Chapter 311 You are the child of Chief Bai's family

Yun Chang was startled, turned over and sat up suddenly, her eyes were wide open, black and clear, with the ignorance and confusion of just waking up, and a hint of surprise at the presence of strangers in the room.

"A Chang, there are guests at home, it's time to get up."

Almost instantly, Yunshang knew the identity of the visitor.

Looking at Lin Wenlan's face that was very similar to Lin Dani, Yun Shang opened her big and round eyes and looked at Gu Shinian, like a frightened kitten, tightly grasping his hand, even the quilt slipped down on her stomach Next, the exposed two fleshy arms can't be bothered.

Yun Shang slept very well all night, and now her face is round and red, her mouth is slightly pursed, and her lips are soft and pale pink, so people can't help but want to pinch them.

Lin Wenlan looked at Yunshang's round eyes, small red mouth, and arms as fleshy as lotus root, and felt so soft in her heart.

Seeing her clinging to Gu Shinian so dependently, her heart ached like a needle prick again.

Generally speaking, only the mother should be the person the child relies on the most, but her Xiaoqi is looking at her with strange eyes at this moment, even subconsciously guarding against her.

Lin Wenlan wiped away the wetness in her eyes, and tried to reach out to Yunshang.

Yun Chang looked at those big soft but thin hands, thought for a while, then lowered her head, and shrank behind Gu Shinian as if she didn't see it.

Before Lin Wenlan, she was able to call Widow Wang mother without hindrance because she had received the memory of the original owner, and her thoughts were influenced by the original owner to a certain extent.

But facing the sudden appearance of Bai Yancheng and his wife, Yunshang couldn't accept it for a while.

She always remembers that her surname is Yun, she has the best parents and brother in the world, and she really can't accept the sudden appearance of strangers to take the place of her parents and family in her mind.

Yun Shang also knew that her actions would hurt Lin Wenlan, but without the process of adapting, she really couldn't force herself to get close to the Bai family.

The smile on Lin Wenlan's face froze, she withdrew her hand embarrassingly, and retreated to Bai Yancheng's side somewhat at a loss.

Yun Chang glanced at Bai Yancheng and Lin Wenlan, then looked down at the little sling that was about to fall to her belly, her face flushed instantly.

He quickly pulled up the quilt to cover his small body, and looked at Gu Shinian with big eyes accusing, "Second Brother Gu, I want to get up and get dressed."

Thinking that she was wearing a small pink vest for everyone to watch for a long time, Yun Shang was so embarrassed that she wanted to dig a hole to bury herself.

Although she is still a little girl now, she has nothing on her chest, but those two red moles that sneaked out can't be seen casually.

What a shame!

Gu Shinian suppressed a smile, picked out a light-colored printed skirt from the closet, paired it with a beige cardigan, put it beside the pillow, and called Bai Yancheng and Lin Wenlan to sit in the living room.

Lin Wenlan reluctantly left the room, and together with Bai Yancheng, pulled the old lady to talk about Yun Shang's life experience.

The old lady always thought that Yunshang was abandoned by her biological parents, and worried that she would be bullied when she went home, so she firmly opposed the Gao family's recognition of Yunshang.

Now I know from Lin Wenlan that Yunshang is indeed not a child of the Gao family, but a child of the commander of the provincial military region.

When Yunshang was born, she was secretly taken away from the hospital by nurses, not thrown away by their family, and the Bai family has been looking for Yunshang for so many years, so the old lady felt a little relieved.

In fact, the old lady knew very well that regardless of whether Yunshang was taken away by someone or abandoned by the Bai family, the old Yun family could not force Yunshang to keep Yunshang based on the family background of the Bai family.

The Bai family can now sit here and discuss with her about the ownership of Yunshang,

It was the benevolence and righteousness of Chief Bai and his wife, and they were thinking about the love of Lao Yun's family for taking Yun Shang back in the past.

If Lao Yun's family is not knowledgeable, the Bai family has plenty of ways to take Yunshang away, and it will be impossible for her to see Yunshang in the future.

As it is now, the two families have a discussion and take Yunshang away in a friendly manner. At least she will miss her granddaughter in the future, and there is another way to see her granddaughter...

When Yun Chang came out of the room, she immediately saw Lin Wenlan holding the old lady's hand, her eyes crying like rabbits.

And the old lady also turned her head away, secretly wiping her tears.

From Yunshang's point of view, the old lady's face was so ugly that even the creases on her face were much deeper.

Seeing Yunshang coming out, the old lady squeezed out a smile and greeted Yunshang, "Shangnan, come, come to grandma..."

"Grandma." Yunshang called the old lady, and walked over obediently.

The old lady pulled Yunshang over and took a good look at her several times, "My daughter-in-law Chang is so handsome today, she looks good in this dress."

Yun Chang's calm mood immediately improved a lot. Knowing that the old lady didn't have a relationship with her, she immediately bent her lips and nestled in the old lady's arms familiarly, "Grandma, when will my grandfather come over?"

With such a big incident, it is impossible for the old lady not to inform the old man that if the Bai family wants to recognize their relatives, they will have to wait for the real person from the old Yun family to come over.

"I asked your second uncle to call the town. Your second uncle came back just now. This... Chief Bai, let someone drive to the village to pick up your grandfather."

After the old lady finished speaking, she took Yun Chang's hand and rubbed it for a long time, choked her throat, and said with difficulty, "...Shang Nan, didn't we say you were a baby picked up in the river last time... Grandma didn't coax you, My Changnan is... a baby of Chief Bai's family, let your mother pick it up, and hug our family..."

At the end of the old lady's speech, her voice was so trembling that she couldn't speak.

Yunshang didn't say that she wouldn't go back with the Bai family, she wiped away her tears and asked the old lady, "Grandma, I'm not our baby, so I won't see you in the future?"

Before the old lady could speak, Yunshang continued to ask, "Then what if I miss you and my grandfather? I miss my aunt, what should I do if I miss the embolus?"

This seemingly asked the old lady, but actually asked Bai Yancheng and Lin Wenlan, the whole room fell silent.

Bai Yancheng and Lin Wenlan glanced at each other, and they both understood the meaning in each other's eyes.

"Small...Shangnan," Lin Wenlan said in small words, and immediately changed her address with the old lady, "Let's go back to the provincial capital first. If you miss Grandpa Yun and Grandma Yun, you can call, and you can also find time to come back and play for a few days."

After saying this, Lin Wenlan turned her head and said to the old lady, "Aunt Yun, if you want to change your baby in the future, you can call home, and I will accompany the children to see you if I have time. If you don't have time, let the older ones in my family Take Changnan back, look, can this work?"

to make! Of course it did!

As long as she said this, she could come back whenever she wanted in the future, and go out for as long as she wanted, and the Bai family would not want to lock her up and not allow her to go out.

The old lady got Lin Wenlan's words, and finally she didn't feel so blocked.

Chapter 312 Doubt

Bai Yancheng's eyes lit up from the very first sentence he said to Yunshang.

He didn't expect that his six-year-old daughter, before speaking to him and Lin Wenlan, used the way of crying children to beat them up.

Seemingly pretending to be reluctant to part with Mrs. Yun and the behavior of Yun's family members, they are actually testing their bottom line and negotiating conditions with them.

Now that the child hasn't changed his mind to admit their identities, he and Lin Wenlan are still cautiously trying to get close to the child. If they can't even agree to the child's first request, then her first impression of them is disappointment. It may not be so easy for children to call them parents.

Xiaoqi had figured out what he and Lin Wenlan were thinking, and said this before officially recognizing their relatives. He was really clever and weird.

However, after the initial joy, Bai Yancheng felt a little sore and tingling in his heart.

Xiao Qi is only six years old. If she grew up pampered, she must be innocent and innocent. If she wants anything, she will only ask the adults straightforwardly like those pampered children.

It's not like now, at a young age, but on the one hand, he is on guard, while probing, trying his best to negotiate conditions with adults in a roundabout way.

Only a life of suffering can make children smarter.

How much has Xiao Qi suffered all these years?

The hand placed by Bai Yancheng's side trembled twice before he calmed down again.

The old lady didn't know what Bai Yancheng was imagining, she put her arms around Yunshang, stroking her flat stomach, got up and made everyone eat breakfast.

While Bai Yancheng and his wife were talking to the old lady, Yun Shuilian boiled a pot of thick millet porridge, and when she heard the old lady yelling for breakfast, she quickly brought a bowl in.

Bai Yancheng and Lin Wenlan drove all night, tired and hungry, and Lin Wenlan's health was not good, and his mood fluctuated too much, so he was extremely tired.

If it wasn't for all the strength to hold on there, it would have fallen down a long time ago.

The couple took the millet porridge from Yunshuilian, thanked them, sat on the sofa, drank the porridge, and listened to the old lady talking about Yunshang's taste and hobbies, while looking back at Yunshang from time to time to eat.

