Chapter 651 Pick out

Bai Qing was looking at Liang Meichen like he was looking at a fool, with a straight face, talking nonsense in a serious manner, "I don't even know what the rumor is, how can I tell you clearly? Besides, the two of us just happened to sit at the same table when there was no place in the cafeteria. We ate twice, and we haven't had any contact other than that, what kind of rumors can the two of us spread?"

Yun Shang: "... Scumbag! It's too scumbag! You big scum!

Everyone: "..."

Could it be that Bai Qingzheng's face was built with city walls?

How did he manage to talk nonsense so confidently?

The big guy almost asked him when he and Liang Meichen made a love report, but he could say that he didn't know any rumors against his conscience! ! !

Besides, Military Doctor Liang is a lesbian! She is still a good-looking lesbian with a bright future!

Bai Qing is just a smart person, so he naturally knows how to keep a front line when doing things, but in front of so many people, he doesn't show his face to Liang Meichen at all. How much does he like his current blind date?

Liang Meichen's face was flushed red, and the strong sense of humiliation made her tremble even at the tips of her fingers.

He did it on purpose!

He must have done it on purpose!

He intentionally humiliated her in front of the cafeteria, just to please his 'blind date'!

Hearing the suppressed low laughter faintly coming from around, Liang Meichen was so embarrassed that she wished she could find a hole in the ground and get in.

However, Bai Qingzheng still felt that the blow to Liang Meichen was not enough, regardless of her bad face, with a distant smile on his face, he said politely, "Comrade Liang, we are going to eat, what else do you need? "

It's almost obvious that you interrupted our meal, if you are sensible, get out of here!

Yun Shang curled her lips, looked at Bai Qingzheng with the eyes of a scumbag, lowered her head and continued to drink chicken soup.

Tsk! Man, big pig's trotters!

Liang Meichen shook her body as if unable to bear the blow, opened her mouth, but was trembling for a long time, unable to utter a word.

Of course, facing Bai Qingzheng who insisted that he had not heard any rumors, Liang Meichen didn't know what to say for a while.

Seeing Bai Qingzheng with a gentle smile on his face, discussing with his "blind date" where to take her to play in the next two days, and facing the dazzling eyes of everyone in the cafeteria, Liang Meichen couldn't bear it anymore. The resident ran out wiping tears, even forgetting to take the lunch box on the table.

"Tsk!" As soon as Liang Meichen left, Yun Shang shook her head and accused Bai Qingzheng, "You scum!"

What a lesbian!

You don't even want the daughter-in-law who comes to your door, you deserve to be single!

Although Bai Qingzheng didn't understand the meaning of 'slag', he also knew that it was not a good word, so he leaned on the chair and said meaningfully, "Xiaoqi, I have a task tomorrow, so I probably won't have time to take you into the city. "

Little girl, do you really think I can't cure you?

In terms of bickering and playing tricks, Yun Shang has never been afraid of people.

He also imitated Bai Qingzheng and leaned on the back of the chair, his eyes slanted, and his chin was slightly raised, "It's just right, I will visit your health team tomorrow, and by the way, I will spread the word about my urgent need for a sister-in-law."

Bai Qingzheng: "..."

"Have you finished eating? Hurry up and leave!" Can't say anything to Yun Shang, Bai Qing changed the subject forcefully with a straight face.

Yun Shang still gave Bai Qing a face, stuffed the last piece of ribs into his mouth, took out a handkerchief to wipe his mouth, and followed him obediently to the outside of the small cafeteria.

Just when everyone in the cafeteria was talking about the good show just now, Yun Shang and Bai Qingzheng ran into Liang Meichen who turned around and came back to get a lunch box.

Seeing the two of them, Liang Meichen paused for a moment, and then stopped in front of them again with Bai Qingzheng's cold face.

She wiped the moisture from the corners of her eyes, stared at her red and swollen eyes, and there was a sense of perseverance in her frail body, "Battle Commander Bai, I still can't believe that you haven't heard the rumors about the two of us. Since you You don't mean to date me, you should clarify the rumors earlier, instead of going on a blind date with other lesbians after acquiescing to our relationship, and directly bringing them to the military area to beat me in the face..."

"Comrade Liang Meichen,

Are you blaming me? "Bai Qingzheng interrupted Liang Meichen coldly, "Since you feel wronged, then we will report this matter to the organization and ask the organization to investigate the source of the rumors. "

If it hadn't been confirmed that Liang Meichen deliberately led others to release the rumor, Bai Qingzheng would not have shown her face in front of so many people.

..... There are still a thousand words, and I will change it in half an hour.....

Bai Qing was looking at Liang Meichen like he was looking at a fool, with a straight face, talking nonsense in a serious manner, "I don't even know what the rumor is, how can I tell you clearly? Besides, the two of us just happened to sit at the same table when there was no place in the cafeteria. Chapter 652 Can not close the field

Yun Chang turned her head in disbelief, her eyes full of condemnation: "I never thought you would be so upright! You actually sued like a child!"

Seeing the interaction between the two, Liang Meichen finally realized belatedly that these two people were probably not blind dates, but Bai Qingzheng had already seen through her tricks, even if Liang Meichen was unwilling, she would not dare to marry her. Continue to entangle.

After Liang Meichen left, Yun Chang squinted Bai Qingzheng up and down, and couldn't hide the astonishment on her face.

"Brother, have you been on a blind date?"

What a joke in the world, Bai Qingzheng secretly went on a blind date in the south! ?

When this matter was reported back, the family couldn't help laughing.

Bai Qingzheng is also a thick-skinned person. Not only did he not feel embarrassed when asked about his face by his own sister, but he kept a straight face and said confidently, "I am the boss of the family. If you don't hurry up and find a sister-in-law for you, who will send you and Qing?" Yue going out?"

Yun Shang: "..."

Shameless?

If you want to find a wife, you say you want a wife. What kind of excuse is this? It was as if she and Bai Qingyue couldn't get married if he, the eldest brother, didn't get married.

Pooh! shameless!

Yun Shang took a few steps forward angrily, stopped quickly, and asked Bai Qingzheng who was slowly following up, "Brother, how many times have you kissed each other, have you met anyone you like?"

"I just entrusted someone to find a partner two days ago, how could I find the right one so quickly."

Bai Qingzheng sighed, regretting that Yunshang came at an unlucky time, if he came a few days later, maybe he would be able to bring Yunshang with him on the blind date.

Yun Shang also regretted not being able to participate in the major events of the elder brother's life. After sighing for a long time in his heart, he continued to ask, "Brother, do you really want to report the rumors to the organization tomorrow?"

"I frightened Liang Meichen." Speaking of the rumor, Bai Qingzheng's face darkened again, "I checked this matter in private, and the rumor was that Liang Meichen deliberately led the two nurses of the health team to discuss it in private, and it turned out that The words have been heard by others. Even if it is reported to the organization, it will not be good for Liang Meichen to be divided."

After all, those rumors were not spoken by Liang Meichen himself. Once the organization thoroughly investigates, Liang Meichen will become the victim of the whole incident, and the ones who will be punished will only be those two little nurses who are confused and used.

Bai Qingzheng is not a violent person, if he can't attack the culprit, he will vent his anger on Xiao Xiami.

Besides, everyone in the military region now knew that he was going on a blind date. This was already telling everyone that he didn't like Liang Meichen, and he had never dated Liang Meichen.

In this way, Liang Meichen's shy and tacit behavior after hearing the rumors recently seemed too deliberate and too eager.

There are smart people in the military region.

Comparing the performance of the two parties after hearing the rumors, sooner or later someone will cast suspicious eyes on Liang Meichen, and speculate that Liang Meichen himself released the rumors.

Report the rumors to the organization, please organize an investigation, Liang Meichen will become a victim.

Bai Qingzheng magnanimously ignored this matter, but was able to tear off Liang Meichen's hypocrisy and make her image in the military region plummet.

In this way, the narrow-minded Bai Qingzheng naturally knew how to choose.

...

Things were just as Bai Qingzheng expected, from the moment he showed up in the cafeteria with Yunshang, the rumors about him and Liang Meichen in the military area changed.

In the health team, under Liang Meichen's guidance, the two little nurses who mistakenly thought that Liang Meichen and Bai Qing were dealing with a partner were directly stunned.

