

## Thrive 331

### Chapter 331: Our two families are feuding

"I know, I know. Later, I will talk to Chief Bai about Comrade Zhou's affairs. I can't let my aunt suffer!"

Yun Shuilian blushed, if the Bai family hadn't borrowed Yun Shang's mouth, thousands of reminders said that the old Yun family had something to do with the Bai family, and recently there were strangers or suitors around, they must talk to the Bai family To be ventilated, people with ulterior motives can't take advantage of Lao Yun's house, and she can't tell these words to her six-year-old son.

At this time, Yun Shuilian hadn't realized that the words Yun Shang told her were all made up by herself under the guise of cheap parents to fool Yun Shuilian. Bai Yancheng and Lin Wenlan never thought about it Yun Shuilian is looking for a partner.

After hanging up the phone, Yun Shuilian took another look at the figure downstairs, returned to the desk and sat down.

Xiao Gaogan looked at the white porcelain tea mug, sneaked up to the window to take a look, then went to Yun Shuilian's table, and asked jokingly, "Shui Lian, this person looks pretty good, tell me, When did you meet?"

Since Yun Shuilian became a full-time employee, Xiao Gao has never parted ways with Yun Shuilian, and sometimes helps Yun Shuilian at work.

Yun Shuilian is originally a kind-hearted person, and the other party showed kindness, so naturally she didn't care about the small conflicts before.

"We've known each other for a while." Yun Shuilian smiled and said.

"It looks very energetic, and looks good..." Xiao Gao wandered to the window again, looked at Zhou Minghui's straight back, and gulped down the tea in his mouth, "A soldier is very reliable, and being a military wife is also an honor. "

Seeing that Yun Shuilian responded, Xiao Gao put down the tea mug in his hand, took a few steps to pull out the pen in Yun Shuilian's hand, stuffed the purse on the table into her hand, and pushed her out of the office:

"It's almost time to get off work, don't hold on, and let the comrades of the People's Liberation Army wait for a long time! Let's go, let's lock the door later!"

The scene where Yun Shuilian was pushed out of the office by Xiao Gao was watched by Zhou Minghui.

Seeing Yun Shuilian looking at the bag in her hand with a bewildered expression, and then at the closed office door, Zhou Minghui couldn't help but smile.

But when Yun Shuilian went downstairs and walked out of the women's federation gate, Zhou Minghui returned to his ice face, glanced at the watch on his wrist, and said in a very serious tone, "Comrade Yun Shuilian, you left five minutes early today. Don't be in such a hurry to come down in the future, it doesn't matter if I wait a little longer."

Yun Shuilian: "... I, I didn't come down in a hurry!

"Let's go, I'll take you home." Without giving Yun Shuilian time to refute, Zhou Minghui walked towards Xiaoyanglou after speaking.

"Wait!" Yun Shuilian came back to her senses and chased after Zhou Minghui a few steps, "Comrade Zhou, you don't have to pick me up from get off work anymore. It's broad daylight, I'll go home alone..."

"I ran into Comrade Zhang Shouyi downstairs just now." Zhou Minghui's words successfully shut Yun Shuilian up. "Comrade Yun Shuilian, if you don't plan to have sex with Comrade Zhang Shouyi, then don't contact him alone, so as not to spread the word and get a bad reputation for you."

This makes sense, Yun Shuilian nodded subconsciously.

"So, recently, I will pick you up to and from get off work, and I will also pick you up from night school, and I won't give Comrade Zhang Shouyi a chance to get close to you." Seeing Yun Shuilian's brows tightening, Zhou Minghui continued, "Don't worry, Comrade Zhang Shouyi will think about it." understandable."

Just as Yun Shuilian wanted to nod, she felt something was wrong. Looking at Zhou Minghui's serious face, her complexion gradually became strange.

"Comrade Zhou, you are also a gay man. I have a bad reputation with Comrade Zhang Shouyi, and it is also bad for you to drive me to and from get off work every day..."

Zhou Minghui glanced at Yun Shuilian, and pointedly said, "That's different.

"

Yun Shuilian subconsciously asked, "Why is it different?"

"I'm a soldier."

After Zhou Minghui finished speaking, he looked straight at the other side of the street. Yun Shuilian followed Zhou Minghui's line of sight and met Zhang Shouyi's slightly red eyes.

Seeing Yun Shuilian looking over, Zhang Shouyi moved his mouth and strode towards the two of them, "Shuilian, I have something to tell you."

Yun Shuilian glanced at Zhang Shouyi's slightly haggard face, and shook her head slightly, "Comrade Zhang Shouyi, I have told you everything I need to say. On the day you regretted your marriage, Chang Nan brought you what I wanted to say, and I I don't owe you anything, and I have nothing to say to you."

Seeing Zhang Shouyi's expression of resignation, Yun Shuilian continued, "You know in your heart that our two families have become enemies. Your father was forced by our family to apologize to hundreds of people, and he lost so much face. My father My mother was also ruined by your family, and I became a big joke, our two families are so big, do you think we can still get along with each other?"

Zhang Shouyi was so blocked by Yun Shuilian that he couldn't speak a word, his face turned green and pale, and he didn't know how to react for a long time.

Yun Shuilian sighed secretly, lowered her head slightly, and covered the astringency in her eyes, "Comrade Zhang Shouyi, don't come to me again."

Zhou Minghui's tightly clenched fists in his pockets were released quietly, and a smile appeared on the corner of his mouth, blocking Zhang Shouyi's sight, and said to Yun Shuilian in a very gentle tone, "Shui Lian, it's getting late, go home quickly. "

The two walked forward side by side, and Zhou Minghui's gentle and pleasant voice came faintly in the wind: "Wait for me downstairs at one o'clock, and I will pick you up to work later..."

Yunshang didn't know what happened to Yunshuilian, so she followed a large family to play in the courtyard for a long time, watching with great interest the two imposing uncles who came to the street to ask the people on the street to help take care of Lin Dani, He also disclosed the identity of the family through the mouths of the children in the family, scaring the Pan family and his wife in Westinghouse so much that they didn't even dare to leave the house, for fear that Dani Lin would drive them out on the spot.

Afterwards, Lin Wenlan took her three younger brothers to visit the Provincial Women's Federation and the Shoe Trade Union, and thanked the director of the Women's Federation and the leaders of the shoe factory trade union for taking care of Lin Dani...

After wandering around in this big circle, the neighbors around, the officers on the street, and the people in the shoe factory were all overwhelmed by the battle of the Lin family siblings.

No one thought that Lin Dani's identity would be so scary.

My sisters and brothers are all powerful people, and the only brother-in-law is the commander of the provincial military region. These people can scare people to death if they come out alone. Yet?

The workers in the shoe factory, especially the female workers in Lin Dani's workshop, were all like quails, hiding behind and not daring to make a sound, for fear of being hated by the Lin family sisters and brothers.

The workers in the shoe factory, especially the female workers in Lin Dani's workshop, were all like quails, hiding behind and not daring to make a sound, for fear of being hated by the Lin family sisters and brothers.

Chapter 332 What are you calling me?

The Lin family returned to the capital early the next morning, and the noisy home finally calmed down.

Yunshang had a good night's sleep, and when she woke up, she and Aunt Wu were the only ones at home who went to work and went to school.

Rubbing his sleepy eyes, he got up and put on his shoes, stepping on the mottled sunlight that came in through the leaves on the ground, and went downstairs with a flutter.

Aunt Wu brought out the millet porridge that had been hot all morning, and greeted Yunshang for breakfast, "...Leader Lin will be back at noon, and said that he will take you to the kindergarten in the afternoon."

Yun Shang: "... Is this going to send her to kindergarten?

She is a big girl, and the Bai family plans to send her to kindergarten to play childish games of peek-a-boo with a bunch of slugs?

With a dark face, Yun Chang drank the millet porridge in a few sips, found the phone number of Bai Yancheng's office from the red leather notebook on the coffee table, and asked Aunt Wu to call it for her.

While waiting for the call to connect, Yunshang was still thinking about how to call Bai Yancheng later.

It's really hard to call Dad directly, why not call Uncle Bai?

If he shouted like that, Bai Yancheng would probably vomit blood.

Or call him Commander Bai just like the soldiers under him?

But what if... Bai Yancheng really trains her as a soldier?

The expression on Yunshang's face changed, and when Bai Yancheng answered the phone, Yunshang opened her mouth and said two words: "Old Bai!"

Bai Yancheng was stunned, his face darkened immediately, and he asked coldly, "What are you calling me?"

Damn! It's so murderous!

Yun Chang's back suddenly felt chilly, and subconsciously sat up straight, "Old... Dad!"

