Chapter 621 Fell into the ditch

Yun Shang had a plan in mind, and before going far, she separated Yao Ke and Liu Chunmei calmly, and pulled Liu Chunmei as far as possible to fall behind Yao Ke.

Just kidding, if Yao Ke has been walking by Liu Chunmei's side, how will her plans for today be carried out?

She has done so much, and she is also a persona of unity, friendship and comrade-in-arms, and a persona of Li Weili, who just wants to step down Liu Chunmei once and never dare to jump around again. If Yao Ke really disturbed her by doing bad things with good intentions, wouldn't she suffer for nothing today?

The few people were walking exhaustedly on the small soil slope at the moment, beside a small gully that was not high but with a steep slope, they felt that Liu Chunmei's strength in pulling her arm was gradually increasing, and bit by bit Slowly leading her closer to the gully, Yun Chang's drooping eyes instantly turned cold.

This Liu Chunmei is really fighting for her strength.

Yun Chang simply followed Liu Chunmei's mind and walked to the side of the road, but saw her slow down, with a wavering expression on her face. Just when Yunshang thought that Liu Chunmei had given up on her vicious thoughts, Liu Chunmei pursed her lips again, pretending to slip on her feet accidentally, and wanted to drag Yunshang to fall into the gully

Yunshang had been on guard against Liu Chunmei for a long time, and at the moment she slid down, she used her mental strength to apply some external force to Liu Chunmei's feet, making her flop into a real fall. At the same time, the arm turned slightly, breaking away from Liu Chunmei's hand holding her arm, pretending to want to grab Liu Chunmei but failed, watching her fall down the slope to the bottom of the ditch.

Yao Ke was taken aback by this turn of events, she quickly dropped her backpack and slid down the slope, wanting to see if Liu Chunmei was okay.

"Really not, is there any injury?" Yun Shang sat on the slope, looking at the two worriedly.

Yao Ke touched Liu Chunmei's swollen ankle. After realizing that there was no bone injury, she breathed a long sigh of relief, raised her head and shouted to Yun Shang, "It's nothing serious, just a sprained ankle, and the health team will pinch it later." It will be done in one go, without delaying the journey."

Liu Chunmei couldn't cry right now, she grabbed Yao Ke's hand, and asked with horror on her face, "Yao, Yao Ke! My feet are swollen like this, are my bones okay?"

"It's all right." Yao Ke patted Liu Chunmei reassuringly, and carefully helped her stand up, "Try to see if you can stand up, we have to find a way to get up."

When Yun Shang heard this, she curled her lips in dissatisfaction, grabbed a piece of hay from the side of the road and put it in her mouth, and said to Liu Chunmei, "Liu Chunmei, this slope is too steep, and it's not easy for me to go down with Yao Ke to help you. Try to see if you can climb up by yourself."

This Liu Chunmei, just now wanted to push her down, and expected her to go down and rescue her regardless of the past?

It's just a dream!

Just because of Liu Chunmei's vicious thoughts of plotting against her just now,

It would be good for her to push her down a second time if she didn't use her hands. How could she do something like being hit on the left cheek and then put the right cheek on it.

Liu Chunmei calculated that Yun Shang would not succeed but suffered retribution. She was worried that Yun Shang would see through her plan, so she didn't dare to ask Yun Shang to come down and help her climb up.

With the help of Yao Ke and the surrounding branches and vines, Liu Chunmei finally climbed up with one leg dragging like a cripple.

Yunshang squatted on the side of the road, looking at Liu Chunmei's ankle, which was swollen like a steamed bun, and gave her a thoughtful suggestion, "Can you still walk with this foot? If you can't, just wait for the car to come and take the car to the camp."

When Liu Chunmei heard this, she quickly shook her head and refused, "No, I can't quit halfway." The team leader didn't want to see her in the first place, and if she couldn't even persist in the training, she wouldn't even think about joining the party.

Yun Chang frowned slightly, and smiled, "That's fine, since you refuse to quit, you will have to suffer today."

While the few people were talking, people from the health team rushed over and checked Liu Chunmei to make sure that she hadn't hurt any bones. They left a plaster and left in a hurry.

Knowing that her feet were fine, Liu Chunmei looked much better, but it was still difficult to walk, and she had to rely on Yunshang and Yao Ke to support her.

Liu Chunmei was injured, and she didn't dare to act like a monster anymore. Although she still pretended not to see and asked Yun Shang to carry her backpack, she didn't dare to walk by the side of the road.

The large army rested temporarily in front, and when a few people caught up, Yun Chang felt that her image was very miserable, and she almost had no face to face others.

Of course, in the eyes of other people who don't understand Yun Shangsao's operation, she is really hard. Carrying two rucksacks like hills on her body, the hands supporting Liu Chunmei were still trembling, her face was pale, her breathing was too rapid, the bangs on her forehead were wet with 'sweat', and she was in a panic.

Thinking of Yun Shang's performance along the way today, first she poured all the little water she had left for Liu Hongmei to drink, and now she is carrying a big rucksack for Liu Hongmei, and she is still dragging her legs so weak that she can hardly walk. Liu Hongmei hurried on the road together.

This is not called hard work, what is hard work?

Even the gay men in the regiment are more relaxed than Yunshang.

Wen Chengjie came to meet Yunshang from a distance, and saw that her face was so ugly that she was angry and puzzled, but in front of outsiders, he couldn't say that Yunshang shouldn't help Liu Chunmei, so he had to endure his doubts and help to untie her. Liu Chunmei's backpack was behind her, but as soon as she got it, Wen Chengjie noticed something was wrong.

Really... Liu Chunmei's rucksack is too heavy!

At least seven or eight catties heavier than his backpack.

Wen Chengjie glanced calmly at Liu Chunmei, who was slumped on the ground without speaking, and then at Yunshang's pale face. With a bang, he put Liu Chunmei's rucksack on the ground, and turned his eyes around the rucksack. .

"Comrade Liu Chunmei, what's in your rucksack, why is it packed in such a mess?"

While Wen Chengjie was asking questions, he weighed Liu Chunmei's rucksack in his hands again to confirm that her rucksack was very heavy. He winked at Yun Chang calmly, turned and walked forward.

"Wen Chengjie, what did you find?" Yun Shang asked with a smile as soon as she passed by.

"Well, you live in a dormitory with Liu Chunmei, do you know what's in her backpack? It's heavier than mine."

"do not know!"

Yun Shang shook her head like a rattle, resolutely not mentioning the fact that she secretly stuffed two green bricks for Liu Chunmei, and after finishing the matter, she looked around and asked the old man Wen Chengjie for advice, "Hey, you said, I performed so well today, are you satisfied with me in terms of organization?"

"Don't change the subject!" Wen Chengjie replied angrily, and then said, "Yunshang, I suspect that Liu Chunmei has something else in her backpack, or else she wouldn't have asked you to carry it for her for the rest of the time." What are you going to do about this?"

Chapter 622 Do I Look Like a Fool?

Yun Shang pointed to her face and asked Wen Chengjie, "Am I like a fool?"

Wen Chengjie turned his head, looked Yun Shang carefully up and down for a long time, finally nodded, and said, "No, you are a big fool!"

With top-notch business ability and good family background, he is valued by Head Yang and Deputy Head Guan. He is clearly an existence that can walk sideways in the art troupe, but why is he like the second idiot? Liu Chunmei, who is the least present in the troupe Bullying like this?

It's fine to drag Liu Chunmei along the way, but he even carried the backpack for an entire hour, and Liu Chunmei tampered with the backpack.

If you are so useless, what is it if you are not a fool?

Wen Chengjie didn't know that Liu Chunmei wanted to push Yunshang into the ditch. If he knew, he would probably be able to give Yunshang the title of 'the most stupid in the world'.

Yun Chang slapped Wen Chengjie angrily, frowned slightly, and looked sideways, "Wen Chengjie, I will give you another chance to answer the question just now!"

Dare to say that I am a fool, do you still want to eat meat sauce? Do you still want to eat jerky? Do you still want to eat snacks such as chocolate dried fruit?

Hearing the threat in Yunshang's words, Wen Chengjie shamelessly admitted again, with a smile on his face, flattering him, "You're not stupid, you're the smartest! A person like me who doesn't have a good brain How can I understand your way, don't you think?"

Bai Yunshang is so shameless! Threatening him with delicious food every time, if you have the ability, go to Liu Chunmei!

Yun Chang nodded in satisfaction, took out two pieces of chocolate and stuffed them to Wen Chengjie. After thinking for a while, she gave him a little breath, "Don't worry, I know about this matter."

As he spoke, he glanced in Liu Chunmei's direction.

