

# 《The Mysterious CEO》

## Chapter 235 - Suspicious about her (Part-2)

Hearing Bo Xiao's words 'You are not planning to sleep with him, are you?' Liu Juan smiled sarcastically.

He said that he loved her and was this his love where he couldn't trust her?

She, sometimes, felt pity for her big sister who fell madly in love with this man.

"So what if I sleep with him? This is none of your business. Don't cross your line, Bo Xiao!" Liu Juan didn't bother to give him an explanation as she wasn't Liu Ruolan, neither did she like the fact that he intervened in her daily life.

Liu Juan's words did nothing but provoke him to such an extent that he immediately pressed her against the car with a loud 'thud'.

Liu Juan hissed in pain when her back was badly hurt with this unexpected movement, nevertheless, she didn't get scared of him and looked back into his eyes.

"Don't try to test my patience, Juan!" Bo Xiao warned her.

"Otherwise what?" However, Liu Juan was bound to provoke him and before he did something to hurt her again, Liu Juan, unexpectedly, used her knee to land a kick in his groin..

"Urgh."

Bo Xiao immediately stepped back while his hand immediately cupped his groin as he g.r.o.a.n.e.d in pain.

"I told you, don't cross your lines!" Liu Juan looked at him stonily.

Liu Juan left from there without bothering how Bo Xiao was as there was no way that her kick wasn't powerful.

\*\*\*\*

The next day onwards, Liu Juan continued to work as Mo Jiang's secretary. Since now she knew that Mo Jiang had been suspicious about her, which she didn't know why as she didn't do anything to make him suspicious about her, she had been careful even in her daily activities.

Nevertheless, her efforts didn't seem to be much useful as Mo Jiang didn't gaze at her for more than a minute and continued to treat her as his other secretaries. She was always buried under a lot of work that she couldn't get the chance to seek an opportunity where she could prove her fighting skills to Mo Jiang as she knew that Mo Jiang needed fighters in his team and she knew that she was the best person for that.

Nevertheless, things continued like they used to be without any change, and in a blink of an eye, six months had passed without a zero percent progress from Liu Juan's side.

Neither Liu Juan got in Mo Jiang's underworld business team as a fighter nor she could get any information that she could use as leverage to save her big sister's life before handing over the information to her boss.

Liu Juan couldn't help but feel frustrated. She had never met a person who would be so secretive about his underworld business where everyone in City Z knew that Mo Jiang was part of Underworld Business but no one actually knew anything about his Underworld Business.

On the other hand, Liu Juan wasn't the only one getting anxious. Liu Ruolan and Bo Xiao were also getting reckless with the passage of time as their life was also dependent on the success of this mission.

Though, Liu Ruolan and Bo Xiao were thrown out of their villa after their betrayal was revealed in front of their boss and he let them live on their own accord in this hard society especially for Liu Ruolan who always relied on Bo Xiao.

Now that even Bo Xiao had turned his back on her, she didn't have anyone to rely on but herself.

Still, she wanted to live!

However, thinking about the fact that Liu Juan hadn't made any progress in the mission, 'Kill Mo Jiang', she couldn't help but curse Liu Juan every single second.

This recklessness urged Liu Ruolan to do something which would change her life for the worse. Nevertheless, she didn't know this as who would know about their future?

With that, Liu Ruolan decided to meet Bo Xiao. After all, she wanted to live her life with him.

So whenever Liu Ruolan stepped into this place, she received only l.u.s.tful gazes from her surroundings making her want to run away from there.

However, she couldn't.

Because Bo Xiao lived here.

'Ding...Ding!'

"Ding...Ding!"

"Ding...Ding!"

"Ding...Ding!"

"Ding...Ding!"

"Ding...Ding!"

"Ding...Ding!"

"Ding...Ding!"

"Ding...Ding!"

"Ding...Ding!"

After ringing the doorbell continuously, the door of the house finally opened and Liu Ruolan didn't waste a second to rush inside the house.

"What the hell are you doing here?" Bo Xiao was irked to see Liu Ruolan here. She would be the last person he wanted to see. Because of her, he had been living here in a 100 square feet house that was smaller than the bathroom of his villa.

Moreover, he had lost the chance to get Liu Juan in his arms, on his side.

However, No! All of because of this girl, he had lost everything: money, power, the person he loved, every little damn thing!

And what more, she was now causing the disturbance to his sleep which he rarely got to these days.

"I think we need to talk." Liu Ruolan hurriedly said.

Though she knew that he was angry at her because of her stupidity in believing in their boss, still she couldn't stop chasing after him as he was the only one whom she knew as her own.

"There is nothing to talk about between us. F\*ck off now!" Bo Xiao opened the door for her and coldly stared at her which contained nothing but hatred which screamed that if she wouldn't leave in the next second, he wouldn't hesitate to throw her out.

However, what she said next made him change his mind. "It's about Mo Jiang and Liu Juan."
