Chapter 291 Chili Water

Yun Chang turned her head and saw that the collar of the other party's blue overalls had been frayed, and the trousers on her legs were up to her ankles, so she hurriedly tugged at Gu Shinian's sleeves.

Where did you come from, don't you see big rejection written on every pore of Lin Dani's body?

You shamelessly leaned forward, you really deserve a beating!

Gu Shinian patted Dacheng on the shoulder, reached out to take the schoolbag from Lin Dani's arms, and turned around to protect several people before leaving.

The man hurriedly followed, Gu Shinian turned his head and gave him a cold look, until the smile on the man's face froze, then turned his head and continued walking.

In the darkness, Yunshang's tender voice came into the man's ears, "Auntie, carry a brick with you when you go out from now on. If there is an idiot pestering you, he will be bored! You won't have to go to jail if you are killed."

A layer of cold sweat oozes from the man's back in an instant.

Little girl, what kind of hatred, what kind of grievances, doesn't he just want to live in a spacious courtyard, why is it that you are living and dying?

Dacheng didn't care what the man was thinking, he widened his eyes and eagerly asked, "Sister Yunshang, are you really not responsible if you beat him to death?"

"Fake!" Yun Shang gave Da Cheng an angry look, "Aunt Lin's strength, how can she kill the blind man? Besides, the blind man did not play hooligans on you, you will be shot if you kill the blind man! "

After being stunned for a while, he shrank his neck and stopped talking when he was established.

Yun Shang came to Lin Dani again, and then came up with a bad idea, "Aunt Lin, Brother Gu and I will find some super spicy chili powder for you, and you will bring a few packs with you in the future, and if someone bullies you, sprinkle it in his eyes! "

There is chili powder ground from millet in the supermarket. I will prepare a big jar for Lin Dani, and then make some chili water and pour it into a small spray bottle. Whoever dares to provoke Lin Dani in the future will serve with chili powder and chili water.

By the way, prepare a copy for Dacheng, and the two aunts and nephews will fight together to make sure that the blind wanderer who harassed Lin Dani will become a pig's head.

Yun Shang's words simply opened the door to a new world for Lin Dani and Dacheng, and severely impacted their three views.

Dacheng is better, he is not very old, and he is in the stage of learning to shape the three views. Hearing Yunshang's "swish swish" crooked ideas, I just feel that the blood in his whole body is boiling, and he can't wait to run into two blind people to try it Slabs with the power of paprika.

But Lin Dani was worried that if she sprinkled chili powder into her eyes, would the other party go blind? What if you accidentally beat the opponent to death while throwing the brick?

.....

Lin Dani came back from get off work and found a large jar of pickled vegetables on the chopping board.

When I opened it, I found a jar full of chili powder as fine as smoke, weighing dozens of kilograms, and I could smell the pungent spicy taste of chili powder in my breath.

Lin Dani's face turned pale immediately, and the cover on her hand almost fell to the ground.

Where did these two kids get so much chili powder?

It smells hotter than the peppers sold in grocery stores, and it is so finely ground that it doesn't look like it was hand-pounded.

Yun Shang leaned over, took out a palm-sized glass bottle and stuffed it in Lin Dani's hand, "Auntie, this small bottle contains chili water, you take it with you, if someone bullies you, you can spray it in his eyes! "

Lin Dani looked at the red liquid in her hand, and could feel the burning sensation of pepper water through the glass bottle.

How painful it would be if it were sprinkled in people's eyes.

"Auntie, these peppers are very spicy. You can wrap a few more bags in oiled paper and put them in your pocket. Let's have a double insurance. You won't be afraid of walking at night in the future."

Lin Dani nodded, with a smile on the corner of her mouth, but the corners of her drooping eyes were a little hot and moist.

She is an elder, but she is cowardly and incompetent. She doesn't look like an elder. Instead, she makes these children worry about her again and again.

Dacheng followed her to night school every day and protected her with him, and now even the six-year-old Yunshang tried to get her something for self-defense.

And Gu Shinian, Dacheng told her quietly that Gu Shinian helped her teach the brat of the Pan family a lesson when he came, and let the brat give his mother a big mouth.

Compared with the children, she is really unqualified as an elder...

Yun Shang didn't know that Lin Dani's mentality had changed. After eating, she moved a small bench and sat under the eaves to watch the excitement of Westinghouse.

In order to eat sweets, Guibao tried every means to find trouble with Comrade Li every day. Even the Pan family quarreled. Once Comrade Li dared to curse, Guibao rushed up and made a mouthful, and then secretly asked Dacheng for candy.

Guibao was also worried that Dacheng would not see him beating Comrade Li when he was in school, so he would give him less candy, so he even thought of hitting Comrade Li's head with a stick, and exchanged Dacheng for candy with the scar on his head.

After being beaten, Comrade Li couldn't bear to scold the man she held in her hand and inherited the family of the Pan family, so he tortured his daughter in different ways, insulting Lin Dani and Dacheng.

But Guibao is not as shrewd as a child in order to eat candy. Even if Comrade Li didn't swear, Guibao could find an excuse to beat her up for candy, let alone she swears.

Moreover, being hit by a stick is much more painful than being punched in the mouth. In just a few days, Comrade Li was beaten all over the head by Guibao.

Yun Shang almost laughed out of breath, and even found a catty of the cheapest fruit candy from the supermarket, and asked Dacheng to give it to Guibao slowly.

I thought that it would take a long time for Comrade Li's curse to be cured, but I didn't expect that Comrade Li would not dare to speak after more than 30 candies.

Today the Pan family quarreled again.

To be precise, it was Comrade Pan who lost his temper unilaterally, because he thought that Comrade Li did not treat his daughter as a human being, refused to feed her, and made her work.

As soon as Comrade Pan lost his temper, Gui Bao jumped up and grabbed the rolling pin, staring at Comrade Li eagerly, waiting for her to start swearing.

Comrade Li's swear words rushed to the throat, and when he saw the rolling pin in Guibao's hand, he swallowed it back forcefully. In the end, he couldn't take it anymore, so he sat down on the ground and howled dryly, wiping away his tears.

Yun Shang enjoyed Comrade Li's soprano solo for a while, and felt that it was very boring, so she quietly waved to Guibao.

Guibao's eyes lit up, he dropped the rolling pin, and ran over quickly.

Lifting the pants that fell on the buttocks, and sucking the big snot that fell on the skin of the mouth, Biao asked, "Sister Yunshang, what do you want me for?"

Yun Chang frowned, and turned her face away in disgust: Who is your sister? You are seven years old, and you chase after me a six-year-old girl all day and call her sister, how shameless you are?

Guibao stared at Yunshang without blinking: I call this little girl sister, can she give me a candy later? hiss! The sweet fruit candy is so delicious!

Yun Shang turned her head and asked in the tone of Grandma Wolf, "Guibao, do you know how to eat more candies?"

Chapter 292: Making Money

Guibao nodded, "Yes, beat my mother more."

Yun Shang: "... " This brat, what are you talking about?

I don't even know how to answer the call.

Guibao licked his lips and said regretfully, "It's a pity that my mother hasn't scolded people these two days." It made me unable to eat candy.

Yun Chang squinted at Gui Bao, "That really wronged you."

Guibao pursed his lips and did not speak, but every cell in his body had the word 'grievance' written on it.

Seeing that Guibao's snot came out again, Yunshang resisted the urge to wipe the snot off, then lowered his voice and continued to ask, "Guibao, do you want to eat a lot of candy?"

Guibao stared: "Of course I want to!" Candy is so delicious, it's a fool who doesn't want to eat candy!

"Then you listen to me, I promise to let you eat a lot of candy." Yunshang waved to Guibao and whispered a few words in his ear.

Guibao's eyes lit up, and he rushed into the west room like a gust of wind, picked up his rolling pin and beat Comrade Li, "You dare to bully my sister! I will punish you! If you don't feed my sister, and make her work, I will punish you!" An old bastard..."

Hearing Comrade Li's cry of pain, Yun Chang smacked her lips in satisfaction, took out two fruit candies and put them on the window sill, turned around and walked back to the house slowly.

Facts have proved that as long as the method is right, bear children can also become little angels.

There are fruit candies hanging in front. Guibao will only supervise Comrade Li more strictly in the future. She is not allowed to swear in private, and she is not allowed to abuse her daughter patriarchally. After a long time, Comrade Li's stinky problems can be corrected more or less. Some.

Besides, Guibao has been spoiled by Comrade Li, but the couple didn't feel that there was anything wrong with Guibao.

