

“I want him to kneel at the entrance of the company for the entire day so that he can reflect on himself. I believe in Xu Shuting’s insight. Xu Zhiheng is a capable man, but his working attitude is terrible,” Lu Chen noted coldly.

He had already given Xu Zhiheng many chances. However, not only did Xu Zhiheng not take those opportunities, he became even worse. The thing that irked Lu Chen the most about Xu Zhiheng was how he couldn’t seem to separate his private life from the company’s interest.

Because of some unimportant private matters, he neglected his job during office hours to solve them first. Even though he was talented, Lu Chen still didn’t like his attitude.

The company did not pay its workers such a high salary to attend to private matters during office hours.

Seeing that he was Yu Li’s boyfriend, Lu Chen was willing to give him another chance. However, if something like this happened again, he would surely fire him.

“Alright, I understand. I will go and see him

now,” Wang Wei said as he headed to the human resources department while Lu Chen went back to Wang Wei’s office.

When Wang Wei reached Xu Zhiheng’s office, he found Xu Zhiheng smoking in the office, an indignant expression on his face. He didn’t even bother going to the smoking zone. This stoked the flames of Wang Wei’s anger.

According to Yi Qi Technology’s rules, only workers at managerial level or workers with their own office were allowed to smoke in their office. Other workers had to go to the smoking zone if they wanted to smoke, and of course, it came with a time limit too.

“Chairman Wang.”

“Chairman Wang.”

Everyone from the human resources department rushed over to greet Wang Wei when they saw him.

Xu Zhiheng heard everyone’s greeting. He turned around and was met with Wang Wei looking at him coldly. Xu Zhiheng was so terrified his cigarette fell to the ground.

“Chairman Wang, I...” Xu Zhiheng looked ghostly pale. He didn’t expect to be caught by Chairman Wang for smoking in the office.

Wang Wei looked at the mineral water bottle underneath Xu Zhiheng’s desk. Noticing that around half of the bottle was filled with cigarette stubs, he knew that Xu Zhiheng had been secretly smoking a lot.

“I came to see you to talk about two matter. Firstly, because you lost the bet with my important guest, I want you to kneel at the company’s entrance for a day to reflect on your working attitude. Secondly, I want a reflective letter done when you come back to work tomorrow. You can come back to work again once you prove to me that your attitude is serious.”

Wang Wei added nonchalantly, “Of course, you can choose to leave too. However, I can promise you that if you don’t kneel today, you can forget about getting a job in Chongqing, or the entire Southwest Region in the future.”

Wow!

The entire office buzzed with gossip after they heard what Wang Wei said.

He wanted their vice manager, Xu Zhiheng, to kneel at the company's entrance for a day; if he didn't, he would be blacklisted?

What kind of a person had Xu Zhiheng offended for Chairman Wang to become so furious and say something so extreme?

Xu Zhiheng's heart dropped. He didn't expect Wang Wei to stand up for Lu Chen at all.

What kind of an important figure was Lu Chen in Wang Wei's eyes?

"Chairman Wang, I..." Xu Zhiheng was hesitant and stunned to the max.

Should he kneel or not?

If he did, he would be humiliated. He would never be able to look at anyone in the human resources department the same way again.

However, if he didn't kneel, he would be blacklisted. He knew that if Wang Wei dared to mention blacklisting him, even if

he couldn't, the big boss behind Yi Qi Technology would be able to.

Xu Zhiheng knew clearly that the big boss behind Yi Qi Technology would obviously prioritize Wang Wei over him.

If it weren't so, he wouldn't have made Wang Wei the chairman to help him to look after the company.

Both Wang Wei and Xu Shuting were acting chairmen with shares of their own. In Xu Zhiheng's eyes, this meant that they were not only acting chairmen, but shareholders too.

He didn't dare to provoke someone as powerful as Wang Wei, who had also come from Jun Yue Group.

After weighing the pros and cons, Xu Zhiheng had decided to kneel even though Wang Wei had exaggerated the consequences of losing his bet with Lu Chen. He hastily ran to kneel in front of the company. Xu Zhiheng really wanted to get a knee guard but was too afraid to buy one himself nor ask Yu Li to get one for him. At least until she found out about this, he would never tell her himself. It was too

embarrassing.

He ended up asking a security guard that he was close with to help him out.

After Xu Zhiheng went out to kneel, Wang Wei continued looking around the human resources department. He noticed that underneath many of the human resources specialists' desks had hidden water bottles that had cigarette butts in them.

These bunch of useless trash! Just ten minutes into work and quite a few of them were already on their second cigarettes.

Although the smell of the air freshener was strong, it still couldn't completely cover the strong smell of smoke. What would those who were applying for jobs think about their company?

They would probably think that this was a terrible company.

Although he smoked too, he never smoked more than three cigarettes each day in the office. Moreover, those were also if he was really compelled to smoke when he was busy and stressed.

