

Thrive 461

Chapter 461 rewarding

Although each family seems to have calmed down in the past two years, in private, I don't know how many people are waiting to catch Gu Zonglin's pigtails, especially at this special time this year.

If people knew that Gu Zonglin or Gu Shinian still had a small western-style building in Shen City, how many troubles would happen.

Therefore, the small bungalow in Shenshi cannot be related to the two of them on the surface.

.....

With the foreign exchange certificate given by Lin Wenlan in her pocket, Yunshang went around the entire Friendship Store upstairs and downstairs. Although there were few things that caught her eye, this long-lost feeling of leisurely shopping in the mall still made Yun Chang was greatly satisfied.

After shopping around, Yunshang bought a bottle of very elegant perfume for Lin Wenlan, two bottles of imported face cream, and a cashmere coat for herself. This ended today's shopping trip.

It was already afternoon, and the two of them had a brief lunch, then took the time to wander around the nearest purchase station, rushed back to the guest house before dark, went to bed early, and prepared for the trip to the pier the next morning.

At four o'clock in the morning, Yun Shang was dragged out of the guest house by Gu Shinian in a daze. Shocked by the chill of the winter morning, her whole body recovered instantly.

After walking for about ten minutes, Gu Shinian took Yunshang into an alley beside the street, motioned for Yunshang to release the flatbed cart, took out two empty baskets with lids, and hurried along the alley to Agreed place.

"Little brother, let's make an agreement. I will only take you somewhere. If you like it, you have to negotiate the price yourself."

After the two parties met, the owner of the Jiangxian stall sold Jiangxian's first sentence and distanced himself from the two of them. Seeing that Gu Shinian nodded in agreement, the man let out a sigh of relief and turned to enter the maze-like alley.

Gu Shinian immediately followed with the flatbed cart.

I don't know how long they walked around in the alley, but when Yunshang's patience was about to run out, they finally arrived at the legendary black market at the dock.

This place is not so much a black market as it is a small fish market. The market is only about 100 square meters. Except for a few farmers in the suburbs who sell their own vegetables, the rest are all stalls selling Jiangxian.

Probably because Gu Shinian and Yunshang were very quiet and obedient, and there were five cattles of food stamps for leading the way, before parting, the stall owner rarely kindly mentioned:

"Little brother, there are quite a few second-class dealers here, you can take a closer look later before making a move. It's best to go directly to the fishermen to trade, it can be cheaper."

Gu Shinian thanked the stall owner, took Yunshang into the black market, parked the flatbed truck in the market, wandered around the stalls, inquired about the prices, and then found the one with the most complete range of goods and looked more clever. The fishermen began to negotiate prices.

Yunshang stood beside the cart, and under the cover of the bamboo basket, put two bags of white flour into the box, then turned around, and looked at Gu Shinian and the fishermen together, pointing at the cart while gesticulating s position.

After a while, Gu Shinian brought the fishermen over, lifted the lid of the bamboo basket, opened the pocket, let the other party take a look at the white flour inside, and immediately put away the bag.

"Comrade, you... really want to change?"

Looking at the surprise that flashed in the eyes of the other party, Gu Shinian had an idea in his mind, and made some price gestures again, explaining the quantity and price clearly.

Shen City belongs to the south and does not produce wheat. The refined white noodles are rarer than refined white rice in the market, and the price is also more expensive.

Seeing such a good white noodle suddenly, even if Gu Shinian's price was lowered a bit, the fisherman agreed to change it.

Anyway, he secretly called Jiang Xian to avoid people, at most he put in a little effort and effort. Compared with fine white noodles, it is really a worthless business.

After the two parties negotiated the price, the fisherman put hundreds of catties of Jiang Xian on the cart on the cart, and led the two out of the black market, went down the pier, and came to a wooden boat

"Comrade, the quantity you want is large, and the goods on my booth are not enough. You can wait here. There are still goods on the ship here. I'll bring them to you right away."

Yun Chang's eyes lit up, watching the fishermen jump into the boat,

He brought several barrels of hairy crabs and lively river fish out of the cabin.

After the two parties finished weighing, Gu Shinian handed over the white flour in the basket and the bag to the other party, took Yunsang, pulled 300 catties of various Jiang Xian, and quickly left the pier.

Finding a place where no one was around, Yunshang brought Jiang Xian into the space with a cart, and still asked, "Second brother Gu, these Jiang Xian are really fresh, do we want to come over tomorrow to change?"

This is an out-and-out wild Jiangxian, and it will be sold at a high price in later generations. Now that we have such a good opportunity, of course we can exchange as much as we can.

Seeing Yun Shang's appearance as a money fanatic, Gu Shinian couldn't help laughing, "Don't worry, I made an agreement with the boatman before, we won't go to the black market tomorrow, and go directly to the pier to find the boatman to trade."

"Second Brother Gu, did the boatman explain how much he will have tomorrow?"

"It is said that they can make up almost five hundred catties a day today. Don't worry, they are in this business. If they are not enough, they can find colleagues to make up for it."

Yun Chang is satisfied, it's good to come out with Gu Erge, she can be thoughtful about everything, and she doesn't have to worry about it at all.

Gu Shinian didn't know that Yun Shang was secretly praising him in his heart, sighed secretly, and continued, "The black market here is still too small. In two days, my second brother will take you to Yushan, where you can get real seafood in exchange for the sea. , and the number is more than here."

Yun Chang was more satisfied, and began to count the itinerary of the two with her fingers.

"Let's go shopping in Huaiguo Old Town this morning, and then go to buy clothes for me. If we have time in the afternoon, we can go to the buying station to pick up leaks. By the way, there are three big libraries here in Shenshi, and we went to one. We will go to the library tonight." Go to the other two libraries for a walk, and when you finish buying Jiangxian tomorrow morning, you will take a walk around the several buying stations in Shenshi, and go to Lingshi the next morning."

Gu Shinian came out this time to accompany Yun Shang on errands, so he naturally put Yun Shang's opinion first, seeing that she had arranged the itinerary in an orderly manner, he readily agreed.

In the next two days, the two of them were as busy as spinning tops. They bought eye-catching cameras and watches in Huaiguo, bought new clothes for Yunshang in the department store, and went to the pier to change rivers. Fresh, after searching the other two big libraries at night, I wandered around several buying stations in Manshen City to pick up the leaks.

When the two of them got on the train to Lingshi, Yunshang Space collected a total of 800 catties of Jiang Xian, and a dozen bookshelves full of old books, plus they were piled up so that the old appearance could not be seen clearly, so they searched at the buying station All kinds of ancient pieces.

While Yunshang and Gu Shinian were enjoying themselves in various cities, Yunerchuan and Yunshuilian in Fenyang also welcomed two unexpected guests.

Chapter 462 Forcibly admitting relatives

Fenyang Women's Federation.

Yun Shuilian was standing in front of the desk, holding a thermos pot, and when she was about to pour herself a cup of hot water, Xiao Gao pushed the door in with a weird face, pointed in the direction downstairs and said, "Shui Lian, there is a little girl outside. The girl came to you and said she was the elder sister of your niece in the provincial capital, surnamed Gao."

"What?" Yun Shuilian was stunned. She didn't realize what Xiao Gao meant for a long time, so she couldn't help asking, "Who are you talking about?"

She only has one niece, Yunshang, and Yunshang is in the provincial capital. If there is no accident, the niece Xiao Gao said should be Yunshang.

But isn't Yunshang's sister named Bai Qingyue? When did you have a sister named Gao?

Xiao Gao was also very puzzled, and stood in front of the window, beckoning Yun Shuilian to come and have a look.

Yun Shuilian put down the thermos, walked to Xiao Gao's side, followed the window on the second floor and landed on the gate of the Women's Federation, the thin, huddled figure.

"Shui Lian, I asked a few questions. The little comrade surnamed Gao said that your niece is her younger sister, a child of their Gao family, not a child of Chief Bai's family. What's going on?"

If I remember correctly, the group of Ditelli captured a few years ago had a family named Gao.

In this way, there is a problem with the identity of Yun Shuilian's little niece.

Yun Shuilian's complexion changed instantly, she turned around and walked downstairs without thinking too much, "I'll go and see what's going on!"

Haven't you checked out everything that happened back then?

Yunshang recognized the Bai family before the Gao family incident happened. Could it be that an official as big as Chief Bai can still recognize the wrong child?

Even if there is a problem with Yunshang's identity, the Gao family and his wife were both sentenced. Although the Gao family's children were young, they were not implicated, and they became well-known puppies in the neighborhood.

The Gao family's children haven't come to the door for so many years, but they came here when the situation was the most tense this year. What is the purpose of the other party?

Could it be that someone wanted to use Yun Shang's identity to deal with Chief Bai?

After Yun Shuilian finished college and worked in the Women's Federation for so long, her thinking and horizons have broadened a lot, and she is no longer the little village girl she used to be.

Encountering something abnormal, Yun Shuilian immediately started conspiracy theories.

The northwest wind blew, and the cold wind pierced Gao Sihong's body like a bayonet, making her hunched over, wrapping her body tightly with a cotton jacket.

After being a puppy for so many years, she had already accepted her fate, but someone found her a few days ago and told her something that shocked and angered her.

The woman said that she shouldn't be a bastard in the first place, but because her parents wanted to recognize Fifth Sister, she was taken advantage of and did something wrong.

And the fifth younger sister of her mother and compatriot, not only had nothing to do, but also transformed herself into the daughter of a high official in the provincial capital, and became a real daughter of a thousand gold.

