## Section 10

After hearing that his son was dead, Wu Wei couldn't accept this sudden blow at all.

He asked with a gloomy face to an old man next to him.

"Second uncle, do you know who Liu Liu went out with today?"

The old man's name is Wu Qian. His seniority in the Wu family is higher than that of Wu Wei. However, due to his poor qualifications, he is nearly seventy years old and cannot reach the sixth level of Qi refining.

He has long since given up cultivation and is taking care of family affairs. If the family members want to go out, they will usually say hello to him.

When the head of the family asked, Wu Qian quickly answered.

"In the morning, the young master took Jia Guard out and said he was going to Yunmang Mountain for training."

"Yunmang Mountain..."

Hearing this, Wu Wei was speechless.

Yunmang Mountain is more than two thousand miles away from Feiyun City. The environment there is complicated and monsters are everywhere.

Although most of them are first-level monsters, Wu Tianyi is only at the fourth level of Qi training, and Jia Huwei is stronger, but he is only at the sixth level of Qi training.

Once you encounter a powerful monster, something unexpected may happen.

In addition, monks from nearby cities often go to Yunmang Mountain to hunt monsters.

So it's hard to say how Wu Tianyi died.

"Second uncle, do you think they encountered a monster or were killed by someone?"

"Hard to say."

Wu Qian did not dare to draw conclusions easily.

To be honest, all kinds of accidents can happen in the world of immortality, and no one dares to guarantee it.

Wu Wei nodded, he also knew this kind of thing, Wu Qian couldn't give any answer, he just asked casually.

Wu Wei had a gloomy face and tapped the table with his fingers.

After a while, Wu Wei spoke.

"Go and ask Liu Chong to come over."

"yes."

Wu Qian responded quickly and walked outside.

After a while, Wu Qian walked into the lobby with an old man in green clothes and white hair.

The old man's name was Liu Yihe. He was in the middle of the construction period. He was recruited by the Wu family as a worshipper. He had served the Wu family for many years and had made great contributions.

Seeing the old man arriving, Wu Wei quickly stood up and asked him.

"Liu Gongfeng, Tianyi is dead. Please help me figure it out and see if we can find the murderer."

"Okay, let me try."

Liu Yihe has been practicing Taoism for many years and has a special ability. Through the corresponding media, he can calculate a person's whereabouts.

This method is very popular in the world of immortality, and Liu Yihe will not use it easily.

If Wu Tianyi hadn't died this time and Wu Wei had spoken in person, he would certainly not have agreed so happily.

Of course, he couldn't predict a person's whereabouts out of thin air. He had to have the appropriate media.

Liu Yihe said to the person next to him.

"Find a piece of Sixth Master's belongings and come here."

Soon, a servant came over with a piece of clothing worn by Wu Tianyi.

Liu Yihe took the clothes and took out a mirror-like magic weapon.

I saw him mumbling something, then spitting out a mouthful of blood in front of the mirror.

An intermittent picture slowly appeared on the mirror.

In the picture, Zhang Yuhe holds a long knife and jumps up to split Wu Tianyi in half.

"So brave."

Seeing the picture in the mirror, Wu Wei was furious.

It turned out that he thought that Wu Tianyi might have been killed by a monster. After all, no one within thousands of miles around knew about his Wu family in Feiyun City.

Unless they are desperadoes, who would dare to take action against members of his Wu family?

However, the picture was in front of him, and he couldn't help but not believe it.

Wu Wei tried hard to suppress the anger in his heart and asked Liu Yihe in a deep voice.

"Liu Gongfeng, can you trace the murderer's whereabouts?"

Liu Yihe thought for a while and said slowly.

"It's not certain yet. If the murderer left any breath at the scene, it should be OK,"

"Hmph, let's chase him. If we don't extract the murderer's soul and refine his soul, it's hard to understand the hatred in my heart."

