Chapter 561 good son-in-law candidate

The old man is really unreliable, Xiao Qi is a little girl, why is he willing to send her out to perform a mission?

Seeing that the child is tired from being tortured, the little round face is so thin that it looks like a melon face, which makes people feel distressed.

Yun Chang padded her stomach a little, and focused on the upcoming wedding ceremony.

As the most respected elders of the two families, the old man and the old man of the Zhou family naturally became the officiant and witnesses.

After the two spoke a few words in turn, a new couple came to the stage amidst warm applause and cheers.

Yun Chang half-kneeled on the stool, her palms almost blushing.

These two are so well matched, so beautiful!

Zhou Yuerong did not wear the popular military uniform to get married, but wore a simple and generous red thin sweater with a white shirt inside. Her eyebrows and eyes lined up like a peony flower in full bloom, extremely beautiful.

Bai Qingjie was dressed in a neat military uniform, with a tall and straight figure and a handsome face. The two stood shoulder to shoulder, and anyone would have to say that they are a match made in heaven.

Yun Chang clapped her palms for a long time, and suddenly felt that Zhou Yuerong's face was a little tender, and couldn't help but start to feel sore, she leaned into Lin Wenlan's ear and asked, "Mom, how old is Santang sister-in-law this year? Is my third cousin an old cow?" Young grass?"

The third cousin is twenty-seven this year, Zhou Yuerong looks at twenty-one-two at most, how can he eat it?

How shameless!

Lin Wenlan's eyelids twitched, and she pulled Yunshang to sit beside her, "You child! What are you talking about?" Could it be a little girl who said something like 'an old cow gnaws tender grass'?

Yun Chang wrinkled her nose, and rubbed her head against Lin Wenlan's shoulder, "Mom, tell me quickly, isn't Sister-in-law Santang really young?"

If Bai Qingjie is really an old cow gnawing young grass, she will definitely be ashamed of him when she turns around!

Lin Wenlan patted Yun Shang's hand lightly, and said, "Don't talk nonsense, Yue Rong is twenty-two this year, and she is only five years younger than your third cousin, and the two of you are about the same age."

"Oh." Yun Shang responded, and just picked up the soda cup in her hand, and froze there.

The difference between Bai Qingjie and Zhou Yuerong was five years, and she felt that Bai Qingjie was eating tender grass in an old cow, so Gu Shinian was six years younger than her, wouldn't he also be an old cow eating tender grass?

And she was still the tender grass that was gnawed on!

Yun Shang couldn't help but blush when she thought that she would stand with Gu Shinian one day, like Bai Qingjie and Zhou Yuerong on the stage, who were said to be an old couple eating tender grass.

Amidst the loud and lively applause, Yun Chang came back to her senses, subconsciously looked at her "old cow", and when she turned her head, she met Gu Shinian's hot and smiling eyes.

Yun Chang blushed, quickly lowered her head, and took a sip of the ice refreshing soda, trying to suppress the heat on her face.

Lin Wenlan has been paying attention to Yunshang's movements, and seeing her face flushed, she quickly touched her forehead, and after confirming that she didn't have a fever, she disapproved and

took the soda quilt away from her hand, "Xiao Qi, now Tian'er It's not hot yet, so I don't dare to drink too much ice soda, what should I do if I get a fever later."

Yun Shang obediently let go of the soda cup, turned her head, and saw that Gu Shinian was still paying attention to her side, immediately glared at him with puffed cheeks, and secretly scolded "Old Niu" in her heart.

It's just that my face started to get hot again uncontrollably...

The two old men on the stage handed the marriage certificates like certificates to the two newcomers, and then they took turns to speak, fully expressing that the couple should "learn together, make progress together, fight side by side, and contribute to the construction of socialism". After the expectation, let the two people swear an oath to the leader's statue, and the ceremony is over.

Next, under the leadership of Bai Yanming and his in-laws, the two newcomers toasted the guests from table to table...

Yun Chang had been on the train for a few days, and she was already exhausted physically. Before the banquet was finished, she lay sleepily in Lin Wenlan's arms, her eyelids wanting to fight.

After the banquet, Lin Wenlan helped Cheng Guo return gifts to the guests,

It's not good to leave early, and was about to send Bai Qingyue to take Yunshang back to rest first, when Gu Shinian came over from the table behind, greeted Lin Wenlan, and helped Bai Qingyue take Yunshang out.

After the three of them left, Bai Yanqiu put down his chopsticks, leaned over and asked Lin Wenlan in a low voice, "Second sister-in-law, this baby from the Gu family is not bad, she is about the same age as our Qingyue, and they look like a good match, you and my second brother are not the same What do you think?"

Lin Wenlan put down her chopsticks calmly, and flirted with her sister-in-law, "Let the young people do their own thing. It's no use if we have ideas."

Are you kidding me?

It can be said that Gu Shinian grew up under the noses of her and Bai Yancheng. He is indeed a good child, but the problem is that Gu Shinian has been in and out of the Bai family for so many years, and he has never glanced at Bai Qingyue. Never being alone with Bai Qingyue, it's clear that she has no thoughts about Bai Qingyue.

Just how blind and heartless is she, to put her daughter in front of a man who doesn't even care about her?

This is not to find a home for the daughter, but to push the daughter into the fire pit.

No matter how good and capable a woman marries a man, if she doesn't want to see her in her heart, how can she live a comfortable life?

Besides, she and Bai Yancheng have been watching coldly for so many years, and Gu Shinian pretends to be Xiao Qi in all her eyes. If she insists on pushing Gu Shinian to Qingyue's side, it will cause the two girls to fight.

She doesn't do such stupid things.

Bai Yanqiu had met Gu Shinian several times when he went back to her mother's house, and heard about Gu Shinian from Mr. Bai, so he knew that he was a good young man.

It's just that today I saw Gu Shinian following Bai Yanming back and forth between the guests to fight. He is exquisite in all aspects, but still calm and demeanor. I suddenly feel that in only two years, Gu Shinian is as good as Bai Qingze, the head of the house of Bai's family. the point.

What's even more rare is that Bai Qingze was trained by Mr. Bai and Bai Yanming, and he had been in the army for nearly ten years before Kan Kan grew to the point of being his own.

And Gu Shinian is only in his early twenties this year, and he has such a background. He has no reliable male elders to teach him since he was a child, and he can have such a bearing and vision at a young age. It can be seen that his talent and potential are far better than Bai Qingze.

Bai Yanqiu originally thought that Bai Yancheng and Lin Wenlan had intentionally brought together Gu Shinian and Bai Qingyue a few years ago, otherwise they wouldn't have allowed Gu Shinian, an

outsider, to freely enter and leave the Bai family. But Bai Qingyue is also a 21-year-old girl, and seeing no movement from Lin Wenlan's side, Bai Yanqiu couldn't help but want to ask.

With such a good son-in-law candidate, does Bai Qingyue want it?

If not, she would have to row over to their family's Qinling Mountains.

Anyway, we can't let this good piece of fat fall into the hands of outsiders!

Chapter 562 mother-in-law digs a pit

"Second sister-in-law! So, Qingyue and Gu Shinian are out of business?" Bai Yanqiu was overjoyed, and took Lin Wenlan's arm and continued, "Second sister-in-law, what do you think of our Qinling? It's about the same age as Gu Shinian. Appropriate, you are familiar with that child, why don't you help me find out!"

Such a good son-in-law candidate has nothing to do with Qingyue, so he will introduce it to Qin Ling. After leaving the Bai family for so many years, he must not let anyone run away!

The expression on Lin Wenlan's face twisted for a moment, seeing Bai Yanqiu's surprised expression, she couldn't bear to shatter her unrealistic fantasy.

Gu Shinian's own parents are unreliable, and he looks like he has no background, but there is still the Gu family in the capital standing behind him.

To be recognized by the old man of the Gu family in the capital, and to be brought by Gu Zonglin who is far away in Linyang to train him for a few years, the treatment of Gu Shinian is no different from that of the direct children of the Gu family.

With such a character, how could the Gu family allow him to be selected and judged by others at will, and to rely on a little bit of favor and affection, to randomly put someone he doesn't like in the past?

According to Gu Shinian's temperament, not to mention that it is impossible for the Gu family to force him to marry him to benefit the Gu family, even if they want to marry, with the Gu family backing Gu Shinian, no matter what happens, the girls in the courtyard must come first, and it is not their turn. It was not the turn of Qin Ling who was not qualified to live in the compound.

