Section 1011

Traveling in Beihai in the morning and Cangwu in the evening.

This is probably what it feels like.

It feels great.

As for.

Taking Wu Yiyi everywhere.

Will there be someone who is blind and wants to take advantage of Wu Yiyi?

Zhang Yuhe doesn't care about this matter.

If he really meets someone who is blind.

Just kill him directly.

Wu Yiyi looked at Zhang Yuhe and asked expectantly.

"When are we going there?"

"Now."

Zhang Yuhe smiled slightly.

He just made a stroke with his right hand.

A small particle vortex slowly appeared in the void.

"Wait for me."

Wu Yiyi shouted.

In the distance, in Yitianfu on the island in the middle of the lake.

A sapling about ten feet high rose from the ground.

It instantly turned into a stream of light and flew over.

The sapling turned into a purple ring and was gently worn on Zhang Yuhe's left hand.

"It's OK."

Wu Yiyi is now just a phantom transformed by the Enlightenment Tree.

She couldn't get too far away from her body.

Otherwise.

Without the support of her body's divine power.

This phantom would soon dissipate.

"Let's go."

Zhang Yuhe pulled Wu Yiyi and took a step forward.

The two disappeared from the scene in an instant.

There was only a small wooden boat on the lake, floating gently in the wind.

Beiyuan Realm, the outer edge of the Secret Realm of Time.

From time to time, cultivators came here to admire the reputation.

Everyone stood in the distance, looking at the vast and boundless secret realm.

Countless brilliant lights shot up into the sky, emitting strange colors.

The Secret Realm of Time is one of the most famous landscapes in Beiyuan Realm.

It is said to be a secret realm.

In fact, there are no resources worth exploring for cultivators.

This is purely a colorful natural landscape.

Despite this.

Because the scenery here is so beautiful.

It attracted a large number of cultivators in Beiyuan Realm to come and watch.

Even the God King cultivators from other realms, after visiting Beiyuan Realm.

They will also come here to enjoy this beautiful scenery.

Of course.

In addition to enjoying the scenery.

Everyone also has a little expectation.

I hope to be able to comprehend some special magical powers or the rules of the Tao from this special scenery.

Learn from the heaven and earth.

Comprehend magical powers and rules from the natural scenery of heaven and earth.

It is originally one of the most important ways for cultivators to grow.

However, so many years have passed.

I don't know if this secret realm of time is special.

Anyway, I have never heard of it.

Who can comprehend any rules and magical powers from this scenery.

Not far from the secret realm of time, there is an uninhabited area.

A particle vortex suddenly appeared in the void.

Zhang Yuhe pulled Wu Yiyi and slowly walked out of the vortex.

"It's so beautiful."

Looking at the gorgeous scenery in the distance, Wu Yiyi said to herself with an intoxicated expression.

"It's very beautiful."

Looking at the colorful light rising into the sky in the distance.

Zhang Yuhe couldn't help but marvel secretly.

He has been practicing Taoism for countless years.

I don't know how many strange and beautiful scenes I have seen.

However, there has never been a place like the secret time in front of me.

It makes people fascinated at a glance.

The two stopped and watched for a long time in the distance.

Zhang Yuhe turned around and said to Wu Yiyi.

"Let's go and take a look."

"Okay."

The two took off.

They passed through the thousands of feet of light and quickly flew into the secret realm.

Strolling among the colorful lights.

Wu Yiyi suddenly shouted in surprise.

"Hey, look, what a beautiful elf."

Zhang Yuhe looked in the direction she pointed.

I saw an elegant tiny creature in a beam of purple light.

Like an elf, dancing in the light.

Seeing this situation.

Zhang Yuhe couldn't help but feel surprised.

Although he knew about the secret time in the early classics.

He knew that in this secret realm, all kinds of tiny light elves lived.

However, when he saw it with his own eyes.

He couldn't help but be amazed.

The thousands of feet of light were like a long river.

And those tiny elves are only the size of a thumb.

A beam of light is their world.

They are born in the light, grow freely in the light, and then age quickly.

Until they finally disappear from the world.

Zhang Yuhe stared at one of the elves and observed carefully.

After a while.

He seemed to have seen the life of that elf.

From the birth to the death of the elf, it seemed to be only a moment.

Life is so short, but so colorful.

"The creation of heaven and earth is so magical, it is really fascinating."

Seeing this situation.

