52 'sXiao Lan....It's just that... I think he like somebody else”

Country M

Seeing that Wang Yan was impatiently waiting for her reply. Lu Lan took a deep breath and calmly said: "Yan Jie, I'm married".

"What do you mean 'married'?...Huh?...you are really..." Wang Yan stretched Lu Lan's hand to check whether she had worn any ring or not.

Although there was no ring in her hand, Lu Lan retreated her hand back "We kept this marriage secret".

"What? What do you mean 'secret'?"

Lu Lan told her everything, started from their marriage and how she ended up in Country M. She trusted Wang Yan. After Lu Lan's parent's death, all her relatives changed except Wang Yan. If Wang Yan's mother wouldn't have forced her to come up with them in Country M then she must be staying in Country Z with Lu Lan.

"Yan Jie, I really don't understand. Why did he change all of sudden?"

"Hmm...Xiao Lan, I hope What I am thinking must not be the case".

Lu Lan confusing looked at her "What do you mean, Yan Jie?"

"Xiao Lan....It's just that... I think he like somebody else"

"What?"

"Xiao Lan, I might be wrong...but..."

"But what Yan Jie?"

"I think I am right, otherwise why would he send you here? When both of your's relationship was going so well. It's because his lover doesn't want him to stay with you".

Lu Lan was started panicking, she shook her head that she couldn't believe that Si Li had somebody else in his life "No... Yan Jie, Si Li said that he likes me".

"Xiao Lan, what are you saying? Of course, he would say, so that you stay here without causing trouble for him. Didn't you see that Dramas' on TV, where the male lead had to marry another girl, despite he loves somebody else, only because of his families? You already said that your marriage is the contract, which will come to end after nine months and he married you only because of Elder Si".

Wang Yan's words echoed in Lu Lan's mind. She gave a thought, she sensed that whatever Wang Yan said was correct. Soon Lu Lan's face started to turn pale.

Wang Yan saw Lu Lan's pale face "Xiao Lan, listen to me. Don't get that bit\*h take away your husband. Understand?"

"But... Yan Jie, How can I?" Lu Lan became helpless, at least she had a hope that she and Si Li would be together again and now, all her hopes vanished in a second.

Lu Lan started to laugh at herself for being so naïve.

Although, how could Wang Yan see her cousin like this? and she said with determination "What do you mean 'how'? You have to fight for your love. What if that bit\*h was chasing after Mr. Si only because of his money, otherwise, who would allow her love to marry somebody else?. Tell me".

"You are right, Yan Jie, but what can I?" Lu Lan confusingly gazed at Wang Yan.

"What do you mean? Go back to country Z and ask Mr. Si who is that bit\*h?"

Wang Yan saw Lu Lan's hesitation, she held her hand and comfort her "Don't worry, I have me. Okay!"

"Hmmm" Lu Lan nodded and she got ready to leave for Country Z.
