Chapter 351 Do you want to change jobs?

"Second Brother Gu, I miss you. When will you come to the provincial capital? If you don't come again, I will forget what you look like."

Most importantly, if you don't come, I will be taken by Commander Bai to the army to be trained as a soldier!

In case I am trained to become King Kong Barbie, you won't have a soft and cute sister!

It's been almost a month since the two separated. Gu Shinian didn't say anything, but he really missed Yunshang in his heart. He probably calculated the date, and quickly gave Yunshang an exact time, promising her to go to the provincial capital within ten days.

After hanging up the phone, Gu Shinian went to the school first, confirmed the exam time with the school teacher, then went back to Xiaoyanglou, packed a few clothes, and returned to Qinghe County non-stop.

Zhang Chunni came back from get off work at night and saw that Gu Shinian, who was supposed to be in Fenyang, had returned. Before she had time to be surprised, she saw half a bag of white noodles on the dining table.

This year is not good. There hasn't been a drop of rain since the beginning of spring. Except for a few villages near the river that can use manual watering to irrigate the fields, large areas of crops in other villages have died of drought.

It's summer harvest now, but the crops in the fields are almost gone. In some villages with high terrain, the villagers even have problems with drinking water.

Seeing that this year is another disaster year, several grain stores in the county not only have no supply of fine grains, but even limited supply of coarse grains.

At this juncture, Gu Shinian not only didn't eat the rations at home, but also got so much fine grain from outside, and it was a rare white flour on the black market, which was really beyond Zhang Chunni's expectation.

"Second brother, why are you back at this time? There is an exam, and you skipped class again?"

Zhang Chunni's questioning voice was faint, as if she was asking casually, and Gu Shinian didn't need to answer.

Gu Shinian had no intention of getting close to Zhang Chunni, and didn't care about her attitude. Seeing her scooping up a bowl of mixed noodles from the cupboard for cooking, he handed over the bag of white noodles, and said in the same cold tone:

"Let's eat white noodles today. I have to go to the village early tomorrow morning, and I guess I'll be back in the evening."

Zhang Chunni responded, took the white flour bag, and weighed it, "Isn't it less than thirty catties? Where did you get so much white flour? Did you go to the black market?"

"Well," seeing Zhang Chunni's expression turned ugly, Gu Shinian explained again, "I only went there once, don't worry, I won't have a chance to go in the future."

Zhang Chunni responded with a cold face, and continued, "I'll bring out ten catties of white flour by myself, and remember to take it to Lao Yun's house tomorrow."

Even if the little girl is not at Lao Yun's house now, but the love is still there, and there is still a little Shuanzi in the Yun's house, so she still has to eat some fine grains to supplement.

"No need," Gu Shinian stopped Zhang Chunni from moving, and motioned her to look behind the door, "I've prepared the portion from Lao Yun's house. These white noodles are for you and Gu Panguai."

Zhang Chunni stopped talking, and the only sound in the kitchen was the "crackling" sound when the remaining firewood was burning, but it was not so quiet that it was unbearable.

Gu Shinian sat in front of the stove, the fire reflected on his face, and it was clearly extinguished, adding a bit of fireworks to his clear and handsome features, and his whole person was not so cold and alienated.

It was the first time for Zhang Chunni to get along with Gu Shinian alone like this, even if the atmosphere wasn't harmonious and lively, it didn't affect her good mood.

Gu Shinian licked a handful of firewood into the stove, and asked, "Where's Gu Pangui, has she helped Wei Jianjun look after the house recently?" Most importantly, she didn't bother at Wei Jianjun's house, did she?

Thinking of Gu Pangui's temperament of being a money fan, Gu Shinian was very worried that Gu Pangui couldn't help but tear down Wei Jianjun's house and sell it.

If this was true, he would have to spend money to repair furniture for Wei Jianjun, lest Wei Jianjun come back from the army to visit relatives, and the house would not even have a stool that could sit on people.

"Pangui has been working on the street recently, and I don't have much free time every day. Besides, Pangui is also the eldest girl of the sixteenth year, so I didn't let her go to Jianjun's house." Lest people see it and gossip.

Zhang Chunni didn't say the last sentence, but Gu Shinian reacted immediately.

It has to be said that as an elder, even if Zhang Chunni doesn't care about the family affairs anymore, she is still more thoughtful than Gu Shinian on this kind of issue.

"It's my fault, it's because I didn't think carefully..."

"What's the matter, that is, I pay special attention to it, and ordinary people will pay attention to this."

Zhang Chunni glanced at the blue-colored sky outside with a light smile, went over to turn on the light, and started to roll out the dough nimbly, without stopping at the same time:

"I remember what Wei Jianjun entrusted to you. I will go there every Sunday to open the windows to let the air in. I can't let his house be deserted."

Gu Shinian thanked him, and under the dim light, he saw a few strands of white hair on Zhang Chunni's ears, Gu Shinian's heart moved, and he asked tentatively, "Have you ever thought about changing jobs?"

The aluminum factory is still recruiting workers recently, but Zhang Chunni can transfer to the aluminum factory to work, at least better than she is currently working in the workshop with a shovel.

In addition, Zhang Chunni has won the honorary title of "Iron Lady" for five consecutive years, and it is much easier for ordinary women to enter an aluminum factory.

"What job do you want?" Zhang Chunni asked with a little self-mockery, "I can't read much, so what else can I do besides being a laborer?"

"The Fenyang Aluminum Factory is still recruiting workers recently, and Uncle Yun has also become a regular employee of the Aluminum Factory some time ago. If you want to go to the Aluminum Factory, I will transfer the house in Fenyang to your name, and you can try to apply to the factory. have a look."

As long as there is the title of "Iron Lady", Zhang Chunni will not be rejected by any factory in Fenyang.

"Iron Lady" is an honor comparable to a model worker.

Which factory is not rare?

Zhang Chunni then asked, "What about Pangui? There are only three people in our family, so we can't divide them into three places, right?"

Thinking of what Gu Shi said some time ago that he was going to the provincial capital, Zhang Chunni's good mood suddenly disappeared, and her face darkened.

Gu Shinian went to the provincial capital, will he meet Gu Huaiqing?

Will that shameless bastard try to trick Gu Shinian back home again?

Is it because Yunshang wanted to go to the provincial capital this time, or did he use Yunshang's name to go to the provincial capital to trouble Gu Huaqing, or...he regretted it and wanted to go back home?

Gu Shinian didn't know about Zhang Chunni's conspiracy theory anymore, so he thought about it, and suggested, "Gu Pangui is sixteen, so it's not good to keep doing odd jobs on the street. Now that the aluminum factory is recruiting workers, it's better to let Gu Pangui try it too. What if I can get into an aluminum factory?"

This year is not good, several factories in Qinghe County are closed, even if there are no closed factories, they will not recruit workers for the time being, Gu Pangui will not even think about entering the factory as a worker this year.

Instead of staying in Qinghe County to wait for job recruitment news, it is better for both of them to go to the aluminum factory to try their luck. Even if they can't get into the aluminum factory, Gu Pangui will have no loss, and it will not affect Zhang Chunni's current work.

Chapter 352: Disastrous Year

"I'll talk to Pangui tonight to see if Pangui wants to go to the aluminum factory."

Hearing what Zhang Chunni said, Gu Shinian wisely shut up and stopped talking about changing jobs.

He is not the original owner, and he doesn't have much affection for Zhang Chunni in his heart. For Zhang Chunni and Gu Pangui, he is at most responsible.

Suggesting that Zhang Chunni be transferred to work in an aluminum factory is just because she feels that she is getting old and wants her to change to a lighter job instead of doing hard work in the workshop like the male workers in the factory.

In addition, after going to Fenyang, Zhang Chunni can still be neighbors with Yun Shuilian, and they can take care of each other, and can solve Gu Pangui's work problems as soon as possible. Gu Shinian really can't understand why Zhang Chunni refused him. proposal.

However, when the original owner was still there, the mother-child relationship with Zhang Chunni was not close enough. Now that the core is replaced by Gu Shinian, he will not dictate Zhang Chunni's life even more.

Zhang Chunni is unwilling to change jobs, Gu Shinian will not be disappointed, let alone force her.

When Gu Pangui came back from the street, the family finished dinner quietly, and Gu Shinian didn't ask Gu Pangui about finding a job, so he went back to his room early to rest with his flour bag.

.....

"Clang clang clang..."

The old village, holding a dry cigarette bag, rang the gong all the way along the field to inform the villagers that they could go to work and eat.

Mr. Yun put down the wheat stalks, which were only one foot high, with shriveled ears, supported his waist with one hand, and supported himself with a sickle in the other.

Seeing the team members who had spent a morning working abroad jumping onto the field ridge and running to the ground, the old man shook his head secretly, kicked the wheat thrown by the team members together, and then supported his sore old waist ridge.

The old village chief stood on the ground with a broken gong, and shouted to the villagers who were rushing home, "Comrades, the silkworms are old for a while, and the wheat is ripe for a long time. We want to grab the food. Go back and drink it, hurry up." When you come back to work, you will be deducted centimeters if you are late in the afternoon."

"Village Chief, this year's wheat is not as tall as garlic seedlings, and it looks like it's all gone. What can we do if we cut it back? Isn't it a waste of effort!"

Among the crowd, a villager replied in a hoarse voice, and someone immediately followed suit:

"That's right, village chief, the ears of wheat in our village are not as long as a finger, and the grains of wheat are all shriveled to the point of bran. How many catties of grain can we harvest? Not enough for the big guys to add to their stomachs during the summer harvest."

"Village chief, we have suffered a disaster this year, so the higher ups should distribute relief food, right? If there is no more relief food, everyone in our village will starve to death."

