### Chapter 75 Beaten

"It has been arranged above, after this time, someone will send you away..."

The two of them whispered for a while, then quickly stepped out and disappeared into the alley.

When the sky darkened, snowflakes floated in the air again. Even though the yellow headlights were turned on at the mine, the sudden drop in temperature at night and the dim light still made rescue a lot more difficult.

In the hustle and bustle of the rescue crowd, Yunshang probed out his spiritual power over and over again to help search for the buried miners. It was only after turning around the nearest mines that he held his head with a splitting headache and dragged his hands. Walking towards the tent area with two short, sore legs.

Chen Mei had long since followed the truck that transported the wounded back to the hospital. Yun Chang walked around the tent and found no familiar nurse, so she went out to find a corner where no one was around, and took advantage of the night to remove Gu Shinian from the space. moved out.

"Second brother Gu, we can't go back to the city."

Gu Shinian was sorting out the coal lumps that Yunshang had thrown into the space all afternoon. When he came out, he was still holding a shovel for shoveling coal.

Seeing that he suddenly changed the environment, and seeing Yun Chang standing in front of him with a small face, Gu Shinian directly dropped the shovel, pulled Yun Chang and pressed it on his knees, raised his hand and beat him.

Yun Chang was exhausted to the extreme, and her head hurt again. At this moment, Gu Shinian pressed her ass and beat her ass. In addition to the pain in her body, her face couldn't help but get hot.

Although she is only five years old, her mental age is seventeen. She is a big girl. Can you be ashamed of being pressed and spanked?

Even if the person who beat her was Gu Shinian!

Gu Shinian felt that something was wrong after only a few beatings. He pulled Yun Chang up to take a look, and saw that her face was flushed with tears, and she panicked. Tears were drowned.

Yun Chang secretly glanced at Gu Shinian, and seeing his distressed self-blame on his face, she quickly comforted him, "Second brother Gu, I don't care, if you're still angry, then... then fight again. I'll be fine."

Gu Shinian sighed, pulled Yun Chang over to rub her little butt, and asked:

"A-shang, tell the second brother, what's the situation now? What happened when you said you couldn't go back to the city?"

Before Yun Chang was afraid of being scolded, she didn't dare to talk to Gu Shinian when she followed Chen Mei into the car, and then when she threw coal into the space, she didn't dare to let Gu Shinian know that she was using the space to save people.

I can't go back to the city now, and I know that my actions can't be concealed from Gu Shinian, Yun Chang hurriedly flattened in Gu Shinian's arms, explained the reason for not being able to go back to the city, and then collapsed again Xiaozui, with a grieved face, stuck to Gu Shinian's ear and said:

"Second brother Gu, I secretly rescued thirteen people this afternoon. My head hurts when I pick up coal, and my feet are swollen..."

Yun Chang took off her shoes as she spoke, and stretched out her swollen feet in front of Gu Shinian, proving that she was not lying.

Gu Shinian felt extremely distressed, he rubbed Yunshang's feet for a long time, put on her shoes again, and asked:

"A Chang, tell the second brother how you saved people?"

"Just move the broken coal and soil around them to other places, and move some larger stones over there, leaving gaps for air circulation..."

"So the coals in the space were all moved in when you rescued people?"

Gu Shinian's face darkened again when he thought of the coal lumps piled up like hills in the space.

With so much coal, how many times has this girl used her mental power in one afternoon, and she has to carry large stones and coals, so she is not afraid that her mental power will be too exhausted and she will not be able to recover and become a fool in the future?

Seeing that Gu Shinian's face was black again, Yun Chang hurriedly brought her pale and pale face in front of him, softly coquettish in her mouth, "Second brother Gu, I have a headache, I want to sleep, my feet are soft, all I can't walk anymore..."

Gu Shinian didn't know that Yun Chang was using a bitter plan, but when she saw that she was indeed staggered, she could hardly stand still.

There was no blood on her face, and after all, she couldn't bear to scold her again.

Reaching out and picking up Yun Chang from the ground, his tone was flat, but he said with a very strong warning:

"Ah Chang, there is no next time."

Yun Chang quickly nodded in response, stretched out her arms around Gu Shinian's neck, lay on his shoulders and fell asleep.

Gu Shinian reached out and wiped some coal ash on the ground, wiped a few on his face and neck, and wiped on Yunshang's face a few times before hugging her and walking towards the tent where the city hospital was located.

.....

Zhou Mingjuan stood under the pillar carrying the headlights, saw Gu Huaiqing approaching, and hurried up to meet him.

"Brother Qing, I'm going back to change shifts here. How long will you be busy?"

"Not so fast." Gu Huaqing glanced at the devastated mining area, frowned and said, "You go back to rest early at night, I may have to stay up all night here."

Zhou Mingjuan was stunned for a moment, then immediately raised the corners of her mouth to reveal a chuckle, "I saw Commander Bai and Staff Officer Liu both returning by car. Are you here by yourself at night? Wouldn't it be too hard?"

Knowing that Zhou Mingjuan felt sorry for him, Gu Huaqing's voice softened when he spoke again, "The most important thing is to save people now. Besides, it's not me who stayed up all night alone. In the afternoon, a few suspected enemy agents were caught in the mine. Commander Bai and Lao Liu went back to Even the night of surprise interrogation, some suffer."

"Okay, put on your military coat at night, don't freeze, I'll make some soup for you when I go back, and I'll bring it to you tomorrow morning..."

Zhou Mingjuan reluctantly grabbed Gu Huaqing's sleeves, swaying gently while exhorting carefully, and finally watched Gu Huaqing enter the military tent, and then twisted her waist back to the hospital tent to arrange for the medical staff to change shifts at night. .

Gu Shinian stood in the shadows, watching the two of them talking in a low voice with an intimate attitude, and then watching Zhou Mingjuan dangling back and forth with Gu Huaqing's sleeves like a 28-year-old girl, and was speechless for a long time.

As far as Zhou Mingjuan's petite and gentle figure is concerned, it's no wonder that Iron Lady Zhang Chunni is not her opponent...

Gu Shinian stood outside with Yun Chang in his arms for a while, until a stretcher carried the workers who had just been dug out, shouting the doctor for help, and whistling past the two of them, Gu Shinian lifted his feet and followed the tent.

"The patient needs to be sent to the hospital for treatment immediately. Has the identity been confirmed? Are there any family members who come with me?" The doctor asked the worker who was carrying the stretcher while giving first aid.

"Doctor, his name is Liang Zi. There is only a blind old lady and a teenage girl in the family. You can't take care of him. You should send him to the hospital first, and then pay for the medical expenses..."

"Don't worry, comrade. Our hospital will settle the medical bill with the mine. As long as the identity is confirmed, it's enough to match the number!"

The two workers listened to the doctor's words, thanked them, and rushed out again.