"Yeah." Bai Yancheng grinned in response, and his voice was suddenly soft and unreasonable, "Xiao Qi, do you need to call Dad?"

Yun Chang wanted to cry but had no tears. She didn't know why she yelled out 'Dad', but after she finished yelling, she belatedly realized that calling Bai Yancheng's father wasn't so hard to say.

However, if Bai Yancheng succeeded in this way, Yunshang was still a little upset in her heart, and she couldn't get rid of her face. She immediately puffed up her cheeks and corrected Bai Yancheng solemnly amidst Aunt Wu's snickering, "It's called Yunshang."

"Yeah, Yunshang, what's the matter with calling Dad?"

"Something's wrong, you promised to buy a house for Second Brother Gu, when will you be able to buy it?"

It's been more than ten days, and I can't even buy a suitable small courtyard, and the work efficiency is too bad!

Returning to the commander of the military region is useless.

As soon as Bai Yancheng received the call, he knew that Yunshang was here to urge the house. Hearing her question, he felt helpless and funny. He pinched the microphone and called the guard standing at the door of the office, "Xiao Liu! I asked you to find him last time." Have you found your house yet?"

"Report to the commander, we've found it..."

Yunshang was holding the phone, listening to Bai Yancheng asking about the house on the other end of the phone. He heard that the house was found, it was near the military area, and the transfer could be completed in a week. Yunshang finally raised her heart after several days put it down.

Lin Wenlan is going to take her to the capital in the next few days. When she comes back from the Bai family in the capital, she will be able to buy a house for Second Brother Gu, and then she will be able to call and urge Second Brother Gu to move here.

After asking about the house, Yunshang glanced at Aunt Wu who was busy in the kitchen, lowered her voice and continued, "Dad, there is one more thing..."

"What's the matter, tell me." Bai Yancheng replied happily.

The little girl is finally willing to call her father, let alone one thing, even ten things have to be done.

"I called my aunt yesterday.

I heard that Comrade Zhou Mingjie from the Armed Forces Department of Fenyang picks up my aunt to and from get off work every day, and picks up my aunt from the gate of the night school every night. Don't you know someone from the Armed Forces Department? Ask this Zhou Minghui what he does and whether he looks good Looks good, can you be my uncle. "

Bai Yancheng was speechless for a while, did my daughter use him as an intelligence agent?

At such a young age, like a matchmaker, she worried about Yun Shuilian's lifelong affairs. Who taught her these things?

After waiting for Bai Yancheng's answer, Yun Chang suddenly became anxious, "Can you do this?" If you can't do it, then my father's yelling is not for nothing?

Bai Yancheng came back to his senses, sighed and said, "Okay, I'll help your aunt find out about Zhou Minghui's origin."

After handing over the matter of investigating Zhou Minghui to Bai Yancheng, Yun Shang rubbed her messy hair, went upstairs to change her clothes, tied her pigtails, and nestled on the sofa with a comic book in her hand. Waiting for the family to come back for lunch.

At noon, the family came back one after another.

For the first time, Yunshang didn't stick to Bai Qingzheng and Bai Qingyue, instead, she stuck to Bai Yancheng's feet like a follower and circled around, pouring boiling water for Bai Yancheng to please, and asking if Bai Yancheng was hot, Tired of going to work, just like a filial daughter.

Bai Yancheng took the tea brought by Yunshang with a smile, glanced at the jealous Lin Wenlan very embarrassingly, and took Yunshang into the study under the surprised eyes of the three brothers and sisters.

"Dad, is that person surnamed Zhou reliable?" Yun Shang climbed onto the chair and asked impatiently,

Hearing Yun Shang calling his father face to face, Bai Yancheng couldn't hide the smile on his face. He pulled out a chair from the table, sat down next to Yun Shang, and asked slowly, "Xiaoqi, what are you doing?" When did you meet Zhou Minghui?"

"My name is Yunshang." Yunshang immediately corrected Bai Yancheng with a straight face.

"Yeah, Yunshang's name is Yunshang, and her nickname is Xiaoqi, so there's no conflict...Xiaoqi, when did your aunt know Zhou Minghui?"

Yun Shang: "... Why is Daddy so cunning?

Yun Chang pretended to be angry, puffed her cheeks, and turned her head aside to not look at Bai Yancheng.

In less than a minute, Bai Yancheng couldn't help but surrender, "All right, Chang Nan, that Zhou Minghui seems to be fine at the moment."

Yun Chang turned her head and stared at Bai Yancheng without blinking, waiting for him to continue.

"Zhou Minghui is from the provincial capital. He is 25 years old this year. He was injured in the army last year. His superiors arranged him to work in the Fenyang Armed Forces. There are two older brothers and two older sisters in his family. Zhou Minghui is the youngest child in the family."

Yun Chang nodded and continued to ask, "What do the Zhou family do? Are you getting along well?"

"The two elder sisters of the Zhou family are workers. Brother Zhou Minghui works in the city secretariat. He is usually responsible for writing manuscripts for the leaders. He has no real power and does not hinder the eyes of others. The family life is not bad. The second brother is in the Southwest Military Region. , is now the deputy battalion commander, the couple settled down there and have not come back all year round."

Yun Shang was satisfied, "So, Zhou Minghui's family is pretty good?"

"Don't get too excited." Bai Yancheng took a sip of tea and asked Yunshang, "Shangnan, don't you think Zhou Minghui's name sounds familiar?"

Chapter 333 I won't go to kindergarten to play house

Yun Chang frowned, "Where does it sound familiar?"

"Did Gu Shinian tell you about the Gu family?" Bai Yancheng said, pointing in the direction of the Gu family, "The current daughter-in-law of Political Commissar Gu..."

"Zhou Mingjuan!" Yun Chang's eyes widened, and she was stunned for a long time before she asked, "Zhou Mingjuan? Zhou Minghui...is this a family?"

"Zhou Mingjuan is Zhou Minghui's cousin, and their fathers are brothers. However, Zhou Minghui's family passed away more than ten years ago. Zhou Minghui's family and Zhou Mingjuan's family have not lived together these years, and they don't have much contact with each other."

As soon as she heard that Zhou Minghui and Zhou Mingjuan had a relationship, Yunshang's first reaction was that Zhou Minghui couldn't date him, but after hearing Bai Yancheng's last sentence, Yunshang calmed down.

Holding his cheeks, he stared at Bai Yancheng for a moment, beckoning him to continue.

"Grandpa Zhou Minghui has three sons, and Zhou Minghui's father is the second eldest. His great-grandfather's family was destroyed by the devils, leaving him alone. Later, the two families discussed and adopted Zhou Minghui's family to Dafang. one.

In other words, Zhou Minghui and Zhou Mingjuan were supposed to be cousins in the same room, but now they are cousins in the next room. "

Yunshang snapped her fingers and stroked for a long time before smoothing out the relationship between Zhou Minghui's family and Zhou Mingjuan's family, and then asked, "Why don't Zhou Minghui's family and Zhou Mingjuan's family stay in touch? Is there a fight between the two families?" ?”

Bai Yancheng was stunned for a moment, and asked curiously, "Shangnan, do you know what the relationship between these two families is now?"

"I know." Yun Shang nodded, "Zhou Minghui's current grandfather is Zhou Mingjuan's great-grandpa, and they are cousins in the next room."

Bai Yancheng really didn't expect that Yunshang's small head would be able to smooth over the Zhou family's adoption. He stared at Yunshang for a long time, and couldn't help but reached out and rubbed Yunshang's small head.

"The two of them didn't fight, but the Zhou family's hometown is in Fenyang. After Zhou Minghui's family adopted Dafang, the family followed the old man back to Fenyang for a few years. In the 1950s, Dafang's family was born. Moved back to the provincial capital, but the house in the provincial capital is far away from the second bedroom, and the two sides don't communicate much at ordinary times."

Hearing this, Yun Shang was so worried that her little brows were knotted.

Why did Zhou Minghui get involved with Zhou Mingjuan?

Zhou Mingjuan will be sent down in the future. Will Zhou Minghui's family be implicated?

Besides, to be able to raise such a shameless girl as Zhou Mingjuan, the temperament of the second wife of the Zhou family is probably not much better.

Zhou Minghui's father grew up in the second room and got married, and had five cubs. Is there anyone in this family like Zhou Mingjuan?

Bai Yancheng could see through what Yunshang was thinking at a glance, put down the tea mug in his hand, smiled and comforted the worrying little girl, "Shangnan, you are an adult, you know what you are doing, you just have to eat every day for fun. That's fine, don't worry about your business."

Yun Chang gave Bai Yancheng a very dissatisfied look.

Why is she not worried?

As for Yun Shuilian's stupid brain, if she doesn't take care of her, she might be abducted one day.

