Chapter 36 Planning

"It's definitely not good for the two of us. The old Yun family will probably let Yun Erchuan go to the provincial capital with us, but it doesn't matter. When I get to the county town, I will find someone to stumble upon him, and I won't really let him follow."

Gu Shinian's brain was running fast, and the plans were continuously formed and perfected in his mind, and the next itinerary was quickly formulated.

After Yun Chang was excited, she also realized that something was wrong, she stood up, opened the curtain between the two, and sat in the bed and looked at Gu Shinian:

"Second brother Gu, did you go to the provincial capital to find Gu Huaqing?"

"Well, I have this plan." Gu Shinian did not deny it.

"What are you looking for him for?"

Yun Chang was not surprised by Gu Shinian's answer.

Based on what she knew about Gu Shinian, he could not go to Gu Huaqing to recognize his relationship with him. It was only possible that Gu Shinian wanted to plot against Gu Huaqing, or he used Gu Huaqing's hand to stumble upon Gu Guangzong.

Otherwise, with the degree of Gu Shinian's disgust towards Gu Huaqing, it would be impossible to look at him in this life.

Gu Shinian closed his eyes, stretched out his hand from the quilt, pressed Yun Chang's head precisely, and pressed her into the quilt.

"Lie down and talk!" He pulled up the quilt and covered her tightly, and then replied:

"In the past, I tried to urge Gu Huaqing to get Gu Guangzong away quickly." It was really annoying to always stay in Qinghe County.

Yun Chang would not naively think that Gu Shinian sent Gu Guangzong to the provincial capital and it was over. With her understanding of Gu Shinian, he was going to dig a big hole for Gu Guangzong.

She turned over in the duvet and looked at Gu Shinian's direction with shining eyes, "Second brother Gu, tell me about your plan!"

"Didn't Gu Guangzong want to give Gu Huaiqing his retirement? I went over to find an opportunity to help him, and sent Gu Guangzong to Gu Huaiqing. Let's see if I can tie the two father and son together, so that Gu Huaiqing will be sacked in the future, and Gu Guangzong will only If he can be Gu Huaiqing's filial son, don't even think about leaving Gu Huaiqing alone to live a good life."

Gu Shinian hated Gu Huaiqing and Gu Guangzong thoroughly in his heart.

These two fathers and sons are in the same line of selfishness.

If you really want to find out what's different, it's probably that my father, Gu Huaiqing, is more shameless and more cunning than his son, Gu Guangzong.

Gu Huaiqing found Qinghe County last month. In the small yard bought by Zhang Chunni, in front of three children, he made it clear that he would take a son back to the provincial capital to inherit the family business.

This has been said for a month, but Gu Huaiqing's side has been silent for a long time, making Gu Guangzong anxious day by day, jumping up and down all day to get rid of Gu Shinian, causing the house to be disturbed.

Gu Shinian didn't intend to recognize Gu Huaiqing, nor did he want to play those mentally retarded games with Gu Guangzong endlessly like the original.

He analyzed privately that there were three reasons why Gu Huaiqing had no news for a long time.

First, Gu Huaiqing's revolutionary partner Zhou Mingjuan did not agree to take back his ex-wife's son to block him. Second, Gu Huaiqing received an important task temporarily and was temporarily unable to take his son back to the provincial capital.

There is also a possibility that Gu Huaqing was deliberately delaying time, using the inheritance of Gu's family business as bait to create conflicts between the two sons, just like raising a gu, making the two sons fight each other, and the one who wins in the end is Gu Huaqing Desired and qualified heir.

But no matter what the reason is, Gu Shinian has no interest in waiting any longer. He still has a lot of things to do, but he doesn't want to be involved in the mess of the Gu family.

If there is a chance, he also wants to completely cut off the relationship with Gu Huaqing, so as to avoid future troubles.

Yun Chang felt worried when she heard it. Gu Huaqing was a political commissar of the military region, and he must have lived in the military region's compound. Gu Shinian couldn't even enter the gate of the compound, so how could he send Gu Guangzong back home?

Besides, even if Gu Guangzong wanted to go back home, Zhang Chunni had to agree. But according to what she said about taking care of the years, Zhang Chunni was very repulsive to Gu Huaqing,

How could he agree to the return of the eldest son who he raised alone to the Gu family?

In the darkness, Gu Shinian seemed to know what Yun Chang was worried about, patted her head gropingly, and comforted her with a warm voice:

"A-shang, don't worry, there will be a way."

As the night got darker, the room gradually became quiet, only one light and one heavy, two long and peaceful breathing sounds remained.

...

Aunt Li was woken up early in the morning by the howling next door. She muttered and cursed, "Widow Wang has committed sins and is beating her children again." She turned over and was ready to go back to sleep.

The howling came again, and Aunt Li felt agitated, she turned over and sat up in an instant, put on her cotton trousers, put on a cotton jacket, and rushed into the yard.

Mother, I almost forgot!

Comrade Gu Xiao just gave her two pieces of boiled cakes that can only be eaten by precious people last night, and asked her to take care of the little girl. The boiled cakes have not been warmed up in her hands. child.

Isn't this hitting her in the face!

If Chang girl suffers a loss, how can she have the face to take care of the little comrade's two boiled cakes.

Aunt Li's face was ashen, and she kept scolding Widow Wang for being a hindrance. She walked out of the main house and stood in her own yard, and scolded the next door:

"Wang Guihua! If your mother dares to touch the girl's finger, I will shake off all the good things you have done, so that you can't stay in Xinglin Village..."

Aunt Li scolded and walked to the courtyard wall. When she stepped on the stone roller and looked at the wall of her own courtyard, she was so shocked that she almost fell off the wall!

"Hey! My mother-in-law, what is this playing!?"

I saw Widow Wang wearing an old padded jacket, holding a small stone trough in her arms, and she was sitting on the snowdrifts in the yard crying and howling.

The little widow who always loves cleanliness and dresses up like a child now, kicking her legs back and forth on the ground, kicking up layers of snow, crying and screaming with her mouth open, tears running down her nose all over the face.

Aunt Li was stunned, unable to react for a long time.

Yun Chang and Gu Shinian were standing in the yard, and when they saw Aunt Li emerge from the wall, they quickly walked to the base of the wall, raised their heads and said:

"Auntie, look at what my mother is doing, she doesn't even know me when I talk to her... woo woo..."

"...Uh, girl Chang, don't worry, auntie will come and see!"

Aunt Li reacted, and immediately realized that Widow Wang's situation was not right, and she didn't dare to delay the time, and trotted all the way over from the next door.

"Wang Guihua, do you still recognize me?"

Aunt Li squatted beside Widow Wang and asked a question carefully.

Yunshang: "..."

Aunt Li: "..."

"Auntie, my mother ran to the backyard early in the morning, didn't let the chickens eat, and still held the chicken trough to death. What's wrong with her?"