What the hell is going on?

Didn't Dr. Liang admit that she and Commander Bai are dating? Why did Battalion Commander Bai go on a blind date again? Or...Dr. Liang broke up with Commander Bai?

Not right!

When Dr. Liang mentioned Commander Bai yesterday, he still smiled shyly, it was so sweet. She was fine yesterday, why did she go on a blind date with another woman today?

The timeline doesn't match up.

Unless it's Battalion Commander Bai, I'm sorry for Dr. Liang!

The two nurses looked at each other,

Instantly understood the other party's thoughts.

The nurse with long braids had a rather irritable temper, and immediately dropped the white tray in her hand, dragging the round-faced nurse to find Bai Qingzheng to support Liang Meichen.

"Isn't this a hooligan! Let's go! Let's go to Battalion Commander Bai, we can't let him bully Dr. Liang just like that!"

The round-faced little nurse was also an upright child, her face flushed with anger, she nodded vigorously, put down the rubber tube for infusion in her hand, and walked downstairs.

As soon as the two went down the stairs, they saw Liang Meichen turning into the health team in a trance, holding a lunch box in his arms, and vegetable juice leaked from the gap in the lid from time to time, ticking on Liang Meichen's snow-white white coat.

"Doctor Liang!" The nurse with long braids called Liang Meichen, and she chased after a few steps, full of righteous indignation, "Doctor Liang, don't be afraid, he is just playing a hooligan to bully you, all of us in the health team will testify for you, and let the organization punish you he!"

Liang Meichen was dumbfounded.

When did Bai Qingzheng play a hooligan to her? Why doesn't she know about this?

Also, what does the health team want to testify for her?

The round-faced little nurse also nodded sullenly, and said angrily, "Yesterday Battalion Commander Bai was on good terms with you, and today he went on a blind date with other lesbians, and openly brought them to the small cafeteria to order food. He deliberately slapped your face! He, he is in two boats! Don't worry, everyone in our health team is on your side."

Liang Meichen: "..."

The voices of the three of them were not low, and a few comrades who had returned from dinner soon surrounded them.

Under the accusation of "righteous words" by the two little nurses, Bai Qingzheng became the scum left in the army, and became an irresponsible bad element after playing a hooligan to Liang Meichen.

As comrades in one unit, if someone from another unit bullied them, we would naturally twist together to help Liang Meichen get justice.

Even if he can't go to Bai Qingzheng to settle the score, at least he can verbally crusade against the scumbag.

So, Liang Meichen drove the ducks to the shelves like this, and had to despise Bai Qingzheng with the health team.

Who made her show that her relationship with Bai Qingzheng is getting better and better in the interrogation of the two little nurses yesterday, and there will be a good result soon.

Now she can't admit that those rumors were released by her alone. Bai Qingzheng has nothing to do with her from the beginning to the end, right?

"Doctor Liang, I will accompany you to report this matter to the leader. Don't worry, we will testify for you, Bai Qingzheng will be punished."

Seeing that the matter was getting worse and worse under the fuel and jealousy of the two little nurses, Liang Meichen was shocked and frightened, her face was pale, and even her fingers began to tremble uncontrollably.

It's over, she will not be able to close the show.

Chapter 653 Exposed

As soon as Yun Chang opened her mouth, Bai Qingzheng's scalp began to tingle: Is Xiao Qi trying to make trouble?

Without giving Bai Qingzheng time to react, Yunshang picked up a chicken leg and put it in Bai Qingzheng's bowl, and with the corner of her mouth curled up, she showed him a gentle and bright smile, "You train too hard every day, eat a chicken leg and make up for it."

Bai Qingzheng: "..."

This is black chicken!

Xiao Qi asked him to eat black-bone chicken in front of his comrades in the cafeteria! ! !

He is shameless!

Bai Qing was grinding his teeth, with a dry smile on his face, he put the chicken leg in the bowl back into Yunshang's bowl, "Xiao Qi, you must be tired from the car ride all day and night, eat more

black-bone chicken. "After finishing the work, he moved the plate of steamed ribs on the table to Yun Shang's eyes.

The surrounding people stared straight at him.

Is this black-bone chicken something that most people can eat if they want it? And that plate of steamed pork ribs, that basket of shrimp dumplings, just these three dishes are enough for an ordinary person's food expenses for half a month! Bai Qingzheng just went on a blind date, and ordered so many delicious dishes for the other party. How much does he want to find someone?

Also, Bai Qingzheng has always been cold and indifferent, and has talked to lesbians countless times. When did he see him so intimately serving food for others?

But it was his first blind date today, so how satisfied should he be with his blind date just by giving him food so affectionately?

Moreover, although Bai Qingzheng's blind date is also wearing a military uniform, the shiny watch that she revealed when she raised her wrist, and the new pair of fashionable leather shoes under her feet, which are so bright that they can illuminate the figure, are enough to show her The family background is not bad.

The man's future is bright, the woman's face is good-looking, and the family conditions are also superior. They are simply a talented man and a woman, a perfect match!

Yun Shang looked at Liang Meichen's darker and darker complexion, played more vigorously, picked up the last shrimp dumpling and sent it to Bai Qingzheng's bowl with high spirits, and said softly with threatening eyes, "Bai Qingzheng, there is one shrimp dumpling left. Dumplings, I can't eat any more."

Bai Qingzheng was just about to take away the bowl, but when he saw the little flames called threats in Yunshang's eyes, the 'Pet Sister Crazy Devil' froze, and immediately handed over the bowl, catching the alluring shrimp dumpling.

Seeing the interaction between the two, several military officers who were familiar with Bai Qingzheng went over to say hello, and after a few words, they chatted with Yunshang.

There was a lively tentative joke about the relationship between the two, but just as Bai Qingzheng denied it, Yunshang broke the stage beside him, with a bright smile on his face, asking everyone to help take care of Bai Qingzheng in the future work and life, as if She regards herself as a white and upright housekeeper.

Liang Meichen froze, her hands clenched tightly unconsciously, her fingernails dug into her palms hard, leaving a few bloody marks.

Reason told her that after she entered, she would be laughed at by the people in the cafeteria, and she should turn around and leave immediately, but Liang Meichen couldn't move for a long time when she saw the couple in the middle of the hall.

She and Bai Qing are a couple recognized by the military region, why should she leave? Even if he had to leave, it should be that woman who left!

Facing the strange gazes of everyone in the small cafeteria, Liang Meichen braced himself up, dragged his heavy feet, ordered a meal at the window, and sat down at the table next to Yunshang and Bai Qingzheng.

The people in the cafeteria didn't expect that Liang Meichen would choose this position. They all slowed down their eating speed and stretched their necks to watch the show.

In this weird atmosphere, the people who were originally surrounded by Bai Qingzheng and Yunshang also left the 'battlefield circle' with their shoulders shrunk.

While eating slowly, Yun Shang stared at Liang Meichen generously. When her eyes occasionally fell on the fried potato shreds and fried vegetables in Liang Meichen's lunch box, a slight smile would overflow from the corner of her eyes.

There was no contempt in that smile, but Liang Meichen's hand holding the lunch box was hurt by Yun Shang's plain gaze, and she unconsciously clenched the chopsticks tightly, tears of embarrassment almost fell down.

What does that woman mean by looking at her like that?

Are you showing off that Bai Qing is buying so many sumptuous meals for her?

Or are you mocking her shabby food?

But no matter how shabby she ate, she spent her own money! No other man's money was spent!

Under the watchful eyes of everyone, consciously or unconsciously,

Liang Meichen clenched her fists, thinking about what she should do next.

Everyone in the military region thought that she and Bai Qing were the perfect couple, and Bai Qingzheng himself agreed by default.

She had been waiting for him to take the initiative to discuss with her about making a love report, but she waited and waited until Bai Qing was on a 'blind date' with someone and brought his 'blind date' to the cafeteria for dinner.

What did he take her for? What's the difference between him doing this and hitting her in the face? How will she behave in the future, and how will she stay in the military region?

Thinking of this, Liang Meichen felt aggrieved and angry, as well as uncontrollable disappointment after being let down. She put the chopsticks in her hand heavily on the table, raised her head, and looked straight at Bai Qingzheng, trying in vain to ask Bai Qingzheng to give her a Satisfied confession.

