"We are coming." Si Li said and hung up.

Then Si Li looked towards Lu Lan who was standing in a shocked and said to her "Little Champ has woken up."

"Little Champ..." Lu Lan murmured. Remembering how he was shivering in the penthouse and how he was passed out, Lu Lan thought that he might need her. So she immediately turned to leave.

"Lan..." However, Si Li stopped her.

Lu Lan halted, but she didn't turn around to face him. She didn't know why her life was playing with her.

First, her mother relationship with Lu Yaohua revealed and changed her identity and then Little Champ's painful truth and now Si Li's shocking truth.

Her mind was already in messed, she wanted to run away for some time to think properly what should she do. However, she couldn't even do that because she knew that Little Champ might need her.

When she was feeling depressed, that little child helped her a lot and now she should be with him.

"If you don't want to be in relationship with me after this. You are allowed to leave me" Si Li dejectedly said. He didn't want to tell her about him, but the situation demanded otherwise...

'Leave him...'

Lu Lan's heart trembled thinking about leaving him. She loved him, how could she leave him?...

However, the painful part of his life was also there...

What if someday he would be like Mo Jiang...

Be in the coma...

Fighting for his life...

Then what would she do?...

Her hands were shivering and she was an urge to cry, but she couldn't do that also.

Therefore, she ran out of the rooftop without giving him a reply. She needed time to think, she couldn't give him an answer right now.

Right now, she had to look for Little Champ.

---

Inside the Little Champ's room.

When Little Champ woke up. He found a man sitting in a wheelchair to whom he was unfamiliar.

That man was Elder Lu.

There was one more man standing near the window. His back was facing towards Little Champ, so Little Champ didn't recognise that he was Elder Si.

Lu Lan was nowhere.

Seeing that Lu Lan was not here and the incident that happened in the penthouse flashed in his mind.

He was immediately started shivering.

"Little Champ..." Elder Lu looked up and saw that Little Champ had opened his eyes.

Seeing an unknown man in front of him. Moreover, Lu Lan was not here. Little Champ immediately frightened. He immediately got up and jumped from the bed and ran to hide in the corner of the room near the sofa.

IV tube was injected in his hand. However, because of his sudden movement the needle, which was injected in his hand, was broken and blood was flowing out from his hand.

As he jumped from the bed, so the table beside the bed fell on the floor and glasses

were also broken down and pieces of the glasses shattered across the floor. A few pieces flew to Little Champ's legs and cuts were left on his legs. Blood was flowing out from his legs as well.

However, Little Champ was so scared that he didn't feel the pain of the cuts.

All of this happened so suddenly that before Elder Si could react. Little Champ was already sitting in the corner and his body was shivering badly.

He was crying "Please don't kill me....I didn't save her..."
