### Chapter 741 Take away

Sister-in-law Zhou's temperament, to put it mildly, is to not look back without bumping into the south wall, and to put it badly, to not shed tears when she sees the coffin.

What happened was clear, and in front of comrades from the political and engineering department, he poured dirty water on Yun Shang, trying to make one last effort to bring Yun Shang and Song Yingjie together.

Lin Wenlan frowned, and just as anger appeared on his face, the comrades from the political and engineering department next to him immediately understood, and gestured to everyone, not giving Mrs. Zhou and Song Yingjie a chance to talk, and escorted them to leave the scene.

When Sister-in-Law Zhou saw that the Political Engineering Department had really come, her legs went limp and she couldn't even use the strength to walk, so the two female comrades from the Political Engineering Department had to drag her away.

At this moment, a sweaty man ran up from a distance, kicked Mrs. Zhou to the ground, pointed at her nose and cursed: "You bastard! What did I tell you! Let you put it on!" Be honest, the troops, don't use the old way, you can't calm down! You have to make trouble for me, don't you!"

Sister-in-law Zhou hugged the man's leg, grinned and howled, "Father! What are you doing! What are you doing? Wugen and I are being bullied, why don't you just support me?" , why are you still facing outsiders..."

While speaking, Bai Qingzheng also strode over from a distance, his eyes swept over the three women in the family, and saw that no one was injured, so he wiped the sweat from his head and thanked the comrades in the political and engineering department, Turning around, he looked coldly at Deputy Battalion Commander Zhou cleaning up his wife.

"You prodigal bitch! You're still pissed at this point! Believe it or not, I'm going to divorce you!"

Sister-in-law Zhou seemed to be stuck in her throat, and she swallowed her half-howled cries, not even daring to shed tears.

Deputy Battalion Commander Zhou angrily kicked Sister-in-Law Zhou away, turned around, and apologized to Lin Wenlan and Bai Qingzheng with an annoyed expression, "Commander Lin, First Battalion Commander, my old woman has just been in the army for a few days, and she doesn't know how to look up and down. Just do something inconsequential..."

"Deputy Battalion Commander Zhou, there is no rush to apologize. Let the Political and Engineering Department investigate the matter clearly first."

Lin Wenlan also didn't show up this time. Bai Qingming directly interrupted Deputy Battalion Commander Zhou's apology. This was to convey to the people around him, to the political engineering department, and to Deputy Battalion Commander Zhou that the Bai family did not accept the apology and only wanted to pursue the matter.

Deputy Battalion Commander Zhou's complexion changed, he gritted his teeth, turned around and kicked Sister-in-law Zhou again. This time, I didn't have any strength left. After a moment, Mrs. Zhou couldn't get up with her stomach in her arms.

"Why do you owe me! Look at what good things you have done! As the chief of the section, I will hand over to you. You must clean up this prodigal bitch and give Comrade Bai and Chief Lin an explanation. !"

The people from the political and engineering department didn't take them away as soon as they came. On the one hand, they wanted Lin Wenlan and Yunshang to clarify the matter in front of these two people, so that the neighbors around who didn't know the truth would spread gossip in private and ruin Yunshang. reputation.

On the other hand, some people also waited for Bai Qingzheng and Deputy Battalion Commander Zhou to come back, and wanted to see Deputy Battalion Commander Zhou's attitude, and took the opportunity to test whether he was involved in this matter.

Now that the things that should be said have been clarified, the people who should be waiting have waited, and the comrades of the political engineering department did not waste any time, and quickly took away Sister-in-law Zhou and Song Yingjie, who had been frightened for a long time.

Deputy Battalion Commander Zhou looked around, stomped his feet, and followed him angrily.

Seeing that there was no excitement to watch, and the excitement of the Bai family was not good-looking, the neighbors around quickly dispersed.

Bai Qingzheng turned around, his eyes paused on Yunshang's face, seeing that she was recovering well, then he looked at Cheng Anan's big belly, "How is it, didn't you touch it just now? Does your stomach hurt?"

There are three women in the family, a mother who is nearly fifty years old, a patient who has not recovered from a serious illness, and a pregnant woman who is about to give birth. No matter which one is injured, he can't afford to take care of the elders. Anger, it is better to ask clearly.

Cheng Anan's lonely and indifferent expression disappeared, showing a gentle smile, "It doesn't hurt, when I came out, all the comrades from the Political Science and Engineering Department came over, and Song Dahua didn't dare to do anything with me, besides, Mom and Xiaoqi were protecting her.

"

Lin Wenlan led Yun Chang into the door, and when passing by Bai Qingzheng, her eyes slanted slightly, Bai Qingzheng's back felt chilly, and she quickly followed Cheng Anan with her support.

In the living room, three lesbians were sitting in a row on the sofa, while Bai Qingzheng consciously went into the kitchen, brought out a few cups of cold whites and opened them.

"The one surnamed Zhou looks quite old, how does he usually behave?" Lin Wenlan moistened his throat, put down his cup and asked Bai Qingzheng.

"I'm thirty-nine this year, I don't have much literacy, and my ability is so-so. I can get to my current position, all thanks to my age and luck. If there is no accident, a battalion commander will take the lead. It is difficult to go up again! "

Lin Wenlan knew it in her heart.

It's no wonder that Song Dahua wanted to plot against Xiao Qi. A man is not capable enough and has a limited future. If he wants to stay in the army and go further in the future, of course he must find a backer who can pull him out.

But the Zhou family is an ordinary village family, and the biggest officials they know are at most the leaders of the commune or county, so how can they help Deputy Battalion Commander Zhou.

But the Bai family is different. Not to mention anything else, just getting in touch with the Bai family can save Deputy Battalion Commander Zhou from taking many detours. In front of the battalion commander is a bright road.

Song Dahua pushed out her natal brother, who was not bad, because she really wanted to find a good marriage for Song Yingjie, and secondly, she wanted to use the in-law relationship to find a good future for the man.

I have to say that this idea is quite reliable, but unfortunately the method is too stupid.

Yunshang also put down her glass and asked Lin Wenlan, "Mom, if Song Dahua takes everything on her shoulders, will Deputy Battalion Commander Zhou be punished?"

"Yes." It was Bai Qingzheng who answered the question. He looked at Cheng Anan and smiled, and explained to Yunshang, "The husband and wife are one. Song Dahua did such a stupid thing, which shows that Deputy Battalion Commander Zhou has not supervised and educated his daughter-in-law. He has to bear the corresponding responsibility."

The important thing is that Song Dahua's political ideology is not good enough, and she intends to destroy the military marriage. This matter must be recorded in the file, as a stain, and will follow Song Dahua for the rest of her life.

As long as Deputy Battalion Commander Zhou did not divorce Song Dahua, the blemishes on Song Dahua's file would be revealed in his future promotion, or various reviews and commendations, and then Deputy Battalion Commander Zhou would be implicated.

