Chapter 731 Lessons Audio Novel Listen Online

Chasing girls actually has to turn over the wall of their own house in the middle of the night, and put it under the window to read nonsense folk sayings, which is called poetry.

I can go to you!

This is also called poetry?

The poet's coffin is about to be overwhelmed.

No culture, really terrible.

Looking at the dim light coming from the window of the guest room, Yun Chang wished to find a crack in the ground to get in.

She shouldn't have paired Wu Xiang and Xiao Liuzi together, as Xiao Liuzi's uneducated and brainless appearance is no match for Wu Xiang.

She was wrong, she was really wrong.

Yun Chang covered her forehead, raised her leg and kicked Bai Qingming, "Don't make a fool of yourself, go back to sleep."

Bai Qingming is a thick-skinned person. When his sister found out about reciting poems for lesbians, she didn't feel blushed. She smiled and pointed to the crumpled paper in her hand and asked, "Xiao Qi, why don't you help me look at this Poetry, I think it's well written and easy to read."

Yun Shang: "..."

There was a lot of activity between the two outside, except for Wu Xiang who was too shy to hide in the room and embarrassed to come out, Bai Yancheng and his wife came out with their clothes on.

After Bai Qingming did something good, without saying a word, Bai Yancheng took off his shoes and chased after Bai Qingming to beat him.

"You shameless bastard, let me see if I don't break your leg..."

This little bastard has learned how to turn over the walls of the house, and even dares to squat under the window to read poems to lesbians. Isn't this a hooligan!

Also, what is that written on the paper? After a rough look at it, he was ashamed to say that it was a poem, and it was a shoulder pole and a hero. Does it have anything to do with chasing lesbians? What a shame!

Just because of his stupidity, he won't be able to marry a wife if he breaks his two dog legs in this life.

Bai Yancheng weighed his feet and waved the soles of his shoes vigorously, while Bai Qingming was so frightened that he walked around the yard, fearing that he would be caught by the soles of Lao Tzu's shoes.

Listening to Bai Qingming's exaggerated voice of crying father and mother, Yun Chang helplessly covered her face, and she was glad that the old man didn't live here today, otherwise, seeing this lively scene, she would have appointed to join the 'beating son' with a walking stick in the battle.

Lin Wenlan didn't care about the noisy father and son, holding the crumpled letter paper, laughing until tears came out.

Ouch, it's terrible, the little piggy at home has finally learned how to pull cabbage!

Although the technique is not very good, but you can arch a few more times, if you are lucky, you may not be sure if you encounter a lame eye.

Lin Wenlan pulled Bai Yancheng back to the room amusedly and angrily. Before leaving, she still told Yun Shang to watch over Bai Qingming and stop him from scaring Wu Xiang with stupid things.

Yun Chang got Shang Fang's sword, kicked Bai Qingming into the room very rudely, pulled the chair to the middle of the room and sat down, looking coldly at the uncomfortable Bai Qingming.

"Xiao, Xiaoqi, it's too late, you, you should go back to bed quickly."

Yun Shang raised her eyebrows and asked, "Have you thought about it, do you really want to date Wu Xiang in the future?"

"Didn't you think so?" Bai Qingming frowned, with a dazed expression, "Don't you want Comrade Wu Xiang to be your sister-in-law? My elder brother is about to become a father. I won't date Wu Xiang. Why do you call her sister-in-law?" ?"

Yun Shang: "..."

No one is looking for someone that a girl likes, so who the hell are they looking for a wife for?

Yun Chang wanted to get angry, but seeing Bai Qingming's faint smile and warm and soft eyes, the anger in his heart subsided unknowingly.

Bai Qingming is only two years older than her. In future generations, he will still be a college student who has not left the ivory tower. He has just begun to understand, and he still doesn't understand the responsibility and responsibility after getting married.

It was because she had too high demands on Bai Qingming.

Yun Chang was silent for a while, and asked softly for the first time, "Brother, this is to find a wife for you, it depends on whether you like it or not. You don't have to consider my relationship with Wu Xiang, just say whether you like it or not." Wu Xiang, let you live with Wu Xiang for the rest of your life, are you willing or not?"

Probably Yun Shang's attitude is too serious,

Bai Qingming also put away the smile on his face, frowned and thought for a while, then scratched his head and said, "I can't tell, I just watched you want Wu Xiang to be your sister-in-law... But I think Wu Xiang is also pretty good, with a good temper and good looks, and I can tell you that..."

Having said that, Yun Chang probably knew what Bai Qingming was thinking.

This guy doesn't really like Wu Xiang for the time being, but he definitely doesn't hate him. He also thinks that Wu Xiang's temperament suits his taste, and he is also interested in talking to Wu Xiang.

Yun Chang felt that this alone was enough.

A straight steel man who can kill a bunch of cute lesbians with his words and deeds, is interested in talking to a lesbian, and even praises a lesbian for his good temper and good looks. Isn't this just a good impression of the other party?

This is a good start, don't you have to have a good impression first when you are in love?

With a good impression, the two sides get along again, and the relationship will be deep after a long time.

Yun Chang felt that she still had hope to call Wu Xiang's sister-in-law, but just when she smiled slightly, she suddenly thought of Bai Qingming's good deeds at night, and felt that Bai Qingming, an illiterate, was really not good enough for Wu Xiang. Xiang, suddenly felt the urge to kick Bai Qingming.

It's so disappointing!

I told him to study hard before, but he was disobedient and skipped classes every day, but now the fact that he is an idiot has been exposed!

Yun Shang tilted Bai Qingming's eyes, and did not hide the disdain in her eyes, "Little Six, Wu Xiang is very good. He was a pacesetter in business when he was in the regiment. He is good-looking and smart. Now he is admitted to university and has become a What about you? You can't even read all the words, so how dare you read poems to Wu Xiang? You're not afraid of being laughed at!"

The most important thing is that Wu Xiang is my friend. You are not afraid of losing face as an illiterate, but I can't afford to lose that person.

"What's wrong with me?" Being trampled on by his sister, Bai Qingming became anxious immediately, and blushed and said, "I am also a professional pacesetter in the army! I am still a probationary party member (although because of fighting with others It's yellow, but at least it shows that he is also very good.), I have made meritorious deeds several times, why am I not good!"

Seeing that Bai Qingming was talking loudly with her, Yun Shang continued to stab her softly, "Wu Xiang is a college student and a man of culture, what about you?"

Someone who barely graduated from high school, still has the nerve to say that he is excellent?

Who gave you the courage?

Bai Qingming didn't want to lose face as an older brother in front of Yun Chang, so he stubbornly raised his chin and said, "Then I'm also a high school student! When I get promoted, I'll be a young officer with a bright future!" Your little brother, I'm excellent It's on!

Seeing that it was getting late, Yunshang didn't bother arguing with Bai Qingming anymore, "OK, OK, you are the best. By the way, don't go to Wu Xiang these two days, I will find a chance to ask Wu Xiang about it." Say it again."

Chapter 732

Yunshang originally planned to test out Wu Xiang's tone before Bai Qingming returned to the army, but after Bai Qingming climbed over the wall to recite poems, Wu Xiang, who has always been calm and generous, blushed when he saw Yunshang, and squeaked Squeaking left and right, just to not give Yun Shang a chance to ask questions.

With Wu Xiang's appearance, it was not easy for Yun Chang to ask questions, for fear of asking, Wu Xiang couldn't hold back her face, so she just avoided seeing her.

The matchmaking for Bai Qingming didn't go well, Yun Shang felt very upset, and when she called Gu Shinian, she inevitably complained a few times, saying that Bai Qingming was so disappointing that it was hard for her to find a good wife.

Gu Shinian was also shocked by Bai Qingming's coquettish manipulation. After a while, he realized that Wu Xiang was Wu Hongyu's own sister who had just been transferred, and his eyes lit up immediately.

These two are so suitable!

If Bai Qingming got married with Wu Xiang, wouldn't Yunshang become the sister-in-law of the Wu family? Even if Wu Hongyu missed Yunshang any more, he had to obediently take back his little thoughts.

After all, it's not the old society now, and there's no such thing as changing marriages for a long time.

Besides, the sister-in-law who misses her own sister is not an honorable thing.

"A-Shang, don't worry about this matter, I'll give Little Six some advice later, and keep these two people to succeed."

Yun Shang hesitated, "I didn't ask Wu Xiang what he thought, in case Wu Xiang doesn't like Little Six, let's not get involved in this matter, let them solve it by themselves."

Although she really wanted Wu Xiang to be her sister-in-law, if Bai Qingming wasn't Wu Xiang's type, she wouldn't be able to force the two of them together, it's better to let nature take its course.

Gu Shinian had a different opinion from Yun Shang. He felt that Wu Xiang had a good impression of Bai Qingming, otherwise Wu Xiang would not have agreed to Yun Shang to stay at Bai's house for two nights after knowing that Yun Shang wanted to match her and Bai Qingming.

Wu Xiang is a smart person. If she had a bad first impression of Bai Qingming, she would only break Yunshang and Bai Qingming's minds immediately, and it would be impossible for Bai Qingming to get close to her.

The two nights she stayed at Bai's house sent a signal that she didn't dislike Bai Qingming.

Gu Shinian was in the office thinking about helping Bai Qingming pursue Wu Xiang, while Kong Changzheng took Wu Hongyu upstairs and went straight to the office indifferently.

"Gu Lian... Battalion Commander Gu, Comrade Wu Hongyu has arrived."

Thinking that Gu Shi had just made an exception to be promoted to battalion commander two days ago, and had transferred a new partner from the southern military region, Kong Changzheng felt bad for being a thief.

