Chapter 297 – Did I Starve You?

When Jia Li came back with his phone, he was already at the entrance and she had no time to ask questions because the door was opened for them from inside.

As Jia Li and Fu Hua made their way in, they could hear the chatters coming from the excited visitors.

Do we have visitors? Jia Li asked with widened eyes.

Yes, we do. Fu Hua replied as he continued walking forward with the child in his arms. Jia Li had to catch up with him.

When they both stepped inside the living room, they saw the visitors waiting for them.

Jia Li, welcome back!

Congratulations, Jia Li!

Son, congratulations!

There were members of the Fu family standing with smiles on their faces to welcome Jia Li, Fu Hua and the newborn.

The primary members of the Fu family were present except for FangSu who was locked up at home. Fu Hee was privileged to be present.

Jia Li was happy to see everyone there to celebrate her return. She greeted all of them with a smile on her face.

Jasmine who was asleep moved her small hands before opening her eyes to look at her surroundings. Now that she was awake, everyone could hold her.

Fu Hee did not dare to overstep her boundaries. She didnt try to hold the child in her arms and could only watch as others carried her grandchildren about.

Fu Ling and Fu YingPei were the first to present Jia Li and the baby with gifts. Jia Li thanked them wholeheartedly as the servants helped her to accept the gifts.

Next were her father-in-law and Uncle, Fu Lei and Fu Geming who presented her with big gifts.

Fu Meixu hugged Jia Li tightly and congratulated her again before presenting her with the gift she got for her.

Thank you, Sister Meixu. Jia Li said to her with a grateful smile.

No need to thank me! Fu Meixu said with a smile.

Fu Huas Aunty, Fu Juan, presented her gift next and after that came Fu Hee and Fu ChunHua. Grandfather Fu was the last.

There was a celebratory wine and food to wrapping up everything.

While everyone was over here eating, laughing and chatting, FangSu was seething in rage. She was so angry that everyone left her behind to go out to welcome the new child.

When they were about to leave, she begged her mother to take her along but she abandoned her saying, You have not been forgiven yet. And its a good thing youre not going, who knows what trouble you will cause that will anger everyone.

FangSu felt betrayed by her mother but she couldnt do anything. Now thinking that she had the opportunity to go out since there was no one to stop her, she was shocked when the soldiers outside, stopped her at the entrance and asked her to go back inside the house.

FangSu felt insulted as the soldiers were very strict with her. They didnt give her any face and didnt consider her identity.

As she went back inside the house angrily, she remembered what her mother said and thought that she has really lost favor.

Its all because of you, bitch! FangSu cursed.

The rest of the Fu family left Jia Li and Fu Huas home around 8 pm for the Fu residence.

As they had eaten already, everyone went to bed when they got back to the Fu residence.

FangSu was the only one who didnt have dinner that night. Before the rest of the family came back, a servant called her for dinner but when she went to the huge dining area and saw that she was all alone, she abandoned the food and ran back to her bedroom in tears.

After the Fu family left, Jia Li had to quickly change out of her clothes, while Fu Hua held their crying daughter in his arms. The little girl was already very hungry.

Princess, wait for a second, your mother is coming. Fu Hua said as he rocked his little princess in his arms. His gaze was filled with worry.

Jasmine cried and kicked her hands about. Her face was already red by the time Jia Li rushed out.

Jia Li had a frown on her face when she sat on the bed and Fu Hua placed the child in her arms. Her babys face was red and that made her concerned.

At last, when she sent her right nipple inside Jasmynes mouth, the little girl began to suck speedily.

Did I starve you? Jia Li asked in a soft tone.

She must have been very hungry. Fu Hua said as he came to her side and gazed at his little girl with worry.

Jasmine, mum is sorry okay? Jia Li said to the little girl but the only response they heard was the sound of her sucking her breast.

Jasmine had her eyes closed and her small palm was placed on her mothers boob, while she sucked her milk quickly.