Although at Deputy Battalion Commander Zhou's age, he had little hope of climbing to a high place, but what Song Dahua did directly shattered his little hope.

After this matter is over, I don't know whether Deputy Battalion Commander Zhou will choose to persevere in the army, or choose to change jobs and return to his hometown, or if Deputy Battalion Commander Zhou is like throwing away a burden, he will get rid of Song Dahua's political ideology. young married woman.

Chapter 742 Gave birth

Knowing that Deputy Battalion Commander Zhou couldn't please him, Yun Shang expressed his satisfaction. Zhou's sister-in-law could do such a thing, and Deputy Battalion Commander Zhou, who was the person next to her, could not have noticed it. Since he didn't stop her, he must be prepared to be punished.

Of course, Deputy Battalion Commander Zhou could also choose to divorce his sister-in-law Zhou, but in this way, even if Deputy Battalion Commander Zhou looked better on file, his reputation in the military region would be ruined.

You know, half of the things Mrs. Zhou did was because of Deputy Battalion Commander Zhou. If he divorced Mrs. Zhou at this juncture, although the organization would agree, in the eyes of most military wives, it would be ungrateful.

How can the organization reuse a person with a bad reputation and mediocre ability?

Ever since the comrades from the political engineering department took Sister-in-Law Zhou and Song Yingjie away, Lin Wenlan already knew the general ending of these people, patted Yun Shang's arm, and turned to Bai Qingzheng, "You should watch this matter yourself, and the result will come out." Give my work unit a call, and don't let your dad and your grandfather know." In case the old man and Lao Bai know about it, they will be so angry that they won't be able to eat for three days.

Bai Qingzheng was ready to be criticized, but he didn't expect Lin Wenlan to stop the matter with one word, so he nodded and agreed.

Although he stopped being scolded when he was fifteen or sixteen, the situation is different this time. If the old man and his own father give him a mixed doubles, there is really no room for his face.

After all, he's almost thirty, and he's about to become a father, so the children can't see him without dignity.

Lin Wenlan asked about Cheng An'an's condition again, and after knowing that Cheng Anan was not uncomfortable, she rubbed the space between her brows and went back to her room to rest.

Although Cheng An'an said that he was fine, how could he not be angry when he confronted the Song family siblings?

I didn't feel it before, but when Cheng Anan returned to the room at night, it soon started to flare up.

Bai Qing was becoming a father for the first time, and he was so nervous that he couldn't even put on his shoes, so he went out and knocked on Lin Wenlan's door, dragged his two trembling legs, and ran to the living room to call a taxi.

Yun Chang heard the commotion outside and got up quickly, but before she could get close to Cheng Anan, Lin Wenlan pushed her out and sent her to pack the daily necessities for the hospital.

Yun Chang knew in her heart that Lin Wenlan sent her away because she knew she hadn't fully recovered and didn't dare to let her see blood.

After Bai Qingzheng ordered the car, he called the Cheng family again, went into the house, put on his shoes, and ran to the door to wait for the car with Cheng Anan, who was in pain and pale. , took Yunshang and hurriedly chased them out.

After the initial turmoil, the family finally sent Cheng Anan to the delivery room, and the Cheng family rushed over after receiving the call.

"What's going on? Didn't you say there are still seven or eight days left? Why are you going to give birth today?"

Lin Wenlan held back her anxious mother-in-law who was sweating coldly, and briefly talked about what happened during the day, "I reckon, An An was angry during the day, or else she wouldn't have had an attack right now..."

"And this thing? Your little Qi isn't scared, is he?"

"Fortunately, the comrades from the political engineering department came in time, and Xiao Qi is fine. It's just that An'an was implicated..."

The two parents and mother got together, talking about the family affairs absent-mindedly, but their eyes were fixed on the door of the delivery room, as if they wanted to see Cheng Anan inside through the two thick wooden doors.

Time passed minute by minute, and when the fish-belly white on the horizon was dyed with golden rays of light, there was a loud cry of a baby in the delivery room.

#### Chapter 743 Treating Guests

Yun Chang stared blankly at the little old man on the bed, the corners of his mouth twitched, unable to say a word for a long time.

It's over! There is no ugly person in the Bai family, and the eldest brother and sister-in-law are both pretty good-looking, why did the gene mutation give birth to a wrinkled little old man? Will he be able to find a wife when he grows up? She is so ugly, and she will take it out in the future, how should she introduce the identity of this ugly baby to others?

Seeing that Yunshang didn't come forward for a long time, and still had an extremely surprised expression, Lin Wenlan knew Yunshang's thoughts immediately.

This girl liked to talk to good-looking people since she was a child, no wonder she refused to come over now.

"Xiaoqi, aren't you going to Yicheng tonight? Come and see your eldest nephew!" Lin Wenlan hugged the child with a smile on her face.

The corners of Yunshang's mouth trembled again, looking at the red-skinned monkey in Lin Wenlan's arms, she lowered her voice and complained, "Mom, I think this baby is similar to Xiao Hei, and it will be difficult to find a wife when he grows up. I don't know What will my elder brother worry about in the future?"

Little Heiwa is ugly, at least he looks like a serious kid. But Bai Qingzheng's son is just a wrinkled little old man, uglier and older than Xiao Hei Wa, where will he find a blind wife in the future?

Thinking of this, Yun Shang's heart was so cold that she couldn't help but worry about Bai Qingzheng and Cheng An'an.

Lin Wenlan was so teased that she laughed, "It's not ugly! Newborn babies are like this, and they will look better in two days."

Yun Shang leaned over to look at the red-skinned monkey on the bed again, and asked Lin Wenlan, "Mom, you just took half a month off, when are you going back?"

"Your sister-in-law will be discharged from the hospital in three to five days. After she is discharged from the hospital, I will go back after I have settled your sister-in-law properly."

After Lin Wenlan finished speaking, she looked back at Yunshang, and then said, "Didn't you buy the ticket to Yicheng tonight? Your sister-in-law is fine, and you stayed up all night last night, go back and sleep for a while , let your brother take you to the train station after dinner."

Yun Chang was thinking about Gu Shinian in her heart, and Cheng An'an's family would come to take care of her during her confinement. After she was discharged from the hospital, she couldn't stay at home, so she nodded and agreed.

However, before boarding the train, Yun Shang found an excuse to go out for a stroll, quietly took out some nutritional supplements from the space, and asked Bai Qingzheng to replenish Cheng An'an's body.

.....

After getting off the train, the first time Yun Shang saw Gu Shinian, she couldn't help bending her eyes to share her joy.

"Second brother! I'm an aunt now!"

Gu Shinian had just picked up Yunshang's luggage, and when he heard the news, he frowned slightly and asked with a smile, "Brother Qingzheng is a father?"

"Yeah!" Yun Chang nodded, and a sliver of light overflowed from his eyes, "It's a pity that he is a big fat boy, and I can't wear pigtails and flowery skirts for him in the future."

