At that moment, even though Si Li face was calm but his fist was tight and he took a deep breath and said: "I am sorry Mr Robot but I have to say that your plan won't work".

"Really?"

"Hmm..hmmm" Si Li nodded.

At that instant, the sound of the helicopters was heard and from nowhere seven helicopters came and were hovering around the building and just then, two missiles released from one out of seven helicopters and hit the helicopter of Robot and it was blasted.

Before the men of robot took out their gun, several men came down from the helicopters and pointed their guns towards them and Mr Robot.

A few moments later, Mu Che came towards Si Li and reported " President... We have destroyed all the businesses of Mr Robot. None is left"

"Hmm..." Si Li nodded and looked towards his man who had just died.

Mu Che understood and hint his men, then two men came forwards and respectfully took the dead body and on-boarded one of the helicopters.

Then Si Li stood up in that instant, Robot also got up and his forehead was covered with sweat and his body was shivering and said: "Mr...Mr Si...please listen to me".

Si Li came forward and stood in front of the Robot and put his hand on his shoulder and showed a dangerous smile "Mr Robot I have been waiting for you since the last fifteen days. You took so long".

"Yes... Yes... I am sorry for..." Robot stopped in between when he understood, what was Si Li's meant.

"Mr Robot, do you like my payback method?" Si Li asked.

Indeed, Si Li's every single man was equally important and for them, Si Li could destroy anyone.

"Yes... I am sorry Mr Si." Mr Robot lowered his head.

"Good, you understand" Si Li patted his shoulder and went inside the house.

However, he stopped after a few steps and turned around and said "Ohhh... I forgot to pay back to Mr Robot, one more thing".

"Mu Che, kill all male members of Mr Robot family and sell all the women members as a prostitute". Si Li ordered.

Robot was shocked and ran forward and held Si Li's legs and begged "Mr Si... please don't do this... they are innocent...please leave them".

"Innocent... and what about my wife? Mr Robot to whom, you want to make your mistress...Huh?"

"I ..." Robot tried to explain.

"Mu Che" Si Li interrupted.

"Yes, President" Mu Che answered and hint his man to take away Mr Robot and afterwards he followed Si Li in his room.

"President.... They already knew about the Madam" Mu Che said in a worried voice.

"Don't worry, I know what I have to do. Let's go back" Si Li said.

"Yes President. I will make arrangements" Mu Che said and leave.
