Chapter 571: Dessert

Yun Chang's mind went blank, and she forgot to struggle all of a sudden.

In two lifetimes, this was the first time someone kissed her lips, so gentle and careful, she couldn't bear to have the slightest thought of resistance, and just indulged in it, enjoying the feeling of caring like pearls and treasures.

Yun Shang was quiet, obedient and bearable like a kitten, which seemed to have given Gu Shinian courage. He sucked her lips like a piece of soft and sweet jelly, licked and sucked her lips over and over again with the tip of his tongue. Draw the shape of her lips in detail.

The too good touch and the satisfaction after the extreme desire made his tough eyebrows look extremely soft, and his dark eyes looked at Yun Chang's delicate eyebrows, so deep that he almost sucked her in.

"Second Brother Gu..."

Yun Shang came back to her senses, hummed softly, before she could struggle, Gu Shinian rubbed her into her arms vigorously again, and instantly indulged in his extremely gentle but irresistible kiss.

"A Chang..."

After a long time, Gu Shinian murmured her name in a low voice, wrapped his arms around her body like iron, let go of her lips, and landed hot kisses on her face one after another. .

Yun Chang was lying in Gu Shinian's arms, her face was flushed, her long eyelashes were like two rows of small fans, flickering in a hurry, her hands tightly grasped his skirt, and she accepted his kiss dazedly, her heart softened. It was soft and warm, and the whole person was intoxicated by the ubiquitous and gentle care Gu Shinian gave her.

The blue sky outside the window gradually darkened, and a few stars appeared on the horizon, and the moonlight spread on the floor through the window, adding a bit of warmth to the quiet space.

In the white moonlight, the tall young man held a delicate and soft little girl in his arms, bowed his head and kissed her tenderly, it was as beautiful as a painting, one could not help but feel the sweetness in one's heart, and was reluctant to bother her them.

It wasn't until the high and low cat meows sounded in the room that Yun Shang exclaimed, pushed Gu Shinian's arm away, jumped out of his arms, and ran away with a whoosh like a frightened kitten. go out.

Just as the door closed with a "snap", before Gu Shinian came back to his senses, the door was pushed open from the outside again, and the blushing little girl ran in again. The two cats on the ground quickly ran out again.

Looking at the tightly closed door, Gu Shinian couldn't help but let out a low laugh. His thumb brushed the corner of his lips, as if even his fingertips were stained with the sweet breath between her lips and teeth, lingering on the tip of his nose, and refused to do so for a long time. Disperse...

Yun Chang lay on the bed, covering her face, tossing and turning, unable to sleep, the heat on her face took a long time to dissipate.

"Second Brother Gu is a big liar, and he clearly said that he would wait a few years before talking about the relationship..."

Yun Shang murmured in a low voice, couldn't help turning over and sitting up, grabbed the fat cat next to the pillow and shook it vigorously, "But... I don't hate Second Brother Gu kissing me at all..."

Does this mean that she actually likes Gu Shinian in her heart?

If you don't like it, how can you not dislike his kiss? But if it's the same as the previous life, she has always been Gu Shinian's younger sister, it seems acceptable...

Yun Chang's mind was in a mess, with various emotions rolling in her heart, she smiled sweetly for a while, frowned for a while, and in the end, she couldn't make up her mind how to get along with Gu Shinian in the future.

Gu Shinian's mind is much firmer than Yunshang's. In the next few days, in front of outsiders, Gu Shinian will show a good brother who cares about his sister. Many times, he turned into a hungry

wolf, pulling Yunshang to kiss and hug, and in just a few days, Yunshang completely adapted to the change of relationship between the two.

...

Once people get busy, the days pass quickly, and it will be the midsummer of the next year in the blink of an eye. The group also completed the task and retrieved the last cultural relic.

Yun Shang was wearing a long beige dress, holding the ball that was not moving very much in one hand, and the fur ball in the other hand, wandering around the room watching Gu Shinian and Lao Jin and Lao Li pack their luggage for home.

An Yunming was standing under the Moon Gate with a big paper bag,

Through the window, staring at the excited Yunshang in the room for a moment, his face gradually became difficult to look.

How much Hong Kong City annoyed her, and how much he annoyed her, so much so that she was going to leave Hong Kong City, so she was so happy, without any regrets.

Thinking of the things in his hand that he spent a whole day traveling all over the city of Hong Kong and buying for Yunshang all kinds of snacks that can be stored for several days, An Yunming's face darkened, he let go of his hands, and threw the big paper bag at the Moon Gate Next to him, he turned and went back to his own house.

But after entering the door, seeing Mei Yingxue and An Yunxi in the living room also prepared gifts for Yunshang and Gu Shinian, An Yunming stopped again, and after a while, he turned around awkwardly , went back to pick up the paper bag that had just been thrown away, and called Yun Shang out through the gate.

As soon as Yunshang approached An Yunming, he smelled a sweet smell of pastries, his eyes lit up immediately, and he pointed to the big paper bag in his hand and asked, "Brother Yunming! Is this for me?"

The corner of An Yunming's mouth twitched, he suppressed the urge to beat Yunshang, stuffed the paper bag into Yunshang's hand, and corrected her seriously again, "I'm older than you, I'm a brother."

It's been three years, and this cousin has never called him "brother" once, and now she is going back to country Y, and she is so heartless and angry with him, it's so bad that it makes people itch.

"Oh." Yun Chang responded casually, and when he spoke again, he followed An Yunming's wishes, "Brother Yunming, did you give me these pastries?"

"Well, don't you like to eat dim sum? These dim sum are only available in Hong Kong City, and you won't be able to eat them when you go to country Y..." An Yunming paused for a moment, then turned aside and said, "Whatever dim sum you want in the future, you can give it to your family. Call and I'll send it to you."

Although this younger sister has a bad mouth, she is still a good person and good-looking, and she has been sitting at the same table with him for three years. He is still very reluctant to part with her like this. In the future, I should send her more delicious food, lest this heartless sister forget him.

With snacks stuffed in her mouth, Yun Chang nodded repeatedly with puffed cheeks.

She has bought a lot of delicious food and stored it in the space one after another this year, enough for her to eat for several years, but she is still very happy that An Yunming has this kind of intention, even if she won't receive any mail from him in the future dim sum.

An Yunming pursed his lips, as if he was very dissatisfied with Yunshang's heartlessness, "An Yunshang, do you have anything to say?"

Yun Shang paused for a while while chewing snacks, looked at An Yunming, and said in a very sincere tone, "Brother Yunming, you have to study hard, don't fall in love early, and must go to the best university in Hong Kong."

Chapter 572 Second

An Yunming's face darkened even more. Thinking of the questions in his heart, he couldn't help but bend down, lowered his voice, and asked through gritted teeth, "An Yunshang, to be honest, are you my cousin? Are you my cousin?" Is Brother Yunzhou's surname An? Or... are your two names real?"

Yun Chang was shocked instantly, "...An Yunming, what nonsense are you talking about! I..."

"Didn't you return to Hong Kong to settle down? Why do you suddenly want to return to country Y? Didn't you take care of your ancestral property? Why did you often go to country Y in the past two years? And my dad..."

An Yunming stopped abruptly, pursed his lips, looked away slightly, and continued after a while, "I heard my dad talking to my mom in the study two days ago, and my mom also suspected you as for Brother Yunzhou's identity, my dad didn't say anything, he acquiesced."