Yun Chang squeezed in front of the small square table where Gu Shilian drank porridge, drinking porridge while listening to the old lady:

"Shangnan likes to eat sweet food, drink sugar water, and eat dumplings..."

"I like to eat egg whites when I eat boiled eggs, but I don't like egg yolks..."

"I don't like to eat fatty meat, and I don't like to eat strong-flavored dishes..."

"Our Changnan's brain is very clever, the words of the Water Lotus Sect, you can remember it after reading it..."

"It's cute and clean, I have to change my clothes every day, and I have to soak my feet at night..."

"...Maybe I can do it. I can dry clothes and stew chicken soup. Last time I went back to the village, I saw my baby cooking for the whole family on a small stool..."

Yun Chang's head was full of black lines.

Ouch, grandma~, blowing too much!

I'm actually not that smart, and I'm not that capable.

You're so embarrassing, do I need to work when I get to Bai's house?

Yun Chang was too embarrassed to raise her head, but Bai Yancheng and Lin Wenlan listened with gusto.

When the old lady said that Yunshang was cooking on the bench, Lin Wenlan was stunned. Turning her head, she looked at Yunshang's small arms and legs, feeling distressed and scared.

Qingyue didn't enter the kitchen for the first time until she was ten years old, and Xiao Qi was only so young, how could she have the courage to cook?

The stove and iron pot are tall and heavy, if the small bench falls,

What should I do if I hit and burn Xiaoqi?

Even Bai Yancheng, who has a cold temperament, unconsciously showed a soft smile on his face when he heard the old lady say things about Yunshang.

At this moment, he is no longer a high-ranking and powerful commander, but an ordinary father, listening to the interesting stories of his little daughter, his whole body is filled with a gentle and refined atmosphere, and there is no trace of cold and harsh aura.

.....

It was the first time in his life that the old man got into the legendary car, but he didn't feel happy at all.

Leaning on the back of the chair, looking at the falling trees on the side of the road, my heart was in a mess, both shocked and frightened.

His granddaughter turned out to be the son of the head of the army!

Now the chief came here to take away Changnan, how dare he confront him?

If the chief knew that Widow Wang had treated Changnan harshly for many years, would he settle accounts with their family?

There is also the piece of jade hanging around Changnan's neck, which has not been found until now. Will the chief's family think that their family has stolen Changnan's things and wants Lao Yun's family to pay for it...

The old man thought about it all the way, and when the car stopped in front of the small western-style building, he frightened himself so much that he couldn't walk anymore.

After going upstairs, he saw Bai Yancheng greeting him sincerely, and the old man slowly relaxed.

Gu Shinian saw that the adults on both sides were sitting down to talk about things, so he pulled Yunshang out with a sense of humor to give everyone room to talk.

"Second Brother Gu, they want to take me back to the provincial capital today." Yun Shang pouted.

Thinking of starting today, I will live in a strange family, and I will call strangers parents, every cell in Yunshang's body is making a sound of resistance.

Especially thinking of not being able to be with Gu Shinian every day in the future, Yunshang had the urge to pack Gu Shinian away as well.

Gu Shinian didn't know what Yun Shang was thinking, and kept moving her hands to tie her pigtails, saying in his mouth:

"A Chang, be obedient. You will go back to Bai's house sooner or later. Go back one day sooner and get used to it. If you really miss your second brother, call your second brother."

Seeing that Yun Shang's face darkened, Gu Shinian immediately jumped to the topic that Yun Shang was interested in:

"A Chang, you have a lot of clothes in your closet. Do you want to take them all away this time? Would you like your second brother to make some new clothes for you?"

Yun Shang's thoughts immediately followed Gu Shinian's words, and she nodded quickly, expressing that she still wanted new clothes, and immediately discussed with Gu Shinian enthusiastically, which clothes should be brought to the provincial capital and which clothes should not be worn. Bring it, and wear it when I come back next time.

The two were talking lively outside, when they suddenly heard a "clang" sound from the next room.

Yun Chang turned her head and looked at Er Ya's room, a thought suddenly flashed in her mind.

"Second brother! Could it be that Erya wrote that report letter!" Yun Shang grabbed Gu Shinian's arm suddenly, and lowered her voice.

Neither she nor Gu Shinian had thought of Erya before.

In fact, after careful exclusion, Erya is the most suspicious object.

She's reborn, and she's sure to hear something after the Enemy Agent event is over.

She is reborn, and after the enemy agent incident is over, some rumors will definitely be heard.

Then it's not surprising that she knew that Gao's family were enemy agents, and that she and Gu Shinian had been involved in enemy agents.

Chapter 313 overtake

The more Yun Chang thought about it, the more she felt that Erya was suspicious, and she didn't even tie up the remaining braid, so she pulled Gu Shinian, asking him to find a way to get Erya out.

Gu Shinian managed to avoid grabbing Yunshang, so he quickly pressed her arm and said, "Okay, I'll ask Uncle Zhang to help check Erya later."

Yun Chang stared at Erya's door, grinding her young teeth, and gasped with anger, "Check her! If she really did it, I, I'll kill her!"

First from upstairs to downstairs, and then from downstairs to the street, she was beaten until she heard the word 'Yunshang' and she was scared to death.

By the way, send Erya to the Public Security Bureau after the beating is over!

Now that the case of the enemy agents is still being kept secret, if Erya dares to say that the Gao family is an enemy agent, let the police carefully interrogate and ask Erya to honestly explain how she knew about these confidential cases!

Made! Originally I thought Erya was an idiot, and it would not be a worry to live again, but I never thought that Erya is not only stupid, but also very likely to be a cold poisonous snake, who might jump out and bite someone at any time.

Yunshang was jumping in anger outside, but Erya's room was full of bang bang bang bang bangs, and Zhou Xiu could occasionally hear Zhou Xiu yelling at Erya.

"Second brother, Zhou Xiu has troubled Er Ya again!" When Yun Shang asked this, she couldn't hide the gloating in her tone.

Of course, Yun Chang didn't think about hiding it.

Ever since the old Zhou's family moved out from Room No. 3, and Erya had cheated on Zhou Xiu twice behind her back, Zhou Xiu and Erya had gotten into each other's hands. Even the good-looking Gu Shinian, who was always thinking about it, couldn't care less about hooking up. Seeing the sky, I'm going to make trouble for Erya.

When I went downstairs to play yesterday, Er Daner secretly whispered to Yun Shang, saying that Zhou Xiu smashed Er Ya's house three times in a week, and now Er Ya didn't even dare to buy bowls and chopsticks. Make a lunch box and a tea mug, and use these two things as bowls and chopsticks to eat all day long.

Now, hearing the crackling sound in Erya's room, Yun Chang knew at a guess that Zhou Xiu was hitting Erya's eating guy again.

Just thinking about watching Erya's excitement in the past, Yun Shuilian came out of the room with red eye circles, and waved to Yun Chang.

Yun Chang's wandering thoughts returned to the cage in an instant, with a bitter face, she grabbed Gu Shinian's skirt and moved into the room step by step.

After a while, the two families discussed the issue of Yunshang's future. After Yunshang entered the room, she saw the old man holding Shuanzi in his arms and talking to Bai Yancheng.

While the old lady wiped her tears, she instructed Yun Erchuan to pack Yun Shang's things.

The bags for rice and white flour should be tied tightly. Millet and various beans should be put into small bags respectively, and all stuffed into bamboo baskets. Fold it and prepare to take it to Bai's house.

Lin Wenlan was stunned when she saw Yun Shuilian and Yun Shuilian being driven around by the old lady.

What made her even more dumbfounded was Yunshang's big wardrobe. Two large cabinets with a height of two meters are neatly placed there, and they are full of Yunshang's clothes, and they are only seasonal clothes, shirts, trousers, small skirts of various colors, and even small leather shoes. They all put on five or six pairs in a row.

Although she knew from the mouths of the old couple what kind of life Yun Shang has been living these years, and also knew that Gu Shinian had found these things for Yun Shang, but she really didn't expect that a half-grown kid would be able to support her. At the same time, he can raise another child so well.

The clothes in these two cabinets cannot be worn out in a day.

How many children of leaders can live this life?

Lin Wenlan suddenly felt that if she brought Yunshang back, she really couldn't give Yunshang such good living conditions...

Seeing Yun Shang come in,

The old man beckoned and called Yun Chang over.

"Shangnan, did your grandma tell you?" The old man touched Yunshang's head and asked in a hoarse voice.

Seeing her things being packed one by one, Yunshang almost burst into tears, rubbing against the old man's side, and said, "Master, my grandma said that I am not our baby, but the baby of Chief Bai's family." ."