Wen Chengjie stuffed a whole piece of chocolate into his mouth, and complained with a gloomy expression, "I don't know what you are thinking, do you think Company Commander Gu will feel bad if he knows that you have suffered a serious crime today?"

Gu Shinian ran to the regiment every day and every day, privately treated Yunshang like a daughter, if he knew that she had been bullied by Liu Chunmei, he wouldn't know how angry he would be.

Yun Shang was stunned for a moment after hearing Wen Chengjie's words, even though she knew that Gu Shinian was not around, she still looked around with a guilty expression.

"Don't scare me. I've been strong since I was a child, so what's the point of carrying two rucksacks?"

She has room to cheat, even if she carries a mountain on her back, how can she be crushed by two backpacks?

Besides, she dragged Liu Chunmei all the way on the road, it looked like she was suffering and suffering, and Liu Chunmei was enjoying the blessings, but the fact is that she cheated with mental power, and she really didn't suffer at all, and Liu Chunmei really had weak legs can't move.

After all, she used her mental strength along the way and dropped two invisible big sandbags on Liu Chunmei's legs. How could Liu Chunmei walk smoothly?

Seeing that Wen Chengjie was still in a bad mood, Yunshang thought for a while, and explained to him, "Didn't deputy head Guan always ask me to prepare to join the party? I can add more points to things. It's a pity that this Liu Chunmei is dishonest and wants to plot against me secretly. Tell me, can I still save face for her?"

Wen Chengjie heard the voice immediately, and asked with a serious face, "What else is Liu Chunmei doing?"

"When I was climbing the second slope just now, Liu Chunmei wanted to push me into the ditch and let me avoid it. Heh~" Yun Shang smiled coldly, and continued, "I didn't expose her, she thought I couldn't see her little tricks.

"

Wen Chengjie was so startled that the chocolate in his mouth almost choked, he turned his head and stared at Yun Shang for a long time, then squinted at Liu Chunmei who was sitting behind the line, his eyes were full of coldness.

"Who else knows about this? When we arrive at the camp, I will accompany you to find Commander Yang. This matter cannot be left alone."

Although the two slopes are not steep, people will not be killed if they fall down, but what if they hit a tree branch or hit a rock and break a bone?

Yun Shang plays the violin, if something goes wrong with his hand, how can he perform on stage in the future?

The regiment is still counting on Yunshang to win honors when she participates in the military art performance in March!

Yun Shang took a sip of water, pointed in Liu Chunmei's direction, and smiled at Wen Chengjie, "Yao Ke was walking in front, and Liu Chunmei and I followed behind. There are no witnesses who can prove that Liu Chunmei wanted to lay hands on me. Besides, it was Liu Chunmei in the end. I fell down by myself, and if I make a big deal out of it, Liu Chunmei can bite me back, saying that I pushed her down."

Wen Chengjie sneered when he heard the words, "You can't make a fuss in front of the leader, right? Okay, then we'll settle it privately."

Seeing that Wen Chengjie was gearing up to help her get ahead, Yun Shang gave him an angry look, "What's the matter with you? I'll settle this matter myself, I don't need you to get ahead of me."

After speaking, he grabbed a handful of dried fruit and stuffed it into Wen Chengjie's hand, then turned around and walked towards Liu Chunmei, "Wait here, I'll go and clean her up right away!"

It was time for lunch, and Liu Chunmei was leaning on her backpack, holding a piece of compressed biscuit in her hand and slowly gnawing on it.

Yun Shang sat down diagonally across from Liu Chunmei, leaned limply on Yao Ke, stretched out her mental strength, and calmly took back the two green bricks in Liu Chunmei's backpack, and put them into the raincoat she put on the outside of the backpack Two stones stuck in...

Knowing that Yunshang was going to make trouble, Wen Chengjie stuffed dried fruit into his mouth, called out a few veterans of the band, and walked slowly to the back of the team, preparing to watch Yunshang clean up Liu Chunmei, and support her by the way.

The few people had just arrived, and before they had time to speak, they heard a "bang", and the strap of Liu Chunmei's backpack was ripped open.

The washbasin, towel, quilt, and underwear wrapped in the quilt were all laid out in front of everyone's sight.

The most conspicuous of them were the two muddy stones wrapped in her raincoat.

Liu Chunmei held up the compressed biscuit, looked at her underwear with patches under the quilt, and was immediately stunned.

How embarrassing!

How could this be?

She obviously packed her rucksack very well!

Yun Shang didn't expect that she would put Liu Chunmei in such an embarrassing situation by using too much force. She couldn't help but twitched the corners of her mouth, covering her face and dared not look at Liu Chunmei's expression of shame and anger.

Wen Chengjie and a few male soldiers were even more confused. As soon as everyone came over, Liu Chunmei's underwear was spread out under their feet. Is there anything more embarrassing than this?

Several people hurriedly turned their heads, pushed and shoved the male soldiers around, telling everyone to close their eyes and not allow them to look.

The female soldiers would not be embarrassed, probably seeing the patches on Liu Chunmei's underwear, some female soldiers couldn't help laughing in a low voice, but more female soldiers put down their food and hurriedly helped Liu Chunmei packed her things.

Chapter 623 I put the stone

"Liu Chunmei, what is this?" Yao Ke pulled off the raincoat on the ground, pointed at the stone inside, and looked at Liu Chunmei in surprise.

Everyone looked at the two stones, and then remembered that Liu Chunmei's rucksack was on Yunshang's back when they came over just now, their expressions brightened immediately, and they winked at each other, as if they had discovered some shocking secret.

Yao Ke has been in the art troupe for many years, and is used to those little tricks among girls. Thinking that Yunshang is like a fool, dragging Liu Chunmei in his hand, and carrying Liu Chunmei's deliberately heavy backpack on the road, she is so angry It's all white.

She has been in the army for so many years, and she has never seen such a bold and vicious recruit!

How did this kind of recruit with bad conduct and mediocre professional ability be recruited in the first place?

You can't keep this kind of person in the army!

Liu Chunmei also came to her senses at this moment, looking at the stone that Yao Ke threw at her feet, her face turned green and pale for a while, she just felt that this big black pot that flew inexplicably was big and round, and it was still comfortable to wear on her head. It was very secure, and she couldn't get rid of it no matter what.

"I didn't do it! Why did I put stones in my backpack? It wasn't me! I didn't!" Liu Chunmei turned pale with fright, and explained to the people around her repeatedly.

Yao Ke took a deep breath, suppressed the anger and disgust in his heart, and said, "Yeah, why do you put stones in your backpack? Because Yunshang carried your backpack for you all the way! You No matter how many stones you put in, you won't be able to tire yourself!"

Wu Xiang also stood beside Yao Ke, waiting for Liu Chunmei to show her position with practical actions.

On the other hand, Ye Li's eyes were shining, his mouth was like a squirrel chewing compressed biscuits, and he squeezed to the front, his face showed a look of watching the show...

After being stared at and condemned by so many people, Liu Chunmei was so frightened that her legs began to tremble, and she even spoke with a slight trembling voice, "But I also walked for four hours with a backpack on my back!"

This time, before Yao Ke could speak, the female soldier next to her was the first to turn back, "There are no such stones in the military division, at most two red bricks can be found!"

The implication is that if you stuffed red bricks in your backpack, then we believe that you didn't stuff it in.

But these two stones were still covered with wet mud. It looked like they had been carefully wrapped in raincoats not long after they were picked up from the mountain.

Liu Chunmei didn't do this, and who did it?

After all, from beginning to end, only Yunshang and Liu Chunmei had access to Liu Chunmei's backpack.

If it was Yun Shang who did it, how stupid would she have to be to stuff two stones into her rucksack and put a burden on herself?

Liu Chunmei's eyes darkened, and she felt that the big black pot on her head was more stable.

Even though she knew that no one would believe her, she still kept emphasizing, "I really didn't stuff this rock... This backpack, Yunshang, has been carried for so long, why do you only doubt me..."

Yun Shang knew that it was time for her to appear on the stage, swallowed the last bit of dried fruit in her mouth, put all her acting skills together, and kept sucking her little nose to squeeze to the front.

I saw Yun Chang staring at the two stones on the ground in a daze, with an unbelievable but obvious hurt look on her face, and a smile uglier than crying on the corner of her mouth.

"...Comrade Liu Chunmei is right. I put the stone in. I, I wanted to sharpen my will, so I put two stones in my rucksack.

"

Wen Chengjie: "... You little liar, I believe in your evil!

Yao Ke/Wu Xiang: "... Yun Shang is so honest, at this time, she even helps Liu Chunmei to play sloppy eyes!