He also worked hard in the mountains for three years, and all the cadres of the Maoyuan Tiger Company were promoted, but he was the only one who stood still without any signs of trouble?

He did a lot of work, sweated a lot, and completed the task equally well. Why didn't he see his hard work in the organization, so why did he get a paratrooper from other places to pick his peaches?

Was this someone stabbing him in the back, or was this little guy called Wu Hongyu stealing his place?

Kong Changzheng has a fiery temper. The first time he saw Wu Hongyu, he wanted to beat him up. Fortunately, he still remembered that this was a camp area, and he was wearing a military uniform. over here.

As soon as Wu Hongyu came to report for duty, he was targeted by Kong Changzheng. He was confused, but when he looked up, he saw Gu Shinian standing by the desk, looking at him critically.

Why are the members of Tiger Company so weird? Either they speak in a variety of thorny ways, or their eyes are as piercing as needles, and they don't have the enthusiasm to welcome their new partners at all.

Could it be that he offended these people without knowing it?

But he had never seen these people before.

Wu Hongyu murmured in his heart, but greeted Gu Shinian calmly, "Hello, this is Battalion Commander Gu, I'm Wu Hongyu..."

"I know you." Gu Shinian interrupted Wu Hongyu and said meaningfully, "Bai Qingzheng mentioned you to me before."

Wu Hongyu was stunned, "Do you know Lao Bai?"

"I know you." Gu Shinian smiled, "We've known each other since we were young. We were in Linyang before,

I eat at Bai's house on weekdays, and later I went to the cafeteria in Beijing to eat at university. "

Wu Hongyu's eyes shrank, and his face was no longer calm.

Having eaten at the Bai family for several years, it means that he is very familiar with the Bai family!

Back then, when Bai Qing was aware of his thoughts, he mentioned that Yunshang already had a date, and that Yunshang and her date grew up together when they were young, and even vaguely mentioned that the elders of the Bai family had already dated Yunshang. When half a son saw it.

And Gu Shinian said that he had eaten at the Bai family for a few years before, if the Bai family didn't treat Gu Shinian as their own family, they wouldn't be able to support Gu Shinian like a son for several years.

Therefore, Gu Shinian is very likely to be Yun Shang's partner! ?

Wu Hongyu's face gradually turned ugly, his eyes met Gu Shinian's without avoiding, and the atmosphere froze for a while, as if even the air was filled with sparks.

Kong Changzheng was a rough man, so he didn't notice the strange atmosphere between the two of them. After hearing that Gu Shinian had a common acquaintance with his new partner, his glass heart shattered instantly.

Co-author Gu Shinian really didn't turn his elbow outward!

There was already an oblique relationship between Ren and his new partner, no wonder he was warned not to touch this Wu in the camp.

After a long time, it turned out that he was the outsider!

Kong Changzheng's face turned green, he felt that he was a big fool, he kicked Gu Shinian's table violently, then turned his head and gave Wu Hongyu a hard look, turned around and walked out with great strides. Qiqi's novels are first published on the Internet

Wu Hongyu looked at Kong Changzheng's back with a confused look on his face. Could it be that he really offended this deputy company commander Kong before? But why does he have no impression at all?

Although Gu Shinian didn't want to see Wu Hongyu in his heart, he didn't bring his personal emotions into his work. After taking the documents Wu Hongyu brought over, he calmly asked him to sit down and talk.

While the two were discussing work above, Kong Changzheng hurried out of the camp like a lion with a wind wrapped around his head.

He was so pissed off!

The two inside didn't have a good thing, the one surnamed Gu turned his face and was ruthless, and the one surnamed Wu was even more despicable, so he went outside to find an ambush, and he had to beat up the sack surnamed Wu later. .

.....

After Wu Hongyu finished talking about serious matters with Gu Shinian, thinking that there was still some time, he was about to go home.

Unexpectedly, not far from the campsite, three figures jumped out of the grass by the side of the road, the one with his face covered, the one with his hands tied, and Wu Hongyu was knocked down with three blows.

Wu Hongyu had been engaged in clerical work before, and his skill was not even comparable to that of Bai Qingzheng, and how could it compare to the specially trained vanguard of the Tiger Company, who were carried into the woods almost without resistance.

Kong Changzheng was so angry that he motioned to two helpers to hold him firmly, and punched Wu Hongyu hard on his clothed head. Then they tied the struggling Wu Hongyu firmly to the tree, and then jumped up like a gust of wind. out.

From the beginning to the end, Wu Hongyu did not see the face of a single attacker.

Gu Shinian found out about Wu Hongyu being wrapped in a sack and tied outside for most of the day at night. He knew in his heart that Kong Changzheng led people to do it, but he still pretended to be angry and asked Kong Changzheng to take charge of the investigation. In this matter, the murderer must be found as soon as possible.

Wu Hongyu: "..."

The surname Gu is so sinister!

It is obvious that Kong Changzheng did this. You asked the murderer to investigate himself, are you sure you are not joking?

Kong Changzheng: "..."

Why are you pretending to be confused?

You clearly know that I led someone to do this, and let me be responsible for investigating this matter. Does this mean that you want me to find someone to take the blame?

"There's no need to investigate. Maybe the comrades want to compete with me, a newcomer, as a joke. Anyway, I don't have any serious problems, so let's forget it this time."

Wu Hongyu, the sufferer, even said he didn't want to pursue it, so Gu Shinian naturally wouldn't be too troublesome and insisted on investigating it to the end.

Anyway, since this incident happened outside the camp, it may not necessarily be done by the comrades in the Tiger Camp.

No matter what Wu Hongyu was thinking, Gu Shinian felt quite at ease anyway. He went back and took out the advanced study notice that he had pressed under the drawer, preparing to surprise Kong Changzheng for the second time.

It's a pity that this study notice was a surprise to other comrades, but it was almost a shock to Kong Changzheng, a big bastard.

The 1.8 meter man was holding a thin piece of paper, the corners of his mouth twitching non-stop.

"...Let me say, Lao Gu, can you help me tell the higher-ups, is it okay to give my place for further study to other comrades?"

Isn't it embarrassing for me, a rough guy with a gun, to get a pen?

Gu Shinian didn't bother to talk to him, took out a brand new notebook and threw it into Kong Changzheng's arms, and said angrily, "Do you know why the organization changed my partner this time?"

"I know," Kong Changzheng said angrily with his face darkened, "Because that surnamed Wu has a background, he saw that our Tiger Company is developing well, so he picked my peaches by tricks!"

Gu Shinian was speechless. He looked at Kong Changzheng for a while with the eyes of a fool, and said very bluntly, "Wrong, the reason for changing partners is because you are uneducated. Now the tiger company has become a tiger battalion. You alone don't even have documents. I don't understand the big bastard, how do you lead the soldiers in the battalion, how do you convey your thoughts to the soldiers below, how do you take everyone to study the documents?"

Kong Changzheng was quite unconvinced, and was so angry that he almost slapped the table, "Fart! Is it enough for a soldier to be able to fight? Why recognize so many messy words!"

When it comes to the battlefield, the gun barrels that everyone compares with are not for literacy, but for nothing.

Gu Shinian didn't even bother to talk about him anymore. It was obviously a good thing. It was a good sign that the higher ups valued Kong Changzheng and planned to reuse him to promote Kong Changzheng. Extrapolation, I really don't know what is good or bad.

Kong Changzheng toiled for a long time, seeing that Gu Shinian couldn't make sense, he went to the foot of the mountain to discuss the matter with his relatives and uncles, saying that he wanted to give up the place for advanced studies, but Master Kong kicked him out of the gate.

At the end of May, Kong Changzheng boarded the train to the capital with a sad face, carrying the package.

.....

Bai Qingming has been enjoying his life recently. Ever since Gu Shinian called him to teach him how to chase Wu Xiang by writing letters, he held the letter paper every day and searched for the ink that was not much in his stomach. He tried every means to please Wu Xiang. Qiqi's novels are first published on the Internet

It has to be said that Bai Qingming's dedication was quite rewarding. At the beginning, Wu Xiang's reply was only a few short sentences, and his attitude was not lukewarm. Afterwards, Wu Xiang's reply gradually became thicker. Occasionally, he would care about Bai Qingming a few words, and the two of them got along with each other in such an awkward and natural way, but they both developed some feelings.

Yun Chang didn't know that Bai Qingming and Wu Xiang wrote letters in private. After entering June, with the graduation of a class of college students and leaving school, the student union will have a few vacancies. Liu Min and the other two freshman student union cadres racked their brains to fill these positions with freshman students so as to increase the weight of freshmen in the student union.

So, Qiao Yu and Lin Wenhua, who had wanted to join the student union before, started to move again, but Liu Min felt that the two of them were not capable enough, and did not pick up their words from the beginning to the end. Instead, they often tested Yunshang in words, and wanted Yunshang to enter the propaganda department give her a hand.

Yun Shang was not interested in joining the student union, and didn't take Liu Min's words very much, but Qiao Yu and Lin Wenhua, who knew Liu Min's thoughts, were not very happy, and the atmosphere in the dormitory began to be weird again.

Fortunately, everyone in the dormitory knows that Yunshang's family background is not simple, and they are not interested in joining the student union. No one dares to speak harsh words in front of Yunshang, and Yunshang's life is quite quiet.

However, in comparison, Liu Min's life is not very clean.

At noon that day, Lin Wenhua entered the dormitory with a bag of peaches in his hand, with his chin held high. He glanced at Qiao Yu proudly, then put the peaches on Liu Min's table, and said in a voice that everyone could hear, "Liu Min, the peaches from the fertilizer factory, this is your man's share."

