176 'sBig Sister....help me...where are you ?...”

Seeing that Bo Xiao wasn't responding to her, Liu Ruolan understood that it was time to remind Bo Xiao, why they had decided to eliminate Liu Juan.

"Don't tell, you forgot that she is a threat to your...."

"Get Out!"

Before Liu Ruolan could say anything, Bo Xiao cut her off in between. She still wanted to protest, but when she saw that his aura around him had turned cold and murderous, she thought it would be better for her not to provoke him.

In the end, she reluctantly left from his room.

Liu Juan called for the day and came to her room. After having her bath, she laid down on the bed, but she didn't get a wink of sleep. She thought that after she would come here, Liu Ruolan would be happy to see her, after all, Liu Ruolan used to dote on Liu Juan more than her own life.

However, Liu Ruolan now seemed to be so distant, as if both the sisters were strangers to each other. When the boss found out Liu Juan, he had told her everything about what Liu Ruolan and Bo Xiao had done.

First, she didn't believe in his words.

However, now, it seemed that he was right. Her sister had really changed. She was no longer her big sister which she used to.

But why?

Why did she change?

What exactly had happened because of which she changed?

Whatever be the reason, she knew she came back because of her big sister. She never liked this place, but Liu Ruolan was here, so Liu Juan had to come back. In fact, she was constantly reminded herself that she was here not because to help their boss in his illegal business by losing her life, but because of Liu Ruolan. For her, this place had no difference from the place, from where she had come.

His boss was equally ruthless as the people who had tortured Liu Juan all these years.

She came back with a goal that she would take her big sister away, but this time, she had to make sure that she wouldn't do the stupid things by trusting anyone and leaving her big sister at a risk.

However, the main question was, would Liu Ruolan run away with Liu Juan by trusting her like before?

Well, no one knew the answers of these questions, not even Liu Juan.

After a lot of struggle, Liu Juan was able to catch up with her sleep. However, it seemed that even after coming here, near to her big sister, she didn't get rid of her nightmares.

As soon as, Liu Juan doze off, horrifying and screaming voices echoed in her ears. All her horrible past days were flashing in her mind.

Her body turned cold, her forehead covered with sweat, she was rolling on her bed in a search of warm, sadly she didn't get it.

"No...No...leave...me...no...don't...don't touch me..." Liu Juan murmuring to herself. She was shivering, she clenched the duvet close to her chest tightly.

Tears were following on her cheeks.

"Big Sister....help me...where are you?..." Liu Juan started sobbing.

She badly wanted her big sister's protection.

Sadly,

Liu Ruolan was nowhere....