The corners of the old man's eyes also became hot, and he subconsciously touched the cigarette bag on his waist. After finding nothing, he slowly withdrew his hand and said in a trembling voice, "...Shangnan, you have to be obedient when you go to Chief Bai's house...and remember to change your words , You have to call Chief Bai a father, and Chief Lin a mother. You can't be naughty, only obedient children can be loved..."

The corner of Bai Yancheng's mouth twitched, and he continued, "Uncle, don't worry about you and auntie, no matter how naughty Xiao Qi is, she is also my daughter, and I feel as hurt as Wen Lan. Besides, Xiao Qi is going home, not going to someone else. As a guest at home, we have to let the child behave, but we can't let the child feel that the family is restrained."

The old man let out an 'ah', and it took him a long time to realize that Bai Yancheng didn't want his ideas to restrain Yun Shang's temper.

After being dazed for a long time, the old man followed Bai Yancheng's words and said again, "Shangnan, listen to your father's words, and when you go back to your own home, tell your family if you have anything to do. Restraint, do you understand?"

Yun Shang saw the sharpness in the words between Bai Yancheng and the old man, and immediately smirked, glaring at Bai Yancheng:

You are not allowed to bully my grandpa!

Didn't you see that the old man is fooling me now by following your words?

Bai Yancheng was stared at by Yun Shang, not only satisfied and angry, but squinted and smiled.

The little girl is not very old, but she is quite courageous. She was not frightened by him, and dared to stare at him in the opposite direction.

That's right, it's his Bai Yancheng's seed!

"Little Seven..."

"My name is Yunshang." Yunshang interrupted Bai Yancheng, staring at him with big black eyes, with a very serious expression.

Her surname is Yun, and her name is Yunshang.

She does not object to going back to Bai's house with Bai Yancheng and Lin Wenlan, but the name Yunshang must be kept.

Otherwise she would rather not go back.

Bai Yancheng understood the persistence in Yunshang's eyes, and was dazed for a while, then changed his words helplessly, "Yunshang."

Yun Chang nodded.

"Yunshang, let's go back in the afternoon and tell Dad, what else do you want to bring?"

Yun Shang: ...So, have you changed your mind?

But I'm not ready yet.

Commander Bai is very cunning!

Knowing that she wasn't ready, she simply skipped the link of asking her to change her words, and directly defined the relationship between her and the Bai family, and even changed her words privately!

Yun Shang's meaty mouth was pursed for a long time, and she reluctantly accepted Bai Yancheng's statement, but, just being tricked by Bai Yancheng, Yun Shang felt very upset, took a look and hurried to help her pack her things Gu Shinian, Yunshang blinked her eyes and posed a problem for Bai Yancheng.

"I don't want to be separated from Second Brother Gu, I want to take Second Brother Gu to the provincial capital."

Bai Yancheng was stunned, and then his face turned black.

Seeing this, Yunshang snapped her fingers and said, "I can't see Second Brother Gu, I don't eat well, and I don't sleep well at night, maybe I'm going to be sick."

Chapter 314: Departure

Bai Yancheng was bewildered.

Want to take Gu Shinian to the provincial capital?

How can this be done!

If Yunshang is reluctant to part with Shuanzi who is ignorant and playful, at worst, he can take Shuanzi back to live with Yunshang for a while.

A child of a few years old doesn't even need to add a pair of chopsticks, so he will come to live at home for a few days as a relative's child.

But Yunshang couldn't bear to be Gu Shinian, so what's the matter with bringing Gu Shinian to the military compound?

Leaving aside that Gu Shinian still had to go to school, just talking about the relationship between Gu Shinian and Gu Huaqing, he couldn't bring Gu Shinian back.

Who doesn't know that Gu Shinian unilaterally severed the father-son relationship with Gu Huaqing?

And who doesn't know that Gu Huaqing heard that Gu Shinian had made meritorious service in arresting the enemy, so he cheekily denied the statement of severing the relationship between father and son, and ran to Qinghe County after the New Year's Eve, trying to take Gu Shinian back home, but Gu Huaqing was killed by Gu Huaqing? The thing about refusing at that time, and being beaten in a sack?

Gu Huaqing wanted to go crazy when he looked back, but Gu Shinian just didn't care about the Gu family, who in the compound was watching Gu Huaqing's joke behind his back, laughing at his old face was almost swollen by his own son up.

Well now, my daughter wants him to take Gu Shinian to the compound of the military region. Those who know say that my daughter is reluctant to part with Gu Shinian and wants Gu Shinian to stay at home for a while. Gu Shinian got it to his own house and made things difficult for Gu Huaqing and his wife.

This is not looking for a partner for my daughter, this is stabbing Gu Huaqing and his wife in the heart.

Besides, he and Gu Huaqing didn't get along in the first place, even if he didn't mean to embarrass Gu Huaqing on purpose, but outsiders would think too much.

Moreover, the Gu family and the Bai family live not far away, and the two families don't see each other all day long. If Gu Shinian lived at home all day, Gu Huaqing wouldn't have to find someone to fight with him?

He didn't hate Gu Huaqing, but he felt that he would lose his place by caring about Gu Huaqing.

The most important thing is that this is his daughter, and if you want to kiss, you can only kiss with him. How can you be closer to others than to your family members!

Bai Yancheng rubbed his stiff face, and smiled at Yunshang, "Yunshang, your older brother still has to go to school..."

"My second brother Gu is very smart. He is only in the first grade of junior high school, but he has already finished the second grade of junior high school."

Don't fool me about going to school, my second brother Gu was a top student back then, how could he be like other junior high school students, squatting in the classroom and chewing on his pen every day.

Bai Yancheng: "... " Gu Huaqing is not a very nice person, but he is quite good at giving birth to a son.

It's a pity that a good-natured and smart child was reborn in the Gu family.

Bai Yancheng murmured secretly in his heart, but he didn't show it at all on his face, still smiling at Yun Shang:

"Yunshang, the Gu family is very close to our family. If your older brother lived in our house and was robbed by the Gu family, what would you do? Even if you couldn't take it away, what would you do if the Gu family came to your house every day to trouble your older brother?"

As soon as the words fell, Yun Shang's big eyes slanted over immediately, and the small eyes were as contemptuous as possible:

You are still the commander!

The guests in your house can be bullied by others, what use is it for you?

Don't embarrass the Bai family, just go home and sell sweet potatoes!

Yun Shang didn't say a word, but Bai Yancheng strangely received the information from Yun Shang's small eyes.

The scene was quiet for a moment, and then, Bai Yancheng's old face flushed red, and a series of dry coughs rushed out of his throat.

Why is his girl different from ordinary children?

The other children just made up any excuses to fool him, but his girl... could fool him the other way around.

At the critical moment, Lin Wenlan came out of the room, gave Bai Yancheng a cold look, met Yunshang, and immediately changed to a gentle and amiable face, squatting in front of Yunshang and said:

"Shangnan, it's already May, and there will be a wheat holiday in less than a month. When the holiday is over, let your older brother come to the provincial capital to see you, okay?"

Worried that Yunshang would think too much, Lin Wenlan continued to explain, "Shangnan, after we go back today, we will go to the capital to visit grandpa and uncle in a few days, and we will go to your grandma's house when we are free. It's June. When the time comes, Mom will bring you back to see how Brother Si Nian is doing?"

After hearing Lin Wenlan say "go to the capital to see grandpa" and "go to grandma's house", Yunshang's heart was moved instantly.

In the next period of time, she will be visiting relatives and going to the capital. Doesn't that mean she can go out to play again?

Although it was a pity that Gu Shinian couldn't go with him, Yunshang was not an unreasonable child.

Gu Shinian's surname is not Gu's surname, and when the Bai family recognizes their relatives, there is no reason to bring someone with a different surname.

She had just returned to Bai's house, so there was no need to drag Gu Shinian and let him accompany her to make people watch.

Besides, Gu Huaiqing's family is still in the compound of the military region, so they can't be allowed to stay in touch with Gu Shinian.

Thinking of this, Yun Shang's expression eased, and under Lin Wenlan's gaze, she nodded slowly.

So be it.

First go to Bai's house to recognize relatives, then go to Bai's house in the capital for a walk, and then go to Lin Wenlan's mother's house to recognize the family.

It just so happened that while she was away, Second Brother Gu could find a house for Widow Wang, go back to the county to see Zhang Chunni, and take time to meet Third Grandpa and ask him if he had any acquaintances in the Northeast.

When June came, she packed her bags and went to the Northeast with Gu Erge to search for ginseng, and planted ginseng in the space to make a fortune.

Yun Shang was making her own calculations here, while Bai Yancheng let out a long sigh of relief.

Fortunately, Wen Lan came forward, otherwise, his father image would be shattered in Xiao Qi's heart.

Thinking of Yun Shang's contemptuous eyes just now, Bai Yancheng still feels bored until now.