The old couple raised their daughter as an eyeball, so they couldn't just marry into a wolf's den and suffer.

"Don't worry, Zhou Minghui's character is not bad, and he can stand up. The two elder brothers of the Zhou family are also kind people. If your aunt marries into the Zhou family, she will not suffer in the future."

Yun Shang nodded, and decided to call Yun Shuilian in the afternoon, to shake off Zhou Minghui's details, and to say more bad things about the Zhou family.

Whether Yun Shuilian will be with Zhou Minghui in the future is up to her to decide.

Coming out of the study, Lin Wenlan glared at Bai Yancheng angrily, pulled Yunshang to sit down on the sofa, and asked as if discussing, "Shangnan, the six-year-old children in the courtyard are all in kindergarten. Mom will take you to the kindergarten too, okay?"

"not good!"

Yun Shang simply refused.

Go to kindergarten?

Brother Gu will die laughing if he finds out!

Lin Wenlan frowned, "Shangnan, tell mom, why don't you want to go to kindergarten? If you don't go to school, you won't make friends, and no one will play with you when you go out."

Yun Chang secretly rolled her eyes.

What is a friend? Can I eat it?

In her previous life, people kept approaching her and wanted to make friends with her, but in the end, they were either scared away by her bodyguards, or cast restless eyes on Second Brother Gu. There is no real friend.

So she doesn't need friends or anything!

Besides, she also has the almighty second brother Gu, one second brother Gu can be as good as ten good friends, why is she making so much effort to make those unreliable friends?

Thinking of this, Yunshang shook her head firmly again, "I can read comic books, play with older brothers and younger brothers, play with older sisters, and play with older brothers Dacheng. I am an adult, so I don't take care of kindergarten. Let's help the little slug play." Most importantly, I have Brother Gu!

Lin Wenlan and Bai Yancheng looked at each other, not knowing what to say for a while.

She is an adult now?

Kindergarten slugs?

His little girl, why doesn't she always play her cards according to the routine?

In the eyes of Bai Qingzheng and Bai Qingyue holding back their laughter, Bai Qingming straightened her small chest and supported Yunshang, "Xiaoqi is right! Kindergarten is a bunch of little slugs, whoever urinates farther in a competition, or whoever is in a competition The snout can blow out big bubbles, it's so dirty! Xiao Qi loves to be clean so much, so she can't go to kindergarten, so she stays at home. At worst, I won't go to school, and I will play with Xiao Qi at home."

Yun Shang: "... Brother, where's your face?"

Everyone: "... Bai Qingming hasn't been beaten for several days, counting the time, it's time for the beating.

Bai Yancheng got up silently, and took out a stick with long arms and thick fingers from the study. Bai Qingming saw it, jumped up from the sofa, picked up the schoolbag on the coffee table, and rushed out.

"Dad! That's all I said. I want to go to school, so I won't stay home with Xiao Qi..."

Yun Chang looked at the stick in Bai Yancheng's hand, silently moved towards Lin Wenlan's direction, pursed her mouth, and resolutely refused to mention school.

Bai Yancheng coughed uncomfortably, threw the stick on the coffee table, and then asked Yunshang, "Shangnan, other people's children who are as old as you go to school, if you don't go to school, you won't know how to read. The kids in the yard will laugh at you."

"I can read!" Yun Shang puffed her cheeks, her expression unconvinced, "My aunt taught me how to read, and I can go to the third grade now! I'm an older child, why go to kindergarten with little kids Play house games!"

"Third grade?"

"Are you literate?"

Bai Yancheng and Lin Wenlan asked at the same time, even Bai Qingzheng and Bai Qingyue looked at Yunshang curiously.

Yunshang nodded, proudly raised her chin, "I will do Dacheng's homework! My aunt said that I am a young genius, and I will be a good material for college entrance exams in the future!"

#### Chapter 334: Departure

I'm already a little genius, you still want me to go to kindergarten?

There is no reason to force the king to mix with the bronze ring!

Yun Shang said it seriously, and even found Bai Qingming's homework book full of mistakes, ticked out the mistakes in the homework book in front of Bai Yancheng and Lin Wenlan, and corrected them one by one.

The Baiyancheng couple looked at Yunshang's beautiful handwriting, and they couldn't say anything about letting her go to kindergarten.

But looking at Yunshang's white and tender face, with Baozi's face that looks like a bully, the two of them were really worried about letting Yunshang skip a grade and go directly to the third grade.

Nowadays, children generally go to school late, and there are many children who go to school at the age of eight or nine. After entering the third grade, they are almost eleven or twelve years old.

Yunshang is a six-year-old child, still a girl, sitting among tall and big classmates, can she be set off as a little white rabbit who is easy to bully?

Besides, Yunshang is five or six years younger than her classmates, and her height reaches others' chests at most, so those older kids can't take Yunshang around for a walk.

But my daughter thinks that the children in the kindergarten are stupid and doesn't want to play with children of the same age. What should I do about this?

You can't be young, just like a retired old man, half leaning on the sofa every day, crossing your legs, and holding a comic book, right?

Lin Wenlan gave Bai Yancheng a wink, got up and walked to the study, Bai Yancheng received the signal, and quickly followed in with the brewed tea.

"...What about Xiaoqi's going to school? This kid doesn't like to go out to play all day, and he doesn't like to deal with other kids... He's too lonely. If he doesn't make friends, what will he do when he grows up?"

"If the child doesn't want to go to kindergarten, he won't go. Anyway, he is still young, so let's play at home for a year. If your art troupe is too busy, I can also take Xiaoqi to the military area to relax. Maybe after Xiaoqi Would you like to be a soldier..."

Yun Chang, who was eavesdropping with her mental strength, almost rolled off the sofa.

This Bai Yancheng actually planned to let her serve as a soldier!

It's so irritating!

If I had known, she had agreed to go to kindergarten just now!

Yun Shang puffed her cheeks and continued to eavesdrop on the conversation between the two, "... Qingming is not good for studying, so I might as well keep a grade, and let Xiaoqi skip a grade later, and the two of them can sit at the same table, so I don't have to worry about someone bullying Xiaoqi."

"Can Qingming agree?"

"I am his father! How dare he not listen to what I say?"

"If you dare to be disobedient, I can't beat him to death!" Yun Shang secretly added a sentence for Bai Yancheng.

Lin Wenlan also seemed a little annoyed, and raised her voice a little, "What are you doing disobedient? Beat up the little six again? Bai Yancheng! If you dare to beat up the little six in the future, I will never stop with you!"

Listening to Bai Yancheng lowering his voice and constantly admitting his mistakes to Lin Wenlan, Yun Chang couldn't help but snicker.

Her cheap father is actually pretty good, he doesn't have the stink of machismo that most men have nowadays, he respects Lin Wenlan, and he also loves the children in the family.

After observing for a while, Yun Chang felt that the Bai family was very good, and she was quite comfortable and happy in the Bai family.

Generally speaking, life in Bai's house is better than she imagined.

Yun Shang withdrew her mental power, and began to think about making up for Bai Qingming.

Since she doesn't want to go to school, she has to find a way to find something for herself to do, otherwise, she will be dragged by Bai Yancheng to run circles in the military area.

There is also Bai Qingming, who looks very clever, why is his academic performance so poor?

She is only in the second grade, and she can test single digits in math. She is so embarrassed that she doesn't want to recognize this little brother anymore.

Moreover, Bai Qingming is too inconsistent with her image of a 'dominant soldier'!

Those young masters in the later generations will not have good grades, at least they will pretend to be aggressive, and they all look like dogs on the outside, and they can fool girls who don't know the truth.

But people like Bai Qingming are simply the ones who just let go.

His grades are bad, his temper is out of character, and he can't even pretend to be aggressive. It's really useless to be blind to such a good family background.

If this continues, Yunshang is really worried that Bai Qingming won't even be able to marry a wife when he grows up.

Bai Qingming didn't know that he was being targeted by his unscrupulous father and his worrying little sister, and he didn't know that he would be locked up at home by Yunshang under the pretext of making up lessons, and took his temper for half a year.

At this moment, he was lying on the sofa, watching Lin Wenlan help Yun Shang pack her luggage with an aggrieved expression.

"Mom, it's too hard for you to bring Xiao Qi back to the capital alone, or I will go back with you, and I can help you take care of Xiao Qi on the way."

Yun Chang rolled her eyes very impolitely, and took out the homework book from Bai Qingming's schoolbag and threw it over, "You even got an eighth in the math test, how dare you take care of me? I'm not afraid that people will ask you how your grades are, and smear my face?"

Will a young genius need to be taken care of by a scumbag?

What a joke!

