Chapter 671 first eye medicine

Bai Yancheng looked at the table full of dishes, and instead of rushing to eat, he began to reprimand Gu Shinian with a straight face, not saving face for his prospective son-in-law at all.

"The three of us will have dinner, and we can just order home-cooked dishes. It's too extravagant and wasteful for you to order so many big fish and meat. You have to pay more attention to this aspect in the future, understand?"

After finishing speaking, he still felt that the criticism was not enough, so he brought Han Chen out and scratched Gu Shinian, "In this respect, Han Chen is better than you. Such good comrades are needed."

When Yun Chang heard this, her eyes almost rolled to the sky.

Dad, is it against your will to say that?

The organization really needs good comrades who are dedicated to work, but you choose a son-in-law, not a serious subordinate.

If Second Brother Gu really dares to concentrate on his work, and is very thrifty and order two plates of green vegetables to entertain you, your dog temper can overturn the table on the spot, and put her 'thin' a few catties of blame on Second Brother Gu on the head.

How could Gu Shinian not know that Bai Yancheng was looking for trouble for nothing, and he was not angry, so he picked Yun Shang's chopsticks and buckled the meat in front of everyone, and said with a smile, "Uncle Bai, it's rare for you and A Chang to meet each other on weekdays. Let's add two more dishes as a celebration. Besides, Ah Chang has lost a lot of weight recently, so he should eat some greasy food to replenish himself."

I have to say that Gu Shinian's last words touched Bai Yancheng's heart. Looking at Yunshang's pointed chin, Bai Yancheng couldn't care less about putting on face anymore, so he picked up a big bone with the most flesh and put it In the Yunshang bowl, he told her to eat more with a distressed expression.

Yun Shang: "... Dad, what's your position?"

Gu Shinian resisted the urge to bend the corners of his lips upwards, tried his best to keep a straight face, and put eye drops on Han Chen very unkindly.

"Uncle Bai, the last time I went back to the capital, I saw that Qingyue seemed to have lost weight too. Later, I called Han Chen and asked him to take Qingyue to eat some nutritious food. How could he just take care of work and ignore his partner's body. "

Yun Shang: "..."

Han Chen was wronged because her father picked him up and provoked Second Brother Gu, and then he was targeted by this small-hearted guy.

Bai Yancheng black question mark face?

What? Qingyue lost weight? Why doesn't he know!

Could it be that he sees Qingyue every day and doesn't notice?

hiss! This bastard surnamed Han often came back to look for Qingyue, but he didn't even think that Qingyue would make up for her when she lost weight. Why did he treat her as a target?

It's just too blind to see!

Gu Shinian didn't think there was anything wrong with him cheating Han Chen. Bai Yancheng and Han Chen were the only sons-in-law in his life. If he didn't give Han Chen eye drops and let Bai Yancheng target Han Chen, How did he gain the favorability of his family?

Even if he couldn't gain Bai Yancheng's favorability, it would be nice for him to happily sit by and watch Bai Yancheng take care of Han Chen.

After all, Han Chen had been watching him a lot before.

Fortunately, Bai Yancheng still remembered that this was the small canteen of the Yicheng Military Division, and he also knew that he wanted to save Gu Shinian a little face. Apart from saying a few

words to Gu Shinian before eating, he put on a smiling face and asked Yun Chang is working and living here, while filling the table with vegetables for Yun Shang, urging her to eat more.

The seats where the few people were sitting were not remote. As soon as the leaders of the military area entered the door, they saw people who should not have appeared in their military area smilingly pick up a piece of meat with chopsticks and put it in the bowl of the smiling girl opposite.

"... Chief Bai is here to see your daughter?"

The group of people didn't know who reacted first, and after raising their voices, everyone hurried over to say hello with smiles.

Bai Yancheng was still able to stand up in front of outsiders, put away the smile on his face, and the whole person's momentum immediately rose, and said a few words of encouragement to everyone, then turned his head and moved the dish at hand to Yunshang , everyone said their farewell and left very tactfully, and stopped disturbing Bai Yancheng and his daughter's dinner.

"Dad, how long can you stay here?"

"Let's rest for the night and catch the train back tomorrow morning." After Bai Yancheng finished speaking, he pointed to the fat cat squatting on Yunshang's lap,

"Your father said that these two fat people miss you. They squat on the sofa every day and don't move. They drive you out for a stroll when you're free. You can't get fatter anymore."

Yunshang nodded, swallowed the food in her mouth, squeezed the remaining rice in the bowl into two finger-sized rice balls, and stuffed them quietly into the mouths of Qiuqiu and Maoqiu. Eat some rice, and when I get back, I'll make small dried fish for you two to eat."

Bai Yancheng's eyebrows twitched, and he said in a very speechless manner, "Xiao Qi, where did you get the dried fish? Your father probably has never tasted the taste of dried fish." Besides, how fat are these two cats? No, I am not satisfied after eating a lot of white rice that other people can't eat, and you still want to feed small dried fish, it is simply too extravagant and wasteful! This food has caught up with the old landlord Lao Cai in the past.

Yun Chang froze for a moment, then quickly winked at Gu Shinian, pretended to be eating, lowered her head and took a big mouthful of food.

It's over, her father's lower limit has been lowered again, and he actually used the old man's name to fight for food with Qiuqiu and Fuqiu in a fair manner. This is too thick-skinned.

After receiving Yunshang's distress signal, Gu Shinian hurriedly put down his chopsticks and smoothed things over for Yunshang, "Uncle Bai, the small dried fish that Ashang mentioned are small miscellaneous fish that are not as long as fingers. How to eat, there are many small fish like this in the water pond outside our resident, and it's just right to feed them to Qiuqiu and Fuqiu."

"That's it." Bai Yancheng sighed, "Xiaoqi, your father said that Qiuqiu is old and clingy, you should pay attention in the future, don't take the cat to the art troupe, it will affect badly."

Just as Yun Chang was about to reply, Qiuqiu seemed to understand what Bai Yancheng said, straightened up suddenly, put her front legs on the table, howled fiercely at Bai Yancheng a few times, and turned her head In Yunshang's arms, he elongated his voice and called out softly and softly.

Bai Yancheng was so surprised that the chopsticks in his hand almost fell on the table.

Is this cat mature?

After killing him, he still has to be wronged and sue his daughter, this is going to heaven!

No wonder the old man said that this big fat man has human nature, he is hugged in his arms all day long, like something in love.

Yunshang scratched Qiuqiu's forehead in a consoling manner, and then scratched her back when she heard the sound of "snoring" in her throat, and changed the subject, "Dad, have you seen my elder brother's partner?"

"Well, I've seen it. Last month your eldest brother brought his partner back and had a meal at home."

Yun Chang's eyes lit up, she leaned over, and asked slyly, "Dad, is it okay for you to look at my elder brother's partner, how is your character?"

The corners of Bai Yancheng's mouth trembled, and he nodded perfunctorily, "It's okay, I can't tell what his character is for the time being, and his family's reputation outside is okay, Cheng Anan's character should not be much worse."

Chapter 672 I want to get married

"My elder brother said that Sister Cheng is very good-looking, is it true?"

When Yun Shang said this, Bai Yancheng was embarrassed.

How can I answer this question? As an old man, how can he act like an unscrupulous old blind wanderer, commenting on the appearance of his prospective daughter-in-law with his daughter, and how can he behave if the news spreads?

Bai Yancheng coughed uncomfortably, frowned and glared at Yun Shang, "What are you asking? Your elder brother is looking for a partner based on character, not appearance!"

Seeing that the bright little flames in Yunshang's eyes dimmed, and her whole body became sleepy, Bai Yancheng felt distressed again, coughed dryly again, and said, "Comrade Cheng An'an looks okay, right? With two eyes, a nose and a mouth, he looks like a human being, even if he is not as good-looking as you and your sister, nor is he as good-looking as your mother."

After saying this, Bai Yancheng glared at Gu Shinian angrily again when he thought that his two beautiful young girls were being bullied by Piggy, and complained in his heart: such a beautiful girl, she is so cheap!

Gu Shinian was stunned by the stares, and he didn't know where he was making his father-in-law hate him again, but it was always right to face Yun Shang in front of his father-in-law.

Reaching out to take the ball and fur ball in Yunshang's arms, the supervisor Yunshang gnawed another piece of sauce bone, and then took Bai Yancheng, who was full, and Yunshang, who was so full that he couldn't bend down, into the car, all the way He galloped towards the tiger company's garrison.