Zhang Yuhe muttered to himself in his heart.

Time flies.

In his opinion.

Section 1012

It was just a brief moment.

But for those elves living in the world of light.

That is their wonderful life.

Zhang Yuhe took Wu Yiyi and slowly walked in the light.

Whenever they encounter a world of light, they stop and watch.

Look at the gorgeous colorful world.

Zhang Yuhe couldn't help but fell into deep thought.

The creatures in the world of light are weak in his eyes.

Life is short, and it can only be limited to a world of light.

What about these monks?

The monk Zhantian enlightened himself and seemed to be omnipotent.

But outside the world of monks.

Is there a higher world?

in the eyes of people in that world.

Are they the same as those elves?

Life is so weak and short.

The so-called immortal gods live forever.

But how many people can be truly immortal?

Zhang Yuhe had seen it in classics.

Even those seemingly invincible supremes also have records of their demise.

The long and wonderful life of a monk.

In the eyes of outsiders, does it only exist for a moment?

Zhang Yuhe walked in the colorful world of light, thinking silently in his heart.

The road is endless, there is no end.

Is there really an end?

if so.

What kind of scenery is there at the end of the avenue?

...

Chapter 723 Time is the only one

Looking at the world of light, just for a moment.

Those elves went from birth to death.

Zhang Yuhe couldn't help but fell into deep thought.

Maybe in the minds of elves.

They have lived a long life.

However, in Zhang Yuhe's observation, it was only a moment.

This seems to be a strange paradox.

Zhang Yuhe did not think simply.

The vitality of elves is so short.

This explanation simply doesn't work.

Because the life of an elf is also very exciting and brilliant.

If strung together into a timeline.

This line is not short.

But why.

During his observation, it was so short.

Zhang Yuhe thought of himself.

The sea of chaos is vast and boundless, completely unimaginably big.

However, in the perception of many monks.

Perhaps the sea of chaos is the entire world that contains everything.

But Zhang Yuhe knew.

This perception is wrong.

Beyond the Sea of Chaos, there is also the mysterious and unpredictable long river outside the realm.

In that endless river.

A world like the Sea of Chaos is even a world wider than the Sea of Chaos.

Totally countless.

Even the oldest eternal emperor.

Can't tell clearly.

How many similar worlds are there in that long river outside the territory?

In Zhang Yuhe's view.

Maybe this is a dimensional theory.

If the primitive world like the fairy world is regarded as a three-dimensional world.

Then the Chaos Sea is one dimension higher than the fairy world.

It should be regarded as a four-dimensional world.

And that vast extraterrestrial river may be regarded as a five-dimensional world.

Or four and a half dimensions.

So if you think about it the other way around.

The elven world in the endless light is not even as vast as the fairy world.

It doesn't have the carrying capacity of those in the fairy world.

In Zhang Yuhe's view.

Perhaps these elven worlds can be treated as two-dimensional worlds.

Time is the only thing.

Just because the dimensions are different, there is such a huge difference.

"Yes, time is the only thing."

Zhang Yuhe suddenly woke up.

He felt as if he had grasped something crucial.

Think of this.

Zhang Yuhe immediately turned around and said to Wu Yiyi next to him.

"Yiyi, we have to stay here for a while, don't go too far."

"I want to stay and reflect."

After saying this.

Zhang Yuhe quickly sat down cross-legged.

He slowly closed his eyes, silently reasoning in his heart.

Seeing Zhang Yuhe, he quickly transformed into a meditative state.

This made Wu Yiyi next to her feel very speechless.

I agreed to take her out to see the beautiful scenery in the secret realm of time.

Turns out they just came over.

Zhang Yuhe entered a state of cultivation.

This is too outrageous.

"He is simply a practicing madman."

Wu Yiyi muttered, feeling quite depressed.

But she also knew it.

Enlightenment comes by chance, something you can encounter but cannot seek.

Maybe Zhang Yuhe just touched some kind of sentiment.

That's why he suddenly entered a state of cultivation.

There is no Zhang Yuhe to accompany him.

Wu Yiyi didn't dare to go too far.

The brilliant and gorgeous scenery around her seemed to be unable to arouse her interest.

"Hey, I should have known that was the case."

"It's better to just stay in Yitian Mansion."

"There are so many people coming and going here, it doesn't look very safe."

Section 1013

Wu Yiyi felt a little scared.

She looked around cautiously for a while.