All of the human resources specialists panicked when they saw Wang Wei's facial expression. Most of the smokers had smoked in the office before and all of them had prepared a water bottle for cigarette stubs.

Wang Wei didn't say anything and headed to the office of the manager of the human resources department.

Wang Wei knocked. When he heard an answer from the other side, he pushed the door and entered.

"C-Chairman Wang." The manager of the human resources department, Tang Dalong, was sorting out documents when Wang Wei came in. Looking at his expression, Tang Dalong was alarmed.

Wang Wei rarely came to the human resources department.

"Tang Dalong, what kind of place did the human resources department become under your management?! You better go out there and have a look for yourself!" Wang Wei exploded as he slammed his hand on Tang Dalong's desk, unafraid of embarrassing him.

Tang Dalong almost jumped in surprise. He had never seen Wang Wei so pissed off before and was taken aback.

“I want you to write and send me a reflective report as soon as possible.” Wang Wei snorted angrily before leaving Tang Dalong’s office.

After Wang Wei left the human resources department, Tang Dalong finally snapped back to reality. He immediately figured that it might be possible that Xu Zhiheng and the others were caught smoking.

Tang Dalong and Xu Zhiheng were university friends. Although they weren’t really close, Tang Dalong often turned a blind eye to Xu Zhiheng’s smoking in the office. However, he did not expect other workers to follow suit when they saw Xu Zhiheng smoking too.

Even though he had always advised the human resources specialists to stop, they would still be doing so as long as Xu Zhiheng still smoked in the office area.

However, he was relieved now that Wang Wei had scolded him about this, so he could finally manage this issue properly.

He no longer had to care about anyone's feelings, even if it was Xu Zhiheng's.

"Where's Vice Manager Xu?" Tang Dalong asked when he saw that everyone was present except for Xu Zhiheng.

"Chairman Wang asked for him to kneel at the entrance of the company just now," someone replied.

"Huh? What happened?" Tang Dalong was shocked. Kneeling in public was a huge blow to one's dignity. What on earth did Xu Zhiheng do? Even if he did something wrong, he could just quit instead. There wasn't any need for him to humiliate himself here.

"Apparently he lost a bet with Chairman Wang's important guest and now Chairman Wang wants him to follow through with their deal," one of the human resources specialists told him.

Tang Dalong was stunned.

Wang Wei's important guest?

What kind of status did Wang Wei's important guest hold?

Chapter 228 Wang Wei Was Pissed Off

He figured that he had to take some time out to ask Xu Zhiheng about it so that he could be careful and wouldn't offend Chairman Wang's important guest.

After Lu Chen left Wang Wei's office, he saw that Xu Zhiheng was really kneeling in front of the company. He didn't look down on Xu Zhiheng; on the contrary, he was impressed.

He was able to finish what he started and bear with the humiliation that came as a consequence to his actions.

Not everyone could kneel in front of their company, nor had the determination to do so.

However, Lu Chen could still sense Xu Zhiheng's dissatisfaction from his gaze.

"I'm sorry, Lu Chen. I apologise for my recklessness just now. Hopefully you won't take things to heart." Upon seeing Lu Chen walking out, Xu Zhiheng went over to apologise to him.

What could a moment of humiliation mean to him?

Xu Zhiheng was someone who would be able to do big things in the future. He believed that, with his capabilities, he would be able to replace Tang Dalong as Yi Qi Technology's human resources

department's manager one day and allow him to know more about the big boss behind the company.

Xu Zhiheng also believed that he would be able to get the big boss's trust one day. By then, he would be able to take his revenge on Lu Chen and Wang Wei!

Hoping that that day would come, Xu Zhiheng beared with the humility of kneeling in front of the company. If it weren't so, even if he wasn't blacklisted by Wang Wei, he would still lose his chance to get his revenge.

"Don't worry. As long as you kneel for the rest of the day, I won't make a huge fuss over it," Lu Chen reassured nonchalantly and headed to his car.

Of course, he didn't believe that Xu Zhiheng apologised to him genuinely. However, it didn't matter whether it was genuine or not, this was still Xu Zhiheng's last chance.

If his working attitude remained the same in the future, Lu Chen would surely fire him.

“You a*shole! Just wait and see. One day, I will make you kneel and beg for mercy!” Xu Zhiheng fumed before resuming his kneeling position at the entrance.

Right as his knees touched the ground, he saw Lu Chen walking over to a luxurious car. Then, Lu Chen took out the car keys and entered the car.

“Is that his car? He can actually afford a luxurious car that costs around a few million?!”

Xu Zhiheng’s eyes widened in shock. He stared as Lu Chen drove away from Jun Yue Tower in his BMW Steinway. He felt rotten to the core.

...

Today was moving day. Lu Chen didn’t have many friends, so he only informed Du Fei, the Three Marquises of the Water Margin, Xia Jun, Wang Wei, Xu Shuting as well as a few executives in the company. Of course, he’d informed Chen Guangxing too. However, it was up to him if he wanted to come over.