Seeing the slight regret on Yunshang's face, Gu Shinian smiled, and gave his little girl a bad idea to fix the newborn, "A two- or three-year-old child can't distinguish between male and female, wears a flowery skirt, and has two braids. Son, you can still dress up as a pretty little girl."

Anyway, the members of the Bai family value girls over boys, and boys dress up like girls, which is more likely to attract elders' love.

Yun Shang: "..."

Brother Gu has learned badly!

Yun Shang silently complained about Gu Shinian, but she was already thinking about which skirt to wear and what hairstyle to wear for her eldest nephew.

At the end of July, which was the hottest time of the year, the two had a hasty lunch outside, and then drove all the way to the cooler Tiger Camp.

After entering the family area, Yunshang saw at a glance that there were several more families in the originally empty house, and two rows of new houses were built behind it. The whole family area looked much bigger and more lively, and there was already a little family courtyard prototype.

Under the shade of a tree, a few children were playing with rolling hoops. When they saw Gu Shinian and Yunshang get off the car, they looked at them curiously, and then they scattered and quickly disappeared around the corner.

Seeing that the doors of the neighboring houses were open, Yunshang asked curiously, "Second Brother Gu, you have neighbors now, do you get along well?"

Don't be like Bai Qingzheng and meet a strange flower like Song Dahua.

Gu Shinian hesitated for a while and replied, "Ah Chang, I don't come here very often, and I don't have much dealings with the neighbors...the neighbors should be pretty easy to get along with."

After Yun Chang washed her face, she took the watermelon that Gu Shinian had cut, gnawed on it, and talked about the disgusting things she encountered at Bai Qingzheng's side, "... Fortunately, nothing serious happened to my sister-in-law. Something went wrong, and the family named Zhou couldn't get it right."

Hearing that someone was trying to trick Yun Shang, he came directly to the door to force a blind date. Gu Shinian was so angry and sour that even the sweet watermelon in his mouth tasted bitter.

"A-Shang, how did the organization handle this matter?"

"The nature of this matter is too bad. In addition, my sister-in-law was angry and gave birth prematurely. The punishment given by the authorities was quite heavy. Before I got on the train, the two sisters and brothers of the Song family were sent back to their hometowns, saying that Song Dahua would not be allowed in the future." He joined the army. The comrades from the political engineering department also called the local government and demanded that the local government severely punish Song Yingjie. It is estimated that he will not be able to continue working as an accountant, and he may have to live in a labor camp for a few days."

Gu Shinian felt a little more at ease, took a bite of the watermelon, and then asked, "What about the Zhou? The Zhou is also involved in this matter, has he been punished?"

"My elder brother said that the surname Zhou is holding a dictionary to write a self-criticism these two days."

"Writing a self-criticism with a dictionary?" Gu Shinian was stunned for a moment, "Punishment?"

Yun Chang frowned, not concealing her gloating mood at all, "Well! The man is almost forty, and he can't read a few big characters. When writing a review, he needs to look it up word by word in the dictionary."

Gu Shinian's face looked much better, and he also told Yun Shang about his situation in recent months. Speaking of Kong Changzheng going to the capital for further studies and changing his partner, Gu Shinian smiled and said to Yun Shang, "A Chang, don't you know Wu Hongyu too? Just in time, let's invite Wu Hongyu over for dinner tonight. By the way, let's celebrate." The fastest updated Qiqi novel

"What are you celebrating?" Yun Shang didn't miss the smirk in Gu Shinian's eyes, and her curiosity arose immediately, "Is there anything I don't know?"

Did Second Brother Gu play tricks behind my back again? Who is it that's shady this time? Could it be Wu Hongyu?

"Congratulations to Little Six's dating Wu Xiang!"

Yun Shang opened her mouth and looked at Gu Shinian stupidly, not even reacting to the watermelon juice dripping from the corner of her mouth.

"Second, second brother, what are you talking about? Little, little six and Wu Xiang are married?!" Yun Shang wiped the corner of her mouth, and stammered, "I don't know when it happened!"

Isn't this matter put aside for the time being? When did Little Six get in touch with Wu Xiang? Also, why didn't she receive any news at all, but Second Brother Gu knew more than she did?

Gu Shinian reached out to wipe off the watermelon juice from the corner of Yunshang's mouth, and said with a smile, "Little Six called yesterday to say that his matter with Wu Xiang is over, and he called to thank me for giving him advice."

Yun Shang: "..."

So, what bad idea did you give my stupid and cute Erha?

In just a few days, Xiao Liuzi, that silly Baitian, coaxed Wu Xiang away, the speed is too fast!

"A Chang, the little six and Wu Xiang are very suitable. Let's treat Wu Hongyu to dinner tonight, so that Wu Hongyu will be happy too."

Yun Chang didn't know that Gu Shinian was about to secretly poke Wu Hongyu's heart. Thinking that the Bai family and Wu Hongyu's family would be in-laws in the future, and Wu Hongyu and Gu Shinian were partners, she happily agreed.

For such a great event, of course everyone should be happy together.

Moreover, everyone will be their own people in the future, so we should communicate more and help each other more.

Gu Shinian curled up his mouth and listened silently to Yunshang muttering what dishes to prepare for the evening, whether to go to the cafeteria to buy stir-fried vegetables, or to cook at home, whether to prepare some beer, some fruit, etc.

"A Chang, I'll arrange the treats. You can rest at home in the afternoon and wait for dinner in the evening."

Invite Wu Hongyu to dinner, just stir-fry two dishes from the cafeteria, and just make do with it, so there is no need for the trouble of starting a fire at home.

Besides, he was reluctant to let Ah Chang cook and work, who is Wu Hongyu, who still wants to eat the dishes cooked by Ah Chang himself?

dream!

This is Yunshang and Gu Shinian's first treat after they arrived in Yicheng. Yunshang wanted to gear up and prepare to show off his skills, but Gu Shinian took care of the whole thing with a single sentence, and Yunshang's excitement was immediately overwhelmed. Doused out.

"Second brother Gu, what should I do?" You can't just do nothing and just wait for dinner, right?

Sensing that Yun Shang was not in a good mood, Gu Shinian thought for a while, and tentatively said, "A Chang, why don't you wash the fruits?"

Yun Shang: "..."

...

Gu Shinian did not hide the news of Yunshang's arrival, and Wu Hongyu also knew that Gu Shinian went to the train station to pick up Yunshang in the morning.

Receiving Gu Shinian's invitation to treat guests to dinner, Wu Hongyu's mouth twitched, he thought for a while, and nodded in agreement.

He hadn't seen Yunshang for two years, even though Wu Xiang and Bai Qingzheng both said that Yunshang's illness was cured, but he didn't see Yunshang with his own eyes, so he was still a little worried.

Of course, he is only concerned about Yun Shang's physical condition now.

Ever since he knew that Gu Shinian was Yun Shang's object, and that he and Yun Shang grew up together, and the two had a very good relationship, he never thought about Yun Shang again.