Then he found a place next to Zhang Yuhe and sat down cross-legged.

There is no formation cover here.

Wu Yiyi thought.

Just like this, Zhang Yuhe suddenly entered a state of cultivation.

In case someone disturbs you.

It's easy for something to go wrong.

She had to keep an eye on it.

Help Zhang Yuhe protect the law.

Although Wu Yiyi also knew it.

Apart from knowing some means of escaping, he has no fighting ability.

despite this.

She was still sitting cross-legged next to Zhang Yuhe, watching her surroundings vigilantly.

Just in case someone with bad intentions comes over.

She could at least provide Zhang Yuhe with a buffer warning.

...

Time passes slowly.

Zhang Yuhe is as graceful as a wooden sculpture, sitting quietly in the secret realm.

Occasionally there were monks passing by.

They were all very surprised to see them practicing in this secret realm.

In the eyes of everyone.

The Secret Realm of Time is just a beautiful natural landscape.

There are no cultivation resources here, and it is impossible to understand the rules and magical powers.

How could anyone practice in this secret realm?

Even if you think of observing those countless rays of light, you can understand magical powers and rules.

Usually it is outside the secret realm.

Outside the secret realm, you can see the full picture of those tens of thousands of rays of light.

And after entering the secret realm.

Only a riot of colors could be seen.

And those elegant elves.

What can you feel here?

Aren't everyone here to see the scenery?

Despite my curiosity.

But the monks passing by did not bother him.

Everyone is a cultivator.

Everyone knows a very simple truth.

When others are practicing, don't go over and disturb them.

In case it affects other people's cultivation and understanding.

That is a very troublesome matter.

Blocking someone's path is like killing one's parents.

No one would want to make enemies for no reason.

Zhang Yuhe closed his eyes slightly, silently reasoning in his heart.

What is time?

What is the form of expression of time?

Is it just an abstract description used to calculate time?

Zhang Yuhe feels that time is not that simple.

When I was in the fairy world.

He once comprehended the Nine Supreme Laws and even the Law of Chaos.

This includes the law of time.

Zhang Yuhe was still thinking about it before.

I realized the power of such a powerful law.

Perhaps it will soon be possible to convert the power of these laws into the rules of the great road.

However, in the Sea of Chaos, after practicing for many years.

Zhang Yuhe understood quickly.

The power of law and the rules of the great road are completely different.

The rules of the avenue are vast and ethereal, making it difficult to fathom.

Currently, the number of known avenue rules in the Chaos Sea is incalculable.

However, Zhang Yuhe had studied it carefully.

These avenues that have been understood and mastered seem to be just simple practical rules.

For example, the rules of splitting the sky and the rules of the wave path.

These rules seem to be just a search for the root of magical power.

After realizing it to the extreme, it becomes a rule.

But even these simple practical rules are still difficult for people to understand and master.

In the legend of the Sea of Chaos.

Like the supreme law in the fairy world.

Time, space, life, death and so on.

There must be corresponding Dao rules.

However.

These supreme rules of the road have never been understood by anyone.

Everyone is just guessing.

These rules should exist.

Not to mention the rules of time and space.

Even the Five Elements Rules.

It is extremely difficult to understand any of them.

Each Five Elements rule contains the attribute of immortality.

As long as you master one of the five elements rules.

Facing monks of the same level.

Almost an immortal existence.

It can be seen from this.

The power of the Five Elements Rules.

Just the Five Elements Rule has such a terrifying effect.

What about the supreme rules of the road like time and space?

Once you realize it.

What effect will it have?

Zhang Yuhe felt as if he had grasped some key.

Maybe with the help of this secret realm of time.

It allows him to understand something from the Avenue of Time.

It is precisely because of this.

After feeling something touched.

Zhang Yuhe didn't dare to waste a moment and immediately sat down cross-legged.

He didn't even care about the crowded environment here.

Completely unsuitable for enlightenment and practice.

But there is no way.

The realization comes in a moment.

In case you miss this opportunity.

I want to encounter such insights next time.

Don't know how long it will take yet.

Zhang Yuhe understands.

He must seize this opportunity.

Section 1014

Otherwise.

I'm afraid I'll regret it.

...

Chapter 724 Could it be them?

Zhang Yuhe sat cross-legged, and countless insights kept coming to his mind.

Time is unique.

Although it will show great differences in different dimensions.

But time is unique.

This uniqueness does not refer to the length of time.

