

## Thrive 581

### Chapter 581 Solution

Yun Erchuan didn't look at Luo Qiulan, opened the cabinet to pack his clothes, and said, "This is Shuanzi's room, if you and Shuanzi don't get along, we can't live with Shuanzi anymore.

In the future, you will keep your salary for food, and I will not spend your money. My salary will be left to my parents and two children, and only a few yuan will be left for food and expenses every month... Don't worry, we are both regular workers. After a few more years, we should be able to share rooms in the factory. Life is better. "

Luo Qiulan: "..."! ! !

I can fuck you!

People in their thirties and almost forties want to live in a dormitory with a bunch of unmarried young people, so they still want to live a good life?

How big a face is it to say such shameless words!

Luo Qiulan was so angry that her hands and feet were shaking, her face was flushed, her throat was itchy, and she was almost bleeding.

But she had just said bad things about Shuan Zi and Xiao Hei Wa, no matter what, she had no face to say that she would not leave and insisted on staying here.

Seeing Yun Erchuan swiftly stuffing the clothes into the bag, Luo Qiulan couldn't bear it anymore and rushed over, crying and beating Yun Erchuan.

"You heartless! I'm in my thirties! You let me share the dormitory with a bunch of little girls, do you want people in the factory to see my jokes! I've been married to you for so many years, and your family can't afford it Well, in the end, I have to stay in the dormitory for people to see jokes, what am I going to do with you! I'm not going to live anymore, I'm not going to live anymore!"

Yun Erchuan was also angry, and he pushed aside Luo Qiulan, and asked with a livid face, "Then what do you want to do? Continue to eat my parents' house, live in Shuanzi's house, and put both of our wages in your pocket after we're done? What do you think?" So beautiful!"

You keep the income of the couple, and then eat and live the elderly and children, really think that this home is a gold mine for her to hold money, her pockets are full, and she has found a new home, so she can retreat at any time?

Seeing that Luo Qiulan was still making trouble, Yun Erchuan turned cold-faced, "Luo Qiulan, if you feel that you have been wronged at our old Yun's house and embarrassing you by following me, Yun Erchuan, then we two will go for a divorce tomorrow! Don't delay your search for another home."

Luo Qiulan froze when she slapped Yun Erchuan, looking at Yun Erchuan's cold face, it was as if a basin of ice water had been poured over her head, completely extinguishing the little flame that had risen in her heart.

She is already a second-married person. If she gets divorced again, who would dare to want her?

But men are different from women, especially the kind-hearted people like Lao Yun's family, even if Yun Erchuan leaves three or five times, there are still women who are willing to marry.

Especially the big girls who came from the village as temporary workers in the factory, in order to stay in the city, let alone a middle-aged man with a formal job like Yun Erchuan, no matter how old they are, some people are willing to marry.

So the matter of divorce has no effect on Yun Erchuan, but for her, the situation is not so good.

Luo Qiulan is a person who can bend and stretch, seeing that Yun Erchuan was really angry, she didn't dare to make a fuss anymore.

"... Erchuan, my parents and the two children are here. We live and eat in the factory and don't go home. It's shameful to spread the word."

Seeing that Yun Erchuan's face was still gloomy and frightening, Luo Qiulan stepped forward and tugged at his sleeve, and then coaxed, "...how about this, isn't Shuilian's room upstairs rented out,

go ask Shuilian , to see when the family rents, or we can just rent the room of Shui Lian, live at home, and take care of our parents and two children at any time."

After Yun Shuilian got married, the upstairs house was rented to a newly married couple. Yun Erchuan's family lived in Room 2 on the second floor, while the old couple lived in Yunshang's room and guarded the house for her.

At this moment, Luo Qiulan proposed to rent a house, but Yun Erchuan didn't reject it outright. After thinking for a while, he asked her instead, "What about the rent? How much rent do you plan to pay Shui Lian, and who will pay for the rent? Also, we used to have breakfast. They are all eaten at home, how will we deal with breakfast in the future? Or come down and eat for nothing?"

When Yun Erchuan asked these questions, it was obvious that he didn't want to rent a house, and he didn't plan to eat breakfast with the old couple anymore.

Luo Qiulan was very upset, she didn't want to get a divorce, but when she thought about not getting a divorce, she would have to go to the factory to share the dormitory with a group of girls,

Let people see the joke, and had to bear the aggrieved and continued, "We don't take advantage of Shui Lian, we will pay as much rent as we want, and I will pay for the rent. For breakfast, we will go to the factory to eat later."

Yun Erchuan thought for a while, nodded, and slowly stuffed the baggage back into the cabinet, "Just do as you said, and I'll tell Shui Lian later to ask her to take the room back."

The old couple are old, and the two children are still young. If he really lives in the factory and doesn't come back, if something happens to the family, there will be no one who can take care of it.

From now on, he and Luo Qiulan will live upstairs, so they can take care of the family nearby, and can separate Luo Qiulan from the two children, so he doesn't have to worry about us not being able to get along.

Yun Erchuan no longer mentioned the matter of divorce, and no longer insisted that he must live in the factory dormitory. While Luo Qiulan was relieved, she felt sorry for her pocketbook.

But after what happened today, she no longer dared to fool Yun Erchuan as before.

Especially when Xiao Heiwa mentioned that Shuan Zi actually had the idea of breaking up with Yun Erchuan, and even used the tuition expenses that Yun Erchuan gave him before as rent, Luo Qiulan's heart was as if soaked in ice water, chilling. It was unbearable to be shocked.

This kid Shuanzi usually doesn't talk much and is very polite to others. He looks soft-tempered, but who would have thought that this kid's heart would be so cold and hard that even his own father said no to it.

Not even giving Yun Erchuan a chance to explain, nor giving him a chance to correct his mistakes, he unilaterally pronounced Yun Erchuan's crimes, and unilaterally decided not to have Yun Erchuan as his real father.

Thinking about it this way, it doesn't seem so unacceptable for her to be treated coldly as a stepmother.

There is also little Heiwa, who seems careless and silly, and doesn't care about anything, but this baby is also smart.

Since she and Yun Erchuan came in today, every word Xiao Hei Wa said had a deep meaning, and the whole family followed Xiao Hei Wa's topic unconsciously, until he pretended to be crazy and foolishly concealed it from her. What happened to Yun Erchuan for more than a year was revealed.

What's even more shocking is that he deliberately chose a time when the whole family got together to tell the story.

Yun Erchuan cares about face, he lost such a big face in front of Yunshang who hadn't seen him for three years, and when he became angry from embarrassment, he would definitely quarrel with her.

Now that I think about it, Xiao Hei Wa had already planned to cheat her...

Luo Qiulan felt a wave of fear in her heart. She had been fooling the whole family of Lao Yun's family for the past two years, and in the end, she was the biggest fool.

Everyone endured until today to expose her, probably because...you are tired of watching monkey shows.

## Chapter 582 death

Luo Qiulan sat on the head of the bed in a daze, thinking about what she had done in Lao Yun's house in the past few years, and the more she thought about it, the more she felt that what she did was ridiculous.

Thinking of the end, Luo Qiulan felt a sense of resignation.

This is the only way for her in her life, no matter how bad it is, she can only stay at Lao Yun's house to live.

Fortunately, Yun Erchuan still has a fancy to her. Even if the two children do not get close to her, they will not be hostile to her or play tricks behind her back to tease her. .

It was her blessing to be able to marry into such a family for her second marriage. If she continued to be as generous as before and fooled the whole family as fools, next time, the Yun family would probably not expose the matter so lightly.

Wanting to understand this, Luo Qiulan clearly realized for the first time that Yun Erchuan was confused, but there were still people in Lao Yun's family who were not. Her restless heart, which had been restless for nearly two years, finally fell silent.

.....

The wind blew all night at night, and when I woke up in the morning, it was indeed raining outside.

It was already cold in Fenyang in October. When it rained suddenly, the temperature suddenly dropped sharply. The thin sweater on Yunshang was replaced by a thick sweater.

The old lady had just turned on the stove, ready to cook some pumpkin and millet porridge for breakfast, when the Yunshuilian couple, who were supposed to go to work, hurried upstairs with a small meat dumpling in their arms.

Yun Chang's eyes lit up, and she was about to knead Da Bao and Xiao Bao's round face for fun, but Yun Shuilian avoided her hand, stuffed Xiao Bao in her arms to the old man, and dragged her into the room.

"Gu, what's the matter? I still want to play with Dabao and Xiaobao."