I want to know Yunshang's recent situation, care about Yunshang's health, and just want to confirm that I once liked girls and lived well...

After get off work in the afternoon, Wu Hongyu went back to the dormitory to change into a pair of clean clothes, and followed Gu Shinian to the outside of the office area.

The two were talking about the camp, and the atmosphere was quite harmonious, but when they passed the small cafeteria, Gu Shinian turned his foot and walked directly into the small cafeteria.

Thinking of the grass meal that Bai Qing was treating him to in the small cafeteria in the southern military region, Wu Hongyu's face turned green. He was worried that Gu Shinian would also be learning from Bai Qingzheng, so he quickly followed him, and said very politely, "Battlefield Commander Bai, we They are all old acquaintances, there is no need to eat in the small cafeteria, just go back home and prepare some home-cooked food..."

"That can't be done, A-Shang just got off the train today, so I have to get some delicious food for A-Shang."

The most important thing is that today we want to celebrate the happy event between Little Six and Wu Xiang, so of course we have to prepare a good meal to celebrate, it's not good if it's poor.

Gu Shinian really didn't intend to treat Wu Hongyu harshly in terms of food, so he generously ordered two meat dishes. Thinking that Yunshang couldn't eat meat, he ordered several more vegetarian dishes until the lunch boxes he brought were full. Only then was he satisfied with taking Wu Hongyu to the family area.

Seeing that Gu Shinian had finished ordering, Wu Hongyu felt relieved of the pain in his throat.

You say it's okay, this time you don't have to be forced to eat grass, if you do this again, he will have to make a detour when he passes the small cafeteria in the future.

Yun Chang didn't stay idle when she woke up in the afternoon. She took a few big juicy peaches and some fresh apples from the space, washed them clean and put them on the coffee table. The room was filled with the fruity fragrance.

After Wu Hongyu followed Gu Shinian into the door, he almost froze in place when he saw Yunshang who had lost a lot of weight. It was Yun Shang who took the initiative to come over to say hello, and Wu Hongyu finally realized that he entered the room almost at the same time.

Gu Shinian put a few dishes on the table, took another bottle of wine, filled it up for Wu Hongyu, and then smiled and talked about the reason for his and Yunshang's treat.

Before he finished speaking, Wu Hongyu almost dropped his chopsticks, "What are you talking about! Xiangxiang is following, following, Bai Qingming is dating?"

Gu Shinian pretended not to see Wu Hongyu losing his composure, and put chopsticks on Yunshang's scrambled eggs, deeply moved, "Old Wu, I never thought that your family is related to my father-in-law's family..."

The two sons and two daughters of the Bai family, you have worked with Bai Qingzheng for many years, and they are still friends. It just so happens that your sister is comrade-in-arms and also friends with Yunshang. Working with me, the son-in-law of the Bai family, isn't it fate?

This is simply a natural in-laws.

Wu Hongyu's face was dark, his mind was in a mess, and he didn't know what to say for a while.

His own sister was actually abducted by the bastard from the Bai family!

What's more, it was Gu Shinian who told him about it. What does this mean? It means that the Bai family members know about Wu Xiang and Bai Qingming's relationship, but their Wu family has not heard anything about it.

The Bai family has abducted their Wu family's treasure quietly!

Wu Hongyu's heart was so cold that he couldn't eat a single bite of the table full of dishes.

"What's going on here? Yunshang, our family Xiangxiang really... has a crush?" Wu Hongyu's voice was low, and he didn't know how he asked this sentence.

It's so irritating.

He originally wanted to abduct Bai Qingzheng's most precious girl, but just as he was about to do it, Bai Qingming abducted his precious girl first.

Retaliation does not take so quickly.

Of course Yunshang knew that Wu Hongyu was unhappy, but she was in a good mood. After pretending for a long time, she couldn't pretend to be serious, so she tried her best to suppress the upturned corners of her mouth, and said, "Actually, I don't know what's going on. I only found out after hearing from Second Brother Gu today. How about I call Xiangxiang to ask about it later?"

I won't tell you, I secretly arranged the matter between Little Six and Wu Xiang!

Chapter 744 Diaphragm response

Wu Hongyu looked at a table full of sumptuous dishes that hadn't been served yet, so he couldn't take a bite. He put down the chopsticks that were almost broken, and picked up the wine glass to keep drinking.

He could tell that Gu Shinian and Bai Qingzheng were indeed raised in the same pot, and they were basically the same thing.

Under the guise of inviting him to dinner, Bai Qingzheng tricked him into the small cafeteria, forced him to eat a meal of poisonous weeds in front of all the officers and soldiers, and even got into a fight with him after the incident.

Gu Shinian did not trick him into eating poisonous weeds, but this guy's tricks are even more sinister than Bai Qingzheng. Knowing that he had been scrambling on the training ground for several hours in the afternoon, his stomach was already flattened by hunger, but before eating, he deliberately told about Bai Qingming's abduction of his precious girl, just to let him face a table. I lost my appetite for food.

What's even worse is that Gu Shinian was afraid that he wasn't sympathetic enough, so he deliberately pulled the ignorant Yun Shang to show off his affection in front of him. Was it because he was afraid that he wouldn't be mad at him?

This mind is too small!

Wu Hongyu rubbed his stiff, almost expressionless face. While drinking the wine, he chatted with Gu Shinian about things in the camp, and asked about Yun Shang and Wu Xiang's situation at school from time to time. Don't mention how aggrieved it is to eat a meal.

After a day of driving in the car, Yun Shang didn't have a good appetite. She ate a few mouthfuls of food, drank a small bowl of porridge, put down her chopsticks, and sat on the rocking chair under the vines on the courtyard wall. The slightly drunk Wu Hongyu gave up the space to speak.

Of course, the main reason is that Yunshang is not familiar with Wu Hongyu, and what the two of them are talking about is about the army, Yunshang is not easy to listen to.

In the room, Wu Hongyu rubbed his stomach, put down his wine glass, and asked Gu Shinian, "I've always wanted to ask you, was Kong Changzheng responsible for the last time I was beaten with a sap?"

Wu Hongyu spoke slowly and earnestly, with a bit of a tongue. Gu Shinian knew that he was a little bit drunk when he heard it. In addition, several people knew about it, and there was no need to hide it from Wu Hongyu, so he laughed. nodded.

"It's really Lao Kong who did it, and I said him afterwards, didn't Lao Kong apologize to you?"

"No." Wu Hongyu shook his head dumbly, and continued to ask with a puzzled face, "Why does Comrade Kong Changzheng dislike me?"

If he hadn't confirmed that he had never met Kong Changzheng, Wu Hongyu would have thought he had dug up the old Kong's ancestral grave, otherwise Kong Changzheng wouldn't have been able to take someone to beat him up as soon as they met.

Of course Gu Shinian wouldn't talk about the good things he did in the middle, the corners of his mouth trembled, his face didn't blush and his heart didn't beat, "Old Kong doesn't have a problem

with you, it's just that the peaches that have been planted for three years have been picked. Old Kong couldn't turn a corner for a while."