Now Gu Shinian has given Guibao a serious lesson and asked Guibao to take care of Comrade Li all day long. Even if the Pan family and his wife are stupid, they know that their son is crooked, so they can take advantage of the young boy to correct him for his stinky body. fault.

Gu Shinian was sorting out the things he bought from the buying station. When he saw Yun Shang coming in, he smiled and waved, "A Chang, come and have a look at this jewelry box."

Yun Chang ran over, and saw a palm-sized jewelry box on the table, the bottom was pried open, revealing a hidden compartment, which was full of a box of jade jewelry, and a yellowed house deed.

Probably because it has been too long, the paper of the house deed will be broken when you touch it, and you can't pick it up, but those jade articles are bright in color and full of water, so you don't need to touch them to know that they are not ordinary.

Seeing that Yun Shang's eyes were stuck in the jewelry box and could not be pulled out, Gu Shinian pushed the hidden compartment back and signaled Yun Shang to put the jewelry box into the space.

"Gu, Second Brother Gu, let's go to the buying station tomorrow to pick up leaks!"

Anyway, these things sent to the purchasing station were to be destroyed, and she couldn't keep them unless they were taken away.

Besides, there are many rich people in the provincial capital!

Just go around the buying station, not only can you pick up jewelry, but you can also pick up a lot of porcelain, as well as rare ancient books, which are all for nothing.

If you don't take the opportunity to draw more good things, you will be sorry for the large space on your body.

Gu Shinian looked at Yunshang's appearance as a money fan, and was speechless for a long time.

Recently, the two were picking up leaks at various buying stations in the provincial capital during the day, and instead of going to night school with Lin Dani and Dacheng at night, they disguised themselves and pulled a flatbed cart to various black markets to do business.

After a few days, in addition to the immeasurable value of money obtained from the purchase station, various grains, vegetables, and meat in the supermarket have also been sold for more than 3,000 yuan one after another, and more than 300 catties have been exchanged nationwide. Food stamps, but Yunshang, a little money fan, was not satisfied yet.

"A-Shang, we've been to all the buying stations in the provincial capital, and we haven't been able to find any good ones for the past few days. I'll take you to pick them up when I come to the provincial capital next time."

Seeing that Yunshang's eyes dimmed all of a sudden, Gu Shinian thought for a while, and asked tentatively, "Ah Chang, why don't we go to the train station black market at night, sell more things this time, and take you to the department store tomorrow?"

make money,

Being able to go shopping again, the little girl should be happy, right?

Sure enough, Yun Chang became energetic as soon as she heard it, and began to settle accounts with great interest, "There is a big black market over there, and there are still a lot of ducks and chickens that have been killed in our supermarket. I will find a way to sell them at night, and I will sell them for another hundred catties." Fine grains, 100 catties of corn, vegetables are bundled in advance, and apricots, and then sell a basket...Second brother Gu! Calculated in this way, we can sell another five or six hundred yuan today!"

Thinking of making a fortune again at night, Yunshang immediately entered the space, packed the things and piled them on the flatbed truck, preparing for the big business at night.

After dinner, Dacheng followed Lin Dani to the night school, while Yun Shang followed Gu Shinian to the train station.

It was still the same old routine, looking for an abandoned alley near the black market, entering the space to disguise, then covering the flatbed with rags, and the two of them pushed and pulled around the path and entered the black market.

This time the luck was not good enough, the two of them did not meet Uncle Li who was collecting the booth fee, nor did they meet the mustache last time, after paying the booth fee according to the rules, they found a booth near the middle to support the booth.

Bunches of fresh vegetables were placed on half of the stalls, grain bags and slaughtered chickens and ducks were placed on half of the stalls, and a basket of bright red apricots was placed beside it.

As soon as the items are put out, the stalls are surrounded by crowds. Whether it is fine grains that are becoming more and more difficult to find, bundles of tender and raw vegetables, and slaughtered chickens and ducks, they are all rare and good on the black market. Things, everyone naturally doesn't want to miss it.

The price of grain in the black market in the provincial capital is higher than that in Fenyang. Rice and flour can be sold for more than 2.5 yuan.

According to the market price of grain, Yunshang also increased vegetables by 30 cents. A bundle of fresh vegetables sells for 1.3 yuan, chickens and ducks sell for 2.8 yuan per catty, and a whole chicken and duck can be sold for about 10 to 15 yuan.

Even the sweet apricots in the basket, Yunshang black-heartedly increased the price accordingly, one apricot sold for three cents, and two for five cents.

The two had a clear division of labor. Yun Shang sold vegetables and apricots, and Gu Shinian sold grain and meat. Within an hour, the stalls were sold out.

Yun Shang used the military bag to cover up, put the money bills into the space, and dragged Gu Shinian around the black market.

Seeing a wild pork seller, Gu Shinian bought 30 catties generously, and then pulled Yunshang to squat down in front of a gray-haired old man.

The old man was wearing glasses, with his hands in his sleeves, squatting on the side of the booth and dozing off. A black cloth was spread on the booth in front of him, and a wooden box was placed on it, containing ginseng, about 25-6 centimeters in length. Long, a ginseng whisker falls on the black cloth, black and white are distinct, very eye-catching.

Seeing someone approaching, the old man stood up and gestured, "Little comrade, I have been here for so many years. I only need food for food."

Chapter 293 Buying Ginseng

Yun Chang quietly leaned into Gu Shinian's ear and asked, "Second brother, is this ginseng really eighty years old?"

It looks shorter than the hundred-year-old ginseng of Grandpa Gu in the previous life. This old man can't fool people just because they are young.

"Almost." Gu Shinian stretched out his hand and pulled Yun Shang behind him, and asked in a low voice, "Comrade, how much food do you plan to exchange for this ginseng?"

"One hundred catties of fine grains, even one catty less will not be exchanged!"

The two had a lot of trouble selling grain before, and the old man could see clearly from here, so when he said this, his eyes were amazingly bright, and the price was also very firm.

Gu Shinian glanced at the old man's withered, yellow and thin face, hesitated for a moment, and then asked, "Comrade, do you still have older ginseng?"

The old man quickly shook his head, "No more, just this one."

Gu Shinian looked at the guarded look of the old man, and there was something he didn't understand. He glanced at the crowd around him and said in a low voice, "Comrade, I'll trade you a hundred catties of fine grain."

The two discussed the location of the transaction in a low voice, and Gu Shinian carried Yunshang onto the cart and quickly left the black market.

Turning a few turns along the small alley, looking for an opportunity to enter the space, throwing off the follower, loaded a hundred catties of white flour on the cart, and went straight to the trading place discussed with the old man.

Yun Shang asked Gu Shinian, and after knowing that the ginseng was 80 years old, her small thoughts became active again, "Second Brother Gu, should we go to the Northeast to collect some old wild ginseng and wild game? Keep it as a family heirloom in the future?"

Gu Shinian: "... " The little girl's life has not yet begun, so she is thinking about family heirlooms.

He didn't treat her badly in his previous life, why did he become more and more wealthy?

"A-shang, it's not safe outside. From now on, the second brother will slowly find you a few hundred-year-old ginseng. Don't think about running around."

Yun Shang pouted dissatisfiedly, "Second Brother Gu, I still want to grow a garden of 100-year-old ginseng by myself. The ginseng you found is all dried, so how can I grow it?"

Gu Shinian didn't expect Yunshang to have a plan to grow ginseng, so he couldn't help laughing, "Okay, I'll ask the third grandpa later, he doesn't have any acquaintances in the Northeast, I'll take you there for a while."

Yun Chang's eyes lit up, and he said narrowly, "Second Brother Gu, it's best to go to the Northeast before August, stay there for a month and then come back, and kill those enemy agents in a hurry!"

"Okay, just do as you say."

...

The two talked and laughed all the way, and soon saw the old man waiting in the alley, Yunshang stretched out his mental strength and walked around the alley, and found no one around, so he signaled Gu Shinian to go directly to the transaction.

"Little comrade, you are here!"

The old man hurried over to greet him, his eyes turned around on the grain bag, and he handed the box in his hand to Gu Shinian, "Little comrade, this has been around for eighty years, please take a closer look."

Gu Shinian opened the box and took a look, then turned around and handed it to Yunshang, then helped the old man unload the food from the car, turned around and pulled Yunshang to leave.

"Little comrade!" The old man hesitated for a while, and finally stopped Gu Shinian, "Little comrade, do you want the century-old ginseng?"

Gu Shinian didn't even put down the cart, turned around, and asked casually, "What's the price of century-old ginseng? It's too expensive and I can't afford it."

