Chapter 361 I Didn't Treat myself as an Outsider

Zhou Mingjuan's heart tightened, and she tried to slow down her tone. While organizing her words in her heart, she said, "I asked Guangzong yesterday. He is still a recruit. He needs to train for a while and will not participate in the war for the time being. But the training is very hard. Yes, Guangzong said he can still adapt."

The war in the Southwest was tight. According to the management, recruits had to train for at least two months before joining the army. Gu Guangzong had only been in the Southwest for more than a month. Logically speaking, he was still in the training period. She replied that there should be no problem.

Gu Huaqing was silent for a while, and then told Zhou Mingjuan, "Guangzong will call back next time and ask him to call Qinghe County."

"Okay," Zhou Mingjuan responded, and then asked, "Brother Qing, why should I tell Guangzong..."

Gu Huaqing raised his fingers and tapped on the desk, then lowered his voice and said, "You tell Guangzong that you are in the provincial capital now, he knows what to do."

Zhou Mingjuan's eyes lit up, and she softened her voice, "Brother Qing, I will disclose this matter to Guangzong as soon as possible."

The reason why Gu Guangzong bought murder at the beginning was because he was worried that Gu Huaqing would take Gu Shinian back home and affect his position as heir.

If Gu Guangzong knew that when he was thrown by Gu Huaqing to the southwest to fend for himself, Gu Shinian ran to the provincial capital, how could Gu Guangzong swallow this futility.

At that time, he had to find a way to get Gu Shinian back.

Gu Shinian didn't know that he was tricked by Gu Huaqing's family again, and now he followed Bai Yancheng into the study with money in his pocket.

Facing Gu Shinian's determined eyes, and then looking at the handful of money and food coupons that Gu Shinian pushed over on the table, Bai Yancheng felt that his eyelids were being used again and again.

He's not a person who sees Qianqian openly, so why does his left eyelid start to twitch again?

"In those days, you take this money back. If I accept your money, who will I be? Besides, Changnan asked me to buy that small courtyard for you. If Changnan knows that I have taken your money, turn around You have to fight with me again."

After Bai Yancheng finished speaking, he felt that the money ticket on the table had been replaced by the ghostly face of his little girl, and then thought of Yun Shang's way of torturing people, and he shivered abruptly.

"Uncle Bai, I told A Chang, and she agreed that I would return the rent to you..."

Seeing that Bai Yancheng still wanted to talk, Gu Shinian continued, "Uncle Bai, I take care of A-Shang because I regard A-Shang as my own sister from the bottom of my heart.

If I take over that small courtyard, how is that different from selling clothes? "

Bai Yancheng's hands froze while drinking tea, and his brows gradually frowned.

Gu Shinian's face remained unchanged, but his voice remained calm and he said, "Uncle Bai, I didn't treat myself as an outsider, that's why I returned the money."

The implication is that if the Bai family insists on giving him a small courtyard, they will just ignore him and not treat him as one of their own.

Bai Yancheng put down his teacup, his expression was condensed, and his eyes were fixed on Gu Shinian, with probing, vigilance, and hesitation in his eyes, mixed with a hint of appreciation and approval.

Facing Shang Bai Yancheng's menacing gaze, Gu Shinian's face remained unchanged, his eyes were firm, and when he talked about Yunshang, there was a tenderness and pampering in his eyes that he didn't even notice.

Bai Yancheng's expression quickly calmed down, and his usual smile appeared on his face. He collected the money on the table, counted out two hundred yuan and a stack of industrial tickets from it, and pushed them to Gu Shinian.

"Shangnan said that you have been in contact with the Gu family in the capital and that you are not short of money, so Uncle Bai will not be polite to you.

Aunt Lin and I are both busy, so we don't have time to buy furniture for you, and we don't know what you like, so the two hundred yuan is the cost for you and Aunt Lin to buy furniture for you. "

boy! The house is not given to you, but the furniture must be given to me, right?

Gu Shinian understood the meaning in Bai Yancheng's eyes, and obediently put away the money and industrial tickets.

"Then I won't be polite to Uncle Bai. I just use the money to clean up the house."

Bai Yancheng was satisfied, took a sip of tea happily, and asked Gu Shinian pretending to be casual, "Si Nian, where did you find this tea? It's really good, strong and fragrant! "

Gu Shinian was speechless for a long time, and said with a smile, "Uncle Bai, I got these tea leaves in Shenshi last year, and there aren't many left. I'll ask someone to find them for you after you finish drinking them."

There are all kinds of tea in A Chang's space, black tea, green tea, oolong tea, black tea, all kinds of quality, enough for Bai Yancheng to drink for a lifetime.

Bai Yancheng's eyes lit up, and he pretended to be calm and said, "Will it be too much trouble? If it's troublesome..."

The two were chatting back and forth in the study room hypocritically, Yun Shang outside couldn't wait any longer, holding the ball, stepped over with a few steps, and raised her hand to knock on the door.

"Dad! My aunt has brought Brother Dacheng home, why haven't you finished talking with Second Brother Gu?" Hurry up and make a long story short, don't delay my shopping with Second Brother Gu!

The little girl came to ask for someone, and Bai Yancheng didn't dare to waste time, so she immediately released her.

Yun Chang ran up to Bai Yancheng, covered her small hands, and said crisply, "Dad, I want to go shopping with Brother Gu. If you give me money, I want to buy popsicles."

Bai Yancheng: "... You collected hundreds of dollars in red envelopes, and you came to ask me, a poor man who doesn't even have pocket money, for money?

Are you kidding me?

It's just that Yunshang stretched out his hands, and Gu Shinian was watching, Bai Yancheng gritted his teeth, took out a handful of change from his pocket, counted a few and handed it to Yunshang.

Yun Chang looked down and saw that the sum of several bills in her hand was only 50 cents, and she almost rolled her eyes at Bai Yancheng.

I gave you ten pocket money back last time, and you only gave me fifty cents?

Excuse me?

Do you want to lose your face as a father?

Yun Shang pouted, stuffed fifty cents into her pocket, her small eyes slanted to Bai Yancheng, and the look of contempt in her eyes could be seen at a glance.

Bai Yancheng almost vomited blood, thought for a while, opened the purse, took out ten yuan from the money returned by Gu Shinian, and stuffed it into Yunshang's hand.

Yun Shang was satisfied this time, stuffed ten yuan into her pocket, and gave Bai Yancheng a thumbs up, "Dad! You are simply the best dad in the world!"

Bai Yancheng was speechless.

Co-author, if I give ten yuan, I will be the best Laozi in the world, and if I give fifty cents, I will get a blank stare?

After searching Bai Yancheng for a while, Yun Chang carried the small military bag on her back in satisfaction, and ran out with Gu Shinian.

In the afternoon, Yunshang and Gu Shinian bought a lot of furniture for the house, a tin stove in the kitchen, and a set of cooking tools.

The briquettes that Yunshang secretly hid in the space before coming to the provincial capital were also neatly stacked outside the kitchen.

The house was almost settled, so Gu Shinian borrowed a shovel next door, turned over the vegetable garden, and planted the fruit seedlings that Yunshang moved out of the space, as well as the newly harvested vegetable seeds.

Chapter 362 Never seen such an ugly baby

As soon as Gu Shinian settled down in the provincial capital, Lin Dani and Yun Shuilian successively sent good news.

Lin Dani was admitted to Linyang University, and Yun Shuilian also entered the only local university in Fenyang with the lowest grades.

Yunshang's happy mood finally calmed down, and when she was thinking about going to the northeast with Yunshang, news came from Zhang Haiyang:

Crazy Wu and his gang have been arrested!

Except for Crazy Wu who was sent to Xinglin Village, the Gao family on the other side of the river, Gao Qingmin and Shen Yuegui from the Linxian Coal Mine, and some hidden stakes hidden in the depths were all taken away by the police one by one.

Yun Chang lay beside Gu Shinian, listening to Zhang Haiyang's voice on the phone:

"...Old Yun's family and your family are safe. The enemy agents are under the watchful eye of the police. There is no chance of taking action. You can rest assured."

"Thank you, Uncle Zhang."

Gu Shinian thanked him first, and was about to hang up the phone when Zhang Haiyang continued, "By the way, the rest of Lao Yun's family are fine, but when the enemy agents were captured, Li Hongmei was frightened and the child was born prematurely. You, Grandpa Yun and Grandma Yun has been in the village these two days.

If Yunshang wants to go back to Lao Yun's house, he can go back to Qinghe County directly, and there will be no enemy agent's idea of attacking Yunshang. "

After hanging up the phone, Yun Shang stared at the phone for a long time, then dragged Gu Shinian home without saying a word.

"A Chang, do you want to go back to Lao Yun's house first, or go to the northeast first?"