Onlookers: "... The new violinist in the group is really a good comrade, with strong professional ability and kind heart!

She was clearly targeted by Liu Chunmei, but she also generously took the matter on herself, so as not to let everyone embarrass Liu Chunmei again.

Really, so kind.

Only Liu Chunmei stared at Yunshang, wishing she could pounce on Yunshang and tear Yunshang's mouth.

This seems to be an explanation for her, but in fact it made her more able to recite the words of clarification, and confirmed her charges even more.

Now everyone thinks that she is playing small tricks to bully Bai Yunshang. If it is heard by the leaders, how can she stay in the military region?

Obviously she is the victim!

How could Yun Shang slander her with such nonsense?

What's more, since leaving the military division in the morning, only Yunshang has touched her backpack. If it's not Yunshang, who is it?

It must be Bai Yunshang who did it!

It must be that Yunshang noticed what she did in Erdaopo before, so Yunshang secretly put two stones in her backpack to fight back against her.

Otherwise, how could Yun Shang suddenly target her?

Obviously this morning, Yun Shang talked to her again.

Realizing that Yunshang had noticed her tampering in Erdaopo, Liu Chunmei suddenly shuddered, her heart sank.

How to do?

Yunshang's family is powerful, will she ask the leader of the army to return her to the village?

no! She can't go back to the village, this literary and art soldier quota, but she...but she got it with great difficulty, she absolutely can't go back!

Cold sweat broke out layer by layer on Liu Chunmei's forehead, and her mind was clearer than ever.

Before she wanted to do something wrong to Yunshang, she was just jealous that she had such an excellent partner as Company Commander Gu, and she was jealous of Wen Chengjie and the band veterans' maintenance of Yunshang. Can't help but start with her.

If she could do it all over again, she would never do such a foolish thing again!

At least, until she has no ability to protect herself, she will never mess with Yunshang again.

Liu Chunmei looked at Yunshang, she didn't know whether she was angry or scared, her mouth was trembling and she could hardly utter a complete sentence.

Yun Chang bent her lips and gave Liu Chunmei a meaningful smile, "Comrade Liu Chunmei, pack your rucksack quickly, the troops will leave soon."

Liu Chunmei refused to admit that she had set the stone, and Yunshang insisted that she did it herself. Neither party involved made a fuss, so no matter how curious the other people were, they couldn't hold on to this matter any longer.

However, when the team set off again, Liu Chunmei fell behind because of a sprained foot. Yunshang didn't help Liu Chunmei carry her backpack like before, and didn't help her on the road. What's the matter.

"Hiss! Hiss!" Wen Chengjie winked at Yunshang, motioned for Yunshang to come over, and asked very curiously, "Hey, tell me quickly, who put that stone?"

"I let it go!" Yun Shang glanced at Wen Chengjie like a second fool, "Didn't I explain it to everyone just now, I wanted to sharpen my will, so I added two stones to my backpack."

People these days are so insincere!

She was clearly telling the truth, why didn't anyone believe her?

Wen Chengjie was so angry that his hands were itchy, and he wanted to knock Yun Shang's head open to see what was pretending in her mind, "Are you stupid or am I stupid? What's going on, I haven't figured it out yet."

"Then it's you who is stupid! You can't figure out such a simple thing, who is stupid if you are not?"

Yunshang hit Wen Chengjie with her words, then lowered her voice, and said truthfully again, "I didn't coax anyone, I put the stone in when Liu Chunmei fell off Erdaopo. Now... Understand?"

Chapter 624 Distressed

After Wen Chengjie figured out what was going on, he moved a few steps to the side in an exaggerated manner, patted his chest and sighed, "Hey, you lesbians are so scary, you even torment yourself when you are so cruel!" I can't afford it!

Yun Shang cast a disgusted look at Wen Chengjie, ignored him, and strode towards Yao Ke.

What a fool!

If there is no benefit, why is she bothering herself?

I had already quietly cleaned up Liu Chunmei and finished the job.

It was already three o'clock in the afternoon when the large troops arrived at the station. Even if Yunshang had the blessing of spiritual power, the eight hours of walking on the mountain road made her legs sore, and her waist and back could not be straightened.

As recruits, Wu Xiang and Ye Li were even more miserable. They were dragged to the place by several male soldiers in the regiment, puffed and puffed into the haystack on the ground, lying on the ground in a large font. Woke up.

Yun Chang leaned on the rucksack, kneading her calves gently with both hands, the soreness and tingling feeling went straight to the sky along the nerves, causing her eyes to burst into physiological tears.

At first glance, it looked as if she couldn't bear the pain and cried out in pain.

Yao Ke was also exhausted. Seeing Yun Chang's appearance, she didn't even have the strength to laugh. She moved her hands to Yun Chang's side, ready to knead her other leg.

Unexpectedly, as soon as she put her hand on it, Yun Chang couldn't help but screamed, with cold sweat breaking out on her forehead, and shouted with a huff to tell Yao Ke not to pinch her legs.

She really can't bear this strength.

Yao Ke didn't expect that Yunshang couldn't bear the pain so much. Seeing the cold sweat on her forehead, she stretched out her hand and squeezed her leg a few times in disbelief, and then looked at Yunshang speechlessly.

She is really useless, and it is quite comfortable to pinch, how can it be so painful?

When the two were staring at each other, Wu Xiang on the side picked up a piece of dry grass and threw it over, and said weakly, "Yao Ke, you can't pinch Yunshang's leg. Hey, someone who can pinch is here!"

As he spoke, he nodded his chin forward.

Yun Chang looked up and saw Gu Shinian striding towards her with a small medicine box in his hand.

"Yes, I can really pinch it." Yao Ke took a long breath, moved over to knead Wu Xiang's calf, and gave up the position beside Yunshang.

As soon as Gu Shinian came over, his eyes fell on Yun Chang's face. Seeing that her eye circles and nose were all red, and seeing her fingers resting on the calf, she knew it in her heart, and her worried eyes instantly He became gentle, and there was a smile in his eyes.

"Second Brother Gu..."

As soon as Gu Shinian came over, the grievance in Yunshang's heart also flooded her heart like a tide, her voice was choked with sobs, and tears couldn't help but started to fall down.

She didn't want to cry, but when she saw Gu Shinian, tears flowed out involuntarily, and she couldn't even wipe them clean.

Seeing Yun Shang's pitiful face with tears streaming down her face, Gu Shinian's heart was pulled together for a long time, and he almost couldn't help but hugged her into his arms in front of everyone.

"A Chang, does your leg hurt badly? Let me see."

Gu Shinian half-kneeled beside Yun Chang, gently wiped away the tears on her face, then lowered his head, untied her shoes, hugged her calves in his arms, moved up her ankles, and pointed her fingers one by one. A little bit of kneading.

When Yunshang pinched her legs, because she was afraid of pain, she simply fooled herself against her conscience. She didn't use any force at all, and just pretended to give herself a little comfort.

Yao Ke's hand was really ruthless, just touching Yunshang's calf, the numb and unconscious leg immediately became sore and stinging to the bone, the feeling was so sour and refreshing to the extreme.

But Gu Shinian's method is completely different. Knowing that Yunshang is afraid of pain, when she first started, she just gently pressed the muscles with her fingers to relax Yunshang, and then increased the strength little by little, so that Yunshang finished pinching the two legs within the range that Kankan could bear .

Yao Ke, Wu Xiang and the others watched secretly, speechless.

Others can finish the job in just a few minutes by pinching their legs, but it took Gu Shinian a full twenty minutes to pinch his legs.

Seeing Yun Shang leaning on the rucksack, with her legs in Gu Shinian's arms, enjoying Company Commander Gu's massage service and wanting to hum in comfort, everyone around her felt sore.

They are also female soldiers! How come compared with Bai Yunshang, they have become a bunch of rough guys who don't know pain?

When pinching the legs, ghosts and wolves howled, and the sound could scare the wolf cubs in the mountains into nightmares at night!

Why did you get to Yunshang's place, pinching your legs is like enjoying the service of a servant, you just need to grab a handful of melon seeds and hum a ditty.

This is also... so exciting!

Can't think about it!

Can not watch!

As a result, everyone moved away silently, and there was almost a vacuum around Yun Shang and Gu Shinian.

"Ah Chang, are you feeling better now?"

Yun Chang opened her eyes and felt it, nodded and said, "Well, it's better, it doesn't hurt so much now."

Gu Shinian heaved a sigh of relief, a smile unconsciously appeared in the corner of his eyes, he rubbed her delicate ankle with his fingertips a few times, and before Yun Shang could react, he held her ankle with one hand, and quickly peeled off her ankle with the other. socks:

"I'll treat the blood blisters on the soles of your feet again, and apply some potion when I'm done, so it can heal faster."