As soon as these words came out, not only the people in the dormitory were stunned, but even Liu Min was stunned.

The fertilizer factory has such good welfare benefits, and even distributes peaches to temporary workers?

Liu Min frowned and asked Lin Wenhua, "Did you go to the fertilizer factory at noon?"

"Well, I'm going to see my aunt." Lin Wenhua took out a washed peach, took a bite of it, and said in a light and disdainful tone, "My aunt asked the director of the personnel department, saying that your man is doing well. It can be corrected."

Hearing this is a bluff.

You know, now is the time for the educated youths to return to the city. Those educated youths who have transferred their hukou are still waiting for the state to arrange jobs. Mr. Liu Min has a foreign hukou and can find a temporary job. How can it be possible to become a regular person like a local with a registered permanent residence?

Liu Min's face froze for a moment, and his smile was very ugly, "My child's father's household registration is still in his hometown, so it's fine if he can find a temporary job and do it, and he doesn't expect to become a full-time worker."

Lin Wenhua smiled, with a smug look on his face, "I asked my aunt, if the job is done well with the foreign registered permanent residence, the factory leader may second the working relationship, so it will become a full-time job. ."

Yun Shang looked at Lin Wenhua, then at Liu Min, and always felt that these two people were fighting each other.

Chapter 733 make up the debt

Qiao Yu listened for a long time, and burst out laughing with a "puchi", "Oh, I'm dying of laughter, your aunt is so powerful, she can manage the affairs of the factory leaders."

Lin Wenhua gave Qiao Yu a disdainful look, "Of course my aunt can't manage the affairs of the factory leaders, but my aunt works in the personnel department, so of course she knows how to go through these procedures."

As soon as these words came out, Liu Min's face became even more ugly, while Qiao Yu's eyes flickered for a long time, and she looked at Liu Min unintentionally, then lowered her head and did not speak.

Everyone knows that the director of the personnel department still has the right to recruit two temporary workers.

Liu Min's man was able to find a temporary job in a chemical fertilizer factory at the critical moment when the educated youth returned, and there must be someone to help.

Combined with Lin Wenhua jumping up and down to join the student union recently, and Liu Min is a member of the student union, and after the May Day event, he has a small right to speak in the student union, everyone can guess what's going on.

This Lin Wenhua, in order to get into the student union, even persuaded his relatives to arrange a temporary job for Liu Min's man, effectively solving Liu Min's difficulties in life.

Naturally, Liu Min had to repay this great favor, and the only way she could repay it was probably to help Lin Wenhua get into the student union.

Yun Shang could think of things, and with Qiao Yu's shrewdness, naturally she could too. This was also the main reason why Qiao Yu gave Liu Min a meaningful look and stopped arguing with Lin Wenhua.

There is nothing to say about this kind of tacit matter, after all, she still has something to ask for from Liu Min, there is no need to poke Liu Min's painful feet and make Liu Min lose face.

Qiao Yu stopped arguing with Lin Wenhua, and the dormitory became quiet for a while, except for the sound of Lin Wenhua eating peaches.

Liu Min's face was very ugly, but she still forced herself to smile, and divided the peaches in the net pockets among everyone.

Yun Shang noticed that there were only nine peaches in the net pocket, and after dividing them among everyone, there were only two left. She probably wanted to leave the peaches to the children, so Liu Min carefully put the two peaches into the drawer.

"Liu Min, peaches are delicious, thank you."

Yun Shang took a bite of the peach, thanked Liu Min with a smile, and before she could speak, she took out two plums the size of a child's fist from her bag and put them on Liu Min's desk, "I have two plums here, you Take it home and give it to the kids to taste."

These days, fruits are even more difficult to find than pastries. One can imagine how distressed Liu Min felt when he gave everyone the peaches that were originally given to the three children.

Seeing this, Qiao Yu also grabbed a handful of white rabbit toffee from the cabinet and put it on Liu Min's desk, "I can't eat your peaches for nothing, this is our Shenshi toffee, take it home and give it to the children ."

As soon as the two took the lead, other people in the dormitory felt embarrassed to eat Liu Min's food for nothing, and more or less gave some gifts in return.

After all, Liu Min's life in the dormitory is considered the most embarrassing. There are three children at home, so no matter what you do, you can't compete with the children for food.

The atmosphere in the dormitory was not good, Yunshang was going to the classroom to read a book, just went down the stairs, Liu Min also walked down quickly with a net bag.

Seeing Yun Shang looking back at her, Liu Min smiled and said, "There is still a while before class, I will go home."

Yunshang nodded, thinking that one of the two couples was going to school and the other was going to work, she asked curiously, "You are not at home during the day, who will take care of the children?"

"The eldest can help take care of the two younger ones, but the eldest will be eight years old next year, so he has to send them to school no matter what. At that time, we can only send the two younger ones to kindergarten."

Thinking of the man's job, Liu Min let out a long sigh, and then asked, "Yun Shang, are you really not interested in joining the student union?"

"Our economics department has too many courses. I don't have enough time to read books in my spare time. I really don't have the energy to worry about the affairs of the student union."

After getting the exact answer, Liu Min gave up completely, and said regretfully, "In this case, I can only recommend other students."

Thinking of the favor that Liu Min owed Lin Wenhua, Yun Shang smiled and stopped answering Liu Min's words.

"After I go back, I will discuss it with the child's father to see if I can find a job again.

The fertilizer factory probably won't last long. "

Yun Shang was stunned, and asked in surprise, "Aren't you going to recommend Lin Wenhua?"

"Not recommended, Lin Wenhua is not capable enough."

What's more, if she really recommended Lin Wenhua to join the student union, as long as her man worked in the fertilizer factory for a day, Lin Wenhua would want to take advantage of her for a day.

A ticking time bomb like this should have been dismantled from the start.

Yun Shang really looked at Liu Min with admiration this time, and asked, "It's hard to find a job now, is your husband willing to change jobs?"

"What can he do if he doesn't like it?" The smile on Liu Min's face was very ugly, "I can't be pinched by someone just because of a temporary job."

It is true that Liu Min is an official fan, but it is precisely because she is an official fan that she cannot leave any excuses for others to manipulate. Qiqi's novels are first published on the Internet

Rather than being a puppet, it's better to live a normal life.

Yun Shang nodded in agreement, and asked calmly, "Aunt Lin Wenhua found you the job in the fertilizer factory?"

"Well, I didn't know about this before. My man only said that he found a temporary job, but he didn't say that Lin Wenhua helped find the job. It was Lin Wenhua who talked about it in the dormitory, and I found out."

"She is looking for a job for you because she wants you to recommend her to the student union," Yun Shang said.

"Well, Aunt Lin Wenhua is the officer of the personnel department. Didn't you hear what Lin Wenhua said just now? The officer of the personnel department said that if my man does a good job, he can become a regular worker. The implication is that if he doesn't do a good job, the temporary worker can also be dismissed at any time. But you know what Lin Wenhua's goal is, and whether I do a good job depends on whether I can give her what she wants."

No one is a fool, if she really recommends Lin Wenhua out of conscience, there will definitely be rumors.

At that time, it will be her who will be most affected by the image. She is an upright college student with a bright future and a promising future. How could her reputation be stained because of such a small favor.

Lin Wenhua's methods are too low-end.

Although Yunshang didn't understand why Liu Min liked being an official so much, seeing that she was willing to live in hardship and decisively let her husband leave the fertilizer factory, she still admired her wisdom and foresight.

The two parted at the fork in the road. Yun Chang watched Liu Min walk farther and farther with steady and firm steps. After thinking about it, she also changed direction and walked towards the school gate.

Liu Min has to use her own subsidies to support her family, and she is indeed not rich. In addition, she just bought her a bag of expensive milk powder a while ago, so one can imagine how important this part-time job is to their family.

She can't understand some of Liu Min's actions, but she really admires Liu Min's open-mindedness and strength.

Such a resilient woman is worthy of respect, so she is willing to give Liu Min a hand if she can.

Chapter 734 Visiting Relatives

Liu Min moved very quickly. The day before, she forcefully ordered her husband to quit his job as a temporary worker in a fertilizer factory. The next day, he selected a student from another department with good grades and abilities to recommend to the student union.

Lin Wenhua and Qiao Yu's hopes of joining the student union were shattered again.

Qiao Yu was in a better mood. Although she was very dissatisfied with Liu Min's behavior of turning her elbow outward, the classmates recommended by Liu Min were indeed better than her.

In addition, Qiao Yu didn't know that Liu Min's husband was no longer working in the chemical fertilizer factory, and she was still wholeheartedly waiting for Lin Wenhua to turn against Liu Min, so naturally she wouldn't rush ahead of Lin Wenhua.

It's a pity that Lin Wenhua had no way to handle Liu Min. Even if he said a few harsh words in the dormitory, Liu Min would push him back without being soft or hard.

After the student union recruited new jobs, Yunshang gave Liu Min and his wife a big surprise, and helped them find a temporary job in a furniture factory. Although the salary was not high, it was considered an income for their family.

Liu Min was very grateful to Yunshang, and originally wanted to invite Yunshang to have a meal at home, but unfortunately the school was on summer vacation, and on the third day after the holiday, Yunshang followed Lin Wenlan to the southern military region with all her money. Even if I want to invite guests, I can't find anyone...

Yun Shang couldn't take care of Liu Min's thankful meal at the moment, and was staring at Cheng An'an's round belly with a curious expression, poking out her paws, wanting to touch but daring not to. Qiqi's novels are first published on the Internet

This belly is really big, I don't know what the little nephew looks like, will he be as handsome as the big brother? Well, my sister-in-law is pretty good-looking too, it's fine to look like my sister-in-law...

