### Chapter 183 – Jia Li Tells Li Huan Shes Married

Jia Li removed the gloves from her hands before taking a few sips from her tea. She met Li Huans gaze and felt it was weird.

Li Huan smiled when Jia Li looked away from him. He thought she was still that shy young girl he used to know.

Jia Li, how have you been? Im sorry I was too caught up with work that I didnt call regularly. Li Huan said as he put down his cup of coffee and gazed at Jia Li with a smile.

The more he looked at her, the more he liked her. She still looked the same as the last time he saw her.

It doesnt matter. You were busy with work and I was busy with school. Jia Li replied and blew on the hot tea before sipping some of it.

Still with a smiling gaze he asked, How are your studies? When are you rounding up?

Im currently working on my projects. I will be graduating in a month from now. Jia Li replied.

Wow! Thats good. Im sure youre doing so great! Li Huan said.

Jia Li felt awkward sitting there and chatting with him. Before, she used to anticipate this kind of meeting with him but now that it was actually happening, she wasnt catching the right feelings.

Jia Li looked around the cafe and hugged her arms. She was truly uncomfortable and Li Huan who has had his eyes

Are you uncomfortable? Do you want us to go to some other place? Li Huan asked in a concerned tone while thinking she was uncomfortable sitting in a public place with him.

Jia Li returns her gaze to him and said, No, its fine here. Brother Huan, you said you have something important to tell me.

Being reminded of the reason for his happiness, Li Huan smiled and announced to her.

Yes. I passed a test and a difficult interview and was promoted to the Head of my department.

What! Brother Huan, you got a promotion? Jia Li asked in an excited tone. She was truly happy for Li Huan since he got a promotion after only working for 3 years.

Yes, I did. My hard work paid off. And now that I am the Head of my department, I can control my schedule most of the time. Li Huan said happily.

This was the greatest achievement to him so far and now, he had another plan, which he would make known at the end of the day.

And the plan was to be with the woman he adores and that woman was sitting in front of him now.

Jia Li was unaware of his thoughts and was still excited about his promotion.

Brother Huan, this is good news. Does Aunty know about this?

Not yet, I havent said anything to her. If she finds out about it, she will want me to go back home to have a sumptuous meal with her. Li Huan said as he relaxed on the seat.

He knows his mother very well, she will surely ask him to come home to celebrate his promotion over a table of local dishes.

Thats true, Aunty will surely want to celebrate with you! Jia Li said with a smile.

And she will want you to join us. So, Jia Li, will you travel back home with me, to celebrate my promotion with my mom? Li Huan asked as he stretched his hand to hold hers.

Jia Li withdrew her hands from his awkwardly. She knew where all these things were going but it was too late for them to be together and this was the right time to tell him the whole changes her life has undergone.

Li Huan thought Jia Li was shy and smiled to himself. He didnt feel bad, because Jia Li has always been so innocent and shy since he has known her, so her actions now, wasnt a surprise to him.

Brother Huan, I have something important to tell you. Jia Li said with a nervous gaze while fiddling with her fingers that were on her laps.

Li Huan saw her nervous look and his looks turned serious as well. Is something the matter? Please tell me.

Jia Li was really nervous and didnt know how to say this to him without making him sad because she could tell that he liked her a lot. Breaking this news to him will definitely break his heart but she has to do it.

Li Huan waited patiently untill Jia Li mustered up her courage to face him.

Brother Huan, Im married. Jia Li finally said to him as her heart raced.

Brother Huan, Im married.

Im married!

Im married!

Those words continued echoing in Li Huans ears. He thought he didnt hear well, but there was no way he would have heard wrong, and Jia Lis confirmation to them, was like a hammer hitting on his chest.

Brother Huan, Im sorry I didnt tell you sooner. It happened all of a sudden and I didnt have the opportunity to tell you about it. The last time I wanted to tell you about it your Boss called for you, so we had to end our conversation. Jia Li said to him with a worried look on her face.

Thinking about her words, he remembered the last time he heard a conversation with her before he called her this morning. Thinking back to that conversation, he remembered her saying something about having a matter she wanted to tell him.

So, this was the matter?

After a long time, Li Huan found his voice. When did you get married?  
Are you joking with me?

I cant lie to you, I...I got married in September. Jia Li replied in a soft tone.

Did the Fu family force you to get married? Are they bullying you? Li Huan asked with a heavy heart.

They are treating me very well. Jia Li replied.

Who is your husband? Does he love you? Li Huan asked again.

Brother Huan, all these questions are not necessary. I have to go back home, I can't stay out for long. Jia Li said with a frown as she was starting to be uncomfortable.

## Chapter 184 – An Encounter With Bai Fen

Li Huan grabbed her hands that she just put on the table and asked, Does your husband bully you? How could you allow them to force you to get married? Look, you are not happy.

Jia Li shook his hands off and said to him, Brother Huan, nobody forced me.

Are you trying to say that you agreed to marry someone you don't love? Jia Li, how could you do this? Li Huan asked in a heartbroken voice.

He was truly heartbroken. He has been waiting patiently for her to graduate, so he could make her his girlfriend and then wife, but she shocked him today by telling her she was married.

I did that to repay a debt. The Fu family has done so much for me. I needed to show appreciation to them but I didn't have anything on me. Jia Li said as she looked down.

So, you sold yourself and your future to repay a debt? Li Huan asked with creased brows.

Jia Li saw that Li Huans face didnt look good and hurried to placate him, Its not like that. Brother Huan, dont worry about me, Im fine.

How can you be fine?! How could you agree to a forced marriage, you would have asked me for help. Jia Li, this doesnt dwell on me, take me to the Fu Family, I will help you ask for a divorce, I cant bear to see you unhappy. Li Huan said with a great deal of heartache.

Brother Huan, I am not unhappy, and I cant get a divorce. Nobody in the Fu family is allowed to get a divorce, its a rule. Jia Li revealed.

Li Huan was tongue-tied for a while. Jia Li what have you gotten yourself into? Its all my fault, I wanted to wait till you graduate before asking you out but this had to happen. Li Huan said with a tone of regret.

Jia Li was starting to feel occasional glances at their table and she was too uncomfortable to continue sitting there. She was too uncomfortable to worry about Li Huans feelings.

Brother Huan, I...I need to go now. Jia Li said and stood up from her seat and lifted her bag but Li Huan stood up and grabbed her hand.

Jia Li, please hold on, you cant leave like that. Li Huan said as he gazed at her with a heartbroken gaze.

Jia Li felt all eyes on them and tried to break free from him but she failed to do that because of his strength. She frowned and said to him, Brother Huan, let go, youre hurting me.

Li Huan came back to his senses and let her go and mutters an apology, Im sorry, I didnt mean to hurt you.

Jia Li massaged the place he had just grabbed. But before she could say anything to him, She heard a mature female voice coming from the side.

Look who I saw today. So, you are the legendary Jia Li? Bai Fen asked as she approached them with a smile. She had her phone and handbag in hand.

Jia Li and Li Huan glanced at her in surprise.

Do you know her? Li Huan asked as he glanced at Bai Fen with a frown.

No. Jia Li replied in a soft tone. She looked very surprised that the woman that was now standing in front of her, knew who she was but she had no idea of her identity.

Aunty, do you know me and please who are you? Jia Li asked politely with her gaze on Bai Fen.

Bai Fen snorted and glanced at her with eyes full of malice. I am a friend of the Fu family and of course I know you very well. You snatched my daughters place but all its good now because you will be sent away from the Fu family today.

Jia Li was shocked by her words. She wondered who Bai Fen was and how she was related to the Fu Family and why she said she would be sent out from the Fu family.

Seeing Jia Lis confusion, Bai Fen smiled and glanced at Li Huan before gazing back at her. You are already married, but you are out here with another man. I saw you two act intimately several times now and I couldnt help but come over.

Jia Li was shocked by the way Bai Fen twisted her words and hurried to explain since she said she was related to the Fu family. She didnt want her to go around spreading fake news. Aunty, I think there is a

misunderstanding. This is my childhood friend and nothing is going on between us.

Do you think I'm blind? You are married and also pregnant but you are still shameless and uncultured to still be fooling around with your childhood sweetheart, you are truly shameless! Bai Fen said in a tone full of hatred.

You are pregnant? Li Huan asked Jia Li in shock after hearing Bai Fen mention it.

Jia Li's eyes became teary after being abused by Bai Fen. She didn't know what she did wrong and how she had offended her.

What a pair of adulterous couple! Bai Fen spat and turned and trotted out of the cafe.

Tears dropped from Jia Li's eyes as she felt the heated gazes on her. Li Huan forgot about her pregnancy as he became worried when he saw her tears.

He put his hand on her shoulder and tried to console her, but Jia Li dodged him.

Brother Huan, I have to go now. Jia Li said to him as she choked on her tears. Then she ran out of the cafe immediately without waiting for his response.

Li Huan chased after her immediately as he kept calling for her, but all of his calls fell on deaf ears.

Jia Li cried and stopped a cab and got in immediately before Li Huan could stop her.

Li Huan could only stand and watch as the cab drove away, as it was already too late to chase after Jia Li.

## Chapter 185 – Jia Li Misunderstands...

Fu Hua was in his office tidying up and getting ready to leave for home when he received a call from a foreign number.

His brows creased in a frown as he answered the call. He listened as the person introduced herself.

I know, my grandfather told me about you. Fu Hua replied with his fingers tapping on the desk.

He listened for a few seconds again before replying, I will bring her to see you today, thank you!

After the conversation came to an end, Fu Hua saved the contact on his phone and put his phone back on his desk.

After putting the documents he will need to work with at home in his work bag

Walking through the hallway, he heard a notification sound coming from his phone and flipped it over to check it out.

The message was from an unsaved contact. He opened the message and saw the pictures the person sent and his countenance turned frosty.

When Jia Li got home, she had already stopped crying, but her eyes were still red.

Without saying anything to anyone, she climbed up the stairs and went straight to the bedroom to lie down.

Each time she thought back to Bai Fens hurtful words, she felt pain in her chest. This was the first time she was encountering such a situation.

She didnt know who Bai Fen was to accuse her of what she didnt do and to embarrass her publicly. Now she didnt know if Bai Fen would spread false news to the Fu family about her.

She only hoped the old man would trust her.

Housekeeper Zu came over to knock on the door. She noticed that Jia Li was not in a good mood when she came back, so she had to come up here to ask her about lunch.

Im not hungry. Jia Li said while laying on the bed with a duvet over her body.

The housekeeper was in a dilemma and didnt know what to do. But since Jia Li said she wasnt hungry, she didnt dare to disturb her and went away.