If he hadn't heard those words, he wouldn't have dared to think deeply about these issues, but it was because of his father An Guosheng's silence that he was more sure that there was something wrong with the identity of the cousins who moved here three years ago.

Although the two families have gotten along very well in the past few years, and the cousins have always regarded their family as relatives, An Yunming felt angry and helpless when he thought that the beginning of their acquaintance was a lie.

Angry at Yunshang and Gu Shinian's deception to their family, helplessly, they have been together for three years, he really treats Gu Shinian as a cousin and takes care of Yunshang as a cousin, even if he knows the relationship between the two. Even if their identities are false, he will still be reluctant to let them leave.

Looking at An Yunming's tightly clenched fists, Yunshang swallowed saliva "gudong", secretly startled in her heart, but said in a nonchalant manner: "What are you thinking? You were eavesdropping outside, just how can you be sure that the second uncle is the default without hearing the voice of the second uncle? Anyway, my brother said that the second uncle is our biological second uncle, and you are also my biological cousin!"

snort! You already suspect her, and you still want to be your cousin?

Go dreaming!

An Yunming stared and ground his teeth angrily. The young man stood under the moon gate with his tall and thin body. In Yunshang's eyes, he looked a little pitiful.

"An Yunming, tell me about you, what are you putting in your head every day? I have been protecting you for three years? You have been calling me cousin for three years..."

"Who called you cousin!" An Yunming was about to go crazy, and the corners of his eyes couldn't help turning red, "An Yunshang! Let me tell you, no matter whether your surname is An or not, no matter whether your name is An Yunshang, From now on, I will be my cousin! Even if you change your name, you still have to call me brother when you see me in the future! Did you hear me!"

It's too much, cheating his feelings for three years!

He has protected her as his own cousin for three years, and when it happened, he wanted to pat her butt and leave, how could it be such a good thing.

No matter what reason she ran out to recognize this relative at the beginning, since she provoked their family, she had to be a member of their family, and when she met him in the future, she had to call him cousin.

Otherwise, he would have to vent his anger today.

Yun Chang didn't expect An Yunming to say such a thing, seeing him wheezing with anger, she couldn't help but smile with the corners of her lips curled up.

Finally, under An Yunming's increasingly resentful eyes, he nodded slightly, "You are my cousin. When I have a chance, I will come back with my brother to see you."

An Yunming's face looked better, he stared at Yunshang angrily for a long time, snorted coldly, and turned back to his small bungalow.

Chapter 573 Development

In August in the capital, even the air is full of sparks, the sun is so poisonous and hot that the leaves of the trees on the roadside are wilted and drooping. Adding the noisy cicadas, it is even more noisy. Distraught, unable to lift a trace of energy.

Yun Shang and Gu Shinian returned to the capital on such a scorching afternoon.

After getting off the train, wipe off the sweat beads on his head with a handkerchief soaked in cold water, and then run into Bai Qingjie's car parked outside the station under the sun, take a sip of the ice soda he prepared early in the morning, and feel refreshed. The coolness penetrated into my heart at once, and the hairs on the back of the comfortable Yunshang stood on end.

She drank half a bottle of soda in one go, and under Bai Qingjie's teasing eyes, she leaned on the back of the front seat and asked curiously, "Third cousin, I heard that both the first cousin and the second cousin made me a nun. They got married half a year late, why don't you believe me?"

Gu Shinian piled his luggage on the back of the car, and when he opened the door to get up, he just heard Yun Shang's words, the corner of his mouth twitched slightly, he pulled Yun Shang to sit behind him, and signaled Bai Qingjie, who was about to explode, to drive quickly.

This girl's mouth is really poisonous, poking wherever it hurts.

It is said that Bai Qingze and Bai Qingyuan are both fathers, but there is no news about Bai Qingjie. Isn't it cryptic that Bai Qingjie is really useless?

Which man can bear this?

Fortunately, this is his cousin, otherwise Bai Qingjie would have been appointed to fight the battle.

In fact, Bai Qingjie almost exploded at this moment, raised his hand and gave Yunshang a headache, turned around, started the car, and quickly drove towards the courtyard.

Yun Chang covered her head and looked at Gu Shinian pitifully, her big eyes full of doubt and grievance.

What is the third cousin doing to beat her?

She just wanted to be an aunt, so why did she get a brain collapse after urging Third Cousin?

Gu Shinian was amused, rubbed her forehead for her, and then chatted with Bai Qingjie about the current situation in China.

While listening to the two chatting, Yunshang turned her head and looked at the pedestrians on the street through the car window.

After this observation, it was discovered that there were many more cars on the street, and their appearance was by no means inferior to the cars of later generations.

"Third cousin! Why are there so many beautiful cars on this street? Is this a new car produced by the car factory?"

"Yes, the new model was just upgraded last winter. The engine and model are redesigned. It is also equipped with air conditioning. The speed is twice as fast as before. It is said that the engine technology is more advanced than foreign ones."

Bai Qingjie patted the steering wheel in his hand, and said with regret, "The organization wanted to change the car for my grandpa for the New Year's Eve. My grandpa didn't change it. He said he was used to riding in a jeep, and the air-conditioning in that small car made me panic."

Yun Shang and Gu Shinian glanced at each other, and both understood the meaning in each other's eyes.

This car, shouldn't it be produced based on the information they provided?

Otherwise, how could the engine technology leap to the top level in the world?

Thinking of this, Yunshang immediately became interested, and lay on the back of the passenger seat again, and asked Bai Qingjie, "Brother third, besides the car, what rare things have you produced in the past two years? Do you have any home appliances?"

"I bought a new TV and installed an air conditioner at home." Yun Chang's eyes lit up, and she was about to cheer, when Bai Qingjie continued, "We made them all ourselves."

Yun Shang: "..."

Those experts at the base are really amazing!

In just a few years, so many things have been researched and put into production.

It was worthwhile for her and Gu Shinian to take the risk of trying so hard to hand in the information.

Chapter 574: Visiting Relatives

Gu Shinian came back and rested for a day, and the next day he followed the old man to report on the assignment, and didn't even return home, so he went directly to the school to submit his graduation application.

By September, Gu Shinian had already become a graduate of a military academy. With his outstanding mission records in the past three years, he was assigned to the Yicheng Military Region and directly served as the company commander.

Yun Shang stayed with the old man at home for a month. After Gu Shinian went to Yicheng, he brought his two fat cats back to Linyang, stayed at home for a few days, and then returned to Lao Yun's house with all the money to see the old man. The two went.

Yunshang hasn't been back for three whole years, and the first time she saw her granddaughter who had grown into a big girl, the old couple were overjoyed. All kinds of delicious food went straight to Yunshang without saying anything, and sent Shuanzi to inform Yun Erchuan and Yun Shuilian's family, asking them to go back to Xiaoyanglou for dinner at night and clean up Yunshang's dust.

Yunshang took the boiled eggs peeled by the old lady, gnawed them, and asked about the situation at home, "Grandma, how is my aunt now, is she still in the Women's Federation? And the second uncle, what about the aluminum factory?" So, have you made progress as a cadre?"

When Yun Erchuan was mentioned, the old lady was as disgusted as ever, she curled her mouth and said dissatisfiedly, "Your second uncle can't even read the words in the newspaper, how can he be a cadre! You can just make do with some hard work.