"I heard that the crops in the Caogongzhuang commune are all dry. We are busy here with the summer harvest. People in the ten or so villages below Caogongzhuang stay at home every day to rest at noon, and they don't even go to the field. People from a commune are waiting for them relief food."

The old village head was so worried that his brows were knotted, but he still had to shout slogans to mobilize the villagers to actively grab the harvest:

"This year, the entire Fenyang area has been hit by drought, and the grain harvest has been largely wiped out. People in the area are all waiting for food relief. Where can the country get so much food for relief?

Comrades, our Xinglin Village is short of harvest, not absolutely. The more this is the case, the less we can burden the government, let alone rely on the government for everything.

We have to save ourselves. Putting every grain of grain in the field into the warehouse is to contribute to the country and the people! "

The old village chief's words were short of telling everyone that there were disasters everywhere outside, and the government was under a lot of pressure. Don't rely on food relief. The villagers have to plan early.

The quick-witted villagers started discussing immediately, but their voices suddenly became quieter, and their steps also moved a little faster.

"Brother Yun, wait a minute, I'll tell you something." The old village head shouted, holding a broken gong, and rushing away behind the old man.

The old man slowed down, licked his chapped lips, and asked in a low voice, "Village Chief, what's the matter?"

The old woman should have cooked mung bean soup today, so hurry up and finish, he has to go back to drink mung bean soup.

The village chief looked at the wheat under his feet, which was less than half the height of previous years, and his brows were tightly knit together.

"The situation in the village is not right this year. We have to make plans early, or else the next six months will be difficult."

The old man also sighed, "Brother, the harvest in the field this year is not enough to pay the public grain. I guess our village won't survive the second half of the year."

Before the old village could speak, the old man sighed again, "It's a good thing we're near the river, so we can carry water to irrigate the fields, and at least we can harvest some crops. I heard from Erchuan that there is no water in the wells in many villages outside. , people from a village drove ox carts outside to pull water to drink... Alas, this year is going to be tough."

Hearing this, the village chief frowned even tighter.

Thinking of the plight of the village, the old man was so worried that he just wanted to light up the tobacco pipe to take a sip, but he was afraid that the flames would burst into the ground and burn the wheat that was already under harvest, so he had to put the pipe in his mouth and smoke a few times. Too addicted.

The old man had cut the wheat all morning, and his throat was so dry that it seemed like it was on fire. Seeing that the village chief was silent, he stopped talking.

When the two reached the gate of the village, the village chief finally put down the dry tobacco bag and asked in a low voice, "Brother Yun, is Erchuan coming back recently?"

The old man shook his head, "I guess I don't have time to come back. The aluminum factory has just started and there is a lot of work. Erchuan is so busy that he doesn't even have Sunday."

The village chief was silent for a while, and then spoke again with difficulty, "Then... did Erchuan ask if the aluminum factory recruits temporary workers? This year's situation is sad. If the strong boys in our village can go to work in the aluminum factory, it will be possible. If you eat enough food, you won't stay in the village and die of starvation... Maybe you can even supplement the family's rations."

"Difficult." The old man sighed, "Er Chuan asked as soon as he entered the factory. The aluminum factory is recruiting temporary workers, but the priority is for people with registered permanent residence in the city and those who can read and write. How many literate workers are there in our village? "

Hearing this, the village chief shook his hand holding the tobacco bag, and even bent his back, which was already not straight.

The old man rubbed his dusty face, and comforted the village chief, "Brother, you just like to take everything on yourself. There are two thousand people in this village, and each person can drink up your snow in one gulp." , how can you carry it alone?

Let's talk about the recruitment of workers in the aluminum factory. Don't say that people don't recruit workers from our village, but there are recruitment quotas. Who do you let go?

Recruiting workers is a good thing, but if this is not done well, it will become an offending thing. Then what will you, the village chief, do? "

The village chief wiped the corners of his slightly damp eyes, raised his hand and patted the old man's shoulder, and was about to speak when a clear voice came from behind:

"Grandpa Yun, the old village head, I see that there is no one in the field, will our village be off work now?"

Chapter 353: Go to Fenyang as soon as possible

"Children of the Year? Why are you back at this time! Hurry up! It's too hot today, your Grandma Yun made mung bean soup, hurry back and drink a bowl."

The old man narrowed his eyes happily, clamped the sickle under his arm, and pulled Gu Shinian to go home.

The old village chief also greeted Gu Shinian with a smile, and urged him to follow Mr. Yun home immediately:

"It's almost noon, and the sun is poisonous. Hurry up and hide from the sun. If you have anything to do, wait until it cools down in the afternoon."

Seeing that the old village head was about to go to the back village, the old man put the sickle into Gu Shinian's hand, and went over to give the old village head a hand:

"Brother, it's getting late, so don't go back. Let's go, Shuying made mung bean soup, so you can finish the soup together."

The old village chief took a look at Gu Shinian, put the broken gong under his armpit, and followed the old man to Widow Wang's house, "All right, I'll have a meal with you, and go over and talk to Shinian."

The old lady saw Gu Shinian coming in with the old man from the window, she was so happy that the soup spoon almost fell to the ground, she came out of the room to welcome Gu Shinian, and she didn't let go while holding Gu Shinian.

"You kid, why don't you tell me in advance when you come here, so that I can prepare something delicious for you..."

"Grandma Yun, we are our own family, we don't treat guests like that."

Gu Shinian replied with a smile, put the grain bag on the kang, fetched water to wash his face, and didn't treat himself as an outsider at all.

Shuanzi followed Gu Shinian excitedly, said hello to Gu Shinian with a small mouth, and at the same time did not forget to ask about Yun Shang's news.

Gu Shinian washed his face, took the mung bean soup handed over by the old lady, sipped it, and talked about Yun Shang's trip to the capital. Gu Shinian also shook it out without any concealment...

The old village chief held the bowl, looked at Gu Shinian who was familiar with Lao Yun's family, and felt that the mung bean soup in his mouth had only a faint bitter taste.

When he saw Gu Shinian at the gate of the village, he did have the time to ask Gu Shinian for help again.

But as soon as this thought arose, the old village chief suppressed it again.

This year, a large area was affected by the disaster. Even if Gu Shinian agreed to help the villagers buy food, it is estimated that his acquaintances in the transportation company would have no place to find food.

Besides, Gu Shinian helped the village find food last year, and he has already taken a risk. This year's situation is more difficult than last year, and the situation is even more tense. People and children are children in the city, and there is food to eat, so why do you have to risk it again and again? Desperately help these muddy legs find food?

The most important thing is that even if Nian Wazi could drag acquaintances to find food, the village would have no money to buy food.

The grain bought last year almost wiped out all the stalls in the village. This year, centimeters in the village are even worthless. Even by the end of the year, it is estimated that a villager can't save 3,000 yuan. How can the villagers buy grain?

You can't make people frightened and frightened to find food, and then distribute it to the villagers in vain, right?

Besides how expensive food is now, there are two thousand mouths waiting to eat in the village, even big capitalists can't afford it.

No matter how thick-skinned he is, he has no face to make such a request to a child.

The village head drank the mung bean soup in a dull manner, chatted with Gu Shinian for a while, and quickly took his leave and left.

"Grandpa Yun, I see that the village head is not in good spirits, is it because he is worried about the failure of the crops?" Gu Shinian asked as he put down the empty bowl.

"It's not a big deal." The old man talked about the situation in the village, and finally sighed, "The village head and the old branch secretary went to the town yesterday, and listened to the voice of the town leader. Not too much, mainly we have to solve the difficulties ourselves."

Gu Shinian frowned, and his voice lowered, "The village chief is under a lot of pressure."

"The village chief just likes to take care of things. How can he handle this by himself, and finally he has to follow the door and reach out." The old man shook his head and sighed.

Thinking of the old village chief's face full of sorrow, his thin and rickety body, and the fact that the villagers helped Yun Shang several times,

And the warehouse in Yunshang Space was so full that there was almost no room for food, Gu Shinian quickly had an idea in his mind.

However, there is no rush to help the villagers get food for the time being. Gu Shinian chatted with the old man for a while, then changed the subject and asked about the road construction under the beach.

"These days of summer harvest, no one in the village is going to repair the road. I asked Sanzhuzi, and he said that the road has been repaired to the river, and the bridge has already started to be built..."

"What about the Gao family? The Gao family should have heard about A-Shang's return to the provincial capital. Have they come to find him?" Gu Shinian then asked about the reaction of the Gao family after Yun Shang recognized her return to the Bai family.

"Where did they get the face to come here?" The old man looked angrily, "I have never seen such a shameless Gao family. Seeing that Changnan has good relatives, they want to snatch the baby with shamelessness. In the end, our Changnan is The daughter of the commander of the military region! The Gao family is ashamed, everyone in the commune sees the joke of the Gao family!"

Gu Shinian pinched Shuanzi's round face, and solemnly suggested that the old couple move to Fenyang after summer harvest.

Worried that the old man would not be able to leave the village and become the target of the enemy agents' anger, Gu Shinian accidentally revealed that Zhang Shouyi had been transferred to work in Fenyang, and that there was a new suitor around Yun Shuilian.

The old couple were so shocked that they couldn't close their mouths together, and the old man put down the bowl heavily, and asked with a dark face, "Son, what you said is true, did Zhang Shouyi really go to Fenyang?"

"Well, some time ago, I went to work every day to find Aunt Yun, and even went to night school to pick up Aunt Yun after school."

Gu Shinian also told the old couple about Zhou Minghui's background, and finally put eye drops on the two men without any trace, "If Zhang Shouyi hadn't been looking for Aunt Yun every day, Aunt Yun wouldn't have known Zhou Minghui..."

