Chapter 661: Gu Huaiqing's Ending

The expression on Yun Shang's face remained unchanged, and he asked in a light tone, "Then can he still leave? If he can't, how can Uncle Jin get him back?"

Such a big person, with a hundred catties of meat, can't let Uncle Jin drag him back like a dead pig?

"If you can walk, you're limping." Gu Shinian's face showed no joy or anger, he paused, and then continued, "Gu Mingzhu's condition is not good either, probably because she was frightened, and her mind is not very bright now. Yes, everything is a few beats slower than others."

Yun Chang understood instantly.

Thinking about it, Gu Mingzhu is only a month older than Gu Shinian, and when the accident happened at home, she was only a teenage girl.

First, she followed her parents out of the military compound in embarrassment, from a high-ranking chief's daughter to a daughter of a mistress and a scumbag that everyone detested.

After Gu Huaiqing and Zhou Mingjuan were taken away by members of the Revolutionary Committee, even if she drew a clear line with those two people and managed to stay in the city, her behavior chilled the hearts of the Zhou family, who completely denied her granddaughter.

Gu Mingzhu was so well protected by Gu Huaiqing and Zhou Mingjuan a few years ago, without those two people, she would not be able to survive in Linyang alone.

In order to be able to live like a human being, Gu Mingzhu had to hang out with Director Zhu's son, but was tricked by Erya, and finally went to the Northwest Labor Reform Farm in despair, where the family reunited.

Gu Mingzhu's crime is not serious, and she could come back after staying for five or six years, but unfortunately, she has a father who is a small troublemaker.

Gu Huaiqing acted as if his brain had been bitten by a dog, and actually did the thing of defecting with Gu Mingzhu.

First, he let Gu Mingzhu, who had only one year left to return to the city, feign death, and sent him to the cremation ground for a walk, then killed Zhou Mingjuan, and took Gu Mingzhu to hide like a stray dog for several times. month, smuggled to Hong Kong City.

Before the two settled down, An Guosheng received news from China and mobilized people on the road to search for the father and daughter throughout Hong Kong. Finally, they found someone and handed them over to Lao Jin, who escorted them back to China.

Gu Mingzhu is just a girl in her early twenties, and she was raised and raised tenderly.

In the past few months, I first went to the cremation site, then learned that Gu Huaqing had killed Zhou Mingjuan, followed by the murderer in exile for several months, and then was frightened by people on Gangcheng Road. It is normal to have mental problems after being frightened things.

In particular, Gu Mingzhu would be able to end her labor reform by the end of the year and regain her freedom completely, but Gu Huaqing disturbed her so her sentence would be extended indefinitely, and she might be implicated and shot by Gu Huaqing.

This kind of embarrassing thing can't be tolerated even if it's put on someone with a strong mentality, let alone Gu Mingzhu.

So, Gu Huaqing is not only a lunatic, but also a scammer!

He thought he was being kind to Gu Mingzhu, but in the end he harmed Gu Mingzhu for the rest of his life.

He hated Zhang Chunni and Gu Shinian, and wished he could bring the mother and son into trouble, but the final result was not as he wanted, and Gu Shinian went back to the Tiger Company with his whole body intact.

When things got to this point, Gu Huaqing lost his wife and lost his army. I just don't know if he would bleed when he thought of Gu Mingzhu.

Yun Shang didn't know what to say about Gu Huaqing anymore, so she picked a grape from a tree and stuffed it into her mouth, and asked Gu Shinian, "Second Brother Gu, what do you plan to do with Gu Huaqing?"

Gu Shinian glanced at Yun Shang, his face remained unchanged, and he said two words lightly, "Death penalty."

There are no exceptions to this kind of thing. At any time and in any country, the death penalty is the only result of dealing with high-ranking defectors.

Yun Shang bit the grape for a moment, and then asked after a while, "What about Gu Mingzhu?"

Gu Shinian took half of the grape from Yun Shang's hand and put it in his mouth, then said, "She is not in a good state of mind now, and she was tricked by Gu Huaqing out of nowhere, so she should be able to save her life." As for freedom or something, that's fine. Forget it.

Besides, even if the higher authorities were willing to let Gu Mingzhu go free, how would she take care of herself as a mentally ill patient?

Zhang Chunni's three children would never take care of Gu Mingzhu anyway.

It would be impossible to take care of her by counting on Zhou's family.

Instead of this, it's better to go to "prison" honestly, at least someone will notice when you are born, old, sick, and dead, and you will have a place to stay for the rest of your life.

"What about those people that Gu Huaqing wrote in the secret letter back then? Did Gu Huaqing mention these people after he was brought back?"

"I mentioned it." Speaking of this, Gu Shinian's face darkened a little, "He took the initiative to explain the secret letter, but Comrade Zhang and I have never contacted those people, and Comrade Zhang insisted on it. If you don't know the secret letter, no one will believe Gu Huaqing's words in the end."

"As for the group of people in the secret letter, some of them distanced themselves from Gu Huaqing after his accident, and some of them followed Gu Huaqing's instructions and distanced themselves from him publicly.

But these are not important, the grandpa and the third grandpa have already found out the details of this group of people, Gu Huaqing's random accusations this time, it was the grandpa who produced evidence to exonerate those people. "

As for those people who just distanced themselves from Gu Huaqing on the surface, Mr. Gu didn't hesitate, and directly used this incident to clean up those people.

"Second Brother Gu, Gu Huaqing is completely over, right?"

"Well, it's over."

"Won't it affect you in the future?"

"It won't be affected anymore." Gu Shinian paused, and then continued, "I severed the father-son relationship with him more than ten years ago, and the statement was recognized by the organization."

Yun Chang blinked, then stood up suddenly, put her whole face on Gu Shinian's chin, and asked word by word, "Gu Shinian, when are we going to make a love report?"

Back then when he was in Hong Kong City, he coaxed her to get along with him, but it has been several years, and he has been delaying to give her a title.

If he dared to find a reason not to file a love report today, she would...she would scratch him to death!

Seeing Yun Shang approaching again to ask for her status, Gu Shinian's eyes unconsciously smiled, the corners of his mouth slightly raised, he lowered his head, and lightly pecked her tender lips:

"Okay, I'll write the report when I get back tonight and hand it in tomorrow morning."

Satisfied, Yun Chang raised her chin and nodded her face, and Gu Shinian kissed her face again in a very good manner.

"A Chang, Gu Huaqing's matter has been resolved, now it's time to read the letter."

It doesn't matter whether he reads the letters written by those girls to A-Shang, the key is the letter written by An Yunming to Yun Shang, he must read it carefully.

How could Yun Shang not know Gu Shinian's careful thoughts, picked up the stack of letters on the ground, found An Yunming's letter and threw it to Gu Shinian, while she nestled on the sofa, holding Lu Yunling and Xu Tian, and An Yunxi read the letter.

Chapter 662 routine

"A Chang, An Yunming will go to country Y to study in university in the second half of the year."

Yun Shang took a look at the letter that Gu Shinian handed over, and said with a smile, "Coincidentally, Lu Yunling is also going to study in Country Y, and she and An Yunming go to the same school. But Xu Tian and An Yun Xi will continue to stay in Hong Kong City to attend university."

An Guosheng's external identity is a businessman, and there are several factories under his name. He has no shortage of money, which can fully afford An Yunming's expenses for studying abroad. As the youngest daughter of the person in charge of the Lu Family Commercial Bank, Lu Yunling can naturally afford to go to a foreign university.

