### Chapter 621 Mysterious Little Black Egg

After sailing at sea for several days, the weather is beautiful, and the sea has been calm.

Yan Jiuchao and Yu Wan's group were on a huge ship the size of three or four painting boats. The ship had a deep draft and sailed smoothly. This was undoubtedly a beautiful thing for Yu Wan, who was pregnant.

If it's too fast and bumpy, she should get seasick.

The weather is getting warmer, but the sea breeze is very comfortable.

Yu Wan stood on the deck, leaning on the railing and looking at the endless deep sea.

"Madam, it's too sunny here." A maid came over with an oil-paper umbrella and slapped the umbrella on Yu Wan's head.

This maid is called Ping'er. She was brought by the three owners before boarding the ship.

Ping'er is petite, and her appearance is barely fair. She may not be noticed at first glance in the crowd, but she is a good hand in doing things. Apart from Fuling and Shisu, she is the most handy maid she has ever used.

"How old are you this year?" Yu Wan asked.

"Slave Seventeen." Piner said.

Yu Wan murmured, "Seventeen, it's time to get married."

Fuling and Shisu are also seventeen, and when they return to Helian Mansion in Nanzhao, they will arrange their marriage.

"Slaves don't get married." Piner said.

"Huh?" Yu Wan looked at her puzzled.

Ping'er whispered: "The slave girl wants to serve the lady all her life."

Yu Wan let out a chuckle.

Ping'er looked a little stunned. It's been a long time since a little fat man was so beautiful. However, what she said just now was sincere. Her family was poor and she was sold to work at the wharf since she was a child. I have done it, and the master has served several, but none of them are as good-tempered and good-natured as Madam.

Mrs.        is also generous in her actions. The clothes she presents are all new. When she does something wrong, the lady will not beat or scold her. It would be better if such a master could serve her for the rest of her life.

"You..." Yu Wan smiled and looked at the boundless sea, "I'm from a far away place, you'll never be able to go home again if you follow me."

The Emerald Country, if it wasn't for the whereabouts of the Witch King, she would never pass by in her life.

"Ah..." Piner was startled.

Yu Wan smiled, raised her hand and untied the cloak on her body: "It's getting hot from the sun, let's go back to the house."

"Yes, Madam!" Ping'er changed the umbrella in her left hand to her right, and supported Yu Wan as she walked towards the wing.

Just a few steps away, Yu Wan heard a row of familiar laughter, as if someone was laughing with a pig croak on his hips.

She paused.

That laughter was gone again.

"Madam, what's the matter with you?" Ping'er noticed her strangeness and asked with concern, "What's wrong? Do you want a servant to invite Doctor Cui?"

"No need." Yu Wan said that she was not uncomfortable, not to mention that even if she was uncomfortable, she was a doctor herself, and she didn't need the genius doctor Cui for a little problem.

Yu Wan looked at the direction where the laughter came from, it seemed to come from a certain wing at the stern of the boat.

"Who lives there?" she asked, pointing to the wing.

"Which room did Madam ask?" Piner said, looking in the direction she pointed.

"Just... those rooms." She couldn't tell which room the laughter came from.

Ping'er stood on tiptoe to look around and said, "A few rooms are occupied by guests, and the ones that Madam pointed out seem to be from the first, second, and third masters."

"I think too much." Yu Wan sighed, secretly thinking that she was only afraid that she had been blown away by the sea breeze for too long, causing her to misunderstand. How could her mother and three little guys come to sea with her? They and their great-grandfather went to Nanzhao. Now, I'm

afraid they have already lived in Helian's house to share the joy of family with the old lady, uncle, aunt, and cousin Sheng.

"I miss them so much." Yu Wan said.

Ping'er blinked in confusion, what is Madam talking about? Who does she miss?

But Yu Wan didn't say any more, and walked towards her and Yan Jiuchao's wing, but just after a few steps, she heard that voice again, and now Yu Wan couldn't bear it anymore, she turned around at a very fast speed, She was so frightened that Piner broke a cold sweat for her!

Madam! You are pregnant! Can you please stop being so excited!

When Yu Wan came to those rooms, her voice had long since disappeared.

She pushed open the door of the first wing, and the third master looked at her with a confused expression.

She pushed open the door of the second wing, and the second master looked at her with a confused expression.

Only the last room left.

Yu Wan took a deep breath, stretched out her hand, and pushed it away—

As a result, I saw the big boss sitting on the stool, grabbing a half-eaten chicken leg, and in front of him was a large table of mouth-watering delicacies - braised pork, sauce elbow, sauce pan duck, crispy chicken, steamed crab... everything. .

The big boss swallowed his saliva, grabbed an untouched chicken leg, and handed it to Yu Wan: "Would you like one?"

"I'm disturbed." Yu Wan bowed slightly, turned and walked out.

As soon as she left, three little fat hands stretched out from under the table and snatched away three chicken legs!

Boom!

The door is open again!

The big boss still grabbed a half-eaten chicken drumstick, but there were several drumsticks missing on the plate.

Yu Wan's strange gaze fell on the plate that was half empty in an instant. Seemingly aware of Yu Wan's suspicion, the boss immediately grabbed a stewed chicken feet and performed a meat-eating meal for Yu Wan. Spit up the bones!

Yu Wan cleared her throat: "Excuse me."

"Mrs."

Seeing Yu Wan coming out of the house for the second time, Piner's expression was even weirder than hers. Madam's way of killing her with a carbine, I don't know, she was trying to catch the big boss.

"Let's go." Yu Wan gave up completely this time.

It must be because she misses A-Niang and a few little guys so much that she hallucinated herself. They couldn't have come here, and it was even more impossible for a few bosses to cover for them.

Although Yu Wan went back to her house desperately this time, she was unable to go back after all. When she was just walking out of the aisle, a figure suddenly rushed towards her face. Seeing that she was about to bump into her and Pinger, she turned Pinger. Pushing to the side, he also leaned against the wall on the other side.

The figure slammed between them.

"Madam, are you alright!" Piner, who had escaped the catastrophe, immediately stretched out her hand to support Yu Wan, but unexpectedly, several figures bumped into her.

"Ah—" Ping'er screamed, let go of Yu Wan's hand, and took a few steps back.

When the group of people whizzed past, Piner stomped her feet angrily: "What are you doing? Aren't you afraid of bumping into someone? Madam, are you okay?"

She supported Yu Wan's arm.

Yu Wan shook her head: "I'm fine, but—"

She said, looking at the group of people running towards the deck, "That kid seems to be in trouble."

"Which kid?" Piner asked in confusion.

As soon as the voice fell, a loud thud was heard, and then someone shouted: "Falling into the water! Stop the boat! Someone has fallen into the water!"

Ying Thirteen and Ying Six lined up and jumped into the water.

The two of them grabbed a pair of arms underwater and swept up!

It wasn't until he was put in Class A that he realized that it was not Yu Wan, but a handsome young man.

"Ah..." Ying Liu was stunned.

The place where the young boy fell into the water was the place where Yu Wan often went to bask in the sun. The two immediately flashed out when they heard the sound of the water. People who didn't see Yu Wan thought it was Yu Wan who fell into the water.

"Humph." Ying Liu released the boy's arm in disgust.

Shadow Thirteen stood up expressionlessly.

This movement attracted a lot of onlookers from the boat passengers, who surrounded the three of them and looked at them curiously.

"Madam, Ying Thirteen and Ying Six." Piner said, pointing to the two handsome men who stood out from the crowd.

"Let's go and take a look." Yu Wan walked over lightly.

She was well taken care of by several masters on the ship, and the passengers already understood that her identity was not simple. As soon as she appeared, the crowd automatically gave way.

Ying Thirteen and Ying Six saw her and bowed their hands: "Young Madam."

"Hmm." Yu Wan nodded and looked at the unconscious teenager beside her.

Yingliu muttered: "Scared us to death, I thought it was the young lady who fell into the water... Where did this kid come from, why did he fall into the water?"

Ping'er recalled and said, "It seemed that someone was chasing him just now. He fell into the water because he was frightened?"

The men at the back of the crowd exchanged glances, held back their murderous intent, turned around and returned to the room.

Yu Wan withdrew her gaze from the corners of her eyes without a trace, stretched out her hand and tore off the young man's clothes, pressed his chest with both hands, and expelled the accumulation of fluid in his chest.

The boy opened his eyes weakly after spitting out a few saliva.

He has thin skin and tender flesh, with clear eyebrows and beautiful eyes, just like a handsome young man, but when he saw his eyes clearly, all the passengers around him gasped!

#### Chapter 622 Ferocious Rakshasa King!

I don't know if I don't see it, but I was shocked when I saw it, this young man with beautiful eyebrows actually had a pair of yin and yang eyes! ! !

"It's Yin-Yang Eyes!" A burly, middle-aged boat passenger was so shocked that his voice changed. He staggered back a few steps and hit the railing with his butt. It wasn't that someone on the side grabbed him in time, and he also fell into the sea unsteadily. .

Such a fat and strong man was still frightened like this. Needless to say, the rest of the passengers looked at the wet teenager on the deck in horror, as if they had seen the plague, and all rushed back.

The only ones who didn't move were Yu Wan, Ying Six and Ying Thirteen.

The three of them had a panoramic view of the reactions of the boat passengers, exchanged strange glances with each other, and all looked at the wet boy.

The young man probably had such an experience and was rejected by everyone. He didn't move his eyelids. Instead, Yu Wan, Ying Liu and Ying Thirteen looked calm on the side, which made him secretly surprised. .

"Yeah." Yu Wan squatted on one knee on the ground, pinched her chin and looked at him. One of his eyes was amber, and the other was blue. Was it the eyes that scared the boat passengers away?

But Yu Wan felt that these eyes were very beautiful.

"Girl! Stop looking! It's yin and yang eyes! If you watch too much, you will be blind!" An old man kindly reminded Yu Wan.

Yu Wan turned her head: "Can you be blind?"

"Yeah, I'll be blind! Stop watching! Hurry up and leave!" Another big man advised.

Everyone thought that something had fallen into the water. If they had known that it was a yin and yang eye, they would not have said anything to join in the fun.

Having said that, these people seem to be distinguished guests on the ship, and the three masters are all very polite to them. If not, at this time, I am afraid that someone will jump out and blame them for saving a yin-yang eye and meddling.

The boat passengers dispersed.

Although the young man was used to this kind of treatment, he was not without turbulence in his heart, especially when Yu Wan stared at him without hesitation, his ears turned red.

His eyes flickered, hiding the embarrassment and embarrassment in his heart, turning his face away and said solemnly: "Are you still leaving?"

Yingliu said with anger: "Boy! We saved you! How did you talk to my young lady?"

"Who let you save?" the boy said angrily.

yo, still a little hedgehog.

Yu Wan touched her chin, tilted her head slightly, and looked at him carefully.

He was uncomfortable with Yu Wan's eyes, and turned his face to the side.

Yu Wan glanced in the direction of the boy's arrival: "Is this the one who caught you just now?"

The boy understood what she meant by "this", he lowered his eyes and said in a low voice, "No."

The tone of talking to Yu Wan was not as aggressive as when talking to Ying Liu.

Yu Wan snorted, but still had no plans to leave.

The teenager had never seen someone who was willing to stay with a yin-yang eye for so long, he couldn't help but glance at Yu Wan.

Yu Wan was already eighteen at the time of the New Year, but this face looks like fifteen, not to mention the blush in the white, the little face still shows a little baby fat, the facial features are exquisite and picturesque, and the temperament is as tranquil as poetry. Being nearly six months pregnant, it's hard not to notice her belly.

The moment he saw her pregnant belly, the boy's eyes widened instantly.

When he opened his eyes so wide, a pair of pupils of different colors also stood out.

It's so beautiful... Yu Wan secretly sighed.

"Aren't you from the Emerald Nation?" the boy suddenly said.

"Huh?" Yu Wan was so immersed in his beautiful eyes that she didn't hear what he said.

The boy's eyes glanced at Ying Liu and Ying XIII, and said, "You are not from the Emerald Nation."

If there was some uncertainty before, then this time it seems to be a tone of certainty.

"How do you know?" Yu Wan asked.

The young man said lightly: "I just said, how can there be people in the jade country who are not afraid of me."

"It's not yin and yang eyes." Yu Wan pointed to his eyes and said, "It's heterochromia, also called heterochromia. It has nothing to do with blinding other people's eyes. You know this yourself, right?"

The boy was silent.

What if he knew? Will anyone believe it?

Ying Liu still did a lot of homework on his way to the Jade Country. He had heard a bit about the Yin-Yang Eye, and he bent down and whispered in Yu Wan's ear: "It is said that Yin-Yang Eyes are all people born with ominous circumstances. It will bring bad luck to the family, and it is the same fate as the Lone Star in the Central Plains."

"So it is." Yu Wan nodded. If there is such a statement, the reaction of the boat passengers is not surprising. As for herself, she does not believe such nonsense. She thinks that her mother was carrying Tiansha Gu. Xing's destiny was forcibly sent out of Nanzhao, and he grew up alone in a place like the ghost clan. Although he didn't know what happened to this young man, it would not be easy to think about it.

Yu Wan took a deep look at the young man, and seeing that he did not plan to say why she was being chased, Yu Wan stopped asking forcibly, stood up and said to Ying Thirteen and Ying Six: "You don't need to guard me here, I don't think something will happen, you should go back to your room and change your clothes."

The two fell into the sea, and their clothes were soaking wet. Although it was hot at sea, it was uncomfortable to stick to their bodies.

"I have Ping'er here, you all go." Yu Wan said.

The two of them hesitated, but at this moment, Yan Jiuchao walked over leisurely.

"Young Master!" Ying Liu turned around and saluted.

Ying Thirteen also bowed: "Young Master."

"Well." Yan Jiuchao nodded lightly, "What happened?"

Shadow Liudao: "Someone fell into the water, we thought it was the young lady, so we jumped down and rescued him."

Yan Jiuchao glanced at the young man, and when he saw the pair of pupils of different colors, there was not much expression on his face.

"Young Master." Piner also bowed.

Yan Jiuchao's eyes fell on Yu Wan's face: "Yu Awan, you are all tanned."

"Ah? Is there any?" Yu Wan hurriedly touched her cheek.

Ping'er whispered secretly, where did you get tan? The young lady is still white and tender, okay?

Although she thought so, but the young master said so, Piner immediately opened the umbrella and hit Yu Wan on the head.

"Stop fighting, I'm going back to the house!" Yu Wan didn't want to be a little black and fat!

Yu Wan took Yan Jiuchao's hand and hurried to the wing.

When        passed the boy, the boy raised his head and glanced at Yan Jiuchao.

That is definitely an unforgettable face, but it is too cold, like a huge iceberg guarding behind the little fat girl.

Soon after the couple left, Piner, Ying Liu and Ying Shisan also returned to their respective houses.

On the deck that was scorched by the sun, only the young man was left. Not far away, a few daring ship passengers looked here curiously. The young man ignored them and stood up on the deck.

He walked to the left, but saw the group of men who wanted to arrest him at a glance, his steps stopped, he clenched his fists, and took a few steps back weakly, the group of people were in the shadows, He took a few steps towards him eagerly.

His throat slid, and inadvertently glanced at the silk handkerchief on the ground.

He picked up the handkerchief, pondered on the spot for a while, and dared to chase in the direction where Yu Wan and his party left.

The wing room where Yu Wan and the others lived was separate from the room for the boat passengers, and was guarded by three guards arranged by the master. When the boy came over with a handkerchief, the two guards on duty stopped him.

One of the guards asked, "What are you doing? It's not a place you can go!"

The young man lowered his eyes to prevent them from seeing his own eyes. He handed the handkerchief forward in his hand: "I fell into the water, and the lady's men rescued me, and her handkerchief fell on the deck, I think Give it back to her."

The guard glanced at his companion, who nodded.

The two went forward and searched his body, making sure that he did not carry any drugs or weapons, and that he had no martial arts skills, so they let him in.

The young man walked forward with the handkerchief in his hand. He didn't know which room was Yu Wan's wing. He saw that the doors of the other rooms were closed, but the door of the one above was open. After calming down, he said softly, "Madam, your veil fell off, and I brought it back to you."

What responded to him was a bang bang bang, as if someone had fallen, the boy's eyebrows twitched, and he stepped in.

What did he see? Three smoky little black eggs! ! !

"Ah...you..."

The teenager had never seen triplets, let alone such black and beautiful triplets, and was immediately stunned. He felt that the appearance of the triplets seemed familiar, but before he remembered where he had seen them, a message came from outside the door. With the sound of light footsteps, the three little black eggs stepped on the stool, climbed up the window, and rolled down.

The boy looked at the door, and when he looked at the window again, there was no sign of the triplets.

"Huh? It's you? Why are you here?" Yu Wan lifted her skirt and crossed the threshold.

"I..." The boy opened his mouth, he was still immersed in the huge surprise brought to him by the triplets, his mind was short-circuited, and he didn't know how to answer.

"Ah, it's my veil that fell off." Yu Wan saw the veil in his hand sharply, walked over with a smile, and reached out to him.

The boy was stunned.

"Huh?" Yu Wan gave Pazi a wink.

"Ah!" The young man returned consciousness and hurriedly returned the veil to her, "Your veil fell off! I...I'll bring it to you!"

Yu Wan smiled lightly: "It's just a handkerchief, I thought you came to me to take refuge."

"I..." The boy was speechless.

