

## Thrive 751

### Chapter 751: Gu Pangui makes a move

The five-year-old child can already understand good words, and when he heard Ma Hongni say that if he kowtows and recognizes his mother, he will have a surname, so he will not be bullied or scolded as a wild species, and he immediately knelt there and said "bang bang bang bang" Kowtowed her head, shouting grandma while kowtowing, as if Zhang Chunni would keep kowtowing without opening the door.

Ma Hongni also knelt on the side, holding her throat, crying and talking about how difficult Gu Guangzong has been in these years in a voice that can be heard by neighbors, even though she was stared at and couldn't even eat, she was still thinking about coming See Zhang Chunni in the provincial capital...

Gu Guangzong took out the trough cake he had prepared early in the morning and held it in his hand. He stood behind the two of them with his head bowed and his head bowed, looking as if he had been greatly shocked. It looks as pitiful as it needs to be.

It was working time at this moment, and the two of them made a fuss, and the neighbors around quickly followed the sound, and stood nearby to watch the excitement.

Zhang Chunni is such a strong person. Hearing the movement outside the door, she trembled with anger.

It's so annoying.

Asking a little girl to kneel at the door and kowtow to beg her, what would others think of her? After the news got out, can't everyone say that she is as heartless as Gu Huaiqing, that she doesn't even recognize her granddaughter?

But if he just let people in like this, with Gu Guangzong's status, he would leave people with something to talk about. This is to make Huo Huo Pan Gui and Gu Shinian.

What made Zhang Chunni sad the most was that, as a son, Gu Guangzong used such extreme and aggressive means to persecute her. How could he treat her like a mother?

Such dirty methods would not be used to deal with class enemies. The son she hadn't seen for many years just used it on her.

Zhang Chunni leaned against the door, touched her face with trembling fingers, only to find that her face was covered with tears at some point.

The voices of neighbors persuading could be faintly heard outside, Ma Hongni and Yingzi cried and begged in a low voice.

Zhang Chunni came back to her senses, wiped away the tears on her face, and was about to open the door to drive away a few people, so as not to cause trouble for Gu Pangui and Gu Shinian, when Gu Pangui and Wei Jianjun appeared at the entrance of the alley holding their fat son.

The moment he saw Gu Guangzong, Gu Pangui's expression changed, he stuffed his son into Wei Jianjun's hands, and rushed up excitedly.

coming! coming! finally come! It's time for me to act!

Gu Pangui grabbed Ma Hongni's collar and slapped Ma Hongni's ears several times with his hand, which made Ma Hongni's ears ringing and stars staring in her eyes.

"I'll beat you to death, you shameless bastard! You are a bad guy who hangs a sign and parades through the streets. If you don't do a good job in the county for reform, what do you want to do by sneaking into the provincial capital! Tell me! What kind of destruction do you want to do!?"

Ma Hongni was stunned by the beating, covered her face, and said subconsciously, "I'm not a bad person..."

"I still don't admit it!" Gu Pangui didn't give Ma Hongni a chance to speak, and slapped him several times, "You two are well-known villains in Qinghe County! A counter-revolutionary and a broken shoe, how can I, a dignified trade union official, wrong you!?"

As soon as these words came out, Ma Hongni didn't know that her details had been exposed, so she immediately covered her face and dared not say anything.

Gu Pangui sneered, turned his head to look at the confused Gu Guangzong, his eyes sparkled, and he turned his wrist eagerly.

What the third child said was true. When he saw Gu Guangzong's fucking bastard, don't say anything, just put a hat on him first, and hit him for nothing.

This man surnamed Ma is a living example.

Chapter 752 Preemptive strike

Gu Guangzong was also taken aback by Gu Pangui's toughness. Seeing that she disregarded the relationship between brother and sister, calling out his relationship with Ma Hongni, and even wanted to do something to him, he subconsciously took a few steps back.

Is this still a woman?

It was terrible!

What's more, Gu Pangui is a lunatic who has nothing to gain and nothing to lose! Coming up to beat someone without saying a word, the designation is to take advantage of Gu Shinian.