Your aunt is not bad, the director was transferred back to the provincial capital years ago, your aunt had the highest education in the Women's Federation, so she took over the class of the secretary, and was promoted to the director after a year... By the way, Changnan, your aunt has added The two kids are both three years old this year, so you can watch them at night. "

Yunshang was stunned for a while before realizing it, and asked with a look of surprise, "Grandma! You mean...my aunt gave birth to twins!?"

Speaking of Yun Shuilian's twin grandchildren added three years ago, the old lady was obviously in a good mood, and said with a smile, "It's not a big deal, adding two brats at once, your aunt can't manage it every day, I'm so old Go and help her."

Yun Shang stuffed the remaining eggs into her mouth, frowned and asked, "Grandma, why are you bringing up my aunt? What about my aunt's family? They don't care?"

When they first got married, Zhou Wenhui made a good promise, saying that after marriage, he would treat Yun Shuilian well, and that the elders in the family would also help the young couple live.

It's only been a few years, why is her aunt reduced to the point where she needs her mother, who is almost seventy, to bring up her baby?

Seeing that Yunshang was empty-handed, the old lady hurriedly handed over a juicy pear, and then sighed, "Your aunt's mother-in-law can't get out of bed for more than half a year, how can she bear it for your aunt? , your aunt has to go to work again, if I don't help her out, she will have a hard time going on in that day."

Yun Shang nodded, and asked about how Luo Qiulan and Shuanzi Xiaoheiwa got along.

Then Luo Qiulan is a stepmother after all, and she can no longer have children, and it is impossible to regard Shuanzi and Xiao Heiwa as her own sons from the bottom of her heart.

Xiao Hei Wa is better, he has a carefree temper, and he is aggressive, but Yun Chang is not worried about Xiao Hei Wa being wronged.

On the other hand, Shuanzi, who has been introverted since he was a child, and has a delicate and sensitive mind, Yunshang was worried that Luo Qiulan's words were too serious or too light, which made Shuanzi think wildly again.

So quiet and lovely brother Shuanzi, she couldn't bear him to be wronged.

As soon as Yun Chang finished asking, the old lady's face darkened, and even the old man's face turned ugly.

"Grandma! What's the matter? Is it that Luo Qiulan is not good? Is she not good to Shuan Zi, or is she not filial to you and my grandfather?" In a hurry, Yun Shang stopped calling 'Second Aunt' and put down her hands Lizi asked anxiously.

"It's okay." The old lady said reluctantly, "She can't have children, and she will count on Shuanzi and Xiao Heiwa to take care of her in the future, and you and I will watch from the side. She dare not treat Shuanzi It's not good for me and Xiaoheiwa. Your grandfather and I can still work now, but if we don't need her to support us, we can't tell whether we are filial or not. It's just..."

The old lady glanced at the door, and sighed, "It's just that money is too important. She manages her own salary, and I have no problem with your father. But since last year, Luo Qiulan has been on the job. Jumping around to control your second uncle's salary.

Alas, it is also a worry. "

Yun Chang became angry in an instant.

This Luo Qiulan lives and boards at Lao Yun's house, and it's fine if she doesn't pay living expenses, but she even wants to control Yun Erchuan's salary, what does she want to do?

Is it possible that the old couple is still expected to spend money to support them?

Besides, there are Shuan Zi and Xiao Hei Wa, she has monopolized Yun Erchuan's salary, how will Shuan Zi and Xiao Hei Wa live? Do you also rely on the old couple to support you?

It's okay for the couple to earn wages and not support the elderly, but it's too shameless for a family of four to drink blood on the unemployed elderly!

Yun Chang's face darkened immediately, and she asked the old lady, "Grandma, is she upset that you brought my aunt a baby?" Otherwise, how could you do such an inhuman thing?

The old couple has no income, and the family's daily expenses will inevitably fall on Yun Erchuan's head. In addition, the old lady takes care of Yun Shuilian's baby every three days. After a long time, Luo Qiulan will inevitably feel unhappy, thinking that the old lady He was using Yun Erchuan's salary to fill Yun Shuilian.

But she couldn't make it clear that if she didn't want the old lady to bring Yun Shuilian's baby, she could only hold her and Yun Erchuan's wages in her hands, forcing the old couple to ask Yun Shuilian for living expenses.

This kind of petty thinking that can't be put on the stage is simply aggrieved and annoying.

No wonder the old couple looked ugly.

The old lady didn't expect that Yun Shang had said something to the point, and she didn't hide it from Luo Qiulan. She was aggrieved and angrily complained to her granddaughter.

"Tell me, your aunt and your second uncle are both my children, and I treat them the same as your grandfather. Shuanzi and Xiao Heiwa grew up in front of your grandfather and me since they were young, eating and drinking. Lazard, your second uncle never took care of it.

In the past two years, your aunt's life has been difficult, so I'll pull it out and take care of your aunt's baby, so that she can relax a little after get off work. You don't need her to spend money to support your aunt's baby, why is she so narrow-minded and not doing anything well behind her back! "

The old lady was so angry that she patted the table, and the old man also had a dark face. "Zizi" took two puffs of dry pipes, frowned and said, "Why are you talking so much to Changnan? She is a step-in-law, and she can still be our daughter-in-law." Home? If the jumping is really good, we will take the two children of Shuilian back to the village and let her take care of Shuanzi and Xiaoheiwa!"

Shuanzi will not talk about it, Xiao Heiwa has such a violent temper, if he knows that Luo Qiulan is angry with the old couple, he will go back and clean up Luo Qiulan every day.

When Yunshang heard that the old couple had thought of going back to the village, she immediately felt that the old couple had been wronged, otherwise they couldn't even leave their favorite grandson in the city.

Chapter 575 Careful thinking

"Alas..." the old lady let out a long sigh, and patted her head with a headache, "This Luo Qiulan used to look fine. When she first entered the door, her natal mother wanted Luo Qiulan to hang on to Erchuan to fill her natal family. Luo Qiulan was stunned and didn't respond. Why has Luo Qiulan changed in only five or six years?"

Yun Shang remembered that when Yun Shuilian got married, she and Bai Qingming overheard the conversation between Mrs. Luo and Luo Qiulan. At that time, Luo Qiulan refused to be squeezed by Mrs. Luo. She still felt that Luo Qiulan was smarter than Li Hongmei.

Looking at it now, this Luo Qiulan is not only smarter than Li Hongmei, she is simply too shrewd.

Then Li Hongmei is a brainless idiot, who doesn't know how to plan for herself, listens to her mother's family every day, eats inside and out, and breaks up her good home. Now she ends up being someone's stepmother and being beaten every day.

This Luo Qiulan is clear-headed, rational and calm. She knows what she wants from the beginning to the end, and she knows what she should do to live a good life.

The reason why Luo Qiulan rejected Mrs. Luo at the beginning was because Luo Qiulan knew in her heart that she would have to live in Lao Yun's family for the rest of her life, and pulling away her natal family would definitely make Lao Yun's family unhappy.

Li Hongmei's bloody corpse lay in front of her and was still warm. She was a barren woman, an outsider, and she was trembling, but she might not live well in Lao Yun's house. How could she have the confidence to follow Li Hongmei's example and step on Lao Yun's bottom line?

Besides, life is lived by herself, no matter how she drags her natal family, her natal family can't live on her behalf, and she can't even have a bed of her own in her natal family. Luo Qiulan is a smart person, so she naturally wouldn't let herself lose her head in her husband's house because of her mother's family.