Since Liang Meichen sat at the next table, Bai Qingzheng's complexion darkened, without even looking at Liang Meichen, he kept picking up vegetables for Yunshang with chopsticks, scolding her to eat well and not to look around.

Any performance needs an audience.

Yun Shang's audience is Liang Meichen, and the audience Liang Meichen wants is Bai Qingzheng.

It's a pity that as an audience, Bai Qingzheng was not dedicated enough, and he treated Liang Meichen like air from beginning to end, so Liang Meichen's pretentious performance was all thrown to the blind.

"Hurry up and eat. I'll take you back to rest when you're full. I'll take you to the city tomorrow."

Hearing Bai Qingzheng's gentle and mellow voice, Liang Meichen couldn't bear the stimulation anymore, took the lunch box and stood up abruptly, took a deep breath, facing Bai Qingzheng's black face, and the eyes of Yunshang and the people around, He sat down beside Bai Qingzheng.

"Battlemaster Bai, I have something to ask you."

Bai Qing was sitting steadily without moving, but his dark complexion and the impatience between his brows and eyes gave people a sense of indifference and resistance.

"What's the matter?"

Liang Meichen could hear the indifference in Bai Qingzheng's words, and stared blankly at Bai Qingzheng, the corners of his eyes quickly turned sour.

Bai Qingzheng frowned, his expression became even more impatient, "Comrade Liang, we are having dinner, what do you want?"

"... Battalion Commander Bai, have you heard the rumors about the two of us?"

"What rumor?" Bai Qingzheng pretended to be stupid at first, then sneered, and said in a voice that everyone could hear, "You also said that it is a rumor, and rumors are not credible. There is no need for Comrade Liang to take rumors seriously."

Liang Meichen didn't expect that Bai Qingzheng would pretend to be stupid. After a long while, as if he was greatly stimulated, he stood up abruptly and asked with an unbelievable expression, "You said that the rumors are not credible, so why didn't you tell me sooner?" clear!"

Chapter 654 Apology

Thinking that they were fooled by Liang Meichen and made a lot of contributions to spread the rumors about Liang Meichen and Bai Qingzheng, the two little nurses were so angry that their eyes were red.

How could the health team have such shameless lesbians?

She wants to have a date with Chief Baiying, but she asks someone to be her matchmaker in a serious manner, and matches her with Chief Baiying in an upright manner.

By counting comrades in the health team, spreading rumors about her and Bai Battalion Commander in the military region, and trying to force Bai Battalion Commander to be with her through public opinion, she never thought about how she would behave after this farce was exposed?

Even if she achieves her goal in the end and marries Commander Bai successfully, how can a man with both ability and family background be able to live with a woman sincerely after being forced to marry a woman who plots against her?

How can a marriage relationship built on calculation and persecution from the very beginning last long?

Also, when Liang Meichen plotted against Battalion Commander Bai, she never thought that Bai Battalion Commander would report this matter to the organization, and then ask the organization to thoroughly investigate the source of the rumors?

In case this incident becomes serious, those colleagues who 'helped' Liang Meichen will be punished, and as the instigator, Liang Meichen can still gain sympathy and comfort from outsiders as a victim.

We are all colleagues in the same unit, we get along day and night on weekdays, and we are no different from relatives, but Liang Meichen is able to plot everyone without mercy and guilt in order to satisfy his own selfishness.

After trying to understand this point, the round-faced little nurse felt a chill in her back and shivered abruptly.

People's hearts are really terrible!

If it weren't for what Battalion Commander Bai confronted her in the small cafeteria, and if Cheng An'an hadn't come back to expose her, who would have thought that Liang Meichen, who is kind-hearted and soft-tempered, would be so vicious and selfish.

The nurse with long braids is not a fool. After trying to understand Liang Meichen's calculations, her teeth itch with hatred, "This matter can't just be left alone! Let's go, let's settle the score with Liang Meichen!"

"Let's go to Battalion Commander Bai first." The round-faced nurse grabbed her companion and walked in the opposite direction at a faster pace, "Let's go and apologize to Battalion Commander Bai first. Definitely going to be punished."

The nurse with long braids hesitated for a moment, stopped and asked, "Didn't it mean that Battalion Commander Bai's blind date came over? Wouldn't it be appropriate for us to go to Battalion Commander Bai now?"

"No. It's because of Commander Bai's blind date that we have to rush over to apologize."

The round-faced little nurse analyzed calmly, "People in our health team now know what the rumors are about, but Battalion Commander Bai's blind date doesn't. Let's go to apologize to Bai Yingchang, by the way Let's talk about it, lest the lesbian really misunderstand Commander Bai because of this matter."

The two little nurses were still very quick in action, but it was a pity that Yunshang closed the door to rest as soon as she returned to the guest house, and Bai Qingzheng returned to the camp. The two nurses wandered around the military area, but they did not find Bai Qingzheng and Yunshang. , Seeing that the sky was getting dark again, I had to go back to the health team first.

Neither Yunshang nor Bai Qingzheng expected that things would go so smoothly. In just one night, the good deeds Liang Meichen did spread throughout the health team, and then spread outward from the health team.

Early the next morning, after Yun Chang washed her face and was about to go out for breakfast with Bai Qing, she was stopped by two young lesbians downstairs.

Seeing the two apologizing to Bai Qingzheng with embarrassment, and revealing all the good things Liang Meichen did, Yun Shang knew that Liang Meichen's character design collapsed in just one night, and now he has become a health team The existence that everyone can't avoid.

Seeing that Yunshang was listening with gusto, the round-faced little nurse hesitated for a long time, and then said to Yunshang, "Hello, comrade, that, Battalion Commander Bai has nothing to do with Liang Meichen, please don't misunderstand Bai Battalion Commander..."

"I know." Yun Chang frowned, smiled like a flower, and said in a thin voice, mischievous and lively, "It doesn't matter if I misunderstood him, as long as my future sister-in-law doesn't misunderstand him."

"

Yun Shang's words contained a lot of information, and the two nurses were stunned for a long time before they realized what Yun Shang meant.

After arguing for a long time, this lesbian who looks better than a movie star is not Commander Bai's blind date, but his own sister.

This fun can be big.

If Liang Meichen knew about this, she would bleed with scruples.

Seeing the two little nurses staring blankly at her and not speaking, Yunshang smiled again with her eyebrows bent, and then asked, "How is Liang Meichen now, has she apologized to you?"

"I'm sorry!" Mentioning Liang Meichen, the long-haired nurse's face darkened immediately, "I've been pretending to be dead since last night, lying on the bed and ignoring anyone, as if we bullied her together! It's obvious that she is planning to bully her us....."

The matter was over, Bai Qing was too lazy to listen to any gossip about Liang Meichen, raised his wrist to check the time, interrupted the conversation of several people, and asked Yun Shang, "Xiaoqi, it's getting late, I'll take you out for breakfast."

Yun Shang wanted to inquire about other news from the two little nurses, but Bai Qingzheng waved his hand impatiently, "I'm tired and too lazy to go out, just go and buy my breakfast for me."

Bai Qingzheng: "..."

You slept for almost twelve hours and just woke up, why are you tired?

Is his girl here to see him, or to listen to his gossip?

Yun Shang was not afraid of Bai Qingzheng's black face, so she pushed him, dragged two nurses to sit on a bench on one side of the hall, lowered her voice, and asked mysteriously, "Do you know who gave this stupid idea?" Did Liang Meichen come out?"

The whole plan is full of loopholes, and the methods are rough, and cannot withstand a little scrutiny, so Liang Meichen is really so stupid?

The most important thing is that this farce-like joke looks simple, but its impact on Bai Qingzheng is not so simple.

Bai Qing is Bai Yancheng's eldest son, and there are countless pairs of eyes staring at him in private. Once there is a scandal about Bai Qingzheng, Bai Qingzheng is not the only one who will be affected.

In addition, any opportunity for promotion, evaluation, and awarding in the army must examine the mass base. Once Bai Qingzheng's reputation is flawed and the masses have doubts about his character and ability, his future development will definitely not be as smooth as before.