Cheng An'an stayed in the Bai family for a few days when she got married, and then hurried back to the southern military region, and never really got along with the Bai family.

However, even if Cheng An'an only stayed in Bai's house for a few days, he could clearly feel how favored the two sisters-in-law were at home.

In addition, Bai Qingzheng always misses his two younger sisters on weekdays, and whenever he gets something good, he will send it back to Yunshang and Bai Qingyue. Cheng An'an is even more aware of the importance of the two sisters-in-law in the Bai family.

After knowing that Yun Shang would come to visit relatives with Lin Wenlan, Cheng An'an was still worried for several days, fearing that Yun Shang was a little girl spoiled by her family and would not get along with her when she came.

After all, the whole family of the Bai family, from the old man to the next few cousins, one counts as one, and all of them are masters who dote on their daughters without a bottom line. It is true that a little girl raised by this kind of family has not grown into a bear child. It is burning high incense.

Seeing that Yun Shang was afraid of touching her, she regretfully withdrew her hand and sat far away on the other side of the sofa. Cheng Anan was stunned for a moment, and immediately smiled and took Yun Shang's hand, placing it on her round belly.

"Come on! Xiaoqi, you, the aunt, also say hello to the baby."

Yun Chang felt the belly bulge suddenly under the palm of his hand, and his brows flew up in surprise. This is... the little nephew greeted her through the belly?

After Lin Wenlan tidied up the small quilt and mattress that she had brought, she looked up and saw Yun Shang's eyes widen in surprise, touching Cheng An'an's big belly curiously, and a smile appeared on her face.

"Xiao Qi, your sister-in-law is now a month old and gets tired easily. You can just look around and don't tire your sister-in-law by making noise."

Silly girl, An An's stomach is almost nine months old, just take a look, but it can't be touched endlessly like a toy.

"Hey, I got it!" Mom said, and Yun Shang responded crisply, and reluctantly withdrew her hand.

Lin Wenlan asked about Cheng Anan's physical condition, and knowing that her pregnancy was fine and the child in her stomach hadn't made trouble with her, she said happily, "Just like my little sister-in-law, I know that I love others in my stomach, and I will definitely love her in the future." He's a sensible kid."

Yun Shang: "..."

Mom, are you praising me or your grandson?

And I'm already a big girl, put it in front of my family, there's no need to brag about me like that, blushing!

Cheng Anan: "..."

have a look,

The mother-in-law had to bring her sister-in-law with her even to praise her eldest grandson, and the sister-in-law was indeed the most favored in the family. 呼嘯緞趙奇奇 novel 盧|w~w~

Cheng An'an has a straightforward temper, and Lin Wenlan is not the kind of person who can't see his daughter-in-law and son being close, and the two mother-in-law and daughter-in-law are separated by thousands of kilometers, and they don't see each other once a year. Now they are sitting together and talking about the situation at home. , Lala homely, the atmosphere was very lively and intimate for a while.

Bai Qing was coming back from get off work, and as soon as he entered the door, he saw three people chatting enthusiastically in the living room.

Seeing his mother and his own sister suddenly appearing at home, Bai Qingzheng thought he was dazzled, and blinked vigorously to make sure that he was not mistaken.

"Mom! Xiaoqi! When is the time for you to arrive, why don't you call me before you come, so that I can pick you up at the station!"

Lin Wenlan looked Bai Qingzheng up and down, confirmed that he was not thin, and nodded with satisfaction, "Xiaoqi and I are not illiterate, and we don't bring much, so you don't need to pick it up. An'an helped us find a logistics car, and I The two got on the train outside the station and arrived in half an hour."

Yun Chang curled her lips secretly, not to expose Lin Wenlan's careful thinking.

It was obviously a surprise inspection on purpose, wanting to know how the elder brother and his wife are doing, and they said it so grandly, as if they were considerate of the elder brother and sister-in-law.

Alas, it really is the husband who sings and the wife follows, and Captain Lin has also learned from Bai Siling.

Bai Qingzheng is now patronizing and happy, so naturally he doesn't think too much, went into the room and washed his face, and after coming out, he stretched out his big hand and rubbed Yun Shang's head vigorously, until Yun Shang's smooth hair was rubbed In confusion, Bai Qingzheng retracted his hand with a smile.

"Xiao Qi, you're hungry, what do you want to eat, brother will buy it for you."

"Are you going to the cafeteria to buy food?"

As soon as Yunshang entered the door, she noticed that the kitchen was clean and tidy, with only a few staple foods and a handful of freshly bought vegetables. It didn't look like she often started a fire at home.

The couple probably eat in the unit canteen on weekdays, at most they can have breakfast at home, and then have supper or something, otherwise the kitchen wouldn't be so clean.

"Well, your sister-in-law and I both have to go to work, and we rarely open fire at home..."

While Bai Qing was talking, he took out a few lunch boxes from the kitchen and asked Lin Wenlan and Cheng Anan, "Mom, I'll take Xiao Qi to the cafeteria to buy food. Do you and An An have anything you want to eat?"

Lin Wenlan had been catching the train for a few days, but she had no appetite and was too tired to move, so she asked Yun Shang to buy whatever she wanted.

And Cheng Anan is now a pregnant woman who is about to give birth, so she should pay special attention to her food. Fortunately, Bai Qingzheng knows Cheng Anan's taste, so without her explaining, she turned around and pushed Yunshang, who was so hot that she didn't want to go out, to the small cafeteria.

Chapter 735: Zhou's Sister-in-law

"Ah! Battalion Commander Bai, I heard that your mother and sister are here today. This is your sister, right?"

As soon as the two went out, they were stopped by a woman in her thirties. While asking questions, she looked Yun Shang up and down with her eyes, and there was a bit of pickiness and disgust in her eyes.

Yun Chang didn't like the woman's eyes looking at the goods very much, frowned, and hid behind Bai Qingzheng.

At the same time, Bai Qingzheng also stretched out his hand to pull Yunshang behind him, nodded towards the other party while walking towards the cafeteria, and greeted the other party in a very cold tone, "Hello, sister-in-law of the Zhou family."

Seeing that the two were about to leave, the woman hurriedly put down the broom in her hand, chased after a few steps, and asked eagerly, "Hey, hey! Battalion Commander Bai, don't go, you haven't said it yet, it's you dear girl?"

Seeing the other party's ignorant pestering, Bai Qingzheng's face was very ugly, but he stopped and replied, "Sister-in-law Zhou, it's the first time for my sister to come to our military region, and she is not familiar with this area. I'll take her to Go around the yard."

Bai Qingzheng spoke politely, but Yunshang could hear the indifference in his tone, and while the two were talking, she carefully looked at the sister-in-law of the Zhou family.

About thirty-six or seven years old, with a thin body, a washed white red shirt was loosely worn on the body, and there were two patches on the skirt. It was obvious that her life was not going well.

However, even though Zhou's sister-in-law has a sallow complexion, two conspicuous spots on her cheeks, and many fine lines around her eyes, the beautiful outline of her youth can still be vaguely seen between her eyebrows and eyes.

It can be seen that this sister-in-law of the Zhou family was also very good-looking when she was young, but her eyes were too vivid and not lovable enough.

Maybe the coldness on Bai Qingzheng's face was too obvious, or maybe he asked the news he wanted to know, the sister-in-law of the Zhou family no longer stopped the two of them, but stood where they were, watching them go away with a smile.

After turning the corner, Yunshang curiously asked about the identity of Zhou's sister-in-law.

"That's the daughter-in-law of the deputy battalion commander of the first battalion. She just came from her hometown last year." After Bai Qingzheng finished speaking, he thought for a while, then lowered his voice and told Yunshang, "Xiaoqi, there are many sisters-in-law and sister-in-law of the Zhou family in the courtyard. Even the military wife can't get along, so you should be careful when you go out these two days and try to avoid her."

"Yeah." Yun Chang nodded, thought for a while and then asked, "Brother, she is the daughter-in-law of the deputy battalion commander of the second battalion. Which battalion commander are you?"

Anyway, it's definitely not the battalion commander of the second battalion. If Bai Qing is the immediate boss of Zhou's sister-in-law's man, then she wouldn't dare to approach Bai Qingzheng so ignorantly.

"I'm in the first battalion. By the way, I've been promoted this year, don't you know?"

"Understood, I called Brother Gu before I came, and I plan to go directly to Yicheng after returning from your side."

Speaking of Gu Shinian, Yun Chang's eyebrows and eyes became softer, and there was a slight smile on the corner of her mouth, she looked like a little girl in love.

Bai Qingzheng felt a little sour in his heart, and secretly scolded Gu Shinian, then asked with a smile on his face, "Xiaoqi, do you know about Shi Nian's change of partner?"

Yun Chang was stunned, "Brother, didn't Deputy Company Commander Kong get promoted this time?"

Comrade Kong Changzheng performed very well on weekdays. He endured hardships and stood hard work. He was aggressive and accomplished his tasks well. He also partnered with Second Brother Gu for three years and cooperated tacitly. Logically speaking, he should be promoted this time as well. .

What the hell is going on?

"It turned out that the old partner of Shi Nian was surnamed Kong." Bai Qingzheng smiled, and explained to Yun Shang, "I heard from Shi Nian that the higher-ups arranged for his former partner

to go to the military academy for advanced studies, so they transferred him to a new one. Partner. Xiaoqi, you also know this new partner."

"I know it too? Who is it?"