Fu Hua sat on the bed and watched his daughter eat hungrily. He forgot he had to change his clothes. He couldnt bear to leave the sight of the mother and daughter pair.

After feeding her from her right breast, Jia Li transferred her to her left breast to continue, as it was very full of milk.

After eating, Jasmine became calm and peaceful just like any other obedient child.

Jia Li wanted to change her diaper, so Fu Hua brought a new one and a change of clothes.

Please ask Mrs. Zu to come and bath her directly, there is no need to change her diapers now. Jia Li said to her.

This would be their babys second time having a bath since she was delivered. In the morning of today, the doctor approved for Jasmine to have her first bath and Housekeeper Zu was the one that took care of it since she had a talent for taking care of babies.

Fu Hua left to call the housekeeper to bath the little girl whose eyes were shining like a torch.. She has finished eating but there were no signs of sleep in her eyes.

Chapter 298 – Two Ladies In My Life

After Jasmine was bathed and dressed, Fu Hua carried her in his arms. He was so happy holding his daughter.

The little girl stared at him with curiosity and licked her tongue often. She yawned at times and moved her little fingers to her mouth to lick them.

Dont tell me shes hungry. Fu Hua said as he glanced at Jia Li who was drinking soup while sitting on the couch in the bedroom.

She is but I have to finish eating first. You have to go to your bedroom tonight. Jia Li said to him.

Why? Fu Hua asked.

You havent slept properly for a few days now, you need some sleep. If you spend the night in the same room with us, I guarantee you that you wont sleep a wink. Jia Li said with a smile.

I dont mind. I just want to stay in the same space as you and my princess. Fu Hua said to her with a satisfied smile.

Jia Li did not talk to him anymore. She just kept quiet and continued to drink her pork vinegar soup and eat a few side dishes that were served to her. She was preserving her energy for Jasmine at night and didnt want to explain to him about the sleepless nights he would go through if he insisted on spending the night with them.

Jia Li finished eating quickly before she carried Jasmine to breastfeed her. A few minutes later, Jasmynes eyes were closed but that didnt stop her from sucking.

When Fu Hua returned from his bedroom as he went to wash up and change into his nightwear, Jasmine was still sucking. He wasnt surprised at all as Jasmynes feeding habit can be understood. Sometimes she would suck for a long time before letting go.

I need to use the bathroom. Jia Li said in a soft tone as slowly pulled her nipple out from Jasmynes mouth.

Fu Hua walked over and took the little girl in his arms and sat on the couch as he had to make her burp, while Jia Li went for a bathroom break.

While Jia Li was away, Housekeeper Zu knocked softly and came in with two thermal flasks, one for hot water and the other for food. She brought a midnight soup and sacks for Jia Li, as it was normal for a breastfeeding mother to get hungry in the middle of the night.

Housekeeper Zu was quiet as she bowed to Fu Hua and put down the flasks on the table, before going over to make the baby's bed.

When Jia Li returned, she was already done making Jasmine's bed.

Madam, this is your water and your midnight snacks. Housekeeper Zu said to her with a smile while pointing at the flasks on the table.

Thank you! Jia Li replied with a smile.

Housekeeper Zu smiled and bid them goodnight before leaving.

Is she sleeping? Jia Li asked with a smiling gaze.

I think so. She is still licking her lips and moving her fingers. Fu Hua replied in a hushed tone. He was scared of talking in his normal tone so as not to wake his little princess.

I think I will feed her some more, my boobs are very heavy and uncomfortable. Jia Li said as she went over and took the little girl from him, before going over to sit on the special chair made just for her.

She just gave birth and sitting on a soft chair or sofa wasn't advisable.

Do you need the breast pump? It will be helpful if I can feed her while you get some sleep in the middle of the night. Fu Hua suggested. He wanted to share his wife's discomfort with her.

I dont trust you, you havent fed her before, you only learned through practice during my antenatal care. I will examine you tomorrow to see if youre fit. Jia Li teased.

What!