Under the same conditions, it is obvious who will be promoted in the organization between a scandal-ridden cadre and a clean cadre.

It wasn't that Yunshang was careless, it was really a coincidence that the timing of Liang Meichen's attack happened at the time when Bai Yancheng was transferred back to the capital and Gu Huaiqing's defection broke out.

Chapter 655 The same thing

The two nurses didn't understand why Yunshang asked such a question. They glanced at each other and fell silent. After coming here for a long time, the round-faced nurse talked about an incident that happened in the military division next door last winter.

According to what the other party said, last winter, something similar to Bai Qingzheng and Liang Meichen happened in the military division next door.

A certain battalion commander saved the life of a young nurse accompanying him while on a mission, but ended up with a broken leg and spent a month in the hospital.

The little nurse was very grateful for the battalion commander's life-saving grace. Knowing that the battalion commander's wife was not with the army and that the battalion commander was hospitalized and had no one to take care of her, she switched shifts with other nurses and took care of the battalion commander every day.

Probably the little nurse was too thoughtful. Later, gossip spread in the hospital, saying that the little nurse was not clear with the battalion commander, and the gossip was quickly spread back to the military region.

If the battalion commander was not married, it would be a good story to walk with the little nurse because of this incident.

It's a pity that the battalion commander has been married for two years, and his wife is still the child of a martyr, and she just gave birth to a fat man, so it would be a scandal to spread such gossip with the little nurse.

Scandals like this have always spread quickly, and through word of mouth, people often speculate in the most malicious and unbelievable direction.

When the battalion commander came to his senses, this matter had been deduced into several versions and spread throughout the military area.

And that little nurse also became a bad woman who ruined the battalion commander's family in the rumors.

When the organization found out about this incident and arranged for people to come down to investigate, the battalion commander's daughter-in-law in her hometown also heard about it, and rushed to the place with her fat son, who was just a few months old, and a dozen or so natal brothers. In the military area, the battalion commanders who were rolling around at the gate scolded the battalion commander as white-eyed wolf and Chen Shimei, and threatened that the brothers-in-law would break the battalion commander's legs. They were desperately clamoring for the troops to shoot the little nurse, saying that the little nurse was destroying the military marriage.

In this way, the scandal that the battalion commander and the little nurse could have clarified after an investigation was organized, but the battalion commander's wife made such a fuss and forcibly became a black pot on his head, and he couldn't get rid of it even if he wanted to.

The battalion commander was forced to become Chen Shimei, and the little nurse became the mistress who destroyed the battalion commander's military marriage.

The two wanted to explain, but no one believed them.

After all, it was the battalion commander's wife who accused the battalion commander of having an affair with the little nurse. The original partner even stood up and pointed out that her man was with the little nurse, who would believe them?

The charge of derailment within marriage, the battalion commander has to admit it if he admits it, and he has to admit it if he doesn't.

Besides, people's hearts are unpredictable. Even if the battalion commander's wife doesn't make a fuss, people don't necessarily believe in the innocence of the battalion commander and the little nurse.

"Flies don't bite seamless eggs", just this sentence is the reason for some malicious people to convict others based on their imagination.

The battalion commander's wife did not believe that the relationship between the battalion commander and the little nurse was innocent, and she even climbed to the top of the building with her son in her arms, threatening that if the organization did not shoot the little nurse and give the martyr's children an explanation, she would take her son to die in the military region.

And the dozen or so natal family members she brought with her were also clamoring to fight the battalion commander.

Seeing that life was about to happen, the organization had no choice but to know that the little nurse was wronged, but in order to appease the battalion commander's wife, he still had to wrong the little nurse and gave her a punishment that was neither light nor serious.

The battalion commander's daughter-in-law was satisfied, and her family was also satisfied, but the little nurse was so ashamed and angry that she couldn't live anymore.

That night, he climbed to the roof of the building where the battalion commander's wife had threatened her and jumped off.

The little nurse did not die, but her two legs could no longer stand up.

The battalion commander's daughter-in-law didn't dare to make a fuss anymore when she saw that things were getting serious. She bought a train ticket overnight and wanted to leave in despair.

But before she could go back, the battalion commander started making a fuss this time.

Before his daughter-in-law made a fuss, he was wronged, and he just let it go.

After all, he still wants to develop in the army. The two also gave birth to a child, so they couldn't get a divorce. No matter how difficult this day was, they had to make do with it.

But he never expected that the little nurse would be so tempered, and she jumped off the building in a fit of anger.

Even the rest of my life was ruined.

Now the battalion commander can't pass the hurdle in his heart no matter what.

He applied to the organization for a job change, and was determined to divorce, even if his wife threatened him with her son!

When things got to this point, the organization wouldn't tolerate it any longer, even if the battalion commander's wife's father was a martyr.

Besides, the battalion commanders have all applied for a change of job, and they will be local people in the future. No matter how wide the leadership of the army is, they can't interfere with the affairs of the cadres on the ground.

In this way, the troops did not care about the battalion commander's family affairs, and the battalion commander went out and was beaten up by a few brothers-in-law, which can be regarded as a divorce.

After the battalion commander changed jobs and settled down in the local area, he took over the disabled little nurse to take care of them, and the two formed a new family.

After the round-faced little nurse finished speaking, she sighed and said, "This incident was a big one at the time, and we have heard about it from such a distance. Do you think Liang Meichen was inspired by this incident?"

After all, no matter whether the battalion commander and the little nurse were interested in each other or not, they still came together by accident.

And the reason why the incident was so tragic at the beginning was because the battalion commander was married, and it was a scandal and immoral for him to gossip with the little nurse.

But Liang Meichen and Bai Qingzheng are different, both of them are single, and they are both promising young military officers, if they gossip, it will be a good thing that everyone likes to hear.

When the rumor spread farther and farther, and reached the ears of the leader, there were only two paths before Bai Qing.

One is that due to public opinion, she married Liang Meichen, whose reputation was damaged in this incident.

The second is to refuse to succumb to public opinion, but since then his reputation is no longer innocent, and his promotion and evaluation will be affected in the future.

Yun Chang scratched her chin and fell into deep thought.

Did Liang Meichen really want to plot against Bai Qingzheng only after being inspired by that incident? Or is it that someone is acting as a demon behind Liang Meichen's back, trying to trick her into plotting against Bai Qingzheng?

If someone really urged Liang Meichen to plot against Bai Qingzheng, the other party should have planned more carefully, and shouldn't have made such a rough game that can be broken with one poke.

Did outsiders intervene in this matter?

The long-braided nurse frowned and thought for a while, then opened her eyes wide, tugged at Yunshang's sleeves, and asked in a low voice, "Yunshang, your family is in the capital, right?"

"Well," Yun Shang nodded, "Do you know anything?"

"I can't tell..." The long-braided nurse paused, and then said, "Liang Meichen is from Wenshi, and we haven't heard that she knows anyone in the capital. I called home a few years ago and happened to meet Liang Meichen, she seemed to be calling the capital at that time..."

Chapter 656: Cowhide Candy

Bai Qingzheng bought breakfast very quickly, but when he returned to the guest house, besides the lunch box in his hand, there was also a humanoid brown candy behind him.

"...You are not kind! We have such a good relationship, your sister is my sister, and you didn't tell me when my sister came to visit relatives. Isn't this trying to provoke the relationship between me and our Xiaoqi!" Wu Hongyu said sternly. Following Bai Qingzheng, he squeezed into the room, while flirting with Yun Shang.

Seeing that Bai Qing was about to lift his foot to kick over, Wu Hongyu quickly jumped in the opposite direction, slipped into the room from the other side of Bai Qingzheng, and waved at Yunshang with a smile, "Xiao Qi, tell me about Lao Bai, We are all old acquaintances, and he still hides it from me when you come to visit relatives, you are too mean!"

Bai Qingzheng knocked Wu Hongyu away angrily, stuffed the lunch box into Yunshang's hand, and told her, "Xiaoqi, don't talk to this guy, he's just crazy."

Xiao Qi also met Wu Hongyu once, since when did he become an old acquaintance?

What a thick skin!

He didn't even tell Wu Hongyu that Xiaoqi was coming, and he didn't know where this guy found out, but he ran out from the military area early in the morning to block him.