But it's different now.

Luo Qiulan stayed at Lao Yun's house for five or six years, and after getting to know the family's kind nature, she was no longer the trembling outsider who had just entered the house.

She wanted to control Yun Erchuan's salary, not to support her mother's family, but to take the couple's income into her own hands.

Perhaps it was because she realized that she could not get Shuanzi and Xiaoheiwa to get close to her, and worried that Shuanzi and Xiaoheiwa would not give her a pension in the future, and Luo Qiulan would not feel safe. She's getting older, and she'll be better off.

Yun Shang understood Luo Qiulan's small thoughts, but did not accept them.

Yun Erchuan is the only remaining son of the old couple. He has to take care of the old man and has two children to support. This is a responsibility he cannot evade or shirk.

Luo Qiulan wanted to hold the money in her arms, no matter what, she had to take out the part of the old couple's money to support the family.

It's fine for her to eat and live in Lao Yun's house for free if she doesn't pay herself, but where does she have the face to pull Yun Erchuan and bring Yun Erchuan's two children to eat and drink for free at the old couple's place?

As a daughter-in-law, as the stepmother of Shuan Zi and Xiao Hei Wa, Luo Qiulan was too lenient in her life and conduct.

Yun Shang secretly sighed, feeling very sympathetic to Yun Erchuan in her heart. The previous Li Hongmei was too stupid, and abruptly broke up her good life with Yun Erchuan.

The current Luo Qiulan is too shrewd, so rational that she is almost indifferent, and the family who can stir up things quietly can't tell.

Having these two wives one after another, Yun Erchuan could really save ten years of life.

Shuanzi came back soon after making the phone call. The fourteen-year-old boy, although his body is still very thin, has long hands and feet, and is already half a head taller than Yunshang.

His fair complexion, coupled with his eyebrows and eyes resembling Yunshuilian, made his appearance much better than Yun Erchuan's tough face.

It's no wonder that Xiao Heiwa always complains that Shuanzi is the group favorite of Xiaoyanglou, and is the favorite of aunts and aunts.

Seeing Yun Shang staring at him persistently, Shuanzi couldn't help but curl up his mouth, and sat quietly beside Yun Shang.

Chapter 576 Do not provide for the aged

Shuanzi came back, and the old couple and Yunshang changed the subject tacitly, talking about Yunshang's situation outside in the past few years. After all, Yun Erchuan is Shuanzi and Xiao

Heiwa's biological father no matter what, so he still wants to save some face for Yun Erchuan in front of Shuanzi.

As a result, Yunshang became the focus of fire between the old couple and Shuanzi.

For example, have you ever been sick before, how are your family members, how are you getting along with your brothers and sisters at home, how is old master Bai treating Yunshang, how is the situation in the capital, is anyone provoking the Bai family, and Yunshang is outside Are you still a picky eater, are you eating breakfast, lunch and dinner on time, how are your grades in school, have you been bullied, etc., and so on.

Yun Shang said to the outside world that she stayed in the capital to accompany Mr. Bai in the past few years, but in fact she has been staying in the Hong Kong city. She doesn't know much about the situation in the capital and some common sense of daily life. , almost revealed the stuffing.

Fortunately, Xiao Heiwa quickly rushed in like a calf, hugged Yunshang, grinned, and said loudly, "Sister! You are back! If you don't come back, I plan to My brother and I went to the capital to find you! Sister! Why did you come back, I miss you, do you miss me?"

Speaking of staring at Yunshang with shining eyes, the little black face flushed with excitement.

It's a pity that Xiao Heiwa's face is too dark, even if she blushes, everyone can't tell

Yun Chang secretly breathed a sigh of relief, stretched out his hand to pinch Xiao Hei Wa's face, and said with a smile, "I think about it, I always miss Xiao Hei Wa!" Especially at this moment, I miss you the most.

Xiao Heiwa laughed with her mouth open, but before the laughter stopped, the ending was choked with sobs, and the circles of her eyes instantly turned red:

"Sister, is it because I'm so good at eating that you dare not come back to see our grandpa and our milk? The aunts and aunts in Xiaoyanglou said that I was too good at eating, and they ate you away, and that Luo Qiulan was just looking at you and wanted to have sex with you." Our grandpa and grandma divorced us, so we dare not be filial."

Yun Shang: "..."

She is a person with space in her body, how much can Xiao Heiwa eat, so that she can be eaten and run away?

The mouths of these old women are too broken.

"Don't listen to their nonsense! I haven't had a vacation these few years, or I would have been back long ago."

Yun Shang touched Xiao Hei Wa's head, followed his words and continued to ask, "Luo Qiulan and Yun Erchuan are not filial to our grandpa and grandma?"

As soon as these words came out, everyone in the room was stunned.

How much Yunshang didn't want to see Yun Erchuan, and even called his name directly, even refused to call Uncle Gu.

Xiao Heiwa rubbed the corners of her eyes, pulled Yunshang and began to complain, "Then Luo Qiulan doesn't want our grandma to bring a baby to our aunt, so she won't give our grandma living expenses. Every three to five days, I will send some cheap food, enough for us to eat After two or three meals, she said that she had bought vegetables for my dad's salary and sent them home. My dad is also a fool, hearing what Luo Qiulan said, he still felt that Luo Qiulan was sensible."

Yun Shang was so angry that her lungs exploded when she heard it, and she asked Shuanzi, "It's not good for our grandpa and grandma to tell your father, but why don't you and Xiao Heiwa? Our grandpa and grandma don't earn wages, so how can we support you?" both?"

The old couple have honest temperaments and need face, and they can't do the thing of reaching out to ask their son and daughter-in-law for money. That's why Luo Qiulan dared to blatantly deduct the living expenses that Yun Erchuan should pay.

Anyway, I don't worry about the old couple telling Yun Erchuan that they are not greedy for white things.

Shuanzi's face turned red when Yunshang asked him, hesitated for a while, and then whispered, "Sister, I told Xiao Heiwa not to say anything."

Seeing that Yun Shang was staring at him dissatisfied, Shuan Zi stretched out his hand, carefully tugged at Yun Shang's sleeve, and talked about his reasons for doing so.

"In the village before, our grandpa and grandma could earn centimeters, and I was raised by our grandpa and grandma's centimeters. Then I had a little Heiwa, and you sent milk powder back to support him.

When we arrived in the city, Xiao Hei Wa and I have been living with our grandpa and grandma. My dad never took Xiao Hei Wa with me. That is to say, in the first few years before entering the aluminum factory, I paid two-thirds of my monthly salary to our grandpa and grandma for the elderly, and it was also regarded as the living expenses and tuition fees of Xiao Heiwa and me.

Now it's fine if he doesn't give money to support the family. I've already thought about it. After graduating from middle school next year, I will go to work and earn money for our grandpa and grandma.

Anyway, my dad listens to Luo Qiulan for everything now. That woman hasn't supported my family for more than a year. No matter how confused he is, he should be able to sense it... It doesn't matter if he doesn't support me and Xiao Heiwa. There is no need to give him a pension.

Also, the house next to Xiaoyanglou is mine, and the living expenses and tuition fees he gave me and Xiao Heiwa in the past two years are regarded as rent for me. After I finish deducting the rent he gave, I will let him and Luo Qiulan live in the dormitory of the aluminum factory.