It is an indescribable abstract understanding.

At this moment.

Zhang Yuhe seemed to understand the definition of time.

His thoughts flew far away.

As if he jumped out of the sea of chaos and the concept of dimension.

He seemed to see an endless river.

In that river.

Countless brilliant worlds are constantly born and evolved.

At the same time, countless worlds have come to the end of the river.

Slowly weakening until they finally perish.

Countless terrifying figures are fighting against the sky and the earth in the river.

They seem to want to jump out of the river.

But no one succeeded.

In the end, they can only struggle in the river.

"That is the long river of time."

"Is this the Avenue of Time?"

Zhang Yuhe muttered to himself silently in his heart.

He knew.

He had seen the Avenue of Time.

And he had comprehended the rules of this avenue.

"While the perception is still there, continue to deduce."

"I hope to comprehend this supreme rule directly to the state of great success."

Although he had comprehended a new avenue rule.

And this was the supreme rule that had never appeared in the Chaos Sea.

But Zhang Yuhe's face was calm.

No joy or sorrow.

He knew.

With his heaven-defying comprehension.

As long as the opportunity was right.

It was not too difficult to comprehend a new avenue rule.

The difficulty was the right opportunity.

Zhang Yuhe usually stayed in Donghua Palace to practice.

In addition to reading the classics in the Daozang Hall.

There were few other channels to observe and understand the avenue rules of this world.

This time, in order to satisfy Wu Yiyi's curiosity.

He came to the Beiyuan Realm.

What Zhang Yuhe didn't expect was.

He was just observing the elegant elves in the secret realm.

He was able to comprehend a new rule.

And it was the supreme rule of time.

It was an unexpected surprise.

After comprehending the rules of time.

Zhang Yuhe did not stand up immediately.

Instead, he continued to deduce and comprehend.

He wanted to take advantage of the current environment and perception to advance the rules of time to the state of great success in one fell swoop.

...

Just as Zhang Yuhe was still comprehending.

A middle-aged man in a purple robe strolled in the gorgeous colors.

Slowly approached where Zhang Yuhe was.

This person's name was Lu Gang.

Five-step God King Realm.

From the strongest force in the Beiyuan Realm, Beiyuan Palace.

As a local God King cultivator.

Lu Gang had come to this secret realm of time countless times.

Like many cultivators.

While enjoying the scenery.

He also wanted to comprehend some kind of magical power or the rules of the avenue by observing this peculiar scenery.

According to the Emperor Beiyuan.

This secret realm may contain the supreme rules of time.

What a pity.

For countless years.

There are countless monks who have watched here.

But no one has ever been able to comprehend anything from it.

It's like this secret realm of time.

It's just an ordinary natural landscape.

Or,

It's a natural phenomenon with beautiful scenery.

Despite this.

Lu Gang didn't give up.

As long as he was free.

He would come here.

While enjoying the scenery of the secret realm, he would silently deduce and comprehend.

Lu Gang was looking forward to it.

If one day.

He could comprehend the supreme avenue of time from this secret realm.

Wouldn't that be a great success?

Of course.

In fact, Lu Gang also knew that.

This chance was very slim.

But what did it matter?

Just come out to relax and kill some time.

Lu Gang strolled in the ocean of colors.

He stopped to watch from time to time.

Look at the gorgeous world of light.

Look at the weak elves in the world of light.

"Hmm!"

"Why is there someone practicing here?"

Lu Gang suddenly saw.

There were two figures in the distance, sitting cross-legged quietly in the light.

The aura of these two figures was not too strong.

Section 1015

A person who is in the true god realm is perfect, and a person who is in the second level of the true god realm.

It has been countless years since Lu Gang entered the realm of God King.

For ordinary true god monks.

Of course he doesn't like it.

However, these two people made him feel strange.

The True God Perfection cultivator was obviously in the midst of cultivation.

Practicing in a place like this, and there is no formation to cover it.

It's just a weird thing.

I don't know where Leng Tou Qing came from.

Think of this.

Lu Gang couldn't help but shake his head.

He was about to change direction and continue to enjoy the scenery in the secret realm.

Huh?

Just at this time.

Lu Gang stopped.

He suddenly realized.

That beautiful figure in the second level of True God Realm does not seem to be a real person.

But it is a phantom that has been transformed into reality.

"Could it be that a divine weapon was formed?"