So, Gu Shinian already knew that he would come to the provincial capital to find Zhang Chunni?

It's over! Now the trouble is big.

Gu Pangui didn't know what Gu Guangzong was thinking, seeing that he shrank back and didn't speak, and didn't give Ma Hongni a head start, he curled his lips in boredom.

What the third child said is correct, Gu Guangzong is a cowardly coward, and when dealing with such a person, he must be trampled under his feet as soon as he meets him, so that no matter how much crooked thoughts he has, he will not dare to use them in person up.

Of course, he has no chance to play tricks behind his back.

Dare to show up in the provincial capital, dare to spoil her good life, if he doesn't clean up, she will not be called Gu Pangui!

Wei Jianjun couldn't bear to look directly and covered his son's eyes, the corners of his mouth twitched non-stop, scolding Gu Shinian to death in his heart.

He took good care of his wife and asked Gu Shinian to teach her how to become a tigress with a phone call. If these tricks are used on him, how will he live in the future?

The neighbors around were also taken aback by Gu Pangui, seeing her calm down the scene as soon as she made a move, they hurriedly asked about the identities of Gu Guangzong and Ma Hongni.

"Xiao Gu, what you said is true? Are these two really bad guys?"

"That's not true." Gu Pangui glared at Gu Guangzong, pointed at Ma Hongni and said, "I don't know how many times this woman has been dragged out to swim the streets. There is no one in Manqinghe County who doesn't know her. And he ..."

Gu Pangui pointed at Gu Guangzong, paused, and said, "In order to live a good life, this man severed the mother-child relationship with my mother in 1960! Now that he has become a bad person, he came to the door and wanted to recognize his mother. Mom helped him solve the composition problem. Everyone said, can my mother handle this matter!?"

Of course not! If this is done, isn't it colluding with counter-revolutionary bad elements?

Zhang Chunni's family is a worker and a small cadre, and there is a son who is an officer in the army. How can such a family be corrupted by bad elements?

The neighbors now understood why Zhang Chunni didn't let the three of them in.

The most important thing is that the affairs of Gu Huaqing's family made a lot of noise back then, and the people near the courtyard have heard some rumors.

At this moment, Gu Pangui mentioned a little bit, and several seniors guessed Gu Guangzong's identity, and immediately showed disdain.

As the old saying goes, a son does not think his mother is ugly, and a dog does not think his family is poor.

This kid did something immoral that even a dog can't do. It's really worse than a dog. He lacks great virtue.

He deserves to be depressed now!

When the old bottom was exposed, Gu Guangzong became furious and stopped acting. He threw the trough cake in his hand on Gu Pangui, pointed at her nose and cursed: "What do you think you are! If you didn't coax me to go to the northwest ..."

"Wei Jianjun! You are blind! Can't see someone bullying your wife? Why don't you beat him up! Aunt Wang, Aunt Li, please go and report to the police, saying that there are bad elements causing trouble, and the comrades of the police should come here quickly."

Gu Pangui kept Gu Shinian's advice in mind, did not give Gu Guangzong a chance to speak, interrupted him directly, ordered Wei Jianjun to beat Gu Guangzong, and ordered his neighbors to report the crime.

The third brother has already said that if Comrade Zhang ignores Gu Guangzong, this bastard has decided to make a fuss about the suicide note. At this time, he must act first and report the case directly, saying that there are bad elements threatening the families of military officers...

Chapter 753 Who is the outsider

When Gu Pangui greeted him, Wei Jianjun immediately dropped his son and took Gu Pangui behind him.

With that well-behaved appearance, you can be as obedient as you want.

When Gu Guangzong saw this, his lungs were about to explode. The fastest updated Qiqi novel

It's that shit-stirring stick again!

Back then in Qinghe County, he helped Gu Shinian to target him a lot, and his gang of buddies, one by one, all of them were ripped off by this guy and Gu Shinian. If it falls into the hands of these two people, it is true that the skin can be peeled off, and the oil can be squeezed out of the bones.