Thinking of the strength of Gu Shinian's baby Yunshang, Lin Wenlan breathed a sigh of relief, lowered her voice, and spoke slowly:

"Yanqiu, your second brother and I have been treating Shi Nian as half a son these years. That child is very affectionate. If I come forward to help Qin Ling, even if the child is not happy in his heart, he won't say no. Isn't this difficult for the strong?"

Besides, have you ever asked Qin Ling what he meant by this matter? When a girl gets married, she has to marry someone who really loves her. If she meets someone who has no self in her heart, she will not even have a person who knows the cold and the hot in the rest of her life.

Let me tell you, don't meddle in this matter. It's not that Qin Ling and Shi Nian don't know each other. If the two of them really have a relationship, I don't need to say that they can get together. If the two of you don't have that thought, once you get involved, the two children might not get along well in the future. "

Bai Yanqiu thought about it for a long time, and felt that what Lin Wenlan said was too reasonable, "Second sister-in-law, you are right, we can't get involved in this matter... How about this, let me check Qin Ling's tone later, and see Does she have any thoughts about Gu Shinian?"

Such a good son-in-law, it's a pity to let him go like this.

It's not easy for the elders to intervene, so let the children go on their own, and earn money if they get it. What if her tiger girl gets it?

Yunshang didn't know that little aunt had started thinking about her family's "Old Niu" on behalf of cousin Qinling.

When I got home, I fell directly on the bed and slept until the next afternoon.

If Lin Wenlan hadn't worried about Yunshang's hunger and forced her to get up to eat, she might have slept for a few more hours.

Yun Chang sat at the dining table, drinking the chicken soup Aunt Jiang had stewed all morning, looking at the empty living room, and asked Lin Wenlan, "Mom, where is my grandfather? Where did the family go?"

"Your grandfather went to Zhou's house to drink with your grandfather Zhou. Your uncle, aunt, and your hall brother have all gone to work. Qingyue and Xiaoliuzi went to the street to buy you delicious food after eating, What do you want to eat, tell mom, and mom will make it for you in the evening."

Yun Shang glanced at the gate again, lowered her head and drank a few sips of chicken soup, and asked eagerly, "...Mom, um, what about Second Brother Gu? Didn't you come over today?"

Lin Wenlan's eyes fell on Yunshang's face, the corners of his mouth slightly turned up, revealing a weird but meaningful smile, "Oh, you said the time, your sister-in-law fell in love with the time yesterday, and wanted to match you Qin Ling Sister and Shi Nian. They haven't come here yet, maybe they asked your sister-in-law to drag her out to meet..."

"Squeak!"

Before Lin Wenlan finished speaking, Yun Chang stood up abruptly, interrupted by the ear-piercing "squeak" of the chair across the ground, and the spoon in his hand fell into the soup bowl, splashing chicken soup all over his clothes.

"Mom! You said, Gu Shinian and Qin Ling!?" Yun Shang's eyes widened, her face turned slightly pale, and her lips trembled a little, "He, he, he, he went on a blind date!?"

This dog man!

She didn't dislike him as an old cow anymore, yet he dared to go on a blind date behind her back! It was her cousin Qin Ling who also met her!

What is this for?

Want to tease the girls of their Bai family one by one?

Seeing Yun Chang's face gradually darken, and her cheeks bulging, Lin Wenlan knew that Yun Chang was secretly grinding her teeth, and she was thinking about how to deal with Gu Shinian severely.

Should!

Now that she has taken aim at her Xiaoqi since she was a child, she has also coaxed her Xiaoqi to be inseparable from him since she was a child. Let alone be honest, be more low-key, and Bai Yanqiu, who was able to hook up with Bai Qingjie's wedding, took aim at Qin Ling. If you fall on him, you should clean up!

Besides, Xiao Qi is now a big girl, and she follows Gu Shinian outside to carry out tasks all day long. How can a brother and sister bond alone be able to shut up the mouths of outsiders?

If Gu Shinian didn't say anything, would Xiaoqi's reputation still exist in the future?

Lin Wenlan admitted that she just vented her anger.

But it was related to Yunshang, Lin Wenlan didn't feel that there was anything wrong with her behavior of venting anger.

Xiao Qi has been back to Bai's house for so many years, Linyang Military Region, and the capital courtyard, I don't know how many people want to play wrong ideas and encourage their children to play with Xiao Qi in an attempt to make a childhood sweetheart.

Originally, she and Bai Yancheng wanted to make a move, but before they could make a move, Gu Shinian used all means, both openly and secretly, to get those people away from Xiaoqi one by one.

So much so that after so many years, besides Gu Shinian, Xiao Qi didn't even have a real friend by his side.

Since Gu Shinian had protected Xiao Qi behind him since he was a child, and prevented others from getting close to Xiao Qi, he had to be prepared to protect her Xiao Qi for the rest of his life, and wanted to leave Xiao Qi halfway to run away with other women?

There are no doors!

Or don't provoke Xiao Qi in the first place, don't coax her Xiao Qi to think that he is the only one in her heart, even parents like them are behind.

Since she provoked her Xiao Qi, she will honestly guard her Xiao Qi for the rest of her life. If he really dared to have ulterior motives, even if she went all out to turn against the Gu family, she would still have to discount Gu Shinian's two legs, so that he would be trapped by Xiao Qi's side for the rest of his life, unable to go anywhere!

Yun Chang didn't know Lin Wenlan's thoughts. She didn't even bother to change her clothes at this moment, and angrily picked up the army bag, with a dark face, ready to go out to "catch rape", and then interrupt Gu Shinian's dog legs by the way.

Seeing that Yunshang was about to go out, Lin Wenlan hurriedly picked up the chicken soup and chased after it, forcing Yunshang to drink it in two gulps, and calmly added a fire.

Chapter 563 Public

"Xiao Qi, what your little aunt said yesterday, I reckon Qin Ling will come over today, don't worry, if there is no one in the Gu family, you can go to the training ground to see."

Regardless of whether my sister-in-law had brought up Gu Shinian with Qin Ling or not, she would first expose the matter, let Xiao Qi make trouble with Gu Shinian, or act like a baby, Gu Shinian must be aware of it, so that Qin Ling does not come over. He is so stupid that he doesn't know anything.

Boys in their early twenties are the most susceptible to temptation, and their appearance is not mature enough. She has to let Xiao Qi express his attitude in advance, so that Gu Shinian can clearly know where Xiao Qi's bottom line is.

.....

People in the compound like to go to the training ground after eating, maybe they can see Gu Shinian walking with old man Gu there.

Yun Shang wiped the corners of her mouth, and went out angrily. Seeing that the door of Gu's house was locked, she immediately turned around and ran to the training ground.

This dog thing!

He even dared to press Qin Ling on the training ground in broad daylight. Was he planning to confirm the reputation of his date with Qin Ling and let the two sisters fight for his big pig's hoof!

I can QNMD!

Yun Chang stood outside the training ground, her eyes were like precise probes, and she caught Gu Shinian at a glance.

Just as she was about to roll up her sleeves and go up to blow Gu Shinian's dog's head, out of the corner of her eye, she caught sight of Mr. Gu who was beside Gu Shinian.

What's going on?

Didn't you say you're going on a blind date with Qin Ling and pressing the training ground here? Why did the people around me suddenly become Grandpa Gu?

Could it be...the two had already been on a blind date, and Gu Shinian was discussing with Grandpa Gu about his date in Qinling?

Yun Shang imagined the scene where Gu Shinian and Qin Ling pressed shoulder to shoulder on the training ground, and her eyes were red with anger.

But because old man Gu was also present, she still had to suppress her grievance and resentment, rubbed her eyes with her hands, and made sure that there was nothing unusual about her appearance, so she pretended to be relaxed and walked over.

"Grandpa Gu! It's been a long time. Are you in good health?" Yun Shang secretly glanced at Gu Shinian, raised her face, and held the other arm of Mr. Gu, then said, "Second Brother Gu and I are out here. Miss you and my grandfather."

Mr. Gu likes Yun Shang's cleverness,

She also liked the trick of putting honey on her mouth the most, and immediately laughed so hard that she couldn't close her mouth.

"Little Qi, why do I see you lose so much weight? Didn't you eat well outside?" As he spoke, he turned around and gave Gu Shinian a look, "Didn't I tell you to take good care of Xiao Qi outside?" , is this how you become an elder brother? Xiao Qi has lost so much weight, why does Lao Bai feel distressed when he turns around?"

Gu Shinian felt that he had been wronged so much that he just had a meal, went out for a walk with the old man, and by the way told about the task situation of this year, and this sudden big black pot was taken away.

