

HOW TO THRIVE IN THE '60S

Chapter 11 Discovering Gu Shinian

"Uncle Han, why are you standing outside on such a cold day?" Yun Erchuan hugged Yun Chang and asked the uncle standing at the entrance of the alley from a distance.

"Er Chuan is here! Hey, whose little girl is this?"

"Uncle Han, this is my niece." Yun Erchuan replied with a smile.

"It's the daughter of the Dachuan family..."

Han Shan responded and looked curiously at the little girl in Yun Erchuan's arms. Although she was thin and weak, her small face exposed outside was tender and delicate, with a pair of big black eyes that were agile and expressive, and there was a small one at the end. The small red beauty mole looks like a smart and playful girl. Although she is still a little girl in her arms, her delicate eyebrows and eyes have already begun to show their splendor, and she looks like a beautiful embryo.

It's a pity that this girl's physique is a little weaker, and this good appearance does not conform to the aesthetics of this era, otherwise, when she grows up, the threshold of the old Yun family will be flattened by the matchmaker.

Thinking of this, Han Shan couldn't help but feel pity for Yun Chang, and the look in her eyes also revealed sympathy.

Yun Chang didn't miss Han Shan's look at her, she had doubts in her heart, but she still greeted Han Shan with a sweet smile:

"Hello, Grandpa Han."

"Hey, little girl." Han Shan laughed back to Yun Chang, turned around and took the two to the house, "It's a coincidence, your aunt was talking about you yesterday, no, she just went out, You're here..."

"I haven't been to the county for a few days. How are you and my aunt recently?"

When Yun Erchuan asked the question, the look of concern in his eyes almost overflowed. Yun Chang could see that Yun Erchuan really cared about the Han Shan couple.

"Okay, it's okay, I'm fine with my body going up the mountain and carrying rocks... By the way, is there something wrong with you coming here this time?"

As Han Shan asked, he pushed open the heavy black door, passed through the spacious mansion, and entered a large blue-brick courtyard covering an area of half an acre. The courtyard was cleaned and there was not a trace of dust on the ground.

The five large tile-roofed houses stand in the middle of the courtyard facing south, and three slightly shorter houses are built on each of the east and west sides.

The whole house looks taller and brighter than ordinary people's houses. The eaves of the main house, the window lattices, and the outside gatehouse are all carved with intricate and exquisite patterns. Even if it is only a shallow glance, Yunshang can see that these patterns have a lot of background. .

Yun Chang's eyes flashed, this courtyard is not simple!

After entering the main room, Han Shan first poured a bowl of sugar water for Yun Chang, and then poured a pot of strong tea for Yun Erchuan, sitting on the kang and listening to him talk about his intentions...

"So, it doesn't matter who it is, as long as the Dachuan family is happy to marry it?"

Yun Erchuan was stunned for a moment, wanted to nod his head, but felt that something was not right, he quickly shook his head and said:

"Uncle Han, this family still has to find a reliable person, and he can't marry and suffer."

"Er Chuan, I understand what you mean. It's easy to find good and reliable people, but I'm afraid that Wang Guihua will not look down on her. Besides, you know who Wang Guihua is. Ordinary reliable people can't let her down. Married, isn't it Huo Huo's family?"

Yun Erchuan, who Han Shan said, was silent, Yun Chang was drinking sugar water, and couldn't help giving Han Shan a compliment.

For a person like Widow Wang, don't be a good family, you should find a powerful family, and if she doesn't obey, she will be beaten three times a day, so that she is submissive and doesn't dare to make trouble.

Seeing the hesitant look on Yun Erchuan's face, Yun Chang tugged at Yun Erchuan's jacket, "Second uncle, my mother is amazing, she always said that she can hold up the door, and generally small households are not willing to enter the door."

Everyone can hold the door, and you are still worried that she will be bullied when she gets married?

Besides, what you should worry about at this time is whether the widow Wang will marry or not, not the question of whether she will suffer if she is married in the past.

Yunshang's witty little appearance amused Han Shan,

Bend down and tease her:

"Girl, do you know what a gate is?"

Yun Chang shook her head stunnedly, thinking of the conspicuous carvings in Han Shan's yard, she immediately put on an innocent face and asked, "Grandpa Han, I saw someone on the side of the road climb up the gatehouse to remove the wood planks, is it that? The door of the family can't hold up?"

These carvings of Han Shan's family are not simple, and they are the most eye-catching things on the bright side. If they are not dealt with quickly, they will be targeted sooner or later.

Yun Chang is young, so it's not easy to say these words directly to Han Shan. He can only vaguely remind him in this way, hoping that Han Shan is smart enough to think of the inappropriateness of his own family through the movements of other people's homes.

Seeing that the smile on Han Shan's face disappeared, his eyes showed a contemplative color. Yun Chang once again held her ignorant little face and drank sugar water with a smile.

Noisy! So sweet!

"Uncle Han, you can take care of my sister-in-law's affairs. Just stay away from our Qinghe County and don't take Changnan with you."

Yun Erchuan has also figured it out now, and no longer asks Widow Wang to find a reliable family, as long as the other party's conditions are good and Widow Wang is willing to marry.

As for Widow Wang's future life, that's none of the old Yun family's business.

Anyway, the purpose of the old Yun family is to send Widow Wang away from afar, so as not to let her get involved in Yunshang after the accident.

"Okay, this is easy to handle. I will implement this matter as soon as possible. As soon as there is news, I will have someone notify you."

Han Shan had probably heard of the original owner's situation. After speaking, he touched Yunshang's little head and sighed, "Alas... I have suffered this girl before."

Yun Erchuan was also going to take Yunshang around the county town. After talking about the business, he took out two sweet potatoes from the basket, put them on the kang table, turned around and picked up Yunshang and ran out.

By the time Han Shan put on his shoes and chased out the gate, Yun Erchuan had already walked to the entrance of the alley with Yun Chang in his arms.

Yun Chang was speechless, Yun Erchuan's skillful gesture of salute was not the first time he did it.

"Second uncle, Grandpa Han's family is really big, doesn't he have any children?" Yun Chang inquired about the situation of Han Shan's family from the side.

"Yes, Grandpa Han's sons and grandsons are all in the provincial capital, and only come back during the Chinese New Year. Your Grandpa Han's family also has an uncle who is a high-ranking official in the capital. He goes out by car, and there are guards around..."

Yun Chang's eyes were rounded, and the Han Shan family is still a high gate in Qinghe County. No wonder the big yard is so bright.

The two were walking on the Cross Street at this time, while Yun Erchuan walked, while introducing Yun Chang to the units on both sides of the road.

When they reached the door of the post office, five or six half-year-old boys rushed out from the inside, and rushed past them like the wind.

Yun Chang stared blankly at the figure running at the front, and disappeared on the street in a blink of an eye, and tears fell straight down.

It's Gu Shinian!

Even if he didn't see the face, Yun Chang recognized it as Gu Shinian's back at a glance.