From now on, Xiao Hei Wa, my grandpa and my grandma will live as a family of four. When I earn money, I will support the family, and we can live without relying on him. "

When Shuanzi spoke, his voice was neither too fast nor too slow, and there were not too many emotional ups and downs, as if he was talking about other people's affairs throughout the whole process.

Obviously, this was not Shuanzi's momentary anger, but his thought after careful consideration.

But precisely because of this, what he said was particularly shocking.

With Shuanzi's attitude, it is obvious that he no longer regards Yun Erchuan as his family, or in other words, he does not plan to recognize Yun Erchuan anymore!

The room was silent for a while, including the old couple, who couldn't recover for a long time.

After a long time, the old lady spoke with trembling lips, "... Shuanzi! What are you talking about! That's your father! Why do you still want to break up with your father? Spread the word and let people poke You are the backbone!"

In this day and age, if anyone has a reputation of being unfilial, everyone will really look down on him when he goes out.

Even if you are working, it is more difficult than others to ask for a salary increase, let alone join the party.

Shuanzi's idea is simply destroying his own future.

Even little Heiwa turned pale with fright, opened his mouth, and stared at Shuanzi blankly for a long time, not knowing what to say.

Yun Shang looked at the old lady who was about to cry, and then at the embolus with a firm face, determined not to think that there was anything wrong with what she had done, thought for a while, and quietly pulled Xiao Hei Wa into the room.

"Sister, my brother, he, he..." Why did he dare to have such a rebellious idea so suddenly?

It's too scary.

He usually doesn't smile or talk to anyone he meets, and he has a good temper, but who would have thought that his heart is so cold and hard, that he dares not even recognize his own father.

Yun Shang never thought that Shuanzi, who was soft and shy like a girl when she was a child, would have such a cold and ruthless side.

However, Yun Erchuan was indeed a little confused, but he was not a bad person, even if he did something wrong, he wouldn't even have a chance to correct his mistakes.

Chapter 577 Gathering

Yun Chang sighed secretly, took Xiao Hei Wa to explain a few words, and after seeing Xiao Hei Wa nodding repeatedly to show that he remembered everything, the two quietly walked out.

Outside the house, the old man stopped smoking his pipes and sat on the bench sighing one after another. The old lady wiped her eyes and tried to persuade Shuanzi, while Shuanzi listened to the old lady's lecture without saying a word. , the attitude is very correct, but there is no emotional ups and downs in the eyes.

Obviously, Shuanzi didn't listen to the old lady's words.

Seeing that the old lady's mood was getting worse and worse, Yunshang hurriedly held the old lady's arm, swaying back and forth, "Grandma! I'm hungry! What can you make me delicious tonight?"

As soon as she heard that her granddaughter was hungry, the old lady immediately lost her mind to teach Shuanzi, she pulled Yunshang and said, "My daughter Chang likes to eat dumplings, your aunt took a piece of meat yesterday, and my grandma made dumplings for you! "

After finishing speaking, she still pinched her slender arm with her palm, and muttered with distressed face, "I also said that I ate well and slept well outside, ouch, I'm already skinny, so let's put it outside."

Yun Chang quickly rolled up her sleeves and washed her hands, helping the old lady knead the noodles and chop stuffing, and the whole family crowded around the dinner table to make dumplings.

Yun Erchuan received Shuanzi's call and urged Luo Qiulan to rush home after work. He passed by a state-run restaurant and went in to buy two large boxes of stewed vegetables for the family.

As soon as the couple entered the small western-style building, they hurried home. After entering the door, Yun Erchuan threw the lunch box on the table, strode up to Yunshang, and wanted to hug Yunshang as he did when he was a child.

As soon as she stretched out her hand, she suddenly realized that Yunshang was not much shorter than him. She withdrew her hand in embarrassment and scratched her forehead, "Shangnan is back? She lost weight. Your grandpa and grandma miss you, so stay here a little longer this time." God, let your grandma cook you some delicious tonic."

Yun Shang secretly rolled her eyes.

It's nice to say, let my grandma make delicious food for me to supplement, and my grandma doesn't make money, where can I get the money to buy delicious food for me?

Are you fooling around with your stupid donkey mouth?

Luo Qiulan also came over and smiled at Yun Shang, and followed Yun Erchuan to greet Yun Shang, "Shang, Chang Nan is back, is the journey going well?"

The smile on Yun Chang's face faded, and she nodded lightly, "It's okay."

After speaking, he smiled at Yun Erchuan, moved closer to the old lady, and followed the old lady to learn how to make dumplings very seriously.

Yun Erchuan is a rude person, he didn't notice Yun Shang's indifference, he laughed a few times cheerfully, turned around and asked about the recent situation of Shuan Zi and Xiao Hei Wa's house, and also helped the old couple with some hard work Son.

Luo Qiulan naturally sensed Yun Shang's dislike for her, the smile on her face froze for a moment, she lowered her head to wash her hands, sat back at the table, and helped make dumplings without saying a word.

...

Yun Shuilian and Zhou Minghui went home first after get off work, picked up the two big fat boys at home, brought some food, and the whole family hurried to the small western building.

After entering the door, they found that Yun Erchuan and his wife had already returned. Yun Shuilian glanced past Luo Qiulan indifferently, and ignored Yun Erchuan, who only knew a silly smile, put down the two children, pulled Yun Shang and let go.

In a few years, Yunshang's height has grown to 1.66 meters, and the baby fat on her face has gradually faded away. The little hair that was always stuck on her forehead when she was a child is gone, and the hair that just reached her shoulders has grown to her waist.

The thin beige autumn shirt on her body and the military trousers that fit her legs slightly outline her slender waist, making her tall and slender even more.

People at this time like a girl with a strong body and a round face. They feel that such a girl is rich and blessed. The child's delicate temperament, coupled with her pretty face, no matter where she goes, she can still easily attract the love of the elders.

As soon as Yunshuilian pulled Yunshang over, her eye circles turned red, she smiled and compared her height to Yunshang, and said, "I've grown taller! Changnan is now taller than my aunt!"

While talking, he also made the same movements as the old lady, pinching Yun Shang's slender wrist,

He also said the same thing as the old lady, "Why is this so skinny, it looks like a stick. Hurry up and ask your uncle to go out and find a few old hens, and let your milk stew for you to nourish yourself."

Zhou Minghui patted Yun Shuilian on the shoulder, pointed to the basket of eggs brought by the couple on the table, "The old hen didn't find it so quickly, didn't we bring sixty eggs. Two small ones Don't you want to eat stewed eggs every day, ask mom to give Changnan stewed eggs to eat, and we'll deliver it after eating."

Yun Shuilian came to her senses and called out to the old lady who was laying dumplings outside, "Mom! There are sixty eggs in this basket, don't forget to stew two eggs for Shang Nan when you cook them tomorrow!"

Before the old lady could speak, Xiao Heiwa stared at her eyes and said in surprise, "Girl, aren't these eggs the rations of Dabao and Xiaobao? My sister is already an adult, why do you still eat children's food?"

Oh my god, his sister's treatment is so good, she actually eats stewed eggs that only three-year-olds can eat, it makes him so hungry.

Shuan Zi grabbed the little Hei Wa and said with a straight face, "What do you know! I feel sorry for our sister, this egg is for her to make up her body."

"Oh, I see!" Xiao Heiwa nodded seriously, and met Shang Yunshang's eyes that seemed to be smiling but not smiling, her little head was aroused, and she immediately reacted, pointing to the eggs on the table and said, "Gu, this is Did you pay the food expenses for Dabao and Xiaobao?"