Amidst the laughter of the whole family, Bai Qingming jumped up and grabbed the homework, crumpled it up and stuffed it into the schoolbag, "Xiao Qi! Don't be complacent! I still go to school anyway, you don't even dare to go to school!"

Yun Shang curled her lips, turned her head, folded up her favorite little skirt and stuffed it into the suitcase.

She was leaving for the capital at night, so she didn't have time to argue with Bai Qingming. She had better pack up her things quickly and bring a few more beautiful little dresses.

Bai Qingming felt aggrieved, don't want it.

Isn't it just a bad study?

Why did Xiaoqi despise him like this?

I feel ashamed even playing with him, is this the attitude you should have towards your own brother!

Bai Yancheng and Lin Wenlan didn't pay attention to the fight between the two children. After packing up their things, they put the eggs cooked by Aunt Wu in advance in the lunch box, and waited for Xiao Liu to pick up Lin Dani and Dacheng. Cheng Cai carried the suitcase and sat in the passenger seat with Yun Chang in his arms.

Lin Wenlan gave some instructions to Bai Qingzheng and Bai Qingyue, and then focused on Bai Qingming, before turning around and getting into the back seat of the jeep.

A few people bought tickets for the 10:30 p.m. train. If the train was not delayed, they would be able to reach the capital at 6:30 a.m.

Bai Yancheng and Xiao Liu sent a few people to the car, found a good place, put the luggage away, and filled the kettle with boiling water. It was not until the train was about to leave that Bai Yancheng rubbed Yun Shang's head, turned around and got off. car.

In this era, Yunshang has taken the train several times, but this is the first time she has taken a sleeper, and it is still a soft sleeper.

There are four beds in a box, and when the door is closed at night, it becomes an independent small single room.

Yun Chang sat on the bed, looked around, and found that the box was quite clean, and the quilt on the bed also smelled of sunshine.

Dacheng wandered back from the outside and saw Yunshang leaning on the quilt with her legs crossed, letting Lin Wenlan wipe her feet with a wet towel while humming an unknown tune comfortably.

With the appearance of the second generation ancestor, Dacheng is almost blind.

The corner of his mouth twitched, and he leaned over to ask Yunshang, "Sister Yunshang, have you called Brother Shi Nian recently? When will he come to the provincial capital?"

Chapter 335 You Should Know Me

"In about ten days, my second brother Gu has been very busy recently."

"What are you busy with, bro?"

Yun Chang pouted and said, "I'm busy going to school." She was also busy transferring the house to Widow Wang, and was busy trying to persuade Third Grandpa to let him go to the Northeast... By the way, she was also busy making trouble for Er Ya!

Although the police did not find the source of the report letter, the handwriting on the letter was very delicate, resembling a woman's handwriting.

Although the handwriting on the letter is different from Erya's handwriting, at present, it seems that Erya is the most suspicious, and Erya has tripped Yun Chang more than once, so Gu Shinian didn't intend to let Erya just let her go. Ya.

When Gu Shinian called yesterday, he said that Erya accidentally fell when she was going downstairs and rolled down the stairs on the second floor. Her ankle was so swollen that she would not be able to walk for half a month.

He also said that Zhou Xiuxue was smart, seeing that Erya couldn't get out of bed, she took the opportunity to get a basin of muddy water downstairs, broke into Erya's house, poured Erya into a clay figurine, and even covered the bed with muddy water.

Even Erya's newly bought foreign porcelain jar and aluminum lunch box were smashed flat by Zhou Xiu with a bench.

Erya sat on the bed and couldn't move. She could only watch Zhou Xiu wreak havoc at home. If she dared to scold Zhou Xiu, Zhou Xiu would stand under the bed and beat Erya with a long stick. Erya couldn't even resist...

Yun Chang imagined Erya's miserable situation, and couldn't help laughing again.

Although Gu Shinian didn't say it clearly, Yun Chang knew in her heart that it was Gu Shinian's handwriting that Er Ya fell down the stairs.

Gu Shinian felt that Erya was too idle, and was causing trouble for her by wandering around, so he let Erya lie on the bed to rest.

As for Zhou Xiu, it was purely because Erya couldn't move anymore, and took the opportunity to bully Erya to vent her anger for fun.

Lin Wenlan narrowed her eyes when she saw that Yun Shang was so happy, and thought that Yun Shang was ticklish, so she quickly put down Yun Shang's little feet and went out to wash towels.

When Lin Dani came back from washing, she saw Dacheng approaching Yunshang's bedside, muttering something in a whisper, while Yunshang was shaking her toes and giggling from time to time...

It was getting late, Lin Wenlan came back from washing, closed the box door, chatted with Lin Dani for a few words, and urged the two little ones to close their eyes and go to sleep...

.....

Yun Shuilian walked out of the classroom, and subconsciously glanced at the reception room at the school gate. She was slightly relieved that she didn't see a familiar figure under the light bulb.

Ever since Yunshang called and said that Zhou Minghui was Gu Shinin's mother's cousin, she excluded Zhou Minghui from her circle of life.

Although Zhou Minghui was indeed a very good marriage partner in all aspects, Yun Shuilian didn't feel it was a pity. Compared with Zhou Minghui who didn't know his background, it was obvious that Gu Shinian was more important.

Yun Shuilian carried the bag of books and followed the students out of the school gate. She immediately saw Gu Shinian sitting on the bicycle, talking to two half-grown boys.

Seeing Yun Shuilian approaching, Gu Shinian got out of the car and brought the two boys over.

"Shinian, is this your friend?" Yun Shuilian looked curiously at Gu Shinian's little friend.

Gu Shinian pointed to the tall, thin boy with a sallow complexion and said, "This is Gangzi."

After speaking, he pointed to the shorter boy in a khaki shirt, "This is Xiao Qingzi."

"Aunt Yun, Gangzi and Xiaoqingzi are my friends. If I'm not in Fenyang in the future, Gangzi and Xiaoqingzi will come to pick you up every night. If you have anything to do, you can leave it to Gangzi Zi and Xiao Qingzi deal with it."

His affairs in Fenyang are almost done.

When Ming'er delivers Widow Wang's furniture to the newly purchased small courtyard, and then resets the house in the small western-style building, it's almost time to leave for the provincial capital.

Now Yun Erchuan stays at the aluminum factory all day and cannot come back, Yun Shuilian takes care of the three apartments by herself, and has to go to night school at night, it is really not safe.

Yunshang is very fond of Yunshuilian, and before he goes to the provincial capital, he has to make arrangements for Yunshang's affairs.

Both Gangzi and Xiaoqingzi were very polite, and as soon as Gu Shinian finished speaking, they hurriedly greeted Yun Shuilian.

Xiao Qingzi was particularly discerning, and her mouth was sweet, so she quickly took the book bag from Yun Shuilian's hand, and said with eyebrows bent:

"Aunt Yun, don't worry, Gangzi and I will send you home safely in the future. By the way, the family will receive food or briquettes every month in the future. You should say hello in advance, and Gangzi and I will line up to get you back." , these rough jobs, just leave it to the two of us."

Yun Shuilian was stunned, and after subconsciously thanking the two of them, she looked at Gu Shinian dumbly, "Shinian, you, you, are you going back to Qinghe?" two helpers.

"I plan to go to the provincial capital, and I will be on vacation in about ten days. After school starts, I may have to transfer to the provincial capital to go to school."

Just as Yun Shuilian was about to nod, she immediately reacted, "Then have you discussed it with your family? Your mother...will you agree to go to the provincial capital?"

After getting along for so long, the Yun family naturally knew about Zhang Chunni and Gu Huaqing's fight for their son.

Zhang Chunni's eldest son has been snatched away by Gu Huaqing, now that Gu Shinian is going to the provincial capital, can Zhang Chunni rest assured?

Gu Shinian smiled, and only said "My mother likes A-Shang very much", and then stopped talking.

There were outsiders around at the moment, Gu Shinian didn't speak too carefully, but Yun Shuilian understood that Zhang Chunni agreed with Gu Shinian to go to the provincial capital.

Walking to the corner, Yun Shuilian saw Zhou Minghui standing under the streetlight, looking sideways at her.

Sensing Yun Shuilian's footsteps, Gu Shinian followed her gaze and immediately reacted, "Aunt Yun, that person is Zhou Minghui that A Chang mentioned?"

Yun Shuilian nodded embarrassingly.

If she had known that Zhou Minghui was Zhou Mingjuan's cousin, she would have never dealt with Zhou Minghui, and now she would not have to hold her head up in front of Gu Shinian.

Gu Shinian didn't care about Yun Shuilian's thoughts. They turned from the main road into a small alley, and when they got out of the alley, Gu Shinian handed the bicycle to Gangzi, and sent the two of them to send Yun Shuilian back first. Turned around and walked towards Zhou Minghui.