Yun Shuilian's complexion was not very good-looking, she sighed secretly, and asked, "Shangnan, have you called Shi Nian these two days?"

Yun Shang shook her head, "Not yet, I was planning to make a phone call after breakfast, what's wrong? Did something happen to Brother Gu?"

"No." Seeing Yun Chang's face changed, Yun Shuilian quickly denied it, "An accident happened to Gu Huaqing. And Zhou Mingjuan also had an accident."

Hearing the names of Gu Huaqing and Zhou Mingjuan again after a few years, Yun Shang was in a trance for a moment, and after recovering, she heard Yun Shuilian continue:

"In the morning, someone called your uncle from the labor farm in the Northwest, saying that something happened to Zhou Mingjuan and Gu Huaqing... They disappeared last week."

Yun Chang was stunned, and it took a long time before she asked, "... Auntie, what do you mean when you say it's gone?"

Could it be what she thought?

Probably because she was frightened by the situation in the past few years, even in her own home, there was no outsider in the room, Yun Shuilian subconsciously looked around and said in a low voice, "It is said that she died of a serious illness."

Yun Chang frowned.

If one of these two people died of a serious illness, it would be normal, after all, the labor camp has really not been a good place in recent years.

But Gu Huaqing and Zhou Mingjuan are a couple. They tore their faces apart before they were sent down. The so-called husband and wife friendship has long been lost. What kind of fate can make these two people get sick and die at the same time after a few years of divorce? ?

No matter what Yun Chang thinks, there are other secrets about the death of these two people.

"Gu, what about Gu Mingzhu? Has my uncle heard from Gu Mingzhu?"

When Gu Mingzhu was caught making broken shoes with Director Zhu's son, he was also sent to the Northwest Farm. If something happened to Gu Huaiqing and Zhou Mingjuan, Gu Mingzhu would not be unaware of it, right?

Yun Shuilian's face became even more ugly, "Your uncle asked a special question in the morning, and they said that Gu Mingzhu passed away two months ago. He said that he hit his head while fighting with someone and couldn't be saved."

Yun Chang was startled, and suddenly widened her eyes, "Auntie, so... the family of three is gone?"

Yun Shuilian nodded silently.

"Your uncle has a comrade-in-arms assigned to the farm, so he just mentioned it to him. He didn't want to take special care of him. He just wanted to let the two old men in Dafang know that Zhou Mingjuan was doing well there. I didn't expect to come here today. Such a phone call.

"

Yun Chang's mind was also in a mess, and she didn't know what to say for a while, and asked after a long time, "Auntie, uncle, what's the plan now... Do you want to go there in person, or call the provincial capital and let me know what to say?" People from the big house of the Zhou family in the past?"

People die like lights go out.

No matter how bad Zhou Mingjuan was, she never let her natal family down.

In order to protect himself, the Zhou family had severed ties with Zhou Mingjuan before. Now that he has died in the labor camp, it is really unreasonable for the Zhou family to let Zhou Mingjuan go away decently if he doesn't go to collect the body.

"Your uncle can't go there!" Yun Shuilian said firmly, with a cold expression on her face, "Zhou Mingjuan's parents are still there, and at worst, there are still brothers and sisters. Until your uncle comes forward.

If the Dafang people can be ruthless, they will let the farm dig a hole and bury Zhou Mingjuan. If they still cared about the kinship, they would go over to collect Zhou Mingjuan's body.

Your uncle is from the second room, so we won't come forward about this matter. "

Yun Shang breathed a sigh of relief, and was thinking about calling Gu Shinian later, whether to tell the news of Gu Huaiqing's death, but Yun Shuilian said:

"Shangnan, tell Shinian about Gu Huaiqing later, and ask him to call Gu Guangzong and ask Gu Guangzong to collect Gu Huaiqing's body."

Back then, Gu Guangzong severed the mother-child relationship with Zhang Chunni with great fanfare in order to look back at his family. Since he wanted to be Gu Huaiqing's dutiful son, Gu Guangzong naturally gave Gu Guangzong the job of collecting Gu Huaiqing's body.

As for Gu Shinian and Gu Pangu, they severed their father-son relationship with Gu Huaiqing ten years ago. It is only necessary to know about this matter. It is more appropriate to leave it to Gu Guangzong's filial son to deal with funeral affairs.

Yun Chang's eyes lit up, and he nodded in agreement.

That's right, Gu Guangzong is Gu Huaiqing's filial son, this job should be left to Gu Guangzong!

"Gu, this is why you came here with uncle today?"

"I guess. The current situation is still not very good, and the Armed Forces Department is also in great chaos. I'm afraid that Dafang will drag your uncle to the labor camp, and want him to go on a business trip and hide for a few days."

Now is the time for conscription, and Zhou Minghui just took advantage of the opportunity of the political trial to go out for a month.

Not only can he avoid those bad things in the unit, but he can also avoid the big house, so as not to get caught up in Zhou Mingjuan's affairs.

No matter how shameless the people in Dafang were, Zhou Minghui couldn't delay the conscription work to deal with the funeral of a reform-through-labor prisoner.

Yun Shang nodded clearly, and asked Yun Shuilian, "When will uncle leave?"

"The train in the afternoon. I will ask him to give you the briquettes for this month, and then repair the kitchen door. After dinner, you can go to the train station."

Chapter 583 threat

When Gu Shinian heard the news of Gu Huaqing's death, he was really shocked.

Gu Huaqing is only forty-six years old this year, and his body has always been strong. When he was taken away by members of the Revolutionary Committee in the early days, he did not suffer much. Even if he spent five or six years in a labor camp, his body would not be exhausted.

Otherwise, wouldn't all those people in their sixties who had suffered a great crime be unable to survive?

In particular, Gu Huaqing died at the same time as Zhou Mingjuan, which seemed strange no matter how you looked at it.

It's just that Gu Shinian couldn't say these words directly to Yun Shang through the phone, so he kept his doubts in his heart, asked about the current situation of Lao Yun's family, and gave Yun Shang a few words before hanging up the phone sticky .

Gu Guangzong, who had been hanging around in Qinghe County all day, eating and waiting to die and having nothing to do, was only surprised when he received the call and learned of the news of Gu Huaqing's death, and he didn't express anything else.

Gu Shinian didn't talk too much with him, and said through the phone with a calm voice, but with an unquestionable tone, "Gu Guangzong, Gu Mingzhu passed away two months ago, he only has you as a relative now, you should go there as soon as possible Help him deal with the funeral."

"Why me!" Gu Guangzong subconsciously retorted, "Isn't your surname also Gu? And Gu Pangu! You two hide away and let me collect the corpses of the prisoners in the labor camp. You think my life is too easy. , you want me to be a reform-through-labour prisoner too!"

Everyone was born to the same parents, why should he collect Gu Huaiqing's body alone?

My heart is really broken!

For such an unlucky job, the two of them hid far away, and just sent him to collect Gu Huaiqing's body. They wanted the Revolutionary Committee to follow him and send him to labor reform, right?

What a dream!

Gu Shinian knew that Gu Guangzong would say that, and he sneered in his heart. Through the phone, he stabbed at Gu Guangzong with a soft knife, "Did you forget? Didn't you tell me and Gu Pangu to sever ties with Gu Huaiqing back then? Now Gu Huaiqing You are the only son, if you don't collect the corpse, who will?"

Speaking of this, Gu Guangzong hated him greatly.

Thinking of his boasting of Gu Huaiqing's good character and his admiration in the statement back then, Gu Guangzong wished he could smash his own hand and stab Gu Shinian a few more times.

If Gu Shinian hadn't plotted against him back then and asked him to write such a disgusting and hypocritical statement, he would have severed ties with Gu Huaiqing as early as six or six years ago.

It wouldn't be because of Gu Huaiqing that he came back from the army in disgrace, and he wouldn't be unable to find a decent job for so many years, and could only rely on the support Zhang Chunni won for him from Gu Huaiqing.

Gu Huaiqing's thin cheeks were extremely gloomy, he rubbed the messy blue stubble on his chin, and said viciously, "Then I won't go either!"

"Not going?" Gu Shinian on the other end of the phone sneered, and threatened him in an upright manner, "I still keep the statement back then, and I will send the statement to the Revolutionary Committee of Qinghe County tomorrow. Since you If you don't want to collect Gu Huaqing's body, then go and explain to the Revolutionary Committee that you admire Gu Huaqing's character."

Gu Guangzong: "..."