These two have been classmates for six years and went to the same university, so they can take care of each other outside.

Seeing that Yunshang put away all the letters, Gu Shinian asked about the last time Yunshang went to find Bai Qingzheng. After knowing that Bai Qingzheng had been tricked by someone, and he was still preparing for a blind date, he didn't know what to do for a while. Say what.

How did the Bai family urge Bai Qingzheng to marry him?

A good person is almost driven crazy.

"Wu Hongyu secretly tipped me off a few days ago, saying that my elder brother had met three people recently, but none of them matched. He was so angry that Mr. Qin's wife gave up on him, and wouldn't introduce him any more..."

Before Yun Chang finished speaking, the smile on Gu Shinian's face stopped, and he interrupted her and asked, "A Chang, who is Wu Hongyu?"

During the month he was away, how many hungry wolves surrounded his family's A-Shang?

And this Wu Hongyu, where did this come from?

Yunshang didn't hear the sourness in Gu Shinian's words, turned around, and told Gu Shinian about Wu Hongyu's background in a funny way, "Wu Hongyu is so funny, he is the brother of Wu Xiang in our dormitory, and he is also in the southern military area. My brother is doing well."

Gu Shinian nodded, his face remained unchanged, and he secretly decided in his heart that he must call Bai Qingzheng tomorrow and ask what is going on with Wu Hongyu.

Since you have a good relationship with Bai Qingzheng, then just stay in the southern military region and play with Bai Qingzheng. What do you want to do when you always secretly report to Yunshang?

Don't secretly hook up with his little girl under the guise of tipping off the news!

...

After Bai Qingzheng received Gu Shinian's call, his nose almost turned out of anger.

Wu Hongyu, a guy who eats inside and out, actually relayed his blind date to Xiao Qi from the beginning to the end. Why does this make him put on airs in front of Xiao Qi in the future?

Gu Shinian could feel Bai Qingzheng's unease through the phone line, laughed silently, and talked about himself and Yunshang, "I handed in the love report today, next time I have a chance to treat you to dinner."

Bai Qingzheng: "..."

Is it really okay to say this in front of old bachelors?

Besides, it was Xiao Qi from his family who was kidnapped by this kid!

Abducting his own sister, and forcing the old bachelor to stuff dog food on the phone, this is really a malicious call.

The stimulated Bai Qing was sour, and he couldn't beat Gu Shinian who was far away in Yicheng, so he had to take out Wu Hongyu who betrayed him.

So Wu Hongyu was tragic. That night, Bai Qingzheng called him to the training ground, and started beating him without saying a word. The two fought for more than half an hour. Finally, Wu Hongyu limped back to the dormitory with a pig's face on his face.

Before going to bed, Wu Hongyu knocked on Bai Qingzheng's door with a bottle of red medicine, threw the medicine on the table with a dark face, sat down with a chair and asked, "Tell me, what are you going crazy about today?"

Chapter 663 cut off the mind

Bai Qing was throwing the red potion back into Wu Hongyu's arms, frowning, staring at him for a moment, "How many times have you written to Xiao Qi in private?"

Bai Qingzheng knew exactly what kind of person Wu Hongyu was. With his seemingly rambunctious but actually extremely alienated temperament, if he hadn't started thinking about Yun Shang, how could he have the patience to play childish games of informants with Yun Shang.

If Gu Shinian hadn't called to remind him this time, he wouldn't have known that Wu Hongyu had stretched out his wolf's claws to his Xiaoqi behind his back.

Dog stuff, hidden deep enough!

"Yo, my sister confessed to you?" Wu Hongyu pulled one corner of his mouth and laughed mischievously, "Xiao Qi is really unkind, betraying his allies is quite easy."

Bai Qingzheng took a fixed look at Wu Hongyu, and didn't get rid of his careful thinking about Yun Shang under the nonsense. He took out a cigarette and threw it to Wu Hongyu. He also lit a cigarette and took a puff. Then he said slowly :

"It's not what Xiao Qi said, it's because Xiao Qi's partner read the letter and called me today to ask about the blind date."

My Xiaoqi already has a partner that the family approves of, so you just give up! Besides, Xiaoqi can show your whistleblower letters to her partner, what does this mean, don't you understand?

Wu Hongyu is a smart person, how can he not understand the meaning of Bai Qingzheng's words, he was stunned for a moment when he heard the words, even the naughty smile on his face was a bit forced, "...Old Bai, so to speak, Xiaoqi and her...she The object laughed at you together?"

Bai Qingzheng let out an annoyed "hum" and did not speak.

Wu Hongyu sat up straight, quietly finished smoking the cigarette in his hand, then rubbed his slightly stiff face, and continued to ask with the corners of his mouth, "How old is your little Qi, why do you have a date? Chief Bai Agree too?"

Realizing the friendship between him and Wu Hongyu for many years, Bai Qingzheng sighed secretly, sat up straight, and said sincerely, "Old Wu, my Xiao Qi grew up with Gu Shinian, and the time Xiao Qi spends with our family adds up. It might as well have been with Gu Shinian for a long time. Not only my dad knows about them, but even my grandfather, and the old chiefs in the courtyard in the capital know."

These words are tantamount to telling Wu Hongyu that the relationship between Yunshang and Gu Shinian has passed the Ming road in front of the two families. He even specifically pointed out that the group of old chiefs in the compound where the old man lived knew Gu Shinian, and they were also mentioning him vaguely. Gu Shinian's family background is not bad, at least Wu Hongyu is not as good as him in terms of family background. Gu Shinian's.

From Bai Qingzheng's point of view, Gu Huaiqing is Gu Huaiqing, and Gu Shinian is Gu Shinian. The two severed their father-son relationship more than ten years ago.

Even if Zhang Chunni is just an ordinary worker, even if Gu Shinian is from an ordinary worker's family, he is good enough and good enough to Yun Shang, and this alone is enough to make up for all his shortcomings.

In addition, the Gu family's family in the capital has been training Gu Shinian as a child of the family for these years, and strictly speaking, he can be regarded as a direct child of the Gu family.

In this way, Gu Shinian and Yun Shang can barely be called the right family.

That's why when Bai Qing was talking to Wu Hongyu, he could speak so confidently and eloquently.

Wu Hongyu's hands on the chair shook for a moment, he was silent for a while, and finally he put on a dry smile, "Old Bai, we have been friends for so many years... It's alright, I just don't tell your Xiao Qi about it in the future. "

Bai Qing was trying his best to help Gu Shinian drive away his rival, while Bai Yancheng looked at the tightly wrapped tea leaves that had just arrived on the table, and yelled at Gu Shinian.

"This bastard! Two boxes of rotten tea leaves just want me to promise my daughter to have sex with you, so get the hell out of me!"

After speaking, he called the guard outside the house to drive out, wrapped the postal bag on the table, and went downstairs to the courtyard.

Old man Bai was sitting on the sofa, hugging Qiuqiu and Fuqiu, who were becoming less and less fond of moving, and stroking the soft bellies of the two cats with a worried expression.

These two cats, one is twelve years old and the other is eleven years old, they can be regarded as senior cats.

Especially recently, Qiuqiu always lies on the sofa for a whole day,

If it wasn't for it moving occasionally, the old man would really be worried that it would fall asleep and just leave.