Zhou Minghui watched several half-grown boys escort Yun Shuilian out of the darkest alley, and was about to go home when he saw one of the children walking towards him, so he couldn't help but stop.

"Did Comrade Yun Shuilian have something for me?" Zhou Minghui asked after seeing Gu Shinian stop in front of him.

Gu Shinian smiled, his eyes were calm, and his expression was very peaceful, "No, I have something to talk to you about."

Zhou Minghui frowned slightly, then nodded.

"You should know Gu Huaqing, right?" Gu Shinian stared closely at Zhou Minghui's eyes, and seeing the surprised look in his eyes, he immediately understood, "Since you know Gu Huaqing, then you should know me too."

Chapter 336 good object

"I'm from Qinghe County, my surname is Gu, and my name is Gu Niannian, which means ten years in ten years. My mother's name is Zhang Chunni..."

Following Gu Shinian's words, Zhou Minghui's complexion gradually became ugly.

Of course he had heard of Zhang Chunni's name, and he also knew that Gu Shinian was two months younger than Gu Mingzhu, the child born after Zhang Chunni left the Gu family.

Looking at the child whose name and gender he didn't know back then, standing in front of him at this moment, he said calmly that his name was 'Ten Years'. The metaphor implied in the name was like a sharp sword piercing through him, which made Zhou Minghui feel embarrassed for a moment.

Zhang Chunni must have hated Zhou Mingjuan for naming her child Ten Years, right?

Thinking about it, I married into Gu's family for ten years, gave birth to two children, and still carried one in my stomach. I finally survived the war-torn days. I just moved into the compound of the military area, and I haven't had time to use the name of the wife of the political commissar. No sooner did she gain a foothold in the compound, her family, including the man, was snatched away by her cousin in a shady way.

It can be said that Zhang Chunni followed Gu Huaqing through ten years of fearful hardships, but at the end of the hardships, his cousin picked ready-made peaches.

It was also Zhou Mingjuan's good luck to meet Zhang Chunni, who was more stubborn and disdained to entangle with Gu Huaqing to the end. If it were any other woman, she would either risk her life to fight Zhou Mingjuan to the end, or hang herself with a rope at the gate of the military compound.

At that time, regardless of whether Gu Huaqing can secure the position of political commissar, even Zhou Mingjuan will be drowned by the spittle of everyone in the family courtyard...

Although Zhou Mingjuan did the immoral things, as a member of the Zhou family, Zhou Minghui still blushed and felt unable to lift his head when he met Gu Shinian's calm eyes.

No way, who made their old Zhou's family raise a shameless girl like Zhou Mingjuan?

Seeing Zhou Minghui's embarrassing face turn green and then pale, and when his lips were tightly pursed, Gu Shinian smiled again: "I changed my name last year to time."

"'Shi Nian' is quite good, better than ten years." Zhou Minghui rubbed his face uncomfortably, and then asked, "In Shi Nian, Comrade Yun Shuilian ignored me because I was Zhou Mingjuan's cousin because of?"

"Not entirely." Seeing the slightly nervous expression on Zhou Minghui's face, Gu Shinian simply said clearly:

"Zhou Mingjuan went to Qinghe County last year and brought Gu Guangzong, my eldest son who had been raised by my mother for seventeen years, back to the provincial capital. I wrote a statement to sever the father-son relationship with Gu Huaqing, have you heard of these things?"

Gu Shinian finished talking about the good deeds Zhou Mingjuan had done in a few words.

Zhou Minghui was angry and ashamed, blushing, and it took a long time to suppress the shame in his heart and said, "No wonder Shuilian refused to talk to me... I was just transferred to the Fenyang Armed Forces Department last year, and I didn't do it during the Chinese New Year." Back home, I haven't heard about it. If I had known earlier, I..."

"I knew you would not be able to stop Zhou Mingjuan." Gu Shinian smiled mockingly, "This is a matter for our Gu family. Gu Huaqing is the political commissar of the military region, and Zhou Mingjuan is now the political commissar's wife. Even if you knew earlier, why would you let your identity block Zhou Mingjuan?" Just because you are a small officer in the Armed Forces Department?

Zhou Minghui's face became even uglier, and it took a long time before he spoke with difficulty:

"Actually...our family and Zhou Mingjuan's family have had very little contact. Our family adopted from Zhou Mingjuan's family more than ten years ago. In the past few years, our family has stayed in Fenyang, with Zhou Mingjuan's family. The home is far away, and there are not many contacts.

It was only after returning to the provincial capital in 1950 that I heard about Zhou Mingjuan and your father. It's just that they are separated by a room, and the two sides had some disagreements over the matter of the house... The most my grandfather can do is to restrain the people in our room.

Regarding Zhou Mingjuan's wrong doings, my grandfather, as the elder next door, cannot directly intervene. Of course, Zhou Mingjuan was already with Political Commissar Gu when he returned to the provincial capital, so even if my grandfather wanted to, it was too late.

At that time, no matter what you say, what happened back then was Zhou Mingjuan's fault.

It's because our Zhou family didn't teach a good girl..."

When Zhou Minghui spoke, the expression on his face was very sincere, and he talked about his relationship with Zhou Mingjuan very frankly and generously. He also revealed in his words that the Zhou family's first family and the second room had a dispute because of the house, and they didn't have much contact with each other. He even stood firm during the conversation, saying that what happened back then was Zhou Mingjuan's fault, and he didn't intend to cover Zhou Mingjuan at all.

Regarding Zhou Minghui's sincere analysis, Gu Shinian didn't take it seriously.

He didn't care why the two families of the Zhou family had conflicts, and he didn't care whether Zhou Minghui apologized for Zhou Mingjuan.

Just like Zhang Chunni never needs Zhou Mingjuan's apology, their family will never accept any form of Zhou Mingjuan's apology. those sufferings.

Just like at this moment, he just wanted to know if Zhou Minghui was reliable?

In the future, after Zhou Mingjuan is transferred to the lower levels and reformed, can the Zhou family disassociate themselves from this married woman, Zhou Mingjuan?

If Zhou Mingjuan insists on going back to her mother's house, can the first wife of the Zhou family draw a clear line with the second wife immediately?

The most important point, has the Zhou family's eldest family had a relationship with Gu Huaqing over the years?

Gu Shinian didn't hide his thoughts, and directly put these questions in front of Zhou Minghui one by one.

Knowing that the first wife of the Zhou family had never been in contact with Gu Huaqing, and that the first wife and second wife had become more and more distant over the years, Gu Shinian felt a little relieved.

At present, it seems that Zhou Minghui is fairly upright and clear-headed. He is indeed a good marriage partner.

Since Zhou Minghui is not bad, Gu Shinian doesn't plan to meddle in the future, and he doesn't intend to let Yun Shang continue to meddle. Whether Zhou Minghui and Yun Shuilian can go so far depends on his own ability.

After Gu Shinian left, Zhou Minghui stood alone under the streetlight for a long time, until a patrolman approached from a distance, Zhou Minghui threw away his cigarette butt, turned around and walked down the road...

.....

Yun Chang woke up and found that she was lying in Lin Wenlan's arms, not on the train, but in a speeding car.

If it hadn't been confirmed that Lin Wenlan was her real mother in this life, Yun Shang would have thought that she had been kidnapped.

How could there be any reason to change the means of transportation quietly without waking her up?

This feeling is simply too weird.

Seeing Yun Shang sitting up in a daze, Lin Wenlan rubbed Yun Shang's slightly sweaty forehead, then turned on the kettle and let her drink some warm water.

### Chapter 337 Call Grandpa

Mom, where are Aunt Lin and Brother Dacheng? "Already called Bai Yancheng's father, Yun Chang simply broke the jar, suppressed the reluctance in his heart, and called Lin Wenlan's mother.

Lin Wenlan loved her more than Bai Yancheng, it made no sense to call Bai Yancheng, but not Lin Wenlan, what if Lin Wenlan was sad?

Lin Wenlan didn't know the little entanglement in Yunshang's heart. Seeing Yunshang had been home for so many days, she finally called her mother, and she was so happy that she couldn't speak, and the corners of her eyes unconsciously became wet.

Xiao Qi called her mother, does it mean that Xiao Qi doesn't blame her anymore and formally accepts her mother?

"Your eldest uncle came to pick up your aunt and Dacheng, they are in the car in front." Lin Wenlan smiled with red eyes, "Shangnan, how about we go back to our own home first, and then go to grandma's house tomorrow?"