"Slap!"

The old man put his chopsticks on the kang table, and said to the old lady with a dark face, "Shuying, why don't you go back to Fenyang with Shi Nianwazi first, and I will go there when the summer harvest is over."

If you dare to pester our daughter of Lao Yun's family, after I pass by, I will definitely beat the dog legs of those two bad guys with a big stick!

And that Zhou Minghui, the Zhou family already had a shameless daughter, why would they dare to approach Shuilian? Aren't you afraid that the old boy will slap him with big ears!

"Okay, I'll go to Fenyang tomorrow to guard the water lotus..." Before the old lady finished speaking, she remembered that there was a widow Wang who needed someone to take care of her at home, and asked the old man:

"There is also Wang Osmanthus, what should I do with Wang Osmanthus? I will take Wang Osmanthus to Fenyang again? And Li Hongmei, her stomach is getting bigger, what if she gives birth?"

"Grandpa Yun, Grandma Yun, I found two people to pick up Aunt Yun at the gate of the night school every night. Aunt Yun is fine for the time being. You can go there after Xia harvests."

Chapter 354: Mind

Grandma Yun, how is Aunt Wang doing now? "

When Gu Shinian asked about the situation of Widow Wang, the old lady's mood improved obviously, and a smile appeared on her face:

"I'm much more sober, and now I don't hold the chicken trough and don't let go. I reckon that Changnan's mother will recover from her madness. In the future, she will live whatever life she loves, and she will be troubled again. It won't be our Changnan."

If Wang Guihua could really wake up, Lao Yun's family wouldn't have to support one more person, and the burden on Er Chuan's shoulders would be lighter.

Besides, now that Changnan has returned to the provincial capital, the last connection between Wang Guihua and Lao Yun's family has been cut off. Whether she will remarry in the future, or continue to bring men home with the door open, will not involve Changnan. , and has nothing to do with Lao Yun's family.

"Grandma Yun, A-Shang asked me to help Aunt Wang buy a house. I asked someone to search for it. I bought a small yard for Aunt Wang near the Linxian mining area a few days ago.

When Aunt Wang's condition stabilized, I asked someone to send her there. From now on, our family will live in Fenyang, and Aunt Wang will live near the mining area in Linxian County. "

At that time, he doesn't have to worry that Widow Wang will pester Lao Yun's family every day, and extract information about Yun Shang's biological parents from Lao Yun's family, so as to prevent Widow Wang from pestering the Bai family and revealing the fact that Yun Shang has space.

Of course, before sending Widow Wang to Lin County, he would give Widow Wang a good beating. If Widow Wang was not afraid of death and refused to let Yun Shang go, he would not hold her back.

The small courtyard in Lin County is the living cemetery of Widow Wang for the rest of her life.

The old lady's face was not very good-looking, she put down the soup bowl, and said with a painful face, "Oh, my good girl is so honest, she just went back to Bai's house, and she didn't get along well with Chief Bai's family, why is she still thinking about Wang Guihua? Stupid girl, isn't she afraid Chief Lin will be unhappy!"

"Yes, now people in the city don't need money to sell their houses, they just want food. This year, food is so expensive, why doesn't Changnan know how to feel sorry for her? She is a little girl, where can she get food for Wang Osmanthus To buy a house, don't you still ask Chief Bai's family for it..."

The old man's distressed lips trembled, he coughed a few times anxiously, and then continued, "You are older than Changnan, and you are more sensible than Changnan. You have to take care of Changnan in the future, and you can't let her do this again." , annoyed Chief Bai, which is not good for our Changnan."

Gu Shinian nodded, and complied obediently.

He knew what the old couple meant. They were worried that Yunshang would be too close to the members of Lao Yun's family, which would upset the Bai family. That's why after Yunshang returned to Bai's house safely, they never took the initiative to contact Yunshang again.

Gu Shinian understood the feelings of the old couple, and was grateful from the bottom of his heart.

The old lady then asked, "Back then, Changnan's mother had five big tile-roofed houses in the village, and there was no shortage of land to live in. Can we return the small courtyard?"

"Grandma Yun, let's listen to A-Shang this time. Aunt Wang's house in the village is for you and Grandpa Yun to live in. Let's let Aunt Wang go to the city and become a city resident.

Only if Aunt Wang lived a good life in the city, she would not come back to drag down Uncle Yun and Aunt Yun. "

Want to leave Widow Wang in the village, and your family go to Fenyang to live the life of the city people?

What a good thing to think about!

With Widow Wang's aggressiveness, she was able to take away a large tile-roofed house from Lao Yun's family back then, and now she can also take away the official employment of the aluminum factory from Yun Erchuan.

Besides, Widow Wang dared to go all out to snatch a man from Li Hongmei back then, she stripped naked and got into Yun Erchuan's bed. Now that Yun Erchuan divorced Li Hongmei, it would be a big ready-made piece of fat in Lao Yun's house. Can Widow Wang let it go? Yun Erchuan?

If Lao Yun's family wanted to live a good life, they had to keep Widow Wang far away and give her hope in life.

Otherwise, Widow Wang would have to go to Fenyang every other day to disrupt the life of Lao Yun's family.

As soon as Gu Shinian finished speaking, the old couple came to their senses. Thinking of the bad things that Widow Wang had done to Yun Erchuan and his wife back then, they both turned black and never mentioned leaving Widow Wang in the village again.

It's just that the old man was uneasy after all, after thinking about it,

Discussed with the old lady, "Shuying, what is Changnan's mother doing with this house... How about we carry the famine? The village will be rich in food in the coming year, so let's turn the grain into money and return it to Changnan, and use it as that house." We bought it for Wang Osmanthus?"

"Okay." The old lady agreed straight away, "If you buy the house, you can buy it. It's fine if Wang Guihua goes out. Let's leave Wang Guihua clean, and I don't need to talk to the old Wang's family in the future. That family is really too old. Terrible."

The old man sighed, seeing that it was getting late outside, he took out the whetstone and sharpened the sickle, greeted Gu Shinian, and hurried to work.

Gu Shinian was not idle either, he helped the old lady with the chores at home that required climbing up and down, and with the plug in one hand and the crock of water in the other, he went to the field to deliver water to the old man.

Different from the hot summer harvest scene in Xinglin Village, the military compound in the provincial capital is quiet and peaceful in the afternoon, like a paradise outside the city.

The windows of one of the rooms in the small western-style building of the Bai family were wide open, and the beige curtains swayed gently with the breeze, drawing rounded arcs one after another on the dark red floor.

Qiuqiu bowed his back and lay on the floor, his round head swayed from side to side as the curtains swayed, and from time to time he rushed to grab the bottom of the curtains, trying to give the curtains a little color and stop its provocative behavior... ..

Yunshang was half leaning on the bed, with a comic book spread out on her lap, her watery eyes fell on Qiuqiu, giggling from time to time when she was amused by its actions.

There was the sound of the door being pushed open downstairs, followed by the sound of jubilant footsteps, and the downstairs became lively instantly.

"Xiao Qi! Are you up yet? I'll buy you popsicles!" Bai Qingming threw down his schoolbag, held the tea mug containing the popsicles, and shouted upstairs.

Bai Qingyue stared, and twisted Bai Qingming's ear, "Be clear! Who bought this popsicle?"

"Oh! It hurts! It hurts! Sister, I was wrong! You bought it for Xiaoqi, you bought it!"

While Hu Tian yelled for mercy, Bai Qingming held his toes and followed Bai Qingyue's strength to circle around the living room until Yunshang came down from the stairs with the ball in his arms, and finally took Bai Qingming out of his house with a look of unbearable anger. rescued by my sister.

"Sister, the popsicles you bought are really delicious, better than the popsicles my brother bought!" Yun Shang took a bite of the popsicles, rubbed her soft little ears, and leaned over to flatter Bai Qingyue.

Seeing the corners of Bai Qingyue's mouth curled up, Yunshang's mouth became sweeter, "Sister, the children in the courtyard envy me, saying that you buy me popsicles every day, and you are the best sister in the world!"

Chapter 355 got into trouble

"Cough, cough, cough..."

Bai Qingzheng slanted his eyes towards Yunshang, and coughed several times. Yunshang immediately reacted, and leaned in front of his elder brother again, saying flatteringly:

"Big brother, you always buy me comic books, and you are also the best big brother in the whole world!"

Bai Qingzheng was satisfied, rubbed Yunshang's head, and went upstairs to do his homework with the corner of his mouth raised.

Bai Qingming was so envious, she leaned over with an envious face, and kept asking Yun Chang, "What about me! What about me? Xiao Qi, and your little brother and me?"

"Tch!" Bai Qingyue sneered, "Do you still need to ask, you are the most unbeatable brother in the world!"

Bai Qingming's face fell instantly, he took a bite of the popsicle, and muttered angrily, "Don't think you are my sister so I dare not beat you..."

Yun Chang looked at Bai Qingyue, then at Bai Qingming, and finally at the unfinished popsicles in her hand, and decisively turned to the "big gold master" to help her sister who would buy her popsicles and continue to hate Bai Qingming:

"Brother, don't be sad, you are not the brother who deserves to be beaten the most in my heart..."

Hearing this, Bai Qingming unconsciously raised the corners of his mouth. Just as he was about to chat with Bai Qingyue, Yun Shang continued:

"You only scored eight in math, and you are the stupidest brother in the world."

Bai Qingming froze, his expression distorted for a moment, he stared at Yun Chang in a daze, and almost cried.

What a day!

Xiao Qi... is really too bad.

Bai Qingyue couldn't help laughing, imitating her elder brother, rubbing Yun Shang's head hard, and went upstairs to do her homework with her schoolbag.