The Tiger Company built three rows of small one-story houses after the spring of this year, and allocated a few rooms to officers in the company who were qualified to accompany the army, and the rest were used to entertain family members from the company who came to visit relatives.

Gu Shinian's position is not high, but his rank is not low. After finishing the love report, he applied for a small one-story house. He came here to do renovations when he had nothing to do on weekdays. After a few months, this small three-room courtyard has been taken care of by Gu Shinian. In those days, it was tidied up in a decent way.

The car stopped at the door of the second house in the first row. Bai Yancheng pushed open the wooden door and went in. At a glance, he saw two old grape vines on the edge of the south wall. The shelf is covered with lush vines, and a stone table and two bamboo chairs are placed under it, which looks quite interesting.

The three red brick houses were also tidy and tidy. The largest east room is a bedroom, the middle one is a living room, and the west one is a study and guest bedroom. There are not many furniture in the house, but because of this , It seems that the originally small house is also widened.

Yun Shang put the two cats in the yard and let them climb under the grape arbor, while she entered the house, drove Gu Shinian out, and sat opposite Bai Yancheng with a small face, putting on a serious expression. It looks like something to talk about.

"Xiaoqi, do you have something to say?"

Yunshang nodded, took a look outside, and after confirming that Gu Shinian couldn't hear it, she lowered her voice and said, "Dad, I will be eighteen in two months. After my eldest brother gets married during the Chinese New Year, I also want to Married to Second Brother Gu..."

"Crack!"

The teacup in Bai Yancheng's hand fell to the ground and shattered. He stared at Yun Shang, as if suspecting something wrong with his ears.

"Xiaoqi, you, what did you say?" Bai Yancheng gulped, "Dad didn't hear clearly just now, what did you just say?"

Yun Shang kicked the broken porcelain pieces aside at her feet, looked into Bai Yancheng's eyes, and repeated again, "Dad, I want to marry Second Brother Gu after the Chinese New Year."

Bai Yancheng: "...!!!"

No, I must have heard wrong!

What Xiao Qi just said was an engagement, not a marriage.

Yun Shang seemed to know what Bai Yancheng was thinking, and when he opened his mouth again, he broke his last bit of self-deception.

"Dad, what I said is true. Second brother Gu and I will have time in the next year, so we will get married directly, lest I run here every day, and let others gossip after a long time."

Bai Yancheng's stern face in the coffin immediately became the bottom of the pot. He clenched his fist and wanted to hit the table, but he was afraid of scaring Yun Shang, so he had to circle around the room angrily.

"What gossips! Ah? What gossips? You two made a love report in a serious manner. Who dares to gossip about you?"

After finishing speaking, he stretched out his finger and nodded Yun Shang's forehead,

He asked angrily, "Xiao Qi, tell me the truth, did that bastard Gu Shinian ask you to tell me about this? This bastard was afraid of being scolded, so he pushed you ahead to talk about the marriage. Bah! What good things does he think of! Tell him, my girl, Bai Yancheng, is precious, and I want to shrink back and become a beautiful wife, dreaming!"

Dog thing Gu Shinian: "..."

What are you talking about in the house?

Why did you start scolding him again?

Yun Chang's face also turned dark, and she quickly grabbed Bai Yancheng's fingers and asked him to sit back on the chair, "Dad, this is my own idea, what does it have to do with Second Brother Gu? Second Brother Gu doesn't even know about me I'm going to tell you about it today."

The father-in-law and the son-in-law are really natural enemies. She obviously brought up the matter of getting married, but in the end it was the second brother Gu who was scolded. Dou E is not as wronged as the second brother Gu.

It's fine if Yun Shang didn't say that, she opened her mouth to defend Gu Shinian, Bai Yancheng's complexion turned darker, and she was so angry that even the veins on her forehead started to jump up and down.

"Xiao Qi, marriage is a matter between two families, and the man has to propose it first. You are a big girl..." You have to be reserved!

Yun Chang's face darkened a little, she raised her eyebrows and said nothing.

Bai Yancheng rubbed the center of his brows with a headache, and continued to persuade Yunshang earnestly, "Xiao Qi, how can the man not mention this marriage, and the woman chase her away? What does Gu Shinian mean? Have you ever said this in private? What the hell, didn't he come up with a charter?"

"Dad, Second Brother Gu didn't discuss marriage with me. I wanted to settle it sooner. You know, I went back to the capital in March, and you and my master's identities in the military division cannot be concealed." Yes, before, I thought that I would be able to clean up with my second brother Gu after I made a love report. What can you do if you follow other people's ways?"

Yun Chang's words really made Bai Yancheng jump.

Before Gu Shinian and Yun Shang confirmed their relationship, Bai Yancheng was very optimistic about Gu Shinian, and always treated Gu Shinian as half his son.

In fact, what he hated was Gu Shinian's status as the prospective son-in-law, not Gu Shinian himself.

Now, after hearing Yun Shang's words, Bai Yancheng still subconsciously rejected Yun Shang when he thought that someone might plot against him in the future and change him to a son-in-law.

Although he was not happy that Gu Shinian had abducted Yun Shang so early, but he knew in his heart that Gu Shinian was really kind to Yun Shang, and he was also assured that he would hand over the rest of Yun Shang's life to Gu Shinian. .

Compared to Gu Shinian, he couldn't accept a guy with bad conduct who came out of nowhere and became his son-in-law through calculation.

Chapter 673 Bai Qing is getting married

Bai Yancheng was beating a small drum in his heart, but he still didn't relax his mouth and said, "Don't worry, Dad is here, who dares to think of you, Dad cleaned him up for you."

This kind of thing must be done by him as an old man to protect his daughter, but he can't give that dog surnamed Gu a chance to show up.

Besides, as a man, if he really can't protect his partner, how can he have the nerve to marry his wife?

You can hit the bachelor directly.

Yun Chang was helpless, her small eyes rolled away, and she looked at Bai Yancheng contemptuously, "Dad, do you have clairvoyance or good hearing, or you are a god, something happened to me, you can calculate it in advance, can you step from the capital to Yicheng to protect me?"

If you want to stop me from marrying Second Brother Gu, you must cultivate yourself into a god first, otherwise you are not allowed to stop me from marrying someone else!

After being questioned by his daughter, Bai Yancheng's old face turned dark again, and after talking for a long time, he still couldn't bear Yun Shang to marry like this, "Xiaoqi, you should stay in the group and don't go out easily, or find a few more people to accompany you when you go out." It's fine. You're the youngest, so you have to wait until your elder brother and sister get married..."

"Dad, do you think little six can find a wife?" Yunshang interrupted Bai Yancheng, and talked about Bai Qingming with a look of disgust. Marriage is good, do you want to leave me as an old girl?"

Before Bai Yancheng could speak, Yun Chang murmured again, "It's okay for me to stay an old girl, but I don't know if my mother will be anxious." If she is anxious, she will directly scratch you.

Bai Yancheng: "...". In order to get married, my daughter actually threatened him with her daughter-in-law.

Bai Yancheng scratched his head irritably, and said with a gloomy expression, "Marriage is a big deal. I'll go back and discuss it with your grandfather. You can't even meet the two families, and you rush to get married."

Of course Yunshang knew that Bai Yancheng could not agree to her getting married early, and he was already very satisfied to be able to persuade him to let go of his mouth and mention this matter to the old man today.

Seeing the faint smile in Yunshang's eyes, how could Bai Yancheng not know that he was raped by his daughter again, so he immediately pulled his face and said aggrievedly:

"You heartless girl, why do you think about pissing me off all day long? I raised you like shit from a young age, and I raised you like a white-eyed wolf. Hey, the female college is not good enough. Stay, I can't help my father..."

In just a few words, what Bai Yancheng said was a grievance. If Yunshang didn't know Bai Yancheng's true face, he would really think that he was a brat who was only angry with Lao Tzu.

Well, in fact, in Bai Yancheng's eyes, she is no different from a brat.

"Dad, I grew up eating food when I was young, and it was Gu Erge who raised me. I have never eaten the shit and pee you fed me."

Bai Yancheng was so choked by Yun Shang that he didn't know what to say for a while, he cast a hard look at Gu Shinian who was sitting under the vines in the yard, hummed, turned and went into the guest room to rest.

Alas, the older the girl is, the less lovely she becomes.

Do not! Not only is Xiao Qi not cute anymore, she also abandons him, a poor old man who is lonely and helpless!

It's really so popular.