It's good now, this guy doesn't hook up with Gu Shinian anymore, and he's become Gu Pangui's henchman again. He is so obedient as a dog if he dares not go west when he is told to go east, and if he is called to chase a chicken, he dare not chase a dog!

New hatred added to old hatred, Gu Guangzong's teeth were itching with hatred, but thinking of Wei Jianjun's current status, he had to swallow this bad breath again.

Wei Jianjun was quite ashamed at the moment, and felt that his behavior was a bit timid, which would damage the image of his country's cadres.

After all, when Gu Pangui yelled, he was so frightened that even his son was thrown into the wall. He looked like a familiar hand, and no one would believe him if he said he was not cowardly.

Today's face is completely collapsed on the ground, and I can't even pick it up.

But it doesn't matter, Gu Pangui has always had the final say on family affairs, if he dares to be disobedient, Gu Pangui will send him to sleep by the stove in the kitchen.

Now I'm a little bit cowardly, but at least I can sleep on the bed at night. Compared with sleeping by the stove in summer, what's a little embarrassment?

Besides, this Gu Guangzong was talking loudly with Gu Pangui just now, even if Gu Pangui didn't say hello, he had to come up and stop Gu Guangzong, lest this guy really bully his wife. Qiqi's novels are first published on the Internet

Gu Guangzong's face was very ugly, he was blocked at the door, and there were neighbors who ran to the police, so he didn't dare to waste any more time, "Wei Jianjun, you have a foreign surname, are you trying to meddle in our family affairs? "

Wei Jianjun pulled the corner of his mouth and said confidently, "You have severed ties with our family a long time ago. What kind of family business is it? Besides, half a son-in-law, plus Shi Nian and I have been good brothers for many years, can also be half a son. , this addition, isn't it a son? Compared with me, you are an outsider."

Gu Guangzong: "..."

What kind of algorithm is this, the son can add half and half?

Nonsense is really not a good thing!

Knowing that he couldn't beat Wei Jianjun, Gu Guangzong could only yell at Gu Pangui, "I have business with Comrade Zhang! Get your man away quickly, or don't blame me for turning my back on him!"

"Bullshit business! When we don't know what you want to do? Isn't it just..."

Before Gu Pangui finished speaking, Zhang Chunni opened the door and came out. Looking at the embarrassed Gu Guangzong, she sighed, "Pangui, you and Jianjun bring the children in first, and I will have a few words with the boss."

"What is there to say to a bad guy? We should just wait for the police to come and take him away. There's nothing to talk about..." Gu Pangui muttered dissatisfiedly, but his body was very honest, obediently carrying Wei Jianjun and his son entered the door and squatted behind to support Zhang Chunni.

Zhang Chunni patted Gu Pangui angrily, then glanced at Ma Hongni and Yingzi who were shrunk aside, and landed on Gu Guangzong:

"I called me two days ago. If you want to solve the composition problem, then listen to the organization, work honestly, actively report your thoughts, and strive to get closer to the organization as soon as possible. Don't always think about relying on relationships to go through the back door and playing petty tricks." It is not in your own interest to use means to achieve ends."

At the end, Zhang Chunni's voice had a hint of warning, which made Gu Guangzong angry and startled.

What does Zhang Chunni's last sentence mean?

Are you warning him?

#### Chapter 754 Stupid

Zhang Chunni was really warning Gu Guangzong. I hope he won't be stupid and make trouble with Gu Huaiqing's suicide note.

Gu Huaiqing's defection by feigning death was very involved. I don't know how many people were taken away for investigation. If Mr. Gu and Gu Shinian hadn't reacted quickly enough, the situation of their family might not be as good as that of Gu Guangzong now.

Even though it has been several years since Gu Huaiqing committed the crime, because of his special status, the influence was too bad, and until now no one dared to mention it casually.

It can be said that Gu Huaiqing's defection with his daughter was a stinking bomb, no matter who it was, it would be no good if it got involved.

Gu Guangzong dared to make trouble with Gu Huaiqing's 'suicide note', he was courting his own death, he was extremely stupid. Qiqi's novels are first published on the Internet

After all, it was Gu Guangzong who went to the northwest to collect Gu Huaiqing's body. He was the first person to handle the suicide note, and he was the first person to confirm that the suicide note was a secret letter.