Yun Shuilian couldn't help laughing, and asked Xiao Hei Wa, "Little Hei Wa, do you still know the food expenses?"

"I know! My sister said that she has to pay for food when she eats at Grandpa Bai's house in the capital. Even Uncle Bai and Aunt Lin have to pay for food when they go back to Grandpa Bai's house to eat."

The old lady and Luo Qiulan happened to enter the door one after the other with dumplings. Hearing what Xiao Heiwa said, Luo Qiulan felt a sudden shock in her heart and subconsciously looked at Yun Shang. two rivers.

At this moment, Yun Erchuan was urging Shuanzi and Xiao Heiwa to wash their hands and eat, and he didn't notice Luo Qiulan's gaze at all. It wasn't until the whole family was sitting at the table preparing to eat, that Yun Erchuan realized her ugly appearance belatedly. complexion.

It's just that the whole family is here at the moment, even if Yun Erchuan has doubts in his heart, he can't ask Luo Qiulan in front of everyone.

Yun Shang stuffed a dumpling into her mouth, and from the corner of her eye, she noticed that Luo Qiulan tugged at Yun Erchuan's sleeve, and quickly kicked the little Heiwa next to her, giving him a wink.

After receiving Yunshang's signal, Xiao Heiwa quickly put down her chopsticks, stuffed the wine bottle in the middle of the table into Yun Erchuan's hand, and pushed him to sit next to Zhou Minghui, "Dad! Why are you patronizing yourself to eat? My uncle is a guest, and my grandfather is an elder, so you can sit over there and have a few drinks with my uncle and uncle! How crowded are you with us kids and women?"

Chapter 578 unfilial

When the granddaughter came back, the old lady was very happy, and she agreed with a smile, "Xiao Heiwa is right, our family is completely settled today, your father is happy, you and Minghui will accompany your father to have a drink or two." cup."

The old lady put the plate of stewed beef in front of Yunshang, saw that Yunshang had picked up a large piece of beef and ate it, and then asked, "Shangnan, why did I just hear Xiao Heiwa say that you still have to hand over to General Bai? Food expenses? Did General Bai ask you for food expenses?"

Young life! If you don't pay the food expenses, you won't be given food. Changnan is a small child, and she is still in school. There is no place to make money. Where can I earn money to pay the food expenses?

No wonder her eldest granddaughter lost so much weight, it turned out to be because of starvation!

The old lady's eyes were red with distress, and she secretly scolded the old man Bai for being out of tune, for treating Yun Chang harshly, and even kept his hands in his hands, wishing to pile up all the dishes on the table in Yun Chang's bowl.

Yunshang swallowed what was in her mouth, and said with a smile, "It wasn't my grandfather who asked me for food expenses, it was my father who asked me to pay for my father's food expenses. My father said that my father had suffered all his life, and we juniors should be filial. I can't let my grandfather support us little ones with a lot of grades.

Not only me, but even my uncle and my dad, in addition to paying for my grandfather's pension, they also have to pay for food when they go to my grandfather's house for dinner on weekdays, and they can't eat for nothing. "

As soon as Yun Shang said this, the people at the table, except Xiao Hei Wa, couldn't hold their chopsticks down.

Especially Luo Qiulan's face turned blue and white, and her heart fluttered non-stop, afraid that Xiao Hei Wa's big mouth would say that she withheld Yun Erchuan's filial piety for the old couple's pension.

But she was afraid of something, and when Xiao Heiwa heard what Yun Shang said, she immediately put down her chopsticks and said, "Sister, you still have to pay for living expenses when you leave home for dinner! Our family doesn't have to pay, my brother and I both eat our

father's money." My grandma has been with me for many years, and I haven't paid a penny. My dad, too, has never paid living expenses, and even our grandpa and grandma's pensions have not been paid for more than a year."

As soon as these words came out, Luo Qiulan immediately turned pale, while Yun Erchuan bit half of a dumpling in his mouth, and looked at Xiao Heiwa in a daze, with an expression of disbelief.

Yun Shuilian was so angry that she almost dropped her chopsticks, looking at Luo Qiulan's guilty look, and then at Yun Erchuan's bewildered and bewildered expression, there was nothing unclear about it.

Xiao Heiwa didn't tell lies, Luo Qiulan fooled her stupid brother.

Dazed and confused, he was once again an unfilial son.

Shuanzi put down his chopsticks very unhappy, and slapped Xiao Heiwa lightly, "Why are you talking about this? It's not like our grandpa and grandma don't have anyone to take care of them, so we don't expect him..."

Not to mention that Yun Shuilian would stuff the old lady with money and food and clothing every month, even Yun Shuilian's parents-in-law would often send Zhou Minghui large and small bags to Lao Yun's family on weekdays. Sending things to thank the old couple for helping to take care of the grandson of the Zhou family.

And Yunshang, although they haven't been back in the past few years, the old couple can receive Yunshang's remittance every year.

Coupled with the savings of the old couple in the past two years, even if Yun Erchuan has not paid pensions for more than a year, the old couple can live on.

When Yun Erchuan heard what Shuanzi said, his face became even more ugly.

What does his son mean?

Don't count on him? Does this mean that he is not allowed to take care of the old man and treat him as a member of the Yun family?

How many outrageous things did Luo Qiulan do behind his back to make Shuanzi say such things to him?

Yun Erchuan put the chopsticks on the table with a "clack" sound, and asked Luo Qiulan with a livid face, "Qiu Ling, you get my salary, and Hei Wa said that you haven't paid your parents pension for more than a year. What's the matter?" thing?"

Luo Qiulan's face was pale, her eyes were flickering, she was silent for a while, and then said softly, "Erchuan, I told you about this, we both have to buy another room for Xiao Heiwa... let's talk about me Every day or two, I deliver food home, Shuan Zi and Xiao Hei Wa have rations, and I..."

"Just deliver food?" Yun Erchuan almost vomited blood, his eyes turned red with anger, "What about the other expenses at home? Shuan Zi and Xiao Hei Wa's tuition fees, clothes,

There are also parents' clothes, the guy who lives, you don't care about it? "

He did know that Luo Qiulan delivered food to his house every now and then, and he also heard her mention that she wanted to buy a house for Xiao Heiwa to marry a wife in the future. The life of the old couple and their two children may not be as affluent as before .

Originally thought that Luo Qiulan might deduct some old people and two children's expenses, and life would be tighter than before, but he never imagined that Luo Qiulan hadn't given a penny here for more than a year, only every now and then. A basket of worthless greens was sent away.

Facing Xiao Heiwa's contemptuous eyes, Shuan Zi's indifferent expression, and Yun Shuilian's and Zhou Minghui's unbelievable gazes, Yun Erchuan was ashamed and ashamed, and at the same time, he couldn't suppress his anger .

Luo Qiulan was indeed smarter and more capable than Li Hongmei, she kept the house in order and gave him enough face in the factory.

With Luo Qiulan, his life is more comfortable than before.

But in just a few years, Luo Qiulan has committed the same problem as Li Hongmei, and she also has alien feelings towards him and this family.

She has never had a good relationship with her natal family. What is she trying to do by doing this?

Yun Shang couldn't see Yun Erchuan's foolish appearance very much, his complexion remained unchanged, and he ate the dumplings in a leisurely manner, but the foot under the table kicked Xiao Heiwa again.

