### Chapter 38 Learning Smart

The old lady also replied with a look of approval, "Your grandfather is right, you have to take your mother to the hospital first and see what the doctor has to say. Even if your mother is really angry with Xu Dalan, we have to With evidence.

Besides, your mother is the daughter of Lao Wang's family. If Xu Dalan is really angry with her madness, it is also a family matter of Lao Wang's family, and our family can't get involved. "

Yun Chang was stunned, and looked up at the four members of the Lao Yun family.

The old couple looked serious, and there was a faint coldness in their eyes. Yun Erchuan lowered his eyes and looked at the ground with a dazed expression, as if he was wandering in the sky. Only Yun Shuilian's eyes flashed an unbearable and worried look, and his mouth moved. But in the end there was still no sound.

Seeing the appearance of the old Yun family, combined with what the old lady said, Yun Chang immediately reacted.

The old Yun family was thinking of taking the opportunity to get rid of Widow Wang!

No wonder Mr. Yun told her not to talk nonsense.

According to the old lady, Widow Wang is a member of the Lao Wang family, and Xu Dalan is also a member of the Lao Wang family. Even if the two of them are killed, it is also the family matter of the Lao Wang family. ?

If Lao Yun's family came forward to ask for compensation from Lao Wang's family, then the widow Wang who was mad would fall into the hands of Lao Yun's family.

Yun Chang finally figured it out.

This time, the Lao Yun family is not meat, but has learned shrewdly.

Yun Erchuan asked Han Shan to find someone else for Widow Wang. The purpose was to get Widow Wang to leave Xinglin Village, lest she break her shoes and get involved in the old Yun family and Yunshang.

Now that Widow Wang is crazy, and the matter of her distant marriage is in vain, but the old Yun family can also take advantage of this matter to keep Yunshang and send Widow Wang back to the old Wang family.

Even if the widow Wang had an accident in the future, it would only be the Lao Wang family who would be implicated, not Yun Chang and the Lao Yun family.

Yun Chang even had a feeling that the old man Yun and the old lady were in a hurry to send Widow Wang to see a doctor, the purpose was to make sure that the madness of Widow Wang was caused by Xu Dalan.

In this way, the Lao Wang family has only two choices. One is compensation. The Lao Wang family will pay the money and provide food to support the widow Wang and Yun Chang until Yun Chang grows up.

There is another option, that is to take Widow Wang back to her mother's house to raise her, and Yun Chang to be raised by Lao Yun's family. As for the large tile-roofed house under the name of the widow Wang, in all likelihood, it will be given to the Wang family.

Yun Chang was speechless for a while. She and Gu Shinian struggled for a long time, and it took so much effort to make Widow Wang a fool.

If Widow Wang was allowed to return to her mother's house, why would she bother to toss with this, and just wait for Yun Erchuan to find someone else for Widow Wang so that she could marry away.

What's more, Gu Shinian also reminded her that Widow Wang's condition was not stable, and once she stopped feeding the medicine, she would soon recover on her own. How could Yun Chang dare to let Widow Wang get out of control and put herself and Gu Shinian in danger.

Thinking that she was still sitting on the kang head of Lao Yun's house a few days ago, trying every means to drive Widow Wang away, and now she is trying to persuade Lao Yun's family to keep Widow Wang. feel of your feet.

Seeing the people from Lao Yun's family coming, they blocked the crowd watching the excitement at the gate and made way for a few people to enter the courtyard.

Widow Wang was still the same as before, holding the stone trough, sitting on the snowdrift and crying non-stop, while Gu Shinian moved a small bench and sat under the eaves watching Widow Wang go crazy there.

As soon as Mrs. Yun entered the yard, she let go of Yun Chang's hand, and with the support of Yun Shuilian, stepped on the snow and walked to Widow Wang's side, bent down and said tentatively:

"...Old everyone? Do you still recognize me?"

This time, Widow Wang reacted. She shoved the stone trough behind her, raised her arms, wiped her face with her sleeves, and raised her head timidly and asked:

"Recognize, you are Aunt Yun. Can I be your daughter-in-law, Dachuan? I will give birth to a big fat boy for Dachuan, but not a girl. Dachuan likes me... woohoo,

My big fat boy is gone..."

Before Widow Wang finished speaking, she opened her mouth and cried.

While crying, she secretly looked at the old lady through her fingers.

This childish behavior, like a child, caused the crowd watching the excitement at the door to laugh for a while.

The old lady looked at Widow Wang, her eyes were calm at first, then hesitantly, and finally flashed with pain and distress, and her eyes slowly turned red.

"Old man..." The old lady lowered her head and wiped away tears, then turned back and called out to Mr. Yun in a low voice, "We're here for the sake of the girl, Dachuan won't take offense to us, right?"

The old man sighed and stepped forward to support the old lady, "No, our Dachuan is a filial child..."

"That's fine, that's fine..."

The old lady murmured a few words, and Ren Yun Shuilian and Mr. Yun took her to the sheltered roof.

Seeing that no one was paying attention to her, Yun Chang took time to lie beside Gu Shinian's ear and said, "Second brother Gu, the old Yun family wants to drive Widow Wang back to her mother's house."

Gu Shinian frowned, gave Yun Chang a calm look, and then focused on the old Yun family.

Mr. Yun glanced at Widow Wang, sighed and shook his head, his hunched shoulders seemed to bend even more.

"Er Chuan, you go to the brigade, borrow an ox cart from the team, and then ask the village chief to open a letter of introduction for seeing a doctor."

Yun Erchuan responded, took two steps, and stopped to ask Mr. Yun, "Father, open a few letters of introduction, who will be with you at night?"

Qinghe County has always been subject to strict inspections. People in the village do not need a letter of introduction when they go to visit relatives or go shopping in the county town. Otherwise, you can't even find a place to stay at night.

"Shuilian stay with the bed, just open a letter to Shuilian."

Yun Chang hurriedly tugged at the front of Mr. Yun's shirt, and the old man added:

"Shangnan also goes to the county seat, remember to add the name of Shangnan on the letter of introduction!"

After Yun Erchuan left, Mr. Yun asked Yun Shuilian to coax Widow Wang into the house, and then walked outside the gate, dismissing the villagers who were watching the fun in a few words, and then closed the courtyard door with a sigh.

Looking back, he saw that Gu Shinian was busy cleaning up the yard, he hurried over to take the broom in his hand, and said:

"Comrade Gu Xiao, you should rest too. The troubles at home have been one after another in the past two days, and there is no time to stop. If you are not well entertained, you will be made to watch jokes."

"Grandpa Yun, when people eat whole grains, how can they not get sick. If they are sick, we will treat them. What a joke."

Gu Shinian's words made Mr. Yun feel tight in his heart. He felt that Gu Shinian was indeed a child from the city. He was too sensible and too good at talking.

Hearing that, he even felt a lot better when he knew that Widow Wang was insane.