Shameless?

Isn't it just that people have troubled him several times in the past!

Then Xue Liuzi didn't really kill him, as for being so persistent, did he cheat him time and time again with a statement!

Hearing Gu Guangzong ask these words without shame, Gu Shinian was almost annoyed.

Gu Guangzong paid him to kill him. If he hadn't had some skill and luck, he would have died on the streets of Qinghe County ten years ago on New Year's Eve.

Where did Gu Guangzong have the face to blame him for perseveringly targeting him?

If it wasn't for forcing Gu Guangzong to collect Gu Huaqing's body, he would have left this heartless thing behind, where did he have the time and leisure to target him.

Gu Guangzong was twenty-seven years old, standing in the post office, almost forced to cry by Gu Shinian on the other end of the phone.

Up to now, he is still a person under the control of the street. There is no major event, and he cannot easily leave Qinghe County.

If you really go to the labor camp to collect Gu Huaqing's body, let's not talk about what will happen there,

For the Qinghe County Revolutionary Committee alone, they had to interrogate him again and ask him to write hundreds of self-criticisms.

It was good for Gu Shinian, he just touched his lips and handed over this disgusting and untouchable dirty thing to him. After he suffered and suffered, he would nod and bow down to accept the anger. Gu Shinian was like a normal person, staying in the army for various meritorious service and promotion.

They are obviously brothers, how can the difference be so big!

It's just that Gu Shinian held his handle, even if Gu Guangzong was reluctant, he still had to hold his nose and agree, and promised to set off for the northwest as soon as possible.

After fooling Gu Guangzong, Gu Shinian lowered his voice and whispered about his doubts.

"...The Zhou family should also take care of Zhou Mingjuan's funeral, and then you can just follow the Zhou family.

Also, Gu... he, he and Zhou Mingjuan had a tearful relationship before they were released. The two of them had an accident at the same time this time. I always feel that things are not that simple. You'd better find out what happened to him when you're there, I suspect there's something else going on. "

After all, Gu Guangzong stayed in the army for a few years, and his mind and skills have been tempered. When Gu Shinian said this, Gu Guangzong immediately thought too far.

"Gu Shinian, are you saying that he was harmed by others?"

"Not necessarily. I just think it's strange. You should investigate as much as you can. No matter what, that person gave us a life. If someone really killed him, it won't be so easy..."

Gu Shinian paused for a moment before continuing, "Go as soon as possible and carefully confirm whether it is his body. Also, investigate the cause of Gu Mingzhu's death and how her funeral was handled."

A family of three were forced to work in the same place. First, Gu Mingzhu passed away at a young age, and after two months, Gu Huaiqing and Zhou Mingjuan had an accident at the same time. How can there be such a coincidence in the world.

After putting down the phone, bold ideas kept popping up in Gu Shinian's mind.

Perhaps the three members of Gu Huaqing's family knew some great secret and were murdered to silence them.

Perhaps it was Gu Huaqing who left something behind, or maybe he found a new way out. The couple feigned death and escaped for the sake of Gu Mingzhu's reconciliation...

When Gu Shinian was making various guesses, Gu Guangzong reluctantly went to the street to get a letter of introduction, and boarded the train to the northwest.

.....

At the end of October, Fenyang experienced the first snow after winter. Before the snow disappeared, Yun Shang, under the urging of Lin Wenlan and Bai Yancheng, took the big and small bags of delicious food prepared by the old lady, and returned to the provincial capital.

Chapter 584 Shake face

?When Yunshang braved the heavy snow to enter the door, Lin Wenlan and Aunt Wu had already prepared the ingredients to eat the pot. flash dance

Seeing that Yunshang came back, Aunt Wu hurriedly put the pot on the table, filled it with charcoal, added big bone soup, and put the pre-cut ingredients into the pot one by one.

Yun Chang went downstairs after washing her hands and face. In addition to the dishes in the pot, there was also a large plate of sauced bones on the table, as well as mushrooms, fungus, kelp, bacon, meatballs and other ingredients that needed to be hot in the pot.

After the family sat down lively, Yunshang drank a bowl of bone soup first, then took the sauced bones handed over by Lin Wenlan and started to chew.

"Xiaoqi, I heard from Mom that you want to go to the Yicheng Art Troupe?" Bai Qingyue took a ball for Yunshang and asked after watching her eat it.

"Well." Yunshang nodded, "Isn't our dad going to be transferred next year? I won't be able to stay here for a few months. Why don't I go to Yicheng with Gu Erge to avoid the trouble of being transferred here and there with my dad?" ."

Bai Yancheng's eyelids twitched, and with a long face, he quickly snatched a piece of pork belly from under Yunshang's chopsticks, and gulped it down under Yunshang's guilty gaze.

"Hmph, if you want to go to Gu Shinian, just tell me straight up, what excuse do you use me for! Your father also told you to stay in the art troupe in the capital, why don't you agree?"

The little girl knew that he was going to be transferred back to the capital for the Chinese New Year, so she stayed in the capital and waited for him dishonestly, insisting on going to Yicheng to guard that bastard surnamed Gu.

She also made excuses to say that she would follow me to transfer to transfer to trouble, obviously she only had a lover in her heart and had no old father, and she still used the poor old father as an excuse, but she said it so righteously, as if she was so sensible and caring .

He obviously stayed with Gu Shinian for three years in Hong Kong City, and when he came back, he didn't say that he would accompany his old father, this daughter...it was really a waste of time.

The daughters of other people's families are all caring little padded jackets, so why did his daughter become black-hearted without making a sound?

Bai Yan felt overwhelmed with sincerity, but also couldn't bear to scold Yun Shang, and at that moment, in his heart, Gu Shinian, who had secretly wooed his family's cabbage, sprayed blood on his head, and even the expression on his face was a bit ferocious.

Yun Chang naturally knew what Bai Yancheng was angry about, so he quickly picked up a piece of soy sauce bone, and put it in Bai Yancheng's bowl with a flattering expression, "Dad, this big bone is delicious today, you can eat another piece."

Bai Yancheng looked at the big bones in the bowl, and the evil fire in his heart was a little less, he sighed a long time, with a grievance and sadness on his face:

"Girl, you haven't been home for three years. How nice it is to stay with your parents for two years! If you go to Yicheng, it will be difficult for your mother and I to see you... Tell me about Gu Shinian. What's so good, it's not good-looking, you are in a small grade, why can't you use your eyes well?"

Yun Chang froze, put the bowl on the table with a "click", and said with a straight face, "Dad! This is too much. Let's talk only when we talk, without personal attacks. My second brother Gu is just good-looking!"

unacceptable! You can insult Gu Er Ge's bad character, but you must not insult his face!

In future generations, Second Brother Gu can earn a living in the entertainment circle with that face. This look is called ugly. Doesn't your coffin face that has been stiff all the time be called extremely ugly?

Bai Yancheng was so angry that he almost dropped his chopsticks, "Why does a big man look so good-looking! Look at the photo you took in Hong Kong City, wearing a suit and gold-rimmed glasses. He looks like a gentleman. Does that mean good-looking?"

The corners of Yunshang's mouth immediately turned up, and she leaned over, staring at Bai Yancheng with shining eyes, "Dad! Do you really think so? My elder brother also said that the second brother Gu's dress is so sexy! How pretty."

Bai Yancheng: "..."

It's over, my daughter has been away for three years, why did she become a little nymphomaniac?

It was just a little cabbage with legs, and she could run out of the vegetable garden by herself before Piggy came over.

There is really no way to have this girl.

Bai Qingyue wanted to laugh but didn't dare to laugh, picked up the bowl, sat beside Lin Wenlan silently, turned her head and secretly smiled.

Lin Wenlan patted Bai Yancheng angrily, "Hurry up and eat! Xiao Qi slaps his face as soon as he enters the door, is there such a father as you!"

Bai Yancheng: "..."

This girl is only sixteen,

Just put himself to Little Piggy's mouth, can't he say a few words as a father?

Yun Shang secretly winked at Lin Wenlan, not giving Bai Yancheng a chance to continue training her, and followed Lin Wenlan's voice to change the subject.

"Mom, has Little Six called home in the past two days? Can he adapt to the army just now?"

Bai Qingming's academic performance was mediocre, and he refused to go to college after graduating from high school. Before Yunshang came back, he was kicked out of the army by Bai Yancheng, and he became a veritable recruit.

I heard from Bai Qingyue that Bai Qingming knew that he didn't need to go to college, so he jumped to the army, and he didn't know if he would regret it during training.