Thinking that her family was separated because of the fifth younger sister whom she had never met, that her parents were sentenced, and that she and her older sisters and younger brothers had also become well-known puppies and were spoiled and brought up, Gao Sihong couldn't help but hate Tooth root itching.

They are all sisters of the same mother, why the fifth child has nothing to do, and can be a daughter in the provincial capital, but their siblings have to be pussies!

This time, with the help of that woman, she managed to get a letter of introduction. When she came to Fenyang, she must talk to Lao Yun's family and ask them to find a job for her and her younger brother in the city, and then solve the household registration problem. It was resolved, otherwise she would report to the government that the members of Lao Yun's family were suspected of being spies, and that they sent the enemy's puppet to the house of a high official in the provincial capital with evil intentions.

Gao Sihong was staring at the gate of the Women's Federation, and when she was grinding her back molars, Yun Shuilian came out from inside.

She has a round and fair face, a high nose bridge, big watery eyes, and short shoulder-length hair. In addition, she is wearing a new light gray cadre suit, a beige long coat, and a long beige coat of the same color around her neck. The scarf, as well as the leather shoes on the feet, immediately made Gao Sihong dumbfounded.

After reacting, Gao Sihong became even more angry.

This guy surnamed Yun can wear clothes so well and be able to sit in a small western-style building to work, all because Lao Yun's family sent the fifth sister to the provincial capital,

The benefits of seeking!

Strictly speaking, the Gao family is Fifth Sister's relatives, and even if there are benefits, she should get the benefits. Why should the members of Lao Yun's family get the favor of Fifth Sister?

Facing Gao Sihong's resentful gaze, Yun Shuilian frowned, and asked, "Comrade, what do you want from me?"

Gao Sihong came back to her senses, raised her arm, wiped the runny nose with her sleeve, suppressed the resentment in her heart, and leaned forward and said, "Gu..."

Yun Shuilian was taken aback, and subconsciously asked, "Are you...?"

"Gu, I'm Sihong!" Gao Sihong said, stretching out her black fingers to grasp Yunshuilian's clean beige coat, "Sihong from Gao's family, Gao Sihong. "

Yun Shuilian took a few steps back subconsciously, avoiding Gao Sihong's pitch-black claws, and asked pretendingly puzzled, "The Gao family? Which Gao family?"

"Which other Gao family is there? The Gao family on the other side of the river! Don't pretend to be confused, I don't believe you haven't heard of it!"

Gao Sihong said loudly uncontrollably, and rushed towards Yunshuilian again.

Yun Shuilian stretched out her hand to hold Gao Sihong, and continued to back away, keeping a distance from her.

"The Gao family on the other side of the river? I've heard that the Gao family are enemy agents. How can you leave the village head and come to Fenyang? Who wrote your letter of introduction?"

Gao Sihong finally came to her senses, and realized that as her son, she couldn't leave the village.

Seeing Yun Shuilian's gloomy face, her cold eyes fixed on her, Gao Sihong shrank her neck subconsciously, and then forced herself to speak, "Gu, I have something to tell you, Fifth Sister... It's Yunshang's business."

"Comrade Gao Sihong, I don't remember that I have a niece named Gao. You have something to talk about." Don't talk about relationships, I don't have a niece!

Yun Shuilian felt that this Gao Sihong was simply inexplicable, how could anyone recognize her as soon as she came up?

That Gao family is an enemy agent! Others can't avoid it, whoever dares to marry the Gao family, this Gao Sihong is simply too clueless!

Gao Sihong was also very angry at Yun Shuilian's ruthless attitude, and she immediately sullenly pointed to Yun Shuilian's nose and said, "Gu, how can you do this? Fifth sister is our Gao family's daughter, you guys It's fine for Lao Yun's family to send Fifth Sister to the family of a high official in the provincial capital to be a baby, but how can they turn their backs on anyone and monopolize the benefits that Fifth Sister earned?"

Lao Yun's family is really too careless, it's fine to use their Gao family's children to seek benefits, but now they want to monopolize the benefits, aren't they afraid that their appetite will kill them?

Yun Shuilian almost laughed angrily at Gao Sihong's inexplicable accusation.

"Comrade Gao Sihong, Yunshang was not sent to the provincial capital by our old Yun's family, but Yunshang's biological parents. After many investigations, we finally found Yunshang. I don't know where you heard these gossips, but Let me tell you clearly that Yunshang is indeed a child of the Bai family and has nothing to do with your Gao family."

Chapter 463 caught all

Yun Shuilian denied that Yunshang had anything to do with the Gao family. Gao Sihong became anxious, and took out a palm-sized object wrapped in an old cloth from the pocket of the padded jacket and showed it to Yun Shuilian, "You lied! Yunshang is our Gao family. My baby, I have evidence!"

Gao Sihong opened the cloth head, inside was a yellowed letter paper, and a small silver lock with a red string, it looked like it was for a child to wear.

"Look, this is a letter left by my grandma. It was my grandma who gave Yunshang to your family back then! My Jinbao has a silver lock, and Yunshang also has one. It's written in the letter! "

Yun Shuilian's gaze swept across the end of the street, and landed on the letter paper in Gao Sihong's hand, and was about to take it, but Gao Sihong shrank her hand and put the letter into her arms, "I can't give you this letter, in case What if you tear it up?"

Yun Shuilian frowned, and continued to ask calmly, "That's all? Is there any other evidence? What do you want to come to me?"

"Is this not enough evidence?" Gao Sihong looked resentful, and looked at the coat on Yun Shuilian's body with jealousy, "Gu, Yunshang is a child of our Gao family, and your family has gained so many benefits from Yunshang. , you can't take it all by yourself? You have to get me and Jinbao a job, and then transfer the account to Fenyang, or I will sue you to the government!"

Yun Shuilian relaxed a little, and a mocking smile flashed in her eyes, "Okay, it's fine if you want to work, but you have to tell me first why you came to Fenyang and who you came with."

Probably because she didn't expect Yun Shuilian to let go so easily, Gao Sihong was very excited, her face was full of surprise:

"Gun, you promised me! Gu, don't worry, Jin Bao and I will come to Fenyang. I'll look for Gu, and Jin Bao will go to the aluminum factory to find my second uncle. My eldest sister, my second sister and my third sister have agreed Well, if my aunt and second uncle can solve the work problem for us, we will hide the identity of the fifth sister, and we will enjoy the blessings of the fifth sister together in the future. If we can't solve the work problem, we will get the fifth sister back. Let her be a bastard to sneak into the people's revolutionary ranks."

Gao Sihong talked more and more vigorously, and at the end, the angry and jealous look on her face couldn't even be concealed.

Yun Shuilian's complexion remained unchanged, her gaze fell on Zhou Minghui who was standing behind Gao Sihong at some point, she nodded to him, pointed at Gao Sihong and said:

"Comrade Zhou Minghui, this is Comrade Gao Sihong. She ran out of the village through improper means, intending to threaten state officials and slander the family members of senior military officials. She is suspected of being an enemy agent. By the way, Comrade Gao Sihong's parents died five years ago. He was identified as an enemy agent and sentenced to prison before." This is the inheritance of his father, and he must be severely punished.

Gao Sihong was so frightened that her legs went limp.

Looking at the soldier who suddenly appeared, wearing a straight military uniform, with a cold and serious face, and an extraordinary momentum, he was so trembling that he couldn't even speak.

Didn't he agree that he would solve her work problems and help her obtain a city hukou? In the blink of an eye, she was going to be handed over to the People's Liberation Army?

When did Yun Shuilian call for the People's Liberation Army?

She and Jin Bao sneaked out, hoping to frighten Yun Shuilian and Yun Erchuan so that they could settle down in Fenyang.

Why did this just come to the door, before I said a few words, it fell into the hands of the People's Liberation Army.

The members of Lao Yun's family are really treacherous and shameless!

Zhou Minghui is currently thinking that Yun Shuilian wants to get married. Seeing Yun Shuilian complaining to him in a serious manner, he is very serious and has become a selfless investigator for a while.

She winked at Yun Shuilian, stepped forward to grab Gao Sihong, pushed and pulled her to the end of the street, and turned into the armed department next to her.

After confirming that Gao Sihong was under control, Yun Shuilian immediately went upstairs and called the aluminum factory. Knowing that Yun Erchuan was at work and had never left the workshop, she was relieved and called Zhou Minghui again. The two hurried to the aluminum factory.

Gao Jinbao stood with his messy hair on his head, a hemp rope tied around his waist, and his hands in his sleeves. He looked at the magnificent factory area and gate of the aluminum factory in shock.

This is the place where Lao Yun's son works as a worker?

Damn,

It looks so rich!

When he finds Yun Erchuan, he will ask Yun Erchuan to give him his job. From now on, he will be a worker in the city and can work in such a wealthy factory.

Such a boss, I heard that there are tens of thousands of workers in it, and he will not worry about not being able to find a wife in the future.

Gao Jinbao lifted the cotton trousers that had been left on his shoulders, wiped his face with his sleeves, brushed his dusty, yellowish hair behind his head, and walked into the aluminum factory with his chest up.

Before entering the door, the window of the security department next to it was opened from the inside, and a security officer in uniform with a serious face called Gao Jinbao:

"Stop! What are you doing? Who are you looking for?"

Many people in the security department of the aluminum factory are professional soldiers from the army. The cold and stern aura acquired from the battlefield, as well as the stern eagle-like eyes, frightened Gao Jinbao immediately.