If Gu Guangzong found out that there was something wrong with the suicide note, why didn't he confess to the organization when he was in the Northwest, but chose to conceal the matter and sent the secret letter to Zhang Chunni as an ordinary suicide note?

After Gu Huaiqing's defection was exposed, Gu Guangzong also had countless opportunities to confess his secret letter. Why did he choose to conceal it?

Now that he wants to make trouble with the suicide note, he must first explain why he concealed it and did not report it.

It can be said that everyone was in the same boat from the beginning, and Gu Guangzong dared to capsize the boat, and he himself would not be able to please him either.

The most important thing is that the purpose of Gu Guangzong's coming here this time is to solve the problem of composition. Once the matter gets out, Zhang Chunni and Gu Shinian can definitely fight against him, saying that he deliberately talked nonsense for meritorious service and to solve the problem of composition. Smearing and framing the working class and army officers.

Gu Guangzong is not a brainless idiot, he has already thought of these problems, the reason why he came to the provincial capital and threatened Zhang Chunni with the suicide note is nothing more than betting that Zhang Chunni still has a little affection for him.

But now, looking at Zhang Chunni's eyes that were so calm that they were almost indifferent, Gu Guangzong's heart sank slowly, and a sense of sadness spread in his heart for no reason.

He lost the bet.

Zhang Chunni can really be ruthless and don't want him as a son at all.

Gu Guangzong opened his mouth, wanting to ask Zhang Chunni, if she had any thoughts about his son these years, but looking at Zhang Chunni's calm and cold face, he swallowed the words again.

The sun shone obliquely through the low wall, stretching Gu Guangzong's shadow very long. He stood there stupidly, staring at Zhang Chunni, the corners of his eyes were astringent, and his eyes were lax, as if he was seriously remembering Zhang Chunni's face, as if looking at other things through Zhang Chunni.

Gu Guangzong knew very well that even though Zhang Chunni still cared about him before, after today's incident, the last mother-child relationship between him and Zhang Chunmei was broken.

Zhang Chunni also felt uncomfortable.

Back then, Gu Guangzong severed ties with her and followed that woman back to the provincial capital, which broke her heart. But even so, after knowing that Gu Huaqing and Zhou Mingjuan treated Gu Guangzong harshly and threw Gu Guangzong, who was not yet eighteen years old, to the border, Zhang Chunni went all out to pull Gu Huaqing off the horse and seek justice for Gu Guangzong.

Although Zhang Chunni was sad at that time, she still regarded Gu Guangzong as her son and silently followed his situation in Qinghe County.

It can be said that as long as Gu Guangzong does not continue to die, after a long time, Zhang Chunni is very likely to forgive him, and very likely to recognize him again.

#### Chapter 755: An Empty Field

It's a pity that Gu Guangzong lost his mind and did stupid things again, trying to threaten Zhang Chunni with the safety of his family. This is no different from stabbing Zhang Chunni's lung tube.

There are only two roads in front of Gu Guangzong now, one is how he got here and how to get out, and he will stay in Qinghe County peacefully to live his own life. Although he has no official job for the time being because of his composition, and he has to suffer a little bit of leisure on weekdays, at least he can save his life.

Adding the child support that Zhang Chunni sent him back then, and the small courtyard in Qinghe County, he has a house and money, and his life is richer than most families in the county.

The second is that Gu Guangzong officially broke up with Zhang Chunni's family and made a fuss about the suicide note. Leaving aside whether Zhang Chunni and Gu Shinian will be affected, Gu Guangzong's own fate will definitely be worse than now.

Wanting to understand his dilemma, Gu Guangzong laughed at himself, looked down at the shadow on the ground, and found that his waist and back seemed even more bent.

As the breeze blew by, the oily green leaves on the trees rustled. It was clearly a midsummer morning, when the sun and the breeze were just right, but Gu Guangzong felt cold all over his body, and felt a sense of desolation in his heart for no reason.

He was soberly aware that this time, Zhang Chunni would not forgive him again, she had really given up on him as a son.

