Chapter 231 [V088] Father's love is like a mountain, she is a girl

Fifth Master Xiao couldn't take the initiative to tell the Gu Master that Xiao Zhenting's son was not his own son. This Gu Master was able to reveal the identity of Yan Jiuchao so easily. It was obvious that he had come prepared. Yan Jiuchao was the hardest stone in the capital, but it is also the fattest lamb, and the oil and water that can be squeezed out of him is comparable to the richness of the sky.

100,000 taels of gold, Yu Wan felt a severe pain in her flesh. Obviously this money is not her own, why is it so distressing to spend it...

The Gu Master's expression was determined to win, as if he was certain that Xiao Zhenting would buy it.

It's not hard to guess, no matter how cold the father-son relationship is on the surface, Xiao Zhenting did not hesitate to let his subordinates sneak into the southern border for Yan Jiuchao, and brought the Gu Master back to the capital at all costs. Fake.

"I'm not in a hurry, Marshal Xiao will think about it slowly." Gu Master didn't mention Yan Jiuchao's illness, maybe he couldn't wait.

Yu Wan secretly sighed, this Gu Master's medical skills can be said in two ways, but he is definitely a master in negotiation. He knows how to speculate on the other party's psychology and make full use of their advantages. Xiao Zhenting is far more anxious than he is. The more he does not speak, the more confused Xiao Zhenting is. If he speaks, it may be counterproductive.

Yu Wan looked at Xiao Zhenting, 100,000 taels of gold is not a small amount, and after the Xiao family is not a traitor, where did you get so much money to squander? This is the rhythm of going bankrupt.

"Why should I believe that you can cure my son?" Xiao Zhenting said.

Gu Master seemed to have expected that he would have such doubts, he laughed scornfully, and said, "It's late at night, don't bother, tomorrow morning, I'll prove it to you!"

That night, Yu Wan rested in Xiao Mansion, and she was arranged to enter the Wutong Courtyard.

This is a courtyard built for Yan Jiu Dynasty, but Yan Jiu Dynasty never lived in it.

The next day, before dawn, Yu Wan got up. She didn't choose a bed, but she missed the three little guys.

Gu Master slept until the sun was up and woke up. Considering that he was exhausted, this was normal.

Breakfast was still spent amidst the scolding of Gu Masters. After that, the group got into the carriage of Xiao's residence and wandered to Lotus Village.

The three little guys rushed into Yu Wan's arms as soon as they saw Yu Wan. They didn't see Yu Wan overnight, and they missed Yu Wan very much.

"Three children?" Gu Master raised his eyebrows, a touch of novelty on his face.

The two disciples of Gu Master also stared at the three little guys, inexplicably curious and surprised.

The third child is too rare, not to mention such a beautiful child, the young boy disciple couldn't help but roll his eyes around the child again and again, or the female disciple on the side touched him with his elbow and glared at him again. At a glance, he looked away angrily.

Yu Wan took the child out.

Gu Master began to diagnose and treat Yan Jiuchao.

During his diagnosis and treatment, no one was allowed to watch. Except for his two disciples, even Shangguan Yan, his biological mother, was invited out. After about a quarter of an hour, the door of the house opened.

"Doctor, how is my son?" Shanguanyan asked eagerly.

"Mrs. Xiao go and see for yourself." Gu Master said confidently.

Shangguan Yan stepped into the house.

"what--"

She screamed from inside.

Xiao Zhenting dodged to the window: "What happened to Cong'er?"

Shanguanyan said in disbelief: "He, he is awake!"

Although he couldn't speak yet, his eyes were indeed opened, and he was not satisfied with his dull eyes. His eyes were weak and forbearing, and it could be seen that Shangguan Yan was in tears when he was enduring unbearable pain.

Yan Jiuchao didn't wake up for a long time, then closed his eyes and fell asleep again.

This may not be a wake up in the real sense, but it gave Shanguanyan a glimmer of hope for recovery. However, 100,000 taels of gold are not so easy to come out. Even though she came from a wealthy family and had a large dowry, it was far from complete. This one hundred thousand taels.

When Shangguan Yan was thinking about whether to sell the property under her name, Xiao Zhenting stroked her shoulder: "You take care of Cong'er, leave the remuneration to me."

"But....."

"Cong'er is also my son."

From the first day he married you, he was.

Shanguanyan nodded with tears in her eyes. She didn't say anything hypocritical, and she didn't care whether she was right or wrong. She only had one thought in her heart, which was to save her son!

"I'll pay you half of the remuneration first, and if my son recovers, I'll give you the other half." Xiao Zhenting said to the Gu Master.

Gu Master has no opinion on this.

Xiao Zhenting said sternly: "You better be able to heal, otherwise my Xiao Zhenting's reward will not be so easy to deceive!"

The Gu Master raised his chin and said, "I know what Marshal Xiao is capable of, if I lie to you, you will kill me all over the world, I won't ask for trouble, I do have a way to lift his poisonous curse, otherwise I won't brag about this seaport to you. I also know that 100,000 taels of gold is too much, so I will give you three days to raise the remuneration, and I will guarantee that the poison in his body will not deteriorate in these three days."

Xiao Zhenting gave him a fixed look, then got on the carriage and returned to the house.

Three days... a parent can't wait that long.

Xiao Zhenting went back to the house, called the housekeeper to his room, and asked the housekeeper, "How much cash do we have in our hands?"

The housekeeper went to the account room to get the ledger and the abacus, and after a while, he said, "60,000 taels, this is from the house, and if you count the ones in the shop, there should be 200,000 taels."

200,000 taels of silver, or 20,000 taels of gold, is too little.

"Pay first." Xiao Zhenting said.

The housekeeper was taken aback: "All, all?"

Xiao Zhenting said sternly: "All, I want it immediately."

The butler opened his mouth and wanted to ask something, but in the end he didn't say a word, he took the abacus and went to the account room.

"Jiro!"

Xiao Zhenting was inventorying his storeroom when a luxuriously dressed woman walked in angrily, a maid tremblingly chased her, came to the door, and gave Xiao Zhenting a salute: "The madam must come in, we didn't stop her. ..."

"Understood, you go down first." Xiao Zhenting said to the maid.

The maid retreated with her head down.

Mrs. Xiao crossed the threshold and entered the room coldly.

Xiao Zhenting asked, "I heard that my sister-in-law had a headache, is she feeling better?"

Mrs. Xiao sneered: "You still have my sister-in-law in your heart. When I am Erlang, you are already defiant, and you have completely ignored my sister-in-law!"

"What did sister-in-law say?" Xiao Zhenting said.

Mrs. Xiao angrily said: "Don't go around with me! I just heard that you want all the cash in the house to be taken away, what are you going to do?"

"There will be no less monthly money for a few rooms." Xiao Zhenting said.

Mrs. Xiao choked, and then said again: "Am I worried about my monthly money? I want to ask you, what are you doing to take all the money in the house?"

"I need it urgently." Xiao Zhenting said.

Mrs. Xiao sneered: "What is the urgent need? Tell me honestly, are you planning to treat that sick seedling again? How much money are you planning to put in this time? You don't hurt the blood of your own Xiao family, you have to go to the side. It hurts an outsider! What? Co-author is your own person? Neither of us?!"

Xiao Zhenting sighed: "Sister-in-law, I never said that."

Mrs. Xiao said angrily: "But that's what you did! You said it nicely, raising Yan'er yourself, so that Yan'er could inherit the Xiao family in the future, but what happened? Yan'er died! My son is dead! You killed him! You didn't send him to the border, he is fine now! I can't hear him calling me mother! It's all your fault! Xiao Zhenting, it's you!"

Xiao Yan's death was a blow to the entire Xiao family. Mrs. Xiao did not dare to complain because Xiao Yan died for the country. In Xiao Yan's own words, he died well, but for Mrs. Xiao, she not only Having lost a son and the huge wealth of the Xiao family, today's remarks are more or less borrowed from the topic.

Xiao Zhenting was also very saddened by Xiao Yan's death, but if he was asked to do it all over again, he would still do it. Xiao Yan belongs to the battlefield. He is a natural general. He got a detailed list, and he chose the most suitable person. He ended the Huns' campaign.

He is the pride of the Northwest Camp and the pride of Xiao Zhenting.

Everyone can't escape death. If he was asked to choose, he also hoped that he would die on the battlefield.

Xiao Zhenting looked at Madam Xiao's direction coldly: "Come on, Madam is tired, help Madam back to the room to rest."

Immediately, two maids stepped forward and said to Madam Xiao, "Madam, please."

Mrs. Xiao is furious. Strictly speaking, her husband Xiao Dalang is the eldest son of Mrs. Xiao. It was Xiao Zhenting who asked the old man to be expelled from the house, and it was Xiao Zhenting who interceded for the eldest brother, so that the old man was relieved.

Mrs. Xiao and Xiao Zhenting used to get along well. After all, Xiao Zhenting has no children. In the future, everything he has will be her son's, so it will be hers, but since Xiao Yan's death, this balance has been broken.

Mrs. Xiao wanted to say something, so the maid was dragged out.

Xiao Zhenting returned to the house with a solemn expression.

The housekeeper took the accountant in the house and spent a whole day to count all the shops under the Xiao family's name in the capital. In the evening, he reported back to Xiao Zhenting and said, "Master, including what can be pawned, a total of 20,000 taels of gold."

is not enough, far from enough.

Xiao Zhenting was silent.

The housekeeper said, "That Gu Master's remuneration is too much. How can someone ask for 100,000 gold? Why don't you talk to him again...?"

The housekeeper emphasized the word "talk".

Xiao Zhenting understood what he meant and shook his head to deny his proposal.

The parent sighed, Master everything is good, just a tendon, this matter is much simpler if it is done by a villain. Haha, do you understand the top ten tortures?

Of course, the housekeeper was just **** off. Thinking about it this way, he really didn't dare to gamble Yan Jiuchao's life at that point. Gu Master medicine can heal people and kill people, so it's not easy to offend him.

"You go down first, I'll think of a way."

"Then... let me see what else can be pawned in the mansion?"

Xiao Zhenting paused and nodded: "Okay."

The butler sighed and went out.

Xiao Zhenting came to his arsenal. He was a rough man and didn't know how to recite and compose poems. In order to cater to Shangguan Yan's taste, he pretended to build a study, but it was this cold arsenal that was really used.

pushed open the door, and the breath of cold iron rushed towards his face, which made Xiao Zhenting feel very at ease.

Xiao Zhenting came to a pair of silver armor, which was made of black iron, twice as heavy as ordinary armor. He would wear it every time he went on an expedition. Xiao Yan liked it very much, and he came to touch it when he had nothing to do.

This is the silver armor of the **** of war.

Xiao Yan didn't say it, but he always wanted it in his heart.

Originally planned to wait for Xiao Yan to return, so he passed this pair of silver armor to him.

Xiao Zhenting raised his hand, touched the silver armor that had accompanied him for half his life, and slowly closed his eyes.

...

In the afternoon of the second day, Xiao Zhenting took 50,000 taels of gold tickets and set off for Lotus Village.

Originally, Gu Master wanted to bring Yan Jiuchao back to Xiao Mansion for medical treatment, but Xiao Mansion's food was too bad, far less good than uncle's cooking skills, Gu Master ate a meal of braised pork and stinky tofu, so he stayed and didn't want to leave. .

Two of his disciples also lived in the Ding family's new house, and they only said that they were the famous doctors from all corners of the world who were invited to Mr. Wan.

Gu Master's daily routine is to eat, eat, eat braised pork after eating stinky tofu, eat snail noodles after eating braised pork, and eat anything spicy. Uncle has nothing else to do all day, so he cooks for him.

He didn't go out, but the two apprentices couldn't lock them up, especially the female apprentice. I heard that she was a powerful Gu girl. She liked to go to the back mountain. Yu Wan had encountered her several times when she was digging wild vegetables. She was digging Some bugs and wild herbs.

This afternoon, she did not go to the back mountain to dig for insects, but carried a bucket to the ancient well at the entrance of the village.

Gu NV's appearance is very beautiful, but her expression is cold and cold, and she looks like a thousand miles away. The villagers rarely come up to talk to her. When she arrived at the ancient well, Aunt Zhang was fetching water and saw her carrying a bucket. , said kindly: "I'll come, I'll come!"

Aunt Zhang said and went to grab her wooden barrel, but she patted Aunt Zhang's hand away coldly.

Aunt Zhang was stunned.

Aunt Bai, who was washing clothes on the side, was unhappy: "Hey, girl, they are kind enough to help you fetch water. If you don't appreciate it, don't hit people!"

Isn't it? Aunt Zhang's back was red.

Aunt Zhang smiled and said, "It's okay, maybe I scared the girl."

"Does she look frightened?" Aunt Bai muttered.

Aunt Zhang gave her a wink and whispered, "This is the doctor who sees Mr. Wan, don't offend anyone."

Aunt Bai snorted and helped Aunt Zhang pick up a bucket of water, and together with Aunt Zhang, sent it back to Aunt Zhang's house.

After the two passed by the Gu girl, a cold light flashed across the Gu girl's eyes, and when she moved her palm, a Gu worm was added to her fingertips.

"What are you doing?" A plain hand buckled the Gu girl's wrist through her sleeve.

The Gu girl turned her head and saw that it was Yu Wan, her eyes became cold.

Yu Wan glanced at the small thing between her index finger and middle finger, and raised her eyebrows: "This is a Gu worm? You dig so many worms every day, just to refine this?"

Gu girl looked at Yu Wan coldly and motioned Yu Wan to let go.

Yu Wan smiled lightly and said, "They are all innocent villagers. Even if you accidentally bruise you, you don't need to trick them, right?"

The Gu girl opened her mouth and said something, Yu Wan guessed that she meant to let her go, Yu Wan said: "I can let go, but you are not allowed to guzz people casually."

Yu Wan would never say anything if she didn't agree with a word, this is too small, but Aunt Zhang and Aunt Bai are both simple and good villagers. This method is so sinister. A little too much.

Yu Wan said sternly: "I know you can understand the Central Plains dialect, I'll say it one last time, don't trick people in the village!"

The Gu girl glared at Yu Wan fiercely and tried to pull out her hand, but found that she couldn't move no matter what, this village girl's hand was like iron pincers!

Yu Wan looked at her fixedly: "Do you understand? Nod when you understand!"

The Gu girl nodded indignantly.

Yu Wan let go, filled the bucket with water, and carried it back to her home with a pole.

In the evening, Xiao Zhenting arrived at the village.

Gu Master was already eating the number of plates of stinky tofu, and raised his head with oil on his face: "It's here so soon? Have you got all the gold?"

Xiao Zhenting put the brocade box on his table.

Gu Master put down his chopsticks, opened the brocade box, and counted it carefully. There were 50,000 taels of gold tickets, one was not much, and one was not much.

"Yeah." He raised his eyebrows and accepted the brocade box with satisfaction.

Xiao Zhenting asked: "Can I treat my son now?"

"No hurry, no hurry." Gu Master touched his chin and said slowly.