The old lady packed up everything she thought Yunshang needed, and hurriedly sent Yun Shuilian to cook.

This was the last meal that Yunshang ate at home as Yun's family member. The old lady attached great importance to it. She steamed a large pot of steamed buns with pure white noodles, and prepared to take them back to Yunshang if she couldn't eat them all.

There is also Gu Shinian who took Yunshang to go out temporarily, and the fresh pork, tender and raw vegetables and fruits, and the old hen that is rich in fat and slaughtered have been busy for a while, and a large table is set up. All kinds of hard dishes.

It's just that the parting atmosphere affected everyone's mood after all. Except for Shuan Zi who didn't understand anything, everyone else looked like they couldn't eat.

After eating, under the cover of Gu Shinian, Yunshang stuffed a lot of fine grains for Lao Yun's family under the bed, and told Gu Shinian not to forget to help the widow Wang find the house, and then to support Lao Yun's family. Everyone's tears, as well as Shuanzi's howling, were carried into the car by Gu Shinian.

Before the car door closed, Gu Shinian couldn't help but blushed, put Yunshang beside Lin Wenlan, and told her earnestly:

"Aunt Lin, A-Shang will leave it to you. She has a quick temper and is timid. If she gets into trouble and makes her family angry, don't scold her, just talk to A-Shang slowly, she will understand."

Chapter 315

"Aunt Lin, A-Shang will leave it to you. She has a quick temper and is timid. If she gets into trouble and makes her family angry, don't scold her, just talk to A-Shang slowly, she will understand."

Lin Wenlan wiped away the tears from Yunshang's face, smiled and nodded at Gu Shinian very affectionately, and agreed to his words that were unnecessary and had no position to explain.

It has to be said that through the morning's contact, Lin Wenlan really regarded Gu Shinian as one of his own.

The old couple of the Yun family have said that Widow Wang was stimulated back then, and her Xiao Qi suffered a lot at the hands of Widow Wang, and was even considered dumb by the villagers at one time, and it was against his father's life.

It was better when eating in the big canteen in the village. At least Xiaoqi could eat a meal. When the canteen was disbanded, Widow Wang only cared about her belly. Pass Guanyin land.

Lao Yun's family is not well off, and there is still some solitary litigation with Widow Wang, so he can't directly stand up for Xiao Qi, so he can only save rations from his mouth and stuff them secretly into Xiao Qi's mouth.

But Widow Wang took her Xiaoqi very seriously and didn't let her go out easily, and Lao Yun's family couldn't find many opportunities to help Xiaoqi.

Later, Xiao Qi couldn't bear the beating and scolding of Widow Wang by herself, so she ran to Lao Yun's house, and later met Gu Shinian, Widow Wang went crazy again, and Xiao Qi's life became easier.

After learning about Yun Chang's experience over the years from the people in Lao Yun's family, Lin Wenlan's heart seemed to be tightly grasped by a pair of big hands, and every breath was painful.

She resented the widow Wang for torturing Yun Shang, and was angry that the old couple of the Yun family did not do anything about Yun Shang's difficult situation, but the old Yun family actually saved Yun Shang's life. Because of the death of Yunshang's jade plaque, all kinds of intricate things got entangled, which made Lin Wenlan's feelings for everyone in Lao Yun's family suddenly complicated.

While she was grateful to the Yun family, she couldn't help but resent the Yun family's cowardice, the family's lack of responsibility, and Yun Shang's suffering too much.

When I resented Widow Wang, I couldn't help but sympathize with her experience, and I also blamed myself, feeling that I didn't take good care of Yunshang, which led to a series of tragic events later...

Under such circumstances, the image of Gu Shinian in Lin Wenlan's heart became even more perfect for Gu Shinian, who was born out of nothing in the Yun family's mouth and supported Yun Shang's childhood with his own strength.

Lao Yun's family saved Yun Shang's life, and Gu Shinian also gave Yun Shang a new life.

But comparing the two, Gu Shinian is obviously more responsible and courageous than Lao Yun's family, and his love for Yunshang is purer and more respectful.

A half-grown child takes on the responsibility of supporting another child. This kind of courage and responsibility cannot be compared with many adults.

Especially seeing the room Gu Shinian arranged for Yun Shang and the clothes in the closet, even if Gu Shinian was Gu Shinian's son, Lin Wenlan's gratitude and closeness to Gu Shinian could not be stopped.

Especially when the car was driving halfway, Lin Wenlan deliberately talked about Gu Shinian in order to find something to chat with Yun Shang, and learned from Yun Shang that Gu Shinian paid for the beautiful single room for Yun Shang , Lin Wenlan was stunned, and even regarded Gu Shinian as his other son in his heart.

Yun Shang glanced at the surprised Bai Yancheng, and worked hard to give Gu Shinian a good impression, "My second brother Gu is doing well. When I went back to Shenshi, he bought the money ticket that the third grandfather gave to my second brother." I got two rooms. I was given a large room with a marble tile floor, and Second Brother Gu lived in a small room with a concrete floor."

After finishing speaking, he glanced at Bai Yancheng with small eyes, as if even an 'outsider' was so kind to me, as a father, you can figure it out yourself.

Bai Yancheng inexplicably felt a little stuffy in his chest,

She turned her head and asked tentatively, "Xiao... Yunshang, when you get to the provincial capital, Dad will buy you a suite too? Just buy a small courtyard and make you a small garden in the courtyard?"

Saying this, Bai Yancheng secretly groaned in his heart.

Why is his little girl such a ghost?

Other people's children at most need to eat, wear and play. His daughter is full of atmosphere, and she wants a house as soon as she makes a move.

What's more, people don't ask for it on their own, but only say how kind to outsiders are to her, and buy her a house with clean pockets, and when he's done, he glances at him with distaste, and he feels old blushing even if he doesn't take the initiative to say that he will buy a house for his daughter.

Bai Yancheng thought that he knew Yun Chang very well, and felt that after saying this, Yun Shang should be happier and give him a good face, but Yun Chang's face was straight, and he said:

"Doesn't your family have a place for me to live in? If not, then you can buy me a small courtyard and I will live outside by myself."

Bai Yancheng was dumbfounded.

Why doesn't this brat play his cards according to the routine?

Didn't you want the house yourself?

Why are you still beating her up, as if he and Wen Lan don't want to recognize her back?

Bai Yancheng was in a daze, Lin Wenlan had already thrown the knife away, hugged Yunshang, and said coldly:

"Shangnan, don't listen to your dad's nonsense! Our family has your land, and mom has reserved a room for you for several years. When I return to the provincial capital, mom will sleep with you, and let your dad sleep in the office and not allowed to go home !"

Bai Yancheng: "... " Why didn't you even let me go home?

Bai Yancheng stared blankly at the mother and daughter hugging each other, his face twitching non-stop.

Yunshang sat in Lin Wenlan's arms, and kindly found a step for Bai Yancheng, "My house in Fenyang was bought by Gu Erge, and our family has to return Gu Erge's apartment. When we arrive

in the provincial capital, we will give it to you." Brother Gu bought a small courtyard, so I don't have to worry about going back to Fenyang to play with Brother Gu every day."

How stupid!

I have said so much, of course I want to buy a house for Brother Gu.

I'm a little girl, and it's not like I don't have a place to live. Why do I want a house in the provincial capital?

When Lin Wenlan heard what Yun Shang said, she immediately felt that it was good for Yun Shang to be careful.

Anyway, she could tell that Yunshang was inseparable from Gu Shinian. Instead of letting Yunshang go to Fenyang every three days, it would be better to give Gu Shinian a foothold in the provincial capital. The two children are so close, Yunshang doesn't have to think about going to Fenyang every day.

Besides, what Yunshang said is right, the Bai family can no longer take advantage of Gu Shinian's advantage. At the beginning, Yunshang took Gu Shinian's house, and now their family has to return Gu Shinian's house, and they can't let the child suffer.

What Lin Wenlan thought, Bai Yancheng also thought of, but Bai Yancheng thought more, and felt more relieved.

He felt that Yun's family taught Yun Shang very well, and they didn't change their attitude towards friends by relying on the mutation of their status, and they didn't erase their friends' help to her ungratefully. At a young age, they valued love more than many adults.

#### Chapter 316: Not So Satisfied

Bai Yancheng happily agreed to Yunshang's request, and specially instructed the guard Xiao Liu in front of Yunshang to help him find a suitable house as soon as he returned to the provincial capital.

Yun Chang's goal was achieved, and she was no longer able to bully Yan Cheng, and sat quietly in the back, being a well-behaved child for a while.

The car was speeding on the road, the sun was shining outside, there was no wind, and the leaves of the trees on both sides of the road were sunburned and drooped, without a trace of energy.