From today onwards, he has become a real loner, no one will care about him in this world, and no one will really care about his life or death.

Gu Guangzong stopped talking, picked up the luggage bag on the ground, turned around, and walked slowly towards the entrance of the alley, looking deeply shocked.

Ma Hongni was stunned, unable to understand why Gu Guangzong flinched so easily, subconsciously chased after him, and stopped Gu Guangzong: "Guangzong, what are you doing here? You, tell mom, she will definitely let us in." of....."

"Shut up!" Gu Guangzong gave Ma Hongni a cold look, stretched out his hand to pull her away, and continued walking, "Hurry up and take Yingzi home."

Neither he nor Ma Hongni had a good relationship. A neighbor had already informed the police.

Ma Hongni was dumbfounded.

Is this man sick? After getting off the train, I didn't even have time to drink my saliva, so I dragged her and my daughter to find this place, but I didn't even enter the door, so I planned to go back after a few words? Cooperate with them to go back and forth to the provincial capital with great effort, and get out if they can't even drink the water in the provincial capital? What is this picture? Contribute to the railway system with too much money and nowhere to spend it?

Seeing Ma Hongni standing still, Gu Guangzong glared and urged again, "What are you doing in a daze? Hurry up!"

Ma Hongni looked at Zhang Chunni who didn't say a word, then at Gu Guangzong who was about to leave the alley, stomped her feet unwillingly, and dragged her ignorant daughter to chase after her.

Forget it, after sitting on the train all night, I'm so dizzy, I'd better find a place to rest and have something to eat, and she'll check on Gu Guangzong's words later to see what Zhang Chunni likes. Let's get something in the past, let's recognize this mother-in-law first...

Ma Hongni's plan was very good, but she didn't expect that the three of them hadn't gone far, and a few people suddenly rushed out from the alley next to them, and they blocked the mouths of the whole family, and carried them into a small courtyard inside. .

Gu Guangzong was stunned.

Are they... Kidnapped?

In the afternoon, as soon as Gu Shinian entered the office, Wei Jianjun called.

"It's time, it's done! I borrowed a few people from the third grandfather, and sent them directly to the train to send them away."

Gu Shinian and Wei Jianjun have been friends for many years, how could he not know what kind of virtue he is, and asked with a smile, "Is it still the old routine, educate him before sending him away, and get some private money by the way?"

Wei Jianjun became anxious, and covered the microphone, for fear that Gu Shinian's voice would be heard, "I'm here to help you with something, don't trick me, let Pangui know later that I'm in a hurry with you!"

Is it easy for him to get some private money?

He is now a state cadre, and he has to pay attention to his image in everything he does. Where do he get his private money on weekdays?

After so many years, he came across such an opportunity, and he didn't want to miss it.

Besides, Gu Guangzong himself is not a good thing, and he is not short of money. He arranged for someone to beat him up and threaten him so that he would not dare to leave Qinghe County in the future. Let's go, isn't it a routine?

They started doing this as a partner more than ten years ago, what does Gu Shinian mean by mocking him now?

Could it be that he didn't get any benefits and felt uncomfortable?

But he is in Yicheng, thousands of miles away from Linyang, so it's out of reach!

Can this matter depend on him?

Wei Jianjun became unhappy, and said in a drawn-out voice, "Gu Shinian, I'm your brother-in-law after all, isn't this good fortune going to someone else's land? Besides, for the stability and unity of your sister's family, you have to pretend to be confused when you should." Or else I will fight with your sister every day, so you can feel at ease?"

Gu Shinian was overjoyed, "Old Wei, are you sure it was you who fought against Gu Pangui, not Gu Pangui who punished you?"

Gu Pangui groaned, you didn't even dare to move, you are so useless, why are you bragging in front of me, pretending that I don't know your details?

The old man was exposed, Wei Jianjun blushed, and said cheekily, "I will find someone to clean up the mess for you, so I have to give you a loose pack of cigarettes. I don't ask you for the money, but can't I get it from Gu Guangzong?"