Yun Chang watched helplessly as the 'big money lord' went upstairs, and hurried over to brush up Bai Qingming's favor. After all, Bai Qingming loved her very much. If she really made Bai Qingming angry, what would he do if he didn't bring something fun for her in the future?

"Brother, don't worry, from today onwards I will make up your lessons for you and accompany you in your homework. I will definitely let you add a zero at the end of your eight-point paper, and you will get an eighty-point score! From now on, you will be the smartest brother in the world."

Bai Qingming deliberately ignored Yun Shang, but the strength in her hands was not as strong as Yun Shang, so she was pulled into the study without paying attention.

Seeing that Bai Qingming dropped his schoolbag and wanted to slip away, Yun Chang rushed up, grabbed Bai Qingming and pressed him on the chair, and motioned him to look at the wooden stick on the bookcase:

"Brother, I made an agreement with my parents to help you make up lessons at home in the future. Dad told me that if you don't listen to me well, he will beat you hard!"

Small sample, want to run after falling into my hands?

There are no doors!

Thinking of the taste of fried pork with bamboo shoots, Bai Qingming stopped struggling immediately, obediently put down his schoolbag, and started to follow Yunshang's first-grade class.

Qiuqiu wandered around the room, and finally got in through the crack of the study door, jumped onto the table, and obediently lay beside Yunshang without moving.

Bai Qingming was learning to count. He scratched his head and scratched his fingers, murmuring words, but finally he ran out of fingers, so he simply pulled the ball over and used his two front legs to make up the numbers.

"Little Qi," Bai Qingming said with a positive expression, holding up both hands, "I did the math twice, eight plus six equals twelve, this time it must be right!"

"Snapped!"

Yun Chang took two deep breaths, and finally couldn't help but slap Bai Qingming on the forehead, "Wrong, let's count!"

Bai Qingming covered his head with one hand, and slammed the table with the other, pretending to be vicious, "Xiao Qi, you dare to hit me! Believe it or not, I will hit you?"

"You still dare to threaten me!?" Yun Shang glared at Bai Qingming without showing any weakness, dragged him out of the chair, and pressed him to the ground with his backhand.

Seeing that Bai Qingming was struggling to live and die, Yun Shang jumped out in a second, "Little boy, you don't know anything about power!"

Bai Qingming stopped struggling, unable to lift his shameful head.

Woohoo, this is not my home, I want to run away from home...

The movement between the brothers and sisters was not small, and Qiuqiu, who was dozing off on the table, was taken aback. Seeing the two wrestling together, the fur all over his body exploded. Qingming's face is a paw.

Bai Qingming was stunned by Qiuqiu's paw at first,

Immediately afterwards, a 'bang' was heard, and a glass jar was placed next to his head, and the tea in the jar spilled all over the floor.

Yun Chang quickly let go of Bai Qingming, looking at the tea leaves and glass jars that had been broken in half, she was speechless for a long time.

Qiuqiu didn't know that he had caused trouble, so he stretched out his tender paws, scratching and scratching at Bai Qingming, without realizing that he was still a little kitten who had just been full moon, and Gu Qingming could crush it with one kick.

Bai Qingming couldn't care less about Qiuqiu scratching himself at the moment, seeing the mess all over the place, his legs couldn't help shaking.

It's over!

This is a gift from Xiaoqi to Lao Bai. Lao Bai is always so precious that he is reluctant to take it to the military area, so he puts it at home every day to brew it and taste it.

Now that the tea leaves have knocked over Qiuqiu, will Lao Bai throw Qiuqiu out of the house?

But Qiuqiu is Xiaoqi's treasure, if it is really lost, will Xiaoqi be sad?

Yun Chang picked up the ball, puffed up her cheeks, and wanted to hit it hard. But looking at Qiuqiu's round eyes, listening to its little milk voice yelling at her a few times, and thinking of Qiuqiu's brave behavior of protecting her and waving its paw at Bai Qingming just now, I couldn't help but soften my heart, and said a few words I can't bear to say serious things.

Yun Chang kissed Qiuqiu's chubby head, pointed to Bai Qingming's nose and said, "Brother, why don't you study hard!? What if you break Qiuqiu!"

If it wasn't for you not studying hard and deliberately provoking me, would I be able to fight with you?

If you don't fight with you, can Qiuqiu jump off such a high table and drop cheap daddy's tea?

In the final analysis, it is your fault!

Bai Qingming: "...". Your cat rushed over to scratch me, why do you blame me for not being optimistic about your kitten?

Is it still unreasonable?

Hmph, if you don't want to bear the fierce ball, you know that the fierce brother is too bullying!

As soon as Bai Yancheng entered the door, he heard crackling noises in the study. He opened the door and went in. He couldn't bear to drink it. The tea pot, which smelled so good every day, was broken to the ground, and the tea inside was spilled everywhere.

Seeing the two little ones staring at him in a daze, they shrank aside like quails and did not dare to speak. They immediately pulled out the wooden stick on the bookcase, held down Bai Qingming and beat him.

Yun Chang was really frightened. Hearing Bai Qingming's 'oh', and hearing Bai Yancheng blame Bai Qingming for breaking the tea pot, he rushed over and hugged Bai Yancheng's arm and did not let go:

"Dad, it wasn't my brother who did it. The tea pot was smashed by Qiuqiu. It has nothing to do with my brother."

Bai Yancheng was stunned for a moment, and wanted to find Qiuqiu to settle the score, but saw it nestled in a small ball on the table, not enough for him to poke his finger, and couldn't help but look angrily at the owner of Qiuqiu.

Chapter 356: Skinboy Resists Beating

Bai Yancheng turned his head and met his little girl's big black and watery eyes, not to mention teaching him a lesson, he was reluctant to even make a fierce expression, for fear of frightening Yunshang.

Of course, this does not rule out the fact that Lin Wenlan is standing behind Yun Shang, and Bai Yancheng has no courage to fight Yun Shang.

"Shangnan, be obedient, just stay aside for now."

Yun Shang obediently let go, and was about to pick up the ball, but heard another slap from behind, followed by Bai Qingming yelling.

"Dad! Xiao Qi already said that the tea pot was hit by Qiuqiu, why are you still hitting me!"

"You rebellious son! You still have the face to ask why you hit you? You are in the study, why don't you watch the ball? Do you think you should hit it or not!"

Bai Qingming: "... " Why does Xiaoqi's cat want me to watch it! Can you be more eccentric?

Yun Chang was so frightened that she covered her eyes with her hands, but she couldn't help peeking at Bai Qingming being beaten through the gaps in her fingers, thinking to herself:

Is Daddy Cheap trying to make an example of others by beating up Bai Qingming on purpose to scare her?

Or, beat up Bai Qingming as a trick to force her to get him some more tea?

"Aw!"

Bai Qingming clutched his butt and let out another scream, so frightened that Yunshang almost jumped up on the spot. Seeing Bai Yancheng raised his stick again, Yunshang couldn't help but rushed over, hugged Bai Yancheng's arm, and beeped. With a small mouth, the tears will not fall, and she pleads for the sad boy:

"Dad, don't hit my brother! The tea was accidentally dropped by Qiuqiu, it has nothing to do with my brother. If you want to hit...just hit me!"

Yun Chang's mind was running extremely fast, and before Bai Yancheng could speak, he immediately continued, "Dad, don't be angry, I, when Second Brother Gu comes, I will ask Second Brother Gu to find some good tea for you."

Second brother Gu didn't want to be inferior to the Bai family, and he didn't want the Bai family to return favors to him, so he put aside his relationship with her, so she tried to help second brother Gu gain a sense of presence with Bai Yancheng.

Comrade Bai Yancheng likes to drink tea, so the tea in her space will be handed over one more time, and handed over to Bai Yancheng through the hands of Gu Erge.

Taking people with short hands and eating people with soft mouths, Bai Yancheng eats and takes at the same time, how can he be ashamed to put on airs in front of Second Brother Gu in the future?

Sure enough, Bai Yancheng hesitated, let go of Bai Qingming, and asked curiously, "Shangnan, the tea you gave me last time was also given to you by Gu Shinian?"

"Yeah." Yun Shang nodded seriously, "My second brother Gu has a lot of friends, I will ask second brother Gu to find more tea for you later."

Seeing that Bai Yancheng still had a hesitant look on his face, Yun Shang continued to add fuel to the fire, "Dad, don't worry, I will tell Second Brother Gu that the tea is for grandpa to find, and then I will secretly share half of it with you." Save your face.

As expected, Bai Yancheng fell for it, and nodded in a self-deceiving manner, "That's fine, Dad will taste the tea for your grandfather first, and you can't fool your grandfather with rotten tea leaves."

Yun Shang: "... Then even the best tea leaves will turn into junk in your mouth, and then you will naturally get rid of the tea leaves, right?

Yun Shang really wanted to ask Bai Yancheng: Comrade Bai, where is your face?

But looking at Bai Qingming who kept rubbing his buttocks, Yunshang closed her mouth wisely, and praised Bai Yancheng without conscience, "Dad, you are really thoughtful, if the tea that Second Brother Gu found is not good, we can Can't send it to my grandfather." Then leave it all for you to drink!

Satisfied, Bai Yancheng rubbed Yunshang's little head, with an amiable face, "Shangnan, I handed over your little brother to you, if you dare not listen to you, just tell dad, dad will help you!" beat him!"

After beating up his son, he can feel comfortable physically and mentally, and he can also flatter his little girl. Most importantly, he won't have to worry about running out of good tea in the future. Such a good deal, of course, has to be done.

Besides, Pi Xiaozi can't be beaten badly, so how many times did he take it?