Xiao Zhenting and Shangguan Yan frowned and said in unison, "What's wrong?"

Gu Master sighed: "My disciple's Gu worm was originally used to treat your son's illness, but it is dying now."

The implication is that your son may not be saved either.

"How could this happen?" Shangguan Yan asked.

Just at this moment, Yu Wan came in with a bowl of boiled spicy cabbage dumplings.

As soon as she entered, she felt two malicious eyes fell on her. She looked up and saw the Gu girl looking at her with a proud expression.

This expression is to engage in four emotions...

"Maybe it's unsuitable." Gu Master said.

"But it's not that there is no remedy." Gu Master pointed at the Gu girl, "My disciple's Gu worm, fed with the blood of extreme yin, may be able to bring it back to life."

Extreme Yin blood? So it's a woman's blood? Shangguan Yan rolled up her sleeves: "Is mine okay?"

Gu Master shook his head and looked at Yu Wan behind the two: "Her, that's fine."

Chapter 232 [V089] Sick little black **** (two more)

He had just threatened his apprentice, and when he turned around, his apprentice's Gu worm became ill. Is there such a coincidence in the world? It was seriously suspected that this sinister woman sued in front of the Gu Master, so the Gu Master wanted to take her blood and take a sigh of relief for his precious apprentice.

Yu Wan looked at the Gu Master suspiciously, and also looked at the Gu girl behind the Gu Master, and asked, "How much blood do you need?"

"Not much, one bowl." Gu Master took out a big ocean bowl.

Yu Wan: "..."

In the house, Shangguan Yan was in a state of turmoil, Gu Master left those words and went to the kitchen to find something to eat, and let them consider for themselves whether to release Yu Wan's blood to save Yan Jiuchao.

She is Yan Jiuchao's biological mother. Of course, she hopes to save her son's life at all costs. If she wants her own blood, let alone a bowl, she will not hesitate at all even if it is let go.

But she can't ask everyone to treat her son like she does.

Xiao Zhenting came over.

Shangguanyan asked in a low voice, "Is Miss Yu not happy?"

Xiao Zhenting said: "She didn't say that."

Shangguan Yan's eyes lit up: "Then..."

"We can't do this." Xiao Zhenting interrupted her.

Xiao Zhenting is a rude person, without the curvy guts of a scholar, and he doesn't know how to talk around, but it's the first time to interrupt Shangguanyan's words.

Shangguan Yan looked at him blankly: "Why?"

Xiao Zhenting held her hand, which had been slightly roughened by her work, in the palm of her hand, and said earnestly, "Because Cong'er doesn't want it."

No man wants the woman he loves to bleed for himself. This is not what a man should do. Besides, Cong'er is their child, and Miss Yu is someone else's child. Instead, let Cong'er take so much blood in exchange for Miss Yu. Are they really happy to be parents?

"Did you just watch Cong'er die?" Shangguan Yan choked up, "I know I'm selfish! It's okay to let me be punished, I just want to save my son..."

Xiao Zhenting said: "You are not wrong, don't say that about yourself."

Having never experienced Shangguanyan's despair, how could she understand her mood at this time? The pain is in her son's body, and the pain in her mother's heart. Yan Jiuchao has suffered so much over the years, and her heart is in pain. She is just a weak woman, but she protects her son in her own way.

She married into the Xiao family for the antidote of Yan Jiuchao. She had a man as elegant as King Yan.

How many infamy she has carried over the years, but she is reluctant to clarify a word for herself. She said that she would rather her son hate her than to feel guilty about her, so that even if she dies one day, her son will not lose another close relative because of her. And sad.

Xiao Zhenting said: "I'll talk to him again to see if I can use other methods."

"There is no other way! Either let your son die!" Inside the kitchen, the Gu Master said while biting the chicken leg.

Xiao Zhenting frowned and went out.

"Cut!" Gu Master snorted disdainfully. After nibbling on the last chicken leg in his hand, he threw the bone away, opened the cupboard, and found a bowl of corn nests and a plate of stinky fermented bean curd sauce. I ate it deliciously.

Suddenly, a pair of embroidered shoes crossed the back threshold of the stove and walked in slowly.

Gu Master buried his head and ate and said without raising his head, "If you ask me again, that's the same sentence! You must let that girl's blood go!"

"Whose blood do you want?"

A gentle voice suddenly rang in the Gu Master's ear, and the Gu Master shuddered on the spot. This voice was very nice, but why did it sound so terrifying?

Without waiting for the Gu Master to turn around, a slender hand grabbed the Gu Master's throat.

Gu Master's breath was suddenly choked, his complexion brightened, and the wow head fell from his hand.

"You say it again, whose blood did you put?"

Gu Master desperately patted the hand that was holding his throat, but was lifted up easily, and then slammed onto the cold floor with a thud!

Gu Master felt that his brains had been smashed to pieces.

The owner of the embroidered shoes did not give up, but once again strangled him by the neck, like strangling a small fat cat, Duang, Duang, Duang smashed on the ground, and the Gu Master was about to be smashed to death!

Gu Master wanted to call for help, but there was no sound coming out of his strangled throat.

He tried to get the Gu on his body, but as soon as he raised his hand, the bottles and jars fell down.

Gu Master is about to despair, who is this person? Why beat him? !

"Whose blood?" asked the owner of the embroidered shoes.

Gu Master's eyes almost went out, and he pointed to the opponent's hand.

You are pinching me like this, I can't speak...

The owner of the embroidered shoes let go, he fell to the ground and coughed piercingly.

"Come on, who's blood?"

"Put... that girl... ah-"

Before he finished speaking, the Gu Master was beaten up again.

"Besides, whose blood was put on?"

"That...that...that girl...ah—"

"what--"

"what--"

"what--"

Gu Master was beaten to the point of doubting his life.

"I'll ask you one last time, will you let her blood go?"

"No... don't let it go... woo woo..." Gu Master slumped to the ground, crying like a child, "I can't let it go... woo woo... you people from the Central Plains are too bullying. Now... it's you who want to save people... it's you who don't save people..."

The Gu Master was crying, kicking his legs on the ground, and he was so wronged.

The owner of the embroidered shoes clapped his hands lightly and looked at him indifferently: "If you dare to vent your anger on your apprentice..."

"I vent my anger on my apprentice?" Gu Master's cry stopped abruptly, and asked with a confused expression, "When did I vent my anger on my apprentice?"

"Didn't you want to release her blood because you offended your apprentice?"

"What?"

The owner of the embroidered shoes, the sick little black ginger: "...?"

Uh...seems like a mistake...

Little Black Ginger walked away...

Gu Master who was beaten inexplicably: "...!"

The Gu Master didn't lie. What happened at the entrance of the village, as well as the quarrel between the Gu girl and Yu Wan, the Gu Master did not know about it. In fact, as for why this is the case, Gu Master himself does not understand, he has raised Gu for so many years, and he has never seen such a strange phenomenon.

To talk about how the Gu Master saw that Yu Wan was the blood of extreme yin, this is his housekeeping skills and cannot be revealed to outsiders.

But an ordinary girl wants to bleed so much blood, which is no different from her life. Gu girl will be proud because she is sure that the Xiao family will not give up Yan Jiuchao, and Yu Wan is dead.

In the main room, Xiao Zhenting, Shangguan Yan, and Yu Wan looked at the Gu Master. The Gu Master looked really embarrassed. Not to mention, his nose was blue and his face was swollen. He even lost one of his back molars. Halfway through, how miserable, how miserable.

"Who, who did it?" Shangguan Yan asked blankly.

Gu Master: I **** want to know too!

The black lights are blinding!

I can't even see the face of the other party!

I saw a pair of beautiful embroidered shoes with rounded pearls on the upper.

It's not that the other party didn't mention 50,000 taels of gold, he almost suspected that Xiao Zhenting was "black eat black".

"Stop talking about this!" Gu Master said angrily, "Are you still saving him?"

"Save." Yu Wan stretched out her hand and rolled up her sleeves, "Let's do it."

Xiao Zhenting hesitated: "Miss Yu..."

Yu Wan said: "Needless to say, this is my own decision."

Xiao Zhenting: "But..."

Gu Master said impatiently, "Don't let your mother-in-law and mother-in-law die! It's important to save people! If you give her so much blood, she may not die, but if you don't give her blood, the person on the bed will really die!"

Gu girl handed over a knife.

Yu Wan said lightly, "Hold on, I'll use my own."

This woman must be reported, does the ghost know if she will play tricks on knives?

The Gu girl looked at the Gu Master and saw that the Gu Master nodded, she coldly retracted the knife, and did not forget to give Yu Wan a glance.

Yu Wan ignored her and took out a sterilized dagger from her arms.

Shangguan Yan turned her face away reluctantly.

"Let's do it." Yu Wan said.

The Gu Master put on a pair of silver gloves, picked up the dagger, and motioned for the Gu girl to take out the Gu worm.

The Gu girl was not wearing gloves, she brought a jade bottle, removed the cork, and poured a small black worm into the bowl.

"I'll take a drop of blood from your fingertip first." Gu Master said, squeezed Yu Wan's fingertip, cut it lightly, and put a drop of blood into the bowl.

Gu worms love blood, and when they smell blood, they can't wait to rush towards them, especially the blood of extreme yin. However, what surprised the Gu Master was that instead of rushing towards it, the worm took a small step back.

"Huh?" Gu Master was puzzled, and squeezed Yu Wan's fingertip and put a drop inside.

This time the Gu worm was blown away, it jumped out with a swoosh, stood up and ran away with two worm feet!

stunned Gu Master: "..."

Yu Wan: "..."

People: "..."

Chapter 233 [V090] Mighty Little Gu King

That is the Gu worm that they spent a lot of effort to cultivate, and it just ran away like this? !

Gu Master almost suspected that he was dazzled, but looking at the expressions on the faces of everyone in the room, Gu Master knew that he was not mistaken.

But that's weird too, isn't it? He has lived for most of his life, and this kind of thing has never happened. Could it be that he made a mistake, and that girl is not the blood of extreme yin?

No, even ordinary blood is an extreme temptation for Gu worms.

Unless it wasn't blood that he dripped into the bowl.

Gu Master took a closer look, it was blood!

Gu Master's first reaction was, Could it be that this girl is also a Gu girl? Or someone more powerful than his male disciple? Otherwise, why didn't the Gu worms **** her blood?

But soon, Gu Master denied this speculation.

Gu Nv is not a bad thing, there are very few Gu Nv in the southern border where Gu techniques are rampant, how is it possible in the Central Plains?

In the Southern Border, there are male Gu Masters and female Gu Masters, but female Gu Masters can't be called Gu Daughter. Gu Masters use methods to tame Gu, while Gu Daughter waits for Gu with her body. Women's hands can play a greater role, but not everyone can become a Gu girl. This also requires talent and opportunity. The most important thing is to meet a strong enough Gu Master, otherwise no one can guarantee, Will the Gu girl die from the poison of the Gu insect?

Is there a Gu Master in China? Impossible, so there will never be a Gu girl.

He found out that something was wrong with the Gu worms since they entered the village. Maybe it was really unsatisfactory? Or did he eat too much stinky tofu and smoked the worms?

When the Gu Master was puzzled, his male disciple entered the room with a strange expression, whispered something in his ear, and said to everyone, "I have something to do, I'll deal with it first."

He went to the backyard with his male disciple.

He frowned and looked at the male disciple: "Are you sure you're not mistaken?"

The male disciple nodded solemnly: "Yes, Master, I really saw another Gu Master!"

Just like masters can detect each other's martial arts and inner breath, Gu Masters can easily recognize their colleagues. Male disciples have worshipped Gu Masters for three years. This kind of eyesight must be there.

In fact, not only did the male disciples discover Awei, but Awei also discovered them.

"Grandma, there is a Gu Master." In the Zhao family's house, Awei said to the old man.

The old man responded lightly, and said, "Just invited to treat the young man, don't pay attention, and don't make extra troubles."

Gu Master squinted his eyes: "It turns out that there is another Gu Master, so the Gu worm's reaction is barely reasonable."

In the southern border, there is usually only one Gu Master in a place, this is to prevent competition and to prevent each other's Gu worms from influencing each other.

The male disciple asked strangely, "Master, why is there another Gu Master here? It seems that the Xiao family doesn't know about it." Otherwise, they wouldn't have traveled thousands of miles into the southern border to find a Gu Master.

Gu Master smiled lightly: "We're just here to make money, don't meddle in our own business, people don't offend me, I don't offend anyone, as long as he doesn't steal our business, he kills and sets fires, so what does it have to do with us?"

Since the Hundred Gu Kings are not very useful, Gu Master decided to try Gu Girl's Golden Silkworm Gu.

"What? Use my Golden Silkworm Gu?" The Gu girl is not happy anymore. The Golden Silkworm Gu is the most powerful Gu King she has ever owned. The one who just ran away was also a Gu King, but it is far less powerful than hers. Otherwise, she wouldn't have the guts to catch it with her bare hands. She had seen her master use a Gu worm to save people, and that was to sacrifice this Gu worm.

Gu Master patted her shoulder and said, "When Master earns this gold, I will find you a more powerful Gu King."

The Gu girl said displeasently: "There is no Gu King more powerful than the Golden Silkworm Gu, unless the master finds me a Thousand Gu King!"

Thousand, Thousand Gu King?

Gu Master swallowed his saliva, that kind of evil poison has long been forged by no one, okay? Where did he go to find it?

Gu Master smiled shyly, and coaxed patiently, "There are some, but it's a big deal to find another golden silkworm Gu for you, and make it stronger than the one in your hand!"

The Gu girl was still a little unhappy. She had raised a butterfly Gu earlier, and the butterfly Gu was also a very powerful Gu king, but in the end she was defeated by the Golden Silkworm Gu. She almost died from the poison of the Golden Silkworm Gu. It was so difficult. How could she hand over the golden silkworm Gu that she just got?

Gu Master saw that he couldn't be soft, so he lowered his face and said indifferently, "You have to promise, you have to promise, or you have to promise. In short, your golden silkworm Gu, I'm going to fix it!"

Gu girl was so angry that she slammed the door and went back to the house.

"Master, Junior Sister, she..." The male disciple looked at the door of the house worriedly.

Gu Master waved his hand and said, "Ignore her and let her figure out for herself whether it is a golden silkworm Gu or a hundred thousand taels of gold."

Golden Silkworm Gu is rare, but it is not impossible to get it. I believe that as long as the price is high enough, someone will be willing to sell it to them.

"Where's my stinky tofu?" Gu Master went to the kitchen to find something to eat again.

The male disciple sighed helplessly, and after the master left, he went to the Gu girl's house.

"Little Junior Sister."

There was no lamp in the house, so he called out softly, took out the fire book, and lit the oil lamp on the table.

The lights were dim, and the Gu Nv turned her back to him, lying on her side on the cold bed.

"Sister, don't be angry." The male disciple said, "Master will find you another golden silkworm Gu."

"I don't want it!" Gu Nv said angrily.

The male disciple said earnestly: "You also understand Master's temper. What he has made up his mind will not be easily changed."