It's a pity that Gu Guangzong is also a stingy guy. When he came to the provincial capital to meet his relatives, the three of them brought sixty yuan with them, which was not as much as his monthly salary.

Invite those working people to have a meal, and leave enough travel expenses for Gu Guangzong. At most, there will be ten or so yuan left over. What can you do with such a small amount of money?

Not enough for his monthly food expenses!

The point is that he still has to be worried that Gu Pangui will know that he has earned extra money, and that he will lose a lot of money to Gu Shinian, almost to his grandma's house.

Knowing that Wei Jianjun had worked hard for a long time, he got more than a dozen yuan of private money, Gu Shinian couldn't bear to tease him anymore.

After thinking about it for a while, he changed the subject and asked, "How is Gu Guangzong, do you still have the guts to make a fool of yourself?"

"I guess I don't have the guts to come again. I heard from those people that they didn't greet them face to face, and they showed mercy. However, when Gu Guangzong left at the end, he was still swaying, dragging his legs when he walked, and he should have been quite scared. "

"That's good. Later, I'll call the Qinghe County Public Security Bureau and ask Zhang Haiyang to say hello to the street, and let them watch Gu Guangzong. The status is not good, it's better to stay in the county honestly."

Since the ingredients are not good, then work honestly to reform, don't run outside all day long, and embarrass the county.

Wei Jianjun thought for a while, then said, "Let me call, your status is inconvenient... It's better not to interfere. Zhang Haiyang and I are in the same system, so it's more convenient to pass calls."

#### Chapter 757: Whistleblower

The family agreed to go to the old man's place for dinner in the evening, Yun Chang changed her clothes early, held the big watermelon smuggled out of the space in one hand, and hugged the sleeping ball in the other, and rushed into the compound before the sun went down Son.

It was the off-duty time, and there were people who were going home for dinner coming and going in the compound, and there were many children chasing and playing on the tree-lined road in the middle, making the whole compound extremely lively.

Yun Shang greeted people she knew acquaintance all the way, and arrived at the door of the house in the blink of an eye. Just as she was about to open the door to enter, she saw the old man bringing the two brothers Bai Yancheng out of Gu's house diagonally across, talking all the way to the house .

Seeing Yunshang standing at the door of the house, Bai Yancheng immediately put a smile on his face, took a few steps over to take the watermelon in Yunshang's hand, and asked, "Xiaoqi, did you come here alone? Didn't you wait for your mother to get off work? "

"Well, my mother didn't leave work so soon, so let me come here first, saying that she will come here directly after get off work." Yun Shang first replied to Bai Yancheng, and said hello to the old man and Bai Yanming obediently.

The old man narrowed his eyes with a smile when he saw Yunshang, "Xiao Qi, where did you find the watermelon, why don't you come here by bike, what should you do with the watermelon all the way?"

His eldest granddaughter has thin skin and tender flesh, but a watermelon as big as it weighs more than a dozen catties, and the string of the net bag is so thin, her granddaughter's hands will turn red.

Bai Yanming also nodded, echoing the old man's words, "Xiao Qi, listen to your master, next time you have this job, call your third cousin and ask him to run errands for you."

This skinny little body looks boring, no wonder the old man feels distressed. Turn back and ask Qing Jie to go to the second child's house a few more times, to run errands for Xiao Qi or something, so that the old man will not worry about it every day, for fear that this girl will accidentally get sick again.

Yunshang was speechless for a long time, stretched out her hand and turned it back and forth to show the old man, "Master, I have great strength, look, there is nothing wrong with my hand."

Why not just carry a watermelon! With the blessing of spiritual power, she can spin a hundred watermelons in one hand, which is not so exaggerated.

The old man was too careful.

Bai Yancheng also hurried over to take a look, and seized the opportunity to apply eye drops to the old man, "Father, I just wanted to say when I was with Uncle Gu that there is really no need to book Xiaoqi's marriage. The two of them are not together, Xiao Qi has to do all the work by himself, what is this guy doing? Why don't you just keep it at home..."

Yun Chang's eyes widened when she heard it from behind.