"I, I, I, I am, I, I'm here..." Gao Jinbao rolled his calves, stared at the security officer with a horrified expression, and stammered for a long time, but he still didn't explain his identity clearly origin.

Gao Jinbao was so guilty, the vigilant little heart of the security officer instantly lifted up, and he quickly opened the door, ready to take Gao Jinbao into the security department for questioning.

"Oh my god!" Gao Jinbao yelled, turned around and ran away, "I'm not looking for anyone...I'm leaving now, I'm going back..."

How come there are police in this aluminum factory! ?

It looks scarier than the police in the commune!

He sneaked out. If he was caught, would he be shot?

If I knew he would have gone to Yun Shuilian, I asked Gao Sihong to come to Yun Erchuan...

After finally getting rid of the security officer, Gao Jinbao didn't dare to approach the gate of the aluminum factory, and he was unwilling to give up like this. In the end, he had no choice but to sit on the pile of rocks near the aluminum factory, waiting for the workers to get off work.

When Yun Shuilian and Zhou Minghui came over, Gao Jinbao was sitting on the side of the road, looking in the direction of the gate of the aluminum factory. Ask Zhou Minghui to take Gao Jinbao away.

When they arrived at the Armed Forces Department, Zhou Minghui pushed Gao Jinbao to the utility room and detained him and Gao Sihong separately, then turned around and said to Yun Shuilian:

"Shui Lian, no one has come to these two utility rooms. There will be no problem if people are locked here for the time being. You can call and talk to Chief Bai about this later, so that he can be mentally prepared and ask about it later. What to do with it."

Yun Shuilian raised her wrist to check the time, nodded and said, "Okay, Chief Bai and Captain Lin should not be off work yet, I'll call after lunch."

Chapter 464 Investigation

Fenyang in November is already very cold, coupled with the strong northwest wind, people staying outside will soon have numb hands and feet, and turn blue in the face.

Seeing that Yun Shuilian was about to leave, Zhou Minghui quickly grabbed her arm, touched her pale face with cold, and dragged her to the dormitory.

"It's so windy today, and you've been tossing outside for so long, are you hungry? Our cafeteria master bought a lamb rack this morning. I'll go and see if he has stewed soup. I'll bring you a bowl of lamb soup to warm up before leaving. "

Yun Shuilian moved her arms uncomfortably, but didn't withdraw her hand. In addition, she was really cold, so she blushed and followed Zhou Minghui back to the dormitory.

Zhou Minghui went out with the bowl, and soon brought back a bowl of fragrant, milky white mutton soup, sprinkled with green coriander and chopped green onion, the aroma was alluring, and it made people appetite.

"It's just right, it's just out of the pot! Our chef in the canteen is very skilled at making mutton soup, come and try it."

Yun Shuilian took the ocean porcelain bowl, poured down a mouthful of hot mutton soup, warming it from the stomach to the heart, and then spreading to the limbs, as if the chill on her body had been stimulated, she couldn't help but sighed comfortably.

Zhou Minghui looked at Yunshuilian, with a smile flickering in his eyes, and asked, "How is it, is it delicious?"

"It's delicious." Yun Shuilian nodded, put down the bowl, and said with a puzzled look on her face, "You say that the two Gao family sisters are really stupid, a letter made up, a little silver that can be seen everywhere Lock, they dare to use it as evidence to talk about Changnan, and they don't know how their brains grow."

"It's not that they don't know that the things in their hands can't be used as evidence, but they have been puppies for so many years, and seeing that life is going to be unbearable, they can only risk their lives to find a way out for themselves.

If things are done, he can go to the city to work as a worker in the future and live a life of a master. Even if things don't work out, life is pretty much the same as before... If you work hard, you will earn, and if you can't, you will lose nothing. The members of the Gao family have a lot of things in their hearts. "

After Zhou Minghui's analysis, the mutton soup in Yun Shuilian's hand couldn't drink anymore, "You mean, the evidence in Gao Sihong's hand is a threat to Chang Nan?"

"There is no threat, but the influence is there." Zhou Minghui shook his head, lowered his voice and said, "The Gao family came out at this time, the timing is too sensitive, I reckon someone wants to use Changnan to give the chief Bai a It's bad luck."

Otherwise, how do you explain that a bastard who was controlled in the countryside suddenly appeared in Fenyang?

If no one cooperates behind them, no one makes it easier for these two people, how dare the local government let people into the city?

Judging from the incident of Gao Sihong and Gao Jinbao's entry into the city, the posthumous people had certain rights and status. Obviously, this matter was directed towards Bai Yancheng.

Yun Shang's background was the target of the other party's criticism of Bai Yancheng.

The relaxed look on Yun Shuilian's face could no longer be maintained, she drank the mutton soup in a few gulps, wiped her mouth, put the scarf around her neck, got up and walked outside, "I'll go back first, try to contact Chief Bai , this matter cannot wait any longer."

Knowing that Yun Shuilian had business to do, Zhou Minghui didn't stop her, and quietly went downstairs to roll out the bicycle, ready to send Yun Shuilian back to the Women's Federation.

When Bai Yancheng received a call from Aunt Wu at home, his expression was confused.

Yun Shuilian called him instead of Yun Shang?

Is something serious going on?

Following the number given by Aunt Wu, he dialed back the phone, knowing that someone used Yunshang's life experience as the demon queen, Bai Yancheng's face instantly turned black.

"Boss Bai, the two children of Gao's family are still in the armed forces department. Did the army send someone to investigate this person, or hand them over to the Fenyang Public Security Bureau for investigation?"

Bai Yancheng frowned, pondered for a long time, and said, "People are locked up in the Armed Forces Department first. Gao Sihong and Gao Jinbao are slandering the family members of high-ranking military officials. People from our political and engineering department will come forward to hold them accountable." Local government is more appropriate."

This matter was obviously driven by someone. If it was handed over to the Fenyang Public Security Bureau, something might have gone wrong in any link.

If someone from the army comes forward to negotiate with the local government, at least things can still be within his control.

Even if something happens, he can always make up for it and suppress it.

Moreover, there are old subordinates in Fenyang Armed Forces Department, as well as Zhou Minghui, and Gao Sihong and Gao Jinbao are secretly imprisoned in the Armed Forces Department, which is absolutely safe. He doesn't have to worry about someone murdering someone to silence them, and then framing him.

After getting the letter, Yun Shuilian breathed a sigh of relief, hurriedly asked a few words about Yun Shang's situation, hung up the phone, and went to the Armed Forces Department with her purse again.

Xiao Gao was coming back from the outside with Director Ren, and when he saw Yun Shuilian going downstairs, he hurried over to hold her, and asked about Yun Shang's situation nervously.

"Shui Lian, is that girl in the morning really your niece? Don't be confused. Whether your niece is from the Gao family or the head of Bai's family, it has nothing to do with your old Yun family. Don't be silly. If you rush out, you don't care about everything, and you will be troubled when the time comes."

Especially now that the situation is so tense, if people know that Yun Shuilian is connected with the son of the enemy's family, she will not be able to live a stable life.

In the future, not to mention working as an officer in the Women's Federation, it is good luck not to be labeled as a bad element, and to be sent to a labor camp.

Faced with Xiao Gao's kindness, although Yun Shuilian was not worried, she still squeezed out a smile on her face, and said, "I also asked clearly in the morning, that woman heard a few gossips from someone, and she just wanted to flirt with my niece." relationship, for her own benefit. I only asked a few words, and she revealed herself. "

"That's it." Xiao Gao breathed a sigh of relief, rubbed his chest and said, "Let me just say, that girl looks like that in the morning, she doesn't look like your niece at all, so she might be a sister. It's not true Just fine."

Yun Shuilian smiled with the corners of her mouth pulled, greeted Director Ren, and hurried out of the Women's Federation gate.

Xiao Gao walked to the side of Director Ren, and sighed, "Now there are everyone. A lesbian came in this morning and casually claimed that Shuilian's niece is her own sister. Shuilian should be very angry. I am upstairs. Watching Zhou Minghui take people to the armed forces department."

Director Ren frowned, seemed to be unintentional, and seemed to mean something, "No, now that the situation is tense, all kinds of ghosts and snakes have come out. That woman is a member of the army's officers' families. People come forward to deal with this matter, and we can't push everything on Comrade Public Security."

Xiao Gao smiled dryly, changed the subject, and talked about work with Director Ren.

The comrades in the political and engineering department were very efficient. Bai Yancheng had just ordered things to go down in the afternoon. The comrades in charge of the investigation got off the train early the next morning.

Chapter 465 Fishing Village Harvest

In the early morning, the sun exposed half of its head from the sea level, dyeing the calm sea with a layer of gold.

Yunshang sat on the flatbed cart, sorted out the vermicelli, white rice, and white noodles on the cart one by one, and looked in the direction of the fishing village without blinking.

Gu Shinian was very fast, and took Yunshang to the entrance of the village in just a few minutes. Smelling the fishy smell in the air, his eyes swept over the low houses in the fishing village bit by bit.

"Second Brother Gu, Uncle Six said yesterday that his family is the third one at the entrance of the village, and it should be the one from Hei Chaimen." Yun Shang pointed to a family near the entrance of the village.

Uncle Liu was a fisherman whom the two had wandered around Yushan City for two days, and they were introduced by a reliable source. The two of them also made an appointment with Uncle Liu.