Bai Qingming on the side was almost crying in fright, thinking all the time in his heart, if he ran away from home now, would he be interrupted by his father.

When Bai Yancheng called Aunt Wu to come and clean the room, Bai Qingming hurriedly dragged Yunshang out, wiped the cold sweat from his head, and asked with a mournful face,

"Xiao Qi, when will Brother Shi Nian come to the provincial capital? Has his house been cleaned up? Later, I will go to Brother Shi Nian to live there for a few days."

Yun Chang's face darkened, "Second Brother Gu has no place to live!"

What beautiful things do you want?

I haven't lived in Brother Gu's new house yet, when will it be your turn to live in it!

Stop dreaming!

Gu Shinian didn't know that Bai Qingming was thinking about his house. He was carrying his luggage, and under the reluctant eyes of Yun Shuilian, Gang Zi, and Xiao Qingzi, he set foot on the train to the provincial capital. .

There were not many people on the train. Gu Shinian found a seat, but before he sat down, he saw an old acquaintance sitting on the opposite seat.

"Brother Gu...Brother Shi Nian, I'm going to the provincial capital, are you going to the provincial capital too?" Erya asked with a sweet smile, her eyes flickering.

Gu Shinian's eyes turned cold in an instant, and his gaze swept over Er Ya's body lightly, and landed on her intact ankle, and asked with a sarcasm, "Are you limping? Are you able to walk?"

It seems that the fall was too light last time, and it has only been a few days before he ran out to frighten people again.

Er Ya heard the irony in Gu Shinian's voice, and her ankle, which had recovered well, felt a tingling pain, and she unconsciously put her foot under the seat.

"My ankle is healed, thank you Brother Shi Nian for your concern..."

"I only have a younger sister, Yunshang." Gu Shinian unceremoniously interrupted Erya in front of several nearby passengers, and then sat down on his own, as if he didn't see Erya's embarrassment. Close your eyes and make a gesture of unwillingness to talk.

Erya lost herself quite a bit, couldn't help but blushed, and unconsciously clenched the hands hanging by her side.

What went wrong?

Isn't Gu Shinian going to the provincial capital next year? Why is this life half a year earlier?

And Yunshang, didn't she not return to the provincial capital until winter to meet her relatives? Why did the Bai family come here so early in this life?

Obviously, in the last life, Yunshang was involved in the case of enemy agents because of her identity.

This time she also made preparations early. It was the enemy's business to expose the Gao family in advance, and she tied the Gao family and Yunshang together to report in advance. Why didn't the police take any action against the Gao family?

Even the news about the daughter of the commander of the Yunshang military region was exposed in advance?

She had planned it all, and wanted to make a time difference, tie Yunshang and Gao's family together, put on the hat of an enemy agent, and send Yunshang and Gao's family to the northwest to be locked up early.

When the Bai family is looking for their own daughter, she will push out the little girl who she found in advance and who resembles Yunshang, and replaces Yunshang's identity.

And she holds the handle of the impostor of the little girl of the Bai family, that impostor will have to obey her orders for the rest of her life, and the Bai family will also become her biggest backer, Chen Cuiqiao's family will never try to plot against her again in this life.

Chapter 357 Meet again

At that time, she will hold the handle of the imposter of the little girl of the Bai family. That impostor will have to obey her orders for the rest of her life, and the Bai family will become her biggest backer. Chen Cuiqiao's family will never try to plot against her again in this life .

There is also Gu Shinian, without the arrogant and willful Yun Shang in front of Gu Shinian, who is like a soft bun in front of outsiders, based on her understanding of Gu Shinian in her previous life, sooner or later she will be able to protect Gu Shinian like Yun Shang looking at her.

In order to implement this plan, she made a lot of preparations in advance, even self-destructing her image to fight against the old Zhou family, provoking Yunshang with childish means, leaving everyone with a childish and brainless impression.

In this way, the fact that she planned counterfeit products to replace Yunshang's identity behind the scenes would not arouse suspicion. Even if things were exposed, everyone would not believe that she was behind the scenes.

After all, she has already left everyone with the impression of being brainless.

She had been thinking and preparing this plan over and over since the day she was reborn, and she was confident that her interlocking plan would not go wrong, but the reality still gave her a slap in the face.

Erya never expected that she had just reported Yunshang the day before, and the Bai family would arrive the next day.

Her plan was stillborn before it started, and even Gu Shinian looked at her suspiciously, suspecting that it was Yun Shang who she reported behind her back.

Erya even suspected that the last time she fell from upstairs was also caused by Gu Shinian.

Gu Shinian noticed that Erya's gaze was wandering on his face, frowned in disgust, and was about to change positions, when Erya continued:

"Comrade Gu, are you going to the provincial capital to see Yunshang? My aunt's house also lives in the compound of the military region. We can go there together after we get off the train."

Gu Shinian opened his eyes, his eyes full of scrutiny, until Arya couldn't bear Gu Shinian's gaze and lowered his head in embarrassment, Gu Shinian carried his luggage and changed to another position.

He has no intention of pursuing Erya's small offenses to him, and he doesn't want to spend his energy on investigating why Erya happened to meet him on the train. He only knows that if Erya is not honest in the provincial capital, he doesn't mind breaking it. Erya has the other foot.

.....

Yunshang opened the cabinet early in the morning and picked clothes one by one. It wasn't until Bai Qingming was in a hurry, went upstairs with the ball and knocked on the door, that Yunshang quickly changed into a small yellow skirt with floral patterns, and straightened it up. With the braid on his forehead, he ran downstairs with a military water bottle on his shoulders.

"Xiao Qi,

Why did you come down! If you don't leave, the train will arrive at the station. "

Bai Qingming stuffed Qiuqiu into Yunshang's hand, dragged her out the door, and climbed into the jeep one after the other.

Lin Wenlan looked at Yun Shang's excited little face, and then at the iced mung bean soup that she carefully protected in her arms, and prepared for Gu Shinian early in the morning, her heart felt sour for a while.

Yun Shang had never cared so much for her.

The last time I came back from the capital, the gift Yun Shang gave to the family was the simplest and rude ticket. It was Gu Shinian's turn, and I borrowed a car and a driver in advance, and I was busy washing and dressing early in the morning, changing into beautiful dresses, so that She went to see Gu Shinian with the best appearance, and even thoughtfully prepared iced mung bean soup for Gu Shinian to relieve the summer heat.

This is not picking up my brother, it's simply showing filial piety to Gu Shinian as the closest and most dependent elder.

Yun Chang didn't know that Lin Wenlan's heart was sour, and she lay on the back of the driver's seat, staring at the front, wishing to see Gu Shinian immediately.

The car galloped all the way, and soon stopped at the train station. Yun Shang didn't wait for Xiao Liu to open the door, jumped out of the car, held the ball in one hand, and pulled Bai Qingming in the other, and ran towards the train station.

After the train entered the station, Yun Chang touched her face unconsciously, and then touched the braid on the top of her head to confirm that her face was smooth and tender enough and the braid was straight enough, then she widened her eyes and stared at the exit.

A few minutes later, Gu Shinian walked out of the station amidst the crowds. He had short, energetic hair, a white shirt, army green trousers, and snow-white sneakers. Among them, it is simply the existence that stands out from the crowd.

Yun Chang saw Gu Shinian who had a prominent temperament in the crowd at a glance, her eyes lit up immediately, and she rushed over like a gust of wind, "Second Brother Gu! Second Brother, Second Brother! I'm here to pick you up!"

Gu Shinian smiled and picked up Yunshang, before he could speak, he saw Yunshang suddenly lowered his face, pointed his little finger at Erya behind him, and asked viciously like a little animal protecting food:

"Gu Shinian, why are you with her?"

Gu Shinian turned his head and saw Erya timidly following behind him with shrunken shoulders, looking pitiful, he couldn't help but look away in disgust, and coaxed Yunshang with wit:

"A Chang, I just happened to meet on the train, and the second brother came here alone."

Yun Chang nodded in satisfaction, gave Erya a look, and then struggled to get down, pulling Gu Shinian to Lin Wenlan and Bai Qingming's side.

As soon as Bai Qingming saw Gu Shinian, he couldn't help but said, "Brother Shi Nian, you are here! Xiao Qi and I are looking forward to your coming every day!" If you don't come, I will run away from home without a place!

Gu Shinian smiled and patted the top of Bai Qingming's head, then greeted Lin Wenlan, and the group passed through the crowd and got into the car.

Erya stood at the exit of the station, and quietly retracted the footsteps that she wanted to follow. After watching the Bai family and Gu Shinian get on the train and leave, she let go of her clenched fists and walked out of the train station among the crowd.

"Second brother, this is the iced mung bean water I prepared for you. Do you want to drink it quickly?" As soon as she got in the car, Yun Shang handed the water bottle to Gu Shinian's mouth, and looked at him eagerly.

Gu Shinian took a sip of the mung bean soup in Yunshang's hand, frowned subconsciously, and then immediately let go, and then swallowed the salty and bitter mung bean soup in his mouth without changing his face, in a very malicious way to tease Yun Changkeng Bai Qingming.

"A Chang's craftsmanship is getting better and better. The mung bean soup is very delicious. Let your little brother try it too."

Yun Shang stared at Gu Shinian's face for a long time, lowered her head and smelled the mung bean soup, but didn't notice anything wrong, and was about to take a sip to taste it, but was stopped by Gu Shinian.

"A Chang, be obedient, let your little brother try it first."

"That's right, Xiao Qi, give me a taste first, I didn't even have breakfast in the morning to pick up Brother Shi Nian."