When Fu Hua came back, he saw the food that was served on the dining table and asked the housekeeper who it belonged to.

Sir, it belongs to Madam. She came back and refused to eat, so I left them here in case she comes down and wants to eat. But it looks like she is not in a good mood. The housekeeper reported.

Fu Hua glanced at the plates of food that were covered one more time before walking away without saying anything.

When he stepped into the bedroom, he saw Jia Li lying on the bed. Their gaze met when she glanced over at him.

Jia Li glanced at him before sitting up. Her eyes were no longer as red as before, since she managed to have a little nap to rest.

When Fu Hua saw her eyes, he guessed that she must have cried and his gaze turned cold. He thought she cried and refused to eat because she parted with the man she went to see.

Did you go to see your friend? Fu Hua asked with his gaze on her.

Yes. Jia Li replied in a soft tone as she adjusted the duvet.

A male or a female? Fu Hua asked as he put down his work bag

Jia Li's heart started palpitating when he asked that question. She began to wonder if he heard something. Before she left in the morning, he didn't ask the details of the person she was going to see, so why was he interested in it now?

A male. Jia Li replied.

Fu Hua removed his windbreaker and took out his phone from his trouser pocket. He unlocked his phone and opened the chat from the unknown contact.

He found the pictures that were sent to him and walked to the side of the bed and passed the phone to Jia Li.

Is he the one?

Jia Li slowly stretched her hand out to take the phone from him, as she wondered the reason for his question. But when she saw the pictures of her and Li Huan in a suggestive pose, her heart skipped a beat.

You... how did you get this picture? Jia Li asked in shock.

So I guess he is the one you went to see? Is he your boyfriend? Fu Hua asked as he took his phone back from her and fixed a serious gaze on her.

Jia Li knew he must have misunderstood something and tried to explain. Fu Hua, its not what you think. Im not cheating on you. Li Huan is my childhood friend he hugged me as a form of greeting. In the other picture, he grabbed my hand as I was about to leave, I didnt do anything wrong!

As Jia Li was explaining, tears started streaming down her eyes again.

Fu Hua shut his eyes and then opened them again to glance at her.

Its good that youre still dressed, come with me to the hospital! Fu Hua said to her with a serious facial expression.

Something broke in Jia Lis heart when he asked her to go to the hospital with him. Her mind flashed back to what Bai Fen said to her.

She remembered Bai Fen saying she was still fooling around with another man despite being married and pregnant.

Jia Li thought Fu Hua didnt trust her and wanted to conduct a DNA test because he must have thought she cheated on him and the child she was carrying didnt belong to him.

You dont trust me? Jia Li asked as hot tears continued to stream down her cheeks

Is this something you should be crying for? Lets go to the hospital right now, I dont have time to waste! Fu Hua said with a frown. He didnt understand the reason for her outburst.

## Chapter 186 – Misunderstanding Is Resolved

Jia Li felt insulted and humiliated that he still didnt trust her as he was still insisting on her going to the hospital with him.

I dont want to go! Im not going anywhere! Jia Li said in tears. She would never agree to go for a DNA test, she couldnt stand that humiliation.

Fu Hua was annoyed seeing how stubborn Jia Li was acting. And the worst part of it was that she was even crying.

If you dont stand up, I will carry you directly to the car. Fu Hua threatened.

I didnt betray you, the baby is yours! Jia Li continued sitting and cried harder when she saw Fu Huas angry gaze. She was scared that he would really do as he said.

Fu Hua was surprised by her words and asked with a frown, as he was very confused, What nonsense are you talking about?

Dont you want to take me to the hospital to take a DNA test because you think the baby is not yours? Jia Li asked as she reduced the tempo of her voice.

What DNA test? I'm taking you to the hospital to see the doctor grandfather arranged for you. She called me while I was still at the office and asked me to bring you. Fu Hua explained.

Jia Li wiped her tears and asked, You trust me? You are not like that woman that accused me of adultery?

Why wouldn't I believe you? Which woman accused you of adultery? Fu Hua asked with a frown.

There was a woman that saw me with Li Huan and... Jia Li went on to explain what transpired at the cafe earlier that day.

She said she was a friend of the Fu family? Fu Hua asked as his gaze turned colder.

Yes... She also said that I snatched... When Jia Li got to this place, she stopped talking. Fu Hua who was patiently waiting for her to continue saw that she didn't want to say anything and forced her to complete her statement.

What else did she say? Fu Hua asked with a piercing gaze.

She said that I snatched her daughter's place. Jia Li said as she looked down and fiddled with her fingers.

Immediately Jia Li completed her statement, Fu Hua knew who dared to offend his wife in public.

Mrs. Bai. Fu Hua said with a cold gaze. He knew she was the only person that could do that because Feng Alix's mother will never dare to do that.

Mrs. Bai was his mother's friend and it wouldn't be a surprise that she knew Jia Li. Also, his mother had tried setting him up with her daughter, so it was bound to be her.

You know who she is? Jia Li asked with her gaze on him.

I have an idea. You don't have to worry about it, I will take care of it. Next time someone dares to abuse you, report the matter to me immediately. Fu Hua said to her as he sat beside her on the bed.

Jia Li nodded in response.

Look at you, you've been crying because of the hurtful words she said to you and I was here thinking that you were crying your eyes out because you couldn't bear to part with your boyfriend. Fu Hua said as he wiped her tears with his palms.

Jia Li frowned and pushed his hand away from her face as she quickly tried to explain to him. Li Huan is not my boyfriend, he is my childhood friend.

Your childhood friend? Did you have a crush on him? Fu Hua asked as he narrowed his gaze on her.

Jia Li was alarmed as he managed to see through her. I...I... She tried to explain but gave up and looked away from him.

Fu Hua turned her face so she could see him. Tell me the truth, did you have a crush on him? He asked.

Jia Li saw that she couldn't escape from him and she didn't want to lie to him, so she decided to tell the truth. She nodded in response and the frown on Fu Hua's face expanded.

You really had a crush on him! If I didnt marry you, would have you have agreed to date him? Fu Hua asked.

Jia Li was quiet because of his question. She couldnt wait to run away from him, as she wondered the reason for the interrogation.

Fu Hua understood the meaning of her silence and said to her, I dont want to see you two together. If he calls you to meet with him, dont go alone if you want and you have to tell me about it, understood that?

Jia Li nodded and refused to look at him. She wasnt sure if he was jealous and was acting possessive of her.

Fu Hua didnt like the fact that his wife had a crush on another man while growing up. He was now scared that if she continued to meet with her childhood crush, she would start falling for him again, so he made a rule to stop them from having close contact with each other.

Fu Hua relaxed a little with her agreement. See, youve been crying for such a long time that your eyes are red and swollen. Anyone that sees you will definitely know you were bullied.

Jia Li allowed him to clean the remaining tears on her face as she replied, I felt hurt after being accused of something I didnt do in public.

So thats the reason you came here to sulk and you also dared to starve my child. Fu Hua asked with a glare on her.

Jia Li felt guilty and replied in a low tone, That...I didnt have any appetite.

Fu Hua sighed and brought her into his arms to hug her. You cried a lot today, you should eat and rest, we will visit the hospital tomorrow morning.

Thank you! Jia Li said as she sniffed with her head resting on his shoulder.

Next time, dont let your imagination run wild. I know the child belongs to me and you will never dare to cheat on me. Fu Hua said while patting her back.

## Chapter 187 – Fu Hua Pets His Wife

After consoling his sad wife, Fu Hua brought a warm towel to clean her face, before ringing the bell for her servant to come to the bedroom.

Fu Hua ordered her to bring Jia Lis lunch to the bedroom. The servant took the order and left.

You are allowing me to eat here? Jia Li asked.

Yes. I bet you are already exhausted from crying. Fu Hua said and went into the inner room to change out of his clothes.

Jia Li felt her heart warm up with his treatment. She smiled and released a long sigh.

Now that she thought about it, she has noticed that Fu Hua was indulging her more and more. She didnt know if that treatment will last for long but she will be greedy and enjoy it while it lasts.

After Fu Hua changed out of his clothes, he was in time to see the servant bring the food to the room.

After serving the food, the servant left.

Fu Hua sat beside Jia Li on the bed as he opened the plates. He picked up the spoon and scooped some soup before blowing on it.

Jia Li thought he wanted to taste the food but was surprised when he brought the spoon to her lips.

Open your mouth! Fu Hua said to her, and she obeyed as instructed.

How is it, do you like it? Fu Hua asked with his gaze on her.

I like it. I will eat myself. Jia Li said as she tried to take the spoon from him but Fu Hua moved the spoon away from her reach.

I will feed you. He said as he put down the spoon and used the fork and knife to cut another side dish before sending it into her mouth.

Jia Li was happy with the love he was showing her and did not insist on feeding herself anymore.

Next time, dont cry. I dont like to see you cry.

Before Jia Li could jubilate because of his heartfelt words he added, You look ugly when you cry.

Jia Lis facial expression changed and she refused to eat the food he just brought to her lips.

Open your mouth. Fu Hua said to her.

I don't want you to feed me, I can eat by myself. Jia Li said stubbornly as she folded her arms below her chest.

Her actions caused her boobs to rise because of the pressure underneath them.

Fu Hua glanced at her chest before fixing his gaze back on her. Are you trying to seduce me? You have been starving me for several days now, are you throwing an invitation to me?

Jia Li glanced at her chest and saw her visible boobs before taking her hands off. She wondered how just seeing a glimpse of her boobs could easily turn him on and what did he mean by she has been starving him for several days.

Fu Hua brought the spoon to her lips but she still refused to open her mouth, so he had no choice than to threaten her.

If you don't eat obediently like you've been doing before, I will take it that you have enough strength to serve me tonight. I won't just let you go after one round because you have starved me for a long time. I will only be satisfied if we do it 5 times.

His words were enough for Jia Li to wise up and obediently eat her food without throwing a tantrum. Fu Hua was glad that his threats worked.

Are you not hungry? Jia Li asked with a careful gaze.

Do you want to feed me? Fu Hua asked.

Jia Li didn't reply as she saw that there was no point in trying to care for him.

After feeding her, Fu Hua said to her, Lie down and rest, I will go downstairs for lunch and make some calls before returning.

Jia Li laid down and watched him cover her with the duvet.

It was really exhausting to have cried for long, plus her pregnancy. These past few days she has been feeling a bit lethargic because of the pregnancy, so not quite long after her head hit the pillows, she dozed off.

After having his lunch, Fu Hua made some calls. Since he found out that Bai Fen dared to abuse his wife in public and even caused her to cry and be unhappy for a long time while she was pregnant, he decided to deal with her but not directly.