Bai Yancheng's hurried footsteps sounded in the courtyard, and then he pushed open the door and walked in angrily, threw the things in his arms on the sofa, and said through gritted teeth, "Father,

that dog named Gu just hit me On the phone, he said that he and Xiao Qi had made a love report! What a bitch! Just took two boxes of rotten tea to trick my Xiao Qi away..."

"Huh? Rotten tea leaves?"

The old man put down the ball, put on his presbyopic glasses and looked at the 'two boxes of rotten tea' on the sofa, and found that after Gu Shinian gave him a few boxes last time, his face looked a little better, "The two of you have been together for so long. Isn't making a love report a hooligan, why are you angry?"

After speaking, he opened the tea box, grabbed a handful of tea leaves and smelled them, and found that the quality of the tea leaves was not as good as that given to him by Gu Shinian. He felt happy and smiled unconsciously, "Well, this tea is not bad. At that time, my son had only been paid for a few years, so in order to please you, the father-in-law, you have spent all your money, right?"

Battalion Commander Bai: "..."

Who are you?

Who is your grandson, Xiaoqi or Gu Shinian?

Bai Yancheng sat down opposite the old man, and said with a dark face, "Father, do you agree? I have raised my daughter for so many years, and sold two boxes of tea to that dog?"

The old man was amused and annoyed by Bai Yancheng's words. Thinking of how he felt when he married two daughters, he understood Bai Yancheng's anger that he had nowhere to vent.

Looking at the youngest son's face stretched longer than a donkey's face, he teased him with a smile and said, "Two boxes of tea are not enough, so how about adding two more boxes of tea?"

Bai Yancheng was so choked up by the old man's words that he couldn't get up or down for a long time, and the small flame in his stomach became more and more intense, "Xiaoqi is my daughter! I can sell myself to kiss her!" Girlfriend!"

"Then what are you going to do? Let Xiaoqi be an old girl?"

"If there's anything wrong with being an old girl, just leave it at home, and I'll raise my daughter for the rest of my life!" Bai Yancheng said while grinding his back molars, and then continued, "And that brat from the Han family, I'll look at us Qingyue doesn't care too much, she might as well go elsewhere, I can afford to support the two daughters!"

The old man couldn't be bothered with Bai Yancheng who was insane, so he picked up Qiuqiu, who was sleeping soundly with his eyes closed, and said, "Talk this to your two daughters, and see if your two daughters are willing to be old girls at home."

Bai Yancheng's face turned even darker.

This father is really cheating his son!

If he really dared to say these words in front of the two daughters, would he still be guilty of complaining about Gu Shinian and Han Chen in front of the old man?

If she really said it, let alone whether Qing Yue would get angry with him, Xiao Qi alone could scratch him.

Chapter 664 Ye Li's accident

Yun Chang didn't know that after she made the love report, Bai Yancheng made a fuss at home, raised her wrist to check the time, and found that it was almost time to turn off the lights, so she put away the violin, locked the door of the practice room and went downstairs go.

Just after turning around the corridor, there was a rush of footsteps from above, and then a gay man hurried down from upstairs holding an accordion. When he saw Yunshang, his eyes flickered, and an uncomfortable smile appeared on his face, "Comrade Bai Yunshang, have you just finished practicing the piano?"

Yun Chang turned around and saw that the person who was asking questions was a gay man who was not very familiar with the band, and seeing that the lights were still on upstairs, she asked very politely, "Comrade, did you forget to turn off the lights before going downstairs?"

The man grinned foolishly, "I haven't forgotten that there are still people practicing kung fu upstairs."

Yun Chang was not familiar with the other party, so she was in a hurry to go back to wash up. Hearing this, she nodded politely and alienated, then turned and continued to walk downstairs.

"Comrade Bai Yunshang, wait a minute." The man continued to speak, seeing Yunshang turned his head, smiled, and continued, "I heard that you are also a party member now, and you need to learn more in terms of thinking in the future, and pay attention The two recruits in your dormitory, try to help them join the regiment as soon as possible."

Yun Shang frowned, turned her head, and said in a low tone, "Comrade, Wu Xiang and Ye Li have been in the regiment for more than half a year. They are not considered recruits now, and they have performed very well since they came to the regiment. I have been strictly demanding myself and actively preparing for joining the party. I don't know what aspect of their problems you want me to pay attention to?"

The man was choked, his eyes wandered for a moment, and his tone was uncertain, "I don't need you to pay more attention, that is, just show your party member's appearance, set a good example, and help comrades Ye Li and Wu Xiang join the party early Organize this big family."

Yun Shang: "..."

Is this man a fool?

Pulling her and talking for a long time, just these two fake slogans?

Also, where did this thing come from?

Could it be that he is also a party member?

But even if he was a party member, why would he stop her in the middle of the night and lecture her inexplicably?

Yun Shang returned to the dormitory full of questions, and saw that Wu Xiang was alone, opened the cabinet to find a change of clothes, and asked, "Xiang Xiang, where is Ye Li?"

Wu Xiang put down the mirror in his hand, frowned and said, "She said after dinner that she was going to practice. Didn't you see anyone in the practice room?"

"No....."

Yun Shang paused for a moment with the hand holding the clothes, and suddenly realized that something was wrong.

I didn't feel it when I was talking to the gay man just now, but now I think back to the words that the gay man called her to stop her rambling, no matter how you look at it, it seems to be delaying time.

In addition, Ye Li, who has always been able to get by in business, who never wanted to suffer, suddenly practiced until midnight...

How weird this looks.

Wu Xiang raised his wrist to check the time, and found that the lights would be turned off in half an hour. He felt a little flustered, "Yunshang, is there anyone in the practice room when you come back? Shall we go and find Ye Li?" After all, Ye Li Never worked so hard.

Yun Chang also felt a little strange, nodded, and when she was about to put down her pajamas, Ye Li suddenly opened the door and came in, with her head down, without even looking at the two of them, she pulled the quilt away and fell asleep.

Now the two of them felt that something was wrong. They glanced at each other, covering up the suspicion in their eyes, and each got busy with their own affairs.

The two also wanted to ask Ye Li what happened and express their love for their comrades in arms, but thinking of Ye Li's hot temper like Chaotian, they stopped thinking about it.

After Yunshang finished washing and turned off the light and lay on the bed, a low sobbing sound suddenly came from the darkness.

Yun Chang's complexion changed, she turned over and sat up quickly, and turned on the flashlight to shine on Ye Li's bed.

Under the yellowish light of the flashlight, Ye Li put one arm on his forehead, his face was pale, his eyes were almost swollen like peaches.

Wu Xiang on the side also turned over and sat up, seeing Ye Li's red and swollen eyes, he was also startled, "Ye Li, what happened?"

The corners of Ye Li's mouth twitched downwards,

Finally, he couldn't help but covered his face with his hands and cried softly.

Wu Xiang was still asking, Yun Chang saw a circle of blue color on Ye Li's wrist with sharp eyes, and her complexion changed suddenly, she threw the flashlight to Wu Xiang, before Ye Li could react, she went to push Ye Li's arm away with one hand, Pulling off Ye Li's collar, under the light of the flashlight, several bluish-purple marks on Ye Li's collarbone were extremely dazzling.

After realizing what Yun Shang was doing, Ye Li cried and struggled while pushing Yun Shang desperately, the sharp nails on his hand scratched Yun Shang's arm several times, leaving red marks.

Wu Xiang's face turned pale when he saw this.

She is not a big girl who knows nothing, so she naturally understands what the marks on Ye Li's wrist and neck mean.