"I called back last week and asked about you. He said he would call back on the first day of next month and asked you to wait for his call at home." Bai Qingyue answered from the side.

Bai Yancheng snorted angrily, and complained in a low voice, "Other recruits can bear it, why can't he bear it? He is tall and big, and his physical fitness is much better than that of rural soldiers. If he dares to cry bitterly and tiredly, I can't beat him to death later!"

Yun Chang was speechless.

Ever since she entered the door today, Bai Yancheng kept throwing face at her, and now he clamored to smoke Bai Qingming, who was far away in the army, his whole body was almost like a powder keg.

Lin Wenlan glared at Bai Yancheng, signaling him to shut up, and added another spoonful of soup to Yun Shang, signaling her to eat quickly.

Bai Yancheng coughed uncomfortably, then turned his gaze to Bai Qingyue who was snickering for a long time, "Qingyue, how are you and Han Chen doing lately?"

Bai Qingyue's face turned red, she glanced at Lin Wenlan, and said in a low voice, "It's okay, he called yesterday and said that he will be on vacation next month, and he will come over then."

Bai Yancheng nodded in satisfaction, took a look at Yun Chang, and turned around to teach Bai Qingyue, "That's right. It's right to let him come over. Don't go there. Girls, it's fine to hold some." Don't talk to our family That black-hearted cotton-like flower has been chasing after Gu Shinian since he was a child, and he can't even pull it back, thinking about it makes him feel stuck.

Yun Shang: "..."

This is really sad for Daddy Cheap, it's so ironic to catch her, what a father-daughter love!

Lin Wenlan: "..."

This old bastard, the first day after my daughter came back, she would shake her face endlessly. If she gets angry with her and leaves, she will have to scratch her in his coffin!

Bai Qingyue couldn't bear it any longer and let out a "puchi" laugh, rubbed Yunshang's head, and put the sauce bone plate in front of Bai Yancheng in front of Yunshang, showing her love for Yunshang with practical actions Sympathy and comfort.

Chapter 585 take advantage

Yun Shang understood the meaning in Bai Qingyue's eyes, puffed up her cheeks angrily, and asked Bai Qingyue, "Sister, are you dating Han Chen? When did you two get married? Who introduced you two?" How far has it developed? Have you ever held a little hand? Have you ever kissed a little mouth?"

As soon as she finished speaking, Bai Qingyue's face immediately turned red, and the bowl in her hand almost fell on the table. She stared at Yun Chang in a daze for a long time, then turned her head, and cast a look at Lin Wenlan for help.

Xiaoqi is only sixteen this year!

Listen to what she said?

Has she ever held her little hand, or has she ever kissed her little mouth? This, is this what a girl should say!

Lin Wenlan and Bai Yancheng were also taken aback by Yun Shang's boldness, especially Bai Yancheng, whose face was as dark as the bottom of the pot.

"Xiaoqi! Tell Dad honestly, did that bastard Gu Shinian...have he taken advantage of you!"

Lin Wenlan on the side also put down his chopsticks and looked at Yunshang nervously.

She did agree that Gu Shinian could be with Yunshang in the future, but her daughter is still young, so Gu Shinian should not take advantage of her daughter secretly behind her back just because he is old.

Yun Chang blinked her eyes, and asked Bai Yancheng with a simple face, "Dad, what do you mean by taking advantage?"

Bai Yancheng stared, and said angrily, "What else! Why did you ask your sister just now, why are you answering now!"

If that bastard Gu Shinian really dared to take advantage of his daughter, he would kill him today and chop off Gu Shinian's dog's paw!

"Hmm." Yun Chang took a sip of the soup unhurriedly, and under Bai Yan's sincere eyes, said slowly, "Everywhere I went when I was young, Second Brother Gu hugged me or carried me on his back. , hold hands, what's the advantage?" As for the kiss on the lips, I won't tell you!

"That was when I was a child! You're a grown girl now, and he's holding your hand just to fiddle with it, just to take advantage of it!"

Bai Yancheng said something angrily, and then warned, "When you arrive in Yicheng, stay away from that bastard, don't let him hold your hand again, you understand!"

"Understood." Yun Chang bent her eyes and nodded obediently.

If you don't hold hands, don't hold hands. Later, she will find a chance to hug Gu Shinian, which is much more intimate than holding hands.

Bai Yancheng looked better, coughed dryly, and continued to ask Yunshang, "Xiao Qi, what about that? Do you and that bastard have... that?"

Yun Chang blushed, turned her head, with tears in her big eyes that she couldn't shed, and complained to Lin Wenlan, "Mom! Look at what my dad is asking! I'm only sixteen! Brother Gu is so mean to me! Well, he is doubting the character of me and Brother Gu!"

Bai Yancheng's face turned black and then red, and under Lin Wenlan's glaring gaze, he was so embarrassed that he couldn't sit still.

"...Well, isn't this a hurry, I rushed here. Then, it's okay if I don't ask."

"Is this what a father should ask! Is your daughter motherless or something!" Lin Wenlan's face turned dark, and she wanted to scratch Bai Yancheng's paw, "Leave the affairs of the two daughters to me in the future, and don't interfere! Don't ask questions!"

Lin Wenlan got angry, and Bai Yancheng immediately fell into a ball, not to mention continuing to sour Yunshang, he didn't even dare to lift his head, sat there, and ate dinner quietly.

Yun Shang is also a bullying master, seeing that Bai Yancheng dared not speak, immediately took advantage of Lin Wenlan's momentum, turned his gun and fired at Bai Yancheng.

"Dad, stop staring at me and my sister, you should stare at my eldest brother! He is 27 this year, and the three cousins who took over from the uncle's family have become the new generation of old bachelors in our Bai family. You Don't worry about my elder brother's marriage, keep staring at me and my sister, what's the matter with stealing my mother's job?"

Back then, Lin Wenlan and Bai Yancheng looked at Bai Yanming and his wife worrying about their three sons' marriage with sympathy. It has only been a year or two, and it is Bai Yanming's turn to pay attention to when they will find a partner for Bai Qingzheng to marry up.

As the patriarch of the family, Bai Yancheng, not to mention hurrying to find a partner for his 27-year-old eldest son, who is about to become a bachelor, is completely worried about the two little cabbages in the family.

Can Lin Wenlan not get angry?

The couple had agreed at the beginning that Bai Yancheng would be in charge of the son's major affairs, and Lin Wenlan would be in charge of the two daughters' major life affairs.

Bai Yancheng's complaint today is usurping power! Lin Wenlan deserved to be scolded.

Seeing the expression on Bai Yancheng's face froze, Yunshang sighed again, and said in a calm and unhurried manner, "Listen to my grandfather, the organization used to give old bachelors wives. Don't you rush me?" Let my elder brother hurry to find a partner, what if the organization sends him an incomprehensible daughter-in-law?

Besides, don't think that my sister and I found a partner early. If we don't settle down early, what if the organization sends us out, and we will be married to those old bachelors in the organization? "

Bai Yancheng: "..."

Lin Wenlan "..."

Bai Qingyue: "..."

The organization sends out the daughter to the old bachelor as a wife! ! !

After all, he is still the commander of the military region, and the old man is still the founding general, who dares to send his daughter out!

Besides, this happened many years ago, and now the army has long since ignored personal problems, and you still have to rely on yourself to find a wife or something.

If you want to send a daughter-in-law to the organization, go ahead and dream!

Bai Yancheng bluffed his face, and said in a low voice, "What are you thinking about, eat! Everyone cares about a big fat daughter-in-law now, with your small arms and legs, who else wants you except Gu Shinian!"

Yun Shang felt that she had been shot in the chest, wrinkled her little nose in dissatisfaction, and asked Lin Wenlan, "Mom, my elder brother didn't say what he likes? He will be twenty-eight in two months. It's time to get married and give birth to you." Grandson."

"Ask your dad!" Lin Wenlan gave Bai Yancheng an angry look, "At the beginning I didn't want Qingzheng to go to the southern military region, and your dad had to agree. This is great, the kite can't be taken back after it is thrown out, and no one is there. Show up, how can you find someone."

Lin Wenlan became angry at the mention of this matter, Bai Yancheng quickly confessed to Lin Wenlan, and helped Lin Wenlan complain about Bai Qingzheng, who was thousands of miles away, to show his determination to follow the 'party' forever.

