### Chapter 301 – Zimo Discovers The Identity Of The Hidden Wife

It has been a week since Jia Li returned home and the Fu family hasn't stopped sending her gifts and soups.

Because of Fu Hua's strictness, he drafted out a time and some days they were allowed to visit.

Today, Zimo came over to deliver some documents to Fu Hua. This was his 2nd time in this place and he still hasn't seen the lady boss and there was no way he could say he wanted to see her, right? Before leaving after his first visit, he sent his regards to the lady boss but he was sure his boss wouldn't bother to relay his messages which was true.

After reporting work matters to Fu Hua, it was time to leave as there was no more use for him. He sighed disappointedly as he was going to leave without seeing the lady boss again.

Fu Hua had no idea of his thoughts because if he knew about it, he would have probably sent him away immediately.

As Asst. Zimo turned to leave, he heard a gentle female voice that seemed to come from the entrance. Instinctively, he turned over and smiled with his gaze at the entrance.

Fu Hua didn't notice that as he equally had his gaze at the entrance. He got to his feet and strode over and Zimo followed behind him immediately.

Jia Li appeared pushing Jasmine in her stroller while Mei followed after them with a smile as she was holding onto a fancy basket. They had just come back from a stroll.

You took time today. Fu Hua said with a smile as he came to stand before them.

Jia Li smiled and raised her face to reply, Jasmine liked the fun of basking in the warm weather, so we stayed out for a little while.

Fu Hua glanced at the little girl in her stroller to see her kicking her feet and licking her fingers. As he leaned over, Jasmine glanced at him and slowly removed her fingers from her mouth.

Zimo who was standing at the side finally caught sight of the lady boss's looks and he was so shocked that he forgot to greet or move.

This was a jaw-dropping scene to him. He was so shocked that he forgot his manners.

You must be wondering the reason he was so shocked and that's because he knew Jia Li from somewhere.

She was the same person their company has been trying to poach for a long time and she has been the interest and focus of the media after she appeared on the news channels and newspapers after winning the award

Her school was so prestigious that the students there were known for their incredible talents and coming first place would make her stand out and bring about attention from the media.

Zimo was still lost when Jia Li noticed him. She looked surprised to see him as well and immediately asked Fu Hua who lifted Jasmine in his arms at this time, You have a visitor?

Good evening, Boss lady. As he was already noticed by Jia Li, he managed to bow and greet her respectfully in a nervous tone.

Fu Hua frowned when he glanced behind him and saw his assistant. He had no idea that he was still present.

What are you still doing here? Fu Hua asked in a cold tone. He was really annoyed as he felt that Zimo had invaded his privacy but he was not too bothered now that he has seen what his wife looked like and his child's face.

Zimo could detect the annoyance in his Boss's tone and immediately apologized in an audible tone.

Don't scare my child with your loud voice. I don't need to remind you on what to say and what not to say right? Fu Hua said with a dangerous gaze directed at him.

Yes Boss, I will take my leave now. Zimo said with a bow and then turned to bow to Jia Li before walking away hurriedly. He didn't manage to glance at the little princess of his Boss before he left hurriedly.

Who was that? Jia Li asked as her face followed Zimo till he disappeared from their sight.

What are you looking at? He is my assistant Zimo, he came over to deliver some documents to me and to talk about the fashion show. Fu Hua replied after he got her attention.

Oh! He won't tell on us will he? Jia Li asked worriedly since Zimo had seen her face. She was the hidden wife of the CEO of a fashion brand and her identity has been on the hot topic. She was worried that everyone will find out about her true identity and that would be a hassle.

He can only do that when he is tired of living. Come and sit, you must be tired. Fu Hua said as he held Jasmine in one arm and pulled Jia Lis hand with the other hand to go over to sit on the couch.

Jia Li relaxed as she didnt have to worry about her identity being uncovered. Before she didnt like the idea of her identity being hidden although she wasnt expecting much at that time since her marriage with Fu Hua was forced. But now she had plans for herself, she didnt want her identity as Fu Huas wife to be uncovered as she wanted to be qualified to stand beside him.

The popularity and the little achievement she has made so far were not enough for it, so she had to work hard till she was at a point where she wouldnt have to worry if she was qualified to be his wife or not.

Outside the house, Zimo finally let out the breath he has been holding. He was still shocked by the identity of his Bosss wife. He couldnt believe what he has just seen.

The person that has been giving their Chief Designer worries because she failed to poach her was their Bosss wife.

Zimo was almost going crazy the more he thought deeply about these matters. He felt that the secret he just learned might end up killing him.

As he got into his car and drove away, he began to think about Fu Huas intentions of keeping this huge secret from them.

At this point, Zimo felt that his kidnapping value had increased immensely after getting a hold of this sort-after news.

Anyone that would kidnap him for answers relating to the identity of his Bosss wife, will definitely win the jackpot.

## Chapter 302 – Working Softly For Her

When Zimo went back to the office, he was a little lost and had to pull himself together and deliver Fu Huas message to the directors, before he was surrounded by the curious staff who wanted to know if he met their Bosss wife and his child.

Zimo denied meeting them and immediately escaped from their clutches and got questions.

As Zimo went back to his office, he sighed tiredly as he massaged his temples. He still couldnt fathom Fu Huas thoughts for keeping this huge secret from them. He gave them such a hard time by hiding the identity of his wife.

As Zimo had a lot of work to do, he immediately pulled himself together and went back to work. Despite all these feelings somewhere in his heart, he was delighted for being the only outsider to learn of this news.

He was grateful for his Bosss trust.

As Fu Hua has been spending quality time with his wife and daughter, while taking some time off to continue with his work in the workshop, somebody somewhere was plotting on how to get her daughter into his company.

Bai Fen was currently on a call with her brother and finding a way out there for Bai Jun.

... since your friends wives relative has such a high rank at FJ, she will be able to help Jun get into FJ, help me talk to her, I dont mind the cost, money is not a problem.

... I will help you ask but I doubt its possible. You are on good terms with the Fus and are in a better position to get your daughter into FJ, so why did you turn to me? Bai Fens brother asked.

Bai Fen was lost for words for a moment before replying, Although I am on good terms with the Fus, I dont want to trouble them. Please brother, help me, just this once.

There was silence for a few seconds before her brother spoke. I will help you then. This is a huge favor youre asking, so it wont be easy on my side.

Thank you! Bai Fen said with a smile. After their conversation ended, she sighed and put her phone aside while hoping for the connection to pull through.

Two days later, Bai Fen got good and bad news.

Her brother was able to get in touch with one of the Top designers in FJ through his wife. Unfortunately, FJ wasnt employing anyone and had no plans for that as there was an upcoming Autumn fashion show and everyone in FJ had their attention on the fashion show.

That was the bad news. Now the good news is...

After the Autumn fashion show, there may be an opportunity to take in new people. This good news was enough for Bai Fen who thanked her brother before immediately going to Bai Juns bedroom to announce the news to her.

Bai Jun almost cried when she heard the first part of the news but after her mother quickly added the second part, she became happy as all lost hopes were restored.

You need to start preparing to get into FJ as you would need to prove your talents to them. Bai Fen reminded her.

I know. I will have to study hard in order for my works to be acknowledged. Bai Jun replied with a proud smile. As her dreams were gradually coming to reality, she felt so happy.

Do you need me to get a coach for you? Bai Fen asked with her gaze on her.

Yes, the earlier the better. Mum, you need to get the best one. Bai Jun instructed. Since she was working to get into FJ, she had to use the best resources.

At least she understood one thing, that a place like FJ wasn't for people like her. Her designs wouldn't be able to catch their attention that way, so she needs to improve on a lot of things.

Of course, I will. Your grandmother and father will definitely agree to get you a good coach no matter the cost since this has to do with your career. Bai Fen said in agreement.

Bai Jun thought about something and asked, But mum, I am scared of grandmother's reaction when she finds out about my intentions of getting into FJ after she warned me to stay away from the Fu family.

Bai Fen wasn't worried at all. She smiled and placed her hand on her shoulder. We are not going to tell anyone about this until you have already gotten into FJ. If your grandmother, father, aunties, or anyone from our family finds out about this, then everything will be over!

Then what about the Fu family, what if they find out about this? Bai Jun asked in a worried tone. She was scared of anyone ruining her plans and she was hoping her fears won't come true.

Do you think they have that kind of time to monitor the recruits or employees at FJ? There are already people who are not members of the Fu family to handle that in FJ and you don't need to worry about that, you only need to worry about keeping your lips sealed and improving on yourself. Bai Fen said to her.

Mum, I will have to rely on you then. Bai Jun said with a satisfied smile.

She felt happy and relaxed at everything was working softly for her. She would really throw a party if she got into FJ sooner.

As for FangSu, her ban was lifted a week later. She was so excited when her phone was returned to her and she was allowed to leave the house.

The first thing she did after she got her phone was to dial Bai Jun's contact but unfortunately, the call didn't go through. She tried the number for almost an hour before she gave up.

She was sitting on her couch and biting her lips frustratedly when she remembered she had Bai Fen's contact and without wasting time she quickly dialed her number.

It took some time before Bai Fen answered her call.

FangSu, you got your phone back? Bai Fen asked in a lively tone.

Yes Auntie, my grandfather locked me up, he.... FangSu went on to complain about the punishment she received.

## Chapter 303 – Full Of Herself

Bai Fen pretended to care for her and comforted her in a sweet tone. FangSu felt loved by the way Bai Fen spoke to her.

As Bai Fen was about to hang up, FangSu remembered the reason for making that call.

Aunty, I cant reach Jun, how is she ?. FangSu asked in a concerned tone.

Bai Fen Chuckled and replied, Jun is fine, but she is a little under the weather.

She is sick? I will come over to see her. FangSu said immediately.

Bai Fen was alarmed and said to her, Dont come over, Its useless as Jun wont be able to see you, wait till she has recovered.

But I feel bad as we havent been communicating for a long period. I, at least need to come over to visit her FangSu said in a worried tone. Learning that her good friend was sick, she felt uneasy and wanted to visit.

Bai Fen was annoyed at how stubborn FangSu was. She was only being nice to her, because FangSu didnt seem to want to give up on the relationship she had with her daughter, despite all she had lost. But she

was annoyed as she couldn't continue acting sweetly and tolerating her, especially now that she was trying to avoid her.

FangSu, there is no need to visit. You can see Bai Jun when she has made full recovery. If you come over now, it's useless, and besides, your family is against this, so please stay at home and don't cause any more trouble. Let's talk another time. Bai Fen said and went on to hang up, to FangSu's surprise.

As brainless as FangSu was, the only thing she thought was wrong, was that Bai Fen was avoiding her because of her family. She got angry when she thought up to that point, but there was nothing she could do.

Anyway, she had no power in her family currently, and she needed a job, so she would go find one for herself. She didn't want to get help from anyone and decided to go job hunting herself to prove that she was capable of taking care of herself.

Going to FJ with full assurance to apply for a job, FangSu dressed in one of her expensive pants and accessories.

When Fu Hee saw her, she was curious and asked where she was going, dressed up like that.

I'm going to find a job, I don't want to rely on grandfathers money, so he wouldn't have the right to freeze the money I worked hard for, FangSu replied arrogantly as she pats her straight shoulder-length hair.

Oh... go ahead then. Fu Hee said and walked past her with a flask in her hand. She was dressed as well, and she seemed to be in a good mood.

FangSu saw the flask in her hand and asked, Mum, where are you going to?.

Im going to your brothers house to visit Jia Li and my grandchild. Fu Hee replied happily and walked away without hesitation. As she has been allowed to visit once in a while, she was happy. And this was the first time she was going alone.

Due to that happiness, she personally made some healthy soup for Jia Li.

FangSu squeezed her face in a frown. She was jealous as her mother had no time for her and instead wanted to go and visit her enemy.

FangSus love language is attention from people she loves and admires. And now that she was not getting it, she was clearly unhappy.

FangSu left the house angrily. She got into her car and drove away. Although her freedom was returned to her, it was a little restricted. She was not allowed to visit the Bai house, but it looks like that part didnt sink into her head because she thought of going to visit Bai Jun earlier.

Grandfather Fu asked her to get a job for herself, as he was no longer going to support her until he sees a positive change in her attitude.

The only money FangSu had in her account was all she could ever get. At least she had the sense to start looking for a job earlier before she runs out of money.

When FangSu got to FJ, she parked her car and got out of it with her expensive handbag

She told them what she came for and submitted her file to them. Normally, they would have turned her down. But her name sounded familiar to her, so they took her file from her to glance at her resumé.

Seeing that Fu name printed beside her, that was a good start for her. The receptionists there smiled and treated her warmly. One of them quickly

searched FangSus name on the internet and read the short biography. She was shocked and immediately whispered to the one beside her...

She is the CEOs younger sister.

That way, all the receptionists knew her identity. FangSu took off her sunshades and glanced at them with a proud look.

The receptionists thought that FangSu was humble and didnt want to use her connections to get employed, and they treated her respectfully.

Miss, we will help you to submit your Resumé. We will keep you posted if there is any update.

FangSu pushed her sun-shades back to her eyes after she smiled at them, then she proceeded to leave her name card with them and walked away full of herself.

Dont you think she is a little arrogant?. One of them asked with a frown.

What do you know? I dont mind if she acts that way, she is so rich and came from a wealthy family, she has all the right to be arrogant. Another replied.

Stop gossiping and get back to work, I will submit her Resumé. The other receptionists said and picked up FangSus file and walked towards the elevator.

FangSu felt that she has already achieved a lot. She thought she has made it for herself and went out to celebrate. She went shopping before going to a restaurant to eat an expensive meal.

Before going back home, she has almost spent half of the money in her bank account.

When she got home, she was all smiles as the servants carried several shopping bags and followed after her.

When Butler Lu saw this scene, he sighed and shook his head in disappointment, and walked away.

## Chapter 304 – The More She Fell In Love With Her

Fu Hee was very happy when she was received warmly after getting to Fu Huas house. Housekeeper Zu ushered her in and led her to the couch to sit.

Where is Jia Li?. Fu Hee asked with all smiles.

Maam is upstairs, she will be here in a minute. Housekeeper Zu replied politely and walked away to get some snacks for her.

Jia Li was aware that her mother-in-law was coming, so she didnt waste time. She carried Jasmine and went downstairs, and didnt bother to inform Fu Hua who was currently working in the workshop.

Mei was holding the carrier where Jasmine was laying inside, while Jia Li made her way down the stairs with the help of the rail. She was still getting used to her body which hurts down there any time she made a big move.

When Jia Li got to the living room, Housekeeper Zu had just finished serving Fu Hee.

Fu Hee was the first to greet Jia Li when she saw her. She smiled and walked towards her.

Jia Li, how are you? Fu Hee asked with a smiling gaze.

Im fine, Aunty. Jia Li replied with a smile.

The two women walked over to sit on the 3-sitter couch. Mei placed Jasmynes carrier on the floor beside Jia Lis feet and went on to carry out the cute little girl whose eyes has been wandering around. She loved the feeling of being carried about.

Mei handed Jasmine over to Jia Li before walking some distance away.

Aunty, thank you for coming. Jia Li said with a polite smile.

I should be the one thankful that you allowed me to visit. How is Da Xia doing?. Fu Hee asked with a smile as she peeped to see her granddaughter.

She is fine Aunty, you can hold her. Jia Li said to her. She knew how much her mother-in-law wanted to hold her little one, as she could see the yearning in her eyes.

Fu Hee looked surprised and asked just to confirm if she heard clearly, Really, I can hold her?.

Yes. Jia Li replied with a smile and unwrapped the shawl that was wrapped around Jasmine, before passing Jasmine to her

Thank you!. Fu Hee said excitedly as she happily welcomed her granddaughter in her arms.

Jasmine moved her hands and feet about after she was released from the bondage that held her hands and feet together.

The little girl smacked her lips and slowly fixed her gaze on her grandmother.

Fu Hee was all smiles, as this was the first time she was holding the newborn in her arms. She called out her name and introduced herself while holding her carefully in her arms.

Da Xia, I am your grandmother.

Da Xia, you look so cute.

Fu Hee said a few more words to her, before turning to Jia Li to say, I almost forgot I brought soup for you. This will help to remove the remaining blood in your womb.

Jia Li glanced at the flask she came with and asked in a curious tone, Aunty, is it bitter?.

Why are you worried about the taste? This is something that will help your health. Fu Hee said with a smile.

Aunty, this past few days, Ive been eating a lot of things that are bitter, I dont think I can eat any more of it. Jia Li complained.

This was the first time Fu Hee was finding Jia Lis actions funny. She reasoned that Jia Li complained to close up the distance between them. She smiled happily and said to her, Dont worry, the soup is not bitter, I made it myself. I added a lot of meat and fish to it, so you can enjoy it without complaints.

Thank you, Aunty!. Jia Li said happily and immediately called Mei to come and serve the soup for her.

Mei walked over and picked up the flask and went into the kitchen. She came back 2 minutes later with the soup, turned into a bowl

Jia Li took the tray from her hands and placed it on her thighs. Next, she picked up the spoon and had a taste of the soup.

Fu Hee was staring at her with an expectant gaze and asked, How is it, do you like the taste?.

Yes Aunty, its nice. The soup is hot as well, so I love it more. Jia Li replied with a smile. The soup was delicious and had lots of meat and fish inside, and that was what she loved the most.

I brought enough soup for two servings, you should drink the remaining soup when its very hot, it will go a long way. Since you like the soup, I will be coming often to deliver it to you. Fu Hee said with a smile.

I will have to thank you in advance. Jia Li said with an appreciative smile.

Fu Hee fixed her gaze back on the little girl in her arms. Jasmine kept on smacking her lips and finally moved her fingers to her mouth to suck them.

As Jasmine had her saliva on her mouth and hands, Mei passed Jasmynes handkerchief to Fu Hee, so she could clean her little hands and mouth with it.

The more Fu Hee watched Jasmynes actions, the more she fell in love with her.

When Jia Li finished eating, she remembered that Fu Hee had not touched her snacks yet, and she immediately reminded her about it.

Aunty, let me hold Jasmine while you eat your snacks.

Fu Hee listened to her and allowed her to take Jasmine from her arms.

Does she cry a lot?. Fu Hee asked as she picked up her plate of healthy snacks.

She only cries when she is hungry or needs a change of diaper. Jia Li replied.

Thats good, she is such an obedient child. I dont see Fu Hua, where is he?. Fu Hee asked after she remembered her son.

He is working in the workshop. Jia Li answered.

Fu Hee chatted with Jia Li for a while before getting to hold her grandchild again. Before Fu Hee left, Fu Hua came downstairs.

Housekeeper Zu already alerted them that Fu Hua was coming downstairs, so Fu Hee quickly handed Jasmine over to Jia Li, and they all pretended that nothing happened.

Fu Hua glanced at them in suspicion and made his way towards them.