Yu Wan glanced at the chair behind him and motioned him to sit down.

The boy sat down awkwardly.

Yu Wan poured him a cup of hot tea, the teenager picked up the cup and smelled it, frowning: "What kind of tea is this?"

Yu Wan covered the teapot: "Houttuynia cordata, which can clear heat and detoxify, you don't have it in the jade country, but I brought it from far away."

"Your hometown?" the boy asked.

Yu Wan nodded: "Well, you can say that."

She is the daughter of Nanzhao and the princess, yes, but she was born in Dazhou and grew up in Dazhou, so Dazhou can also be regarded as her hometown.

The boy pinched his nose and took a sip, so bad that he frowned.

Yu Wan made him laugh like this: "When my husband drank it for the first time, he wasn't used to it."

The boy asked: "Your husband...is that the man who just left with you?"

Yu Wan asked back: "Otherwise, can I still hold another man?"

"That's not what I meant." The young man lowered his head crampedly, and suddenly, thinking of something, he raised his head and looked at the window where the three little black eggs climbed out, and then at Yu Wan, "You..."

"Huh?" Yu Wan looked at him puzzled, as if asking, what did he want to ask himself.

"It's nothing." Other people's children are making trouble in the house, and he is an outsider who is making a fuss.

The young man seemed to want to stay in the house for a while, even if the *Houttuynia cordata* was so unpleasant, he still drank it bit by bit.

After drinking this cup of tea, he had no reason to stay any longer, put down the cup and said, "Thank you for the tea, I'll go first."

Yu Wan looked at him funny: "You are so strange, my guard saved your life, you are not grateful, I just gave you a cup of tea, you thank me, why? Your gratitude is to see Is anyone serving the food?"

"I..." The boy was choked to the point of stagnation.

"Just kidding with you." Yu Wan smiled.

The young man's expression softened, he nodded at Yu Wan, and walked towards the door.

The moment he was about to cross the threshold, Yu Wan said lightly, "Speaking of which, are you really not going to get rid of your poison?"

The boy stumbled and almost fell down!

"You..." After he stabilized his body, he turned around in disbelief.

Yu Wan sat on the chair and looked at him with a light smile: "Snow Domain Celestial Silkworm Gu, almost equivalent to half a ten thousand Gu King, you actually fell into this kind of Gu, it seems that you have a lot of background."

The boy's expression changed when he looked at Yu Wan: "Are you... a Gu Master?"

Yu Wan shook her head.

"Gu girl?" the boy said again.

Yu Wan continued to shake her head.

The boy subconsciously covered his heart, and a hint of vigilance appeared in his eyes: "Then how did you know that I was infested?"

Yu Wan shrugged and spread her hands: "I just know. Let me ask you, do you want to explain?"

The teenager laughed sarcastically: "Although I don't know how you saw it, I advise you not to overestimate your own strength. This kind of Gu can't even help Master Gu Zun, how can you be a weak woman? Got my poison?"

"Of course I won't detoxify you in vain." Yu Wan automatically ignored his questioning, "Tell me your origin and who are the people who are chasing you, and I will treat you as you paid the consultation fee."

The boy frowned again at Yu Wan's words.

Yu Wan said slowly: "What? Is this consultation fee very expensive? Or would you rather go out and let those people catch you?"

The boy said in a daze: "You... you can really solve my Gu..."

Before the poisonous words were spoken, Yu Wan moved her fingertips, and a white light flashed out into his heart. The next second, he only felt a pain in his heart, and the white light flashed out again, sending a dark Gu worm It slammed on the table!

Yu Wan's slender fingertips pinched the Gu worm.

"Be careful!" Neither a Gu Master nor a Gu Daughter, how could he touch a Gu King without any precaution?

However, Yu Wan not only touched it, but also pinched the Gu King.

That Gu King opened his mouth to bite Yu Wan, but was slapped by the little Gu Gu with a big ear and a fan.

Yu Wan looked at the little guy in her hand, and said with admiration, "Tsk tsk tsk, such a high-grade Snow Domain Celestial Silkworm Gu is really generous."

The boy covered his chest, looked at Yu Wan in disbelief, and lifted the sleeve of his left hand, only to see a red line that had almost spread to the palm disappeared at a speed visible to the naked eye.

He finally believed that the Gu worms in his body had been taken out: "How could this be? Who are you? You..."

Yu Wan smiled and said, "I've solved your gu poison. It's your turn to pay the consultation fee. Of course, you can choose to refuse to pay. The big deal is to plant the gu poison back for you."

"Don't!" The boy took a big step back in resistance.

"Then..." Yu Wan looked at him with a smile.

The boy took a deep breath, squeezed his fist, and said with a heart: "I'm a wizard!"

click.

Yu Wan's Snow Domain Celestial Silkworm Gu was lost.

"You say it again, what are you?" Yu Wan looked at him for a moment.

The inexplicable heat in her eyes made the boy suspicious, but since this was the consultation fee she asked for, he could only insist on it.

"I'm a wizard," he said.

It's really hard to find a place to break through the iron shoes. It takes no effort to get it. This is a wizard who has not yet left the Emerald Country.

Yu Wan squinted: "Are you sure you are a wizard? If you dare to lie, I will plant a hundred kinds of Gu worms in your body that are more ferocious than the Snow Domain Celestial Silkworm Gu!"

The young man shuddered with fright at the cruel threat. He thought she was such a gentle and kind woman, but she turned out to be more terrifying than those bastards!

However, he didn't lie, he was a real wizard, otherwise he wouldn't be hunted down by that group of people.

"This is my sorcerer's order, if you don't believe me, look at it!" The young man took out a black light and cold black iron plaque from his arms, with a small witch stone inlaid in the center of the plaque.

Yu Wan took the wizard's order, looked at it calmly, and asked, "Are you from the witch tribe?"

The boy shook his head: "My master is."

Yu Wan remembered that Grandma said that the inheritance of the Wu clan does not depend on blood, that is to say, the Wu people may not be able to become wizards, and the wizards may not necessarily be the Wu people.

Wizards are very good, but what they need is not ordinary wizard tears, but witch king tears.

"Who is chasing you?" Yu Wan asked.

"They are members of the Holy Race." The boy said coldly.

"Saint Race?" She thought that the last descendant of the Saint Race was the Lan family. It seems that this race did not really perish a thousand years ago, but retained its core strength and passed it on in distant places. This discovery made Yu Wan was pleasantly surprised, because if the saints were all passed down, then the possibility of the witches' existence would be greater than expected.

"Why did the people of the Holy Clan arrest you?" Yu Wan asked while rubbing her chin.

The boy said disdainfully: "Hmph, the two tribes of saints and witches have been at odds with each other since a thousand years ago. What's so strange about the saints arresting wizards? The wizards of the Emerald Nation have almost been caught by the saints."

Yu Wan raised her eyebrows: "Does the lord of your Emerald Country care?"

The boy said coldly, "His queen is a saint!"

Since ancient times, the hero has been saddened by the beauty, and Yu Wan tapped the table with her fingertips a few times: "Are there many saints? Are there only a few, or..."

The young man said depressedly: "Not much and we won't be able to kill all our wizards soon. In the early years, it was not so excessive. Since the saints became queens, the status of the wizards of the Emerald Kingdom has plummeted, and they all say that we are deceitful. God stick, put us in jail and stop letting us fool around!"

"Then have you been bluffing?" Yu Wan said.

"Of course not!" The young man said excitedly, "My master said that we practice witchcraft to benefit the common people, not to harm the common people. If anyone uses witchcraft to do evil, let the old man know, and he will definitely use the door. dealt with."

Yu Wan said again: "Where is your master?"

"The old man passed away, he passed away in the prison." The boy's voice was low, and his whole body was filled with a sad atmosphere, "The old man was trying to let me escape, so he tried to lure away the saints, but he was arrested in the end. When I was in prison, when I wanted to get through the relationship and rescue the old man, I got the news of the old man's passing."

"After that, did you decide to escape on this ship?" Yu Wan looked at him and asked.

The boy nodded and shook his head again: "I thought about escaping, I heard that there is a place... it is the territory of the witch clan, there are no saints there, and the wizards will not be persecuted. I wanted to take my senior brothers and them away, but they ended up halfway there. They were caught, and I was the only one who escaped. I got on this ship to save them, but I was caught by the Saints."

Yu Wan sighed: "It's really a tortuous story."

The boy did not refute, nor did he immerse himself in grief for too long. He raised his head and gave Yu Wan a complicated look: "The captains of this ship are very afraid of you, what are your identities?"

"This, you don't need to know." Yu Wan said calmly.

The boy's eyes became shrewd after a moment: "You have inquired about so many things about the Wu clan, do you want to go there too?"

This kid is not stupid.

The teenager hit the railroad while it was hot: "I know the place, I can take you there, but I have a condition."

Yu Wan smiled: "You know the place, don't I? Do you need to bring it?"

The boy laughed sarcastically: "Do you know that the territory of the Wu clan is not accessible to anyone?"

"What do you mean by that?" Yu Wan asked.

The boy raised his chin and said, "If there is no wizard with you, you will not be able to get in there at all."

Yu Wan smiled: "Isn't it enough to tie you up?"

The teenager did not expect her to say this, the corners of his mouth twitched fiercely, and he said: "I'm just a mysterious little wizard, this qualification is not enough to see, my junior brother is different, he is talented and intelligent, and he has my master's true inheritance. , is already a great wizard of the prefecture level, with him there, the possibility of you entering the witch clan will be much greater."

Yu Wan smiled lightly: "After all, I just want me to help you rescue your juniors."

The boy swept away the loftiness and arrogance on his face, and bowed his hands reverently: "If you are willing to save us, we will repay you with a spring!"

Yu Wan did not rush to agree to him, but went to Grandma's house, told Grandma what the boy said, and gave him the wizard's order.

"This token is real." Grandma nodded.

"What about what he said? Is it true? If there is no great wizard with us, we can't even enter the territory of the witch clan?"

"I'm afraid it's true." Grandma said. Along the way, he read a lot of books about the Wu clan. The more he looked, the more he found that the Wu clan group was not as easy as he imagined. If there were a few wizards accompanying him, Not a bad thing for them.

Yu Wan sighed: "Since grandma said so, it seems that she has to take action."

During dinner, Yu Wan put the rescue on the agenda.

Yan Jiuchao took a sip of tea lightly: "Where are people being detained?"

Yu Wan spread out a map of the Emerald Kingdom and pointed to a small island depicted with cinnabar: "On this island, in the middle of the night, our ship will pass there, make necessary supplies there, and leave after an hour. ."

Shadow Six thoughtfully said: "That is to say, we only have one hour to rescue people. Did he say the specific location of the prison?"

"Here." Yu Wan pointed to a forest on the map, "Probably in this place, there are several courtyards, but I don't know which courtyard his senior brother, senior sister and junior brother are locked in, but they

also have They've all been hit by the Snow Region Celestial Silkworm Gu, and they can be found based on this clue."

Shadow Six said in a serious tone: "Well, after the boat docks, I will go with Thirteen!"

"This is their portrait." Yu Wan took out the portrait drawn by the boy.

"And a child?" Ying Liu's eyes widened.

The man in the portrait is less than twenty, the woman is about sixteen or seventeen years old, and the child looks like he is no more than eight or nine years old. I can't believe that it is such a little guy who has inherited all the mantle of Master and has become more than senior brothers and sisters. the great wizard.

Yu Wan said: "At a young age, he has such wisdom. It is said that his strength is still underestimated, and maybe he is stronger. In short, our hope of entering the Witch Clan rests on this child!"

Shadow Thirteen said: "Young madam, please rest assured, we will bring them out safely."

"I'll go with you!" Yu Shaoqing said.

Yu Wan opened her mouth: "Father..."

Yu Shaoqing waved his hand and interrupted her: "Don't you want to save three people? How can two be enough? Your father's martial arts are so high, you can help them in case of any danger."

"This..." Your martial arts seem to be unable to beat Ying Liu...

Yu Wan was about to refuse, but Yan Jiuchao said, "Let daddy go. With daddy here, it will be safe."

After getting along with my son-in-law for so long, this sentence is the best!

Yu Shaoqing went to pack up with great arrogance!

Yu Wan murmured, "Can my daddy really do it? I'm very worried about him."

Yan Jiuchao calmly took a sip of tea: "It's the people on the island who should be worried..."

...

In the middle of the night, the ship sailed to an island. The boatmen stopped the boat at the pier. There were people waiting here with lanterns on the pier. When they saw acquaintances, they greeted them politely.

The warehouse is not far away. One hour may not be enough to rescue three prisoners, but it is more than enough to carry supplies.

"Go! Go have two drinks!"

The group went giggling.

Yu Shaoqing and Ying Shisan and Ying Liu changed into night clothes and got off the boat quietly.

Ying Liuchao made a gesture to the east, and the two of them understood each other and swept toward the woods with a light effort.

After entering the forest, the little Gu Gu jumped off Yu Shaoqing's shoulder and began to sense the aura of the Snow Domain Sky Silkworm Gu.

"Squeak!" Little Gu Gu shouted excitedly and ran towards a small thatched hut.

"Wait!" Ying Liu was about to keep up, but was stopped by Ying Thirteen, whose expression was not very good.

"What's wrong?" Ying Liu asked in a low voice.

Shadow Thirteen suppressed his voice and said, "There is a very powerful aura in the woods."

"How powerful?" Yu Shaoqing asked.

"King Rakshasa." Ying Shisan said.

When they heard that there was actually a Rakshasa King in the woods, the two stopped together.

The road was calm, and they almost forgot about the dangers of the Wu clan and his party. Now that's it, save someone casually, and they actually ran into the Rakshasa King!

"This is the Emerald Country, and then I met King Rakshasa, and later..." Ying Liu dared not think further.

Shadow Thirteen said: "Don't use light skills, put away all your internal strength, King Rakshasa won't care about a few people who don't have martial arts."

The three gathered their breaths and walked over on tiptoe.

The place where the little Gu Gu stayed was the courtyard guarded by the Rakshasa King, and even the Rakshasa King was dispatched, which showed that the child was indeed very noble.

The three walked in cautiously. They found the boy's brother and sister, but they never found the child.

Little Gu Gu jumped on the ground and pointed to the innermost room.

Shadow Thirteen's expression changed, it was the house of King Rakshasa! ! !

Is that kid actually locked there? !

Ying Thirteen handed the unconscious woman on his back to Ying Liu: "Ying Liu, you and Master take them away first, and I will rescue the child!"

Before he finished speaking, he saw that Yu Shaoqing had already walked towards that room.

Shadow Thirteen suddenly changed color, sir!

Yu Shaoqing didn't know that this was King Rakshasa's house. He took out a dagger and gently pried open the door. An eight or nine-year-old child was curled up on the carpet, seemingly asleep.

This should be the little junior brother, right? Yu Shaoqing walked over in three or two steps and picked up the child.

As soon as he turned around, the child in his arms suddenly opened his blood-red eyes and bit his neck!

Chapter 623 The mighty Jiang Batian!

Yu Shaoqing was neither a dead man nor a disciple of Chaoyang Palace, so he was not as sensitive to the blood rakshasa as Ying Shisan and others, but even if he sensed the breath of King Rakshasa, he would not have expected that it would be the one who curled up. Eight or nine year olds on the ground.

Be that child... No, that's not a child, it's the Rakshasa King!

When the Rakshasa King opened his \*\*\*\* mouth and showed his sharp fangs to bite at Yu Shaoqing, Yu Shaoqing was so frightened that he hurriedly threw the thing out, but it was too late, the thing seemed to stick to the ground. It was just on his arm, and no matter how hard he tried, he couldn't get it out.

Seeing that the thing was about to bite his neck, but suddenly, a petite black shadow swept into the sky, flashed behind the Rakshasa King, stretched out a slender hand, grabbed the Rakshasa King by the neck, and pulled him away. It was torn off from Yu Shaoqing's arm, and immediately fell to the ground!

The Rakshasa King was caught off guard, and was slammed into the ground, and immediately let out a piercing scream.

Yu Shaoqing didn't realize what was going on at all, so the scream made his eardrums hurt. He subconsciously covered his ears and turned to his side.

At the same time, Ying Thirteen and Ying Six also came to the room.

The two were carrying two unconscious young men on their backs, tied with ropes, and even if they ran vigorously, they didn't have to worry about falling off.

When they arrived at the door, they also heard the harsh scream, Ying Liu felt his scalp numb: "Oh my God, how can someone's voice be so ugly?"

Shadow Thirteen took a deep breath.

This is not an ordinary scream, but a whistle from the Rakshasa King, with the coercion and inner strength of the Rakshasa King, which can shock the opponent's mind.

The Rakshasa King of the Sang family does not have such skills, and there is no thick \*\*\*\* smell in the air.

This is not the Blood Rakshasa King!

What exactly is       , Ying Shisan can't answer.

At this moment, he just wanted to rescue Yu Shaoqing quickly. Although he didn't understand why the young master agreed to let Yu Shaoqing go with them, what was certain was that they must not let Yu Shaoqing make any mistake, otherwise, it is difficult for them to explain to the young master and young lady!

"Master!"

Ying Shisan quickly walked into the room and saw Yu Shaoqing covering his ears at a glance. He strode over and helped Yu Shaoqing who was bent over. Then, his eyes swept away and caught a glimpse of being thrown to the ground. The Rakshasa King.

That Rakshasa King, turned out to be a child?

But soon, Ying Shisan didn't think so.