Yunshang looked up at Gu Shinian, and asked in a low voice, "Second brother Gu, do you think the old Yun family knows about Yun Dachuan? My grandfather and I nurse them... Aunt Yun hasn't called me for a week. ."

Gu Shinian had reminded her long ago that the old Yun family would know the real cause of Yun Dachuan's death sooner or later, but when that day really came, Yunshang still couldn't help feeling uneasy in her heart, for fear that the old couple would really hate her and put her to death. shut out.

"Don't think about it alone." Gu Shinian rubbed Yunshang's head, and comforted her, "Li Hongmei gave birth prematurely, Lao Yun's family just had a baby, and I don't have time to call you recently."

Seeing that Yun Chang's expression was still in a daze, Gu Shinian sighed and decided to arrange the itinerary for the two of them.

"A-Shang, I will discuss it with Uncle Bai later, and I will take you back to Qinghe County first, and then we will start from Qinghe County and go directly to the northeast."

Yun Shang nodded,

Back home, he dragged Gu Shinian to discuss with Bai Yancheng about returning to Qinghe County and going to the Northeast.

Seeing that Yun Shang was just taller than the table, how could Bai Yancheng agree with Yun Shang running all the way to the northeast, but before he could tell the reason for his refusal, Yun Shang turned around with a sullen face and dialed Mr. Bai's number. The phone call, and a solid complaint to Bai Yancheng.

"Grandpa, Second Brother Gu and Third Grandpa have made arrangements for us. The train conductor will take care of us on the train, and someone will come to the train station to pick me up and Second Brother Gu..."

Yunshang glanced at Bai Yancheng with small eyes, and continued maliciously, "In the end, my dad couldn't trust Second Brother Gu, and he wouldn't let me go back to Qinghe County to see Grandpa Yun and Grandma Yun, and wouldn't let me go to the Northeast to meet the world.

Grandpa, I feel that going back to Bai's house is not as free as I am in Lao Yun's house. My Grandpa Yun and Grandma Yun can rest assured of Second Brother Gu, and last year she agreed with Second Brother Gu to take me to Shenshi to meet the world. "

Bai Yancheng: "... " It's over, I was tricked by this spooky little girl again!

Gu Shinian: "... " This is not a complaint, it's just sowing discord in person.

After hearing Yun Shang's words, old man Bai became angry immediately.

This old bastard, Bai Er Er, did this to my granddaughter?

Locking children in a large courtyard all day, not letting them do this or going there, what is the difference between that and going to jail?

No wonder the little granddaughter said that the Bai family is not as good as the Yun family. With such an old-fashioned father, how can the child like the Bai family!

Bai Yancheng was scolded by Mr. Bai, and immediately became cowardly. He couldn't bear to scold Yun Shang, so he looked at Gu Shinian with a knife in his eyes.

Lin Wenlan was also worried, but seeing that Yunshang's attitude was unprecedentedly firm, she was very witty and didn't say anything against it.

Mr. Bai said that he agreed to let Gu Shinian take Yunshang to the Northeast, but he was still quite worried, so he sent Bai Qingjie, the third son of Bai Yanming's family, over that night, planning to let him take the two children along the way. Northeast play.

Yun Shang knew that this was the last bottom line of the Bai family, so she accepted it as soon as it was good, and didn't continue to make trouble. She obediently carried the ball upstairs and packed her luggage.

Bai Qingjie took the evening train, and arrived early the next morning. After entering the door, he had a rest for a day. That night, he followed Gu Shinian and Yun Shang on the train and rushed to Qinghe County.

.....

Old Mrs. Yun sat on the kang, looking at the kitten sleeping soundly in the small mattress, she was so disgusted that she didn't even want to touch it.

Seeing the old lady's appearance, the old man shook his hand, and the pipe almost fell to the ground, "Shuying, no matter how ugly the baby is, she should have a proper name. How can anyone be called Heipi?"

Really let the child be called Heipi, and when he grows up, he can't fight with Erchuan!

Yun Erchuan nodded repeatedly beside him. Although this baby is a bit ugly, she is still his seed. Even if he has a nickname, he can't be fooled, right?

The old lady gave Yun Erchuan an angry look, and couldn't help complaining about Li Hongmei, "Just follow his unreliable mother, with narrow eyes, a shoehorn face, thick lips exactly like

Erchuan's, and generous cheeks It's okay to be ugly, the key is that he's still ugly! I've never seen such a picky kid who picks up on his parents' ugliness!"

Ouch, my chest is tight with anger.

She has lived for decades, but she has never seen such an ugly baby!

Li Hongmei really committed a great crime, and gave birth to Lao Yun's family with the ugliest child in ten miles and eight villages. How can she find a wife after that?

The pipe in the old man's hand shook even more violently.

The old lady liked to hang out with good-looking people since she was a child. When he was young, he was worried all the time, fearing that the old lady would be abducted by other handsome boys.

After finally having a child, the old woman didn't look at other handsome boys, but her heart turned to the good-looking Okawa and Shuilian, and she often disliked Erchuan's ugly looks on weekdays.

Conscience of heaven and earth, his family, Erchuan, was also a well-known handsome guy in ten miles and eight villages, how ugly is he?

Besides, it is enough for a boy to be physically strong, so why should he be so good-looking?

When Changnan was still at home, the old woman preferred her because she was prettier than Shuanzi.

It's okay, Changnan is a girl, and she should be pampered, but the old lady can't be too partial between her two grandchildren, right?

Shuanzi looks fair and clean, and the old lady likes to wear a kissy fragrance on weekdays, but this little grandson, why does the old lady despise him so much?

Just because the child is dark, he named the child Heipi, is there anyone who abuses the child like this?

Chapter 363 My 2nd uncle gave birth to a piece of black mahjong

Seeing that the old man and Yun Erchuan really didn't like the name Heipi, the old lady took a look at the shoehorn face looming on the hairy boy, took a deep breath, stroked her chest, turned her face away in disgust and said:

"If you don't call him Hei Pi, then don't call him Hei Pi. If you have such a long face, let's call him Er Donkey!" Didn't everyone say that the donkey has a long face?

The old man: "... " It's not as good as Heipi.

Yun Erchuan: "... " Is that Er Donkey a person's name?

Seeing that the faces of the two were ugly again, the old lady got angry, slapped her thigh and scolded, "Hei Pi is not satisfied, and Er Donkey is not satisfied, what do you want to call? Can you let this ugly child be called Black Donkey!?"

The father and son immediately shrank their necks and stopped talking.

Going on, I guess the old lady can come up with even uglier names.

"It has a donkey's face, and it's as black as coal lumps. I think it would be appropriate to call it a black donkey." The old lady got off the kang angrily, and walked out with her little feet, "I'll go get the embolism back. ."

Too hot eyes, go wash your eyes!

As soon as Yunshang entered the village, she quickened her pace, and when she saw the chaimen of Lao Yun's house, her feet seemed to be equipped with hot wheels. Aside from Gu Shinian and Bai Qingjie, she ran to the house, shouting, "" Milk! Milk! I'm back!"

The old lady thought she was hallucinating, she stood at the threshold, and looked back at the old man who got up unconsciously, "Old, old man, why did I hear our daughter-in-law call me..."

"Why do I sound like Changnan's voice?"

The tobacco bag in the old man's hand finally fell off, he rubbed his ears vigorously, and muttered bitterly, "Why did you just hear me call you?" He didn't even call me.

While speaking, Yun Chang had already run into the gate of the courtyard, saw the old lady with one foot outside the threshold of the main room and one foot inside the threshold, turned her head to look into the room, and couldn't help but shouted to the old lady: "Grandma! "

The old lady trembled, turned her head, saw that it was really Yunshang who came back, and almost fell on the threshold in a hurry.

"Ouch! My dear girl! Come on, old man, come and see! It's our Chang-nai who is back!"

The old man's lips trembled, he even forgot to pick up the tobacco bag, he pushed away Yun Erchuan who hadn't reacted yet, and ran out quickly.

Yun Chang ran over in a few steps,

He hugged the old lady's waist and didn't let go, but the ball she threw out unintentionally made all the hair on his body explode in fright, and his four claws were tightly hooked on Yunshang's hem.

"Grandma, grandma, I miss you and my grandfather! Do you miss me? Why don't you call me..."

"Think about it, grandma also misses me as a good girl." Especially when I see the black donkey, I miss you the most.

The old lady was so happy that her eyes closed together, she hugged Yun Chang for a long time, until Gu Shinian and Bai Qingjie also entered the door, the old lady pushed away the hand of the old man rubbing Yun Chang's head, and beckoned them to come in quickly Room.

It was the hottest time of the year at this moment, and the few people were running all the way, not to mention their disgraced bodies, and their throats were about to smoke.

After Yun Erchuan poured refreshing well water on them, Yun Chang washed his face comfortably, and poured another large bowl of cool water in one breath, then climbed onto the kang to see the new addition to the old Yun's family. little grandson.