Chapter 305 – Easily Forgiven

Are you through with your work? Jia Li asked immediately with a nervous smile.

Not yet, I'm taking a break. Fu Hua said as he came to stand beside her. He leaned over and gazed at Jasmine with a smile.

Jasmine quickly fixed her gaze on him and moved her fingers to her lips and next, she let out a yawn.

Fu Hua smiled at her gestures and quickly carried her in his arms and walked away while saying to Jia Li, I will put her to sleep.

Wait, I thought you said you wanted to take a break? Jia Li asked quickly.

My daughter is more important than rest. Fu Hua replied and continued walking away till he disappeared from their view.

Do you think he did that on purpose? Fu Hee asked in a hushed tone. Her voice was very small and Jia Li could barely hear her. She was afraid Fu Hua might hear her if he hasn't left yet.

It looks like. Jia Li replied. She guessed Fu Hua did that on purpose. He might have not wanted his mother to hold his child and knowing how soft-hearted Jia Li was, he didn't think she would be able to hold back.

Fu Hee sighed and didn't say anything again. Jia Li thought she was feeling bad and said to her in a soft tone, Aunty, don't be too worried. There are many opportunities for you to hold Jasmine.

I'm not sad at all. It's all my fault. It's getting late, I have to leave now. Fu Hee said as she picked up her handbag and got to her feet.

I will walk you out. Jia Li said with a smile but Fu Hee stopped her.

Dont worry, I will leave on my own. You should get some rest now that Fu Hua is with the child. Fu Hee said to her with a smile.

Jia Li nodded and called a servant to walk her out.

After Fu Hee left, Jia Li went upstairs to see find Fu Hua. She saw him in her bedroom rocking Jasmine to sleep.

Is she sleeping yet? Jia Li asked in a soft tone.

Yes. Fu Hua replied in a gentle tone as he put Jasmine in her cot.

Has your visitor left? He asked as he stood straight with his hands in his pocket.

You mean your mother? She has left. Why are you so cold towards her? You didnt even say a word of greeting. You ignored her like she wasnt there. Jia Li said with a frown.

Does she have the right to complain? She came to see our daughter, what right does she have to see the child she almost killed when she was still in the womb?! Fu Hua said angrily.

Jia Li was tongue-tied. She had forgotten about that part and thats because it was easy for her to forgive people if they were repentant but Fu Hua was different, he was good at holding grudges.

But that happened in the past. Jia Li said softly.

I dont care! No one who tried to harm my family will be easily forgiven! Fu Hua said and walked out angrily.

Jia Li was surprised at his reaction. She had no idea he would react this strongly. She thought he was starting to forgive his mother since he allowed her to visit but who knew it wasn't from his heart.

Jia Li couldn't remember the last time Fu Hua reacted that way towards her and it looked like he was very angry.

Jia Li sighed and glanced at her sleeping baby before glancing at the door. She didn't know what to do. Leave the baby and go and see Fu Hua or stay in the room with the baby and get some rest.

It was useless for Jia Li to think too much because she went with the first option, as there was no way she would be able to rest since Fu Hua was still angry, hence she checked on Jasmine before leaving the room.

Fu Hua went back to the workshop to continue working. He looked a bit surprised to see Jia Li.

Did you leave the child alone? He asked with a frown.

Yes, I had no choice. You walked out on me angrily, so I had to come and meet you since I can't rest peacefully anyway. Jia Li replied as she came to stand in front of his desk.

I didn't walk out on you, I left because I was angry with my mother. Fu Hua explained after he sighed tiredly.

What's the difference? Jia Li asked.

Fu Hua was left speechless by her statement. He couldn't believe his explanation was useless to her.

Im sorry if you felt that way. Go back and rest, I will join you later. Fu Hua said to her. Since explaining didnt work, there was no need to waste time as he had to apologize.

Dont make me wait for too long. Jia Li said and walked away. His apology meant a lot to her.

Fu Hua sighed again and went back to work. He worked for 20 more minutes before going to find Jia Li.

When he got to her bedroom, she was already sleeping. He smiled as he checked on Jasmine. The little one moved her hands to her face and wrinkled her brows before her hands slowly fell back to her sides again.

Fu Hua made sure she was comfortable before going to join Jia Li in bed. He kissed her cheek before laying next to her and then he hugged her waist from behind and closed his eyes.

When Fu Hee got home, she saw FangSu surrounded with different kinds of snacks and fruits while she was basking in the evening breeze as she seemed to be in a good mood as she ate away.

As a model, are you not supposed to be on diet for your weight? Fu Hee asked with a frown.

I am not bothered about it. I am about to get into FJ, so I have to eat all the good food now, while I can. FJ is hard work.. FangSu said as she continued eating.

## Chapter 306 – Out On A Date

Fu Hee looked surprised as she asked, Youre getting into FJ? Did your brother approve of it?

I dont need his help! I can get in myself. I just found out that things are a lot easier when I do them myself. FangSu said with a confident smile.

Fu Hee gave her a weird glance before walking away.

FangSu thought her mother was probably too shocked that she was capable of getting herself into FJ and a smug smile appeared on her face.

The next morning after breakfast, Jia Li took Jasmine to the workshop to accompany Fu Hua while he worked on the dress she designed.

Jia Li was surprised that with his busy schedule, he was still able to work on the dress.

You are not permitted to say too much, only Jasmine. Fu Hua warned as he narrows his gaze on her.

Dont you think thats unfair? Jia Li asked with a frown.

Is it? Why dont you go out and play with your dogs, I wouldnt mind for today. Fu Hua suggested with a smirk.

Jia Li frowned even more and said to him, You are bullying me. You know very well that I want to learn from you.

Jia Li wanted to watch Fu Hua while he worked and Fu Hua knew about it. He knew that she was very interested in watching him and wouldnt take her pets important, hence he mentioned it.

I have to control you at least in this part. Because you are my wife, I will adjust my rules a little. You can ask questions but you are not allowed to distract me. Fu Hua said.

That sounds better. Jia Li said with a smile.

Jasmine soon fell asleep, while her mother gazed at her father as he worked. Jia Li only raised a few questions till it was time for Fu Hua to end the making dress section.

What do you plan to do with this dress? Jia Li asked.

Im going to release it along with a few dresses after the Autumn show as part of a new collection. Fu Hua replied.

If youre going to do that, why do you bother to make the dress yourself? You can easily pass it to the creative arts department. Jia Li said in a bid to hear his thoughts.

I love making my wifes dresses. Fu Hua replied as he covered the half-finished dress on the mannequin with a big plain white sheet.

Jia Li smiled happily. She noticed he was always making her dresses even though he could end up sending the design to the creative arts department. She wanted to know his reason and she has found out now.

In the evening, Jia Li was in the living room with her pets watching the TV with Jasmine sleeping in her carrier when Jia Li received a call from Fu Meixu.

The latter called to inform her that her movie, The Filmmaker would be out in the Cinemas on Friday morning, which was in 2 days.

Congratulations!!! Jia Li said to her.

Thank you! I would have dragged you to the cinema with me on Friday evening to watch the movie but your little cutie pie would get in the way. Fu Meixu said in a childish tone.

I can watch the movie later. Jia Li said as she chuckled softly.

I know... how is Jasmine doing? Fu Meixu asked.

She is fine. She can grab little things like my fingers now. Jia Li said with a chuckle.

She is growing so quickly. I will come to visit after my movie is out in the cinemas. Fu Meixu said.

Alright, we will be waiting. Jia Li said with a smile.

After the call with Jia Li, Fu Meixu received another call. She smiled profoundly when she saw Shi Qiaos name on the caller ID.

Fu Meixu answered the call and greeted him in a soft tone. Her tone was as gentle as the breeze.

Fu Meixu and Shi Qiao talked for over 15 minutes before she hung up. Fu Meixu was all smiles after the call ended. Shi Qiao asked her out on a date after her movie premiers.

Of course, Fu Meixu accepted it. She was happier she was going out with Zhi Ruos boyfriend and she wished for Zhi Ruo to get a hold of the news somehow.

Quickly, Friday came. In the evening by 4 pm, Fu Meixu was already out and on her way to the cinema. She and Shi Qiao agreed to meet at the cinema. After the movie, they would go to a nice restaurant to eat.

When they met each other outside the cinema, Fu Meixu looked embarrassed seeing Shi Qiao smile so gently at her.

You look beautiful. Shi Qiao complimented her as his gentle gaze rested on her.

Thank you! You dont look bad either. Fu Meixu said in return.

Thank you! Shi Qiao replied.

I hope your girlfriend wouldnt mind that you are out with me? Fu Meixu asked.

Zhi Ruo wouldnt mind. You are my friend and besides, you are in the same company as her. Treat this date as a bribe to be on the lookout for her. Shi Qiao said with a smile.

Is it possible to look after a veteran? Sister Ruo has many people looking after her. Fu Meixu said with a smile.

Oh! forget I said anything then. Lets take this date as an opportunity to relax. Lets go in. Shi Qiao said with a smile and gestured to her to go in.

Shi Qiao bought a big bowl of popcorn and some drinks to entertain them while they watched the movie.

In the 2 hours, they spent in the cinema, it was not more than 5 times they exchanged words.

After the movie ended and they left the cinema, Shi Qiao complimented Fu Meixu for her good acting. He didnt forget his girlfriend as well. He complimented her for being able to portray her role as the villainess.

Fu Meixu laughed in her mind. She knew the only reason they were able to portray their characters very well, its because they disliked each other to the core.

In a movie where the female lead is strong and dominating and the supporting female character tried to do everything she could to take over but failed. There needed to be a deep connection and emotions being conveyed in the movie by the characters.

## Chapter 307 – Out With Another Woman

In the restaurant, Shi Qiao placed an order for them and while waiting for their dishes to be served, they chatted happily.

From afar, a female figure caught sight of Shi Qiao and Fu Meixu. She couldnt believe her eyes. She walked towards them and clicked a picture of them before approaching their table.

Shi Qiao. The female figure greeted with a smile that was not a smile.

Shi Qiao and Fu Meixu glanced at the familiar figure that interrupted them. Shi Qiao smiled and greeted her politely. LangFeng, youre here ?

LangFeng ignored his pleasantries and asked directly, Why are you here alone, where is Zhi Ruo ?

Im not here alone, I came out with a friend. Zhi Ruo is not in the city. Shi Qiao replied.

Fu Meixu who has been quiet all this while smiled satisfactorily at Shi Qiaos response before interrupting...

Miss LangFeng, I guess you did not see me. I am Sister Ruos junior, Fu Meixu. Fu Meixu introduced herself with a smile while sitting comfortably in her seat.

Miss Fu, dont you know that Shi Qiao is Zhi Ruos boyfriend? Are you that shameless to meet him behind her back? LangFeng asked while lashing out at her.

LangFeng! if you are here to cause trouble, please leave. Meixu is my friend. Shi Qiao said with a frown. He didnt like LangFengs attitude towards Fu Meixu and he could sense her hostility.

LangFeng frowned. She still had something more to say but Fu Meixu cut her off.

Miss LangFeng, I think you have something against me. Dont worry, Im not a boyfriend snatcher. And besides, Sister Ruo never admitted that Mr. Shi was her boyfriend when she was asked about it, I only learned about it when I became friends with Mr. Shi.

Fu Meixu pretended to be angry while saying all of that. Shi Qiao thought she had been wronged greatly and felt bad. He hurriedly sent LangFeng away after he asked her to mind her words.

LangFeng was so angry when she left the restaurant. She stopped right outside the door and sent the pictures she took to Zhi Ruo before calling her on phone.

At the 3rd ring, Zhi Ruo answered the call. Her voice sounded drowsy as she asked, LangFeng, why are you calling me by this time?

I cant believe you are sleeping by this time when your boyfriend is out with another woman. LangFeng scolded her angrily.

Zhi Ruo became clearheaded as she sat up on her bed. Hearing that her boyfriend was out with another woman, was enough to wake her sleepy head.

What did you say? Which woman is that? Zhi Ruo asked immediately. She was very curious to find out more details about it.

I sent you a picture I managed to take. How you want to deal with it, all depends on you. Im so angry, good night! LangFeng said and hung up on her before walking away.

After LangFeng hung up, Zhi Ruo quickly checked on the picture she sent to her. Seeing her boyfriend, Shi Qiao and her enemy, Fu Meixu, her eyes turned red in anger as she cursed, That bitch!

Are you okay? Shi Qiao asked Fu Meixu with a frown. He was worried that she took LangFengs attitude to heart.

Im fine. Im only worried that Sister Ruo will misunderstand. I think I have to leave now. Fu Meixu said as she tried taking her purse to stand up but Shi Qiao placed his hand on hers and stopped her.

There is nothing to be scared of. Zhi Ruo is my girlfriend but she doesnt like going out with me that much. You are my friend and I dont think its wrong to go out with you. Shi Qiao said to her.

But... Fu Meixu said but Shi Qiao cut her off right at the moment their order came to them.

There is no but eat first and then I will drop you off at your place since youre uncomfortable.

Thank you! Fu Meixu said with a smile. Inwardly, she chuckled to herself, as her clutches were really tight on him.

She knew that LangFeng would surely complain to Zhi Ruo about this and that was exactly what she wanted. This was the exact aim of her plans.

There is no need to thank me, I should be apologizing for making you uncomfortable, its all my fault. Go ahead and eat to your satisfaction. Shi Qiao urged with a smile.

While they were eating, Shi Qiao got a call from Zhi Ruo.

Where are you? Zhi Ruo asked in a heavy tone. She didnt bother to relax her tone before asking away. She was very pissed.

Im having dinner at the restaurant with a friend if thats the reason you are calling. Shi Qiao replied going straight to the point.

He was not a fool and definitely knew that LangFeng would tell Zhi Ruo what she saw.

Zhi Ruo was surprised that he was able to reply so calmly like it wasnt a big deal but she refused to be confused. Which friend is that? A male or a female?

A female, you know who she is. Dont think about things that are not necessary. I dont want you to ruin my dinner, so Im hanging up. Shi Qiao replied and ended the call immediately.

What! What about my sleep you just ruined! Zhi Ruo said angrily as she got out of bed and stomped her feet angrily.

She couldn't believe he was acting all selfish when he just ruined her sleep. She was more concerned about what Fu Meixu would think since she was there with him when he talked to her in that manner.

Bitch! You dare to come after my man? Wait till I teach you a lesson!  
Zhi Ruo swore and picked up her phone to make a call.

Book the earlier flight back to City X tomorrow and find out Fu Meixu's schedule for tomorrow and send it to me immediately!

Fu Meixu on the other hand didn't care what trouble was brimming, as that was what she has been aiming for.. By pretending to be into Shi Qiao because she wanted a big drama to happen to teach Zhi Ruo a lesson and now that her aim was close, she was already very excited.

## Chapter 308 – Fu Meixu's Plans

After Shi Qiao stopped in front of the apartment Fu Meixu's Agency gave to her, he turned to glance at her.

Meixu, I'm really sorry about today, I will get you a gift as an apology.

There is no need, I'm fine. It's late, you should go back. Fu Meixu said to him.

Won't you invite me for a glass of water? Shi Qiao asked after she attempted to open the car door.

Im sure there is no space in your stomach to hold a glass of water. Mr. Shi, drive safely, good night. Fu Meixu said as she got out of the car with her phone in hand.

Shi Qiao chuckled softly at her rejection. Then he waved at her and drove off.

A smirk turned up on Fu Meixus lips after Shi Qiao drove off. You want to come inside my apartment? Dream on! But I will have to trouble you to return my bag tomorrow.

Fu Meixu smiled and made her way inside the building. She just played a trick on him. She purposely left her bag on the floor of the front passenger side, so she could call him and ask him to bring it for her.

When Fu Meixu finally got to her bedroom, she sat on the side of her bed and dialed a contact.

When is Zhi Ruo coming back? She asked.

She booked the first flight for tomorrow and she will be going straight to the company from the airport.

It looks like she is coming to find me. Fu Meixu said and laughed really hard, before terminating the call.

She put her phone on the night stand and went to have a bath. She couldnt wait for the next day to reach already, so she could get into her role and cause some drama.

After having her bath, she saw some calls from Shi Qiao. She knew the reason he was calling and smiled to herself. Without wasting time, she called him back and he answer immediately.

I was calling to tell you about the bag you forgot in my car. Shi Qiao said.

Im sorry about that. Fu Meixu said as she faked an apology. How could she tell him her acts were deliberate ?

Its okay. When do you want me to bring it over ? Shi Qiao asked with a smile.

I will have to trouble you to bring it over to my agency, Im going to use that bag for a shoot later, so I dont know if its possible ? Fu Meixu said in a soft tone.

No troubles, I will send the bag to you, tomorrow. You just need to give me the time and place to find you. Shi Qiao said. He liked her personality and wouldnt mind coming over to a public place to look for her.

Thank you, Mr. Shi. Goodnight. Fu Meixu said and ended the call before he could say anything.

Shi Qiao was about reminding her to stop addressing him as Mr. Shi but she ended the call already. He smiled and walked inside his house with her purse.

Fu Meixu went to bed all smiles. She was not bothered about the purse she forgot. The purse was a shoulder sling bag which she did not need for shoot. She only mentioned a shoot, so he wouldnt change the venue they were supposed to meet.

Fu Meixu planned to make Shi Qiao and Zhi Ruo meet each other after getting abused by the latter. What a smart move that was enough to end the relationship between the two.

Fu Meixu has never liked Shi Qiao because as good as he looks, he has a flaw. He looked like someone who wouldn't care about his partner's feelings by going out with a female friend in the open. She wouldn't like to date the kind of person that would make her feel insecure, if not, she wouldn't be planning to dump him so soon.

The next day, Fu Meixu left for her company, as she had something to discuss with the director. As she was getting famous, there were changes made for her benefits which they needed to talk about and enforce.

When the company van stopped in front of the building, Fu Meixu said to her assistant, You will wait at the reception, Mr. Shi would be here in an hour. When he comes, bring him to me.

Yes, sister Mei. Her assistant said with a smile.

When Fu Meixu got down from the van and enters the building with her assistant, all eyes were already on her. She was so popular these days that it was impossible for her not to garner some attention.

Everywhere she went, her juniors would greet her and she would reply to them with a smile. She liked the feeling of being called, Sister Mei or Senior Meixu that feeling was so exceptional.

Fu Meixu went to the director's office where her manager was already waiting.

The director smiled when she walked in. Meixu, you're so popular these days. You are really working hard.

I have to get some benefits for my Agency at least. Fu Meixu said with a big smile.

Her words were sweet enough to make the director smile.

While they got down to business, Zhi Ruos plane just landed. She had huge sunglasses and a mask on her face as she made her way through the Arrivals with her assistant pulling her box behind.

Zhi Ruo was in a hurry to get the company to teach Fu Meixu a quick lesson, so she was walking quickly.