Later, I have to find a way to arrange a task for Wu Hongyu and send him to other places to stay for a few days, otherwise such a big lump lying beside him would be really an eyesore.

Yun Shang smiled politely at Wu Hongyu, greeted him, and asked while eating delicious rice noodles, "Does Brother Wu want to ask about Wu Xiang? Don't worry, Wu Xiang has been doing quite well recently. Yes, she is also good at business, the dance teacher has praised her several times."

When Wu Xiang was mentioned, the smirk on Wu Hongyu's face faded away, and his expression became more serious, "That's good, how is Xiangxiang getting along with the people in your regiment?"

"There are not many people in our regiment, and everyone gets along very well. The veterans in the regiment take good care of us new recruits, and the leaders also take care of us. Wu Xiang is very good, so don't worry."

Yun Shang really didn't tell a lie.

There are not many people in the Yicheng Art Troupe. When it comes to performances, except for those art soldiers whose professional level is not up to standard and cannot be on stage, basically everyone has the opportunity to be on stage. There is not much competition between each other, and everyone will not get along with those big groups, fighting like black-eyed chickens in private for a chance to be on stage.

In addition, most of the girls in the regiment joined the army at the age of fifteen or sixteen. They were not deeply involved in the world, and they were engaged in the most glorious job of this era. Carrying his best dreams.

Even if individuals have their own little thoughts more or less in their hearts, because of the strict discipline of the army, no one will risk their own future.

After all, the cost of making a mistake is too high, and no one can afford it.

This is also the main reason why the girls in the regiment have occasional disputes, at most they ignore each other when they meet, or talk ill of each other behind their backs, but they seldom actually use their hands to make trouble.

Bai Qing was sitting between Yunshang and Wu Hongyu, blocking Wu Hongyu's sight, put the peeled boiled egg into Yunshang's lunch box, and said with a calm expression, "Eat first, and we can talk about anything after dinner. "

Wu Hongyu was almost overwhelmed by Bai Qingzheng.

He has never shown that he has a good impression of Yun Shang in front of Bai Qing, so why is he guarding him like a thief?

If he remembers correctly, Yun Chang seems to have a little partner, so could it be that Bai Qingzheng is always guarding against Yun Chang's little partner like this?

Bai Qingzheng didn't know Wu Hongyu's careful thinking about Yun Shang, but he just thought that Wu Hongyu often praised his family Wu Xiang in front of him, so he felt that he was also like him, a senior girl control.

Seeing that Wu Hongyu's eyes lit up when he saw Yunshang, he subconsciously felt that Wu Hongyu wanted to steal his girl from him, and immediately felt a sense of crisis in his heart.

Even though he knew that his thoughts were ridiculous, Bai Qingzheng was still vigilant and kept Wu Hongyu and Yunshang as far as possible.

He only has two younger sisters, and Xiaoqi was found after suffering outside for several years.

He and Little Six couldn't hurt enough, there was absolutely no need for another person to compete with him for Little Seven.

Wu Hongyu is also a thick-skinned person. Seeing that Bai Qingzheng deliberately separated him from Yunshang, he simply turned around, sat on the other side of Yunshang, and followed Bai Qingzheng's words solemnly, "Old Bai is right, eat first. Let's talk slowly after eating."

Yunshang broke the egg with chopsticks, kept the white, and stuffed the yolk with Bai Qingzheng, puffing out his cheeks, and said vaguely, "You still want to know what's going on with Wu Xiang, so ask now. I have something to ask my elder brother after dinner." Go out for a while."

In the eyes of Bai Qingzheng who raised his eyebrows triumphantly, Wu Hongyu's face stiffened for a moment, then he sighed inwardly, and said to Yunshang, who was still buried in eating, "Xiao Qi, tell me about the last military art performance." Come on, is it fun for you to go to the capital to perform? My Xiangxiang's show was not selected for the representative team, is she unhappy?"

"We are going to participate in the performance, not to play." Yun Shang frowned and corrected Wu Hongyu's statement, thought for a while and continued, "Wu Xiang danced a group dance and was a recruit. He went to He'an to participate in the selection before She is mentally prepared to be dismissed, and she is not unhappy." However, after returning to the military region, she added another half an hour of practice time every day, which was much more serious than when she first joined the army.

Yunshang went to the capital to participate in the art performance and won a gold medal, but Wu Hongyu's younger sister, Wu Xiang, was not even selected for the representative team. His eyes turned to Wu Hongyu with contempt.

Wu Hongyu: "..."

Childish or not?

He was almost thirty, and he acted like a child, showing off to him with such things.

Yun Shang achieved good results in the performance, it was Yun Shang's own ability, what did it have to do with Bai Qingzheng, what did he have to show off?

Wu Hongyu was angry and funny, so he simply moved his chair to Yunshang's side, and continued to talk non-stop by asking about Wu Xiang's situation in Yicheng.

It wasn't until Yunshang finished breakfast that Bai Qing blasted Wu Hongyu into the opposite military division with a dark face, and the two got on the tram and wandered into the city.

Taking advantage of the fact that there were no outsiders around, Yun Chang lowered her voice, told her suspicions about Liang Meichen, and told Bai Qingzheng, "Brother, Dad has been promoted this year, and he has more eyes on our family." .You are not well-informed here, so you have to be vigilant, and don't fall for other people's tricks."

The youngest sister in the family knows to worry about family affairs, Bai Qingzheng is very relieved, and lowered his voice to comfort Yunshang, "Don't worry, big brother knows these things well, and Liang Meichen, I have been watching."

Chapter 657 Mutual Points

"Don't worry, big brother knows these things well, and Liang Meichen, I've been watching."

After all, he was taught by Bai Yancheng, so when this kind of thing happened, he naturally wouldn't treat it as a coincidence.

The reason why Liang Meichen was allowed to hop around in the military area for two months was because the whole thing was within his control from beginning to end, and he wanted to catch people around him who were malicious to him through the rumors that Liang Meichen had created, so he put The matter was delayed until now.

"You've been staring at it?" Yun Shang's eyes widened, and she asked in surprise, "Brother, did anyone intervene in Liang Meichen's matter?"

"Yes, it's just that the other party didn't seem to take Liang Meichen seriously, but after disclosing the position of father to Liang Meichen, Liang Meichen did everything after that."

If someone really guided Liang Meichen's ideas behind her back, she wouldn't be able to do such a stupid thing.

At the very least, the plan should be more thorough than it is now, and the methods will not be so rough, let alone leave such obvious clues to people.

Liang Meichen is poisonous and stupid, he has ambitions in vain, but he doesn't have the brains to support his ambitions. Maybe the other party sensed that Liang Meichen was useless, so he casually provoked a few words and left them aside.

Or, the man behind the scenes hiding in the capital just cast a net at random, and it was the other party's luck that he could be counted against him, and the other party had no loss if he was not counted.

Anyway, the opponent's firepower is currently concentrated on the Gu family, and there is no time to spare to target the Bai family.

Yun Chang thought about it for a while, and her face darkened immediately, "This Liang Meichen is not a very nice person, but he thinks pretty well!"

On the premise of knowing the background of Bai Qingzheng's family background, the purpose of her making such a fuss is to marry into the Bai family, and even if she can't marry into the Bai family, she must use the Bai family to seek benefits for her.

Anyway, Bai Qingzheng's family background is there. If Bai Qingzheng finally marries her, everyone will be happy. If Bai Qingzheng refuses to marry her, the Bai family and the organization must compensate her, and then she can also go further.

As for whether Bai Qingzheng's reputation will be damaged, and whether the promotion evaluation will be affected in the future, Liang Meichen will not consider it, let alone worry about it.

Maybe in her perception, Bai Qing has such a family background, even if he doesn't serve as a soldier, the Bai family will arrange other good jobs for him.

Seeing that Yunshang's cheeks were puffed up with anger, Bai Qing said with a smile, "Xiaoqi, from last year to this year, the situation at the top has been tense, and it has more or less affected the bottom. Dad is in that position now... not only It's me who needs to pay attention, and it's you, you should also pay attention at ordinary times, don't be tricked by others."