The whole family staggered through dinner, sat in the living room and chatted for most of the night, and then went upstairs to rest, yawning.

Early the next morning, Yun Chang found two pieces of the softest cotton cloth, took a pack of dried mountain delicacies, a piece of bacon, and a pack of dim sum from the inventory, and greeted Lin Wenlan. He walked towards Zhang Chunni's house with one foot.

Gu Pangui and Wei Jianjun had a stalemate with Zhang Chunni for two years, and finally got married the year before last. One year after the couple separated, Wei Jianjun applied to change jobs, and with the help of his third grandfather Gu Zonglin, he entered the provincial police station, and the couple settled down in the provincial capital.

Chapter 586 secret letter

Zhang Chunni hadn't seen Yunshang for several years, and now she came in the door with snowflakes on her head, standing tall and graceful in the room, she almost didn't recognize her.

It wasn't until Yunshang frowned and called out to Zhang Chunni that she came back to her senses, and hurried forward to pat the snowflakes on Yunshang's body, and asked in a slightly excited voice, "... Yunshang? You are coming back from the capital !?"

"Hey! Aunt Zhang, I went home at the beginning of the month. I went to my grandma's house in Fenyang these days, and I just came back yesterday."

Yun Shang took advantage of the opportunity to put the things in her hand on the table, looked around the room, and then asked, "Aunt Zhang, where is sister Pangui? Brother Gu said that he is going to be an uncle soon, so I have to go and see Pangui." elder sister."

"Still asleep in the West Room." Zhang Chunni served Yun Shang some late sweet soup, and talked about Gu Pangui's situation, "She is seven months old now, sleepy and heavy, and she likes to sleep late on this kind of day."

With such a heavy snowfall outside, it is better for people with big bellies to lie under the blankets. If they fall outside, it will be a big trouble.

Yunshang was filled with the cool wind outside, and surrounded the stove with a bowl of hot soup, warming her whole body up. He took off the scarf, took out the muslin cloth from the bag, and asked Zhang Chunni to make small clothes for the child in Gu Pangui's stomach.

Zhang Chunni was not polite to Yun Shang either, she took the muslin cloth and put it aside, picked up a bowl and continued to add soup to Yun Shang, "Isn't it okay to eat outside? Why is this so much thinner than before? Come, have another bowl of soup to keep warm At noon, Aunt Zhang will cook a chicken for you to make up for it."

When Yun Shang heard that Zhang Chunni was going to cook chicken for her, her head almost exploded.

If there is no mistake in the calculation, during the first half of her stay in Fenyang, the old lady killed an old hen in an average of three days. Now when she hears the word 'stewed chicken', the conditioned reflex in her mouth will taste like chicken soup. Really tired of drinking.

Yun Shang took the soup bowl Zhang Chunni handed over, and put it on the side of the stove, "Aunt Zhang, don't be so busy. I have to go back after sitting down for a while, and I have to accompany my mother to the department store today."

The temperature suddenly dropped in the past two days. After Yunshang came back from Hong Kong City, she only bought a few single clothes in the capital. Today she had to go to the department store to buy her winter clothes.

Otherwise, she could only show off in those 'outlandish clothes' brought back from Hong Kong City.

Zhang Chunni nodded, and sat by the stove, asking about Yunshang's situation in recent years, and also told Yunshang about Gu Shi's call back two days ago.

"...The weather in Yicheng is good, it's not cold in winter, and there are many trees on the mountain in summer, and it's cooler than in the city. The company he leads is a top company selected from several military regions. The training is harder than ordinary soldiers, and the holidays are less. , It is estimated that I will not be able to come back this year.

By the way, why did I hear the third child say that you are not going to college anymore, and you are going to the Yicheng Military Region in a few days? "

Yun Shang didn't deny it either, and nodded, "I've made an agreement with my parents. I'm too young to go to college at my age. I'll go to Yicheng for two years first, and I'll think about going to college after I'm 18."

When she turned eighteen, she would force Gu Shinian to get married first, so she would have a reason to stay in Yicheng and not come back, and then think about going to school after the college entrance examination resumed.

Zhang Chunni didn't know what Yunshang was thinking. After hearing her reasons, she didn't doubt it, "It's right to think so. Of course you have to go to college if you can go to college. Like in our factory, every college student counts as one, and they all sit As for the cadres in the office, there are really not many cadres who have graduated from junior high school and high school."

The Bai family has the conditions to send their children to college. It's a pity not to go to college.

The two chatted for a while, and after Gu Panguai got up, Yunshang went over to take a look at her seven-month pregnant belly, and touched her with her hands. Regardless of Zhang Chunni's persuasion, she walked towards the courtyard through the wind and snow.

.....

At the same time, Gu Guangzong, who was far away in a small county in the remote northwest, stood at the gate of the only post office in the county, wandering back and forth awkwardly, wondering if he should call Zhang Chunni.

After receiving Gu Shinian's call, he didn't dare to delay, so he climbed on the train to the northwest on the same day and rushed to this small county that was barely visible on the map.

When I arrived at the reform-through-labor farm with the letter of introduction, I found out that Gu Huaiqing had passed away ten days ago. The farm said that Gu Huaiqing had an infectious disease, and no one dared to collect the body. The leader directly asked the county funeral home to take him away and cremate him.

After Gu Guangzong came, Gu Huaiqing's urn was still stored in the funeral parlor, and no one from the labor reform farm made a grave for him.

Thinking of the tall and strong man before, now only turned into a handful of ashes, living in a small urn, Gu Guangzong felt relieved and felt an inexplicable sadness in his heart.

He touched the secret letter that had been in his arms for several days, pursed his lips, entered the post office, and dialed the phone number that he knew so well but had never called before.

As soon as Zhang Chunni arrived at the factory, before she had time to untie her scarf, someone outside called her to go out and answer the phone.

"Comrade Zhang, come quickly, your son's phone number!"

Zhang Chunni thanked her workers with a smile, answered the phone, and just called out "the third child", Gu Guangzong's voice came out of the microphone.

"I'm Gu Guangzong." Gu Guangzong paused, gave Zhang Chunni enough time to react, and then continued, "I'm at the Northwest Labor Reform Farm. Give me...he to deal with the funeral."

Zhang Chunni froze there, and the hand holding the phone began to tremble unconsciously. After a long time, she coughed dryly and said in a slightly trembling voice, "...Boss?"

"Well, it's me." Gu Guangzong responded and took a deep breath, "The third child asked me to come here. After I packed his things, I found a letter that was going to be sent to you."

Gu Guangzong touched the thin letter paper in his arms again, and asked, "Should I tell you the content of the letter, or send the letter to you?"

Zhang Chunni remained silent until Gu Guangzong urged her, then asked with a sigh, "What did he say in the letter?"

"He said that the third child should have graduated from university this year, and there was a list of people he had helped in the letter. He wanted the third child to inquire about them. If these people were still available, he would ask the third child to move around... These are all connections."

Gu Guangzong turned his body halfway, turned his back on the post office staff, and lowered his voice, "The letters sent by the labor reform farm have to be checked repeatedly. He probably wrote a secret letter because he was afraid that the letter would not be sent out..." If you don't understand How to crack it is an ordinary family member.

Zhang Chunni frowned unconsciously, pondered for a while, and said, "Send the letter over here, I'll find a way to send the letter to the third child."

Chapter 587 investigation

Let the boss, a white-eyed wolf, help her decipher the secret letter, and she is afraid that he will secretly trick the third child.

It's better to give the letter to Yunshang and let Yunshang bring it to the third child.

Gu Guangzong held the phone tightly, feeling aggrieved and annoyed, and it took a long time before he replied sullenly, "Okay, I'll send you the letter right away."

Whether it was before or now, he will never be better than Gu Shinian in the eyes of Gu Huaiqing and Zhang Chunni.

Even when Gu Huaiqing wrote a secret letter on a whim, he only mentioned Gu Shinian, and handed over his last contact to Gu Shinian. He didn't even mention a word about him.

Thinking of how he climbed onto the train in winter, endured two days and one night on the hard scooter, and rode for several hours in an ox cart to collect Gu Huaiqing's body, but he didn't even mention himself in the letter, Gu Guangzong As for the grievance and depression in his heart, he even had the urge to destroy this secret letter.

But thinking of Gu Shinian's methods, Gu Guangzong had to suppress the evil fire in his heart, and honestly confessed the secret letter to Zhang Chunni.