Only heard the crackling of bones, and the "child"-like King Rakshasa gradually stretched out his body, and in the blink of an eye, he became another person!

Yu Shaoqing was dumbfounded: "What's going on?"

"It's Bone Shrinking Technique!" Ying Shisan said solemnly.

Bone Shrinking Technique is a rumored evil technique. It can shrink one's bones through a small range of skills. It is mainly used for escape. Ying Thirteen had also seen Bone Shrinking Technique when he was in the Central Plains, but it was only shrinking. Just a little bit, not like the Rakshasa King in front of him, who can disguise himself as a child.

This skill is really powerful and a bit terrifying.

Shadow Thirteen said sternly: "Master, let's go!"

Hearing that the two of them were leaving, the Rakshasa King in the room was angry, his eyes flashed with bloodthirsty light, and he suddenly rushed towards the two of them!

Ying Thirteen pushed Yu Shaoqing out, intending to use his own body to block the blow for Yu Shaoqing, but it was too late, a shadow flashed, and a fist beat the Rakshasa King flying. !

Shadow Thirteen was stunned.

This is how the same thing? Is there still someone in the house? As a dead man with five senses different from ordinary people, he didn't even notice it!

If the other party wants their lives...

Shadow Thirteen shuddered!

But fortunately, the little black shadow seemed not only to not want to kill them, but also escorted them out with internal force.

The Rakshasa King chased after him several times, but he let the opponent smash him down with small fists!

Shadow Thirteen: "..."

Why do I think this scene is a little familiar...

Since the other party is not their enemy, there is nothing to be concerned about. Ying Shisan rushed into the house, found the real little wizard under the cover of the little black shadow, and took the little wizard out of the house.

Yu Shaoqing wanted to enter the house to find out, but Ying Shisan stopped him.

"Master, let's go!" Ying Shisan said.

Yu Shaoqing hesitated: "Ah, but... Can Ying Liu be able to stop him alone?"

"Master, did you call me?" Ying Liu ran over with his back behind his back.

"Huh?" Yu Shaoqing looked at Ying Liu, and then at the little black figure in the room who was inseparable with King Rakshasa, "Isn't it you?"

"No." Ying Liu shook his head in confusion, and also looked into the room curiously, "Huh?"

Ying Shisan cleared his throat: "Don't look! Maybe it's their own enemy!"

Shadow Six nodded in agreement: "Yes, there are so many wizards locked up here, and they must have a lot of enemies!"

"Why do I think..." Yu Shaoqing's eyes fell on the small figure in the room, frowning strangely.

Ying Thirteen coughed lightly, took a big step, blocked his vision, and handed the sleeping child into his hands: "This child, please ask the master!"

"Oh, good." Yu Shaoqing's thoughts were successfully interrupted, and he carried the child onto the boat with Ying Shisan and Ying Liu.

King Rakshasa tried to catch up several times, but he let the little fist beat him back.

King Rakshasa can be beaten more than Blood Rakshasa.

How long the boat stayed on the island, the Rakshasa King was beaten for how long, it can be said to be extremely miserable.

said that after Yu Shaoqing and Ying Shisan brought people back to the boat, they immediately went to the house of grandma and old Cuitou, and Yu Wan and the boy were also there.

Yu Wan had already learned his name from the young man, Mu Qing. On the seventeenth year, his senior brother Mu Ting was his cousin. The two brothers met Master together during the famine. Mu Qing's qualifications were higher. Master originally planned to take him, he begged the master hard, and the master reluctantly agreed to leave Mu Ting behind.

Mu Qing's senior sister, surnamed Zhou and named Swift, is Master's biological daughter. Mu Qing's younger brother is said to have some origins. Master treats him more highly than his own daughter, otherwise he would not have cultivated him so carefully and passed on all the mantle and mantle to him. he.

"What's his name?" Yu Wan asked the sleepy little junior brother.

Mu Qing said: "My junior brother takes my master's surname and is called Zhou Jin. Is he all right?"

Yu Wan clapped her hands, stood up and said, "Let those people get some drugs, it's okay, the Gu worms in several of them have been taken out, and they will be a little weak in the short term, remember to let the medicine for you They took it on time."

"I will, thank you..." Mu Qing struggled with her words, "Mrs. Yan Shao."

Yu Wan responded lightly and said, "You said your junior brother is very powerful, how powerful is he?"

"I also overheard Master's conversation with others by chance. He said that the aptitude and intelligence of the younger brother is far beyond that of ordinary disciples. It's a pity that the teacher's sect is too weak to protect him, so he asked the younger brother not to show his strength in front of others."

Yu Wan untied a wizard's order from Zhou Jin's waist: "So, he's more than just an earth-level great wizard."

"That's right." Mu Qing said proudly.

Yu Wan asked, "How are the levels of wizards divided?"

Mu Qing explained patiently: "The sky and the earth are black and yellow, when you reach the earth level, you can be called a great wizard. I think my junior brother should be the youngest great wizard in the Jade Kingdom. I boldly guess that his strength may have already reached the sky. level, maybe even above the heaven level."

Yu Wan touched her chin: "Where's the Witch King?"

Mu Qing originally thought she would ask if a heavenly wizard is good? much? Unexpectedly, when she opened her mouth, the Witch King came, her appetite... was it so big?

Mu Qing couldn't help but stunned for a moment, and said, "The Witch King is above the heaven level. However, there is no Witch King in the Emerald Country, and I haven't heard of any Witch King, it's just a rumor."

Yu Wan played with the wizard decree in her hand and said, "Is it possible that your junior brother is the wizard king?"

"This..." Mu Qing was stunned.

He had seen and heard about his younger brother's talent, but he never dared to guess at the Witch King.

Yu Wan turned her head to look at Grandma: "Grandma, is there any way to know if he is the Witch King?"

Grandma walked over slowly, held the child's palm, closed her eyes and felt it carefully, then opened her eyes and said, "This child has a very powerful witch power in his body, but he was attacked by another witch. The power is blocked, and when the witch power that blocks him is unlocked, we will know whether this child is the Witch King."

Is this child the Witch King?

#### Chapter 624 Domineering Ninth Brother, Wife-Guarding Mad Demon

Yu Wan went out of Grandma's house. Mu Qing's senior brother Mu Ting and younger junior brother Zhou Jin were left in Grandma's and Old Cuitou's room for easy care. Although Zhou Yuyan was also a sick person, she could not be married. Then was carried into Piner's house.

When Yu Wan went back to her room, Mu Qing stepped up and followed: "Mrs. Yan Shao!"

"Huh?" Yu Wan paused and looked back at him.

At this time, the boat was slowly moving, and the sea breeze was blowing slowly, and Yu Wan's black hair and robes flew in the night wind.

Mu Qing panicked for a moment. He didn't mean anything blasphemous towards Yu Wan, but was simply amazed by her appearance and temperament. How could someone eat fat and be so beautiful?

"Is something wrong?" Yu Wan asked with a light smile.

"Ah..." Mu Qing consciously returned to the cage, blinked a pair of strange-colored eyes, and said, "You seem to be inquiring about the whereabouts of the Witch King?"

"Well." Yu Wan did not deny it.

Mu Qing asked: "What are you doing with the Witch King?"

Yu Wan said lightly: "This is our own business, you don't need to know so much, and even, I won't blame you if there is a witch king, you just need to show us the way honestly."

Mu Qing said sternly: "I have dealt with people from the Holy Clan, you have the aura of the Holy Clan, you say that you are neither a Gu Master nor a Gu girl, but you know the poison well, you... you are Not a saint?"

Yu Wan raised her eyebrows: "This... it doesn't seem to be your business."

Mu Qing squeezed her fingers: "I was born with a pair of yin and yang eyes, and I was bullied a lot. If it weren't for Master, I would have starved to death by the roadside. My master let the saints kill you, so if you are also a saint..." Here, Mu Qing did not go further.

Yu Wan gave him a funny look: "If I'm also a member of the Holy Clan, what are you going to do? Kill me? Or leave me with a few of your comatose brothers, sisters and brothers? Can you kill it? Or do you run away? Got it?"

's unhurried words caused Mu Qing to choke.

Yu Wan was right. There were four of them in the same family, and three of them were in a coma. Although he was a sorcerer, this group of people didn't seem to be at all difficult to deal with, and he was simply not good enough for them.

Yu Wan smiled and said, "I won't stop you if you want to escape, but let me remind you that there are seas on all sides. If you want to escape, you'd better escape by yourself, don't bring three oil bottles!"

Mu Qing blushed with excitement: "I didn't say I wanted to escape! I just want to know your origins and your purpose in finding the Witch King..."

Yu Wan smiled lightly: "Do you know that curiosity killed the cat? I should let you know, and I will tell you. If I don't tell you, you'd better not inquire."

The boy lowered his eyes.

The appearance of this little daughter-in-law seems to be greatly wronged. Yu Wan is soft and not hard. He talks back to her fiercely. She can go back fiercely. The little flower bones that are bullying the motherland.

Yu Wan sighed softly: "It's alright, don't be wronged, I have no ill will towards you, nor the Witch King. Even if I go to the Witch Clan in the future, I won't have a big fight with the Witch Clan."

Mu Qing raised his head, revealing a youthful and bright smile that was unique to his age.

Yu Wan's mood instantly became very good, and she almost couldn't help reaching out and rubbing his head: "That's right, go back to the house and rest early."

...

In the night, it rained for the first time in the sea, and the next day, the sky was beautiful again, and the wind was beautiful.

Mu Qing's senior brother Mu Ting was the first to wake up. When he woke up, he found himself in an unfamiliar house. The house was swaying, and there were waves in his ears. He was shocked. Fortunately, it was Mu Qing who was by his side.

"Senior brother, are you alright?" Mu Qing asked with concern.

Hearing the familiar voice, Mu Ting turned his face and looked at Mu Qing in astonishment: "Why did you come back? Didn't you let you escape?"

Mu Qing smiled slightly: "Brother, look again, this is not the Heavenly Prison of the Saint Clan."

Hearing this, Mu Ting looked around again. The light in the room was dim, and only a few light spots fell on the damp floor through the cracks in the window. He walked over, pushed open the window, and a dazzling light came. He blocked his eyes.

The sound of the waves became clearer.

After getting used to the light, he looked around and saw the boundless sea, his body froze: "Qing'er, this is..."

Mu Qing smiled brightly and said, "We are on the boat, and in two days, we will be able to leave the waters of the Emerald Garden."

Mu Ting frowned and said: "I don't understand, Qing'er, what's going on? Where are the junior sister and junior brother? Where are they?"

Mu Qing poured him a cup of tea brewed with *Houttuynia cordata*: "Senior brother, please rest assured, they are also on the boat, you wake up first, junior sister and junior brother are next door, you have something to eat first, and I will take you to see them later. "

"Oh." Mu Ting still couldn't recover his mind, took a few steps in a daze, sat down on the stool, took a sip of the cup of *Houttuynia cordata*, and almost vomited, "What tea? Unpleasant to drink!"

Mu Qing laughed and leaned forward and backward!

The first time, he was so embarrassed, but after a few drinks, he felt much more comfortable, and even his always dry throat no longer had discomfort.

"It's a good thing, brother, drink it." Mu Qing said.

Mu Ting was indeed thirsty, so he pinched his nose and drank the tea in the cup.

Mu Qing handed him another plate of snacks.

It was a very delicate pastry, a small one, yellow and orange, exuding an attractive crisp and milky fragrance, Mu Ting swallowed and tasted one under Mu Qing's gesture.

In the early days, when the division was still alive, they were considered brocade clothes and jade food, but they had never eaten such delicate and delicious desserts. After a bite, they were crispy and soft, salty and sweet, sweet but not greasy. Mu Ting felt that he was about to ascend to heaven. .

"What is this?" He ate several in a row.

"Crab yellow cake." Mu Qing said, "It's a snack from the Central Plains. The cooks on the boat and the people from the Central Plains learned it, and they do it well."

Mu Ting nodded as if he didn't understand, but after all, he didn't forget the business and asked Mu Qing, "By the way, what happened? Why are we on the boat?"

Mu Qing told his senior brother about his experience after escaping: "...I originally wanted to go back by boat to save you, but I didn't know that the saints were watching. Fortunately, Young Master Yan and the others came to the rescue..."

"You mean Young Master Yan, is he from the Central Plains?" Mu Ting guessed and asked Mu Qing combined with Mu Qing's words.

Mu Qing said: "Yes, they are going to the Witch Clan too, I promise them, as long as they can rescue you, Senior Sister and Junior Brother, we will take them to the Witch Clan together."

Mu Ting frowned and said, "You don't even know what their purpose is, so you promised to take them to the Wu clan? In case they want to plot against the Wu clan..."

"Senior brother, don't worry, they are not evil people." Mu Qing said, looking at the hourglass on the wall, "Senior sister should wake up, I'll go see her, brother, please eat the snacks first, and I'll let the kitchen do something else later. come over."

Mu Ting looked at the delicate desserts on the plate that he had never eaten in his life, and deeply felt that the other party had a lot of backgrounds. To do business with such a group of people, wouldn't it really be to seek skin from a tiger?

When Mu Ting was deeply worried about the situation of himself and his junior sisters and juniors, Mu Qing came to Piner's house, where his senior sister Zhou Yuyan lived temporarily.

As soon as he came to the door, he heard an unceremonious shout: "Where is this place? Who are you?!"

Immediately afterwards, it was Ping'er's soft voice: "Miss Zhou, are you awake? I am Ping'er, this is my house, my young lady ordered me to take care of you, you slept all night, are you hungry? I'll go get you something to eat."

"How do you know who I am?" Zhou Yuyan stared at Piner with a wary expression.

"I..." Piner was stunned by her question. The young lady said who you are, who are you, what is there to ask?

"Miss Ping'er, go do your work first, I'll take care of my senior sister." Mu Qing appeared in time and relieved Ping'er.

Ping'er went out with a pile of clothes.

Zhou yuyan was locked up in the sky prison for so many days, and she was already in a state of embarrassment. When she fell asleep, Piner changed her clothes. She couldn't wear Yu Wan's clothes, she was wearing Piner's.

Zhou Yuyan looked at the sackcloth and linen and frowned in disgust!

Mu Qing glanced at her, walked over with a smile, and sat down beside the bed: "There are not many female passengers on the boat, and it is late at night. You can only find the clothes of Miss Piner. You can wear them first."

This set was bought by Piner, and she was not willing to wear it once.

Zhou Yuyan finally got a good face when she saw Mu Qing: "Qing'er, where is this?"

Mu Qing told Zhou Yuyan what she had explained to Mu Ting again, and Zhou Yuyan's reaction was also very surprised: "What? You just agreed to take them to the Wu clan? You don't even know what they are, in case When we reach the Wu clan, what if they kill us?"

"You worry too much, Senior Sister, they are good people." Mu Qing vowed.

Zhou Yuyan pouted: "You, you have been deceived since you were a child. What kind of good people can you say is a good person? It's better that they saved us. We will tell them the map to go to the Wu clan and let them go by themselves."

Mu Qing said: "But without a great wizard, they can't enter the territory of the witch clan."

Zhou Yuyan snorted: "Aren't they very powerful? Go to the island of the saints and catch a few powerful wizards!"

Mu Qing said sternly: "Senior sister, I have promised them, I can't keep my word."

Guru~

Zhou Yuyan wanted to refute something, but her stomach growled.

At this time, Piner came over with a plate of dim sum. In addition to the crab cakes in the morning, there were two new ones that were just baked, and the rich aroma of food permeated the room.

"Miss Zhou, please take it slow." Ping'er put the dim sum on the stool beside the bed, then turned and left.

Zhou Yuyan is the biological daughter of Master Mu Qing, and the eldest young lady of the teacher's family. Her life is naturally much more luxurious than that of Mu Qing and Mu Ting. She thought it was not something that could be eaten. It was so delicious that she almost cried.

She was stunned and said, "This... what kind of ship is this? The food made is so delicious?"

Mu Qing frowned and said, "Mrs. Yan Shao taught the cook to do it."

Zhou Yuyan noticed that when her younger brother mentioned that woman, his eyes were so bright that they seemed to glow. You must know that in the past, the younger brother only showed such an expression when he mentioned her.

"Why, does Junior Brother like that Mrs. Yan Shao very much?" Zhou Yuyan said sourly.

Mu Qing gave a magnanimous hum: "Mrs. Yan Shao is beautiful and kind, she is the most perfect woman I have ever met! It's a pity that she is married, otherwise I might really like her!"

Zhou Swift was so angry that she lost her appetite and threw the dim sum back on the plate!

Muqing and the others have stayed on the boat since then. The Saints were thrown off the island by Yan Jiuchao when they stopped to supply supplies. There were no hidden dangers on the boat, and even Muqing was more courageous.

Although it was a deal, it saved them in the end. Mu Ting went to thank Yan Jiuchao and Yu Wan in person.

Mu Qing's senior brother is not difficult to get along with.

It is the little senior sister who is difficult.

Xu is because of the daughter of the head of the family. She has been spoiled since childhood. Now that she has nothing, she has not changed her temper. First, she was dissatisfied with the clothes she wore. Yu Wan asked Piner to make her clothes smaller and bring them to her. In the past; then he was critical of his residence, thinking that he, a daughter of daughters, should not share a room with a maid.

Ping'er bit her head and waited for Yu Wan's instructions.