Yun Shang was really surprised this time, and pulled out the people she knew one by one from her mind, but she didn't hear any news about anyone going to Yicheng.

"Wu Hongyu, I just reported to Yicheng last month."

Bai Qing was staring at Yun Shang closely, and when she heard Wu Hongyu's name,

There was only surprise on his face, and after he had no other emotions, the little worry in his heart disappeared.

"Brother, don't you know Wu Hongyu very well? How is this man's ability? Will he slow down Second Brother Gu..."

Bai Qingzheng was amused by Yunshang's question, "Don't worry, Wu Hongyu is quite capable."

The higher ups paid so much attention to the development of Tiger Camp, if Wu Hongyu wasn't capable enough, the organization wouldn't transfer him to partner with Gu Shinian. The fastest updated Qiqi novel

The two brothers and sisters chatted all the way to the small cafeteria. Whenever they met acquaintances on the way, Bai Qingzheng always introduced Yunshang to everyone formally, with a look of pride that he didn't even notice.

Yun Shang looked funny from the side, and on the way back, she carefully asked about Bai Qing's situation here, as well as Cheng Anan's childbirth and confinement.

Lin Wenlan has a job, so it is impossible to take a long vacation to serve Cheng Anan here during confinement.

What's more, Lin Wenlan is also a waste of life. After being married to Bai Yancheng for so many years, she really hasn't done housework for a few days, and her cooking skills are average. At most, she can cook a few simple home-cooked dishes.

Lin Wenlan was asked to take care of Cheng Anan during confinement, let alone whether she had time, even if she had time, Lin Wenlan would not be able to do these jobs.

Of course, Bai Qingzheng didn't dare to let Lin Wenlan take care of Cheng Anan's confinement, unless he was not afraid that Bai Yancheng would come from the capital immediately and interrupt Cheng Anan's dog legs.

"Xiao Qi, your sister-in-law's house is right here, and the confinement matters are all arranged, so don't worry about your child's family."

Yun Chang glared at Bai Qingzheng angrily, and was very dissatisfied with Bai Qingzheng's behavior of treating herself like a child, "That's my little nephew, he will call me little aunt in the future, how can I not worry about it!"

Bai Qingzheng didn't get angry when he was insulted, and smiled with a good temper, walked a few steps and pushed open the door, signaling Yun Shang to go home for dinner.

Lin Wenlan is currently counting the things she brought over, and is planning to go to Cheng Anan's mother's house tomorrow morning to discuss Cheng Anan's childbirth.

Seeing that Bai Qingzheng had filled the table with food, and one of the plates of greasy braised pork and braised pork was placed in front of Yun Shang, Lin Wenlan quickly put the two plates of meat dishes in front of Bai Qingzheng, and put the vegetable porridge Pushed it to Yun Shang.

Seeing Lin Wenlan's actions, Bai Qingzheng frowned, and a look of worry flashed in his eyes, "Xiaoqi can't eat meat now?"

Yun Chang smiled, pointed to the plate of scrambled eggs and said, "Brother, I can eat eggs, and Aunt Wu cooks eggs for me every day."

Cheng Anan on the side looked at Yunshang's pointed chin, and asked worriedly, "Mom, is Xiao Qi still okay? What did the doctor say?"

Chapter 736 Uninvited Guest

"It is said that he will get up slowly in the future. Xiaoqi couldn't even eat eggs before, and he only started eating them in the past few months."

Knowing that Yunshang didn't like to mention her illness, Lin Wenlan briefly said a few words, then changed the subject and talked about Bai Qingming's embarrassing things.

"Little Six went home to visit relatives a few days ago, and Xiao Qi felt that she was a good friend with Xiao Liu, and wanted to match up, but in the end, Little Six climbed over the wall to read a poem about the commune's production with a lesbian..."

Lin Wenlan directly explained Bai Qingming's setbacks to the bottom of the sky, making Cheng Anan hold her big belly and laugh until she burst into tears. While Bai Qing was being funny, she also felt that her younger brother's disappointment was too embarrassing. After eating, he called to teach Bai Qingming how to chase lesbians.

As a result, Yunshang and Lin Wenlan raised their eyelids and looked at him sideways with contempt.

"Brother, forget it, if you have this ability, can our mother still call you an old bachelor two years ago?"

To put it bluntly, you are not as good as Little Six.

No matter how stupid and cute Little Six is, at least he was enlightened when he was twenty-one years old. He knew how to find a partner for himself, and he also knew some low-level methods of chasing lesbians.

How about you? When he was as old as Xiaoliuzi, he still ran laps in the military academy one-two-one every day.

And your own partner is still on a blind date, what tricks do you know for chasing lesbians? What a shame!

Lin Wenlan also helped her daughter poke her son's heart, "Xiaoqi is right, I was worried about your finding a wife. If your method works, you can delay becoming a father until the age of twenty-nine?"

You have just taken off your old bachelor hat, so what qualifications do you have to teach others how to find a partner?

Save it! I'm afraid that the more you teach, the worse you will be, and you will teach the little six to become the second old bachelor.

Bai Qingzheng: "..."

The mother and daughter gave Bai Qingzheng a bad meal, and Bai Qingzheng was so depressed that he didn't even want to say anything.

Cheng Anan followed the joke very bluntly, and Bai Qingzheng told her about it, and then asked about Wu Xiang's situation. After all, Bai Qingming's daughter-in-law will be her sister-in-law in the future, so of course he wants to find someone with a good personality and easy to get along with.

"It's pretty good. I used to live in the same dormitory with Xiao Qi as a comrade-in-arms, and now I'm a student of Beijing Normal University. I've been to the house a few times, and I've seen that girl is very capable and sincere. Alright, you two can come somewhere."

"Yeah, people from Wu Xiang are doing well." Yun Shang nodded frantically at the side, indicating that what Lin Wenlan said was right.

Bai Qing was putting down his chopsticks, with a look of doubt on his face, "Wu Xiang? Why does this name sound so familiar..."

"Are you not familiar? Her brother is Wu Hongyu. You must have heard him say Wu Xiang's name a lot."

As far as Wu Hongyu is a sister-in-law, I wrote to her every three days to ask if Wu Xiang was bullied in her regiment. How could she not talk about her sister in front of old friends.

Bai Qingzheng: "..."

What is this evil fate?

Wu Hongyu misses Xiaoqi from his family, but Xiaoqi secretly matches Wu Xiang and Xiaoliuzi. If this happens, wouldn't this be a deliberate attempt to kill Wu Hongyu.

He went to Yicheng to be Gu Shinian's partner, but his own sister became Xiaoqi's sister-in-law. Wu Hongyu knew how aggrieved he was.

However, seeing Wu Hongyu deflated, why did he feel so at ease.

Cheng An'an didn't miss the gloating smile in Bai Qingzheng's eyes, and kicked him lightly under the table, reminding him to restrain himself and not show his secrets in front of Yun Shang.

Lin Wenlan and Yun Shang had been catching the train for a few days, and they were both tired. After eating, they didn't have the energy to talk to Bai Qingzheng and his wife.

Early the next morning, Lin Wenlan and Yun Shang brought a few gifts and followed Cheng Anan to Cheng's house. They discussed Cheng Anan's confinement with his mother-in-law, and after confirming that the Cheng family would take good care of Cheng Anan, Lin Wenlan let it go. Concerned, he took out all kinds of money notes that he had prepared long ago, and stuffed them into Cheng Anan's hands to make up for her body. Qiqi's novels are first published on the Internet

After returning from the Cheng family, Lin Wenlan sighed and said to Yun Shang, "Your eldest brother is lucky to meet the old man and mother-in-law who can pull out his daughter. If the Cheng family doesn't care about your sister-in-law,

It's really worrying to hang the couple on the chain in reverse. "

If there is really no one here to serve Cheng An'an during confinement, she will have to bring him back to the capital to have a baby.

It's just right now, the Bai family pays the ticket, and the Cheng family gives birth, so Cheng An'an can have a child with peace of mind.

...

After returning from Cheng's house, Cheng Anan ignored her chubby belly and wanted to be a landlord, taking her mother-in-law and sister-in-law to the shopping mall, but Lin Wenlan was frightened, she was scolded, and immediately drove her into the room rest.

Cheng An'an is a smart person, how could he not know that Lin Wenlan was doing it for her own good, and after being reprimanded, instead of getting angry, he entered the room with a smile on his face.

After watching the excitement, Yun Chang sat on a recliner in the yard, drinking honey water happily, while looking at the flowing clouds in the sky, and then was blown by the breeze, the whole person dangled for a while and fell asleep.

I don't know how long I slept, but someone slammed on the wooden door of the yard, and then a voice with an accent shouted outside the door, "Dr. Cheng! Is Dr. Cheng at home?"

Yun Chang rubbed her sleepy eyes, and was about to open the door when Lin Wenlan came out of the room, wiped the water stains on her hands, and opened the door.

"Auntie, are you Dr. Cheng's mother-in-law? You look so young! I'm from Deputy Battalion Commander Zhou's house diagonally opposite. I heard that Dr. Cheng's mother-in-law and sister-in-law are here. I'll come to see you."

After the woman finished speaking, before Lin Wenlan could react, she slumped and squeezed in through the crack of the door.

It was only then that Yun Chang noticed that it was Zhou's sister-in-law who met at the door when she went to the small cafeteria yesterday for lunch.

In Lin Wenlan's social circle, there is no such acquaintance as Mrs. Zhou. After a moment of silence, she nodded at the other party and said, "Mr. Zhou, you are here to find An An. An An is heavy and is asleep. Why don't you come in and have a cup of tea?"