After talking about the business, Zhang Chunni asked about Gu Huaiqing's funeral arrangements. After knowing that the matter was handled smoothly, her attitude towards Gu Guangzong softened. She asked him about his life in the past two years, and told him a few words, Only then did I hang up the phone.

Gu Guangzong took out the yellowed letter paper and looked in a corner.

Even though he had read the letter countless times in the past few days, looking at the content of the letter now, his face still darkened unconsciously.

This man's heart is really cruel!

It's all about this, and he really didn't even mention him.

The reason why he gave Lao San the only remaining contacts in his hand was because he felt that Lao San was the only one among his children who had a great future.

The third child accepts his favor, and must think of his kindness, stretch out his hand to pull him, and get him out of the labor camp farm.

But God has eyes, he is dead!

Even if he gave Lao San the remaining contacts in his hands, he would never wait for the day when Lao San reached out to him.

With a mocking smile on the corner of Gu Guangzong's mouth, holding the letter paper, he tore the letter paper in half with a "chi la" sound.

When I wanted to continue tearing it again, as if thinking of something, I suddenly let out a low laugh, folded the letter paper, bought an envelope and put it in, "Third son, third son, I really thought his connections were good. Take it? If you are not afraid of biting your hand, go ahead and use it."

After posting the letter, Gu Guangzong walked out quickly, squatted in the corner and smoked a cigarette, rubbed the red circles under his eyes, returned to the post office again, and called Gu Shinian.

After picking up the phone, Gu Shinian's expression turned serious, "What's going on over there?"

"I found his columbarium at the cremation ground. I didn't find out much about it in the farm. I spent some money two days ago and sent a few gangsters from the commune out to help me find out the news."

"You mean, after you passed by, you didn't see his bones?"

"Well, no." Gu Guangzong paused, "If it wasn't for someone here helping to pack up his belongings, maybe before I came over, his things would be divided among those reform-through-labour prisoners."

Gu Shinian rubbed his brows with a headache, and continued to ask, "What about Zhou Mingjuan? Did Zhou's family go over to deal with Zhou Mingjuan's funeral? Have you seen Zhou Mingjuan's body?"

"I see." Speaking of this, Gu Guangzong was also full of doubts, "The people on the farm said that Zhou Mingjuan hanged himself the day before, and he died of a sudden illness the next day. After Zhou's family came, I followed I took a look and found that it was Zhou Mingjuan herself, the rope marks on her neck were obvious."

Gu Shinian immediately heard the problem, "Zhou Mingjuan's body is still there, but he was hastily cremated by the farmer under the pretext of an infectious disease?"

Gu Guangzong didn't respond, and Gu Shinian continued to ask, "What about Gu Mingzhu? How did something happen to her, and who will handle the aftermath?"

"I asked around, and Gu Mingzhu was indeed beaten to the head with someone. Her crime is not serious, and she will come out in another year and a half.

As a result, now... But there is one thing that is very strange. "

Gu Guangzong didn't wait for Gu Shinian to ask questions, and quickly revealed the doubts about Gu Mingzhu's death, "She didn't have her head smashed, so she could be buried in the original place, but Gu Huaiqing and Zhou Mingjuan insisted on cremating Gu Mingzhu, and the farm leaders agreed." up.

I went to Gu Mingzhu's grave and took a look. The grave was very big. Two days ago, someone got up to open the coffin in the middle of the night. Inside were Gu Mingzhu's clothes and an urn. Except for the cremation, I didn't see anything wrong with Gu Mingzhu's matter. "

Gu Shinian's mind was a little confused at the moment, he frowned and thought for a while, and then asked him, "Didn't you ask the gangsters to inquire about the farm's situation these two days? Is there any useful news?"

"There are all kinds of useless news." Thinking of the unjustly spent money, Gu Guangzong bared his teeth irritably, "It is not a thing to say that there are two leaders on the farm. The female reform-through-labour prisoners on the farm, Anyone with a little bit of beauty will be harassed."

"There is also a leader who just died in the first half of the year, and his wife is almost forty this year. He wants to find a big girl for his second marriage. He is currently on a blind date in the commune."

"Oh, by the way, there was an accident on the farm here in the first half of the year. More than 30 reform-through-labour prisoners were caught and shot, all of them were shot."

...

Gu Guangzong gave Gu Shinian all the gossip provided by the gangsters, then leaned on the counter, stuffed a piece of fruit candy into his mouth, chewed it loudly, and waited for Gu Shinian on the other end of the phone to peel it off. Find useful clues and give him further instructions.

Taking a pen, Gu Shinian quickly wrote down what Gu Guangzong said, and asked, "Have you seen Uncle A Chang's comrades? He should have some clues."

"See you." Gu Guangzong sneered, "That man looked like an honest guy, and Zhou Minghui was promoted to the third in command of the Armed Forces Department. This man is still a small steward of a labor camp. What do you know? The Zhou family When I came to deal with Zhou Mingjuan's funeral, I asked him for a few words, and that person didn't know as much as I did."

Gu Shinian didn't expect Zhou Minghui's comrade-in-arms to be in such a situation, so he sighed secretly, his eyes fell on the paper full of gossip in the labor camp, and he began to think carefully.

Gu Guangzong waited for a long time, and when he was about to hang up the phone, Gu Shinian said, "Gu Guangzong, change your mind, if you can't find any news from the farm, go to the cremation ground and ask about the situation.

Now it's all buried, and there are few people cremated, and the people at the cremation site still have impressions.

How about this, you give me the address, I will find a way to get you a photo of Gu Mingzhu and him, and after you receive it, let the comrades at the cremation ground identify the person. "

Chapter 588 eighth meet

Gu Guangzong almost scolded his mother, almost grinding his back molars, "Gu Shinian, I have to go back after staying for at most three days. Do you know what will happen if I don't return after the deadline?"

He nodded and bowed, begged his grandpa to tell his grandma, gave him two packs of snacks and three packs of cigarettes, and then issued a letter of introduction. If he couldn't go back on time, the street office gang would assign him a charge of attempting to abscond.

At that time, instead of him coming to collect Gu Huaqing's body, he would go directly to the labor reform farm for reformation.

Gu Shinian really didn't think about this. Hearing what Gu Guangzong said, he was a little dumbfounded for a while.

Judging from the current investigation, Gu Shinian is even more suspicious that there is a conspiracy in the death of Gu Huaqing and Gu Mingzhu.

If things were as he had guessed, Gu Huaqing and Gu Mingzhu had left behind, and the two escaped from the labor camp by feigning death, Gu Shinian would not be too worried.

After all, after these two escaped, no matter how they changed their identities, they were all fugitives, and they did not dare to show themselves in front of others easily, otherwise they would be punished more severely by the organization.

But if someone, for some reason, works behind the scenes to get Gu Huaqing and Gu Mingzhu out, the danger and uncertainty will be too great.

What is the purpose of the other party helping Gu Huaqing and his daughter? Did you come here for the Gu family in the capital? Will Gu Huaqing and Gu Mingzhu show up again? Will these two people, as he guessed, choose the right time to appear in the Gu family in the capital, or in front of the third grandfather Gu Zonglin?

If this is the case, if Gu Huaqing and Gu Mingzhu feign death and leave, they will become the Gu family's reminder, and they may explode on the spot at any time, destroying the entire Gu family.

Gu Guangzong was about to return to Qinghe County. Gu Shinian had some regrets at first, but when he thought of the unreliable things Gu Guangzong had done these years, the regret in his heart disappeared immediately.

This matter has too much to do with it, and it may affect the safety of the entire Gu family. Gu Guangzong's mind is not right, and it's really hard to leave it to him to continue investigating the next matter.

"Okay, you can pack up and go back. Everyone is gone, and I guess I won't find anything if I check again."

Gu Guangzong held his breath in his chest, unable to go up or down for a long time, "Gu Shinian, is this the end? Do you have anything else to say?"

It's a cold day, he has suffered a lot from his old age, he spends money, and he pretends to be a grandson, so it's fine if he doesn't reimburse him for his expenses, and doesn't even say a word of thanks?

"What do you want to hear?" Gu Shinian asked in surprise, "Didn't you tell me to sever ties with Gu Huaiqing back then? You are Gu Huaiqing's only son, shouldn't it be right to collect his body? Why do you want to beat me here? ?"

Gu Guangzong: "..."

Shameless!

You clearly know what he wants to say, but you still pretend to be confused with him here!

"Gu Shinian, didn't you just say that that person gave you a life, so I can't afford to pay for it and contribute to the future, right? I don't want much. You have to pay for the round-trip fare here. I'm reimbursed."