The young lady must be \*\*\*\* off that Miss Lao Shizi is so tossing? The young lady is still pregnant, so don't let this kind of thing get you pregnant.

Yu Wan is not so easy to move the fetus. She lay on the deck, basking lazily in the sun, and said to Ping'er: "Go and find out if there is any ship passenger who is willing to give up his house. The price is negotiable."

"Yes." Piner responded.

In the end, they paid ten times as much money to rent a house for a boater.

But when it was time to move, Zhou Yuyan changed her words again: "It's too far there, I won't move, let them be like two! I live in their house!"

Shadow Six twitched the corner of his mouth.

Shadow Thirteen looked at her blankly.

Ping'er thought, it's over, she actually moved the guards of the young master and the young lady, the young lady is going to kill her!

Yu Wan smiled: "Okay, as you wish."

Zhou Yuyan got her wish and lived in the house she wanted.

When Mu Qing and her senior brother were cleaning up the house for her, they said earnestly: "Senior sister, you can stop at enough time, don't go too far."

Zhou Yuyan snorted coldly and said, "Why am I going too far? Don't think I don't know, these rooms are the best light, and the rooms I bought are just for low-class boat passengers to live in. Use such a broken room to kill me. When I'm a beggar?"

"Our current situation is no different from beggars..." Mu Qing whispered.

Mu Ting winked at him, motioning him to shut up, not to anger Zhou Yuyan.

They were able to live to this day only because they were taken in by Master, not to mention that Master died for Mu Qing to lure away the pursuers. They should all take good care of Master's only blood in the world.

"Alas." Mu Qing sighed helplessly.

Mu Ting patted him on the shoulder and said in a low voice, "Junior brother, don't worry, we are a deal with them, and there is nothing to owe them. The greater the price they are willing to pay, the more dangerous the trip will be. We are taking our lives to guide them and make our junior sister feel more comfortable? Is there anything wrong?"

Mu Qing felt that what senior brother said was right, but felt that something was not right: "Senior brother, they...are different from those outside."

Mu Ting didn't take it seriously: "What's the difference? Just because they weren't frightened by your yin and yang eyes, did you start to take care of them? Don't forget, we and them are always just transactions. It's just a relationship, once we lose our use value, let's see if they will be willing to take care of us?"

Mu Qing opened her mouth.

Mu Ting interrupted him: "Okay, don't say it, you only have to remember yourself, we are the closest people in the world, you and the younger brother, except me and sister, don't trust anyone easily."

"Oh." Mu Qing nodded.

In the night, Mu Qing was called by Yu Wan to the room of Grandma and Old Cui Tou.

Yu Wan said straight to the point: "Your junior brother hasn't woken up yet, it may be related to his being caught in a gu, which stimulated the magic power in his body. Only by removing his magic power can there be a way to wake him up. You know the magic power in his body. How to solve it?"

Yu Wan originally planned to enter the Wu clan before slowly finding someone to relieve the child of Wu Li, but if he remained unconscious, I feared that they would not even be able to enter the Wu clan's territory.

Mu Qing thought for a while and said, "If I remember correctly, that magic power came from a great prefecture-level wizard, and you need to find a great wizard of the same realm to be able to decipher the magic power sealed in his body."

Yu Wan widened her eyes: "What? You mean, a prefecture-level wizard can seal him up, so could he still be the wizard king?"

Mu Qing hurriedly explained: "My junior brother was voluntarily blocked by Wu Li, so even if the other party's realm is lower than his, it's not a big problem."

The implication of        is that his junior brother's strength may be higher than the opponent's, but, to say the sorcerer king, isn't it too outrageous...

"Where is there a great wizard?" Yu Wan asked while shaking her fan.

"There is an island where the saints hold prisoners." Mu Qing said.

"Why didn't you say it earlier?" Yu Wan frowned!

Mu Qing was taken aback by Yu Wan's sudden little anger: "I don't know either, you didn't say you were looking for the Witch King! You also suspect that my junior brother is the Witch King..."

Yu Wan quickly shook the fan and said, "This kid has the power of a great prefecture-level wizard after being sealed away from the witch power. I think it's very likely that he is the wizard king. Or... transfer the ship back?"

"No need." Mu Ting stepped in.

Yu Wan, Mu Qing, and grandma in the room all looked at him. He was three years older than Mu Qing, his facial features were all grown, his body was tall and straight, and he was handsome and handsome. beautiful man.

It's just that, being used to Yan Jiuchao's face, a handsome man like Mu Ting can hardly catch the eyes of a few people.

The expressions of several people were very calm.

Mu Ting cleared his throat and said, "Master and I have gone to sea, and I know that there is a desert island nearby. It is said that there is a great wizard who lives on the island. If we find him, we can release the seal in the body of the younger brother. magic power."

"Is the news reliable?" Mu Qing asked.

Mu Ting said: "I heard what Master said, and Master said it from others."

"Ah..." Mu Qing was dumbfounded.

Yu Wan smiled lightly: "If there really is a great wizard, why don't people from the Holy Clan arrest him?"

Mu Ting said sternly: "The power of the great wizard of heaven is beyond imagination, and there is no master who can catch him."

"Really?" Yu Wan closed the folding fan with a snap, stood up, and walked towards the door.

Mu Ting asked in confusion, "Where is Mrs. Yan Shao going?"

Yu Wan pointed to the sea and said, "Didn't you say that the deserted island is nearby? I'm going to get off the boat."

"Really... Really going?" Mu Ting was taken aback.

Yu Wan spread her hands: "If you don't go, what do you say? Is it fun?"

Mu Ting said ashamedly: "I was quick to talk for a while, but now that I think about it, I think it's too dangerous. Mrs. Yan Shao may not know that the saints have long been eyeing the deserted island, but they went to the island. However, none of the people came back. Over time, the deserted island was in danger, and no one dared to go there. Master mentioned it to me back then, so that if I encounter that deserted island in the future, I must remember to avoid it. open."

Yu Wan seemed to have an epiphany: "If that's the case, then it's even more imperative to go."

Mu Ting: "..."

"Thirteen, Xiao Liu, where is your master?" Yu Wan walked out with brisk steps.

It was Yu Shaoqing who went to negotiate with the master about landing on the island.

"You, you... What island are you talking about?" The head of the family was dozing off. Hearing Yu Shaoqing's words, he was so frightened that he stood up!

Yu Shaoqing said politely: "The deserted island is coming soon. I want to ask the boss to stop the boat and let us go to the island to do something. We won't delay for too long. When the time comes, we will do it anyway. Back on the boat."

"Then how can..." The big boss was about to throw out the word "OK" when he suddenly felt someone twisting his back hard, the pain made his veins jump, and he cried out, "No way. ?"

"Hey hey hey." Laughing is uglier than crying.

"So, the big boss agreed?" Yu Shaoqing cupped his hands happily, "The big boss is really proud and heroic! I'm here to thank the big boss!"

He said, patted the big boss on the shoulder, "Big boss, you brother, I have settled! I think you are older than me, and I will call you big brother in the future!"

"Don't dare to be, don't dare to be..." The big boss shed tears of emotion (sadness) and moving (sorry).

The three masters have been sailing on the sea for many years, and they have never experienced any storms, but they never dared to approach that deserted island.

As a result, he never came back.

They sent people to look for him, but they all fell into disrepair.

If there is anything more terrifying than that woman, it should be that ghost island.

At noon, their boat approached the island, and the three masters did not dare to get the boat too close, so they let them row across.

There was a very powerful Gu worm aura on the island, and Yu Wan also got on the boat.

Yu Wan raised her eyes and said to Mu Qing, "Mu Qing, you and your brother and sister are waiting for us on the boat, and Ying Liu, you also stay."

Shadow Six nodded knowingly.

Always keep someone to watch, just in case someone drives the boat away.

Yan Jiuchao said lightly: "Thirteen, take Zhou Jin down."

"Yes!" Ying Shisan volleyed up, entered the room and hugged the sleepy Zhou Jin off the boat.

Zhou Yuyan didn't try to stop her, she looked at the group of people underground and said, "Hey! What are you doing? The island is so dangerous, what should I do if my junior brother has an accident?"

Yan Jiuchao ignored her.

Yu Wan smiled and looked at her: "If your senior brother didn't lie, there is indeed a great wizard on the island, then we will relieve your junior brother from the sorcery power on the island; but if your senior brother Mu Ting deliberately leads us to a place If you don't come, then we have to let your little brother be buried with you!"

"You!" Zhou Yuyan was so angry!

Mu Qing looked at Mu Ting in horror: "Senior brother, you didn't lie, right? There are great wizards on the island!"

Mu Ting clenched his fists, gritted his teeth, and said word by word: "I didn't lie!"

It's just that it didn't tell the whole truth.

It is true that there are great wizards on the island, but they are not white wizards who save lives and heal wounds, but black wizards who kill like numbness!

The origin of this group of people is unknown, but they want to break into the territory of the Wu clan. Mu Ting didn't want to drag them to death, so he thought of a way to never have future troubles. He knew that most of them would go to the island, and he stayed behind. enough to deal with.

But he never expected that they would take the unconscious junior brother along with him!

"I'm with you!" Mu Ting got off the boat along the rope.

"I am coming too!"

"I am coming too!"

Mu Qing and Zhou Yuyan said in unison.

The two of them didn't know Mu Ting's little Jiujiu, just a little junior brother who was simply worried and unconscious.

Yu Wan smiled: "Unfortunately, both boats are full, you two can only get off one."

"You are waiting on the boat!" Zhou Yuyan pushed Mu Qing aside unceremoniously. She was not a wizard, she had martial arts skills, and her martial arts skills were not weak. On the boat, Mu Ting is also on this boat.

Yu Shaoqing was in a boat with his daughter and son-in-law.

Yu Shaoqing and Yan Jiuchao swayed their oars, Ying Shisan and Mu Ting on the other side also swayed their oars, and after a while, both boats arrived on the beach of the deserted island.

This is really a deserted island, and there is no trace of people in the ten li radius.

After several people parked the boat, they walked towards the depths of the island.

Yan Jiuchao held Yu Wan's chubby hand.

Is this because she is afraid of getting lost? Yu Wan smiled.

Yu Shaoqing looked at her daughter and son-in-law who were like glue, and looked up at the sky with sadness.

The first day Ah Shu was away, I missed her.

The day after Ah Shu was gone, I missed her and missed her.

The thirty-ninth day of Ah Shu's absence...

"This island is so big, has your master ever said where the great wizard lives?"

Yu Wan interrupted Yu Shaoqing's thoughts with a clearly cheerful voice. He looked at Mu Ting on the side, this kid looks like a dog, but he is not as attractive as Mu Qing!

"Look, it's foggy!" Zhou Yuyan said in surprise.

"It's not fog, it's smoke." Yu Wan's eyes sank, she took out a few small medicine bottles from her purse, and threw them to Mu Ting and Zhou Yuyan, "Eat one every hour! Give your little brother one too!"

"Why don't you eat?" Zhou Yuyan asked suspiciously.

Yu Wan glanced at her and said, "I took it before I went to the island. It's a pill that can resist hundreds of poisons. I like it or not!"

Zhou Yuyan didn't want to eat it.

Mu Ting swallowed the pill.

"Senior Brother!" Zhou Yuyan angered.

Mu Ting explained: "They won't hurt the younger brother, if the younger brother can eat it, then we can eat it too."

Zhou yuyan pouted and reluctantly took a pill.

Yu Wan smiled and looked at Mu Ting: "Since there is smoke on this island, it means that it is indeed inhabited. It seems that we are lucky, and we may really meet a great wizard."

Mu Ting said nothing, turned his face away, and looked forward vigilantly.

Ying Thirteen handed Zhou Jin over to Yu Shaoqing: "Miyao came from that direction, Master, Young Master, Young Madam, wait for me here first, and I'll explore the way ahead."

"Be careful yourself." Yu Shaoqing took the child and said.

Shadow Thirteen nodded and went to perform light work.

There is a big rock nearby. Zhou Yuyan's leg hurts from standing. She walked over and was about to sit down when she heard a cold voice above her head: "Get out of the way."

This voice is obviously unbelievably good, but it makes people shudder.

Zhou yuyan shivered and let go.

Yan Jiuchao took Yu Wan's hand and walked over and let her sit on the stone.

This is the first time Zhou Swift sees someone so blatantly grabbing a seat! What happened, but it turned out that she wanted to make way for this woman!

Why? !

Are you amazing? !

Not long after Shadow Thirteen left, the fog became heavier, and the visibility was reduced to within seven feet.

Mu Ting and Zhou Yuyan had to lean towards Yu Wan and others.

Zhou yuyan has no time to play the eldest lady's temper now, she looked at the thick fog, and the panic in her heart gradually increased: "how can this happen? Where is your guard? He didn't have an accident, right?"

Yu Wan took out a translucent jade bottle and brushed off the glowing little Gu worm inside, "His Gu with the same name is still there, and so are yours."

After saying that, she took out several jade bottles in one go, and each jade bottle contained a kind of glittering little Gu worm.

Zhou Yuyan covered her heart: "You...you gave us a gu?"

"How do you know that you are still alive if you don't get Gu for a while?" As soon as she finished speaking, the figures of Zhou Yuyan and Mu Ting were swallowed up by the thick fog and disappeared, as if they had disappeared out of thin air.

Yu Wan looked at the two little Gu worms in the bottle and said, "What did I say? Right, Yan Jiuchao?"

She turned her head and looked around, "Yan Jiuchao, Yan Jiuchao... Yan Jiuchao!"

Chapter 625 The little fat man who lay down and won!

The person who was talking with him one second ago disappeared out of thin air the next second, and there was no movement at all. It was unlikely that Yan Jiuchao would leave her alone. There was no movement, but there was nothing. Like Zhou Yuyan and Mu Ting, he seemed to have evaporated suddenly.

"Yan Jiu Dynasty! Yan Jiu Dynasty!"

Yu Wan stood up and called him loudly, but there was still no response.

"Zhou Yuyan!"

"Mu Ting!"

No need to guess, and there really was no response.

"Daddy!"

Yu Shaoqing also disappeared.

If it was just the thick fog that blocked their figures, then they should at least be able to hear her voice and give her a little response.

"Have you gone so far?" Yu Wan murmured, she couldn't believe that in the blink of an eye, the people who were still beside her had reached a place where she couldn't even hear her voice, "Where is the weirdness?"

Little Gu Gu flashed out of her arms, lay on her shoulders, and patted her shoulders with small claws.

Yu Wan rubbed it amusingly: "I know you're the best, you didn't get lost, I'm not afraid, don't worry."

I have to say that in such a strange place, she felt much more at ease to have little Gu Gu to accompany her.

"You better go in, don't lose yourself in a while." Yu Wan said to Little Gu Gu.

Little Gu Gu nodded cutely and flashed back into Yu Wan's arms.

Yu Wan looked at the heavy fog in the sky, gave a paradoxical hum, took out the fire box, blew it and planned to light it, but the moisture was too heavy, and the fire box went out.

If she remembered correctly, it was noon when they disembarked, and the sky was still bright, but looking at this foggy place, the sky was gloomy, as if it were going to be evening soon.

"Do you think I can't do anything if you don't have fire?" Yu Wan touched her chin, and took out a holy maiden stone from her bosom, her stomach moved slightly, and the holy maiden stone lit up with a pop.

The visibility was less than three feet at first, but it instantly expanded to half a meter.

"Where is the east? Where is the south?" Yu Wan looked around, but couldn't find the direction, so she just walked forward intuitively.

After walking for a while, Yu Wan saw a big tree, there was a sneaky movement behind the tree, she pulled out the dagger, walked over carefully, went around the big tree, and pressed the dagger to the opponent's neck .

"Ah—don't kill me—" The other party squatted under the tree, covering his face with his hands, his voice full of fear.

"Zhou Yuyan?" Yu Wan was startled, retracted the dagger, and shot her with the saintess stone, "Why are you here?"

After Zhou Yuyan determined that the person who came was Yu Wan, she rushed towards Yu Wan.

Yu Wan was swept up in her arms, she covered her stomach with her hands, and asked in confusion, "What's wrong?"

Zhou Yuyan shivered and said, "I... I got lost with my senior brother... Someone just chased me... I can't get rid of him..."

Yu Wan sighed: "Looking at your usual arrogance, it turns out that you are so daring."

Zhou Yuyan let her breath stagnate for a while, and let go of Yu Wan in anger, staring at Yu Wan and said, "You're the only one who is bold! Then you haven't come to me yet?!"

Yu Wan put the dagger back in her waist, and said, "I didn't come to you, I just happened to meet you. If you were half a step late, I would have killed you."

"It's just you?" Zhou Yuyan rolled her eyes, a three-legged cat without martial arts can kill her master of the Emerald Kingdom?

Yu Wan was too lazy to talk to the little girl, she took the Holy Maiden Stone and continued to walk forward. Since she could meet Zhou Swift, maybe she could meet Yan Jiuchao and Daddy in a while.

"Hey! Where are you going? You...you come back! It's very dangerous ahead!" Zhou Yuyan didn't dare to walk around again, she was almost scared crazy by the figure just now, and now she met Yu Wan, she only I want to stay under the tree with Yu Wan, and wait for the brothers to find them.

Yu Wan doesn't like to sit still, not to mention that the atmosphere here is weird, and it may not be foolproof to stay where you are. She said without looking back: "If you want to come, just follow, or just wait there by yourself."

