Chapter 77 The Shadow on the Wall

"It's just that the explosion range was too large. Many houses in the mine collapsed, and hundreds of people were injured..."

Gu Shinian's next words made the aunt's face black again, slapping the table and angrily scolding the enemy agents as inhumane.

The aunt scolded for a while, and when she looked back, she saw that Gu Shinian was constantly patting Yun Chang who was moving in her arms, and she quickly lowered her voice and said:

"Yeah! Comrade, I made your sister fall asleep."

Gu Shinian didn't deny it, but smiled, "Comrade, it's too late today, my sister's body is not good, I'll take her up to rest first."

"Okay, thank you today."

After asking everything she wanted to know, the aunt no longer delays the rest of the two. After thanking them, she lowered her voice and reminded Gu Shinian:

"Little comrade, the whole city is under martial law now. There should be public security rounds at night, so be alert when you and your sister sleep."

Gu Shinian didn't expect this, he thanked the other party, and quickly went upstairs with Yun Chang in his arms.

The two originally planned to enter the space to rest at night, but now they knew that the public security would come to check the room, but they honestly changed the bed sheets of the guest house and lay down on the rigid canopy bed.

"By the way, Second Brother Gu, have you heard the recorder?" After washing up, Yunshang felt a lot more energetic, and finally remembered the recorder she threw into the space.

Gu Shinian paused for a moment, the expression on his face was a bit indescribable, and after a long time he whispered back, "...I heard it."

Yunshang's curiosity was immediately aroused. Seeing that Gu Shinian's face was not good-looking, he stopped asking questions, and his consciousness entered the space, and quietly pressed the recorder...

Half an hour later, Yun Chang turned off the recorder with a red face, got into the quilt, and wrapped herself into a cocoon.

She wasn't really only five years old, so she couldn't understand the last voice of the recorder.

Hearing a series of dirty words from Gu Huaiqing and Zhou Mingjuan, Yun Chang felt embarrassed for a while.

Pooh!

I'm already a lot of age, and I can't stop screaming, so I'm not ashamed!

Gu Shinian glanced at Yun Chang in amazement, and then his eyes flashed with anger.

"Ah Chang, are you finished?"

"...I didn't listen!" Yun Chang scolded Gu Shinian angrily.

The corners of Gu Shinian's mouth curled up again, and he quickly softened his voice to coax her, "Okay, you didn't listen, you didn't listen to anything! I asked the wrong question."

Yun Chang rolled over from the bed and sat up, staring at Gu Shinian angrily, "Why didn't you remind me earlier!"

"..."

Gu Shinian was immediately speechless.

Then looked at Yun Chang with aggrieved expression.

How did he know that Yunshang would hear the end!

Yun Chang was pleased by Gu Shinian's expression, she pouted, and said with a look of disgust:

"Isn't Gu Huaiqing and Zhou Mingjuan mentally ill? I really thought the Gu family had the throne to inherit."

Thinking of the recording pen, Gu Huaiqing said lightly that Gu Shinian and Gu Guangzong would be taken to the provincial capital, and let Zhou Mingjuan and his mother and daughter choose one of them to be pleasing to the eye, and Yun Chang's heart burst into anger.

How can there be such a scumbag in this world?

Even considering his own son as an object for people to choose from, he is not afraid of retribution!

"Second brother Gu, what are you going to do now? Did you send Gu Guangzong back to the home a few years ago, or wait until a few years later... to do this again?" Yun Chang was really disgusted with Gu Huaiqing, and now he is even more concerned about him. I don't want to mention names.

"There's still more than a month before the Chinese New Year. It's been too long. It's better to solve this matter as soon as possible..." Gu Shinian suddenly stopped talking in the middle of his words, motioning Yunshang not to speak, and then lightly got out of bed, lying on his back. Listening to the movement outside by the window.

When Yun Chang got out of bed, his mental power was revealed. Across the thick wall, he could clearly see two people hanging on the wall of the guest house.

At this time, the two were pulling the rope and climbing up.

And looking at the route that the two came up, the target is most likely their room

"Second Brother Gu!"

Gu Shinian turned back, Yun Chang stretched out two fingers, indicating that there were two people outside, and then reminded him, "They are all men! Very strong!"

Gu Shinian's expression changed slightly, he quickly retreated to the bedside, and while dressing Yun Chang, he whispered:

"A-Shang, let's go downstairs first, you stay at the counter and wait for me."

"how about you?"

"There is martial law on the street now." Seeing Yunshang looking at him puzzled, Gu Shinian continued, "I will go to the street to find the police to come and arrest people."

Yun Chang breathed a sigh of relief, as long as Gu Shinian didn't take risks with himself.

Of those two people outside, one had a scar on his face and a murderous look between his brows, while the other was not tall, but he was strong, and he didn't look like a good person.

During the martial law period, this kind of person with a ferocious face and sneaking up on the walls, in all likelihood, is related to the enemy's special elements, and even if not, it is a bad element with a case on his back and a shameless person.

When encountering such a thing, it is natural to report it to the police and let the professionals handle it better.

The two moved quickly, put away the things in the room, quietly opened the door, and then quickly walked out, without making a sound.

The aunt who was sitting behind the counter saw the two going downstairs and was surprised for a long time, "Little comrade, why did you bring the girl down? Is there something wrong with the room?"

Gu Shinian walked over quickly, put Yunshang in the counter first, lowered his voice, and said with a serious face:

"Comrade, there may be enemy agents in our guest house. Please help me take care of my sister. I'll go out and report to the police!"

The aunt was startled, but she couldn't react for a while, "... enemy, enemy special? Our guest house?"

Seeing Gu Shinian nodding, the aunt hurriedly protected Yun Chang in her arms, "Okay, I'll show you a good girl! You run fast, hurry up and come to the police! All these bad guys should be arrested!"

Gu Shinian touched Yunshang's head and told her to stay where she was and not to run around. Then she turned around and rushed out of the guest house like a gust of wind.

The night was thick, and the snow on the road had already pierced into the ankles, and if you stepped down, you would immediately step on the ground with deep footprints.

Under the dim street lights, two police officers were stepping on their bicycles and were cautiously heading towards the guest house.

Gu Shinian walked out of the hostel and saw the police slowly approaching from the snow at a glance, and quickly greeted him: "Comrade! I have a situation to report here..."

When the two police officers heard that someone was climbing the back wall of the guest house, they were two sturdy men, and they immediately took it seriously.

"Little comrade, is the news reliable? Who else knows about this?"

"The news is reliable. I saw it with my own eyes on the second floor, and then I came down to inform you. No one in the guest house knows about it except the counter staff."

The two police officers were relieved to see that the news had not spread.

They were afraid that the half-sized boy would not know the seriousness. As soon as they found a suspected enemy agent, the whole world would know it, and it would be troublesome if they scared the enemy agent away, or forced the enemy agent to hurt people.