Yun Shang didn't expect Gu Shinian's movements to be so quick and quick. Before she could react, she threw the blood-stained sock on the ground, and then the soles of her feet felt a prickly pain, which was so painful that she couldn't help it with all ten toes. curl up.

"Gu Shinian, you can't take it easy!" Yun Shang burst into tears, struggling almost to kick Gu Shinian in the face.

It really...it hurts so much!

After the blood bubbles on the soles of the feet were worn out, the socks stuck to the skin, so how could it be painless to just pull them off like this?

Yun Chang was in so much pain that she shed tears, and Gu Shinian couldn't bear the pain. Although he didn't show it on the face, his fingers holding Yun Chang's ankle were trembling slightly.

"A-Shang, just be patient, just apply the potion and it will be fine..." Gu Shinian wiped the cold sweat off his head, coaxed Yun Shang in a low voice, opened the medicine box, and helped her deal with the blisters on the soles of her feet with delicate and gentle movements .

It hurts when iodine is applied on the broken skin, looking at Yunshang's toes curled up from time to time because of the pain, and listening to her gasping for air from time to time, Gu Shinian's expression became more and more ugly.

From Yun Chang's point of view, his eyes were covered by the military cap, and he could only see his tightly pursed, slightly whitish thin lips.

After both feet were finished, Yunshang sniffed her little nose and asked, sobbing, "Second brother Gu, did you tear off all the flesh on the soles of my feet?"

"Let me take a look." Gu Shinian lifted the soles of Yunshang's feet to take a look, and then said while putting on the socks for her, "It's all there, not a bit of flesh has fallen off."

Chapter 625 I heard you were bullied

A genius remembers the address of this site in a second: [Lingyu Novel Network] The fastest update! No ads!

Yun Shang didn't believe Gu Shinian's nonsense, she hummed softly, moved her feet, and glanced at the Jiefang shoes on the ground, Gu Shinian immediately put the shoes on for Yun Shang with understanding.

That appearance, looks like a dog leg!

The comrades in the art troupe were busy setting up tents and setting up pots for cooking at the moment. Yun Chang just got medicine on the soles of her feet, and she dared not walk on the ground because of the pain, so she just sat there and interrogated Gu Shinian with a stern face.

"Gu Shinian, tell me honestly, why did you come to me now?"

Gu Shinian took a funny look at Yun Shang, sat cross-legged across from Yun Shang, rolled up her blood-stained dirty socks, put them in his pocket very naturally, and honestly explained what Yun Shang proposed. question.

"Your art troupe is not called training, it's called experiencing life. You can go back after going out to play for a while. Other units in the military region will also conduct actual combat exercises. Our Tigers will also participate in this time."

The Tiger Company was still a new company, and from the day it was established, all divisions in the army had their eyes fixed on this new company.

This actual combat exercise is the first time that the Tiger Company has confronted its brother units head-on on the exercise field, so it has to show some real skills no matter what.

Not to mention winning the top spot, at least let other people in the military division know that the Tiger Company is indeed a stubble, and its future and potential are far beyond what ordinary soldiers can match.

Just in this way, the burden on Gu Shinian's shoulders became much heavier.

After all, he has just been transferred here for half a year, and he has never been to other places except the company garrison and the military division. Today, in addition to leading the company to carry out weight-bearing training, he has to go to the exercise field in advance to familiarize himself with the terrain, and make a battle plan with the rest of the company. It is already time for him to squeeze himself as much as possible to come to see Yunshang so quickly.

Yun Chang was so moved that tears came to her eyes, and she stuffed a lot of chocolates in Gu Shinian's hands into Gu Shinian's hands, urging him to go back quickly.

"No rush." Gu Shinian motioned Yun Shang to peel a piece of chocolate for him, leaned over to hold it in his mouth, and swallowed it, "A Chang, when I first came here, I heard that you were bullied, what's going on?"

Although she knew that most of the time it was Yun Shang's own handwriting, she wouldn't really suffer, but Gu Shinian still couldn't help worrying.

Yun Chang's face froze for a moment, she looked around, and fooled Gu Shinian with a guilty face, "A small matter has been resolved, and I didn't suffer."

It's over!

If Gu Shinian knew that she had done something stupid to torment her today, she would definitely be scolded again.

Is it the small report made by that troublesome guy with Gu Shinian?

When she finds out this man, she must put on a sack and beat him up!

Yun Chang shrank her neck, glanced at Gu Shinian, who had a stern face, and every cell in her body was written with the word "unhappy", and said bitterly again, "Gu Er... Gu Shinian, Kong Fulian Aren't they still waiting for you, please go back quickly, I'm really fine."

Seeing Yun Chang's guilty look, Gu Shinian didn't know anything. He was amused and helpless in his heart, and finally sighed secretly, raised his wrist to look at the time, suppressed his reluctance and said, "Time doesn't make time." I'm going back to the company first, and I'll come to see you at night."

This girl has always been very courageous, and if she doesn't ask what she has done, she still can't rest assured.

After Gu Shinian left, Yun Shang stretched out her hand and rubbed her face. Just as she stood up holding her backpack, a flash of inspiration flashed in her mind, and she suddenly realized that Gu Shinian had taken her dirty socks away!

Thinking of Gu Shinian putting the chocolate and her dirty socks in the same pocket, Yun Shang felt as if struck by lightning, and her whole body was in a bad mood.

At this moment, she could only pray secretly in her heart that Gu Shinian would definitely eat those flavored chocolates alone, and never share them with others!

.....

Yun Chang tidied up the bedding, and when she came out of the canvas tent, the sky had already darkened, and the whole camp was filled with the smell of food.

Yao Ke came running from a distance with a stack of lunch boxes in his arms,

Seeing Yunshang, he hurriedly pushed her into the tent, "The meal is back, hurry in! Wen Chengjie is wandering around the camp with a lunch box looking for you, and I guess he's greedy for your meat sauce again."

After speaking, he stuffed the middle lunch box to Yunshang, and distributed the lunch boxes to several other people in the tent one by one.

Ye Li spread out on the quilt, took a mouthful of rice, glanced around the tent, and asked everyone gossip, "Hey, do you know which tent Liu Chunmei lives in? I just went to see it, and she ran away Hugging the thighs of the dancing beauty group, and only three people live in a tent, oh, it's so ridiculous..."

The military tents at this time were not too big, and each tent only accommodated six to eight people. Because it is a temporary camp in the wild, everyone will choose to live with people they know well.

Like the tent where Yunshang is, there are Wu Xiang, Ye Li, and four people from Yao Ke's dormitory.

Originally everyone squeezed together and Liu Chunmei could be squeezed out, but with Ye Li, the little pepper, Liu Chunmei was squeezed away as soon as she arrived at the door.

Liu Chunmei didn't know the rest of the group well, and with what happened today, no one invited her to live with her. In the end, she had to sleep in the only small tent in the group with two lesbians from the dance team. .

After driving away Liu Chunmei, Ye Li was very proud, even if no one in the tent answered her words, Ye Li could speak with gusto by himself.

Probably because what Ye Li said was too ugly, Yao Ke paused while eating, swallowed the food in his mouth, frowned, and said, "Ye Li, we are soldiers, we have to look like soldiers, unite our comrades, we can't Gossip behind people's backs."

As soon as these words came out, Ye Li seemed to be strangled by someone, and half of the words stuck back in his throat. She lowered her head and took a mouthful of rice, and it took a while before she complained in a low voice, "I didn't say anything to her."

Yun Shang turned a deaf ear to Ye Li's words, quickly finished her meal, said hello to Yao Ke, took her ** hat, and prepared to go out for a walk.

Guessing that Yunshang was going out to meet Gu Shinian, Yao Ke didn't expose her, and only told her in a low voice, "It's windy at night, come back after a turn, don't stay outside too long."

Yun Chang responded, picked up the military coat, opened the curtain of the tent and bent over and walked out.

It was indeed windy outside, and the temperature dropped a few degrees. Yun Chang quickly wrapped the military coat around her body to keep the damp and cold air out, and walked slowly towards the Tiger Company.

Just after leaving the cultural troupe, Yun Shang heard a rush of familiar footsteps, and then Gu Shinian's low and soft voice sounded from the front: "A Chang? Why did you come out so early?"

During the questioning time, Gu Shinian had already come out of the darkness and stopped in front of Yun Shang.

Chapter 626 Who made the small report

In the space, Gu Shinian squatted on the ground and carefully washed the dirty socks for Yunshang, while Yunshang half leaned on the sofa with Erlang's legs crossed, holding a bunch of purple and blackened grapes in his hand, stuffing them into his mouth while He was rambling on about his scheme against Liu Chunmei.

