### Chapter 84 Robbery

As soon as these words came out, the woman was stunned, and Yun Chang was also stunned.

These are refined white rice and refined white noodles. They are good things that can't be bought with money on the black market, so they are given away for nothing?

Why?

They're not scumbags!

Besides, this woman's eyes are so lively, her words are not sincere, and it's not that she is too poor to live on, why should she give her away for nothing?

Yun Chang was unhappy in her heart, but she didn't object to Gu Shinian's words face to face, she just pouted and clearly expressed her dissatisfaction.

Gu Shinian touched Yun Chang's head to smoothen her hair, and smiled to confirm with the other party, "Comrade, you heard it right, the things in my bag can indeed be given to you."

The woman finally came back to her senses, with a subconscious smile on her face, she immediately retracted it, her eyes flickered, and she asked tentatively, "...Little comrade, what do you mean?"

Gu Shinian picked up Yunshang and gestured towards the alley not far away, and the woman immediately followed with her bicycle.

At the entrance of the alley, Gu Shinian put down Yunshang, pulled up the scarf around her neck, and coaxed in a low voice, "Ah Chang, second brother, go and have a few words with this comrade, wait here for second brother. OK?"

Yun Chang didn't know what kind of medicine Gu Shinian sold in the gourd. Seeing that he didn't want her to know, she simply put aside her curiosity and honestly stayed at the entrance of the alley.

Gu Shinian didn't dare to let Yun Chang get out of his sight, and stopped after walking ten meters in.

The woman said directly to the past, "Little comrade, have you encountered any difficulties? Let's agree first, I will help if I can. If I can't help, then I don't dare to ask for your food."

The woman is very smart and knows that there is no free lunch in the world, and the pie will not fall in vain, so she put the ugly words in the front.

Even she knew in her heart that if the other party could give her refined rice and noodles generously, what she wanted must be not small, but the price was attractive enough. No matter how worried she was in her heart, the woman still wanted to stay and listen to what Gu Shinian had to say.

The north wind was blowing, and Yunshang stood in the sheltered place and looked at the two people in the alley from a distance.

In the long, narrow and deep alley, Gu Shinian didn't know what to say, the woman nodded with a smile, then took a small handful of dried noodles handed over by Gu Shinian, carefully propped up the leather bag hanging in front of the bicycle, and put the dried noodles on the back. went in.

After the woman left, Gu Shinian took Yun Chang's cold little hand, rubbed it and asked, "Ah Chang, where else do you want to go shopping, second brother will take you there."

Yun Chang looked at the library at the end of the street, and then thought that this was not their original world, her mind moved, and she took Gu Shinian's hand and said, "Second brother Gu, let's go to the library, see if there is a map, and then Find some history books and newspapers from the past two years!"

"Ah Chang, our household registration is not in Linyang, and we are not employees of Linyang City. We may not be able to go to the library. If you want a map, I will take you to the bookstore or post office to buy, history books and old newspapers... Go to the acquisition station in two days. looking around."

Yunshang was not disappointed if he couldn't enter the library. He just thought that in a few years, the libraries in various cities would be occupied by red soldiers, and a lot of precious historical documents would be burnt to the ground. Yunshang felt extremely distressed.

These materials are extremely precious treasures. If they are destroyed, the loss will be difficult to measure in money, which is a pity.

Gu Shinian probably guessed a little bit of Yun Chang's thoughts, and coaxed her patiently, "A Chang, you can't do anything when you go to the library now. Wait a few years, I'll show you around the country in a few years, At that time, you can collect as many books as you want in the library."

Yun Chang nodded, hugged Gu Shinian's leg tightly and flattered, "Second brother Gu, why are you so good! You are so amazing! You know what I think."

Gu Shinian smiled and hugged Yun Chang, "Okay, think about where else do you want to go?"

"Second brother Gu, let's go buy a stove! Build a stove at home,

It is warm in the house without cooking during the day. "

Thinking of the piles of coal like a hill in the space, and thinking of the room that would be cold without burning the pit, Yunshang felt that she should buy a stove to make her life more comfortable.

"Okay, I'll buy you another teapot, which can be put on the stove to boil water."

"Yes, buy another casserole, you can make soup, and hot pot..."

Yun Chang talked about the things that needed to be added to the house all the way, without noticing a tail suffixed behind him.

While passing by a narrow and secluded blind alley full of debris, Gu Shinian suddenly accelerated his pace and turned in, stuffing Yun Chang behind a pile of pieces of furniture, and said solemnly, "A Chang , wait for me here, don't come out later no matter what you hear!"

Gu Shinian said that he stuffed his military bag into Yun Chang's arms, took out the new dagger from the bag last night, and quickly walked towards the alley.

Yunshang's heart jumped suddenly, and she curled her small body behind the broken wood, not daring to move.

The sound of hurried footsteps soon came from the street outside, approaching the alley, the footsteps slowed down, and the vicious voice of the other party also came in:

"Little brat! I know you're hiding in there, throwing out the military bag with your stuff on you! If you dare to disobey, I will cut your skin!"

Gu Shinian stood behind the pile of debris at the entrance of the alley, neither moving nor speaking.

The other party was probably impatient, and threatened again, "Little brat, if you don't throw things out, I will not only cut your skin when I go in, but even your sister, I will cut it for adults!"

Hearing this, Gu Shinian clenched the dagger tightly, his body was murderous, and his eyebrows were cold.

"Fuck! Give something shameless to your face!"

Probably unable to wait any longer, the other party scolded and strode into the alley.

The moment the other party walked to the pile of junk, Gu Shinian swung the dagger out of his hand neatly.

The next moment, a bloodstain was sprayed directly on the yellow mud wall, which was extremely dazzling.

The man stared blankly at his half-split wrist, and before he could scream, he was knocked to the ground by Gu Shinian, and then he quickly removed his chin and picked up the wide plank and slapped head-to-head.

Gu Shinian's series of movements were fast and hasty, and he started with accurate head. He didn't give the man a chance to speak at all, and he knocked him unconscious in a few strokes.

Yun Chang was afraid that Gu Shinian would suffer a loss, so she cautiously tapped out her mental power to observe carefully, and found that the other party had completely passed out.

"Ah Chang, wait!" Gu Shinian grabbed Yun Chang with his backhand, and pointed to the person who was unconscious on the ground, "This person's injury needs to be dealt with, or he will die."