When they got into the Van, she urged the driver to drive quickly. On the other hand, Shi Qiao was seen driving to the company as well. He whistled happily as he glanced at the bag that was sitting in his front passenger seat.

The woman they were coming to see was happily discussing with the director and her manager. There were so many gigs waiting for her, so her company was treating her very well and added to the fact that she was coming from the Fu family.

Before, they didnt take her seriously in the beginning when they found out she was coming from the Fu family.. It was when Grandfather Fu intervened once in her matter, that they started to take her seriously.

## Chapter 309 – Sister Zhi Ruo Would Mind

Zhi Ruo was the first to get to the company. She had a furious look on her face as she made her way in. Fu Meixus assistant saw her and quickly texted Fu Meixu.

Fu Meixu saw her phone screen brighten up and she glanced at the message within 2 seconds before smiling back at her director as if nothing happened.

5 minutes later, they had to conclude the meeting, since Fu Meixu said she had to use the restroom.

Take care of your health these days and your skin. With the insurance you signed with those people, you're sure to rip a lot of benefits. When next are you going for your skin routine? The director asked.

Tomorrow. Fu Meixu said with a smile.

A big company wanted her to advertise their products and run ads for them. And in order to get the perfect ambiance, they made a health and skin insurance, while they treated her to lots of face massages and skin treatment.

That company had in mind to make Fu Meixu their brand ambassador for their products for 2 years that was a big deal for her.

Fu Meixu was the only one that left the office, as the director and her manager had a few things to discuss and that was exactly what she wanted.

By the way, Shi Qiao had just arrived at the company with Fu Meixu's bag and he was taken inside by Fu Meixu's assistant.

I hope Meixu wouldn't mind that I'm coming to see her directly? Shi Qiao asked her assistant with a smile.

No, Sister Meixu wouldn't mind at all. But Sister Zhi Ruo might mind. The assistant said grudgingly.

Why would Zhi Ruo be annoyed, its not like she is here. Shi Qiao said as they continued walking.

Huh! Mr. Shi, you dont know? Sister Zhi Ruo walked in 3 minutes ago before you arrived. The assistant revealed with a confused gaze.

Shi Qiao was surprised but he didnt think much of the situation. It doesnt matter, I will see Meixu before going to see my Zhi Ruo.

Along the hallway where a few people would pass from time to time, Fu Meixu met face to face with Zhi Ruo.

Since they were in the company, she had to feign like an obedient junior. She smiled and acted surprised when she saw Zhi Ruo.

Senior Ruo, youre back so soon? She asked as walked towards her with a surprised gaze.

Why are you surprised? Did you wish that I would never come back so you would snatch my boyfriend? Zhi Ruo asked in a furious tone.

Her voice was loud enough for any third party to hear her.

Fu Meixu glanced around and pretended to be embarrassed after seeing a few people along the hallway.

Fu Meixu saw two people raise their phones to record and she smiled inwardly. What a good day to cause a commotion!

Fu Meixu pretend to be embarrassed and said to Zhi Ruo in a soft tone. Senior Ruo, please can you calm down. There is definitely a misunderstanding here.

What? You cant speak louder anymore? What are you afraid of? Zhi Ruo asked angrily with her gaze on her. She hated Fu Meixus guts and the fact that she was acting all innocent, provoked her further.

Zhi Ruos assistant noticed that she was causing a scene and tried to stop but Zhi Ruo pushed her away.

Fu Meixu looked as if she was in a dilemma before speaking up. Sister Ruo, its not what you think, everything is a misunderstanding! Mr. Shi and I are just friends.

Just friends? Zhi Ruo repeated after her and chuckled angrily before she continued, Do you go on a night date with someone you call your friend and who has a girlfriend already?

There were whispers from everyone that stood and watched them. They were all pointing fingers at her and a few cursed at her.

Fu Meixu enjoyed the reaction but she pretended as if she wasnt seeing them.

Sister Ruo, you were absent yesterday, so you dont know the full matter. Mr. Shi is just my friend and we only had dinner together, it wasnt a date. And besides, you denied dating him and always told us that he was your friend.

With her revelation, the bystanders glanced at Zhi Ruo with a weird gaze. Some of them knew Shi Qiao as they have seen them together a few times. Zhi Ruo always said he was her very good friend, who knew he was her boyfriend and she denied his existence.

Zhi Ruos assistant knew that things were about to fall apart but she was more scared of getting hit by Zhi Ruo.

And so what? Do I have to explain my privacy to anyone?! You are just giving silly excuses to cover up the fact that you tried to snatch my boyfriend! Zhi Ruo said while pointing fingers at her.

Fu Meixu frowned and tried explaining again, Senior Ruo, I don't like your accusation. When Mr. Shi and I became friends, I had no idea he was your boyfriend because you denied and hid that fact from everyone. I wouldn't have agreed to receive his help if I knew you two were in a romantic relationship. I only found out from him that you two were dating and that shows that he has nothing against you!

How dare you try to act smart with me? Do you think I'm a fool? Zhi Ruo asked angrily.

Fu Meixu sighed tiredly as she replied, Senior Ruo, I don't know why you are trying to cause a scene here for no reason and everyone is watching. Mr. Shi is faithful and will never cheat on you, you are just worried about nothing important.

Zhi Ruo's eyes widened in shock. She was so angry as she asked, What?

Fu Meixu saw Shi Qiao and her assistant approaching and smiled to herself. She continued to fan the flames.

I'm sure you are feeling insecure but that's fine, it's normal when you have a handsome and wealthy man as your boyfriend.

After saying this part to the hearing of everyone, Fu Meixu lowered her voice and said in a tone that only they would hear...

So, be careful that I don't take him from you because I can tell that he likes me.

## Chapter 310 – Zhi Ruo Gets Physical

The next thing everyone saw was Zhi Ruo pushing Fu Meixu to the floor and going on to slap her face.

You bitch! How dare you act so smug and mighty! Zhi Ruo screamed angrily. She wanted to kick Fu Meixu but her assistant pulled her away.

Right, when she turned to push her assistant away she saw a familiar figure running towards them with a worried gaze.

Shi Qiao saw what happened and immediately rushed over with Fu Meixus assistant. He had a worried gaze as he called out to Fu Meixu.

Fu Meixu didnt have to pretend anymore. Zhi Ruos slap was painful and the impact she got from being pushed to the floor caused some scratches and bleeding.

Her face squeezed in pain as she held her elbow to glance at it.

The bystanders let out gasps of shock, they were not expecting Zhi Ruo to be so violent. In no time, more people started gathering around.

Meixu, are you okay? Can you stand up? Zhi Qiao asked with worry when he saw the red imprint caused by his girlfriends palms.

When Fu Meixus assistant came over and saw the bruises and that mark on her face, she became so angry and turned to glance at Zhi Ruo.

How can you hit her face and inflict injuries on her?! Do you know how much that was spent to make her skin soft and smooth?!

Are you mad! How dare you raise your voice at me?! Zhi Ruo asked angrily. She couldn't believe that a little assistant dared to talk to her so boldly.

The little assistant's words were a reminder to the others that knew about the huge gig Fu Meixu landed 2 weeks ago. They knew she landed a huge job for a popular brand of the best skin products, so since then, she has been looking so good because her skin was well taken care of and a few of them knew, she got insurance for her health and skin.

What was going through their mind right now was that Zhi Ruo was in big trouble. She even dared to violate one of the company's rules of getting physical with a colleague. It was clear that she was in for a deep shit and if Fu Meixu decides to sue her, she would lose more than half of everything she took her life to build.

Fu Meixu screamed in pain as Shi Qiao helped her to her feet. Right now, her left cheek was red and swollen.

Shi Qiao glanced at Zhi Ruo angrily and scolded her on the spot.

How could you act without manners! Is this your true colors?!

Zhi Ruo couldn't believe her dearest boyfriend was holding another woman and was lashing out at her.

Why are you scolding me?! You care about another woman but you treat me like I don't exist! Zhi Ruo said angrily.

You dont feel youre wrong, right? Thats fine. I am used to you acting like this but I cant tolerate the fact that you hit an innocent person. Shi Qiao said.

Fu Meixu let tears down her eyes and wriggled out of Shi Qiaos hold and her assistant and another bystander who was a junior immediately came over to hold her.

What innocent person? You mean this bitch that tried to snatch you from me?! Zhi Ruo cursed. Her assistant wanted to disappear already. Zhi Ruo couldnt control herself and she was going to be in big trouble for it.

Enough! I have had enough of your madness! Meixu is innocent and I dont have that kind of relationship with her! She is my good friend and my customer. Why dont you ask questions before you do anything? Youre so unreasonable! Shi Qiao said while pointing at her.

What! You scold me in public because of that shameless woman! Zhi Ruo said angrily. She still wanted to go over and hit Fu Meixu after she caught a glimpse of the smug look on her face before it vanished but Shi Qiao blocked her path.

What is going on here?! An angry male voice sounded at the end of the hall.

Those who were recording stopped in fright when they saw their angry-looking director with a few managers standing behind him.

About 30 minutes later Fu Meixu, Zhi Ruo and Shi Qiao were sitting in the office of the director with their managers present.

There was a furious gaze directed at Zhi Ruo from the director.

Fu Meixu and Shi Qiao had just finished explaining what happened in the hallway and Zhi Ruo was to blame. She tried to defend herself but it was useless. Her arguments were baseless.

Zhi Ruo, do you know your offense? You violated one of the company's rules by hitting your colleague in the company and you caused a huge scene out there! Not only that, do you know the huge trouble you are in? Do you know how much insurance was paid for Meixu's skin and health? Do you know how much that was spent on the skincare treatments she has been receiving for over 2 weeks and you just had to ruin everything in one day?! Their Agency's director asked angrily.

Fu Meixu was currently getting a face aid done by a skincare doctor that was called over immediately.

Do you know the damages you've caused because of the delay in the ads that Meixu was to shoot in 3 days? Can you pay for it? The director asked while pointing at her.

Zhi Ruo couldn't believe the kind of trouble she got in. She had no idea that Fu Meixu got such a huge offer by a big company that dealt with skincare products. If she knew about the insurance she got for her health and body just to run some shoots, she would have thought twice before thinking of laying her hands on her.

Director, I'm sorry for my actions! I will apologize to her. Zhi Ruo said as she bit her lips.

Do you think everything will end with only an apology? I am not about to lose a good sum of money because of your stupid actions. The director said as he hit his table with his palms.. He was so angry about how much that would be needed to make things right.

## Chapter 311 – She Used Me!

Turning to Shi Qiao who had a worried gaze on Fu Meixu while she was being treated at one corner of the office with her gasping in pain, the director said to him...

Mr. Shi Qiao, we are sorry for keeping you waiting all this while. We will release you as we have an internal issue to settle.

Shi Qiao had no choice but to leave reluctantly. It was when he got outside the building that he saw that he was still holding Fu Meixus bag.

Some minutes later, Zhi Ruo left the directors office with her manager scolding her.

Why couldnt you stay put! Do you know the kind of trouble youve brought to yourself? So many people witnessed how you abused Fu Meixu and they recorded it. You shouldnt dare to be angry!

You are my manager, shouldnt you come up with a method to save me from this horrible situation? Zhi Ruo asked in an annoyed tone. She couldnt remember when last she got herself into this kind of trouble.

There is no way to help you, just go back home and rest and wait for the companys verdict. You should be praying that Fu Meixu doesnt take this matter to heart and sue you! Her manager said with an annoyed gaze.

Why would she sue me when I already know I have a huge fine to pay? I am an A-list actress, the company can not afford to lose me. Zhi Ruo said with an arrogant tone.

Her manager rolled her eyes at her and explained, You are right about one thing. The company can not afford to throw you away after investing millions on you but as for the rest, you are wrong about them. Have you forgotten that Fu Meixu has so many witnesses to that incident and there is evidence of you abusing her? So many people will come out to testify in court because they are already on her side and the company can not stop them.

The company will never allow this because it will damage their reputation. Zhi Ruo said with full confidence.

You're right but Fu Meixu will try to sue you and because the company wants their reputation intact, they will try to negotiate with her and do anything she wants in return so that she doesn't take you to court. Tell me, what do you think her request will be? Her manager asked with a smile and then walked away with an angry gaze.

Zhi Ruo just thought about something and she became so angry that her face twisted in a frown. She just thought of the possibility of Fu Meixu setting her up.

Recalling back to the incident and Fu Meixu's actions of threatening her in a low tone, Zhi Ruo cursed in a loud voice, as she just discovered that she was used.

Zhi Ruo quickly followed after her manager and asked in an urgent tone, That bitch set me up!

What evidence do you have? Her manager asked without stopping.

What? Zhi Ruo exclaimed with a frown as she didn't seem to understand what her manager was driving at.

Fu Meixu has evidence to prove that you abused her. You just said she set you up, where is your evidence to prove that?

She threatened to snatch my boyfriend from me, is it not enough? Zhi Ruo asked.

If you don't have any supporting proof, you are wasting your time and even if there was one, you can't win against her because you hit her, you violated one of the company's rules, you ruined the efforts and the money spent on her skin, you caused a delay in the ads shooting as well and let's not forget that the fact that her body had insurance. My dear, you already have a lot of offenses under you.

Her manager reminded her of all her crimes without sparing her a glance.

Zhi Ruo was having a headache already. It's not my fault! She used me!

You should have thought about that possibility before hitting her and causing problems for yourself. Fu Meixu has the Fu family behind her, so you can't escape. Stop following me and go home already. Stay indoors and wait for me to contact you! Her manager said before leaving her behind at the spot.

Back in the director's office, the director kept apologizing to Fu Meixu whose face was red and swollen plus the few scratches she got. Fu Meixu was in a lot of pain as her buttocks and body hurt.

As Shi Qiao was not around, there was no need for her to fake a cry. There was an ugly expression on her face as she glanced at the director.

Director, I want to sue Zhi Ruo. Fu Meixu said in her clear voice.

The director and her manager had expected this, so they were not surprised.

Meixu, we know you were wronged and we are sorry about it. I would have allowed you to sue Zhi Ruo but she is part of this agency and our reputation will go down the drain.

What about me? Do you know the kind of pains I'm going through? Do you know how long she has bullied me? Nothing can stop me from suing her! She is way too arrogant not to be taught a lesson! Fu Meixu said angrily.

She was no longer pretending and was showing her true emotions. She had no idea that Zhi Ruo would be so violent as to push her and slap her hard.

Thinking back to how she has suffered in her hands, she didn't want to let go. She would make sure she lost everything she worked hard for.

Meixu please calm down. You have to think about me. If the Agency has a bad reputation, it will affect everyone. The director said in a dilemma.

Fu Meixu's manager was quiet. He supported Fu Meixu to get revenge.

I will not be affected because many agencies are waiting to punch me. Fu Meixu said without a care.

Okay, what do you want? The company will take responsibility for it. The director said as he tried to negotiate with her. He was already at the end of the cliff.

Fu Meixu was a hot cake that couldn't be abandoned and he also couldn't allow Zhi Ruo to be sued because of the company's reputation, so he had to try and negotiate with her.

## Chapter 312 – How Shameless Are You?

What happens when Fu Hua decides to change Jasmine's diaper after she messed it up? Well, he did well to Jia Li's surprise.

Done! Fu Hua said after cleaning Jasmine up with the wipes and successfully securing a new diaper around her waist.

Jia Li glanced at all the wipes he wasted and shook her head. Why are you proud when you needed so many wipes?

I can afford to buy lots of it, so why are you worried? You should be happy for me. Fu Hua said to her, as he buttoned Jasmine's overalls and smiled at the little girl who put her fingers in her mouth while gazing at him.

Your management skill is at the highest level. Jia Li said to him with a sigh.

I have to make sure my little princess is cleaned up properly and is comfortable. I can't use the same management skills I use in FJ on you two. Fu Hua replied with a glance at her before he glanced back at Jasmine. Then with a smile, he lifted the little girl in his arms but Jia Li snatched her away the next minute.

Hey! What are you doing? Fu Hua asked with a frown as he glanced at his empty hands.

I need to feed my daughter, her stomach must be empty now, can you do that? Jia Li asked as she went to sit on the rocking chair in the nursery.

You... Fu Hua said speechlessly.

Jia Li smiled at him and turned to glance at the little girl that was wriggling in her arms.

Jasmine recognized that she was in her mothers arms and immediately stretched her little hands towards her breast as she opened and closed her mouth repeatedly. She could perceive her milk and she wanted it.

Do you see that? Jia Li asked as she pointed at Jasmine. She was making fun of him.

Fu Hua refused to be jealous as he decided to tease her. He waited till she put her right nipple into Jasmines mouth before going to her side.

Why do I feel that youve put on some weight there? Fu Hua asked as he narrowed his gaze on her breast.

Im breastfeeding. Jia Li replied before glancing back at the little girl in her arms, who was sucking her milk away.

The funny part was that Jasmine glanced at her mother, before looking at her breast and then raised her little hands to touch it.

Who knows what the little girl was thinking...

Fu Hua leaned over and without warning, he touched Jia Li's left breast and retracted it. He didn't dare to squeeze it before the milk will start flowing out.

It actually increased in size, let me feel it again. Fu Hua said and stretched his hand towards her breast again but Jia Li was quick to hit it away.

You, how dare you touch my breast! Jia Li asked.

Your breasts belong to me. Fu Hua said as he leaned away with a smirk turned up his lips.

Dream on! Jia Li said to him with a glare.

I haven't tasted Jasmine's food before, how about you let me have a taste, I promise not to take too long. Fu Hua said to her with a smile. His little wife has become feisty since she had their daughter and provoking her was something he loved doing.

How shameless are you? You want to snatch your daughter's food. Jia Li asked with a frown.

I'm not snatching it, I just want to know what our daughter's food tastes like. But never mind, I will do that some other time. I'm going to throw her used diaper away, I will be back for you two. Fu Hua said and blew a kiss at his annoyed wife, before leaving the nursery with nylon in his hand.

Jasmine, don't mind your Dad, he is joking. He can't share your food with you unless I see him on a diaper.

Jia Li chuckled when she said the last part. She imagined what Fu Hua would look like to be in a diaper with a cold gaze and she laughed out loud.

Jasmine sucked away with her gaze on her mother, as she listened to her.

When Fu Hua returned, Jasmine was still eating.

How empty is her stomach? Fu Hua asked.

She just pooped so her stomach is very empty. Give her 20 more minutes but it doesnt look like she will be asleep by then. Jia Li replied.

Since shes still awake, I will let her be. I wanted to spend some time with her. But do you mind coming to the study with me? Fu Hua asked. He needed his wife and daughters company.

I wouldnt mind but Jasmine would do. Jia Li replied.

Lets see if she would mind. Fu Hua said as he went to separate Jasmynes mouth from Jia Lis nipple and carried her off her mothers thighs.

