldn't move her eyes when she saw the hawthorn tree. In her space, there are apple trees, pear trees, peach trees, vines, apricot trees, grapefruit trees and other saplings, but there is no hawthorn tree alone.

Looking at the hawthorn tree, Yun Shang unexpectedly thought of the sweet and sour taste of candied haws, and suddenly felt that her saliva was about to drip.

"Aunt, where did you get this hawthorn tree?" Yun Shang turned her head and looked at Lin Dani eagerly.

Looking back, she also went to find a plant in the space, so that she could make candied haws anytime and anywhere in the future.

If you can't finish eating, you can take it out and sell it!

Dacheng heard it from behind, hurried over, and lowered his voice, "Sister Yunshang, I picked up this hawthorn tree from school. I thought it would not be able to support it, but I didn't expect it to have leaves."

While talking, several people entered the main room, and Yunshang strolled around the four rooms, and then asked Dacheng, "Dacheng,

Are there any fruit trees in your school? Were those two vines also picked up by the school? "

"That's not it, the vine is in Dashi Park..." Dacheng covered his mouth as he spoke, glanced left and right, and said quietly again:

"In March, all units in the city were struggling to plant trees. There were a lot of flowers and plants in the park, and a lot of fruit trees. I picked up these two vines in the park."

Yun Chang pursed her lips, and looked at Dacheng sideways, "Why are you so good? You can pick up hawthorn trees in school, and grape vines in the park. You are so good, why don't you go to the street to pick up money?"

"You don't believe me!" Dacheng blushed, stamping his feet and circling anxiously, "I picked it up!"

Seeing that Yun Shang still turned his head away, nestled beside Gu Shinian, staring helplessly at the hawthorn tree outside without speaking, Da Cheng leaned over again and said:

"Sister Yunshang, I really picked up this tree! There are so many hawthorn and willow trees outside our school, and we can't finish planting them all. The hawthorn saplings were thrown outside to be used as firewood, so I picked them up.

And the vines, several of them were planted together in the park, and they would definitely not be able to support them in the future, so I secretly picked up two while others were digging. Really picked it up, I didn't lie to you! "

He didn't dig vines secretly, but he picked up vines dug up by others, which was not considered stealing.

Yun Shang: "..."

This kid can pick things up!

Others took the risk of stealing the fruit seedlings in the front, but it was better for him to sneak in behind to pick up the cheap.

It's really... even worse than her!

Yun Chang turned her head and looked at Dacheng's fleshy face, which was not pleasing to the eye no matter how she looked at it.

She has never picked up such a big bargain, Dacheng picked it up again and again, hum! Not happy anymore!

Turning around and pawing at Gu Shinian's skirt, he said aggrievedly, "Second brother Gu, I want to go to the park!" I also want to 'pick up' fruit seedlings!

The last sentence was not uttered, but Gu Shinian strangely understood Yun Shang's mind, stroked her little braid, and said with a smile, "Okay, I'll take you to the park after dinner."

Yun Shang squinted her eyes and nodded, and went into the room to watch Lin Dani cooking, while Gu Shinian walked out of the yard with his arms around Dacheng's neck, quietly inquiring about the origins of the Westinghouse couple.

.....

Lin Dani has been busy cooking since she entered the house. She steamed a pot of steamed buns with noodles, boiled a pot of millet porridge, fried a plate of scrambled eggs with green onions, cooked tofu, and made a plate of braised carp.

Yun Chang lay on the edge of the stove, smelling the delicious aroma of food, sucking her saliva, and said what the old lady asked her to bring.

Lin Dani's brows were frowned, and she said with a puzzled expression, "I don't remember Gao's family here, nor do I remember living in the village. As long as I can remember, I seem to have lived in the city."

"Auntie, my grandma also said that the Gao family is talking nonsense, please don't let the Gao family coax me away."

Chapter 288: Thieves

"Your grandma is right. The Gao family has many children, so it is unreliable at first glance. You have Comrade Gu, and you can live a good life with Comrade Gu in the future. You can't be coaxed by the Gao family in a daze."