Seeing Wu Xiang sitting on the bed in a daze, Yun Shang said with a livid face, "Wu Xiang, come and help!"

"Oh, oh, here we come." Wu Xiang responded, while rolling and crawling out of bed, went to help Yun Shang suppress Ye Li.

"Who did it?" Yun Shang endured the urge to kill in her heart, staring at Ye Li's red and swollen eyes, "Ye Li, who did it?"

Ye Li is really unpleasant, squeamish, vain, and has a bad mouth, but these are just harmless little problems on girls.

Besides, even though Ye Li has all kinds of problems, she has never played tricks on anyone in the regiment, and she has never played tricks on anyone in secret. Even if Yun Shang and Wu Xiang don't like Ye Li anymore, and will not watch her suffer this kind of crime.

For a girl, this is a life-ruining event.

What's more, this kind of thing actually happened...in the safest place that everyone in the world thinks.

Seeing that Ye Li was still crying, Wu Xiang wiped the tears from the corners of his eyes, helped her put the clothes on her chest, and said, "Ye Li, don't cry, you want to make everyone in the surrounding dormitory cry. Come here and let everyone know something happened to you?"

Ye Li cried for a while, and his sobs immediately subsided.

Yun Chang took a deep breath and asked again, "Ye Li, who did it?"

Ye Li turned over and sat up trembling, buttoned his collar with trembling hands, sobbing authentically, "I, I, I'm fine..."

Seeing Yun Shang and Wu Xiang staring at her with rounded eyes, Ye Li's voice trembled unconsciously, and then said, "I scratched him... Downstairs, you, you didn't play the piano anymore, that person was worried that I would spoil him." You shouted up, just, ran away."

This is... Didn't succeed?

Both of them breathed a sigh of relief.

"So, when Yunshang was practicing piano downstairs, you were upstairs?"

Ye Li nodded, tears streaming down his face again, "...that person is not from our regiment, and I don't know him either."

Chapter 665 Suspects

Not a gay man in the troupe, who happened to appear in the art troupe before the lights were turned off, and coincidentally met Ye Li, who stayed up all night practicing kung fu for a rare time. So

many coincidences put together, no matter how you look at it, it looks like a long-planned crime , rather than improvisation.

Yunshang pulled up a chair and sat down beside Ye Li's bed, and asked with a sullen face, "Ye Li, think about it, have you seen that beast anywhere, and have you had a fight with anyone recently?" ?”

Since it is possible that the other party has been following Ye Li for a long time, there must be a reason for following Ye Li, whether it is for sex or revenge, there must be traces to follow.

Ye Li curled up in Wu Xiang's arms, shaking his head desperately, "No, not at all..."

Wu Xiang patted Ye Li's back, and frowned slightly, "Yunshang, could it be that person has already set his sights on Ye Li, and today he knew Ye Li was going to the practice room, so he followed him?"

Yun Shang didn't speak, thinking of the gay men she met in the corridor before, the twinkling eyes, unnatural expressions, and deliberate and clumsy awkward chats, she had a vague guess in her heart.

"Ye Li, you went to the practice room tonight, did you just want to go, or did someone call you over?"

Ye Li thought about it for a while, then he spoke in a hesitant voice, "...Yes, it was Wang Zhenhua. Comrade called me to the practice room. He said that he wanted to talk to me about my thoughts, about my studies, and how to do well in the regiment. He also said that he would say good things to me from the political commissar, otherwise, I would not be able to join the party or stay in the army on my own.”

"So you went?"

Yun Chang was speechless for a long while, not knowing what to say.

It's been almost a year since he joined the army, yet he still believes such lies!

Whether a literary and art soldier can stay in the army in the end depends on his personal professional ability. How many people with poor professional ability will stay in the army because they joined the party?

What's more, a gay man invites a lesbian to go to an unoccupied practice room at night to talk about thoughts and studies, and uses the fact of joining the party as a bait. Ye Li couldn't see through such a simple trap, and foolishly sent it to his door.

Being so stupid, she would be sorry for her watery mind if nothing happened.

Thinking of the gay man I met in the corridor before, Yun Shang suppressed the anger in her heart again, and asked, "Is Wang Zhenhua the accordion player in the band? The one who is not tall, has single eyelids, a big mouth, and a dark face?"

"It's him." Ye Li nodded, lowered his head and said, "I, I thought he wanted to date me, so I went, wanted, wanted to reject him..."

Yun Chang was speechless for a while, and the expression on his face was hard to describe.

She felt that she really underestimated Ye Li.

Ye Li didn't happen because of a stupidity, she clearly had an accident because she was too vain, stupid and vain!

Compared to Ye Li's claim that the reason she went to the practice room was to reject Wang Zhenhua, Yunshang believed that Ye Li's vanity was inflated, and she felt that she was invincible in charm. , and then stepped into the opponent's trap undefended.

Thinking about this, Yun Shang was really angry and ridiculous, and for a while, she didn't know whether she should sympathize with Ye Li, or be angry with her for being too careless.

Wu Xiang on the side was also speechless for a long time, covering his face, as if he didn't know what to say.

Ye Li was so frightened that such a big incident happened at night, and he still didn't forget to lie.

This psychological quality is simply invincible.

"Then what happened afterwards?" Yunshang sighed, and then asked, "When you had an accident. Where was Wang Zhenhua?"

Ye Li shook his head, and whimpered again, "He left, he left at nine o'clock. I heard you were practicing the piano downstairs, and I also practiced for a while, and then, just, someone came... "

Asking this step, what is going on is basically clear.

Ye Li thought that Wang Zhenhua liked her and wanted to date her, so he went to the appointment proudly and reservedly at night, wanting to give himself a spare tire.

But how did she know that it was fake that Wang Zhenhua was interested in her,

It's true that I have feelings for her. Under the pretext of helping Ye Li improve and joining the party, he coaxed her into the practice room and gave her to someone from another unit.

In fact, when Ye Li was insulted in the practice room, Wang Zhenhua stood outside with his accordion on his back to watch out for the beast.

Hearing the sound of the violin downstairs stopped, the other party was worried that she heard Ye Li's cry for help, so he quickly ran downstairs while she was packing up the practice room and locking the door.

And Wang Zhenhua, the watchdog of the person in charge, stopped her chattering in the corridor to delay the other party's running, lest she see the other party's figure when she went out.

Even if Ye Li ran downstairs and saw Wang Zhenhua, he wasn't worried, he could use the excuse that he didn't trust Ye Li to stay in the practice room alone, so he turned back to dispel Ye Li's suspicion.

Of course, Wang Zhenhua was not worried that Ye Li would reveal the matter to her and Wu Xiang.

For a teenage girl who already understands the ways of the world, but is not tough enough, when such a thing happens, she can only, and can only choose to hide it.

Because she clearly knew that once this matter got out, what awaited her would be all kinds of rumors, suspicions, pointing fingers from people around her, and a stigma that could not be washed clean for a lifetime. unbearable.

What's more, Ye Li really wants to join the party and stay in the army. Once the news gets out, how will she stand up in front of others?

With Ye Li's sensitive and vain nature, she couldn't bear all this at all.

Wang Zhenhua saw through this point, so he stopped her brazenly, deliberately delaying the time to let the real culprit go.

Seeing that Yunshang and Wu Xiang were silent, Ye Li wiped his tears with his fingers, half begging and half threatening, "I beat him away, I'm fine. I'm fine today. You guys, don't talk nonsense when you go out. Otherwise, otherwise, I, I will not let you two go."