Yun Shang: "... Dad, my ears are good, don't think I can't hear you scolding me!

...

Yun Shang's little wish of marrying Gu Shinian after the New Year was not fulfilled after all, because Gu Shinian had brought people on a mission years ago.

On the contrary, Bai Qing got a marriage certificate with Cheng An'an during the Chinese New Year, and held a low-key but grand wedding.

Bai Qingzheng's marriage was the first big event of the second room. As the youngest of the family, Yun Shang naturally couldn't miss it. She took ten days off from the group and went home happily to watch the old bachelor get out of the singles.

Cheng An'an is indeed as Bai Qingzheng said, she is a good-looking lesbian, with almond-eyed oval face and regular facial features, she obviously has a pair of gentle and weak eyebrows, but her overall temperament is cold, with slanted eyebrows and eyes. When looking at people, there is still an unruly feeling.

Yun Chang observed carefully for two days, and felt that Bai Qingzheng was really good at finding a partner, Cheng Anan didn't talk much,

But he is very generous and thoughtful in speaking and doing things, and he is also very agile in doing things. It seems that he is a person who can handle big things.

In fact, Bai Qing, as the head of the family, will have to take on the burden of the second wife in the future. If he really marries the Virgin Mary White Lotus, how can he fight side by side with him in the future and be a comrade in arms supporting each other on the road of revolution? To be a solid support for younger brothers and sisters?

Therefore, Cheng Anan, who is independent and strong, is very good.

...

At the end of the wedding, Yun Chang glanced at Cheng An'an who was at the back, pursed her lips and smiled, and whispered to Lin Wenlan, "Mom, last time I asked my dad if Sister Cheng was

good-looking, but my dad said that she has two eyes. With a nose and a mouth, she looks like a human being, and she also said that Sister Cheng is not as good-looking as you."

Lin Wenlan was speechless for a while, then reached out and patted Yunshang on the forehead, "Next time, you can't ask your father these questions, it's spreading jokes."

Seeing Yun Chang's obedient nod, Lin Wenlan added, "Your elder brother got married today, remember to call him sister-in-law in the future, do you understand?"

"Well, I got it." Yun Chang nodded again, and her eyes fell on Bai Qingyue and Han Chen next to her, "Mom, when are my sister and Brother Han Chen going to get married?" We must urge these two people to get married quickly, and never get married again How can I marry Gu Erge!

"Han Chen just changed departments a while ago. He's busy with work this year. He probably won't be able to get married until the second half of the year."

Lin Wenlan let out a long sigh, and continued, "Xiao Qi, it's not good for lesbians to get married too early. You are still young, and it's not too late to get married after you are twenty."

It's really worrying, this girl usually looks at ghosts and ghosts, why is she so confused about her marriage?

Others are dating men who are rushing to get married, but when it comes to Xiao Qi, it becomes her jumping up and down every day in a hurry to get married?

Seeing what Yun Shang wanted to say, Lin Wenlan hurriedly made a meat bun for her, "Xiaoqi, your grandfather is too bored to stay at home all day by himself, and you can go back and talk to your grandfather after the banquet." By the way Annoy the old man with the fact that you want to get married early!

How could Yun Shang not know what Lin Wenlan was thinking, pouted, and sat aside aggrievedly without speaking.

But she really hasn't seen the old man for several months, and this time she finally can stay at home for a few more days, so she should talk to the old man more.

After Bai Yancheng was transferred back to the capital, the organization also allocated a small western-style building to the second room in the big courtyard, but Bai Yancheng and his wife were worried that the old man would be too lonely living alone on weekdays, so they simply took Bai Qingyue to live with the old man. I don't live here.

This time when Bai Qing was getting married, the old man thought the house was too noisy, so he directly drove the second family and the family back, and the house was considered clean.

Seeing Yun Shang jumping into the door at this moment, the old man's eyebrows twitched subconsciously, and even added a few more wrinkles on his face.

Why is this girl here? Could it be that he wants to get married but can't handle the second child, so come and move his thick leg?

Chapter 674 meet again

"Grandpa..."

As soon as Yun Chang made a sound, the old man walked upstairs with a teacup in his hand, like a mouse seeing a cat.

Seeing the hurried back of the old man, Yun Shang put the things in his hand on the coffee table, raised his eyebrows, and said in a drawn out voice, "Master! I brought you tea and ginseng wine!"

As soon as the voice fell, the old man turned around, pretending that he had just seen Yunshang, and greeted him with an exaggerated smile, "Hey, Xiao Qi, why did you come here? I asked you yesterday that Grandpa Li's house brought you some I bought a lot of candied fruit and put them in the cabinet, come and have a look."

The corners of Yunshang's mouth trembled, and she took the tea leaves and ginseng wine on the coffee table back to her arms, and asked the old man, "Master, I remember that the candied fruit in the cabinet was found by the third cousin for the third sister-in-law, right?"

Your eldest grandson bought appetizing snacks for his pregnant daughter-in-law, and it was for your great-grandson. Why do you have the nerve to say that the food is yours?

Grabbing food with granddaughter-in-law and great-grandson, do you still want this old face?

The old man's eyes widened, and he said bluntly, "What is he looking for? If it weren't for me, old man Li would know who Bai Qingjie is? I'm a master, why don't you eat some candied fruit from him? How much for my granddaughter?" What about a candied fruit?"

His old man has to listen to me, can he still want to rebel when he is a grandson?

Yun Shang: "..."

The old man played a rogue, Yun Shang stopped teasing him, pushed the tea leaves and ginseng wine over again, and motioned for the old man to open it, "I asked the comrades in the group to find this tea, and the ginseng wine was asked by Gu Erge Someone bought it from the Northeast, just two bottles of wine, you and my dad each have a bottle, after drinking, Brother Gu will find it for you."

"Well, I'm still a young boy who can do it." The old man squinted his eyes and took a sip of his wine, and continued to ask, "Go back and tell your father to keep his mouth shut. If it gets to Old Man Gu, I won't be able to keep this bar. I'll grab it!" drink his."

So it is better to give birth to a baby girl or a girl baby. When you grow up, you will always receive the filial piety from your son-in-law. There is a use for hair.

Tsk! This wine tastes really good, if you go to show off to Old Man Gu after drinking it later, you must be jealous of him.

"Master, my sister is twenty-four this year, and she has become an old girl in other people's mouths. What is the meaning of the Han family not coming to propose marriage? Is it possible that Han Chen still has something to spend?"

Putting aside ordinary people, girls can get married and have babies when they are eighteen or nineteen. As a result, Bai Qingyue is indeed an old girl at this age. Isn't Han Chen in a hurry?

If the delay continues, what if Bai Qingyue is dragged into an advanced maternal age?

The first major event of the Bai family this year is Bai Qingzheng's marriage. The whole family has been busy with Bai Qingzheng's marriage for more than half a month, and they really forgot that Bai Qingyue became an old lady at the age of 24 after the new year up.

At this moment, when Yun Chang said, the old man also reacted, put down the ginseng wine in his hand, and his face gradually became serious.

"Xiao Qi, hasn't your sister mentioned her plan with Han Chen to you these two days? What about your mother, your mother should know it well, has she ever said when she plans to let your sister go out?"

"Master, my mother said that Han Chen just transferred his department this year, and he was very busy in the first half of the year. He probably didn't have time to marry my sister."

Yun Shang cleverly dug a trap for Lin Wenlan's rhetoric, hiding the fact that Bai Qingyue and Han Chen planned to get married in the second half of the year, and only said that they had no plans to get married in the first half of the year.

Sure enough, when the old man heard what Yun Shang said, his expression was not very good-looking.

"Hmph! He's a junior officer who just changed his job, but he can still be busy with the big chief, and he can't even squeeze out a day to get married? You brat! Let your father talk to Han Weijun later, and see what the Han family means! "

If he wanted to get married, he hurriedly came over to propose marriage, and let Han Chenfeng marry the Bai family girl back in a glorious manner.

If you don't want to get married, or have other thoughts, you should say it earlier, it's not like the girl from the Bai family can't get married! Don't delay their family Qingyue into an old girl every day.

Yunshang's eyes lit up, and then put eye drops on Bai Qingming, "Master, my sister's affairs are easy to solve. Brother Han Chen is very kind to my sister, so I don't think I have anything else to think about. My mother is worried about the little six."

"What's wrong with Little Six?" The old man's attention shifted as expected, and he asked very curiously, "Little Six just called back this time, what did he say on the phone, did he cause trouble in the army?" ?"