"You..." Zhou Yuyan stomped her feet angrily, unwilling to be led by Yu Wan's nose, but she didn't have the guts to stay here alone, so she could only grit her teeth and follow.

Yu Wan walked forward slowly, with a calm expression on her face.

"Aren't you afraid?" Zhou Yuyan asked in a low voice.

"Are you afraid you can go out?" Yu Wan asked back.

Zhou Yuyan choked again. Although this is true, aren't ordinary people afraid? What's more, she is also a girl's family, and it seems that she is separated from her family. Isn't she worried that she will never see them again?

Yu Wan said, "What's going on just now? You just disappeared after talking to me."

Zhou Yuyan said aggrieved and fearful: "I don't know either, as soon as I turned my head, you were all gone! I called you, but you ignored me!"

Yu Wan murmured: "This is strange, how can they be in the same place, but they can't hear each other's voices?"

Zhou Yuyan suddenly approached Yu Wan and asked in a dazed way, "You said...are we hitting a ghost?"

Yu Wan said slowly: "If you hit a ghost, then it will be easier."

"What do you mean?" Zhou Yuyan asked in astonishment.

Yu Wan took small steps and looked into her eyes with determination: "What's scarier and scarier is people."

Zhou Yuyan shuddered!

Yu Wan then walked forward.

Zhou yuyan came back to the cage with consciousness and followed. On the boat, she also felt that Yu Wan had a good temper and was a soft persimmon that could be handled. Only when she came here did she find that Yu Wan was colder and harder than she thought.

The surroundings were quiet, which made Zhou Yuyan feel uncomfortable, and she was afraid that Yu Wan would see it out. She cleared her throat and looked at the glowing stone in Yu Wan's hand: "What is this?"

"The Holy Maiden's Stone." Yu Wan said.

"This is the Holy Maiden's Stone?" Although Zhou Yuyan didn't have much dealings with the Saints, she had heard of some things. The Saintess Stone is a spar that tests the blood of the Saints. Only Saintess or Saintess with pure blood Only a saint can make it shine, and Zhou Yuyan's eyes widened instantly, "You...you are a saint! You are a saint!"

"Does the Saintess have to be from the Saints?" Her ancestors parted ways with the Saints long ago. To say that they are descendants of the Saints is justified, but the Saints in Zhou Yuyan's mouth are not the Lan people of the Underworld.

Zhou yuyan stepped forward and pulled out the saber on her waist to stop Yu Wan's way: "I just said how could you be so kind to rescue us from the island, so you are from the holy clan! You must not have gone to the witch clan. Be at peace!"

Yu Wan stretched out two slender fingers, lightly tapped the long sword that was resting on her throat, looked behind her, and said, "There is a ghost!"

"Ah!" Zhou Yuyan was so frightened that she threw her sword and went around behind Yu Wan and hid.

Yu Wan laughed so much that her shoulders were shaking.

Zhou Yuyan was angry and annoyed when she realized that she had been tricked.

Yu Wan laughed enough and said, "Okay, you can't kill me, save your energy and find your junior and senior brothers."

Zhou Yuyan covered her heart that was almost bursting with fright, remembering that this woman had given herself a Gu, and said angrily: "If you have the ability, don't use Gu, let's fight with real swords and real guns!"

Yu Wan said amusedly: "I can use Gu, why do I dance with a knife and get a gun? Am I stupid?"

"You..." Zhou Yuyan was about to refute back, when she glanced inadvertently and saw a small tea shed not far away, "Look! There is someone over there!"

The tea shed was also in the fog, but it was not as heavy as the place they had walked.

The stall was set up by an elderly couple, besides them, there were also a few customers drinking tea.

"It turns out that there are people on the island. Let's go over and ask to see if anyone sees my senior brothers!" Zhou Yuyan said excitedly, leaving Yu Wan behind, and ran towards the tea shed with light steps.

The old couple is making dumplings.

She came to them and asked them across a table: "Old man, have you ever seen a man so tall, in his mid-twenties, wearing a gray-blue gown?"

The two ignored her and wrapped dumplings on their own.

Zhou Yuyan frowned: "Old man, can you hear me? I'll ask you about someone."

The two continued to make dumplings.

Zhou Yuyan thought of something, smiled, took out a piece of gold from her arms and put it on their table: "I want a plate of dumplings, don't look for it, tell me, have you seen the man I just said?"

The old man received the money, and the old lady went to make dumplings for her, but they still didn't answer her.

"How could this be? Could it be deaf? Mute?" Zhou Yuyan was puzzled, but she didn't intend to be \*\*\*\* the two old people. She turned to the two young strong men who were drinking on the table and asked politely. Said, "Two eldest brothers, can I ask you about someone? My brother, so tall, twenty years old, wearing a gray-blue gown!"

The two young strong men were just drinking tea and ignored her.

"Hey—" Zhou Yuyan wondered, what happened to the people here? Are you all so rude? She's not ugly, she's not shabby, she doesn't look like a little beggar who doesn't need to be ignored.

Zhou Yuyan walked towards the last aunt who ate dumplings: "Big..."

Before she could finish her sentence, Yu Wan walked over unhurriedly and said to her calmly, "Don't ask, it's useless."

"What do you mean?" Zhou Yuyan asked.

Yu Wan's eyes swept across the crowd: "Didn't you find that they are abnormal?"

After Yu Wan said this, Zhou Yuyan really felt that something was wrong. These people were either busy working or eating and drinking, and they didn't seem to move at all. It was really weird.

Zhou Yuyan walked back to Yu Wan in fear and grabbed Yu Wan's sleeve weakly: "Are they evil people? Will they kill us?"

Yu Wan stroked the saintess stone in her hand: "I don't know if they are evil people, I only know that none of them are alive!"

"Ah—" Zhou Yuyan covered her mouth, preventing herself from screaming.

Yu Wan found a bench and sat down.

Auntie brought a plate of dumplings and two bowls of steaming tea.

Zhou yuyan's face was pale, cold sweat broke out layer after layer, and she sat down tremblingly opposite Yu Wan.

Yu Wan didn't move the dumplings in a hurry, but took up the tea bowl first.

Zhou Yuyan was so frightened that her hands and feet were cold, she held up the tea bowl tremblingly: "How, how could this be?"

She absentmindedly brought the tea bowl to her mouth and took a sip with trembling teeth.

Yu Wan said indifferently, "You dare to drink dead man's tea?"

Didn't you bring it up first? !

Zhou Yuyan hadn't swallowed it yet, but after listening to her words, she hurriedly bowed and spit out the tea. As a result, she saw that the originally clear tea turned into a pool of blood after spitting on the ground, and there were several struggling Gu worms in the blood. The cold hairs all over her body stood up! ! !

Yu Wan slowly took a sip from the tea bowl.

Zhou Yuyan was stunned: "You... how dare you drink it?"

"I drank the water I brought myself." Yu Wan said, shaking the water bladder in her hand.

Zhou Swift's mouth twitched.

This woman... When did you change the water in the bowl?

Yu Wan took the chopsticks and picked up a dumpling.

Zhou Yuyan clasped her wrist: "Can't eat it!"

Yu Wan smiled lightly, took her hand away, and took a light bite of the steaming dumpling: "Well, yes, it's actually stuffed with mutton."

Zhou Yuyan: "You...Aren't you afraid that someone will be poisoned?"

Yu Wan glanced at the blood on the ground and said, "That's not poison."

"What is it?" Zhou Yuyan asked.

"Illusion." Yu Wan said.

"Huh?" Zhou Yuyan looked blank.

Yu Wan looked around: "The ability to create such a powerful illusion is not trivial. Now, I finally believe that what your brother said is right, there is indeed a great wizard living on the island."

Zhou Yuyan said: "Are you saying that they are all illusions? How is this possible? Even a great wizard of my father's realm can't create such a powerful..."

Before he finished speaking, Yu Wan got up and left lightly.

She left a Virgin Stone on the table.

The Virgin Stone is shining brightly.

Zhou Yuyan was stabbed so good that she covered her eyes. When the golden light dissipated, when she opened her eyes again, where were there people and sheds? She was sitting on a bare rock.

She was stunned.

I don't know if I was surprised that the other party created such a powerful illusion, or Yu Wan broke the other party's illusion easily.

"Hey! Wait for me!" Zhou Yuyan only knew that her life was tied to this woman!

Wanwan a few years later: Oh, do you know how much your mother paid for giving birth to you (you)? Mother was originally the most powerful saint in the world. Since you (you) were born, Mother has not even lit a saint's stone! ! !

#### Chapter 626 Nine Brothers Take Action (Second Update)

On this end, Zhou Yuyan met Yu Wan, and Mu Ting, who disappeared with Zhou Yuyan on the other side, met Ying Shisan.

Ying Thirteen's back was tied to Zhou Jin, a comatose younger brother.

Seeing Zhou Jin's moment, Mu Ting's expression finally relaxed.

However, he was not in a hurry to recognize the two, but said vigilantly: "Stop."

"What to do?" Ying Shisan asked lightly.

Mu Ting stretched out his hand: "Give it to me."

Shadow Thirteen gave him a strange look and handed him his wrist.

Mu Ting's fingertips caught Ying Shisan's pulse.

"You still have a pulse? I'm not sick." Ying Shisan coldly drew back his hand.

"I just want to make sure that you are really Ying Thirteen, or is it an illusion created by this fog." Mu Ting said, seeing that Ying Thirteen's face did not show much surprise, he laughed at himself, "Look at it. Come on, you can see that something is wrong here."

Shadow Thirteen said indifferently: "What? Only you wizards can see that this is an illusion, but we dead men can't see it?"

"That's not what I meant." Mu Ting denied it, but he couldn't help being surprised by Ying Thirteen. The dead man used force to walk the rivers and lakes, but force was hardly worth mentioning in the face of such a powerful illusion. So he really didn't expect Ying Shisan to be able to penetrate the mystery.

This also made Mu Ting more and more sure that their group was not simple.

Shadow Thirteen didn't have time to chat with Mu Ting, and carefully looked at the surrounding environment. Even if it was foggy, as long as he walked in a certain direction, he would definitely reach the end.

Mu Ting followed Shadow Thirteen, looked at the little junior brother on the back of Eye Shadow Thirteen, and said, "Why don't you give me the junior brother, you can concentrate on exploring the way."

"No need, take care of yourself." Ying Shisan said expressionlessly.

Mu Ting hit a nail and his face was a little ugly.

At this moment, the fog dissipated, a forest suddenly appeared in front of them, and a group of fierce beasts rushed towards them.

Mu Ting frowned and said sternly: "Don't be afraid, it's an illusion!"

Ying Thirteen pulled out his long sword and cut off the poisonous snake that fell from the top of his head with a click, and the blood of the red snake splashed Mu Ting's face.

Mu Ting was taken aback.

Shadow Thirteen sneered: "Is this also an illusion?"

Mu Ting touched the snake blood on his face and widened his eyes unbelievably. Could the illusion here be able to change with the danger in the forest? He is a dignified and profound wizard, and his eyesight is not as good as that of a dead man...

Ying Shisan was a half-dead warrior who climbed out of the dead. Although he did not understand illusion, he had an instinctive intuition for danger. When the beasts rushed towards him, he closed his eyes, and the surroundings suddenly became silent. The crawling sound of Xixi Susuo came from above the top of the single head, which made him shudder.

Shadow Thirteen took his sword: "This snake is real, and this piece of wood is most likely real. Let's go over there first."

Mu Ting squeezed his fist and followed with a complicated expression.

After Yu Wan and Zhou Yuyan left the "Little Tea Shed", they also entered a forest.

Zhou Yuyan looked at the towering tree above her head, pulled Yu Wan's sleeve and said, "You said... Are these illusions?"

"Can't you see it?" Yu Wan pushed aside a flower bush in front of her.

Zhou Yuyan followed quickly, holding on to Yu Wan's sleeve with one hand: "I'm not a wizard, how can I tell?"

Yu Wan smiled and said: "Your father taught such a powerful disciple, you are the daughter of the master, and you didn't inherit half of his ability. It's really sad."

"I don't want to be a wizard!" Zhou Yuyan snorted.

"Oh?" Yu Wan replied casually.

Zhou Yuyan sighed: "I heard from my father that a powerful wizard can peep into the heavens, but that usually doesn't end well. Haven't you heard of the Five Disadvantages and Three Disadvantages?"

Yu Wan concentrated on finding a way, but ignored her. Zhou Yuyan saw that she did not refute, and even thought she had listened in. She pointed her fingers and explained to Yu Wan in detail: "'Widower, widowhood, loneliness, loneliness, disability', these are the five evils, the three shortages are 'money, life, and power', the way of heaven has its own laws, and watching the way of heaven and revealing its secrets will be punished by heaven!"

Yu Wan snorted: "Has any of your teachers been punished by heaven?"

"Where can those little wizards be?" Zhou Yuyan curled her lips, looked at the forest, and said, "Don't think that the illusions just now are very powerful, but they are not witchcraft that can be punished by the gods. Of course, if we are killed. It's different again."

"Why is it different?" Yu Wan asked.

Zhou Yuyan said: "Using witchcraft to harm people will repay the upper body. You know white wizards and black wizards, right? Like my father and the others, they are white wizards. On weekdays, they exorcise evil spirits, pray for blessings, save the dead and heal the wounded. The dark wizard took the money to eliminate the disaster that should not be eliminated, and the dark wizard will lose his life!"

"Really?" Yu Wan murmured.

Zhou yuyan akimbo said: "So, there are rumors in the market that many dark wizards go to catch young people with enough longevity in order to prolong their lives!"

"Is this okay?" Yu Wan changed her footsteps and changed direction.

Zhou Yuyan spread her hands: "Everyone said that! Eh? Don't you want to go forward? Where are you going?"

Yu Wan pulled out the bright dagger.

Zhou yuyan quickly covered her mouth wisely, took her steps lightly, and followed Yu Wan carefully.

It was ridiculous, she was the master of the Emerald Nation, but in the end she was hiding behind a woman who didn't know martial arts at all and was pregnant.

Zhou Yuyan felt ashamed of this, she gritted her teeth and pulled out her sword.

At this moment, Yu Wan stepped forward: "Come out!"

"Young lady! It's me!"

Shadow Thirteen came out from behind the bushes.

"Thirteen?" Yu Wan felt relieved and walked towards Ying Thirteen.

"Hey! Beware it's an illusion!" Zhou Yuyan kindly held her back.

Yu Wan shook the Gu worm in the bottle: "Don't worry, he is real."

Zhou Yuyan put down her hand in embarrassment: "Oh, I forgot that you were still intoxicating."

"Young madam, be careful!" Ying Shisan took three steps and took two steps to Yu Wan, and supported Yu Wan who was about to step over a fallen tree.

"Are you all right?" Yu Wan smiled comfortably and saw Mu Ting sweating profusely.

Ying Shisan followed her gaze and explained: "I met him on the way and came here with him, isn't the young lady with the young master?"

"No." Yu Wan shook her head.

"Senior Brother!" Zhou Yuyan saw Mu Ting who hurriedly followed.

Mu Ting is about to get tired and lie down. He doesn't know how the dead man can walk so fast. He clearly has one more person on his back...

"Elder Brother, are you okay?" Zhou Yuyan looked at him worriedly.

Mu Ting supported the big tree beside him with one hand, and covered his chest that was about to burst with the other. Out of breath, he said, "I'm fine... how about you... how about you? How are you? Why are you with Mrs. Yan Shao? Together?"

"I fell into an illusion and was touched by her." Although she didn't want to admit it, it was indeed Yu Wan who picked her up. Otherwise, she would have been frightened to death by the ghosts created by the illusion.

"The child is with you, have you met my father?" If Yu Wan remembered correctly, Ying Shisan handed the child to her father before going to inquire about the news.

Shadow Thirteen shook his head: "No, I didn't meet the master."

Yu Wan pointed to Zhou Jin on his back: "You...are you taking the child to explore the way?"

"Yes." Ying Shisan nodded.

Yu Wan was stunned for a moment, and soon she understood everything.

She laughed at herself: "No wonder we were talking a second ago, and when the fog came together, we couldn't even hear the sound. From the moment we got off the boat, we were all under illusions."

Shadow Thirteen said thoughtfully, "Madam is saying..."

"After we got off the boat, we were stupefied by illusions and went in different directions, thinking that our companions were always with me..." Yu Wan said, looking at her hands, "After getting off the boat, Yan Jiuchao kept going. Take my hand, at that time, he should be still there, when did he disappear? Yes! Go to Zhou Yuyan and tell her to let me sit on the stone!"

When Yan Jiuchao went to find Zhou Yuyan, she had disappeared. After that, what she saw Yan Jiuchao and Zhou Yuyan, and even Mu Ting, Zhou Jin, Ying Shisan and her father, were all illusions!

Yu Wan smiled, brushed her bangs, and gritted her teeth: "I thought I found out too early, but unexpectedly let the other party put it together, \*\*\*\* it!"

Zhou Yuyan was talking to her senior brother when she suddenly heard a curse from Yu Wan, and her heart trembled in shock. The two of them looked at Yu Wan and saw the woman who was calm and indifferent no matter when and where. At this moment, like a fried chicken, every strand of hair and fine hair on his body seems to stand up!

That look also seemed to be swallowing someone!

"Will she be angry too..." Zhou yuyan was stunned.

"Young Madam." Ying Thirteen thoughtfully opened the luggage hanging on his chest, took a box of snacks and handed it to her.