Hearing the voice, the old man took his uncle and the others to Gu's house just now to discuss her engagement with Gu Shinian?

No wonder her father turned his face and refused to recognize anyone, and began to dislike Gu Erge again.

However, the matter between her and Second Brother Gu has finally been settled, and there must be no more accidents.

She has to find a way to find something for her father to do, so he can't keep staring at Second Brother Gu.

Or, let's start with Captain Lin?

After making up her mind, Yun Chang smiled calmly at Bai Yancheng, helped the old man into the door, put the ball on the sofa, and picked up the fur ball kept by the old man for a while.

When Lin Wenlan came back from get off work, the whole family had finished dinner, Yun Shang quietly dragged Lin Wenlan into the yard, and said in a thief-like manner, "Mom, let me tell you, my dad is hiding money behind your back! I think Seriously, there are hundreds of them!" Just because I gave my dad five hundred yuan over the years!

Chapter 758 Handing over private money

"You also know?" Lin Wenlan asked with a strange expression, then lowered her voice, "A few days ago, your father took the initiative to ask me to hand over the private money, and he admitted his mistake very well. I didn't bother with him about it."

Yun Chang was stunned. His eyes widened, and it took him a long time to realize, "... Mom, my dad, he, he, he took the initiative to confess to you? You... didn't clean up my dad!?"

Lin Wenlan poked Yunshang on the forehead, and said amusedly, "Your dad is admitting his mistake on his own initiative. I'll deal with him again. How dare your dad tell me what happened in the future?"

If it weren't for Lao Bai's old face and begging for mercy, she wouldn't let him go so easily.

What's more, it's summer vacation now, and Xiao Qi stays at home every day, so she is too embarrassed to clean up Lao Bai in front of the children.

After all, he is also a father, so he still wants to save face in front of his daughter.

Yun Chang was still a little dazed, subconsciously turned her head to look at the living room, Bai Yancheng was talking to the old man and Bai Yanming, her face was full of energy, and she laughed out loud from time to time, she seemed to be in a good mood.

The eye drops didn't work, and Yun Chang's mood was even worse. Although there is no evidence, she always feels that she has been tricked by Bai Yancheng.

"Mom, when did my dad tell you about this?" Yun Shang pouted and continued to ask.

"It didn't take long..." Lin Wenlan paused for a moment, and then continued, "It seems that I came back from your elder brother's house only a few days ago, and I was only twenty days old."

Yun Shang: "..."

If I remember correctly, that time period was the first and only time she threatened her father with money from her own house. That was the time when Comrade Lao Bai knew that his hidden money had been exposed.

So, Comrade Lao Bai is afraid that the bad things he did will be exposed, and he will directly cut off his wrists, so he simply reports himself, admits his mistakes to Comrade Lin Wenlan, and digs a small hole for her by the way?

Thinking about this, Yun Chang's face turned dark.

Well you old white, it's too bad!

With such vigilance and courage, it's no wonder that he was so cunning when he played Gu Huaqing like dough back then!

Seeing that the eye drops could not be applied, Yun Chang quickly picked up a piece of watermelon and handed it to Lin Wenlan, flattering him, "Mom, eat watermelon, I went out to find it today, it's so sweet."

Lin Wenlan took a bite of the watermelon,

Nodding in satisfaction, "This melon is quite sweet, where did you find it and how much is it?"

"Fifty cents a catty, six or seventy cents a piece, not expensive."

"The price is not bad. Your father has saved nearly 500 yuan from his private house for more than ten years, which is enough to buy seven or eight hundred watermelons. One a day is enough for our family to eat for several years. When I meet a melon seller later, I will buy more. Buy it with your dad's money."

When Yun Shang heard this, she choked on the watermelon in her mouth, "Mom! You just said that my father handed in less than five hundred yuan for his private house!?"

"You child, eat slowly, no one will grab you..."

Lin Wenlan patted Yun Shang gently on the back, and did not forget to answer Yun Shang's question, "I handed in four hundred and six, I took four hundred and five, and left ten yuan for your father as pocket money. Why, money Is it the right number?"

Yun Shang: "..."