"Then I'll go!" Gu Nv said angrily.

The male disciple said, "Where can you go? Master moves your fingers and you die from poison."

Gu Masters don't have any skills, how can they accept disciples at will? Their lives and wealth are in the hands of Gu Masters. Defection is absolutely unacceptable. Of course, he also understands that Junior Sister is just talking angrily. After all, except for this one tonight, Master treated her very well in the past. Her arrogant temperament is all master is used to.

The male disciple said again: "You should repay the master, can't you? Anyway, this golden silkworm Gu was also brought to you by the master."

Gu girl sat up: "He gave it to me, it's mine!"

A Gu girl has a powerful Gu worm, just like a master who has a weapon in his hand, and he is not willing to lose it no matter what.

The male disciple sighed, "But isn't this a no-brainer? We've already received the deposit, so we can't help but heal people."

"Humph!" The Gu girl lay back on the bed angrily, pulling the quilt over her head.

The male disciple left with a sigh. He was leading the disciple's monthly money and was in the heart of the old father...

It was late at night, and the Gu girl tossed and turned, making it hard to fall asleep.

Compared with the Gu technique, she is not as good as the master, but there are some things, the master is not as good as her.

Maybe the master didn't know that he had cast Gu on the village girl as early as at the entrance of the village. The village girl thought that if she held her hand, she would not be able to cast the worm, but she didn't know that she was a gu girl, so she was really angry. , so that the Gu worms in the bottle can be used by her.

However, none of those Gu worms moved.

She didn't take it to heart at first, she just thought it was because she didn't perform well, but after that, there was another incident of the Hundred Gu Kings running away. She felt that it might not be a simple coincidence.

The night was quiet and everyone fell asleep.

Gu Nu took out the bowl hidden under the bed.

There were two drops of dried blood in this bowl, which belonged to Yu Wan. Gu Master asked Gu Nv to wash the bowl, Gu Nv kept an eye on it and quietly hid it.

She went to the stove to fetch hot water, poured it into a bowl, and the blood melted. She picked up the bowl and took a small sip. It made her roll on the floor with pain.

"Sure enough... you really are also a Gu girl..."

is still a more powerful Gu girl than her!

Inside her body, there is a Gu King stronger than the golden silkworm Gu!

"God helps me, as long as I get your Gu King, I don't care about any golden silkworm Gu!"

The Gu girl's eyes lit up, and she was even more excited than when she first saw the golden silkworm Gu. She wiped the blood from the corner of her mouth, and stood up with a hook on her lips.

When she conquered the golden silkworm Gu, with the help of her master, she still almost killed her. This time, when she faced a more powerful Gu king alone, she couldn't take it lightly. Fortunately, the Gu skills of the past few years were not in vain. Yes, she is confident that she can get the opponent's Gu King!

Gu worms don't like iron, wine and mugwort leaves. These things can be used to restrain it. Of course, it must be drawn first. That village girl is the blood of extreme yin, the blood that Gu worms love the most. Come out, but don't forget, she has a golden silkworm Gu in her body, which is also a rare temptation for the Gu King.

She will use the golden silkworm Gu to lure the Gu king out, and then capture the Gu king in one fell swoop before the Gu king cannibalize her golden silkworm Gu!

Gu Nv planned this and really did it.

She took what she needed and sneaked into the next door.

The three little milk packs have been left by Yu Wan in Yan Jiuchao's house for the past few days, and Yu Wan slept alone on the simple bed.

The Gu girl first took out the veil, covered Yu Wan's mouth and nose, and gave Yu Wan a heavy weight of sweating medicine, making sure that Yu Wan would not wake up because of any movement, so she put the veil away and forced out the inside of her body. Gu worm.

She let the golden silkworm Gu release her breath, the distance was enough to sense the opponent's Gu King.

The Gu girl put on the silver glove and took out the silver mesh pocket, ready to capture the Gu king at any time.

Gu girl's heart was raised in her throat.

However, she was nervous for a long time, but the opponent's Gu King did not respond at all!

How could this be?

Did you make a mistake? This village girl doesn't actually have a Gu King in her body?

Impossible, she is a Gu girl, her perception will not be wrong.

Just why didn't it come out and eat her golden silkworm Gu? Gu worms are ferocious by nature. The stronger the opponent, the more they want to nibble on it. Her golden silkworm Gu is the king of the gu kings, and there should be a fatal temptation to that gu. How can there be no response? ? Could it be that it is actually not as powerful as the Golden Silkworm Gu, that's why it didn't dare to come out? Or, it was asleep and didn't sense the breath of Golden Silkworm Gu?

Gu girl tried a few more times, and when she was about to give up, she finally waited to respond.

I saw a flash of white light, almost unbelievable, the Gu girl didn't understand what happened, and she felt light on her hand.

The next second, she saw that her golden silkworm Gu was slammed to the ground, and a small insect stepped on the golden silkworm Gu's head with a mighty and domineering foot, and it exploded with a bang!

A word flashed in the mind of the Gu girl inexplicably - motherfucker! This **** is also for Lao Tzu!

Everything happened too fast, when the Gu girl came back to her senses, that white light had flashed back into Yu Wan's body, and her golden silkworm Gu was blown out of the head and completely turned into a puddle of flesh.

What does it mean to lose your wife and lose your army, that's all.

Gu girl went back to the house crying.

That was the golden silkworm Gu that she had raised for a whole year, but it just disappeared, she died of sadness!

The next day, the Gu Master got up early and went to the kitchen to find something to eat. After eating a fat belly, he smacked his lips and went to wake the Gu girl.

In fact, the Gu girl has been awake all the time, as long as she thinks of the golden silkworm Gu that was broken in vain, her intestines are knotted in pain.

But she didn't dare to tell the Gu Master that she acted without authorization. She discovered a more powerful Gu worm. She didn't give it to her master first, but wanted to keep it for herself. This seriously violated their sect rules, and the Gu Master knew it. , will not forgive her easily.

"Dead," she whispered.

Gu Master was immediately startled: "Dead? How did you die?"

The Gu girl lied: "I don't know, I suddenly felt uncomfortable in the middle of the night. When I woke up in the morning, the golden silkworm Gu died."

"There is such a strange thing..." The Gu Master frowned deeply, and did not doubt the words of the Gu girl. After all, since they called the village, their Gu worms have been in a continuous state, and a Gu King has already escaped. It seems that it is not so impossible to die another Golden Silkworm Gu.

It's just... This is the Golden Silkworm Gu, who can easily kill it?

"Could it be that another Gu Master made a move?"

Apart from this, Gu Master can't think of any other possibility, there is no way that a more powerful Gu King appeared here, trampling the Golden Silkworm Gu to death, how powerful is that Gu King? The King of Thousand Gus?

chi~

Gu Master shook his head.

Impossible.

So, it's that Gu Master.

The other party should be warning them to leave his territory as soon as possible.

"If I can kill the golden silkworm Gu, my strength must not be lower than mine, so there is no need to fight to lose both." There is no need to let the Xiao family know that there is another Gu Master by their side. If Xiao Zhenting turns around and makes a deal with him, and He also called for a very cheap price, so he might not be able to keep the 100,000 taels of gold.

Gu Master touched his thick... er, sparse hair, and squinted his eyes and said, "Let's make a quick decision. It seems that there is only one last way!"

...

"What? You want my son and your apprentice..." In front of Yan Jiuchao's bed, Shangguan Yan looked at Gu Master in disbelief. No matter how thick-skinned she was, she couldn't say anything about it.

Gu Master cleared his throat, looked at her, and then looked at Xiao Zhenting who was guarding her, and said solemnly, "This is my decision after careful consideration. Your son's poison curse is too difficult to solve, and Gu insects alone are not enough. It is necessary to use the Gu girl as a cauldron to draw out the poison in his body. Do you think I am willing to do this? My disciple's sacrifice is great! The poisonous curse has entered my disciple's body, I don't know how many Gu insects have to die. Let her heal!"

Gu Master's words were not entirely fooling Shangguan Yan. The reconciliation of Yin and Yang was indeed a good method. It didn't work like that at first, because he didn't want to sacrifice the innocence of the Gu girl unless it was a last resort.

Isn't there a way out now?

It's not good to tell them the truth, the king of Gu is all dead, and there is no way to slowly poison Yan Jiuchao!

Shangguan Yan doesn't mind that her son favors a woman, but her son is in a coma, can he still have sex?

"Leave this to me!" Gu Master's eyes swept across Yan Jiuchao's lower abdomen, "I have a way to make him do it!"

Shangguanyan understands that her son must not like this kind of thing, but as a mother, she can't let go of any chance to save him, even if he wakes up and blames her, complains about her, and even ignores her from now on.

As long as he lives, she will die without regret.

"Then... I'll leave it to you." Shangguan Yan bowed.

Gu Master went to prepare the herbs, Shangguan Yan also left the room, just arrived at the door, and bumped into Yu Wan who was carrying dumplings.

Yu Wan stood there as usual, but the dumpling soup was scattered all over the ground.

Shangguanyan took a deep breath: "Did you hear that?"

"Yes, I heard." Yu Wan said softly.

Shanguan Yan sighed: "Then you must be feeling bad."

Yu Wan did not speak.

Shanguanyan said again: "I understand that you are not feeling well, but there is nothing you can do. I hope you don't alienate Cong'er because of this."

Yu Wan paused: "Is there only... this one way?"

Shanguanyan nodded: "Yes, this is the only way."

"I see." Yu Wan put the dumplings on the table and went out without saying a word.

Chapter 234 [V091] Dedicated to him (two more)

Outside the door, Yu Wan met a Gu girl.

Gu girl was not happy about this at first, but after seeing Yu Wan, she suddenly felt a sense of revenge.

Didn't this village girl kill her Gu worm? Then she slept with her man! See how hard she is!

The Gu girl clasped her arms, leaned against the door frame, and gave Yu Wan a proud look.

Yu Wan was too lazy to pay attention to her and walked forward.

When passed by the Gu girl, the Gu girl spoke for the first time: "You beg me, maybe I can plant a Gu in your body, turn you into a Gu girl, and let you detoxify your man."

Yu Wan said lightly, "If this kind of thing is so simple, do you still need to go into battle in person?"

Of course it's not that simple, but you already have a powerful Gu-king in your body. It's more suitable for Yan Jiuchao to detoxify than me, but I won't tell you!

Gu girl smiled evilly: "Young Master Yancheng is so good, I just want to dedicate myself to him, what's wrong!"

Yu Wan said: "Then you have to seize the opportunity."

"I will!" The Gu girl smiled coldly.

Laughing too much, Yu Wan really wanted to slap her.

The Gu girl seemed to understand her mind, and approached Yu Wan proudly: "You beat me, kill me, your sweetheart will be helpless."

Yu Wan knew that she was deliberately angry with herself, took a deep breath, suppressed the rolling anger, and went back to the house.

...

"Sister, I've finished memorizing it!" Inside the house, Little Iron Dan said while pulling Yu Wan's sleeve.

Yu Wan nodded: "I know you've finished memorizing, but you have memorized two wrong places, it's 'Dragon Master Huo Di, Bird Official Human Emperor', not 'Bird Palace Human Emperor', 'Zhou Fa Yin Tang', not 'Zhou Fa Yin Shang' , do you remember?"

Little Tie Dan was speechless, A-jie looked absent-minded, he thought A-jie didn't exist at all, and even pointed out such a subtle mistake.

Sister is really scary!

"Sister, do you have something on your mind?" Little Tie Dan blinked and looked at Yu Wan, Yu Wan didn't say anything, but the sister and brother were connected, and he could sense some of Sister's emotions.

Sister is not very happy, she is even less happy than finding him fighting with the dog.

Yu Wan unbuttoned his crooked button and said, "It's not a big deal, it's just the fat that I finally liked. Before I even opened my mouth, let others take a bite."

Little Tie Dan thought for a while: "Well, then I will let my sister eat meat first."

Yu Wan lightly pulled the corner of her lips: "It's not our meat."

The child is so innocent and so nice.

Yu Wan said: "It's alright, go play, remember to put the book down."

"Yeah!" Thinking of having fun, Little Tie Dan didn't care about anything, and hurriedly put away the table, "Brother! Brother!"

While shouting, he went to the next door to find three little milk packs.

Yu Wan heard the sound of water being poured next door, and faintly smelled the aroma of soap horns. It was the Gu girl who was bathing. She deliberately made such a commotion, clearly doing it for her. She was telling him that she was going to detoxify Yan Jiuchao soon.

With her own ear, it shouldn't be difficult to hear their movements. Yu Wan felt that she had better not stay in the village for a while, otherwise she was afraid that she could not help herself and rushed over to drag the Gu girl off Yan Jiuchao's bed.

"Awan!" Yu Feng's voice sounded outside the door.

"Brother, what's the matter?" Yu Wan left the room.

Yu Feng paused at the door and said to Yu Wan, "I'll take my father to the capital to get his legs treated. Do you have anything to bring to Zuixianju?"

"No, the payment has been settled, and the goods have been dispatched." Yu Wan said, paused, and suddenly said again, "I'll go to Beijing with you."

"Uh..." Yu Feng was stunned, "Can you walk away?"

Don't you need to take care of Yan Jiuchao?

That guy is being taken care of now, and he's taking good care of him. Yu Wan's bliss is not shallow. Yu Wan lowered her eyes and smiled, and said, "It's fine to go, I just happened to go to Beijing to buy something."

"Is it a medical book?" Yu Feng asked.

Gu girl will soon be released from Yan Jiuchao's poisonous curse, medical books or something, I am afraid that they will no longer be used, Yu Wan sighed, nodded and said, "Yes, it is a medical book."

Yu Feng did not suspect him, so Shuanzi came to the ox cart and took his family to the town.

Shuanzi drove the bullock cart back to the village, and they changed to a horse cart.

At this time, Yu Song could see that something was wrong with Yu Wan. Yu Wan was usually quiet, but not as quiet as it is now.

Yu Feng and his father exchanged glances, the uncle shook his head, signaling him not to talk too much.

Yu Feng secretly sighed and swallowed the words.

Near noon, the carriage arrived at Baozhi Hall. Yu Feng helped his father out of the carriage. Doctor Ji waited early. When he saw the two, he walked over with a smile on his face: "Master Yu, how are you feeling?"

Uncle smiled and said, "I'm more energetic than before, I'll take a few steps to show you!"

"Okay, okay!" Doctor Ji let go of his uncle.

The uncle handed the cane to his son, stepped out his trembling legs, and walked in the pharmacy one step at a time, a little slow, but not as staggering as before.

Doctor Ji was overjoyed: "Recovering well!"

Uncle said: "Doctor Ji is very skilled in medicine!"

Doctor Ji jokingly said, "No matter how brilliant you are, you must be willing to let me treat it. At first, it was too expensive and you didn't want to treat it, right?"

The uncle smirked, yes, neither he nor his son planned to treat it, but Awan persisted. Awan also borrowed money from Yan Jiuchao. Now that I think about it, it was really thanks to her.