The little girl could not complain. She frowned and then smacked her lips when she landed in her fathers embrace.

Good girl. Fu Hua said with a smile since Jasmine did not cry. He made her burp before leaving with her and Jia Li.

At the workshop, Jasmine happily continued to eat while her father worked and occasionally glanced at them.

By the time Fu Hua finished working, Jasmine was sleeping soundly, while Jia Li was already tired from holding Jasmine in her arms.

Im sorry, do you want to sleep? Fu Hua asked in a soft tone as he came to her side.

Mmm... I need to sleep, Im tired as well. Jia Li said as she let out a yawn.

Lets go. Fu Hua said as he carried Jasmine and walked out of the workshop while holding her hand.

After laying Jasmine in her cot carefully, Fu Hua got into bed with Jia Li. The couple faced each other and stared into each others eyes.

Fu Hua caressed her cheek before sending a few strands of her hair, behind her ear. Jia Li leaned in to kiss his lips gently and then moved away after a few seconds.

I thought you wanted to sleep. Fu Hua said to her in a gentle tone.

Mmmm. Jia Li hummed in reply with her gaze on him.

Fu Hua touched her cheek with his thumb and leaned in to kiss her lips. They kissed for a while before letting go.

Sleep.. Fu Hua said as he brought her into his arms and began to pat her back gently.

Chapter 313 – Banned By FJ

Fu Meixus request was not all that simple. She wanted Zhi Ruo to take a break from the entertainment industry for half a year after she pays all the fines she owed.

Half a year break is too much, what will happen to all her pending projects? The director asked.

Her projects can be given to another actress in this company. It wouldn't be a fun thing if my grandfather or any member of the Fu family sees me like this. I wonder what they would do, after all, I am precious to them. Fu Meixu said to him.

The director got the hidden meaning in her words. His company will be in trouble if the Fu family intervenes in the matter, so it was better to listen to her.

There is no need to involve your family, the company will get a 2-bedroom and well-furnished condo for you to live from now on. Don't worry about your injuries, we will take care of them. As for your request, it will be done. The director said with a smile.

Fu Meixu smiled and closed her eyes. She just got a new and a better place to live just after she mentioned her family's name.

As bad as she was, she doesn't use her family's name to reap some benefits and this was the first time.

She used her family name to get the director to listen to her but who knew she would also get a new place to live in?

Zhi Ruo was in her condo when her manager brought the bad news to her. She screamed hysterically and broke a lot of things in her house but it still did not change her situation.

Then who is going to pay for the expenses? Zhi Ruo asked in an enraged tone.

You will foot half of the bills for the 6 months vacation, the company will complete the rest. Her Manager replied.

What! Im forced to abandon my career and go on a 6 months vacation while being forced to foot half of the bills! Is this some kind of a joke?! Zhi Ruo said angrily as her chest heaved up and down.

There is nothing you can do. The company would have lost more if you were sued by Fu Meixu. Pay for your fines and leave immediately. Her manager said to her.

That bitch put me in this predicament! I will teach her a lesson in this industry soon enough! Zhi Ruo swore.

When her manager left, she picked up her phone to dial Shi Qiaos number but no one answered the call even after several rings.

After the 5th ring, Zhi Ruo was no longer able to contact Shi Qiao again.

Does he want to end the relationship with me? No, I cant allow that! I will never let him get together with that bitch! Zhi Ruo swore and picked up her bag and immediately left for Shi Qiaos company.

Zhi Ruos appearance at Shi Qiaos company was in vain because he refused to see her.

Shi Qiao was no longer interested in her. His main interest was to apologize to Fu Meixu and to check on how she was doing.

After he chased Zhi Ruo away, he dialed Fu Meixus contact to ask how she was and where she was. The latter replied that she was in the hospital

and would call him back. But at the end of the day, he didn't get her call, so he decided to drive down to her apartment but as he didn't know her apartment number or floor, he was stuck.

Dialing Fu Meixu's number again, her assistant answered the call.

Shi Qiao learned that Fu Meixu was sleeping already and he became sad as he thought about how painful her injuries were since he witnessed them.

Left with no choice, Shi Qiao had to give Fu Meixu's bag to her assistant. He only left after he got her apartment's number.

When he got back to his house, he sent a text to Fu Meixu which was never replied to. After work the next day, he drove down to her apartment again. After mustering some courage, he went in to see her but to his surprise, he was told that she has moved away by her neighbor after he rang the doorbell for a long time.

While Fu Meixu was enjoying the view from her new apartment, the princess in the Fu Villa was on a rampage after she was rejected by FJ.

Just like any other confident lady, FangSu has been expecting a call from the front desk at FJ after submitting her perfect résumé. And since she was so confident, she didn't mind that it has been a few days since she hasn't heard from them.

She thought they were busy with work, since the fashion show was 4 weeks away, so she didn't have any negative thoughts.

Sitting outside and enjoying a cup of iced Americano, FangSu enjoyed the drink while sitting on the veranda with a smile.

When she got a call from the unsaved contact, she had a thought it was from FJ, since it was a landline number.

A confident smile appeared on her face after she answered the call and heard the voice of one of the secretaries at the front desk introducing herself as such.

Hello Maam, Im calling from the front desk of FJ, about your application. I am sorry to tell you that your application didnt go through because you were banned from ever working with us!

What! What nonsense are you talking about?! How could I be banned when I have never worked with FJ. How did I offend my brothers company? Are you sure you checked properly? FangSu asked with an angry tensed tone.

The secretary on a call with her glanced at the system in front of her, which had a notification of FangSu being banned by the CEO of FJ, her very own brother and confirmed the news.

FangSu was already going crazy from the heart-wrenching news she just received from the Secretary. She was so angry that she wanted to squeeze the life out of someone.

Who ordered it?! FangSu asked in gritted it.

Our CEO banned you! The secretary replied.

Chapter 314 – FangSu Complains To Grandfather Fu

FangSu lost her appetite and if she could throw up what she had just eaten, she would do that. She couldn't believe that her big brother banned her from entering FJ and she had no idea about it.

You're saying my brother banned me? She asked to be sure that she heard clearly.

Yes, Miss. And we are sorry we can't help you. Have a great day! The secretary said and terminated the call.

Have a great day?! how can I have a great day?! FangSu said angrily as she stared at the black screen of her phone.

FangSu has never felt so frustrated before. This was the worst thing anyone can do to her. How could her brother blacklist her without thinking about her feelings?

FangSu abandoned the snacks she was enjoying and hurried inside the house. She kept calling for her mother as she walked inside.

She snubbed everybody and went to her mother's bedroom to look for her.

Have you been shouting my name from outside? Fu Hee asked with a frown as she opened her room door for her.

FangSu walked in and faced her mother in anger. Mum right now, I don't care about etiquette and I don't care what anybody has to say!

What is wrong with you and why do you look so angry?! Fu Hee asked after she noticed how angry she was.

FangSu put her hands on her waist and began to complain, Mum, can you believe that brother blacklisted me. FJ can not accept my application to work with them as a model, all of these were done by brother!

You were blacklisted? I had no idea about it! But given that you have offended your brother numerous times, you shouldn't be surprised. Fu Hee said to her.

FangSu glanced at her angrily as she said in a high tone. Mum! How can you say that! Does that look like what I want to hear? You should be thinking of how to contact my brother since you are on good terms with him. How can he ban me because of personal issues?!

What do you want me to say and who told you that I am on good terms with him? Fu Hee said and went to sit on her couch.

If you're not on good terms with him, then why do you visit him several times a week?! FangSu inquired.

Your brother doesn't want to see me but he can't do anything since Jia Li accepted me. Fu Hee revealed!

Whatever! Mum, you have to do something about this! Do you know how embarrassed I am? Now everyone in FJ knows that a brother blacklisted his sister, I can't believe this! FangSu said as she stomped her feet. Her chest was hurting whenever she thought of how her big brother crushed her hope.

I can't say anything to Fu Hua but I can speak to YingPei to know what happened. Fu Hee said to her.

Ah! I can't take this! I'm going to complain to grandfather! FangSu said and left the bedroom immediately.

Fu Hee wanted to remind her that the old man may not listen to her but FangSu already left in a hurry.

Anything she sees there, she should take it. Fu Hee thought as she picked up her phone to give her second son a call.

FangSu cried to Grandfather Fu's study to complain to him and Butler Lu was too late to stop her from going in.

Grandfather Fu was practicing calligraphy when FangSu knocked and opened the door. Thinking it was Butler Lu, the old man didn't bother to raise his head as he continued to draw something on his calligraphy paper.

It was only when he heard FangSu's cry that he raised his head to glance at her.

Grandfather, I have been wronged! FangSu said with a tear-stained face.

If it was before, the old man would have been very worried and asked who dared to bring tears to her face. But times have changed.

Who did you offend this time around? Grandfather Fu asked as he put down his calligraphy brush and fixed his gaze on her. With the reading glasses over his eyes, his expression looked a little stern.

FangSu felt more wronged because her old man thought she offended somebody. But there was no time to waste. Since he allowed her to speak, she had to make use of it.

FangSu wiped her tear and began to explain things to him and it was right at this time that Butler Lu walked in and came to stand at the side silently.

He practically rushed over here after a servant told him she saw FangSu coming towards the old man's study.

Grandfather, you asked me to get a job and since my dream has always been to get work with FJ when I get back to the country, I decided to send my resumé to FJ. I was very confident that I would be accepted because I have a perfect resumé but I was just informed that I cant work in FJ because my brother banned me!

When FangSu reached the last part, she began to cry again.

Fu Hua banned you? Grandfather Fu asked. He didnt look like he was surprised at the situation.

Yes, grandfather and I found it hard to believe. How could he do this to his sister? I have never offended FJ, why should he blacklist me? FangSu asked with tears in her eyes.

But you offended the Boss of FJ. Grandfather Fu replied immediately with a stern gaze on her.

What?! FangSu exclaimed with a confused facial expression.

You just said that you have never offended FJ but you have definitely offended your brother who is FJs Boss. Grandfather Fu explained further.

FangSu was tongue-tied as she didnt see how the whole thing was linked.

But grandfather, how could he bring our feud into a business matter, it is uncalled for and it is unprofessional! FangSu said with a frown.

You know you would need help from someone but you offend him, whether it has to do with work or not. Are you expecting the person to be a saint and accept your proposal? FangSu, you need to upgrade your thinking.. Grandfather Fu said to her.

## Chapter 315 – Fu Meixu Officially Ends Her Relationship With Shi Qiao

But grandfather, how could he crush my hope just like that?! I was trying to get into FJ without any help but he is clearly oppressing me! FangSu argued.

She was angry that her grandfather was supporting her brother.

FangSu, till youve reflected on yourself, dont expect anyone to give you a hand. You think life is easy? Then handle it yourself! Grandfather Fu said and picked up his calligraphy brush.

Grandfather, you can help at least. Please talk to my brother! FangSu pleaded as she wiped her tears with the back of her hands.

You offended your brother, so go and talk it out with him. I cant help you with this matter. Go back and dont come over to talk about this matter again. Grandfather Fu said and shoed her away.

FangSu was boiling in rage when she came out of his study. No one wanted to help her and knowing her brothers personality, she wouldnt be able to get into FJ since he was the only one holding that authority.

FangSu went back to look for her mother and she met her in the hallway.

Mum, what did brother say? She asked immediately.

There is no hope. YingPei had no idea that FJ blacklisted you. He was surprised when I told him about it. He said Hua did not blacklist you the time he went to beg on your behalf, so I asked him to find out when you were blacklisted. Fu Hee said to her.

Is that important right now? I just want to get into FJ! FangSu said in a bitter tone and she looked like she was about to cry again.

It is, we have to know how you offended our brother.

As Fu Hee finished replying, she got a call from YingPei, who informed him that FangSu was blacklisted 2 months ago.

Hearing that, FangSu said, That was around the time he came back from his business trip.

That was the time you brought back the servants in his house and left his pregnant wife all alone at night. FangSu, you need to reflect on yourself and seek repentance. Just know that you went far with this attitude. And let me remind you that your brother holds grudges for a long time, especially when you offend him repeatedly.

After giving her a few pointers, Fu Hee walked past her and went to the kitchen. FangSu stood there for a long time before walking away.

It would have been good if she was reflecting on herself but her brain

She still didn't see anything wrong with her past actions. And because of her pride, she didn't want to accept her wrongs and own up to them. She didn't want to apologize to anyone. Instead, she was thinking that how her brother was going too far to ruin her career because of his wife.

Fu Meixu who finally moved to a new place was eating some grapes when she got a call from Shi Qiao.

His call was a reminder to her that she had something else to settle. She answered his call and greeted him like they were strangers.

Meixu, are you angry with me? Shi Qiao asked. Her tone was not friendly at all and he was worried about it.

I am not angry with you, you didnt do anything wrong to me. I accepted your call because of one reason and thats because I think you at least, deserve an explanation for my current attitude. Fu Meixu said to him.

You dont need to explain anything to me. I understand that you are only being mindful after what Zhi Ruo did to you. I apologize on her behalf. Shi Qiao said in an urgent tone.

Mr. Shi Qiao, lets end our friendship here. You were amazing and helpful during the time we got close and I must thank you for helping me achieve my mission. Fu Meixu said to him.

Shi Qiao didnt think deeply about her words, as he thought she was talking about getting the best painting for her grandfather which he recommended to her, he thought that was the mission she was talking about.

Meixu, you dont need to be afraid of Zhi Ruo, I have broken up with her. She wont have the opportunity to come in-between our friendship. Shi Qiao revealed.

Fu Meixu was surprised that he had already broken up with Zhi Ruo. Her actions today were so that Shi Qiao would be forced to break up with Zhi Ruo.

If she mentioned ending their friendship, he would be forced to break up with Zhi Ruo as she was the one that caused the relationship to fail but who knew that he had already done that.

Fu Meixu smiled to herself and changed her tone to one that is concerned. You shouldn't have broken up with her. Naturally, Sister Ruo and I are not close, so if she saw me with her boyfriend, she would think something was going on between us. Everything was my fault, please don't break up with her.

Meixu what are you saying? Zhi Ruo is to be blamed. Even if she misunderstood us, she shouldn't have gone to cause trouble for you and she hit you in the face when she knew how important it is. Meixu, please let's not end our friendship. Shi Qiao pleaded with her.

Fu Meixu smiled to herself at the turn of events. But it was a pity that this was the end. I need to toil with him. She had to end things properly.

If you break up with Sister Ruo and we remain friends, what do you think people will say about me? They would say that I snatched my senior's boyfriend. I come from a very respectable family and my reputation is important. Mr. Shi Qiao, it was nice meeting you but it's a shame that we can't continue to remain friends, please let's end our relationship here.

After saying that, Fu Meixu hung up and went on to block and blacklist his contact and only then did she bring out a bottle of wine to celebrate her success.

Knowing full well that Shi Qiao really liked her, she knew her words would be enough to make sure he didn't get back together with Zhi Ruo because he would hate her, as she was the reason he couldn't be friends with her.

## Chapter 316 – The Little Bun Was Not Being Obedient

When Fu Meixus manager came to visit with the doctor, he saw her drinking a glass of wine. He frowned and immediately walked over to take it from her.

You shouldnt be drinking, you still have some injuries. He said to her.

I am not bothered about them but I need to celebrate my wins and success.

Fu Meixu said as she stretched her hands to match the glass of wine from her but her manager immediately gulped the whole wine content down before keeping the empty wine glass on the table.

You should be worried about the injuries. FJs fashion show is in 2 weeks. Have you thought about the possibility of you not participating if your injuries dont heal? Forget about the ads you were to shoot, Zhi Ruo has paid the fine. Her manager said to her.

We have a doctor here that is doing a great job. Dont worry, my injuries would heal quickly. I need to go for my dress fittings in a week, I have enough time then. Fu Meixu said with a smile.

Just dont drink wine or anything that will delay the injuries from healing quickly. Her manager said before gesturing for the doctor to come over and do his job.

Where is your assistant? Her manager asked.

I sent her away to get some things for me. Fu Meixu replied.

Does your back still hurt? Her manager asked.

It still does but the pain has reduced. Fi Meixu replied.

Fu Meixus assistant came back shortly before the doctor left. Now, the three of them were sitting in the living room.

There was a smile on Fu Meixus face as she said, I am so happy when I think about how Zhi Ruo wont be participating in FJs fashion show this year.

You got your revenge, so you must be happy. The company has to explain things to FJ since Zhi Ruo was initially involved in this. They may have to pay some fine for breaching the contract. Her manager revealed.

I didnt remember this part when I was trying to get my revenge. I feel sorry for the director that he has to suffer a little. Fu Meixu said.

You dont need to worry because the director is trying to negotiate with FJ by asking Yanmei to work with them for this season. Her manager revealed.

What! Does the company want to negotiate with FJ for Yangmei? I thought she was taking a long break, will she agree to this? Fu Meixu asked in shock.

Her manager sighed and replied, She was taking a long break, but the director can convince her to come back and save the companys ass. She is a big celebrity and FJ is likely to accept the new proposal.

Fu Meixu was left speechless. Although she didnt remember that Zhi Ruo would have to miss out on the Autumn show and after she just found out about it, she was thinking that the company would replace Zhi Ruo with her but who knew they would go ahead to call back one of the biggest celebrity in the entertainment industry and that person happens to be in the same entertainment industry as her.

Since Fu Meixu debuted, the number of times she has seen Yangmei could be counted on one hand. Yangmei was a veteran and her reputation was top-notch. Even Zhi Ruo couldn't be compared with her.

Yangmei was married but she still hasn't retired. Even if she wanted to, a lot of people would do anything to keep her from leaving.

Fu Meixu knew she couldn't ever be compared with Yangmei.

Fu Meixu knew that if her company's director manages to convince Yangmei to come out of her long break, FJ would definitely accept the deal.

Jia Li, Fu Hua and the cute little girl were sitting in the small garden surrounded by Ocean and her puppies.

Fu Hua was holding the little girl in his arms, while Jia Li sat, facing a drawing board.

It was a big surprise to Fu Hua that his wife wanted to draw him and their daughter. When he asked her if she had painted anyone before, she gave a positive response.

Jia Li has only drawn real people from pictures and this was the first time she was drawing anyone life.

The little bun in Fu Hua's arms was the only one that was not being obedient. She kept moving her arms and legs. Other times, she would put her fingers in her mouth.

Her actions were enough to distract Fu Hua, as he would use her bib to clean the saliva from the corner of her lips.

Jia Li was tired and wasn't comfortable with her active baby.

Darling, should I have bundled her up? Jia Li asked with a frown.

Its not good to cage her all the time. Just draw what you can, it will still look beautiful. Fu Hua said in encouragement.

I get that you are trying to make me feel good but that little girl is confusing me. She keeps making you change your position. Jia Li complained.

Fu Hua remained in the same position as before and asked, I always try to go back to the same position like before, am I not getting it?