The conscience of heaven and earth, Ah Chang is getting thinner day by day, he loves her more than anyone else, as long as he is at home, he supervises her to eat three meals a day, and even wants to cut off his own flesh and paste it to Yun Shang, why didn't he take good care of her? Ella?

She has become thinner in the past few months, that is, she has lost the baby fat on her body.

Why did everyone only see her losing flesh, but didn't see her suddenly grow to a height of 1.65 meters?

There is also the girl A Chang, who came here and gave him a look, her little eyes were like knives, and she stabbed over, he didn't seem to have done anything to offend her, did he?

Probably seeing that Yun Shang had something to say to Gu Shinian, the old man happily patted Gu Shinian's arm, and told Gu Shinian to have a good talk with Yun Shang, using the excuse that he was going to Zhou's house to find Mr. Bai and Mr. Zhou were drinking, and hurriedly walked to make room for the two of them to talk.

As soon as Old Master Gu left, Yun Chang immediately lowered his face, stretched out his hand to pinch the soft flesh around Gu Shinian's waist, and twisted it a full circle very rudely.

Gu Shinian gasped, endured the stabbing pain in his waist, held his face, and asked in a soft voice as much as possible, "Ah Chang, who made you unhappy again?"

Otherwise, how could you attack him without saying a word?

He was angered!

It must be.

Seeing that Gu Shinian didn't even move his face, as if the soft flesh pinched around his waist was not his, Yun Chang's face darkened even more, and he put more force on his hands, and said sinisterly, "You still have the face to ask? Scum Man! How dare you go on a blind date behind my back!"

Gu Shinian: "..."

Where did this giant pot come from?

Still on a blind date, he went back to Gu's house yesterday, and has never seen anyone outside, who did he go on a blind date with?

"A-Shang, who did you listen to these words?" Gu Shinian sighed, reached out to hold Yun Shang's hand pinched at his waist, and dragged her to continue walking, "If others don't know me, you still don't know me." Don't you know? Do you think it's possible?"

Yun Shang immediately reacted to Gu Shinian's mention.

That's right, Gu Shinian is the one who has lived with her and protected her for two lifetimes. Since he has shown his feelings for her and coaxed her to agree to have sex with him, he will definitely not go with anyone else again. blind date.

In this regard, she still believed in Gu Shinian.

But her mother wouldn't lie to her even if she was an adult. What's going on?

"But my mother said, my little aunt has taken a fancy to you and wants you to date Sister Qinling. She also said that Sister Qinling will definitely come to the compound today. You...you haven't seen anyone?"

"I didn't...uh, see you now."

Gu Shinian raised his head and motioned Yun Chang to look at Qin Ling who was not far away from the boulevard, reluctantly following behind Bai Yanqiu, and was walking towards Bai's house.

"Look, your sister Qinling just came to the compound, and it looks like she was forced to come by your little aunt." Gu Shinian tightened Yun Shang's hand and lowered his voice, "A Shang, do you believe now? Well, I didn't have a blind date with Qin Ling, and..."

Gu Shinian raised the hands they held together, "I've stood here holding your hand for a long time, and anyone with eyes knows what's going on. Don't worry, no one will poach your corner in the future gone."

Yun Chang looked at the hands the two held together, and then looked at the military families who smiled and looked at the two when passing by, and her face flushed red.

She hurriedly shook off Gu Shinian's hand, and hid her two tender claws in her pocket, never giving Gu Shinian the chance to hold her hand again.

It's over, she is in a hurry and forgets that this is the capital city, not the port city. When other couples walked on the street, they had to keep a certain distance apart. She and Gu Shinian were just dating, so how could they hold hands outside.

What if someone reports her, and she is arrested and paraded through the streets with a sign!

Gu Shinian was amused by Yun Shang's cautious appearance, and while pushing her towards the house, he said, "Don't worry, you are the compound where the chiefs live, and we are just two little Luos, no one will take care of you." Something happened."

Chapter 564: Three Years

Bai Yanqiu didn't miss the scene of Yunshang and Gu Shinian holding hands, he was stunned for a moment, his face darkened immediately, "This bastard! Our Xiao Qi is only so old, how dare he... Xiao Qi's reputation is even worse... No more!"

The most important thing is, how old is Xiao Qi, and he hasn't even reached the point where he's enlightened, how could this bastard dare to attack Xiao Qi?

Xiao Qi is only so small, this is not a thing!

Seeing that Bai Yanqiu was about to roll up his sleeves and go to settle accounts with Gu Shinian, Qin Ling sighed helplessly, and pushed Bai Yanqiu home, "Mom, don't listen to the fact that the wind is the rain! Gu Shinian I have loved Xiaoqi since I was a child, if there is something wrong, how can my second uncle and aunt not know? Don't meddle in it!"

With the status of the second uncle, if Gu Shinian really didn't want to get close to Xiao Qi, he would have tried to separate the two of them a long time ago, and it's your turn to be an aunt in the past to meddle in the elders' business?

Gu Shinian dared to hold Xiaoqi's hand without hesitation in the courtyard, wouldn't that explain the attitude of Second Uncle and Second Aunt!

When Bai Yanqiu was reminded by Qin Ling, he was stunned for a long time, turned around and pulled Qin Ling, and strode towards Bai's house, "Qin Ling, pretend you haven't heard what Mom told you this morning, and stay away from that bastard from now on." point!"

It's no wonder that Gu Shinian didn't think much about Qingyue, he had been eyeing Xiaoqi since he was a child, even his second brother and sister-in-law knew it. Bookmark this site, she is the only fool who can't see through!

.....

When Yunshang came home, Bai Yanqiu had already dragged Lin Wenlan to complain. Gu Shinian was no longer a good son-in-law who she said was steady and motivated. A perverted child bride.

Seeing the two people enter the door, Bai Yanqiu gave Gu Shinian an angry look secretly, turned around and dragged Qin Ling upstairs, and let the living room out to a few people.

Lin Wenlan took a sip of tea slowly, with a stern face, her sharp eyes darted back and forth on Yun Shang and Gu Shinian, seeing Yun Shang's heart tremble, wishing to find a small hole to hide in.

It was so embarrassing.

What should I do if my puppy love is discovered by my mother? Do you actively admit your mistakes, or do you refuse to admit them even if you beat them to death?

What if my mother wants to beat Brother Gu with a stick? Should she help her mother beat her up together, or stop her mother and let Second Brother Gu run away?

Gu Shinian didn't know that Yunshang had already imagined the scene where Lin Wenlan beat him with a stick and ran all over the courtyard. Seeing that under Lin Wenlan's sharp eyes, Yunshang was as frightened as a quail, with her head lowered, His hands were twisted behind his back, his fingertips turned white, and a smile flashed in his eyes.

"A Chang, you go upstairs to rest first, and I will talk to Aunt Lin for a while."

Yun Shang looked at Gu Shinian, then at Lin Wenlan, and confirmed that she couldn't afford to offend either of them at the moment, so she went upstairs with her head down cowardly...

Yun Chang didn't know what Lin Wenlan and Gu Shinian said downstairs, but she only knew that when she went downstairs again, Lin Wenlan returned to her usual peaceful smile, and Gu Shinian also distanced herself from her moderately, returning to the way she was before. Attitude as a sister.

Immediately, Yunshang had the illusion that Lin Wenlan and Gu Shinian had reached an agreement without her knowing that they would sell her out together.

After dinner, Yun Shang ignored Lin Wenlan's frequent glances, bravely followed Gu Shinian to the training ground.

"Second brother Gu, what did my mother tell you today?" Yun Shang asked impatiently as soon as she left the gate of Bai's house.

Gu Shinian gave a low laugh, seeing that there was no one around, he shook Yunshang's hand and said, "Aunt Lin thought you were still young, and was worried that you would be immature in thinking about things, so she ran away with me in a daze after being coaxed. "

Yun Chang was stunned for a moment, and asked hesitantly, "My mother, does she not agree with us being together?"

Didn't you worry that my little aunt would snatch Gu Erge as her son-in-law and urge her to go to the training ground to destroy Gu Erge's 'blind date' with Qin Ling? Why, it's only been a few hours, and she turned ruthless and disagreed with her and Gu Shi Years?

If Lin Wenlan really disagrees with her being with Gu Shinian,

She should have used her status as a parent to stop her from dating Gu Shinian, but today she didn't act like she wanted to stop them from being together. What's going on?

"Aunt Lin didn't disagree. What Aunt Lin meant was that you are still young and don't know what is liking and what is habit. Let me talk to you about dating in two years, lest I coax you away now. After two years, you will fall in love with someone else again, and regret your current decision..."