The first time she saw Mao Zi clearly, Yun Chang was almost stunned.

What is this dark mass?

Yun Chang blinked vigorously, then raised her arms and rubbed her eyes unwillingly. After realizing that she was right, she covered her eyes, turned around and stuck her little head into the old lady's arms, unable to get up:

"Grandma! Grandma! Second brother! Second brother! I, my second uncle gave birth to a piece of black mahjong!" Woohoo, I dare not look! Too spicy for the eyes!

Old lady: "... What is mahjong?

Gu Shinian: "... What kind of adjective is black mahjong?

Yun Erchuan, who was lying on the gun again: "... Baby, because of you, your father will never be able to lift his head in front of people in his entire life.

Bai Qingjie was amused by Yun Shang's exaggerated performance, and unbelievably leaned over to the edge of the Kang to have a look, the expression on his face also froze.

This child is really... ugly, fresh and refined.

Logically speaking, Xiaoyue's baby's face is round and tender, but Lao Yun's baby is different from other babies.

For a baby who is not yet full moon, the skeleton of the face has been revealed, with a long face, square cheeks, wider than the forehead, and the whole face is like a white board in a mahjong tile.

It doesn't matter if the face is not good-looking, the key is that the baby's facial features are also ugly. The eyes are so small that they almost form a straight line, and you can't find the eyeballs when you open your eyes. The big and thick mouth hangs on the face incongruously, occupying a place.

Most importantly, this baby is too dark.

Just like those men in the village who have been doing farm work for decades, their skin is dark bronze, lying there motionless, they are like a shrunken old man.

Bai Qingjie looked at the children on the kang, and then at Yun Erchuan who was sitting on the stool with a flushed face, and muttered to himself:

The baby's father looks okay, this baby is so ugly, so what the hell is so ugly?

Gu Shinian also leaned over to take a look, and pulled Yun Shang out of the old lady's arms with a smile, "A Chang, my brother is still young, and he will look better when he grows up."

Yun Shang: "... " Are you really fooling me by treating me like a three-year-old?

Yunshang rolled Gu Shinian's eyes, hugged Qiuqiu tightly, and asked curiously, "Grandma, what's the name of our little black baby?"

"It's called Hei..." The word 'donkey' came to her throat, and the old lady swallowed it back abruptly. Looking at Shang Yunshang's curious eyes, the old lady said wittily, "It's called Xiao Heiwa."

The old man and Yun Erchuan both heaved a sigh of relief.

Xiao Hei Wa is just Xiao Hei Wa, no matter how ugly it sounds, it is better than Hei Pi, Er Donkey, Hei Donkey, at least it looks like a personal name.

Yun Shang didn't know that the name she made up casually became the name of her little cousin. She looked around the room, and then asked the old lady, "Grandma, where is Shuanzi? Why haven't you seen Shuanzi?"

"Let's play outside. Erchuan, go, go out and find Shuan Zi."

The old lady got off the kang as she spoke, and made food for several people. The old man also took a broom and took Gu Shinian and Bai Qingjie to Qiancun to clean the house and clean up the place for the three of them to live at night.

Yunshang hugged Qiuqiu, as if she was hanging on the old lady, and kept circling around the old lady, "Grandma, my mother brought milk powder for Xiao Heiwa, and malted milk for Shuanzi..."

"Oh, baby girl, Li Hongmei can breastfeed, why do you let Chief Lin spend so much money? That milk powder is so expensive..."

"Grandma, my mother brought you and my grandfather new clothes, new fabrics, it's cool to wear on hot days!"

"Grandma is getting old, why don't you wear new clothes and spoil good things..."

The old lady babbled a few words, and seeing that there was no one at home, she finally couldn't help but hold Yun Shang and asked her about her situation in Bai's house.

Chapter 364 Suffering

"Shangnan, is Chief Lin treating you well? Are the children of the Bai family easy to get along with? Did they bully you?"

"Grandma, my mother treats me very well. My elder brother, younger brother, and sister all love me. No one bullies me."

The old lady breathed a sigh of relief, but she still taught Yunshang, "The Bai family is a big family, which is different from ours. You must be obedient and diligent in the future, and don't dare to be naughty, and don't talk to your brothers and sisters." They quarreled, you know?"

Yun Chang's eyes became hot when he heard it, and he nodded obediently.

"I love you when I look at Chief Lin. If you are wronged at home, tell Chief Lin that we don't bully others, and we can't be bullied..."

As the old lady said, she couldn't help wiping away her tears, fearing that Yunshang would be wronged at Bai's house and no one would come forward.

Yun Chang squatted beside the old lady, and could clearly feel the old lady's love for her from the bottom of her heart. She couldn't help wondering whether Zhang Haiyang hadn't told Lao Yun's family about the real cause of Yun Dachuan's death?

Otherwise, it would be impossible for the old lady to have no grudges against her and still love her as much as before.

"Grandma, have my grandpa and grandma Han been to the village recently? Uncle Zhang Haiyang said that the bad elements sent down by our village are enemy agents. Is it true?" Yunshang asked cautiously.

"You foolish girl, you don't dare to inquire about it!" The old lady covered Yunshang's mouth, and stroked her chest in fear, "My dear girl, you dare not tell anyone about the enemy's spy, the people's police demanded that it be kept secret. Mile."

Yun Chang nodded, looked at the old lady with big eyes for a moment, and then asked, "Grandma, did Uncle Zhang and Grandpa Han come to our house?"

"Your Uncle Zhang came to the village to arrest people a few days ago, and he didn't stay long, so he just left home, drank some water, and left."

After the old lady finished speaking, she said with a look of fear, "Your mother... is Wang Guihua, and I don't know what's wrong with her. She was taken by the police to ask for a long time..."

"Ask, ask questions?" Yunshang was stunned, "My mother is like...why ask questions?"

The old lady agreed with a sullen expression, "It's not a big deal, it's because I'm insane, and I can't ask anything, or our family may have another bad guy."

Thinking of the situation where the police brought Widow Wang into the room for questioning, the old lady still has her calves spinning.

Yun Shang swallowed dryly, and asked in a low voice, "Grandma, then my Uncle Zhang didn't say why the police asked my mother?"

"No,

Guess it's a secret. But your Uncle Zhang said that your mother is insane, let the village control your mother in the future, and not let her out easily. By the way, Chang Nan, the People's Police won't let your mother leave the village, the house you bought for her can no longer live in, and I will ask Shi Nian Wazi to return the house. "

Yunshang didn't expect that things would have such a change. Thinking of Widow Wang's account of taking five hundred yuan from the enemy, she knew in her heart that it was probably the enemy who revealed the matter.

Regardless of whether Widow Wang took the five hundred yuan from the enemy on her own initiative or not, the money did indeed go to Widow Wang.

From the time she received the money to the incident, five years had passed.

During these five years, Widow Wang had countless opportunities to report to the police and seek help from the police. Even she could avenge Yun Dachuan by letting the old couple of the Yun family go to the old Han's family and give Zhang Haiyang a sentence, so that the original owner could come back sooner. In the Bai family, it's a pity that Widow Wang chose to remain silent, to collude with the enemy agents, to torture the original owner, and to torture her own life.

Yun Shang lowered her head, the corners of her eyes were filled with moisture, her heart was sore and painful, she was sad for the old couple of the Yun family who lost their beloved son, it was a pity for the widow Wang's mistake, and she was sad for the original owner who lost her life in vain .

At this moment, Yun Shang was sure in her heart that Zhang Haiyang did not tell the Yun family the real cause of Yun Dachuan's death.

Yunshang didn't know why Zhang Haiyang chose to hide this matter, probably because Zhang Haiyang thought:

The enemy agent who killed Yun Dachuan has already been punished. No matter whether Yun Dachuan died accidentally or was killed by the enemy agent five years ago, his revenge will be regarded as revenge. There is no need to reopen the scars in the Yun family's heart five years later and make the family sad again.

Yun Shang couldn't tell what it was like in her heart, she felt a sense of relief from a temporary sigh of relief, and also a feeling of heaviness suddenly pressed against a stone in her heart.

She even felt that the old lady's kindness to her now was stolen by her in disgraceful means. She was greedy for the old lady's love for her, and she was ashamed of this heavy love.

Seeing the old lady with a smile on her face, searching the room for delicious food for her, Yunshang even had the idea of confessing to the old lady on her own initiative.

"Milk....."

As soon as Yunshang made a sound, she saw the old lady throw the rolling pin on the chopping board and let out a "bang!", which made Yunshang hold back the rest of her words in fright.

"My dear girl, come on and play on the kang." The old lady came over thinking about her little feet, reached out and hugged Yun Chang on the kang, with a dark face, she looked at the position of the door frame.