Its not 100% the same. Forget it, I will just sketch what I can. Next time, I wont forget to bundle her up. Jia Li said and went back to sketching the father and daughter pair.

A short while later, Jia Li told Fu Hua, that he was free to move his upper body. She was currently sketching the little girl in his arms, who just let out a yawn.

Jia Li became frustrated again but she refused to say a word. She might end up screaming out of frustration if she opens her mouth.

Princess, are you bored? Wait for a while, your mum will be through soon. Fu Hua whispered to the little girl in his arms who had her gaze on him.

Jia Li did not hear him, as her mind was on how she would complete the sketch as quickly as possible before she loses her mind.

## Chapter 317 – Fu Hua Finds Trouble With Avery

Before Jia Li could end her sketching, Jasmine started crying.

Oh my God! Jia Li exclaimed but that did not stop her from continuing with her sketching.

Jasmine is crying. Fu Hua said with his gaze on her. He was reminding her in case she didnt hear it.

I know. Just sit there and rock her but dont move your feet. Jia Li instructed as her hands began to work quickly.

Fu Hua sighed as he lifted Jasmine from his thighs. He tried to placate her by talking sweetly to her. At a point, the little girl stopped crying and listened to her father but not long after she started crying again.

She is hungry. Fu Hua said.

I know. Give me 5 minutes, Im coming. Jia Li said as she quickened her pace.

Ocean and the puppies wanted to approach the crying baby but Fu Hua asked them not to come over.

As for the puppies, they were too young to listen. They made their way over but Jia Li called their names and asked them to step back.

Ocean glanced at Jia Li who looked a bit annoyed. She immediately went to pull her babies back and only then did Jia Li calm down a little.

Jasmine stopped crying when Fu Hua began to sing for her. She looked curious as he gazed into her fathers eyes. And because she was hungry, she didnt fail to put her fingers into her mouth to suck them.

Fu Huas heart ached for the little girl but he has to do a good job to pacify her, so he continued to sing and smile at her.

Quickly, Jia Li finished sketching. She still had to paint the work but it wasnt the right time. She would do that later after she was done feeding Jasmine.

Im through! Jia Li said with a smile as she put down her pencil and washed her hands before wiping them dry and going over to carry her precious daughter.

Jasmine, mum is sorry for delaying. Jia Li said to the little girl with a smile. Jasmine made her baby noises and stretched her short arms towards her mothers face while bringing her face close as well.

Jia Li instinctively moved her face backward. She smiled and said, Are you trying to eat your mothers face?

Jasmine responded by crying and Jia Li had to quickly sit and bring out her left boob for her.

Jasmine was quick to grab her left boob. The little girl did not wait for her mother to guide her nipple into her mouth for she found it herself.

The little girl immediately grabbed her mothers breast and put her little mouth on it and began to suck quickly.

Oh! My baby is so hungry. Jia Li said with a smile as she gently pats Jasmines side.

Fu Hua sighed in relief when he saw that his daughter had stopped crying. He sat beside Jia Li on another chair and fixed his gaze on the little one who had her eyes closed.

I think she would fall asleep soon. Fu Hua said from the side.

I think so too. Jia Li replied with a smile.

Ocean and the puppies came to surround Jia Li after she settled down with Jasmine.

Avery touched Fu Hua's feet when she tried to walk towards Jia Li's feet to lay down but Fu Hua picked her up with one hand and moved her backward, while still sitting.

Avery made some noises and made her way towards Jia Li again while trying to avoid Fu Hua's feet but Fu Hua blocked her with his leg.

Where do you think you're going? Fu Hua asked with his gaze on the cute puppy that stopped to glance at him in frustration.

You are one jealous man. What did Avery do to you, move your leg away? Jia Li said to him with a frown.

I want to see what she would do. Fu Hua said with a smile. He seemed to be having fun tormenting the little puppy.

Avery glanced over and saw that her brother and mother were already lying next to Jia Li's feet, so she made some noises out of frustration.

Ocean couldn't bark at Fu Hua from stopping her child from coming over. Jasmine was eating while trying to get some sleep, so she couldn't bark no matter what.

Ocean brought out her tongue as she glanced at Fu Hua.

What can you do? Fu Hua asked as he moved his gaze to Ocean who didnt look happy.

Darling, how can you be so mean to Avery, let her pass. Jia Li said to Fu Hua.

I will let her go but soon. Fu Hua replied as he picked up the little puppy that was trying to pass from under his leg.

Fu Hua brought Avery up to his face as he moved his leg away.

You look adamant. Fu Hua said to Avery who was trying to leave his hold.

Ocean saw her child being held up in Fu Huas hands and immediately walked over. She raised her front legs and tried to put them on Fu Huas legs but he glared at her.

I will throw your child away if you come over. Fu Hua threatened.

Ocean had no choice but to move a few steps away from him and only then did Fu Hua put Avery down.

Immediately she was let down, she ran to Jia Lis feet to lay down obediently. Ocean walked to her side and lay down to cuddle her.

Archie saw what was going on and came to receive a cuddle from his mother as well.

Now I see how fun it is to have a pet. Fu Hua said with a devilish smile. He seemed happy to have found a new hobby.

He felt it would be so much fun to play with the puppies that way.

If this is the way you want to play with my puppies, stay away from them.  
Jia Li said to him.

Why should I stay away when I'm interested in owning them? I just discovered that I have been missing out on a lot. I will be sure to take my time in getting to know your puppies.. Fu Hua said with a smirk.

## Chapter 318 – Fu Huas Idea

Fu Hua! Jia Li called out with a frown.

You want me to stay away from your puppies? Too late. Now that I find them exceptionally cute, you can't stop me. Fu Hua said as he chuckled.

Jia Li didn't have the energy to deal with him. She knows how stubborn he was as he loved making trouble and there was nothing she said that could make him give up on his ridiculous idea.

A few later, Jasmine fell asleep. Jia Li sent her boob back into her dress and went on to rub Jasmines back. She only gave her to Fu Hua when the little girl burped.

Jia Li went back to her sketch to paint

I will leave it out here to dry. Jia Li said 20 minutes later after she was done painting.

Can I see it? Fu Hua asked.

Not yet, wait till its dry. Im very hungry right now. Jia Li said to him.

Lets go in. Fu Hua said as he stood with Jasmine in his arms.

As they walked towards the entrance of the house, Ocean and the two puppies followed behind. When they were close to the door, they met a servant who came to inform them about the two visitors they have.

Fu Hua instructed the servant to monitor Jia Lis painting and take it to the workshop immediately after it dries.

Making their way into the sitting room they met Fu YingPei sitting while Zimo was standing with his work bag.

Fu YingPei got up to greet his brother and Sister-in-law when he saw them.

What are you doing here ? Fu Hua asked.

I came to see sister-in-law and my niece. Fu YingPei replied.

Zimo greeted his Boss and Lady Boss. Today, he got to take another good look at Jia Li and he was more amazed. But he made sure his actions were not noticeable, so his Boss wouldnt send him away.

Jia Li replied to their greetings with a smile before taking Jasmine from Fu Huas arms.

Brother YingPei, Jasmine is sleeping and Im afraid that you cant spend time with her. Jia Li said to him.

Thats not a problem, I will wait. Fu YingPei said with a smile.

Who allowed you to wait? Fu Hua asked with his hands in his trouser pockets.

Fu YingPei glanced at Jia Li and asked with a friendly smile, Sister-in-law, can I sit here and wait till my niece is awake?

Go ahead. Jia Li said with a smile and walked away with Jasmine in her arms.

Fu YingPei glanced at his brother with a smug look on his face. See, I can wait.

If you act too smug, I wouldn't mind sending you out of my house. Fu Hua threatened.

Fu YingPei stopped smiling and sat on the couch. He couldn't afford to brag to his brother for fear of being sent away.

Zimo who has been standing was asked to sit. He just found out the name of his boss's young daughter. This was another news that could sell for more than a million dollars.

Zimo flushed that thought from his head and handed the document he just took out from his back to Fu Hua.

Boss, Z entertainment had an internal problem, so they want to switch Miss Zhi Ruo with another person.

What kind of internal problems did they encounter for them to decide to ruin a part of our plans? Fu Hua asked with a dangerous gaze.

Fu Hua hated people ruining his plans with useless excuses.

They had an issue with Miss Zhi Ruo, so she cant participate in this show. But the director offered Yanmei to work with us. Zimo revealed.

Yanmei? Is she out from her seclusion? Whatever, I dont want to know. Tell him he has 24 hours to give FJ a proper explanation or adhere to the rules for the breach of contract. Fu Hua said to him.

He didnt mind if Zhi Ruo was replaced with a better person but he didnt have that time to waste, so he wanted the director of Z entertainment to set his facts straight.

Zimo knew that his boss has agreed for Yanmei to replace Zhi Ruo, so he sighed in relief.

Yes Boss, I will inform him immediately! Zimo said.

Is there anything you have to report? Fu Hua asked.

No boss. Zimo replied and got up to leave.

Immediately he left, Fu YingPei shifted closer to his brother. Fu Hua frowned and asked, What is it?

Did you blacklist FangSu? Fu YingPei asked with a curious tone.

Is that a question? Fu Hua asked without care.

You crushed her hopes. She submitted her resumé but was told that you blacklisted her. She must have cried a lot. Fu YingPei commented.

I dont want to work with someone who has no regard for her superior. If you pity her, you might as well quit working in FJ and go home to console her. Fu Hua said with a glare directed at him.

Fu YingPei shifted away from him immediately. Who said anything about pity. I was only making some deductions.

Better for you. Fu Hua said to him.

In order not to get himself into trouble, Fu YingPei shut his mouth. When some snacks and a chilled drink were served to him, he began to eat them.

Fu YingPei only commented when Fu Hua asked him some questions related to work.

I have plans of hosting a big competition after this show. It would be an opportunity for a few young talented designers out there to get into FJ. What do you think about it? Fu Hua asked with his gaze on him.

YingPeis eyes widened in excitement. Wow! That will be awesome. This will be the first in history that FJ is giving a huge opportunity to a few lucky and talented designers. Everyone will go crazy if they learn of this.

Im asking about the idea if its good?! Fu Hua asked with a frown. His brother was saying a different thing from what he wanted to hear.

Of course, this would be wonderful! I love this concept. If you bring it up to the directors with a few reasons to back it up, they would all accept it. And besides, this will bring a lot of attention to FJ which would also be good publicity.. Fu YingPei said with a big smile.

## Chapter 319 – Pump Some Milk

I had the idea yesterday. I will think more about it before meeting with the board of directors. For now, our main focus will be on the show in 2 weeks. Fu Hua said.

Some minutes later, Jia Li came back with her little bun in her arms. When Jia Li laid her on the bed, she only slept for 20 minutes before waking up with a cry.

Jia changed her diapers and tried to bathe her with warm water but she was scared Jasmine would slip out of her hands. Housekeeper Zu smiled and showed her how to hold Jasmine so she wouldn't slip out of her hands.

I will just watch you, next time, I will try it. Jia Li said to her with a smile.

Jasmine whose body was being washed was busy sucking her fingers while looking around. She looked so cute and it looked like she loved to have a bath because she was so calm.

After washing her body in the 3 in 1 Aqua scale, digital scale thermometer bath Housekeeper Zu dried her body before carrying her to her cot to dress her up, while two other servants took care of the bath area.

When Jasmine was ready, Jia Li put the baby cap over her head before lifting her in her arms. Jia Li kissed the little buns tender cheeks with a big smile.

Are you hungry? If you're hungry, eat now, before we go to the living room. Jia Li said to her.

Jasmine had her gaze on her and moved her arms before smacking her lips.

It looks like you want to have a little milk. Jia Li said with a smile as she went to sit on a chair. Backing the servants, she sat on the seat with Jasmine in her arms. Next, she brought out her left boob and put it in her mouth.

She breastfed Jasmine for a few minutes before rubbing her back. They only left for the living room after the little girl burped.

Fu YingPei was more than happy to hold his niece.

Shes so cute. Fu YingPei said when Jia Li put the little girl in his arms. He looked very excited to hold his little niece in his arms.

Brother Pei, please dont shake her, she just finished eating. Jia Li reminded him with a smile.

Hold my daughter properly! Fu Hua said from the side with his gaze on his little princess. Since Jia Li handed her over to his brother, his gaze has not left their side. He didnt trust anyone to hold his child in the right way.

I will brother, relax! Fu YingPei said as his gaze went back to the little girl that had her eyes on him.

Why is she so quiet? Fu YingPei asked.

Why? You want her to cry? Fu Hua asked with a frown.

No, I dont mean that. She is just staring at me and not doing or saying anything, it looks weird. Fu YingPei said.

Shes just 2 weeks old. Jia Li said as she sat on the special seat made for her.

How old were you when you started talking and making big movements with your arms and feet? Fu Hua asked.

I dont know, so I will have to ask mother about it. Fu YingPei said with a smile. He understood his brother was jealous of him holding his daughter and he found that funny.

An hour later, Fu YingPei had to leave reluctantly as it was already getting dark. Jia Li asked him to stay over for dinner but he rejected her saying that he would eat when he got back home.

At last, Jasmine returned to her fathers arms. Her father only had eyes for her, as he didnt care if his brother was leaving or not.

Jia Li smiled from the side, before turning on the TV. She wished she could summon Ocean. When they were about to enter the house that time, their caregiver came and took them away.

Are you tired? Do you want to get some sleep? Fu Hua asked in concern.

I am tired and my body is in pain, I think I need to get some rest but Im afraid Jasmine would be hungry soon. Jia Li said in a tired voice.

Come, I will teach you the right thing to do. Fu Hua said as he got up and went to her side. With one arm holding his daughter, he stretched the other hand out to her. Jia Li reluctantly took his hand and got up, before making their way up the stairs.

When they got to her bedroom, Fu Hua called Housekeeper Zu and asked her to clean the breast pump and bottle.

You want me to pump some milk? Jia Li asked.

Yes, so you can rest when you want, while I feed her. Fu Hua replied.

In no time, Housekeeper Zu brought the breast pump and the bottle. And before she could ask if they needed help, Fu Hua sent her away.

Take off your nursing bra. Fu Hua said with his gaze fixed on her after he placed Jasmine inside her cot.

The little girl didn't know what was happening. She was so quiet as she moved her little hands gently.

Jia Li fixed a weird gaze on Fu Hua. The way he gave the command, made her feel insecure.

Why do I feel like I'm being played now? She asked.

If you put it that way, you will make me think that way Fu Hua said as he sat beside her on the bed with the breast pump in his hands.

Jia Li stared at him for a moment before going to unzip her dress next, she pulled down her nursing bra and let her big boobs out.

This hurts! Jia Li complained after she let her boobs out.

That's the reason you need to pump breast milk

It feels weird to do this. Jia Li said with her gaze on the pump.

Yes, it does feel weird but what I'm about to do feels weirder. Fu Hua said with a smirk.

## Chapter 320 – I Will Take It Directly From Your...

Jasmine, can you see what your shameless father is doing? He calls you his little princess, but hes out here stealing your milk!. Jia Li cried out with her gaze on Jasmine who was lying in her cot

Jasmines shameless father still had his lips latched on Jia Lis right nipple, and he was eating his daughters food.

Jia Li was surprised when Fu Hua leaned over and put his mouth on her breast. She was shocked out of her wits.

Fu Hua what do you think youre doing?!. She had said to him with a shocked gaze as she used her free hand and tried moving his head away.

Fu Hua didnt reply to her, as he continued to swallow the breastmilk wholeheartedly.

As he wasnt responding, Jia Li had to cry out to her little bun in hopes she would attract her fathers attention.

The little bun was smacking her lips and moving her hands and feet. She has been perceiving her food for a few minutes now, and she was already getting hungry.

The little girl heard her mother call for her, but she was blinking her eyes and trying to see where the sound came from, as she put her fingers in her mouth and sucked them hungrily.

You... you are so shameless! Get off me this second!. Jia Li said to Fu Hua in an angry tone. She was not really angry, she was just shocked by his actions.

Instead of Fu Hua letting go, he imitated his little princess by putting his hands on her breast.

Jia Li felt like kicking him in his head. She was wondering if he didnt have enough breastmilk when he was a child.

Jia Li smacked him on his back and asked him to let go. Fu Hua finally raised his head to smile at her.

Do you think this is funny ?!. Jia Li asked with a fierce gaze.

This is serious business. Thank you for letting me have a taste. Fu Hua said with a smile as he leaned away.

Jia Li was not happy with him, and as she raised her hands to hit him again, he caught her hand. You want to hit your husband ?.

Which husband ? A husband that was shamelessly eating his childs food ?.  
Jia Li asked.

I only wanted to have a taste, why are you so worked up ?. Fu Hua asked.

Jia Li refused to talk to him again. After pumping two bottles full of breastmilk, she gave him one bottle as she said, Since you like breastmilk so much, you can keep this one for yourself.

I dont want it. I like to take it directly from your boobs. Fu Hua said as he touched her left breast.

Jia Li hit his hand away and rolled her eyes at him.

Fu Hua smiled and kissed her cheek before escaping. He knows that his little wife is angry with him.

Before Jasmine could start crying for her milk, Jia Li lifted her from her cot and placed her in her arms, before breastfeeding her.

When Fu YingPei got back home, he was in time to meet dinner being served, so he quickly went to his bedroom to freshen up before coming down to eat.

In the hallway, he met FangSu who was walking towards him angrily.

It turns out that she came to meet him because of the ban she was given.

FangSu, there is nothing I can do for you. Just go and please with Hua to forgive you, and only then will the ban be lifted. Fu YingPei advised her.

Big Brother is so mean! How could he ban me? Now, there is a taint in my name. FangSu said in an angry tone.

There are only a few people in FJ that know about this. If Brother forgives you, you can get into FJ, and you'd better be careful not to provoke him further, or he will block the leeway he left. Fu YingPei revealed.

Im so angry!. FangSu said in an angry tone as she crossed her arms.

Two days later, FJ announced their muse for the current season of the Autumn fashion show. She was a model with qualities, reputation, and achievements far better than Feng Alix.

When FJ put up the announcement, everyone couldn't wait anymore for the show already.

Z Entertainment were able to convince Yanmei who was one of the biggest celebrities in the country, to come back from her long break before time.

After Fu Meixus agency struck a deal with Yanmei to take another break after the show, she happily agreed to participate in the Autumn fashion show.

Three days later, all the models that would be participating in the Autumn fashion show, went to FJ for their final dress fittings.

It was always a wonderful experience to be in FJ, and that's why those who participated in the last year's show, fought to participate for this year.

The treatment in FJ was top-notch, and the exposure and the pay was something else, amongst these, there were other little things worth fighting for.

A few days before the fashion show, FJ released the profile of the models that would be on the grand show.

It was indeed huge news to see famous models, and some of the country's top celebrities up there.