The old man stretched out his slap and flipped it back and forth three times. When he was about to flip it for the fourth time, his fingers paused, and slowly retracted. After that, he looked at Gu Shinian anxiously and stopped talking.

"It's fine grain too?"

"Yes, all I want is fine grain." The old man added after finishing speaking, "You can give food stamps, but you have to pay for it."

The two really bought a lot of food stamps at night, and they didn't lack money, so they pulled the cart and turned back.

The old man carefully took out a red wooden box from the back basket, held it in his hands and touched it gently for a long time, then he sighed and handed it to Gu Shinian tremblingly.

"My family used to run a pharmacy,

This ginseng can also be regarded as the treasure of the town store... Baby, our land does not produce ginseng, after you take this ginseng back, you have to put it away carefully, it can be used as a family heirloom. "

Gu Shinian thanked the old man, opened the box and looked at it for a long time, then handed over the counted money and food stamps, and then put the ginseng box into the military bag under the old man's reluctant eyes.

After separating from the old man, the two found a remote place to enter the space, removed the disguise on their bodies, and walked home quickly.

As soon as they entered the gate, Lin Dani and Dacheng also came back from the night school, and Yun Chang could tell at a glance that their emotions were not right.

Lin Dani looked restless, with surprises flashing between her brows from time to time, while Da Cheng's complexion was pale, his brows were tightly frowned, and his whole body was filled with hostility.

Gu Shinian glanced at Lin Dani, played tricks on Yun Shang, and went to the next door with Dacheng's collar.

Yun Shang hung the army bag behind the door, sat down opposite Lin Dani, and stared at her without saying a word.

Lin Dani was very uncomfortable being looked at by Yun Shang, raised her hand to touch her face, and asked, "A Chang, is there something dirty on my face?"

"Aunt Lin, what happened at night? Did someone bully you?" Yun Chang asked with a straight face.

Lin Dani shook her head and forced a dry smile, "It's nothing serious. Dacheng and I have brought chili powder, so we're not afraid of being bullied."

So, something went wrong?

Yunshang frowned, "Aunt Lin, what is that trivial matter, tell me about it, lest I ask Brother Dacheng again."

Lin Dani's complexion twisted for a moment, turning green and pale for a while, "Shangnan, if you sprinkle that chili powder in your eyes, will something happen?"

Thinking of the man covering his eyes and screaming at night, Lin Dani shivered unconsciously.

That person's eyes must not be blind, otherwise Dacheng will cause big trouble.

"It's not high-concentration chili water, it's nothing serious." Seeing that Lin Dani breathed a sigh of relief, Yun Shang asked, "Aunt Lin, did the comrade who was going to send us home the other day come to you again? Powder in his eyes?"

There was a faint smile on the corner of Lin Dani's mouth, "It was Dacheng who did it, Liang Xigui has suffered a great crime today..."

Following Lin Dani's narration, Yun Shang quickly figured out what happened

After school in the evening, Lin Dani and Daxiang were preparing to go home as usual, but as soon as they left school, they were entangled by Liang Xigui again.

This time, Liang Xigui's face was much thicker, and he followed Lin Dani's side regardless of their objections, insisting on sending them home.

And when meeting night school students on the road, Liang Xigui would deliberately raise his voice and say some specious and misleading words, which made Lin Dani and Dacheng instantly angry.

Lin Dani drove Liang Xigui away twice, but Daguo made a decisive move, pulled Lin Dani away, and smashed a large bag of chili noodles directly on Liang Xigui's face.

Chapter 294 came to the door

Liang Xigui's eyes were so swollen that he couldn't open them, and the screams were heard far away in the darkness, which made people feel chills in their hearts.

After all, Dacheng was a child, so he greeted Liang Xigui with chili noodles with all his energy. After seeing Liang Xigui's tragic situation, his energy dissipated in an instant. Even the hand holding Lin Dani kept shaking.

Lin Dani was also afraid that Liang Xigui's accident would implicate Dacheng, so she endured the panic in her heart and borrowed a basin of water from a nearby house to wash Liang Xigui's face, and then dragged Dacheng away quickly.

Hearing this, the corners of Yunshang's mouth couldn't help twitching a few times.

What's there to be afraid of?

Liang Xigui doesn't know how to be blind, at most he will suffer a little bit, which can scare them out of their wits?

The two fools ran away in such a despondent manner.

If she didn't ask a few passers-by to clarify the matter on the spot, wouldn't Lin Dani be afraid that Liang Xigui would talk nonsense and rely on her afterwards?

Yunshang was speechless for a long time, and finally gave Lin Dani helpless advice, "Aunt Lin, take time to go to the Women's Federation tomorrow and tell Director Ren about today's affairs. By the way, it cannot be said that Liang Xigui is desperate to send you off. Go home, you have to change your story..."

At this time, Gu Shinian also learned what happened from Dacheng. Seeing that his face was still a little pale, he patted Dacheng on the shoulder and praised him, "Good job. If you encounter such a thing in the future, you still protect him like this." Your aunt."

Dacheng's eyes lit up, and he proudly puffed up his chest, "Brother Shi Nian, I know! If that surname Liang dares to come here in the future, I'll even hit him in the face with chili noodles!" We must also prepare bricks to bore him at any time!

Gu Shinian nodded, then turned cold and changed the subject, "However, next time something like this happens again, you can't run away after beating someone up, you have to find a witness to sue the police for you, and hand him over to the comrades of the police. In case the other party plays a rogue afterwards and pours dirty water on you."

Dacheng's mouth moved, and after a while, he asked eagerly, "...Brother Shi Nian, if you sue the police, will my aunt's reputation be bad? What if those people gossip about my aunt again?"

As the widow of a villain, Lin Dani has a bad reputation. In addition, many male workers in the shoe factory are courteous to Lin Dani because of the large courtyard of the Lin family. Her every move will be criticized even more. His reputation is really stink.

Dacheng still wants to help Lin Dani find a good family, so how dare she let her reputation be damaged again.

Gu Shinian pulled up a stool and sat down opposite Dacheng, and asked with an unusually serious face, "Then have you ever thought that if you beat someone up and run away like this, in case someone surnamed Liang refuses to let him go, I'll give you a chance to beat him up." What should I do if the matter depends on your aunt? Will your aunt's reputation also be damaged by then?"

When Dacheng heard this, cold sweat broke out on his forehead, and when he opened his mouth to speak, his voice trembled unconsciously, "...Then, what should I do then? Brother Shi Nian, I, did I give my aunt another chance? Got into trouble?"

"Dacheng, if A-Shang encountered such a thing, she would not run away...she would find an opportunity to put something on Liang Xigui's body, and then call for someone to send Liang Xigui to the police on charges of highway robbery. Things are the evidence of Liang Xigui's crime."

Dacheng opened his mouth in surprise, and nodded after a long pause, "I know, Brother Shi Nian, Liang Xigui has stolen goods on him, even if he wants to have something to do with my aunt, no one will believe him, so my aunt's reputation will not be good. Damaged. Anyone who wants to harass my aunt in the future has to think about Liang Xigui's fate first."

"Wrong!" As soon as the words fell, Yunshang pushed the door open and walked in. She gave Dacheng a supercilious look, "If it were me, I would never give Liang Xigui the chance to get close to Aunt Lin. How dare he get close to Aunt Lin?" When I came over, I shouted loudly to arrest the bad guys, saying that Liang Xigui wanted to kidnap me, he was a bad guy."

Dacheng nodded again after being taught, and praised Yunshang repeatedly. After a lot of effort, he finally took pictures of Yunshang comfortably.

Yun Chang snorted softly,

Pulling Gu Shinian and Dacheng, a fool, the three of them got together and muttered about Liang Xigui...

.....

Just as it was off-duty time, workers from the shoe factory poured out of the factory in groups, all the way with their chests up, laughing and laughing, the gate was very lively and lively for a while.

Mrs. Liang stood at the gate of the shoe factory, with a pair of cloudy triangular eyes staring round, full of cold calculations and unconcealable anger:

That bastard of the Lin family! Since ancient times, no woman has the right to beat a man, that little whore dared to beat Xigui, she must be torn apart later!

They are all spoiled second-hand goods, how can she still put on a face, pretend to be a chaste and martyr, and still look down on this or that.

If she refuses to marry Xigui today and gives up the courtyard, she will take off that little bitch's clothes and let the shoe factory workers take a good look at who Lin is...

Soon, Lin Dani came out of the factory holding Yun Chang in one hand and a cloth bag in the other.

Granny Liang's eyes lit up, she pouted her palms twice, rubbed her hands together, and then rushed over like a gust of wind, grabbing Lin Dani and not letting go.