He sent the contact of the person that sent him those pictures of Jia Li and Li Huan to someone to run a simple investigation.

What he wanted to know was very simple. He wanted to know who had that contact.

When he confirmed it really did belong to Bai Fen, he forwarded the message and the evidence from the investigation to his old man to take care of.

Fu Hua didn't want to step directly into the matter because his ways of doing things were too straightforward and cruel.

He understood that the Bai and the Fu families have known each other for decades and because he knew if he handled the matter he will ruin whatever relations that was left, he had to hand the matter over to his old man. He would be the best person to solve the issue, using his methods.

When Butler Lu shows the message to Grandfather Fu, he was very angry and pounded his palms on his work desk.

Who gave the Bai family the right to commit such an offense?! That woman hurt my precious granddaughter-in-law and that is unforgivable!

Look at the kind of friends Fu Hee makes, very useless people!  
Grandfather Fu said angrily.

Sir, calm down. Dont put yourself under pressure for insignificant people.  
Butler Lu said.

He was angry because Jia Li was accused and embarrassed in public. He recognized the young man in the picture with Jia Li and knew he was the same person Jia Li told him about once last year.

The old man had noticed that the young man and his mother had eyes on Jia Li and had to bring Jia Li away from her town because he already had plans to make her marry Fu Hua.

Butler Lu knew the situation very well and also wanted that woman from the Bai family to be taught a lesson.

## Chapter 188 – Grandfather Fu Pays The Bai Family A Visit

Fortunately, Grandfather Fu heard his thoughts and gave out an instruction.

Lu, get the car ready, Im going to pay the Bai family a visit!

Yes, Sir! Butler Lu replied and left the study immediately.

15 minutes later, Grandfather Fu had already changed out of his clothes to an official one before stepping outside with Butler Lu.

Outside the house, about 4 convoys with some soldiers were already waiting for the old man.

As Grandfather Fu approached the car in the middle, a soldier opened the car door for him and he climbed into the car.

Butler Lu got inside the front passenger seat of the same car as Grandfather Fu and the 5 cars with escorts, made their way out of the Fu mansion.

Grandfather Fu had a frosty look throughout the journey.

When their car approached the gates of the Bai family, the security at the gate didn't ask questions when they saw an emblem of the Fu family and military symbol on the cars.

Without delay, they went against their protocol and let the cars drive-in, in fear of offending them. They were shocked because of the identity of the person that came to visit without notice.

When the Bai family members got the news of his arrival from their security team, they panicked a little and quickly rushed outside to welcome, while guessing the purpose of his visit.

Old Mrs. Bai was helped outside by Bai Fen, as her other two daughters-in-law followed behind them. Then men in their house were already out for business.

Grandfather Fu stepped out of the car as a soldier held the car door open for him, while Butler Lu came to stand beside him.

Old General, to what do we owe this grand visit from you? Old Mrs. Bai asked with a smile even when she saw the frown on the old mans face.

Mother, shouldnt we be inviting the Old General inside to sit and have some tea? Bai Fen suggested with a smile. It was also a reminder to her mother-in-law.

Aiyah! Look at me! I have gotten so old that I forgot my ethics and manners. Old Mrs. Bai said as she smiled, then she glanced at the old man who hasnt said a word since he arrived, and said to him...

Old general, dont mind my manners, please come inside and have some tea first.

I am not here to sit and have tea with your family. Grandfather Fu said in a cold tone as he glanced at the women of the Bai family with deep annoyance.

Hearing his cold tone, the smiled on the womens faces disappeared completely. They began to wonder how they had offended him.

Bai Fen on the other hand was afraid. Her heart skipped a beat as she thought of the reason that could have brought the old man to the Bai family in anger.

Did my plan not work? Why is he here looming all pissed off? Could it be to warn me? Bai Fen thought as her heartbeat raced faster.

I drove straight from my house to this place. To give you the Bai family the last warning about matters concerning my family. Grandfather Fu said as he pointed at them.

Old Mrs. Bai looked confused as she asked, Old General, please calm down and explain things to us. How did we offend you?

Why dont you ask that good daughter-in-law of yours that dares to accuse and embarrass my precious granddaughter-in-law publicly while dining with her childhood friend ?!

Old Mrs. Bai glanced at Bai Fen who was still holding unto her arms. The other two daughters-in-law of the Bai family glanced over at Bai Fen as well.

Mrs. Bai, you are the wife of my late friend, and this is the reason I drove straight to your house to warn you and your entire family. Stay away from my family! Fu Hua is already married! And the Bai and the Fu families can never be related by marriage! If I see any of you acting some shameless as to cross the line, I will deal with the entire Bai family accordingly without regards!

After saying these words to them, Grandfather Fu climbed into the car so as Butler Lu and the soldiers that came with him, before their cars left their sight.

After Grandfather Fu left, Old Mrs. Bai pushed Bai Fens hands away and asked in an authoritative tone, What did you do to provoke the sleeping tiger ?

Bai Fen was guilty but not sorry for her actions, but for now, she had to pretend to be. Mother, I didnt do anything much! I only scolded that girl that snatched Bai Juns place as Fu Huas wife. She was acting so intimate with the so-called childhood friend. I was only afraid she would tarnish the image of the Fu family and scolded her a bit, who knew she was shameless enough to report to the old man.

The oldest daughter-in-law glanced at Bai Fen and said to her with a frown, Bai Fen, it is not your place to scold a member of the Fu family or do you want to bury the entire Bai family with your foolishness ?!

Do you have to insult me, why don't you talk properly?! Bai Fen spoke angrily to the first daughter-in-law of the Bai family.

Look who dares to scold a daughter of the Bai family, you need to scold yourself first. And don't tell me you nearly got our family into trouble because you still have ideas about making Fu Hua marry your daughter? The third daughter-in-law of the Bai family asked with a smile.

Who told you that?! Bai Fen asked in a fierce tone.

Before any of them could speak up again, Old Mrs. Bai turned to Bai Fen to warn her in an annoyed tone.

Bai Fen, Did you listen to what the Old general said? You'd better stop having ideas and stop hoping that you can get Bai Jun to marry into the Fu family even more about being married to Fu Hua. From this minute, abort those hilarious ideas before you bury our entire Bai Family because of your foolish acts!

But mother, Bai Jun has suffered a lot, how do I explain things to her? Bai Fen asked in a worried tone.

Leave it to me! I will explain things to my granddaughter when she comes back. I will help her find a suitor as good as the sons of the Fu family if that's what she wants. Old Mrs. Bai said.

Bai Fen became alarmed as she watched the old woman turn around to walk away.

There was no way she would let go of her ideas on the Fu family and especially on Fu Hua! Bai Fen thought before walking inside the house with the others.

## Chapter 189 - ...if Thats All You Got

After dealing with the Bai family, Grandfather Fu only felt satisfied after he got back home. He immediately called Jia Li to placate her as he stepped into his study.

Jia Li, I have warned the Bai family to stay away from you. If anyone dares to trouble you, dont hesitate to tell Fu Hua or me about it. Dont suffer alone when you have people around you who are ready to help. Grandfather Fu said to her.

Okay, grandfather, thank you! Jia Li said gratefully.

There is no problem Take care of yourself, eat properly and rest on time. Grandfather Fu reminded her in a kind tone.

I will grandfather, take care of your health and remember to eat your meal on time. Jia Li said to him with a happy smile.

I will listen to you. Grandfather Fu happily.

After the call, Fu Hua was sitting on his desk in the study, asked Jia Li who was sitting on a stool with a painting brush, Why do you sound so happy?

Grandfather Fu cares a lot about me! Jia Li replied with a smile.

Dont I care for you as well ? Fu Hua asked as he abandoned everything he was doing and waited patiently for her response.

You do. Jia Li said as she agreed with him.

Then why do I not see you smiling like this to me ? Fu Hua asked with a curious gaze.

No reason! Jia Li replied and continued with her painting.

You are biased. Fu Hua said and went back to his work.

Jia Li didnt seem bothered until she remembered her school project. She slowly looked over to see Fu Hua busy with his work.

Just now, she took over his role of giving short replies and she was quite confident as well. Now she needs his help. She has to muster up the courage to be shameless enough to ask about it.

Fu Hua noticed her gaze on him and asked without looking up, Why are you staring at me ?

I wanted to remind you about my school project. Jia Li replied.

Go and meet grandfather for it. Fu Hua said while glancing at her, then he fixed his gaze back on his work.

Why are you acting this way ? Jia Li asked with a frown.

Since grandfather makes you happy, why dont you go to him ? I have a huge company to run. Fu Hua said with creased brows.

He was truly jealous of her words. How could she prefer his grandfather to him, her husband ? That was an error.

But I said you make me happy as well! Jia Li grumbled.

If she knew things would come to this, she would have tried to control her mouth from blurting out words that would make him jealous. Now, she has to deal with it.

Did you say that, how come I cant remember? Fu Hua asked with a confused gaze.

Jia Li finally came to the conclusion that she had to placate him since he seemed offended. Fu Hua, Im sorry!

This is not something an apology will solve. Dont distract me, Im going through the financial records. Fu Hua said as he looked away from her.

Jia Li bit her lower lip and fiddled with the brush in her hand before keeping it aside. What was the essence of trying to paint something new when she had a pending project?

Jia Li made slow steps towards Fu Hua and she didnt look up the whole time. She wanted to bribe him but didnt know what to bribe him with.

An idea came to her mind but it was a shameless act to her. Since she knew he liked things like that, she had to do it to make him happy.

Now standing beside him, Jia Li hugged his neck and called out to him softly, Fu Hua...

Fu Hua was distracted as her scent assaulted his nostrils and with her hugging his neck, he couldnt continue working. He took a deep breath before turning to look at her.

What are you up to? Do you know the consequences of distracting me?  
Fu Hua asked.

Jia Li blinked her round eyes and that made her look like a pitiable doll.

No, Im not going to fall for that. Go and sit over there if thats all you got.

Fu Hua said while pointing at the chair that was positioned at her working spot.

He knew she wanted to use his weak point. He had just told her earlier that he didnt like to see her cry, and now she was acting all pitiful. It will be a loss if he fell for her tricks.

Although he has acknowledged to himself that he likes her, still, he couldnt accept a huge loss. She would have to try something else if she wanted to get his attention.

Jia Li saw that her trick wasnt working and frowned while wondering if he didnt care about her acting all pitiable.

Since he mentioned she should try something else, Jia Li took a deep breath and exhaled before lowering her face to kiss his cheek.