FJ made the short clip entertaining. The clip had all the models in there, with a male voice introducing each one of them, and their zodiac signs, including a few seconds statement from them.

Jia Li was having a relaxing time with Jasmine, and she missed Fu Hua, as he has been very busy. He started going back to the office the previous

day, he wouldn't have that time to spend with them again, till the show comes and ends.

As Fu Hua was busy with the upcoming show, it was the perfect time for Fu Hee to visit, so today, she came over with Fu ChunHua

Jia Li enjoyed the company of the two women. She was already getting bored, and they came over to chat with her, and it was just what she needed.

Fu Hee was happy to see her grandchild, as the little girl had put on some weight since she last saw her.

## Chapter 321 – Its Been Long

Fu Hee asked about Jia Lis health and how she was feeling now.

Do you need me to send another professional to assist like Mrs. Zu? Fu Hee asked with a smile.

No Aunt, it will be a hassle. My doctor comes over to check up on me and the child, so its fine. Jia Li said as she rejected her politely.

If you say so. Dont forget to reach out to me if you have any troubles. Although my mother-in-law and a nanny helped me when I had Fu Hua, I still know a thing or two. Fu Hee said to her.

Thank you, Aunty. I will seek your guidance when I need it. Jia Li said with a smile.

Good. Fu Hee said and glanced at the child in her arms. The little girl looked so innocent as she watched her.

Jia Li, we brought some soup for you, drink it while its hot. Fu ChunHua said as she took out the flask from the bag and put it on a stool.

Aunty, dont you think I am getting fatter? If I keep eating all these foods, I may not be able to fit in my clothes. Jia Li said.

She was tired of drinking soup already. In every meal she ate, she must either drink a medicinal herb or a soup cooked with some herbs.

The soup is medicinal, it wont make you put on some weight. I like the way your cheeks are looking rounder, that shows that you are eating well. Fu ChunHua replied.

Jia Li, dont worry about putting on a little weight because you cant escape it. You are still breastfeeding, so you need to be eating constantly. Dont worry, you can still lose the fat if you want. Fu Hee said to her in a gentle tone.

Yes, dont worry about being fat. You just need to eat healthily and there is nothing wrong with putting on some weight. But even if you want to shed some fats, its easy. We can get someone that will help you when you are ready. For now, concentrate and feed our girl well and you are already doing a good job. Fu ChunHua added with a smile.

Jia Li sighed and asked the servant by the side to turn the soup into a bowl and bring it for her.

Jia Li was worried about the changes made to her body. It would be easy to tell that something major went on in her body. She couldn't wait to return to her shape and go out in public.

She didn't want all eyes to be on her, as nobody knows she was married or even had a child. She was preparing to return to the limelight again and that will happen when she gets into FJ.

Breastfeeding made her eat a lot. Now, she has to wait till Jasmine is a little older before she could improvise but she doubts that she would do that

Jia Li planned on doing exclusive breastfeeding for Jasmine for 6 months before she could introduce other baby foods and Fu Hua supported that, as he wants his daughter to enjoy the basic nutrients required.

Since the soup had nothing to do with her putting on weight, Jia Li finished a bowl. When she asked if she wanted more, she rejected the idea.

When Jasmine cried because of hunger, Jia Li took out her food from the warmer and passed it to Fu Hee, so she could bottle-feed her.

This is a good idea. Fu ChunHua said from the side and Fu Hee agreed with her. It was so convenient to bottle-feed a baby, especially in public.

As Jasmine was gradually getting used to bottle-feeding, she didn't encounter any trouble with sucking her milk from the bottle.

Before work hours were over, Fu Hee and Fu ChunHua left.

When Fu Hua came back from work, Jia Li and Jasmine were already in the bedroom. He went straight to kiss his wife and his sleeping daughter on their cheeks, before going to freshen up.

When he returned, Jia Li asked how work was and the progress for the upcoming fashion show.

It was fine. I will be very busy tomorrow but I will try to come back on time. Fu Hua said to her in a gentle tone.

Its alright, work is important, we understand. You already sacrificed a lot to work from home just so you could spend time with us. Jia Li said with a smile.

Its not a sacrifice, it is my responsibility to take care of my family. Fu Hua whispered in her ear and bit it gently before leaning away.

Jia Li frowned as she touched her ear and said to him, That tickles.

When will your confinement period end? Fu Hua asked as he gazed at her affectionately.

Soon, in about 2 or 3 weeks. Jia Li replied.

Fu Hua hugged her and said, I cant wait already, its been long.

Jia Li didnt need to ask him what he meant by that. She understood him clearly. She blushed and touched his arms which circled her waist.

Seeing she was quiet, he asked in a hushed tone, Dont you miss us laying naked beside each other in bed?

How can you talk about that, so blatantly? Jia Li asked with crimson cheeks. She was shy with him mentioning their sexual activity.

Answer me. Fu Hua said as he kissed her neck.

His action tickled Jia Li and she instinctively move her shoulder upwards. His breath caressed her neck and caused that place to feel ticklish.

I missed it. Jia Li replied. There was silence for a while before she turned to face him.

If you want me to satisfy you the other way, I can do that. Jia Li said as she fiddled with her fingers. She was so shy when she thought about the other ways she could pleasure him.

Fu Hua smiled and took her hands in his. Then he said in a gentle voice, Thank you but there is no need, I will wait for your confinement period to end before we do that. You just have to bear in mind that I have been starved for too long, so you need to eat enough and start conserving your energy for that day.

Jia Li blushed and covered her face with her palms. Her husband really knew how to talk dirty.. In fact, he was an expert in it.

## Chapter 322 – Li Huan Interrupts

Fu Hua and Jia Li engaged in a kissing session before they were interrupted by the sound of Jia Lis phone vibrating on the nightstand.

Who is calling? Jia Li asked as she broke the kiss.

Fu Hua got up and picked her phone from the nightstand. He glanced at the caller ID and a frown appeared on his face.

Jia Li saw the change in his facial expression and asked with a frown, Who is that ?

Fu Hua passed the phone to her without a word. When Jia Li saw the caller ID, she knew why his mood was quick to change.

Because of the sleeping Jasmine, Jia Li went into the inner room to answer the call. But before she left, she gave a sign to Fu Hua that she was leaving to answer the call, in order not to disturb the sleeping child.

Fu Hua nodded and sat back on the bed. His entire mood was in a mess. He didnt know why Li Huan liked to call his wife at night and that made him unhappy.

Jia Li answered the call just before it could disconnect.

Brother Huan, good evening. Jia Li greeted.

Good Evening. Jia Li Im sorry Im calling so late but I just found time to call now. Li Huan replied.

Its okay, are you very busy at work ? Jia Li asked.

Li Huan thought Jia Li didnt mind the time he was calling and that she cares for him to ask about his work, so he felt a little joyful in his heart.

Actually, Jia Li didnt mind that he hasnt called for a long time because she didnt care about him like she used to, so she was not bothered. But as someone she has known for a long time, she still had to show a little concern, so she asked about his work.

Yes, I am. After getting promoted, the workload increased instead of reducing but the pay is worth the stress. Li Huan answered.

When you move to a higher rank, expect more work. You can find time to rest during weekends. Jia Li suggested.

I will listen to you, thank you. How are you doing? How is your child? Im sorry Im just checking up on you now. Li Huan apologized.

Brother Huan, stop apologizing. My baby and I are fine and we are doing great. Jia Li replied.

Li Huan heaved a sigh of relief. Thats good. Whats your babys gender, I need to get a gift to welcome her into this world?

Its a princess. Brother Huan, there is no need to get anything for her, she already has a lot of gifts that can be used all on her. Jia Li said with a frown.

It doesnt matter. You are now like a sister to me, please accept the gift. You cant reject your brothers gift. Li Huan said with a painful smile on his face.

He couldnt believe he was calling someone that once used to be his love, his sister. Life was unbelievable.

The reason he hasnt contacted her for so long was that he was trying to get over her and get rid of the romantic love he had for her.

Jia Li was already tired and had no strength to argue with him. She let him be.

Okay.

Thank you for accepting the gift. Please give me your house address, I will send the gift over by tomorrow. Li Huan said.

My house address? Jia Li said in a dilemma. She didn't want to give out her home address. Fu Hua would be angry if she does that, she could already see his change in facial expression when he saw who was calling her.

An idea came to her head and she said to him, Brother Huan, instead of buying the wrong gift and growing through all that trouble to send the gift over, send the money to me and I will buy the perfect gift on your behalf.

The expectant smile on Li Huan's face vanished. He was disappointed that he couldn't get her address. He wanted to know where she was living at least but it looks like she didn't want him to know.

Li Huan smiled bitterly and said to her, Are you afraid that I would visit you? Don't worry, I won't do that. But it's okay, send your details, I will send the money for the perfect gift for your princess.

Jia Li sighed in relief.

Brother Huan, thank you for understanding. Please if you want to call next time, don't do that at night, it could wake the baby and it would be troublesome putting her back to sleep. Jia Li said to him in a gentle tone.

Jia Li used Jasmine as an excuse to get Li Huan to stop calling her late in the evening. Fu Hua was already annoyed about it and she didn't find it right since it wasn't an emergency or business-related call. She sounded gentle, so he wouldn't feel bad.

Li Huan could gradually feel the distance between him and Jia Li but what can he do? Nothing...

Sure, no problem. I'm sorry about calling so late. Good night. Li Huan said to her.

Thank you! Please send my regards to Aunty. Jia Li said to him.

I will. Li Huan replied.

After the call terminated, Jia Li went back to the bedroom. Fu Hua was still sitting in the same position he was when she left.

Are you through with the call? Fu Hua asked with his gaze on her.

Yes. He called to apologize about not reaching out to me... Jia Li went on to explain the details of their conversation.

Its good that you warned him, lets see if he would listen this time around. Next time, dont accept any gift or money from him, reject him outright or you can mention me. I dont want you to feel indebted to anyone. Fu Hua said to her.

Its okay, I get it. If he calls so late again, I wont answer the call. Jia Li promised.

Fu Hua didnt want to dwell on the matter. He made her a lot on the bed before helping to bring the great pump.

He wanted her to pump breastmilk for Jasmine so he could help to feed her in the middle of the night if she woke up due to hunger.

Chapter 323 – Grandfather Fu Keeps Jia Li Company

A day before FJs fashion show, Zhi Ruo packed her bags and left for another country for a holiday that was imposed on her and the worst was that she had to foot half of the bills which means that she has to manage now since her money was involved.

The next was the first day of FJs Autumn Fashion show for the year. Jia Li couldnt go because Jasmine was still young for that kind of exposure. The members of the Fu family got VIP tickets and of course, FangSu wasnt given one, much to her anger.

Grandfather asked for FangSu not to be get out of the house before he left. While FangSu stayed at home, her greatest friend went to the fashion show.

Grandfather Fu didnt go for the show but went straight to Fu Hua and Jia Lis place. He knew that Jia Li would be all alone at home, so he went there to accompany her.

Jia Li was so touched when she heard from the old man that he came to keep her company. She hugged him from the side and thanked him.

It was a good thing that the old man wasnt repulsive of dogs like Fu Hua did because she already asked for Ocean and the pups to be let in. At least, they could keep her company while she watched the live show on the TV.

Ocean laid down on the rug obediently. But as for the pups, they didnt know how to stay at a place for long. They would only be over you that minute. But in the next few minutes, they were already up, doing their thing.

Housekeeper Zu came out to serve the old man some fruits and an aged wine that was good for his health.

Grandfather, enjoy the drink. It will help you stay stronger and healthier. Jia Li said to him with a smile.

Thank you. Grandfather Fu said with a smile as Butler Zu poured some drink into his glass. After the old man had a taste, he nodded happily and gave Jia Li a thumbs up.

The wine is rich in taste. Grandfather Fu commented.

And thats the reason I bought an extra bottle for you. Grandfather, I will pack it immediately. Jia Li said with a smile.

Jia Li got the bottle of expensive healthy wine for the old man. She was concerned for his health and had to do something for him. She was happy she made the right choice.

Thats good! The old man replied happily.

As the fashion show was about to start and Jasmine was sleeping, Jia Li and the old man fixed their gaze on the TV and watched the countdown begin.

The fashion show lasted for 4 hours. And in-between those times, Jasmine woke up and the old man carried her. When she was hungry, Jia Li bottle-fed her before passing her to the old man that was eager to hold his great-grandchild.

The old man agreed to leave after Jia Li convinced him to go back and rest. She knew he must be tired and have other important things to do after spending a lot of time with her and the baby.

Housekeeper Zu didnt forget to hand the wine to Butler Lu.

Before leaving finally, Grandfather Fu talked about hosting a party for Jasmine when she would turn one month and that would be a few days.

The next day which was the second day for FJs fashion show, Fu Hee and Fu ChunHua didnt attend instead, they came over to keep Jia Li company.

The two women left when it was almost the end of the show.

Jia Li could see reporters surrounding Fu Hua immediately after the show was over. They were asking him several questions related to his hidden wife and child and a few questions that were asked were related to FJs activities.

Fu Hua only answered a few questions or rather, he summarized the numerous questions he was asked with a simple answer.

My wife and child are doing great, thank you for asking. FJ is working towards releasing a new collection soon.

Fu Huas response was so short and that made the reporters question themselves. They had clearly asked him about the identity of his wife, the reason he is hiding her from the public. They also asked about his child and other private questions but he didnt say anything concerning that.

After saying that short response, the bodyguards came and shielded Fu Hua from the reporters so he could leave.

Fu Hua didnt go home last night because he was very busy. But he managed to have a facetime with Jia Li and their daughter. And now the show was over, he left his team to wrap up the rest, while he went home to see his wife and daughter.

When Fu Hua got home, Jia Li welcomed him with a hug. She kissed his lips and congratulated him on the success of the show.

Fu Hua hugged her tightly and inhaled her scent with his eyes closed.

I missed you and our princess. Fu Hua said in a gentle tone as he held Jia Li in his embrace without letting go.

We missed you too. You sound tired, you need to take a shower and eat and only then can you sleep. Jia Li said to him.

I will listen to you but first, I have to see our princess. And Im skipping the food aspect, I will eat later. Fu Hua replied as he released her from his embrace.

Okay, I will keep your food on. Go ahead and freshen up. Jasmine is in the nursery with Mrs. Zu, you can quietly check on her on your way. Jia Li said with a smile.

After Fu Hua went away, she went to the kitchen to take care of his food herself. She put his food in a flask to warm it, before she took it up to his bedroom, so he can eat it after he was done resting.

Jia Lis idea was the best because when he woke up from his deep sleep, it was already so late at night. He saw the food flask on his table and got out of bed.

He walked towards the glass table and saw a handwritten note by Jia Li next to the food. She asked him to eat the food...

Eat your food and then you can join us in the room next door. We love you! ♥

## Chapter 324 – A Stupid Person Like You

A deep smile appeared on Fu Huas face after reading the note. He kissed the piece of paper before sitting down to eat the food she served him.

Fu Hua cleared his plates before going to Jia Lis bedroom to see his wife and daughter, who were already sleeping soundly.

Since he just woke up from a deep sleep, he wasnt feeling sleepy. He watched his angels for a while and left for the study after kissing their cheeks.

There was work to do after every successful show.

FJs Autumn fashion show was the most talked about for several days. Many people were interested in the customer that bought the most beautiful pieces of clothes showcased on that day.

Many people that were interested in the details, were lurking around on social media and waiting to see the news of the identities of the people that got the interesting pieces of the show.

All were found except for one, as the owner refused to show his or herself. This got the attention of those curious.

Even FJ didnt have much information on the buyer of the most beautiful piece in their show. The person was very wealthy and was willing to pay double the price just to get the dress.

Soon, finding the identity of that piece of the beautiful dress was forgotten and the person's identity remained hidden as the person wanted.

The next day, Grandfather Fu released a piece of news on behalf of the Fu family. He was announcing the celebration of a party for his great-grandchild who turned a month old.

Friends, family and even the public sent in their congratulatory messages.

It was a private party with only the Fu family in attendance. But extended families came for the party.

This time around, Fu Juan came alone. Her husband was nowhere to be found. The reason she gave, was that he had an important business meeting to attend, so he couldn't make it back in time.

Nobody paid much attention to her reason, as Jasmine was the focus for the day.

The Fu family were all smiles as they celebrated the latest member of the family.

As for FangSu, this was one of the luckiest days for her. She felt relieved as she wasn't locked up in her bedroom.

In the course of the party, FangSu only interacted with some of the members of the extended family before going to sit by herself.

Fu Meixu saw her sitting by herself and smiled and she walked over with a glass of champagne. This is what happens when you are not on good terms with your family.

Did I tell you I was bothered? FangSu looked up with a glare.

You dont need to say anything but I know its an uncomfortable feeling. Since you dont feel that bad, how do you feel that I got to model for FJ, while you were blacklisted. Who did you offend? Fu Meixu asked as she made fun of her.

She wanted to take the opportunity to ruin FangSus mood as the latter had been way too arrogant since their childhood.

If you came here to make trouble, you better be on your way. I dont have time for a stupid person like you. FangSu said in an angry tone.

Fu Meixu chuckled softly and asked, If I am stupid, what are you? Im sure you would get a worse title since you are in a worse condition than me.

You have grown wings over the time I havent been around, FangSu said with a glare.

She was angry when she thought of how Fu Meixu was now stepping all over her head. Before, it was not possible as she had the backing of the big shots. But now, she had no one.

Its not that, you lost the people that were behind you but thats by the way. You really are one generous person I know and I respect you for that. You were locked away at home during the FJ Autumn show but your good friend was in attendance and I saw her talking to friends from your circle and Im sure they had a good time without you. Fu Meixu revealed and walked away with a low chuckle.

Her words were enough to stir up something in FangSu.

FangSu hasnt been paying attention to a lot of things lately. She forgot that there would be a possibility of Bai Jun attending the show. But as the latter didnt say anything to her, she thought she wouldnt be going but

who knew she attended and didnt say anything to her and nobody in their circle called to know the reason she didnt come for the show.

FangSu was pained and angry at the same time. She picked up her phone from the table and walked away to make a phone call.

After several rings, Bai Jun still did not pick up.

Is she avoiding my calls?! Bai Jun asked herself with an angry countenance.

It looks like you have been abandoned. Fu Meixu said with a smile as she came from behind.

You are good at looking for trouble. Let me warn you that I can still trample over you when I get back to my feet, so you better stay clear. FangSu warned.

Oh, Im scared. Fu Meixu said with a scared look on her face and the next moment, she was laughing hard.

Fu Meixu closed the distance between them and leaned in to whisper to FangSus ear. You must be ignorant if you still think I am scared of you. Next time when you see me, you must rightfully address me as your elder.

Fu Meixu leaned away after passing her message in a strong low tone. I hope you enjoy the rest of your night. She said before walking away.