Yun Shang also knew that a flatbed cart couldn't hold much stuff. Before coming to the fishing village, she and Gu Shinian spent two full days digging a small pond that was about 100 square meters and more than one meter deep in the space.

The spring was also moved to the edge of the pond, and a ditch was dug for water inflow. The pond was filled with water soon. Although the area was not large and not deep enough, it was enough for raising fish and shrimp.

"A-Shang, put a few more apples in the car."

Gu Shinian gave Yunshang a word, and knocked on the wooden door, and it was Uncle Six who opened the door. Seeing that it was Gu Shinian and Yunshang coming, and there were a lot of food

bags on the flatbed cart, he immediately closed the door. Open and quickly pull the two into the yard.

"In this cold day, you guys wake up really early in the morning. Hurry up, go into the house and drink some hot water to warm up your body. Haven't you had breakfast yet? I'll try your Sixth Aunt's handicraft later."

Gu Shinian was not polite to Uncle Six, and responded with a smile, unloaded the food on the cart with his hands and feet, and handed the apples to Uncle Six, then took Yunshang and followed him into the house.

"Uncle Liu, I have a lot of relatives in my family, and they all eat delicious food. I just want to exchange for more seafood and bring them home for my relatives to try."

As soon as Gu Shinian finished speaking, Yun Shang nodded and added, "I really like seafood, and our family likes to eat fresh seafood."

As soon as Uncle Six heard this, he understood that the two children mainly came to buy fresh seafood, and they wanted a lot of them.

When Aunt Six poured hot water and brought it up, Uncle Six ordered his wife to go to the neighbor's house to help find fresh seafood, and then took the two of them to the warehouse behind to pick up dry goods.

Opening the warehouse door, a pungent fishy smell rushed into the nostrils, and Yun Chang's tears were almost choked down.

Uncle Six moved the baskets for dry goods outside, and all kinds of baskets for dried fish, dried shrimp, kelp, shell meat and other dry goods were filled to the brim in the courtyard.

"It's cold now, and the taste of dried seafood is not as strong as it is in hot weather. You can store it longer after you get it back. Anyway, it's not worth much. You can pick whatever you like, and we'll go to the front to load fresh seafood later. "

Yun Shang and Gu Shinian were really rude. They each picked two big baskets of dried fish and dried shrimp, and one basket of each of the rest of the seafood. Lin Lin finally figured it out, and it cost less than thirty yuan.

Just as Gu Shinian and Uncle Six moved the dry goods to the side of the cart, Aunt Six came back with a few women. Some of them carried boxes and some carried loads full of fresh seafood.

Yun Shang greeted her and helped Gu Shinian and Sixth Uncle to select and weigh the fresh seafood one by one, and then piled the prawns and live fish in the box, as well as the crabs crawling sideways in the box, neatly on the board. in the car.

Worried that if they stayed any longer, the living fish and shrimp in the box would turn their stomachs, so the two refused the sixth uncle and his wife to keep a meal, pushed the cart, and left the village quickly.

Yun Chang followed the cart, and while walking, she reached into the box with mental strength, and threw the still alive seafood into the pond.

When there was no one around, Gu Shinian signaled Yunshang to put the flatbed into the space, took out the bicycle, and the two rushed towards Yushan City.

The harvest was quite fruitful in the morning, and Yun Shang was so happy that her eyes narrowed. She sat on the bicycle bar, shaking her calf and asked, "Second brother Gu, we have also visited Yushan City, which city will we go to next?"

Along the way, every time they go to a place, the two will first go to the library and the purchase station to pick up leaks,

After finishing the business, I wandered the streets and alleys looking for local snacks to taste.

After a period of time, in addition to old books and ancient books and various ancient objects picked up by the purchase station, there are many packaged snacks from various places in Yunshang space.

Seeing that Yun Shang was completely playing wild, Gu Shinian smiled and said, "A Chang, we've been out for ten days, and it's almost time to go back."

Yun Chang froze for a moment, then subconsciously asked, "Has it been ten days?"

This time also passed too fast.

Why does she feel that she has only been out for less than a week?

"We came out at the end of October, it's already November, you should go back to school."

Yun Shang's face immediately collapsed, and she glanced at Gu Shinian resentfully, muttering, "You really can't open any pot!"

Knowing that she doesn't like going to school the least, she has to remind her to go back to school when she is the happiest.

What a disappointment.

Thinking of Gu Shinian saying before that he could stay at home for half a month, Yunshang counted on her fingers and found that Gu Shinian would be returning to school within a day or two.

Second brother Gu seems to have said that he will not have a holiday this year for the Chinese New Year, and he will have to wait until next year to return after leaving this time.

Yun Chang raised her head abruptly, and asked in a reluctant tone, "Second brother, should you go back to school too?"

"Well," Gu Shinian rubbed Yun Shang's forehead with his hand, and comforted her, "Second brother will write to you when he goes."

Yunshang responded, and frowned again, "Gu Huaiqing and Zhou Mingjuan should be sent down, right? Let's call home later to see if the matter of Gu Huaiqing has affected you. And Gu Guangzong, ask Gu Guangzong what's going on now."

After entering the urban area, the two went to the train station to buy tickets, then found the post office, and called home.

It's working time now, and only Aunt Wu is at home.

Knowing that the news of Gu Huaqing and Zhou Mingjuan's devolution had spread to the compound, and that Gu Guangzong was implicated by Gu Huaqing and sent back to Qinghe County, Yunshang was completely relieved.

"Aunt Wu, what about Gu Mingzhu? How is Gu Mingzhu doing now?"

"Oh, Gu Mingzhu is so hard-hearted." Aunt Wu sighed after a long time, "Gu Mingzhu has severed ties with her parents, and I heard that now she lives alone in a small courtyard, does not go to school, does not work, following people to 'make a revolution' every day."

Yun Shang: "..."

Gu Mingzhu is two months older than Gu Shinian, and will be eighteen years old after the Chinese New Year. She doesn't do any work every day, so what does she do for a living?

Could it be that Zhou Mingjuan also left private money for Gu Mingzhu?

Aunt Wu glanced at the calendar next to the phone, and then said, "Xiaoqi, when are you coming back? Your aunt called a few days ago. The good thing is that something happened at home. I'm anxious to hear her talk."

Chapter 466 Distributing gifts

"Woo~~"

After a long whistle, the train slowly stopped at Linyang Station.

On the platform, Bai Yancheng stared at the train carriage without blinking, anxiously waiting outside for more than ten days without going home, not thinking about his little girl at all.

After Gu Shinian packed his luggage, he saw the leaves swirling wildly in the wind outside the window, and knew that the wind was blowing again.

Urging Yunshang to button up her coat, and covering her head and face with a big scarf, she carried a few huge packages and moved towards the exit of the carriage with difficulty.

When Yunshang got out of the car, she saw the most conspicuous Bai Yancheng in the crowd at a glance. She didn't care to say hello to Gu Shinian, and ran towards Bai Yancheng in a skipping motion:

"Dad! Dad! I'm here, and I'm back."

A smile instantly appeared on Bai Yancheng's face, and his originally sharp and serious features softened, and he transformed from a majestic general into a loving father.

"I'm willing to come back. Are you hungry? Aunt Wu made dumplings for you and Shinian, and I'll cook them when you get home..."

While the father and daughter were exchanging affectionate greetings, the security guard Xiao Liu had already walked over quickly to help Gu Shinian carry out the luggage, and stuffed it neatly into the back of the car.

After getting in the car, Yunshang chirped with Bai Yancheng about what he had seen and heard along the way, and when it came to strange things, he would discuss them with Bai Yancheng in amazement.

Along the way, the smile on the corner of Bai Yancheng's mouth didn't go down, and finally waited until Yunshang stopped talking, and then said in a sour tone, "So, you have a good time outside, if it wasn't for Shi Nian who was in a hurry to go back to school, you Are you planning to come back?"

The little girl's film, she just let go of her life, and she doesn't remember to go home once she is released, and she doesn't think about her family thinking about her, she is simply a white-eyed wolf.

Yun Chang's thoughts are so delicate, she could hear the sourness in Bai Yancheng's tone at once, she was silent for a while, endured the goosebumps all over her body, and said cheekily, "Dad, it's not fun outside at all, I've been having a hard time these few days I miss you, and I also miss my mother, if I didn't want to find something delicious for you and my mother, I would have come back to accompany you a long time ago."

Gu Shinian: "..."

Ah Chang, where's your face?

Who is playing outside and not wanting to come back?

Bai Yancheng: "..."

Girls are more caring than boys!

Look, even if his Xiao Qi went out to play, he still wanted to find delicious food for him and Wen Lan. She was so filial and caring!

Yun Chang rubbed her sore cheeks, twitched the corners of her mouth and huddled on the seat and did not move.

Damn! How did she say such disgusting words?

She is so hypocritical that she is too embarrassed to meet people, and she doesn't know why Daddy likes to hear her say such foolish things.

The guard suppressed a smile, turned the car into the family courtyard, and quickly parked at the gate of Bai's house.

There was a sound of hurried footsteps in the yard, and soon, the door opened from the inside, and Bai Qingming and Lin Wenlan came out one after the other.

"Xiao Qi! Brother Shi Nian, why did you come back? What delicious food did you bring me?"

Bai Qingming said he cared to the two of them, and quickly helped carry the luggage home, while Lin Wenlan had already grabbed Yun Shang's hand and looked at her with distressed expression.

"Shangnan, aren't you used to eating outside? Why do I look thinner?"