"That's not true." Yun Chang shook her head and sighed, "My mother is worried that Little Six is not enlightened, and worried that he will always have a childish temper, and he will not be able to find a partner by the age of thirty."

"My mother also said that it's not the same as before. In the past, the organization still cares about sending out daughter-in-laws, but now it doesn't send out daughter-in-laws. She just pointed at the little six son's nonchalant temperament. It takes a young girl to see it." on him.

Once when we came back from school, a little girl in the courtyard accidentally fell in front of my elder brother and little six. My elder brother pretended not to notice and walked over, but do you know what little six did? In front of the little girl, he deliberately jumped to the side, and then laughed at her, he owed as much beating as he wanted. Lord, tell me, with the stupid look of the little six, which big girl would marry him? "

The old man: "..."

This little grandson really has the potential to be an old bachelor.

Instead, he still relies on his own excellent strength to be an old bachelor!

The corners of Old Man Bai's mouth trembled, and he said out of conscience, "...Your little brother is pretty good. If anyone marries him, he will live a happy (playing) happy (playing) every day from now on. (Noisy), what's wrong."

Yun Chang looked at the old man with the corners of her mouth curled up, with an indescribable expression on her face, "Master, I would be guilty of saying this to my friends! In Linyang, there were many girls in the compound who liked my elder brother, but It's just that no little girl likes my little brother. Just my big brother is dragged into an old bachelor, and you can still expect my little brother to get married early?"

The old man remained silent for a while with a blank face, and said angrily, "...Little Liu has a pretty face. What if a blind cat meets a dead mouse, would any girl like that face of Little Liu?"

Fortunately, the short-tempered little six still has a face that can be seen. If he really can't find a wife in the future, he can go out and rely on that face to trick a big girl back.

Even if the big girl regrets it, it's too late, she's already married, how can she get a divorce?

Ouch, why are these children from the second child's family more worried than the other?

It's better for Xiaoqi, early on...huh? wrong! Xiaoqi is the most worrying one!

All of the above were old bachelors, and when it was Xiao Qi's turn, he was abducted at only fourteen or fifteen.

Puppy love! Worry about people.

The old man leaned back, narrowed his eyes, took a sip of the ginseng wine, and said in a drawn out voice, "Xiao Qi, what do you want to do with the matter of Qingyue and Xiao Liuzi?"

Xu Xu smiled with his eyes bent, moved to the old man's side, and said softly, "Master, did you find out?"

"Hmph, how can I not know you?" The old man snorted angrily, "Speaking so much, you still want me to agree with you to marry early, right?"

The whole family has held it in their hearts for more than ten years, but in the end they are still no match for a 'wild man', what a heartless little thing!

Seeing that the old man saw through her purpose, Yun Chang didn't deny it, and said with a blushing face, "Master, my father said that I can marry if I want, but I have to wait until my sister and Xiaoliuzi get married first. Brother and sister can't get married. I will marry you." This young man goes out first..."

"So you just use some rags to fool me, and you want me to come forward and settle the matter of Qingyue and Xiaoliuzi's marriage as soon as possible. Would you like to marry your brother Shinian early?"

Yun Shang: "... Master, people are hard to break down, what are you talking about!

The old man wanted to scold Yun Chang a few words, but when he met her dark eyes full of longing, he couldn't bear to scold her when the words came to his lips.

Forget it, Xiao Qi has a thin skin, what if he gets scolded and cried, he will be the one who will feel distressed at that time.

"Alas..." The old man sighed for a long time, and said helplessly, "Xiao Qi, if you and Shi Nian really think it over, I will discuss it with your father later, and when Qingyue is concerned about Han Chen's affairs, In the second half of the year, I will take care of the affairs between you and Shi Nian'er."

Now that Xiaoqi has identified Gu Shinian, and Gu Shinian is indeed reliable, he will marry the two children, so as not to keep them from becoming enemies.

Yun Shang's eyes lit up suddenly, and she asked the old man, "Master, then it's okay for me and Gu Er Ge to get married before my younger brother?"

The old man squinted his eyes and said with a headache, "What's wrong? Your father said that he wanted to keep you for a few more years. How could he really put you behind Little Six to get married." Well, if it really delays you to become an old girl, why don't you just turn your face and pack the little six sons and send them to the bed of the big girl you hate to marry.

For the sake of Little Six, I'd better let you go out early.

After spending a long time talking and talking, I finally got the correct words from the old man's mouth, and the big stone in Yun Shang's heart can be regarded as falling to the ground.

"Master, you are so kind! You are the best! Better than my dad!"

A few words of heartfelt and warm praise made the old man get goosebumps all over the floor, raised his hand to rub his twitching face, picked up the tea and ginseng wine on the coffee table, and strode into the study go.

Xiaoqi is too nasty to boast about people!

Hurry up and go, if you stay any longer, you will lose your goosebumps.

.....

In the afternoon, a jeep that was covered with dust rumbled in from the outside and stopped in front of a row of small bungalows on the edge of the resident.

Gu Shinian opened the door and jumped out of the car, patted the dry mud-stained camouflage uniform on his body at the gate, avoided the two cats rushing towards him, and hurried in to take a combat bath.

After coming out, he took a handful of dried fish and threw it to Qiuqiu and Maoqiu, and then looked in the mirror to confirm that he was energetic enough and there was no trace of fatigue on his face. Then he jumped into the car again, started the car and went straight to Yi City Railway Station.

Fortunately, today's train was not late, Gu Shinian picked up Yunshang before dinner, took her straight to the restaurant where the two of them frequented, and ordered several dishes to reward her for the exhaustion of the journey.

"Second brother Gu, didn't you go on a mission, when did you come back?" Yun Shang asked Gu Shinian while drinking preserved egg porridge.

"I just came back at noon today." Gu Shinian peeled off the boiled egg, put the egg white in Yunshang's bowl, and stuffed the yolk into his mouth. While urging Yunshang to eat more, he said, "I'll call the capital this afternoon. On the phone, Aunt Lin said you would come back today."

Yun Shang looked at Gu Shinian's face, put down the bowl, and asked worriedly, "Second Brother Gu, is this mission going well?"

"Yeah." Gu Shinian paused for a while before responding shallowly, then changed the subject and asked, "Ah Chang, is it fun for Qing Zheng to get married? Does the new sister-in-law get along well?"

"It's okay. Cheng An'an doesn't talk much, but he has a straightforward temper and is generous in his actions. He is a person who can hold on to things."

As Yunshang said, she reached into her pocket and took out a lady's watch with a white leather belt from the space, "This is Cheng An'an's gift for me and my sister after entering the door, and the one for Little Six is an ordinary pen."

The gift Cheng An'an gave to Bai Qingming was a pen worth less than 20 yuan, but the gift to her and Bai Qingyue was a watch worth nearly 200 yuan. From this alone, it can be seen that Cheng Anan is a delicate person.

When someone else's bride enters the house, let alone prepare gifts for the younger siblings, it is good not to accept gifts from the elders.

But Cheng An'an not only prepared gifts, but also carefully inquired about the situation of the Bai family. He knew that the elders of the Bai family were different from most patriarchal elders in this era, and they paid more attention to the two girls in the family.

Therefore, the gift she gave to the two sisters-in-law was more expensive and more dignified to wear, and the gift she gave to Bai Qingming was an ordinary pen.

Gu Shinian looked at the watch in Yunshang's hand, his expression distorted for a moment, and he laughed softly, "Ah Chang, this gift should not have been prepared by Cheng Anan, it is probably your elder brother who borrowed Cheng Anan's hand to make up for you and Qing. Yue's."

Yun Shang widened her eyes in surprise, looked at Gu Shinian, and then at the watch in her hand, "My elder brother bought this?"

"Well, nine out of ten are."

Gu Shinian signaled Yunshang to put away the watch, "You and Qingyue are earning wages now, and you definitely don't want things from him directly, so you have to borrow Cheng An'an's hand to supplement you."

Yun Shang silently put away her watch, lowered her head and took a sip of the porridge, and muttered inexplicably, "I'm not short of money, and my sister also has Brother Han Chen..." How can I use my elder brother to subsidize them. Even if you want to subsidize, you should also subsidize the little six children whose monthly allowance is not enough to eat.

"Don't think too much, he's the big brother, and he's happy to subsidize you. Besides, Qingzheng hasn't paid any household in these years, so he should have saved a lot of money. He can still afford two watches..."