"No!" Yunshang interrupted Gu Shinian, stopped in her tracks, looked into Gu Shinian's eyes with her dark eyes, and said very seriously, "Second Brother Gu, in my heart, you are the most important person to me, I will never like anyone more than you."

For her, Gu Shinian is her relative, a safe haven that she can rely on and trust for the rest of her life. Even if she can meet someone better than Gu Shinian in the future, it won't affect Gu Shinian's status in her heart.

Faced with Yun Shang's sudden confession, Gu Shinian's heart skipped a beat, and joy overflowed from the bottom of his heart, and along the blood, spread crazily throughout his body.

He stared at Yunshang with burning eyes, as if he wanted to look into her heart through her dark and penetrating eyes, "A-shang, what did you just say...say it again!"

Yun Shang didn't feel that she said anything out of the ordinary, she tilted her head and thought for a while, and said seriously again, "Second brother Gu, you will always be my favorite person." No one can compare to your status in my heart.

Hearing what he wanted to hear again, Gu Shinian's heart was surging, and the burning emotion in his eyes could hardly be concealed.

He quietly lowered his eyes to look at her for a while, then pulled her to a place where the street lights couldn't reach, and in the dark night, he stretched out his hand and pulled her into his arms.

Yun Chang leaned her head on Gu Shinian's heart, listening to his rapid and powerful heartbeat, from afternoon to night, suddenly fell to the ground.

"A-Shang, Aunt Lin said that you can only have a date when you are eighteen years old. Let's wait a little longer, shall we?"

Yun Chang nodded heartlessly, and said in response, "My mother is right. Three years go by in a blink of an eye, and I can wait."

Gu Shinian did not speak, but a wry smile appeared on the corner of his mouth.

A Chang hasn't enlightened yet, that's why she feels that three years have passed in a blink of an eye.

But for him, every minute and every second before formally confirming the relationship with Yun Shang through the elders will be extremely difficult.

Probably because Yun Shang's response to him now is based on trusting him wholeheartedly, so she muddleheadedly put her whole life in his hands.

He really didn't dare to bet whether Yun Shang would meet someone she really admired and liked in the past three years.

Chapter 565 Came to the door

Early the next morning, Lin Wenlan and Bai Qingyue and Bai Qingming got up early, and boarded the train back to Linyang with their luggage.

Coming out of the train station, Bai Qingjie pushed Yunshang into the car, stepped on the accelerator, and quickly drove towards the courtyard.

Yun Chang grabbed the seat with one hand and the car door with the other, and asked Bai Qingjie, "Brother San, you are in such a hurry to go back, do you want to throw me home and pick up your sister-in-law for a date after get off work?"

Otherwise, it's like rushing to reincarnate, and the wheels of the car will almost let you drive off.

Bai Qingjie let out a "tsk", and stretched out his big hand to rub Yunshang's head, "What are you talking about? Do you know what a date is?"

Yun Shang was almost amused by Bai Qingjie. In future generations, even kindergarten children would know what dating means, and they all know all kinds of dating routines. Where did Bai Qingjie have the courage to despise her?

"Why don't I know what a date is! I also know all kinds of dating methods!"

After Yunshang finished speaking, she immediately snapped her fingers to date Bai Qing Jiekepu, intending to let him, a 'hillies', learn a lot.

"I know more dates than you! Come on, today I will teach you how to date my sister-in-law! After my sister-in-law gets off work, you take her to dinner first! By the way, let's eat western food, and you'd better prepare some music or something Yes. After dinner, take my sister-in-law out to watch a movie. Remember to buy some melon seeds and peanuts in advance. When you enter the movie theater, you have to peel melon seeds and peanut shells for my sister-in-law, and then take the time to touch my sister-in-law's little hand to enhance your relationship..."

"Stop! Stop, stop!" Bai Qingjie yelled to stop with a dark face before he finished listening, braked, the car stopped on the side of the road, and then asked with a dark face, "Xiaoqi, tell the truth, are you Is that how that bastard Gu Shinian took you on a date? Did that bastard hold your hand while watching a movie? He also took you to eat western food and let you listen to the music?"

That bastard Gu Shinian co-authored him outside to coax his Xiao Qi into his hands?

Yun Chang was dumbfounded.

She simply wanted Bai Qingjie to learn more, but when it came to his mouth, it became Gu Shinian taking advantage of her?

It's over, it's over, it's a lot of fun.

If Bai Qingjie told his elder brothers about this matter, Second Brother Gu would have to take turns to deal with it.

Thinking of this, Yun Chang quickly stared at Bai Qingjie, "What are you talking about! That's how you treat yourself as a big brother! I'm only so old.

You actually framed me for dating Second Brother Gu! He also framed me for being indiscreet and listening to profligate music! You wait, I'll sue my grandfather that you bullied me when I go back!

"

Little man, I can't take care of the eldest brother, I can't take care of the eldest brother, and I can't take care of you, a 'silly white sweet'!

Although Second Brother Gu often took her to have morning tea, took her shopping, watched movies, peeled melon seeds for her, and held her hand while watching movies, but, before they confirmed their relationship, Gu The second brother did the same to her.

How can this be a date! ?

Therefore, Bai Qingjie framed her.

Bai Qingjie wasn't prepared for Yun Shang's sudden hair explosion, and when she threatened him with a complaint, his attitude softened immediately.

"Xiaoqi, then tell my third cousin, where did you hear about these dating methods? You are a little girl, how do you know so much..." Routine?

"I saw it!" Yunshang pouted and muttered dissatisfiedly, "When I was shopping, I often saw people going on dates, and I've seen them all for a while, so I don't even need to try it myself."

Bai Qingjie: "... " So, what did his cute and cute little sister learn outside in the past two years! ! !

Gu Shinian, that bastard, didn't bother to take care of him, so he just let Xiaoqi learn to be bad?

Bai Qingjie rubbed the center of his brows with a headache, turned around and started the car, while driving towards the courtyard, thinking in his heart that he should have a good talk with Gu Shinian at night.

Bai Qingjie was thinking about bringing Yunshang back to the right road, and stopped talking along the way, but Yunshang felt that there was too much generation gap between him and Bai Qingjie, and he was not interested in talking, so the car became quiet for a while .

When the car was driving near the courtyard, a girl in a red and white plaid jacket with two braids rushed out from the side of the road, opened her hands, and stopped in front of the car.

Bai Qingjie slammed on the brakes and turned the steering wheel in the same direction. The car spun at a right angle and slanted sideways on the side of the road.

Yun Chang was thrown out by this sudden blow, her head hit the waterproof platform in front of her, and she almost fell into a daze.

Seeing Yun Shang covering her forehead with both hands, and her eyes drooping down, Bai Qingjie's face turned pale with fright, and hurriedly pulled Yun Shang's hands away, holding her head and fumbling for a while, "Xiao Qi! Where did you hit?" Did it hurt? Show third brother quickly, where did it hit?"

"I hit my forehead..." Yun Shang pointed at the bulging spot on his forehead, and the knife almost tore Bai Qingjie's body into pieces for 1,800 yuan, "Why did you drive! I almost made you so hard to see us Lord!"

Seeing that Yun Shang was still able to complain, Bai Qingjie heaved a sigh of relief, turned his head, looked at the culprit who was also frightened outside the car, pulled the car door, stepped over a few steps, pointed at the woman's nose and cursed.

Yun Chang also quickly opened the car door and followed out. Seeing that the lesbian was scolded by the furious Bai Qingjie with tears in her eyes, she kept shrinking her neck and backed away, and hurried over to give Bai Qingjie a hand.

This is on the main road.

Regardless of the reason why the lesbian rushed out suddenly, it was a fact that Bai Qingjie almost bumped into someone, if Bai Qingjie continued to scold like this, the impact would be bad.

After all, in this day and age, the only people who are qualified to ride a car are the leaders of various units. People passing by may think that Bai Qingjie is bullying others.

After Yun Shang reminded her, Bai Qingjie turned around twice impatiently, suppressed her anger, and asked the lesbian with a cold face, "Wang Xiuli, what exactly do you want to do?"

Yun Chang's eyes widened at once, looked at Bai Qingjie, then at the lesbian, and asked, "Brother, do you know this lesbian?"

.....

Early the next morning, Lin Wenlan and Bai Qingyue and Bai Qingming got up early, and boarded the train back to Linyang with their luggage.

Coming out of the train station, Bai Qingjie pushed Yunshang into the car, stepped on the accelerator, and quickly drove towards the courtyard.