Yun Chang seemed to have been sunburned too. She glanced at Lin Wenlan who had fallen asleep, moved lightly to Lin Wenlan's side, and fell asleep leaning against her.

When I opened my eyes again, the sky had already darkened, and the car was slowing down, slowly approaching the gate of the family area of the compound of the military division.

In the darkness, the two bright light bulbs on the top of the gate are like small suns, illuminating the entire entrance of the family courtyard as bright as day. The big red characters on both sides of the gate, and three figures of different heights standing side by side outside the guardhouse, are in the background. Very conspicuous under the light.

Seeing the car approaching, the shortest figure jumped up and down, leaned on the car window and looked in, "Dad! Mom! Where's my sister? Where's Xiao Qi? Brother Shi Nian called and said that you took Xiao Qi I'm back! Where's the person?"

Yun Shang looked at the boy who suddenly jumped out, excited like a little donkey, and subconsciously moved towards Lin Wenlan.

Don't be an idiot, can you?

Even before the car stopped, he dared to lie on the window, and he was not afraid of crushing himself.

Xiao Liu was so frightened that he stepped on the brakes quickly, Bai Yancheng turned his head and glared at the boy, scolding him for nonsense, but he opened the car door non-stop with his hands, letting the boy jump into the car.

"Slow down, don't scare Xiaoqi! Yunshang, this is Qingming, it's your second brother..."

"No, it's my brother!" Bai Qingming loudly corrected Bai Yancheng's statement, leaned in front of Yunshang, and said with sparkling eyes, "Xiaoqi, I'm your little brother! Call me little brother. By the way, big brother and My sister is coming too..."

As he said that, he leaned out of the car and waved to the two people who were walking this way, "Brother! Sister! Brother Shi Nian didn't coax anyone, it's Xiao Qi! It's really Xiao Qi!"

Lin Wenlan couldn't bear it anymore and slapped Bai Qingming on the back, "Keep your voice down, don't scare Xiao Qi!"

Boys are just skins, and they still itch after being beaten three times a day.

Bai Qingming got slapped, and sat beside Yun Chang aggrievedly, not daring to move.

One or two said that he would scare Xiao Qi, and Xiao Qi is not a baby in his arms, so why is he so unintimidated.

He scolded him and slapped him in front of Xiao Qi, where is he going to save face as a little brother?

Really, too careless!

While talking, Bai Qingzheng brought Bai Qingyue to the side of the car, reached out his hand from the car window and touched Yun Shang's head, then opened the door, pushed Bai Qingyue into the car, and dragged Bai Qingming out, like a kitten, walked from the courtyard with Bai Qingming's head under his elbow.

Seeing the fighting brothers being left behind by the car, Yun Shang rubbed her sleepy eyes, leaned on Lin Wenlan, and looked at the curious Bai Qingyue.

Compared with her, Bai Qingyue's appearance is more similar to Lin Wenlan's. About grade 12 or 13, with a good face, wearing a goose yellow shirt on the upper body, a pair of brand new army green pants underneath, and brand new pull-back sneakers on the feet.

Thinking of the military uniforms worn by the two brothers of the Bai family, Yun Shang almost figured it out. In the Bai family, girls are favored more than boys.

Lin Wenlan held Yunshang and Bai Qingyue in her arms one by one, and said in a very gentle tone, "Shangnan, this is my sister, her name is Qingyue, and when my mother is not at home at work,

Let your sister play with you. "

Yun Chang nodded, but still stared blankly at Bai Qingyue without speaking.

Bai Qingyue looked at Yunshang curiously at the beginning, but after a while, Yunshang turned around and felt a little uncomfortable. She tentatively touched Yunshang's hand, and seeing that she didn't dodge, she immediately imitated Bai Qingzheng. She looked like she rubbed Yun Shang's head.

A few minutes later, the car stopped in front of a small two-story western-style building. Lin Wenlan pulled Yunshang out of the car, pushed open the black wooden gate, walked through the small courtyard, and entered the house.

Yunshang took a rough look at the layout of the house, and found that the floor of this small western-style building in the Bai family is not high, but the area is not small. The living room on the first floor alone has nearly 20 square meters, and there is a small restaurant next to it. Going further inside, there is a kitchen of less than ten square meters.

There are three rooms behind the living room. According to Bai Qingyue, one of the three rooms is the study, the other is the living room, and the other is the room of Aunt Wu who was assigned by the army to help the Bai family.

There are also four rooms on the second floor, one for Bai Yancheng and his wife, one for the two brothers of the Bai family, and one for Bai Qingyue and Yunshang for the remaining two rooms.

Although Yunshang has not come back these years, Lin Wenlan has always kept Yunshang's room.

According to what Bai Qingyue said, occasionally Bai Qingming was naughty and was reprimanded by Bai Qingzheng, and would sneak into Yunshang's room to "run away from home", but generally speaking, Bai Qingming still didn't dare to be blind in Yunshang's room toss.

After walking around upstairs and downstairs, Yunshang was quite satisfied with the environment of Bai's house. She had a single room, so she didn't have to worry about being discovered if she sneaked into the space in the future.

When Bai Qingyue took Yunshang to visit the house, Lin Wenlan went to the second floor to spread new sheets for Yunshang alone. Bai Yancheng took Xiao Liu, Aunt Wu, and the two brothers of the Bai family who came later Yunshang's things were moved from the car into the house.

It was past ten o'clock at this moment, and the neighbors heard the movement here, and because it was too late, no one got up and came over.

Bai Qingyue pulled Yunshang to sit down on the sofa, poured her another cup of sugar water, and waited until Lin Wenlan and Wu Ma cleaned up Yunshang's clothes and bed before taking a teapot full of hot water and a small tub to the bathroom , ready to give Yunshang a bath.

Yun Chang's face turned red, and she refused Lin Wenlan's request to help her take a bath, and went upstairs to find her soft and thick towel, and went into the bathroom alone.

In the living room on the first floor, Lin Wenlan seriously assigned tasks to the children, "Qingzheng, when you go out tomorrow, remember to tell the children in the courtyard that our Xiaoqi is back, let those bear boys watch over, but Let no one bully Xiaoqi.

And Qingyue, you're a girl, take Xiao Qi with you when you go out to play, don't just think about playing by yourself, by the way, when it's Sunday, let your elder brother take you to the city for a stroll, go to the park to watch a movie Row. "

Seeing Bai Qingzheng and Bai Qingyue nodding one after another, Bai Qingming became anxious, jumped in front of Lin Wenlan, and kept asking, "What about me? Mom, what am I doing?"

Before Lin Wenlan could answer, Bai Qingyue slapped Bai Qingming on the back of the head, "What do you think you can do? What can you do, what can't be done, what can't be eaten, what can't be left, you can tell yourself what you can do!"

#### Chapter 317 Beat Bai Qingming Violently

Bai Qingming's face was pulled down immediately, and just about to refute, Bai Qingzheng made up the knife again, "Qingming is not good at studying, why don't you tell the school to tell him not to go to the second grade, and to go back to the first grade next year. One class, Qi, can protect Xiao Qi at any time."

Bai Qingyue's eyes lit up, she nodded repeatedly, and pushed Lin Wenlan's arm, helping her elder brother brainwash Lin Wenlan:

"Mom, Qingming's grades are too bad. He's already in the second grade. He can't even count addition and subtraction within 100. Or just listen to the elder brother and let him go back to the first grade. How nice it is to protect Xiaoqi in the same class." Most importantly, if Qingming repeats a grade, she will be the only repeater in the family, and she will have another target to attack Qingming in the future.

Lin Wenlan and Bai Yancheng glanced at each other, both a little moved, but Bai Qingming jumped up angrily when he saw the expressions on their faces.

"You guys, you are so bad! I won't repeat a grade!" I managed to get to the second grade, and if I have to repeat the first grade, then I won't have to go to school for two more years!

The school is so difficult, the bench is so hard, there are so many homework, the teacher is so fierce, and the exam is so difficult, so he will not be like the second fool, staying in school for a few more years and suffering.

Besides, before Xiao Qi came back, he was the youngest in the whole family, and it was fine for everyone to bully him alone. Now that Xiao Qi came back, Xiao Qi was the youngest in the whole family, and everyone still let him bully him alone. How could this be possible?

At the very least, Xiao Qi has to be bullied together!

Yun Chang changed into the small cotton skirt she wore when she was sleeping, walked out of the bathroom, and saw Bai Qing twisting twists on the sofa at a glance:

"I won't repeat the grade! If you want me to repeat the grade, I won't study! No, if you repeat the grade again, I will, I will, I will take the lead in bullying Xiaoqi!" Books are still required, if there is no excuse for studying, Why did he play truant from school?

Bai Qingming was thinking about playing truant from school, but he didn't notice at all. As soon as he said these words, everyone in the room fell silent.