Yun Shang nodded obediently, thought for a while, then changed the subject, and babbled on about the bad things Gu Shinian had encountered recently, and at the end, she was still very dissatisfied and said, "If it weren't for Gu Huaqing and Gu Mingzhu, I would be with you." Second brother Gu filed a love report two months ago, it is really in the way after being sentenced and jumping out to harass people."

Mentioning the bad things about Gu Shinian, Bai Qingzheng's face darkened completely. He felt that Gu Huaqing, Gu Guangzong and Gu Mingzhu were all untimely bombs tied to Gu Shinian. year.

If Yun Shang was really with Gu Shinian, he would definitely be swept away by shrapnel.

For this one alone, all the good things Gu Shinian did to Yun Shang had to be discounted.

Even though he and Bai Qingming have been like brothers to Gu Shinian all these years, he is still worried about handing Yun Shang over to Gu Shinian, whose family affairs are in a mess.

Bai Qingzheng let out a long sigh, and asked Yun Shang, "Xiao Qi, do you think Gu Shinian is the one? I think you might as well find someone in the regiment. The two of you are walking together, and you have something to say when you're together. Then Gu Shinian is What a rough old man, what can we have in common with you?"

Yun Shang: "..."

Brother, won't your conscience hurt when you say this?

In his previous life, Second Brother Gu also learned piano for a few years at least. He is a versatile existence in the army. Why is he so rough?

No matter how rough you are, can you be rougher than you?

"Brother, I'm on good terms with Second Brother Gu! If you say these things again,

I'm going to sue Second Brother Gu! "Second Brother Gu will have to find you for a real PK at that time, to see if you brothers can continue.

Bai Qingzheng rubbed the center of his brows, and closed his mouth tactfully.

I can't say any more, if Xiao Qi is offended, she really dares to beat him on the street.

"Let's go, first go to the Friendship Store to buy clothes for you, and then I'll take you to eat delicious food."

Yun Chang watched Bai Qingzheng take out a handful of foreign exchange certificates, a smile appeared on his face, his eyebrows were bent, and he praised Bai Qingzheng sincerely, "Brother, you are so kind! You are much better than little brother."

The little six can only buy tickets from the house, so it's not like Bai Qingzheng, he knew early on that he would dump things for the house from the outside.

It is presumed that he got these foreign exchange certificates from other people.

Yunshang just bought a few sets of summer clothes in the capital a few days ago, and there is no shortage of clothes for the time being. After walking around the Friendship Store, she bought a light green floral skirt for herself, and bought two sets of white clothes with Bai Qingzheng on her back. Shirt and suit pants, one set is going to be taken back for Gu Shinian to wear, and one set is reserved for Bai Qingzheng to wear.

Her eldest brother and second brother Gu are both big, so they must be cool and handsome in this kind of ironed shirt and suit pants.

Besides, Bai Qingzheng is going on a blind date recently, so he has to prepare a good set of clothes for appearance, and try to catch the woman's heart as soon as they meet, and marry her a sister-in-law as soon as possible.

Coming out of the Friendship Store, Bai Qingzheng took the paper bag that Yunshang handed over, and seeing the new clothes inside, the corners of his mouth couldn't help twitching a few times.

"Xiaoqi, he is in the army every day, so he has no chance to wear these clothes." Besides, he is used to wearing military uniforms, but when he suddenly sees the clothes worn by such a gentle and polite young boy, he is not used to them no matter how he looks at them.

Yun Shang wouldn't listen to the excuses Bai Qing was making, squinted her eyes, and asked threateningly, "You don't like the one I picked out for you? That's fine, give it to me, and I'll send it to Little Six later. ."

Bai Qingzheng stopped talking nonsense immediately, put the paper bag into his arms, and said with a smile, "The clothes are pretty good, just right, I can wear them when I usually rest." I struggled to find the foreign exchange certificates, but It can't be spent on Little Six.

It's a waste of little Liuzi climbing up and down all day to waste his clothes, so why wear new clothes?

It's so beautiful!

Yun Chang sighed helplessly, patted Bai Qingzheng's arm, and said to him, "Brother, you are about to go on a blind date, so you have to prepare better clothes no matter what. Now lesbians looking for a partner except In addition to character and family composition, you also need to look at your face. You have to dress up when the time comes, and try to win the blind date with your outstanding appearance as soon as you meet, understand?"

Chapter 658 Crisis

Bai Qingzheng was delighted by his sister's "excellent appearance", but he didn't show it on the surface, but secretly decided in his heart that he must follow Yunshang's suggestion, and wear this new suit during the blind date, trying to make him only eight points. The advantage of appearance is brought into full play.

Of course, it would be even better if he could PK lose Gu Shinian and become the most attractive person in Yunshang's heart.

Yun Chang didn't know that her brooding and black-bellied elder brother had such careful thoughts. When he came out of the Friendship Store, he dragged Bai Qingzheng to the department store. After walking for fifty kilometers, Bai Qingzheng's legs were so weak that he couldn't even breathe heavily. Then, with a wave of her small hand, she showed mercy that it was getting late, and she needed to eat to replenish her energy.

Bai Qingzheng never knew that women would be so scary when they went shopping. Seeing that Yunshang finally thought of eating, he breathed a sigh of relief. He quickly stuffed the bag in his armpit and dragged Yunshang all the way in after a few steps. restaurant.

"Brother, isn't there some activity in your military region these two days? I'll go back tomorrow, so I won't delay you here."

Bai Qing was putting down the soup bowl, frowning, "Don't you still have a few days of vacation, don't worry, stay for two more days."

"It doesn't affect you?" Yun Chang asked worriedly.

"It's okay, I've made arrangements here." After Bai Qingzheng finished speaking, he handed all the remaining overseas Chinese coupons to Yunshang, "There are still a lot of overseas Chinese coupons left today, and you can go to the Friendship Store later and see what else you want."

Yun Shang was not polite, took all of them and stuffed them into his pockets, "Okay, I'll buy something for my sister and little six later." You can't just give the eldest brother new clothes, and the rest of the brothers and sisters don't even give them a thread. .

Alas, it's been a long time since I last saw Little Six, I'm so flustered, I'll call Little Six later to get in touch.

And Dacheng and Shuanzi haven't written a letter for a long time, so I'll make a phone call later to see how everyone is doing...

...

Under Bai Qingzheng's insistence, Yunshang stayed here peacefully for two days. During this period, Wu Hongyu was stuffed with a lot of work by Bai Qingzheng, until Yunshang boarded the train back to Yicheng, he couldn't see each other again. On the side of Yunshang.

Yun Shang only found out that Gu Shinian had temporarily returned to the capital after returning to the military area. She felt tense at the moment, and didn't care to pack her luggage, so she hurried out and dialed the phone number at home.

Mr. Bai had just returned from the meeting, and before he even had time to take a sip of water, he received a call from Yunshang.

"Master, why did my second brother Gu go back to the capital? It's Gu... Is there something wrong with Grandpa Gu?"

Across the phone line, some things couldn't be said too clearly, so Yunshang had no choice but to bring the topic to the Gu family.

Old man Bai is old and mature, how can he not know what Yunshang wants to ask, he stretched out his voice and let out a "huh" before speaking slowly, "Your Grandpa Gu has been angry recently, and he is not in good health. No, you Uncle Jin came back yesterday and brought you two kinds of southern fruits for Grandpa Gu, I don't know if Grandpa Gu likes it or not."

Yun Chang reacted immediately.

Uncle Kim is back!

He brought two kinds of fruits from the south, it should mean that Uncle Jin escorted Gu Huaiqing and Gu Mingzhu back secretly.

Old man Gu was furious, it must be Gu Huaqing who did something else, which made old man Gu angry.

In this way, Gu Shinian was implicated by Gu Huaqing, so he rushed back to accept the organization's investigation.

Yun Chang's face instantly became ugly, and the hands hanging beside her were tightly clenched together, even the fingertips turned white.

"...Master, Second Brother Gu went back to stay for a few days this time. I just came back from Big Brother's place and brought new clothes for Second Brother Gu."

At the end, Yunshang's voice dropped, with a tremor in the end, the old man's heart ached when he heard it, and his heart ached.

It's just that when Gu Huaqing came back and was chasing and biting like a mad dog, the old man couldn't bear to talk to Yun Shang about the predicament Gu Shinian would face.