Yun Chang grabbed the seat with one hand and the car door with the other, and asked Bai Qingjie, "Brother San, you are in such a hurry to go back, do you want to throw me home and pick up your sister-in-law for a date after get off work?"

Otherwise, it's like rushing to reincarnate, and the wheels of the car will almost let you drive off.

Bai Qingjie let out a "tsk", and stretched out his big hand to rub Yunshang's head, "What are you talking about? Do you know what a date is?"

Chapter 566 Lai Shang

"I, I, brother Qingjie, my brother said you are married, what about me? What should I do if you are married..."

Bai Qingjie's eyes widened at once, looking at the woman in front of her who was covering her face and crying so hard that she could hardly breathe, her face turned cold little by little.

Yun Chang's face also darkened, and she gave Bai Qingjie a hard look, then turned her head and stared at Wang Xiuli for a moment.

The tears fell too fake, the voice was too thin when sobbing, like a baby, the angle of covering her face with her hands was just right, just showing her small chin, red mouth, and a pair of eyes full of tears and foggy .

This woman even cried so much that she was full of drama. It would be a pity not to become an actress.

"Tch~!" Bai Qingjie laughed back, probably angrily, sneered, and leaned on the front of the jeep with his arms folded, his tone was cold, and he said with strong irony, "What does it matter to you whether I get married or not? I'm not your father, what should you do? Ask your father!"

It's frustrating enough!

He was only on the third day of marriage, and he ran up to him crying, and caused him to almost crash into a car, and caused Xiaoqi to knock his head. After returning home, it was time for the old man to clean him up.

Wang Xiuli stopped crying, put down her hands, raised her head, stared at Bai Qingjie with eyes full of tears, and said sobbingly, "Brother Qingjie, you, how can you say that, me, me, we are both like that Son, who else can I marry..."

Yun Shang was stunned again.

What kind of girl is Bai Qingjie with? It makes it impossible for a girl to marry.

Damn, her third cousin is not a scumbag girl, is she?

Although this girl is a bit good at acting, but, this is not the reason for Bai Qingjie's scum.

Yun Shang was making up all kinds of brainstorming, but Bai Qingjie was almost forced to jump by Wang Xiuli's specious words.

"Wang Xiuli! Tell me clearly, what happened to us? What the hell am I doing to you? You can't get married!? Don't think you're a lesbian, you can just pour dirty water on me!"

Wang Xiuli's shoulders shrank from Bai Qingjie's black face, she took a small step back, without saying a word, she just looked at Bai Qingjie with grievance, timidity, and admiration. Yun Chang on the side was stunned to see three characters in Wang Xiuli's eyes - heartbreaker!

Bai Qingjie hadn't met a dramatist like Wang Xiuli for many years, and she stopped the car and made such a fuss, which made him a heartbreaker.

I don't know, I thought he had something to do with Wang Xiuli.

"Xiao Qi, get in the car first." Bai Qingjie gave Wang Xiuli a gloomy look, and then ordered Yun Shang.

Yun Chang looked back and forth between the two of them, then looked at Bai Qingjie's gloomy black face that could almost drip water, suppressed her inner curiosity, turned around and got into the car.

Forget it, the third cousin is about to become a powder keg, she'd better be good and don't provoke him for now.

After Yunshang got into the car, Bai Qingjie stood up straight, walked towards Wang Xiuli step by step, stopped a foot away from Wang Xiuli, met her frightened eyes with secret joy, and asked word by word, "Wang Xiuli, you came to see me today, does your brother Wang Yong know?"

Wang Xiuli shivered subconsciously, was silent for a while, then shook her head, "...No, I don't know."

"Does your father know?"

Wang Xiuli was silent for a while again, "...I don't know either."

Bai Qingjie let out a low sneer, walked around Wang Xiuli, and said again, "Then do you know what crime it is to pour dirty water on the soldiers' heads? Also, you are from a rural county, and your father If Wang Yong disagrees with you coming to me to make trouble, can you get a letter of introduction? Can you find the compound by yourself? Can you recognize the car I drive at a glance and stop it?"

Wang Xiuli's face turned pale in an instant, she shrank her neck, and quietly backed away, trembling for a long time, unable to say a word.

Bai Qingjie glanced back at Yun Chang in the car, and said, "Wang Xiuli, what you did just now is suspected of intentionally causing me to overturn the car. I suspect that you were instructed by Wang Yong,

Intending to murder army officers, intending to murder the family members of high-ranking army officials..."

"No! No, no, I didn't..." Before Bai Qingjie finished speaking, Wang Xiuli repeatedly waved her hands in denial, her face was pale with fright, and tears were streaming down her face.

Seeing Bai Qingjie staring at her steadfastly and not speaking, Wang Xiuli's back was covered with cold sweat, and even her mouth began to tremble, "Qing, Brother Qingjie, I..."

"Call me Comrade Bai." Bai Qingjie interrupted Wang Xiuli coldly, "I've only met you twice, it's inappropriate for you to call me brother, you better be serious, girl."

Wang Xiuli stared blankly at Bai Qingjie, her face immediately turned red into a big red cloth, and her hands trembled unconsciously.

This time I was angry.

For a big girl's family, it is a great humiliation for the man she likes to point her nose at her and say that she is not serious.

"Qing... Bai, Comrade Bai, you, how can you say that about me, I, I am not that kind of person! I am an innocent girl, and I let you see and hug me..."

"Are you trying to avenge your kindness?" Bai Qingjie interrupted Wang Xiuli again with a dark face, "I fished you up from the river, and it's fine if you don't say thank you, but you still want to repay your kindness to me? At that time, a group of you were surrounded by the river." People in the village, there are many people who have seen your body, why do you think I still have a crush on you?"

Bai Qingjie's words were very unpleasant, and even implicitly expressed his dislike for Wang Xiuli.

At this moment, Wang Xiuli felt as if her face had been torn off by Bai Qingjie and thrown on the ground, and even crushed her a few times with her feet, she was extremely ashamed.

The strong sense of shame, as well as Bai Qingjie's threats and accusations against her before, made her unable to cling to Bai Qingjie at all, and completely forgot what her brother taught her when she was at home. She covered her face with her hands and turned around. Run out along the sidewalk.

Bai Qingjie opened the car door, and looked directly at Shang Yunshang's big Lingling eyes, filled with curiosity, anger, and a hint of dislike.

Scumbag!

Yun Shang looked at Bai Qingjie accusingly, and asked, "What's the matter with Comrade Wang?"

"Hey, you don't even call me brother?" Bai Qingjie changed the topic with a playful smile, rubbed Yunshang's forehead, started the car, and drove quickly towards the courtyard.

Yun Shang let out a soft "hum" in her throat, and asked again with a straight face, "Bai Qingjie, tell me honestly, what happened to that Wang Xiuli! Are you sorry for my third sister-in-law!"

Bai Qingjie laughed, and played sloppy with Yun Shang again, "Kids, don't worry about adults. I'm on good terms with your sister-in-law, how can I feel sorry for her?"

Yun Chang became even angrier, "You didn't tell the truth, did you? Okay! You wait!" If you don't clean up after you go back, you will cry for your father and mother, and my surname is not Bai!

Chapter 567 Drama actor digging a hole

Before Yun Chang entered the door, in front of Bai Qingjie, she rubbed her eyes vigorously until her watery eyes turned red, then covered her forehead with one hand and her chest with the other, and twitched amid Bai Qingjie's bewildered expression. He walked towards the door happily.

Bai Qingjie came back to his senses, hurriedly rubbed his big hands to catch up, and said flatteringly, "Xiao Qi, Xiao Qi, don't talk to me..."

"Wuuu, third cousin, I have a headache and chest pain, and I can't speak." Yun Chang pursed her mouth, swayed her feet a few times, coughed lightly in her mouth, and walked at a pace that seemed slow but actually fast out of the house.

Isn't it just acting!

She had learned the essence of Wang Xiuli's acting just now, and if Bai Qingjie didn't tell the truth, she dug a big hole and buried him!

Let's see if he dares to be dishonest outside and provoke unruly women casually.

Bai Qingjie was about to cry.

His well-behaved and cute little sister is so insane when she plays dirty tricks!

She went in and complained to the old man in this state, so he couldn't keep his skin.

If he had known that Xiao Qi would cheat him like this, he would have honestly explained to Xiao Qi just now.

"Master, woo woo, I almost can't see you woo woo~"

As soon as Yunshang entered the living room, she started to twitch. When the old man looked over, she put down her hand on her forehead, exposed the big blue and black bump on her forehead, and began to complain while crying.