Yun Shang nodded, and was about to speak, but Gu Shinian suddenly turned his head and looked straight across the road through the hotel window.

"Second brother Gu, you are watching..." Yun Shang also followed Gu Shinian's gaze, swallowed back the words before he finished speaking, opened his eyes wide, and stammered, "...Then, Then, isn't that Er Ya!"

Chapter 675 Came to the door

I haven't seen each other for a few years, but Yun Chang still recognized the much older and disheveled woman across the street as Er Ya at a glance.

She was wearing a patched red blouse, fat black cloth trousers on her legs, and she was carrying a big dusty bag in her hand, and with the way she walked and looked around, it was not difficult to see that she was like this. Just got off the train.

"Second Brother Gu, why is Er Ya here! Isn't she... Wasn't she sent back to Fenyang?"

"It's not far from the train station. She should have just got off the train." When Gu Shinian said this, his brows were still tightly frowned. It is controlled by the local government, and there are no special circumstances, so the local government should not let her go out."

Suddenly seeing the person in the middle, Yun Chang couldn't even eat the delicious preserved egg porridge, "Erya's hometown is in Fenyang, which is about a thousand kilometers away from Yicheng. Logically speaking, she should have no relatives here. What can she do?" Let the local government release her for a legitimate reason?"

As Yun Chang said, she glanced at Gu Shinian's comfortable and handsome face, put down her chopsticks, and continued with a dark face, "You said... Erya is here to look for you, right? She might not be able to find someone else A letter of introduction, but if she wants to say that she came to the army to find someone, no one in the local area will stop her."

It's best for Erya not to actually go to the military area to find Gu Shinian. If she really meets Erya in the military area, she must scratch her cheeky face and let Erya know what happens to a man who covets others.

Hearing that Yunshang pulled him and Erya together, Gu Shinian's face darkened, he picked up a piece of pork ribs and put it in Yunshang's bowl, and directly stuffed her mouth with food.

Yun Shang cast an angry look at Gu Shinian, watched Erya disappear on the street, turned around and finished eating preserved egg porridge, and then talked about the result of her negotiation with the old man after returning to the capital.

Knowing that Yun Shang had quietly settled the Bai family for him, and also set the wedding date for the second half of this year, Gu Shinian was so taken aback that the bowl in his hand almost fell on the table. After a long time, I couldn't laugh or cry and said:

"...Ah Chang, you, why didn't you discuss this matter with me, I should have come to talk to Uncle Bai and Grandpa Bai... Later, Uncle Bai and the others should feel that I don't value you anymore."

Yun Shang snorted, and stabbed Gu Shinian in a soft voice, "No matter how good you are, my dad can't be pleasing to your eyes."

I don't like you, so how could I agree to your door-to-door marriage proposal?

So she has to come forward to settle this matter.

Knowing such good news suddenly, Gu Shinian was so happy that he didn't even think about eating. Looking at Yunshang's small red mouth, there was only one thought in his heart: I want to kiss!

"A-shang, are you full?"

Yun Chang didn't know Gu Shinian's crooked thoughts, swallowed the ribs in his mouth, nodded, "We're full, let's go back."

Gu Shinian packed up the leftover vegetables neatly, carried Yunshang's luggage bag in one hand, and pulled the shoulder bag strap on Yunshang's body with the other, and quickly got into the car and drove towards the station.

Half an hour later, the car stopped firmly at the door of the bungalow. Yun Chang had just opened the door and entered, but before she could react, Gu Shinian held her shoulders and pressed against the door panel and kissed her.

Qiuqiu and Maoqiu heard the sound and ran out of the house. Seeing Yunshang being pinned on the door by Gu Shinian, they thought Yunshang was being bullied. , just scratched at Gu Shinian, and even hooked up a few thread ends on the sturdy camouflage pants, but Gu Shinian was so depressed.

These two unconscionable white-eyed wolves came to Yicheng to live in his house and eat his rations. Not to mention ruining his good deeds, they even dared to scratch him! ?

This is because of the backing of A Chang, he dare not do anything with them.

Yun Shang couldn't stop laughing at Gu Shinian's black face, squatted down, picked up the ball and fur ball one by one, kicked Gu Shinian again, and entered the room happily.

That's great, it's not in vain that she has been hurting Qiuqiu and Maoqiu for so many years.

With these two bodyguards, whoever dares to bully her in the future, she will close the door and let the 'bodyguards' scratch him!

.....

Erya didn't know that she passed Yun Shang and Gu Shinian,

After getting off the train, I found a remote guest house with an unobtrusive appearance and lived in it. After washing my face in a hurry, I found an unfinished dry steamed bun from my bag, soaked it in a tea mug, and slowly ate it.

Back then, she was fired from the steel mill, and Zhu Yongjun took away her savings for many years. Knowing that she would not be able to find a job in the future, Erya could only sell the single room in the provincial capital, and bought a small apartment in Fenyang to rely on income. Living on rent, life is tight on weekdays.

Erya is a person who has endured hardships, and she can still bear the poverty in her life, but facing the neighbors who seem to be kind, but actually care about her second marriage after reading a joke, and facing the frequent harassment of blind wanderers on the street, Erya also often felt that she couldn't bear it any longer.

Fortunately, the college entrance examination will be resumed this year, and next year private businesses will be able to do business. She only needs to endure another year, and in just one year, she will be able to sell the house and leave that damned place of Fenyang.

Erya slowly ate the soft steamed buns one bite at a time. Cornmeal mixed with sorghum rice kneaded steamed buns. Although the rough ones can scratch people's throats, if you eat slowly, you can still taste a little bit of the sweetness of the food itself. In general, it is still swallowable.

Besides, she exchanged coal ball tickets with others for these buns, so they shouldn't be wasted.

After eating, Erya stroked her hair in front of the mirror, and tugged at the wrinkled skirt of her body, went downstairs to chat with the lesbians at the front desk, and inquired about the address of the military division.

Yunshang said before that Erya came to Yicheng to look for Gu Shinian, it was just a joke, but she never thought that Erya really came to look for Gu Shinian... No, to be precise, Erya came to look for her of.

Looking at Erya in the reception room with a slight smile on her face, holding a teacup in both hands, sipping hot water, seeing her appearing at the door, she smiled openly at her, Yun Shang His brows wrinkled unconsciously.

"Yunshang, don't you know me?" Erya stood up and put down the teacup, "I'm Erya."

Yun Chang came back to her senses, the defensive doubts in her eyes quickly faded away, she sat down opposite Erya, the corners of her mouth curled into a good arc, and said, "I know you are Erya, in fact, I recognized you yesterday gone."

Seeing Erya looking over in surprise, the smile on Yunshang's face deepened, and she slowly leaned back on the chair, "At the train station. I was eating at the time, and saw you passing across the road."

Er Ya was stunned for a moment, the smile on her face faded, she was silent for a while before she said, "Is that so, I didn't notice you..."

Chapter 676 Probe

Wang Zhenhua entered the water room with a kettle in his hand. Before he could react, a hemp bag came off his hood, and then he disappeared into the water room, leaving only a green-shelled water bottle rolling around on the ground.

A few minutes later, Yunshang came out of the space, threw the kettle on the ground into the space, took advantage of the space and moved to the back of the building, pretending to be passing by, and walked into the dormitory.

In the space, Wang Zhenhua hurriedly felt like being caught by a ghost, conscious, but unable to move his body, unable to open his mouth even shouting for help.

What's more frightening is that there seems to be a clock next to his ear. He can clearly hear the "tick-tick" sound of the second hand moving, and he can also clearly hear the sound of the clock telling the time every hour.

Other than that, there was no sound around me.

Wang Zhenhua didn't know where he was now, nor did he know what his situation was, let alone who tied him up, but he had a premonition that he was no longer in the army water room.

Yun Shang locked Wang Zhenhua into the space and stopped paying attention. After returning to the dormitory, he took a shower, chatted with Wu Xiang and Ye Li, and then put down the mosquito net and went to bed to rest.

There is a time difference between the space and the outside world. Yunshang slept outside for more than two hours, but Wang Zhenhua in the space listened to the clock telling the time ten times. This also means that in Wang Zhenhua's cognition, he has been kidnapped ten times. It's been an hour.

The situation was just as Yunshang expected. Listening to the clock telling the time again and again, from seven in the evening to five in the morning, Wang Zhenhua almost collapsed.