As Bai Qingming said, he turned sideways, snatched the water bottle from Yunshang's hand, raised his hand and poured it into his mouth, but just after taking a sip, Bai Qingming's eyes widened, he turned around and threw up on the window:

"Cough, cough cough...Xiao Qi! You! Why is your mung bean soup salty? It's salty and bitter! Did you take the granulated salt that Aunt Wu just bought as sugar?"

Yun Chang blinked, and subconsciously looked at Gu Shinian. Seeing him snickering with the corners of his mouth curled up, he couldn't help covering his face, and plunged into Lin Wenlan's arms, unable to get up.

Chapter 358 I Want to Go Home

He wanted to surprise Second Brother Gu, so he boiled the mung bean soup for most of the night, but it was ruined by a handful of salt.

What a shame!

Lin Wenlan hugged Yunshang's small body, and couldn't help laughing anymore.

Obviously Xiao Liuzi was also punished, but why is she so comfortable in her heart?

Qiuqiu didn't understand what Yunshang was doing, so he turned his fleshy little body curiously, imitating Yunshang's appearance, and buried his little head in Lin Wenlan's arms and remained still.

After the group arrived home, Bai Yancheng had already gone to work in the military area. Lin Wenlan arranged for Gu Shinian to have breakfast, and put his luggage in the guest room prepared in advance. Then, carrying his leather bag, he hurried to the art troupe.

Seeing Bai Qingming staying at home, preparing for a two-person world between herself and Gu Shinian, Yunshang put on a serious face, put her schoolbag around Bai Qingming's neck, and pushed him out of the house:

"Brother, we agreed yesterday. I will take you to pick up Second Brother Gu in the morning. You can go to school after you come back, and you are not allowed to skip class. If you don't mean anything, I will call Dad now."

Bai Qingming looked anxiously at Gu Shinian who was standing in the yard, saw him smiling and watching Yun Shang bully him, immediately sullenly said, pitifully:

"Xiaoqi, we have to agree, you and Brother Shinian are waiting for me at home, and you can't sneak out to play."

Yun Chang nodded indiscriminately, sent Bai Qingming away, greeted Aunt Wu, held Qiuqiu, and dragged Gu Shinian into the guest room.

After entering the door, the two tacitly closed the door while the other pulled the curtains, and then walked into the space hand in hand.

"Second Brother Gu, I miss you."

As soon as he entered the space, Yun Chang hugged Gu Shinian's neck and didn't let go, rubbing his small head against Gu Shinian's neck, asking about the familiar aura on his body, his eyes became moist unconsciously.

The Bai family is very lively, everyone treats her very well, but none of them can replace Gu Shinian's place in her heart.

Only when seeing Gu Shinian and holding Gu Shinian, Yun Shang's heart that has been raised for more than a month will settle down, feel at ease, and feel at ease.

Gu Shinian put his arms around Yun Chang, rubbed his chin on the top of Yun Chang's head soothingly, and his heart began to feel sore.

"A Chang, tell the truth to my second brother,

Do the Bai family treat you well? "

"Okay." Yun Shang nodded very positively, "But the Bai family does not have Gu Erge, and the Bai family is not our home."

"I'll clean up the small yard in the afternoon, and that will be our new home from now on..."

Yun Chang nodded, buried her head on Gu Shinian's neck, and murmured, "Second Brother, I want to go home, to the Yunhu Villa."

Yunhu Villa is the home where she and Gu Erge lived for six years in their previous life.

It belongs to her and Gu Erge's home alone.

In that family, she can act coquettishly, play around with Second Brother Gu unscrupulously, and even pretend to be angry, and ask Second Brother Gu to take her to travel all over the world, without worrying about the thoughts of so-called relatives.

That family did not have Zhang Chunni and Gu Panguai, nor did Gu Huaiqing jump out to plot against Gu Erge, and she was an orphan of the Yun family, not the adopted daughter of the old Yun family, nor Xiao Qi who had been lost by the Bai family for six years.

There is only each other between her and Second Brother Gu. She is the only relative of Second Brother Gu, and Second Brother Gu is also her only relative. There are not so many relatives who strongly intervene in their lives and need her scruples.

Gu Shinian's eyes became hot when Yun Shang said "I want to go home".

In fact, it's not just Yunshang who wants to go home, why doesn't he want to go home?

If possible, he also hopes that Yunshang can be like the last life, always innocent, just thinking about eating, drinking and having fun every day, don't be forced to grow up by life, and he doesn't want Yunshang to watch him do so much work. matter.

But they can't go back.

When he came to this world, in order to eliminate the hidden dangers of their identities, he had to reveal his inner ugly side in front of Yunshang, pushed Gu Guangzong, who plotted against him, to Gu Huaiqing's side, and tried to break away from the father-son relationship with Gu Huaiqing.

Knowing that the space on Yunshang's body was exposed, he had no choice but to harden his heart, and taught Yunshang how to control Widow Wang, and even let Yunshang know that he had plotted against Zhang Haiyang, and used Zhang Haiyang's mouth to push Yunshang to Bai Haiyang. In front of her family, she was sent to a strange family.

For him, home is where Yunshang is, but for Yunshang, the place where he is is no longer 'home'.

He is not strong enough to give Yunshang a sense of security, to protect Yunshang like in the last life, and let her grow up carefree, that's why she said that she wants to go home.

Yun Shang wiped away her tears on Gu Shinian's body, and left this safe and gentle embrace that made people reluctant to leave.

Gu Shinian wiped away the wetness from the corners of Yun Chang's eyes, his eyes were full of cherishment and love, "A Chang, grow up quickly..." When you grow up, the second brother will take you home.

Yun Chang nodded, smiled at Gu Shinian, and said with a choked voice, "Second brother, I'm fine, I just miss you."

"I know." Gu Shinian pulled Yun Shang up, compared his fingers on her head, and changed the subject with a smile, "A Chang, you've grown taller."

Yun Chang's eyes lit up, her little emotions were instantly distracted, she stretched out her hand to imitate Gu Shinian's appearance and gestured on her head, then lowered her head, looked at her fleshy calf, and said hesitantly, "Gu Second brother, it seems that you haven't grown up."

"It's grown," Gu Shinian reaffirmed, stretching out his little finger to gesture, "It's grown so tall, it's about 0.5 centimeters."

Satisfied, Yunshang pulled Gu Shinian to sit on the sofa in front of the building, and showed Gu Shinian the immobile ball, "Second brother, this is a ball, it was given to me by Grandpa Bai from Lao Li's house. Come on, you're smart!"

After finishing speaking, without waiting for Gu Shinian to ask questions, his small mouth was like a machine gun, and he learned how Qiuqiu helped her beat Bai Qingming violently.

At this moment, Gu Shinian finally believed that the Bai family's words were really kind to Yun Shang, the corners of his mouth twitched a few times, and he asked with a smile, "A Chang, you mean, your cat broke Bai Yancheng's tea, In the end, it was Bai Qingming who was beaten?"

"hold head high!"

Yun Shang proudly raised her little head, and said again how she plotted against Bai Yancheng, "Papa Bai likes to drink tea, likes to beat up my brother, and is especially afraid of his wife. Second brother, I told Papa Bai, come on You found the tea leaves that were sent back to him, and in the future you will send tea leaves to Papa Bai, and he will have no choice but to accept it."

Speaking of her own little scheme, Yun Shang was full of pride, and Gu Shinian rubbed Yun Shang's forehead to show her praise.

Yun Shang asked anxiously again, "Second brother, I asked Bai's father, the small courtyard cost 700 yuan, plus 200 catties of food stamps, when will we return the money to the Bai family?"

"Wait until the evening. In the afternoon, I'll take you there to clean up the house, see what else needs to be added, make a list, and take you out for a big purchase tomorrow."

Yun Chang raised her chin proudly, with a proud face, "I've cleaned up the house a long time ago! The house was cleaned by me, my younger brother, and my sister, and the yard was cleaned by my elder brother, so it's tidy."

After the two of them finished talking about the house, Gu Shinian took the initiative to bring up the matter of everyone in Lao Yun's family.

"Zhou Minghui is not bad, he is more stable than Zhang Shouyi, and he is smart enough. I feel that Aunt Yun's attitude has softened recently, and I reckon things between the two of them will work out."

Yun Shang's brows were frowned, and she asked unhappily, "Didn't my aunt know that Zhou Minghui is Zhou Mingjuan's cousin, and he didn't get along with Aunt Zhang Chunni, so why did he get involved with Zhou Minghui?"

Gu Shinian couldn't help laughing, "Zhou Minghui is Zhou Minghui, and Zhou Mingjuan is Zhou Mingjuan. You can't overturn a boatload of people with one blow. Aunt Yun also told me about Zhou Minghui two days ago. I suggested that Yun Think about it yourself, aunt, don't worry about the conflict between Zhou Mingjuan and Zhang Chunni."

Yun Chang thought for a while, then nodded reluctantly.

"A Chang, do you know about the disaster outside?"

"I know." Yunshang nodded, "Papa Bai has been worried about this recently. He said that many places have lost harvest due to the drought this year, and he is worried that the soldiers under his hands will be hungry."

"I went to the village some time ago, and the old village head is also worried about this matter."

Yun Chang's eyes widened, and she asked stupidly, "Second brother, why didn't you tell me when you went back to the village? Is my grandpa and my grandma okay? Where's Shuanzi? Have you grown up? Do you miss me?"

Seeing that Yun Shang couldn't grasp the point after asking for a long time, Gu Shinian was speechless for a long time, and then said, "I think about it, Shuan Zi pestered me to ask where you are, and Grandpa Yun and Grandma Yun also kept asking if you are in the provincial capital." Well, I can see that they all miss you."

As soon as Yun Chang showed a smiling face, she collapsed immediately, puffed her cheeks, and looked worried, "I don't even think I will call me."