Looking at Yun Shang's rounder face than before, Gu Shinian was speechless for a long time.

There is definitely something wrong with Lin Wenlan's eyes!

When going out this time, apart from collecting books and antiques, what Yunshang searched most was food from all over the world. When her small mouth never stopped from morning to night, her face was rounder than before. Where did Lin Wenlan come from? Can you see that Yun Chang has lost weight?

Yun Shang's thinking was different from Gu Shinian's. Hearing Lin Wenlan say that she had lost weight, her eyebrows almost flew up with joy.

Great! What a good physique if you eat dry and don't gain weight.

Originally, she wanted to control her diet after returning home, but now after hearing Lin Wenlan's words, Yun Chang felt that she could open her belly and continue eating.

"Really? Mom, am I really thin?" Yun Shang grabbed Lin Wenlan's arm,

Rubbing his swollen belly, "It's just right, Second Brother Gu bought me a lot of seafood, and I will ask Aunt Wu to make it for me to make up for the meat."

A group of people entered the living room, Aunt Wu hurriedly made dumplings, while Yunshang and Gu Shinian were busy distributing gifts to everyone.

Lin Wenlan and Bai Qingyue's creams, scarves, perfumes and clothes, Bai Yancheng's cashmere sweater, Bai Qingming's leather shoes, and even Aunt Wu has a piece of thick woolen cloth.

Bai Yancheng knew how to spend money recklessly when he talked about Yun Chang. He said that he had a military uniform and was not short of clothes, but he was holding a cashmere sweater in his hand.

Lin Wenlan was much more sincere than Bai Yancheng. After receiving the gift, she boasted that Yun Shang had good eyesight, that the clothes and scarf were beautiful, and that she was thoughtful, and that the gift she bought was right on her heart.

And Bai Qingyue and Bai Qingming went upstairs with presents early on, one was directly locked in the closet, ready to wear it for the New Year, the other couldn't wait to put on new leather shoes, and went downstairs to show off to the big guys.

As for Qiuqiu, he jumped onto the sofa, with dried fish in his mouth, and rubbed his body against Yunshang, even reluctant to part with Yunshang for eating.

Aunt Wu brought out the dumplings just out of the pan, Zhang Luo asked the big guys to eat first, and if they had anything to say, they would wait until after dinner.

Yunshang took a bite of the pork and cabbage stuffed dumplings with rich soup, Shu Tan's eyes narrowed, "Aunt Wu, the dumplings you made are still delicious! Brother Gu and I don't think about anything outside, just think about the dumplings at home ."

Being praised for her craftsmanship, Aunt Wu was so happy that she couldn't close her mouth. She moved the dishes on the table to Yun Shang, and said with a smile, "Aunt Wu made a lot of dumplings today, just eat them with your belly open."

On the other side, Bai Qingming was stuffing dumplings into his mouth while pawing at Gu Shinian and asking him what he had seen in a few cities in the south.

Bai Yancheng and Lin Wenlan also had two minds, listening to Gu Shinian, and at the same time picking up vegetables and feeding them to Yunshang.

After dinner, Gu Shinian pulled Yun Chang to stare at him for a few words, then greeted everyone in the Bai family, and returned to Gu Zonglin's small bungalow in the front row with his luggage and prepared gifts.

Yun Shang took a battle bath, and regardless of the fatigue along the way, pulled Bai Yancheng into the study.

"Dad, what happened to my aunt?"

It must be no small matter for Yun Shuilian to call Bai Yancheng directly, so Yun Shang asked very directly.

Probably because they are used to Yun Shang's appearance. Over the years, Bai Yancheng and Lin Wenlan have never kept secrets from Yun Shang about the major and minor matters in the family. Occasionally, they would ask Yun Shang for her opinion in a very democratic manner.

It was the same at this moment. Facing Yun Shang's inquiry, Bai Yancheng told the story of Gao Sihong and Gao Jinbao's visit without any concealment.

Chapter 467 Seventh

"Dad, you mean, someone wants to use my identity to make a fuss and trouble you?"

Bai Yancheng nodded, shook the empty tea pot, sighed, put the tea pot in the middle of the table, and said with aggrieved expression:

"Well, Dad is used to it. How many people have bullied Dad these years... My daughter who is fine, no matter what happens, Dad will never let anyone bully you."

What I said is so pitiful and sincere, my daughter should be moved, right?

Gu Shinian was able to find good tea, so the girl would probably ask Gu Shinian for tea when she was moved, right?

Yun Shang: "..."

Bai Yancheng, if you can keep your eyes off the empty tea pot on the table when you talk, I can still believe that you are really pitiful.

Yun Chang rubbed her eyes, and said quite speechlessly, "Dad, Brother Gu and I also bought tea this time. When the package arrives, you will have tea to drink."

This time I went back to the south and bought a lot of things. In addition to some of the materials I carried with me and some of the supplies in the space, the two also packed some of them and mailed them back directly from the south.

Bai Yancheng's eyes lit up, and he restrained the corners of his mouth from turning up, and talked to Yun Shang about something serious.

"I reported this matter to the organization. The organization sent people to investigate, and the results came out. Gao Sihong and Gao Jinbao confessed that in October, someone helped them

forged a letter of introduction and gave them a silver lock. And a letter asking them to come to the province and report to the organization to expose your identity.

It's just that those two people were timid, and when they heard that they were coming to make trouble in the military compound of the provincial capital, they didn't have the courage to come here.

Later, probably because he was unwilling to invalidate the evidence in his hand, he sneaked to Fenyang and threatened Lao Yun's family for benefits. "

The comrades from the political and engineering department said when they came back to report that Gao Sihong and Gao Jinbao are two cowards with a heart but no guts. Seeing people coming from the province, I was so scared that I almost peed my pants on the spot. Before the comrades in the political engineering department asked, I took the initiative to explain clearly the good things I did. For fear of being slow in explaining, the organization also sentenced them both.

Yun Chang frowned, and asked Bai Yancheng, "Dad, who did this, do you know?"

Bai Yancheng was silent for a while, then slowly shook his head, "I can't say anything about it. The Gao family explained that the person who was looking for them was a lesbian. It shouldn't be that old."

"Where are the letters of introduction in the hands of Gao Sihong and Gao Jinbao? Didn't the other party give them a letter of introduction? Can there be any clues in the letter of introduction?"

"The letter of introduction was sent out from the province." When it came to the letter of introduction, Bai Yancheng's face darkened, and his voice became colder and deeper, "The two letters of introduction were stamped with the seal of the Revolutionary Committee."

Yun Chang was stunned.

How could it be related to the Revolutionary Committee?

Could it be that the members of the Revolutionary Committee wanted to touch Bai Yancheng?

"When it comes to the Revolutionary Committee, it's not so convenient for the comrades in the political and engineering department to investigate. There are two systems, and now the situation is tense..."

As Bai Yancheng spoke, his voice sank, his brows were knit together, and his fingers slowly tapped on the table.

Obviously, Bai Yancheng was lost in thought.

After Yun Shang was surprised, she also began to think about the invisible mastermind behind the scenes.

"Shangnan, don't worry about this matter. Even if the organization investigates me, it has to rely on evidence. You went home in May 1961, and the Gao family was sentenced in the second half of 1961. There was a gap in the middle." It took a few months. In addition, the investigation of the incident back then was very clear, and the police and the organization had archives. Now the Gao family can fabricate hundreds of letters with just one hand, and there is also a small silver lock that can be seen everywhere. It is obviously untenable to climb you."

Yun Chang nodded, expressing agreement with Bai Yancheng's words.

But what neither of them knew was that Yunshang returned to the Bai family after the enemy agent case was completely over in her last life. During this period, Gao Qingmin and his wife found Fenyang and insisted that Yunshang was a child of Gao's family, and they had a lot of trouble with Lao Yun's family. unhappy.

Probably because Yunshang is really not the blood of the Yun family. When the old couple competed with the Gao family for Yunshang, their tone was not so decisive, and their confidence was not so strong.

As a result, many people had doubts about Yun Shang's identity at that time.

Later, when the situation was at its most tense, several children of Gao's family found the military area with a letter and a silver lock, and once again revealed the matter of Yunshang's different identity, insisting that Yunshang is the son of the enemy.

At that time, this matter was aroused in the military region, and Bai Yancheng almost lost his position as commander because of Yunshang's identity problem.

After all, before Yunshang returned to the Bai family, the Gao family did compete with the Yun family for Yunshang. Facing the so-called evidence in the hands of the Gao family, Bai Yancheng had no way to prove that the evidence was forged, and the Bai family could not produce evidence that Yunshang was the blood of the Bai family.

Once people play tricks, their eyes are blind and their hearts are dark. Even if Yunshang looks a lot like Lin Wenlan and Lin Dani, those who want to pull Bai Yancheng off his horse will turn a blind eye.

Later, it was old man Bai who saw that the story was outrageous, and took old man Li and old man Gu to find the head of the chief, and then completely suppressed the matter of Yunshang.

But in this life, Yunshang only returned to the Bai family a few months in advance, and things went completely differently.

Yunshang didn't know what happened in the last life, and she was frowning at this moment, and said in a hesitant tone, "Dad, I heard that Gu Mingzhu seems to be in contact with people from the Revolutionary Committee, tell me, does Gu Mingzhu know about this?" Son?"

Yun Shang only knew that Gu Mingzhu had severed ties with Gu Huaiqing and his wife, and mixed up with people from the Revolutionary Committee. When she heard that the letter of introduction in the hands of the Gao family was stamped with the seal of the Revolutionary Committee, she subconsciously thought of Gu Mingzhu. .