Yun Shang: "... " It's okay, it's not scary, and it's mentally threatening.

Wu Xiang also looked angry and funny, put his arms around Ye Li's hand and patted her on the shoulder, and said, "Don't worry, Yun Shang and I know about this, we will definitely not tell it."

Yun Shang also nodded, and comforted Ye Li, "Well, just don't worry, this matter will never get out from us." As for whether it will get out from Wang Zhenhua and the real murderer, no one can say for sure up.

Worrying that the idiot Ye Li would impulsively run to Wang Zhenhua to settle accounts, Yunshang didn't dare to tell her her speculation about the whole matter, but just reminded her very solemnly, "The other party didn't succeed this time, maybe he will I will come to find you. Be careful these few days, no matter who calls you, don't go out alone."

Chapter 666 The reason for the attack

After lunch the next day, Wu Xiang deliberately pulled Yunshang to avoid Ye Lidao, Yunshang, do you know anything about Ye Li? "

Yun Chang didn't hide from her, nodded, lowered her voice and said her guess again.

Wu Xiang was stunned when he heard this, and it took him a long time to react, with a pale face and a look of fear, "...they have targeted Ye Li a long time ago, why?"

"What else could be the reason? How many of those who can become art soldiers are ugly?" Yun Shang sneered coldly, and continued, "If Wang Zhenhua coaxed you with nonsense to coax Ye Li, would you believe it or not? "

Wu Xiang's face darkened for a moment, and he shook his head incomprehensibly, "Of course I won't believe it, and then I can coax a three-year-old child..."

"But Ye Li believed it."

Yun Shang interrupted Wu Xiang's words, with a hint of hatred in his tone.

"That's why the opponent targeted Ye Li."

Good-looking, full of vanity, and stupid, if you don't bully her, who will you bully?

Anyway, this kind of ignorant little girl will be scared if she just scares her casually, or just dismisses her with some favors, so she doesn't have to worry about things being revealed.

Of course, the main reason is that Ye Li is just a fresh persimmon, who else will he pinch if he doesn't pinch her?

Others in the regiment have been in the army for at least two or three years, and some of them are veterans of seven or eight years. Everyone has a thorough understanding of some rules and regulations and hidden rules of the army. Who would be so easily deceived?

Even if someone has been deceived before, it has been a long time and there is no freshness from newcomers.

Among the three newcomers, Wu Xiang is a native of Yicheng, and his father is the deputy head of Yicheng District. Even if the other party doesn't know Wu Xiang's family background, he can tell

from her daily actions that Wu Xiang has a good family background, and Very much valued by the family.

In addition, Wu Xiang has enough brains, and his temperament can be regarded as soft but hard. Even if the other party wants to touch Wu Xiang, he has to weigh whether Wu Xiang will go all out to fight him.

As for Yunshang herself, her family background has not been a secret since she participated in the Quanquan Military Art Show. Even if she borrowed the other party's ten courage, she would not dare to hit Yunshang's head.

What's more, there is a family member of Gu Shinian who runs to the military division every three days, and the other party does not dare to touch the Tiger Company at will.

But Ye Li is different.

She is not less proud of her status as a member of the Shanghai Stock Exchange, and she always mentions which relatives are officials in her family, but anyone with eyes can see that her vision is not high, and her behavior is too petty , at first glance, it is not a child raised by a truly high-quality family.

Coupled with her blunt temper, her daily speech is always exaggerated. As time goes by, few people really believe her statement that there are relatives who are high-ranking officials.

With such a comparison, it was expected that the opponent chose to attack Ye Li.

After listening to Yun Shang's analysis, Wu Xiang's face became gloomy again, "What should we do now? Now that Ye Li has swallowed this dumb loss, those two people believe that she dare not speak up, and they will definitely plan to attack her in the future."

Stupid and cowardly, is there anyone better to bully than this?

Yunshang already had an idea in her heart, but she didn't show it on her face. She sighed and said, "No way, Ye Li won't admit it. It's useless for us to report this to the leader. Maybe Wang Zhenhua will beat you up. Come here and say that we falsely accused our comrades in arms... Forget it, we should pay more attention to Ye Li in the future, and don't let her be left alone."

With Ye Li's selfish and vain temperament, he is completely capable of doing such a thing.

Chapter 667 Interrogation

Wang Zhenhua entered the water room with a kettle in his hand. Before he could react, a hemp bag came off his hood, and then he disappeared into the water room, leaving only a green-shelled water bottle rolling around on the ground.

A few minutes later, Yunshang came out of the space, threw the kettle on the ground into the space, took advantage of the space and moved to the back of the building, pretending to be passing by, and walked into the dormitory.

In the space, Wang Zhenhua hurriedly felt like being caught by a ghost, conscious, but unable to move his body, unable to open his mouth even shouting for help.

What's more frightening is that there seems to be a clock next to his ear. He can clearly hear the "tick-tick" sound of the second hand moving, and he can also clearly hear the sound of the clock telling the time every hour.

Other than that, there was no sound around me.

Wang Zhenhua didn't know where he was now, nor did he know what his situation was, let alone who tied him up, but he had a premonition that he was no longer in the army water room.

Yun Shang locked Wang Zhenhua into the space and stopped paying attention. After returning to the dormitory, he took a shower, chatted with Wu Xiang and Ye Li, and then put down the mosquito net and went to bed to rest.

There is a time difference between the space and the outside world. Yunshang slept outside for more than two hours, but Wang Zhenhua in the space listened to the clock telling the time ten times. This also means that in Wang Zhenhua's cognition, he has been kidnapped ten times. It's been an hour.

The situation was just as Yunshang expected. Listening to the clock telling the time again and again, from seven in the evening to five in the morning, Wang Zhenhua almost collapsed.

It's five o'clock in the morning, and the group will gather for morning exercises in an hour. He didn't go back last night and missed exercises for no reason in the morning. Can everyone notice that he was tied up? Can you save him?

If the people in the regiment didn't realize that he was kidnapped, would they think he was a deserter and drive him out of the team?

The more Wang Zhenhua thought about it, the more frightened he became, and the more frightened he became, the more he began to think wildly. It didn't take long before he was so scared by his own associations that his face turned pale, and his whole heart seemed to be frying in a frying pan.

Who the hell tied him up? What exactly does the other party want to do? If you want to kill or cut, can you give me an accurate statement, what's the matter if you leave people here and ignore them...

Seeing that it was almost six o'clock, Wang Zhenhua anxiously shouted in his heart and struggled with all kinds of useless body. Just when his last trace of patience was exhausted and his heart was almost desperate, he couldn't hear the sound of men and women together. , a very metallic mechanical sound sounded:

"How many lesbians from the art troupe have you cheated in the past few years?"

As soon as the other party asked a question, Wang Zhenhua felt that his head could move and his mouth could speak. Just as he was about to speak, he heard the voice continue, "Answer after you have thought about it. If you dare to tell a lie, you will starve to death here."

Frightened by this unnatural voice, Wang Zhenhua swallowed the words pretending to be confused, and asked with a trembling voice, "Who are you and what do you want..."

Seeing Wang Zhenhua's dishonest answer to the question, Yun Chang picked up the baseball bat and gave it to him without saying a word. Hearing his yelling in pain, she continued to ask, "Before Ye Li, how many lesbians have you lied to?" , Who was the person who bullied Ye Li that day? When did the two of you conspire together to harm lesbians?"