Wu Wei waved his sleeves and rushed out of the hall with his flying sword, quickly flying towards the place where Wu Tianyi died.

Liu Yihe also took out his flying sword and followed closely behind.

...

At this time, Zhang Yuhe was flying quickly with a smile on his face.

"It takes no effort at all."

While Yu Jian was flying, he was not idle. Instead, he was exploring Jia Weibei's storage bag while flying.

In Jia Wewei's storage bag, he found several jade slips.

Although there are no martial arts or magical powers, the jade slips introduce a lot of basic knowledge of immortality.

There is a jade slip among them, which is a map of the surrounding area. It marks the distribution of the surrounding cities in detail and provides corresponding explanations.

According to the description on the jade slip, this area is under the jurisdiction of Yunzhong Mansion.

Yunzhong Mansion is vast, with a radius of hundreds of thousands of miles. There are at least hundreds of small cities like Feiyun City.

The most important thing is that there is a teleportation array in Yunzhong Fucheng, through which you can teleport to Hezhou City.

Then teleport from Hezhou City to Zhongzhou City, and then you can run to the mountain gate of Daosheng Sect.

Because Daosheng Sect is located 60,000 miles south of Zhongzhou City.

Yu Fan's sky is vast and boundless. If he relies on his own sword to fly, he may not be able to reach Dao Shengzong until he dies.

But with the teleportation array, it's different. As long as you get to Zhongzhou City, the remaining 60,000 miles is not a problem at all. It can be covered in a few days.

Zhang Yuhe quickly changed direction and flew towards Yunzhong Fucheng.

By comparing the map on the jade slip, Yunzhong City was only about five thousand miles away from his current location.

Not too far.

If you fly at full speed, you can probably get there in less than half a day.

If you can fly, you are fast.

While Zhang Yuhe was flying quickly towards Yunzhong City, Wu Wei and Liu Yihe had already arrived at the place of Wu Tianyi's death.

The flying speed of the foundation-building monk is much faster than Zhang Yuhe, and he can reach a distance of more than two thousand miles in half an hour.

Seeing his son's body split in half, Wu Wei slowly squatted down, his eyes red and frightening.

He gritted his teeth and asked Liu Yihe.

"Can the murderer be found?"

Liu Yihe did not answer immediately. He understood Wu Wei's mood at this time.

However, Zhang Yuhe's murderous actions were clean and neat, leaving no breath at the scene.

In this barren place, trying to find the murderer is like looking for a needle in a haystack.

Even if he knew some small means of calculation, there was no corresponding medium, and the murderer did not leave any breath.

It's hard to find people.

Liu Yihe flew up and quickly looked around. After a long time, he returned to where he was, shaking his head at Wu Wei and saying.

"Master, the murderer has not left any breath, and there is nothing I can do about it."

Hearing this, Wu Wei was speechless and didn't know what he was thinking.

Liu Yihe stood quietly beside him and did not disturb him.

The scene fell into dead silence.

Suddenly, Wu Wei said in a deep voice.

"Fellow Daoist Liu, I know you still have the means to help me find the murderer. I will thank you very much."

This time it was Liu Yihe's turn to remain silent.

He has practiced Taoism for nearly two hundred years. As a so-called mature man, he naturally still has some tricks left.

After all, the murderer killed someone here, so it's impossible that he really didn't leave any clues.

The most important thing is that the murderer was Wu Tianyi, so there is some connection between the two.

Through Wu Tianyi's clothes, it is entirely possible to deduce the whereabouts of the murderer.

Just doing so would be very costly.

Liu Yihe was not willing.

He is just a worshiper of the Wu family. To put it bluntly, he is just a laborer. Naturally, he cannot really risk his life.

It's okay to help the Wu family and solve some minor problems.

But it is naturally not that easy for him to use the means of suppressing the situation.

After being silent for a while, Liu Yihe spoke.

"The murderer has been running for a while. It is not easy to find him, and the murderer may change directions."