Dont mind me, Im joking. But honestly, I will pass for this night. I feel that its not right to bottle feed her yet, I feel so close to her when feeding her this way. Jia Li said with a sigh.

When you start working, you will have no choice. Fu Hua reminded her.

I know, so Im going to enjoy every moment till that time. Jia Li replied.

Thats fine. You have one month confinement period and during this time, its too bad that I cant touch you. Fu Hua teased.

Are you thinking of bedding me right now? Jia Li asked with a chuckle.

Why not? Its not wrong. Fu Hua replied.

Youre so shameless, dont let Jasmine hear your shameless words. Jia Li warned.

I dont mind. Its not a bad thing that I want to bed her mama, it shows that I love you. Fu Hua said.

Seriously, I cant communicate with you. Jia Li said, giving up on arguing with him.

My assistant, Zimo will bring my work to the house for this period I have to stay at home. Fu Hua announced as he changed the subject swiftly.

The Autumn show is next month, are you sure its right to work from home ? Jia Li asked with an inquisitive gaze.

Its totally fine. I will go to the office only if its necessary. I want to spend my time with the two ladies in my life. Fu Hua replied happily.

Jia Li smiled as she appreciated his love and care.

Jia Li and Fu Hua chatted about FJs Autumn show , while Jasmine sucked till she let go of her mothers breast.

After Fu Hua laid Jasmine in her cot that was beside Jia Lis bed, he helped Jia Li to get into bed before joining her.

Does FJ have plans for the model that will wear the iconic piece for this season ? Jia Li asked curiously.

Fu Huas ex-girlfriend Feng Alix was a Top model that FJ signed to model important pieces but since the contract was broken and she was banned, FJ has not made a replacement and now Jia Li was curious about it.

Chapter 299 – Godmothers Visit

Fu Hua understood her worries. He smiled and brought her into his arms. We have a new model to fill in that space, she will be revealed two weeks to the Autumn Fashion Show.

Why are you taking so long to reveal her? Jia Li asked.

There is a strategy behind that and it wasn't easy picking her from amongst the best. Fu Hua replied.

Oh, I see...

When do you want to start working? Tell me once you're ready and I will help you make some arrangements. Fu Hua said to her. He couldn't wait for her to join FJ and showcase her talent.

I will tell you but I don't need your help. I will get in through my efforts. Jia Li said with determination.

If you say so... go to sleep, you need some rest. Fu Hua said to her. He didn't agree with her about getting in with her efforts as it won't be an easy fit but he just had to agree with her at the moment.

Jasmine woke up with cries more than 5 times in the middle of the night and her parents didn't have a good night's sleep.

The next morning, Jia Li slept in while Fu Hua placed Jasmine in her portable carrier and took her downstairs for breakfast.

The little girl laid obediently in her carrier as her father carried her downstairs. Her sight was literally everywhere and settled only when her carrier was placed on the dining chair next to her dad.

Princess, you didn't let your mother sleep a wink last night, you have to be obedient and let her get some sleep before getting hungry. Fu Hua said to the little girl in a soft tone.

Jasmine looked so innocent but you wouldn't believe that she was the same person that robbed sleep off her parents' eyes last night.

Fu Hua smiled and started eating while moving his cutlery

Are you protesting? Are you hungry? Fu Hua asked with a smile as he thought the aroma of his breakfast was making his little daughter hungry.

Jasmine moved her head to the side and opened her mouth and closed them again. That was a sign of hunger that Fu Hua understood.

It looks like youre hungry. Fu Hua said with a frown and began to eat quickly before Jasmine starts to cry.

Quickly, he finished eating and asked Housekeeper Zu to get things for Jasmynes bath ready in the nursery. He wanted Jia Li to get enough rest.

While watching her daughter taking a bath, Fu Hua felt his heart melt because the little girl continued sucking on her fingers. Jasmine was already hungry and it was a good thing she wasnt crying yet.

Immediately she was dressed, He carried her in his arms and went to Jia Lis bedroom only to see her dressed in new clothes and was eating.