After a while, Li Hongmei opened the grass seed curtain and came in. She smiled at the old lady flatteringly, and then looked at the little Heiwa on the kang.

"Mom, I'm here to breastfeed the baby..." Seeing Yun Shang poking her head out from behind the old lady, Li Hongmei paused, then asked with a sneer, "Shang Nan is back, is she here to see your baby?"

Yun Chang nodded, watching curiously as Li Hongmei picked up the little Heiwa, and carelessly opened half of the skirt, revealing a large round water bag, stuffing it into the little Heiwa's mouth.

The old lady's face became even darker, and her mouth almost reached her ears, "Tell me about you, is such an ugly thing worthy of the old fine grains you eat?"

Li Hongmei looked at the black pimple in her arms, drooped her mouth aggrieved, "Mom, I..."

"Don't call me mom!" The old lady almost raised her brows, "Go out and find out, in the surrounding villages, is there any woman who is pregnant with a baby and needs to eat fine grains every day?"

It's good for you, Changnan will find some fine food for her grandfather, and let you pour it all into your own mouth! You ate the first portion of ten miles and eight villages, and in the end you gave birth to the ugliest thing in ten miles and eight villages. Are you worthy of the fine grains you gnawed down! "

Yun Shang watched the old lady show her might in front of Li Hongmei, and couldn't help opening her mouth.

Seeing that Li Hongmei was about to cry when told by the old lady, her head was half down, her face was red and white, as if she had opened a dye shop, Yun Chang couldn't help laughing out anymore:

"Grandma, grandma, our black baby is not ugly, but he is ugly and cute after getting used to it, that's good."

"What is ugly?" The old lady asked curiously.

"It's just cute. I'm used to it. Our black baby is cute even though he's ugly."

The old lady frowned, "But what love, aren't they all ugly? Ouch, I'm so pissed off, your grandfather was so exhausted a while ago, and it turned out... Tell me, grow up How can I get a wife in the future?"

Chapter 365 Put her in jail

After feeding, Li Hongmei stood up with her hands bound, smiled at Yunshang, glanced at the old lady secretly, deliberately stepped down, and moved out of the door bit by bit.

The old lady didn't look back, but her face became more and more gloomy. Seeing that Li Hongmei had moved more than ten steps and hadn't gone out, the old lady couldn't help but swung the rolling pin and knocked it heavily on the chopping board.

Li Hongmei almost jumped up on the spot like a mouse caught by a cat, but she didn't dare to dawdle anymore, and jumped out in a few steps.

When Li Hongmei rushed out of the courtyard like a gust of wind, the old lady couldn't help laughing anymore.

"Grandma, my second aunt seems to be more sensible than before."

The old lady complained to Li Hongmei angrily, "After eating so much fine food from us, she gave birth to such an ugly baby, what face does she have to make trouble!"

If you make more noise, give this ugly baby to Li Hongmei and let her raise her by herself!

"Grandma, Second Aunt didn't give me face." Yun Shang continued.

"You silly girl!" The old lady poked Yun Shang's forehead, "You are now the son of the Chief Chief's family, and it's too late for Li Hongmei to curry favor with you, so how dare you throw face at you."

This silly girl!

You are now a member of the Bai family, surnamed Bai, and when you come back, you will be a guest. You are a guest. Li Hongmei has divorced Yun Erchuan.

Yun Chang nodded, and then asked, "Grandma, the second aunt should live in Qiancun, isn't she still in confinement?"

"There is no confinement in our farmer's family?" The old lady sighed, and then said, "Li Hongmei is not bad, it is hot now, and the summer harvest is over, there is not much work in the field, so I can still make money. Just sit and rest. If it's in time for the autumn harvest, you'll have to go to the field a week after giving birth."

The grandfather and grandson were talking, and Yun Erchuan came back with Shuanzi who was rolling like a clay figurine. Seeing Yunshang sitting on the kang with the little milk cat in his arms, Shuanzi's face flushed with joy.

Lying on the edge of the washbasin, while Ren Yun'erchuan washed his face, he squinted at Yunshang with his eyes, grinning and giggling endlessly.

Yun Shang looked at the yellow mud shirt on Shuanzi, and said pretending to be disgusted, "Shuanzi! Why are you so dirty, I don't play with dirty children!"

"It's not dirty!" Shuanzi turned his head and brought his clean face closer, "It's clean! Shuanzi is not dirty!"

After finishing talking, I asked the old lady to quickly find clothes for him,

Change into clean clothes without dirt.

When Shuanzi changed his clothes and happily played with Yunshang, the old man also brought Gu Shinian and Bai Qingjie back from the former village.

Seeing that the family was almost gone, the old lady hurriedly put the finely cut hand-rolled noodles into the pot, and after they were fished out, she sent Yun Erchuan to deliver confinement meals to Li Hongmei before inviting everyone to eat on the kang.

Bai Qingjie is also sweet-mouthed. When he was cleaning the house in Qiancun, he was already acquainted with the old man. Now he was sitting on the Kang to eat, and he turned his head and praised the old lady for her skill. She was so happy that the old lady kept giving Bai Qingjie Tim Fan, the enthusiasm is almost catching up with Yunshang.

Yun Chang glared at Bai Qingjie in displeasure, straightened her calf, and secretly kicked Bai Qingjie a few times under the table.

Bai Qingjie looked over with a speechless face, Yun Shang shamelessly pretended to be stupid, turned his head to the side, and whispered to Gu Shinian.

After dinner, the old man stroked his stomach and went to work in the field. Yun Erchuan had to go to work the next day to help the old lady tidy up the yard, and went back to the room with her clothes, ready to go to the county to catch a ride from the factory back to Fen Positive.

Bai Qingjie had never seen the scene of collective labor in the village. After noon, he took Shuanzi to the field to see what was fresh, while Yunshang dragged Gu Shinian and whispered about Widow Wang.

"Second brother, Widow Wang is under the control of the police, and she is not allowed to leave the village. If she returns to normal, will she be sentenced by the police?"

Gu Shinian frowned, "The old lady said that?"

"Well," Yunshang nodded, "My grandma said that the police interrogated Widow Wang for a long time, but they didn't ask any questions, so they asked the village to put her under control and asked you to return the house in Lin County."

"A-Shang, things are troublesome." Gu Shinian's face was so ugly that before Yun Shang could ask, Gu Shinian continued:

"I made an arrangement before. Once Widow Wang went to Lin County, she could only be trapped in the coal mine in the future. She couldn't go anywhere, and there would be no hidden dangers. But now the police have intervened. Once Widow Wang wakes up, she will be taken away by the police... .."

Gu Shinian lowered his voice when he said this, and Yun Shang suddenly widened his eyes, "Second Brother Gu, you mean, you mean, Widow Wang will reveal the space to the police?"

"Very likely." Gu Shinian nodded, unconsciously rubbing Yun Shang's head with his fingers, "A Chang, don't worry, let the second brother think about it..."

Yun Shang frowned impatiently, and gave Gu Shinian an idea, "Second brother, why don't you just let Widow Wang continue to be a lunatic! Being a lunatic is better than being sentenced by the police, and it's better than shaking us out."

"Don't be so troublesome." Gu Shinian squatted down, his eyes were usually cloudy, "A Chang, Widow Wang colluded with the enemy, collected five hundred yuan from the enemy, and helped the enemy to hide hostages. These are all facts. Whether she is now or not Crazy, she did commit a crime when she was sober! The fact that she committed a crime cannot be erased just because she is insane."

Yun Chang was stunned, "Second brother, you, do you want her to go to jail?"

"Widow Wang's crimes are not small. It should be the result of Zhang Haiyang's operation behind the scenes to be able to stay in Xinglin Village safely and be controlled instead of sentenced. Zhang Haiyang probably wants to let Widow Wang go.

A Chang, we are leaving tomorrow, first go to the county to call Bai Yancheng, as long as the Bai family holds Widow Wang accountable, no matter whether Widow Wang is crazy or not, she will be sentenced..."

"Second brother, will Widow Wang die?" Yun Shang asked in a daze.

Gu Shinian's downcast eyes revealed murderous intent, and he was silent for a while before slowly shaking his head, "A Chang, the case of the enemy agent is not an ordinary case, we only want Widow Wang to get the fairest trial.

If she is sentenced to death, that is what she deserves. If not, she will be sent to serve her sentence elsewhere.

At that time, I will let the third grandpa operate again, and put Widow Wang...in the hands of trustworthy people to take care of her. "

Gu Shinian's last sentence was a bit ambiguous, and Yun Shang listened carefully for a long time before she heard it clearly. She felt that Gu Shinian's idea was really good, and never thought that Gu Shinian might be fooling her.

"Second Brother Gu, I'll listen to you. Let's go to the county tomorrow."

Gu Shinian breathed a sigh of relief, rubbed Yun Shang's head, and dragged her slowly towards the house.