Yun Chang nodded, and looked at the man in the passenger seat who had been turning his head to look at her. He is about 21 or 20 years old, with dark skin, a Chinese character face, sword eyebrows and star-like eyes. He looks very energetic and good-looking. If you look carefully, the man's eyebrows and eyes are somewhat similar to Bai Qingzheng and Bai Qingming.

"Little... Changnan, this is your big brother Bai Qingze, call someone quickly." Lin Wenlan rubbed Yun Shang's head and introduced them.

Yunshang straightened his expression, with a stern face, and stretched out his hand to the smiling Bai Qingze, "Hello, Comrade Bai Qingze, I'm Bai Yunshang, this is the first time we meet, please take care of me."

Lin Wenlan: "... Where did Xiao Qi learn such polite manners?

It's... so human.

Bai Qingze shook hands with Yunshang in a serious manner, "Hello, Xiao Qi, I'm Bai Qingze, it's the first time we meet, please take care of Brother Datang from Xiao Qi in the future."

After the words fell, Bai Qingze couldn't help laughing anymore, and turned to Lin Wenlan and said, "Second Aunt, Second Uncle is really right, our Xiaoqi is a real treasure!"

Yun Chang is not happy.

She is not a living treasure!

She's baby, big baby!

Forget it, it doesn't matter whether it's a live treasure or a treasure, let's correct the name problem first.

"Brother Hall, I'm an older child, don't call me Xiaoqi, call me Yunshang, or Changnan."

Bai Qingze nodded with a smile, "Okay, I will call you Comrade Yunshang from now on!"

Yun Chang curled her lips, got into Lin Wenlan's arms and couldn't get out.

You still call me Comrade Yunshang, don't think I can't tell you are teasing me!

This is not good for children, no one takes what they say seriously.

Lin Wenlan put her arms around Yun Chang, asking about the family situation, and when the car drove into the courtyard, Yun Chang almost figured out the details of the Bai family from the conversation between the two.

The old couple of the Bai family were the first group of people to join the army. In the early years, they fought with Bugui and made a lot of contributions.

After the founding of the People's Republic of China, the old man directly won the title of the founding general, and now in the compound, the old man is definitely the highest-ranking group.

However, the old lady was seriously injured a few years ago, and her health has not been very good. The old injury recurred in the past two years, and she was lying in the hospital for more than half a year, but she still did not survive.

Ever since the old lady passed away, the old man has been in poor spirits. In the past two years, he has seldom been a director. He raises flowers at home every day, or plays chess with his old comrades. He lives an ordinary life.

The old couple of the Bai family have two sons and two daughters. The eldest son, Bai Yanming, is currently working in the Beijing Military Region. The eldest daughter-in-law, Cheng Guo, is a military doctor.

The two had three sons in front of them. The eldest son, Bai Qingze, also joined the army after graduating from university. The second son, Bai Qingyuan, and the third son, Bai Qingjie, were only one year apart. Both of them were studying at Capital University.

The second son is Bai Yancheng's family, and they are now settling down in Linyang.

The two daughters of the Bai family are twins. The eldest daughter, Bai Yanchun, are both teachers. They are currently teaching high school in a school for children of the army. The youngest daughter, Bai Yanqiu, works in the planning committee. The man is in charge of logistics in the army. The work is relatively easy. ...

As soon as the car stopped in front of a small three-story western-style building, Bai Qingzheng opened the rear door, picked up Yunshang in one hand, and Lin Wenlan's luggage in the other, and strode into the courtyard gate.

"Master! Look,

It's Xiao Qi! Second Aunt brought Xiaoqi back! "

As soon as he entered the main entrance, Bai Qingze said to the gray-haired old man who stood up tremblingly from the sofa.

The old man quickly put on the reading glasses in his hand, looked Yun Shang up and down, the corners of his mouth trembling unconsciously, "That's right, it's our Xiao Qi."

As soon as he finished speaking, Lin Wenlan also came in, pulled Yunshang to the old man, "Dad, this is our Xiao Qi, you called that day, and Yan Cheng and I went to Fenyang overnight, and took our family Xiaoqi took it back."

The old man nodded, raised his hand and touched Yunshang's head, with a self-confident smile on his face, "Xiao Qi, I'm Grandpa, my name is Grandpa."

Seeing the old man's twisted and almost deformed face, Yunshang's eyelids twitched and twitched, wanting the old man to keep a straight face and never laugh, but when she met the old man's slightly moist and gentle eyes, she unconsciously behaved obediently Shouted, "Grandpa."

The wrinkles on the old man's face deepened. He took the toffee biscuit on the table and stuffed it into Yunshang's pocket.

Great!

The family finally has a delicate and soft granddaughter.

There are three skinny boys in the old family, each of them is tall and burly, and if he doesn't see anyone all day long, even if he sees someone, he will be skinnier than the other, which is not fun at all. How can there be a granddaughter who is cute and cute?

Besides, at Xiao Qi's current age, it's the most fun time, and he will coax him with delicious food, and then take Xiao Qi out to show off to those bad old men.

"I've greeted my family. There is something wrong with Yan Ming's army and I can't come back. Your sister-in-law has an operation in the morning, and she will come back after the operation. Yan Chun and Yan Qiu's two families will also come at noon. You have had breakfast Go upstairs and rest."

After the old man ordered Lin Wenlan, he took the millet porridge that Bai Qingze brought over, and looked at Yunshang eagerly for breakfast.

When Yunshang finished a bowl of millet porridge, the old man grinned, grabbed the candies and biscuits on the table and stuffed them into Yunshang's army bag, then put the army bag around Yunshang's neck, and dragged her to the door :

"Let's go! Grandpa will take you out for a stroll, and I will give you a red envelope by the way!"

Yun Chang's eyes lit up, she looked down at her clothes, she pouted her buttocks, she didn't understand, "Master! Wait, I'll change into nice clothes before I go." At least I have to wash my face, and then put The pigtails are tied again.

If she was sloppy going to other people's house to ask for red envelopes, she should have given ten yuan, but seeing her sloppy appearance, she could only give five yuan at most.

The old man is a straight man straighter than steel, and he can't figure out why Yun Shang insists on changing clothes and washing his face.

In his opinion, Yunshang looks very good now.

White and tender, white shirt, green pants, plus a pair of white sneakers, how energetic!

Why do you want to change clothes?

Chapter 338: One is more greedy than one

Seeing that the old man was wearing an old military uniform that was worn white, Yun Shang didn't change into the new shirt and skirt that Lin Wenlan took out, but instead wore a newly modified small military uniform. She braided two small braids, then put on a small military bag, and went downstairs with a high spirit like a little soldier.

The old man was very happy when he saw Yun Shang's dress, and he praised Yun Shang as a little Red Army. He was very energetic and good-looking in military uniform, and he had the demeanor of his youth.

"Grandpa! You are also the most energetic grandpa in the entire compound now!"

Yun Shang complimented Mr. Bai back flatteredly, her big eyes smiling like crescent moons.

Whether the clothes look good or not is secondary. The important thing is that wearing such a dress can make you feel good. The old red soldiers in the courtyard are sure to like it when they see it, and they can get a little thick red envelopes.

There was a wave of business exchanges between one big and one small, and then they held hands and went out to collect red envelopes... No, they went out for a walk.

After discussing it, the two of them went out and started walking from the left, walking around the entire compound, trying to complete the task of showing off/receiving red envelopes within two hours.

Go left, the nearest one is the Gu family.

The old man stood in front of the thick gate of the Gu family, and slapped the door panel loudly, "Old man Gu! Hurry up, I'll show my Xiaoqi to see you (showing off) coming!"

When she was about to enter the door, Yun Chang looked at the bulging small army bag full of candies and biscuits, worried that there would be no room for gifts later, and secretly smuggled halfway into the space.

"Old Gu! See you, my little granddaughter!" The old man pulled Yun Shang around in front of old man Gu, and asked with a sullen expression, "Look, how energetic! It looks like a soldier!"

Holding the cup, Mr. Gu looked at Mr. Bai's wrinkled face, and looked away in disgust.

It's just that when he looked at Yunshang, Mr. Gu's old face also smiled into a chrysanthemum, and his greedy eyeballs almost flew out.

What kind of shit luck did the white old man have? He looks so ugly, but his grandchildren are prettier than the other.

The newly found little granddaughter is white and tender, delicate and soft, and it is fun to look at.

It would be great if this was his granddaughter.

"Hello, Grandpa Gu. My name is Bai Yunshang. Grandpa and I are here to see you." Yunshang smiled sweetly at Mr. Gu, then blinked her eyes, and added, "It's the first time we meet, please take care of Grandpa Gu." "It's the first time to meet, it's time to give a gift!"