FangSu was so angry that she raised her hand to hit Fu Meixu just as she turned away but her hand stopped in mid-air.

FangSu squeezed her fists and brought down her hand as she could only watch Fu Meixu stride away arrogantly.

Bitch! FangSu cursed through gritted teeth.

## Chapter 325 – Play With Her

FangSu glanced at her phone and tries to dial Bai Juns number again but she heard approaching footsteps and looked up. On seeing her big brother, she became tense and quickly hid her phone behind her.

Fu Hua glanced at her before walking past her with his phone in hand. He didnt say anything to her and that made FangSu feel relieved.

She held her chest in her hand and calmed down before going back to the party. She didnt bother to try Bai Juns contact again. She was already scared for her life when she saw him.

The party that was being held in the Fu Villa was wrapped up by 7 pm. Jasmine was still too young, so she couldnt stay outside for a long time because of insects like mosquitoes and sun flies. So, once it was 6:30 pm, Jia Li carried her inside the house.

The little girl was truly on her best behavior tonight. When she was hungry as the party was going on, Grandfather Fu fed her from her bottle to the amazement of other family members.

FangSu was so jealous that she couldnt watch the loving sight. She moved her face away and stared at something else she felt was more important.

After Jia Li took Jasmine back to her and Fu Huas bedroom and laid her on the big bed.

My sweetie pie, you were so obedient today. Jia Li said with a smile as she held the little girls fists before leaning in to plant a kiss on her cheek.

Jasmine smiled at her and kicked her little hands and feet as she cooed.

Youre so cute. Now, its time for you to have your bath... Jia Li said to her as she touched her soft cheeks.

Jasmine kicked her feet and immediately reached out to touch her hands with an excited look on her face.

Huh! It looks like you really want to have a night bath. Wait, I will take off your clothes. Jia Li said happily as she started to remove the little girls dress.

She started by taking off her socks and while she was doing that, Housekeeper Zu came out from the inner room to tell her the thing for Jasmines bath was ready.

Okay, we will be there in 3 minutes. Jia Li replied before glancing back at her cute daughter who was all smiles.

After taking off her clothes, Jia Li lifted her in her arms and rubbed her bottom as she walked towards the inner room with Housekeeper Zu following behind them.

Walking into the huge washroom where everything for Jasmines bath has been set, Jia Li handed Jasmine over to housekeeper Zu.

Jia Li was still dressed in her outfit as she watched her daughter having a bath.

While Jasmynes face was being washed, the little girl got uncomfortable and tried to move her face away with a frown.

Jia Li couldnt let the obedient streak she has been keeping be ruined during her bath time, so she started singing to her.

Housekeeper Zu was quick to finish washing Jasmynes face and only then did the little girl relax and put her fingers in her mouth to lick them.

After bathing, Jasmine was clothed in an overall baby dress. Jia Li liked her scent and couldnt help burying her face in her daughters neck just to inhale more of her scent.

Jasmine had her eyes glued on her mothers hair when she came close. Because of their posture, the little girl couldnt reach out to touch her mothers hair as she was curious about it.

When Housekeeper Zu was done clearing Jasmynes bath stuff, she left the mother and daughter pair. And not long after, Fu Hua walked in.

Its a relief that youre here. Jia Li said with her smiling gaze on him.

Is she crying? Fu Hua asked as he approached their side.

No, in fact, its the opposite. She is very active now and you need to play with her while I go have a bath. Jia Li said to him with a smile.

Sure. Fu Hua said with a smile. He was more than happy to play with his daughter.

As he attempted to carry the little girl, Jia Li stopped him, If you carry her, you may not be able to put her down. Your daughter loves attention.

It doesn't matter. I wouldn't want to put her down either. Fu Hua replied and went on to carry the little girl in his arms.

Sometimes, putting Jasmine down would be a problem. She likes cuddles and her father made her used to them because he was always holding her.

Jia Li went to freshen up and came back some minutes later to take the little bun from him, so he could go and have his bath.

Jasmine, it's time for you to eat and sleep. Jia Li said as she sat on the couch with the little girl who cooed while gazing at her with a smile.

Jasmine who was very excited, got serious when her mother brought out her food. Her little hands moved over to hold her breast before she quickly put her mouth on it and started sucking.

As Jia Li was serious about putting Jasmine to sleep, she caressed her back and sang to her while breastfeeding her.

By the time Fu Hua stepped into the room, Jasmine's eyes were closed. And before he could say anything, Jia Li gave him a sign to be quiet.

Jia Li breastfed Jasmine for a few more minutes to be sure she was already deep into sleep, before placing her in her crib.

Come here. Fu Hua said to Jia Li with a smile as he stood with his hands spread and ready for a hug.

Jia Li smiled and walked towards him to embrace him.

You're a good mother to our daughter. And you learned quickly to get into your role as a mother. Fu Hua said as he kissed her forehead.

Of course, I have to try my best to be a good mother to our daughter. Jia Li replied with her eyes closed. She felt so secure in his embrace.

## Chapter 326 – It Doesn't Sound Right

We have to travel back to your hometown as it's your parents' death Anniversary. We should leave in 2 days, so we can come back on time. Jasmine is too young to stay out for a long time. Fu Hua said to her in a gentle tone.

This will be the first time Jasmine will see her grandparents. I hope mum and dad are resting peacefully. Jia Li said with a sad smile as she tightened her hands around Fu Hua's waist.

Your parents are resting peacefully, don't worry. Fu Hua said as he kissed the top of her hair.

Jia Li snuggled more into his warm chest and her lips turned up in a smile. Her stomach size has reduced drastically, so she had no issues with receiving a frontal hug. She just needed to continue drinking her soup and sticking to her diet before her stomach size will go back to how flat it used to be.

Today is a happy day, Jasmine is a month old. Instead of being so emotional, why don't we do something else? Fu Hua suggested as he released her from the hug.

What can we do? Jia Li asked with raised brows as she had no idea of what he was talking about.

Remember what I told you about a week or 2 weeks ago? I want it today. Its been a long time, I cant wait further. Fu Hua said as she caressed her face.

Jia Li understood him and blushed. She glanced at the sleeping beauty in her cot and looked back at Fu Hua and said, But Jasmine is here, it doesnt sound right to do it.

Youre just worried. We just have to reduce our tone and be mindful not to make any noise. Fu Hua whispered to her with a smile.

But still, I feel that Jasmine would hear us. She is still a child. And then the scent in the room. What if she starts crying when we are doing it? No, forget it. When she grows up more, we can do it. Jia Li said and walked towards the bed.

Jia Li was scared of Jasmine waking up on them. She wanted her little girls mind to remain healthy and she wouldnt be comfortable doing that kind of thing when someone else was present, so she refused totally.

Fu Hua chuckled softly. He already planned to eat candy tonight and nothing can stop him. Since Jia Li was worried because of Jasmine, he decided to send her away.

Fu Hua went into the inner room to pack a few diapers, change of clothes, bibs and a few things into a small bag then he walked back into the room with it.

Next, he opened Jasmynes food warmer to ensure that her bottles of milk were there. He zipped the warmer and put the two bags on his shoulder before walking towards Jasmynes cot.

As he lifted the little girl to his arms, Jia Li who had been watching curiously asked, Where are you taking my child ?

Dont worry, just lay on the bed and wait for me. Fu Hua whispered in a low tone for fear that the little girl would wake up.

Jia Li was shocked that Fu Hua decided to take their daughter away just so that he could get what he wanted.

Is he really in need of it? She thought to herself.

Fu Hua went downstairs with the little girl in his arms and went straight to a room door. He knocked twice and waited for a few moments before the door opened from the inside.

Fu Lei was surprised to see his son with his granddaughter in his arms in front of his door at night.

What are you doing here? Where is Jia Li? Fu Lei asked in a concerned tone but his facial expression looked otherwise.

Jia Li needs to get some rest. You and mother should take care of her for tonight. I will come back for her in the morning. Fu Hua said as he handed the two bags to his father.

Right then, Fu Hee appeared and was surprised to see that it was Fu Hua. She heard Fu Lei asking about Jia Lia and came out.

Without warning, Fu Hua placed the sleeping little girl in her arms and turned to walk away without saying a word to her.

Fu Hee and Fu Lei were happy to take care of their granddaughter.

When they walked inside the room, they exchanged roles. Fu Lei held the little girl, while Fu Hee made a space in the center of the bed for her.

She spread the clothing material Fu Hua brought along on the bed so she could lay Jasmine on it.

After settling the little girl who moved her fingers and her face as she was disturbed, Fu Hee placed her warmer on the nightstand next to her side of the bed, before getting in under the covers.

Fu Lei joined her as well. It looks like Fu Hua has started trusting you seeing that he gave his daughter to you.

I hope so. Fu Hee replied with a smile.

When Fu Hua got back to his bedroom with a trolley of some snacks and food he pushed in by himself, Jia Li was pacing around the room.

When she saw him, she asked in a concerned tone, Where did you take Jasmine to? Did you give her to grandfather?

Grandfather is old already, so I couldnt disturb him. I sent her to her grandparents for the night. Fu Hua replied casually as he stopped the trolley next to the couch before going to hug Jia Li.

I thought you didnt want mother to ever hold her? Jia Li asked as she let him hug her.

Its just for tonight. And I know you let her hold Jasmine when Im not around. I really have to give you a gift for your boldness. Fu Hua said with his gaze on her.

Before Jia Li could protest, his lips covered hers in a kiss.

You didnt tell me you were starting already! Jia Li blamed him in her mind.

## Chapter 327 – Jasmine Spends The Night With Her Grandparents

That night, Fu Hua loved Jia Li till she became exhausted. He was still in need of more even after he pulled out of her. He didnt mind her sweat and kept kissing her face, her neck, and her naked body.

You still want more ?. Jia Li asked as she breathed heavily with a loving gaze.

I want more, but I will stop for today. This is our first s\*x in 3 months, and you just gave birth, I should take it easy with you. Fu Hua replied as he nibbled on her neck.

Im thinking if I should take something to keep up with your strength. Jia Li said as she placed her hand on his shoulder.

No need to. With time, you will be able to keep up. You dont need to take anything, we only have to be practical so you can learn faster. Fu Hua replied and leaned his face closer and kissed her lips as his fingers moved to her breast to touch them.

He didnt dare to squeeze her breast so that his daughters food and his dessert wouldnt waste.

We have to go for a bath or I can't promise that I won't jump on you. Fu Hua said as he released her lips and gazed at her affectionately before moving his hands to her water-fall black-ink silky long hair.

I want to eat first, I'm very hungry and tired, I don't think I will be able to move a muscle. Jia Li complained with a pout.

Fu Hua loved her when she acted like a child. He smiled and planted a kiss on her forehead.

I will help you wash up, and I promise not to do any other thing. Fu Hua said as he helped her up the bed.

Jia Li frowned when her long hair stuck to her sweaty back. She reached out her hand to touch it and tried to move it out of the way.

Fu Hua didn't let her struggle. He pulled open the drawer on the nightstand and took out a band to hold her hair in it.

He was so good with wrapping her hair with a hairband because he has been doing it for a long time.

Fu Hua being satisfied with the hair he packed, smiled and pulled her to stand to her feet. We are ready to go now.

Together, they picked up their clothes and walked into the inner room to have a bath.

Fu Hua set the hot water bath and helped Jia Li to sit in there. He came back to the room naked, to carry some fruits back to the bathroom. His wife complained that she was very hungry, so he was going to let her eat something while he washed her body.

Thank you!. Jia Li said with a smile as she took the plate of fruits from him.

Their bath took almost an hour, because they ate, chatted, played, and washed their bodies before going on to dress up.

Coming back to the bedroom, they ate some late-night snacks.

I can imagine how hungry I will be in the middle of the night. Jia Li said with her mouth full of food.

Fu Hua smiled at her cute face and raised his fingers to touch them. You're so cute.

I know, and that's the reason your daughter is cute as well. Jia Li said with a brightened facial expression.

Fu Hua chuckled and said to her, Sure. You're getting more beautiful by the day.

And that's because you are taking good care of me. Jia Li replied with a smile.

Fu Hua liked all her responses and leaned in to kiss her cheeks.

I can imagine Jasmine disturbing her grandparents. I feel like going to bring her back. Jia Li said with a sigh.

If you still have the strength to deal with our princess several times in the middle of the night, why don't we do something more productive?. Fu Hua suggested as he slipped his hands inside her clothing.

Who says I'm not tired? I am going to sleep right away. Jia Li said as she got up and went straight to the bed to lay down.

Fu Hua smiled at her actions and joined her some minutes later after tidying up the remains of their late-night snacks.

The next morning, After Jia Li woke up, she asked Fu Hua to go and bring their daughter while she went to wash up.

When Jia Li came out of their bathroom, she saw Fu Hua sitting on the bed and Jasmine was nowhere to be seen.

Where is my baby ?. Jia Li asked with a creased brow.

Her grandparents are pretending not to hear my knocks. I didnt dare to knock louder for fear that I may be disturbing our babys sleep. Fu Hua said with a frown.

Jia Li found sense in what he said. Even if Fu Hee didnt hear the gentle knocks, Fu Lei should have heard them.

Its okay, let them hold their granddaughter for a while more. Go and take a shower, so we can go for breakfast. Jia Li said to him with a smile.

Fu Hua was annoyed with his parents actions, but he didnt really blame them, as they wanted to spend some time with the little girl.

When Fu Hua went to have his bath, 2 servants came to take some of Jasmynes things as per Fu Hees instructions.

Jia Li happily gave out the bath stuff and change of clothes for Jasmine.

When she came to take some of her bath stuff in the bathroom, Fu Hua was still having his bath. She didnt look his way and disappeared before he could say anything to her.

Jia Li carried those things outside the room door and gave them to the servants before going back in to bring the remaining stuff.

When she went into the walk-in closet to he Jasmines clothes, she saw Fu Hua with a towel wrapped around his waist.

Fu Hua saw her taking Jasmines stuff and asked where she was taking them to.

Mother wants to bath her. Dress up, so we can go and eat. Jia Li replied and picked the stuff quickly before leaving.

She left in a hurry so Fu Hua wouldnt have the time to reject that idea.

## Chapter 328 – Fighting For His Daughter

In the dining, the immediate family members gathered around for breakfast.

Jasmine was laying in her trolley which was in-between her grandparents. She was lying there as her eyes were fixed on the table of dishes. The little girl was amazed by what she was seeing.

Fu Hua kept glancing at her side. He really wanted to go over and carry her but Jia Li nudged his arm as a sign to behave.

When Grandfather Fu came over and sat down, his eyes glanced around at everyone. He was about to ask for his great-grandchild when he saw her trolley.

Bring Da Xia to my side. The old man instructed.

Fu Lei and Fu Hee were disappointed as they couldnt keep their grandchild by their side.

Grandfather Fu smiled brightly after the little girls trolley was pushed to his side. Now, Jasmine was in between her mother and great-grandfather.

FangSu glanced at the little girl that had her small eyes on the food. This was her first time seeing her brothers child in a clear view. The little girl was cute and that was a fact she couldnt deny but she refused to accept it.

Da Xia seems to be fascinated by adult food. Fu ChunHua said from the side with a smile.

Too bad she is too young to taste them. Fu Meixu said with a smiling gaze directed at the little one that was moving her hands and feet about.

Da Xia, hold on for a bit. You just need a little more time to start eating these. Grandfather Fu said with a smile.

Jasmine brought her fists to her mouth as she glanced at the old man who was facing her with a smile. She returned a smile and cooed in her cute voice.

Good...Good! Grandfather Fu said with a smile.

Everyone in the dining room was having baby fever already except for FangSu. Fu Hua was annoyed actually. He hasnt held his daughter or

given the daily morning kiss to her yet and the people in authority were after her.

Eat. Jia Li whispered to him as she put some side dishes on his plate.

Sometime into the breakfast, Fu Hua got up and went to carry his daughter and came back to sit and nobody said a word to him. They have all been watching that scowl that has been sitting on his face since. And now that he had his daughter in his arms, they were not surprised.

Jasmine was quiet in her fathers arms. Her eyes were on the food he was eating. Whenever he picked up the food with his fork her gaze would follow the food up to his mouth.

Fu Hua noticed it and lifted her so she could stand on his thighs, then he proceeded to kiss her cheeks.

Do you want some? He asked with a wink.

Jasmine glanced at the movement of his mouth, as he still had the food in his mouth, then she reached out with her hands for her fathers mouth.

Her little actions, caused everyone to chuckle heartily and obviously except for FangSu.

Oh my! She really wants to eat adult food. Fu Juan said with a hearty smile.

Da Xia is just a month old and she is acting like an adult already. Fu ChunHua said.

Of course, my granddaughter is smart. Fu Hee said with a proud smile.

Fu Lei and Fu Geming chuckled.

Our Fu familys genes are very strong. The old man said with his gaze on the little girl whose eyes widened when she heard their chuckle.

Fu YingPei and Fu Ling had smiles on their faces as they chipped in a few words.

Jia Li smiled brightly as reached out to touch the little girls hand.

Breakfast ended very well for all except one.

Fu Hua planned to leave with his family this very day but Grandfather Fu convinced him to stay till the next day.

Later, Fu Hua regretted his actions because everyone was fighting for who would carry his daughter.

When the old man went to the study, he took the little girl with him. As Fu YingPei didnt report to work today, he was dragging the little bun with his parents.

Fu Hua saw this and said in an annoyed tone, We are leaving immediately after breakfast tomorrow.

Why are you so worked up? Your daughter belongs to you, they only want to spend time with her because they know we would be leaving tomorrow. Jia Li said to him.

Throughout that day, Jasmine was fed from the bottle since everyone wanted to hold her.

At night, Fu Hee and Fu Ling took the little girl again without waiting for their sons permission.

Fu Hua didnt say anything, as this was another opportunity to spend time with his wife without being interrupted.

Jia Li did her best to satisfy his sexual desires. She also went on to sit on him when he was lying naked with his back against the bed. She ground him and went on to pleasure him with her hands.

Fu Hua had a satisfying night. When they finished showering, they laid on the new sheets naked as they hugged their naked bodies.

In the morning, Fu Huas little brother was already standing at its might.

Fu Hua rubbed himself against Jia Lis bottom as he kissed her neck, shoulders while moving his hands all over her body.

Jia Li woke up with a moan. She could feel her husbands hands roaming all over her body, including down there. She could also feel his member stroking her behind. She let out a soft moan as she too became aroused.

Jia Li let Fu Hua work his way with his lips and hands on her body. This time around, Fu Hua was not afraid of her breastmilk wasting because he was ready to drink it all.

As the hot kisses rained on her, her body got hotter and she felt her nether region twitch in a little pain of pleasure.

Knowing they didnt have enough time, Fu Hua touched and kissed her a few more times before sliding into her from behind.

Since they laid sideways, with Jia Lis back against him, Fu Hua put his hand forward as he touched her clits while kissing her neck and body.