Chapter 366 bear child

Gu Shinian's downcast eyes revealed murderous intent, and he was silent for a while before slowly shaking his head, "A Chang, the case of the enemy agent is not an ordinary case, we only want Widow Wang to get the fairest trial.

If she is sentenced to death, that is what she deserves. If not, she will be sent to serve her sentence elsewhere.

At that time, I will let the third grandpa operate again, and put Widow Wang...in the hands of trustworthy people to take care of her. "

Gu Shinian's last sentence was a bit ambiguous, and Yun Shang listened carefully for a long time before she heard it clearly. She felt that Gu Shinian's idea was really good, and never thought that Gu Shinian might be fooling her.

"Second Brother Gu, I'll listen to you. Let's go to the county tomorrow."

Gu Shinian breathed a sigh of relief, rubbed Yun Shang's head, and dragged her slowly towards the house.

As soon as it was dawn, the old lady wiped away her tears, and together with the old man, they sent Yunshang, Gu Shinian, and Bai Qingjie to the county carriage.

Wiping the steamed boiled egg stuffed by the old lady in the army bag, Yun Chang's eye circles turned red again.

"Grandma, you and my grandfather should go back quickly. When Second Brother Gu and I come back from the Northeast, we will stay at our house for a few days."

"Okay, when the time comes, grandma will cook something delicious for you." The old lady wiped the corners of her eyes, and when she saw that the carriage was about to move, she hurriedly told Yun Shang, "Shangnan, let's listen to Shi Nian and your cousin outside, don't you?" Dare to run around alone..."

The carriage quickly went away, and the figures of the old couple gradually became smaller until they disappeared on the dirt road at the entrance of the village.

Yun Chang leaned against Gu Shinian as if she had no bones, scratching Qiuqiu's chin with her hand, thinking about how she should tell Bai Yancheng about Widow Wang later.

Until the carriage stopped in the county, Yun Shang still didn't organize her words.

Fortunately, Gu Shinian was reliable, so he gave Yunshang a wink and asked her to take Bai Qingjie to the department store for a stroll, then went into the post office by himself, and in the name of reporting safety, he secretly revealed the matter of Widow Wang to Bai Yan Sincerely know.

Bai Qingjie took Yunshang around on the first floor of the department store, bought a pack of chicken cakes for Yunshang for 1.5 yuan, and then dragged her outside:

"Let's go, we should finish our work in the past year, let's go get the train ticket quickly, there will be a train to the northeast at noon."

Yun Shang took a bite of the chicken cake and asked vaguely, "Third Brother,

Can you get a sleeper ticket? "

In this day and age, it is not ordinary people who can buy sleeper tickets.

Bai Qingjie is still a college student and lives in Qinghe County, where he is unfamiliar. Can he get a ticket to the Northeast?

If she couldn't get a sleeper ticket, she would have to sit in the car for three days?

What can I do if my little butt sits like a big millstone?

Bai Qingjie didn't know what Yun Shang's little brain was thinking. Seeing that her little brows were frowning together, he deliberately teased her with a bitter face:

"What good thing do you want? If we go late, I guess we won't even be able to buy tickets, and you'll have to stand in the northeast."

Yun Chang's face was even more wrinkled.

At this moment, Gu Shinian also came out of the post office, met Bai Qingjie, and they chatted all the way to the train station.

When they arrived at the station, Bai Qingjie took Gu Shinian and Yunshang directly to the station master's office. After revealing his identity, Bai Qingjie briefly greeted the station master, took the three sleeping berth tickets handed over by the station master, and guided by the staff Get off and enter the platform ahead of time.

The train was not late. After waiting for about ten minutes, the long green leather train slowly stopped on the platform.

The few people didn't have much luggage, except for a few sets of clothes for each person, and a bag of dry food for the road.

Bai Qingjie and Gu Shinian carried food bags and suitcases for clothes. Yun Shang just hugged the ball and walked to the bunk between them.

Compared with other passengers with large and small bags, the three of them attracted attention easily and simply.

After finding a place, Bai Qingjie arranged Yunshang and Gu Shinian in the lower bunk, while he slept in the upper bunk.

Seeing Yunshang nestled on the side of the bed near the window, the whole person was in a small ball, Bai Qingjie became worried again, "Xiaoqi, can you sleep on the lower bunk? What if someone steals it in the middle of the night?"

Yun Shang: "... Can you speak? You are the one to be stolen!

Yun Chang resisted the urge to roll her eyes at Bai Qingjie, and replied very seriously, "I'm going to prepare a rope to tie me and Second Brother Gu together at night so we can't lose it."

I wanted to make a joke, but which Bai Qingjie took it seriously, and even praised Yun Shang's method as reliable, "That's a good idea, let's do it tonight!"

Gu Shinian also smiled and echoed Bai Qingjie's words, "A Chang, Second Brother has hemp rope here, and I will tie it up for you when it gets dark."

Yun Chang stared at Gu Shinian and Bai Qingjie with her round eyes, and said angrily, "I'm going to get out of the car and call Grandpa, just to say that you two bullied me!"

The conversation of several people attracted the attention of the women on the upper bunk. Seeing that the three of them were not very old, but each of them slept in a bunk, especially Yunshang, who was a small group and occupied a big bunk, she immediately asked with a smile:

"Are you a family? Are you also going to the Northeast?"

Bai Qingjie quickly put on a waiter's standard smile, and asked the woman politely, "Sister-in-law, are you going to the Northeast?"

"Yes, little brother, is that little girl your sister?" When the woman spoke, she never left Yunshang.

Bai Qingjie didn't miss the woman's sight. He stretched out his hand from the upper bunk and rubbed Yun Shang's head, "It's my sister. There is only this little girl in the family. She has been spoiled since she was a child, and she is very coquettish."

Yun Chang's eyes widened again.

Where am I squeamish?

I am very hardworking, okay?

The woman smiled and did not speak. After a while, a five or six-year-old boy rushed over from the other side of the berth, and the woman hurriedly called to the boy, "Dabao, come and eat."

"Mom, what to eat?"

The boy rushed over, stepped on the middle of the two lower bunks, which was used as a baffle for eating, and took something out of the woman's bag in the bunk, "Why are there so many steamed buns left?"

The woman took out the cornbread and stuffed it into the boy's hand, coaxing him, "It's gone, I'll just eat the cornbread for two days. When I get off the car, Mom will take you to eat something delicious..."

"I don't want to eat!" The boy smashed the buns on the woman, grabbed the edge of the upper bunk with both hands, and jumped up and down on the fender with both feet, "I don't! I want to eat delicious food now! The dining car There is braised pork in it, I want to eat braised pork!"

Yun Chang was almost kicked by the boy's restless feet, and sat next to Gu Shinian with the ball in her arms, with a dark face, looking at the black footprints on the fender.

"Second brother," Yun Shang lay on Gu Shinian, muttering in a low voice, "The quality is too low, I want to kick him down, otherwise we will have nowhere to eat."

Chapter 367: Everything

Seeing that the bear child was thrown into a shit, Yun Chang couldn't help but widen his eyes.

I didn't expect you to be such a second brother Gu!

Mouth dislike body straight!

He said he wouldn't let me do anything, but he secretly did bad things behind him!

Gu Shinian withdrew his feet calmly, turned his head to the side, and met the woman's suspicious gaze with a calm face.

"Mom! Beat her to death! This damn girl tripped me! She tripped me!" Xiongzi lay on the ground unable to get up, turned over, and stared fiercely at Yunshang.

Yun Shang: "... Nima! bad boy!

I will continue to trip you later!

"You dare to talk nonsense! Believe it or not, I will let my two brothers beat you!" Yun Shang stared back without showing any weakness, with the face of a little bully.

Gu Shinian and Bai Qingjie, who poked his head out from the upper bunk, also turned cold, and looked at the bear with threatening eyes.

Being fully opened by the two auras, the brother who protected the calf stared at him, the bear boy unconsciously shrunk his neck, and hid behind the woman silently.

At this moment, the woman's skeptical gaze has shifted from Gu Shinian to Yun Shang, only to see that Yun Shang is leaning against Gu Shinian's arms, her short legs stretched out, and she can reach the edge of the bed, but not yet. Stumble the length of a bear kid.

After realizing that her son was talking nonsense, the woman looked away resentfully, and coaxed and hugged the brat to the dining car.

Bai Qingjie, who was on the upper bunk, could clearly see Gu Shinian's action of tripping the bear, and was secretly amused.

This Gu Shinian looks calm and restrained on the surface, not mature like a child, but there is still a mischievous side of a teenager in his heart.

How wonderful this is, Gu Shinian, who had a hint of childishness, has a fresh energy in his body, and he doesn't look so cold anymore.

