

# HOW TO THRIVE IN THE '60S

## Chapter 15 Hoi Village

It's not that Gu Shinian is talking nonsense, the stains on Gu Huaiqing's body are like the lice on a bald head, it's obvious.

Gu Mingzhu, the daughter of Gu Huaiqing's revolutionary partner, was two months older than Gu Shinian, while Zhang Chunni and Gu Huaiqing were already four months pregnant when they divorced.

In other words, Gu Huaiqing slept with a woman other than his daughter-in-law before he got divorced.

It's a broken shoe!

And Gu Mingzhu is the evidence that Gu Huaiqing broke his shoes.

To say that Gu Huaiqing is shameless, he can get divorced sooner if he doesn't like his original wife, but he hates his original wife in his heart, while sleeping with his original wife, he also rides a donkey to look for a horse to find a revolutionary partner who is like him.

In the matter of changing the original spouse, other men, no matter how ugly they look, did not throw away the original spouse's child as a burden while getting rid of the original spouse.

But Gu Huaiqing not only dumped Zhang Chunni, who had a big belly, but also dumped Gu Guangzong and Gu Panguai together, not at all worried about how a pregnant woman will live with her two children only five or six years old.

Seeing that the revolutionary partner could not give birth to a son, and the Gu family was about to die, Gu Huaiqing remembered the two sons Zhang

Chunni gave birth to him, and approached the door with a shy face, wanting to bring one back to him for retirement.

As for the arrangement of the remaining son and daughter, Gu Huaiqing didn't even ask a question, as if it was not his kind.

Yun Chang couldn't understand how a scum like Gu Huaiqing, who was selfish and ignorant of personal virtue, rose step by step and became a political commissar.

However, even if Gu Huaiqing has been in a high position for many years, with his temperament, it is estimated that he has not offended many people. Now his form is getting more and more tense, and someone like Gu Huaiqing who has a big handle on his face will be pulled down sooner or later. Gu Shinian Better stay away from him.

Yun Chang didn't speak, and Gu Shinian didn't want to mention these things about himself. He glanced in the direction of the street corner, turned his head and confessed to Yun Chang:

"It's almost time. You go back with Yun Erchuan first. I'll go home and go to Xinglin Village to find you at night."

Yun Chang is worried about when he will be able to see Gu Shinian next time. Hearing him say that, his eyes light up.

"Second brother Gu, then Gu Guangzong is always looking for trouble for you. You should just stay in Xinglin Village for a few more days, and then go home when Gu Guangzong goes to the provincial capital!"

"it is good."

Gu Shinian agreed, "I'll go over and help you deal with Widow Wang's affairs first, you can bear with it, and I'll take you out of Xinglin Village when there is a chance in the future."

Yun Chang had an almost blind admiration for Gu Shinian. Hearing this, he had no doubt that he could do it, and nodded happily.

At this time, the sun was slightly westward, and the figure of Yun Erchuan appeared at the entrance of the street. Next to him was a girl who was not tall, with a small round face and two braids. Yun Chang knew at a glance that it was Yun Shui. Lotus.

Gu Shinian touched Yunshang's head reluctantly, stuffed the compressed biscuits she handed over into his pocket, held her hand, and walked towards Yun Erchuan...

On the way back, Yun Erchuan also wanted to ask who Gu Shinian was, but every time the words came to his lips, he told him to swallow them back.

After spending a day with Yunshang, Yun Erchuan has almost understood Yunshang's temperament. Although there are not many words, every sentence is just right and has deep meaning.

When it comes to questions she doesn't want to answer, even if someone asks her, she can just find a reason to fool her, and she won't let anyone notice.

Along the way, Yun Erchuan seldom spoke, but Yun Shuilian, who was walking beside him, was lively, turning his head from time to time to say a few words to Yun Chang.

Yun Chang found Gu Shinian, and she was in a very good mood. Not only did she answer all kinds of questions about Yun Shuilian patiently, but she also praised Yun Shuilian for her good looks like she was wiping honey, and asked herself when she would have an uncle. .

Seeing that Yun Shuilian was amused by Yun Chang, she even stuttered when she spoke.

Yun Erchuan was very helpless to relieve her:

"Shangnan, your aunt is thin-skinned, stop teasing her."

Yun Chang looked at Yun Shuilian's blushing face and couldn't help laughing. This old Yun family is really interesting, an 18-year-old girl, she is only 5 years old and can't look up.

At this time, it was close to Xinglin Village. Yun Chang stood up from the bamboo basket, patted Yun Erchuan on the shoulder, motioned him to put himself down, and took out a few small cakes the size of a palm that he had prepared early in the morning, and stuffed them into Yun Erchuan. Erchuan's hand.

"Second uncle, I'll go home directly to save my mother from fighting with you again. These are the cakes given by my brother at that time, said to be bought from the provincial capital, and the second uncle will take it back to my grandfather and my milk, and Brother Shuanzi, try it."

Yun Erchuan was stunned for a moment, and the outstretched hand shrank back suddenly, "Shang Nan, you keep such delicate things to eat by yourself, it's you... Brother Shi Nian gave it to you, don't let you take it back. Mom saw it."

"Second uncle, I have eaten it in the county. This is reserved for my brother Shuanzi and my grandfather and my milk. I can't hide it when I take it back. My mother will definitely leave it for guests to eat."

Yunshang said that he threw the cake into the basket, and then ran to the village. As he ran, he thought, was the action of throwing the cake the same as Yun Erchuan's action of leaving sweet potatoes at Hanshan's house?

Oops, it's only been two days, why did she just follow the local customs!

Seeing Yun Chang running away, Yun Erchuan subconsciously chased two steps, then stopped and shouted, "Shang Nan, if your mother hits you, remember to run!"

Yun Chang waved her little hand from a distance, indicating that she heard it, Yun Erchuan squatted down, covered the cake with the sweet smell with the quilt, and gave Yun Shuilian a warning look:

"Shuilian, if your sister-in-law asks, she will say that we bought this cake from the supply and marketing cooperative, do you understand?"

"Why bro?"

"Your sister-in-law's mouth is not reliable. If Wang Guihua knew that Changnan gave such good cakes to her parents, she didn't know what would happen. Also, don't talk to Changnan about the baby in the city. People are talking nonsense, I can just talk to my parents later."

Yun Shuilian nodded quickly, thinking of Yun Chang's smiling pretty face along the way, she really liked this little niece in her heart, and thinking about the harsh treatment of Widow Wang's niece for so many years, Yun Shuilian was even more eager that Han Shan would give it to her tomorrow. Widow Wang found a good family and asked her to get married quickly.

Against the cold wind, Yun Chang ran to the door of the house in one breath, calmed down, pushed the door and walked in.

Widow Wang was sitting on the kang sewing a new cotton-padded jacket, and when she saw Yun Chang entering the door, she picked up the thread wrapping board at hand and smashed it.

"What are you doing when you come back? You didn't go to Lao Yun's house to be a filial son and a worthy grandson. What are you doing here! White-eyed wolf! A life-seeker! If you kill my man, you still want to kill me!"

Seeing Yunshang sideways dodging the twisting board she had smashed over, Widow Wang became even more angry, slipped down the kang, and didn't even have time to put on her shoes, she rushed over and grabbed the rolling pin on the chopping board, facing Yunshang's head Hit it.