Chen Guangxing hadn’t contacted him ever

out to invite him in personally. Seeing that Lu Chen's new house was a large mansion, even a master like Huang Youjun was astonished.

He knew that Lu Chen wasn't someone ordinary. However, he did not expect Lu Chen to be way more successful than he thought.

Not all tycoons could afford mansions that cost up to billions.

Right then, at the base of Saddle Hill.

"What is Lin Dahai planning, asking for us to wait for him here? Is he planning to come over and pick us up?" Tang Qingshan said, exasperated.

When they reached the base of Saddle Hill, they called Lin Dahai asking for the address of Lu Chen's new house. However, all Lin Dahai said was for them to wait here. Was Lin Dahai messing with them?

"There is an area filled with mansions on Saddle Hill. He doesn't think that his son-in-law actually bought a mansion there, right?" one of the elderly men teased.

since the donation issue which had placed the Four Great Families in hot water.

As for City Council leaders such as Xie Weihao, Lu Chen didn't bother to invite them. After all, today's guests were of diverse backgrounds. It wouldn't be good for Xie Weihao and the others to come over because he knew that Wang Xue would invite many people over.

Lin Dahai, who had many friends too, would also invite them over for sure.

However, Lu Chen was surprised when he found out that Lin Dahai had only invited Huang Youjun.

The truth was, Lin Dahai did invite Lei Mingchao and Yu Zhengtao. However, they immediately lost interest when they heard that it was Lu Chen who bought the mansion.

The two elders were still prejudiced against Lu Chen. Hence, when they heard that it was Lu Chen who was moving, of course they rejected the invitation.

When Huang Youjun arrived, Lu Chen went

Everyone thought they knew what kind of a person Lu Chen was. None of them believed that Lu Chen could afford a house there.

The elderly man was just making a joke out of it.

“If that kid can afford a mansion here, my son can afford a mansion in Beijing,” Tang Qingshan ridiculed.

He was still indignant that Lu Chen ‘stole’ Lin Yijun from his son.

Lin Yijun was a gorgeous lady. He’d feel proud if his son had managed to marry someone like Lin Yijun.

“Exactly! Dalong is now earning millions a year. I heard that Lu Chen is still a security guard for a small company. If even Dalong can’t afford a mansion here, how can Lu Chen afford it?” one of the elderly men chided in agreement as he tried to flatter Tang Qingshan.

Although Tang Dalong looked awkward when his father bragged about his success, he still felt giddy inside.

“By the way, Dalong, is your company still hiring? Can you arrange for my son to work at your company as well?” an elderly man asked.

“And my son too! All he does everyday is lay around the house. He’s going to rot if he doesn’t start working soon. Dalong, could you please arrange a job for my son at your company as well?” another elderly man begged.

Tang Dalong felt uncomfortable. He knew both of the men’s sons; they were both good-for-nothing hooligans. As the manager of human resources, it would be easy for him to arrange jobs for them.

However, Yi Qi Technology had high requirements for its job candidates especially in terms of morality. If he arranged for two hooligans to work in the company, wouldn’t that harm his reputation instead?

If the two of them were to change their attitudes and work diligently in the company, things would still be okay. However, if they were to cause trouble for him, would he be able to settle their problems for them?

“Uncles, although my company still has vacancies, it would be better for them to apply for it themselves,” Tang Dalong explained.

After all, he rarely involved himself in the affairs of normal workers. Usually, Xu Zhiheng was the one who conducted the interview to select the normal workers. If they passed Xu Zhiheng’s interview, they were most likely capable of working in Yi Qi Technology.

The two elders were unhappy upon hearing his rejection. However, they didn’t dare to offend Tang Dalong as he was more successful than all of them there.

“Dalong, aren’t you the manager of the human resources department? Why won’t you help them out? Just arrange a job for them.” Tang Qingshan felt embarrassed on behalf of his son. Noticing that a few of them looked displeased, he quickly chided in.

Tang Dalong sighed to himself. He chuckled wryly. As he was about to say something, they noticed a huge bus parked in front of the front entrance.

“Excuse me, are you all Lin Dahai’s guests?” the driver asked.

Tang Qingshan and the others were shocked. Did Lin Dahai really arrange for a driver to pick them up?

Most importantly, they all had their own cars. What on earth was Lin Dahai planning, arranging a driver for them?

“Yes, could you lead the way, please? We drove here,” Tang Qingshan said unhappily. He felt that Lin Dahai was doing this on purpose.

Getting a bus to pick them up, wasn't he messing around with them?

“Please get in, your cars can't enter the property,” the driver said disdainfully when he saw that they were the people that he was supposed to pick up and glanced at the two domestic cars next to them.

“We can't enter? May I ask what kind of community this is that doesn't even allow invited guests to enter?” Tang Qingshan said as he laughed to suppress his anger.

Everyone looked at the driver. They felt

Chapter 229 Moving Out

that the driver was just as unreliable as Lin Dahai.