Yun Shang nodded obediently again, helped Lin Dani put the dishes on the table, and then ran out to call Gu Shinian and Dacheng to come back for dinner.

Lin Dani's craftsmanship is good, and Yun Shang has a bowl of steaming millet porridge, and the exhaustion of staying up on the train all night is instantly cleaned up, and the whole person is very energetic.

Gu Shinian picked out the thorns from the fish, put them in Yunshang's bowl, urged her to eat another piece of steamed bun, and then lowered her head to start eating lunch.

"Gu, Brother Shi Nian and Sister Yunshang are going to play in the park in the afternoon, and I want to go too."

As soon as Dacheng finished speaking, Yunshang said with a dark face, "Brother Dacheng, you are so old, you are only in the second grade, and you don't want to study well, you just want to play truant, no wonder you are a poor student!"

If I take you to the park, how can I pick up a bargain?

Seeing Dacheng's wrinkled face, he looked like he was about to cry.

Yunshang felt guilty for a moment, lowered her head halfway, and softened her voice to coax Dacheng, "Brother Dacheng, you go to school first in the afternoon, and Brother Gu and I will pick you up from the park when we come back from the park, and then we will go to school together. Send Aunt Lin to night school."

Dacheng's eyes lit up, and he didn't feel aggrieved anymore. He immediately put down his chopsticks, and told Gu Shinian and Yun Shang how to get to school, for fear that they would get lost and miss his school time.

Lin Dani and Dacheng took a morning off. After dinner, Lin Dani took a short rest before going back to work in the factory.

Before leaving the house, he left Gu Shinian's house keys, worried that the two of them would go to the park to play and have no money to buy snacks, so he left five yuan and a few tickets for the two, and then held Dacheng's ear. Hurry out the door.

As soon as there was no one at home, Yunshang dragged Gu Shinian into the space to rest for a few hours, then took a shower in the building, changed into a white shirt, green pants, put on white pull-back sneakers, and dragged Gu Shinian. Just go out.

Gu Shinian was holding a military kettle in his hand, which was filled with spring water in the space, and he took out a small hat and put it on Yunshang's head to shield her from the sun above her head.

It was the end of spring, and the weather was getting hotter every day. By noon, there was already a taste of early summer in the air.

Today is not the weekend, and there are not many tourists in the park. Occasionally, I can meet a few young men and women who are dating, and there is a long distance between each other. A pair is two people who have nothing to do with each other.

The two wandered around the park for a while, and saw someone selling soda in a white box in front of them, and Yun Shang lay still by the flower bed.

Knowing that Gu Shinian didn't allow her to drink cold food, Yunshang gulped down her saliva, and said in a cheeky manner, "Second brother Gu, I want to eat popsicles!"

"..." Where are popsicles sold this season?

Gu Shinian was speechless for a long time, unscrewed the military water bottle, and brought it to Yun Shang's mouth, "A Chang, drink water when you are thirsty, the second brother added sugar for you, it is sweet."

Yun Chang turned her head and continued to play tricks, "Second Brother Gu, the sugar water doesn't taste like popsicles, so I want to eat popsicles!"

Gu Shinian was helpless, glanced at the soda stand in the distance, and put away the water bottle resignedly, "Ah Chang, there are no popsicles for sale now, can we drink soda?"

Yun Chang swallowed secretly, thought for a long time, and nodded reluctantly, "Okay, then buy two bottles of orange soda."

Gu Shinian suppressed the smile in his eyes, reached out and touched Yun Shang's head, then turned and walked towards the soda stand.

Yun Shang has been like this since she was a child, and she can play all these cute petty tricks with him for a bite to eat.

She obviously wanted to drink orange soda, but she insisted on bragging about saying that she wanted to eat popsicles, and she reluctantly agreed when he offered orange soda to coax her.

This is a very coquettish look,

It not only achieved her goal, but also made him feel a little guilty. He couldn't help but buy an extra bottle of orange soda to coax her.

Gu Shinian thought about Yun Shang's clever little appearance all the way, and couldn't help laughing...