Mr. Gu smiled and waved to Yunshang, grabbed the peanuts on the coffee table and stuffed them into Yunshang's hands. Before he could speak, Mr. Bai put down his face and quit.

"Old Gu, why are you getting more stingy as you get older? Today is the first time my Xiao Qi came to the door, and you just gave a peanut as a greeting gift? Believe it or not, I'll go out and talk to everyone right now?"

"You old man Bai, why are you in a hurry! Who said that this peanut is a meeting gift..." Mr. Gu paused, stared, pointed at Mr. Bai and scolded, "Hey! I just said you are so kind, grandson As soon as my daughter was brought home, she brought me here to see me! You have no good intentions! You just came here to show off to me, and to blackmail me by the way!"

Mr. Bai raised his chin, and his voice was louder than Mr. Gu's, "Why are you standing still after you know all about it? Why don't you hurry up and bring out the greeting gift, I'm going to take my granddaughter to chase the next family!"

Yun Shang: "...". As expected of an old general, he is so righteous and arrogant, this is really shameless!

Old Man Gu: "...". He is blatantly asking for gifts, old man Bai is really shameless!

Mr. Gu opened the drawer under the coffee table, took out two big red envelopes from it, and handed them to Yunshang, "Shang girl, you take one of these two big red envelopes, and when you go back to Linyang, I will give you one for Brother Shinian." , so that your Brother Shi Nian will have time to visit the capital in the future."

Yun Shang suddenly widened her eyes, "Grandpa Gu, do you know Second Brother Gu?"

Grandpa Gu said cheerfully, "Of course Grandpa Gu knows about our Gu family's child."

When the two were talking, old man Bai squeezed the red envelope in Yunshang's hand,

It feels very thick, and he nodded in satisfaction.

Then, taking advantage of Mr. Gu's inattention, he walked to the side of the cupboard, put the tank made of bullet casings on the cupboard, and a small half bottle of liquor into his arms, and pulled Yun Chang to the door:

"Old Gu, my Xiao Qi also likes this tank, I took it away for Xiao Qi... Ouch! Don't come out! I still want to take Xiao Qi to Lao Li's side, so don't give it away. Legs, don't fall on you..."

As soon as the two of them left the yard, Yun Shang heard Mr. Gu scolding the street full of anger:

"Old Bai, are you still shameless? What kind of tank is Xiao Qi playing with a girl... Bai! You come back to me! Not only does your granddaughter play tanks with you, but your granddaughter is also greedy for my tiger bone wine! You are old and unrefined..."

Yun Chang's face darkened.

She could see that it was fake for her old man to show off to her, and it was true to give her a chance to make snacks and fun for himself!

unacceptable!

How can you cheat on her cute and cute granddaughter as soon as they meet?

What about the old general, the old face is not red? Aren't you afraid that things will get out and make other people in the compound laugh?

The old man didn't know Yunshang's dislike for him in his heart. He opened the lid of the wine bottle and smelled it, swallowed happily, then put Yunshang's small army bag on his shoulder, and carefully put the tiger bone wine into the army bag .

"Go, grandpa will take you to Lao Li's house now!"

The old man smiled so hard that his teeth could not see his eyes, and his steps became more urgent, "Your Grandpa Li just gave birth to a litter of kittens, and I will bring you a kitten to play with later! Old Li still has a pair of good kittens in his hand. Chess piece, try later to see if you can get it back..."

Yun Chang was about to cry.

If the old man really robs in such a circle, will she become the public enemy of the whole compound?

Watching the old man enter Lao Li's house, Yun Chang rubbed his face helplessly, put on a fake smile that could no longer be fake, and continued to follow the old man in the great cause of "robbing"...

.....

Near noon, the grandfather and grandson dragged their tired legs and walked in from the outside.

The old man was holding things in both arms, and Yunshang's small army bag was still hanging around his neck. The bag was bulging, and the things were so piled up that it was almost overflowing.

And in the two pockets at the hem of Yunshang's skirt, there were three or four colorful red envelopes stuck in one side, and she was holding a cute little milk cat in her hand.

Lin Wenlan came down from the stairs, and seeing the grandparents and grandson stretched out on the sofa, she almost didn't even notice.

Her little Qi, won't let her unreliable husband and father spoil her, right?

Chapter 339: Spoils of War

"Second daughter-in-law! Hurry up, pour Xiaoqi a bowl of sugar water to drink. I shouted at everyone one by one, and my throat was dry. Fortunately, these old men are quite generous, otherwise I have to let them call Xiaoqi instead. Seven must."

Yun Shang: "..."

Call me back?

Could it be that you call me grandpa?

How dare the old man think!

Yun Shang always felt that she was quite a money fan, but after going out with Mr. Bai today, Yun Shang knew what a real money fan was.

The red envelope received was too small, so the old man pointed at other people's noses and yelled at being stingy, and what he said was so childish that he couldn't hear it. Why is my granddaughter so beautiful, why do you have the nerve to give such a small red envelope? No wonder your old face is getting uglier!

Why are you so stingy, you will grow uglier in the future! At that time, no one will play with you!

And you said no one likes to hang out with old, ugly, stingy old men? It's a shame to walk a piece!

When he sees something from someone else's house, he directly asks for it in the name of playing for her. If others don't give it to him, old man Bai will dare to grab it. If it weren't for her quick eyesight and quick hands, he would hug the old man's thigh and not let go, the old man would have followed him all morning. People fought several battles.

When I think of two old men who add up to more than a hundred years old fighting for a bite to eat, or a fun toy, the glorious image of these old men in Yun Shang's heart has been shattered to pieces.

Yun Chang felt that she must have inherited from Mr. Bai that she was such a money fanatic!

The old man didn't know Yunshang's disgust for him, so he waved to Yunshang, took Yunshang into the study, dumped the things in the military bag on the table, and the old and the young began to count the goods received in the morning.

First count the red envelopes in Yunshang's hand. In addition to money, there are many bills in it, all of which are special military bills.

Yun Chang took a general look, and this pile of bills can buy a lot of special cakes, milk and other special offerings that are rare outside.

In addition to these bills, there are also a pen, a set of comic books, two notebooks and other miscellaneous small things.

Yun Shang remembered very clearly that when he received the pen, the corners of the old man's disgusted mouth almost drooped below his chin. To put it bluntly, the grandfather of the Wu family who gave her the pen is shameless, he can't even hold a pen, and the family has no educated people. This pen is almost hairy in the Wu family, but he gave it to her as a gift. I will make a small calculation.

I didn't pay attention to it outside before, but now I hold it in my hand and observe carefully, Yun Shang discovered that this pen turned out to be Parker, which is quite valuable for collection.

Yun Shang put the pen into his pocket very bluntly, and looked at the pile of trophies on the table.

The old man put the tiger bone wine at the bottom of the cabinet, and then, like a child, he pointed at the tank and said to Yun Shang:

"Xiaoqi, look, old man Gu got all the bullets for tanks on the battlefield! Old man Gu is so precious, even his own grandson is not willing to give it to him. Grandpa will get it back for you this time!"

After speaking, he pushed the tank over to Yun Shang, and said with a smile, "Take it! This tank will be yours in the future, keep it well, and it will be a family heirloom in the future."

Yun Shang nodded, hooked the tank over, put it next to her buttocks, and looked at the Go jar on the table.

No wonder the old man is greedy for the chess piece of the Li family. If it were her, she would be greedy too.

If you read correctly, the white chess pieces should be made of suet jade, and the black stones should be made of black jade, which is rare in the market. In later generations, such a pair of chess

pieces can be sold for at least two or three million . No wonder the old man almost got into a fight with Grandpa Li in the morning.

The old man followed Yun Shang's eyes to look over, and immediately his mouth trembled.

He has been greedy for Old Li's Go game for many years, and he finally got it today. He hasn't touched it yet, so why did Xiao Qi take aim at it!

"Little Seven, I can't let you play with this chess piece." The old man twitched the corner of his mouth and said, "Grandpa and Old Li have agreed that I will borrow this chess piece from Grandpa for half a month, and after half a month, Grandpa will return it to you." Yes, this cannot be given to you."

Yun Chang nodded regretfully, and set her sights on other trophies...

.....

It's late now,

The Bai family came back from get off work one after another. Lin Wenlan took Yunshang and introduced her to the elders in the family and several children of the same generation one by one.

The eldest aunt Cheng Guo only had three sons in front of her, and no daughters, especially the daughters of the second wife.

Before Yunshang returned to Bai's house, Cheng Guo sent Bai Qingyue a lot of beautiful fabrics and clothes every year. Now that Yunshang has found it back, she looks white, tender and pretty, even more delicate than Bai Qingyue. If this old aunt's heart melted instantly.