He only spent less than one thousand of the thousands of dollars back then, and he was not short of money.

But thinking of Gu Shinian threatening him to come and collect Gu Huaiqing's body, Gu Guangzong felt uncomfortable.

Even if he didn't lack money to spend, he still had to ask Gu Shinian to extort a sum of money to vent his anger.

Of course, it would be even better if he could disgust Gu Shinian.

As soon as Gu Shinian came to this world, he fought with Gu Guangzong to the death for several months. How could he not guess his mind? Hearing what he said, he immediately curled the corners of his mouth and said in a light and authentic tone, "No money! You are under the supervision of the government Regulatory bad elements, even if I have money, I will not give them."

Gu Guangzong: "..."

Amidst Gu Guangzong's scolding voice, Gu Shinian hung up the phone in a good mood. Kai pondered for a while at the table, then dialed the number of Gu's family in Beijing.

.....

Entering December, various cultural troupes began to get busy. Yunshang couldn't wait for the New Year's Eve, and boarded the train to Yicheng before New Year's Day.

Before leaving, Yunshang didn't call Gu Shinian,

Originally, he wanted to wait for the time to pass and give Gu Shinian a surprise. It's just that after she got out of the car with the big suitcase, when she raised her eyes, she met Gu Shinian's smiling eyes.

"Second Brother Gu, how do you know my train is on today?" Yun Shang almost jumped to Gu Shinian's side with a suitcase in her hand.

Originally, she wanted to surprise Second Brother Gu, but when she got out of the car, Second Brother Gu gave her a surprise first.

"I guessed it." Gu Shinian smiled and took the suitcase in Yunshang's hand. After getting it, he felt the light weight in his hand, and raised his eyebrows slightly, "Ah Chang, is it empty?"

This girl, even if all the luggage is in the space, at least some clothes should be put in the box to suit the occasion.

Carrying such a big box with such a small arm jumping up and down, you can tell at a glance that there is nothing in it.

Yun Shang clings to Gu Shinian step by step, wriggling her thin white fingers, with a smirk on her face, "I was planning to go to another place to pack things... I forgot when I saw you."

Her voice was soft and soft. While speaking, she quickly used her mental strength to transfer the luggage from the space to the box, then wrinkled her little nose and watched Gu Shinian stop talking.

Feeling that the suitcase was getting heavier and heavier, Gu Shinian changed hands silently, his eyes lingering on Yunshang's obviously round cheeks for a while, his fingertips subconsciously

twitched, and finally couldn't help pinching Yunshang's cheeks. With a hand, he signaled her to go outside the station.

Yun Chang wore a pair of leather shoes with heels, and walked on the blue brick road of the station, making crisp "da da" sounds, one after another, as if the sound echoed in the bottom of Gu Shinian's heart, disturbing him so much that he wanted to turn around immediately, Knead Yun Chang, who disturbed his mind, into his body.

Yun Shang didn't know how much influence she had on Gu Shinian. When she saw him again, she was as happy as a child. The corners of her mouth curled up and she never went down. to reach for his hand.

"Second brother Gu, how is the military area here? Can I see you every day when I come here?"

Gu Shinian didn't reply, he turned around and gave Yunshang a hand, motioning her to hurry up, until the two of them left the train station, Gu Shinian pushed Yunshang into the car in one go, closed the door, and backhanded He held her tightly in his arms.

"A-Shang, do you miss me?"

"I think about it." Yun Chang leaned her chin on Gu Shinian's shoulder, and responded softly, rubbing his head with her small hands restlessly, "I miss you every day, and my Bai Si Nian is so jealous. "

Otherwise, she wouldn't be able to whisper in her ear every day: Gu Shinian is such a shameless bastard! Knowing to lie to a little girl from a young grade, it's not a thing!

Chapter 589 Report

Gu Shinian smiled softly, turned his head, touched Yunshang's cheek with his lips, and talked about the situation in Yicheng.

"A-shang, Yicheng has a small residence, and the conditions are not as good as Linyang. After you come here, you will live in a dormitory with people from the art troupe and eat in a big cafeteria. Can you get used to it?"

Gu Shinian couldn't let it go when he thought that Yunshang would live in a dormitory with a group of people and eat boiled cabbage in the big cafeteria.

No matter in the previous life or in this life, he has always held Yun Chang in his palm and raised him tenderly.

Even though she went back to Bai's house and had a family, he still tried his best to take care of her basic necessities of life.

Even if he went to college in the capital and didn't have time to go back to see Yunshang, he would take the time to buy her all kinds of things she likes and send them back.

In the past few years in Hong Kong City, he remembered her menstrual period clearly. Even if her underwear was tight and it was time to change to a bigger size, he could notice it and take care of it properly for her.

In a different world, he still raised her into a delicate flower, and threw her into the art troupe alone, no matter what Gu Shinian thought, he couldn't bear it.

Yun Shang couldn't understand Gu Shinian's thoughts at all, she tilted her head and thought for a while, with a somewhat hesitant expression, "I should be able to get used to it, at worst, I'll secretly open a small stove at night."

She has a space for supplies, no matter what happens, she can't lose her stomach.

Gu Shinian sighed secretly, reached out and rubbed Yun Shang's head, turned around and started the car, and drove quickly towards the station.

Yunshang looked at the street scene on the side of the road curiously, and she still didn't forget to ask her most concerned question, "Second brother Gu, you haven't answered me yet, can I see you every day in the future?"

She came here just for Gu Shinian, if she couldn't even see Gu Shinian's figure, then what's the point of her coming here.

"A Chang, the military area is in the urban area, but our company's base is on the mountain..."

Before Gu Shinian finished speaking, Yun Chang became anxious, "So I won't see you normally!"

"No." Gu Shinian supported the steering wheel with one hand, and quickly grasped Yunshang's hand with the other hand, stroking the back of her hand once and for all, "The art troupe is busy at the end of the year, you may not have time to come out .After this period of time has passed, you can come out once a week. Then I will take you up the mountain to play."

Yun Chang breathed a long sigh of relief, and patted her chest fearfully, "It's good that we can meet each other, otherwise it would be pointless for me to rush over like this."

It's good to be able to visit once a week, and it's better than those military wives who stay at home after marriage.

Yun Shang is still very easy to satisfy.

The urban area of Yicheng City is not big. Twenty minutes later, the car stopped firmly at the gate of the military area.

In the office of the head of the art troupe, Yang Hongying flipped through the materials in her hand, her delicate brows were tightly knit together, almost knuckles.

Deputy Head Guan at the desk next to him took a sip of hot tea, raised his hand and knocked on Yang Hongying's desk, "Head Yang, what's the matter, is there something wrong with the new Bai Yunshang?"

Yang Hongying shook her head slowly, her brows were still tightly frowned, "It's hard to say...you should read the profile of this little comrade first."

"Huh!" Guan Min yelled strangely the first time he took the information, "This little girl is so beautiful! Now the gang of military officers in the military region will not be able to sit still again."

"I didn't let you read this." Yang Hongying leaned over and clicked on the information, "Look here, sixteen years old, graduated from high school, can play piano, violin, and dance, and the information below also shows that this Bai Yunshang I have been paid for three years... Now in this world, I really dare to fake anything."

Children in this era generally don't go to school until they are seven or eight years old. If they don't repeat a grade, they will have to be seventeen or eighteen years old to graduate from high school anyway.

This Bai Yunshang is only sixteen years old, and she has already received her salary for three years, and she is still a high school graduate, which means that she may have graduated even earlier.

If what is stated in this information is true, there is such a smart brain, and if you don't go to university to make greater contributions to the country,

Why did you come to the art troupe to join in the fun?

These days, those who can learn to play the piano and violin are all from families with some powerful background, and being able to enter the army also shows that the family has a good background.

She has a strong family background, and I have enough brains, so I can recommend her to go to college, but she came from the Linyang Military Region to a small place like Yicheng to be an art soldier with such a beautiful resume. What does this mean?

It means that Bai Yunshang's resume is very likely to be fake!

Yang Hongying is an upright person, and she can't see these deceitful things the most. After reading Yunshang's information, she can't let go of her depression for a long time.

Guan Min knew Yang Hongying's temper, put down the documents in his hand, and sighed, "Old Yang, since you can see that there is something wrong with this document, other people must be able to see it too. If there is something wrong with Bai Yunshang, her The resume must be more tactful, otherwise the organization will send someone to verify and investigate her situation before she comes over.