He rubbed his brows and thought for a while, then softened his voice, pretending to be extremely disappointed and complaining to Yun Shang,

"Xiao Qi, you just bought new clothes for that kid named Gu, and didn't say you bought two for your grandfather? Oh, my eldest granddaughter's pain is in vain."

How could Yun Shang not hear that the old man was forcibly changing the subject, the corners of his mouth could not help curling down, and his eyes were also wet.

Afraid that the old man would be worried, she pulled herself together and replied in a cheerful voice, "Master, it's the Overseas Chinese Coupon that my elder brother found for me. I bought a dress for my elder brother to wear on blind dates, and I also bought it for my sister." A skirt and a shirt for Little Six.

Lord, these things were bought with big brother's coupons. If I buy something for you, then it will be big brother giving you a gift. Later, I will find some coupons with others, buy you delicious food and send it back. "

Yun Shang had tried her best to control her emotions, but the old man still heard a bit of heaviness and obscurity in her cheerful tone. He let out a long sigh, and when he spoke again, he gave Yun Shang a reassurance.

"Xiaoqi, with you Grandpa Gu and Third Grandpa here, my son will go back in half a month at most, so you can just put it there and take care of it, don't worry about family affairs."

"Grandpa, has Third Grandpa gone back too?"

"No, your grandfather has just been promoted to a new level after three years, and he's been busy recently, how can he come back when he's free?"

After finishing speaking, the old man didn't give Yun Shang any chance to continue questioning, and after a few more instructions, he hung up the phone in a hurry.

Although the old man said that Gu Shinian would come back in half a month, Yun Shang, who knew Gu Huaqing's character well, was not so optimistic.

Gu Huaqing's current situation is all thanks to Zhang Chunni and Zhou Mingjuan, and Gu Shinian also secretly did a lot of tricks.

If you were to rank the people Gu Huaqing hated the most, they would be Zhang Chunni, Zhou Mingjuan, Gu Shinian, and finally those who jumped into the water after he capsized and escaped.

At the beginning, Zhang Chunni brought people from the Women's Federation to the military area to make trouble, confiscated Gu Huaqing's savings for many years, and even removed him from the position of political commissar after the incident.

Immediately afterwards, Zhou Mingjuan bit him back at the Revolutionary Committee, denying that the two formed a revolutionary family because of their love for each other, and insisted that she was coerced by Gu Huaqing when she got involved in Zhang Chunni's marriage, and she was also a victim.

In this way, Gu Huaqing was given a big label of coercing women, and he had to stay in the northwest labor camp for another ten years.

As for Gu Shinian, he was the white-eyed wolf in Gu Huaqing's heart, with his blood running down his body, but he refused to go home with him time and time again, and even wrote a statement severing the father-son relationship with him. At the house of the political opponent, in front of the whole courtyard, his face was trampled underfoot. How could Gu Huaqing not hate it?

Chapter 659 Solution

Of these three people, Zhou Mingjuan had already died in Gu Huaqing's hands, and Zhang Chunni and Gu Shinian were also calculated by Gu Huaqing, with a basin of dirty water on their heads.

Now that Gu Huaqing was brought back to the country after his defection, he knew that he was bound to die, and he would definitely bite like a mad dog and drag the few people he hated the most into the water.

In this way, it made sense for Gu Shinian to temporarily return to the capital to accept the investigation.

It was also because of this that even though the old man had given Yun Shang permission, she was always concerned about Gu Shinian's situation in the capital with trepidation.

Time passed day by day while Yunshang waited anxiously, and it entered June in a blink of an eye.

There has been no news from Gu Shinian for a whole month.

The members of the regiment have long been used to Gu Shinian going to the regiment two or three times a week, this time they haven't seen Gu Shinian for so long, and the members of the regiment have discussed this matter in private.

At first, some people thought that Gu Shinian had broken up with Yunshang, and that's why they didn't come to the art troupe for such a long time.

This statement has been recognized by most people, even Wen Chengjie, who has always been very concerned about Yunshang's physical and mental health, believed this rumor, ran over to comfort Yunshang carefully, and walked away a few times with a cold face. The time is interesting, after hearing the rumors, the female soldier who came to ask Yun Shang for news about Gu Shinian.

Later, a rumor came out from somewhere that Gu Shinian's family status was not good, and the reason why he hadn't come to the art troupe for such a long time was influenced by his family status, and he was taken away by the organization for investigation.

This rumor even spread to the Tiger Company, causing the soldiers of the Tiger Company to discuss in private, and their morale was extremely low.

These people in the Tiger Company were brought out by Gu Shinian. It can be said that Gu Shinian is the backbone of the Tiger Company. Without this backbone, the Tiger Company is no different from other ordinary companies.

Now that Gu Shinian is in trouble, even if everyone can't help, no one will do anything behind his back.

Even Kong Changzheng, who has always been ignorant of the times, not only did not intend to replace Gu Shinian, but resisted the pressure from the military region, chopped off a few claws that were protruding towards the Tiger Company, and turned the Tiger Company like Iron buckets are generally firmly held up.

There are various rumors about Gu Shinian outside, and Yun Shang will inevitably be affected in the art troupe.

certainly,

This effect is not considered a bad thing, for some people, it should be regarded as... a sweet annoyance.

The lesbians who came around to inquire about Gu Shinian's news with Yunshang before disappeared, replaced by some gay men in the regiment.

She even received letters one after another from gay men in other units in the military region, wanting to establish a deep revolutionary friendship with her, with a little bit of pink information faintly revealed between the lines.

When Yunshang first came here, Gu Shinian was there to guard her. Even if someone in the military area was interested in Yunshang, no one would dare to approach Yunshang immorally.

Now that something happened to Gu Shinian, and Yun Shang is single again, some people who feel good about themselves naturally want to come over to try their luck.

Of course, those who have the courage to join Yunshang, or dare to write to Yunshang, are indeed male soldiers with good conditions.

After all, those with poor conditions did not dare to go to Yun Chang's side.

Yun Shang's appearance is first-class, she is a top business in the regiment, and her family background is good. Her grandfather is also the founding general, and her father also holds an important position. These conditions alone can scare away 99% of suitors.

Even if everyone knew that Yunshang and Gu Shinian had a good time, it didn't affect her market at all.

She is only seventeen years old this year, and she hasn't made a love report with Gu Shinian. As long as Yunshang doesn't admit it, no one will dare to associate Yunshang with a quasi-villain, after all, her family background is there.

Yun Chang was anxiously waiting for news from Gu Shinian every day, so he was too lazy to read those letters, so he made it easier for Yao Ke and Wu Xiang. These two people got together every day and secretly watched the male soldiers express their love for Yun Shang in various ways. , Seeing the funny places and laughing and laughing together.

The two of them were not worried that Yunshang would get angry, after all, with Gu Shinian Zhuyu in front, no matter how good the conditions were, these people would not be able to catch Yunshang's eyes.

Just when Yunshang was full of irritability receiving letters, Kong Changzheng returned from the station to Mr. Kong's house for dinner. After the meal, the group asked Yunshang to inquire about Gu Shinian's news in the capital.

Knowing that Yunshang has been courted by male soldiers recently, Kong Changzheng almost exploded.

This is the child of Gu Shinian's family!

She was the little daughter-in-law brought up by Gu Shinian!

These grandsons have become so courageous that they dared to rob people with fierce tigers! ?

Not to mention that the matter of Gu Shinian has not been settled yet, even if it is settled, Gu Shinian will not be able to return to the Tiger Company, and the little daughter-in-law he holds dear will have to return to the capital to be pampered, and the elders will find her for her. A good marriage that is well matched, how can it be the turn of the crooked melons and jujubes from the military region?

It's not that he looks down on the people from the Yicheng Military Division, but that none of them are worthy of Bai Yunshang.

At the very least, the family is not right in the family!

Besides, these people are now sharpening their heads and approaching Yunshang, how many of them really have a crush on Yunshang? And who would dare to stand up, pat his chest and say that he never wanted Yunshang's family background? Who else is better than Gu Shinian to Yun Shang?

Compared with Gu Shinian, these people are a bunch of scum!