Is she crying? Jia Li asked with her gaze on them.

Not yet but it wouldnt take long before that, as she is already moving a lot. Fu Hua replied as he got close to her.

Good thing I have freshened up already. Jia Li said and continued to eat.

I wanted you to get enough rest but it looks like its not possible. Fu Hua said to her. He was really surprised to see that she was already up, as had the time to bath and dress before Jasmine started with her troubles.

Thank you but there is no need. Jia Li replied. What was the need of sleeping in when that little girl would get hungry any moment? It wouldnt be right if she didnt have her bath and eat before then.

Jia Li finished eating quickly and took Jasmine to breastfeed her. If Jasmine could talk, she would have protested against her parents for torturing her with the aroma of their food.

First, his father ate in her presence and next, it was her mother. They really starved her.

As Jia Lis friends were coming over today, Fu Hua made some arrangements for them, while the kitchen prepared lunch.

At noon, the three of them landed with excitement. They all had gifts in their hands for Jia Li and Jasmine.

Jia Li was thrilled to see them as she made her way downstairs with Jasmine in her arms.

OMG! Our girl is a mother now! Chang-Chang said excitedly.

The three ladies felt like screaming when they saw Jia Li and the baby but Jia Li hushed them on time. They knew better than to behave after the last incident of startling their goddaughter.

Congratulations!!! Her friends chorused in a soft tone as they immediately surrounded her and the baby.

Thank you! Jia Li replied with a smile.

She is so cute! Chang-Chang said with her hands on her cheeks.

She is beautiful! Daiyu said.

She is so peaceful. DanDan added.

Jia Li finally made her way to the sitting room with her friends following her about before sitting on her special seat.

Can I carry her? DanDan asked happily.

Present your gifts first. Jia Li said as she sat on her chair like a Queen giving commandments to her people.

The three ladies chuckled and pointed at the gifts they came with. They didnt mention what they came with and only asked her to unwrap the gifts herself

Da-Xia looks just like you. Daiyu commented.

Exactly and she is so quiet. Chang-Chang said.

Quiet? Jasmine is not quiet. You need to spend time with her at night to know what Im talking about. Jia Li said.

I know how newborns are. You cant get some sleep at night because you have to feed them. Daiyu said with a smoking gaze on the sleeping baby.

Jia Li, you cant complain. You need to feed our little girl and make her more chubby. DanDan said to her.

How can I complain about my precious child, I was only saying that she is not quite as it looks. If you ladies trouble me, I will send you out and call in my pets. I havent seen Ocean and the puppies for 3 days now. Jia Li threatened.

The three ladies began to fawn over her. How could they accept her threat? They haven't spent time with their goddaughter, so how could they leave?

Chapter 300 – Way To Stardom

Jia Li placed Jasmine in her cot and chatted with the friends over some snacks to keep themselves company.

When Jasmine woke up from her nap, the three ladies struggled for who would carry her first.

Dont frighten my child! Jia Li scolded them.

Why do I feel that I dont know you anymore? DanDan asked with a frown.

Jia Li is so fierce. Chang-Chang said with a pout.

I haven't seen her react this way in a long time, DanDan said in agreement.

That's because she is now a mother. Daiyu replied with a smile.

How can I not be fierce when you are fighting for who would carry my daughter? Jia Li queried.

Its alright, we are sorry for scaring our little girl. I will go first then. DanDan said with a smile and quickly moved to carry Jasmine from her cot. Her moves were so quick that there wasnt time to stop her.

I will go next. Chang-Chang said immediately.

We will give her to the next person every 20 minutes, Daiyu suggested.

Should I be your timekeeper as well? Jia Li asked from the side. She couldnt believe how ridiculous her friends were. Her child was now an item that was being rotated to avoid them struggling and fighting over her.

No need to trouble you, you can rest while we take care of the baby on your behalf. Daiyu said with a smile.