Although the other party's etiquette is somewhat lacking, but after all, he is a junior, and Lin Wenlan really never thought of haggling with a junior.

"What, is Dr. Cheng still asleep?"

Sister-in-law Zhou asked in surprise, then gestured exaggeratedly, and said in a loud and authentic voice, "Auntie! You are so kind! You just came here to serve your daughter-in-law. If we leave our hometown, who dares to sleep by herself, let us If the mother-in-law works outside, that is unfilial! She will be poked in the back! Maybe she will have to wear a tall hat to parade through the streets."

Yun Shang: "..."

Has this guy got water in his head?

Putting it in other people's homes, sowing discord between other people's mother-in-law and daughter-in-law, and not being beaten to death after growing up, it's really a fate. The fastest updated Qiqi novel

Lin Wenlan was also very speechless, her peaceful brows furrowed for the first time, the tea that she was going to pass to Sister-in-law Zhou turned around and stuffed it into Yunshang's hand.

Chapter 737 Matchmaker "Zhou family, what do you want to do with our family An An? An An is not very comfortable. If you are not in a hurry, you can come back later."

Lin Wenlan originally wanted to send the person away first, but just after she finished speaking, Zhou's sister-in-law waved her hand and said, "No, no, auntie, I'm not here to see Dr. Cheng, I'm here to see you."

As soon as these words came out, Lin Wenlan and Yun Shang were both stunned, not knowing what Sister-in-Law Zhou wanted to do.

"Auntie, is this your daughter?"

After Sister-in-law Zhou asked a word, she immediately began to rely on Yunshang's appearance, "Look, it looks like you were carved out of the same mold as you, auntie. You are so fresh and beautiful. You are a little thinner. Look at it." You are lucky without your aunt."

Lin Wenlan's face turned dark immediately, if it wasn't for the upbringing in her bones, she would have jumped up and punched this inexplicable woman out.

Pointing at her daughter in front of her and saying that she is unlucky, isn't this asking for a beating?

"From the Zhou family, it's not up to you to say whether my daughter is lucky or not! You are a junior, I won't argue with you this time, next time I dare to say something bad about my daughter, I will let Bai Qingzheng talk to your man go!"

Sister-in-law Zhou was startled, a flattering smile immediately appeared on her face, and she reached out to pat her mouth again, "Oh, look at my mouth! I accidentally said the wrong thing again. Auntie, I just want to praise you Blessed, nothing else, your lord has a lot, don't be as knowledgeable as me..."Qiqi's novel starts on the whole network

"Why are you looking for me?" Lin Wenlan interrupted Mrs. Zhou impatiently.

"It's like this, auntie. I've heard that Battalion Commander Bai has a beautiful girl for a long time! No, I heard that you and the eldest sister are here, so I'll come and have a look."

It was nonsense to hear this, and Yunshang and Lin Wenlan didn't believe a word.

She had indeed been to the southern military region before, but she didn't stay long that time, and she didn't meet a few people. Where did Sister-in-law Zhou hear that she was going?

However, seeing that the other party was praising her, and Lin Wenlan's face also looked a little better, Yun Shang still didn't tear her down.

"Auntie, you really know how to raise children. Look, you're already a girl of nineteen. This little face is more youthful than other people's girls who are seven or eight years old!"

I don't know what this girl from the Bai family ate to grow up, her skin is so tender, it seems like water can be squeezed out with a pinch. There are also those eyebrows and eyes, which are watery, and people's hearts can be melted at a glance. They are also well-dressed, Bragi leather shoes, more foreign than movie stars. It's just a little skinny, no breasts and no buttocks, looks unlucky, and I guess it will be difficult to have a son in the future.

Yun Shang: "..."

This is too fake! Can you take a break when complimenting others? How did she say such false words?

Yun Chang was too lazy to look at Sister Zhou's exaggerated expression, turned over, closed her eyes and continued to sleep.

Lin Wenlan didn't show it on the face, but in her heart she felt that Mrs. Zhou's complexion became more beautiful after she said a few human words.

Seeing this, Mrs. Zhou leaned forward again, and said excitedly, "Auntie, to tell you the truth, apart from coming to see you and my eldest sister, I also came to announce the good news to you!"

"Happy news?" Lin Wenlan asked puzzledly, "An An is not born yet, so why are you giving me good news?"

"It's not Dr. Cheng's business!" Sister-in-law Zhou glanced at Yunshang, lowered her voice, "Auntie, it's a great thing, I'm here to match my elder sister!"

Lin Wenlan's hand holding the teacup froze. Suspecting that something was wrong with her ears, she turned her head and subconsciously asked, "What did you just say?"

Sister-in-law Zhou said with a determined smile on her face, "Auntie, I said I'm here to be a matchmaker for my older sister. Really, the man's conditions are very good, and he is just right for my older sister."

Yunshang and Lin Wenlan were stunned, and didn't know whether to be angry or laugh for a while, and Zhou's sister-in-law was still talking about the man's information, as if Yunshang had found a treasure.

"Auntie, the man is the youngest brother of my natal family. He is eighteen years old and one year younger than my elder sister.

The two are of the right age. I heard that my eldest sister is a college student, and my brother is also a high school student. He is still the accountant of the commune. He is a good guy in our place. I

don't even care how many big girls want to marry! As soon as I looked at my eldest sister yesterday, I felt that it was suitable, and I am sure it will be right to marry..."

"From the Zhou family, from the Zhou family! Wait a minute, my Xiaoqi has a partner, and we have been together for two years. Don't let your natal brother see you."

No one here, and I don't ask the girl from the National People's Congress if she is willing or not, and she doesn't even report which side her hometown is facing.

What you know is that you are talking about a matchmaker, but what you don't know is that you thought you were going to abduct a big girl.

Yun Shang was also speechless to Mrs. Zhou, too lazy to listen to her nonsense outside, holding a teacup, and slowly entered the room.

After a while, Lin Wenlan sent Sister-in-law Zhou away with great difficulty. After entering the living room, she stared at Yun Shang's Bai Shengsheng's face for a while, and laughed with a "puchi".

Under Yun Chang's black face, Lin Wenlan said, "Xiao Qi, you have been with Shi Nian for a long time, why don't you find time in the second half of the year to make an engagement for the two of you." After that, there will be no such trouble.

Thinking that after May 1st, many male students in the school would always come to her under the guise of studying and discussing together, Yun Shang couldn't wait to nod and agree.

If it weren't for being unable to get married during college, she would have wanted to get married directly.

But it's better to get engaged first, and invite a few classmates to attend her engagement ceremony, and then take Gu Shinian to the school for a stroll, which will probably prevent some of the rotten peach blossoms.

"Mom, I'll discuss it with Second Brother Gu in two days, and try to come in his time."

"Okay, you two have an agreement, let your grandfather discuss the engagement with your grandfather Gu."

The mother and daughter chatted in the living room for a long time before Cheng Anan rubbed his face and got up. Knowing that Mrs. Zhou came over to match Yunshang and wanted to marry Yunshang to her natal family, Cheng Anan blushed angrily and held her hands. My stomach gasped.

"She's farting! Her natal brother has been crippled by others, and she dares to hit our Xiao Qi's idea! Bah! You are not worthy of carrying our Xiao Qi's shoes! Mom, you don't care about this matter, I will let Qing Zheng go Talk to Deputy Battalion Commander Zhou and let him take good care of his wife!"

Lin Wenlan and Yun Shang didn't expect such a thing to happen. Although they were angry, they thought that they had rejected Zhou's sister-in-law before, so they persuaded Cheng An'an to forget it. After all, having a baby is a step into hell. Cheng Anan's belly is nine months old, so there is really no need to be serious with people who are not clear-headed at this juncture. If Cheng Anan gets angry, the loss outweighs the gain.

Besides, Lin Wenlan and Yunshang won't be able to stay here for a few days, so sister-in-law Zhou just wanted to cling to the Bai family, so she couldn't chase her to the capital to be a matchmaker for Yunshang.

There is really no need to mention this kind of matter related to Yunshang's reputation repeatedly.

Chapter 738 forced blind date

Lin Wenlan planned to return to the capital after Cheng Anan gave birth, but Yunshang didn't have that patience. After staying with Bai Qingzheng for a week, she planned to go to Yicheng to take care of Shinian.

The day before she was about to leave, Yunshang sat in the yard under the shade of a tree to enjoy the coolness after lunch as usual, holding a cup of herbal tea.

Just when Yun Chang was drowsy and was about to take a nap on the recliner, the courtyard door was pushed open a gap, and a five or six-year-old girl squeezed into half of her body, shouting timidly with red eyes, "Auntie", then lowered his head, stood motionless at the door and did not speak.

Yun Shang has been here for a week, and usually stays at home with Cheng An'an, and rarely goes out. Now when she sees a little girl coming to the door, she looks like she has been greatly

wronged, so she walks over curiously and asks, "Little friend, what are you doing?" Are you calling me?"

The little girl nodded, pointed to the door of Deputy Battalion Commander Zhou's house opposite, and said, "Auntie, little uncle."

Yun Chang looked up and saw Mrs. Zhou standing at the gate with a 18-year-old young man wearing a half-new white shirt and army green trousers, looking at her, and the two whispered from time to time. talking about something.

At this time, Yun Chang didn't know what was going on, her face turned cold, and she asked the little girl, "Are you a child of Deputy Battalion Commander Zhou's family?"

This week, my sister-in-law really owes her a lesson. Even though she knew she had a relationship, she even called her natal brother over, and sent the children to trick her out. Is this going to force her into a blind date?

The little girl took a peek at Yun Chang, seeing that Yun Chang's face was not good-looking, she didn't dare to speak anymore, she turned around and ran towards Sister-in-Law Zhou.