"Are you still asking about Gu Mingzhu?" Bai Yancheng was stunned for a moment, and then continued, "Even if Gu Mingzhu knew, she was still a soldier who beat the side drums, and she couldn't do this alone."

"Dad, you mean, someone wants to use my identity to make a fuss and trouble you?"

Bai Yancheng nodded, shook the empty tea pot, sighed, put the tea pot in the middle of the table, and said with aggrieved expression:

"Well, Dad is used to it. How many people have bullied Dad these years... My daughter who is fine, no matter what happens, Dad will never let anyone bully you."

What I said is so pitiful and sincere, my daughter should be moved, right?

Gu Shinian was able to find good tea, so the girl would probably ask Gu Shinian for tea when she was moved, right?

Yun Shang: "..."

Bai Yancheng, if you can keep your eyes off the empty tea pot on the table when you talk, I can still believe that you are really pitiful.

Yun Chang rubbed her eyes, and said quite speechlessly, "Dad, Brother Gu and I also bought tea this time. When the package arrives, you will have tea to drink."

Chapter 468: Gu Guangzong Visits

Knowing that Gu Shinian was going back to school, Yunshang got into the space early in the morning and prepared food for Gu Shinian.

First, I found two large glass jars from the supermarket, washed them twice with boiling water, and dried them in the shade. One jar was filled with pickled cucumbers, and the other was filled with spicy dried radishes. They were brought to school for Gu Shinian to eat.

Picking up a large kitchen knife, he chopped three catties of pork belly, half of it was fried with diced lotus root, and the other half was cut into thin strips, fried into small crispy meat, cooled, wrapped in oiled paper, and brought to the school for Gu Shinian to eat as a snack.

Anyway, it's cold now, so these foods can be kept for a while longer.

After a while, she will fry up some fresh ones and send them to Gu Shinian, so that Gu Shinian will not be deprived of nutrition.

There are still many fruits produced in the warehouse. Fresh fruits are not easy to take out. Yunshang can be processed into dried fruit and fruit jam, which can be eaten as snacks for Gu Shinian and supplemented with vitamins.

After packing up the prepared food, he went to the building to take a shower to wash off the smell of oily smoke, stepped out of the space, and went straight to Gu Shinian's small courtyard with Qiuqiu in his arms.

Before turning into the alley, I heard a commotion in the alley. There was a voice suspected to be old man Qi, and a strange young male voice. The two were arguing with each other.

Yun Shang is a good gossip, and when she heard someone quarreling, instead of turning around and walking away, she quickened her pace and rushed into the alley ahead.

"...don't even think about running away, you bastard grandson! One of our two sons is the mayor! The other is a high-ranking official in the army. Believe it or not, a word from me can make someone shoot you!"

As soon as Yun Chang entered the alley, she saw the drunk old man Qi, holding a young man in his twenties with both hands, and kept saying harsh words.

The young man's hair was messed up, his eyes were dark and frightening, and there was a gloomy stern look on his face, he was not a good match at first sight.

It's just that when Yun Shang looked at the young man's face, he always felt a little familiar, especially the profile on the side, which was three points similar to Gu Shinian.

Just when Yunshang was curious about the young man's identity, the man shook old man Qi to the ground, pulled his thin old military uniform, pointed at old man Qi's nose and cursed:

"Old man! If you dare to mess with me again, believe it or not, I can kill you!"

An old drunk, who drank too much and started daydreaming!

He also boasted that his two sons are both the mayor and the military officer. Their two sons are so powerful, they have taken him to live in a small western-style building a long time ago, but how can they let him live in this shabby house, squatting at the entrance of the alley and blowing the cold wind?

The old man Qi rolled around on the ground, his anger became more intense, he climbed a few steps forward, hugged the young man's leg and did not let go:

"Come on! You can't kill me today, you are my grandson! I'll put the words here, if you don't pay today, don't try to beat my house! Don't think that you are afraid of you because you are wearing green skins, I tell you You, I am not afraid! My son is the deputy division commander, and he has a gun! How dare you provoke me to shoot you!"

Yun Shang: "..."

This old man Qi has become more and more promising, and even started to block roads and rob.

If this matter spread to the troops, it would be enough for Qi Zhenshan to drink a pot.

The young man's face became even more ugly. He pulled old man Qi away and walked quickly into the alley. At the same time, he didn't forget to hit old man Qi, "Deputy teacher is a fart! I think I was the son of the political commissar back then."

Yun Chang was dumbfounded.

Remember when he was still the son of the political commissar?

Isn't this person Gu Guangzong! ?

Thinking of the profile of the young man who was a little like Gu Shinian, Yun Shang instantly confirmed the identity of this person.

Before that, she had only seen Gu Guangzong twice from a distance, and before she could see what he looked like, Gu Guangzong was sent to the Southwest Military Region by Gu Huaqing.

No wonder she thought Gu Guangzong looked familiar just now, but she didn't expect him to be an old acquaintance.

However, Gu Shinian's small yard was the second in the alley. Looking at Gu Guangzong's appearance, he should have come to look for Gu Shinian, but he didn't know why he was entangled by old man Qi.

Seeing that Gu Guangzong was going far away, old man Qi felt that the enemy's behavior of running away in the middle of the battle was an insult to him, so he immediately got up from the ground,

With one hand on his hip, the other pointed at Gu Guangzong and cursed.

Vulgar words cannot be heard.

Yun Chang was speechless for a while, and quickly hugged the ball, and ran to Gu Shinian's small courtyard against the wall.

Wasn't this Gu Guangzong sent back to Qinghe County? Why did he come to look for Gu Shinian?

Don't you want to trouble Gu Shinian, you bad bastard?

No, she has to go over and have a look, and she can't let Gu Shinian suffer.

At this moment, Gu Guangzong went straight into the yard without knocking on the door, and Yun Shang also rushed in, but as soon as he entered the door, he saw Gu Shinian stepping on Gu Guangzong's chest with one foot, pressing him tightly Can't get up on the ground.

Seeing Yunshang coming in, Gu Shinian let go of Gu Guangzong, and asked in a calm voice, "Are you awake? Can you talk properly?"

Cursing as soon as he entered the door, and wanting to start a fight, do you really think he has a good temper and won't care about him?

How used to him!

Gu Guangzong also saw Yun Shang coming in, his face flushed for a moment, he turned over from the ground, and entered the room with a cold face.

Yun Shang approached excitedly and said, "Second Brother Gu, what is he doing here?"

Why did you do it as soon as we met?

She entered the door ten seconds late, what good show did she miss?

Gu Shinian raised his hand and gave Yunshang a slap in the face, and replied, "I should have asked for something."

It's not always a door-to-door contact.

Besides, Gu Guangzong wanted to buy him to kill him back then, so he wouldn't be so naive as to think that he could forgive those things back then, and then play brotherly love tricks with him.

Gu Guangzong saw the interaction between the two from the window, and his face was distorted with jealousy.

What kind of shit luck is this youngest?

Back then, he managed to get Zhou Mingjuan to let him go and take him home, but in the end Gu Shinian made a contribution in the provincial capital, forcibly turning him, who was regarded as a big brother, into a waste.

Knowing that Gu Huaiqing wanted to bring Gu Shinian back, he tried everything, but failed to prevent Gu Huaiqing from going to Qinghe County. Fortunately, Gu Shinian was self-aware and didn't follow Gu Huaiqing home, so he didn't have to worry about Gu Shinian robbing him of his resources.

But who would have thought that Gu Shinian just accepted a little village girl as his sister, and it turned out that the little village girl was indeed the daughter of Bai Siling's family, and Gu Shinian was also honored, and was taken to the provincial capital by Bai Siling's family.

Although Gu Shinian didn't look back at home, but he went to Bai's house, and his life was not worse than him at all, and even his small life was more comfortable and free than him.

Thinking of how hard he tried and tried his best, he ended up being implicated by Gu Huaiqing and sent back to his hometown. However, Gu Shinian cut off ties with Gu Huaiqing early because of his tricks, and his future was not affected. Gu Guangzong regretted it. It's all blue.

If he had known this, he should have given Gu Shinian the opportunity to look back at his family, and then went to Xinglin Village to recognize Yun Shang as a girl, so that even if Gu Huaiqing fell, he would still have the Bai family to rely on.

And the Bai family also has Bai Qingyue, who is only a few years younger than her. If he can coax Bai Qingyue into marrying him, won't the Bai family make great efforts to support him?

After all, old man Bai's reputation as the founding general is not just a show.

Gu Shinian and Yun Shang didn't know what Gu Guangzong was imagining, so they sat down on the sofa and looked at Gu Guangzong whose expression was changing.

This was the first time that Yun Shang saw Gu Guangzong up close. Although his appearance was also very good-looking, he was three points like Gu Shinian, but his brows lacked righteousness, and his eyes were too gloomy and decadent, which did not give a very good impression.

Gu Shinian was too lazy to greet Gu Guangzong, so he asked straight to the point, "What do you want from me?"

Gu Guangzong glanced at Yun Shang, moved his mouth but did not make a sound, and made a gesture that he had something to say that could not be said in front of outsiders.

Yun Shang curled her lips, pretending not to understand the meaning of Gu Guangzong's little gesture, and stuck tightly to Gu Shinian's side, lowering her head to play with Qiuqiu.