Especially Lin Wenlan and Bai Yancheng, their complexions turned dark instantly.

Yun Shang originally liked Bai Qingming, who had a thick head and a thick head, and felt that the kid was a little bit noisy, but he was enthusiastic about people and didn't have a heart.

But she never expected that Bai Qingming, a bastard who deserved to be beaten, would say that he wanted to bully her just in time to take a bath.

Uncle, it's none of my business if you don't study well and repeat a grade! Why are you bullying me?

Thinking that today is her first day in Bai's house, Bai Qingming wanted to put her family status at the bottom in front of the whole family, the evil fire in Yun Shang's heart surged up.

Really treat her as a poor little fellow who depends on others, so he can touch her at will?

No, she has to turn to Bai Qingming, let this little bastard know that the word 'Yunshang' is his nightmare in this life, and make him want to kneel down and call daddy whenever he hears her name in the future!

So, before everyone in the Bai family could react, Yun Chang's big bath towel fell from the sky and hit Bai Qingming's head directly.

The next moment, Yun Chang rushed over like a small cannonball, jumped up and rode on Bai Qingming's body, and hit Bai Qingming violently with two small fists.

"Bai Qingming! You still want to bully me, it's a dream! Let's see who is bullying whom!"

Bai Qingming was only 8 years old, at most a head taller than Yunshang, and a towel was placed on his head suddenly, as if he was being beaten violently with a sack, and he was completely dumbfounded.

It wasn't until Yunshang scolded that Bai Qingming realized that he was caught by Yunshang and took revenge on the spot.

Bai Qingming also knew that he was wronged, and knew how much Lin Wenlan favored Yunshang, so in front of the whole family,

He didn't dare to fight back, so he could only struggle to push Yunshang away.

But Yunshang was blessed with mental strength, her legs pressed Bai Qingming like an iron rod, and she swung her small fists so fast and fiercely that he really couldn't break free for a while.

The two brothers and sisters of the Bai family were shocked at first by Bai Qingming's bold words that threatened to bully Yunshang, but before they could react, they were overwhelmed by Yunshang's way of beating Bai Qingming in all directions like a storm.

Seeing that Bai Yancheng and Lin Wenlan had no intention of stopping Yun Shang from beating up his stupid younger brother, the two of them were not in a hurry to fight each other. They huddled together on the sofa, watching Yun Shang crush Bai Qingming one-sidedly with great interest.

Bai Qingzheng was the darkest, holding Yunshang's leftover half cup of sugar water, took a sip happily, and secretly poked his stupid brother's soft knife beside him:

"Xiao Qi, your little brother said that when you go to school, if you don't study hard, he will help your parents to discipline you. By the way, your little brother is now in the second grade, and he has never passed the exam. Over single digits."

Yun Chang became even angrier when she heard that.

Just Bai Qingming, a mentally handicapped idiot who can't even add and subtract, how dare he say something to discipline her?

She is a 'little genius' that Aunt Shui Lian personally admitted!

What face does a mentally handicapped have to say the words of a disciplined genius?

Pooh! shameless!

So, the little fist swung even faster.

Bai Qingyue saw that her eldest brother was helping Yunshang to bully her stupid younger brother, so she leaned over with a smirk on her face, and helped Yunshang hold Bai Qingming's struggling arm, preventing him from breaking free from the big towel on his head.

Seeing Yunshang looking over in surprise, she blinked at Yunshang, followed the elder brother's words and continued to make up the knife, "Xiaoqi, sister help you beat this big villain, it's okay, beat him hard! Beat him on the head!"

Yunshang: ... I checked my eyes, this is my sister!

Bai Qingming: ... After verification, he is not a child of the Bai family!

Yun Shang followed Bai Qingyue's words and punched Bai Qingming twice, but still couldn't wait for the crowd to fight, so she couldn't help but look back, and saw that everyone was sitting on the sofa together, looking like they were watching a good show, and was suddenly speechless.

She felt that Bai Qingming's life in the Bai family was really difficult. She was clearly her own, but she lived as if she had picked it up.

Thinking about it this way, Yun Chang couldn't bear to beat Bai Qingming anymore, so he lifted the towel off Bai Qingming's head, and pulled Bai Qingyue back to sit on the sofa.

Lin Wenlan stared bitterly, and glanced at Bai Qingming, who was lying on the sofa and couldn't get up, and rubbed the hand holding Yunshang, "Does it hurt? Your little brother's head is so hard, don't worry about it next time." Hit me up and let your elder brother beat you up."

Yun Shang: "... This is really a real mother!

Bai Qingming: "... I can't live through this day, I want to run away from home!

Bai Qingzheng put down the tea mug, smiled and rubbed Yunshang's wet hair, "Xiao Qi, if your little brother dares to bully you again, tell big brother, big brother will help you vent your anger."

"And me!" Bai Qingyue raised her hand to speak from the side, "I'll help you press Qingming's hands and feet later, and let you beat him hard!"

This little bastard Bai Qingming is too naughty, she usually coaxes her pocket money, but she can't catch up with her if she wants to beat her up.

The younger sister who was brought home was good-looking, and she could beat Bai Qingming violently. It looked like she was from the same country as her. From now on, she would share half of the pocket money with the younger sister, so that the younger sister could beat Bai Qingming more to help her vent her anger.

Chapter 318 The atmosphere is just right

The family burst into laughter.

Aunt Wu brought out the porridge and side dishes that she had prepared early in the morning. Hearing the laughter of everyone in the living room, she couldn't help laughing and said, "It's so good now. The family is lively when the brothers and sisters are fighting and fighting. Well, Xiao Qi won't feel that he is born, and the whole family has to be so lively."

This is not true at all.

Since Yunshang entered the gate of Bai's house, except for the carefree Bai Qingming, the others were always cautious when talking to Yunshang, for fear that any words would make her unhappy.

But precisely because the Bai family's attitude was too enthusiastic and enthusiastic, Yunshang felt a little uncomfortable, feeling that everyone was too polite and unfamiliar with her, and there was always a feeling that she was a guest at someone else's house and couldn't fit in.

Now she beat Bai Qingming violently in front of the whole family, and formed an offensive and defensive alliance with Bai Qingzheng and Bai Qingyue, and the three brothers and sisters became close instantly.

Coupled with the fact that Bai Yancheng and Lin Wenlan were watching the fun from the sidelines, like ordinary parents, treating the children equally and not interfering in the children's playfulness, the atmosphere in the room naturally became lively.

Not only Yunshang hasn't felt such a family atmosphere for a long time, even the Bai family hasn't been so lively for many years...

Lin Wenlan wiped away the wetness from the corners of her eyes, put a bowl of thickly boiled rice porridge in front of Yunshang, smiled softly and peacefully, "Shangnan, eat first, and clean up your little brother after dinner."

Bai Qingming was stunned when he heard the words. Starting from Lin Wenlan, seeing Bai Qingzheng, then seeing Bai Qingyue, and finally seeing Yunshang, his eyes were red with anger.

Who are all these people!

Be a mother, a brother, and a sister! He always bullied him, but now he dragged his newly returned younger sister to bully him. Could it be that he was the only one in this family who was bullied?

It's so irritating!

Out of the corner of his eye, he caught sight of Bai Yancheng snickering and watching the show, Bai Qingming became even more angry, rushed over, pointed at Bai Qingzheng, and began to complain, "Dad! Big brother bullied me! Don't you care?"

He is also smart, knowing that the girl in the family is Jingui, he doesn't mention Bai Qingyue and Yun Shang's bullying him, nor does he mention Lin Wenlan's telling Yun Shang to clean him up, he only catches Bai Qingzheng and doesn't let him go.

Bai Qingming waited full of anticipation for Bai Yancheng to make the decision for him and teach his unscrupulous elder brother a lesson, but Bai Yancheng stared at him, and said with a stern face:

"You still have the face to sue? You are bullied and you don't know how to bully yourself? From tomorrow on, I will go to the training ground to train with Xiao Liu every morning. When I am capable, I will settle the score with your elder brother!"

Bai Qingming: "... " What are you kidding? I can't even beat Xiaoqi, how can I bring down my elder brother?

Seeing Bai Yancheng's righteous face, Bai Qingming instantly felt the deep malice of his own father, drooped his mouth, hung his head and curled up on the sofa and stopped talking.

Bai Yancheng turned his head, quickly switched to a smiling face, and asked in a soft voice, "Yunshang, do you want to train with Xiao Liu too? Train your body well, and you won't be afraid of being bullied when you go out in the future." The physical fitness is so good, He beats people fast and fiercely, and it would be a pity not to be a soldier when he grows up.

Yun Chang didn't know that Bai Yancheng was thinking about cultivating her. Thinking of getting up early every morning for training and not being able to sleep late, her whole body suddenly became ill, and she shook her head like a rattle, "I don't want it! I'm good now Lah, little brother can't beat me!"

