

## Titan King 48

Chapter 48: I'll spread my legs for you and offer my body

On the other side of the forest, a small clearing had been set up with three temporary tents. Inside one of the tents, Rendall gnawed on a large, unidentified beast bone while listening to his subordinates' reports.

"Elder, we've marked this area extensively. If any of our people pass through, they'll definitely see the signs and follow them here." Continue reading stories on [mvl](#)

"Elder, we haven't found any signs left by Elder Orion along the way. Should we send some men to check the succubus territory?"

"Is it possible that Elder Orion has already been killed?"

Rendall looked up, his eyes blazing with anger, and spoke in a raspy voice.

"Remember this: even if the chieftain and I were killed, Orion would still be alive and well!"

"And don't even think about going to the succubus territory. Doing so now would show distrust toward them—and toward Orion."

"Stay put and wait! If they haven't returned by the end of summer, then we'll make our move!"

...

By the afternoon of the next day, Orion's group had reunited with Rendall's larger party.

"Hahaha... Orion, I knew it! You've got what it takes to marry a succubus royal!"

Orion jumped down from the Abyssal Dragon, bumping forearms with Elder Rendall.

"Well done, Orion. Come, let's drink and feast in my tent!"

Over the next few days, Orion and his group traveled with the larger party back to the Blackstone Tribe, occasionally stopping for brief hunts. Due to the unusual circumstances this year, the summer in the Black Forest was particularly short, and winter was expected to arrive early. As a result, all the tribes in the area were rushing to prepare for the harsh season ahead.

Once they had hunted enough game, the group returned to the tribe, satisfied with their haul. Of course, what excited Elder Rendall the most wasn't just that Orion had brought back Lilith, but also the elite-level beast, Twilight Viper, controlled by Lysinthia.

When Orion and his group arrived at the Blackstone Tribe, both Clymene and Elder Thorak came out to greet them, primarily because Lilith, a member of the succubus royal family, warranted such a reception.

That evening, in front of the giant tribe, Lilith officially moved into Orion's tent, becoming the first woman in his harem by title.

However, Lilith's status was different from that of an ordinary woman. She was Orion's first wife, with the authority to manage his tent, placing her above the other women. Lilith was also an honorary elder of the giant tribe, serving as a strategist.

...

Night soon fell. Lysinthia had curled up and fallen asleep, but Orion and Lilith were still wide awake, full of energy.

This was Lilith's first night as Orion's wife, a moment worth commemorating.

Leaning against Orion's chest, Lilith spoke in a seductive voice, "Darling, I can transform into all sorts of sexy outfits. These clothes are designed to ignite a male's desire and possessiveness. Would you like to try?"

"Sure," Orion said, spreading his arms, eager to see what Lilith, as a royal succubus, had in store.

A cloud of black mist swirled around them.

Orion's vision blurred for a moment before returning to normal.

As the mist cleared, a stunning figure emerged.

Lilith stood before him, her long black hair cascading down her back. She wore a black leather outfit that exposed her chest and waist, with arm-length gloves that covered her entire arms. Though her arms were hidden, her beautiful breasts were fully on display, captivating Orion's gaze.

Her round, perky breasts were mesmerizing, with leather straps crisscrossing between them, forming three horizontal bands across her chest.

Looking further down, Orion's eyes were drawn to her enticing triangle. Lilith's pubic mound was full and smooth, with no hair, and her vulva was clearly visible.

The outfit was incredibly provocative, leaving her most intimate areas exposed. Her long, slender legs were encased in black thigh-high leather stockings.

"My dear husband, do you like this outfit?" Lilith asked with a sly smile.

At that moment, Orion spoke. "Are you ready to truly become my woman?"

The night breeze blew into the tent, carrying a slight chill that tousled Lilith's hair. Her desire began to burn, and a blush spread across her flawless face.

"Yes... I'm ready. I want to make love to you," Lilith murmured.

Orion's cock was already fully erect, but he didn't want to be passive in this encounter. He wanted to prove that his will was strong, that he could never be swayed by a succubus unless he chose to be.

He looked at Lilith and, in a commanding tone, said, "Tell me what you desire right now..."

"I desire to make love... please me..." Lilith was growing impatient.

"What was that?" Orion teased, not in any rush. "Say it in more detail."

"I crave the pleasure of sex. I want to submit to your commands. I want you to satisfy my filthy desires. I'm not just your wife; I'm willing to be your slut, your bitch, your sex slave. I'll spread my legs for you and offer my body..." Lilith whispered as she slowly approached Orion.

Orion lazily sat on the fur rug, spreading his legs.

"Come on, show me what you can do."

"Yes, my dear husband..." Lilith's voice lost some of its earlier seduction, becoming softer. She wrapped her arms around Orion's head, her legs slightly bent, rubbing her thighs against his cock.

Lilith lowered her head and helped remove Orion's beast skirt, quickly exposing his cock to the cool air.

Her fingers traced lightly over Orion's chest, and when she reached his nipples, she couldn't resist giving one a playful bite.

Orion, now more engaged, began to knead Lilith's breasts with his hands.

Lilith's tongue started to explore Orion's neck, kissing and licking his skin, savoring the taste of his muscles.

Her gaze returned to Orion's cock, and she held it in her hand as if examining a precious treasure. With a look of awe, she remarked, "Even though I'm a succubus, I swear this is the biggest I've ever seen. No one could possibly be bigger."

"Is that so? I'm glad you like it," Orion replied with a slight smile.

"I love it. I really do."

With that, Lilith opened her mouth and took his cock inside.

Orion's size was so immense that Lilith couldn't fit it all in her mouth. The head of his cock pressed against the back of her throat, triggering her gag reflex, but also bringing her intense pleasure.

"Mmm, so powerful..." Lilith moaned as she continued to swallow, her skilled tongue working in tandem with her throat to give Orion unparalleled pleasure.

This went on for ten minutes before Orion pulled his cock out of her mouth.

"What's wrong? Did I not do well enough?" Lilith asked, her face filled with concern, like a girl who had made a mistake.

"You did more than enough. Now it's my turn. It's time for some real sex."

Orion smiled and spread Lilith's legs wide, fully exposing her pussy.

Lilith's lower half was now completely exposed to the cool air, but soon, Orion's cock was pressing against her entrance, filling her with a surge of excitement.

Orion gently pushed his cock into Lilith's pussy, his long, thick shaft stretching her completely, with even more still left outside.

"Ah, it's so full! You're hitting the deepest part!" Lilith moaned.

As Orion thrust deeper, their bodies moved in perfect harmony, the small tent filled with the sounds of their passion.

As a succubus, Lilith was incredibly skilled, subtly shifting her body to maximize the pleasure of each thrust.

They switched between various positions, fully indulging in each other's bodies. Under Lilith's expert guidance, they moved from the traditional missionary position to doggy style, from cowgirl to reverse cowgirl, their bodies intertwining in every possible way. Lilith experienced orgasm after orgasm, completely addicted to Orion's massive cock.

Two hours passed quickly, and Orion could feel his cock becoming more sensitive. He knew he was close to climaxing. He increased the intensity and speed of his thrusts, which only heightened Lilith's pleasure.

"Ah, ah, yes, it feels so good!"

Finally, Orion came, releasing his load deep inside Lilith's pussy.

Lilith's body trembled slightly. Despite her efforts to control herself, she couldn't help but let out a moan.

"My dear, you're so strong. You're a real man! I'm honored to be your wife!"

"I feel the same," Orion replied with a soft smile.

Lilith, still panting, spread her legs wider and pointed at her pussy, laughing as she said, "Look at all the cum you just shot inside me. It's overflowing."