"What are you thinking about!" Gu Shinian knocked on Yunshang's forehead, "The village is busy with summer harvest recently, how can I go to the town to call you when I have time?"

Yunshang covered her head, glared at Gu Shinian, and then talked about the affairs in the village, "Second brother, did you just say that the old village chief was worried about food, did you want to help the villagers?"

"Well, I have an idea."

Gu Shinian glanced at the full crops planted in the space, and then asked, "Ah Chang, how much grain is there in the warehouse now? The village can't harvest much grain in summer, and if it doesn't rain, the autumn harvest will never be harvested. I guess the village There is not much food to survive the winter, and this year is more difficult than last year."

Yunshang originally thought that Xinglin Village was close to the river, and the villagers would carry water to irrigate the fields, and they would be able to collect some food, but she didn't expect that the situation in the village was much more serious than she imagined.

Thinking of the grain that could hardly fit in the warehouse, Yunshang said with a worried face, "Second brother, there is a lot of grain in the warehouse, but it's all fine grain. How can I get it back for the villagers? What if I get exposed? Not good."

Yunshang knew in her heart that there was no money in the village this year, so she kept silent about the money, but was just worried about how to send out so much food.

In her opinion, it's okay to help the villagers survive the disaster, but she must not be exposed, and she must not be suspected.

She is not the Virgin, and she cannot put herself in a dangerous situation in order to save others.

Gu Shinian knew what Yun Shang was worried about, grabbed Yun Shang's braid, shook it left and right, and asked in a very bad tone, "A Chang, are you suspicious of the second brother? Do you think the second brother didn't take your Safety at heart?"

How many things did he do to disappoint the little girl?

Now he even suspected that he didn't take her safety into consideration.

Yun Chang's eyes widened subconsciously, and her head shook like a rattle, "No, no, I didn't suspect Brother Gu. I was, I was just afraid that I would be too stupid and my whereabouts would be exposed."

"It's okay, the second brother has already thought about it for you, as long as you don't feel bad, this batch of food will definitely be sent out secretly..."

.....

The two had a conversation in the space, and Yun Shang held Gu Shinian to sleep in the space for a few hours.

After Gu Shinian had rested, the two greeted Aunt Wu, hugged Qiuqiu, and went out hand in hand to look at the small courtyard.

As soon as the two of them turned the corner, Yun Shang watched Gu Mingzhu bring a girl of the same age out of Gu's house, walking towards them talking and laughing.

Yun Shang tugged at Gu Shinian's hand, lowered her voice and said, "Second brother, it's Gu Mingzhu."

Realizing that Gu Shinian had never met Gu Mingzhu, Yun Shang added, "It's the one who walked in front and wore the red dress."

This is the first time Gu Shinian has seen Gu Mingzhu. If you look carefully, you can find that Gu Mingzhu's appearance is somewhat similar to Zhou Mingjuan's, but Zhou Mingjuan's temperament is weak. poisonous snake.

And Gu Mingzhu's brows and eyes faintly carried a bit of hostility that Zhou Mingjuan didn't have. At first glance, she was used to being arrogant and indulgent, and she belonged to the type without scheming.

Gu Shinian glanced at Gu Mingzhu, pulled Yunshang and continued to walk out, "Let's go, there is no need to pay attention to people who are not important."

The two left the military area all the way, and soon came to the small courtyard.

After entering the door, Gu Shinian walked around the base of the south wall first, and discussed with Yun Shang, "A Chang, there are two fruit trees here, what do you want to plant?"

Yun Shang put the ball on her shoulder, and followed Gu Shinian's example, circling the vegetable garden, thinking about the fruit seedlings that could be moved out of the space, and waved her small hand:

"Just plant jujube trees and hawthorn trees, and put a grape on the side, and you can grow vegetables in the rest of the place."

"Okay, then quickly prepare the fruit seedlings."

After Gu Shinian finished speaking, he dragged Yunshang into the main room again. Looking at the empty main room, Gu Shinian took out his wallet and notebook, asked Yunshang's opinion, and recorded the things that should be purchased.

"The main room is both a living room and a dining room. Just add a dining table and a wooden sofa, and make it a log color, which is not eye-catching."

"A canopy bed and two wardrobes need to be added to the main room. If you don't want to go back, you can live in this room. The second brother lives in the side room. By the way, there is also a desk and curtains for you in the room. Wash the shelf, and put two pots of flowers for you..."

Yun Shang interrupted Gu Shinian dissatisfied, "Second brother, don't need a wash stand in this room, just add a single sofa. Put it next to the desk, facing the window, and then put the canopy bed at the bottom of the east wall. Draw a curtain between the bed and the sofa, the inside of the curtain is the bedroom, and the outside is a small study. You can sit on the sofa and read a book, or you can do your homework on the desk."

Gu Shinian nodded, "Okay, listen to you, Pianwu will do the same."

Chapter 359 Slap in the face

? When returning to the compound at noon, the two happened to meet Zhou Mingjuan, mother and daughter at the gate.

Seeing Gu Shinian suddenly appear in the compound of the military region, Zhou Mingjuan was stunned for a moment, then pulled Gu Mingzhu to stand still, with a polite and alienated smirk on the corner of her mouth:

"When? Is it really you? I thought I was wrong. You need to register when you enter the compound of the military region. You should say hello before you come, so I can arrange someone to pick you up..."

As Zhou Mingjuan spoke, her eyes fell on Yunshang, and her voice immediately dropped, as if she was surprised why Gu Shinian got involved with the little girl of the Bai family.

"Back then, what are you doing with... you kid, why don't you just go home and hang out outside?" The point is, how can you get involved with the Bai family?

Don't you know that Gu Huaqing and Bai Yancheng won't deal with each other?

Seeing that Gu Shinian didn't want to talk to her, Zhou Mingjuan supported Gu Mingzhu's shoulder and introduced Gu Mingzhu, "Mingzhu, this is your brother Shinian, who is two months younger than you..."

Yun Chang was immediately disgusted by Zhou Mingjuan.

Gu Shinian is Gu Mingzhu's younger brother?

How could Zhou Mingjuan have the face to say such a thing!

Who doesn't know that Gu Shinian and Gu Huaqing have severed their father-son relationship in the compound of the military region, what kind of sister is Gu Mingzhu?

Even Gu Panguai didn't dare to force Gu Shinian to call her sister. Gu Mingzhu, a little wife who raises an adulterous daughter, how could he have the face to have a relationship with Gu Shinian?

Really shameless!

After doing something immoral, not to mention seeing Gu Shinian keep a low profile and take a detour, he insisted on coming over to make people slap him in the face.

Without waiting for Gu Shinian to speak, Yun Chang put on a stern face, and unceremoniously turned back:

"The compound of the military region is not your back garden. My Second Brother Gu can come whenever he wants, why should I say hello to you? Besides, my Aunt Zhang Chunni is still here, why are you acting like an elder in front of my Second Brother Gu? Big!"

Yun Shang didn't deliberately lower her voice, and when she spoke, she curled her small mouth slightly, not hiding the disdain on her face at all.

Zhou Mingjuan didn't expect Yun Shang to speak so badly at such a young age, her face turned red immediately, and she couldn't even maintain the fake smile on her face.

The corners of Gu Shinian's mouth curled up,

Following Yunshang's words, he continued to make up his sword: "Comrade Zhou, I have severed the father-son relationship with Political Commissar Gu, let alone you and Gu Mingzhu. I don't need to report to you where I am going. ."

If it was said that what Yun Shang said made Zhou Mingjuan a little bit embarrassed, then Gu Shinian's sentence of "severing the father-son relationship with Political Commissar Gu" was to tear off Zhou Mingjuan's fig leaf in public, and completely lost her face.

The rumors that Gu Huaqing managed to suppress, and because of Zhou Mingjuan's provocative behavior, Gu Shinian resurfaced.

It's the noon off-duty time right now, there's not a lot of people coming and going at the gate of the compound, but there is no shortage of soldiers and children going home for dinner, plus there are little soldiers standing guard beside them. Naturally, word for word was heard in the ears of everyone.

People passing by couldn't help casting curious glances at her. Even though no one laughed out loud, Zhou Mingjuan's face was still flushed with embarrassment, and her hands kept shaking.

She never imagined that Gu Shinian and Yunshang were young, but their mouths were more poisonous than the other. The words they said were like slaps in the face after another, and each slap was firmly slapped on her face. .

Originally, through Zhou Mingjuan's introduction, Gu Mingzhu also knew Gu Shinian's identity. She straightened her back, raised her chin slightly, and let out a soft 'hum' in her throat. He called her sister.

She had thought it all over, and when Gu Shinian called her, she would humiliate Gu Shinian just like she humiliated Gu Guangzong on weekdays, and let this annoying bastard know that she was the only child of Gu's political commissar's family .

Neither Gu Guangzong nor Gu Shinian are worthy of stepping into the Gu family's door and competing with her for family property.

But Gu Mingzhu never expected that Gu Shinian not only didn't call her sister, but sang with Yunshang, and put on a gesture of looking down on the Gu family, which made her and Zhou Mingjuan lose each other once.

It's okay for Yunshang, anyway, she is the baby of Bai Siling's family, and her status is no worse than her, but why does Gu Shinian look down on the Gu family?

How could Zhang Chunni, a coolie worker, compare to the political commissar of the military region and the director of a large hospital?

Gu Mingzhu felt that she had been humiliated, so she immediately pulled Zhou Mingjuan away, pointed at Gu Shinian's nose and scolded:

"What are you? Whether our family recognizes you or not is a matter of opinion. Why do you dislike my dad? Since you don't like the Gu family, what are you doing in the military compound..."