Bai Qingming: ...I'm all shrunk into a ball, why do I still have my business!

Bai Yancheng choked on Yun Chang, glared at Bai Qingming angrily, and made up the knife very bluntly, "That's because your little brother is too stupid, and the villains outside can't find someone as stupid as your little brother.

"

Bai Qingming: ...This day is really unbearable!

Yunshang was speechless for a while, looked at Bai Yancheng, and shook her head firmly again, "I don't train, Brother Gu is very good, I will ask Brother Gu to protect me in the future." I am not stupid, I have nothing to do to myself eat.

Seeing that Bai Yancheng still wanted to persuade Yun Shang again, Lin Wenlan threw a sharp knife at him and stuffed the porridge bowl into his hand, "Okay! Don't use the boy's way to teach Chang Nan! From now on, Chang Nan and Qing Yue I will take care of the matter, you are not allowed to interfere!"

Yun Shang didn't care about the eyebrow-eye lawsuit between Lin Wenlan and Bai Yancheng. After eating the porridge happily, she ran to Bai Qingming, who was drooping, and said as if nothing happened:

"Brother, when did Second Brother Gu call? What did he say?"

Thinking of Gu Shinian's call, but she didn't answer it, Yun Shang must have been a little listless.

She just talked to Second Brother Gu today, and she already started thinking about Second Brother Gu. Did Second Brother Gu miss her? It's eleven o'clock now, is Second Brother Gu asleep yet? If you don't sleep, what are you doing alone...

Bai Qingming didn't dare to challenge Yun Shang in front of Lin Wenlan, and replied obediently, "Brother Shi Nian called at five o'clock, and he told you to listen to me obediently, go to bed early at night, and he will give you a call tomorrow morning." Call up."

Yunshang automatically ignored Bai Qingming's words to add drama to her, blinked her eyes, and asked, "It's gone?"

Bai Qingming gave Yun Chang a strange look, shook his head, "No more." The point is to let you listen to me, besides this, what else do you want to hear?

Yun Shang was a little disappointed, she didn't look at Bai Qingming, her body was stretched out on the sofa, "Second Brother didn't say he missed me, and he didn't say anything about my grandpa and grandma."

Thinking that Bai Yancheng and his wife didn't give Lao Yun's family time to react, they went to the door to recognize their relatives, and then packed her away at the speed of light, this was so sudden, how uncomfortable the old couple must have been.

And Shuanzi, if she can't be found, will she pester the old lady and cry?

Yun Erchuan should be pitiful again. Whenever the old lady was in a bad mood, she would vent her anger on Yun Erchuan, hoping that Yun Erchuan could stay at home for a few more days so that the old lady could vent her anger.

Aunt Shuilian probably wouldn't miss her. She has been supervising Aunt Shuilian's study every day recently, which made Aunt Shuilian even lazy. Now that she is no longer at Yun's house, Aunt Shuilian must be lazy happily.

But...why does she miss Aunt Shuilian so much?

The Yun family, who are missed by Yun Shang, is really like what Yun Shang said, the family tossed and turned and couldn't sleep.

The old lady was leaning halfway on the bed, looking at the dark sky outside the window, sighing one after another, and raising her hand to wipe the corners of her eyes from time to time.

When the old man came to Fenyang, he left in a hurry. He even forgot to take the dry cigarette bag. He sat on the head of the bed, holding the cigarette left by Bai Yancheng in his hand. Let out a long sigh.

Upstairs, Yun Erchuan put Shuanzi to sleep, and when he came out, Yun Shuilian was sitting next to the desk lamp, staring at the book with red eyes in a daze, and he knew that she was thinking about Yunshang.

Chapter 319 did not give thanks

When the first ray of sunlight shines on the small western-style building in the morning, the corridor is already very lively.

A neighbor saw the old lady come out to cook breakfast, and finally couldn't bear to come over to inquire about the news.

"Ms. Yun, what are the origins of those two chiefs yesterday, why did they take our Changnan away?"

Since Bai Yancheng and his wife took Yunshang away, everyone in Lao Yun's family didn't go out all afternoon, and they even ate dry steamed buns for dinner.

The neighbors couldn't see anyone, and due to the warning from the police two days ago, no one really dared to come to the door to inquire.

Today, I finally saw the old lady go out, and the gossip-loving neighbors hurried over to inquire about the news.

Seeing that the old lady's face was not very good-looking, someone who came came sneered, and then said, "Ma'am, we all live in the same corridor, so we can't hide anything. Our small western-style building is full of working-class families, but No... If you really encounter any difficulties, you can just tell them, and the neighbors in the neighborhood can help you out." On the contrary, if you, Old Yun's family, really committed a crime, this small mansion will not be able to accommodate you up.

Although the last sentence was not uttered clearly, the old lady can naturally hear it at such a great age.

In fact, I don't blame the neighbors for thinking too much. In the past two days, Lao Yun's family has been involved in one thing after another, involving the police and high-ranking officials in the army.

To say that Lao Yun's family committed a crime, but the family is still staying in the small western-style building.

To say that there was no crime, the police came to the door, saying that the identity of the six-year-old granddaughter of Lao Yun's family was questionable, and they took the whole family to the police in the middle of the night to cooperate with the investigation, and the neighbors were not allowed to inquire about the matter.

When it was dawn, the chief of the army came over again, saluted and bowed to the old lady, stayed at Lao Yun's house all morning, and when he left, he took away the police officer who said he had a certain identity. problem with the little granddaughter.

The neighbors saw this series of events with both curiosity and fear.

The old lady thought that Bai Yancheng told her that she didn't need to hide Yunshang's identity from her neighbors, so she immediately pulled out a bench from the house, sat in the corridor, picked vegetables, and replied:

"The Chief Chief who came yesterday is the commander of our provincial military region..."

"What? That man is the commander?" Someone next to him yelled in alarm, causing everyone in the first corridor to surround him.

Director Ren also squeezed to the front at this moment, frowning slightly, with a look of worry on his face, "What's going on? Why did you involve Changnan and take her away?"

Thinking of the little girl who smiled and greeted everyone with a soft voice when she saw people, Director Ren couldn't help but feel nervous.

Such a well-behaved child, please don't let anything happen to you.

"Let the big guys worry about it. Changnan is fine. The two big chiefs yesterday are Changnan's parents. They came to pick up Changnan and bring her back to the provincial capital."

After the old lady finished speaking, the corridor instantly fell silent. After a long time, everyone came to their senses one after another.

The little granddaughter of the Yun family is not her own!

The little granddaughter of the Yun family is the child of the military commander's family!

The Yun family got involved with the military commander's family!

Thinking of the actions of Bai Yancheng and Lin Wenlan saluting and bowing to the old lady in the corridor, everyone in Xiaoyanglou looked at the old lady eagerly.

"Ouch! Aunt Yun, it turns out that Changnan is the daughter of the Commander's family, no wonder it looks unusual at first glance!"

"Isn't it! I've been looking at Changnan for a long time. She always smiles when she sees people, she has a sweet mouth, what a cute and sensible baby! Aunt Yun, you teach Changnan very well!"

"It's also good-looking, with the same clothes,

Chang Nan's clothes look better than other children's clothes, she is refined and gentle, and the gang of leather children in our building can't compare. "

"The baby of the Commander's family can live in my aunt's house for many years, and is still raised so well. In the future, your family will have another real relative."

"It's not a big deal. Auntie loves Changnan so much. Everyone on the first floor can see it. Even if Changnan goes back to enjoy the blessings, this relationship can't be broken like this!"

"Ma'am, did you just let someone take Changnan away like this? Changnan's father is a commander, so she didn't say thank you to your family?"

The old lady had a faint smile on her face, "We didn't raise the baby for the gift, as long as the baby can live a good life, it's better than anything else."

As soon as these words came out, everyone in the corridor was stunned again.

Mrs. Yun, what does this mean?

The commander's family didn't thank Lao Yun's family?

Logically speaking, it shouldn't be.

Could it be that... Lao Yun's family used tricks to raise the commander's baby, and then the commander's family blamed Lao Yun's family?

Thinking of the police saying that there was something wrong with Yunshang's identity, and taking Lao Yun's family back to the police station for investigation, everyone started to fight again.

Everyone didn't doubt the old lady's words. Bai Yancheng is the commander of the military region. If he really gave the gift to Lao Yun's family, the old lady would not dare to talk nonsense outside to discredit the commander's family.

Since the old lady didn't say anything about thanking her, she really didn't give it.

Thinking of this, the neighbors murmured in their hearts again, feeling that the relationship between Lao Yun's family and the military commander's family was not as close as everyone thought.

Some people secretly wondered if Lao Yun's family had opened their mouths and wanted a large amount of thanks, but finally annoyed the Commander, who changed his attitude when they first met and hurriedly took Yunshang away.