Uncle looked back at the carriage and saw that Yu Wan was no longer in the carriage.

"Where's your sister?" The uncle asked Yu Feng.

Yu Feng replied, "Go buy a book."

Yu Wan did enter the study, but not to buy books, she just came out to relax.

Yu Wan opened it in front of the bookshelf. The shopkeeper came over and said politely, "Girl, what book do you want? Let me find it for you?"

"No need, I'll just take a look." Yu Wan wandered around in the study for a while, but she didn't come across a book that closed her eyes, but she took a fancy to a set of calligraphy and bought it for Little Tiedan.

Yu Wan took the calligraphy out of the study, and was about to cross the street to Baozhitang, when suddenly there was a strange movement in the alley not far away, and then, she heard a familiar voice.

To confirm her guess, Yu Wan walked towards the alley.

When she arrived at the alley, the movement had ended, and there were still bloodstains left on the ground. A man in blue clothes knelt on one knee on the ground, using his sword to support his body that could fall down at any time, and covered his **** stomach with the other hand.

"Yuzi returns?" Yu Wan asked tentatively.

The man in green clothes turned his head, and there was a hint of consternation in his eyes: "Why are you?"

Yu Wan looked at him as if watching a good show: "The number one swordsman in the world, why is he still injured? Aren't you very good? I was forced down the cliff by you."

Yu Zigui heard that Yu Wan was mocking her, frowned lightly, and stood up forcibly, and said coldly, "Who did I do this to?"

Yu Wan smiled lightly: "It will never be me."

Yuzi Guiyin endured the pain of the wound and said, "Why wouldn't it be you? If you hadn't lost the things in the bag, why would I have been hunted down by the master's sect? Now, everyone thinks it's me who is guarding and stealing, forcing me to kill myself. I hand over things, but how do I hand them in? What do I hand in?"

Yu Wan laughed angrily: "It's your own business, you can't blame others, who told you to put the kit into my back without saying hello? It's not my fault that I lost it, not to mention I gave you the kit back, what else do you want? You always say that the items in it are gone, but have you ever thought about it, maybe someone will take it away before you put the kit in my back. It's over."

Yuzigui refuted: "Impossible! I even checked in the ruined temple, and that thing is still there!"

Yu Wan raised her eyebrows and said, "I'm here, why are you fierce! Even if I really took it, what can you do to me? Look at your half-dead appearance, and you still want to **** it back?"

"You..." Yu Zigui pointed his sword at Yu Wan, and just after exerting an internal force, he spat out a mouthful of blood. He knelt on one knee again, barely supporting his broken body with his sword.

Yu Wan was completely relieved.

Yu Wan walked towards him step by step: "Yu Zigui, you said I killed you now, will anyone know?"

"you..."

Yu Wan looked down at him condescendingly: "What happened to me? Shouldn't I kill you? You pushed me many times, and even forced me off a cliff. You thought that if you never killed me, all these accounts would be written off. Did you? You didn't reveal me to your teacher, should I be grateful to you? Yuzigui, I'm not so kind."

Yu Zigui glanced at Yu Wan suspiciously, is this girl really saying that she is not so kind to him, or is she alluding to something else?

Yu Wan pulled out the dagger.

Yu Zigui instinctively swung his sword to block the gate of life: "As long as you hand over the Gu King, I promise to disappear in front of you in the future!"

Yu Wan was stunned: "What did you say? King Gu?"

Chapter 235 [V092] Brother Nine Wakes Up

"Don't you know? You didn't take it... You really didn't take it?!" Yu Zigui's pupils shrank suddenly, and she suddenly realized that she never seemed to tell Yu Wan what was in Tiezhu. She didn't know it was a Gu worm, so she wouldn't take precautions when taking things. If she was bitten by that guy, would she still have her life to stand in front of her?

"I'm confused... I'm confused..." Yuzi fell to the ground, his aching back leaning against the cold wall behind him, he threw the blood-stained sword in his hand, and laughed at himself.

However, this time, Yu Wan didn't say anything like "I told you earlier, I didn't take it, you just don't believe it", Yu Wan looked at him with a determined look, and asked with deep eyes, "Is it a hundred Gu insects? "

"You still know about Hundred Gu insects?" Yu Zigui became vigilant again.

This suspicious guy... Yu Wan's expression didn't change at all: "I'm a doctor, why can't I know about Hundred Gu insects?"

In fact, the medical book that Old Cuitou sold her had records about the Southern Border Gu technique, but the content was not much, only a few kinds of ordinary medicinal Gu worms were mentioned. It sounds like it is also called the King of Hundred Gus.

When Yu Wan told the truth, Yu Zigui didn't believe her, but now that she started to lie, he didn't doubt that he had him.

Yu Zigui snorted and said, "Can that thing compare to the Gu King in the kit? You can be scared to death."

Yu Wan's eyes moved slightly, and she said without changing her face: "Then does it like the blood of extreme yin?"

Yu Zigui looked at Yu Wan strangely: "Do you still know about the blood of extreme yin?"

"I said I'm a doctor." Yu Wan said with a magnanimous expression.

"Naturally I like it, but there are not many women with extremely yin blood, so you can meet them but not ask for them."

"This is..." Yu Wan's eyes fell on Yu Zigui's chest, where half a pair of silver gloves were exposed.

Yu Zigui took out the gloves: "It's used to catch Gu worms."

It's no wonder that Ye Yuzi would put on silver-thread gloves before touching the iron beads in the bag. Gu Master also wore such a pair of silver-thread gloves when controlling Gu insects. Only a powerful Gu worm, other Gu worms dare not touch her flesh and blood easily, otherwise they will be poisoned and die.

"What a big bead."

"Sigh—"

"What's wrong?"

"Nothing, just a scratch."

The image of opening the kit with Bai Tang flashed in his mind.

Yu Wan raised her hand and looked at her fingertips, maybe...it wasn't a scratch.

"Awan! Awan!"

Yu Feng's anxious voice sounded outside the alley.

Yu Wan looked at Yu Zigui calmly, and said coldly, "You're lucky today, I won't kill you first, but you'd better remember it for me, don't provoke me again, I'll see you later. Once, I will kill you once!"

"Cough cough..." Yu Zigui wanted to speak out, but he coughed out a big mouthful of blood when he moved, "You don't need to... do it... I might just..."

Halfway through, Yu Zigui turned his head and saw that Yu Wan had walked out of the alley without looking back.

Yu Wan let Yu Zigui go because she did "take" Yu Zigui's things, but she didn't plan to give it back to him, nor did she plan to tell him, but if she just walked away, it would inevitably make Yu Zigui suspicious, and Yu Feng came just right. At that time, Yu Zigui thought that he was called away by his eldest brother.

Yu Zigui's suppressed coughing of blood could be heard from the depths of the alley, but this had nothing to do with Yu Wan. This man had caused her to die several times, and he had to pit him once, which was considered to be even.

From now on, the bridge returns to the bridge, the road returns to the road, and it is irrelevant.

"Where are you going, Awan?" Yu Feng asked anxiously. He waited in the pharmacy for a long time, but when he didn't see his sister coming, he went to the study and turned around. The shopkeeper said that the girl had left a long time ago, and Yu Feng was worried about what happened to her. He hurriedly looked for it.

"I want to buy some sweet-scented osmanthus cake." Yu Wan said.

Yu Feng said: "I'll go buy it, you go back to the pharmacy and wait for me."

Yu Wan grabbed him: "No need, eldest brother, I suddenly remembered that I have something to discuss with Master Qin, so I'll go first."

"Hey? Where are you going? Zuixian is far away, you go in a carriage!" Yu Feng shouted, but Yu Wan disappeared into the crowd.

Yu Wan rented the fastest carriage and rushed back to Lotus Village without stopping.

After the carriage stopped, she opened the curtain and gave the driver a naked silver coin. The driver was shocked: "Girl, this is too much!"

"Don't look for it!" Yu Wan jumped out of the carriage and entered the village without looking back.

Aunt Zhang and Aunt Bai were squatting by the ancient well at the entrance of the village washing vegetables. When they saw Yu Wan, Aunt Zhang called her a few times: "Awan, Awan..."

Yu Wan didn't hear anything and walked over in a hurry.

Aunt Zhang stretched her neck and looked around: "What happened, this, this urgent..." The six relatives refused to recognize it!

Aunt Zhang looked at Aunt Bai, Aunt Bai spread her hands: "Don't ask me, I don't know either."

"Ah Wan!" Shuan Zi's father also ran into Yu Wan, but was also ignored by Yu Wan.

Yu Wan rushed to the Ding family's new house as quickly as possible, perhaps not to disturb Yan Jiuchao and Gu NV's affairs. The people in the house had been emptied by Shangguanyan, and even Shangguanyan herself did not know where she went.

The front and rear doors are locked.

Yu Wan unscrewed the lock and walked in with great strides.

When she left the village, the Gu girl was already bathing, and now two hours have passed, I don't know if Yan Jiuchao has been eaten.

Yu Wan suddenly regretted going to the capital. She should stay here and prevent the Gu girl from succeeding, but then she thought, if she didn't go to the capital and didn't meet Yuzi, she wouldn't know that she was also the antidote to Yan Jiuchao.

Yu Wan entered the main room, a scent of saponin after bathing came to her face, Yu Wan tightened her fingers and walked quickly to Yan Jiuchao's room.

The door was closed.

Yu Wan kicked open the door!

The curtains were tightened in the room, the light was dim, and it was her sense of smell that conveyed to her mind before sight. She smelled an unfamiliar warm fragrance, she frowned, and raised her head inside. There was a burst of heat.

Shouldn't it be... Meixiang?

Gu Master said that he had a way to make Yan Jiuchao in a coma "do", could he just give Yan Jiuchao another medicine?

If this is the case, then you may be really late.

Yu Wan took a deep breath and tried to suppress the surging anger back to the bottom of her heart, but inexplicably smelled a **** smell covered by a warm fragrance.

Yu Wan's eyes narrowed, she took out the fire book, and lit an oil lamp. With the dim yellow light, Yu Wan could see the scene in front of her clearly. She saw that on the messy floor, the girl was lying there naked, her head was broken. There was a hole in the blood, blood flowed all over the floor, and he lost consciousness. Yan Jiuchao was lying on the bed next to him, half of his body was sticking out of the bed, his left arm was hanging outside the bed, and he was holding a candlestick in his hand.

There is dried blood on the candlestick.

Yu Wan looked at the candlestick and then at Yan Jiuchao, who was fully clothed, and let out a long sigh of relief.

Just breathed a sigh of relief when Yan Jiuchao's sneering voice sounded beside him: "What? Do you think this young master favors other women?"

This voice!

Yu Wan staggered and almost fell!

"You, are you awake?" Yu Wan turned around and looked at him in surprise or shock.

Yan Jiuchao released his hand that was almost stiff from clenching it for too long, and the candlestick fell to the floor with a click.

"I'm not awake, what should I do?" Yan Jiuchao said lightly.

Yu Wan finally heard the weakness in his voice. She used drugs to forcefully wake him up, and the side effects were huge, and she attacked the girl again, fearing that all her strength would be drained.

Yu Wan stepped forward, grabbed a piece of clothing to cover the Gu girl's body, then came to the bedside, turned Yan Jiuchao's body, and let him lie back on the soft bed.

When he was lying on his stomach, his clothes looked complete, but when he actually lay back, Yu Wan realized that his buttons were unbuttoned, and his clothes were half-open, revealing his delicate collarbone and attractive skin.

Guru~

Yu Wan's throat slid.

"Have you seen enough?" Yan Jiuchao said coldly.

Yu Wan pouted, closed the front of his clothes and fastened the buttons, and asked calmly, "Do you know what happened these few days?"

"Some know, some don't. I can hear it occasionally, but I just can't wake up." Yan Jiuchao said, his handsome brow wrinkled, "Hand!"

The little hand of Yu Wan, who was caught, silently left Yan Jiuchao's waistband.

Yu Wan casually pointed to the Gu **** the ground: "Then you should know that she was ordered to detoxify you."

Yan Jiuchao hummed: "So what? Should this young master let her be defiled?"

to defile, defile...

The corner of Yu Wan's mouth twitched, she is a big girl, and you are the father of three children, so is it really good to say that you are?

Although Yan Jiuchao was weak, his eyes were sharp as usual. He looked at Yu Wan and said coldly, "You came here in such a hurry, are you worried that this young master will have **** with other women to detoxify?"

"No." Yu Wansu covered her hair in a bun with her hand, and slowly took off the wooden hairpin, with blue silk falling down her head, "I can, detoxify you."

Chapter 236 [V093] Detoxify you (two more)

Yan Jiuchao was startled immediately.

Yu Wan put the hairpin on the head of the bed, raised her hand to untie the belt around her waist, the dim yellow light fell on her face, not sallow, but smudged a hazy halo.

Yan Jiuchao felt his breathing tighten.

Yu Wan's belt was loose and her clothes slipped off.

The charming fragrance in the room had long since disappeared, but at this moment it seemed to be swept over with a hundredfold intensity, and it was impossible to tell whether it was the revived charm fragrance or her seductive body fragrance lingering on the tip of the nose.

Yan Jiuchao clenched his fists and took a deep breath: "Yu Awan, do you know what you are doing?!"

The Gu **** the ground woke up and raised her head blankly.

Yu Wan didn't even look at her, she stepped on her unconscious.

"I know." Yu Wan said softly, even her tone had a fatal temptation. She grabbed the Gu **** the ground, like a little chicken, and threw it to the main room with a whimper, "Detoxify you."

Yan Jiuchao put his elbows on both sides, leaned back slightly, tried to stay away from her and said, "You are taking advantage of others' danger."

Yu Wansu put his hand on his belt: "This is inappropriate for women, or would you rather let the woman outside detoxify you?"

Yan Jiuchao choked.

Yu Wan whispered in his ear: "I dreamed about that night more than once..."

Yan Jiuchao was not a fool, so she could naturally tell which night she was referring to.

Yan Jiuchao's heart suddenly caught fire, and his breathing was chaotic. I don't know if he was angry or ashamed. His chest heaved violently: "Yu Awan! You are a woman...how can you dream of such a thing?"

More than once? !

"What's wrong with women? Women can't have emotions?" Yu Wan pulled his belt down, she was so nervous, but she tried hard not to let him see it.

Yan Jiuchao turned his face: "...I can't move my legs."

"You don't need to move." Yu Wan threw the belt on the ground, straddling his long legs, pinched his chin, and made him look at her, "Lie down, just leave yourself to me. ."

Yan Jiuchao: "..."

Why doesn't this sound right?

Yan Jiuchao: "You..."

"Shh." Yu Wan's fingertips pressed against his slightly dry lips due to his illness for many days.

Her fingertips were cold, and Yan Jiuchao felt that she was holding her breath.

Yu Wan removed her fingertips, tilted her head, closed her eyes, and slowly covered it.

This is the first time for her, but even if she has never eaten pork, has she never seen a pig go away? Although the two people's current relationship has not progressed to this stage, this is the only way to get rid of his poisonous curse. Rather than letting others sleep with him, Yu Wan would rather sleep with him herself.