DanDan and Chang-Changs focus was on Jasmine who was staring at them with curiosity. They were no longer paying attention to Jia Li.

Chang-Chang reached out her finger to touch Jasmines nose but Daiyu hit it away in time.

Your hand is filthy! Daiyu teased.

Youre just jealous. I already cleaned my hands with the baby wipes. Chang-Chang said and brought out her tongue and right at that moment, Jasmine moved her gaze to her.

What are you teaching Da-Xia? Daiyu asked as she immediately pulled her away from Jasmines presence.

I didnt mean to do that. Chang-Chang said as she sat on another couch like an obedient little bunny when she met Jia Lis gaze.

None of them wanted to teach Jasmine the wrong thing.

Jia Li sighed and massaged her temples. It was a hassle to have three amateur ladies as friends.

Jia Li, I have an announcement to make, Chang-Chang said as she remembered something.

What good news could you have? Jia Li asked with a smile as her curiosity was at its peak.

I passed my audition and I am proud to announce that I am the newest member of Miss A girl group! Chang-Chang announced excitedly.

OMG! Congratulations! Jia Li said happily.

Thank you! Chang-Chang replied happily.

DanDan and Daiyu didnt seem surprised because they already know about it. They only smiled when Chang-Chang announced it to Jia Li.

Your hard work finally paid off, Im happy for you! Jia Li said excitedly.

Jia Li was happy for her friend that her dreams finally came to reality. Joining a girl group had always been Chang-Changs dream and she trained so hard for it. Today, she was signed to one of the popular girl groups in the country. Although the group was still new, it was already popular because of the publicity given to them.

Jia Li spent time with her friends and they chatted about a lot of things, while they exchanged Jasmine every 20 minutes. The only time Jia Li got to hold her daughter was when the little girl was very hungry.

After eating, Jasmine was sleeping in her carrier that Jia Li put beside her.

When Jia Li's friends left, it was already evening and Fu Hua who has been busy in his study came out to spend time with his wife and daughter.

Jia Li personally served him a cold drink because of the hot weather. Although the AC was turned on and Fu Hua could not feel the heat still, that slightly chilled drink and some snacks was a good treat.

Jasmine spent most of her time gazing at her father's face. The way she stared at people was so cute.

Over the next few days, Fu Hua worked on his studies in the afternoons while Jia Li would bring in her pets to the sitting room and spend time with them.

Jia Li was happy the first time she introduced Jasmine to her pets. Ocean and her puppies surrounded Jasmine who was in her carrier. Ocean barked excitedly and kept wagging her tail.

As for the little puppies, they were equally excited about meeting the newborn and tried to climb inside Jasmine's carrier several times but Jia Li stopped them in time. And at last, she had to carry Jasmine out of the carrier and hold her in her arms still, the puppies didn't let her rest. They surrounded her and made sounds of protest.

Jia Li had to sit on the rug with Jasmine in her arms while her back rested on the couch. She let the puppies get close to Jasmine and greet her but she didn't let them touch her.

Jasmine had her gaze on the two little things that surrounded her. And it was possible that she would have grabbed them if she was able to.

Jia always had a nice afternoon with Jasmine and her pets.

Sometimes, when Jasmine and was taking a nap and Jia Li got bored and wanted to take some walks, she would put her in her stroller and take walks outside the house in the evenings and at times, Fu Hua would join her if he was less busy.

Slowly, Jia Li was thinking about entering FJ soon. She was thinking of doing that when Jasmine would be 5-6 months old. She couldnt afford to waste time because she was not the only talented or gifted person in the world.

She wanted to walk her way to stardom through hard work but she had to be smart. Jia Li was still considering a lot of things and hadnt yet come to a conclusion, so she couldnt talk about it.

As Fu Hua was working on the upcoming fashion show, he was also busy making the dress Jia Li designed last time. He got an idea for it. He was not going to release it and use it for the Autumn show, as he had another plan for it.

FJ planned to release new designs a month after the fashion show and he planned to include her design as well.
