Knock...Knock...

"Come in"

Lu LAN entered the office and saw that Si Li was standing near the window and having a phone call. Lu LAN had again forgotten to take her breath by seeing Si Li's handsome face and remembered that night when they kissed each other. A flashback of that night made her felt so hot even in this cold weather.

When she came first time in this office she never thought that not only she would be able to earn fifty million profit for Tex Corporation but also she would become the wife of the owner of this company.

By thinking her last three months with Si Li, she couldn't help but a broad smile appeared on her face. Si Li finished his call and saw that Lu Lan was still standing near the door and smiling "What makes you smile? Tell me so that I can also smile".

"Huh??" Lu Lan confusingly glanced him.

"It seems that your mind is somewhere else that you don't know that you were smiling few minutes before" Si Li looked at her like he was looking at the idiot.

After a few seconds, Lu Lan remembered that she was still standing near the door and smiling 'Ah... How can I be perverted?' Lu Lan cursed herself and her face turned red because of embarrassment.

"Have you planned to stand there for the whole day?" Si Li saw that she was still standing.

"Huh?... No. No." Lu Lan immediately came forward and sat opposite to him.

"This is a new proposal which I want you to handle" Si Li handover a file to her.

Lu Lan opened the file and scanned the documents in it. After a while, her expression change to odd and she looked up towards Si Li "The project in this proposal is in the Country M and that for five years"

Si Li saw her odd look and replied in a single word "Yes".

Hearing his answer she didn't know what to say and after a while, she calmed down and she said "How can this possible? Mr Si, I think you have mistakenly given this proposal to me".

Si Li raised his brow "Mistake?"

Lu Lan immediately explained to him "Mr Si, we are a married couple. How can I go to Country M for five years?"

"I think, Miss Lu, you have forgotten that our marriage is the contract marriage, which will eventually come to end after nine months," Si Li coldly replied.

Lu Lan's expression froze, she actually forgot that their marriage was only for one year and after that, it would be over for them.

"But still we have nine months" Lu Lan really hope that in these nine months they would be together because she really liked him and wanted to spend her life with him.

"You don't have to worry about it because we are married only on paper, not in real life, even people don't know what about it, as far Old Man, I will explain to him after you left for Country M". Si Li said.

Lu Lan clenched her fist, she was very angry. How could he say that their marriage was only on paper? Didn't he have a feeling for her even at once, then why he was so good with her? Why had he stood for her?... Why?... Why?

Lu Lan sound like a helpless she didn't know what to do say and how to react. Finally, she took a deep breath and said: "I... I don't want to go".

Si Li was frozen for a second, it was the first time Lu Lan rejected his opinion. His heart ached because he even didn't want her to go away from him, but he neither keep her with him, nor he wanted to leave her because he believed that there would be one day when he could tell her that he loved her and wanted to spend his rest of life but now he had to send her to the Country M, till he make sure that she wasn't in a danger.

"Miss Lu, it seems that you have forgotten that you have signed the contract and as per the contract if Si Corporation wants to send you some other country, you have to go otherwise it consider as a breach of contract," Si Li said coldly.

"But..." Lu Lan wanted to protest.

"I don't want to repeat myself. Don't try to test my patience. It would be better for you to go home and leave for Country M, tonight" Si Li interrupted her and he left no room for further discussion.

At that time, Mu Che came inside the office and bowed to him "President, I have prepared all the arrangement for Miss Lu in Country M".

"Hmm," Si Li nodded and ordered him "Go with Miss Lu and make sure she will leave safely for Country M".

Then Si Li looked at Lu Lan, who was still sitting on the chair helplessly "Go with Mu Che and if you get any problem just call me".

Then she came back to her senses and nodded and stood up and leave without a word.

Seeing her left without a word, Si Li was sad. After a while he calmed down and said to Mu Che "Go with her and make sure she safely reach Country M"

"Don't worry. President, from now on Team B has taken the task of Madam' s security" Mu Che said