"...I didn't intend to push her down Erdaopo. I wanted to add some burden to her and make her suffer a little bit. I will come out and do a good job. I will do a good job in the group. With a little favorability, you can give Liu Chunmei a squeamish hat. I didn't know that she actually wanted to play tricks on me."

Yun Chang pursed her lips, feeling terrified in her heart.

Originally, as a recruit from the countryside, Liu Chunmei's professional ability was not strong enough, and everyone in the regiment could understand it, and no one would laugh at her.

But if she can't even compare to the recruits from the city in terms of physical strength, and she needs someone else to carry the backpack during the training, and she needs the support of her comrades to move to the camp, wouldn't it be a big joke?

At least Wu Xiang and Ye Li haven't given their rucksacks to others like her.

A person who does farm work every day in the village turns into a weak Miss Jiao during training, who can't carry a backpack or walk. Isn't this a joke?

Even if the veterans in the regiment and the leaders didn't say anything, how could they not have any objections to Liu Chunmei's lazy behavior?

In addition to the fact that she added salt to the kettle and asked Yunshang to borrow water, Liu Chunmei had to be labeled as selfish.

With the big hats of "selfishness" and "lazyness", Liu Chunmei has not thought about joining the party in recent years.

This is Yun Shang's punishment for provoking Liu Chunmei repeatedly.

Yunshang planned very well, and things went smoothly. Moreover, she unites her comrades and selflessly helps her comrades. There is no need to push Liu Chunmei into the ditch.

But who would have thought that Liu Chunmei wanted to be cruel to Yunshang in a frenzy. Isn't this the old birthday star who hanged himself and wanted to die?

Yun Chang was not the one who was willing to suffer. Liu Chunmei wanted to die by herself, so it was no wonder that Yun Chang planned her cruelly in front of others.

Gu Shinian hung the washed socks on the branch, stepped forward and hugged Yunshang in his arms, bowed his head and kissed her, "Liu Chunmei is not in the right mind, and this time he

suffered a big loss again, you will leave nothing for what you do in the regiment from now on." Mind, don't follow Liu Chunmei's way."

Yun Chang nodded, leaned sleepily in Gu Shinian's arms, stuffed a grape into his mouth, and said in response, "I know. This time Liu Chunmei and I have broken our faces, and we will definitely guard against it in the future." Her." If Liu Chunmei is honest, it's fine, if she dares to stretch out her claws again, then she will chop off the claws and arms together.

Gu Shinian looked at Yun Chang's small chin that was getting sharper and sharper, and felt the slender and almost weak body in his arms, his heart broke into several petals.

From Gu Shinian's point of view, Yunshang was just a weak little white rabbit, and the one named Liu Chunmei was a beast covered in poison, who could poke Yunshang over with just a finger. Without him being close to the side, I can't rest assured.

"A Chang..." Gu Shinian sighed secretly, shook her hand, and said in a negotiating tone, "Let Commander Yang change your dormitory for you when you get back." If you don't live in one dormitory, you can avoid unhappiness. less trouble.

"Forget it, no one in the regiment wants to live with Liu Chunmei now, there's no reason to offend others because of her. I just need to pay more attention."

As Yunshang said, she raised her head and kissed Gu Shinian's chin in a reassuring manner, then changed the subject and asked, "Second Brother Gu, who told you about this today?"

She had to get him out, put him in a sack and beat him up, to see if he dared to report secretly in the future.

Gu Shinian saw through Yun Shang's careful thoughts at a glance, with a smile on his lips, he asked her back, "Are you planning to put a sack on and beat her up in the space?"

Yun Chang nodded, puffed her cheeks, grabbed the soft flesh of Gu Shinian's waist with her small hands, and twisted it half a circle like a threat.

Dayou Gu Shinian was dishonest,

She just twisted off that piece of soft meat.

"Ah Chang, no one made a small report. I only found out when I came here and heard people in your group talking about it in private."

Gu Shinian's answer was very sincere, but Yun Shang didn't show it on the face, but she almost rolled her eyes to the sky in her heart.

"Gu Shinian, you're dishonest!" Yun Shang pinched Gu Shinian dissatisfied, dragged him out of the space, and pushed him in the direction of the Tiger Company's garrison, "Aren't you still busy with the drills?" Come on, let's go, I'm going back to bed too."

How could Gu Shinian fail to see that Yun Shang was having a temper, and rubbed her head with a smile, seeing that there was no one around, he quickly kissed her loudly on the lips.

Yun Chang's eyes widened, and just about to get angry, Gu Shinian leaned down again and kissed her a few more times. Yun Chang lost her temper and pushed her back to the station of the art troupe. She turned around after watching her enter the tent. leave.

Lying on the bed at night, no matter what Yun Chang thought, she felt that she was at a disadvantage. She secretly thought that she must take revenge when she saw Gu Shinian again, completely forgetting about her wanting to find out the snitch.

It wasn't until the next morning when Yun Shang saw Wen Chengjie that she went to participate in shooting training that she remembered what she had forgotten.

While eating at noon, Yunshang called Wen Chengjie, dug a spoonful of meat sauce and shook it in front of Wen Chengjie, beckoning him to come over, and bluffed him: "Wen Chengjie, I will give you meat sauce every day, why don't you eat it?" Confessing a white-eyed wolf? You dare to eat my food and report me to Gu Shinian!?"

Wen Chengjie was taken aback. Seeing that the meat sauce on Yunshang's spoon was dangling and about to fall to the ground, he quickly stretched out the lunch box to continue, not forgetting to teach Yunshang a lesson, "Bai Yunshang, let's talk about it if we have something to say." Say, can you put down the meat sauce first?"

Such a delicious meat sauce, what a pity to drop it on the ground?

Yun Chang didn't speak, and shook the spoon again, so frightened that the lunch box in Wen Chengjie's hand also kept shaking from side to side.

"Bai Yunshang! It's shameful to waste food!"

Yunshang was annoyed, put the meat sauce into her lunch box, and said with a cold face, "You have already reported me to Gu Shinian, and you still want to eat my meat sauce? Let me tell you, even the meat sauce taste You don't even want to smell it!"

When he heard that there was no meat sauce to eat, Wen Chengjie was really anxious. He walked around Yunshang twice and said in a muffled voice, "I said Bai Yunshang, can you be reasonable? Is that called making a small report? I That's because I care about you! Who in the regiment doesn't know about you and Liu Chunmei? Do you think Company Commander Gu won't know if I don't tell him?"

"Okay, you really did it!" Yun Shang kicked Wen Chengjie angrily, and stuffed the meat sauce in the lunch box into her mouth in front of him, "When I saw you in the morning, I suspected that it was Wen Chengjie. You did what you did, but I didn't expect you to be cheated! I'll tell you when you're done, I'll cut off your snacks for three months!"

Chapter 627: Letter from Wu Hongyu

A genius remembers the address of this site in a second: [Lingyu Novel Network] The fastest update! No ads!

Wen Chengjie was really dumbfounded now.

He really didn't mean to report to Yunshang!

He just felt that Yun Shang had suffered a great grievance, and he must feel uncomfortable. Seeing Gu Shinian when he was moving the tent in the car, he hurriedly told the story, wanting Gu Shinian to coax Yun Shang.

Besides, this matter is such a big deal, even if he doesn't say it, Gu Shinian will know about it sooner or later. He also sold Gu Shinian's favor for Yun Shang's good, how could he become a white-eyed wolf when Yun Shang talked about it?

The most exaggerated thing is that Yun Shang has to cut off his snacks!

Looking at Yun Chang's bulging cheeks and smelling the fragrant meat sauce in the air, Wen Chengjie almost cried.

How shameless!

First, lure him out with meat sauce, deceive him with lies, then eat the meat sauce that was originally intended for him in front of him, and finally cut off his snacks for three months, do you still have any compassion and love? Comrades in love?

"Bai Yunshang, I didn't do it on purpose. Besides, I really did it for your own good. How could you cut me off? It's too much..."

"I'm going too far!? Is it reasonable for you to turn your elbow outside while eating my food?" Yun Shang kicked Wen Chengjie again angrily, "If you dare to say that I'm going too far, I'll hold back my snacks for another three months!"

Wen Chengjie: "..."

Another three months of snacks?

Isn't that like no snacks for half a year!

Is there any reason?

so bad! Bai Yunshang is really too bad! Almost worse than Liu Chunmei!