It's five o'clock in the morning, and the group will gather for morning exercises in an hour. He didn't go back last night and missed exercises for no reason in the morning. Can everyone notice that he was tied up? Can you save him?

If the people in the regiment didn't realize that he was kidnapped, would they think he was a deserter and drive him out of the team?

The more Wang Zhenhua thought about it, the more frightened he became, and the more frightened he became, the more he began to think wildly. It didn't take long before he was so scared by his own associations that his face turned pale, and his whole heart seemed to be frying in a frying pan.

Who the hell tied him up? What exactly does the other party want to do? If you want to kill or cut, can you give me an accurate statement, what's the matter if you leave people here and ignore them...

Seeing that it was almost six o'clock, Wang Zhenhua anxiously shouted in his heart and struggled with all kinds of useless body. Just when his last trace of patience was exhausted and his heart was almost desperate, he couldn't hear the sound of men and women together. , a very metallic mechanical sound sounded:

"How many lesbians from the art troupe have you cheated in the past few years?"

As soon as the other party asked a question, Wang Zhenhua felt that his head could move and his mouth could speak. Just as he was about to speak, he heard the voice continue, "Answer after you have thought about it. If you dare to tell a lie, you will starve to death here."

Frightened by this unnatural voice, Wang Zhenhua swallowed the words pretending to be confused, and asked with a trembling voice, "Who are you and what do you want..."

Seeing Wang Zhenhua's dishonest answer to the question, Yun Chang picked up the baseball bat and gave it to him without saying a word. Hearing his yelling in pain, she continued to ask, "Before Ye Li, how many lesbians have you lied to?" , Who was the person who bullied Ye Li that day? When did the two of you conspire together to harm lesbians?"

Wang Zhenhua took a solid blow, and then listened to the sound of the time telling at six o'clock in the morning, his psychological defense suddenly collapsed, and he almost cursed at the top of his throat.

Anyway, he couldn't hide from the regiment leader about his early morning exercise, and the punishment was decided, so why should he listen to the threat of this unknown thing?

Besides, the other party beat him so hard that he didn't intend to hold back at all. He was planning to beat him to death. Since he couldn't survive, why did he answer the other party's question?

How could Yunshang not know Wang Zhenhua's thoughts, put the stick aside, and said in a mocking tone, "Two people committed a crime,

You carry it alone, and you still carry it for the principal criminal. Should I praise you for being a comrade in arms, or should I call you stupid? "

Wang Zhenhua was awakened by Yun Shang's words.

Isn't that right, he is just a little Luo who helps people spread the word, why should he quietly take care of the principal criminal?

Besides, even if he takes care of things for someone else, he has to let the other party know and accept his favor. Just carry it for others, who can remember him well?

How much do you expect that bullying official young master to take care of his family for the sake of his dedication to work? Don't be ridiculous!

Wanting to understand this, Wang Zhenhua stopped swearing, fell silent for a while, and opened his mouth to negotiate terms with Yun Shang, "If I'm honest, can you let me go?"

Yun Shang raised her eyebrows, and said in a brisk tone, "I'm not a prison here, of course I can let you go." As for when to let you go and where to put you, that's up to me.

"It was Guan Jincheng who bullied Ye Li that day. Before Ye Li, I, I helped him cheat two lesbians in the regiment... I didn't bully the lesbians, it was all done by Guan Jincheng alone! I was, I just helped him trick people out, I didn't do anything! Really, I really didn't do anything..."

Yunshang searched for the name Guan Jincheng in her mind. After thinking about it for a long time, she only thought that there was a division commander in the military division with the surname Guan. Apart from that, she had never heard of anyone else with the surname Guan.

I wanted to continue to ask Wang Zhenhua about Guan Jincheng's information, but thinking that too many questions would easily reveal her identity, Yun Shang pretended to have heard of Guan Jincheng and continued to ask, "Say it, you have been helping to manage it all these years." What bad things did Jin Cheng do, and who else helped Jin Cheng do such things?"

After realizing that he was making atonement, Wang Zhenhua was very honest, he would answer whatever Yun Shang asked, and he would even take the initiative to explain some questions that Yun Shang didn't ask.

"...I didn't intend to deceive the lesbians in the group, but Jin Cheng threatened me. In the past few years, I have helped him deceive three lesbians in the group...Ye Li is the third. Apart from these, I never did anything else.

Really, Guan Jincheng is not a member of our regiment, I usually try to avoid him as much as possible, but this time it was Guan Jincheng who urged me too hard, I really couldn't avoid him so I went to find Ye Li..."

Wang Zhenhua talked hoarsely about his own last resort, and when Guan Jincheng threatened him, he scolded Guan Jincheng, "That's a beast! Not only the lesbians in our art troupe, but even the health team All lesbians are not spared. Last time he bragged to me that he found two lovers in the health team, and those two lovers didn't know each other that they were with him.

Chapter 677 Routine 2 Ah

Yunshang wanted to get more information from Erya, so she simply took advantage of Erya's suspicion that she had an adventure and her eagerness to see Gu Shinian, so she directly used Gu Shinian as a bait, "to avoid trouble" I made an appointment for dinner with Erya.

After Gu Shinian knew that Yunshang had 'sold' himself to Erya for a cliché, he was so angry that he gritted his teeth. When he came down from the mountain before dinner, the first thing he did was to grab Yunshang's hand and beat him with a palm.

Yun Shang also knew that she was wronged, but she didn't resist, and obediently took several hands, and dragged Gu Shinian to the agreed hotel.

Erya had been waiting at the entrance of the hotel an hour earlier, and when she saw Gu Shinian striding across the road in a neat military uniform, she unconsciously smiled and took a few steps forward.

It's just that when she saw Yunshang who was carefully guarded by Gu Shinian, the smile on Erya's face froze, and she suddenly woke up again.

That's right, no matter in the previous life or in this life, this man can only see Yunshang in his eyes, and no one else can enter his eyes or enter his heart.

Er Ya's eyes fell on Yun Chang, probably because of the weekend, she didn't wear a military uniform, but a bright light-colored thin windbreaker, and a pair of bright low-heeled leather shoes that could illuminate the figure. At this time, she was walking briskly beside Gu Shinian, tall and slender, with exquisite eyebrows, and a slight smile on her face, even if Er Ya hated Yun Shang in her heart, seeing the two walking over together The figure also had to be said to be a good match.

Yun Shang also saw Erya now. It can be seen that she attached great importance to this dinner. She changed into a brand new top with folded folds on the skirt, and a pair of brand new cloth shoes with straps on her feet. Even her long hair was braided. The two braids are intertwined behind the head, and are fixed behind the head like a black flower.

Yun Chang lowered her head, pursed her lips, secretly pinched Gu Shinian with her little hand from behind, and lowered her voice, scolding you, a butterfly that attracts bees and butterflies!

Gu Shinian "..."

Seeing the two of them approaching, Erya tugged at the front of her clothes unconsciously with her fingers, with a smile on her face, she looked at Gu Shinian with burning eyes, "Gu, Comrade Gu, are you here?"

Gu Shinian frowned slightly, and pressed his chin down slightly, which was regarded as a response to Erya.

Then he pulled out Yunshang behind him, walked into the restaurant, and asked, "A Chang, you didn't eat much at noon, what would you like to eat at night?"

"Dumplings." Yunshang glanced at Erya, motioning for her to follow, "One plate of dumplings per person, all dishes and staple food."

The most important thing is that you don't need to put food on the same plate with Er Ya when eating dumplings, so that she won't be too hungry to eat.

Gu Shinian couldn't guess Yun Shang's careful thoughts, he secretly laughed in his heart, but he pretended to be confused and said, "Okay, let's eat dumplings, you have always loved them, and it will save you trouble."

The two didn't ask Er Ya's opinion, they went to the counter to buy three dumplings, and then found a table in the corner of the restaurant and sat down.

As long as Erya can look at Gu Shinian, she doesn't care at all about what to have for dinner.

After the dumplings were brought, Yun Shang took out a small bottle of wine from her bag like a magic trick, asked the waiter to borrow three wine glasses, and filled them up one by one.

When Gu Shinian saw that Yun Shang took the opportunity to get her a wine glass as well, as if he wanted to compete with Erya, he felt helpless. He picked up the wine in front of Yunshang and drank it, turned the wine glass on the table, and signaled her to eat quickly and not to be a demon.

Erya watched the interaction between the two, watched Gu Shinian take care of Yunshang gently but forcefully, and almost broke the chopsticks in her hand in resentment.

"Brother Gu, how have you been all these years?"