When Gu Shinian came back with two bottles of soda, Yun Shang was poking out her little butt, holding a wooden stick in her hand, and secretly digging soil in the flower bed.

Seeing Gu Shinian approaching, he turned his head and gave him a wink, "Second brother Gu, help me watch someone!"

The corner of Gu Shinian's mouth twitched, and he resigned himself to standing behind Yunshang, blocking the sight of others while watching her hunt for treasure in the flower bed.

A few minutes later, Yunshang stood up holding three or four palm-sized dendrobium seedlings and gladiolus seedlings, and showed them to Gu Shinian with joy, "Second Brother Gu, look! I found some orchids. In this kind of space, when it grows up, it will be raised on the balcony!"

Gu Shinian looked down at the few seedlings that seemed to be broken at the touch of a touch, and nodded seriously, "Well, I'll go to the purchasing station to find some beautiful porcelain vases for you later, and wait until they grow up. Move in, you can't lower the class of your room."

Yun Chang was satisfied, and felt that Brother Gu understood her thoughts too well. She glanced left and right, saw that no one was paying attention to this side, and put the orchid into the space.

He took the soft drink that Gu Shinian handed over, and took a sip, the sweet and refreshing orange flavor immediately filled his mouth.

Yun Shang let out a sigh of relief, took a few gulps of the orange soda, ran over to return the soda bottle, and dragged Gu Shinian to the park to continue the treasure hunt.

In just a short while, Yunshang got into the bushes, moved a vine of this era, a flowering locust sapling, and found a rose in the space.

Seeing that Yun Chang still wanted to steal a walnut tree, Gu Shinian hurriedly carried her out of the sapling forest like a kitten.

There are only five walnut trees in the whole garden, and Yun Shang stole one. Didn't she tell people that the park is recruiting thieves?

If the gardener finds out, he won't have to jump around and curse for three days and three nights.

By the time Gu Shinian took Yunshang out of the park, it was almost four o'clock in the afternoon.

Gu Shinian took out his handkerchief, wiped off the muddy spots on Yun Chang's face, and then reached out to pat the dust off her body. When the tram came, he quickly squeezed into the car with Yun Chang in his arms, and staggered towards Dacheng's school.

When he arrived at school, Dacheng hadn't finished school yet, Yun Shang took advantage of Gu Shinian's chatting with the gatekeeper, bent over, and squeezed in through the crack of the iron gate.

Passing through the classroom in front, he quickly ran to the labor field behind the school, wandered around in the hawthorn seedling forest, picked the thinnest tree to sneak into the space, and then ran to the second grade classroom contentedly.

Chapter 289 Lessons

Dacheng fidgeted all afternoon, until the bell rang for the end of get out of class, he quickly put on his schoolbag and ran outside.

As soon as he left the classroom door, when he looked up, he saw Yun Chang wearing an octagonal hat and carrying a small military bag, sitting on the cement flower bed in front of the classroom door and counting ants.

I don't know if she went into a dog hole in the park this afternoon. The white shirt on her body was stained with several green marks, the white sneakers on her feet were also covered with dust, and there was a weed stuck to the sole of her foot.

Dacheng's eyelids twitched a few times, he walked over bravely, and reached out to remove the weeds on the soles of Yunshang's shoes, "Sister Yunshang, you are here, where is Brother Shinian? Are you here alone?"

Yun Chang jumped off the flower bed and said with a smile, "Second brother Gu is waiting at the school gate. I can't wait, so I'll pick you up at the classroom gate! Brother Dacheng, are you moved?"

Dacheng nodded: "I am moved!" Even if I am not moved, I dare not say it.

Yun Chang circled Dacheng in satisfaction, pulled Dacheng's schoolbag strap, and strolled towards the school gate.

Several people met at the gate of the school, Gu Shinian gave Dacheng a few biscuits to pad his stomach, held Yunshang's hand, and chatted all the way home.

"Dacheng, did the family surnamed Pan arrange to live here?" Yunshang asked.