Wen Chengjie was so regretful that the scene was green, and with a mournful face, he begged Yunshang pitifully, "Well, Bai Yunshang, I was wrong, I was really wrong. I won't tell anyone about you in the future, you can think about it again , don't deduct half a year of snacks from me, how about just deducting them for a week? Otherwise, I can really die for you to see!" What's the point of life without snacks?

Wen Chengjie didn't feel that there was any shame in bending his waist for food.

A man can bend and stretch, as long as there is delicious food, what is the face?

Besides, the face can't be burned and eaten, so what's the use of it? If you lose it, you lose it!

Yun Shang: "... " This is really because of stuttering, so I don't even want my face.

Wen Chengjie pestered Yun Shang to beg for mercy in various ways, and finally persuaded Yun Shang to only deduct his snacks for a month, which was fulfilled.

Yun Shang didn't really want to deal with him, but she just didn't want to get used to Wen Chengjie's fast-talking.

She would tell Gu Shinian herself when she had something to say, she didn't need others to speak up for her, and she didn't want anyone to intervene in the conversation between her and Gu Shinian.

After all, some things will completely change their taste after passing through the mouth of a third person.

In addition, she and Gu Shinian trust and be honest with each other, so there is no need for anyone to do extra things in the name of doing their best.

"Wen Chengjie, let me let you go this time, and if you dare to talk too much next time, I will really ignore you."

Wen Chengjie nodded again and again, and almost raised his hand to swear, "Yeah, I got it, don't worry, I promise I won't do it again."

Damn, he is really a model of slobbering. He originally wanted to sell favors, but he ended up being an inhumane person.

The key is that he also deducted his snacks for a month.

What a loss.

.....

The art troupe went out to practice just to make a show. Two days ago, they were able to fight with other units, practice shooting, throwing grenades and so on. The art troupe has become a flock of sheep with no one to herd.

Listening to the sound of tanks or cars passing by in the distance from time to time, everyone took advantage of the free time to sit together in small groups and discuss which team will perform well in this year's military exercise, and which team will have to be criticized. At night, some people even lit a bonfire outside and had a bonfire party.

Fortunately, the art troupe as a non-combat unit can return to the military area ahead of schedule.

It won't make everyone's hearts go wild.

When the big truck stopped at the cultural troupe, when Yunshang jumped out of the car, when she looked up, she saw her letter written on the blackboard on the wall. After saying hello to Yao Ke and Wu Xiang, he hurried to the mailroom with his rucksack on his back.

Seeing that the letter was sent from the Southern Military Region, he thought it was a letter written by Bai Qingzheng, and a smile appeared on his face unconsciously. It's just that when she spread the letter paper and saw the sharp and unfamiliar handwriting and the signature at the end, the smile on her face froze immediately.

How could this letter be written by Wu Hongyu?

Wu Xiang lives in the same dormitory with her. If there is anything, Wu Hongyu can write a letter to Wu Xiang, and then ask Wu Xiang to pass it on to her. Is it necessary to write a letter to her?

And there is no letter from Wu Xiang in the mail room today, which means that Wu Hongyu didn't write a letter to his own sister at all, but wrote a letter to her, a stranger whom he only met once.

Yun Shang spread out the letter paper with full of doubts.

Comrade Wu Hongyu's letter is the same as his own impression, with a little bit of unruly vigor and a little bit of strength.

The whole letter is not long, only two short pages. The purpose is also very simple, one is to complain, and the other is to ask for something.

According to Wu Hongyu, he worked so hard to bring Bai Qingzheng a big bag of delicious food, but Bai Qingzheng didn't even pay him any hard work for that heartless thing.

The portion of dried meat and fruit is not much, Bai Qingzheng is reluctant to give it to him. But Yunshang gave Bai Qingzheng a large jar full of three catties of meat sauce, and Bai Qingzheng only gave him a taste of the chopsticks, and locked it up when he was done, not even letting him look at it.

Wu Hongyu didn't want his friendship with Bai Qingzheng to be severed because of the jar of meat sauce, so he wrote this letter to her behind Bai Qingzheng's back, asking her to send him two catties of meat sauce to pay for the hard work of the postman before him. Don't worry about the meat sauce in Bai Qingzheng's hand, so that his friendship with Bai Qingzheng can be preserved.

In the end, he repeatedly emphasized that he is not a greedy person, but he is just angry that Bai Qingzheng is too stingy with him, so he must get back the reward he deserves from Yunshang.

Probably because he was worried that Yunshang would not send him meat sauce, Wu Hongyu even smeared honey on his mouth, and praised Yunshang in the letter.

He said that he saw the photos of her performance from Bai Qingzheng's hands, and felt that she looked very energetic in military uniform on stage, and at first glance she was a good comrade who was diligent and motivated with outstanding professional ability.

Yunshang also needs to help him watch Wu Xiang more on weekdays, and urge Wu Xiang to practice hard, so that he can become a lead dancer earlier, or be able to dance solo.

At the end of the whole letter, Wu Hongyu also asked Yunshang not to tell about the letter he wrote to her, especially to keep it from Wu Xiang and Bai Qingzheng. If these two people knew that he secretly asked Yun Shang for food, he would lose face as an older brother, and he would not be able to stand up in front of Bai Qing.

Chapter 628 Playing rogue

A genius remembers the address of this site in a second: [Lingyu Novel Network] The fastest update! No ads!

After Yun Chang read the letter, her cheeks were sore from laughing, and she thought Wu Hongyu was quite interesting, and he even played the little rascal so clearly and frankly.

He picked up the envelope again and turned it over, and a few colorful bills floated out of it. In Wu Hongyu's words, these bills were used for exchanging (purchasing) meat sauce.

Yun Chang pulled it out, and there are quite a variety of bills, such as meat stamps, food stamps, oil stamps, pastry stamps specially provided by the army, and two brown sugar stamps. It is more than enough to buy five catties of meat sauce.

Thinking of Wu Hongyu stating that only two catties of meat sauce is required, Yun Shang suddenly felt that the receipt in her hand was a bit tricky. After thinking about it for a long time, she decided to send Wu Hongyu more meat sauce. Anyway, she would not want to take advantage of her elder brother and friend .

What's more, this person is still her friend's brother, so she has to be merciful and not be too dark.

...

At the same time, Bai Qing, who was far to the south, took back the jar of meat sauce in Wu Hongyu's hand with a dark face, put it in the cabinet and locked it, put the key in the closest pocket on his chest, and even pushed and pulled Wu Hongyu to drive him out when he was done. dormitory.

Wu Hongyu hooked the doorframe firmly with one hand and one foot, and interpreted the words "skin and shame" with his body, and he still kept Bai Qingzheng in his mouth, "I say Lao Bai! Can you still be a good person! We have been friends for several years!"

Bai Qingzheng took a look at Wu Hongyu's oily mouth that was stealing food, with a straight face, he vigorously opened Wu Hongyu's fingers holding the door frame, and pushed him out of the dormitory, "From now on, I have no friendship with you!"

Stealing the meat sauce made for him by his family Xiao Qi, and still want to make friends with him?

It's just a dream!

If he didn't smash Wu Hongyu's dog's head, he was already a comrade in arms.

Wu Hongyu didn't care about Bai Qingzheng's black face, wiped off the grease from the corner of his mouth, leaned against the door, leaned his right hand behind him, and knocked on the door panel.

"Old Bai, eating alone is not a good habit, you have to know how to share, you have to have dedication, you know?"

"Bang!" Wu Hongyu was answered by the sound of the broom being thrown from the window and hitting the opposite wall.

Wu Hongyu picked up the broom, threw it back to Bai Qingzheng's dormitory from the window, and continued to knock on the door, "Bai Qingzheng, are you still shameless? Don't you enjoy eating the things my sister sent me? What? If it were your Xiao Qi, you wouldn't have friendship with me, and you would still share yours with mine? Can this brother still do it?"

This time, Bai Qingzheng didn't smash anything, but opened the door with a "click", lifted Wu Hongyu from the wall, and kicked him down the stairs.

This grandson is so shameless!

Xiao Qi managed to get him three catties of meat sauce, but this guy pried open his cabinet and ate it secretly, and even ate half of the jar in one f*cking meal, and then yelled at him for being stingy, who is not human anymore?

Wu Hongyu didn't get angry after being kicked a few times, he leaned towards Bai Qingzheng with a slanted smile, hooked his shoulder and refused to let go, "You didn't, did you! You used to pry into my cupboard and eat my delicious food, what do I say? How can I be so stingy when I eat your meat sauce?"

Bai Qingzheng patted Wu Hongyu's hand away angrily, and said, "Can it be the same? This meat sauce is made by my Xiao Qi, and no one else can make that taste! In the past, Gu Shinian could eat

it anytime. I only received three catties of soy sauce this time, and you'll give me two catties for one meal, and you want to copy the bottom for me, don't you want to be ashamed?"