"What's the matter!?" The old man was so startled that the teacup in his hand almost fell to the ground. After he realized it, he quickly caught Yun Shang and sat down on the sofa, and shouted furiously outside the door, "Qingjie! Bai Qingjie! Give it to me Get in!"

Seeing the big bump on his delicate granddaughter's head that was an eyesore, the old man's heart trembled with distress, and he wished he could beat Bai Qingjie, an unreliable bastard, to death.

Let him take Xiaoqi to see off the family of the second child, and he actually made Xiaoqi come back with such an injury!

With a mournful face, Bai Qingjie came over with his head drooped, his eyes just met Yun Shang who was making a face at him with the old man behind his back, and almost spat out a mouthful of old blood.

What crime has he committed? How did you provoke such a living ancestor!

After cheating him, you still want to piss him off on purpose. Do you want the old man to beat him to death?

The old man picked up the feather duster under the coffee table,

Finding Bai Qingjie, he drew it over, "That's how you take care of Xiao Qi! Tell me, what's wrong with Xiao Qi!"

While hiding from the old man's feather duster around the sofa, Bai Qingjie yelled exaggeratedly, "Oh! It hurts! Xiaoqi, please tell my father to be gentle, it hurts too much..."

He is really wronged, he let his comrades calculate, was splashed with dirty water by unscrupulous lesbians, and now he is letting his little cousin be beaten up. Who is he messing with?

Yun Chang didn't know that Bai Qingjie was far away in his heart. Seeing that he dared to evade the old man's beating with a smooth tongue, and had the face to ask her to intercede for him, and didn't mention the things he didn't know clearly with the lesbians outside, he felt even more angry up.

She stood up from the sofa tremblingly, coughing repeatedly, and swayed her feet to stop the old man, "Master, third cousin hurts, don't hit him, third cousin didn't brake on purpose to make me hit him!" head..."

Look, how cute am I? Even Bai Qingjie made him unable to stand still. Regardless of previous suspicions, he forced his weak body to intercede for him. Where in the world could he find such a good sister like her?

Bai Qingjie was about to cry.

Xiaoqi, you can shut up!

Are you begging for mercy, or adding fuel to the fire?

Sure enough, it's good that Yun Chang didn't intercede. As soon as he opened his mouth, the old man became even more angry, "Stop! Xiao Qi's head was really hit by you!? You still have the face to hide, get over here and stand at attention!"

After scolding Bai Qingjie, the old man quickly pulled Yunshang to sit down on the sofa, looked at the big black bun on Yunshang's hair, his distressed facial features were all wrinkled together, "Oh, my dear girl, you Sit down quickly. Tell me, where else does it hurt besides your head?"

This time the little granddaughter came back so thin that she was like a bamboo pole. Such a delicate and weak little granddaughter, let the bastard, the third boy, hit her like this, did he rush to reincarnate in such a hurry!

This was a sudden brake and hit his head. If he didn't stop the car and didn't know where the car would hit, what would happen to his little granddaughter with a broken arm and broken leg?

This bastard who is struck by lightning!

Bai Qingjie clasped his hands behind him, begging Yun Shang again and again, Yun Shang raised his eyelids, and without looking at Bai Qingjie, he covered his chest with his hands exaggeratedly, and said in a miserable voice:

"...Grandpa, I have a headache, dizziness, and chest tightness. I feel so uncomfortable. I can't breathe. I'm about to faint."

As he spoke, he was still leaning softly on the sofa, looking like he couldn't get up.

Bai Qingjie was so blinded by Yun Shang's pretentious performance, he turned his head and secretly grinded his back molars.

This little cousin is really... so insane!

The old man naturally also saw that Yunshang had acting elements, but she lost a lot of weight when she came back this time, and now she is leaning on the sofa to sell miserably, and with the big black bump on her forehead, The whole person looks like an emoji, weak, helpless, and pitiful.

The old man couldn't bear to dismantle Yunshang's performance, so he tried his best to suppress the twitching corners of his mouth. Sitting next to Yunshang, he didn't even dare to speak loudly, for fear that after a big gasp, he would knock down the "weaker" person on the sofa in one breath. The little granddaughter was blown away.

"Xiaoqi, don't worry, I'll let the people from the health center come over..." Regardless of whether the granddaughter is really dizzy or has tightness in her chest, anyway, the big bump on her forehead needs to be dealt with quickly.

Xiaoqi has a good face, it would be a pity if he loses his appearance.

Bai Qingjie was very witty and quickly called the health center. After hanging up the phone, he watched the old man go to the study to find his horsewhip. Code, "Xiao Qi, why don't you take a break first, and then the third cousin will tell you about my going to the countryside?"

If you don't hurry up and beg for mercy from the little girl, the old man will beat him with a whip.

Between losing face and being whipped, he had better choose to lose face in front of Xiao Qi.

Yun Chang's eyes lit up, she sat up lazily, pulled the old man's arm and said, "Master, I took a rest, and suddenly I didn't feel dizzy, my chest didn't feel so tight, and... still felt My mouth has no taste, I want to eat some egg cake."

The old man: "..."

Bai Qingjie: "..."

What kind of little granddaughter (little cousin) is this? This is clearly a living ancestor!

Half an hour later, Yun Chang sat cross-legged on the bed with the red potion on her forehead, stuffed a soft and sweet egg cake into her mouth, and listened to Bai Qingjie explain his "love and hatred" with Wang Xiuli.

Chapter 568 Eight calculations

Like all dog-blood incidents in routines, the acquaintance of Bai Qingjie and Wang Xiuli also originated from a dog-blood incident.

When Bai Qingjie went on a mission in the suburban counties last summer, he was entrusted by his comrade-in-arms Wang Yong to help him bring some things home.

When they arrived at the village where Wang Yong's family was located, they happened to rescue Wang Xiuli who fell into the river.

Like the bloody plot in the movie, Wang Xiuli fell in love with Bai Qingjie. He also felt that after going ashore, Bai Qingjie saw her body through her wet denim shirt, and hugged her in the river, and felt even more that besides Bai Qingjie, she would never be able to marry anyone else in this life.

As for the villagers who came after Wang Xiuli was rescued after hearing the news, they also looked at her body, so Wang Xiuli excluded them from the candidates for marriage.

It's a pity that Bai Qingjie was on a mission at the time, and after knowing that Wang Xiuli was Wang Yong's sister, he directly handed over the things Wang Yong brought back to Wang Xiuli, without even entering the village, and hurriedly left to perform the mission.

All Wang Xiuli's little thoughts, she didn't even have time to say, just watched Bai Qingjie leave.

The second time the two met was during Chinese New Year, when Wang Xiuli came to visit relatives in the army, and on the pretext of thanking Bai Qingjie for saving her, the brother and sister invited Bai Qingjie to have a meal.

During the meal, Wang Xiuli vaguely mentioned that she was hugged and looked at by Bai Qingjie after falling into the water, her reputation in the village was ruined, and she couldn't get married. It also faintly reveals the attitude of matching the two.

Bai Qingjie is the youngest child of the eldest son of the Bai family, and his temperament is already more arrogant than the eldest and second child, so how could he accept that he would be relied on to save someone and lose his marriage.

What's more, Bai Qingjie had just met Zhou Yuerong at that time, the two families were in perfect harmony, and it was the time when their relationship was at its best, so how could they appreciate such porridge and side dishes as Wang Xiuli.

He naturally rejected the brothers and sisters of the Wang family, and directly said that he already had a partner.

When Wang Xiuli heard this, she burst into tears on the spot. She looked like she couldn't bear the blow, which almost caused other people in the restaurant to think that Bai Qingjie was an irresponsible scumbag after playing hooligans, which made Bai Qingjie very depressed.

And because of this matter, Wang Yong has often confronted Bai Qingjie in a strange manner in the past few months, and even mentioned the matter of Bai Qingjie and Wang Xiuli to a few close comrades in private, and often spread gossip to Bai Qingjie.

Later, it was Bai Qingjie who found out about it from others, and had a private fight with Wang Yong, so the gossip didn't continue.

As for the fact that Wang Xiuli came to the door again today, Bai Qingjie is more inclined to let Wang Yong disclose the news to her. The purpose is to let Wang Xiuli come over to make a fuss, to cause him some trouble, or to use this matter to throw a pot on his head again. Dirty water cut off his promotion this year.

Yun Chang blinked her eyes and thought for a while before asking, "Brother, what is Wang Yong's position now?"