Fu Hua smiled to himself but glanced at her with a frown. Do you know what youre asking me for? I am the CEO of FJ Styles and you need my help with your school project, you have to put more effort and sincerity in your actions.

You... Jia Li said with an annoyed look as she thought, What more does he want?

Im not forcing you. Fu Hua reminded her as he hid the smile on his face. He liked to see her annoyed look because it made her look cute.

Jia Li couldnt glare at him, after all, she offended him first and she was the one that wanted something from him.

After thinking for a while about what she should do, an idea came to Jia Li's mind.

Since she still had her hands over his neck, she caressed his shoulders like the way he does to her, before lowering her face to kiss his cheek.

This time around, she didn't stop there. From his cheek, she moved to the corner of his lips, as her hands went to his face to caress it.

The smile on his face couldn't be hidden when he felt his wife's touch and kisses. He closed his eyes and enjoyed the pleasure he was getting from her little actions.

## Chapter 190 - ... the Expert Works Of Fu Hua's Hands

From the corner of his lips, Jia Li moved her lips to meet his. She kissed the surface of his lips softly, and that was it.

The passion that was being ignited, slowly faded off, leaving Fu Hua unsatisfied. And how could he let her go now ?

Jia Li didn't know how to give a deep kiss, so she stopped after kissing his lips. She was about to leave his lips when she felt the back of Fu Hua's hand, hold the back of her hand and pull her face back to him, and before she could blink her eyes, her lips were captured and devoured by the passionate man.

Fu Hua kissed her deeply as his hot tongue penetrated and explored the insides of her mouth.

Jia Li's eyes met the hot gaze of Fu Hua while he was still kissing her. That fiery passion in his eyes couldn't be misplaced.

Jia Li had to shut her eyes because of the tinge she felt in the lower part of her body.

Fu Hua caressed her neck as he moved his hand to hug her before pulling her to sit on his thighs, saving her from the uncomfortable position.

Jia Li let out a yelp when she was suddenly pulled to sit on his thighs but it was swallowed by the kiss.

Fu Hua's hands roamed all over her upper body while his hot tongue moved from her lips to her jaw, and then to her neck. He kissed and licked them.

The fire Jia Li was trying to suppress couldn't stand the expert works of Fu Hua's hands. She slowly circled her arms around his neck while enjoying his kisses and touches.

Fu Hua slowly opened his eyes and started to unbutton Jia Li's shirt. Jia Li came back to her senses and clutched his fingers to let her shirt off, and he did surprisingly.

Fu Hua put his hands under Jia Li's shirt and touched the skin on her waist as he slowly caressed them and went back to kissing her lips.

Jia Li moaned softly and moved her butts on his laps, and that was when she felt his arousal.

If Jia Li was asked to explain how their positions leveled up to this state, she doesn't think she could explain what happened.

As Fu Hua caressed her waist, he moved his hands to her stomach. His hands were gentle when he got there, as if he remembered his child, and was spending a little moment with it.

Fu Hua bit Jia Li's lips gently before shoving his tongue back to her mouth to entangle with hers.

Jia Li moaned into his mouth and moved her butts a little. She felt his hard erection move under her, and she became more aroused to the extent that the place in-between her legs started to hurt.

Fu Hua's hands went to her back and slowly caressed her, before unclasping her bra.

Jia Li felt the weight of her breasts after her bra came loose. She slowly let go of Fu Hua as she stared at him with her misty eyes.

Fu Hua glanced at her with his deep sexy gaze without saying anything. Jia Li's looks were enough to keep the fire burning in him.

With his gaze still on her, he took his hands off her clothes and started to unbutton her shirt. Jia Li glanced at the movement of his fingers and only moved her gaze back to him after he opened her shirt.

Fu Hua broke the gaze as he peered at her body with appreciation before he slowly took her shirt off. Next, he took her bra off and put it on his desk.

Now, Jia Li was bare-chested before him.

Fu Hua kissed the surface of her boobs as he slowly reached out to lose her hair that was styled in a bun.

When her long silky black hair fell behind, Fu Hua took a few seconds to admire the beauty before him.

Jia Li was shy because of his heated gaze on her. She didn't have any thoughts on stopping him because she had already submitted to him.

Take off my shirt. Fu Hua said to her as he placed her palms on his chest. He gazed at her passionately with thoughts of devouring her in his mind.

His little brother was already hard and ready to penetrate her but he didn't want to be aggressive with her. She was still innocent, and she was carrying his child, so he opted to be gentle even though he couldn't wait to bury all of him inside of her.

Jia Li obeyed his instruction and started to take off his shirt, while he watched her passionately.

Without waiting for further instructions, Jia dumped his shirt on his desk and brought her fingers to caress his bare chest.

Fu Hua's chest was sturdy and as Jia Li's fingers touched his nipples and her butt adjusted her sitting position on him, he let out a groan as he hugged her waist.

Jia Li could feel his member poking her butt hard and she closed her eyes and laid in his embrace to enjoy the sensation. Now both of their upper bodies were naked, and they could feel each other's hot skin.

Jia Li didn't know what was wrong with her. For the first time, she wanted to explore on her own without bothering about being shy. Fu Hua on the other hand liked the idea of her taking lead.

Fu Hua kissed her cheeks as his hand slowly caressed her back. His eyes were closed as he imagined the naughty things he would do to her.

Slowly, he moved his fingers inside her pants and went straight to caress the place in between her thighs. He noticed that she was already wet, and he concluded that she wanted him as much as he did.

Jia Li moaned and rubbed her boobs on him. Out of instinct, she kissed his neck and followed the method he always used to pleasure her.

Within seconds, Jia Li was already in her panties. She remembered something and quickly asked, Fu Hua can...can we go to the bedroom?

She has just recalled that they were in the study, and she found it improper to do that kind of stuff there.

## Chapter 191 – Lovemaking On The Couch

No, we will do it here. Fu Hua insisted as he carried her to the couch.

He didnt think he would still have the patience to wait till they got to the room.

When her back touched the soft couch, Fu Hua started to unbuckle his belt while breathing heavily.

What if someone comes in? Jia Li asked worried as she gazed at him with her misty eyes.

No one would dare to disturb us. Fu Hua said as he dumped his belt on the floor and pulled his trousers and briefs down a little, before leaning over Jia Li.

He kissed the place in between her legs, as she still had her panties on. Jia Li moaned out and grabbed his hair as she tried closing her legs, but Fu Hua caught them and separated them.

He raised his head to look at her and a satisfactorily glint appeared on his face. He took off her panties and quickly buried his face in-between her legs, as he licked and sucked her.

Jia Li let out a loud moan as he licked her clit and sucked her VJ. She let out a soft cry when he started eating her and grazing his teeth gently on her sensitive areas.

Jia Li caressed his hair with her eyes closed and let out soft cries as he continued to eat her. She started to play with him when she couldn't take it anymore.

Fu Hua licked her before blowing air inside her. Jia Li couldn't take it anymore and pushed his head aside and put her hand in-between her legs and close them as she moaned.

You can't take it. Fu Hua said as he chuckled softly. His member was beginning to throb painfully, so he knew he couldn't continue to pleasure her.

I will give you what you want. Fu Hua said as he adjusted her position and forced her legs apart.

With one hand, he held both of her hands above her head, before using the other hand to guide his member into her.

Jia Li gasped and let out a moan when he entered her. Fu Hua on the other hand let out a groan and began to breathe heavily as he started to move in and out of her slowly.

Jia Li moaned and struggled to set her hands free from his hold, but she failed.

Im going to let your hands off, dont push me away. Fu Hua instructed in a hoarse voice as he continued to move in and out of her.

Jia Li nodded in compliance as their body danced to one tone

Fu Hua let her hands off and moved his lips to her breast to kiss and suck her erect nipples that have been waiting for his touch.

Jia Li managed to peer at him with her half-closed eyes as she bit her lips before moving her hands to caress his hair and back.

I want more... Jia Li demanded in a soft tone as she felt the waves of pleasure hit her. She wanted more of him, and he granted her request by increasing his pace.

Fu Hua began to move in and out of her at a faster pace as he raised his head to look at her with a sexy gaze.

Jia Li let out soft cried when he repeatedly hit her G-spot. Fu Hua groaned and continued to hit her G-spot happily.

When he felt she was reaching her climax, he pulled out of her and quickly entered her again before she could understand what just happened.

Jia Li gasped as a result of his actions.

Fu Hua continued to move in and out of her at a faster rate while caressing and showering her with kisses.

Jia Li was not left behind, she caressed the part of his body that was within her reach, and welcomed him wholeheartedly whenever he reached out to kiss her lips.

Both of them continued with their passionate lovemaking till they both reached their climax.

Fu Hua released his seed in her of her as he groaned. Jia Li moaned and fell on the couch with her back against the couch.

A few seconds later, Fu Hua pulled out of her and locked gazes with her. Then he proceeded to lean over to kiss her lips passionately.

After kissing her for a while, he glanced at her with his eyes still burning passionately. The fire in his eyes was still burning strongly.

Fu Hua laid beside her on the couch. The couch wasnt wide enough to contain them both very well, but with their bodies sticking to each other, they could manage.

Jia Lis back was against Fu Huas chest, and she could feel his member slowly rising and poking her butts.

She let out a soft moan. Her brain was currently in a mess, as she didnt know the hungry wolf wanted to have another round with her.

Fu Hua breathed in her scent as he moved his hands to caress her breasts. He played with them for a while and even went ahead to pinch them.

Its painful. Jia Li said in a painful cry.

Her complaints were enough to stop Fu Hua from being rough. He caressed her body gently, before moving his fingers in-between her legs without warning.

Jia Li gasped and closed her legs tightly with his fingers still trapped there.

Open your legs. Fu Hua whispered in commandment and bit her earlobe gently.

Jia Li followed his instructions and opened her legs for him to gain access to her.

Good girl. Fu Hua whispered as he explored her honey trap with his fingers and kissed her ear.

Jia Li let out a moan as he continued to touch her clit while his member was still poking her butts. She was starting to want him inside of her again.

Fu Hua put two of his fingers inside of her and started to move in and out of her. He fingered while kissing her at the same time, as Jia Li continued to moan.

This went on for a short while before Fu Hua entered her from behind. Jia Li gasped, and he started moving in and out of her, with his fingers caressing her clit.

Jia Li touched her breasts and leaned her back towards him as she closed her eyes and cried softly.

She felt something was wrong with her as waves of passion hit her strongly. She bit her lips and moaned his name.

Fu Hua groaned and increased his pace. He kissed her ear and continued to caress her clit till they both found their release.