Wu Hongyu pondered for a while while holding his wine glass before he came to his senses. He was so angry that he uttered obscenities, "Fucking shit! He's going to the capital for further training, and he still wants to stay in the Tiger Camp thousands of kilometers away? See if the ass is that big!"

He, Kong Changzheng, is so capable, why didn't he say that he pushed the place to go to the capital for further study, and continued to let the Tiger Camp be Gu Shinian's deputy?

Didn't he know that the number of study places is related to his future in the army, he wants to be reused in the organization, but he doesn't want to give up the foundation laid by the Tiger Camp, he wants to benefit from both sides.

Pooh! He's not very capable, but he has a lot of heart, and he still wants to occupy the latrine without shitting, so why can't he be greedy to death!

Wu Hongyu was so angry that he grinded his back molars. Gu Shinian poured him a glass of wine and said apologetically, "I'm to blame for this too. The notice for Lao Kong's advanced studies has come down a long time ago, but it's just that he was a recruit in the camp a few days ago. When I reported for duty, I forgot about it, and Lao Kong was also in a hurry..."

Wu Hongyu was stunned for a moment, and his face immediately became black.

I can go to you!

You obviously withheld Kong Changzheng's notice on purpose, making Kong Changzheng think that I was parachuted over to take his place, so that Kong Changzheng could beat me up to vent his anger, this is too shameful!

Didn't he just write a few letters to Yun Shang, and didn't do anything else out of the ordinary, and he took such revenge? !

I want to understand that all of this is Gu Shinian behind the scenes,

When using Kong Changzheng's hand to deal with him, Wu Hongyu was so angry that he wanted to fight Gu Shinian.

It's just that he still remembers that this is Gu Shinian's territory, drinking Gu Shinian's wine in his mouth, and holding Gu Shinian's rice bowl in his hand, plus Yunshang is in the yard, no matter how angry Wu Hongyu is, can only hold back abruptly.

However, if he just let Gu Shinian go like this, he couldn't swallow the bad breath, so Wu Hongyu simply put on a dark face, pointed to the wine bottle on the table and said, "The wine in your hometown is good, get me a few bottles later! "

Now that the two of them are partners, it's not easy for him to beat Gu Shinian, so he will cheat him with a few bottles of wine, and he must vent his anger.

Otherwise, his heart would be on fire, and he would not be able to work with Gu Shinian in the future.

How could Gu Shinian not be able to guess Wu Hongyu's mind, so he agreed immediately, as a way to coax Wu Hongyu, so that he would not trip him up at work in the future.

Anyway, there is a shelf of cheap Erguotou in Yunshang's space, it is enough to fool Wu Hongyu.

Yun Chang didn't know when the two of them had their meal, but she only knew that when she woke up, it was already bright, and the place to sleep was changed from the reclining chair in the courtyard to the bed.

Listening to the loud voices of soldiers shouting slogans from time to time outside the window, Yun Chang felt very kind, and was not in a hurry to get up, turned over, lay on the head of the bed and continued to stay in bed like a lullaby.

It wasn't until someone knocked on the gate of the courtyard, and the only four military wives from the Tiger Camp came to visit, that Yun Shang bounced off the bed and hurriedly welcomed everyone in.

"Big sister, you are the target of Battalion Commander Gu, you are so handsome!"

The first sister-in-law who came in first, saw Yunshang's eyes lit up, put the vegetables in her hand on the table, pulled Yunshang and said enthusiastically, "I belong to Deputy Battalion Commander Hu's family, and I live in the row behind. If it weren't for our old nonsense, I wouldn't even know you came here yesterday, big sister.

By the way, these are the greens I picked up in the vegetable garden early in the morning, and I'll bring them here to add something to you. Battalion Commander Gu doesn't live here on weekdays, and he doesn't have a vegetable garden. If you start a fire here and lack any vegetables, just put them in my vegetable garden. Don't be polite to me. "

Before Yunshang could speak, the other three military wives also put the shallots, green tomatoes, and two zucchini in their hands on the table, introduced themselves to Yunshang, and also talked about the situation in the family area by the way.

At this time, Yun Shang finally understood why these four people came to visit together.

It's not how good everyone's relationship is, but the entire Tiger Camp, only these four military wives are with the army.

This place is vast and sparsely populated, so you can't make trouble if you want to.

#### Chapter 745 Reprimand

According to what they said, there are quite a few people in the battalion who can accompany the army by themselves, but recently, when the top talents selected from various military regions came to report for duty, the big guys didn't even settle down by themselves, so how could they take care of their families? Things with the army.

In addition, the newly built row of houses in the family area has not been fully dried, and even if people want to live in, they have to wait for two months. Therefore, there are currently only four family members of military officers who have been transferred in the family area.

Probably because Yunshang's skin was too tender and she looked like a child, the military wives simply recognized the door, talked about the general situation of the family area, asked about Yunshang's situation, and left.

Yun Shang has a good impression of the military wives. Although they occasionally quarreled with each other because of their positions, they spoke in a proper manner, and they didn't give people an aggressive or annoying feeling.

Generally speaking, Yun Chang is quite satisfied with these neighbors.

It was getting late at this moment, Yun Chang hurriedly ate breakfast, took an apple and gnawed it while walking towards the camp.

I haven't been here for a few months, and she has to go to the infirmary to wander around and swear an oath of sovereignty, so as not to have a long memory, and secretly dig her corner with a hoe while she is away.

After Gu Shinian finished dealing with the matter at hand, he checked the time and hurried downstairs, preparing to go to the small cafeteria to buy food.

As soon as she left the office area, she turned to the infirmary, and when she looked up, she saw Yunshang coming out of the infirmary with a smile on her face. While walking, she turned her head and waved to the two nurses who sent her out, with a look of reluctance.

Seeing this, Gu Shinian twitched the corners of his mouth, stopped in his tracks, and called Yun Shang helplessly, "A Chang."

When did this little ancestor have such a good relationship with the nurses in the infirmary?

Didn't he go to the infirmary to find someone to settle accounts last time, scolding the two nurses, why did he get mixed up with these nurses this time?

"Second brother Gu!" Yun Shang didn't know what Gu Shinian was thinking, when he saw Gu Shinian, he walked over quickly and asked, "Are you done with your work, are you tired?"

"It's okay." Gu Shinian glanced at the nurse standing at the door of the infirmary, and asked, "Have you made new friends?"

Yun Chang bent her eyes and nodded, "Well, that's it."

That's right, that's the eyeliner she bought with the Big Apple, and the one who gave her credit should be regarded as a friend.

After making new friends, of course, you can't forget old friends. After asking Gu Shinian to go to work in the afternoon, Yunshang thought about going down the mountain by herself, and went to the art troupe to see Teacher Guan, Yao Ke, and Wen Chengjie.