"Like me, they are both deputy company commanders." Bai Qingjie raised his chin triumphantly, "Then Wang Yong is already thirty-seven, and your brother and I are only twenty-seven! If he doesn't hurry up and find a way to advance to another level, maybe You have to go back professionally. After all, you are almost forty and have no education, so how can you compare with us young people?"

Yun Shang: "..."

Bai Qingjie, where's your face?

I'm already twenty-seven, how dare I call myself a young man?

Yun Shang curled her lips in disgust, and then asked, "You mean, you two are competitors now? If you become the battalion commander, he has to go home professionally? On the other hand, if he pulls you down, he can do it. Battalion Commander, can you still hang out in the army in the future?"

Bai Qingjie rubbed Yunshang's forehead approvingly, leaned crookedly on the chair, and said, "This Wang Yong, tsk, his methods are too crude..."

Even if the children who go out in the compound are not human beings, they cannot be illiterate reckless men. Wang Yong's careful thinking of small tricks is really too shameful.

Yun Chang looked sideways at Bai Qingjie, the look of disgust in his eyes almost overflowing, "You have the nerve to say that Wang Yong's methods are rough,

The Wang family is careful and thoughtful, aren't you also fooled! "

Seeing Bai Qingjie looking over in surprise, Yun Shang leaned back, raised Erlang's legs, and spoke slowly:

"Wang Yong has long wanted to compete with you for the position of company commander. When Wang Xiuli fell into the water, it is most likely that the Wang family set you up..."

As Bai Qingjie said, Wang Yong's chances of being promoted are not great when he is older. If Wang Xiuli and Bai Qingjie can succeed, then Wang Yong is Bai Qingjie's brother-in-law. For Wang Xiuli's sake, Bai Qingjie is ashamed to compete for the promotion opportunity with his brother-in-law who is about to retire if he doesn't get promoted?

Anyway, Bai Qingjie is still young, coupled with the influence and status of the Bai family in the army, Bai Qingjie lost a promotion opportunity, and he can get it back from other places next time, which has little impact on him.

But for Wang Yong, and for the entire Wang family, this promotion opportunity is too precious, and he cannot afford to lose.

Just sacrificing his sister's reputation can save Wang Yong's future in the army. How the Wang family chooses is too obvious.

Besides, Bai Qingjie has a good family background, good personal ability, and is tall and handsome. If Wang Xiuli, who was born in the countryside, can really follow Bai Qingjie, it will be like a pheasant flying into the Phoenix's nest, and she will be able to live the life of a master for the rest of her life.

For Wang Xiuli, this was like a gold ingot falling from the sky. As long as she could rely on Bai Qingjie smoothly, she could leave her hometown in the countryside and live in a large courtyard that everyone envied.

Who in the capital knows the reputation of the idea lost in his hometown? Even if she knew, she was married to Bai Qingjie who hugged and looked at her, so who would care about that?

Even if Bai Qingjie doesn't fall into the trap and Wang Xiuli cannot marry into the Bai family, then Wang Yong can still use this incident to spread rumors in the army, saying that Bai Qingjie ruined Wang Xiuli's innocence when saving people, and he was unwilling to take responsibility, which ruined Wang Xiuli's reputation, cannot get married locally.

If the Wang family asked Wang Xiuli to come to the army a few more times, she would cry with Bai Qingjie more. Even though it was a good thing for Bai Qingjie to save people, he ruined Wang Xiuli's reputation. After that, he met and entangled with Wang Xiuli several times. When the incident became serious, Bai Qingjie's reputation was ruined. Maybe he would be taken out by the comrades of the political engineering department for investigation.

In this way, how can Bai Qingjie, who has a bad reputation, compete with Wang Yong, who is a family member of the victim, for promotion opportunities?

Even if it is to compensate Wang Yong, the army will definitely give him the promotion spot this time.

Wang Xiuli just jumped into the water, and her reputation suffered a little loss, so she could keep Wang Yong's future and have a chance to find a wealthy son-in-law for Wang Xiuli, and find a big backer for Wang Yong in the army. buy and sell.

Chapter 569 Resolve

After Bai Qingjie heard it, he frowned and then let go, pulled the chair closer to the bed, and asked with a smile, "Xiaoqi, then you teach the third brother, what should we do about this?"

This little cousin of his family is really a ghost, and after only hearing a few words from him, she managed to straighten out the calculations of the Wang family. This brain is so easy to use.

Yun Chang stared at Bai Qingjie's smiling face for a while, put down Erlang's legs, and said with a straight face, "Don't you know what you are doing, why are you asking me?"

The third cousin is really bad!

He obviously knew about the Wang family's schemes, yet he didn't tell her, and let her act like a storyteller here for most of the day, without any appearance of being a brother.

Seeing Yun Chang's face turned, Bai Qingjie thought of the whip he owed the old man again, so he quickly said flatteringly:

"What can I know? If it weren't for that Wang who came here again today, I would never have thought that the Wang family might be setting me up for this matter. But you are different. Once you heard that Wang and I Yong was competing for the opportunity to advance, and he immediately realized that this was the Wang family's calculation, and the little-headed Guazi was much smarter than me."

He can praise Xiao Qi so much, he must make Xiao Qi happy. In case she gets angry and runs downstairs to sue the old man.

Yun Shang cast a sideways glance at Bai Qingjie, raised his finger and pointed to the chicken cake on the table, Bai Qingjie immediately acted like a dog's leg, took a piece of chicken cake for Yun Shang, and put his hand under her chin to prevent her from dropping the cake crumbs on the bed.

Yun Chang patted Bai Qingjie's hand away angrily, moved to the side of the bed, stuffed the egg cake into his mouth, and asked, "Does my master know about this?"

"Why tell my master about such a trivial matter?" Bai Qingjie pinched Yun Shang's face, very dissatisfied with Yun Shang's behavior of underestimating him, "I can handle this matter myself."

"Then Wang Xiuli can find the courtyard today, and the army tomorrow, so what are you going to do?"

The most important thing is that it's okay to lose a chance to advance. In case the third sister-in-law finds out about it, the couple will have a fight.

The two are just newly married, if there is a quarrel, don't tell outsiders the jokes, the couple will fight each other whenever they think about it, can't they survive this day?

"What else can I do? Find an organization if you have difficulty!" Bai Qingjie leaned on the chair carelessly, "I just saved someone, so Wang Xiuli went to the army again and again to blackmail me, and Wang Yong ruined my reputation in the army. Wang Xiuli also wants to destroy the military marriage, and I, a small deputy company commander, can't handle this matter, so I can only let the comrades from the political engineering department come forward to solve this matter."

Isn't it just to cause trouble and want to ruin his reputation? Then he will help to add fire to the back, reveal this matter in advance, and let the comrades of the political engineering department investigate this matter before it becomes a big deal, and record this matter as a qualitative one. At that time, no matter how many calculations Wang Yong and Wang Xiuli have, it will be useless.

After this matter is over, he will have plenty of ways to deal with Wang Yong. Using such a disgusting method to plot against him, is it really true that he is made of mud?

Bai Qingjie knew it well, and Yun Chang felt relieved.

Although Third Cousin and Little Sixth are the two most inconsequential people in the family, their IQs can be regarded as upper-middle level, more than enough to deal with an uneducated reckless man like Wang Yong.

...

What happened to Wang Xiuli was exactly as Yunshang and Bai Qingjie expected.

Early the next morning, Wang Xiuli was wearing a white denim shirt and two big braids, standing at the gate of the military division crying like a little white flower that had been damaged by wind and rain.

Bai Qingjie had just finished talking to the comrades in the political and engineering department about being touched by Wang Xiuli, being deliberately targeted by Wang Yong, and spreading rumors to damage his reputation. The comrades from the guard camp outside called and said that a lesbian named Wang Xiuli had come to visit. , who is in the reception room at the gate of the military division.

After putting down the phone, Bai Qingjie was afraid for a while.

He really didn't expect Wang Xiuli to act so quickly, and came to the military area early in the morning to make trouble. If he procrastinated a bit, he would report the matter to the political engineering department at noon.

Or if you speak a few minutes later, you will fall into a very passive situation.

These brothers and sisters of the Wang family are really two mad dogs who bite people and never let go.

Knowing that Wang Xiuli was uneasy and kind, Bai Qingjie would naturally not go out, and directly reported the matter to the comrades in the political engineering department without even showing his face.

After Wang Yong's guidance, Wang Xiuli was very clear about her mission this time. If you have to come to the military region to look for Bai Qingjie again and again, it's best to fight with him at the gate, cry miserably, cry pitifully, it's best for people to see that Bai Qingjie has betrayed her.