Wang Zhenhua took a solid blow, and then listened to the sound of the time telling at six o'clock in the morning, his psychological defense suddenly collapsed, and he almost cursed at the top of his throat.

Anyway, he couldn't hide from the regiment leader about his early morning exercise, and the punishment was decided, so why should he listen to the threat of this unknown thing?

Besides, the other party beat him so hard that he didn't intend to hold back at all. He was planning to beat him to death. Since he couldn't survive, why did he answer the other party's question?

How could Yunshang not know Wang Zhenhua's thoughts, put the stick aside, and said in a mocking tone,

"Two people commit a crime, and you handle it alone, and you still take care of it for the principal criminal. Should I praise you for being a comrade in arms, or should I call you stupid?"

Wang Zhenhua was awakened by Yun Shang's words.

Isn't that right, he is just a little Luo who helps people spread the word, why should he quietly take care of the principal criminal?

Besides, even if he takes care of things for someone else, he has to let the other party know and accept his favor. Just carry it for others, who can remember him well?

How much do you expect that bullying official young master to take care of his family for the sake of his dedication to work? Don't be ridiculous!

Wanting to understand this, Wang Zhenhua stopped swearing, fell silent for a while, and opened his mouth to negotiate terms with Yun Shang, "If I'm honest, can you let me go?"

Yun Shang raised her eyebrows, and said in a brisk tone, "I'm not a prison here, of course I can let you go." As for when to let you go and where to put you, that's up to me.

"It was Guan Jincheng who bullied Ye Li that day. Before Ye Li, I, I helped him cheat two lesbians in the regiment... I didn't bully the lesbians, it was all done by Guan Jincheng alone! I was, I just helped him trick people out, I didn't do anything! Really, I really didn't do anything..."

Yunshang searched for the name Guan Jincheng in her mind. After thinking about it for a long time, she only thought that there was a division commander in the military division with the surname Guan. Apart from that, she had never heard of anyone else with the surname Guan.

I wanted to continue to ask Wang Zhenhua about Guan Jincheng's information, but thinking that too many questions would easily reveal her identity, Yun Shang pretended to have heard of Guan Jincheng and continued to ask, "Say it, you have been helping to manage it all these years." What bad things did Jin Cheng do, and who else helped Jin Cheng do such things?"

After realizing that he was making atonement, Wang Zhenhua was very honest, he would answer whatever Yun Shang asked, and he would even take the initiative to explain some questions that Yun Shang didn't ask.

"...I didn't intend to deceive the lesbians in the group, but Jin Cheng threatened me. In the past few years, I have helped him deceive three lesbians in the group...Ye Li is the third. Apart from these, I never did anything else.

Really, Guan Jincheng is not a member of our regiment, I usually try to avoid him as much as possible, but this time it was Guan Jincheng who urged me too hard, I really couldn't avoid him so I went to find Ye Li..."

Wang Zhenhua talked hoarsely about his own last resort, and when Guan Jincheng threatened him, he scolded Guan Jincheng, "That's a beast! Not only the lesbians in our art troupe, but even the health team All the lesbians are not spared. Last time, he bragged to me that he found two lovers in the health team, and those two lovers didn't know each other that they were with him."

Chapter 668 Scandal

After Wang Zhenhua couldn't ask any more clues, Yunshang decisively withdrew her mental power and was going to find Yao Ke next door to find out about Guan Jincheng.

Before it was time to turn off the lights, Yao Ke came back from the bathhouse with a washbasin in his hand, and before he entered the dormitory, he was dragged by Yun Shang to the flower bed in the yard to talk.

"Hey, don't pull, don't pull! What's wrong, you have to let me put the washbasin in the dormitory, right?"

Yun Shang took the washbasin from Yao Ke, placed it on the flower bed, and asked in a low voice, "Yao Ke, do you know Guan Jincheng?"

"Guan Jincheng?" Yao Ke's complexion changed, the smile on his face quickly disappeared, he grabbed Yunshang to look up and down a few times, and asked, "Guan Jincheng came to see you?"

After finishing speaking, without waiting for Yunshang to reply, he frowned again and said, "It shouldn't be, didn't you and Company Commander Gu report their relationship with the organization? Guan Jincheng should have no guts to provoke you two. Let's talk about your family background ...Uh, everyone has heard of the old General Bai, how dare a coward like Guan Jincheng provoke you?"

Yun Shang heard some tricks from Yao Ke's voice, thought for a while, and asked again, "Yao Ke, where did this Guan Jincheng come from? According to you, this person is not a good person."

"Well, he's not a nice person anyway."

Yao Ke had a very bad impression of Guan Jincheng, and his face was very gloomy when he spoke, "I have met Guan Jincheng many times before, he is not very serious, he has a bad mouth, and he always likes to chat with young girls in the health team and art troupe.

You have been here for more than half a year, the troupe was busy with performances on New Year's Day, and then New Year's performances. In March, they went to the capital to participate in art performances. After returning, they went out for vacation. They were so busy that they never met Guan Jincheng in the troupe... ..."

"What's the relationship between Guan Jincheng and Master Guan?" Yunshang asked Yao Ke interrupted.

After learning about the nasty things Guan Jincheng did from Wang Zhenhua's mouth, Yunshang only wanted to know where Guan Jincheng came from and where he could be found, and was only interested in cleaning him up, not getting to know him.

Yao Ke only thought that Guan Jincheng didn't have long eyes to offend Yunshang, so he didn't hide her. He looked around and said in a low voice, "Yes, Guan Jincheng told people outside that Mr. Guan is his second uncle, but I The last time I heard from the military wife of the family courtyard, Master Guan is not Guan Jincheng's second uncle, but his cousin in the next room, and the relationship between the two families is not that close."

Probably because Yun Shang didn't know enough about the relationship between Guan Jincheng and Mr. Guan, Yao Ke compared Mr. Kong with a group of relatives like Kong Changzheng.

"Look, Deputy Company Commander Kong is also Master Kong's nephew, but Deputy Company Commander Kong has to come back from Tiger Company's station to visit Master Kong once a week. This is the real close relationship.

Guan Jincheng always talked about how good Mr. Guan treated him, but he never called him to go home for dinner on weekdays. Guan Jincheng couldn't go to Mr. Guan's house once in half a year, so the relationship was obviously far away.

Yunshang, if Guan Jincheng's eyesight offends you, you can tell the political commissar that the political commissar will not let you be wronged. Don't worry, Mr. Guan won't protect Guan Jincheng, and don't let Company Commander Gu deal with him for you. We don't deserve discipline for this guy. "

Yun Shang smiled and nodded, thanked Yao Ke, and asked a few words about Guan Jincheng's unit and the location of his dormitory before letting Yao Ke go back to the dormitory.

.....

Guan Jincheng stood downstairs in the art troupe's practice room, raised his wrist to check the time, saw that it was almost time to turn off the lights, but still did not see Wang Zhenhua, kicked the flower bed downstairs irritably, cursed a curse word, turned and quickly turned towards Go to the dormitory.

Yunshang hid in the space, watching the many male soldiers rushing to the dormitory, feeling so worried that her intestines were knotted.

With so many people, which one is Guan Jincheng?

If she left it for later generations, she could still find photos of Guan Jincheng from her circle of friends, but even taking pictures is a luxury in this era. How could she recognize Guan Jincheng at once based on Yao Ke's description?

With a long face, small eyes, and a crew cut, just these three general appearance descriptions, how does she recognize people?