Now people have been transferred, and they will come to report in the next two days, which shows that the things on this material can withstand the review of the organization. You, don't jump to conclusions. "

No matter how old this Bai Yunshang is after graduating from high school, because she knows so many musical instruments and can dance, she is a good seed worth looking forward to for their art troupe.

This Yang Hongying must not be confused, preconceived with prejudice, and put a good seedling on the bench.

Yang Hongying took a deep breath and sat down on the chair, "You're right, wait for the person to come back and take a look first before talking about it."

While the two were talking, Yun Chang followed Gu Shinian to the office door and knocked lightly on the door.

Yang Hongying was about to go to the rehearsal hall to see the rehearsal situation in the group, opened the door, and saw the little girl she had just discussed with Guan Min at a glance.

Wearing a neat military uniform, a fluffy red scarf was tied around his neck, his hair was tied up high, and his small white face was shrunk in the scarf, revealing his big watery eyes.

Behind him was Gu Shinian, who was a head taller than Yun Chang, and was also wearing a spirited military uniform. The indescribable aura on his body mixed with the iron-blooded and stern aura that only belonged to soldiers, making him look like a The well-polished sharp blade is particularly attractive.

At this moment, he was standing tightly behind Yunshang, as if he was holding the little girl in front of him in his arms, and his protection was very obvious.

Yang Hongying recognized Gu Shinian. Knowing that he is the airborne company commander of the newly established Tiger Company that the little girls in the regiment have been discussing recently.

At this time, seeing the two standing together in an intimate and natural manner, they understood the reason why Yunshang didn't go to college and came to Yicheng Military Region from Linyang Military Region.

## Chapter 590 First Impression

Yang Hongying went out in a hurry, verified Yun Shang's identity in a hurry, said a few words of encouragement that could no longer be official, and called a tall lesbian over in the corridor, asking

her to take Yun Shang to the dormitory to settle down first. Come down, and then take her to familiarize herself with the familiar environment.

Before going out, Yang Hongying called to Yunshang, "Comrade Bai Yunshang, follow Yao Ke around in the afternoon and have a good rest at night. Go to the rehearsal hall for the assessment tomorrow morning, and I will arrange your next visit according to your assessment situation." Work."

Yun Shang thanked Yang Hongying with a smile, and obediently followed Yao Ke out.

Great! No need to go to boot camp!

Thanks to her stubbornness, Bai Yancheng went through an extra procedure for her, and was transferred from Linyang Military Region to Yicheng Military Region by way of secondment. Otherwise, she would have to report to the recruit company first, and then participate in the recruit training there before she can officially join the art troupe, just like those recruits who have just been conscripted.

As lazy as she is, if she really went to the training camp, she would probably become a deserter if she persisted for less than three days.

Gu Shinian was standing outside the door, and saw Yun Shang coming out behind a lesbian wearing exercise clothes like a pitiful little girl, his eyes quickly fell on her face, confirming that her eyes and mouth were full of smiles. After realizing it, I breathed a sigh of relief.

"Is everything going well?" Gu Shinian raised the box and asked very naturally.

"Successful." Yunshang nodded, and secretly scratched the back of Gu Shinian's hand with her little finger, "Head Yang arranged for Comrade Yao Ke to take me to the dormitory to settle down. Now go get the daily necessities first, and then go to the dormitory."

Gu Shinian nodded to Yao Ke who was at the side, weighed the weight of the suitcase, and glanced at Yunshang's slender white fingers, and said worriedly, "The suitcase is quite heavy, let's go, I'll take you there."

While leading the way, Yao Ke devoted his attention to observing the interaction between the two. Of course, he focused more on Gu Shinian.

After all, this is the legendary company commander who was rumored to have a strong background and directly parachuted over to pick peaches.

The lesbians in the regiment have been discussing him every night before going to bed. After all, he is handsome enough and his background is mysterious enough.

Seeing another airborne art soldier in the regiment now, and also has a close relationship with the rumored mysterious figure, Yao Ke couldn't help but feel gossip.

It's a pity that Yunshang and Gu Shinian stayed in Hong Kong City for three years, and they spoke more or less with accents. Yao Ke could not guess where they were from after listening for a long time.

"Little comrade, I heard from Commander Yang that you were transferred from another military region?"

Yunshang smiled at Yao Ke, and responded obediently, "Sister Yao Ke, my name is Bai Yunshang, and I am from the Linyang Military Region."

When Yao Ke heard this elder sister, his heart burst into joy. She joined the army at the age of fourteen and joined the art troupe. She is twenty years old this year, and she is a full-fledged veteran.

In the army these years, everyone came and went from comrades. This was the first time that a delicate and soft little sister called her sister sweetly.

That small voice can almost melt people's hearts.

The smile on Yao Ke's face widened, and he patted Yun Shang's shoulder kindly, "We are all comrades, you can just call me Comrade Yao Ke from now on."

After he finished speaking, he paused, looked around, and lowered his voice to encourage Yunshang, "Yunshang, you can call my sister if there is no one in private from now on."

Yun Chang almost laughed out loud when she heard that, she quickly pursed her lips, and nodded obediently in response.

"Okay, I'll listen to Comrade Yao Ke."

Yao Ke secretly glanced at Gu Shinian who was following the two of them, poked Yun Shang's arm, and asked furtively, "Yun Shang, are you an acquaintance with Comrade Gu?" What is the relationship between you two! ? Hurry up and tell me, I'm going to gossip with everyone after I'm done!

Yun Chang glanced sideways at Gu Shinian, her cheeks flushed slightly, and her big eyes showed a look of shame, "I, I grew up with Second Brother Gu when I was young."

The conceivable content of these words is rich.

The two grew up together, they could be brothers and sisters, or they could be childhood sweethearts, coupled with Yunshang's slightly shy expression,

It can also be understood as an object.

Yao Ke's thoughts diverged instantly following what Yun Shang meant.

...

The dormitory in the regiment is in the small two-story building next door. The first floor is the dormitory for female soldiers, and the second floor is for male soldiers. There are eighteen rooms in total.

The dormitory is quite spacious, but there are more female soldiers in the regiment, and four people can live in one dormitory. In this regard, female soldiers are indeed inferior to those male soldiers who can still live in a room between two people.

Fortunately, the dormitory is equipped with a very ordinary single canopy bed, there is no distinction between upper and lower bunks, so there is no need for Yun Chang to bother with climbing up and down.

Yunshang was transferred here temporarily, and there was only one bed near the door left unoccupied in the dormitory. Yun Chang doesn't dislike it, it doesn't matter if it's easy to get wind near the door, although it's a bit cold in winter, it's cool in summer.

Besides, she is a person who has space to be close to her. If it is really too cold to bear, she can sneak into the space in the middle of the night to warm up, and she will not be able to freeze herself no matter what.

...

It was rehearsal time right now, and there was no one in the dormitory, so Gu Shinian placed Yun Chang on a chair, and quickly made the bed for her.

Seeing that Gu Shinian folded the daily clothes that Yunshang brought by herself one by one and put them neatly under the cabinet, and then put the things she used in daily life into the drawer in a row according to size and shape, his eyes almost stared at him. straight up.

What is this childhood sweetheart who grew up together?

This is obviously taking a daughter.

It wasn't until Gu Shinian finished tidying up Yunshang's things that Yao Ke stood up with a dazed expression on his face, "It's packed... Well, Yunshang, I'll take you out to familiarize yourself with the familiar environment."

In the following time, Yao Ke led the two of them around the military area, without stopping their mouths along the way.

For example, the Yicheng Military Region is not big, and the art troupe only has about fifty people... By the way, it is no longer called an art troupe, and it was changed to a propaganda team two years ago.

The entire publicity team has about 20 dancers, five or six solo performers, and a few well-rounded all-round players. The rest are the musical instruments of the publicity team.

For another example, where is the training ground, where is the practice room, where is the rehearsal hall, where is the bathhouse, where is the cafeteria, where is the meeting room for leaders to hold meetings, and where is the auditorium for performances in the group.

In the process of wandering around, the three of them will inevitably arouse the curious eyes of other people in the group. When they meet acquaintances, Yao Ke will stop to introduce Yun Shang and help her integrate into the group as soon as possible.

Probably because she knew that Gu Shinian would stay on the mountain less than 30 kilometers away from her, Yunshang had expectations and yearning in her heart, and her first impression of a small military region like Yicheng was surprisingly good.