Yu Wan opened the box and finally calmed down after eating seventeen or eight osmanthus cakes: "Now, only Yan Jiuchao and my father are left."

...

In a place with beautiful mountains and clear waters and pleasant scenery, Yan Jiuchao stood quietly by the stream, looking at the waterfall that was flying down not far away. Good spring.

Walking and walking, we came to such a place as if a fairy lived.

The creek is crystal clear to the bottom, and there are small fish swimming around the size of a palm. The underwater stones are rounded and smooth by the tide, reflecting the shining light under the refraction of the creek.

Yan Jiuchao bowed, slender fingertips poking into his hands, the stream was cool to the bone, and the fish that were swimming around seemed to be frightened and dispersed!

Yan Jiuchao picked up a rock the size of a pigeon egg, played with it for a while, and threw it back into the water with a thud.

Not far away, the flowers are blooming and falling, and the smoke from the cooking is curling up.

Yan Jiuchao followed the direction of the cooking smoke and came to a peach forest, and there was a house deep in the peach forest, and a half-person-high fence surrounded a pure and elegant courtyard.

The courtyard gate made of a fence was open, and Yan Jiuchao stepped in.

However, just as he crossed the threshold, a row of cold arrows shot towards him!

was about to hit him in the heart, but he didn't even move his eyelids, letting the row of arrows pass through his body!

"Tips for carving bugs."

A certain young master ignored these illusions and walked towards the room with a cold expression.

Several rows of arrows shot towards him, and he did not dodge them all until he was about to set foot on the corridor when another arrow shot. This time, Yan Jiuchao shot, his eyes tightened, A powerful internal force burst out, shaking the arrows into pieces!

The arrows in front are all illusions, and the last one is real, but after being deceived by illusions many times, ordinary people will feel that the last one is also fake, not only because of habitual thinking, but also because there is no time to do screening. with judgment.

"Young man, how did you see through this old man's illusion?"

In the room, there was an old voice like a bell.

With the fall of this voice, the surrounding scene changed dramatically. The original courtyard full of peach blossoms was gone, replaced by a dark and gloomy mansion. The bright sky also disappeared at this moment, and the sky was gloomy. Yeah, it looks like it's going to change.

Yan Jiu's eyes moved, and the door of the Yin Mansion opened.

Yan Jiuchao strode in.

"You really have the guts to come in?" The old voice sounded again.

Yan Jiuchao said casually: "If you don't come in, how will you be taken away?"

"Do you still want to take the old man away?" The owner of the voice seemed to have heard a big joke, and laughed out loud in the room, that gloomy laughter, like a ghost from hell.

Yan Jiuchao was not frightened by his laughter at all, he only looked around lightly and said, "You are very ugly, this young master doesn't want to stay too long, you come out by yourself, or this young master catches you. Are you coming out?"

"I haven't met such an arrogant person for a long time. You can find it here, and it is a bit of a skill. You must know that those who trespassed on the island in the past all died halfway! You are so powerful, I make this old man reluctant. If I kill you, how about this, you stay with me, and you kowtow three times to the old man in the yard, and the old man will accept you as a disciple!"

"Is there any benefit to being your disciple?" Yan Jiuchao asked indifferently.

"It depends on your understanding. You made the old man happy, and the old man may have passed on all his skills to you."

Yan Jiuchao snorted: "Are you talking about these fancy illusions?"

"Boy!" The old man was angry, the main room of the Yin Mansion suddenly opened wide, and dozens of poisonous arrows shot at Yan Jiuchao.

Yan Jiu waved his sleeves towards him, shattering the poison arrow.

"Long, Sheng, Jue? Boy! Are you from the Wu clan? No, you have the aura of a holy king! You... What is your relationship with the holy clan?!"

"It doesn't matter." Yan Jiuchao said.

"The saints actually broke into the old man's territory. It seems that the lesson is not enough! The old man thought that you were very talented and intended to accept you as a disciple, but since you are a saint, the old man will not be able to keep you."

Yan Jiuchao picked up a stone on the stone table, put it in the palm of his hand and weighed it, and said, "Old man, don't grind it, come out if you want to hit it, or kneel if you don't hit it."

"Bold boy!!!"

The old man seemed to be extremely angry. After an angry shout, a powerful pressure swept out. At the same time, a shadow flew out from the main room. It was a white-haired old man. He was sitting in a wheelchair, and the wheelchair was heavy again. fell to the ground.

Listening to his voice, let's say he is seventy or eighty years old, but his appearance is as young as he imagined, as if he is less than fifty.

He looked at Yan Jiuchao angrily.

Yan Jiuchao's young and handsome appearance and strong body made him narrow his eyes slightly.

Yan Jiuchao glanced at the wooden piers by the wall and said, "These people have been drained of their skills by you to help you prolong your lifespan?"

As soon as he finished speaking, the wooden piers instantly turned back into skulls.

The eyes of the old man became deeper and deeper: "The old man's illusion really can't be deceived from you."

Yan Jiuchao said arrogantly: "Illusions, to put it bluntly, are blind tricks, supplemented by drugs, which create illusions, what's so hard to decipher? Your magic drugs, my family Yu Awan will be able to dispense them for you casually. A few big tanks, if you want it, I will give it to you for free."

"You!" The old man was so angry that his veins jumped.

The person he said was worthy of such a drug, the old man didn't know, he only knew that he was successfully provoked, he took a deep breath, suppressed the urge to slap him to death, and smiled grimly: "Old man I pity you for being a talent and give you a chance, if you win, the old man will let you go; if you lose, leave your life to the old man!"

"Okay." Yan Jiuchao agreed.

The old man gave Yan Jiuchao a deep look and said, "The old man thought you would negotiate with the old man. If the old man loses, he will be willing to leave with you."

Yan Jiuchao looked at him strangely.

The old man said impatiently: "Didn't you come to arrest the old man?"

"Ah, this one." Yan Jiuchao nodded in an epiphany, "Whether you want it or not, I will arrest you."

The corner of the old man's mouth twitched!

I have seen arrogant people, but I have never seen such arrogant people. I am afraid that this kid doesn't know that he is a great wizard of heaven. Those illusions just now are just small tricks, and he has not used his real skills!

The old man pushed the wheelchair to the stone table, took out three cups from the house with his inner strength, put a witch stone the size of a copper coin into one of the cups, and then turned the three cups upside down.

He looked into Yan Jiuchao's eyes and said, "Alright, young man, don't blink."

Yan Jiuchao hummed lightly.

The old man started to change the position of the cup. His movements were so fast that there were only a few afterimages left. Finally, he stopped the cup and asked Yan Jiuchao, "Which cup is Wu Shi in? You only have one chance, think about it. Then answer me."

"Don't think about it." Yan Jiuchao looked at him fixedly, and under his provocative eyes, he stretched out his slender fingertips, poked into his eye socket, and dug out his right eyeball.

I saw that \*\*\*\* eyeball instantly turned into a cold witch stone, and the old man in front of him fell to the ground with a bang, becoming a scarecrow in a robe.

Yan Jiuchao said with disgust: "Tsk, I thought it was a powerful trick, but it's just that, I'm afraid even the son of the young master can't be deceived."

The great sorcerer of the Yin house was completely irritated, and more powerful coercion attacked Yan Jiuchao. Yan Jiuchao found that there was no fun, so he didn't bother to deal with him, so he rose into the sky, flew into the main room, Living on an old neck, he pulled the person out.

However, the matter did not end because of this. The moment the dark wizard was brought out of the house, the entire ground shook violently. Then, the exclamations of Yu Wan and Zhou Yuyan were heard not far away.

"Jie Jie..." The dark wizard smiled grimly, "I'll let you arrest the old man, now you've triggered the trap! The two of them, only one can live, or they will all die! All of them will die!"

After Yu Wan, Ying Shisan and Zhou Yuyan passed through the forest, they also found the deep pool with a waterfall. Yu Wan saw Yan Jiuchao's footprints on the ground, and was about to follow the footprints when she was caught on the ground. The big net that came out came under the tree.

Zhou yuyan was almost caught in the net originally, but Mu Ting pushed her. Although she avoided it, Zhou Jin, who was on Ying Shisan's back, suffered.

The net still had a sharp blade, and it cut the rope that tied Zhou Jin.

Of course, the situation of Ying Shisan, Zhou Yuyan and Mu Ting was not much better. After the mechanism was triggered, the ground cracked and their feet fell into a piece of quicksand. The more they moved, the faster and deeper they sank. Deep inner strength is useless.

Soon, Yan Jiuchao discovered that there was not only quicksand there, but also a piece of quicksand that collapsed under the ground of this yin house.

The black wizard laughed madly, and pointed to the small lake at the feet of Yu Wan and Zhou Jin: "See if you don't see it, then there is the formation eye below. The two of them must fall and one of them must block the formation eye, otherwise, the entire island will be destroyed. will collapse!"

Yan Jiuchao squinted his eyes: "You mean... it's enough for one of the two of them to block their eyes?"

The dark wizard was taken aback, what are these words?

"Is it difficult to choose?" Yan Jiuchao asked.

The dark wizard smiled slyly: "Young man, don't pretend to be calm, do you think I didn't see that you were poisoned? You need that child to detoxify you, but you can't bear that woman, you say, it's you Is your own life more important, or that woman's life? Ah, by the way, your choice is not important, that woman has a dagger on her body, she cuts the rope herself, and she can fall and block her eyes!"

"It seems that this formation must be blocked." Yan Jiuchao sneered, grabbed the dark wizard and threw it at the formation suddenly!

The dark wizard's eyes widened in disbelief: "You, you...you don't need me--Guru...Guru..."

Before he finished speaking, the dark wizard fell into the water, and in the blink of an eye, he was sucked in by the underwater formation.

The movement on the island stopped, Yan Jiuchao flew up and rescued Yu Wan and Zhou Jin. Yu Wan was carried down by him, Zhou Jin was not so lucky, and fell on Zhou Yuyan with a bang!

"Ouch~" Zhou Yuyan burst into tears in pain.

Yan Jiuchao pulled Ying Shisan up, and Ying Shisan pulled out Mu Ting and Zhou Yuyan.

"It's so dangerous." Mu Ting wiped the cold sweat from his forehead, and at that moment, he really felt that he was about to die. It was no wonder that so many people went to the island and never came back. The dark wizard is indeed too scary.

"But." Mu Ting glanced at the silent lake, "Is that person...is the great wizard on the island? You killed him, what else did you give the younger brother to release the magic power sealed in his body?"

Yu Wan and Ying Shisan also looked at Yan Jiuchao. Although they understood that he would never sacrifice the life of Yu Wan or an innocent child for his own survival, it was still unbearable that the great wizard he had obtained was gone. Live feeling embarrassed.

"It's all your fault!" Yu Wan glared at Mu Ting and said.

"Why do you blame me?" Mu Ting was stunned.

Yu Wan said bitterly: "It's not that you are dawdling, we entered the yard early, and we won't be trapped here by chance!"

"Cough cough!" Mu Ting covered his cough with his fists. He did dawdle on purpose, but it was definitely not to frame them. They were all grasshoppers on a rope when they arrived on the island. How could he deliberately harm them? It was because he knew that there were dark wizards living on the island, so the closer he got to the dark wizards, the more scared he became, and he was instinctively timid.

Yu Wan squinted at him: "Mu Ting, did you know early on that the island is a dark wizard? You brought us here to keep us trapped on the island forever, so as not to be a burden to you, yes. Isn't it?"

"I didn't!" Mu Ting denied it!

Yu Wan was too lazy to pay attention to him, and grabbed Yan Jiuchao's hand with a look of grievance.

is gone, the great sorcerer is gone...

"Come out." Yan Jiuchao rubbed her head and said in the direction of the courtyard.

"Huh? There are still people in the house?" Yu Wan turned her head oddly, and saw a staggering figure slowly walk out of the messy house.

Yu Wan opened her mouth wide: "This is..."

The owner of the figure walked to Yan Jiuchao with a staggering step, bent down with difficulty, and said in an old and hoarse voice: "This old man has been imprisoned by that beast for 20 years...I never imagined that there will be a moment when we will see the light of day again. ...Thank you for your rescue..."

It turned out to be the person who was locked up by that old thing. After so many years, it was pitiful. Yu Wan looked at him up and down: "Who are you?"

The old man smiled weakly, and said to Yu Wan: "The old man is not talented, the Wei family in Jiangdu, the word Hanlin."

"Wei...Hanlin?" Mu Ting's legs softened, and he threw himself down on his knees.

Rao was born so many years later, and he still heard the name of the other party's thunderous name - the most talented great wizard in the Emerald Kingdom, with a status comparable to the sorcerer king's Jiangdu priest! Wei Xuan! Wei Hanlin!

Really, these days are full of updates

Chapter 627 The descendant of the witch queen, the little black \*\*\*\* who stole it

The name of Master Wei, Zhou Yuyan, has also been heard, but she is not as sensitive as Mu Ting, who is a wizard. She only remembered this person after seeing Mu Ting's strange reaction.

"Ah...I heard my dad mentioned you..." Zhou Yuyan covered her mouth, unable to hide the shock in her heart.

The Wei family is not actually a family of wizards, only a wizard like Wei Xuan came out. At that time, the Jade Kingdom hadn't killed all the wizards, and Wei Xuan was the second son of the family, so he didn't need to take on the heavy responsibility of inheriting the family, so what he was willing to do, The Wei family followed him.

Everyone thought that Wei Xuan was just messing around and didn't expect him to make a name for himself. Until Wei Xuan challenged the famous wizard hall and defeated the former wizard hall master with witchcraft, the Wei family knew that Wei Xuan had already He is the most powerful wizard in the Emerald Kingdom.

Yu Wan took a panoramic view of Mu Ting and Zhou Yuyan's reactions and asked, "You all know him?"

Zhou Yuyan leaned into her ear and whispered: "He is the most powerful wizard in the Emerald Nation! But it is said that he disappeared many years ago, and it is rumored that he has passed away, but unexpectedly he was trapped in this place. A deserted island, then again, what's the origin of that dark wizard? How can he be trapped?"

This little girl has a lot to say. She asked herself a question, and she couldn't wait to reply ten or eight sentences.

Wei Xuan was old enough, but before his ears were dazzled, he heard Zhou Yuyan's muttering, and explained with a wry smile: "That person was originally my scoundrel, and the Wei family has no well-qualified children. I met him by coincidence, and I took him as my apprentice. He is talented and willing to endure hardships. He is even more respectful to me. I teach everything I have learned. ."

Yu Wan's heart was clear, it turned out to be the case.

"Aren't you his master? How could you be harmed by him?" Zhou Yuyan asked, the little girl was simple-minded, and naturally she couldn't imagine how difficult it would be for a trusted person to frame her.

Wei Xuan gave a wry smile again: "I accidentally discovered that he was actually practicing black magic. I threatened to expel him from the teacher's door, but he was imprisoned instead."

Zhou Yuyan and Mu Ting were all sighed when they heard what happened to him.

Yan Jiuchao looked calm, unmoved by the fireworks in the world.

Thinking of something, Wei Xuan said again: "By the way, I've been on the island for so many years, and I still don't know what happened to the Wei family?"

Mu Ting shook his head and said, "The Wei family is nothing, but all the wizards in the Emerald Nation suffered."

Wei Xuan is the only wizard in the Wei family. After he disappeared, the Wei family was safe, but the rest of the wizards were not so lucky.

Mu Ting briefly talked about the witches being hunted by the saints, Wei Xuan sighed: "The relationship between the saints and witches has deteriorated after all."

Yu Wan glanced at Wei Xuan and said, "I think you can talk so much, so it shouldn't be a big problem, Thirteen."

Ying Shisan understood and hugged Zhou Jin, who was unconscious.

Mu Ting went to the house to find a mat, and let the younger brother lie on it, and then took the cushion for Wei Xuan to sit down.

Wei Xuanxun sat on the mat, held up the child's wrist, closed his eyes and tested it with magic power, and said in surprise, "This child is a wizard!"

"Great wizard!" Zhou Yuyan added.

Wei Xuan smiled: "Yes, it's a great wizard, and he is already a great wizard at the earth level at a young age, which is really rare, and his strength should be more than that, there is another magic power in his body that blocks his strength. , you need me to lift the magic power that blocked him."

Zhou Yuyan snorted, glanced at Yan Jiuchao and Yu Wan resentfully, and said to the old man: "My brother and I don't care, the junior brother is so young, he has no ability to protect himself, and exposing his strength prematurely will only kill himself. The calamity is them!"

Xu realized that he was going to miss out when he continued, but Zhou Yuyan stopped tactfully.

Wei Xuan lived to this age, not to mention how proficient in the world, at least not confused, he did not ask Yan Jiuchao and Yu Wan why they wanted Zhou Jin to regain his strength, but since it was what they both wanted, then he would act for the child It is enough to remove the witch power in the body, and Quan should repay the young man's life-saving grace.

Wei Xuan looked at Mu Ting and said, "Little brother, can you move your junior brother to the room and help me boil a bucket of hot water?"

"Yes!" Mu Ting was very respectful to this senior, and it was an honor for him to be sent by him. Mu Ting took the younger brother to the wing, and then went to the kitchen to boil a large pot of hot water.

"Let's go and see what they are doing." Yu Wan took La Yan Jiuchao's hand and obediently pulled the arrogant young master into the room.

"My lord, please sit down, it may take a while." Wei Xuan politely pointed to the chair beside Yan Jiuchao.