The amount of money is more than wrong, it is far from the old nose!

These years alone, she gave Comrade Lao Bai no less than five hundred yuan, and Bai Qingyue secretly stuffed three or five yuan from time to time. One piece of pocket money, after Lin Lin always calculated, Comrade Lao Bai can have at least a thousand yuan.

In the first half of this year, she secretly counted the money in the money jar, and there were more than 800 yuan in it. In the end, Comrade Lao Bai took the initiative to admit his mistake, and he only handed in 460 yuan and then fooled it?

Damn, Comrade Bai is simply a genius!

Chapter 760 busy

Bai Yancheng searched and rummaged in the study for a long time, and found that the last bit of old stuff he had hidden was gone, and his heart was trembling with distress.

This unscrupulous girl of his is really too cruel, she ruthlessly sued him in front of her daughter-in-law, and even sneaked away what little money he had left, and he didn't dare to ask for it. In case

the news of him going to ask for money reaches his daughter-in-law's ears, he won't even be able to sleep in the study.

well! Too cruel, really too cruel.

This ghost girl squeezed out all the wealth he had accumulated for more than ten years, and left him so aggrieved that he had no place to talk.

It's just hurting people and hurting my heart again.

This is not raising a daughter, this is raising a living ancestor.

Bai Yancheng sighed and lay on the rocking chair, unable to sleep for a long time because of his heartache.

Alas, Lao Dier is gone, how long will it take for him to save up, and I don't know if he will have a chance to hide his private money in the future...

Yunshang listened to all the movements of Bai Yancheng in the study, and when the study was quiet, he quietly touched Bai Yancheng to condolences.

"Dad, don't worry. I'll put away the four hundred yuan for you first. If you want to use the money to tell me later, as long as you don't spend it indiscriminately, I will definitely give it to you."

Bai Yancheng: "... Co-authoring me to spend my own money, does it still need your permission? As an old man, I still have to make a living under your daughter-in-law?

What kind of reasoning is this?

How unfilial!

Bai Yancheng turned her head angrily and said nothing, not even looking at Yun Shang. It can be seen that it is really sad.

Yun Chang blinked, and continued to fool Bai Yancheng, "Dad, I'm doing this for your own good, if you continue like this, you won't know good people."

Bai Yan was so sincere that he didn't want to talk anymore.

You sue your mother for my own good? For my own good, you copied Lao Tzu's old story?

What nonsense!

"Dad, think about it, my mother has given you a lot of pocket money over the years, you save four or five yuan a month, and it's only five hundred or so in ten years.

This time, I handed in more than 800 yuan to my mother, which is almost the limit of the pocket money you have saved for more than ten years. If my mother finds out about the four hundred yuan again, can you explain clearly the source of the money? "

Bai Yancheng: "... " Didn't you and Qingyue secretly give me this money all these years?

Seeing that the corners of Yunshang's mouth were slightly raised, smiling like a little fox, Bai Yancheng immediately understood one thing:

In case Lin Wenlan really found out about the four hundred yuan, he, a black-hearted girl, would sway her mouth and deny that she had secretly stuffed money into him all these years.

At that time, the total amount of pocket money given by Lin Wenlan did not match the amount of private house money, and he could not tell the source of the money. According to Lin Wenlan's character, he was the one who was appointed to clean up and cried.

Imagining the picture of himself being tidied up, Bai Yancheng shivered abruptly, not daring to flirt with Yun Shang anymore.

After all, with such a big handle in Yunshang's hand, Bai Yancheng was also worried that Yunshang would be upset, so he directly handed over the four hundred yuan to Lin Wenlan, and he really didn't even know how to die.

"Xiao Qi, tell Dad, where did Dad recruit you, and why are you unhappy again today?"

You didn't provoke me, you just put my grandfather in front of you and didn't speak well of Second Brother Gu, and you still wondered how I could break up with Second Brother Gu every day.

You are so free, can I find something for you to do?

"Dad, you didn't recruit me, it's just that you never let Second Brother Gu call home, I'm so busy every day..."

I'm too busy, so naturally I'm looking for trouble for you.