A few people didn't have lunch before getting into the car. Yun Chang rubbed her flat stomach and asked Bai Qingjie, who was lying on the upper bunk, to eat.

"Third cousin! I'm hungry, I want to eat braised pork!"

Hmph, didn't you tell people that I was being petite?

Now I want to eat braised pork, if I don't give it to you, I will make trouble for you!

Faced with Shang Yunshang's perverse little face,

Bai Qingjie miraculously understood the threat in Yunshang's eyes, and suddenly thought of the scene of the brat on the opposite side eating meat.

If Yunshang was really as rambunctious as the brat on the opposite side, he probably wouldn't be able to live in the Northeast.

Bai Qingjie shivered, and was about to stand up and take Yunshang and Gu Shinian to the dining car for dinner, when Yun Shang stretched out her little hand, "Third cousin, you give me the money, and second brother Gu and I can go to the dining car to buy food. Just put it here and look at your luggage, we'll be back soon."

Take you there, how can my second brother Gu and I smuggle in for delicious food?

With Gu Shinian following, Bai Qingjie felt at ease, and generously paid five yuan to send the two of them to the dining car to buy lunch.

It's lunch time now, and the dining car is very busy with people coming and going.

The two squeezed to the front and looked at the supply menu on the small blackboard. Apart from the staple food, the dishes included braised pork, a small stir-fry, and a cold cucumber.

Yunshang asked Gu Shinian to buy a portion of braised pork, and under the cover of Xiaojun Bao, smuggled pickled cucumbers and tomatoes from the space into the other two empty lunch boxes, and then dragged Gu Shinian Out of the dining car.

Back in the sleeper car, Bai Qingjie had already washed his hands, and took out the white noodles that Old Madam Yun had just steamed in the morning from his bag.

"Brother Santang, we are back. I bought braised pork and cold dishes!" Yun Shang opened the lunch box and shook the mixed cucumber and braised pork in front of Bai Qingjie.

"Cold dishes are good. On this hot day, eat cold dishes for dinner." Bai Qingjie took the lunch box, put the braised pork and mixed cucumbers on the bunk, and was about to get steamed buns for Yun Shang, when she saw her curled up at the end of the bed and hugged her. With a big lunch box, he stuffed tomatoes mixed with sugar into his mouth.

Bai Qingjie was stunned, "Xiaoqi, there are still people selling persimmons mixed with sugar in the dining car?"

White sugar is so expensive, when did the train dining car sell such expensive dishes?

"No, this is the sugar my grandma brought me, and the persimmons are our own." Yun Shang said vaguely with a tomato in her mouth.

Bai Qingjie suddenly felt that his little cousin was too ghostly.

She even thought of asking the dining car driver to help her cut up the persimmons, and mix them with sugar to eat.

Both of them know that Yunshang likes to eat sweets, and they don't compete with her for food, but when Yunshang has eaten half a box of tomatoes, the lunch box in his hand is taken away by Gu Shinian, and then there is an extra piece in his hand Steamed buns, "Ah Chang, eat a piece of steamed buns, no matter how delicious this thing is, it can't be eaten as a meal."

Yun Chang reluctantly agreed, and while stuffing steamed buns into her mouth in small mouthfuls, she secretly pulled off the skin of the steamed buns and stuffed them into Qiuqiu's mouth.

Halfway through the meal, the woman on the upper bunk came back with her son, holding the lunch box without the lid, and passers-by could see the thick slices of meat inside at a glance.

Seeing that the three of Yunshang were eating together on Gu Shinian's bed, all holding snow-white steamed buns in their hands, braised pork in braised pork, a box of appetizers mixed with cucumbers, and a box of sugar mixed with tomatoes, the smile on their faces The intention immediately faded.

Putting the lunch box on the baffle, he took out a black steamed bun from his bag, and called his son over to eat, "Xiaobao, come and eat braised pork, don't you want braised pork?"

"Mom! There are foreign persimmons! I still want to eat foreign persimmons! And cucumbers!" After the boy finished speaking, he looked at the white-flour steamed buns in the hands of the others, "I don't want black corn buns! I want white-floor steamed buns!"

The woman's face stiffened for a moment, and she glanced angrily at Qiuqiu, who was gnawing on the steamed bread, and then looked at Bai Qingjie with a sneer, "Comrade, look, children are greedy...?"

"I'm sorry, comrade, this steamed bun was specially found by the old man for my sister. We don't bring much, and it will be enough for my sister." Bai Qingjie took a bite of the steamed bun, talking nonsense with his eyes open.

Where did the tiger lady come from?

These are steamed buns made of fine white flour that you can't buy with money outside. Even the old man at home only limits the supply to ten catties a month. This woman asks people for such fine and expensive food as soon as she opens her mouth. Why is she so thick-skinned?

Besides, the bear boy bullied Xiao Qi just now, and this woman didn't even apologize to Xiao Qi, where did she have the face to compete with Xiao Qi for food?

Seeing that Bai Qingjie even gave such a perfunctory reason for his refusal, the woman couldn't hold back her face anymore, she glared at the brat from embarrassment, "Why do you want to make trouble if there is braised pork? If you make trouble about braised pork, I won't let you eat it!"

She wanted to get angry with Bai Qingjie, but no matter if it was Bai Qingjie, Gu Shinian, or the most ignorant and harmless Yunshang, everyone's clothes were extraordinary, and they were not ordinary children .

No matter how stupid a woman is, she also knows the truth that she should not offend others casually.

Besides, begging for white flour steamed buns is a dishonorable thing. Even if a woman wants to turn her face, she can't find a suitable reason.

Chapter 368 Auntie, you wet the bed!

Someone snatched food, and Yun Chang suddenly felt that the big white noodle steamed buns were really delicious. He took a bite of the steamed buns, and then took a bite of the cucumber that Gu Shinian fed, and settled his lunch in three bites.

The food here was put away, and the brat stopped making noise, grabbed the chopsticks from the woman's hand, and ate the braised pork in big mouthfuls.

Yun Shang got up early in the morning, Lai played with Qiuqiu on Gu Shinian's bed for a while, and soon fell asleep in a daze.

Gu Shinian and Bai Qingjie each took out a few newspapers, and sat on Yunshang's bunk to read them.

After dinner, when the surrounding passengers gradually quieted down, the woman on the upper bunk spoke again:

"Comrade, let me discuss something with you."

Bai Qingjie couldn't even maintain the most basic polite smile on his face, he frowned and looked at the woman, "What are you discussing?"

The woman looked enviously at the thin blanket on Yunshang's belly, and said with a smile, "Your sister is not tall, and there is more than half of the bed left, so let my little treasure sleep on your sister's bed?"

Bai Qingjie and Gu Shinian glanced at each other before realizing that they did not have auditory hallucinations.

This woman wants to share her dirty bear child with the clean, well-behaved Yun Shang who sleeps peacefully!

Ask Ah Chang to share a bed with a dirty boy! ! !

Gu Shinian was happy.

Bai Yancheng felt sorry for Yunshang, and was worried that Yunshang would not sleep well on the road, so he arranged a separate bed for her. As a result, as soon as she got in the car, someone came up with the idea of Yunshang's bed.

Seeing the ugly faces of Bai Qingjie and Gu Shinian, the woman continued disapprovingly, "I'm an adult with a child, sleeping in such a high bunk, it's not safe, and it's crowded. I saw that the two

children were about the same height, each with a head It happens to be able to sleep a full bunk, and there is no waste."

Gu Shinian turned his head, glanced at the rambunctious brat at the end of the carriage, and replied coldly, "My sister is a girl, she likes to be clean, and she's not used to sharing a bed with other people. If you want to sleep comfortably, you can Ask the conductor for another ticket."

Bai Qingjie couldn't hide the sarcasm on Bai Qingjie's face. After Gu Shinian finished speaking, he immediately continued, "Let my sister share half of your bed? How much do you plan to pay my sister?"

The woman didn't expect Gu Shinian and Bai Qingjie to speak so bluntly and harshly, her complexion darkened immediately, and she muttered unhappily,

"I really think I'm a capitalist's lady, and I'm not used to sharing a bed with others, what a rotten thing!"

Bai Qingjie became angry at once, closed the newspaper with a snap, stood up and stared at the woman on the upper bunk, "What are you talking about? Who are you calling a capitalist lady? My sister is a capitalist lady if she doesn't share the same bed with your son. Then you don't let comrades who bought standing tickets sleep in the same bed with you, are you also an old capitalist woman?"

As soon as these words came out, people in several boxes around burst into laughter, and some people echoed Bai Qingjie's words strangely, "This lesbian, there are so many comrades without seats in the front car, you are so generous and selfless, you are so generous and selfless. Let half of the bed be given to brothers and sisters who have bought standing tickets."

The woman turned pale with anger.

Can this be the same?

How old is the little girl, how old is she?