Fu Hua was doing 3 things at the same time and it was enough to drive Jia Li crazy.

After the first round, Fu Hua slid out of her as they both rested in each other embrace for a while, before going to the bathroom to take a shower.

## Chapter 329 – FangSu Meets Bai Jun At The Shopping Mall

After breakfast, Fu Hua, Jia Li, and the little bun left the Fu Mansion back to their house.

Ocean and the puppies were outside when they arrived. They all ran towards Jia Li.

Jia Li was all smiles when she saw her pets. She squat and rubbed their belly and heads.

Did you miss me?. Jia Li asked with a smile.

Ocean barked and circled her. The puppies really wanted to jump into Jia Lis arms, but when Fu Hua attracted their attention, and they saw the smirk on his lips as he came to their side with Jasmine in his arms, they backed out.

It looks like they were still scared of Fu Hua.

After welcoming them, their trainer came to take them inside their big kennel, while Jia Li and Fu Hua went into the house.

Fu Hua and Jia Li had to travel to her hometown the next day, as they wanted to do that quickly, so none of them thought about work, as they spent enough time with each other before packing their clothes at night.

The next day, they left in a private jet to visit Jia Li's parents in her hometown. Since they didn't plan to spend a lot of time there, as Jia Li did not want to encounter her Aunt, they lodged in the Fu Mansion over there.

The next day after they arrived, they had breakfast before leaving for the graveyard in two cars.

This time around, Jia Li only cried tears of joy when she showed off Jasmine to her parents. Fu Hua didn't leave her alone and stayed with her until the end.

They two put down the bouquet

Mum, Dad, this is your grandchild, Da Xia. She is a month old, and you can see that she resembles me greatly. Her father and I love her so much, and I know you do...

Fu Hua allowed Jia Li to speak all she had in mind, while he held their daughter with an umbrella ☂ in the other hand.

Jasmine who was in her father's arms glanced around disinterestedly with her pacifier in her mouth. She glanced at her mother and followed her gaze to the gravestone before looking away. She found her fingers interesting and she decided to play with them.

When Jia Li was done talking, she sighed in relief and turned to face Jasmine.

Jasmine?. Jia Li called out with a smile as she touched the little girls hands.

Jasmine glanced at her, and Jia Li said, Say goodbye to your grandparents, we will come to see them again, next year.

Jasmine did not understand her, and that was a given. Fu Hua smiled as he put the umbrella down, and raised her right hand to wave.

Good girl!. Jia Li and Fu Hua chorused with a smile.

Jasmine smiled at them and went back to playing with her fingers.

I like how quiet this place is, I feel like taking a stroll. Jia Li said with a smile as they walked away.

If you want to, we can. Fu Hua said to her with an encouraging smile.

Next time. I just want to go back to our home. Jia Li replied.

Then we will go back this minute. Fu Hua said in agreement.

Jia Li and Fu Hua arrived back at their house late in the evening. Jasmine was fast asleep when they arrived.

After dinner, Jia Li and Fu Hua hugged each other to sleep.

During the weekend, FangSu who was still not able to reach Bai Jun for 2 days now, decided to go shopping to relieve her mental stress.

She didn't have a job, and she had almost finished squandering the physical money she had.

Walking around the branded store in search of a perfect dress for clubbing, she comes face to face with Bai Jun who was happily shopping with another girl.

FangSu was angry and jealous as she watched them interact like they have known each other for a long time.

Fu Hua gritted her teeth and walked towards them. She couldn't believe that the person she has been trying to reach, was out here shopping happily with someone she didn't know about.

Bai Jun!. FangSu called out angrily as she walked towards them.

Bai Jun and her friend turned to glance in her direction. Bai Jun was quite surprised to see her there, but she quickly gathered her wits and asked her friend to wait for her somewhere else why she talked with FangSu.

The young lady recognized FangSu but chose to listen to Bai Jun.

Bai Jun is this how you treat your best friend?!. FangSu asked angrily as she stood in front of her.

You are shouting!. Bai Jun said with a frown as she looked around and saw that the attention was on them.

Who cares?!. FangSu asked.

If you don't care about your reputation, I care about mine!. Bai Jun said as she took her hand and walked away towards the restroom

When they got in there, Bai Jun locked the door and turned to glance at the furious FangSu.

Why did you bring me here?! She asked angrily.

Everyone was staring at us because of your loud tone. Bai Jun replied with a smile.

Is that your problem right now? You have been ignoring my calls and texts, and you do things without telling me, do you still consider my feelings at all?! FangSu asked with a finger pointing at her.

Bai Jun was no longer disturbed like when she saw her earlier. She already knew how to settle the problem.

I know you are angry, but I had no choice. I had to ignore you for my good, I don't want any more problems. Bai Jun said in a troubled tone.

FangSu put her hands on her waist and asked with a frown, Why are you avoiding me deliberately, did my family threaten you?.

Bai Jun seemed to be in a dilemma now as her facial expressions changed to that of the person that was bullied.

Seeing the change in her facial expression, and how quiet she was, FangSu became angry and asked as she felt her premonition was right.

Did my family really threaten you?! Who did that, tell me, don't hide anything from me now that I know the truth!.. FangSu said while staring into her eyes.

## Chapter 330 – The Evidence

FangSu was so angry when she found out that her mother went to the Bai Mansion to warn them. Bai Jun spoke in a way that will bring pity for her.

She made it seem like she had to act that way because of Fu Hee.

... I dont want troubles, I will be in trouble if Im seen with you. Please go back home when youre done shopping. Bai Jun said as she wiped a fake tear from the corner of her eyes.

FangSu was more furious than ever. She couldnt believe her mother was already following in the footsteps of her family and treated her best friend that way because of the woman that snatched her brother from her and her best friend.

Bai Jun Im so sorry for flaring up when I didnt know what happened. Im sorry for all you went through, but you cant end our friendship because of this. I will try to put an end to this matter, but please you have to stop avoiding me. FangSu said in a guilty tone.

Bai Jun smiled inwardly and, but revealed a helpless expression. She held FangSus hands and said to her, Its not your fault that your family doesnt want us to remain friends, stop apologizing.

FangSu felt pained when she was reminded that her family was responsible for everything. She squeezed Bai Juns hands and promised to do something about the matter.

... please answer my calls from now on, FangSu said to her.

I cant do that. If anyone in my family finds out about this, my grandmother and father wont spare me. Bai Jun pleaded with a scared tone.

FangSu shut her eyes and opened them again. She heaved a sigh before saying to her, At least reply to my texts, and we can chat. I have to leave now, I will talk to you later.

After FangSu left, Bai Jun let out a chuckle. She laughed till she was tired, then she glanced at herself in the mirror and wiped the fake tears from her eyes.

Things would be more fun if there is an internal fight in the Fu family, then no one will pay attention to me. Bai Jun said to herself in the mirror.

She didnt feel sad that she just toiled with her best friends emotions. She was glad because she felt that the Fu family had hurt her a lot, so it wouldnt be bad if there was a little problem after a few days of celebration.

Bai Jun didnt care that she left someone behind, she took her time before walking away.

Going back to the mall, she gave a fake smile to her supposed friend and left after saying a few words to her.

FangSu had no idea that Bai Jun saw her before she did, and pretended to be good friends with the lady that greeted her when she walked into the mall.

FangSu was completely fooled by her.

When FangSu got home, she was happy to know her mother was in her bedroom, and her father had just stepped out. She quickly made her way to their bedroom to confront her mother.

Fu Hee was surprised when FangSu walked into her bedroom without the simplest courtesy of knocking on the door.

Have you lost your manners?. Fu Hee asked with a frown.

Of course I have lost my manners! Do you expect me to still keep them after finding out you went to the Bai family to warn them against interacting with me?!. FangSu asked angrily. She was so furious that she didnt care about the tone she was using on her mother.

I see! Who did you meet today, Bai Jun or Bai Fen?. Fu Hee asked in a relaxed tone as she continued to sit there with a magazine in her hand.

So its true? Mum, why did you do that?! Why do you want me to cut of thighs with my best friend, why are you doing this to me?!. FangSu asked in an angry tone as her eyes became teary.

Seeing how angry you are, I guess that whoever you met, must not have told you the truth. Dont you want to know the full details of what happened that day?!. Fu Hee asked in a carefree tone.

Why should I listen to you! I dont trust you anymore! I wont listen to you tarnish my friends name so you can make me stay away from her, it wont happen!. FangSu said with a fierce gaze.

Even if everyone in the family betrayed her, her mother was the last person she thought would ever do something like that, but it looks like she was wrong. Her mother clearly does not care about her anymore.

When did I say I was going to explain anything to you? I didn't say that. Fu Hee said with a calm gaze on her.

Bai Jun was a little taken aback. She remembered that her mother didn't say anything like that, but it was normal for her to think she wanted to explain the encounter that day.

If you are not explaining, how do you want to show me what happened that day?!. FangSu demanded as she gestured with her hands. Her tone was still as heavy as earlier.

Fu Hee smiled and waved her phone

You recorded?. FangSu asked with a confused facial expression.

Of course I did. I wanted to keep a piece of evidence to prove to you that you made a huge mistake by trusting Bai Jun and making her your friend. Fu Hee said to her.

FangSu shook her head and said, I still don't believe a word you say till I see your evidence.

Fine! I know you will only learn when you don't have any other option, so I had to keep this and wait for the right opportunity, and who knew the Bai family would present an opportunity for me. I will let you listen to our conversation that day! Fu Hee said and searched her phone for the recording she took that day.. When she found it, she smiled and played it after increasing the volume of her phone.

## Chapter 331 – Jia Li Tries On The Dress

FangSu couldnt describe what other feelings she was feeling apart from the feelings of betrayal and hurt.

When she heard Bai Jun putting all the blame on her, she felt bad that her friend pushed everything to her just to escape. She knew if she was in her shoes, she would never have done that, no matter what trouble she would be in.

Now going down to Mrs. Bai Fens words, FangSu broke down. She sat on her mothers bed in silence.

After the recording ended, Fu Hee put her phone away and said, FangSu, I have already warned you several times about the Bai family, but you wouldnt listen. Did you hear what your friend and her mother said? They dont care if youre in danger, they are only using you for their benefits. How can someone that loves you, put you in danger continuously?

FangSu was quiet as she squeezed her palms with her gaze down. Her heart and mind were in turmoil. She felt betrayed after learning the true face of her best friend.

Fu Hee sighed and got up and walked towards her. Placing her hand on her shoulder, she said, I know this is a lot for you to take in, but you can take your time. If you dont believe this totally, you can play little tricks so you can see the real face of Bai Jun and her mother. You went all out for them, but they never cared. How could they allow you to go against your family if they cared about you? FangSu, start using your head now.

What she just listened to, was very different from what Bai Jun told her at the mall.

How long has she been lying to me ?

As different thoughts were going through her head, she refused to accept them because she was scared of reality. She didnt want to believe that her years of friendship would easily come to an end.

FangSu decided to listen to her mother and continue acting like she was on good terms with Bai Jun, so she could find out the truth by herself.

During dinner, FangSu was not in a good mood as the affairs from the afternoon were still hunting her. She couldnt eat like before, and only Fu Hee knew what her problem was.

Why are you not eating ?. Fu Lei asked with a frown.

FangSu came back to her senses and replied as she picked up her fork and began to eat. Nothing.

Let her be. After finding out that she was betrayed, its normal to feel sad. Fu Hee said.

Betrayed ? Who betrayed her ?. Fu ChuHua asked with an inquisitive gaze.

This is not the right time to talk about it. Fu Hee replied.

Fu ChuHua was curious about what Fu Hees words meant. Fu Meixu was absent, as she went for the ads shoot that was postponed when she fought with Zhi Ruo. If she was around, it would have been very easy for her to dissect Fu Hees words.

Grandfather Fu glanced at FangSu and looked away, He didnt have any words to say to her.

Some days later, Fu Hua completed Jia Li's dress and he asked her to put it on, to see if it fit her perfectly.

Wow! the dress is beautiful!. Jia Li said when the blindfold was removed from her eyes.

Looking at the beautiful dress that was sitting on the mannequin, Jia Li was in awe. The dress was so beautiful, and the highlight of the gemstones, made it look even more glamorous.

Jia Li had seen Fu Hua working on the dress, but when he got to half of the dress, he didn't allow her to see what she was working on. She didn't bother since he wouldn't let her. She was patiently waiting for him to finish the dress so she could see it, and now seeing the beautiful dress, Jia Li agreed that it was worth the wait.

Take off your clothes, so you can try it. Fu Hua said to her.

Are you sure the dress would fit me? You know, put on a little weight. Jia Li asked with a smile.

We will know when you have tried the dress. Fu Hua replied.

Okay, I will try it on. Jia Li said in agreement and began to take off her clothes. She was probably too excited to bother about going half-naked in front of him.

Left in only her nursing bra and panties, she glanced at Fu Hua with a smile, I'm ready.

Fu Hua looked her up and down and said with a smirk, No you're not. You have to take off your nursing bra.

Why?!. Jia Li asked with widened eyes. She was surprised.

Fu Hua asked her to take a good look at the dress again. And when Jia Li glanced at the dress, she knew he was right. There was no way she could wear a nursing bra and try on the dress, she would ruin it.

Jia Li took off her nursing bra, and her chest was bare before him. Fu Hua narrowed his gaze on her breasts and forgot what he wanted to say.

Jia Li had to flick her fingers in front of his eyes for him to come back to his senses.

Fu Hua cleared his throat and looked away from her breasts.

Come, I will help you to put on the dress. Fu Hua said.

Because of the style of the dress, Jia Li put on the dress from her legs and stood in place for Fu Hua to wrap the upper part before tying the bow with ropes of the dress, behind her.

The dress fit perfectly, but it was a little bit tight in the chest area, so a little of her cleavage was showing.

The dress was perfect for her, as it was unavoidable for women who were busty to try on that dress style without a little of their cleavage showing.

Jia Li twirled in the dress as she looked at herself in the mirror with an excited gaze.

Do you like the dress?. Fu Hua asked with a smile as he watched her twirl in the dress.

I love it! You brought my imagination to reality, and nothing is missing at all. This dress would cost a lot because of the gemstones. Jia Li said as she stopped to gaze at him with a smile.

Of course, it costs a lot. I used a lot of stones. Are you ready to make some money?. Fu Hua asked with his hands in his trouser pockets.. There was a big smile on his face as he asked that question.

## Chapter 332 – I Didn't Lose You To Other People

Hearing that she was going to make some money, Jia Li's eyes glistened. Of course, I'm ready to make some money! I have a daughter to take care of, so I need to make some money!.

Fu Hua chuckled softly and said to her, You have a lot of money in your account, and I pay you monthly, is it not enough?.

I want the money I worked for, that's the difference. Jia Li said.

You're right, there is a big difference. Fu Hua said as he walked towards his desk.

He opened a big folder and brought out a stack of documents and put it on his desk. Next, he placed a fountain pen

You already prepared a contract?. Jia Li said with a smile as she walked towards him in a hurry.

Yes. I prepared it when I was about to finish the dress. If you don't trust me, you can go through the contract to see the contents before you sign. Fu Hua replied as he made way for her.

Jia Li picked up the contract and said while staring at him with a teasing gaze, You know I trust you right? But business is different.

I see... Fu Hua said with a smirk. He found Jia Li funny as she talked about separating family from business.

Don't mind, I was only joking. I trust you so much with my life. Where should I sign?. Jia Li asked as she passed the contract back to him.

Fu Hua put the contract on his desk and flipped over the pages as he showed her the places to sign.

When Jia Li was signing, she could already see Fu Hua's signature on the contract. This showed that he has been ready ever since.

Okay, it's time to take off this dress. Jia Li said to him.

Fu Hua loosened the bow tie and set her free from the dress. Jia Li quickly got out on her nursing her bra and wore back her dress.

I plan to make on 7 pieces of this dress because of how expensive it is. You already have one, so it's remaining 6 pieces of it, which would be made by the creative department. Fu Hua revealed to her.

Wow! I can't believe this. You are making my dress something worth fighting for!. Jia Li screamed in excitement. She could already imagine how the wealthy would fight to get a piece of the glamorous dress that was limited in the collection.

Of course. The gemstones are already expensive, so we have to limit the number of pieces we produce, and this is an added advantage, which means a piece of the dress, would be sold for a lot. Fu Hua said to her.

Thank you!. Jia Li said as she hugged him.

What are you thanking me for? I should be the one grateful that I didnt lose you to other people. Fu Hua said as he hugged her back.

The next day, Fu Hua went to his office with the contract Jia Li signed, and a scanned copy of the design she sketched.

Give it to sunny. I want this added to the next connection, the production should start today. Fu Hua instructed as he passed the design draft to Zimo.

Zimo glanced at the sketch and was pleased. Thinking that his Boss was the one that sketched it, he began to praise him.

Fu Hua sent him a glare and said, Why are you still here?.

Zimo left immediately in fright. He didnt understand why his Boss scolded him when he was only praising him.

Zimo went straight to the creative department to look for the chief designer, Sunny.

As the Big Bosss personal assistant, Zimo was shown respect by most of the workers, so most of the workers would greet him if they passed him.

Zimo went straight to Sunnys office. They exchanged a simple greeting before he passed the design draft to her.

Boss wants this added to the next collection. He wants the production to begin today.

Sunny glanced at the design draft and studied the sketch. Immediately she saw the initials beside the sketch, her eyes widened in surprise.

Does the Boss have a personal relationship with this designer JL ?. Sunny asked as she looked up at Zimo with a curious gaze.

Zimo was taken aback as he asked, Sorry, what do you mean ?.

The Big Boss seems not to mind that JL refused to sign a contract to work with us for at least a few years, but he chose to sign a contract with her privately on some of her designs, just like this one, Sunny said as she pointed at Jia Lis initials on the draft.

Sunny was already starting to become suspicious because Fu Hua was behaving unlike him. He keeps working privately with the person that refused to work exclusively for his company. The Boss she knew would never do that.

Zimo leaned over and asked in a low tone, I dont know what youre talking about. But, what do you think is the relationship between them ?.  
Zimo probed.

I dont know, but they seem to interact closely. For Boss to bring this design here, its proof that he has already signed a contract with Miss Jia Li. I will have to ask Boss to compel Miss Jia Li to work exclusively with us. Sunny said with a pen on her lips.

Zimo sighed in relief. He was afraid Sunny would guess the relationship between their Boss and the lady boss.

Dont think too much. It wont be surprising if Boss admires her talent and respects her choice. Boss wont be interested in her since he is married already, and he seems to love his wife and daughter a lot. Zimo said with a smile.

Sunny narrowed her eyes and asked, You have seen Mr. Fus wife right?.

I have stayed longer than I expected, I will have to leave before the Boss would seek for my assistance, Zimo said and vanished immediately.