Jia Li was gasping for breath after that, and so was Fu Hua who pulled out of her and lay beside her, before pulling her to rest her head on his chest.

## Chapter 192 – Groping And Touching

After resting for a while, Fu Hua reached out his hand to grab her butts but Jia Li hit it off.

Im tired and hungry! She whined like a child

Lets get you cleaned up. Fu Hua said as he pulled her up with him.

Jia Li avoided eye contact with him. It was now that she came back to her senses. She was embarrassed that they did it in the workshop, and the embarrassing things Fu Hua did to her.

While she was lost in thought, Fu Hua kissed her cheek before putting on his briefs, then he picked up Jia Lis clothes and handed them to her.

Put them on. He said.

Thank you! Jia Li said as she took her clothes from him.

She was still embarrassed and felt weird that he was going to watch her change into her clothes. But knowing fully well that it would be better to put some clothes on than stay naked, she hurried to get dressed.

Fu Hua finished dressing before her and stood while watching her button her shirt from the last button.

He smiled and leaned over to kiss her lips with his palms on her cheeks.

Jia Li was taken aback by his actions and looked surprised. When Fu Hua finally let her go, she asked, We did...did it twice, are you not satisfied?

How can I be satisfied, we just did it twice, its not enough. Fu Hua whispered and then kissed her forehead before glancing at her with a smile.

Hes still not satisfied? Jia Li thought with horror written all over her face

Why do you look shocked? Fu Hua asked with a smirk as he sat beside her on the couch.

Jia Li went on to ignore him and quickly buttoned her shirt to the very top.

Dont be afraid, I promise not to hurt you, and will bring you endless pleasures just like today. Fu Hua whispered to her and kissed the side of her neck after that.

Jia Li was afraid of him and quickly stood up with her long hair flowing behind her. She completely looked different from her usual innocent look. She looked more alluring now.

Fu Hua was having fun watching her, especially her reactions whenever he teased her.

Jia Li couldn't find words to say to him. She turned on her heels and went straight to his work desk in search of something.

What are you looking for? Fu Hua asked while standing to his feet.

My hairband, where did you drop it? Jia Li asked as she used one hand to hold her hair and stop it from blocking her view.

I don't know. Fu Hua replied without care. He didn't want her to find the hairband because he liked to see her with her hair down.

But you took it off my hair. Jia Li said with her gaze on him as she was starting to get annoyed.

You look more beautiful with your hair this way, why do you like hiding it away? Fu Hua asked.

Because it gets in my way. Jia Li replied and turned around to continue searching for her hairband on his desk.

Although she looked more beautiful with her long hair down, it would be annoying if it kept getting in her way in the middle of work.

Fu Hua walked towards his table. He moved his seat

Jia Li heaved a sigh and took it from him. She didn't know what to say to him. He had known where it was all this while but he deliberately delayed helping her search for it.

Back to their bedroom, Jia Li took a shower first, before Fu Hua went in after her.

When he emerged from the bathroom, Jia Li was sitting in front of the mirror and was about to apply some hair cream to her hair.

I will help you with that. Fu Hua said as he approached her with a towel wrapped around his waist.

Umm... why dont you get dressed first? Jia Li suggested with a half-smile.

Fu Hua accepted her suggestion and dressed in some new clothes before coming over to help her apply the hair cream to her long hair.

Fu Hua followed Jia Lis instructions on applying the hair cream to her hair and combing it. Then Fu Hua watched Jia Li pack her hair in a bun.

After tidying up, they went straight to the dining room to have some food.

The next day, Fu Hua took a day off from work and took Jia Li to shop for materials and fabrics for her project.

While shopping, Jia Li learned a lot from Fu Hua about fabrics because he explained a lot of things to her while selecting the suitable fabrics.

I would have taken you to FJs factory, but that will be at an appropriate time or when you get into FJ, someone will take you there. Fu Hua said to her.

From the factory, they shopped for other materials before going back home.

Jia Li was already exhausted when they got home. She took a break as they had lunch before Fu Hua dragged her into the workshop to start working on her school project.

Which measurements will you use? Fu Hua asked with his gaze on her.

The usual. Jia Li replied.

Not acceptable, we will go with yours. Fu Hua said as he took the measuring tape from her desk, and was ready to measure her.

Why are we going with my size? Jia Li asked, a little confused.

Why do you have to use the usual measurements? Fu Hua asked with a serious gaze.

Jia Li was silent as she got his reason. She has no actual reason for using the usual measurements she's been going with, and so has Fu Hua. There was no reason to use her measurement.

Jia Li agreed obediently and spread her arms for Fu Hua to start taking her measurements.

A minute into the measurement-taking section, Jia had a frown on her face.

Whats with all the groping and touching? Jia Li thought.

## Chapter 193 – Run Some Tests

When measuring her bust size, Fu Hua groped her chest and even squeezed them gently. And when Jia Li was about to complain, he wrapped the tape around her bust to take her measurement with a serious facial expression.

While taking her hip measurement, he hugged her and groped her butts.

Jia Li couldnt take it anymore and pushed him away. You...You... what are you doing?

Im taking your measurements. What do you think Im doing? Fu Hua asked with a serious look.

You keep groping my ass and my boobs, and you touch me all over. Is that part of taking my measurements? Jia Li asked.

This is how the husbands with the same profession as me take their wives measurements. Its quite fun! Fu Hua said to her.

Jia Li closed her eyes and opened them again. She didnt have the strength to argue with him. She let him finish the measurements, before going to sit.

After putting down her measurements, it was time to start cutting the fabrics according to the measurements he took.

Jia Li sat and watched him get busy with work. He looked very serious while cutting the fabrics with the scissors, and he looked very professional with his hand movements.

Jia Li who had the project, while she sat and watched the CEO of FJ, do the work for her.

Fu Hua didnt joke with her while working. He only talked when it was necessary because he was teaching her as well.

When he was done with cutting the fabrics, he glanced at Jia Li. We have to go and see your doctor an hour from now, so we cant start sewing up all of these.

Initially, Fu Hua scheduled her appointment with her doctor in the morning but he called to move it up as he had to take her to the factory.

Its snowing already. Jia Li said as she looked out through the window.

Fu Hua followed her gaze and glanced out through the window to see it was snowing.

We have to leave now before it becomes heavier. Fu Hua said to her.

Twenty minutes later, Jia Li and Fu Hua were dressed up properly. Jia Li looked like a mummy because Fu Hua helped her to get dressed.

He was worried she would catch a cold and ended up wrapping her in a lot of clothes.

Jia Li could not complain because she knew he had her best interests at heart.

Jia was wearing a long-sleeved flower-patterned gown with a black host underneath.

A pair of knee-length short-heeled boots were on her feet, a hair warmer covered her hair. A muffler was wrapped around her neck, and a pair of black gloves

As if that was not enough, Fu Hua put on a thick fur jacket to complete the mummy look.

On their way to the hospital, Fu Hua stopped by the side to buy some snacks for her.

Jia Li was very happy when he handed the bag to her. Her happiness spread to Fu Hua, who smiled and asked, You like food so much ?

The baby is hungry. Jia Li said as she started eating the hot buns. She also held it up to Fu Huas lips so he could have a bite but he refused her.

Its for you and the baby. He said to her with a warm smile before fixing his gaze on the road.

Jia Li finished the buns and hot milk before they got to the hospital, and she looked very satisfied.

It was a private hospital with a calm serene that Fu Hua brought them to. Outside the building, a middle-aged nurse was waiting for them.

Mr. Fu ? The nurse asked with a smile as she gazed at Fu Hua and Jia Li.

Yes. Fu Hua acknowledged.

Mr. and Mrs. Fu, youre welcome. Dr. Clinton has been waiting for your arrival. The nurse said before leading them inside the building.

The private hospital was not big. It looked so simple from the outside but anyone that stepped into the building will be amazed and agree that it was a top-notch hospital.

Fu Hua held Jia Lis hand as the nurse walked ahead of them.

Are you cold ? Fu Hua asked in a gentle tone.

No. Jia Li replied.

When they arrived at the door, there was a nameplate on it, with the name, Dr. Clinton. The nurse knocked twice before pushing the door open. She led Jia Li and Fu Hua in.

Dr. Clinton, this is Mr. Fu. The nurse said to the female doctor in her late 40s who seemed to be the occupant of that office.

The doctor looked like she was an Asian-American and that was so. She was mixed.

Hello, Mr. Fu and Mrs. Fu, please have a seat. The doctor said to them with a smile as she stretched her hand out for a handshake.

Fu Hua shook hands with the doctor and Jia Li took her gloves off and shook hands with the doctor as well.

Please take a seat. Dr. Clinton said to them while gesturing to the seats in front of her desk.

Your grandfather asked me to come over and stay till his granddaughter-in-law delivers her child, and I'm guessing you're the one, Mrs. Fu. The doctor said as her smiling gaze met with Jia Li.

Yes. Jia Li nodded in acknowledgment.

Did you bring your medical reports and last scan from the former hospital?  
Dr. Clinton asked.

Yes, I did. Jia Li replied as she took out the last scan and her medical reports before passing them to the nurse on the side.

When the reports got to the doctor's hands, she glanced at them for a while, before handing them over to Jia Li.

Everything seems fine but we still have to run some tests. Dr. Clinton said to them.

Fu Hua asked about the tests and the doctor replied to him, and also explained some things to him.

When it was time for the test, the nurse took Jia Li to a side room that was demarcated with a light blue curtain.

Dr.. Clinton fixed the survival gloves in her hands before going on, leaving only Fu Hua in the room.

## Chapter 194 – Do You Like Women Like Me?

A few minutes later, Fu Hua heard Jia Lis scream and immediately rushed into the inner room. He saw the doctor and the nurse and beside them was Jia Li who was lying on the bed with her legs open.

Jia Li glanced over at him and covered her eyes with her palms. She was embarrassed that he had to see her that way.

Whats going on ? Fu Hua questioned with his gaze on the doctor.

The doctor and the nurse were still surprised that he would walk in on them. He really shocked them.

Mr. Fu, please wait outside, we will call you in when Im done checking on her. Dr. Clinton said to him as she gestured for him to leave.

Fu Hua glanced at Jia Li to make sure she was okay but the latter was still hiding away from him, so he walked out.

While waiting outside, he couldn't help but be anxious because he could only hear hushed voices coming from them, he really couldn't hear what they were saying.

After a while of waiting impatiently, the nurse came out to call him in.

Mr. Fu, here is your child. Dr. Clinton said while pointing to the monitor while moving the device on Jia Li's abdomen.

Fu Hua came to stand beside Jia Li with his gaze fixed on the monitor. He stared at the little bean the doctor pointed at the screen and asked, Why does it look that way?