If her bed was divided in half, she would be labeled as a broken shoe before she got off the train!

Bai Qingjie didn't look at the woman's embarrassing and angry face, sat beside Gu Shinian, and said in a low voice, "At that time, with such a person around, I guess it would not be easy on the road. You sleep on the upper bunk at night, and I sleep under the bed and watch the little girl." Seven." lest the woman do anything bad to Yun Shang.

Gu Shinian shook his head, "No, just think of a way to drive people away later, so that nothing will happen and A-Shang will be picked up with dirty words."

With brats around, sooner or later something will happen.

Gu Shinian didn't forget about the bad boy's idea of playing basketball.

Yun Shang didn't know that she had missed a good show, and didn't open her eyes in a daze until the sun was westward.

Qiuqiu woke up a long time ago, and was lying on the side of the pillow, sticking out her little paws to play with Yunshang's braids.

"A-Shang, get up and drink some water." Gu Shinian handed the water bottle to Yun Shang's mouth, and threw Qiuqiu, who kept making trouble, into Bai Qingjie's arms.

After taking a few mouthfuls of sweet cold white, Yunshang immediately regained her spirits. Under Gu Shinian's gesture, she hugged Qiuqiu and followed him to the end of the carriage...

After a while, Yun Chang turned back with a stern face, glanced at the mother and son who were sleeping soundly on the upper bunk, sat on Gu Shinian's bed, and quietly started doing bad things.

Bai Qingjie was reading a newspaper on the lower bunk, when suddenly, a drop of water dripped from the middle of the newspaper, and then the water dropped like rain, one drop after another, in a continuous line.

"Ah! This auntie is wetting the bed!" Yun Shang exaggeratedly widened her eyes and said, pointing to the dripping mattress on the upper bunk.

The people in several boxes around were dumbfounded by Yun Shang's voice.

Someone wet the bed?

Or an aunt?

Ouch! That would be too embarrassing!

Bai Qingjie subconsciously threw away the newspaper in his hand, thinking that he was almost doused with 'piss', immediately retched, and almost vomited out.

It's disgusting!

How old are you, and you still wet the bed!

Change bed!

The bed must be changed! ! !

Bai Qingjie got up angrily, and under the curious eyes of everyone looking over from time to time, he asked the conductor to coordinate and change the berth.

Until he got out of the carriage, Bai Qingjie didn't realize that the one who wetted the bed might not be a woman, but her naughty brat who hates dogs.

The woman was also woken up by the wet bed at this moment. She lifted the quilt and saw that even the pants and the quilt on the bed were soaked. In a daze, she heard a small delicate voice saying in surprise:

"Auntie, why do you pee so much? Look, the bed is flooded!"

The woman was dumbfounded.

I wet the bed?

This is my pee! ?

No, it must be Xiaobao peeing!

The woman picked up the bear, and seeing that half of the bear's pants were dry, he stood there in a daze, as if he had seen a ghost.

The bear boy was woken up by the woman's movements, rubbed his eyes, and screamed in surprise: "Mom! Why are you wetting the bed? My pants are half wet!"

Seeing the woman's ignorant face of doubting her life, Yun Chang couldn't help laughing and fell into Gu Shinian's arms.

Why does it feel so good to sneak around and do bad things?

As long as she can get rid of this annoying pair of mother and son, she won't waste a big basin of spring water.

Bai Qingjie quickly came over with the conductor, and asked the conductor to find him another three beds next to each other with a depressed face, and he wanted to take his younger siblings to change beds.

If I live in the lower bunk of this woman, maybe I will be washed away by urine in the middle of the night.

The sleeper berths on the train were already tense, and it was almost impossible to coordinate three berths next to each other at once. Naturally, the conductor could not agree to Bai Qingjie's request.

Finally, under the hint of Gu Shinian's Yun Shang, and at the initiative of the woman, the conductor finally moved the 'bed-wetting' mother and child to another carriage.

Chapter 369 Can I go hunting in the mountains?

After the woman left, no one was arranged to live in the upper bunk, and the three of Yunshang finally arrived at their destination safely.

The train had just arrived at the station, and the people in the carriage were pushing and shoving to get out, carrying big bags and small bags.

Bai Qingjie looked at the crowded aisle, turned around and jumped out of the window, asking Gu Shinian to pass Yunshang and luggage out of the window, and when Gu Shinian also jumped out of the window, the two carried their luggage and hugged Yunshang, rushed out of the train station ahead of a large number of passengers.

Yun Shang lay on Bai Qingjie's shoulder, and at a glance she saw the conspicuous sign among the crowd picking up passengers, with her and Gu Shinian's names written on it with a black brush.

"Second brother Gu! Look, someone picked us up! It was arranged by the third grandpa."

A few people walked over, and it was only then that Yunshang noticed that the person picking up the station was a twenty-seven or eight-year-old soldier in military uniform.

"Hello comrade, I'm Gu Shinian..."

As soon as Gu Shinian spoke, the other party smiled and said:

"Are you the grandnephew that Old Gu talked about? Hello, my name is Li Zhenglin, and I'm an old comrade in arms with Old Gu."

Li Zhenglin patted Gu Shinian's shoulder enthusiastically, greeted Bai Qingjie again, and led them into the jeep parked by the roadside.

"I heard from Lao Gu that you want to go to the mountains to play when you come back this time? It just so happens that there are mountains behind my hometown village. It's almost night, you should rest first, and I will take you back to your hometown to play for a few days tomorrow morning." Li Zhenglin said very enthusiastically.

Seeing that Bai Qingjie and Gu Shinian both nodded and agreed, Yunshang became anxious, lying on the back of the chair in front of her, and asked Li Zhenglin solemnly, "Uncle Li, is there any ginseng on the mountain in your village? I want to pick ginseng for my grandfather to make wine with." drink."

"Hey! She's still a filial girl." Li Zhenglin teased Yun Shang, and said with a smile, "There are ginseng, but it's hard to find. You have to go deep into the mountains."

Even if there was ginseng on the mountain outside, it would have been dug away long ago.

Seeing the disappointment on Yunshang's face, Li Zhenglin continued, "Little girl, even if there is no ginseng, there are other interesting things on the mountain. You came at the right time, the wild fruits on the mountain have begun to come down, and the pheasants and hares are also fat and tender. Turn around Take you up the mountain to hunt and play."

Yun Chang's eyes lit up, and she leaned over to ask again, "Uncle Li, can we hunt wild boars? There are also silly roe deer and deer. I heard that roe deer meat and venison are delicious. Can I go up the mountain to hunt?"

Back home must be pestering third cousin and second brother Gu to take her up the mountain,

Even if she is small and cannot catch her prey, she can still move wild fruit trees into the space secretly.

In case of encountering prey, she can also secretly receive it into the space and let Second Brother Gu kill it by himself.

Li Zhenglin didn't expect that Yunshang, a girl doll, had such 'ambition', and wanted to go hunting in the mountains like the strong and strong young men in the village.

Looking at Yunshang's bulging bun face and her fleshy short legs, Li Zhenglin smiled and shook his head, "Then you should eat more, at least you have to be as old as you are before you can go hunting in the mountains."

Yun Shang's enthusiasm was extinguished by this scoop of cold water, and she leaned against Gu Shinian's arms resentfully, sulking while holding the ball.

After finally touching the ground, she was not allowed to go up the mountain, so her trip to the Northeast was not in vain?

No, I have to find a way to go up the mountain and catch bears! Catch the wild boar! Catch the silly roe deer!

Most importantly, plant ginseng in the space!

Li Zhenglin took a few people to dinner first, and then found a relatively clean guest house to live in. He made an appointment for departure early tomorrow morning, and then turned around and went downstairs.

After sitting on the train for three days in a row, even though it was a sleeper, Yun Shang felt that her little bones were sore from tossing.

While Gu Shinian and Bai Qingjie were taking a shower, they got into the space and took a hot bath, then changed into their pajamas, got into bed and fell asleep.

The next day, Yun Shang woke up in the car again.

Looking at Gu Shinian's shirt over her pajama skirt, and the trees passing by outside the car window, Yun Chang simply closed her eyes and continued to sleep.

Anyway, I have already lost face, so it is enough to lose face once.

It wasn't until the car turned into a small county town that Gu Shinian woke up Yun Shang, covered her with a shirt and helped her change her clothes and tie her braids so that she could be seen in her most beautiful appearance.

Li Zhenglin was probably getting home soon, and Li Zhenglin's mood was visibly high, "It's almost there. Our village has a wide area, so if you stay for a while, maybe you can catch up with the village's organization to go up the mountain to pick fruits..."

Yun Chang rubbed her eyes and asked Li Zhenglin, "Uncle Li, how many days are you staying at home?"

"I can stay for two days. I will take you up the mountain tomorrow and return to the army the day after tomorrow. If you get tired of staying in the village, call me so I can come pick you up."