"Lin Dani! You little bitch who has been paid a thousand knives, why are you so cruel? Xigui is your man, how can you throw chili noodles on your man! This is to blind me, Xigui!"

Granny Liang patted her thigh and howled dryly, which quickly attracted the attention of the shoe factory workers.

"What? Lin Dani is married again? Why hasn't anyone heard of it?"

"Xigui? Is it Liang Xigui who does the loading and unloading in the factory? When did Lin Dani marry Liang Xigui?"

"Bah! How shameless! You've found someone good and you're still making waves in the factory all day. Are you trying to make broken shoes?"

"A few days ago, I heard that Liang Xigui wanted to marry Lin Dani, but there was no news later. I thought Liang Xigui had nothing to do, but Liang Xigui settled the matter quietly."

"Tsk! The Liang family is not a good family. Lin Dani has just left the wolf's den and entered the tiger's den."

...

Amidst the workers' discussions, Lin Dani threw off Mrs. Liang, protected Yun Shang behind her, and reprimanded loudly:

"Who are you? I have nothing to do with Liang Xigui. If you dare to talk nonsense again, be careful that I will lose my face. The police will sue you!"

"Oh, it's unreasonable!" Mrs. Liang jumped on her feet, pointed at Lin Dani and scolded, "You little whore still wants to turn your face and deny anyone! You have nothing to do with my son. My son can send you back from night school every day?"

Lin Dani blushed and retorted loudly:

"Let me say it again, Comrade Liang Xigui and I are just colleagues in the factory. We have never had any personal contact with Liang Xigui, and we will never have any contact with Liang Xigui in the future. Go back and tell Comrade Liang Xigui that I don't care about his robbery last night. If there is another time, I will definitely send him to a labor camp."

Chapter 295 Shameless

As soon as Lin Dani said this, the crowd exploded in an instant.

What's the situation?

Liang Xigui blocked the road and robbed Lin Dani?

Didn't Lin Xigui's mother say that Liang Xigui married Lin Dani? Why is this sending someone home and blocking the way?

Oh, if this is the case, Liang Xigui will have to go to jail.

How many of the workers are fools, someone will see the tricks of the Liang family's mother and son.

Lin Dani said that she has nothing to do with Liang Xigui, which is a clear rejection of Liang Xigui, but Mrs. Liang just said Liang Xigui's shameless behavior, which caused everyone's misunderstanding. It seems that she has bad intentions and wants to plot against Lin Dani's house .

Why else would Liang Xigui, a tall, first-married young man, join Lin Dani, a divorced woman?

Besides, Lin Dani didn't want to be tricked, so she tried to fight back, which made a mistake. She went directly to the door and yelled about the matter, trying to use public opinion to force Lin Dani to marry her in, just like a robber.

Of course, there are also some workers who don't like Lin Dani secretly exchanging glances and showing gloating smiles.

Flies don't bite seamless eggs yet!

Why are so many workers in the factory staring at Lin Dani flirting? It's not that she's acting indiscreetly.

A widow's family, if she smeared black ash on her face every day, wore a torn burlap bag, and was dirty all over, which man would be able to bear the urge to lick her...

Liang Xigui wiped his red and swollen eyelids with his sleeves, and walked out of the factory area behind several workers.

"...You are so poor that you can't afford to eat. What is there to grab? A scumbag that can't be tied on the waist of your trousers. If you are a kiln sister, you can't sell it for a price. What kind of sweets are you really? It's just that my Xigui family doesn't dislike you, why are you putting on airs..."

Liang Xigui's heart skipped a beat, and he ran outside. At this time, Lin Dani was almost stunned by Mrs. Liang's obscene words. With red eyes, she subconsciously pushed Mrs. Liang, turned around and tightly covered Yunshang's ears.

After all, Mrs. Liang was getting old and her feet were bound, so she stepped back. If Liang Xigui hadn't rushed out of the factory to help her, she would have fallen to the ground.

Yun Chang was furious, with a livid face, stretched out her mental strength, grabbed Granny Liang's hand, and forced her to slap her mouth.

"Snapped!"

Mrs. Liang's face was crooked, blood oozing from the corner of her mouth.

"Snapped!"

Granny Liang's face tilted again, and a tooth flew out.

The onlookers were all stunned by Mrs. Liang's action of slapping her own mouth. Even Liang Xigui took a step back in fright, and hurried forward to grab Mrs. Liang's hand, "Mom, what's wrong with you?"

Yun Chang took the opportunity to withdraw her mental strength, and in the next moment, she saw Liang Pozi's complexion was pale, shaking uncontrollably, she pushed Liang Xigui's hand away, knelt on the ground with a plop, and kowtowed:

"All gods and bodhisattvas, the old lady knows her mistake, and she dare not commit any sin... I beg all the bodhisattvas to do me a favor and forgive me this time..."

Lin Dani was also frightened by this scene, and quickly pulled Yun Shang away from the Liang family's mother and son.

Yun Chang looked at Granny Liang coldly, feeling that the kowtow made by the other party was too small, she was puzzled, and stretched out her mental strength. When Granny Liang was bending over, she pressed down hard. For a while, everyone only heard Granny Liang's head kowtow on the ground. The 'bang bang bang' sound.

Liang Xigui was frightened by the nonsense from Mrs. Liang's mouth, quickly covered Mrs. Liang's mouth, pulled her up from the ground forcefully, and said guiltily:

"Danny, my mother is confused, don't be fooled by her. Don't worry, I will talk to my mother later, so that she will treat you well in the future..."

"Liang Xigui!" Lin Dani interrupted Liang Xigui, "What nonsense are you talking about? Why do I want your mother to treat me well? I have nothing to do with you! From now on, your family will stay away from me.

Don't come close to me! "

Liang Xigui showed a doting smile on his face, pointing at his red and swollen eyes, "Dani, I know I was too impatient last night and made you angry, aren't you all venting your anger..."

Yun Chang's face darkened.

This Liang Xigui is really shameless! Saying such ambiguous words in front of so many workers, how does it make people in the factory think of Lin Dani?

Sure enough, the onlookers listened to Liang Xigui's words and fried the pot again.

Liang Xigui was too impatient last night? Did Lin Dani get angry?

A man and a woman, the man is too impatient and makes the woman angry, it is almost obvious that the two are related.

Could it be that Lin Dani had secretly hooked up with Liang Xigui long ago...

Lin Dani also heard the meaning of Liang Xigui's words, her face turned pale with anger, and her hands were so trembling that she couldn't hold Yunshang back.

Yunshang took a deep breath, looked at Liang Xigui like a dead person, raised her head and said to Lin Dani, "Auntie, this Liang is unrepentant and wants to ruin your reputation, so don't be kind and help him hide it. Let's report to the police!"

Lin Dani originally wanted to go to the Women's Federation during off-duty time, but she ran into Mrs. Liang right after she left the house, and Liang Xigui would use the most indecent means to cheat her on her in front of everyone. very sorry.

If she had calmed down last night, hadn't dragged Dacheng to run away early, and found a few witnesses to send Liang Xigui to the police, she wouldn't be blocked by the Liang family at the door of the shoe factory and scold her, and her reputation would be completely ruined.

If she had listened to Yunshang, she would have gone to the Women's Federation early in the morning and asked Director Ren to come to the factory and talk to Liang Xigui with the director of the factory trade union. He doesn't have the guts to say that now.

She is so stupid! Having experienced the shamelessness of the old Zhou family, he naively thought that the Liang family would not be so shameless.

Now that things have come to this point, if she doesn't report to the police, she will really be dependent on this family for the rest of her life.

Lin Dani clenched Yun Shang's hand tightly, glanced across the crowd, found the comrades from the security department, and asked them to help report to the police.

The smile on Liang Xigui's face froze for a moment.

He didn't expect that Lin Dani, who is usually soft and weak and can be bullied by anyone, would suddenly become tough and go directly across the factory to bring the matter to the police station.

Liang Xigui forced himself to calm down, and glanced at Mrs. Liang, who had a big swollen head and slap marks on her face, who dared not speak out, and said in a helpless and doting tone:

"Danny, what are you doing? There is no conflict between us. Even if my mother scolded you, but she is hurt like this now, it is almost enough. You are going to make trouble with the police, not to increase the number of comrades in the police. Is the workload..."

"What do you mean there is no contradiction?" Yunshang said coldly, "You robbed me with a knife last night, robbed the food stamp I gave to my aunt, and also robbed my aunt of five yuan. My aunt kindly gave you a correction. Not only did you not repent, but you even went to the factory to tarnish my aunt's reputation, isn't that called a contradiction, what is a contradiction?"