Jia Li glanced at him with amusement. She has just been enjoying the feeling of looking at her child when he blurted out that statement and she found it funny.

Your child is 2 months, so it's still small. Dr. Clinton explained with a smile.

Oh! how many months does she have till the childbirth? Fu Hua asked curiously.

8 months. Dr. Clinton replied.

Fu Hua frowned and glanced at Jia Li. He was not quite happy knowing that she still had 8 more months till the birth of their child.

That's a long time. He thought.

When they all came back to the doctor's office, she talked to them for a while.

Mr. Fu, your wife needs to stay away from stress and its necessary. You looked tired when you two stepped in. Dr. Clinton advised her gaze on them.

Jia Li wanted to protests that she still had a project she was working on but Fu Hua grabbed her hand and squeezed it gently. And instinctively, Jia Li shut her mouth.

When they left the doctors office, they went straight to the pharmacy downstairs to buy more drugs recommended by the doctor.

When they got back home, Jia Li and Fu Hua had dinner before going to their bedroom.

After washing up, Jia Li went to lay on the bed in her pajamas. Fu Hua came into the room some minutes later and joined her under the duvet.

He hugged Jia Li and brought her into his arms. They locked gazes before he lowered his lips to kiss her forehead.

I...I have something to talk about. Jia Li said in a soft tone as she gazed at him.

What do you want to talk about Fu Hua asked as he put his hands inside her clothes and caressed her back.

Hes at it again! Jia Li thought

Can we not do this often? Jia Li asked.

Do what? Fu Hua asked, not understanding what she meant.

S\*x Jia Li replied. She wished he understood her words so she doesn't have to explain again because she was embarrassed about using that word.

Why do you say so? Fu Hua asked with an interesting gaze.

When the doctor was checking today, she said something about being sexually active. I think she knows we did it recently. Jia Li whispered.

Recalling the scene at the Dr. Office made her blush. She found it embarrassing that an outsider knows about her sexual activity.

There is nothing wrong with her knowing about it, we are a couple. Fu Hua said as he kissed her forehead.

But it's embarrassing. Jia Li whined and buried her face in his chest.

Fu Hua smiled and said to her, It's not embarrassing, but I will listen to you. I will not touch you a day or two days before we go to see the doctor, is that okay?

Mmmm... thank you! Jia Li said with her face still buried in his chest.

Talking to Fu Hua about their sexual activities was embarrassing. It took her a lot of courage to bring it up.

What did the doctor do to you? Fu Hua asked as he continued to caress her bareback. He had just remembered the scene from when he stepped into the inner room. He was not happy with what he saw.

She put her fingers inside me. Jia Li answered as she placed her hand on his chest.

Why did she do that? Fu Hua asked as he stopped with his hand movement. There was a visible frown on his face.

Its called pelvic exam. Jia Li revealed and began to explain everything about the examination.

...thats how she knew about our sexual activity. Jia Li said to him.

Jia Li its not bad if she knows about your sexual activity, since its important because of your health, although Im unhappy that someone else had to touch you there. Fu Hua said as he slipped his hand inside her PJ and grabbed her butts.

Jia Li let out a gasp out of shock. His hands were beginning to wander too far.

Thinking of something, Jia Li looked up at him and asked in a soft tone, Do you like women like me?

Fu Hua was taken aback by her question and met his gaze. What is wrong with women like you? He asked.

I...I mean, do you like my...my body? Jia Li asked with a serious facial expression.

Why are you asking that? Fu Hua asked as he squeezed her butt cheek. He didnt know where all those questions were coming from.

Jia Li looked away from him and put her face back on his chest and said, I have a different body size and shape from your ex-girlfriend. Im sure you liked her before but Im not sure you like me.

A frown appeared on Fu Huas face but his hand didnt stop caressing her butts.

## Chapter 195 – Getting The Female Lead Role

I like everything about you and dont mention that woman again. Fu Hua said as his tone sounded cold.

Jia Li didnt observe that his tone was cold as she was more excited with the fact that he said he liked everything about her.

She glanced at him with a smile as she tried to confirm if he meant his words, Really ? Do you like my body ?

Jia Li was insecure because she wasnt slim like a model but she wasnt fat either. She only had a little more flesh from the normal size 8.

She has always been bothered whenever she thought about his ex-girlfriend. They were two different worlds apart and she was worried he wouldnt like her body.

I mean it. I dont just like your body, I like you as well. Fu Hua confessed. Then it just dawned on him that he just confessed his true feelings to her without knowing.

Jia Lis eyes widened in surprise as a smile slowly appeared on her face.

You said you like me ? Do you mean it ? Jia Li asked as she tried to get confirmation because she felt it was surreal.

Fu Hua refused to reply to her. He took out his hand from her pants and pushed her head to lay on his chest.

Jia Li was stubborn and immediately raised her head again to ask the same question with curiosity.

Fu Hua, do you like me? She asked.

Fu Hua pushed her head back on his chest and threatened her. If you continue to disturb me, I will assume that you have enough strength for one round tonight.

His threat worked because Jia Li laid on his chest and didn't disturb him again.

Fu Hua smiled and caressed her hair.

Sleep. He whispered before kissing her hair.

The next morning, they had breakfast together before Fu Hua left for work. He gave her an assignment to do before he comes back from work.

He had received a call from his assistant that an important client had contacted him.

The truth about the matter is that Grandfather Fu brought the wife of the president, the first lady as a client to Fu Hua and that was his present to him, for his great-grandchild.

Since the first Lady of Country X was FJ's client, she was a VVIP that Fu Hua had to handle by himself.

The result of their meeting was that the First Lady ordered a lot of dresses she liked before requesting for something unique to be tailored just for her.

With the first Lady ordering a lot of their clothes and other products like their bags and shoes which were not made available like their dresses, it

was sure to give FJ a high boost. Because the First Lady would be wearing their products to many functions and that will be enough exposure again.

Back at the Fu house, Fu Meixu received a call from her agency to discuss a collaboration with a perfume company.

Thinking it was only just an ambassadorship deal, Fu Meixu went to her agency to meet with her Big Boss and her manager.

Fu Meixu discovered that she not only got an ambassadorship deal but also got the main female lead role for the movie, The filmmaker. That was the same movie she wanted to snatch from Zhi Ruo.

My Grandfather is really capable. Fu Meixu thought as she smiled to herself.

This role was meant for Zhi Ruo and the director had formally discussed this with us, so how did the table turn around? Meixu, did you do anything? The Boss of her agency asked as he stared keenly at her.

Fu Meixu smiled sweetly and said to him, I guess they found a lot of potential in me and thought they made a mistake before or maybe Im just capable.

Her words were enough for anyone to know that she disliked Zhi Ruo.

Her manager exchanged glances with the Boss before they both fixed their gazes on her.

Fu Meixu glanced at them before asking, Its something wrong?

Nothing. You can go back and wait for a while. Your manager will ask you to come over when we are ready to sign the two contracts. The Boss said.

Thank you, Boss. Fu Meixu said before leaving with her manager.

Meixu, you are really capable. You managed to snatch a big role from Zhi Ruo for such an important movie. Her manager said to her in wonder.

Its all thanks to my cousin-sister-in-law. It looks like I have to put more effort into our relationship. Fu Meixu said with a happy smile before walking away.

She knew she wouldnt have gotten this role on her own because it has already been given to Zhi Ruo although the contract has not yet been signed.

Because of her relationship with Jia Li, Grandfather Fu considered it and issued a command and thats how she got the role.

All these were thanks to Jia Li. And now, she was thinking of how to improve her relationship with Jia Li because of the benefits she was getting.

3 hours later, Fu Meixu was holding the two contracts for the different collaborations she just signed. One was for the movie and the other one was for the perfume deal.

Fu Meixu was all smiles after she stepped out of the office with her manager. She took her time making her way to her managers office, as she watched the newbies spare glances at her from her peripheral view.

Why dont you leave, go and rest and prepare for the filming. Her manager said to her.

I will leave in a bit, I just want to meet someone before I leave. Fu Meixu replied with a mysterious smile.

Her manager couldnt guess what she was thinking and so let her be.

After a while, Fu Meixu received a notification from her phone. She opened the messages and read the short text.

She smiled and got up and took her bag with her.

Im leaving. She said to her manager before leaving.

Since the person she has long been waiting for has arrived, of course, she had to leave....

## Chapter 196 – What Do You Think I Mean?

Zhi Ruo was already at the entrance of the company and about to leave when Fu Meixu called out to her.

Zhi Ruo... Fu Meixu called out with a smiling gaze.

Zhi Ruo stopped in her steps with her assistant and turned around to glance at Fu Meixu. She was annoyed with whatever happened inside with her so she had no time to play games with anyone.

What is it? Zhi Ruo asked with an annoyed gaze.

Fu Meixu was especially happy that Zhi Ruo was already annoyed. Then she thought she should make her annoyed mood grander.

I came to greet you but why are you glaring at me like that? Fu Meixu asked as she came to stand in front of her with a smiling gaze.

Are you sure you came to greet me? Zhi Ruo asked with raised brows. She didn't believe that Fu Meixu would come to greet her just like that, there must be a reason for it, she thought.

Sister Ruo, don't listen to her. She is especially bad to you. She no longer addresses you as her senior and just calls your name out directly. Zhi Ruos little assistant pointed out with an unfriendly gaze.

Fu Meixu chuckled softly with a hand over her mouth. You're just a little assistant, what do you know?

Fu Meixu glanced at the angry Zhi Ruo and said, Sister Zhi Ruo, I heard that you lost the female lead role that was given to you!

How did you hear about it? Zhi Ruo asked in surprise. No one else knows about this apart from the people at her side and the higher-ups, so how did Fu Meixu come to hear of the news?

I have my sources. Fu Meixu said with a proud smile as she pats her hair. She was very happy with her progress to annoy her enemy.

Zhi Ruo was quiet, and her assistant couldn't take her being bullied by someone below her and so spoke up for her.

Although, Sister Zhi Ruos role was snatched by someone else, she was still compensated for it. She just signed a contract with the director for the major secondary female lead role.

Fu Meixu couldnt help laughing out loud. You said the female lead role was snatched from her but you are wrong. She hadnt signed the contract for the female lead role, otherwise, how could that role be given to someone else so easily ?

What do you mean ? Zhi Ruo asked with a frown. She had a bad premonition about whatever Fu Meixu was going to say next.

What do you think I mean ? Fu Meixu asked with a broad smile.

Zhi Ruo thought of something but she waved that thought aside. She didnt think that was possible.

