

《The Mysterious CEO》

Chapter 236 - Suspicious about her (Part-3)

"It is about Mo Jiang and Liu Juan." Liu Ruolan quickly said to the frozen Bo Xiao before he could change his mind.

Liu Ruolan knew that Bo Xiao still liked Liu Juan. No! He loved Liu Juan and every time, Liu Ruolan thought about it, an urge shot up in her mind to kill Liu Juan right at that instant. However, she couldn't kill Liu Juan as her life was linked with Liu Juan.

Nevertheless, Liu Ruolan also knew that Bo Xiao had suspicions regarding the fact that Liu Juan was sleeping with Mo Jiang to get the information from Mo Jiang as this was what their boss wanted from Liu Juan.

Thus, Liu Ruolan had decided to use this fact to kill Mo Jiang first and then Liu Juan. Though it was a different matter that Liu Juan hadn't slept with Mo Jiang yet but Liu Ruolan didn't bother to know the truth.

"You know that Juan is sleeping with Mo Jiang and still, she couldn't get any information from him. So...So...I think a time has arrived when we should think about killing Mo Jiang to save our life." Liu Ruolan cautiously put her words to make Bo Xiao believe that she was thinking about him, Liu Juan, and herself.

Indeed, hearing her words, Bo Xiao loosened his grip on the doorknob.

Seeing his movements, Liu Ruolan continued, "Besides, I have heard that Mo Jiang has formed a partnership with the CEO of Si Corporation, Si Li, to protect his team and himself. So, he doesn't have any more need for people to protect himself so you can't let Juan continue to sleep with him for nothing, can you? Many months have passed and nothing has happened. Hence, I think it is high time we should kill Mo Jiang, otherwise, who knows Juan would lose her life because of the suspicions Mo Jiang has regarding her? You don't want to lose her, do you?" Liu Ruolan gritted her teeth while questioning him but she had to save her life first before thinking of a way to remove Liu Juan.

Though Bo Xiao was almost convinced with Liu Ruolan's words, thinking about the fact that Liu Ruolan had betrayed him once, he didn't dare to trust her again, not exactly before testing her.

"It seems that your sisterly love has finally arisen for Juan, no?" Bo Xiao sarcastically asked and walked towards the coffee table to fill a glass of whisky for himself.

Bo Xiao sat on the couch with one leg on the coffee table while his hand swirled the glass around making the 'click' sound of ice to be heard every now and then.

"I just want to save my life. So many months have passed and Juan couldn't get a single piece of information, let alone kill Mo Jiang. Besides, who doesn't know that she always wants to use my life to save herself? Now that I have betrayed her once, she doesn't want me to live. This fact is not unknown to me." Liu Ruolan didn't hide her hatred for Liu Juan as she had decided to be genuine with Bo Xiao, except for the fact that her mind was still thinking of a way to remove Liu Juan from their lives and get back Bo Xiao for herself.

While Bo Xiao smiled at her foolishness especially after hearing her following words.

'Who doesn't know that she always wants to use my life to save herself?'

'Now that I have betrayed her once, she doesn't want me to live.'

Bo Xiao was wondering how Liu Ruolan would feel upon hearing her words when she would learn how much Liu Juan had been working to get every possible opportunity to get into Mo Jiang's team only to get information which she would trade to save only Liu Ruolan's life; that every possible opportunity which Liu Juan was seeking also included the option of her sleeping with Mo Jiang.

Whenever Bo Xiao thought about that, his blood boiled up like lava.

'Crack!'

Even now when he was thinking about it, his grip on the glass tightened such that it couldn't take the force of it and it cracked into a thousand pieces with an audible cracking sound.

"What is your plan?" Bo Xiao suddenly asked and didn't bother with the blood in his hand.

"Let's kill Mo Jiang." Liu Ruolan couldn't contain her excitement that Bo Xiao was willing to believe her again once.

Hearing her reply, Bo Xiao knew that Liu Ruolan wouldn't be useful anywhere except getting an idea and yes, it was a good idea.

Let's kill Mo Jiang first, afterward, he would find any means to get information which their boss wanted. If not from Mo Jiang, there was still his brother and father.

"Alright."

Unbeknownst to their plan, Liu Juan continued to work for Mo Jiang. Now that so much time had passed, her expectation to get into Mo Jiang's team was reducing but unexpectedly...

"Miss Liu, President Mo wants to meet you." Mo Jiang's assistant informed Liu Juan.

Liu Juan nodded and walked towards Mo Jiang's cabin. 'Again it will be something work-related.' with this thought, she entered his cabin.

"President Mo." Liu Juan bowed her head in respect.

As usual, Mo Jiang, without looking at her, ordered her "Take a half-day off and meet me at 10 PM at the airport. We are going to America tonight."

"America?" Liu Juan was startled for a moment as this was the place where she had come from.

Why was Mo Jiang taking her there?

Did he know something about her?

Did he get something that proved his suspicions regarding her to be true?
