

《The Mysterious CEO》

Chapter 320 - Kill her (Part-2)

Lu Lan turned back to face Sha Han-You and Lu Xuelon. They had an evil smile on their faces when Lu Lan heard Sha Han-You's saying. "It seems that you have forgotten our last encounter. Don't worry, I will remind you..." Sha Han-You took a step and continued with a threatening voice. "And I will make sure you will never forget it."

Lu Lan frowned. Of course, how could Lu Lan forget the day when Sha Han-You hired men to beat her to death and threw her in the garbage? Even Si Li took two days to find her.

"Of course because you won't be able to see the sun tomorrow morning." Lu Xuelon chimed in.

Lu Lan understood they had planned to kill her. Despite this, there was hardly any change in Lu Lan's expression.

Then she heard Lu Yaohua's saying. "I am going to give you one last chance. Do as I say and we will let you go. Think properly, Si Li is not here to save you." He warned her.

Lu Lan slightly turned to face him and sneered. "I am glad that I have never accepted you as my father."

Lu Yaohua's face became stiff, his nostrils flared in rage.

"It's good that you have a brain to understand what is your or what is not? If only you were smart enough..." Sha Han-You scowled. "Let's finish it fast. We have a meeting, I don't want to be late where my daughter is going to become CEO." She said to burly men.

The men stepped forward, grasping the bat's handle in one hand and clapping its toe on the palm of the other.

Lu Lan's hand instinctively wanted to put her stomach in a protective position based on her maternal instincts, but she resisted. She couldn't tell them she was expecting.

She took a step back as the men stepped forward but she did not need to step back further.

It was not that she did not know how to fight. After all, Professor Chen was her teacher. Although he was angry at her and refused to teach her further, she still learned by watching his training when he was giving training to Wang Yang and Si Yan.

Now that she was pregnant she doubted that she could jump or move her body with ease.

'Bang!'

The men in black clothes barged into Lu Yaohua's office and kicked down the door.

This sudden burst astonished Lu Yaohua and others, and before anyone could react, they saw one of the men in black snap Lu Yaohua's assistant neck.

'Thud.'

Lu Yaohua's eyes widen seeing his assistant dead.

Lu Xuolen shrieked and hid behind Sha Han-You, terrified.

The men in black did not stop and start attacking Sha Han-You's men. The burly men took some time to overcome from shock but they also started fighting using their bats.

Lu Yaohua, Lu Xuolen, and Sha Han-You hid in the corner so that they would not involve in this deadly fight in which was erupted out of nowhere. When they saw how the burly men hired by Sha Han-You were defeating, their faces became pale.

Lu Lan stood at her place, watching the brawl unfold in front of her.

One of the men in black kicked one of the burly men. As a result, he was going to fall on Lu Lan and crushed her under his weight but Lu Lan did not bother to move even when the man's face came close in front of her face. It was barely an inch between them.

But he was abruptly yanked back before he could go any closer to her. The men in black kicked on his face and he fell down on his back head side.

The force was so much that his head broke open and blood oozed out.

But it did not end there. One of the burly men threw out through the window wall.

'Clash!'

The window's glass shattered as the man fell to the ground, his skull burst. Shock the bypassers.

Sha Han-You's heart pounded in terror to see the scene.

'Who were these men?' She thought.

Then she heard. "Sorry Missus." The man in black apologized and also offered a clean tissue paper to Lu Lan as a few droplets of burly's man sweat fell on her's right shoulder.

Lu Lan took it to clear her shoulder. Although it was a few drops, still she did not like it.

Lu Lan was not shocked to see death in front of her. Now she was immune to it after witnessing how Si L's men killed Mo Jinnan's hundred men.

Lu Lan accepted this messy reality after she learned about Si Li's real truth.

And there was no remorse in her eyes seeing the burly men dead. After all, they were here to harm her and her child.

Sha Han-You looked at Lu Lan in horror. She could not believe these men were Lu Lan's but she made sure that Lu Lan came alone.

A few minutes later, the fight came to end with an obvious result.

Sha Han-You's men died and Lu Lan's men stood unharmed. Not a single scratch was on their bodies.

u Yaohua was shivering, Lu Xuelon was sobbing uncontrollably, and Sha Han-You stood like a statue as if she had received an electric shock.

"What is happening here?" Elder Li asked pantingly. He was scared out of his wits when he heard the news of the brawl happening in Lu Yaohua's office. On top of that, his assistant also mentioned Lu Lan went to meet Lu Yaohua.

Elder Li did not waste a second and dashed here. Now that Lu Lan was pregnant, he could not let anything happen to her.

Fortunately, Lu Lan was standing there safe.

"Sha Han-You hired some men to kill me so that Lu Xuelon could take over this company as the CEO. Lu Yaohua also wanted this that's why he called me here, grandfather." Lu Lan said without hiding anything.