I will help you. Before you arrived, I had already signed the contract for the female lead role for The filmmaker it looks like you will have to pay a lot of respect to me while filming. Fu Meixu revealed with a proud smile as she watched their shocked gazes.

Zhi Ruo was so shocked that she blurted out, Thats impossible!

Fu Meixu enjoyed the afraid look on her face. She laughed and said to her, Well thats possible. According to your assistant, I am the actress that snatched your role from you. Good luck with being disheartened for several days!

Zhi Ruo and her assistant stared at Fu Meixu as she left in her car. They were still in shock with the revelation.

Sister Ruo, dont listen to her, I think she is trying to pull your legs. Her assistant said to her.

I know Fu Meixu, she wouldnt joke with things like this! But how can the director change roles at the last minute, and we were supposed to sign the contract for the female lead today! Zhi Ruo cried out in anger.

Sister Ruo, Is this the reason you were offered the minor role without a need to audition? Her assistant asked with a frown.

Zhi Ruo who was currently boiling in rage glanced at her assistant with a deathly glare. She has just discovered that she has been cheated.

She was asked to sign the contract directly without auditioning for the role as compensation, not knowing that the female lead has already been given to Fu Meixu. Had it been she had an idea about it, she would never have accepted to star in that movie.

How could she act as a second female lead in the same movie her junior and enemy, Fu Meixu would be playing the female lead? That was an error she couldnt accept.

Zhi Ruo went back inside the building with her assistant to question the big boss of their entertainment company, but the result was futile.

He asked her to go and prepare for the filming and to read her script well.

Zhi Ruo couldnt believe the treatment she was receiving. She was an A-list actress and she has won so many awards for herself and the company.

Her fame brought glory to her agency, but why was she receiving his kind of treatment now?

She was so pissed off that she blurted out... Did Fu Meixu bribe you ?

The Boss stared at her with an angry gaze. Zhi Ruos manager was the one that apologized to the big boss on her behalf before dragging her out from that office.

You were already leaving, why did you come back ? Her manager asked with a frown.

Why wont I come back after I found out my role was given to that bitch ?!  
Zhi Ruo said angrily.

Shhh... lower your voice. You dont want your juniors to hear you curse around. Her manager reminded her.

Should that be my problem ? Did you know about my role being given to Fu Meixu ? Zhi Ruo asked with her gaze on her manager.

I dont know about it. Im just hearing it from you, and Im really shocked to hear that. But Zhi Ruo, you have to go back into that office and apologize to the boss, you were very rude to him. Her manager said with a frown.

There is no way Im going back there! Zhi Ruo said and walked away angrily with her little assistant following behind her.

Her manager sighed before going back to the big boss's office to apologize to him for the second time.

## Chapter 197 – Fu YingPeis Unhappiness

Fu Meixu was so happy as she was driving. She wanted to celebrate but she couldn't for now until the announcement was made official in her agency's post, and also from the director.

Fu Meixu called Jia Li over the phone to ask her out but the latter was busy with her school project, so she had to go back home.

On getting to the house, she announced the good news to her mother and they both celebrated.

Have you thanked your grandfather yet? Fu ChunHua asked with a smile.

Not yet. Fu Meixu replied with a smile.

What are you waiting for? Hurry up, go and show your appreciation to him! Fu ChunHua said as she hurried her.

Fu Meixu went to the study to find her grandfather but she was told by Butler Lu that he was on an important call, so she had to wait outside the door for a while.

Fu Meixu had all the patience in the world to wait to see her grandfather and fortunately, she only had to stand there for 10 minutes before Butler Lu called her inside.

Walking into the study, she met the gaze of her grandfather and smiled sweetly as she greeted him.

The happiness on her face, just couldn't be ignored by anyone. The smile was evident on her face.

Grandfather, I got the role I asked for, thank you! Fu Meixu said with a slight bow while standing before the old man.

Is that what you came here for? Grandfather Fu asked with his gaze on her.

Fu Meixu nodded as she started to wonder if she has done anything wrong because her grandfathers response was not right for this situation.

There is no need to thank me. You can go back, and dont cause trouble. Grandfather Fu said to her.

Thank you, grandfather! Fu Meixu replied as she heaved a sigh of relief. She bowed to the old man again before leaving the study.

Young Miss Meixu looks very happy. Butler Lu said with a smile.

Why wont she be happy when she got what she wanted? Grandfather Fu replied and got back to his work.

When Fu Meixu returned to her mothers side, she learned from her that her brother, Fu Ling received some funds from the old man to start his gaming company.

Brother is very lucky. Now, Im thinking I should have asked for more. Fu Meixu said with a little regret.

Its not a good thing to always rely on your grandfather. You have to put some effort into your own as well and only then would he start to value you. Remember that this is the reason he likes your cousin so much. Fu ChunHua said to her in a soft tone.

Being reminded of her rival in the family, Fu Meixu's mood changed. She was the last child of the Fu family and got the old man's love and attention because she was very smart.

When she was around, she has always posed a threat to Fu Meixu, as the old man's favorite granddaughter. But while she was away, Fu Meixu found a breathing space.

Don't feel bad, you only have to work hard and put a lot of effort into getting things that you want. You have to learn to stand up, and only then can you get the old man to accord you some respect. Fu Chunhua added.

Fu Meixu took her mother's words to heart as she began to make some plans in her head.

When Fu Yingpei came back from work and learned that his cousins and even his brother had their requests granted, he went to find the old man because his request was yet to be granted.

He met Butler Lu along the way and asked about it.

Young Master, your request was rejected. Butler Lu revealed to him with a smile.

What? Why! Fu Yingpei asked with a frown.

Butler Lu glanced at the door to the study that was tightly shut. Fu Yingpei followed his gaze, to see the study door that was tightly shut.

Without saying anything, Fu Yingpei walked directly towards the study.

Butler Lu was alarmed and followed after him immediately. Young Master, you can't go in now, the old master is busy with some important military matters.

Fu YingPei ignored him and walked ahead as unhappiness could be seen clearly written on his face.

He couldn't believe others request was accepted while he was rejected, and why would that be? Well, that's the answer to the question he was looking for.

When he approached the closed door, he knocked twice before he opened the door and stepped in with Butler Lu who was a little out of breath.

Grandfather, I heard you rejected my request but granted to my brother and my cousins the requests they sent to you. Don't you think it's unfair? Fu YingPei asked in a bitter tone.

Grandfather Fu looked up and fixed his gaze on him. What's unfair about it?

Huh

Fu YingPei looked surprised with his response. Grandfather, am I not your grandson? Why are you treating me unfairly?

Your cousins asked for important things that will help with their career and future, but you, what did you ask for? You asked for a vacation, and for me to sponsor it. Grandfather Fu said while pointing at him.

Grandfather, what's wrong with taking a break from work? Fu YingPei asked with a frown.

You've only been working in FJ for a year now, so what are you taking a break for? You should be ashamed of yourself. Grandfather Fu said with a disappointed gaze.

Now, Fu YingPei has known the reason his request was rejected, but he couldn't leave empty-handed.

Grandfather, can I still write another proposal? He asked.

Grandfather Fu fixed his gaze on the military report he was looking at early on. He was retired but the country still couldn't help but need his assistance.

You have lost the opportunity. Work hard in FJ, and you might receive another opportunity soon. The old man said without glancing at him.

Fu YingPei was disappointed.. Why do I have to work before I get another opportunity? He thought, before trying to protest to the old man, but he was chased out of the study.

## Chapter 198 – Fu Hee Breaks Off Relations With Bai Fen

Two days later, Fu Hua received a call that his mother was sick but he wasn't moved.

Send for a doctor. That was his only response. He didn't seem to care much about it.

His brother said their mother caught a cold and had a fever, of course, his reply was right.

Fu YingPei was not surprised by his response. He spoke to him for a short while before ending the call.

Fu YingPei went to meet his grandfather to tell him about his mothers situation.

Next time, call the doctor yourself. I am too busy to bother about everybody in the family. Grandfather Fu said to him in annoyance.

Fu YingPei apologized for disturbing him. Luckily, Grandfather Fu asked Butler Lu to contact the doctor for Fu Hee.

Since that memorable day, Fu Hee has been keeping to herself. She was only seen during breakfast, lunch, or dinner. The rest of the time, she was always in her bedroom.

Whenever she was bored, she would take a walk outside and that was how she caught a cold.

Fu Hee who was currently lying in bed with the duvet covering her body, coughed when her phone started to ring.

She stretched her hand and picked it up from the nightstand. Seeing the caller ID, she picked up the call.

Fu Hee, what is wrong with you?! You have been ignoring my calls for so long that I almost went crazy! Bai Fen said in anger.

She has been trying to reach out to Fu Hee for some days now but that has been futile because Fu Hee was not answering her calls or replying to her texts. This alone was enough to make her go crazy.

Do I have a reason to answer your calls? Fu Hee asked and coughed after it.

What do you mean by that? Am I not allowed to call you? Bai Fen asked in an annoyed tone. She couldn't accept that Fu Hee was being rude to her.

Yes, you are not allowed to contact me again if you don't want to get me into more trouble. Fu Hee said to her in a hoarse voice.

Did you get into trouble with your family? Bai Fen asked as she somehow comprehended her words.

Bai Fen, I got into a lot of trouble because of you. I still want to live long and enjoy life for more years to come, so I'm cutting off the deal between us. Find a good husband for Bai Jun. Fu Hee said to her in a serious tone.

Bai Fen couldn't believe what she was hearing. Did that mean that Fu Hee wasn't going to go on with their deal?

Fu Hee, I am highly disappointed in you! How can you go back on your words? Are you not apologetic that you have to make my daughter pass through another heartbreak because of you?! Bai Fen asked angrily.

Fu Hee coughed and replied, I have paid more than enough for disappointing you and your daughter and I can not pay with my life. Bai Fen, go ahead and apologize to Bai Jun on my behalf.

Just remembering all she has passed through for going against the old man because of the daughter from the Bai family, was enough reason for Fu Hee to quit and come back to her senses.

Although she was still unsatisfied with Jia Li, she couldn't do anything more to fight her because her life was on the line. Being sent back to her Fang family was worse than death for her.

Is that all you have to say? Fu Hee, dont rejoice because that girl is pregnant. That child she is carrying may not be Fu Huas because I saw her acting intimate with another man at the cafe the other day. Bai Fen revealed with intentional malice.

Bai Fen, lets not contact each other again. Fu Hee said as she ended the call immediately before going on to block Bai Fens contact.

What Bai Fen just said to her about Jia Li was enough reason for her to start causing trouble. She still wasnt safe from the crimes she committed, so how could she go on to commit another one.