But just as they were about to meet, Yan Jiuchao suddenly touched a stick and knocked her out!

Yu Wan's eyes turned black, and she fell into Yan Jiuchao's arms.

Yan Jiuchao subconsciously looked at Yu Wan in her arms, Yu Wan's outer shirt was removed, and only a thin undershirt remained.

Yan Jiu tightened his throat.

"Little Lord!"

Ying Shisan's voice suddenly sounded outside the door.

Yan Jiuchao didn't have the strength to push Yu Wan to the inside of the bed, so he quickly grabbed the quilt and covered Yu Wan tightly.

"Young Master!" Ying Shisan hurriedly entered the house, he saw the Gu girl in the main room, and he said guiltily, "I'm late for this, Young Master please punish!"

Yan Jiuchao frowned, "I didn't touch her!"

"Then how did the wound on her head come from?" Didn't you wake up and find that your pure body had stained her, and in a fit of anger, a candlestick blew her head off?

Yan Jiuchao gave Ying Shisan a cold look.

Shadow Thirteen bowed his head angrily, and with a glance from the corner of his eye, he realized that something was wrong. Although he was covering it tightly, there was indeed a person lying in the young master's arms, but he just listened to her breathing and seemed to faint.

Ying Thirteen opened his mouth: "This is... Miss Yu?"

Yan Jiuchao hummed lightly.

"Is it really her?" Ying Shisan guessed casually, but who would have guessed it correctly, so it was Miss Yu who arrived in time and knocked out the Gu girl?

Ying Thirteen of course couldn't guess that it was his young master who wounded the Gu girl himself in order to defend his innocence.

"What's wrong with Miss Yu? Why is she fainting?" Ying Shisan asked inexplicably.

Yan Jiuchao snorted coldly: "She wants to detoxify this young master."

Shadow thirteen mouths: "Young Master..."

Yan Jiuchao interrupted him: "Don't think that this young master doesn't know what she was thinking, is this young master such a casual person?!"

Shadow Thirteen looked at him: "Young Master..."

"Detoxification? I can think of such an excuse!" Yan Jiuchao's teeth were itching with anger, "How long has she been coveting this young master, so... so unbearable! What are she thinking about all day long, except for This kind of thing...isn't there anything else?!"

"So you knocked out Miss Yu?" Ying Shisan's face was full of black lines, you really are single by your strength...

Yan Jiuchao said angrily, "If you don't stun her, do you want her to succeed?"

Shadow Thirteen said: "She is a woman, if you don't cooperate, how can she succeed? Or is it that you can't control it? She can put you to sleep if she doesn't faint?"

Yan Jiu said vigorously: "How can this young master be unable to control it? Is this young master a beast? If she teases it at will, this young master will be able to turn against her in estrus?"

Shadow Thirteen: "...Oh."

If you have the ability not to spray nosebleeds, I will say that again.

...

Young Master Yan's nosebleeds sprayed wave after wave, until Ying Shisan blindfolded and moved Yu Wan and the quilt to the next room, his nosebleed finally stopped completely.

At this time, Ying Liu also arrived.

He entered the house with Ying Shisan, Yan Jiuchao lost too much blood and became weaker.

Ying Thirteen decided to hurry up and explain all the news that should be explained before his young master fainted again: "Young Master, Ying Six has inquired about something."

"Zhou Huai found it?" Yan Jiuchao asked.

"It's not Zhou Huai, it's Yu Zigui." Ying Shisan said.

Yan Jiuchao said lightly, "This young master is not interested in his business."

Shadow Thirteen said sternly: "This matter has something to do with Miss Yu."

Yan Jiuchao looked at him with his eyes and motioned to speak down.

Ying Thirteen replied: "Yu Zigui was chased and killed by the Shimen. It is said that he betrayed the Shimen."

"Speak the main point." Yan Jiuchao said lightly.

"Yes." Ying Shisan cut his head and went straight to the subject and said, "The sacred relic of Nanzhao has disappeared. Jianzong has received the remuneration from Nanzhao and has been helping to find the whereabouts of the sacred relic."

Yan Jiuchao thoughtfully said: "Could it be that Yu Zigui took away the kit that Yu Awan framed Yu Awan?"

"It's that treasure bag! Miss Yu has already returned the treasure bag to Yuzi, but the sacred object in the treasure bag is gone. Jianzong thought that the sacred object was swallowed by Yuzi Gui, so he dispatched his disciples to hunt him down. But if it belongs to The guess is correct, the holy thing was taken by Miss Yu, as for whether Miss Yu took it deliberately or unintentionally, it is unknown."

Yan Jiuchao's pale face passed a trace of contemplation: "What is the sacred relic of Nanzhao country?"

Shadow Thirteen said with unconcealed fear: "King Gu, King of Ten Thousand Gus!"

Yan Jiuchao: "..."

Calm as Yan Jiuchao, he couldn't help taking a breath at this moment, the King of Ten Thousand Gus, that is a big killer only in rumors, its ferocity is no less than that of any runaway gold-faced death Sir, what is wrong with this girl, do you have to take it? !

Ying Thirteen continued: "The King Gu was originally from the ghost clan, and the ghost clan dedicated it to the Nanzhao Kingdom before returning to seclusion, and was later regarded as a sacred object by the Nanzhao Kingdom."

These information were all inquired by Ying Liu, and there may be other inside information, but there will be no difference in what happened to the king of Gu in Yu Wan.

Yu Wan is a rare blood of extreme yin, maybe it wasn't that she took the initiative to take away the king, but the king who chose her.

If she has a Gu King in her body, then she is a more suitable candidate than Gu Girl.

"So Miss Yu said that she can detoxify the young master. It should be true." Ying Liu, who had been silent for a long time, finally seized the opportunity to speak. The young master's jade body, she really wants to detoxify the young master!"

Shadow Thirteen covered his eyes...

What the young master thought of, he also thought; what the young master did not think of, he still thought of it, Ying Liu felt that the young master would definitely reward him!

"Young Master!" Ying Liu happily raised his strong (small) chest.

Yan Jiuchao's eyes were cold: "Your monthly money for this month is gone."

Shadow Six: "!!!"

Chapter 237 [V094] Door-to-door proposal

Shanguanyan and his party went to Baiyulou, the largest restaurant in Lianhua Town, and when the sun went down, it was estimated that the Gu girl had already detoxified Yan Jiuchao, so they returned to the village in a mighty manner.

As soon as several people entered the door, they first smelled a strong smell of blood, and then they saw a large pool of blood on the floor of the main room that had not been dealt with in time. The expressions of several people changed. .

Gu Master rushed into the house, Gu girl had fainted on the floor of the house, Ying Thirteen thought it was an eyesore and threw it back to her own bed. Of course, it was inconvenient for her to put on her clothes, so she only used a quilt. Randomly wrapped her.

Gu Master didn't know that the girl was naked, so he pulled the quilt to take a look, and was dumbfounded on the spot.

"Cong'er!" Shangguan Yan was worried about what happened to Yan Jiuchao, and rushed towards Yan Jiuchao's house as soon as she turned around. Xiao Zhenting stopped her and went into the house to find out.

In the house, the oil lamp was like beans, Yan Jiuchao was sitting on the head of the bed, leaning against a big pillow, and covering his legs with a quilt.

The aroma of the aphrodisiac had long since dissipated, and the house had been cleaned up by Ying Shisan and the others. At first glance, it seemed that nothing had happened.

Yan Jiuchao looked over here lightly.

Xiao Zhenting didn't expect him to be awake, and caught his eyes off guard, a moment of nervousness flashed across his heart: "Cong... Cong'er."

Yan Jiuchao ignored him, turned his face away, and continued to sit there quietly.

Seeing that he was all right, Xiao Zhenting was relieved. Xiao Zhenting knew that Yan Jiuchao was not happy to see him, so he hurriedly turned around and went out.

When walked to Shangguanyan, he nodded to Shangguanyan: "Cong'er is awake, you go see him."

Shangguan Yan entered the room and hurried to the bed.

"Cong'er, how do you feel?"

She asked, sat down beside the bed, raised her hand to touch Yan Jiuchao's forehead: "Why don't you talk? Is it uncomfortable? You have been in a coma for several days, are you hungry? Mother, go and make you something to eat. of."

Shangguanyan does not touch the sun and spring water in the mansion. Since she lived here, she has done everything by herself. She and the aunts and aunts in the village have learned to cook a few small dishes, and the taste is still alive.

Yan Jiuchao said nothing.

"It's not hot anymore." Shangguan Yan said, not knowing whether to be surprised by her son's reaction or to be surprised that her son finally woke up.

The atmosphere in the room suddenly became awkward.

Thinking of something, Shangguanyan asked: "What happened? There is blood outside, is it an assassin? Are you not injured?"

Shangguan Yan didn't ask Yan Jiuchao if she had **** with the Gu girl. In her opinion, the reason why her son was so ill, the reason why he was able to wake up must be that the yin and yang had been reconciled, so everything was worth it.

"I'll go make you something to eat." Shangguan Yan stood up and walked outside the house.

Just two steps away, Yan Jiuchao said lightly: "Mrs. Xiao, don't make any decisions for me in the future."

Shangguanyan's heart was aching, Yan Jiuchao's anger was expected, she knew that if Yan Jiuchao was awake, she would never agree to let the girl detoxify him with this method, but she knew that he didn't like it, she still He did this for no other reason. She was his mother, and she wanted to save him. No matter how he blamed her now, she would still do it even if he did it all over again.

"Do you eat porridge or noodles?" Shangguanyan asked in a normal tone.

Yan Jiuchao said expressionlessly: "I'm awake, you don't have to spend it here."

Shangguan Yan opened her mouth and was about to say something when she saw Ying Shisan leading Uncle Wan into the room.

"Princess." Uncle Wan bowed respectfully.

Shangguanyan specially kept Uncle Wan in the young master's house these days, just to take care of Yan Jiuchao herself. Now Yan Jiuchao has openly picked up Uncle Wan, just to tell her plainly that she has nothing to do here. .

"Take good care of the young master." After Shangguanyan instructed Uncle Wan, she went back to the house to pack her things. It was night and returned to Beijing with Xiao Zhenting.

The reason why the two of them left was because they thought that Yan Jiuchao's poison had been cured by the Gu girl. Next, they prepared the rest of the remuneration and waited for the Gu Master to come to pick it up.

In another room, the Gu girl also woke up leisurely.

The Gu Master first let her get dressed, and then asked her what happened: "...Did another Gu Master in the village come to find fault again?"

Gu Nv choked and shook her head: "It's not him, it's Yan Jiuchao!"

Gu Master never dreamed that the person who injured his beloved would be that little sick Yan Jiuchao, he was so weak, how could he still have the strength to hurt people? Also, in order for Yan Jiuchao to maintain a certain function, he took twice the dose of Meixiang, didn't this make him lustful?
!

How could he hold back? !

"He doesn't like you?" Gu Master asked Gu Girl.

Yan Jiuchao is the royal family of the Great Zhou Dynasty. He has never seen any beauties. Although his apprentice is also a bit beautiful, I am afraid he did not let him take it seriously.

How can a Gu girl admit that she is not attractive enough?

The Gu girl told her master and brother that there was a powerful Gu bug on Yu Wan. Of course, she did not say that she had attacked Yu Wan, but she was lying on the ground today and pretended to be dizzy, and listened to the conversation between the two. .

In fact, she didn't know what the two said, but she understood that Master would not go to Yan Jiuchao to confront Yu Wan, in short, just put everything on them.

Gu Master looked at her suspiciously: "You didn't lie to me? Did you really find out today?"

"I swear to God!" Gu Nv compared her fingers.

Gu Master solemnly swears that even though Gu Daughter is not like that, but to save others by himself, Gu Master still chooses to trust her.

The Gu Master was extremely sensitive to the breath of Gu insects, but he could not sense anything on that girl. Either, the apprentice heard wrongly, there was no Gu King on the girl; I can hide my breath.

"Isn't she a little village girl? How can there be a Gu King?" the Gu Master murmured, "Besides, there is one thing I don't understand, she has a Gu worm more powerful than the golden silkworm Gu, why didn't she say it earlier? "

Because she didn't know at all, Gu Nv's eyes flashed: "I don't know, Master."

"Could it be...she didn't actually want to save Yan Jiuchao?" the male disciple said.

Gu Nv's eyes lit up: "It must be like this, Master! She gave birth to Yan Jiuchao's son, as long as Yan Jiuchao dies, Yan Jiuchao's property will belong to her and her son! This woman, looking at a The deputy looks so concerned about Yan Jiuchao, it turns out that he is also plotting against the other party! Master, all our Gu worms must have been deliberately taken away or killed by her, so that we don't want us to save Yan Jiuchao, why? I know, Master, you have come up with a unique trick, let me use my body as a cauldron to induce poison for Yan Jiuchao. Now, Yan Jiuchao can be saved no matter what, but if I save it, I may be pregnant with Yan Jiuchao's flesh and blood. It is better for her to come and save herself, so that everything about Yan Jiuchao is still under her control."

Combining the strangeness of the past few days, Gu Master felt that his disciple's analysis was not unreasonable, but it was Yan Jiuchao's housework. In his hands, why is he meddling? Are you fed up? !

Yan Jiuchao had a better medicine cauldron, so he and the Gu girl would no longer be needed. They were afraid that they would not be able to pay for the rest of the remuneration.

Gu Master's eyes rolled around, urging the two of them: "Hurry up and pack up, let's leave overnight!"

"Where are you going?" Ying Shisan suddenly appeared, clasping his arms and leaning lazily against the door frame.

Gu Master was startled and stammered, "I... let's go around."

Shadow Thirteen glanced at his hand: "Is it necessary to carry a baggage around? I think you are trying to escape, right?"

Gu Master hid the burden behind his back: "No, nothing!"

Ying Thirteen took a few steps forward, grabbed Gu Master by the back collar, dragged him into Yan Jiuchao's room, and threw him onto the floor in front of the bed.

"Ouch!" The Gu Master threw his legs to the sky, rubbed his **** and stood up.

Yan Jiuchao's legs couldn't move yet, he just sat quietly on the head of the bed, but the strong aura was so overwhelming that Gu Master couldn't breathe.

"I heard that you are going to run away?" Yan Jiuchao said casually, without asking about his condition.

Gu Master was confused by him, he considered it for a while, and said, "Aren't we running away, isn't your illness cured? Then we can go!"

The medicine that Gu Master gave Yan Jiuchao was not enough to keep Yan Jiuchao sober for so long. Since Yan Jiuchao hadn't fainted yet, Gu Master took it for granted that Yu Wan had detoxified Yan Jiuchao.

Yan Jiuchao sneered: "It seems that my illness was not cured by you. Isn't it a bit unkind to take so much reward?"

Gu Master's eyes flickered, he straightened his back, and bluffed: "You can't say that! It's because you won't treat me, but it's not that I can't treat you! It was agreed at the beginning, I will treat the disease, you Dad pays the remuneration, and we get both money and money! If I am not skilled enough in medicine, I will admit it, but if you don't call me a single hello, you won't treat me, and you even injured my disciple. Could this be my problem? ?"