He took Yunshang upstairs, took out all the fabrics he had collected in the past half a year, and compared them one by one to Yunshang, and went out to make new clothes for Yunshang in the next afternoon while yelling.

When the two aunts saw that their second brother's little girl had been found back, and that Lin Wenlan was no longer the same as before, she was cold and unpopular, and they were really happy for Bai Yancheng from the bottom of their hearts.

Naturally, the two had a very good attitude towards Yun Shang, the lost and recovered little niece.

The Bai family has a large population, and Yun Shang was worried that there would be one or two troublemakers in the family, but after a meal, Yun Shang found that the Bai family was really harmonious.

Whether it's the family of the eldest aunt Cheng Guo or the small family of the two aunts, when facing her and Lin Wenlan, they are all smiling and amiable.

Of course, the distant fragrance and near stink may also have something to do with Lin Wenlan's absence from the capital all year round, but no matter what the current situation is, Yunshang is enjoying the happy scene of the Bai family at the moment.

After all, the old man is getting old. He strolled around the compound in the morning and quarreled with a few old guys for a long time. His energy has long been exhausted. He tried his best to eat lunch, and the old man went upstairs to rest with the help of the hall brother up.

Cheng Guo didn't have to go to work in the afternoon, so he went upstairs to get the fabric, took Lin Wenlan and the two sisters-in-law out for shopping, and made new clothes for Yun Shang by the way.

As for Yunshang, the children from the two aunts' family had already let the children of the two aunts drag the wilderness that was full of the courtyard.

The eldest aunt Bai Yanchun's man is called Gao Changzheng, and they have two sons in front of them. The older one is nine years old and his name is Gao Aiguo, and the younger one is the same age as Yunshang, his name is Gao Aimin.

Little aunt Bai Yanqiu's man is named Qin Bolin. They have a son and a daughter in front of them. The daughter is Qin Ling, who is ten years old this year, and the son is Qin Gang, who is one year younger than Yunshang.

And the little aunt has a big belly now, and when she comes over during the Chinese New Year, it is estimated that there will be another baby in the family.

These four cousins are all white and clean, and they are more refined than the other when they eat. Yunshang originally thought that these children were from other people's family in the legend. They are quiet and sensible. After running into the courtyard, Yun Chang's face was slapped.

Chapter 340 because of fighting

Yun Chang looked at the group of brats who were wrestling together and rolling around on the ground, and she was stunned.

What's the situation?

Isn't it just that you met a few children outside the compound, how could you just rush up and fight without saying a word?

It's okay to fight, you have to learn to be smarter, there are four \*\* year old boys on the opposite side, there are only three boys in the two aunts' house, Qin Gang is only five years old, and he is following behind the two cousins , Stretched out his small fist to beat the older child who was a head taller than him.

Leaving aside whether Qin Gang can beat someone, the scene alone is ridiculous when you think about it.

Yun Chang rubbed her eyes, and was about to remind Qin Gang to be careful, when the boy on the opposite side threw Qin Gang aside with one arm.

Qin Ling kept in mind her identity as a girl, and didn't intend to join the battle at first, but after seeing her younger brother being thrown and rolled on the ground several times, she couldn't help it anymore, and pulled Yun Shang to the side , rolled up his sleeves and joined the battle.

Yun Shang: "... Sis! You are a girl! girls!

What does it mean to fight more vigorously than boys?

Qin Gang got up from the ground and saw that his sister had ended up beating someone. He slowly brushed the dust off his body and returned to stand beside Yunshang.

Seeing Yunshang's mouth wide open in surprise, Qin Gang patted Yunshang's shoulder like an adult, and comforted her, "Sister Xiaoqi, don't be afraid, if my sister and the others can't beat them, let's run home and don't let us Just catch up with these bad boys."

After all, the opponent had a large number of people and had an advantage in age. When Qin Gang was speaking, Gao Aimin, Gao Aiguo, and Qin Ling who joined later were violently suppressed by the opponent, and they were almost pushed to the ground and beaten unilaterally.

Qin Gang shivered, subconsciously grabbed Yunshang's arm and was about to run into the courtyard, "Sister Qi, let's go home soon..."

Before he finished speaking, Yun Chang slipped out of Qin Gang's hand like a slippery fish, re-entered the middle of the battlefield, kicked the boy who was on top of Qin Ling, and pushed Gao Aiguo away The person on Gao Aimin's body grabbed the leader's clothes and beat them with small fists.

I saw the half-grown kid being dragged to the ground by Yun Chang, and then stepped on his back, pressing down on the other side, punching him with punches.

Yunshang suppressed the opponent's leader by herself, and the situation on the field immediately reversed. Amidst Qin Gang's cheering, Qin Ling, Gao Aiguo, and Gao Aimin also suppressed the other three children and beat them violently.

Han Chen followed Han Weijun, and after getting off the car at the gate of the compound, he saw a few children who were beating together not far away, and then took a closer look, and the one in the middle who beat people the most was Yun Shang Well.....

.....

In the Bai family, Mr. Bai sat behind the desk with a fierce face, and five little radish heads lined up in front of the desk according to their height.

Qin Ling lowered his head, half of his smooth and neat braids were ripped open, his mouth was bruised, his clothes were wrinkled, and his right pocket was half torn off.

The two brothers, Aiguo and Aimin, were not much better. Their faces were blue and red, and their clothes were worse than Qinling's. The back of the patriotic shirt was torn off.

Even the youngest Qin Gang's clothes looked like they had been dug out of a mud pit, and his white shirt had turned into a yellow shirt.

In comparison, Yunshang's situation is much better. Except for a little messy hair and a little dust on her face, there is nothing wrong with her body.

The old man took a sip of tea, stood up, and walked around the children a few times, until the children wanted to cover their heads and get under the table, and then asked slowly, "Win or lose?"

Yun Chang was overjoyed at once, and before the others could react, she puffed out her small chest and said proudly, "Grandpa, we won the battle! We beat them so hard that they couldn't get up!"

"Win?" Faced with Shang Yunshang's expression of begging for praise, the corner of the old man's mouth twitched, and then asked Yunshang,

"I heard that you had a fight with the four grandsons of Lao Qi's family. Tell grandpa, why did you fight?"

"Because..." Yun Chang was dumbfounded, blinked, and stared blankly at her fellow sufferer.

Yup! Why?

What was the reason for this battle?

Why did she follow in a muddle-headed fight?

But Yunshang is a good boy, if you say anything, you will never deceive adults.

Now that the old man asked her, of course she has to explain the question honestly.

"Grandpa, I don't know why the fight started. I just watched Sister Qinling being pinned to the ground and beat her up, so I went to help Sister Qinling beat her back." As for the reason for the fight, I really don't know.

The old man's eyelids twitched, and he turned to look at Qin Ling, but Qin Ling also shook his head in a daze, "Grandpa, I don't know what caused the fight. I saw Qi Yu throw Xiao Gang on the ground, and went to help Xiao Gang beater..."

"Grandpa! I didn't fight, I helped Brother Aiguo and Brother Aimin!" The youngest Qin Gang also raised his hands in a childlike voice to report.

Old Man Bai: "... Are both co-authors foolish?

After fighting with others, I still don't know why I did it?

Gao Aiguo and Gao Aimin huddled together and shivered, looking at Qin Gang resentfully from time to time, but they didn't dare to look at the old man.

However, Yun Shang foolishly approached the two of them and asked curiously, "Big cousin and second cousin, why are you fighting with someone?"

Seeing that the two of them kept their mouths shut and did not speak, the old man turned cold, slammed the table, and scolded, "Say! Why are you fighting!"

After all, it was an old general who fought with real knives and guns on the battlefield. When the old man turned cold, his overwhelming aura was so overwhelming that the little ones couldn't even lift their heads.

Gao Aiguo took courage and said tremblingly, "Grandpa, yes, it was Qi Yu who led someone to snatch Xiaogang's toffee last time. I, Aimin and I are avenging Xiaogang..."

The old man asked calmly, "Is it because of this?"

Gao Aiguo and Gao Aimin nodded together, Qin Gang looked at the two cousins innocently, frowned and thought for a while, and finally nodded, "Grandpa, the toffee was gone last time, and someone grabbed it."

The old man slapped Gao Aiguo on the head, "You little bastard, what a waste! The little bastard from the Qi family snatched Xiaogang's toffee last time, why didn't you just fuck him then? If you dare to bring Xiao Qi into a fight today, if What should I do if Xiaoqi is beaten up?"

Everyone: "... " Grandpa, you really think too much!

Even the ten-year-old children of the Qi family were beat up by Xiao Qi, who could beat Xiao Qi?

If you want to beat, it's Xiao Qi who beats others!