Yunshang specifically looked for male soldiers with long faces and small eyes in the crowd,

Just when she saw that everyone looked like Guan Jincheng, someone outside shouted "Platoon Leader Guan", followed by a man who just came in from the outside with an irritable face.

Big long face, small eyes, flat head, all three features!

Yun Chang fixed her eyes on the person who came.

"Is the platoon leader going to the training ground to practice again?" The man lifted the hot water bottle in his hand, and said with a smile, "I just went to fetch water, and I also fetched a pot of water for you by the way."

Guan Jincheng thanked the other party, took the kettle, bowed his head and entered the dormitory.

After confirming the target, Yunshang didn't do it immediately, but hurried back to the dormitory before the lights were turned off, chatted with Wu Xiang casually, put down the mosquito net and lay down.

After staying for a few hours, after confirming that Wu Xiang and Ye Li were fast asleep, Yun Shang used the cover of the space to sneak over and take Guan Jincheng into the space. After confirming his identity, he was locked up with Wang Zhenhua ...

At five o'clock in the morning, Yun Shang sneaked out again, and when she came back, she pretended nothing happened, woke up Wu Xiang and Ye Li, and went out to wash up with the washbasin.

After running the morning exercises, Head Yang and the political commissar found out that Wang Zhenhua did not return home at night and missed morning exercises for no reason. When they were about to send someone to look for Wang Zhenhua, two elder sisters from the political and engineering department hurried into the art troupe and whispered in the political commissar's ear a few words.

Yun Shang has been paying attention to the face of the political commissar, seeing that the expression in his eyes has changed from puzzlement to astonishment, then to anger, and finally mixed with a trace of disgust, Yun Shang knows that the matter is over.

Just when everyone in the art troupe was wondering why the political commissar hurriedly left with the comrades from the political engineering department, and his face was still so ugly, a big scandal that exploded everyone's three views spread throughout the military region.

Wang Zhenhua and Guan Jincheng... fell asleep! ! !

And all the comrades who went to the training ground to do morning exercises saw it straight!

It is said that when the two were arrested, they were still naked and hugging each other, and their clothes were still neatly spread on the floor.

It is said that the leader was furious and demanded that the two men be dealt with immediately.

It is said that the leaders of the two were criticized, and even the teacher Guan was implicated, and they were scolded by the leaders...

After the incident was over, Wang Zhenhua and Guan Jincheng disappeared in the Yicheng military division at the speed of light, but the gossip about the two was repeatedly mentioned in private as a joke by everyone.

Through word of mouth, the truth of the matter has been out of the sky, but everyone still enjoys listening to the various "love-hate love-hate stories" of the two, broadening their horizons.

Chapter 669 routine

In the evening, before the orange sun had completely set, the rattling broken car of the Tiger Company drove into the military division in twilight like a tiger descending the mountain.

This was the first date between the two after they made a love report and made their relationship public. Even though Yunshang was so nervous, she couldn't help showing enthusiasm in the face of everyone's kind teasing.

Of course, Yun Shang, who loves face, will never admit that she is shy. She attributes the hot weather to the hot weather.

Yes, the weather is indeed too hot.

Yicheng is originally located in the south, and early July is the hottest time of the year.

In addition, today is full of sun and no wind, the whole city is like a big steamer, hot and stuffy, people will be overheated.

Yun Chang came out of the group, wearing a beautiful and fresh light green long dress, and a pair of half-heeled sandals on her feet. After a short distance, she walked out of the catwalk posture.

Seeing Gu Shinian, she trotted a few steps, stood by the car and turned around, and asked with a smile, "Second Brother Gu, the dress that Aunt Mei bought for me is what I'm wearing today! Doesn't it look good?"

"Well, Ah Chang looks good in anything." Gu Shinian opened the car door for Yun Shang, while praising her carelessly.

Satisfied, Yunshang happily climbed into the passenger seat, urging Gu Shinian to drive quickly, "Hurry up, it's too hot down here, it's better to keep your place cool."

No wonder people in later generations like to go to the mountains to escape the heat. Compared with the urban areas, the mountains are indeed much cooler.

Gu Shinian started the car, exited the gate of the military division and quickly drove up the mountain. On the way, he didn't forget to ask about the recent major events in the military division.

"A Chang, how did those two people offend you?"

"Who offended me?"

Yun Shang knew that Gu Shinian was asking about Wang Zhenhua's management of Jincheng, so she quickly turned around pretending to be surprised, and asked Gu Shinian back with her eyes wide open.

She didn't reveal a single word about this matter from the beginning to the end, so why did Second Brother Gu think that it was her who did something good?

unacceptable! In his mind, is she the one who slaps people cruelly for no reason? When something like this happened, how did he know that she must be behind the scenes?

Yun Shang made no secret of her anger. She acted with as much emotion as she wanted, with as much aggrieved expression on her face as she could. Seeing Gu Shinian's heart softened, she almost couldn't bear to press her up.

It's just that the modus operandi of this matter is too familiar, except for Yunshang, he really can't imagine anyone else who can do such a thing.

Of course, with the common and simple thinking of people nowadays, even if everyone wants to break their heads, they can't think of such a bad move.

Who else can come up with such crooked ideas and have the ability to do it, except Yunshang, a big bug in walking?

Yun Chang didn't admit it, and Gu Shinian would not just press the question directly, but changed the subject temporarily, planning to return to the dormitory later and then slowly talk.

Yun Chang usually went to the Tiger Company's residence to play, but now she entered the residence, greeted everyone in a very natural way, and walked to Gu Shinian's dormitory in a familiar way.

Kong Changzheng was about to go down the mountain, and when he saw Yunshang coming up, he ran over purposely, curious to inquire about the gossip between Wang Zhenhua and Guan Jincheng. After all, Wang Zhenhua is a member of the art troupe, and Kong Changzheng felt that Yunshang should know some inside information.

"Children! I heard that a man in your art troupe made Guan Jincheng sleep. Is it true?"

Yun Chang curled her lips and nodded. Kong Changzheng shared the first-hand information very generously, "It's true. Both of them were taken away by the local Revolutionary Committee. I heard that they will be sentenced for many years."

"My brother! What's the matter with Guan Jincheng? When did he become abnormal?" Kong Changzheng rubbed the goose bumps on his arm, and said with a look of fear, "No wonder the superiors kept hugging me when they saw me. I want to treat me to a drink... This grandson! Could it be that he wants to play Lao Tzu's idea?"

Yunshang: "... Big brother, the brain is a disease, it needs to be cured!

Even if Guan Jincheng is really perverted, if he is looking for it, he will be looking for a badass like Wang Zhenhua.

For a stubble-faced rough guy like you, Guan Jincheng must have multiple tastes before he wants to attack you?

Gu Shinian was also disgusted by Kong Changzheng's shameless words, and the corner of his mouth twitched unconsciously. While pushing Yunshang to the dormitory, he kicked Kong Changzheng away angrily.

A Chang is a girl after all, is it really appropriate for you, a rough old man, to get close to a girl and inquire about such dirty things?

What should I do if I take A-Shang with me when I turn around?

Kong Changzheng was in a hurry to go down the mountain, and without entanglement with Gu Shinian, he waved his hand with a smile, jumped on the broken jeep at a trot, and galloped down the mountain.

In the dormitory, Yun Shang closed the door and dragged Gu Shinian directly into the space. First, I picked a basket of plump prawns from the small pond dug out a few years ago, and then picked up a few big crabs, and threw them directly into the pot to steam them.