Yan Jiuchao walked over with Yu Wan and sat down.

Wei Xuan put a lot of strange medicinal materials into the hot water, and when the bath tub released bursts of medicinal fragrance, Wei Xuan asked Mu Ting to put people in.

With Wei Xuan's realm, it's not difficult to release the magic power that was sealed in Zhou Jin's body, but the difficulty is that the magic power has been sealed for so long, and suddenly burst out, it is very easy to cause damage to Zhou Jin, Wei Xuan wants to This damage is minimized, so every step is taken with care.

As if he was pulling out the cocoon, he drew out the sealed magic power, and a few people saw that Zhou Jin's pale face gradually became rosy, and soon, his breath became stable.

Zhou Jin's eyelids moved slightly when the last trace of magic power sealed in his body was also removed.

Zhou Yuyan hurried over, held his face and said, "Junior Brother, are you awake? It's me, Senior Sister!"

Zhou Jin slowly opened his eyes, but only looked at her weakly, and then fell asleep again.

Zhou Yuyan was shocked: "Eh? How could this be? My junior brother fainted again!"

Wei Xuan explained: "Don't worry girl, he's all right now, I'm worried that the process of removing Wu Li will cause him pain, I added Mafei Powder to the medicinal herbs, and he can wake up after a nap."

Hearing what he said, Zhou Yuyan felt relieved.

Without Wu Li's seal, Zhou Jin's breath began to skyrocket even when he was in a drowsiness. Although Mu Ting knew that the younger brother's strength was not simple, he didn't expect it to be so extraordinary. It was just a blink of an eye. From the great wizard of the earth level to the realm of the heaven level, the first level of the heaven level, the middle level of the heaven level, the rear level of the heaven level...the peak of the sky!

His younger brother turned out to be a great wizard at the pinnacle of heaven!

Mu Ting was so shocked that the whole person was dumbfounded.

You must know that someone as powerful as Wei Xuan is just a great wizard in the middle realm of heaven!

His junior brother was so young, how could he...

Mu Ting was completely speechless.

Zhou Yuyan is not a wizard, she can't perceive the specific strength of the younger brother, but she can judge from the expressions of Mu Ting and Wei Xuan that the younger brother should be a very powerful realm.

"Ah..." Wei Xuan was no less astonished than Mu Ting's. At such an age, he could have the realm of the pinnacle of heaven. I'm afraid it wasn't a later practice, but a natural one!

"Born?" After Wei Xuan expressed the surprise in his heart, Yu Wan raised an eyebrow strangely, "Didn't you say that the inheritance of the witch clan does not depend on blood? How can someone be born a wizard?"

Wei Xuan nodded: "There is indeed such a saying, but there are exceptions to everything. This child... I am afraid that he is the descendant of the Witch King."

"Wizard King?" Yu Wan blinked in surprise.

As if to confirm his guess, Wei Xuan untied Zhou Jin's clothes by himself. Sure enough, a golden birthmark was found on Zhou Jin's back.

Wei Xuan's old eyes lit up instantly: "This is the mark left by the Witch King... He is the Witch King's child!"

"Ah..." Now, it was Zhou Yuyan's turn to be speechless. The little junior brother she bullied every day was actually the child of the Witch King...

Mu Ting frowned. He was a few years older than Mu Qing. Although he was not as talented as Mu Qing, he was more enlightened than Mu Qing in certain things. Descendant of the Witch King.

But... Since he is the descendant of the Witch King, why was he sent to such a small place as the Emerald Country?

He thought about it, Yu Wan and Yan Jiuchao naturally thought of it, Yan Jiuchao took a sip of tea, Yu Wan withdrew the gaze that fell on Yan Jiuchao's face, walked over, looked at Zhou Jin in the tub and said: "His father is the Witch King, right?"

"It should be right." Wei Xuan said excitedly.

"Then we found his father, we found the Witch King." Yu Wan looked at Mu Ting coldly, "Where is his father?"

Mu Ting was startled by her question: "How do I know?"

Yu Wan said slowly: "When he was sent to your sect, didn't you already join the sect of the teacher? What kind of people are they, don't you know?"

"I..." Mu Ting's eyes flashed.

Yu Wan squinted her eyes and pressed her step by step: "Don't think that the matter of sending us into the tiger's mouth can be hidden from the sky, and the matter of killing you is no more than moving your finger, for Mu Qing's sake, I will go around you once, but There is no second time!"

As soon as she finished speaking, Ying Shisan drew out his long sword and placed it on Mu Ting's neck.

"Hey! What are you doing?" Zhou Yuyan, who didn't know the truth, rushed over and opened her arms to block Mu Ting.

Yu Wan didn't even look at Zhou Yuyan, she just stared at Mu Ting coldly.

Mu Ting was stared out in cold sweat, pinched his fingers, and said, "It's from the Wu clan! The younger brother is from the Wu clan!"

Zhou Yuyan looked at Mu Ting in astonishment.

How to explain to Zhou Yuyan that it was before their brothers and sisters, Yu Wan doesn't care and doesn't care, she turned around lightly and took Yan Jiuchao's hand: "Xianggong, let's go!"

Ying Thirteen picked up Zhou Jin, found him dry clothes to put on, then hugged him and followed Yu Wan and Yan Jiuchao.

"Grandpa." Wei Xuan chased after him.

Yan Jiuchao stopped and looked at him with a face expression: "Is something wrong?"

"Dare to ask En Gongzun's name?" Wei Xuan asked.

Yan Jiuchao said: "You don't owe me anything, you don't need to know my name."

Wei Xuan let out a sigh, knowing it in his chest, cupped his hands and said, "Engong saved my life, and I gave him less than 11. Although I don't know what Eunuch is going to do with the Wu clan, I am old, and I don't know what to do. I can't be of much help, I hope the benefactor and his wife can accept this."

He said, untied a purse from his waist, and took out a red string with a bead strung on the red string.

"What is this?" Yu Wan asked.

Wei Xuan glanced at Yu Wan's belly, smiled kindly, and said, "The madam has a very strong aura of a holy king, if you go to the Wu clan like this, I'm afraid that you will be killed. It can cover up the breath of the Holy King."

This is a useful thing, Yu Wan accepted: "Thank you."

Wei Xuan bowed his hands and bowed his hands, sending the two of them away reverently.

Everyone walked out of the house, and Yan Jiuchao threw a lightly: "Yan Jiuchao."

Wei Xuan was stunned for a moment, and then smiled happily.

Obviously refused to tell his name, just because he gave his wife a gift, he made an exception, this benefactor looked cold, and the heart that loved his wife was hotter than lava...

After leaving the house, Yu Wan held Yan Jiuchao in one hand and played with the red rope with the other: "By the way, Yan Jiuchao, the dark wizard is dead, the illusion on the island is broken, why haven't you seen my father yet? "

Deep in the jungle, the cave is faint.

Yu Shaoqing stared at the woman sitting in front of him dumbfounded.

He also met the "little tea shed" that Yu Wan had met, and the "beast" that Ying Shisan met, he also met, and he gradually realized that everything he saw here was fake. A wizard's illusion and blindfolding!

It's just that this illusion is too real, he actually saw Ah Shu, and Ah Shu even dragged him into the cave and turned it over and over again!

Yu Shaoqing is shy, happiness is unnecessary!

"Oops, if Dad doesn't come, the boat will be sailing!"

"What to do? The boss hasn't come back yet? Are you going to sail?"

"I want to drive you! When you die, don't blame your brother for not going to collect your corpse!"

The boat stayed on the island for three whole days.

...

#### Chapter 628 Secret Life Experience (Second)

Zhou Jin slept for three days, and when he woke up, the boat had left the deserted island and headed to the next destination.

Although Zhou Yuyan is a spoiled eldest lady, she is not bad for this junior brother. She wants Zhou Jin to take care of her in her own room and do everything by herself, or maybe she has experienced life and death on a desert island, and her temperament after returning to the ship She calmed down a bit, at least her nose was no longer a nose, and her eyes were no longer eyes when facing Yu Wan.

Yu Wan was reading a book in the room, Yan Jiuchao was resting beside her, Ying Shisan stepped in, glanced at the resting young master, lowered his voice and said, "Young madam, Mu Qing's little junior brother is awake. "

"Oh? Is that so?" Yu Wan put down the medical book in her hand and looked at Yan Jiuchao. The weather at sea was sultry, the window was open, the sea breeze was blowing slowly, and she was still sweating. Jiu Chao's neckline was undone, and Chong Ying Shisan nodded.

Shadow Thirteen understood and turned around and left the room.

Yu Wan and Ying Shisan went to Zhou Yuyan's room together. Old Cui's head had already been picked up by Ying Liu, and he gave Zhou Jin a pulse: "It's okay! It's okay! Gu poison is also Clear and clean!"

"But he's been in a coma for so long..." Ying Liu muttered.

"It's because I inhaled too much numbness and boiled powder, who can do it so hard? Eight or nine-year-old children..." Old Cui Tou scolded and put away the box.

"Don't you need to prescribe some medicine?" Zhou Yuyan asked worriedly, "My junior brother looks so bad."

"The child will be fine after a few days!" Old Cuitou yawned and let Xiaoliu pull him up halfway through his sleep, but he was sleepy!

Old Cuitou threw the medicine box into Yingliu's arms, rolled his eyes and went out.

"Okay, it's me again." Ying Liu held the medicine box and planned to bring Old Cui Tou back to the house. When he walked out of the house, he happened to meet Yu Wan and Ying Thirteen who came to visit Zhou Jin.

"Young madam, you are here." Ying Liu greeted with a smile.

"Well, let me see Zhou Jin." Yu Wan said.

"Oh, I'll send the box to Old Cui Tou first!" Ying Liu said, and went out with the box.

Shadow Thirteen frowned slightly, took steps to catch up, took the heavy box from his hand, and helped him take it to Old Cuitou's house.

Zhou Jin's condition is fairly good, except for some sourness and weakness, the rest is normal, Yu Wan asked the kitchen to cook him a bowl of millet porridge, he didn't pick anything, he ate it obediently.

"I'm more obedient than you." Yu Wan said to Zhou Yuyan.

Zhou Swift snorted and swept her face!

Zhou Jin was the youngest among them, but he was also the calmest. When he woke up, he found that he had come to an unfamiliar place. He didn't show the slightest panic, and he didn't rush to ask what happened and where it was. .

He had been hungry for so many days, and he was already hungry, but he didn't seem to be in a hurry or rude to eat. He had a kind of dignity and elegance that seemed to come from his bones.

Yu Wan sat down on the chair opposite him: "Are you Zhou Jin?"

"Yes," he said quietly.

Yu Wan looked at his appearance, was it because of the Witch Queen's descendants? Not only does he have an extraordinary demeanor, but he even looks better than children of the same age.

This child, she likes it!

Yu Wan put her hand gently on her bulging belly and asked him, "How old are you?"

"I will be nine years old next month." Zhou Jin said.

"Do you know your current situation?" Yu Wan asked.

Zhou Jin paused.

Zhou Yuyan said: "I haven't had time to tell him yet!"

"Your master passed away." Yu Wan said bluntly.

"Hey! You!" Zhou Yuyan jumped in a hurry, "How could you tell my junior brother this kind of thing? He's still a child!"

Zhou Jin lowered his head slightly and did not speak.

The thin body looked a little lonely in the room.

He is sad.

But he didn't want people to see his sadness.

This is a child who will not be easily influenced by emotions. From the perspective of personality alone, he is much better than his brothers and sisters.

"I'm fine, Senior Sister." He said to Zhou Yuyan. After he finished speaking, he looked at Yu Wan again, with clear eyes like stars, "Thank you for telling me."

"Junior Brother..." Zhou Yuyan choked.

Zhou Jin said sadly: "Master treats me as if I were my own, and I'm sorry that I couldn't send him the last trip to the old man's house."

This child has a melancholy temperament...

Yu Wan patted the folding fan in her hand: "My condolences, the dead are gone, and the living will continue to survive. I believe that your master in the spirit of heaven will definitely not want to see you indulge in pain. Well, I won't say polite words. Now, your details, your senior sister will tell you later, now we are going to the Wu clan, and you have to go together, do you have anything to say about the Wu clan?"

"No." Zhou Jin shook his head.

Yu Wan nodded and said again: "What do you remember about your own life experience?"

Zhou Jin shook his head again.

Zhou Yuyan took Zhou Jin into her arms and said distressedly: "Don't ask him, he doesn't know anything, he was only three years old when he came to my house, what do you expect a three-year-old child to remember? "

Yu Wan said: "He knows that he is not your father's biological child, which shows that your father never deceived him, or did not deceive him."

"I..." Zhou yuyan was speechless.

Yu Wan looked at Zhou Jin and said, "You just woke up, and your mind is still a little confused. I won't urge you. When you think of it, let someone tell me. The more you know, the better it will be for this trip."

After saying that, Yu Wan stood up and walked outside the house.

"Flower." Zhou Jin said.

Yu Wan hummed suspiciously, and turned around with a folding fan: "What flower?"

"Purple flower." Zhou Jin murmured.

Yu Wan took the folding fan and clapped her palm: "Where did you live when you were a child, there were purple flowers?"

"Yes." Zhou Jin nodded.

As for what kind of flower, Zhou Jin couldn't answer.

"Okay. At least you know whether your house has flowers or purple flowers." Yu Wan smiled, opened the folding fan, and tightened it with a snap, who doesn't have purple flowers? ! It's like looking for a needle in a haystack, right? !

Yu Wan gritted her teeth, took a deep breath and went out!

"Young Madam, are you worried that you won't be able to find the Witch King?" Ying Shisan returned the box to Old Cui Tou's house, and turned back in time, just in time to hear Yu Wan and Zhou Jin's conversation.

"With such a large boat, no one has ever been to the Witch Clan. I don't know what the Witch King looks like, what his habits are, how easy it is to meet, and more." Yu Wan frowned and said, "I thought I had this child. We can successfully enter the Wu clan, and now it seems that we have to cover up."

"Because he is from the Wu tribe?" Ying Shisan said.

Yu Wan shook her head: "It's not because he is from the Witch Clan, but because he is a Witch Clan member who was sent out of the Witch Clan. He is the descendant of the Witch King, with such a powerful talent, it should be a treasure of the Witch Clan, but he He was kept secretly in a small place like the Emerald Country, and Wu Li was sealed up. In my opinion, he is probably a shady child. But he also has the mark made by the Witch King, which shows that the Witch King is a Acknowledge the child."

"So something must have happened to the Wu clan." Ying Shisan pondered for a moment and said, "No wonder Madam wants to check his background. Only by knowing who he is can we better avoid the risks that his background may bring."

"It's a pity that this child can't remember anything." Yu Wan shook her head regretfully, thinking of something, Yu Wan said, "By the way, is the old Cuitou's dye ready?"

"It's done." Shadow Thirteen said.

Yu Wan sighed: "It hurts a bit, but to save his life, I can only let him hurt a little."

Shadow Thirteen said sternly: "I'll do it now."

Xu, Ying Thirteen came to Zhou Swift's room with a bowl of black dye and a row of tiny silver needles.

Zhou yuyan had been informed long ago, and when she saw the tool in his hand, she knew what to do next, she guarded the door: "you, you wait first."

Shadow Thirteen nodded.

Zhou yuyan closed the door, walked to Zhou Jin, and whispered to him: "Junior brother, don't go to the Witch Clan! The Witch Clan is dangerous! Senior Sister will take you away!"

No matter how stupid she was, she could guess something was wrong. With such a talent and background as her junior brother, she should have been given a high profile, but she was hiding in the Zhou family like a pearl covered in dust.

"Senior sister, I'm not leaving." Zhou Jin said.

"You will die!" Zhou Yuyan stomped her feet anxiously.

"My life should have been lost on the island long ago." Zhou Jin opened the window, and a sea breeze like a heat wave blew over, "Now, it has been picked up again."

...

Ying Thirteen spent half an hour making a tattoo for Zhou Jin, covering up his imprint of the Witch King.

The mark was so deep that Ying Thirteen had to stab deeply.

Zhou Jin bit the wood, not letting himself let out a whimper of pain.

After the tattoo was completed, even a big man like Ying Shisan had to admire the child's tenacity.

Ying Thirteen packed up his tools and let Zhou Jin rest.

Zhou Jin did not go to rest, but put on his clothes and came to the deck.

Today is Master's May Seventh.

A thin figure is standing against the wind.

He raised his head and looked at the majestic sky.

The calm sea was suddenly turbulent, with lightning and thunder, and after a while, the dark clouds covered the sun, and a torrential rain fell.

The slender figure stood in the rain with an aura like a rainbow.

He moved towards the Emerald Country, bent down his noble body, and kowtowed three times reverently.

## Chapter 629 Knowing the Old Ones in a Foreign Land

The ship sailed southeast today and arrived at the wharf of Yuli Kingdom, which is the last destination of this route.

The heads of the family helped take down their luggage. Looking at the large and small boxes on the dock, Ying Liu was a little puzzled. He remembered that they didn't have so many things when they got on the boat...

He looked strangely at Zhou Yuyan, Mu Ting, and Mu Qing, who were squatting on the ground to study the map, secretly asked, are they some of them?

The relationship between the heads of the family and the use of merchant ships hired a few carriages for them at the dock. This is the last thing they can do for the boss. In the rest of their lives, I am afraid they will never see each other again!

Yingliu started to carry luggage to the carriage, but I don't know if it was his own delusion, the extra boxes were really heavy and heavy...