Gu Shinian frowned impatiently, "A-Shang is not an outsider, so if you have something to say, just say it." If you don't want to say it, get out.

Gu Guangzong understood Gu Shinian's subtext, his face twisted for a moment, and then he said, "Third brother, can you do me a favor, I don't want to go back to Qinghe County."

Yun Chang's expression changed instantly.

Of course my second brother Gu can't help you!

You bad bastard back then paid for my second brother Gu's life, but now you came to the door and asked second brother Gu to help you as soon as you asked, why are you so shameless?

Although you apologized, my second brother Gu would not forgive you, but you didn't even have the gesture of apologizing, so how could you ask for help?

Gu Shinian and Yun Shang were highly unified in their thinking. Hearing Gu Guangzong's words, a mocking smile appeared on his face, and he shook his head firmly, "No!"

Gu Guangzong was extremely embarrassed and surprised, "Third brother, I am your elder brother..."

"Oh, buy and kill my elder brother." Gu Shinian interrupted Gu Guangzong, and continued coolly.

Gu Guangzong immediately seemed to be strangled by someone, his eyes bulged outwards, and he was choked back without finishing his sentence.

I don't know how long it took, but Gu Guangzong finally found his voice, and said, "...Third brother, that matter is not... a mistake, a misunderstanding. I have a problem with you, but, but No matter how hard you are, you are still my own brother, how can I kill you..."

"Is it really a misunderstanding?" Gu Shinian sneered, leaning on the sofa, looking straight at Gu Guangzong, "Back then, Gu Huaiqing was still a political commissar, so he could suppress that matter for you. You said that if I talk to the Revolutionary Committee now, I will report it, will the members of the Revolutionary Committee re-investigate the fact that the hero who captured the enemy agent was hunted down?"

Back then, because Gu Huaiqing let you escape, now that Gu Huaiqing has fallen, if you re-investigate this matter, who can protect you?

After doing so many good things, he accepted it without saying it was good, and stayed in Qinghe County honestly. Would he give up if he made a fuss and threw himself into prison?

Gu Guangzong's face turned pale immediately, he was stunned for a long time, and opened his mouth with some difficulty, "I, I am your elder brother, Zhang Chunni, Zhang Chunni will not let you do this..."

"If it wasn't for Comrade Zhang Chunni's face, do you think I would show mercy to you? From now on, you will stay in Qinghe County peacefully and don't appear in front of me. Blame me for being cruel to you."

When Gu Shinian spoke, the undisguised murderous intent in his voice caused Gu Guangzong's pupils to shrink suddenly, and even a layer of cold sweat dripped from his back unconsciously.

The third child really wanted to kill him!

Originally thought that when Gu Guangzong fell from power, Zhang Chunni also gave him money, which showed that the family wanted to accept him and treat him as a family again.

But looking at the appearance of the third child, it is clearly not the case.

He is the eldest son, with the same blood as the third son, how could he be so cruel, only thinking about his own future, but disregarding his life?

It took a lot of effort for Gu Guangzong to hide the resentment in his eyes, and pleaded again, "Third brother, didn't someone from my family transfer to the military area, just pass me a sentence, just pass a sentence and it will be..."

Gu Shinian's face became colder, he rubbed Yun Shang's head, and said in a soft voice, "A Chang, you go to the back room to play first, I have something to say here."

Yun Chang nodded, quite sympathetic, and gloated at Gu Guangzong, and quickly gave Gu Shinian room to move his hands and feet.

As soon as he entered the inner room, he heard a scream from outside, followed by the dull sound of punches and kicks.

After a while, Yunshang saw from the window that Gu Guangzong with a bruised face was rolling on the ground, and was kicked out of the courtyard by Gu Shinian.

"Second brother Gu, well done!" Gu Shinian closed the courtyard door, and as soon as he entered the room, Yun Shang gave a thumbs up.

This Gu Guangzong really thinks that everyone else is a fool and can't see his real purpose clearly.

He said it nicely, he didn't want to go back to Qinghe County, and wanted Gu Shinian to pass a message to the third grandfather for him.

But his real purpose, besides not wanting to go back to Qinghe County, is to step on Gu Shinian's position, get in touch with the third grandfather, and find himself a backer again.

Gu Guangzong never thought that he is now a bad person implicated by Gu Huaiqing. Once Gu Shinian pleads with the third grandfather, will he anger the third grandfather? When things happen, will Third Grandfather still take care of Gu Shinian?

More importantly, the situation is so tense now, even if the third grandfather is willing to speak up for him and let him stay in the army, will someone take advantage of this matter to attack the third grandfather.

Gu Guangzong didn't think about these possibilities at all, or he might have considered them, but he didn't take them to heart.

Simply selfish to the extreme.

Besides, he still wanted Gu Shinian's life back then. Who gave him so much confidence that Gu Shinian could help him regardless of past suspicions?

What a thick skin!

Gu Shinian walked over and touched Yunshang's head, the cold look in his eyes was replaced by gentle pampering, "Why did you come here so early?"

Yun Chang rubbed her head under Gu Shinian's broad palm, but she didn't forget to praise herself, "Second brother, I'm here to deliver food to you."

While talking, meatballs, meat strips, dried fruit, pickles, etc. were prepared in the space and placed on a table, then he raised his head and looked at Gu Shinian begging for praise.

Although Qiuqiu was already a middle-aged cat, he was still greedy. When he saw the meat on the table, he jumped on it, stretched out his paws, hooked a few pieces of crispy meat, and started eating.

Chapter 469 Small abnormal

Gu Shinian looked at the table full of food, his heart felt soft and warm, and even his voice became gentle, "A Chang, you made all of these?"

Yunshang proudly raised her head, picked up a piece of fried crispy meat, and stuffed it into Gu Shinian's mouth, "Well, except for the pickles, I made everything else early in the morning. I have been busy for a long time. Try it quickly. Try it and see if it tastes good!"

She has been busy for so long, and her arms are sore just chopping meat. If it doesn't taste good, she will be sorry for her hard work.

Besides, this is fried food, she has a lot of ingredients, of course it is delicious!

Gu Shinian took two bites, and before he even tasted it, he began to praise her in a very honest way, "It's delicious, my family's A-shang is very good at cooking, and it's even better than Aunt Wu's. This is what the second brother eats." Best crispy meat ever."

The love brand food prepared by my sister, even if it tastes mediocre, must be praised as delicious, otherwise the little girl will be sulking again.

What's more, the crispy meat tastes really good.

In order to show that he was right, Gu Shinian swallowed what was in his mouth, picked up another ball and threw it into his mouth, and gave Yun Shang a thumbs up.

Yun Chang was satisfied, and the corners of her mouth were so curled up that she couldn't hold back, "Second Brother Gu, we don't lack food. Don't be reluctant to eat it after you arrive at school. I'll send it to you next month."

Gu Shinian nodded.

Thinking that her elder brother and Gu Shinian were in the same school, Yun Shang hesitated for a long time, and then told Gu Shinian, "Second brother Gu, I have prepared a lot for you, and you will share some with my elder brother when you arrive at school... um, Just give him a third of it to taste, this delicious food can't be eaten as a meal."

Gu Shinian: "..."

This is really a dear girl, Bai Qingzheng knows how heartbroken she is.

However, why is he so comfortable in his heart?

Yun Chang didn't think that what she said was wrong, Bai Qingzheng was already twenty years old, and he was an adult, so he just had to eat well and eat snacks.

But Second Brother Gu is growing up now, these things are prepared to supplement nutrition for Second Brother Gu, if they are shared equally with his eldest brother, Second Brother Gu will not have enough food, what should he do if he lacks nutrition?

Gu Shinian smiled and continued to nod, "Okay, I'll give him a lunch box later, and I'll keep the rest for myself."

Yun Chang also knew in her heart that it was impossible for Gu Shinian to eat alone, not to mention Bai Qingming, even the students in the same dormitory and the same class would also get points, otherwise it would be bad for him to get a bad reputation for being stingy for a single bite.

Besides, being able to use food to get closer to people is simply the most cost-effective deal in the world.

After eating the meat strips in his mouth, Qiuqiu ran over again screaming "meow meow". This time, without waiting for it to poke its claws, Gu Shinian first picked up two meat strips and handed them over, then stared at Qiuqiu with strange eyes. The ball looked up and down carefully.

Yun Shang was a little confused, and stared at Qiuqiu, and asked curiously, "Second Brother Gu, what are you looking at?"

"Ah Chang, half a cat is considered an adult at seven or eight months, and Qiuqiu is six years old this year, right?"

Yunshang scratched Qiuqiu's chin and nodded, "Well, our Qiuqiu is a middle-aged cat."

Gu Shinian's eyes became even more strange, "Ah Chang, Qiuqiu seems...haven't been in a relationship yet."

Other little female cats can become mothers before they are one year old, but Qiuqiu is already an old girl, and I have never seen her have a litter of kittens.

Yun Chang was stunned as if struck by lightning.

Seems to be the case?

Qiuqiu has either followed her around all these years, or just stayed at home and played by herself. I really haven't seen her go out on a date.

It's over, is there something wrong with Qiuqiu's body?

With a dark face, Yunshang picked up Qiuqiu, carefully observed its buttocks, and kept saying, "Qiaoqiu, you are an old girl, why don't you find a boyfriend to have a kitten? Let me see. Look, is there something wrong with your body?"

Gu Shinian: "..."

Qiuqiu was eating meat strips, and was suddenly picked up by Yunshang to look at his ass, and he was also stunned. After reacting, he let out a horrified howl, and his hind legs thumped, almost hitting Yunshang's face.