When mentioning the surname Pan, Dacheng immediately lowered his face, "That's right. The street knew that my house was going to be rented out, so they helped find two tenants, and the rent was paid through the street."

Yunshang was surprised, and turned her head to ask, "Isn't the rent paid directly to you and Aunt Lin?"

"It wasn't given to us directly." Dacheng shook his head, "The two families paid the rent to the street, and my aunt went to the street to get it back. They said that the street came forward, and these people dare not rely on my family's rent."

Yunshang was speechless for a while, the street did so to protect the interests of Lin Dani and Dacheng. If the street came forward to rent a house, even the most reckless tenants would not dare to default on Lin Dani's rent.

But in this way, those tenants feel that they are renting houses from the street. As the widow of bad elements, Lin Dani cannot drive them away without the consent of the street.

This is also the main reason why the little daughter-in-law surnamed Li dared to throw face at Lin Dani blatantly.

"Brother Dacheng, has Aunt Lin ever quarreled with that woman surnamed Li?"

"No," Dacheng shook his head again, "My aunt has to go to work every day and go to night school at night. She is so busy that she doesn't even have time to sleep. How can she have time to quarrel with others?"

Yun Shang was about to breathe a sigh of relief, when Dacheng changed his voice, and continued, "But I had a fight with that luggage girl."

"What's the matter?" Yun Shang suddenly regained his energy, and asked with sparkling eyes.

"A few days ago, the one surnamed Li was teaching her son to scold my aunt in the house. When I heard it, I beat up that kid behind my back..." Dacheng scratched his head embarrassedly, "That woman just wanted to Hit me and tell my aunt to go back."

Yun Shang then asked, "What did your aunt say?"

"My aunt said that if the Pan family doesn't want to live in our house, she can go to the street and tell them to move out. Then the family will be honest and dare not scold my aunt in person anymore."

Yun Shang nodded, thinking of the woman's disdainful eyes of Lin Dani today, thinking of the little boy who was about her age spitting Lin Dani's saliva, and thinking of Lin Dani's completely indifferent response, I felt sore and uncomfortable for a while .

In the hearts of Dacheng and Lin Dani, these people would be satisfied if they didn't scold Lin Dani face to face.

This kind of cognition made Yun Chang extremely resentful, but there was nothing he could do.

She really couldn't imagine what kind of life Lin Dani and Dacheng have lived in these years, so that their standards of communication and getting along with each other have been lowered so low.

But looking at Dacheng's familiar and satisfied expression, she didn't know how to persuade him.

Is it possible to persuade Dacheng to come to the door and beat up the tongue-in-cheek woman surnamed Li, so that she will never dare to throw face at Lin Dani again?

Or let Lin Dani drive the Pan family out?

But,

Even if she persuaded Dacheng and Lin Dani to drive out the Pan family, there was no guarantee that the next tenant who moved in would do better than the Pan family.

After all, people's cognition, thought, and mouth cannot be controlled.

Even if she tried everything she could, she couldn't stop others from criticizing Lin Dani behind her back.

Yun Chang's mood became depressed, Gu Shinian touched her head, and coaxed her softly, "A Chang, don't worry, I will bring Dacheng to talk to the children of Pan's family later."

"is that useful?"

Yun Shang was very puzzled, what is there to talk about with an ignorant kid?

Even if you beat him up and forget about it in a few days, won't you still spit Lin Dani's saliva in the future?

Gu Shinian smiled, "When did Second Brother lie to you?"

The bear child has to be beaten, if he can't remember the first beating, he will be beaten twice, and if he can't remember the second beating, he will find a chance to beat him every day. Sooner or later, he will be beaten so that he will take a detour when he sees Lin Dani.

After they arrived home, Lin Dani hadn't left work yet, and Da Cheng had just turned on the stove to prepare for cooking. Aunt Liu from the east room brought over a handful of small rapeseed seedlings, and after a few polite words with Gu Shinian and Yun Shang, she turned and went back to her own room .

Gu Shinian helped Dacheng put the aluminum pot on the stove, asked Yunshang to take out a small bag of mung beans, filled a small half bowl into it and cooked it slowly, and then asked Yunshang to take out a few fruit candies, a piece of wine chocolate, He dragged Dacheng out the door.