When Wu Hongyu heard this, he rubbed his hands excitedly.

It has been a week since his letter was sent out, so in a few days he will receive the meat sauce made by Yun Shang himself?

Tsk! The meat sauce tasted really good, when he received it, he had to hide it well, so that Bai Qingzheng couldn't find it.

Otherwise, the grandson appointed him to steal the door of his cabinet again.

Yun Shang didn't know that her elder brother and Wu Hongyu were fighting over a jar of meat sauce, so she honestly followed Wu Hongyu's instructions, sent him five catties of meat sauce, and put the extra bill in the package and returned it to him , then put the matter behind me,

All the time to prepare for the New Year's performances.

After the military exercise of the Yicheng Military Division was over, and there were only less than ten days left before the Chinese New Year, Gu Shinian took the Tiger Connection to receive the commendation, drove back from the field like a gust of wind with the car door rattling in a broken jeep In the city, go straight to the art troupe.

Yun Chang came out of the practice room with her violin in her hand, and was about to go to the small cafeteria to order two dishes for a tooth-making sacrifice. As soon as she got off the steps at the gate, she saw Gu Shinian pushing the car door and striding towards her.

"Second Brother Gu!" Yunshang exclaimed, "When did you come here? After the military exercise, have you eaten yet?"

"It's only been a few minutes." Gu Shinian looked Yun Shang up and down, and seeing that she was in a good state of mind, he felt relieved, "Go and say hello to Captain Yang, let's go out for dinner."

Yun Shang's eyes lit up in an instant, she put the violin into Gu Shinian's hand, turned around and ran to the office area.

A few minutes later, Yunshang ran over with a red scarf in his hand, jumped into the car quickly, and kept urging Gu Shinian to come and leave.

"I heard from Wu Xiang last time that the beef soup at the restaurant on Hongqi Road is excellent, and her father would cross half of the city every week to queue up for a bowl of beef soup!"

Seeing that Yun Shang kept swallowing while talking, Gu Shinian almost laughed out loud. He quickly started the car and turned around, continuing to discuss with her about dinner.

"There is a restaurant on Changli Road that makes Babao rice very well, and the stir-fried vegetables are also delicious. Would you like to try it too?"

"Yes!" Yun Shang nodded with gleaming eyes, and did not forget to praise Gu Shinian, "Second brother Gu, you are really amazing! You can even know which restaurant has delicious food!"

Second brother Gu is not a greedy person, he usually doesn't pick at all when eating, so it's hard for him to remember to help her find out which restaurant has good food.

As soon as the car drove out of the military division, Yunshang's mental strength penetrated into the space and prepared a row of empty lunch boxes.

She's all set.

If the beef soup is really delicious, she will pack eight boxes of ten and put them in the space to slowly satisfy her cravings.

There is also the restaurant that makes delicious eight-treasure rice. If the food tastes good, she will also order a dozen or so special dishes and eat it slowly in the space.

Anyway, time is static in the building, and the food will not go bad for a long time.

When they arrived at the Hongqi Road Restaurant, Gu Shinian watched helplessly as Yunshang got out of the car with a large bag of empty lunch boxes, and then went to the store to order a beef soup.

The waiter glanced at the military uniforms on the two of them, and confirmed again, "Comrade, what you ordered is beef soup."

Did the little comrade say something wrong, or did she hear something wrong with her ears?

Two people order a bowl of soup, who is it for?

Yun Shang nodded very positively, "Yes, I want a bowl of beef soup first."

Chapter 629 Arrangement

A genius remembers the address of this site in a second: [Lingyu Novel Network] The fastest update! No ads!

She still has to taste how the beef soup tastes first, and if it tastes good, she packs a few servings to take away, and if it doesn't taste good, she gives it to Brother Gu to drink. She still has to save her stomach to make eight-treasure rice!

How could Gu Shinian not know Yun Shang's careful thinking, when the beef soup was served, seeing her eyes suddenly brighten up after taking a sip, he took a bag of lunch boxes knowingly, and went to the counter to pack and store food for Yun Shang went.

Yun Chang was thinking about the delicious eight-treasure rice, even though the beef soup in front of her was mellow and refreshing, she still controlled her saliva, and put down her chopsticks after only drinking half a bowl.

When Gu Shinian came over with a bag full of packed beef soup, he saw that there was more than half a bowl of soup left in the bowl, so he didn't ask any more questions. A restaurant rushed to.

With half a bowl of soup as a base, Yun Chang didn't feel hungry, and now she was sitting in the car, and she could spare no effort to ask Gu Shinian about the military exercise.

"...The performance is not bad. Several leaders of the military division went to the company in the morning. Listening to the voice, it seems that they want to file an application report with the organization. After the Chinese New Year, they want to go to the station and come with two companies."

Yun Chang's eyes widened suddenly, and he asked subconsciously, "Is Tiger Company going to be promoted to Tiger Camp?"

If this is the case, does Second Brother Gu have any hope of becoming the battalion commander?

wrong! Gu Shinian had only been transferred for more than half a year, and it didn't take long for the position of the company commander of the Tiger Company to be firmly established. In addition, he was not very old. Even if the higher-ups intended to build a Tiger Camp, it was unlikely that Gu Shinian would be promoted to the position of battalion commander. job.

At that time, it is estimated that a battalion commander will be transferred from the military division, or a person will be parachuted from above to serve as the battalion commander.

So, Gu Shinian will soon have an immediate boss?

Gu Shinian was so amused by Yunshang's words that he rubbed her head and said, "It's not as easy as you think, the matter of the Tiger Company is more involved, and it's not clear whether people from the Yicheng Military Division can intervene in the future." Easy to say."

The prototype of the Tiger Company was the special forces of later generations. The reason why the Tiger Company was stationed on the mountain instead of in the military division was to prepare for the company's independence from the military division in the future.

Although Gu Shinian is just a small company commander, besides being able to directly talk to the military division leaders, he also has to make a work report to the capital every once in a while.

This also means that not only the leaders of the Yicheng Military Division are paying attention to every move of the Tiger Company, but also many big bosses in the organization.

The organization originally arranged for Gu Shinian to come over by air to serve as the company commander, except that a large number of materials containing various military theory books were found and handed in by Gu Shinian and Yun Shang a few years ago, and he also had special grades in the military academy Excellent reason.

You must know that many of the teaching contents of the military academy over the years have incorporated the contents of the military books handed in by the two of them.

And even though Gu Shinian didn't take classes in the military academy for three years, he still got his graduation certificate with the best grades.

In addition, the Tiger Company is still in the experimental and exploration stage after its establishment, and various forces are also secretly making small moves for this young green peach that has just emerged. Assigned to Gu Shinian in the military region.

After all, compared to others, Gu Shinian, who found a large amount of information with one hand, is indeed a more suitable candidate.

This was also the reason why Gu Shinian was able to parachute over smoothly.

Now that the leaders of the Yicheng Military Division have seen the achievements of the Tiger Company, they want to merge the two companies to expand the Tiger Company, with good intentions. But in this way, the Tiger Company will only have a closer connection with the Yicheng Military Division, which also runs counter to the organization's purpose of establishing the Tiger Company's camp in the mountainous area.

From Gu Shinian's point of view, the Tiger Company will definitely be expanded organizationally in the future, but the newly filled personnel must also be top-notch professionals selected by various units of the army. Whether it is physical fitness or military quality, they are enough to keep up. The overall quality and training progress of the Tiger Company.

The leaders of the Yicheng military sub-division wanted to randomly send people from two companies to expand the Tiger Company. It was absolutely impossible for the organization to agree to such a thing that would lower the overall quality of the Tiger Company.

It's not easy for Gu Shinian to tell Yun Shang about these things in detail, but he just vaguely mentioned them, then changed the subject and asked about Yun Shang's recent situation.

At this moment, the two of them had already sat in the restaurant, and Yunshang was holding the delicious eight-treasure rice in her mouth, puffing her cheeks and said, "I'm still the same, except for practicing the piano these days, I spend the rest of the time slowing down with Deputy Head Guan. Slowly pick up the song I will be performing in March, I am so busy that I don't even have time to go to the small cafeteria to order some fried food."

After finishing speaking, he propped up his chin, and brought his face closer to Gu Shinian, "Look, have I lost weight again? I looked in the mirror yesterday and found that my chin is even pointed."

Gu Shinian took a closer look at Yun Shang's clean and small chin, and nodded, "Well, it's a little thinner than a few days ago."