Chapter 296: Everyone Watching the Fun

The Comrade from the Security Section, who got carried away watching the excitement, was a little hesitant about Lin Dani's words, thinking that their private affairs could be resolved by the factory guild, and there was no need to report to the police.

Now when Yun Shang said that Liang Xigui was suspected of robbery with a knife, everyone couldn't stand up.

Robbery with a knife is a serious crime.

No matter how powerful the factory union is, and no matter how much the workers decide, they cannot replace the police to judge bad elements.

As a result, Comrade Security Section, who was still standing still, started to move in an instant.

Some ran into the factory to notify members of the factory association, some went to the office to call the Public Security Bureau, and a few ran over, grabbed Liang Xigui and Mrs. Liang, ignored their struggles and cursed, and were taken directly to the security department. stand up.

Lin Dani, as the reporter, naturally had to go back to the factory and wait for comrades from the police to come over.

The onlookers were also "enthusiastic people", hula-la gathered around, scrambling to "care" about Lin Dani.

It's okay not to care, everyone is still waiting to watch the excitement, if you don't heat up the scene, the excitement will be so boring to watch.

Besides, now Liang Xigui said inside and out that he and Lin Dani had an intimate relationship, but Lin Dani insisted that Liang Xigui robbed with a knife. Naturally, follow the past to see the results.

Lin Dani is seldom surrounded by people and talks to her enthusiastically, but she will be blocked at the factory gate, accepting everyone's true or false favors, which is somewhat uncomfortable.

Yun Shang stood beside Lin Dani, acting like a spokesperson, and said, "Thank you for your concern for my aunt. My aunt is soft-tempered and doesn't know how to talk. When Comrade Public Security arrives, I will rely on all the aunts to help my aunt. ...but my aunt can't be scared by the Liang family and dare not speak."

Not to mention that these people themselves want to follow up in the factory to watch the fun, even if they are in a hurry to go home for a lunch break, Yunshang has to find a way to bring these people into the factory, so that they can watch the mother and son of the Liang family being taken away by the police .

If these people leave early, who will spread the word that Liang's mother and son are bad elements? Who will clear up the stigma for Lin Dani?

The group of workers who gathered around wanted to follow Dani Lin to the security department to watch the excitement. Now Yunshang not only did not stop them from watching the excitement, but also earnestly asked them to support Lin Dani, directly giving these people the opportunity to follow to the security department.

At this moment, a group of female shoe factory workers with heads held high and their chests upright walked towards the security department with Lin Dani, who was still a little confused.

It's not that they have nothing to do to watch the fun, it's Lin Dani asking them to help support them, even if the factory manager is here, they can't stop them from watching the fun!

"Auntie, when the police come, just do what I said last night. I have a way to make the police believe your words."

Lin Dani nodded, holding Yun Shang's hand tightly, forced herself to calm down, and walked into the gate of the security department.

Mrs. Liang was locked in the office by the comrades of the security department. When she saw Lin Dani, she rushed over with resentment and shouted:

"Smelly bitch! How dare you talk nonsense and wrong my son! I'll kill you! I'll let you die! You bastard hooked up with my son, and I'll sue you when the police come, and make you parade in the street with a high hat! You shave your yin and yang head..."

Seeing that Liang Xigui was about to be sent to the Public Security Bureau by Lin Dani, Mrs. Liang couldn't care less about her fear, so she just broke the pot and threw it, making a fuss.

Yun Shang had no intention of letting Granny Liang go. Seeing her swearing again, her mental strength came out again, and she kicked Granny Liang's knee, making her kneel down and slap herself again.

With just a few slaps, Mrs. Liang's face was swollen badly, and her mouth was sobbing that she couldn't even speak clearly.

When Yun Shang withdrew her mental power, Liang Pozi's gaze towards Lin Dani had changed, and there was no longer the disgust and viciousness before, but only boundless fear and panic.

Seeing Mrs. Liang kowtow again begging for mercy, and begging all kinds of ghosts, gods and bodhisattvas vaguely in her mouth,

The lively crowd all showed expressions of watching the show.

Now that the four olds are being broken everywhere, Mrs. Liang actually defends the feudal superstitious thinking of the University of Science and Technology in the factory, and kowtows to worship Bodhisattvas. This is blatantly against the organization!

It's so lively and exciting today, maybe Liang Xigui's mother and son will be arrested!

Before the comrades from the security department could pull Mrs. Liang up, the leaders of the factory committee and the factory union brought the policemen over.

As soon as they entered, a young policeman yelled at Mrs. Liang, "What are you doing? How dare you spread feudal superstition!"

Then I turned around and asked the older policeman, "Section Chief Wu! Do you want to arrest him first?"

Section Chief Wu is about fifty years old. He is tall and dark-skinned. There is a long scar on his face from the ear to the chin. In addition, he has a stern complexion and a pair of cold and sharp eyes. Cold and scary.

Hearing the little policeman's words, Section Chief Wu frowned tightly, and glanced at Mrs. Liang who was trembling uncontrollably, and then glanced at Liang Xigui, who was standing in the corner with an unsteady expression, and waved his hand:

"Clear the venue first, and take it back with you after finishing the business for a slow trial."

The little policeman's eyes lit up with excitement, and he dragged Mrs. Liang to stand next to Liang Xigui, and then went to drive out the workers who watched the excitement, leaving a few senior leaders and the parties concerned at the scene.

Yun Shang quickly pinched Lin Dani, pushed her forward, and stepped back to the door to take a look outside. She was relieved to see the driven workers eavesdropping on the windows one after another. .

These "enthusiasts" who acted as mouthpieces must not leave. They had to listen to the whole process and clear Lin Dani of the stigma.

In the office, Lin Dani's eyes were red, and she slowly talked about Liang Xigui's robbery with a knife:

"...Comrade Liang Xigui insisted on sending me and my nephew home under the pretense that we were colleagues in the same factory...he took away the money and food stamps in my bag, and my nephew smashed the chili noodles on the ground in a hurry. His face is off.

I was worried that Liang Xigui would be blind and that my nephew would be taken away by the police, so I borrowed water to wash his face... Later, my nephew was really scared, I was afraid of frightening him, and Liang Xigui seemed to be carrying a knife, I was afraid of his revenge, so I didn't dare to ask back the stolen money and food coupons..."

Lin Dani spoke in a calm tone, and when it came to the process of being robbed, her face turned pale, her fingers kept trembling, and she was terrified at first glance.

Seeing Lin Dani trembling with fright, the leaders of the factory and the little policeman were filled with righteous indignation, wishing to grab Liang Xigui who had already been stunned and beat him up.

Only Yunshang knew that Lin Dani was not scared by Liang Xigui, but was afraid that the lie would be exposed and put herself and Dacheng in it.

"You're talking nonsense! When did I rob you of your money and food stamps!" Liang Xigui, with a dark face, no longer put on a fake mouth, and jumped three feet high to cry for grievances.

Chapter 297 found stolen goods

Liang Xigui raised his voice and said loudly, "Everyone in the shoe factory doesn't know that you are notoriously poor! The Zhou family lost your salary, and now you go to night school, and you have a nephew who goes to school. How much money do you have left? Whoever is blind will rob you!"

Seeing that Lin Dani was about to speak again, Liang Xigui's heart was broken, and he shouted loudly, "Lin Dani! Just because I can't afford the gift money, you are so determined to send me to the police. Is there anyone who harms your partner like this?"

"Who is dating you?" Lin Dani was also anxious, her face flushed red with anger, she pointed at Liang Xigui's nose and scolded, "I have never had any private contact with you, when did I start dating you? Don't swear! "

Mrs. Liang raised her head to help Liang Xigui speak, but when she saw Lin Dani's face, she shivered abruptly when she saw Lin Dani's face and thought of being slapped by the Bodhisattva when she scolded Lin Dani, and swallowed back the words that rushed to her throat.

Liang Xigui glanced at Section Chief Wu and saw that his expression remained unchanged and he did not intend to stop himself from speaking. Immediately, he was overjoyed and asked Lin Dani

loudly, "You said I robbed with a knife. What evidence do you have? You can't lift the curtain of the door like a dog. Just with one mouth?"

"Besides, you have a certain amount of salary and food supply every month. How can you have so much money and food stamps left over? If you can't tell the origin of the money stamps, you are slandering and framing the working class, which is a felony. I won't let you go!"

Yun Shang curled her lips when she heard it.