"Why are you so stupid! Didn't you tell me to call someone out? Why don't you do anything and come back..."

Across the road, Yun Chang could clearly hear Zhou's sister-in-law scolding the child, and also clearly saw the little girl trembling slightly when Zhou's sister-in-law pinched the child's arm.

Probably because Yunshang's face was so ugly, the young man stopped Mrs. Zhou and said in a low voice, "Sister, don't beat the child outside. Brother-in-law said it, it will not affect well."

While speaking, he kept winking at Sister-in-Law Zhou, motioning her to look at Yunshang.

"What? Wugen, are you in love?" Mrs. Zhou asked with a smile on her face, grabbing the young man's arm.

The young man's face darkened, and he pushed away Mrs. Zhou's hand in embarrassment, and raised his voice a little emphatically, "Sister, how many times have I said, don't call me Wugen, call me Song Yingjie." First release on the whole network

His sister is also real, she has been in the city for more than a year, why can't she be on the stage?

Shouting every day, she doesn't think it's rustic, but he thinks it's embarrassing.

I don't know how my brother-in-law can stand this daughter-in-law.

Sister-in-law Zhou didn't know her brother's complaints, she had a smile on her face, and asked eagerly, "Okay, I'm calling you Song Yingjie! Come on, tell me quickly, are you in love?"

"It's okay." Song Yingjie lifted his chin, and cast his eyes slantingly in the direction of Yunshang, "He looks pretty good, but he doesn't look very lucky... Sister, can someone like this have a son?"

"Just say what you want. If you want to have a son, our commune has a lot of big buttocks, so you can just pick one. If you want to do something else, we can't just look at the buttocks to pick a wife.

Let me tell you, if this thing really happens, it doesn't matter if you can't have a baby, the big deal is that you will adopt one of your four brothers.

It really doesn't work, when you are promising in the future, you can quit this and change to someone who can give birth to a son! Can this living person be suffocated by urine? The five talents in my family are worthy of even the fairy daughters in the sky! "

Sister-in-law Zhou pursed her lips and whispered some advice to her natal brothers.

From her point of view, her natal brothers are very kind, and if they went on a blind date with Bai Qingzheng's unlucky sister, it was his sister who had been promoted.

Regardless of whether his sister is a college student or the daughter of a chief minister, if she can't have a son, it's still hard to find someone else!

If a woman can't bear a son, what's the difference between it and a waste?

If it weren't for the fact that the Bai family is the chief's family, and the daughter has a lot of dowry, she will be able to recruit a son-in-law in the future,

She is also reluctant to wrong her family Wugen.

I have to say that what Mrs. Zhou said really touched Song Yingjie's heart.

In their village, the criterion for judging a woman's ability is to have a son!

Even if the chief executive's daughter is married and unable to have a son, then she is unfilial, she is a waste, she will be pointed at by others, and she can't even straighten her back.

Thinking of Yunshang's delicate face that makes one's heart itch, as well as that thin body, Song Yingjie's self-confidence was unprecedentedly inflated, he stroked his short hair, turned around confidently, and looked upright. Brightly looked towards Yunshang.

Yun Chang closed the door and went in after knowing Sister-in-law Zhou's plan. When Song Yingjie turned around, he saw only two tightly closed doors. The fastest updated Qiqi novel

In the room, Yun Shang found Lin Wenlan and angrily told what happened just now. Before Yun Shang could finish speaking, Lin Wenlan's face was already red with anger, and she was almost turning into a powder keg.

"You don't go out at home! I'll see how stupid and bold the Zhou family is this week! By the way, call your elder brother. If these two people really dare to come to the door, ask the elder brother to find comrades from the political engineering department. This time I have to Make a big mistake for her man!"

That Zhou who came home every day, she didn't believe that he didn't know about these little tricks of the mother-in-law!

If there is no acquiescence from the surname Zhou, how dare the silly woman bully Xiaoqi like this?

Even if the surname Zhou really didn't know about it, it was his dereliction of duty, and he didn't let his wife know that this is a military compound, not a field in the countryside.

As a military wife, living in the compound, one must be in awe and vigilance, what should be done and what should not be done, the woman surnamed Zhou should have let the mother-in-law know long ago, instead of being ignorant of the so-called doing such a thing. Shocking follies!

Not long after Yunshang finished calling Bai Qingzheng, someone knocked on the courtyard door, and at the same time, Mrs. Zhou's loud voice rang out.

With a dark face, Lin Wenlan pointed to the phone, motioning for Yunshang to notify Bai Qingzheng immediately, while she strode towards the door.

Worried about Lin Wenlan's loss, Yun Chang hurriedly called Bai Qingzheng, picked up the broom in the yard, and hurriedly chased him out.

At the gate, Sister-in-Law Zhou ignored Lin Wenlan's cold face, and called "Auntie" affectionately, then pushed Song Yingjie, who was still Zhou Zhengqing's handsome face, to the front, and started selling with a proud face.

"Auntie, look, this is my Yingjie! In the commune, our Yingjie is the youngest cadre, and also the most energetic and ostentatious young man. Look, is it someone who is one, one, or something? Come with me. The big girl is a perfect match!"

Chapter 739 Lesson

Lin Wenlan raised her chin slightly, and cast a sidelong glance at Song Yingjie, her eyes were light and light, and the disgust and disdain in her eyes were easily revealed.

Song Yingjie's face froze, and after turning red, it soon turned livid.

He was the accountant of the commune, and when he went out, no one in the ten miles or eight villages would give him a little face. Even in the county, the leaders didn't squint their eyes and talk to him with their nostrils upturned.

Why does this woman look down on him?

Sister-in-law Zhou also saw Lin Wenlan's disdainful eyes. After the displeasure in her eyes flashed away, a smile appeared on her face again, and she said enthusiastically:

"Auntie, tell me, you and my eldest sister came to see Dr. Cheng, and my natal brother also happened to come over to give me something. People from all over the world can gather together, isn't it the fate of the two children!

Look, we've met each other, why don't we let the two children meet? What if the two children see eye to eye? "

Worried about waking up the sleeping Cheng Anan, Lin Wenlan closed the yard door, took a few steps to the side, and said, "The Zhou family, I told you a few days ago that my Xiaoqi has a date, and you still brought your What does it mean for brothers to come on a blind date?"

Without giving Zhou sister-in-law time to react, Lin Wenlan continued, "You want to go on a blind date with a lesbian who has a partner. Do you want to snatch the marriage or what? This is a new society, which emphasizes independent marriage. Deputy Battalion Commander Zhou doesn't taught you?"

Worried about scaring the two of them back and not being able to deal with Deputy Battalion Commander Zhou, Lin Wenlan kept silent about the fact that Yunshang's partner was also a soldier, and the two had already filed a love report.

Sister-in-law Zhou's ability to do such insincere things is naturally for the purpose of climbing into the Bai family. Not to mention being teased by Lin Wenlan, even if Lin Wenlan hit her a few times in a hurry, she could still laugh cheekily.

As long as the old Song's family can climb up to this family, can pull out her family's five roots to live a good life, and can promote her man, what's the point of suffering?

What's more, it's nothing to suffer from a few words, it's not painful or itchy, and it won't lose a piece of meat, so there's nothing to be afraid of.

"Oh, auntie, look at you, why are you in a hurry! I know my eldest sister has a partner, but she is not married yet! Besides, let's marry a girl, so don't choose a few more, choose a good one someone else?

My family's five roots have good looks, and if they want to be tall, even in the county, he is also a top-notch young man, no worse than others!

Auntie, we have already met each other, so let the two children meet and talk, what if my eldest sister looks at my five roots and is more suitable than her partner? If we stop the children from seeing each other, won't we delay my elder sister's good marriage! "

Hmph, with Wugen's appearance, even the daughter of the county leader likes it!

It's a pity that the girl is darker and too strong, so Wu Gen doesn't like her, otherwise her family Wu Gen would have been the son-in-law of the county leader long ago, so why would it be Bai Qingzheng's turn to be such an unlucky girl.

Through the door panel, Yun Chang was annoyed and ridiculous, put the broom in his hand by the door, opened the door and walked out.

"Sister-in-law of the Zhou family, you are overthinking. My partner and I are on good terms. I never thought about going on a blind date and changing someone else."

As soon as Yunshang came out, Song Yingjie's eyes were tightly glued to Yunshang's body, and he couldn't bear to move them away for a long time.

No wonder everyone wants to marry a city wife. Among other things, the white and tender skin of the girl in the city alone compares with the country girl who works all day and is too rough to look at in the wind and sun.

In addition, the conditions of the people in the city are good, the girls have a lot of dowry, and they are still handsome. Which man doesn't want to sleep with such a daughter-in-law?

Song Yingjie subconsciously straightened his back, stroked his hair, and there was a majestic and friendly smile on the corner of his mouth when the county leader went to the countryside, trying to show his most spiritual side.

"Hello, Comrade Bai. My name is Song Yingjie. I'm the accountant of Baishi Commune. Nice to meet you."

Yun Chang turned her head to the side, and glanced over Bai Yingjie's outstretched hand indifferently, instead of shaking hands with him, she asked curiously,

"Comrade Song Yingjie, I went out two days ago and heard from people in the compound that you flirted with a lesbian with a partner last winter, and you were crippled?"

Do you remember what you eat or what you beat, and you have been lame for only a few months, and the other leg wants to break?

Sister-in-law Zhou and Song Yingjie didn't expect that Yunshang knew about this matter, nor did they expect that Yunshang would be so merciless and expose Song Yingjie's shortcomings as soon as he opened his mouth. The other one pretended to be calm and smiled after being ashamed and annoyed, trying to justify himself.