Otherwise, it would not be able to explain why the Commander and his wife saluted the old lady at first, but then turned and left.

The old lady didn't care what these people were thinking, according to Bai Yancheng's instructions, she let out these words, turned around and went into the kitchen.

Although the old lady didn't know why Bai Yancheng wanted her to say that, but since the Bai family gave a lot of money as a thank you gift and didn't let her speak out, the Bai family naturally had concerns. Besides, Chief Bai is the commander. She has a lot of knowledge, and she can't harm the Yun family. No matter what people say, she can do whatever she wants.

The neighbors seemed to believe that Lao Yun's family was not interested, so they made a lot of fun with Bai Yancheng and Lin Wenlan, and soon lost interest in the old lady, discussing with each other and dispersed.

Only a few people who were close to Lao Yun's family stayed to comfort the old lady, and then went back quickly, busy preparing the family's breakfast.

After breakfast, and seeing off Yun Shuilian and Yun Erchuan who were in a hurry to go to work, Gu Shinian took the old couple and Shuan Zi to a post office to call Yun Shang.

Yun Chang sat in the living room early in the morning, staring at the phone on the coffee table.

After Aunt Wu brought breakfast to the table and the whole family sat down at the table, Yun Chang moved her short legs and slowly moved to the table.

Bai Qingming took a sip of the millet porridge, and leaned towards Yunshang in embarrassment, "Xiao Qi, are you waiting for Brother Shi Nian to call..."

"My name is Yunshang." Yunshang casually pushed Bai Qingming's head away, drank a mouthful of porridge, and gave Bai Qingming a threatening look, "If you dare to call me by the wrong name, I'll beat you up!"

#### Chapter 320: Phone

Bai Qingming said with an aggrieved face, "But you are Xiaoqi! My sister is called Xiaowu, I am Xiaoliu, and you are Xiaoqi. I am not mistaken!"

Yun Shang glanced at Bai Qingming like a fool, swallowed the millet porridge in his mouth, and asked, "What's the name of the elder brother?"

"Brother..." Bai Qingming scratched his head, "Brother, I'm called Bai Qingzheng."

Yun Shang resolutely seized the opportunity to complain to Bai Qingzheng, "Brother, brother, I don't call you brother, I call you by name!"

Bai Qingming didn't expect Yunshang to be so shameless, and before he could react, he was hit hard on the forehead.

Turning around, he found that his unscrupulous elder brother was slowly withdrawing his hand.

Bai Qingyue couldn't help but burst into a "puchi" laugh, and just as she was about to make fun of her stupid brother, the phone rang in the living room at just the right time.

Yun Chang immediately regained her spirits, and before everyone could react, she dropped her chopsticks and rushed over to answer the phone like a gust of wind.

Hearing Yun Shang's cheering voice on the other end of the phone, Gu Shinian finally felt relieved after talking about it all night.

It was the first time the old lady saw the legendary phone. Standing next to Gu Shinian, she heard her granddaughter's voice faintly coming from the microphone, and she couldn't help putting her ear to it.

"Son, what did Changnan say? Are the children of the Bai family getting along well? Did you not bully Changnan?"

Yunshang heard the old lady shouting on the phone, and thought of her violent beating of Bai Qingming, she glanced at the members of the Bai family who were paying attention here, and said, "Second Brother Gu, You give my grandma the phone, and I'll have a few words with my grandma first."

As soon as the old lady picked up the phone, Yun Chang immediately raised her voice and asked, "Grandma! I miss you, do you and my grandfather miss me?"

In one sentence, the old lady shed tears that had been held back all night. She covered the phone and shouted loudly, "Think about it, why don't you miss my good girl! Tell grandma, the son of Chief Bai's family!" Do you get along well? Are you used to sleeping at night?"

"The habit of living is the same as ours. I live in a house by myself." After Yunshang finished speaking, she glanced at Bai Qingming with a smirk, "Grandma, my eldest brother and sister are all right, they said they want to take me out to play, and why not?" Give me a ride."

When the old lady heard something was wrong, she pushed away the old man's hand that was about to grab the phone, and asked with a frown, "Why are you still escorting me? Is the Bai family kid bullying you?"

"Grandma, no one bullied me. My brother was playing around with me yesterday, but he couldn't beat me, so I pushed him to the ground and beat me up. My eldest sister still held my brother down and let me beat him!"

Bai Qingming: "... It's over, I've lost all my embarrassment.

When Bai Qingyue heard Yun Shang's compliments on her, her eyebrows flew up with joy, she made a provocative expression at Bai Qingming, and then listened to Yun Shang's phone call with her ears sideways.

Knowing that everything is fine for Yunshang in Bai's house, the old lady breathed a sigh of relief, told Yunshang a few words with the old man, and talked about the arrangements at home.

"...Shangnan, your father and I plan to take your mother back to the village to live for a few days. It's already May, and the summer harvest will be a month away. Your father can't eat well or sleep well at home alone. He's exhausted. Very, I have to go back and look at your grandfather."

"I've made all the arrangements at home. Shuanzi also came back to the village with me. Your second uncle will live in the dormitory of the aluminum factory and eat in the canteen in the factory. The work of the Women's Federation is easy. Your aunt can provide for her and Shinianwazi by herself. Cooking, don't delay any work..."

Knowing that the phone bill is not cheap, the old lady hurriedly finished speaking, and quickly handed the phone to Gu Shinian.

"A Chang, did you fight with Bai Qingming?"

"Second Brother Gu, it's not a fight, it's a one-sided rubbing on the ground." After Yun Shang finished speaking, he heard Gu Shinian chuckle over there,

Can't help but giggle.

Even if Gu Shinian didn't comfort her, nor taught her how to live in the Bai family, just a gentle chuckle, Yun Shang felt at ease from the bottom of her heart.

It was as if Gu Shinian was by her side, never leaving.

Yun Chang smiled, the corners of her mouth slowly drooping, her voice was soft, choked with grievances, "Second brother, I miss you. When will you come to see me?"

Although Gu Shinian couldn't see Yun Shang, he could imagine her pouting and aggrieved face.

The originally calm and rational heart was hit by Yun Shang's words of "I miss you", and all kinds of cherished emotions in my heart instantly overflowed my entire chest.

"A-Shang, wait a little longer, the second elder brother will come to you after he arranges the matter in Fenyang."

Yun Chang subconsciously nodded, thinking that Gu Shinian couldn't see, she immediately said "Oh".

Gu Shinian glanced at the sky outside and realized that it was getting late, so he immediately changed the subject and started talking about business, "A-Shang, find a chance to tell Aunt Lin about Lin Dani, and see if Aunt Lin can find her." clue."

"Well, I remember." Yunshang responded, and then asked, "Second brother, is there any progress in Erya's matter?"

"Ah Chang, this matter was not found out so quickly. I went to the Public Security Bureau to read the report letter yesterday, and the handwriting on the letter is different from Erya's handwriting..."

Yun Chang was stunned, and asked in surprise, "Didn't Erya do it?"

"It's hard to say now, but don't worry, I will keep an eye on Erya. If she really did it, Second Brother will definitely show you this."

The two chattered for a long time, until everyone finished breakfast, Yun Shang reluctantly hung up the phone.

Seeing Bai Yancheng put on his military cap in front of the mirror, ready to go to work, Yun Chang rushed over slowly, stretching out his small arms to stop Bai Yancheng.

Bai Yancheng was overjoyed at once, squatted down, and asked with a smile, "Yunshang, are you going to work with me? Go ahead, let your mother change your clothes, and dad will take you to the military area to play!"

The corner of Yunshang's mouth twitched, with a straight face, she pointed to Bai Yancheng very seriously, "Yesterday you promised me to buy a house for Second Brother Gu, when will you be able to buy it? I want to go back to Fenyang to find Second Brother Gu Bro."

The smile on Bai Yancheng's face froze. When he looked up, he found Xiao Liu coming in from the door. Before he could call for a report, he got up and said, "Xiao Liu, you don't have to go out with me today. You will go outside to find someone in the morning." The house, as soon as possible to finalize the matter of buying a house."

Xiao Liu was stunned for a moment, glanced at Xiao Douding on the ground, and asked naively, "Chief, I'm going, what if you want to use the car?"

Bai Yancheng waved his hands helplessly, signaling Xiao Liu to leave quickly, "It's okay, I'll go rub Lao Liang's car."

After Xiao Liu scratched his head and left, Bai Yancheng coughed dryly and said, "Yunshang, don't you really want to go to the military area with me?"

Yun Chang shook her head, "No, I want to sleep at home."

"The military region is so fun. You can sit in the office and drink tea... Don't you like fighting? You can still watch people fight when you arrive in the military region."

"Are there popsicles in the military area?"