This Liang Xigui really has such eloquence, if she and Lin Dani hadn't been prepared, Lin Dani would suffer a big loss today.

The most important thing is that if Lin Dani is accused of falsely accusing Liang Xigui, then what Liang Xigui said earlier about the two falling in love will come to fruition, and there are only two paths before Lin Dani:

One is to get married to Liang Xigui, and be investigated by the police for slandering and framing Liang Xigui. The other is to marry Liang Xigui and use the young couple's anger as an excuse to suppress this matter.

It can be seen from this that Liang Xigui still has enough brains, and in such a short period of time, he has figured out a counterattack move.

Section Chief Wu moved his sharp eyes away from Liang Xigui and landed on Lin Dani, "Comrade Lin Dani, what do you want to say about Comrade Liang Xigui's question?"

Lin Dani stared at Liang Xigui, her nostrils flickered a few times, wiped away the tears from the corners of her eyes, and said with a choked voice:

"In addition to my salary, I also have twelve yuan of rent income every month..."

This means that she is not short of money, her salary is sufficient, and she is well off.

Two police officers and several factory leaders secretly slandered him.

"A few days ago, my niece and nephew came over and gave me twenty catties of food stamps and ten yuan for rations..."

This is because I have extra money recently, so I have money and food stamps on me.

The people in the office thought secretly again.

"My niece wrote my name on the money and food stamps that my niece gave me. Liang Xigui robbed me of five yuan and ten catties of food stamps last night. I must have not spent all of them. Now go to Liang's house to search, and I will definitely find evidence."

"Dani Lin! You are still making up nonsense and deceiving people..."

"Uncle Public Security, there is my name on the ticket, which was written by the second brother with a pencil." Yunshang raised her small face, interrupted Liang Xigui's words, stretched out her fleshy fingers, pointed at Liang Xigui and continued, "Bad guy It was snatched away, and my second brother and I had nothing to eat."

Even serious people couldn't resist Yun Shang's cuteness. At least Section Chief Wu's Baogong face was softened by Yun Shang's words of "Uncle Public Security".

"Little girl, what's your name?"

"Yunshang." Yunshang pointed to the sky outside the window, "It's the clouds of white clouds, the clothes of clothes. Uncle Public Security, can you get my money and food coupons back from the bad guys?"

Section Chief Wu put down his notebook and pen, and said in a gentle voice, "Don't worry, if the bad guys really rob you of your money and food coupons, Uncle will definitely help you get them back."

"

Liang Xigui's face was cold, his back molars were sore.

When did he steal money from Da Ni Lin?

It's okay for the big ones to pour dirty water on his head, but now even a little girl is pouring dirty water on his head.

It's so straightforward, it sounds like it's true!

Liang Xigui felt that he was really blind. He used to think that Lin Dani was soft dough, but now it seems that this second-hand product is not soft dough. It is clearly a stone in a latrine, which is smelly and hard!

"Comrade Public Security, I really didn't rob Lin Dani's money and food stamps. If you don't believe me, you can go to my house to search..."

"Perhaps you have already transferred." An officer of the factory union interjected.

Liang Xigui's complexion became darker, and he was about to open his mouth to speak, but Section Chief Wu gave the little policeman a look, and saw the little policeman walk over, and took out Liang Xigui's pocket.

Seeing this, Yun Chang's big eyes were filled with smiles, and she huddled behind Lin Dani, waiting to see Liang Xigui's shocked expression.

Sure enough, when the little policeman took out a few food stamps with Yunshang's name on them from Liang Xigui's pocket, Liang Xigui was stunned.

What's the situation?

When did these food stamps arrive on him?

It's over, I really can't tell, he really became a robber!

In the future, he will no longer be a worker, and what awaits him is to be sentenced and go to a labor camp...

Liang Xigui's face was pale, and his whole body was shaking like a sieve.

"Comrade Public Security, this is the food coupon my niece gave me!" Lin Dani pointed to the food coupon in the hand of the little Public Security Officer, "Liang Xigui! This food coupon is not enough! Is there any money left? You even stole five yuan from me!"

Section Chief Wu slammed the table and said sharply, "Liang Xigui! What else do you have to say?"

"It wasn't me... I didn't do it... I didn't rob..." Liang Xigui stared blankly at the food coupon in the hands of the little policeman, and kept muttering to himself.

And the workers who eavesdropped outside were also fried.

It turned out that Liang Xigui really had to rob Lin Dani last night!

It's not what he said, dating Lin Dani, sending Lin Dani home, and the two had a quarrel...

call! This excitement is so beautiful!

Later, I can share gossip with others again.

Different from the excitement of the eavesdropping crowd outside, Section Chief Wu in the room was full of momentum, and the atmosphere of the whole space became depressed and stagnant.

It took a long time before Liang Xigui came back to his senses, staring at Lin Dani with a pair of eyes, and then rushed over:

"It's you, right! Lin Dani! It's you, right! You're framing me, you're the one who deliberately framed me!"

Lin Dani was frightened by Liang Xigui's pretending to be crazy, and stood there for a long time without knowing how to back off.

In the end, it was the little policeman who kicked Liang Xigui from behind and knocked him to the ground, so that Lin Dani was not injured.

At this point, the case can basically be characterized. This is indeed a robbery with a knife, not a conflict between the young couple who is the object.

Chapter 298 New Friends

Granny Liang watched the little policeman put away the food stamps as physical evidence, her eyes widened, and the corners of her mouth twitched in distress.

Ouch, that Lao Duo's food coupons were taken away just like that, isn't this digging out her liver!

This goddamn Liang Xigui, why is he feeling cold?

Obviously got a lot of benefits from Lin Dani, but when he got home, he didn't say a word, only thinking about eating alone.完事还骗家里人说林大妮姑侄俩把他给揍了，让她到厂里败坏林大妮的名声，说林大妮跟他不清不白的，要逼林大妮嫁给他。

It's good now, she has been busy for a long time, but she didn't get Lin Dani into Liang's house, but because Lin Dani offended Bodhisattva, she also tossed that evil into the police station...

Granny Liang clutched her chest, panting heavily, and in the next moment, like a furious lioness, she rushed over and beat Liang Xigui:

"You bastard! You play tricks on your family! The whole family is starving and poor, so you can feel at ease with such a good thing? I'll kill you, you unfilial thing..."

Section Chief Wu glanced at the mother and son who were fighting together, first asked Lin Dani to go home and bring Dacheng to the police station to cooperate with the investigation, and then escorted Liang Xigui and Mrs. Liang back to the police station with the little policeman.

Mrs. Liang was still in a daze when she was dragged out of the office. Didn't she just kowtow, why was she arrested? Isn't it okay for her to admit her mistake?

Because of the robbery, Liang Xigui was about to be classified as a villain. The leader of the shoe factory issued an order to the personnel department on the spot to include Liang Xigui in the list of

downsized personnel, drive him out of the shoe factory, and let him receive organizational control education.

Yun Shang can be regarded as relieved.

After returning home, he took Dacheng by the hand and told him not to be afraid when he arrived at the police station, and not to leak his words. Afterwards, he sent the two of them to the police station to make notes.

.....

When Gu Shinian turned into the alley, Guibao was jumping up and down at the door, making all kinds of faces for Yunshang, while Yunshang was sitting on the pony, with her cheeks in her hands, smiling so hard that her teeth could not see her eyes.

Seeing Gu Shinian's return, Yun Shang rushed over, "Second Brother Gu! You're back! Are you done? Are things going well?"

Gu Shinian picked up Yunshang very skillfully, bent his lips and said, "It's going well, what about your side? Is there any trouble in the Liang family?"

"It's a mess." Yunshang nodded, and said excitedly, "Liang Xigui asked her mother to go to the shoe factory to make trouble. Aunt Lin reported to the police, and now both mother and son have been arrested by the police. Liang Xigui was also streamlined by the shoe factory. But I'm relieved!"

Now is the period of the crackdown. Once Liang Xigui is convicted of robbery with a knife, he will be sentenced for at least ten years. If the court is stricter, a life sentence may be possible.

And Mrs. Liang's feudal superstition in full view of the public has a very bad influence, and the police will not spare her lightly.

As for the rest of the Liang family, Yunshang is not worried at all.

As the family members of bad elements, the Liang family is the focus of attention from the street and the unit. They can only work honestly with their necks curled up. If they dare to make any changes, what awaits them is that the whole family will be cleared and returned to the countryside.

Therefore, as long as the remaining Liang family members are not stupid, they dare not trouble Lin Dani and Dacheng.