"Where did Comrade Bai hear these words? My leg was accidentally broken in a ditch in the countryside when it snowed. It wasn't caused by the reason you said. If it was what you said, I would have How can I continue to be an accountant after being fired by the commune."

In fact, if the Song family hadn't spent money to silence that man, and the county leader's daughter hadn't asked his father to protect Song Yingjie, he would have been expelled from the commune.

It is precisely because Song Yingjie continued to work as an accountant in the commune after the incident that many people who did not know the truth really believed his statement that he accidentally broke his leg.

The reason why Cheng An'an knew so clearly was because Cheng An'an was a doctor. After Song Yingjie's incident, Mrs. Zhou was worried that Song Yingjie would be limping, so she often asked Cheng An'an about how to recover from a broken leg.

Sister-in-law Zhou didn't have a gatekeeper when she spoke. Cheng An'an knew all about it.

Song Yingjie denied it. Although Sister-in-Law Zhou knew that Cheng An'an knew the details of her family, she still had the cheek to push Song Yingjie to Yun Shang's side in order to get involved in this marriage, and grabbed Lin Wenlan's arm again, smiling dryly road:

"Yingjie, hurry up! Comrade Bai has come out, take Comrade Bai to the front and buy some popsicles like sweet mouths, and I will have a good talk with my aunt."

Bai Yingjie's eyes lit up, and he seized the opportunity to get close to Yun Shang, stretched out his hand to grab Yun Shang's hand, and said politely, "Comrade Bai, the day is too big, I'll take you to buy popsicles."

Seeing that Bai Yingjie wanted to pull Yun Shang, Lin Wenlan became anxious and was about to stop Bai Yingjie, but was held tightly by Mrs. Zhou, unable to move for a long time.

Just as Yunshang slapped Bai Yingjie's hand away and was about to retreat into the yard, a group of soldiers from the guard battalion, led by comrades from the political and engineering department, ran from a distance in neat steps.

Before Bai Yingjie could react, the two soldiers quickly stepped forward, grabbed Bai Yingjie's arm, and firmly pressed him on the spot with his head down.

Sister-in-law Zhou was so frightened that she subconsciously let go of Lin Wenlan, opened her mouth, and stood there without daring to move.

"Comrade, are you alright?" The comrades from the political engineering department saw Bai Yingjie reaching out to Yunshang before, and hurriedly asked as soon as he came over.

Yun Chang shook her head, indicating that she was fine, and the comrades in the political engineering department immediately turned around and saluted Lin Wenlan with a standard military salute, with a hint of excitement and respect on her face.

Chapter 740 Slander

As soon as the comrades from the political and engineering department turned around, Mrs. Zhou came back to her senses, and rushed over immediately, beating the two soldiers who were guarding Song Yingjie, screaming for injustice:

"What do you want to do! Let go of my family's five roots! My man is the battalion commander, and I am the military wife. If you dare to beat the military wife, believe it or not, I will ask the leader to sue you..."

Sister-in-law Zhou was well versed in the shrew swearing, she threatened the two soldiers with all kinds of curses, she kept waving hands on the heads and faces of the two soldiers, and even slammed her body into the arms of the two soldiers.

The two young soldiers were only eighteen or nineteen years old. They had only been in the army for two years. They had never seen this kind of battle before.

The leading political and engineering comrades gave a look, and the two elder sisters who followed the guard camp quickly stepped forward and pulled Sister-in-law Zhou away a few times.

"Comrade Song Dahua, Comrade Bai reported to the organization that you intend to sabotage military marriages, and report that Comrade Song Yingjie intends to play hooligans on the families of military officers. The impact is bad. Please accept the investigation!"

Sister-in-law Zhou was dumbfounded when she heard this. Didn't she just want to marry the Bai family and find a good Yue family for her Wugen family? The sister of Battalion Commander Bai is not married, so why did she intend to destroy the military marriage?

Also, is the little girl's film inlaid with gold or made of jade? Her family just wanted to touch that little girl Pianzi's hand, didn't she haven't touched it yet, why did she become a hooligan?

no! She can't be taken away, Wa'er's father has long said that if she dares to cause trouble in the army, he will divorce her!

Wu Gen is the most promising figure in the old Song family, and is the hope of the old Song family, and nothing can happen, otherwise, her father, mother, and several brothers from her natal family could tear her alive.

Sister-in-law Tang took advantage of the situation and sat down on the ground, patting her thighs, tears streaming down her face, and at the same time, her mouth was not idle, and she pointed her finger at Lin Wenlan.

"Auntie Bai, you are not giving me a way to survive! We clearly agreed that the two families will get married, and I will let the five members of my family come over to see each other. How can you turn your face and deny it! Your man is the chief executive, You can't be so conscientious! Oh, I'm not alive anymore, this is bullying us little people with money and power..."

Ever since the comrades from the political engineering department and the guard battalion soldiers came over, several neighbors around were attracted by Mrs. Zhou's crying. Cheng Anan, who was sleeping soundly in the house, also pushed open the courtyard door and walked out .

Hearing that Sister-in-Law Zhou opened her mouth to talk nonsense and bite her mother-in-law and sister-in-law, Cheng Anan turned around and grabbed the broom at the door, and threw it at Sister-in-law Zhou's head without thinking.

"Shut up! You must be out of your mind! My Xiaoqi is a college student at Capital University, and his partner has a higher position than your man. The two of them made a love report the year before last. How could they have a blind date with your stinky rascal!"

Yun Shang also made up the knife unceremoniously from the side, "Sister-in-law Zhou's words are really funny, my mother said that I have a partner that day, and also made a love report with the organization, you have to call your natal brother over, today By forcing a door-to-door blind date, do you think that my partner and I are not married yet, so you are not considered breaking the military marriage?

And your natal brother! Last winter, she flirted with someone else's partner, and her leg was pinned and crippled, and now her leg still weighs when she walks. This is because the scar hasn't healed yet, and she has forgotten how painful her leg is? "

Cheng An'an supported his waist with one hand and protected his stomach with the other, and sneered disdainfully, "Oh! He's so smart! As long as you can ruin your reputation and get married with our family, let alone lame a leg, it will be a discount." His two legs, it is estimated that Comrade Song would also like it!"

To be able to marry Old General Bai's most beloved granddaughter, not to mention the entire Song family, even the Zhou family would have to follow suit. It was rare to come across such a good opportunity. With Song Yingjie's selfish and greedy temperament, he naturally wanted to take a big gamble.

I just don't know if this family's brain is too simple, or the Bai family's thinking is too useless, so they came up with such a bad idea.

It's a pity that Deputy Battalion Commander Zhou is gone. With such an incomprehensible daughter-in-law, life in the army is probably not easy.

The sister-in-law and sister-in-law sang together, and directly took off the faces of sister-in-law Zhou and Song Yingjie, and stepped on the soles of their feet.

At the same time, the people around also figured out the ins and outs of the matter amidst the questioning of the two.

It turned out that the Zhou family wanted to find a good relative for their natal brothers, so they aimed at the sister of Battalion Commander Bai who came to visit relatives.

The Song Jialiang siblings are thick-skinned and have a sharp eye.

A high school graduate actually wants to marry a top student from Capital University. A blind wanderer with a broken leg actually wanted to marry the daughter of Chief Bai's family. On the premise that the poisonous woman had a partner, he forced her to go on a blind date. He wanted to ruin the reputation of the girl from the National People's Congress and forced her to marry her back. This is eating the heart of a bear and the gall of a leopard, and wanting to climb high branches, is it crazy?

Didn't they think about the consequences of doing so? They are sure that the Bai family are all soft persimmons. If the girl suffers a loss, can they grit their teeth and admit this marriage?

It's a joke in the world!

They don't think about it, this is the southern military region, even if the Bai family girl's reputation is bad, and she pats her butt and goes back to the capital, how many people will know?

At that time, the Bai family will show mercy if they don't kill the Song family. And Deputy Battalion Commander Zhou, don't even think about working in the army. With such a slow-moving wife, it's good that he can change jobs smoothly.

Although there are philistines and gossips in the neighbors, they have more brains than sister-in-law Zhou after living in the compound for a long time. After the comrades from the political and engineering department came over, and the Bai family put on a posture of pursuing to the end, everyone knew what to say and what not to say, and no one dared to say a word for Mrs. Zhou.

Of course, this is also related to the wickedness of what Mrs. Zhou did.

When Yunshang and Cheng Anan were yelling at Mrs. Zhou, Lin Wenlan had a slight smile on her lips, without saying a word, and directly handed over the situation to the two of them.

She is an elder, and her status is special. On this occasion, she was wasting words with the Song family siblings, and she was suspected of using her status to oppress people.

As for Yunshang and Cheng An'an, one is the client, and the other is the eldest daughter-in-law of the second room of the Bai family. It is perfect for them to come forward at this time.

Seeing that no one was around to speak for her, and the comrades from the political engineering department were still standing beside Lin Wenlan respectfully, as if listening to the teachings at any time, Sister-in-law Zhou's expression changed instantly.

What's going on with the people in this city? Didn't it mean that if the eldest girl's family's reputation is bad, she can't get married? Why doesn't the Bai family feel ashamed of the daughter, and even yelled loudly to make things worse? Are all girls in this city so shameless?

"Damn! You said there would be no blind date without a blind date! You obviously asked my family to buy popsicles for you to eat, and you didn't admit it in a blink of an eye? Don't think that you can talk nonsense because you are the daughter of the chief..."