As he said that, he picked up a large piece of Dongpo meat and put it in Yunshang's bowl, "Eat more. When you get back, let the master of the company cook more delicious food for you. I will deliver meals to you every day."

When the time comes, let the master cook more meat dishes, and he will definitely raise his little girl to be white and fat, looking festive, and feels good when hugged.

Yun Shang didn't know that Gu Shinian's delivery of food to her also included careful thoughts that could not be expressed, so she nodded happily, very happy for Gu Shinian's wit and thoughtfulness.

"A Chang, is that Liu Chunmei still honest these days?" Thinking of the ticking time bomb in Yunshang's dormitory, Gu Shinian frowned and asked again.

"Be honest, be honest." When this matter was mentioned, Yunshang's brows were raised, and her whole body was full of vitality, "The day before yesterday, at the regular meeting, the political commissar criticized Liu Chunmei without naming her, and then Praise me in front of the whole group!"

After finishing speaking, Yun Shang proudly raised her chin, and glanced at Gu Shinian.

Gu Shinian has been on the road for many years, and immediately understood and started to praise his little girl in a fancy way, and he almost praised Yunshang as a flower.

When the two came out after eating, Gu Shinian threw the packed meal to Yun Shang, started the car and left the city, and then told Yun Shang about his plans for the next year

"A-shang, I have to go back to the capital when I come to the third day of junior high school. The Gu family has found out the whereabouts of Gu Huaqing and Gu Mingzhu. I have to go back and look."

Seeing that Gu Shinian's face was not very good-looking, Yun Shang's heart tightened, and he quickly asked, "Where are they?"

"It's in Hong Kong City." Gu Shinian sneered, "Smuggled there."

"They...really defected?" Yun Shang murmured and frowned tightly, "Second brother Gu, will they affect you?"

Gu Shinian stretched out his hands and rubbed Yunshang's head, sighed, "Don't worry, I'm not involved in this matter for the time being. Besides, didn't you ask Grandpa Bai to ask me for a talisman from the big leader back then? As long as that pair of calligraphy is still there, I will be fine."

Since returning from training, Liu Chunmei has been silent a lot, and her eyes have become more gloomy when looking at people.

Especially every time when Gu Shinian came to the art troupe with a lunch box, Yunshang, under the envious eyes of many female soldiers in the troupe, got into the clean jeep with high spirits, Liu Chunmei felt like A thorn was pricked, and she couldn't sleep the whole night because of the pain.

She would never have ended up in this position! If she can calm down and have a good relationship with Yunshang like Wu Xiang, even if Yunshang doesn't pull her up, she won't be criticized by the political commissar without naming her like now, and become the most marginalized figure in the regiment.

Or... She could be ruthless, she simply dragged Yunshang into the ditch and tried to abolish her hand, now the leaders of the regiment don't pay much attention to Yunshang, and she won't be with Yunshang It was erected as a typical example of two extremes, and it was set off to be useless.

The most important thing is that since she came back from training, her situation in the regiment has become more and more difficult.

Obviously Yunshang didn't do anything to her, even ignored her at all, and didn't look down on her, but the people in the group rejected her more and more.

Ye Li also told about the fact that she had approached Gu Shinian, and those female soldiers in the regiment who were interested in Gu Shinian even said sour words in front of her, and secretly made a lot of tricks to target Gu Shinian. she.

Before she joined the army, she thought that with her lively temperament, she would be able to rise to the top and gain a firm foothold in the army sooner or later, but the reality was just the opposite.

In the art troupe, her background as a poor peasant did not bring her much benefit, and everyone even made stricter demands on her because of her background.

And all the fears and fears she had had since she entered the army, all the unsatisfactory things, all of them were pressed down on her these days, and she was almost out of breath.

Liu Chunmei knew that she couldn't go on like this, otherwise she would either be discharged from the army early or be transferred to the choreography department, and she would never have the chance to perform on stage in the future.

So Liu Chunmei has been thinking of ways to make some changes recently, but after much deliberation, it seems that no one can help her except Yunshang.

Yunshang also saw Liu Chunmei's anxiety these days in her eyes, and now she looked at Liu Chunmei who was standing in front of her with gloomy eyes dripping water, and her heart suddenly became irritable.

"Liu Chunmei, what's the matter?"

Seeing that Yun Chang's face was not good-looking, Liu Chunmei lowered her eyes to hide the resentment in her eyes, pursed the corners of her lips, and said in a cold voice, "I want to talk to you."

Yun Shang was also in a bad mood recently because she found out about Gu Huaqing and Gu Mingzhu, and when Liu Chunmei stopped her by saying that she owed her eight million, she didn't even want to talk to her. Taking the violin in another hand, he bumped into Liu Chunmei and walked forward.

"Bai Yunshang, I want to talk to you about what happened during the training. You don't want what you did to be known by Commander Yang and the political commissar, do you?"

"What am I doing?" Yun Shang didn't even bother to put on the most polite smile on her face, sneered, and asked mockingly, "What do you want to talk to me about? About you wanting to push me down the Erdao Slope, did it happen that you fell down by yourself?"

As soon as these words came out, Liu Chunmei's face turned pale with fright.

Bai Yunshang really knew about this!

If she reported this incident to the organization, she would not even think about staying in the army in the future!

So, she can't admit it! Absolutely cannot admit it!

Liu Chunmei's hand holding Yunshang slowly softened, her mouth was trembling for a long time, and she finally forced herself to squeeze out a few words of excuse from between her teeth, "I didn't... I didn't think so."

"I don't care what you thought at the time, I just ask you to take a detour when you see me in the future, otherwise I don't know if I can keep the secret for you."

Yun Chang left without saying a word coldly.

But this time, Liu Chunmei no longer had the courage to stop her. It was only when I saw Yunshang trotted into the clean green jeep that could show people's shadows,

The hand hanging by his side was clenched tightly, and the cold resentment in his eyes was finally exposed without any concealment.

Gu Shinian handed the still warm lunch box to Yun Shang, and looked straight at Liu Chunmei who was not far away like a sharp sword. It wasn't until Liu Chunmei hurriedly lowered her head, turned around and ran out along the flower bed that Gu Shinian looked away, asked Yunshang, "That was Liu Chunmei just now? What did she ask you for?"

Yun Chang picked up a small steamed bun and stuffed it into her mouth, puffed her cheeks and said inarticulately, "Not much, she said she wanted to talk to me, but I ignored her."

Today is the twenty-eighth day of the twelfth lunar month. From tomorrow onwards, she will be busy performing with the company, and Gu Shinian will also be busy returning to the capital. Even the time between the two of them will be lost by a second every second. How can they be so busy listening to Liu Chunmei's nonsense.

Gu Shinian turned his head, reached out and pinched Yun Shang's bulging little bun face, with a smile unconsciously in his eyes, "A Chang, I will make a love report when I come back from the capital, let's make our relationship public."

"Okay." Yunshang nodded, and said with a long sigh of relief, "Finally, I can make it public. I want to see who among those female soldiers dare to talk about you!"

The vinegar smelled sour, Gu Shinian couldn't laugh or cry, and quickly changed the subject, "That Liu Chunmei looked at you in the wrong way just now, you should be careful recently, when I come back from the capital, I will find a way to transfer her away." This kind of dishonest person People, really can't stay in the army anymore, otherwise I don't know what will happen in the future.

Yun Chang thought that Gu Shinian's change of location meant that Liu Chunmei was transferred to another military region, so she quickly nodded in agreement without even thinking about it.

Liu Chunmei's current situation in the regiment is indeed not good. If this continues, there is no guarantee that she will not go further and further on the wrong road.

If she can change to a new environment, it may be a good opportunity for Liu Chunmei to start over.

The two planned well, but unfortunately the plan could not keep up with the changes. Before Gu Shinian came back from the capital, Liu Chunmei committed a serious crime and was taken away.

Yun Chang remembered very clearly that the weather was very bad on the sixth day of the lunar new year. When she got up in the morning, there was a strong wind outside, and there was a thin layer of round snow on the ground.

Under the leadership of the leader of the troupe, all members of the art troupe climbed onto the truck body wrapped in canvas as usual, preparing for the next company performance.

As soon as the car drove out of the gate of the military subdivision, a thin lesbian wearing gray cloth suddenly jumped out from the side of the road and stopped in front of the truck with open arms.

Before everyone could react, the lesbian shouted in a crisp voice that everyone could hear, "Chief! My name is Liu Chunmei! That Liu Chunmei in your army is fake! I am Liu Chunmei!"

Yun Chang could clearly see that the moment Liu Chunmei heard this voice, she immediately collapsed in the bucket of the car, and her face lost all color.