Yu Wan's body is getting heavier, some things can't be done in the future, and Piner is left by her side.

Yan Jiuchao and Ying Shisan went to the market to buy and inquire about news. Old Cuitou also followed. He needed to supply some medicinal materials.

Yu Shaoqing was guarding his daughter, lest people coming and going on the pier would accidentally hurt her daughter.

Muqing put on a bucket hat, and a thin veil covered his face and eyes that would frighten passers-by. He didn't know where to move a few stools for Yu Shaoqing and Yu Wan to sit on.

Yu Shaoqing did not sit down, but instead called Zhou Jin over to sit down.

This child was silent all the way, and it was a little distressingly quiet.

Zhou Jin sat down next to Yu Wan.

Yu Wan handed over the snack box she was eating: "Here."

Zhou Jin silently picked up a piece of sweet-scented osmanthus cake and ate it.

Mu Ting and Zhou Yuyan are still studying how to go next.

Yu Wan glanced at Mu Qing who was tying the loose belt to Zhou Jin, and said, "Do many people know about the Wu clan?"

Mu Qing raised her head: "Mrs. Yan Shao asked whether she knew the existence of the Wu clan, or did she know the way to the Wu clan."

"Ask all." Yu Wan said.

Mu Qing thought about it seriously: "Actually... everyone just heard about it, I'm not sure if it's true, if it wasn't for the wizards of the Emerald Nation who really couldn't survive, I wouldn't want to take my senior brother with me. They fled to the witches."

Speaking of this, he glanced at Zhou Jin ashamedly. He didn't know that the younger brother was from the Wu clan. If he knew this, he would never set up a plan with the senior brother and sister.

Yu Wan guessed what he was thinking without looking at it, holding the sweet-scented osmanthus cake in her hand, she glanced at Mu Ting who was studying the map, and said with a smile, "You don't know Zhou Jin's life experience, but your brother knows, it seems that in order to survive, He doesn't care about your little brother's life or death."

Mu Qing said sternly: "No, my senior brother loves the younger brother very much, but the Jade Country is too difficult, and he has no choice but to do this. Even if he goes to the Witch Clan, he will protect the younger brother well. "

"Really?" Yu Wan smiled lightly, and when Zhou Jin finished eating, she handed over the box again.

Zhou Jin ate quietly, as if he hadn't heard their conversation.

"Then it's settled, take this road." Mu Ting and Zhou Yuyan finished speaking, stood up, took the map over, and said to Yu Wan, "We pass through this town, go all the way east, and walk through a small desert. We can get to the Wu clan. There is an inn in the desert, let's hurry up early, please stay in the inn when it is dark."

Yu Wan looked at him with a smile: "You can arrange it."

Mu Ting lowered his eyes and looked at the map in his hand, and said, "And we need to cover up our identities, what are your thoughts on Mrs. Yan Shao?"

"It's all said, it's all up to you."

"If that's the case, then Master Yu is my uncle, Young Master Yan is the senior brother, you are..." Mu Ting estimated Yu Wan's age and wanted to say a little junior sister, but Yu Wan touched Zhou Jin's little head, said, "I am your senior sister, my name is senior sister."

Zhou Jin: "Elder Sister."

Mu Ting: "..."

Zhou Jin recognized it, and after a while, Mu Qing also called out one after another as the senior sister. Zhou yuyan was unhappy, but she was a little paper tiger with little deterrence, so Yu Wan's identity as a senior sister was almost unanimously approved. .

The Liuli Country and the Emerald Country are on good terms, and the road guides between the two countries can be used in common. They took the fake road guide of the Emerald Country and left the town unimpeded, all the way to the east, as Mu Ting said, before dark. Arrive at a weather-beaten inn.

Mu Ting jumped out of the carriage, facing Yan Jiuchao and Yu Wan's carriageway: "Let's rest here for a night, if it doesn't rain tomorrow, we will continue on our way. If we hurry up, we will be able to reach the Wu clan in three or two days. However, our horses may be It's time to replace the camel."

"Got it." Yu Wan lifted the curtain and said.

Yan Jiuchao got off the carriage and pulled Yu Wan down.

"Oh my old bones!" Old Cuitou also got off the carriage.

"Grandma, be careful." After supporting Old Cuitou, Yingliu helped Grandma down again.

Zhou Yuyan has been holding Zhou Jin tightly, not letting Zhou Jin leave her for half a step.

The inn here is naturally incomparable with the city. Not to mention the simple environment and no one to greet the guests, the group had to enter the inn by themselves. What, only yawned lazily and said, "There are three rooms left."

Zhou Yuyan was anxious: "Three rooms? How can it be enough?"

The shopkeeper said, "The lobby can live for one night."

"But..." Zhou Yuyan wanted to say something, and the shopkeeper threw a bunch of keys on the table, "One room for ten taels of silver, forty taels in total."

Zhou Yuyan was puzzled: "Isn't it three rooms? Thirty taels are the ten taels. How did the other twelve taels come from?"

The shopkeeper said lightly: "You don't charge for living in the lobby? You don't charge for meals? Don't you charge for feeding horses?"

Zhou yuyan stomped: "I think you are a black shop at all!"

"I can't stop loving it, I can't stop pulling it down!" The shopkeeper said, and went to retrieve the key on the table, but was blocked by a folding fan.

Yu Wan smiled: "Who said we can't live anymore? I'll give you the money! Xiaoliu!"

Yingliu took out four ingots of gold from his purse: "Here!"

The shopkeeper accepted the money, and finally gave a good face: "Guest officer, please go upstairs!"

Although there are only three rooms, fortunately, each room is big enough. Yu Wan, Zhou Yuyan, and Ping'er have one room, Yan Jiuchao, Yu Shaoqing, and Zhou Jin have one room. Stay in the lobby.

Dinner was eaten in the lobby. After eating, Yu Wan and Yan Jiuchao went back to the house, Ying Shisan and Ying Liu went to feed the horses, and Mu Qing went to the warehouse with Xiao Er, carrying a few warm quilts.

In the hall, only Mu Ting was left, and just when he was going to go upstairs to see his junior brother, a burly figure came to him.

Mu Ting raised his head and glanced at the other party, but this glance stopped him.

"It's really you, Ting'er." The burly man said with a smile on his face.

Mu Ting's pupils shrank.

The visitor was none other than his master's friend before his death. His surname was Liang Minghong, and he was also a mysterious wizard. Mu Ting never expected to meet an acquaintance in the inn. :  
"Uncle Liang."

Wizard Liang patted him on the shoulder and said, "It's been a long time since I saw you, I almost didn't recognize you, so I just said it was you, but there are so many unfamiliar faces around you, and you call them uncle and brother... I'm not sure, that's why I want to verify it."

Mu Ting only felt that the shoulder he had patted was a little stiff, and for a while, he didn't know how to resolve the deadlock in front of him.

"I heard that your master passed away." Wizard Liang said.

Mu Ting said sadly: "That's right, we were arrested. Master, in order to let Junior Brother Mu Qing escape, unfortunately, the officers and soldiers of the Emerald Nation killed him."

Wizard Liang sighed deeply: "I've been with your master for many years, but I haven't seen him for the last time. To tell you the truth, I was almost caught too... By the way, I see your appearance, too. Are you going to take refuge in the witch clan?"

"I....."

Sorcerer Liang said again: "Who are you with? Why are you pretending to be your uncle and brother and sister?"

"this....."

Sorcerer Liang said: "You are still young, it's right to make more friends in the arena, but Uncle Liang wants to remind you that you don't want to be deceived by people who know your face and your heart."

Mu Ting didn't answer, but asked, "Is Uncle Liang going to the Wu clan too?"

Wizard Liang nodded: "Yes, there is no place for our wizards in the Emerald Country, where can we go if we don't go to the witch clan?"

"Uncle Liang, aren't you..." Mu Ting didn't say anything further.

Wizard Liang smiled: "I know what you want to say, I'm not a great wizard, and I don't have the qualifications to enter the witch clan. However, I am very fortunate to have met a friend who is a great wizard of the heaven. If you want, I can Ask him to let him take you with you."

Mu Ting murmured: "I'm afraid they won't be willing."

Wizard Liang frowned and said, "They? You mean those people who pretended to be your classmates? Are they not from the Emerald Nation? Ting'er, your master is gone. As your uncle, I will have a few words with you. In other words, as a person, you must know how to advance and retreat, and at any time, don't cause trouble!"

Sorcerer Liang's eyes were complex and heavy, as if he saw through something, and seemed to be referring to something else, Mu Ting couldn't help but hesitate.

He always felt that the purpose of that group of people going to the Witch Race was not simple, not to mention that there was a Saint Race among them, who could guarantee that they were not spies of the Saint Race? If the Wu clan knew that they brought a spy there, the Wu clan would definitely not let them go.

Thoughts flashed, Mu Ting stopped him: "Uncle Liang!"

Chapter 630 The Nine Brothers

"Senior brother, where have you been?"

In the lobby, Mu Qing put the quilt she brought on the table, and as she sorted it, she turned her head and said to Mu Ting, who had a pale face.

Mu Tinghun responded reluctantly: "I didn't go anywhere."

Mu Qing stopped the quilt he had spread halfway and said to him, "You don't look very good, are you not feeling well? I'll call Doctor Cui to show you!"

"No, I'm fine." Mu Ting turned his back and found a bench to sit down.

Mu Qing followed, walked around in front of him, ignoring his dodging, cupped his face and said, "No, I think you have something to do."

"It's a bit hard to travel too much." Mu Ting avoided his sight, took his hand away, and said lightly.

Mu Qing didn't suspect him, she pouted and said, "That's why I said earlier that I would stay in the town for one night, and then it's the same thing to drive tomorrow morning! Don't be in such a hurry!"

"Go to the Wu clan early to avoid having too many dreams at night." Mu Ting lowered his eyes and said.

Mu Qing still didn't notice what was wrong with Mu Ting, but listened to what Mu Ting said casually, he sat down beside Mu Ting and said nothing: "But, we went to the Wu clan so early, Is it really okay for junior brother? Will he be recognized?"

Mu Ting said: "How come? Isn't his mark of the Witch King already covered by tattoos?"

Mu Qing looked around and whispered: "His magic power is still there, such a small big wizard will make people suspicious, right?"

Mu Ting paused and said, "So, they unblocked the younger brother's witch power, which is basically harming the younger brother."

"You can't say that. They don't know that the younger brother's strength is hidden. Besides, if the younger brother is not allowed to regain his strength, how can they know whether the younger brother

is the Witch King? Although the younger brother is not, his father is! It's not a waste of time. !" Mu Qing said, with high spirits, it could be seen that he was genuinely happy for Yu Wan and Yan Jiuchao.

Mu Ting is not only Mu Ting's junior brother, but also his cousin. Mu Ting watched him grow up. Mu Ting knew exactly what his temperament was. Don't look at Mu Qing's kindness to her classmates, but because of the bullying she had suffered since childhood, Mu Ting knew exactly what kind of temperament he was. Qing actually has a strong sense of vigilance towards strangers, but this vigilance turned to ashes in just a few days of getting along.

Mu Ting looked complicated.

Mu Qing suddenly said: "It's getting late, senior brother, please rest, little junior brother should drink the medicine, I will bring him some hot water."

Mu Ting lowered his eyes and hummed.

Muqing went to the kitchen to ask for a pot of hot water, and walked up to the second floor quickly, and met Zhou Yuyan at the corner. It turned out that Zhou Yuyan also gave Zhou Jin water and medicine.

"You also come to deliver water to junior brother." Zhou Yuyan said.

"Yeah, I didn't expect Senior Sister to bring it here as well." Mu Qing smiled shyly.

"If I knew you would send it, I wouldn't send it!" Zhou yuyan pouted.

"Huh?" Mu Qing scratched her head for a moment.

Zhou Yuyan burst out laughing: "Just kidding! Stupid! Let's go! Junior Brother lives with so many outsiders, I'm not at ease, let's go and see!"

"Yeah!" Mu Qing smiled and went to Yan Jiuchao's house with Zhou Yuyan.

The room was very quiet. Yu Shaoqing sat on a chair beside him and wiped his weapons. As the most powerful expert in this trip, Yu Shaoqing felt that it was very necessary to put himself in a state where he could fight anytime, anywhere.

Yan Jiuchao and Zhou Jin sat cross-legged on the bed with the clean mattress they brought with them. There was a small square table between them. On the small square table were some things that Zhou Yuyan and Mu Qing would never touch.

"It's your turn." Yan Jiuchao said.

Zhou Jin picked up the Kongming lock on the table. The Kongming lock is made of six wooden strips, which can be assembled and disassembled.

This Kongming lock was put together by Yan Jiuchao, and Zhou Jin needed to take it apart.

Zhou Jin took it apart seriously.

"One, two, three..." Mu Qing recited silently in his heart. After reading it three times, the little junior brother didn't finish it. He couldn't help being stunned. He had seen junior brother play with this kind of lock before, no matter who spelled it for him, he always opened it up within three beeps, but this time, the younger brother met his opponent?

When Mu Qing counted to fifteen in her heart, Zhou Yuyan also wowed.

Isn't it? Little Junior Brother was actually in trouble?

He is a child prodigy!

"It's finished!" Zhou Jin put the last two wooden sticks on the table, his face flushed red, it was obvious that he was really exerting himself.

Yan Jiuchao said disdainfully, "Hey~ this young master made a random fight. You've been demolishing it for so long, you're stupid!"

Zhou Jin took Kong Mingsuo over, turned his back and put it together, and handed it to Yan Jiuchao: "It's your turn, and this is what I did casually!"

Muqing and Zhou Yuyan were both stunned for a moment, they read it right, the honest little junior brother, are you talking harshly? They both saw it when they were just fighting the lock, where is it casual? Just gritted their teeth, okay?

Yan Jiuchao took Kong Mingsuo over with a proud look without raising his eyelids.

One dismantling.

Hemp eggs!

Can't take it apart!

Yan Jiuchao was shocked by his inner strength, and innocently said: "Oh? It's broken!"

Zhou Jin hurriedly lay on the table, picked up the Kongming lock that was broken in the middle, and kicked his legs angrily: "Why is it broken? What lock did you buy! Are you greedy for cheap! I finally figured it out! Myself I forgot how to fight!"

Mu Qing and Zhou Yuyan glanced at each other, are they dazzled? Was the angry boy just now really his mature and stable junior brother?

...

After taking the medicine, Zhou Jin tossed and turned in bed and couldn't fall asleep. He remembered that there were chopsticks in the lobby, so he could carve a Kongming lock himself.

He got up and went out of the house.

The house he lived in was in the middle, he forgot which side of the stairs led to the lobby, he turned left and went down the stairs, but came to the backyard of the inn.

At the other end of the yard is the kitchen. Yu Wan chopped bones in the kitchen, making a loud noise. Three little black eggs were lying on the door panel, looking in secretly through the crack of the door.

Mother, Mother, Mother...

When Zhou Jin passed by here, he saw three children peeking in with their butts up, and his steps were a meal: "Who are you?"

The three little black eggs were so shocked that their hairs stood on end, they bent down, and covered their heads with their small clothes.

That way no one will see them...

Zhou Jin looked at the three little guys, like three little ostriches, covering their heads, but their little buttocks were still raised high, really couldn't hold back, and laughed.

He was so big that he hardly even smiled, let alone laughed out loud.

No, he was about to burst into tears.

The three little ostriches took off their little coats, bent over, and looked at him from under their crotch.

"What are you laughing at?" Xiaobao asked.

Zhou Jin dragged the little guys up, unable to hide his smile: "You guys are so dark, who are you?"

Hearing that they were black, the little black eggs were unhappy, and collectively pulled down the chubby face and stared at him resentfully.

Zhou Jin didn't realize that he said something wrong, but he remembered another thing - he has something delicious on him!

He opened the small purse hanging around his waist, took out a few pieces of halva wrapped in parchment paper, and said, "Do you want to eat?"

The little black eggs have green eyes, from collective resentment to collective sucking!

Zhou Jin picked up a piece and fed it into the mouth of the nearest big treasure.

Xiaobao said crisply: "Why don't you feed Xiaobao?"

Zhou Jin was startled for a moment, then picked up another piece of crisp candy to feed Xiaobao.

Er Bao was not happy anymore, twisted his little \*\*\*\* and said aggrieved: "Where is Er Bao?"

Zhou Jin is at a loss!

Three little black eggs with their mouths open, Zhou Jin felt that he couldn't even feed them, one head and two big!

When the three little black eggs finished eating half the box of halva, they were finally appeased. They obediently took the halva and ate them.

Zhou Jin looked at the three chubby little guys and said, "But...you are all so fat, can you still eat candy?"

The three little black eggs choked at first, and then walked away in tears!

This brother is good or bad, and he says they are black and fat, so don't play with him!

"Hey! Don't leave! I haven't finished speaking yet... You guys..." Zhou Jin looked at the empty courtyard lonely and sighed, "Actually, it's pretty, cute. "

The little black egg was gone, and Zhou Jin's mood to make Kong Mingsuo suddenly disappeared. He glanced at Yu Wan, who had been professionally chopped bones for a hundred years, from the crack of the door, nodded, and walked towards the guest room.

Just as he was about to go upstairs, a tall figure came up from behind him, wrapped his arms around his body and covered his nose with a handkerchief with the other.

There was sweat medicine on the handkerchief, Zhou Jin took a breath and lost consciousness.