"Brother Shi Nian is a guest of my family!" Bai Qingming ran over from behind and stood in front of Yunshang and Gu Shinian, "Don't be too affectionate! Brother Shi Nian is a guest of Xiaoqi in my family, he is not here to find yours."

While Bai Qingming was speaking, Bai Qingzheng and Bai Qingyue also walked over one after another, standing beside Gu Shinian and Yun Shang on the left and right.

Gu Mingzhu opened her mouth, stared blankly at Bai Qingzheng who came over, then pursed her lips, lowered her head and stopped talking.

Zhou Mingjuan glanced at the pedestrians around who were slowing down to watch the excitement. With a livid face, she tightly grabbed Gu Mingzhu's hand and pulled it into the courtyard, "Go! She's climbed a high branch. If you don't take your kindness, you'll be here in the future." As if there is no such brother!"

"Brother Shi Nian, didn't you have nothing to do with their family long ago, why do you want to recognize your brother?" Bai Qingming asked curiously.

Gu Shinian laughed, and said in a clear voice, "It doesn't matter in the first place, so naturally we can't talk about admitting relatives."

Yun Chang felt that Zhou Mingjuan's harsh words were too harsh.

What is Pangaozhi?

Second Brother Gu was originally Gao Zhi'er!

The Gu family in the capital only recognizes Second Brother Gu, not Gu Huaiqing anymore. Is Second Brother Gu guilty of climbing high?

Brother Gu himself is Gao Zhi!

Yun Shang puffed her cheeks, and continued to make up the knife with a voice that everyone around could hear, "Tsk, you have won Aunt Zhang Chunni's favor, but when you robbed Aunt Zhang Chunni's son, I didn't see you being soft-hearted."

Everyone: "..."

As expected of the daughter of the Commander's family, this mouth is too tricky, and he picks people's pain.

Bai Qingzheng and Bai Qingyue rubbed Yunshang's dog's head one after the other, greeted Gu Shinian again, and then walked home together.

Bai Qingming squeezed away Bai Qingyue and came over, angrily criticizing Yunshang, "Xiaoqi, you don't mean what you say, you promised me in the morning that you would go out to play together when I came back, why are you going out alone with brother Shinian?" gone."

Yun Shang endured and endured, and finally couldn't help but slap Bai Qingming across the face, "You big light bulb!"

It's so stupid to keep trying to rob Second Brother Gu from me!

With such a lack of wink, you deserve to be beaten by cheap daddy all the time.

Chapter 360 Can't let him stay in the provincial capital

When they returned home, they found that Bai Yancheng and Lin Wenlan had already returned. Before Yunshang and Gu Shinian could speak, Bai Qingming jumped out first and told about Zhou Mingjuan's trouble with Gu Shinian at the gate. Asked curiously:

"Dad, Mom, is Director Zhou sick? Brother Shi Nian came to our house to play, why do you need to say hello to her first? Didn't Brother Shi Nian sever ties with Political Commissar Gu?"

Bai Yancheng ignored his own stupid boy, greeted Gu Shinian with a smile, pulled Yunshang over, looked him up and down, "Shangnan, Director Zhou didn't scare you, did he?"

"No." Yun Shang proudly raised her chin, "Dad, Second Brother Gu and I scolded Director Zhou away."

Before Bai Yancheng could speak, Yun Shang wrinkled her little nose again, and asked with concern, "Dad, Director Zhou is about to cry because of me, political committee Gu won't fight with you? Can you beat political commissar Gu?" ?"

After speaking, he stared at Bai Yancheng without blinking, his small eyes were as worried as he wanted.

Bai Yancheng's face darkened.

My daughter doubts his ability?

It's unbearable!

"What nonsense are you talking about? Dad just let him give Gu Huaqing a hand, he is not tall!" Bai Yancheng said so firmly that he almost patted his chest and promised.

Of course, Yun Shang wasn't really worried that Gu Huaqing and Bai Yancheng would turn against each other.

There are three generals in the Bai family, not just talking about it casually.

Besides, Gu Huaqing's life is not easy now, as the political commissar of the military region, he was supposed to be the head of the military region, but his power was almost emptied by Bai Yancheng.

After a few more years, Gu Huaqing will be so overwhelmed that he can't even keep the military cap on his head, so how can he fight Bai Yancheng?

This is also an important reason why Yunshang dared to offend Zhou Mingjuan without any scruples.

What Bai Yancheng said was so affirmative, Yunshang tactfully flattered his father, "Dad, you are really good, you are the most powerful father in the whole world!"

After speaking, he gave Bai Yancheng a thumbs up.

While Yunshang was talking to Bai Yancheng, Gu Shinian took out the gifts that he and Yunshang had prepared from the guest room and distributed them to everyone.

For Bai Yancheng,

It was his favorite tea. For Lin Wenlan, it was the skin care products that Yunshang bought in Shenshi last year. For Bai Qingzheng and Bai Qingyue, it was a fountain pen. For Bai Qingming, it was a sweet and soft cake and a little book.

Even Aunt Wu, Yun Shang and Gu Shinian prepared a new piece of fabric.

Receiving gifts is always a pleasant thing, Bai Yancheng and Lin Wenlan also gave Gu Shinian a meeting gift, and the atmosphere in the room instantly became lively...

When Lin Dani rushed over with Dacheng, Lin Wenlan hurried into the kitchen to help Aunt Wu bring out the food, and shouted to the lively chatter in the living room:

"Everyone come over for dinner! Changnan, bring your Brother Shi Nian over for dinner!".

Yun Chang put down the ball and ran to the dining table in a hurry. Seeing that Aunt Wu had cooked a table full of dishes, and specially steamed a pot of white noodles and meat buns for Gu Shinian, her little brows raised in satisfaction.

Bai Yancheng and Lin Wenlan were able to entertain Gu Shinian so grandly, it really gave her face.

Yunshang decided that she would borrow the second brother Gu's hand to send a lot of tea to Bai Yancheng later.

.....

The Gu family is not far from the Bai family. Unlike the lively and cheerful atmosphere of the Bai family, the Gu family is eerily quiet at the moment, and Zhou Mingjuan's sobs can be heard from time to time in the study.

"...Brother Qing, Shi Nian really didn't give us any face. He knew that our house was in the big courtyard, and when he came to the provincial capital, he didn't come to visit the house, but he ran to Bai's house instead. If it gets out, people will see you."

"Who in the military region doesn't know that you and Bai Yancheng didn't deal with each other. You deliberately hit me in the face in front of everyone like this. He did it on purpose! Brother Qing, he was venting his anger on Zhang Chunni..."

"There's also Bai Yancheng... On the surface, he's trying to ease the relationship with you, but secretly he got Gu Shinian to the provincial capital. He must want to embarrass our family in front of everyone in the military region..."

"There is also that little girl who is only so big, how can she say those words, someone must have taught her behind her back..."

Gu Huaqing frowned tightly. Hearing Zhou Mingjuan's sobs one after another, he felt irritable and wanted to curse.

What the hell is going on?

Why did Shi Nian get mixed up with the little girl that Bai Jiaxin found? If you don't stay in Qinghe County well, what are you doing in the provincial capital?

And Bai Yancheng, didn't they all send out reconciliation signals to him, didn't they deliberately confront him, why did they get Gu Shinian to the provincial capital again?

What on earth is Bai Yancheng trying to do, is he trying to embarrass him and deliberately embarrass him, or is he trying to tear his face apart again and is determined to fight him to the end?

Gu Huaqing untied the first button under his neck, pushed away the cup on the table, and asked Zhou Mingjuan, "Didn't you ask what you were doing in the provincial capital?"

"No." Zhou Mingjuan lowered her head halfway, she couldn't see her eyebrows clearly, but she could see the tears dripping from her weak chin, "I just asked him when he came to the provincial capital, why didn't he just come home, that child It embarrasses me in public."

Seeing that Gu Huaqing frowned and did not speak, Zhou Mingjuan's eyes flickered, and she continued, "Brother Qing, you go back to Qinghe County... Tell me, did he want to tell the story about it?"

Gu Huaqing's face froze, and his face, which had recovered a long time ago, began to ache again. Thinking of being beaten into a pig's head inexplicably in that dark and cramped guest house in Qinghe County, and thinking of Gu Shinian's threats to him, Gu Huaqing's back suddenly oozes A layer of cold sweat.

Gu Shinian can't tell about Zhou Mingjuan's embezzlement of his private seal!

And the fact that he lost his gun, let no one know about it!

"Brother Qing, no matter what, we can't let Shi Nian stay in the provincial capital. He's getting involved with the Bai family now, so maybe he'll bring that matter to Bai Yancheng at some point, when the time comes..." Both of us Fuck!

"Let me think about it." Gu Huaqing raised his hand to stop Zhou Mingjuan's words, checked the time, and then asked, "Guangzong has been in the southwest for almost two months, have you called back recently?"

Zhou Mingjuan clenched her lips and nodded lightly, "I called back yesterday, and I haven't had time to tell you..."

Gu Huaiqing frowned, and sighed deeply, "The situation in Southwest China is tense now, Guangzong just passed, can you adapt?"

Zhou Mingjuan was stunned.

How did she know if Gu Guangzong could adapt?

It's not her own son, and it has nothing to do with her if he can't go to the front line or fight a war. How could she ask Gu Guangzong this?

Besides, wasn't Gu Huaiqing angry with Gu Guangzong before, and that's why he was thrown to the southwest to fend for himself? It's only been over a month since he went there, why did he start thinking about it?

Could it be that Gu Huaiqing figured it out, he didn't dislike Gu Guangzong's bad reputation, and started to train Gu Guangzong?