"Second Brother Gu, the small fish pond is about to explode again. You have to go out and find a way out when you are free. The seafood in it must be sold quickly."

"Okay, I'll ask Lao Kong later." Gu Shinian picked all the crab roe into the crab shell and handed it to Yunshang, "It will be good if it catches up with the Chinese New Year. Jiang Xian is not easy to sell at this time of year." ."

The two happily ate a 'seafood feast', watched Yun Shang relax, and Gu Shinian talked about Wang Zhenhua and Guan Jincheng again.

"Ah Chang, no one noticed you when you did it, right? This is the army, not our own family. If those two people really committed a crime, you can hand it over to the organization. There is no need to do it yourself."

Yun Chang's eyes widened, she swallowed the tea in her mouth, and said angrily, "Those two things that are not as good as animals, let them harm each other, don't report to the organization and implicate the victims."

If the three girls in the regiment were really willing to report this matter to the organization, they would have complained to the political commissar long after the two of them started their actions, so why would they wait for her to deal with this matter.

It was precisely because she understood the thoughts of those three people that she chose to use this method to drive Wang Zhenhua and Guan Jincheng out of the army and let them be punished.

As soon as he asked the news he wanted to know, Gu Shinian looked at Yun Shang with a funny look, and said again, "A Chang, remember to tell me next time you encounter this matter, and I will handle it." Don't be dirty up your hand.

Yun Shang gave Gu Shinian an angry look, and said, "What do you want to do? It's nothing more than taking people out and beating them up, and then finding someone to make a game of getting rid of them. Anyway, we both have the same purpose. It's not the same whoever does it?"

Besides, she is a person with space, and she is more concealed and safer than Gu Shinian.

Chapter 670: Phone

After all, Gu Shinian didn't talk too much about this matter. After all, Yun Shang is not a child, nor is he a person who acts without measure. Now he just needs to remind her to be careful, and there is really no need to interfere with her own private affairs too much.

Yunshang is currently busy salvaging Jiang Xian, and the fresh and plump fish, shrimp and crabs are all put in the aquatic product area of the supermarket, ready to take time out to make another fortune.

Gu Shinian was quite reliable, and quickly found a way out for this batch of aquatic products. Before August, he took Yunshang to the next-door area, pretending to be a fisherman, and sold several thousand catties of aquatic products in the space go out.

After two days, Yunshang's pockets bulged a little more, and with the scattered things that have been thrown out over the years, Yunshang actually saved nearly 70,000 yuan of private money.

Although there is money and no land to spend these days, every time Yun Chang sees a box full of colorful bills, Yun Chang feels energetic and very excited.

Compared with Bai Yancheng, who only had five pocket money a month, she was a local tyrant with a treasure mountain in the legend, and she was enviable.

Time flew by between the two of them dating every now and then, and after entering October, the weather became cooler day by day.

While Yunshang was busy preparing for the program of the Mid-Autumn Festival Gala, she received calls from Bai Yancheng and Bai Qingzheng.

Bai Yancheng is going on a business trip to He'an, so he will come over to see Yunshang after finishing his official business, and then he will bring Qiuqiu and Maoqiu to Yunshang by the way.

Since Yunshang is still living in the dormitory of the art troupe, the two fat cats will be kept in the small bungalow that Gu Shinian just applied for last month, and Yunshang can go there every week to pet her.

The purpose of Bai Qingzheng's call is very simple, just to tell his sister that his blind date was successful!

Cheng An'an, who was originally from the medical team of the military region and has now been transferred to the military region hospital as a doctor, sees eye to eye.

The two tried to get along for a few months, and they felt pretty good about each other, so they took each other home to meet the parents, and just typed up the love report two days ago.

According to Bai Qingzheng, if there are no accidents, Yunshang will have another sister-in-law during the Chinese New Year this year.

Yun Shang went to see Bai Qingzheng once, but at that time she only saw Liang Meichen, the black lotus from the health team, and never heard of Cheng An'an. Now that I heard that my eldest brother is dating Cheng An'an, I can't help but ask a few more questions.

"Brother, where is Sister Cheng from? You two didn't get along when you were in the military division. Why did Sister Cheng get along as soon as she was transferred?"

Yun Shang's question was really tricky, as if Bai Qingzheng was running towards Cheng An'an's work and personal relationships.

Facing his sister's ridicule, Bai Qingzheng did not blush, and said straightforwardly, "Your elder brother is in good health, he didn't need to go to the health team before, and he definitely wouldn't know your sister-in-law. Later, someone set up a match, and we got to know each other. The partner is not normal Is it?"

Hearing Yun Shang's disgusted gasping voice on the other end of the phone, Bai Qing just smiled temperately, and continued, "Your sister-in-law is also from the capital, but she grew up here, so she will be empty when she turns around." In order to introduce you to each other... Well, your sister-in-law is also good-looking, you must like it when you see her."

Yun Chang's eyes almost rolled to the sky.

Listen, what is this stinky tone of voice showing off? It's like who doesn't have a good-looking object!

No matter how good-looking she is, can she look better than her second elder brother Gu?

..... False line change, change after half an hour.....

After all, Gu Shinian didn't talk too much about this matter. After all, Yun Shang is not a child, nor is he a person who acts without measure. Now he just needs to remind her to be careful, and there is really no need to interfere with her own private affairs too much.

Bai Yancheng is going on a business trip to He'an, so he will come over to see Yunshang after finishing his official business, and then he will bring Qiuqiu and Maoqiu to Yunshang by the way.

Since Yunshang is still living in the dormitory of the art troupe, the two fat cats will be raised in the small bungalow that Gu Shinian just applied for last month, and Yunshang can go there every week to pet her.

The purpose of Bai Qingzheng's call is very simple, just to tell his sister that his blind date was successful!

Cheng An'an, who was originally from the medical team of the military region and has now been transferred to the military region hospital as a doctor, sees eye to eye.

The two tried to get along for a few months, and they felt pretty good about each other, so they took each other home to meet the parents, and just typed up the love report two days ago.

According to Bai Qingzheng, if there are no accidents, Yunshang will have another sister-in-law during the Chinese New Year this year.

Yun Shang went to see Bai Qingzheng once, but at that time she only saw Liang Meichen, the black lotus from the health team, and never heard of Cheng An'an. Now that I heard that my eldest brother is dating Cheng An'an, I can't help but ask a few more questions.

"Brother, where is Sister Cheng from? You two didn't get along when you were in the military division. Why did Sister Cheng get along as soon as she was transferred?"

Yun Shang's question was really tricky, as if Bai Qingzheng was running towards Cheng An'an's work and personal relationships.

Facing his sister's ridicule, Bai Qingzheng did not blush, and said straightforwardly, "Your elder brother is in good health, he didn't need to go to the health team before, and he definitely wouldn't know your sister-in-law. Later, someone set up a match, and we got to know each other. The partner is not normal Is it?"

Hearing Yun Shang's disgusted gasping voice on the other end of the phone, Bai Qing just smiled temperately, and continued, "Your sister-in-law is also from the capital, but she grew up here, so she will be empty when she turns around." In order to introduce you to each other... Well, your sister-in-law is also good-looking, you must like it when you see her."

Yun Chang's eyes almost rolled to the sky.

Listen, what is this stinky tone of voice showing off? It's like who doesn't have a good-looking object!

No matter how good-looking she is, can she look better than her second elder brother Gu?