Xiao Heiwa regained her spirits immediately, raised her eyebrows, and said in a loud and authentic voice, "Don't care! The clothes my brother and I, as well as my grandpa and grandma have been made by my aunt for the past two years! My brother said, Anyway, you never raised us, nor did you raise my grandpa and my grandma, and we will not support you in the future."

"Oh, that's right!" Before Yun Erchuan could react, Xiao Heiwa kindly notified him of big news, "This room belongs to my brother. My brother said that you gave it to my grandfather and me two years ago. I will pay the rent for my grandma's salary at that time. After the rent is deducted from the family you gave me, I will let you live in the dormitory. We support my grandpa and my grandma, so I don't count on you."

After finishing speaking, he smiled evilly, scaring Yun Erchuan, "My grandpa and grandma agree to this matter!"

You are so unfilial, you just do some inconsequential things to make the old man angry, I decided to get rid of your son for my grandpa and grandma!

Anyway, I don't want such an incomprehensible father like you!

old married couple:"....."

When did we agree?

This bastard who is full of talking about running trains, why doesn't he have a clue?

Seeing that Yun Erchuan almost fell off the stool in shock, and Luo Qiulan was too frightened to hold her chopsticks, Yun Chang quickly lowered her head to hide the smile on her lips.

Chapter 579 Conditions

Zhou Minghui on the side was also amused, turned his head away, coughed dryly, and tried hard to suppress the corners of his mouth that were constantly upturned.

With such two precious sons, plus the ghostly Yunshang, the eldest brother has suffered this time.

However, Yun Erchuan wanted to jump out to join in the fun, dropped the chopsticks in his hand, and said in a cold tone, "Brother, if you don't want to provide for your parents, you should have said it earlier. Minghui and I don't have much salary, so we should do it. Got it. From now on, just take care of your daughter-in-law, and leave it to me to take care of your parents for the elderly, but don't rely on our father and mother's good temper, and treat the elderly harshly behind my back."

Yun Erchuan felt that he had died unjustly.

He just explained the family affairs to Luo Qiulan, and as a result, this big black pot of unfilial piety and unkindness was buckled down one mouthful after another.

But he still can't complain, and he can't complain to others.

Who made Luo Qiulan his wife? The daughter-in-law was not filial to the elders behind his back, and treated the two children harshly. Although he was not instigated, in the final analysis, he was too stupid to teach the daughter-in-law and the family well.

Although Luo Qiulan is hateful when something like this happens, he cannot escape responsibility.

The old couple were disappointed with him, Yun Shuilian angered him for being unfilial, the children blamed him for being unkind, and he couldn't even say a sophistry.

He could only honestly admit the accusations against him by the next family.

The table was full of dishes, but Yun Erchuan couldn't take a bite. He is in his late thirties and almost forty, and he is still a serious worker. He even has the cheek to bring his wife and children, and his family lie down to eat the old man's flesh and blood.

Seeing that Yun Erchuan's face was so ugly, Luo Qiulan put down her chopsticks, turned her eyes around Yunshang and Xiao Heiwa, lowered her eyes, and honestly admitted her mistake:

"Erchuan, I always thought, Shuanzi has a room, no matter what, he has to prepare a room for Heiwa, otherwise the two brothers will blame us for being partial when they grow up.

I also mentioned it to my father and mother, so that my mother can tell me what is missing... This is because I was wrong, and I forgot about the temperament of my father and mother. Don't worry, tomorrow I will send over the pension owed to my parents, as well as Shuanzi's little Heiwa's expenses. From now on, I will send my salary every month, and I will send it to my parents as soon as possible..."

Luo Qiulan spoke softly and sincerely, and the more Yun Erchuan listened, the better his face became.

Yun Chang curled her lips secretly as she watched from the sidelines, scolded "stupid bastard" in her heart, and kicked Xiao Hei Wa again with her foot under the table.

Xiao Heiwa was secretly kicked by Yun Shang one after another, and almost cried in pain, grinning his teeth, frowning, and said what Yun Shang had told him earlier in the morning:

"Why are you so troublesome? My grandpa and grandma are decent people. What's the matter if you keep beating my dad's salary in your hand? If it gets out, the neighbors may think that my grandpa and grandma spent a lot of money What about the salary of the daughter-in-law?

How about this, anyway, my brother and I go to school in the aluminum factory, from now on my dad will get my dad's monthly salary and let my brother take care of the family bills, my grandpa and grandma don't have money in their hands, so it's easy People gossip. "

Shuan Zi glanced at the shoe prints on Xiao Hei Wa's trousers, and his heart moved, and he immediately followed Xiao Hei Wa's words, "Little Hei Wa is a good idea. Dad, you used to get two-thirds of your salary every month. To support the family, my grandma always asks for a penny to be split in half every month.

How about this, I will receive your salary in the future, and Aunt Luo's salary will be left for you to spend on your own, so that the life of you and Aunt Luo will not be tight, and the life of my grandpa and grandma will be more relaxed. "

As soon as the two brothers said this, Yun Erchuan's muddled mind had already followed the two's words to think about the possibility of this matter, but Luo Qiulan's face suddenly changed.

These two little bastards are really dark-hearted. If Yun Erchuan really agrees to the request of the two sons, not only will she have to make up for the family's family's family expenses for more than a year, but she will not be able to get Yun Erchuan's salary in the future, and even her salary will be used to support Yun Erchuan. two rivers.

If she really did that, why would she marry Yun Erchuan Tu?

Not only to provide for Yun Erchuan's parents in retirement,

She also needs to provide her wages to support Yun Erchuan, and in the future, she will marry Yun Erchuan's two sons, so that they can start a family and start a business. After all, these two little bastards may not necessarily give her an old age, then she will never be a member of Lao Yun's family. Is the old lady kid?

Still the kind of old lady who doesn't get paid and pays money!

Thinking about this clearly, Luo Qiulan was so angry that she almost lost her breath.

These two little bastards really think she is an idiot, at such a young age, they give birth to crooked eyes on her, and when she grows up, she will not be kicked out by these two little bastards!

Yun Erchuan had already been brainwashed by Shuanzi and Xiao Heiwa at this moment, and was about to nod his head in agreement, but saw Luo Qiulan stand up abruptly, and said with a livid face, "No! I don't agree with this matter!"

Xiao Heiwa frowned, and was about to say something, Yun Shang swiftly stuffed a dumpling into his mouth, and winked at Yun Erchuan, Xiao Heiwa immediately calmed down, lay down on the table, eyes Leaning towards Yun Erchuan contemptuously, waiting to see how he would deal with Luo Qiulan.

Luo Qiulan rejected the matter in front of the whole family, and Yun Erchuan was more or less embarrassing, especially when he looked at Xiao Heiwa who disliked him, and the shame in his heart was even more uncontrollable. After picking up the dumplings in the bowl, she dragged Luo Qiulan back to the house.

The old lady was worried that the two would quarrel, so she kept looking into the room in a state of anxiety, and she still kept muttering to Xiao Hei Wa and Shuan Zi, "These two children, aren't what they said embarrassing others? Erchuan should support a family." But Ren Qiulan has nothing to worry about in our house except Yun Erchuan, we have to think about it later, how can we spend other people's money..."

Yun Chang couldn't hear what the old lady said, so she took a chopstick of scrambled eggs and put them in the old lady's bowl, and said, "Grandma, my second uncle knows about this, so you and my grandfather can eat with peace of mind."