When Bai Qingjie couldn't bear her harassment and turned his face completely, she asked the comrades in the political engineering department to make decisions for her, and insisted that Bai Qingjie played a hooligan on her. And the comrades in charge of the list of visitors are witnesses of her involvement with Bai Qingjie.

In the end, Wang Yong contributed to the flames in the military area, and Bai Qingjie tried to break up with her, but he couldn't do it.

When Bai Qingjie was finally punished, Wang Yong's promotion was a certainty.

Of course, it would be even better if Bai Qingjie's newly married daughter-in-law divorced Bai Qingjie because of this matter. At that time, she could use public opinion to force the army commander to let Bai Qingjie marry her.

Even if Bai Qingjie doesn't get a divorce, if she can't marry into the Bai family, the Bai family will compensate her due to public opinion. Either give her money or things, or support the elder brother Wang Yong, no matter what happens, the Wang family will not suffer.

The brothers and sisters of the Wang family had a good plan, and Wang Xiuli also strictly followed Wang Yong's instructions, and came to the gate of the military area early in the morning, crying to find Bai Qingjie. But after the registration, it wasn't Bai Qingjie himself who came out, but a few elder sisters who claimed to be from the political engineering department of the army.

This made Wang Xiuli, who was born in the countryside and didn't understand the twists and turns between the various departments of the army, feel numb.

The elder sisters of the political and engineering departments in each military region are all veterans. They deal with all kinds of people who come to the military region to make troubles for strange reasons almost every day. From the elderly to the teenage blind wanderers, everyone has experience. Pass.

They don't even pay attention to the films of a little girl like Wang Xiuli who lacks self-confidence.

After entering the reception room, within a few minutes, Wang Xiuli's ins and outs were completely covered, and she naturally knew the ins and outs of the matter.

Wang Yong was sitting in the office early in the morning, waiting with full anticipation for Wang Xiuli and Bai Qingjie to have a quarrel at the gate of the military region, so that he could go out as Wang Xiuli's brother, and persuade his sister to leave with a gesture of humiliation and humiliation, in front of everyone in the military region Act like a victim.

But he waited and waited, instead of waiting for his sister, he waited for the comrades from the political engineering department, and he also gave him a punishment for free.

Chapter 570

port city.

The fast-moving car stopped at the door of two connected small bungalows. As soon as the door was opened, two fleshy cats squatting at the door of the bungalow screamed at the same time, and rushed towards Yunshang who jumped out of the car one after the other.

Gu Shinian, an old hen, spread her hands to protect Yunshang, for fear that she would be hit by the ball and the furball, but she didn't care, she got out from under Gu Shinian's arms, and embraced the two cats that rushed over. In his arms, he kissed their round heads excitedly.

Lao Jin greeted him from the yard, helped a few people carry their luggage in, and then dragged Gu Shinian and Lao Li into the study.

After taking a bath, Yunshang played with the two cuddly big fat cats for a while, then found a few gifts from the space, and sent them to the An Guosheng family next door.

When he came back from the next door, Gu Shinian had already returned to his room, and was sitting at the table writing and drawing on a piece of paper, without even noticing that Yun Shang entered the door.

Yun Chang glanced at it, and roughly saw that what Gu Shinian had drawn was a road map, but it was a bit rough, so it had to be carefully distinguished.

"Second brother Gu, where did you draw the map?" Yun Shang asked while lying on the table.

"The destination of the next operation." Gu Shinian put down his pen, got up and closed the door, turned his head and whispered, "Ah Chang, the whereabouts of the remaining dozens of cultural relics have been found out. If the operation goes well, we It will take another year at most to complete the task."

What really delays time is inquiring about the whereabouts of cultural relics. Once the target is confirmed, it will not take much time to act.

Yun Chang's eyes lit up, and her eyes once again fell on the road map drawn by Gu Shinian, "Second Brother Gu, so we can go back before next summer?"

"Yeah." Gu Shinian replied, "You are now in fifth grade, you can go to university directly when you go back next year, and you will be 21 years old after graduating from university, so you can just get married..."

"Knot, get married?"

Yun Chang asked stupidly, wasn't she talking about performing a mission, why did she suddenly abduct her into getting married?

Gu Shinian stared at Yunshang for a long time, then stretched out his hand to close her slightly opened mouth because of surprise, "A Chang, are you not happy, or do you have other ideas?"

According to his arrangement, during the five years that Yunshang has been in college, he can just work hard in the army with peace of mind. Her side matches her.

But now it seems that Ah Shang is not interested in his proposal.

Or did Ah Chang not think about marrying him?

Gu Shinian frowned slightly, the light in his eyes seemed to dim, and the aura around him instantly became oppressive and silent.

Yunshang didn't know what Gu Shinian was thinking, so after pondering for a long time, she asked, "Second Brother Gu, do you think I should directly recommend you to go to college, or go to work first, and then go to college after the college entrance examination resumes? "

When she goes to university next year, she can indeed start working earlier, but now college students rely on recommendation for admission, and the cultural quality of students varies. Even if she goes to college, the gold content is not high enough.

If she started working first, and then went to university after the college entrance examination resumed, the school's teaching staff, the cultural quality of the college students, and the future network resources would be the top batch in the past ten years.

Comparing the two, she certainly wanted to be a classmate with the latter.

"A-Shang, have you ever thought that if you don't go to college, you are likely to go to the countryside? Uncle Bai is the commander, so many eyes are on him. The four of you, brothers and sisters, have to go down one at a time Township."

After Bai Qingming graduates this year, he will also be recommended to go to university or join the army, and the number of places to go to the countryside can only fall on Yunshang.

In particular, the Bai family intends to transfer Bai Yancheng back to the capital in the past two years, so the Bai family's behavior is even more low-key. If Yunshang doesn't go to school, it's really hard for the Bai family to send Yunshang to the countryside under the eyes of many covetous eyes crossed off the list.

Of course, this was just Gu Shinian's worst estimate.

Judging from the current situation, Yunshang has already registered a name in the organization,

In short, Yunshang is getting paid every month now, even though she is still a student, she already has a formal establishment.

Although her work and establishment need to be kept secret, the higher-ups can't just kill a donkey just because she is young, and kick a little girl who has just returned from the task of towing oil bottles to go to the countryside to start construction.

Yun Shang has long forgotten that she has officially received her salary, and proudly raised her small chin, "I'm not afraid! Anyway, I'm not too old. It's a big deal to be cheeky and go to high school for another two years. After high school Get married directly! Or if I go to the countryside to stay for two years, I will go to Xinglin Village and accompany my grandpa and grandma for two years. When I am eighteen, you can go back to the village to marry me, and then I can go back to the city."

If you go to the countryside, you will go to the countryside. How can such a small matter be difficult for her.

Also, if she goes to college next year, she will have to wait until she is 21 to marry Gu Shinian, but if she goes to college later, she will be able to be with Gu Shinian in three years.

She is not stupid! Such a good second brother Gu, of course he had to be locked up early.

After Yun Shang finished speaking, Gu Shinian's heart beat like a drum.

He didn't expect that Yun Shang would easily say the words to marry him.

Even though she hasn't enlightened yet and doesn't know what it means to marry him, but this kind of behavior of relying on one person wholeheartedly, without hesitation, entrusting her marriage and the rest of her life to him still makes her The corners of Gu Shinian's eyes were hot, and he felt a sense of satisfaction that years of hard work had finally been rewarded.

Seeing Yun Shang's smug little face, Gu Shinian reached out with his long arms, hugged her onto his lap and sat down.

"A Chang, tell my second brother, is it true what you said... getting married?" Do you know what getting married means to you?

Suddenly changing positions, Yun Chang subconsciously supported Gu Shinian's chest, her eyes widened, as if she was not used to being so close to Gu Shinian.

In fact, after she was seven years old in her life, Gu Shinian had never hugged her like this.

This long-lost feeling, Yunshang is both strange and familiar, but also a little bit embarrassed, and secretly sweet.

"Ah Shang?"

Yun Chang didn't speak, but Gu Shinian couldn't help but urge her. She raised her head, her eyes still a little dazed, and when she met Gu Shinian's eyes full of hope and surprise, her heart softened, and she couldn't help but nodded slightly as he hoped.

After getting the answer he wanted, Gu Shinian's mind seemed to have thousands of fireworks blooming at the same time, so bright that even his eyes seemed to be dyed with starlight. He lowered his head subconsciously, like a traveler in the dark chasing light, eagerly but carefully touched her soft lips.