Naturally, Gu Shinian couldn't let Yunshang go down the mountain alone. After thinking about it for a while, he suggested to Yunshang, "Ah Chang, the art troupe has a lot of performance tasks these days, and you didn't see anyone in the past. I'll accompany you down the mountain this weekend, okay?" it is good?"

Yun Chang thought for a while, then nodded regretfully, "Okay then, I'll invite you to a meal when the time comes, and treat it as an invitation to our engagement banquet...By the way, your time has been confirmed, right? Can I go back this year for Chinese New Year?"

Don't worry about all the relatives and friends at home, and the dishes for the engagement banquet are all ready, but you, the leading actor, don't have time to go back, so the fun will be great.

"Don't worry, I still have some for this year's vacation, and I will definitely be able to go back then."

Forget about other things, he and A Chang's engagement ceremony, even if he arranges family leave with others, he still has to find time to go back and finalize his name. Lest he worry every day that someone in the school is plotting against his little girl.

The two chatted while walking, and soon disappeared on the boulevard.

At the same time, Bai Yancheng, who was far away in the capital, almost scolded his mother on the phone.

The addition of a baby to the family made him a grandfather, so of course he was happy, but why did Lin Wenlan want to pour a basin of ice water on his head when he was happy?

Xiao Qi is still in school, and she agreed to get married after graduating from college, so why did she bring up the matter of engagement again? Do you have to put a knife in his heart to be happy?

Lin Wenlan was too lazy to respond to Bai Yancheng's petty emotions, and said, "Xiao Qi has gone to Yicheng, if you have any opinions, you can talk to Xiao Qi yourself." As long as you are willing to speak harshly to your daughter.

Bai Yancheng was furious, "Why do I have to tell Xiao Qi if I have an opinion? I'll call Gu Shinian, and I'll talk to him..."

"Xiao Qi is at Shi Nian's side. If you call Shi Nian, can you hide Xiao Qi?" Lin Wenlan asked back, and before Bai Yancheng could answer, she continued, "If you are right with Shi Nian again Be so angry, be careful that your daughter is in a hurry with you."

Bai Yancheng: "..."

After Lin Wenlan hung up the phone, Bai Yancheng kept spinning in the room like a spinning top. Finally, he couldn't help it anymore. He still called Gu Shinian's office. Taught Gu Shinian a few words.

#### Chapter 746 Support

Gu Shinian, as a seed player who has been competing with Bai Yancheng for many years and has always gained the upper hand, the only secret to winning is to sue.

In addition to filing a complaint with Yun Shang, he would also file a complaint with Mr. Bai and Lin Wenlan, and each one would be accurate.

With the family status of the three of them in the Bai family, it is easy to crush Bai Yancheng. This was also the main reason why Bai Yancheng saw that the two sons-in-law were not pleasing to the eye, but only dared to talk about it, and found other reasons to deal with Gu Shinian and Han Chen.

This time, Bai Yancheng found a reason to reprimand Gu Shinian again, and Gu Shinian used his old trick without exception, put down the phone, went home with a slumped face, and complained to Yunshang.

Well, he was scolded by his father-in-law again, and his heart was so broken that he couldn't stick to it anymore. He needed his little girl to take care of him, and to help him reprimand him to go back to be happy.

This is not the first time Yunshang has supported Gu Shinian. Knowing that her own father found an excuse to scold Gu Shinian again, she called back dumbfounded to help Gu Shinian get back on the spot.

Bai Yancheng knew that Yunshang would call back, and the first thing he said when he answered the phone was, "That dog complained to you again?"

Without waiting for Yunshang to reply, Bai Yancheng started rambling with contempt on his face, "Tell me, who is this person you are looking for? The elders will not be happy after saying a few words. This narrow-mindedness is not like a man. Comrade? Xiaoqi, listen to Dad, it's too tiring to live with small-minded people, why don't we look for more, pick a few more, and find someone as generous as your dad..."

Gu Shinian: "..."

Yun Shang: "..."

Bai Yancheng was still brainwashing Yun Shang, while Gu Shinian on the side snatched the phone with a dark face, "Uncle Bai, I'm Gu Shinian."

As soon as the words fell, Bai Yancheng seemed to be strangled by someone, and the rest of the words were stuck back from his throat.

What a shame!

Saying bad things about the juniors behind their backs, but getting caught, is there anything more embarrassing and embarrassing than this?

Bai Yancheng prided himself on being an upright man and had never done anything wrong in his life, but at this moment he couldn't stop feeling guilty, his old face flushed with embarrassment.

Yun Shang answered the phone and asked pretending to be unhappy, "Dad, are you bullying Second Brother Gu again?"

Bai Yancheng: "..."

I want to say no, can you believe it?

Yun Chang continued with a stern face, "I called to ask how you are doing, whether you are eating well and sleeping well, but you gave me such a big surprise as soon as you answered the phone? Say, you Why are you bullying Second Brother Gu again!?"

Bai Yancheng: "..."

So, the dog surnamed Gu didn't file a complaint, so he exposed it himself?

What the fuck is this called!

I have been shrewd all my life, but the boat capsized in the gutter and fell into the hands of the two little devils.

Bai Yancheng was silent for a long time, then he spoke eagerly, "Xiao Qi, you have been away for half a month, when will you come back? Your father misses you." The point is, I miss my daughter too.

"Dad, I originally planned to stay in Yicheng for a week or so and then go back. Who knew that you always bullied Second Brother Gu behind my back. Second Brother Gu is so pitiful, I have to spend more time with him here. I have decided, I'm going to stay here until school starts and then go back!"

Bai Yancheng was so angry that she gasped for breath, and kept muttering in her heart: This girl is raised for nothing! It's really worthless...

Anger is anger, after all, it is my own daughter, no matter how white it is, I have to pull it back, right?

Bai Yancheng endured the anger that was rushing up, and coaxed Yunshang in a good voice, hoping that his daughter would go home early. At the end of the coaxing, he almost swore to the sky that he would never trouble Gu Shinian again.

Yunshang tried her best to suppress the upturned corners of her mouth, and helped Gu Shinian threaten Bai Yancheng, "Dad, you said this yourself. Next time you bully Gu Erge again, I will tell my mother that you hid money from the house." !"

Bai Yancheng was so shocked that the phone almost fell to the ground, "Xiaoqi! You, you child, you can eat indiscriminately, but you can't talk indiscriminately. When did I hide my private money? Me, I only have a few pocket money every month. , where do you hide your private money?"

Did this little ancestor lie to him, or did he really know about his hidden money?

Chapter 747

Thinking of the private money that was carefully hidden in the tea pot in the study cabinet, Yun Shang hummed twice, but did not expose Bai Yancheng's lie.

She is not a fool, if she really made her point clear, forcing her father to hide his private money outside, or try to find a way to spend it, wouldn't the reason be gone? What did she think she was threatening?

"Dad, don't keep targeting Second Brother Gu, my mother will tell you again after she finds out." My grandfather has to scold you too!