Yunshang moved a small bench and sat under the eaves of the north house, and saw a three or four-year-old girl squatting at the door of the west house, doing laundry clumsily.

The door of Westinghouse opened wide, and a lesbian surnamed Li held the brat who spat at Lin Dani in the morning with one hand, and with the other hand tore off two pieces of clothing from behind the door, and threw them to the little girl.

Before the woman could speak, the little boy raised his neck and spat at the girl, "Smelly girl! Clean my clothes!"

The little girl shivered in fright, and quickly picked up the clothes on the ground and soaked them in the basin.

The boy turned his head and saw Yun Chang staring at their house for a moment, immediately raised his brows, and spat at Yun Chang.

Yun Chang immediately became angry, grabbed the bench under her buttocks and was about to smash it over, there was a dry coughing sound from the door, Yun Chang turned her head and saw Dacheng standing at the gate of the courtyard, holding a piece of fruit candy in her hand and putting it in her mouth He took a breath, and let out an exaggeratedly long breath.

The very delicious candy immediately attracted the boy's attention. Seeing Dacheng waving at him, the boy broke free from Comrade Li's arms a few times, and ran towards the door.

With a mocking smile on the corner of Yun Chang's mouth, she put down the bench and sat back slowly.

Second brother Gu is not a good man and a believer. With second brother Gu taking action, the brat will suffer a big loss today.

Chapter 290: Twitching Your Mouth

As soon as the bear boy ran out of the yard, he took his hand out of Dacheng's pocket, "Candy! Give me candy!"

Dacheng slapped the bear boy's hand away, lifted his collar, and pulled him to Gu Shinian's side.

Gu Shinian took out a candy and waved it in front of the boy's eyes, "What's your name?"

The boy's eyeballs moved left and right with the candy, Gudong swallowed, "It's called Guibao."

"Want to eat?"

Guibao nodded, looked at Gu Shinian timidly, and swallowed again, "I want to eat."

Facing Dacheng, Guibao still had the guts to grab things, but facing Gu Shinian, Guibao felt apprehensive from the bottom of his heart. Even though Gu Shinian didn't beat him, he didn't scold him either.

Gu Shinian looked at Guibao and smiled, put the sugar in his pocket, and asked Dacheng to carry Guibao, and they quickly found a deserted alley and turned in...

More than half an hour later, the three of them entered the door one after another. Gu Shinian still had the corners of his lips bent, with a faint smile on his face, while Dacheng, apart from his pale face, was particularly energetic, even the dark blue sky He couldn't hide the excited light in his eyes.

As for Guibao, it looks much more miserable.

The finger holding the chocolate was bloody, the clothes were stained with blood, and the lips were swollen into sausages. Occasionally, the tip of the tongue sticks out to lick the mouth, and there are faint traces of blood.

Yun Chang was stunned for a moment, then looked away, and followed Gu Shinian and Dacheng into the room. Before he could speak, there was a burst of scolding from Westinghouse:

"Guibao! Who the hell beat you up like this? Was it that son of a bitch from Beiwu! Say, did that son of a bitch do it? I knew that broken shoes wouldn't produce anything interesting..."

Before she finished speaking, Yunshang heard a "slap", like a slap in the face, and then heard the ambiguous voice of a bear child, "You curse, I'll hit you!"

Yun Chang was completely stunned.

Sitting in the north room can hear the sound of the west room, this slap is not light.

What kind of tricks is this brat playing?

Just as he was about to ask Gu Shinian, he saw the bear boy running in like a gust of wind, and slammed on the brakes in front of Dacheng, with a timid expression but an extremely eager voice:

"Brother Dacheng, my mother scolded you and your aunt again just now, I slapped her hard, can you give me candy now?"

Dacheng secretly looked at Gu Shinian, seeing him nodding, he gave Guibao a candy, "Okay, you did well today, I heard you slapping your mother, so I'll give you a candy.