As soon as Er Ya opened her mouth, Gu Shinian's aura changed, he was no longer as gentle as before, and exuded a cold and alienated aura all over his body.

Obviously, he didn't like what Erya called him.

"Comrade Chen, you'd better call me Comrade Gu." Gu Shinian coldly corrected Erya's address to him, fixed his eyes on the wine glass in front of Erya, and then asked, "Ah Shang said you're looking for I have something important to do,

What is the matter? "

Erya is fully focused on Gu Shinian at this moment, so naturally she didn't miss the sight of Gu Shinian looking at the wine glass in front of her, picked up the wine glass and took a sip of wine,

looked at Yun Shang with flickering eyes, pretending to have something to say , but because of Yun Chang's appearance that it was difficult to speak.

"...Well, Comrade Gu, this matter is very important, why don't we talk about it alone after dinner."

Gu Shinian responded lightly, which was considered to be his agreement.

How could Yun Chang not know that Erya wanted to get rid of her and be alone with Gu Shinian, the corners of her mouth curled up, avoiding Erya's sight, turned her head and smiled sweetly at Gu Shinian, and gave Gu Shinian another He and Erya each poured a glass of wine.

"Erya, how does this wine taste? Second brother Gu asked someone to find it out, and he would be reluctant to try it if I usually want to taste it, how stingy it is."

After hearing Yun Shang's words, Erya felt a strange sweetness in her heart.

This wine was found by Gu Shinian. He didn't give it to Yunshang, but he was willing to share it with her. Does this mean that she also has such a sense of presence in Gu Shinian's heart?

Thinking of this, Erya picked up the wine glass again and drank it in one gulp. She looked at Shang Yunshang with curious eyes mixed with envy, and restrained her complacent emotions, and said, "Yunshang, this wine tastes very good." It's a pity that Brother Gu I won't let you drink.

idiot!

Yun Chang lowered her head, scolded Er Ya secretly, and kicked Gu Shinian, who was "provoking flowers and messing with grass" unceremoniously, and felt a little more at ease.

Erya can't drink enough, and the baijiu has a strong aftertaste. After only three glasses of wine, Erya's face turns red, and even her gaze is duller than before.

Seeing that Erya was almost drunk, Yunshang was worried that she would be completely drunk if she continued to drink, so she delayed the questioning, so she quickly put away the wine bottle, and while urging Erya to eat quickly, she chatted with Erya without saying a word Yang's situation.

For example, how is Erya's life these past few years, has she ever gone back to Xiaoyanglou to see her old neighbors, has she met anyone from Lao Yun's family on the street, etc.

Erya is in a slightly drunk state at the moment, her mind is not spinning so fast, and she remembers that she must not lose her composure in front of Gu Shinian, so she chatted with Yun Shang very "speculatively" for a while.

The dumplings ordered by the few people were not much, and they finished their dinner in only 20 minutes. When they left the restaurant, Gu Shinian gave Er Ya a serious look again, "Comrade Chen, A-Shang and I are going back to the army soon. We have something to do in the car." Let's talk about it."

Yun Chang also nodded repeatedly beside her, "Yes, it's windy now, it's too cold to talk outside, it's better to talk in the car, it's warm and clean." It's very convenient for us to talk.

Chapter 678 Heartache

As the sky gradually darkened, Gu Shinian started the car and slowly drove forward along the road.

Yunshang was sitting in the passenger seat, looking through the rearview mirror at Erya who was sitting in the back row with a dull expression, "Erya, what do you want to see Brother Gu?"

Erya shook her head and said, "There is something important..."

Just when Yunshang was worried that Erya had really drunk too much and couldn't ask any useful information, Erya leaned forward, leaning her head on the back of the driver's seat, trying to get as close to Gu Shinian as possible, speaking slowly and authentically , "Brother Gu, and, Yunshang, do you believe in... entrusting dreams?"

Probably because they were worried that the two of them would label her a feudal superstition, Erya quickly waved her hands and explained, "I'm not engaging in feudal secret letters, I am, but recently I always have dreams, dreaming about Brother Gu, dreaming about Yunshang, I still dream about things that will happen several years later... I don't know if someone gave me a dream, but I have the same dream every day, and I'm worried that something will happen to you..."

When Erya said this, she frowned and stopped, as if she was thinking about what to say next.

Yun Chang turned her head to look out of the window, and laughed silently at an angle that Erya couldn't see.

She had discussed with Gu Shinian before how Erya would talk about the things she had experienced in her previous life. At that time, she had said that Erya might use the excuse of dreaming to give them a hint.

Sure enough, Erya mentioned Tuomeng as soon as she opened her mouth.

Yun Shang winked at Gu Shinian cryptically, closed her eyes and pretended to be asleep, and handed over the scene to the bait Gu Shinian.

The corners of Gu Shinian's mouth trembled, seeing that Yunshang had really become the shopkeeper, so he had no choice but to hold back his embarrassment and talk to Er Ya.

"What have you been dreaming about?"

Hearing Gu Shinian's voice, Erya raised her head and looked at his side face steadily, her eyes were extraordinarily bright in the dark car, "Brother Gu, I dreamed that Yunshang was mentally ill, you can't be with her, she will kill you!"

Hearing this, Gu Shinian's hands holding the steering wheel shook, and his face suddenly became black.

"A Chang is not sick, she will be fine..."

Before Gu Shinian finished speaking, Erya retorted angrily, "She is sick! I, I dreamed about it! In the dream, you will become the battalion commander in the second half of the year. Yunshang, this trash, She grew up listening to the sound of guns and guns in the military area when she was a child, but she was frightened by the big explosion and became insane! She was sick and stayed at home, and she ran out and killed you..."

"Chila!"

After hearing Erya's last words, Gu Shinian slammed on the brakes, and the tires rubbed against the ground making a screeching sound.

"What did you say!" Gu Shinian's face was pale, panic flashed in his eyes, he turned his head and stared at Er Ya, and asked in a condensed voice, "Comrade Chen, you just said that Ah Shang saw the explosion site!?"

At the same time as the questioning, a huge panic flashed in Gu Shinian's heart.

He also thought of Yunshang's shrill scream after being overly frightened when the two families had an accident in the previous life, and how she dared not see anyone and couldn't speak for a whole month.

At that time, the doctor said that Yunshang suffered a huge psychological trauma, and because she was too young to adjust herself, if she didn't tamper with the bloodiest and cruelest memory in her mind, her condition would deteriorate more and more, and eventually she would suffer mentally. There will be problems.

At that time, Yunshang's mental state was already very bad. In desperation, he and his grandfather had no choice but to find a psychiatrist to tamper with Yunshang's memory.

After Yunshang recovered, the doctor also reminded him not to let Yunshang be stimulated, otherwise her sleeping memory would wake up at any time.

But Erya said just now that Yunshang was frightened by the scene of the explosion, which also means that in the life Erya experienced, his Ashang recovered the memory of the previous life, and she remembered the extremely cruel period when Anzhen came out. screen.

Moreover, because of that bloody and cruel memory, she closed herself up again, and became a... crazy in the eyes of people.

Thinking about this, Gu Shinian's hands and feet trembled unconsciously.

He turned his head to look at Yunshang with difficulty, and there were patches of redness in his eyes,

His lips trembled slightly, and his heart seemed to be held by a big hand all the time, pulled out of his chest forcefully, and he broke out in cold sweat from the pain.

In the life that Er Ya lived, what kind of pain did his A Shang suffer?

She remembered the tragic death of her parents and elder brother in her previous life, and the murderer who caused this tragedy was her most trusted lover's biological father.

But she forgot the hatred of her parents and elder brother, and was with the murderer's son.

Facing this absurd and cruel reality, how tormented should Ah Chang be?

No wonder she would close herself up and refuse to face reality.

In Erya's narration, after A-Shang fell ill, he had entanglements with him, and he might have had an accident because of A-Shang.

If all this is true, it may be a good thing for A-Shang to be closed in her own world for the rest of her life. According to the love of the Bai family for her, even if A-Shang is a fool all her life, the Bai family can take good care of her for the rest of her life.

But if the Bai family cured A-Shang and let A-Shang know that he had an accident because of her, she would definitely not be able to withstand the blow.

When the time comes, maybe she will lose even the last ounce of faith in living...

Gu Shinian gritted his teeth tightly, forcibly controlled the panic and anxiety in his heart, wiped the cold sweat off his brow, smiled at Yun Shang who was looking over curiously, started the car, and turned around to the guest house where Erya lived go.