Yan Jiuchao thought about it seriously: "That's right, Ying Shisan, let them go."

Sure enough, he is young and ignorant, and he fooled him three or two times! Gu Master's heart was ecstatic, but he tried his best to keep an expression of great loss: "Forget it, for the sake of acquaintance, I won't go to you for my apprentice's affairs!"

After the Gu Master returned to the house, he immediately packed up his things, brought his two disciples with him, and set off on the road overnight.

I didn't know that he hadn't left the Lotus Village yet, and Ying Shisan was caught and brought back.

Gu Master looked at Yan Jiuchao in dismay: "You won't regret it so soon?! You are a man! You can't go back on your word!"

Yan Jiuchao raised his eyebrows and said, "Who said this young master went back on his word?"

"Then, what are you doing now?" Gu Master was confused.

Yan Jiuchao hooked his lips with a smile, and said confidently, "I rob you!"

Gu Master: "..."

The moon is dark and the wind is high.

The Gu Master, who was robbed and only had a pair of white pants, sat on a tattered ox cart with his face ashen, and his two beloved disciples sat beside him with bruised faces. All the assets of the three people added up. , there is only a jar of stinky tofu in Gu Master's arms.

"Every...all told you...don't be so...the lion opened his mouth...in the southern border...has already given so much...silver...you...you come and pay...you need one hundred thousand taels. Gold...this, such extortion...can...not be beaten?" The male disciple covered his swollen face, and said with his front teeth.

It's too late to regret it now, he just wants to make a fortune, so he won't have to do anything in the future...

Gu Master felt wronged, and Gu Master wanted to cry.

woooo...the people from the Central Plains are too scary...he will never come to the Central Plains again...

...

Ying Shisan entered the house and presented a brocade box to Yan Jiuchao: "Young Master, I have brought the golden ticket, a total of 50,000 taels, and the remaining 50,000 in the hands of the Xiao family. It was originally planned that the Young Master would be in the hands of the Xiao family after he recovered. It was paid to them. The young master doesn't have to feel sorry for this matter, it's their fault."

Yan Jiuchao snorted coldly: "Of course they are to blame! This young master is worth 100,000 taels of gold? Are you blind?!"

Shadow Thirteen has black lines all over his face.

Uh... so you beat them, not because they want more, but because they want less, insulting your great worth...

...

Yu Wan slept until dawn, opened her eyes, and found herself lying on her own bed. Without guessing, she knew that Ying Thirteen or Ying Six secretly sent her back.

The abominable Yan Jiuchao, at such a critical moment, she was stunned with a stick.

I can't help it, is he Liu Xia Sui?

Or did he really not lift it?

Or...he doesn't feel her body?

It hurts self-esteem too much!

Yu Wan was so angry.

Suddenly, three small furry heads squeezed over and rubbed against her arms for a while.

Yu Wan's anger dropped by half in an instant, and her heart felt soft.

She raised her hand and touched their little heads, and then kissed their little foreheads one by one: "You guys are cute!"

Yan Jiuchao returned to the young master's mansion at the third watch.

Yu Wan gritted her teeth and looked at her little iron fist: "You can slip fast!"

After breakfast, Uncle Wan came to the door happily, and with him was Du Hongniang, a famous matchmaker in the capital.

Guess Guess Wanwan will agree? 23333

Chapter 238 [V095] Two more

Du Hongniang came to talk to Yan Jiuchao about marriage. Since ancient times, marriage is the life of parents. According to the matchmaker, Yan Jiuchao's mother remarried after his father's deceased. The important matters of marriage can be decided by himself, but the matchmaker should not be less, of course, no food. The young master Yan of the Fireworks in the World didn't know until yesterday that Uncle Wan learned about it in detail.

The matter is very important, and the uncle's family was also called over.

Du Hongniang looked thirty-five or sixty-six, and she was a charming woman. Her experience was a bit bumpy. She was originally a child bride bought by a large family in a certain town for ten taels of silver, and she was married at the age of five. Home, although it is for the family to be a daughter-in-law, but it is not his own. The taste of it can only be understood by those who have tasted it. Finally, after reaching fifteen, I can become a young mistress with my husband in a round house, but my husband's family has undergone great changes. , owed huge debts overnight.

The husband's family had to sell the property, and they finally paid off the debt. They were so poor that they couldn't even drink porridge. The father-in-law couldn't stand the blow. At first, Du Hongniang went out to do some small embroidery work, but later found that she couldn't make a living, so she sold herself and collected a sum of money for her mother-in-law and husband to treat illnesses and injuries.

Later, Du Hongniang was brought to the capital by Ren Yazi. Fortunately, she was bought by an official family. She worked as a servant girl in the official family for a few years, saved a lot of money, and opened a small embroidery building. She was engaged in embroidery business for a long time, but she accidentally set up several marriages. After that, more and more big families invited her to marry her, so she simply became a matchmaker.

Du Hongniang said: "I am here today to talk about the marriage of the two children." Du Hongniang said kindly.

In Yu Wan's impression, the matchmakers are all aunts and aunts who are dressed in red and green, with heavy makeup and full body. The Du Hongniang in front of her seems to have subverted her imagination. , not too plain, not too gorgeous, dignified manner, elegant smile, I don't know, she should be the wife of some big family.

She speaks in a leisurely manner and smiles unhurriedly. It is a very comfortable thing to get along with such a person.

Du Hongniang continued, "You don't need me to say more about Young Master Yan's situation. You all know it. His father left early, his mother remarried, and he doesn't have any siblings. These years have not been easy. But it's not easy, and there are also advantages, there is no high hall in the young master's mansion, and Miss Yu is the mistress after she gets married, and she doesn't have to serve her in-laws, and she doesn't have to please her uncles and concubines. Such a family will not let her daughter suffer."

These words really speak to the heart of the Yu family. They all say that the most difficult thing is the mother-in-law and the daughter-in-law. The eldest aunt is lucky, and the Yu family treats her well, but like the Yu family, how many are there in the world?

What's more, the big family has many rules. If there is a mother-in-law above, who sets rules for Awan every now and then, then Awan will be wronged.

Du Hongniang smiled and said, "Besides, the three young masters are going to look big."

The implication is that both of them have children, so what are they doing so they can't get married? Waiting for the child to call another woman "mother" and another man "daddy"?

The three little milk packs sat on the threshold drinking goat's milk. I wonder if they heard Du Hongniang talking about them. She let go of the bottle with a bang, turned their heads in unison, and looked at Du Hongniang with a confused expression. them.

Those innocent little eyes changed the hearts of the Yu family.

The child has suffered a lot in the first two years. He finally has a father, but no mother. When he has a mother, he can't see his father. It's really pitiful.

Even before the dowry was mentioned, the Yu family was about to nod their heads in agreement. Or to say that Du is the number one matchmaker in the capital. In fact, they all understand the truth. From a personal point of view, it can be said, but there may not be Du Hongniang. Effect.

Her voice, her temperament, and her manner of speaking make her words full of persuasion.

The Yu family can't wait to ask when the wedding date is, but Yu Shaoqing is not so easily impressed.

Yu Shaoqing patted the table and said, "I don't agree! That kid is slick and not serious at first glance. Who knows what will happen to Awan after she gets married? Don't forget, he came to the capital for a temporary stay. He is Yan. City people, after Awan and him get married, they will move to Yancheng!"

's words, like a basin of cold water splashed down on the Yu family.

Yes, how could they forget that Yan Jiuchao is the young master of Yancheng. If he gets married, he will definitely return to Yancheng. At that time, it will be difficult for Awan to go back to her parents' house. As for Awan's life How, if they were wronged, how would they know?

"Don't worry." Uncle Wan said with a smile, "The young master said that he can live in the capital."

Even thought of this! Yu Shaoqing is embarrassed!

Yu Shaoqing wanted to say something, Uncle Wan calmly sipped his tea: "Your Majesty's leg..."

"Cough!" Jiang Shi choked.

She moved too much and pressed the word "Mao" down.

Everyone is a little strange, so how to say kiss, what is the emperor's leg to mention? What did the emperor's legs do to them?

"What's wrong with you?" Yu Shaoqing looked at Jiang's worriedly.

Mrs. Jiang held the veil with one hand and put the temple on the temple with the other. Xizi held his heart and said, "Oh, my head is so dizzy."

"I'll help you go back to your room to rest." Yu Shaoqing helped Mrs Jiang back to the room, and after that, Yu Shaoqing was never seen again.

Yu Wan's little face darkened, and at the critical moment, her own father could not be trusted!

"Actually..." Yu Feng also wanted to refuse.

Uncle Wan hurriedly said: "The young master said that your marriage with Miss Bai is covered by him!"

Yu Feng said solemnly: "Actually, Young Master Yan is quite good."

Yu Wan: "..."

Du Hongniang smiled slightly, took out a list from her wide sleeve, and said to the uncle and aunt, "Then let's...let's talk about the dowry?"

"Wait." Yu Wan beat her own room and came out, reached out and placed her hand on her dowry list, "This is my marriage, have you asked my opinion?"

Du Hongniang was stunned for a moment. After talking about the matchmaking for so long, no girl's family would rush out halfway. Most of them stayed in the boudoir shyly, and occasionally their parents indulged, but they couldn't show their true colors. Sitting quietly behind the screen, listen to what the matchmaker said to his parents.

For things like marriage, it's enough for the elders to nod their heads. How can it be the girl's turn to pick and choose?

Although Du Hongniang thought so in her heart, she didn't show it on her face. She smiled softly and said, "Miss Yu, don't you want to marry into the young master's mansion?"

"I don't want to!"

...

"What? Not willing?" Yan Jiuchao put down the Kong Mingsuo in his hands in shock, "Did you make a mistake? How could she not be willing?"

Shadow Thirteen: "Uh..."

After she devotes herself to detoxification for you, but you stun her with a stick, should you ask, how could she possibly be willing?

Of course, Ying Thirteen did not dare to say this.

Ying Liu wanted to say, Ying Thirteen whispered: "Moon Money!"

Shadow Six closed his mouth.

Yan Jiuchao's face became very ugly, and even the atmosphere of the entire study became terrifying.

Ying six eyes looked at the nose, nose looked at the heart, the atmosphere didn't dare to let out, Ying Thirteen didn't speak, and the study was so quiet that you could hear needles falling.

Yan Jiuchao wanted to clench his fists, but found that he didn't have the strength at all, so he was angry: "Shadow Thirteen!"

"My subordinates are here." Ying Shisan stepped forward.

Yan Jiu said vigorously: "You said! Why didn't she want to!"

"This..." Does it mean to tell the truth? Ying Shisan cleared his throat, "Of course I'm mad at you."

"Why are you mad at me?"

"She wanted so much to dedicate herself to you, but you knocked her out with a stick? Can she not be angry?"

Yan Jiuchao hated the iron and said: "I know she's in a hurry! Didn't I already ask someone to come to the door to propose a marriage? When it's a marriage, she... whatever she wants, the young master will stick to her if it's a big deal. !"

As if you don't want to do anything to her...

Ying Shisan said earnestly: "She is a girl's family. It's shameful for you to refuse it like this. You are a man, you have to coax her, and women must coax her."

"How, how to coax?"

"Are you going to apologize to her first?"

Yan Jiuchao instantly frowned: "My young master apologized to her? How is that possible?!"

...

The night was getting dark, Yu Shaoqing and others all rested, and the three little milk packs also fell asleep in Yu Wan's arms. She was busy taking care of Yan Jiuchao these few days, and Yu Wan felt that her son was left out by herself. .

Yu Wan kissed their little cheeks.

dong dong dong.

Outside the window, Ying Thirteen tapped the window lattice.

"Miss Yu, it's me."

Yu Wan heard that it was Ying Shisan, put the three little milk buns on the bed, pulled the quilt to cover them, then put on a spring gift, pushed open the window lattice and said, "It's so late, Ying What's wrong with the guard?"

Ying Shisan did not speak, and silently gave way to the side, revealing Yan Jiuchao sitting on the Taishi chair.

He also sat down? !

Yu Wan gave him a dumbfounded look.

A certain young master sat there arrogantly, exuding an air of domineering over the world.

Yu Wan suddenly felt that her fist was itchy.

Yan Jiuchao raised his eyebrows shyly: "Yu Awan, this young master is here..."

!

The window lattice was closed!

I apologize to you.

Yan Jiuchao, who ate a closed door before finishing a sentence: "..."

Chapter 239 [V096] Nine Brothers Chasing His Wife

Yan Jiuchao never expected that when the noble like himself would have a closed door, he was the dignified young master of Yancheng, the royal family of Dazhou, a small village girl, and his courage was too fat!

"You dare to slap this young master, this young master spoiled her?!" Yan Jiuchao gritted his teeth.

Ying Thirteen bit the bullet and kept back the sentence no.

Yan Jiuchao gave Ying Shisan a wink.

Ying Shisan stepped forward, raised his hand and knocked on the window: "Miss Yu."

Yu Wan didn't move.

Shadow Thirteen continued to knock on the window: "Miss Yu."

is still silent.

Shadow Thirteen took a deep breath, then knocked, he knocked, knocked again, he knocked knock knock!

crunch—

The door of the main room opened.

Yan Jiuchao raised her eyebrows, as I knew it, and waited for Yu Wan to greet her affectionately, only to see Yu Shaoqing rushing out with a broom.

Yan Jiuchao with a twitch at the corner of his mouth: "..."

Ying Thirteen grabbed the Taishi chair and ran away!

"In the middle of the night, I'll let you knock!" Yu Shaoqing swung his broom and chased half of the village. Ying Shisan was so tired that he rolled his eyes. When he finally escaped from Yu Shaoqing's pursuit, he placed the Taishi chair on the ground. , I saw that the young master of his own Yushu Linfeng had been blown into a chicken coop.

Yan Jiuchao opened his mouth and spit out a leaf, his face like dead ashes.

On the other side, Yu Shaoqing put down the broom and went back to the house, and Yu Wan also lay down with three little milk packs in her arms.

I don't know if it's because of the bad breath at last, but Yu Wan slept extraordinarily sweetly this time, and she no longer has to beat a certain guy who is ill-natured ten times in her dream.

Yu Wan slept until the sky was getting brighter, and in a daze, she felt three little fluffy heads rubbing against her arms, Yu Wan smiled before waking up, raised her hand and touched the three little heads, He asked lazily, "Are you awake?"

The three little guys nodded.

Yu Wan opened her eyes and met three unbelievably beautiful little faces, and a warm little happiness filled her heart.

In order to take care of Yan Jiuchao, they neglected them these few days. They didn't cry or make trouble, but they seemed to stick to her more than before.

The three of them looked at Yu Wan with wide black eyes, with a cute look on their faces.

Yu Wan understood, everyone gave a big kiss, the three's little faces turned red, shyly buried their heads in Yu Wan's arms, their little butts pouted high, twisting and turning, Very proud.