Besides, Liang Xigui was a robber. He took the money and food coupons for himself, and didn't benefit his family. Who else could feel at ease?

Now that Liang Xigui has been killed, the Liang family, who had no benefit in the first place, and because he became a family member of a villain, had no time to hate him. Any fool would be willing to take the risk of being sent back to the countryside to avenge him.

After talking about the Liang family's mother and son,

Yun Shang asked Gu Shinian unexpectedly again, "Second brother Gu, what did you do today? You didn't tell me, and you didn't see anyone for a whole day. Is this a little secret?"

Thinking that Gu Shinian had his own little secret behind her back, Yun Shang's little glass heart suddenly became sore.

Even the braid on the top of the head drooped down.

Brother Gu, is this a divorce with her?

If you don't take her with you when you go out, and don't tell her what to do, you can't find a little girl behind her back, right?

Thinking of this, Yunshang suddenly became anxious, grabbed Gu Shinian's arm and asked, "Second brother, did you find me a grandma's sister-in-law? Are you going on a date today?"

Gu Shinian was speechless.

He tapped Yun Shang's head and said, "What's in your little head? There are so many weird thoughts all day long."

"Then tell me what you did when you went out?"

"I went out today and made two new friends."

Yun Shang was immediately angry, and grabbed Gu Shinian's hand and bit it hard, "Second brother Gu, you have changed! You went out to make friends and didn't take me with you! Hmph, you must have a girlfriend!"

The tone of the last sentence was sour.

Gu Shinian caressed the tooth marks on the back of his hand, and couldn't help laughing, "A Chang, I went out with Brother Han Yang today. The two new friends I met are named Bai, and they are brothers."

As soon as she heard that Gu Shinian met a boy, Yun Shang immediately lost interest in gossip, leaving Gu Shinian aside, went into the house and packed her luggage for home.

At the same time, Bai Qing was carrying the baggage in one hand and the struggling Bai Qingming in the other into the compound of the military region.

"Brother! Big brother! I know I'm wrong, you let me go, I can walk by myself..."

"Where did you go wrong?" Bai Qing nodded slightly to greet the passing acquaintances, then turned around and asked in a very cold tone.

Bai Qingming cried and said, "I shouldn't talk about Xiao Qi..."

"Wrong!" Bai Qing's face turned colder, "Continue to think about where I went wrong."

Bai Qingming was carried by his elder brother to the point of walking on tiptoes, so he simply hugged Bai Qingzheng's waist tightly with both hands, like a dead dog, and let himself be dragged forward by his elder brother.

The two brothers walked for a while, and Bai Qingming whispered again,

"Brother... I, I shouldn't have no clue about what's going on at home."

Bai Qingzheng stopped, turned around and kicked Bai Qingming, "I will go back and receive training by myself, if I do it again next time, I will ask Dad to throw you into the army."

When Bai Qingming heard the words, the hairs on his back stood on end, and he quickly nodded to promise his elder brother.

Bai Yancheng is the top leader of the military region, and Lin Wenlan has educated his children very well. He knew early on what to say and what not to say when dealing with outsiders.

Bai Qing is the eldest in the family, and he usually mentions his younger siblings outside, but he never expected that his younger brother, who is usually the most clever, would be tricked by the half-assed guy he just met today.

It's okay to tell people about the family members and the temperament of the brothers and sisters, but even the Bai family lost Xiao Qi back then, and they have been trying to find Xiao Qi all these years.

Chapter 299 Doubt

Bai Qing's face darkened on the spot. Although the boy named Gu Shinian made great achievements in catching the enemy years ago, and he has friendship with the Han family, and his class position is not a problem, but he is Gu Huaiqing's son after all.

Even though he severed the father-son relationship with Gu Huaiqing, Gu Shinian's surname is Gu after all, and Gu Huaiqing's blood flows in his bones, and thinking of his undisguised behavior of using the Han family to approach the Bai family, and carefully inquiring about all the information about Xiaoqi, These things have attracted Bai Qingzheng's attention.

The two brothers had just walked through the training ground when a little girl in a red dress rushed out from the small bungalow in front.

There is a head flower on her head, and small leather shoes with straps on her feet, revealing a section of white nylon socks.

Bai Qingming poked Bai Qingzheng's arm, and said with a smirk, "Brother, it's that mangy dog from the Gu family!"

A smile flashed in Bai Qingzheng's eyes, and he scolded Bai Qingming, "How old are you, why do you still call people nicknames like children? Don't do this in the future."

"It's not that I gave her this nickname, why are you quarreling with me again!" Bai Qingming said angrily, leaving her elder brother behind and ran home.

When Gu Mingzhu saw the Bai family brothers coming, she also stopped, pouted, and stared at Bai Qingzheng without blinking, her big eyes were full of joy.

When Bai Qingzheng walked straight past Gu Mingzhu without giving her a look, Gu Mingzhu couldn't help stamping her feet, chased after her and said angrily:

"Brother Qingzheng, why are you ignoring me?"

Bai Qingzheng kept on stepping, looked at Gu Guangzong who was coming from a distance, and asked in a flat tone, "Gu Mingzhu, are you going to go out to play with your elder brother?"

"He's not my elder brother!" Gu Mingzhu raised his chin and shouted in a voice that Gu Guangzong could hear, "Huh! My dad is not going to ask him anymore, he will go to the southwest in a few days..."

Realizing that she had slipped her mouth, Gu Mingzhu quickly covered her mouth, seeing that Bai Qingzheng walked to the front as if she hadn't heard, Gu Mingzhu thought for a while, and then trotted to follow.

"Brother Qingzheng, what are you holding in your hand?" It smells really sweet.

Bai Qingzheng didn't speak again, Gu Mingzhu took a few steps quickly, opened his hands to block Bai Qingzheng's way, and said with a worried face, "Brother Qingzheng, my dad said two days ago that I will marry you when I grow up! How dare you Ignore me, I won't talk to you anymore!"

Bai Qingzheng: "... " This Gu family is full of brains, right?

Leaving aside that Gu Huaiqing and Bai Yancheng are rivals, even if they are not, why does Gu Huaiqing think that the Bai family can fall in love with Gu Mingzhu?

Character, brains, family style, there is nothing that is not criticized by others, where does Gu Huaqing have the face to marry the Bai family?

Thinking of Gu Shinian, who suddenly appeared in the provincial capital, came with Han Yang, and blatantly approached Gu Shinian from the Bai family, combined with Gu Mingzhu's words, Bai Qingzheng instantly conspired.

He gave Gu Mingzhu a cold look, tightened his bag tightly, and walked home quickly.

Bai Yancheng came back from the military area at night. As soon as he entered the door, he saw a big bag on the coffee table. He walked over and opened it. Inside were some bacon, sausages, a bag of millet, a large bag of apricots, and a tightly packed small cakes.

Seeing Bai Qing coming down the stairs, Bai Yancheng asked eagerly, "Qingzheng, is your mother back from a business trip?"

Bai Qingzheng picked up the apricot and took a bite, "My mother won't be back until next week?"

"Then where did these things come from?" Bai Yancheng frowned, "Someone came to the house to give gifts?"

"These things were sent by Han Yang, saying they were Han Chen's birthday present to Qingming."

Before Bai Yancheng's expression calmed down,

Bai Qingzheng changed the subject, and then continued, "Dad, don't you find it strange? Han Chen is a child, even if he gives Qingming's birthday present, at most he can give children some toys to play with, but this meat and millet are not like A birthday present for a child. Besides, there is still more than half of the time before Qingming celebrates his birthday."

Bai Yancheng stared at the things on the coffee table for a long time, then turned around and picked up the phone without saying a word. Before the number was dialed, Bai Qingzheng continued, "Dad, I called Han Chen."

"What did Han Chen say? Uncle Han gave these things, or did Han Chen mean it, or...someone approached our house in Han Chen's name."

"Han Chen said that he did ask someone to deliver things to Qingming. However, the things were prepared by Han Yang and a friend of his. He didn't intervene, and he didn't know that they had delivered those things, let alone Han Yang and the others. Bring things over."

"Han Yang?" Bai Yancheng was taken aback for a moment.

"Han Yang is Han Chen's cousin. Uncle Han said it the last time he came here."

Bai Yancheng nodded, brows still furrowed, and then asked, "What about the other person? Who is the other person?"

"You've heard of the other person, Gu Shinian." Bai Qing said with a cold expression on his face, "He was the little hero from Qinghe County who helped catch the enemy agents years ago."

"It's him..." Bai Yancheng didn't let go of his breath, and immediately brought it up again, "Qinghe County? Gu Shinian? Is it the child who severed his father-son relationship with Gu Huaqing?"