Yun Shang could see that Gu Shinian's mood was wrong, but because of Erya in the back seat, she couldn't ask Gu Shinian what happened.

Seeing that the car was going in the wrong direction, Yun Chang sat up straight and asked curiously, "Second Brother Gu, where are we going?"

"...Send Comrade Chen back." Gu Shinian said in a hoarse voice, coughed again, and explained to Yun Shang, "Ah Chang, it's getting late, there is a regular meeting in the company today, I have to go back as soon as possible ."

Yun Chang raised her wrist to look at the time, and found that it was almost seven o'clock, so she stopped disturbing him from driving, turned her head and said to the drowsy Erya in the back seat, "Erya, Brother Gu and I have something to do at night. How about this, you go back to rest first, and I will come to talk to you with Gu Erge tomorrow." Anyway, you don't want to go back until you have all the experiences of your previous life.

Erya was getting drunk at the moment, her head was throbbing and hurting, she nodded indiscriminately, and she agreed.

The two sent Erya back to the guest house, and Gu Shinian immediately turned the car around and drove quickly towards the military division.

After Gu Shinian sent Yunshang to the military division, he watched her enter the gate of the art troupe without blinking, then got into the car, clenched his fists and beat the steering wheel several times, started the car, and drove towards the guest house where Erya was again. go.....

Chapter 679 Doubt

In the twilight, Yunshang stood behind the gate of the art troupe, confirmed the direction of Gu Shinian's car turning to the city, frowned instantly, stood there for a long time, until someone passed by, then turned around and walked slowly towards the dormitory .

While in the car, Erya said that Yunshang was frightened into a fool by the big bang in her last life. Regarding this statement, Yun Shang felt ridiculous at first, and even sneered at the corner of her mouth, but before the laughter came out, Gu Shinian stepped on the brakes in a gaffe, and even the voice of the question carried him Undetected panic.

Yunshang has been dependent on Gu Shinian for more than 20 years in two lifetimes. It can be said that she knows him better than Gu Shinian.

Due to family reasons, Gu Shinian in the previous life had to bear the pressure that he shouldn't have to bear early on. He had to fight against a group of old foxes who had been running the mall for many years outside, and he had to take care of Yunshang in his studies and life when he returned home.

It can be said that Gu Shinian, who was only eighteen years old, used his immature shoulders to carry a home for Yunshang, and gave her three times the love instead of his parents and elder brothers. He also carried the inheritance left to him by his mother, To assume the responsibility of a business leader.

Yun Shang clearly remembered that the time when Gu Shinian took her out of the capital was the most difficult time for him. At that time, he couldn't sleep all night and night, and he often stood by the window for a whole night, even his hair was in a mess. They fell down one by one.

But even so, Gu Shinian would always tidy himself up before dawn the next day, appear in front of her with the most energetic, calm, confident and powerful posture, and never let her see him A vulnerable side.

Of course, later the company got on the right track, and he really grew up. Calmness and calmness are no longer the mask he wears on the outside, but the powerful self-confidence that exudes from the inside out when he is really strong inside.

Yunshang clearly knew how strong Gu Shinian was. At the most difficult time, he never lost his composure in front of her, but after listening to Erya's words at night, he rarely showed his panicked side, which made Yunshang How not to doubt.

Especially seeing that Gu Shinian was as she guessed, after sending her back to the military division, he went to ask Er Ya alone for questioning, which made Yun Chang's already suspicious heart sink immediately.

What is Gu Shinian afraid of?

What did he hide from her?

Erya came to look for Gu Shinian at this time, does it mean that something will happen to Gu Shinian recently?

He turned back to look for Erya again, how many words could he get out of her mouth, would he tell her the truth about the conversation between him and Erya?

Also, in the future...will she really be crazy?

...

Yun Chang was full of questions circling back and forth in her heart, lying on the bed tossing and turning, unable to fall asleep, almost staying up until dawn with her eyes open.

Seeing that Yunshang didn't get up early to practice for the first time, Wu Xiang and Ye Liqiqi were surprised for a long time.

After Wu Xiang washed his face, he stared at the blue color in Yunshang's eyes for a long time, and asked worriedly, "Yunshang, you are not feeling well today. I look at you and you don't look well."

Ye Li also came over to take a look at Yunshang, laughed "Puff", pointed at the blue color in Yunshang's eyes and said, "Bai Yunshang, you haven't slept all night, have you encountered any embarrassing things? Let's talk it out and let's help you figure out a solution together."

Probably because of the big fall at the hands of Wang Zhenhua and Guan Jincheng, Ye Li has kept a lower profile than before in recent months, and his behavior is more gentle and smooth than before, and he never said any harsh words in the dormitory.

Yun Shang also knew that Ye Li was not good at talking, so she naturally didn't think that she was talking ironically and satirizing herself.

Seeing that both of them were looking at her eagerly, Yun Chang smiled and said, "I'm fine, maybe it's because I ate something cold yesterday, my stomach hurts at night, and I didn't have a good rest."

"That's good." Wu Xiang breathed a sigh of relief, hung the towel on the rope at the head of the bed, put on his coat again, buttoned it up and walked out, telling Yun Shang, "There is still some time, go to the infirmary to get some medicine first." , I'll help you make some hot porridge."

Yun Shang responded,

He tied up his shoelaces and went out with his violin. First, I wandered around the infirmary, and when I came out, I took a small brown medicine bag in my hand, and went all the way to the cafeteria.

"Yunshang, here!"

Wu Xiang sat with Yao Ke and waved to Yun Chang from afar.

When Yunshang sat down opposite, Wu Xiang pushed the porridge in front of Yunshang, and continued, "Tomorrow is Sunday, do you two want to go to the city?"

"I won't go. I haven't slept well these few days. I'll put it in the dormitory to make up for it." Yao Ke said something first, then nodded his chin towards Yunshang, and then said, "Don't ask Yunshang, Gu Lian tomorrow. The boss must come to pick her up early in the morning to improve the food on the mountain."

Yun Chang shook her head wearily, "Second Brother Gu has guests, so he probably won't be free tomorrow."

According to Erya's obsession with Gu Shinian, she will definitely try her best to get along with Gu Shinian more.

Erya is not a fool, she drank too much for the first time, and she will definitely not cause trouble by drinking again the second time, Gu Shinian wants to get some words out of her mouth, so Erya will definitely take the opportunity to hang Gu Shinian with the news after she wakes up. Forced him to go out to find her a few more times.

If nothing else happened, Gu Shinian wouldn't be free to look for her in two or three days.

Yunshang was tangled and worried, and even guessed that it would take Gu Shinian at least two or three days to get the truth out of Erya's mouth, but she didn't expect that Gu Shinian would be far more efficient in this matter than she thought. Much taller.

Erya also did not expect that Gu Shinian would kill her again after sending her back to the guest house.

Even though she drank some wine at night and her mind was a little numb, she was not delirious.

Seeing Gu Shinian appearing at the door with a livid face, without a trace of emotion in his eyes, his eyes piercing like ice knives dipped in a cold pool, the little indulgence left in Erya's mind immediately disappeared without a trace, even a layer of cold sweat oozes out of his back unconsciously.

This was the first time that Erya saw Gu Shinian like this, his whole figure was like a piece of ice, without any trace of popularity.

At that time, Gu Shinian was just standing at the door, and coldly asked Erya to pack up his things and leave with him. Erya didn't even dare to say a word, but just lowered her head and carried her bag, and silently followed Gu Shinian downstairs.

Worried that if he stayed outside for a long time, he would run into patrolling people and cause unnecessary trouble, Gu Shinian didn't ask Erya's opinion, and drove the car directly to the halfway up the mountain where the Tiger Company was stationed, and then opened the door to signal Erya to get off. car.

In order to prevent Erya from playing tricks on him and not telling the truth, he even threw Erya's luggage out of the car, as if he wanted to throw Erya on the mountain if he didn't tell the truth.

Chapter 680: Confession

It was midnight at that time, and a girl was thrown on the mountain like this, she was scared to death.

Coupled with the fact that wolves howling could be heard from time to time on the mountain, Erya would not have the guts to play tricks with Gu Shinian, and she explained everything she knew almost immediately.

In the twilight, Yunshang stood behind the gate of the art troupe, confirmed the direction of Gu Shinian's car turning to the city, frowned instantly, stood there for a long time, until someone passed by, then turned around and walked slowly towards the dormitory .