Children are really easy to be satisfied. It was obvious that he had left them out for so many days, but he was so happy with a kiss. I don't know if it was because he received too little care from Yan Ruyu, so he felt that it was normal to be left out. Yu Wan He stroked their small backs distressedly and decided to compensate them well.

Yu Wan dressed the three little guys and led them to the backyard to wash up. Then the three of them sat obediently on their small toilets and watched Yu Wan milk the goat.

Yu Wan boiled the squeezed goat milk in a pot. After cooling down for a while, she peeled off the top layer of milk skin and put the goat milk into three sheepskin bags. The milk skin was not wasted, she kept it all. Put a little bit of it into dessert, it can have a strong milky fragrance. Although Tiedan and Zhenzhen are not used to goat milk, they like desserts with milky fragrance.

The three little guys grabbed their little feeding bottles and sat obediently on the threshold to drink milk.

"Awan!"

Aunt Zhang came over.

Yu Wan was setting dishes and chopsticks in the main room when she heard the sound and came over. The three little guys blocked the threshold. She couldn't laugh or cry. She picked up Xiaobao and said to Aunt Zhang, "Sit in the room, Aunt Zhang!"

"Oh, this little guy." Aunt Zhang pinched Xiaobao's face, Xiaobao was picked up and still didn't forget to drink milk, that cute little appearance was so cute, Aunt Zhang pinched her face, He didn't respond, and he was drinking milk very seriously, and Aunt Zhang broke into laughter.

"It's Grandma Zhang." Yu Wan said to the three children.

The three of them looked at Aunt Zhang with the mouth of the bottle in their mouths.

Aunt Zhang knew that these children couldn't speak yet, so looking at her like this, even if she was saying hello, she touched the heads of the three of them: "It's so good."

"Go in and sit down." Yu Wan said.

Aunt Zhang said, "I won't go in. I'm here to borrow a bowl from you. The big bowl at home is broken. I'm waiting for the oil."

The days are better, I can occasionally buy some fatty meat at home, and after refining, I can have lard.

"I'll go get it." Yu Wan put Xiaobao down, and Xiaobao sat back on the threshold of the main room with short legs again. It wasn't enough for this time, so he leaned against Erbao, leaving a little space. Can make people walk through.

Aunt Zhang looked at the three children, and a smile appeared in her eyes unconsciously. Probably no one would dislike such a well-behaved child. Is it really A Wansheng...

"Aunt Zhang, can you see this?" Yu Wan took out a big bowl.

Aunt Zhang raised her head and smiled: "That's it!"

Aunt Zhang took the bowl and left.

From the beginning to the end, Aunt Zhang didn't ask anything. The village is so big, and the story that should have been spread has already spread. If half a year ago, 80% of the time she would have been immersed in a pig cage, but now no one dares to say this, is it because it is unknown whether the Yu family supports the livelihood of the whole village or because the young master of Yancheng is the biological father of the child.

After breakfast, Yu Shaoqing went to the mountain to help, Jiang Shi went to Yu's old house, Yu Wan stayed in the house, and checked Little Tie Dan's homework. The three little milk buns also sat aside, shaking their heads with Uncle Tie Dan.

Yu Wan planned to take her child up the mountain after checking her homework. The March bubbles in the back mountain were all red.

Just thinking about this, Yu Feng came to the door.

"Awan." Yu Feng's voice was very light, as if he was worried about disturbing the little iron egg.

"Big brother." Yu Wan went to the main room.

Yu Feng said: "The house is about to be completed. My father said that I will be a craftsman for dinner and noodles. It happens that the spices at home are gone. I will go to the town to buy them. Do you want to bring something?"

Yu Wan thought for a while and asked, "What time will Big Brother go?"

"In the afternoon, it's the day after tomorrow, don't worry about buying it back today, I'll go check it out first, and give what I can decide first." In the past, he used to buy now, but since he started doing business, Yu Feng has become more and more planned. .

"I'm fine this afternoon, I just took a few children to go around town." After a pause, Yu Wan whispered to Yu Feng, "I can't wear Tie Dan's pants again, so let's not let people call him fat."

Yu Feng laughed and glanced at the house: "Okay."

"Sister, did you speak ill of me again?" Little Iron Dan's indignant voice came from the room.

Yu Feng held back his smile and said in his usual tone: "No, your elder sister and elder brother told me to go to the town to buy you new clothes later."

"Really?" Little Iron Dan exclaimed happily.

Yu Wan said: "Recite your thousand-character text!"

Little Iron Egg: "...Oh."

"I'm going to the construction site first." Yu Feng said.

Yu Wan sent Yu Feng out, and was about to turn around and enter the house when Aunt Zhang hurried over: "Awan, there is business!"

Yu Wan stopped.

Aunt Zhang was washing clothes with a few women by the ancient well at the entrance of the village. Suddenly, a carriage stopped behind them. A handsome little girl stepped down from the carriage and asked, "Does Miss Yu live in this village?" Aunt Zhang asked her who she was and what she wanted to do, and the little girl said that she came to buy ingredients from Miss Yu, and Aunt Zhang brought her here.

There were two people in total, besides the little girl who asked for directions, there was also a girl in a white cloak.

"Thank you Aunt Zhang." Yu Wan said politely.

Aunt Zhang smiled: "I'll go first."

"Aunt Zhang, walk slowly." After seeing Aunt Zhang away, Yu Wan looked at the two girls who were led by Aunt Zhang. Judging from their clothes, they were a pair of master and servant. The young lady behind her was wearing a tender pink dress with luxurious materials, bead hairpin rings, and delicate makeup.

Both of them looked a little familiar.

Yu Wan looked up and down the two of them, her eyes stayed on the daughter's face, suddenly, her eyes moved: "Is it you?"

Isn't this the same girl from the Xiao family who met in the corridor on the day we went to the Xiao residence? And the little girl beside her was the one who held the lantern for her that night.

The girl from the Xiao family also recognized Yu Wan, and there was a strong surprise in her beautiful eyes: "Yes, it's you."

"Huh?" Yu Wan raised her eyebrows, "I'm surprised, because I didn't expect my guest to be the daughter of the Xiao family, what is Miss Xiao surprised? You come to buy ingredients on your own initiative, don't you know that people who sell ingredients will be me?"

"I..." The Xiao family girl choked.

"That's it." Yu Wan didn't mean to embarrass her, and invited her into the room, "The poor house is simple, and I wronged Miss Xiao."

The Xiao family girl and the maid stepped into the house.

There was a hint of disgust on the maid's face that could not be concealed, but the girl from the Xiao family looked curious and looked around at the furnishings in the main room.

In Xiao Mansion, any room for servants is much more elaborate than here. The table here is painted, the chairs are tied with cloth, the cheapest incense candles are placed on the desk, and the nails on the walls are hung. A few pieces of shiny bacon.

but very clean.

"Miss Xiao, please take a seat." Yu Wan pointed to the chair by the table.

The girl from the Xiao family was about to sit down when the maid stopped her: "Miss, wait!"

The maid took out the handkerchief and wiped it carefully on the chair before letting her lady sit down.

The Xiao family girl gave Yu Wan an embarrassed look.

Yu Wan has seen this kind of thing a lot. She didn't take it offensively, she didn't get angry, and she didn't tell the maid that you used to sit on the dirty chair that you disliked, as well as your mistress and the young master of Yancheng.

"How did Miss Xiao find out about this?" Yu Wan took a clean cup. She knew that the daughter of Xiao's family would not drink tea from her family, so she didn't waste the tea, and only poured a cool white cup for her.

After the girl from the Xiao family took the cup, she gently placed it on the table and said to Yu Wan, "I heard what someone said."

"Is that Mrs. Xiao?" Yu Wan sat down at the other end of the table.

The Xiao family girl hummed.

Yu Wan nodded: "Then are you here to buy ingredients for Mrs. Xiao today, or are you buying it yourself?"

"...buy them all." The girl from the Xiao family said.

"Stinky tofu?" Yu Wan asked.

The Xiao family girl was stunned.

Yu Wan smiled: "Miss Xiao, you came to me to buy ingredients, shouldn't you even know what I sell?"

"I know." The girl from the Xiao family said hurriedly, "I heard that your family used to sell braised pork."

"That was a long time ago." In this way, it was not Shangguanyan who told the girl. Shangguanyan didn't know that her family had sold braised pork. When Shangguanyan came over, her family seldom did the braised pork business. , to sell stinky tofu and sour bamboo shoots.

Yu Wan didn't ask who she asked about her. In her opinion, it's not important, what matters is whether the business can be done.

Yu Wan looked at the girl from the Xiao family and said, "If Miss Xiao wants to buy braised pork, I'm afraid you have to make a reservation. My family has stinky tofu and sour bamboo shoots ready-made. How much does Miss Xiao want?"

The Xiao family girl's eyelashes and feathers trembled: "As much as my second aunt buys, I will pay as much."

Yu Wan went to the kitchen to get five jars of stinky tofu: "One jar is ten pounds, and one pound is fifteen cents, a total of seven hundred and fifty cents."

So much for less than a tael of silver, the girl from the Xiao family felt that it was very cheap, and she motioned the maid to pay for the silver, but the maid stared with almond eyes: "Why is tofu so expensive? The tofu in the capital is only four cents a pound! You are lying! money!"

Yu Wan smiled lightly: "My stinky tofu has always been at this price. It's for the sake of Mrs. Xiao and Marshal Xiao before I sell it to you. Originally, it was not enough to supply Zuixianju."

The maid frowned and said, "Miss! Don't listen to her! There are so many tofu in the capital, if you want to eat it, I'll buy it for you elsewhere! They're not as black-hearted as her!"

Yu Wan smiled, her stinky tofu is an exclusive business, and the capital can't eat it anywhere except Zuixianju, Zuixianju can be sold much more expensive than her, the little girl is still young and thinks she is smarter than anyone else.

But she could also see that this pair of master and servant did not come to buy things at all, but to see her.

Yu Wan looked at the girl of the Xiao family and said, "Since Miss Xiao doesn't buy anything, then I'll go to work."

The Xiao family girl hesitated.

Yu Wan stopped paying attention to her and moved the stinky tofu back to the stove. When she returned to the main room, the master and servant had already left.

The Xiao family girl appeared inexplicably, Yu Wan simply didn't take it to heart, took a few children to the old house for lunch, and went on the road with Yu Feng on the ox cart of Shuanzi's house.

Originally planned to bring a few little guys, but the little guy woke up too early. During lunch, he fell asleep on the table while eating, Yu Wan had to leave them behind.

When the bullock cart was halfway, a woman's scream suddenly came from the front: "Ah—Miss—"

The two brothers and sisters stared intently. They heard a luxurious carriage by the ridge not far away. The coachman was stunned beside the carriage. The screams came from the carriage. Yu Wan listened to the sound. It felt vaguely familiar.

Yu Feng drove the ox cart over and asked the driver, "What happened?"

The driver said tremblingly: "I...I don't know..."

I really don't know, he was driving the car, and suddenly there was a noise from the car, like someone fell on the floor, he stopped the carriage, he asked what happened, but the maid didn't say anything, not only didn't say anything. , do not let him see.

But he could vaguely guess that something happened to Miss.

Yu Wan jumped out of the ox cart, looked at the driver, then looked at the closed curtain, stepped into the carriage, and lifted the curtain.

The maid thought it was the driver, and scolded her face: "Who allowed you to come in! Get me out... ah-"

Before he could finish speaking, Yu Wan took the collar and threw it out of the car unceremoniously.

The interior of the car was dimly lit, and the girl of the Xiao family lay on the floor in a daze, her eyes were blurred, her face was blue and her teeth were closed, Yu Wan saw something was wrong, she quickly pinched her wrist and gave her a pulse.

is epilepsy!

Yu Wan was startled, and immediately pulled down the curtain and opened the window to let the air circulate.

"What are you doing!" The maid rushed up like a madman, the young lady has this kind of disease, and she can't be seen by others!

Yu Feng grabbed her and shouted sharply, "My sister is a doctor! She is saving your young lady!"

The maid struggled: "She didn't save my lady! She will harm my lady! You give to a black-hearted woman, let go of my lady!"

Yu Wan ignored her, knelt down halfway, loosened the collar of the Xiao family girl, let her lie on her side, grabbed her cloak and put it behind her head, and removed the stool beside her.

The curtain of the car was lifted, and the scene inside was completely exposed to the eyes of several people. The first time the driver saw such a scene, he was stunned.

The maid was furious: "You still look! I dug out your eyeballs!"

The driver turned his back timidly.

"Let me go!" The maid continued to struggle in Yu Feng's hand, but no matter how hard she exerted, she could never get rid of Yu Feng's big palm. on the wrist!

"Hey—" Yu Feng was caught off guard, gasping for breath in pain, his hands loosened, and the maid fled.

The maid picked up a stick and jumped into the carriage, but before she got into the carriage, she was hit in the face by a water bag that flew out, and fell back to the ground with a slap, knocking unconscious on the spot.

After an unknown amount of time, the movement in the carriage finally straightened up.

The girl from the Xiao family regained consciousness, and when she saw Yu Wan next to her, her complexion changed.

Yu Wan's expression did not waver at all: "Change your clothes."

The Xiao family girl blushed.

Yu Wan closed the car curtain, closed the car window, and said to her, "Your maid made me stunned, can you change it yourself? Or do you need me to help you?"

The Xiao family girl bowed her head in embarrassment.

Yu Wan said calmly, "Where are the clothes?"

The Xiao family girl pointed to the seat panel behind Yu Wan.

Yu Wan took out a box from under the seat, took out a spare set of clothes, and helped the Xiao family girl put them on.

The Xiao family girl was so embarrassed that she turned her side and fastened her belt little by little.

"Is it yours?" Yu Wan handed her a prescription that had fallen on the ground.

The Xiao family girl took the prescription, folded it, and put it back in her purse.

"Zhao Heng wrote it." Yu Wan suddenly said, she recognized Zhao Heng's words.

The Xiao family girl frowned.

Yu Wan said: "I didn't mean to see it, I thought it was your own recipe."

Xiao's girl's fingers tightened.

Yu Wan suddenly realized: "No wonder you came to Lianhua Village to find me, and no wonder you reacted like you've seen a ghost, did you not expect Zhao Heng's ex-fiancee to be brought into Xiao's house by your second uncle that night? woman?"

's thoughts were all guessed, and the head of the Xiao family girl dropped even lower.

Yu Wan lightly pulled the corners of her lips: "Zhao Heng and I have broken off our engagement. You really don't need to come here to find out about me. Speaking of which, how could you..."

Have something to do with that scumbag Zhao Heng?

The Xiao family girl bowed her head and said nothing.

Yu Wan sighed: "Okay, don't look like you've been caught by me, I've said it just now, I have nothing to do with Zhao Heng anymore, what is the matter between the two of you, as long as you don't talk about it in the future Come to me, I will treat you as if you haven't been here today."

The Xiao family girl bit her lip, and after hesitating for a while, she nodded.

Then, she opened her mouth again, as if she wanted to say something, but it was hard to say it.