The old couple made allowances for Luo Qiulan's inability to give birth and her inability to integrate into the family alone, and allowed her to keep her salary so that her life would be easier when she was older.

But the problem is, Luo Qiulan doesn't accept the old couple's favor, she regards the old couple's consideration for her as cowardice, and bullies the old couple step by step. Save face?

She saved all her wages, and was still not satisfied with living in Lao Yun's house, and wanted to covet Yun Erchuan's wages. Did Luo Qiulan marry here to live, or did she find a place to eat and live for herself?

Even if you are looking for a place to eat and live, you still have to pay for the rent and meals.

Luo Qiulan spared no room in the front, Shuanzi and Xiao Heiwa fought back, why did Luo Qiulan think that Lao Yun's family had gone too far?

Chapter 580 Living in a dormitory

Shuanzi and Xiaoheiwa didn't expect Luo Qiulan to agree to such harsh conditions at first, and everyone had to have a fight in the end.

In the end, if Luo Qiulan didn't want to get a divorce, she still had to sit down and negotiate terms with Yun Erchuan, Shuanzi and Xiao Heiwa slowly.

Negotiation is nothing more than a matter of one person making a concession.

Shuanzi and Xiaoheiwa's conditions seemed harsh, but they took a step back a little later, which was the result of Luo Qiulan's salary being controlled by himself, Yun Erchuan's salary being in the hands of the old couple, and he only kept cigarette money and transaction expenses every month.

To Luo Qiulan, having food, lodging, and a place to keep her salary is very generous.

If she can accept it, she can continue to live in Lao Yun's house. If she can't accept it, she will either divorce Yun Erchuan, or the couple will leave together.

It's just that the old couple will inevitably be sad when the time comes.

Everyone outside the house stopped talking, but Yun Erchuan and Luo Qiulan's atmosphere inside the house was very tense. If they were not worried about disturbing the neighbors, the couple would have started arguing long ago.

Luo Qiulan burst into tears and sat on the bed, tilting her head and not looking at Yun Erchuan, "...I have been here for five or six years, and Shuan Zi and Xiao Hei Wa don't even call me Mom, they always call me Aunt Luo. Your salary Use it to support the whole family, and then my salary will support you, after all, shouldn't my salary also be used to support your family?"

"It's not that I don't want to support a family, but if I support a family, I have to make a good face, right? I spent money, and the two children didn't even say 'Mom'. What do you think I'm trying to do?"

"I can still work and earn wages, and my two children will look down on me. When I get older and can't work, the two children will look down on me even more? Tell me, I can Do you believe that Shuanzi and Xiaoheiwa will take care of me in the future? I have you now, so I don't have to worry about food and clothing, but in case something happens to you, what should I do? I can't count on your two sons, so I have to save money for myself. A way out?"

"Do you really think I'm that evil stepmother of Qi Zi? This house belongs to Shuan Zi. As a father, you can't just make a house for Shuan Zi and not Xiao Hei Wa, right? Also, I'm a stepmother, Shuan Zi My son and Xiao Heiwa didn't get close to me at first, but when we marry a wife, how can that wife like me? By then, we will have to move out if we don't live together? It's not a small amount of money to buy a house, you If you don't save money now, what will you use to buy a house in the future?"

Luo Qiulan talked and cried all the time, suppressing Yun Erchuan's little thoughts again.

In his heart, it was as if two villains were tug-of-war. For a while, he felt that what the two sons said was reasonable, and for a while, he felt that Luo Qiulan's reasons were also sufficient, and he could not refute either of them.

This kind of dilemma and embarrassment drove Yun Erchuan almost crazy.

He leaned on the table, looked at the tears rolling down Luo Qiulan's chin, opened his mouth again and again, and after a while he could barely utter a few words, "You, don't cry, it's me, I'm not capable, I If you want to live up to expectations, you can get more salary..."

Luo Qiulan's sobs froze for a moment, and she turned her head in a daze, almost suspecting that there was something wrong with her ears.

Is this a matter of salary?

This is Yun Erchuan's attitude on this matter.

Is it because he is more interested in the two children, or in her half-way daughter-in-law?

If he doesn't want to solve the problem, but just wants to make peace in the middle, no matter how much he earns, he will still have problems!

He can't coax the elderly and children, nor can he comfort his wife. This man is really confused.

Thinking about it this way, Luo Qiulan cried even more fiercely.

She felt that her fate was miserable, the first man was capable, but it was a pity that she couldn't give birth to him and he would not want her.

The second man is Yun Erchuan, who treats her well, but his head is like a paste, living with such a man, she is really aggrieved and has nothing to say.

Luo Qiulan always thought that she was a smart person and not bad looking, but it was because she couldn't have children that she lived her life like this.

She can see the end of this miserable and fucked up life at a glance,

But she was unable to break free, and did not dare to break free.

Lao Yun's family are all kind people, and Yun Erchuan is also honest. This is the best destination she can choose now.

If she is not satisfied anymore and leaves Lao Yun's house, who else can she marry in the future, not to mention that her natal family has no room for her to eat and live?

Just because she can't give birth, who can she marry to be a stepmother? Even if Shuan Zi and Xiao Hei Wa were not close to her, they never made trouble with her behind her back, nor did her parents-in-law treat her harshly. If she remarries again, she can still meet such a kind in-laws, and the children can still be polite to her like Shuan Zi and Xiao Hei Wa?

Luo Qiulan is too shrewd and rational, she can think clearly about these issues better than anyone else. That's why she hated the kindness of Lao Yun's family, and at the same time disliked Yun Erchuan's uselessness and inconsiderateness.

Yun Erchuan didn't know Luo Qiulan's small thoughts, seeing that she had treated her family harshly for more than a year, but she still cried endlessly because of grievances, and made him lose such a big face on Yunshang's first day home, I also began to feel irritable in my heart.

He's the one who should cry the most, okay?

Luo Qiulan did so many unkind things behind his back, which made him lose face in front of the whole family, and caused his two sons to divorce him. He didn't even cry, Luo Qiulan was wronged?

The two sons are not close to her, but he has never seen Luo Qiulan take the initiative to get close to his two sons.

Could it be that she was still counting on Shuan Zi and Xiao Hei Wa to rush to curry favor with her, chasing her and calling her mother?

Luo Qiulan is considered a good child if the two children don't make trouble behind their backs, what else does she want?

Yun Erchuan scratched his head irritably and frowned, "Don't cry! Pack up your things, we will live in the factory dormitory from now on."

Anyway, Luo Qiulan can't get along with her parents and children, so don't live together in the future.

The fragrance is far away and the smell is near. After we separated, we will not make any noise even if we want to.

To say that this Yun Erchuan is a fool is a fool, but honest people also have stupid ways of honest people.

Unable to figure out how to ease the conflict between the daughter-in-law and the family, he simply hit a straight ball and hit the nail on the head.

Don't get along well, then don't put it together, everyone lives their own lives, and don't worry about anyone else.

Luo Qiulan was stunned, she forgot to shed her tears, and stared blankly at Yun Erchuan, "A dormitory? Yun Erchuan! I'm married! You let me live in a dormitory with a bunch of unmarried female workers!?"

She's in her thirties, so what's the deal with living in a dormitory with a bunch of little girls!

Yun Erchuan doesn't feel ashamed, but she doesn't feel ashamed to face others.

What the hell did she do to marry such a fool!