Curiosity kills the cat, so it would be better if she doesnt know about whatever was happening in order to stay out of trouble.

After the call, Bai Fen was angry that Fu Hee ended relations with her and even terminated the call. He threw the pillows on her bed away.

She thought, that there was no way she couldnt turn the tables around, so she came up with an idea that will cause Fu Hee to change her mind.

She went to her phones gallery and selected the pictures she snapped of Jia Li and Li Huan and sent them to Fu Hee.

She had a smile on her face as she thought that Fu Hee wouldnt be able to resist the temptation and call her on phone.

After waiting for a while, she didnt receive any call, from Fu Hee, but she thought that Fu Hee was still angry about being punished and may not be in the mood to read their chats, so she decided to give her a few days.

Fu Hee was unaware that Bai Fen sent something to her because she had already blocked her contact before then.

Fu Hee was also unaware that Bai Fen sent those pictures to Fu Hua and the old man of the Fu family went to the Bai family to scold them for what she did.

It was kind of unfortunate that Fu Hee did not know about this, otherwise, it would be an extra reason why she should stop associating with Bai Fen.

Grandfather Fu visiting the Bai family to warn them was a big deal she shouldn't neglect.

Later in the evening, the doctor grandfather Fu invited, came over to see Fu Hee. He took her temperature measurement and did some other simple checkups, before writing down the list of drugs she would take to recover.

Traditional Chinese medicine was given as well. It was to be cooked in the hot water and given to her to drink, in order to dispel the cold that had already gotten into her body.

The doctor's instructions were followed and within a week, Fu Hee was already a lot better.

## Chapter 199 – Slowly Warming Up To Her

These days, Fu Hua has been helping Jia Li with her project. In the morning he would go to work and he would try to come back on time for lunch and continue with assisting her.

Within a few days, the dress was ready and it looked exactly like the real purple cabbage design Jia Li made.

Looking at the stunning dress, Jia Li felt bad that she had to give it away.

Stop sulking. Fu Hua said to her.

I can't bear to part with it. This is our hard work but we are going to give out just like that? Jia Li asked with a frown.

This is not the first time you're making a dress and giving it out, so what's so special about it? Fu Hua asked with his gaze on her.

We made it together from the first to the last stage, we were involved in all the stages. Jia Li replied with a sad gaze.

To Jia Li, the dress meant more than just a dress to her. It was the first dress that Fu Hua assisted her with from the beginning to the last stage.

Making that dress with him, helped them to be one step closer and she learned a lot of things from him.

Being the best designer was not just enough, she needed to have the right knowledge to make the dresses perfectly and that was the knowledge she lacked.

And to her, Fu Hua was the best teacher. He had a lot of experiences because this was all he had learned since he was little, so of course, he was perfect in it.

Fu Hua understood what she meant and a smile appeared on his face. He hugged her from behind and placed his jaw on her head.

We have plenty of time to make a lot of dresses together, so don't be sad. Fu Hua consoled her.

Jia Li turned to stare at him as she asked, Will you still have the time to make more dresses with me?

Yes, but that will be in the future. Right now, you need to rest and concentrate on taking care of the baby and yourself. Fu Hua said as he caressed her stomach.

Her stomach was no longer as flat as it used to be because a little life was growing in her.

Jia Li smiled when his hand went into her dress to caress her stomach. But a question came to her mind.

Fu Hua, do you like the baby? Jia Li asked.

Fu Hua took his hand off from underneath her clothes and turned her over to look at him. He stared into her eyes as he asked, Why are you asking?

I don't feel your love for our child. Jia Li said.

Fu Hua sighed and tried to explain things to her. I love our child but I don't know how to show it. I don't know how to care for it but I promise to try my best.

Fu Hua knew that her words were true and so he hurried to explain. He loved their child but he was still getting used to the fact that he was going to be a father.

Being a father was not something he saw happening anytime soon until he was shocked by the news, so he was slowly trying to adapt to it.

This was the first time he was having this experience, so things were still a bit awkward for him.

Jia Li got his point. She knew he didn't know how to interact with people and she can attest to that because of the way he treated her before they got married.

He doesn't talk to her and only replies to her greetings with a hum. His personality back then was so cold that she was scared of crossing paths with him. But now, he was slowly warming up to her.

Fu Hua thought of something and said to her, Jia Li, I never asked you if you wanted the child and just allowed you to bear the burden and now, you will have to dedicate one year of your life to care for the child. I'm sorry for not being considerate.

Fu Hua understood that having a child may be a good thing but now, she has to sacrifice the plans she had for herself because of the pregnancy, so he felt guilty.

Jia Li smiled as she replied, It's okay, you were not at fault. You were drugged and we didn't remember to consider the other aspect.

She couldn't blame him as both of them didn't think about using protection to prevent pregnancy, since they didn't talk about childbearing and were not ready to have a child.

Fu Hua pulled her to sit on the couch and started to ask her some questions.

How did you feel when you found out about the pregnancy? He asked because he was curious to know about her feelings at that time.

Jia Li smiled and started recounting her feelings and emotions at that time.

At first, I had mixed feelings because I wasn't expecting to be pregnant. I had plans to get into a good company and start work but learning that I was pregnant, I was unhappy. I wasn't ready to be a mother and things were awkward between us at that time. I was afraid of your reaction if you found out I was pregnant.

Why would you be afraid of my reaction? Fu Hua asked with a surprised gaze. He was truly surprised that Jia Li was scared of his reaction to the news of her pregnancy and wanted to know why she felt that way.

Jia Li looked away from him and fiddled with her fingers. I was afraid you wouldn't be happy that I was pregnant because you didn't like me back then..

Fu Hua chuckled at her response. Now, he finally understood why she tried to hide the pregnancy report from him.

He pinched her cheeks and asked, So you planned to hide the news from me, but for how long?

I don't know, maybe till I couldn't hide it anymore.. Jia Li replied and dodged his hands.

## Chapter 200 – His Confessions

Jia Li, please don't ever hide anything from me. I may seem cold and not easy to get along with but I am always responsible for my actions. Indeed,

I didnt really fancy you at that time but I would never blame you for my faults. Fu Hua said as he hugged her.

Jia Li heard everything he said but failed to understand what he meant by his last statement.

He said that he didnt really fancy her, so does that mean that he already had his eyes on her but his feelings were not as deep as now?

Jia Li was confused and didnt know whether to ask about it.

Do you want to hear a secret from me? Fu Hu asked with a smile and kissed her cheek.

A secret? Jia Li asked as her curiosity was starting to get the best of her.

Mmmm... Fu Hua hummed in response.

Im interested. Jia Li said immediately. She was now very curious to know about the secret he wanted to share with her.

What could it be about? She thought.

Fu Hua smiled and said to her, I knew you wont be able to resist the temptation of asking.

Please hurry up and tell me about it. Jia Li pleaded as she urged him.

Fu Hua chuckled and decide to tell her about it.

I have always had my eyes on you.

Jia Li was beyond shocked by this revelation

How was that even possible? She thought to herself.

For how long? She asked with a shocked gaze on him.

Since the first day, I set my eyes on you? Fu Hua revealed.

Jia Li had another reason to be shocked again. None of his words made sense to her.

This was the man who has always been cold to her since she knew him. He doesn't talk to her and he acts like she doesn't exist, so how was it possible that he had been attracted to her for long.

I know you're shocked and probably don't believe me but I'm telling the truth. I was first attracted to you because of your innocent looks. You looked so innocent back then that I wanted to protect you but I couldn't. I didn't want to be attracted to you because I had a girlfriend at that time, so I stayed away from you.

This particular revelation made Jia Li know the reason he was so cold to her for several months. It turned out that he was already attracted to her but because he was already dating someone else at that time, he had to act cold towards her and ignore her for so long.

What a loyal man She thought.

Jia Li thought that with his personality and his acts, he was truly a loyal person. He was already dating someone but started being attracted to her. And in order to stay loyal, he swept off the attraction he had for her.

So, does it mean he can stay loyal to her?

Fu Hua does it mean you like me and you will be loyal to me? Jia Li asked with a serious gaze.

The answer to that question means a lot to her. She doesn't know if she was going too far by asking that kind of question. But she was very curious to know the answers and besides, it was already too late to take back her question.

I like you, a lot. And I will always remain loyal to you. Fu Hua promised as he hugged her.

Jia Li felt her nerves calm down a lot. She was very happy with his response. Before she could relax, his hands were already moving over her chest.

The smile on her face disappeared instantly. Before she could complain, she heard Fu Hua whisper to her...

I forgot to add something. I have also been attracted to your boobs, the first time I laid my eyes on them. Fu Hua said shamelessly.

You... Jia Li said as she glanced at him speechlessly. She didn't know what to say to him.

I already knew the reason you always wore big jackets even when the weather wasn't cold. You were embarrassed because of the size of your boobs, so you always covered them up. Fu Hua added with a smile as he gave her boobs a gentle squeeze.

How did you know that? Jia Li asked in surprise. She didn't know Fu Hua already knew about that.

It was so obvious to me, unlike people like YingPei, who couldn't understand and caused you to be embarrassed when went out for lunch together. Fu Hua said as he kissed her earlobe.

You remembered that time too? Jia Li asked in surprise after she recalled her first experience of eating out with Fu Hua and YingPei during the time Grandfather Fu was hospitalized.

She remembered her brother-in-law, Fu YingPei asking about the big jacket she was putting on when the weather was hot. She was embarrassed and didn't know how to reply to him. But she was lucky because it was Fu Hua that saved her.

At that time, Fu Hua had cautioned Fu YingPei because of his question.

Thinking about this now, it now dawned on Jia Li that Fu Hua has always known she was busy and the reason she used to put on those big jackets back then.

Of course, I remember. Fu Hua replied with a smile.

You are so naughty! Jia Li said to him. She was a bit embarrassed because he had always known her little secrets. But that meant that he has always been attracted to her and paid attention to her for so long because to remember something like that, she believed that he had an interest in her at that time.

Jia Li was shocked by all these revelations. She has truly underestimated Fu Hua. She had no idea that he had been paying attention to her for so long.

Now she was beginning to think if he had done anything crazy or weird without knowing he had always had his eyes on her.

As if her reaction wasn't enough for Fu Hua, he whispered to her, I also remembered that you used to be afraid of me, any time you had to greet me, that look in your eyes, would always expose you.

Who wouldn't be scared of you when you always had that cold look on your face? Of course, I wouldn't be an exception. Jia Li said to him with a little annoyance.

But now, I believe you are no longer scared of me. Fu Hua pointed out as he captured her lips in a kiss