The car sped all the way out of the county town, walked on the winding mountain road for about 40 minutes, and finally turned into the village and stopped in front of a large and bright courtyard.

Probably hearing the sound of a car, a group of people quickly ran out of the house. Seeing that it was Li Zhenglin bringing the guests to the door, they welcomed them in very enthusiastically.

The Li family is one of the largest big families in the village. Li Zhenglin is the ninth in line and is not yet married. Although the family built a new house for him, Li Zhenglin is still used to living with his parents and several older brothers.

The three of Yunshang followed Li Zhenglin to get to know the old Li's family, and had another lively lunch, and then followed Li Zhenglin back to the new house he used to marry his wife to rest.

In just one meal, the news of Lao Li's guests coming from the city spread throughout the village. When Yunshang went out again in the afternoon, she was almost frightened by the furry children running around the door to watch the excitement.

When the children of Li Zhenglin's brother's family saw Yunshang coming out, they pulled her very familiarly and took her to play with the children in the village.

Yunshang distributed fruit candies again for diplomacy, and soon learned a lot of useful news from these children.

For example, people in the village often organize to go hunting in the mountains, and they can hunt pheasants and rabbits every time, and wild boars a few times, but rarely deer and silly roe deer.

For example, people in the village do not take children with them when they go hunting in the mountains. Most of them are experienced old hunters who bring strong young men to the mountains, and the last time they stay in the mountains, they have to stay for two or three days before returning.

There are indeed ginsengs on the mountain, but they are all in the deep mountains. There are only a few old hunters in the village who have ginseng preserved.

Children in the village often go up to the mountains to play, but they only dare to move around the two nearby hills.

The purpose of the children going up the mountain is very simple, that is, to pick a few bunches of wild grapes, eat some wild fruits, pick up pine nuts before winter, or dig wild vegetables, pick mushrooms, and find wild eggs, all of which are not dangerous jobs.

Chapter 370 Up the mountain

After inquiring about the news, Yun Shang's worried face was wrinkled.

People in the village don't take their children up the mountain, so she has no chance to go up the mountain?

Brother Gu could agree to take her up the mountain, but Bai Qingjie would definitely, like Li Zhenglin, forbid her to go any closer to the mountain.

What should we do with this matter?

"... My ninth uncle said that Yunshang's house is far away from us. It takes three days by train! They also brought my grandpa and grandma special cakes that can only be found in the capital. They are delicious! They are cheaper than those sold in the county. The trough cake is delicious!" Yun Shang came back to her senses and heard Li Qiaomai, the eldest granddaughter of the old Li family, whispering to the two little girls.

A little girl with dark skin, sucking the fruit candy that Yunshang gave her in her mouth, said with admiration, "Buckwheat, she is so pretty, my second aunt is not as white as her when she sits in the office every day. You say she is so white that you eat special cakes every day?"

Li Qiaomai nodded, with a face of agreement, "It should be. My uncle Jiu said that Yunshang's family has guards, and she definitely doesn't have to work at home. If she eats such delicious pastries, she will certainly be better than your second aunt." ."

Yun Shang: "... Where can I find this whitening pastry, please bring me a truck!

She even compared me with someone else's second aunt for fairer skin. If I can't compare, I won't be a little old lady!

With black lines all over her hair, Yun Chang stuffed the only three fruit candies left into Li Qiaomai's hands, said hello, and went home to discuss with Gu Shinian about going up the mountain.

"Second brother, I want to go up the mountain too, so you take me up the mountain to hunt..." Yun Shang told the news that he had found out, and then pulled Gu Shinian to act like a spoiled child, his small body almost twisted into a twist.

Gu Shinian couldn't stand Yun Chang's fuss, and he surrendered in less than thirty seconds.

"A Chang, why don't you discuss it with Uncle Li and take you up the mountain tomorrow..."

Yun Chang curled her mouth, with an unhappy expression on her face, "Uncle Li definitely disagrees, he thinks my legs are short and I can't walk fast."

Gu Shinian almost laughed out loud, she didn't say that she was young and short, but that Li Zhenglin thought she had short legs, it seemed like Li Zhenglin was deliberately targeting her.

"Ash, what do you want to do then?"

"Let's get rid of Bai Qingzheng,

You take me up the mountain to play. "

"The mountain is very dangerous. If you get lost, you won't be able to come back?"

Yun Shang couldn't help but rolled her eyes, "Second brother, you are so stupid, there are many tools for recording routes in the space, how can you get lost?"

"Okay, tomorrow I will go up the mountain to explore the way first, and I will find a chance to take you up the mountain in a few days."

The two muttered for a long time, and finally agreed.

.....

Early the next morning, Li Zhenglin called a dozen strong young men from the village, and brought Bai Qingjie and Gu Shinian to go hunting in the mountains.

Yun Chang didn't make a fuss, ran to the old Li's house, asked the old lady of the Li family to find a small basket, put a small shovel on it, and followed Li Buckwheat up the mountain to dig wild vegetables.

With the blessing of spiritual power, Yun Chang left aside the leather boy behind, and followed Li Zhenglin's team and jumped up to the first hill in one breath.

Li Zhenglin was stunned by Yunshang's exuberant physical strength, if she hadn't been so short, he would almost have agreed to take her into the mountain.

"Girl, I'll play with Buckwheat on this mountain later, don't dare to run around, if you get lost, you won't be able to go back, and you will be eaten by a tiger at night!"

Worried that the few nieces at home would not be able to catch up with the amazingly strong Yunshang, causing her to run around all over the hills, Li Zhenglin frightened her by making up nonsense in a serious manner.

Yun Shang was speechless for a while, suppressed a smile, and made a frightened expression to save face, "Uncle Li, don't worry, I have been following Sister Buckwheat, and I will not run around."

When the big hunting team left in the mountains, Yunshang, swinging her basket, followed the children to pick wild fruits.

"Yunshang, here, these are soft jujubes, these are mountain grapes, and there are mountain cherries, all of which are delicious!"

Yun Chang stepped on the thick and soft dead leaves, while looking at the dense and lush tall trees around her in admiration, she stuffed wild fruits into her mouth.

Occasionally seeing new wild fruit saplings growing in the woods, Yunshang would secretly move into the space while her friends were not paying attention.

She even saw the opportunity and threw two pieces of rotten wood covered with mycelium into the space.

The children wandered around the mountain for a long time, even eating and picking the ripe wild fruits, and then dug up wild vegetables in groups of three or four.

Yunshang followed Li Qiaomai, while digging wild vegetables, while searching around with her mental strength, trying to find the wild ginseng that slipped through the net.

Probably because the surrounding hills were frequented by the villagers, Yunshang's head hurts, and she didn't even see a ginseng whisker.

Fortunately, Yunshang's luck is not perfect. In the process of searching for ginseng, she was very lucky to find two nests of wild eggs, and also used the space to catch a wild rabbit that was too frightened and ran around.

In general, Yunshang is quite satisfied with what she has gained this morning.

Now she has planted more than half a circle of fruit trees around her space. There are fruit trees grown from fruit seeds in the supermarket, and some saplings moved in from the outside. In addition to the harvest in the forest in the morning, there are a total of forty or fifty fruit trees.

Different from Yun Shang's relaxed and leisurely life on the mountain, Gu Shinian and Bai Qingzheng experienced real hunting for the first time.

After entering the deep mountain, the group slowed down and entered the dense jungle as quietly as possible.

The two young men walking in the front held a hatchet and cut a path among the weeds and overgrown thorns.

Li Zhenglin pointed to the medicinal materials on the ground from time to time, lowered his voice, and introduced Gu Shinian and Bai Qingjie.

Even in some dark and humid places, large areas of mushrooms and fungus can be seen.

Gu Shinian turned his head from time to time, carefully memorizing the terrain in his heart, and planned to take Yunshang around when he had time.

Even if the two of them didn't find ginseng in the end, they could still collect more herbs in the space.

After turning over a small mountain peak, experienced hunters judged when and when prey appeared nearby based on the animal's footprints and feces. Finally, they led a group of people and blocked a few wild deer by the river.

Under the signal of the old hunter, everyone held their breath, and cautiously moved forward.

Until the crowd surrounded the herd of deer in a fan shape by the river, Li Zhenglin and the old hunter stood on the windward side and pointed their shotguns at the two largest stags.

With two gunshots sounding almost simultaneously, the two stags fell to the ground with a bang, scaring the other wild deer to run into the woods without thinking.

However, there were young men who had ambushed in every direction in the forest. The arrows fired indiscriminately and the threats of human voices made the wild deer even more flustered, and even two of them turned their heads and ran towards the river without cover.

The old hunter and Li Zhenglin seized the opportunity to shoot again, and left the two wild deer running back by the river. rebirth sixty good times