Remember, if your mother swears again, she still has to beat you like this. If I hear the sound, I will give you candy, and if I don't hear the sound, I will still beat you like today! "

Guibao took the candy and couldn't wait to stuff it into his mouth. While sucking his mouth, he nodded, "Well, be obedient, you must slap my mother hard."

Yun Shang: "... Second Brother Gu is really too bad! Really like!

After Guibao left, Dacheng looked at Gu Shinian with sparkling eyes, and immediately grinned after receiving a "good" compliment.

"Brother Shi Nian, don't worry, I will definitely protect my aunt in the future."

He wins over Guibao with a slap and a sweet date, and lets Guibao deal with the gossip woman surnamed Li. From now on, the whole family will no longer dare to scold his aunt behind his back.

Even if they wanted to quarrel, they couldn't make trouble on his aunt, otherwise he would drive the Pan family out through the street.

It's hard to find a house in the provincial capital. There is only a single room with a single bed. The monthly rent is four yuan, and the rent for two rooms in a large courtyard is only six yuan. I dare not really tear myself apart with their family.

Lin Dani didn't know about the small actions of the children in private. When she met Gui Bao in the alley, she got a flattering smile from the other party and was surprised for a long time.

When I got home, I drank a bowl of mung bean soup, then locked the door and took a few children to night school.

There are thirty students in Lin Dani's class, with a wide range of age groups.

There are workers under 20 years old, and factory cadres around 50 years old. After everyone enters the classroom, no one chats to pass the time. They are very active in communicating about their studies, or looking down at books to prepare for class.

Lin Dani arranged the three of them at the back of the classroom, gave Yun Shang a little book, and gave Gu Shinian a few newspapers, and sat in the front row, opened the book and read it.

Dacheng took out his homework from his schoolbag, wrote a few words, then turned his head to Yunshang and said, "Sister Yunshang, it's almost time for class, and you can't talk or disturb the teacher when you are in class. Get scolded, do you understand?"

Yun Chang nodded, flipping through the comic book in her hand, but looked at the students in the front row of the classroom with great interest.

At 7:30, a middle-aged female teacher with slightly curly hair and glasses walked in. Without even lifting her eyelids, she raced against time to start giving lectures when she got on the podium. The students below also raised their ears and kept talking. Taking notes, I am afraid that I will miss some knowledge points if I am distracted.

Being in a strong learning atmosphere, Yunshang even unconsciously lowered the sound of her breathing.

After finally waiting for the night school to end, Yun Shang rubbed her sore waist and followed Lin Dani out of the classroom.

"Aunt Lin, you go to class every day, will you be very tired?" She just sat on the hard bench all night and felt pain in her back and buttocks. Lin Dani was in front every day, and she couldn't even take a short errand, wouldn't she be even more tired?

Seeing Yun Shang's frowning appearance, Lin Dani couldn't help rubbing her waist with a smile, "It took me a lot of effort to get the qualification to attend the night school. I'm too busy studying, so I don't feel tired."

Thinking of many workers in the shoe factory who wanted to study but couldn't apply for a class, Lin Dani really didn't feel tired from the class, she just felt lucky that the director took care of her, and the shoe factory leader didn't dare to go back and make trouble with her, let alone refuse. She attends evening classes to prepare for her college application.

Yun Chang nodded again and again, and was embarrassed to say that her back was sore from sitting.

Several people walked out of the school gate, and a person came chasing after him, "Comrade Lin, it's too late, it's not safe for you and Dacheng to walk at night, I'll take you back."

"No need." Dacheng stood in front of Lin Dani reflexively, and said coldly, "I can protect my aunt well."

Yun Shang looked at the person coming under the dim light, and saw that the person was about twenty-five or sixteen years old, not tall, and his facial features were fairly straight. At this moment,

he stood in front of several people with a naive smile on his face, showing a mouthful. Big white teeth, a simple and enthusiastic appearance, but Yunshang felt that this person's eyes were too vivid, and his first impression of him was not very good.

"Dacheng, you are still a child, how do you protect your aunt? Let's go, anyway, I will give you a ride." The man smiled familiarly.