Bai Yancheng: "..."

So angry! There is no caring person in this big family, if it is not for having nowhere to go, he would want to run away from home.

"Xiaoqi, I will come back after staying outside for two days. It's hot now, so it's cool at home."

Bai Yancheng's tone softened, and he cleverly changed the subject. Yun Chang fell silent for a moment, and then responded.

Forget it, forget it, is it your own father, can you really insist on saving your own father's face or what?

Let's just leave it at that.

After hanging up the phone, Gu Shinian asked curiously, "A Chang, did Uncle Bai really hide his money?"

Yun Chang blinked, thought for a while and said, "...I don't know, I'm lying to my dad."

The private money is really hidden.

However, I really can't tell you where the money is hidden, or if you tell my mother every minute, my father will suffer again.

Yun Shang didn't tell the truth, so Gu Shinian stopped asking, and handed the cup of herbal tea to Yun Shang's mouth, motioning her to moisten her throat.

In order to support him, A Chang had been talking to Bai Yancheng for so long on the phone, he had to take good care of him, and he couldn't make his little girl thirsty...

...

In the past few days when Yunshang was in Yicheng, Gu Shinian was in a good mood, and he often had a smile on his face. Even the soldiers in the battalion had a much better life. .

Gu Shinian lived a prosperous life, and the soldiers in the camp lived comfortably, but Gu Guangzong, who was far away in Qinghe County, once again fell into despair.

He dragged his tired body from the end of the street, his expression was numb, his eyes were red, and he was just over thirty, but there were obvious wrinkles at the corners of his eyes, and fine white hair grew at the corners of his forehead.

At this time, he was wearing a white shirt that had been washed yellow. There were two big holes in the skirt, but they were not patched. The blackened threads at the holes were exposed bare.

Just from his appearance and clothes, one can tell that Gu Guangzong's life has not been easy these past few years.

When Gu Guangzong reached the entrance of the alley, a woman in her thirties came out of the alley and dragged Gu Guangzong in.

"How about it, can it be done?"

"...It's useless to say that the composition is not good, and it's useless to go to school."

Gu Guangzong glanced at the woman, waved the woman's hand away wearily, and continued to walk home, "Go back, I can't go to college, I can still go to the factory to find a job, and I can always have a bite for you."

The woman's face froze, she caught up with Gu Guangzong a few steps, and asked anxiously, "Is there any other way? Temporary workers can't compare with college students, let alone college students. Even if you are admitted to a technical secondary school, you are better than being a worker. "

If Gu Guangzong's mother and sister hadn't settled down in the provincial capital, and her brother had also made a career in the army, she wouldn't have mixed up with such an uncertain guy.

I had thought for a long time that my mother could help Gu Guangzong to solve the composition problem, but I didn't expect that it had been so long, and there was no news from the provincial capital.

Is that woman really not going to recognize Gu Guangzong's son?

Chapter 748 Mind

When Gu Guangzong was a teenager, he was able to make a living in the crowd of blind people. Later, because of his confession, he murdered Gu Shinian many times, and even did things like paying for murder. It can be said that Gu Guangzong has Gu Huaiqing's ruthless gene in his bones, and his means and cold-heartedness are not weaker than Gu Huaiqing's at all.

The reason why Gu Shinian has been trampled on the soles of his feet all these years is because Gu Shinian dug a deep hole for Gu Guangzong from the very beginning. With the help of the current situation, he was unable to stand up from now on, and had to succumb to reality, and did nothing. It wasn't that Gu Guangzong repented and let go of the resentment and prejudice in his heart.

It can be seen from this that Gu Guangzong's brain is definitely sufficient, and he is also aware of current affairs. How can such a person not hear the faint dissatisfaction and disgust in the woman's words.

Gu Guangzong stopped immediately, turned around, and asked with a very ugly face, "What's wrong, do you think I'm not good enough? Ma Hongni! Don't you look at yourself as a broken shoe that people drag out to parade in the street?" , with a drag bottle, what right do you have to despise me!?"

If he hadn't been dragged down by Gu Huaqing and had a bad background, he wouldn't have been in his thirties and couldn't find a decent wife, so he could only make do with such a woman with a bad reputation.

After all, everyone is right and wrong, so don't dislike anyone.

But who would have thought that this Ma Hongni had other thoughts now, seeing Tian'er urging him to find a relationship to take off his hat, isn't it because he dislikes him?

He didn't think she took a little girl who was eating a lot of food as a drag bottle, so why should she dislike him?

How used to her!

Gu Guangzong got angry, Ma Hongni's face froze, and she suddenly thought of the feeling of being hungry before, she bowed her head meekly and gave in.

"I didn't think so, I just... don't want you to work as a temporary worker anymore. Not to mention the hard work, you are always looked down upon and gossiped about. I just thought, you went to high school, you are a cultural person, Let's see if I can get into a university and sit in an office after graduation, so I won't be bothered by others in the future. Seeing you being angry makes my heart ache..."

When it came to the end, Ma Hongni's voice became smaller and smaller, and even choked with sobs.

After two years of making do with each other, Ma Hongni knew Gu Guangzong very well, and knew how to coax him when he got angry.

Sure enough, facing Ma Hongni's superb acting skills, most of Gu Guangzong's anger dissipated, and his face became much better, "Okay, don't worry about this, I know it well."

When Gu Guangzong entered the main room, Ma Hongni curled her lips, not daring to persuade Gu Guangzong to go to the provincial capital to join Zhang Chunni, and turned around to hide in the kitchen with her daughter to cook.

In the room, Gu Guangzong took out the notebook from the drawer, turned to the last page, looked at the two strings of phone numbers, pondered for a long time, tore off the paper, and stuffed it into his pocket.

If Gu Shinian and Gu Panguai hadn't urged him to collect Gu Huaiqing's body back then, he wouldn't have been implicated in Gu Huaiqing's defection. None of the qualifications.

They are also Gu Huaiqing's seed, why should he be implicated by Gu Huaiqing?

The two of them cheated him together, but he was not affected at all, let the wind and water flourish outside, why?

Gu Guangzong's eyes flashed with hostility, and he didn't bother to eat, he squeezed the paper in his pocket, and hurried out to the post office.

Chapter 749 do not help

A week later, Gu Shinian sent Yunshang to the train back to the capital. As soon as he came back under the sun, he received a call from Gu Guangzong.

On the phone, Gu Guangzong didn't play tricks, he just said that he wanted to go to university and wanted Gu Shinian to help him solve the problem of his status.

Yunshang returned to the capital, and Gu Shinian was in a bad mood. Hearing Gu Guangzong's unremarkable words, he immediately sneered and asked, "Why? What does it have to do with me whether you go to college or not?"

Gu Guangzong said straightforwardly, "Why do you say that! Just because you and Comrade Zhang asked me to go to the northwest to collect that person's body!"

When he fooled me back then, what he said was better than what he sang, why this matter would not affect me, and why he could get Gu Huaiqing's house in the provincial capital by collecting the body in the past, it's all a lie!