"It's him. Gu Shinian got a lot of words out of Qingming's mouth today, and he got a good idea of the temperament of the three of us, my brother and sister, and my mother's temperament. He also knew about Xiaoqi's loss."

Seeing that Bai Yancheng's face darkened, Bai Qingzheng continued, "Dad, do you know what Gu Mingzhu told me today? She said that Gu Huaqing intends to marry our family..."

"puff!"

Bai Yancheng just spit out the tea from his mouth, his complexion fluctuated, the corners of his mouth twitched a few times, and finally said quite speechlessly, "It seems that Gu Huaqing has been under a lot of pressure recently, and he even sent Gu Mingzhu over to talk."

"Dad, I always feel that there is something wrong with Gu Shinian. He is messing with Han Yang and Han Chen, and he is the Gu family... Dad, should we check on Gu Shinian?"

"What are you looking for? Are you worried that he and Gu Huaqing will play a role in severing the relationship between father and son, and then approach Han Chen premeditatedly, and then hook up with our family?"

Seeing that Bai Qing was looking at him without speaking, Bai Yancheng put down the teacup in his hand and continued, "This is the military compound in the provincial capital, and he is in Qinghe County, so what if he gets online with you and Qingming?"

He can't come to the provincial capital easily, and he can't enter the compound when he arrives in the provincial capital. You and Qingming are on guard. How much can he know from Qingming's mouth? He probably didn't know as much from Qingming as from Han Chen.

You, it is a good thing to be careful, but don't listen to the wind and rain, let alone make friends with a defensive attitude. It won't do you any good in the future. "

Bai Qingzheng showed a rare embarrassment expression on his face, nodded slightly, pointed to the things on the coffee table and asked, "Then what should we do with these things?"

Chapter 300 Extreme Qi

"Since it's Han Chen's birthday gift to Qingming, let Qingming put it away. When Han Chen celebrates his birthday next year, you should remind Qingming to return the gift."

Bai Qing was looking at the meat and millet in the package, imagining that his stupid brother was like a housewife, looking for food to return Han Chen's gift, and somehow wanted to laugh.

Bai Yancheng touched a few apricots, stuffed one into his mouth, and while walking upstairs slowly, he told Bai Qingzheng vaguely, "This apricot is very sweet, don't eat it all, save some for your mother. "

Bai Qingzheng was speechless for a while, and picked out a dozen or so slightly harder apricots from a pile of overripe and rotten apricots, put them in a large bowl and put them in the kitchen.

As soon as he entered the kitchen, Bai Qingzheng heard a sound of "Puff! Puff! Puff!" from the second floor. Looking sideways, his stupid younger brother was sticking his head out of the room, puffing out his mouth to signal him. .

Seeing Bai Qing coming out of the kitchen, Bai Qingming tiptoed downstairs and asked in a low voice, "Brother, what did Dad say? Did you say you want to punish me? Do you want Brother Zha?"

"Brother Gu?" Bai Qingzheng frowned, and said quietly, "Gu Guangzong's surname is also Gu..."

"I'm talking about Brother Shi Nian! It's not that idiot called Gu Guangzong!" Bai Qingming was in a hurry, and hurriedly refuted before Bai Qingzheng finished speaking.

"Then tell me your name, don't tell Brother Gu one by one, those who don't know will think you are calling Gu Guangzong."

Although he knew that there was nothing wrong with Gu Shinian, Bai Qingzheng still couldn't like Gu Shinian in his heart. Seeing his younger brother shouting one after another, Bai Qingzheng felt even more uncomfortable.

Bai Qingming didn't know what his brother was thinking. Hearing Bai Qingzheng's words, he thought it made sense, and nodded immediately, "Brother is right. From now on, I won't call Brother Gu, but Brother Shinian."

Bai Qingzheng: "..."

"Brother, tell me quickly, what did Dad say, can I accept these things from Brother Shi Nian?"

"Acceptable." Bai Qingzheng gave Bai Qingming a big chestnut, "Also, these things were given to you by Han Chen, not Gu Shinian! When Han Chen's birthday comes, you have to return the gift. Do you remember?"

"Yeah, I remember."

While Bai Qing was talking, Bai Qingming picked up a bowl of apricots for himself and Bai Qingyue with quick eyes and hands, and then ran upstairs quickly, clutching his red head.

As for Bai Qingzheng's talk about returning the gift to Han Chen, Bai Qingming never heard of it.

Bai Qing was looking at the back of his stupid brother, and shook his head helplessly. Thinking of Gu Shinian again, he couldn't help but want to laugh again, feeling that he really lost his head.

Although Gu Shinian is also Gu Huaqing's son, he has a handsome face, bright and firm eyes, and a gentle smile on his lips. There is no gloomy shadow of Gu Huaqing on his body. How can such a child be abandoned? The biological mother and the enemy as the mother.

Besides, even if Gu Shinian really plays with Gu Huaqing and breaks into the Bai family by acting out a father-son breakup, Gu Huaqing can't put shit on his head and let the high-level military and political circles in the province look at him. joke.

Being overwhelmed at work, you can take your time, and you can always find a chance to turn around, but once your reputation is rotten, Gu Huaqing will have no future to speak of.

Gu Huaqing knows better than anyone else which is more important between the two.

Therefore, the Gu family's father and son really broke up. Gu Shinian borrowed the Han family brothers to get close to the Bai family, and it really had nothing to do with the Gu family.

Thinking about this clearly, Bai Qingzheng admired Gu Shinian in his heart.

In this era, the word "filial piety" can crush the backbone of many tough men. The name of a political commissar and family official,

It can also cause many adults to lose face, abandon their dignity as a human being, and bow their heads to the 'enemy'.

But Gu Shinian, a ten-year-old child, can resist these temptations. He is willing to follow his mother who works as a coolie and be a child of a worker's family, and he is unwilling to follow his father and be a sought-after official and young master. With the help of Zhou Mingjuan, he decisively severed the father-son relationship with Gu Huaqing.

This courage alone is far better than many adults.

Bai Qingzheng was taught very well by Bai Yancheng and his wife. Even if he still doesn't like Gu Shinian, he won't deny Gu Shinian's excellence in his heart, and he won't be stingy in praising Gu Shinian's behavior... ...

Bai Yancheng didn't know that his two sons were about to become fans of Gu Shinian. After the lights were turned off downstairs, he went downstairs again in the dark and made a phone call.

He always remembered Bai Qingzheng's words that 'Gu Shinian asked a lot about Xiao Qi', the reason why he didn't promise Bai Qingzheng to investigate Gu Shinian's details was because the matter might involve Xiao Qi. Before finding out the results, he didn't want to reveal anything and disappoint Lin Wenlan and his children again.

He is a man and a father, so let him alone bear the pain of extreme disappointment...

When Bai Yancheng was on the phone, Gu Shinian also sat in the space with Yunshang, talking about her life experience and the situation of the Bai family.

Yun Shang was stunned.

Staring blankly at Gu Shinian, it took a long time before he stammered and asked, "...Second brother, you, you mean, my body is the daughter of the Commander's family! My name is Xiao Qi?"

Although she was mentally prepared, Yun Chang really didn't expect that this body would have such a big origin.

No wonder the original owner was targeted by enemy agents early in the morning.

With the daughter of the commander of the military region as a hostage, how would the people below dare to do it easily?

The weight of this hostage is really not light.

Gu Shinian suppressed the soreness in his heart, and said again, "A Chang, I asked the youngest son of the Bai family, you are the seventh in the Bai family, and your nickname is Xiaoqi. The Bai family has been looking for you all these years, Especially Lin Wenlan... is the mother of your body,

she has not been in good health all these years, most of the reason is because she was looking for you..."

"Second brother Gu, don't you want me?"

Yun Shang interrupted Gu Shinian's words, with a hint of anger in his tone.

"As you said just now, Uncle Zhang Haiyang will help me hide it until August. Why are you going to the Bai family now? You clearly know that the Bai family is looking for me, but you still took the initiative to contact them and asked so many questions. About Xiaoqi, don't you just want to lure the Bai family to follow you to find me?"

Gu Shinian! Do you think I'm a drag, dragging you down for two lifetimes, and now you can't even wait until August, so you're in a hurry to send me away! "

Yun Chang was angry and sad, tears streaming down her cheeks, and at the end, she even rushed over and scratched Gu Shinian with her little paw without hesitation.

I'm so mad baby!

If you despise her for being a fool and just say it, can she still rely on him with a shameless face?

Why did you sell her to the Bai family without saying a word!