How could Yu Wan not understand what she meant? Everything is written on his face, no wonder he was eaten to death.

Yu Wan said calmly, "I'm a doctor, and I still have some medical ethics. I won't publicize your condition, and I won't stab Zhao Heng."

She can't wait to have nothing to do with Zhao Heng in this life, where would she go to tell Zhao Heng?

Compared with Zhao Heng's discovery of the Xiao family girl's illness, Yu Wan is more concerned that the Xiao family girl does not know exactly who Zhao Heng is.

Forget it, when she mentioned Zhao Heng, this girl's eyes were bright, so she was really tempted by Zhao Heng, otherwise she wouldn't have traveled all the way to see Zhao Heng's ex-fiancee, even if she really valued Zhao Heng's quality. Sexually told her that she might not believe it, and she might misunderstand that her love for Zhao Heng was over, and she wanted to break up Zhao Heng and her.

It's ridiculous to say that a man like Zhao Heng never lacks a woman who is devoted to him. He used to be Awan, but now he is a girl from the Xiao family.

She said why Zhao Heng moved out of the Lotus Village overnight, and dared to climb up a new high branch.

Yu Wan gave her a sympathetic look: "Do you need me to take you to the pharmacy in town?"

The Xiao family girl shook her head gently.

"Then I'll go first." Yu Wan stood up.

Xiao's girl suddenly reached out and grabbed her sleeve.

Yu Wan looked at her and said, "If you want to inquire about Zhao Heng..."

"My name is Ziyue."

she said softly.

Yu Wan paused in astonishment, then nodded: "I see."

After saying that, he stepped out of the carriage.

Chapter 240 [V097] Nine Brothers Chasing His Wife (2)

After rescuing the Xiao family girl, Yu Wan went to the town with Yu Feng.

Yu Feng thought of that maid's hostility towards Yu Wan, and asked in confusion, "Awan? Do they know you?"

Yu Wan didn't mention the identity of the girl from the Xiao family and her relationship with Zhao Heng, but said, "They came to the village this morning to buy stinky tofu from me, but the maid thought the price was too high, and said I had a black heart to cheat them and left."

"Is that so." Yu Feng nodded, his bitten arm was still aching, that girl really seemed to be able to say that kind of thing and do that kind of thing, suddenly thought of something, Yu Feng frowned, " It's a pity that the girl is so young, how did she get this kind of disease?"

Xiao Ziyue had been lying on her side on the ground, to be honest, Yu Feng didn't see her full face, only glanced at her profile, and could guess that she was a fifteen or six-year-old girl.

Yu Wan looked at the wheat field outside the window and murmured, "Yeah, what a pity."

At such a young age, why was he blind and blind, and he fell in love with a man like Zhao Heng?

...

"Miss...Miss, Miss!" The maid woke up suddenly and found that she was sitting on the swaying carriage, and beside her was Xiao Ziyue who had changed into dry clothes, she hurriedly asked, "Miss, are you alright? Bar?"

Xiao Ziyue shook her head: "I'm fine, thank you Miss Yu today."

The maid pouted: "What are you thanking her for? It's all her fault! Now more people know about your illness! She did it on purpose! When she comes back, she will spread the word to you. You are in the capital..."

"She won't." Xiao Ziyue interrupted her, "She promised me that she would be tight-lipped."

"You believe this?" The maid stomped her feet, "You forgot, how did she break up with Young Master Zhao? She had a marriage contract with Young Master Zhao, so she ran off to hook up with other men, and she was not innocent by the end of the day. He lied to deceive the whole village, so that Mr. Zhao was excluded by the villagers, and he could hardly stay in the village."

Xiao Ziyue thought for a while: "I don't think she is that kind of person."

The maid said earnestly: "Miss, people are sinister, you have only met her a few times before you know what kind of person she is? You are the first daughter of the Xiao family, how precious is your identity, I think she is 80 percent of the time? If you want to flatter you and get something from you, you must not follow her way!"

Xiao Ziyue sighed and said nothing.

Young Lord's Mansion

Yan Jiuchao sat in the study with a gloomy face, his eyes looked quietly in the direction of the courtyard, and asked indifferently: "Has she not come to the young master to ask for peace?"

Ying Thirteen said calmly: "Yes, Young Master, Miss Yu didn't come to ask you for peace."

Yan Jiu's teeth itch with vigour: "She's really going against the sky! Didn't you say you'll be fine if you apologize!"

But your apology didn't go out...

Ying Thirteen didn't dare to make up his mind again, if he messed up again, he should also be deducted from the monthly payment.

Shadow Thirteen pretended not to speak.

Yan Jiuchao tapped lightly on the table with his fingers, thinking of something, he instructed Ying Shisan, "Go and bring those **** from Lu Xiaoyao to this young master!"

"...Yes." Ying Shisan went non-stop. After half an hour, the four major bullies in the capital, headed by Lu Xiaoyao, were thrown into the study of the young master's mansion one by one.

Several people were the targets of Yan Jiuchao's savage beating. They were caught by Ying Shisan and brought to the young master's mansion, and their legs were softened with fright.

Lu Xiaoyao said with a sad face: "Young master, what did we do wrong this time?"

Yan Jiuchao said impatiently, "I didn't say I would beat you all, but I will give this young master away all the tears and snot."

Several people stopped crying for a moment.

Lu Xiaoyao rolled his eyes and asked with a smile, "Young master is lonely, where do you want to spend some time? My brother, I found a good place recently!"

"Are there any women?" Yan Jiuchao asked.

Lu Xiaoyao was stunned for a moment, then nodded as if pounding garlic: "Yes, yes, yes! Of course there is!"

"You still dare to take this young master! Do you think your life is too long?" Yan Jiuchao grabbed the booklet on the table and threw it at him.

Lu Xiaoyao was smashed and screamed.

The three companions looked at him and gasped.

Lu Xiaoyao: What about not beating?

"Young Master asked us to come today, is there any dispatch?" The second-ranked bully, Young Master He said.

Yan Jiuchao said lightly: "I have a few questions I want to ask you, and I answered correctly. From now on, this young master will no longer trouble you; I answered wrong..."

Lu Xiaoyao hurriedly said: "I can't answer wrong! I can't answer wrong! Young master, ask me!"

Yan Jiuchao said proudly: "A woman who thinks about you all the time, gives up her heart, has deep roots in her love, and the sea is rotten..."

Lu Xiaoyao: "..."

Uh... Are you sure there is such a woman?

Yan Jiuchao said, "How to coax?"

The four of them staggered, and almost fell to the ground in unison.

Does a woman who thinks about you day and night, is determined, has deep roots, and is rotten by the sea, still uses coaxing? Posted it upside down early, okay? !

Lu Xiaoyao brushed off his wide sleeves, put the black hair hanging in front of him behind his shoulders, raised his chin and said, "If you want to coax a woman, it's right for the young master to find me! There are no women in the world. I, Lu Xiaoyao, can't be coaxed!"

Yan Jiuchao looked at him coolly.

Lu Xiaoyao shrank his neck and said angrily: "Sister-in-law and sister-in-law are excluded, but as long as the young master goes out, he will definitely be able to hold the beauty back!"

"Humph." Yan Jiuchao looked away coldly.

Lu Xiaoyao and the others are well-known little dudes in the capital.

"Is my sister-in-law literate? Do you like to read?" Lu Xiaoyao asked.

Yan Jiuchao remembered the medical books piled up on the hills in Yu Wan's house, and nodded: "I like it."

Lu Xiaoyao clapped his hands and said, "This is easy to handle! All talented girls love poetry!"

Yu Wan bought a few new pairs of trousers for Little Tie Dan in the town, as well as some new sets of clothes for the three little **** and the little girl, and then returned to the village with Yu Feng.

As soon as she entered the hall, the little iron egg ran over: "Sister, I have your letter!"

Yu Wan took the thick stack of letters from him, turned around and went back to the house.

Yu Wan opened the first envelope.

"Qingqing Zijin, relax my heart. Even if I don't go, Zining won't have a voice? Qingqing Zipei, take a while to think. Even if I don't go, Zining won't come?"

Yu Wan opened the second envelope.

"Guan Guan Jujiu, in the River Continent. A slender lady, a gentleman is so arrogant... I can't ask for it, I am obsessed with it. Leisurely, tossing and turning."

The third letter.

"There is a beautiful woman, and you will never forget it. If you don't see it for a day, you will think like crazy."

dong dong dong.

The window lattice was knocked.

Yu Wan pushed it away and saw Yan Jiuchao sitting on the chair of the Grand Master, looking at the letter in her hand, and the corner of her lips curled up: "Are you satisfied with what you see?"

Yu Wan: "..."

...

Yan Young Master returned to the Young Master's Mansion in dismay, with a large bag on his forehead.

"Lu Xiaoyao, how do you want to die?"

"Youth, little... little master, calm down! I just asked Mr. Wan, and I misunderstood Mrs-in-law! Mrs-in-law doesn't like poetry! She loves money!"

It was not sincere enough to put money directly. Lu Xiaoyao suggested that he should give something instead. Lu Xiaoyao used this trick no less than a hundred times, and he summed up a set of his own experience - as long as the shot is generous enough, there is no girl who can't be coaxed.

Lu Xiaoyao: "Young Master, remember, you must be generous! Don't let your sister-in-law think you are too petty!"

A certain young master came to the street closest to the young master's mansion, raised his hand, and said majestic and domineering: "This young master wants all the things in this street."

This is always generous, right?

"All sent to Lotus Village."

An hour later, Yu Wan's house was filled with countless gifts, gold and silver jewelry, antique calligraphy and paintings, pots and pans, chickens, ducks, fish... everything, and at the end of the pile of gifts, strange A dark coffin lay on the ground.

"..."

Shadow Thirteen covered his eyes.

Forgot to remind the young master that there is a coffin shop on this street...

...

When Yan Jiuchao returned to the young master's mansion again, he had a pair of panda eyes.

Lu Xiaoyao felt that his head could no longer be tied to the belt of his pants. He had lived for twenty years and had never failed like this. What should he do? He was also very desperate! Where is the problem? Why is it possible for a little dude like him, but not for the dignified son of the Yan Jiu Dynasty? Where is Yan Jiuchao worse than him? Is it because Kung Fu is not good for him? ! God, he didn't dare to ask!

Lu Xiaoyao hugged Yan Jiuchao's thigh and said, "Young Master, I have one last move. If I still can't save my sister-in-law, I will give you the heads of the four of us!"

Companions collapsed collectively, surnamed Donkey! You bet you, why are you involved with us? !

"Shadow Thirteen." Yan Jiuchao said lightly.

Ying Shisan pulled out his sword expressionlessly and put it on Lu Xiaoyao's neck: "You don't need to pick it, I'll do it."

Lu Xiaoyao shuddered...

...

But she said that Yu Wan let Yan Jiuchao make trouble all day, and only focused on tidying up the house and him, and nothing was done. The little guys stared at her, as if they were still waiting for her to go up the mountain. Go on them, I'm afraid you won't be able to come back before dark.

Yu Wan squatted down, touched the small foreheads of the three of them, and said softly, "Mother will pick it up for you, and come back soon, okay?"

The three nodded obediently.

Yu Wan asked Little Tie Dan to look at them, then carried a bag on her back and went up the mountain.

A figure flashed into the next door: "Young Master, Miss Yu has gone up the mountain!"

"One person?" Yan Jiuchao asked.

Shadow Six nodded: "Yes, Young Master!"

After saying that, there was no movement.

Yan Jiuchao gave him a cold look: "What are you still doing? Don't you know how to bring this young master up the mountain?!"

"...Oh." Yingliu lifted the Taishi chair and performed light work up the mountain.

The mountains and forests in the spring of March are lush with lush foliage, exuding a sweet aroma of wild fruits.

Ying Liu copied the path and walked in front of Yu Wan. When Yu Wan arrived at the place where she usually picked wild fruits, Yan Jiuchao was already sitting on the Taishi chair, waiting for her for a long time.

He still looks like he does not recognize his six relatives, but if you look closely, you will find that his fingertips are overlapped on his legs, and he is a little nervous.

Yu Wan didn't intend to ignore him, she turned around and left.

Yan Jiu slid towards his throat: "You... you stop! This young master has something to say to you."

Yu Wan turned around and looked at him lightly: "What?"

"I like you, that's all!"

"How could this young master say such nasty things?!"

"But women love to hear such nasty words! Does the young master still want to coax his sister-in-law back? Listen to me, yes, you have to be more affectionate and sincere, and you'd better look into her eyes and say."

Yan Jiuchao's ears were hot, and he said fiercely, "You...you come here!"

Yu Wan said lightly, "If you have something to say, just say it."

If you have a fart, let it go.

Yan Jiuchao's breathing tightened, and his heart began to beat violently. He wanted to do as Lu Xiaoyao said, but found that he couldn't look her in the eye at all. He took a deep breath and said slowly, "I... .."

Yu Wan looked up, her eyes trembled: "There is a snake! Get out of the way!"

Yan Jiuchao did not move.

Yu Wan said coldly, "Let you get out of the way!"

The snake was hanging on the branch above Yan Jiuchao's head, and it fell on Yan Jiuchao's body, but Yan Jiuchao seemed to have heard nothing and sat there motionless, Yu Wan didn't know what was going on in him. , why didn't you hide, it was too late to run over to pull it away, Yu Wan hurriedly took out the sickle from the basket and threw it at it.

The sickle slashed the poisonous snake across the air, and the two snakes fell on the armrest of the Taishi chair, bounced twice and fell to the ground, blood swept Yan Jiuchao's face.

"Are you crazy? Why don't you dodge if you want to escape! You just waited for me to save you, right? You never thought that I was angry, what if I didn't save you? What if I missed?" One inch, it may cut through the poisonous snake, he was bitten to death by the poisonous snake, or it may cut him and chop him to death, as long as Yu Wan thought of any of these possibilities, her hands trembled with fear.

But soon, Yu Wan noticed something was wrong.

Yu Wan's eyes fell on his stiff legs: "Your legs... can't move?"

Yan Jiuchao did not speak.

"Yan Jiuchao." Yu Wan squatted down and looked at him fixedly.

Yan Jiuchao leaned back on the Taishi chair with a pale face.

Yu Wan's expression changed: "You... you are poisonous again?"

"I'm fine." Yan Jiuchao said weakly.

Yu Wan reached out to untie his clothes.

Yan Jiuchao grabbed her hand.

"Detoxify first!"

"Get married first."

"Are you still thinking about getting married? Your life is about to die!" If she hadn't understood medical skills and could take her pulse, she might have thought it was this guy who pretended to coax her into marrying him, but he was really poisoned.

"I won't get married...I won't give you...take advantage..."

Who is going to take advantage of you? !

Yu Wan said in a pique, "Yan Jiuchao, have you ever thought about what if this poison can't be cured? What if you just go there? If you marry me, won't I be a widow?"

Yan Jiuchao's consciousness has been somewhat scattered: "Marry here...mine...is yours..."

is all yours.

is yours.

After I die, no one will dare to bully you.