In the middle of winter, he ran to the Northwest, where he was as cold as his third grandson, and he let Gu Shinian's command run around him. He didn't get any benefits, and he was put on by that old bastard Gu Huaiqing.

Not only did he take his precious daughter to feign death and defect, but he also left a suicide note with private goods, and he, Gu Shinian, and Zhang Chunni were plotted against him.

Gu Shinian and Zhang Chunni are protected by the Gu family in Beijing and the Bai family, so they are naturally not afraid of Gu Huaiqing's calculations, but he is different.

Those people couldn't help Gu Shinian and Zhang Chunni, and they couldn't figure out the Gu family in the capital behind Gu Shinian, so they just turned their anger on him.

If he hadn't been prepared and spent a sum of money to settle the matter, maybe this little life would have been gone long ago.

Gu Shinian fooled him into suffering such a big loss, but now he slapped his ass and turned his face and refused to recognize anyone. How could such a good thing happen?

This matter cannot be left alone!

Gu Shinian was amused by the reason given by Gu Guangzong, and asked, "I remember you severed ties with our family in 1960 and went to the provincial capital to be that man's son. Tell yourself, that man Should you be your son and clean up the mess after the accident?

Besides, your status is not good in the first place, otherwise, people would not be driven back from the army back then. What does this have to do with whether you go to the Northwest or not? "

It seems that if you don't go to the Northwest, your grades will be good, and you will be eligible to enter the university. What are you daydreaming about?

Ever since the statement of severing the relationship between mother and child was signed, Gu Guangzong and Gu Huaqing have been inseparable. Even if Gu Guangzong does not go to the northwest, he will still be implicated after Gu Huaqing's affairs are exposed.

Making this call now is nothing more than trying to blackmail someone.

How could Gu Guangzong not know that what Gu Shinian said was right, but people living in despair, finally seeing a glimmer of hope to turn around, naturally wanted to seize this slim opportunity.

"Second, are you refusing to help me?"

Gu Shinian paused, and said, "It's not that he doesn't want to help, it's that he can't help." Of course, the most important thing is that he doesn't want to help!

He is not a holy father, and he cannot do things that repay evil with virtue.

Gu Guangzong has suffered a lot from Gu Shinian these years, so he naturally knew that Gu Shinian was not a good person. Now that he was rejected clearly, he didn't dare to threaten to play tricks, but ended the call in a hurry. Thinking about the possibility of starting from Zhang Chunni.

After all, he is also Zhang Chunni's own son, so the blood relationship can't be said with certainty.

Although Zhang Chunni didn't say it clearly, the reason why she pulled Gu Huaqing and his wife down was because they sent him to the most dangerous border.

As a mother, how can I really offend my own son.

## Chapter 750: Begging

Gu Guangzong originally wanted to call Zhang Chunni directly, but thinking of Zhang Chunni's tougher temper than steel, and Gu Pangu who lives with Zhang Chunni and is extremely stingy, he finally decided to go to the provincial capital to beg Zhang Chunni face to face.

Most importantly, he wanted to show Gu Shinian some color. He wouldn't feel at ease entrusting this job to anyone, and he had to go to the provincial capital to do it by himself.

After making up his mind, Gu Guangzong used a few packs of cigarettes and a bag of malted milk to clear the way, got a letter of introduction, and took Ma Hongni, mother and daughter, to the provincial capital.

The reason why Ma Hongni was brought was because she was good at speaking, if Zhang Chunni and Gu Panguai dared to show their faces and refused to let him in, let Ma Hongni kneel at the door with the oil bottle and wipe away tears.

Comrade Zhang Chunni has been strong all her life, and she values face more than anything else. After doing this, Zhang Chunni dared not let him in.

Ma Hongni didn't know Gu Guangzong's plan. Hearing that Gu Guangzong was going to take her to the provincial capital, she almost went crazy with joy. Excited to follow out.

.....

Early in the morning, as usual, Zhang Chunni went shopping with a basket before the sun came out. But before she got out of the alley, she bumped into Gu Guangzong's family of three.

After all, it was mother and son. Even though the two hadn't seen each other for nearly ten years, they still recognized each other immediately.

Seeing the person who shouldn't appear standing in front of her, Zhang Chunni thought her eyes were blurred, and rubbed her eyes vigorously to confirm that she did not recognize the wrong person.

She was overjoyed at first, then straightened up immediately, glanced at the mother and daughter Ma Hongni, and asked coldly, "What are you doing here?"

Even though Gu Guangzong came here with other purposes this time, when he saw Zhang Chunni, he unconsciously showed excitement on his face, "Mom, I'm here to see you..."

"I'm fine." Zhang Chunni interrupted Gu Guangzong, her eyes fell on the white hair on his forehead, the corners of his eyes were slightly sour, and her tone was a little gentle, "Go back. It's not easy for you to come out now, so I'll put it aside later. Have a good time at home, don't come here again."

Gu Guangzong was obedient and argued, and immediately knew that Zhang Chunni's attitude was loose. He smiled, pointed to the little girl next to Ma Hongni and said:

"Mom, this is Yingzi. She's five years old this year. I know you don't want to see me, but I have to bring Yingzi over to identify the door. Otherwise, you won't even recognize your own granddaughter when you meet me on the road."

The veins on Zhang Chunni's forehead bounced a few times, she took a fixed look at Gu Guangzong, turned around and entered the door, and before the three of them could react, she locked the courtyard door with a bang.

I haven't seen this dog for several years, and I still haven't said a word of truth.

If she was in the provincial capital, wouldn't she know about his affairs in Qinghe County?

That little girl was obviously brought over by the woman surnamed Ma, and she had something to do with him, Gu Guangzong. What did he mean by letting her recognize his granddaughter excitedly?

Really think she is a fool, don't you know what he wants to do here?

Fortunately, this wolf-hearted thing had severed all ties back then, otherwise she would have been pissed off.

Zhang Chunni locked the door, and Gu Guangzong stood outside in a daze with Ma Hongni, who was dumbfounded, and Yingzi, who didn't understand anything.

Ma Hongni looked at the closed courtyard door, then at Gu Guangzong, who was ashen-faced, stared at him, and said in disbelief, "Guang, Guangzong, what does your mother mean by this, she, she..."

"Shut up!" Gu Guangzong reprimanded in a low voice, lifted Ma Hongni's burden with his hands, pushed her to the gate of the yard and knelt down, "Don't you want Yingzi to change her surname, then cry! If you can Open the door, and I will give Yingzi my last name when I get back."

"really!?"

Ma Hongni was overjoyed, grabbed Gu Guangzong's skirt and asked, seeing Gu Guangzong nodding, immediately pulled the woman behind her, knelt down beside her, and taught in a low voice, "Ma Yingzi! Come on, kowtow to your milk! Kowtow!" Shout out a word of milk, and when you call out your milk, you will not be able to take my surname."