After asking clearly who was courting Yun Chang, Kong Changzheng kept a dark face, and asked people one by one to talk to them, and Yun Chang's side was considered to be a little cleaner.

.....

When Yunshang came back from the practice room, she was thinking about calling the capital after dinner to ask about Gu Shinian's news, when Wu Xiang hurried into the dormitory, dragged Yunshang outside.

"Yunshang! Hurry up! Gu, Company Commander Gu is back!"

Yun Chang's eyes widened suddenly, subconsciously shook off Wu Xiang's hand, turned around and ran outside.

Wu Xiang looked at Yun Shang's back running away quickly, and after a long while, he was immediately annoyed.

I have seen bridges demolished when crossing a river, but I have not seen bridges demolished halfway across a river.

Anyway, listen to her and tell her where Company Commander Gu is now!

Yun Chang also rushed out, only to realize that she forgot to ask Gu Shinian's location, and was about to turn around and call Wu Xiang, when out of the corner of her eye, she saw a familiar slender figure coming in from the gate, walking towards this side quickly.

"Ah Chang!"

Seeing Yun Shang, Gu Shinian stopped abruptly, his throat moved, and his voice was hoarse and gentle, and he called out the name that made his heart tremble when he thought of it.

The circles of Yun Chang's eyes turned red, and she rushed towards him, restraining the urge to rush into his arms, arched her eyebrows hard, and showed Gu Shinian a bright smile.

"A Chang, I'm back..."

Chapter 660: The Gift Brought Back by Hong Kong City

As the sun sets, the blue brick arch at the end of the corridor casts a long shadow on the ground.

Gu Shinian was standing in the middle of the arch, standing against the backlight, with a slender and tall figure, probably because he was traveling too fast, a bead of sweat rolled down his neck, which was faintly red against the backdrop of the sunset.

Yun Chang stood there in a daze, looking at Gu Shinian without blinking.

He has lost a lot of weight, and the facial features on his face are more three-dimensional and distinct. His eyes hidden in the shadows are calm and indifferent. When he looks at her, his dark pupils will light up, with a charming but gentle light.

"Second Brother Gu..."

Yun Chang subconsciously called Gu Shinian, raised his hand to wipe away the tears from the corners of his eyes, and took a few steps forward, only to notice that there were large patches of blue under his eyes, and a light layer of stubble appeared on his chin.

"Second Brother Gu, haven't you rested for a few days?" Yun Shang frowned, her heart trembled, she reached out to take the small backpack in Gu Shinian's hand, and dragged him towards the small cafeteria. Let's go, "Let's go! Let's go to eat first. After eating, go back and rest quickly. If you have anything to say, wait until I pass tomorrow."

What a crime!

Look, because of one Gu Huaiqing, what kind of trouble did Second Brother Gu become?

She managed to raise so much meat for Second Brother Gu. This time when she went back, she lost at least ten catties of meat.

How long will Second Brother Gu have to eat to feed back the ten catties of meat?

With a smile on the corner of Gu Shinian's mouth, he dragged Yunshang to stop outside the corridor, pointed to the small backpack in her hand and said, "Look, this is a gift that Uncle Jin brought back from Hong Kong City."

"A gift from Uncle Jin?" Yun Shang was stunned for a moment, and was about to open the backpack to take a look, but was stopped by Gu Shinian, "A Chang, let's find a place where there is no one and look at it later. There are several letters, it is best not to be seen by others."

Yun Shang understood what Gu Shinian meant at once, he wanted her to bring him into the space to talk.

Reading letters and so on are all excuses.

Yun Shang was also curious about how Gu Huaiqing's matter was resolved in the end. Seeing that Gu Shinian had no intention of taking a break, she simply obeyed his wish, left the art troupe, found a place where no one was around, and dodged into the space.

It's no secret that Gu Shinian came to the art troupe to look for Yunshang. When everyone saw the two of them walking through the art troupe's courtyard and disappearing at the gate, the entire art troupe was blown away.

Company Commander Gu is back! ! !

Company Commander Gu was still wearing a military uniform. He was not taken by the organization to investigate as the rumors said, and he was sent to the farm to be reformed through labor!

The fact that Company Commander Gu can come back means that there is nothing wrong with Company Commander Gu's personality! Those rumors are all nonsense!

Who in the first place looked down upon Company Commander Gu and made up these unreliable rumors?

At the same time, the faces of the few male soldiers in the regiment who had been courting Yun Chang recently turned dark.

Gu Shinian is back!

If Gu Shinian knew that they secretly poached his corner while he was away, would he take revenge?

That's the company commander of the Tiger Company, a person who can subdue even the tough guys of the Tiger Company. If he really wants to make trouble for them, who in the regiment can stop him? Who dares to really stop it?

Damn, if I knew this living Hades could come back, they wouldn't have dared to tease Bai Yunshang back then with the courage of the three of them.

...

Yun Shang didn't know that those people in the regiment were blowing up, and she was sitting on the sofa, leaning against Gu Shinian's arms, asking about the gift in the package while unpacking the backpack in her hand.

It's not that Yunshang doesn't care about Gu Shinian's situation in the capital, but that Gu Shinian is eating now, and Yunshang is worried that mentioning the bad father and daughter will affect Gu Shinian's appetite.

It's better to look at the presents first, and after Gu Shinian finishes eating, she will lead Gu Shinian to scold the father and daughter who have been beaten a thousand times.

Gu Shinian leaned on the sofa, hugged Yunshang with one arm, and slowly ate a piece of cake with the other, but his eyes were fixed on the letter that Yunshang had just taken out.

"...Uncle Jin said, these two thicker letters were written by your friends in Hong Kong City,

One is called Lu Yunling, and the other is called Xu Tian. The remaining few letters are written to you by An Yunming and An Yunxi. Those boxes of pastries were bought by An Yunlang with his pocket money. These clothes and those new hair clips were picked out by Aunt Mei at the department store a few days ago, you can try them on later to see if they fit. "

Yun Shang looked at the stack of brightly colored and neatly folded skirts in the package, and suddenly showed a look of surprise on her face. She threw the letters on it aside, stood up with the skirts in her hands, and gestured a few times on her body, and then her eyes She looked at Gu Shinian shiningly.

Gu Shinian nodded politely, and boasted sincerely, "Aunt Mei has a good eye, these skirts are very suitable for you, they must look good in you."

Mei Yingxue's vision is indeed good. The workmanship and fabric of these skirts are very good, and the style will not be outdated even in later generations. It could be seen that these skirts were high-end products in department stores. Mei Yingxue bought five or six skirts at once, so she must have spent a lot of money.

Yun Shang is also a smart person, the excitement passed, she continued to lie on the sofa, leaning against Gu Shinian's arms, and sighed worriedly, "Second Brother Gu, Aunt Mei and the others have prepared so many things for me. Gift, how can I return the gift?" Not to mention that she couldn't think of a suitable return gift for the time being, even if she thought of it, she couldn't send it to Hong Kong City.

"Don't be in a hurry to return the gift, there will always be opportunities in the future." Gu Shinian patted Yun Shang on the head, signaling her to read the letter first.

Yun Chang nodded, put away the skirt, picked up the letter, and just turned it around, only to find that the seal was open.

"Uncle Jin and the others have checked all these letters, and after confirming that there is no problem, I brought them here for you." Before Yun Shang could ask, Gu Shinian explained.

Yun Shang turned her head and looked at Gu Shinian suspiciously, "Second Brother Gu, Uncle Jin and the others have read it, so did you peek at my letter on the way?"

Gu Shinian pinched Yun Chang's face with a smile, "I don't need to peek." I'll just sit here, in front of you, and read your letter openly.

After understanding what Gu Shinian meant, Yun Chang wrinkled her nose in dissatisfaction, and stopped reading the letter. She put a few letters and packages on the ground, looked at the only bite of cake left in Gu Shinian's hand, and said, " Brother Gu, tell me about Gu Huaqing and Gu Mingzhu's situation first, and we'll read the letter after we're done."

"Okay." Gu Shinian didn't refute her, swallowed the last bite of cake, drank some water, and continued, "Gu Huaqing came back with a limp on one leg. It is said that Uncle An asked people on the road to find him. Be careful if you fall down the stairs and break it."