When Yun Shang put it down in a hurry,

Seeing Qiuqiu as if he had seen a ghost, he stared at Yunshang with perverted eyes, took a few steps back, and scurried under the bed to hide, not forgetting to take his own meat before running.

The corner of Gu Shinian's mouth curled up, and then he quickly pressed it down, tilted it up, and pressed it down again. After holding back for a long time, I finally couldn't help laughing, "Ah Chang, I mean, it's time to find a companion for Qiuqiu. There are no other cats near the family yard, and Qiuqiu has no target even if he is looking for a partner. "

Yun Chang's eyes widened again, and when she met Gu Shinian's eyebrows that were curled up in laughter, her little face immediately flushed red when she thought about her actions just now.

It's over, will Brother Gu think she is a pervert?

And Qiuqiu, do you also think she is a pervert?

Why is she so stupid, she didn't even think about such a simple question, and she just thought about whether there was something wrong with Qiuqiu's body.

Ouch, I have no face to see people, and no face to see Qiuqiu.

Gu Shinian coughed dryly, suppressed the smile on the corner of his mouth, and said, "I'll ask someone to find a companion for Qiuqiu, and I'll keep it with Gu Panguai. When you're free, take Qiuqiu to visit."

Yun Shang blushed and nodded, after packing the things on the table, she scrambled to help Gu Shinian pack her luggage, as if the topic just now was over and I was very busy.

"Second brother Gu, those children from the Gao family came out to make trouble and wanted to use my identity as an excuse. My father said that it was the people from the provincial revolutionary committee who instigated it behind the scenes."

Thinking of the business, Yun Shang forcibly changed the subject, and the smile on Gu Shinian's face slowly faded away, and he comforted Yun Shang, "I heard what the third grandpa said, don't worry, the Gao family can't make waves."

"I know." Yun Shang nodded, "Do you remember Erya? Erya stopped me back then, saying that the Gao family had evidence that I was a child of the Gao family. At that time, we didn't take it seriously. Sure enough, the Gao family came out to talk about my identity. Second brother, who do you think did this?"

"I'll ask people to inquire about Xia Erya's whereabouts later, and I'll also send someone to watch over Gu Mingzhu's side. However, the Gao family's disturbance this time should be aimed at your father, and the target must be the opposite of the Bai family. On your body. The other party uses your identity to talk about things, which is just a cover."

Yun Chang tilted her head and thought for a moment. She wanted to say that she was going to go to the Revolutionary Committee to play the recorder, but thinking that Gu Shinian had to catch the train at night, she swallowed the words that came to her lips.

Brother Gu is about to leave, so he can't let him know about it, lest he won't be able to sleep on the road with fear.

But Gu Shinian seemed to have thought of something at this moment, his brows were tightly frowned, and it took a long time before he said, "A Chang, before you came here, old man Qi missed two words when he scolded Gu Guangzong. I think it should have something to do with this incident."

Chapter 470 Midnight Action

"Old man Qi frightened Gu Guangzong, saying that the military region was about to change, and Qi Zhenshan would be promoted immediately. He stopped in a hurry and wanted to go up and beat Gu Guangzong. If what old man Qi said is true, it means that Qi Zhenshan got something in advance news, or something he was involved in privately."

Yun Chang was stunned.

Qi Zhenshan has a good reputation in the military area these years, he looks honest and honest, and he is very calm in his work, and he has always been relatively close to the Bai family. Mr. Bai has also provided Qi Zhenshan with a lot of help. Such a person will secretly plot tricks against Bai Family?

But if not, why would old man Qi say that?

"Ah Chang, I will go back and tell Commander Bai what old man Qi said, and ask him to keep an eye on Qi Zhenshan. If Qi Zhenshan really has a problem, Third Grandpa and Commander Bai can make preparations earlier."

Yun Chang nodded, seeing that things were almost packed and it was getting late, she urged Gu Shinian to go back to the courtyard for dinner.

When he came out, the old man Qi was no longer at the door. Yun Chang glanced at the small courtyard of Qi's family, saw Qi Yu's brothers came back from school, paused, and continued walking forward.

Ever since the Gao family's children used her identity to talk about things, a big net has already opened its mouth and hoodwinked towards the Bai family.

From what Erya said a few years ago, to Gu Mingzhu from the Gu family sneaking into the Revolutionary Committee, to the old man Qi's leaked things, these thousands of clues are mixed together, so messy that people can't figure it out. A little clue.

So far, all she can do is to tell Bai Yancheng about these things, and let the Bai family use these clues to investigate the mastermind behind the scenes.

Worried that the daring Yunshang would take risks alone, Gu Shinian told Yunshang very seriously, "Ashang, when I'm not at home, don't go out and run around alone, don't use the recording pen in the space for now. Got it, got it?"

What happened this time was different from the previous ones. Once Qi Zhenshan made a small move, he would definitely prevent the Bai family from investigating him, and Qi Zhenshan was a soldier, so he would definitely take precautions whether it was in the office or at home.

As for Yunshang's little three-legged cat trick, it's okay to fool ordinary people, but it's not too late to monitor Qi Zhenshan.

In order not to make Gu Shinian worry, Yun Chang didn't take it seriously in her heart, but responded obediently on her face.

When the sun was about to set, Aunt Wu prepared a sumptuous dinner for Gu Shinian to practice. Gu Zonglin, who was over 30 years old but still single, also came over to eat. After dinner, Gu Shinian carried his luggage and the things that Lin Wenlan had prepared for Bai Qingzheng, headed to the train station, and boarded the train to the capital.

Yunshang told Bai Yancheng verbatim what Old Man Qi had said that night, and in the middle of the night, she quietly slipped out of the compound again, took out her bicycle from the space, and walked along the intricate alleys to the Revolutionary Committee. rush to...

The Revolutionary Committee was right next to the city hall, and it was almost two o'clock at this time. The thick, dark clouds covered the stars, and the whole city fell into a deep sleep.

But the courtyard lights in the Revolutionary Committee's large courtyard were on, and the two-story small building behind them also had lights on, and people's figures appeared in the windows from time to time.

Yun Chang stood outside with her body curled up, looking at the bright courtyard of the Revolutionary Committee, her face darkened.

At this hour, there are still people working overtime in the Revolutionary Committee?

Taking advantage of the darkness, she turned lightly to the back of the Revolutionary Committee, and Yunshang stretched out her mental strength and searched along the office.

After staying outside for a while, I finally confirmed that except for the two offices on the second floor that were lit up, there were no people in the other offices. It was just that in a row of small bungalows in the backyard, the windows of several rooms were covered with thick blankets. The lights are locked, and a few so-called bad elements are locked inside.

Yun Shang didn't have the idea of causing trouble, so she used the space to climb over the wall and entered the office, sticking recording pens one by one.

The bottom of the bookcase, above the door frame, and behind the desk drawer are all good places for Yunshang to place the recording pen.

After working for nearly half an hour, I finally placed the recording pens in all the offices except the two offices on the second floor where there were people.

In the dark night, apart from the occasional human voices on the second floor, the surrounding area was silent. Taking advantage of the cover of the night, Yunshang left the Revolutionary Committee and prepared to return the same way.

But before she could turn into the alley, there was a commotion from the main road ahead, a group of people escorted a man who couldn't see the man and woman clearly, and walked into the Revolutionary Committee yelling.

Yun Chang saw Gu Mingzhu in the team at a glance.

Wearing an octagonal hat on her head, with short hair cut to the ears, and an old military uniform that didn't fit well, and holding a hemp rope in her hand, under the illumination of the street lamp, Yun Chang could clearly see the frenzy and excitement in her eyes. Blatant malice.

Reason told Yunshang not to be troublesome, she should leave immediately, but looking at Gu Mingzhu's strange but evil face that made people startled, and smelling the bloody smell that seemed to be in the air, Yunshang was still alive Can't move.

Standing there for a few minutes, looking back at the dark alley, and hearing the noise behind the Revolutionary Committee, Yunshang turned around, walked around the courtyard wall of the Revolutionary Committee, and stopped behind near the bungalows.

Yun Chang leaned against the wall, listening to the noisy yelling and cursing in the small bungalow, the blunt sound of fists hitting her body, and the slaps of slaps on her head and face, her heart clenched tightly.

From the yelling and cursing of those people, Yunshang clearly heard Gu Mingzhu's voice, and learned from her that the gang arrested a high school teacher at night, and the charges turned out to be capitalist roaders.

And the reason why she was labeled as a capitalist roader was that this female teacher was already in her twenties, dressed in gorgeous clothes all day long, but she was not married!

Yun Shang's head went down on the spot, feeling that the reason for arresting people was really ridiculous, a surge of anger and sadness unconsciously rose in her heart, and at the same time her heart hung tightly.

This is the Provincial Revolutionary Committee. Even though Gu Mingzhu is mixed with young people in the 18th and 19th years who are more impulsive, their actions will give wrong directions to the people below in a certain way.

If this absurd reason for arresting people gets out, will the counties and cities below follow suit?

At that time, not only school teachers, but older young women in other industries will also be affected.

More importantly, both Lin Dani and Yun Shuilian can be regarded as older young women. Even though Yun Shuilian and Zhou Minghui have settled down, the two have no plans to get married this year, and Lin Dani doesn't even have a suitable partner.

Yun Chang froze, unable to express her anger.

No, these young people must not be allowed to mess around!