"No, why am I here? My understanding seems to have become much clearer."

Lu Gang stood there quietly.

He soon found out.

The magical powers that were difficult to comprehend before seem to be much easier now.

Issues that were previously incomprehensible suddenly became clear.

"How is this going?"

Lu Gang was very puzzled.

"Is there any amazing object nearby that can enhance the monk's understanding?"

Think of this.

Lu Gang's heart suddenly became hot.

As the monks reach the later stages, their progress becomes slower.

You may even be stuck in one place for a long time.

Whether it is the bottleneck level or the rules of the avenue, they will block the monk's progress.

If you cannot break the bottleneck, you will never be able to go any further.

same.

After the monk is promoted to the God King Realm.

If you cannot understand the new rules of the great road, you will still be stuck in progress.

Lu Gang had already understood the five rules of the great road hundreds of millions of years ago.

At the same time, he advanced his own cultivation to the five-step divine king realm.

However, after this, there was no way to move forward.

Because he didn't understand the sixth avenue rule.

Without the support of new rules, the God King monks can no longer make progress.

Lu Gang knew.

He may have reached some kind of limit.

The five-step divine king realm is his limit.

If there is no incredible opportunity.

He had almost no chance to understand the sixth avenue rule.

This is related to his own understanding.

Whether it's breaking bottlenecks or understanding new rules of the road.

The monk's own understanding is crucial.

Unfortunately.

Understanding is born.

There are few things that can improve a monk's understanding.

The legend is in the long river outside the territory.

Occasionally, some strange magical objects would appear that could temporarily enhance the monk's understanding.

But those things naturally do not belong to Lu Gang.

Once such a divine thing appears in the world.

Even the Invincible Supreme One will break his head.

How could a little god-king monk like him get his turn?

Now in this secret realm.

A treasure that is suspected to be able to enhance understanding has appeared.

How could Lu Gang not be excited about this?

He stood there and quickly looked around.

However, it took a while.

He didn't notice anything unusual.

"How is this going?"

"I didn't see any strange treasures."

Lu Gang was extremely confused.

In this secret realm of time.

Let alone a treasure.

Not even a stone or a blade of grass.

All there is here is the brilliant and colorful light.

And the weak elves who rely on light to survive.

Lu Gang has been to this secret realm of time countless times.

It can be said that it is very familiar.

He had never felt anything unusual before.

Why did my understanding suddenly improve today?

"Is it them?"

"Do they have treasures that enhance their understanding?"

"Did the energy dissipated from the treasure affect me?"

Lu Gang's eyes were like lightning, and he stared at Wu Yiyi and Zhang Yuhe in the distance.

...

Chapter 725 Didn't even run away?

Lu Gang carefully checked around, after ruling out all possibilities.

He then fixed his eyes on Zhang Yuhe and Wu Yiyi.

Because there is nothing special around here at all.

If I must say, there is something special here.

That's compared to before.

Now there are two more people here.

And they are two strange people.

A person who has reached the perfection of the true god realm is just like this, arrogantly practicing in a secret realm.

The other one is a phantom that appears to be a magical artifact.

"Could it be that the true form of that phantom is an artifact that can enhance understanding?"

Lu Gang stared at the two people in the distance and thought silently in his heart.

He was sure there was no mistake.

when he came here.

My ability to comprehend has indeed improved a lot.

Such a magical thing.

Lu Gang had never encountered it before.

to be honest.

Section 1016

If it weren't for him just now, while admiring the beautiful scenery of the secret realm, he was also thinking seriously.

It was really unlikely that he would discover this anomaly.

I saw Lu Gang appearing in the distance, but he didn't leave for a long time.

Wu Yiyi's heart immediately lifted.

In the previous time.

There are also monks passing by one after another.

But those people.

At most, he only glanced at them and left soon.

Like Lu Gang.

People who stared at them as if they didn't want to leave.

This is still the first one.

"This must be a bad guy."

Wu Yiyi almost instantly labeled Lu Gang as a bad guy.

"What should we do now?"

"Zhang Yuhe is still practicing. Does he know that bad guys are coming?"

"Do you want to wake him up?"

Wu Yiyi was very panicked.

She looked warily at Lu Gang in the distance, and then looked back at Zhang Yuhe, who was practicing with his eyes closed.

Wu Yiyi was very confused.

He didn't know what kind of state Zhang Yuhe was in now.

Could it be.

At a critical juncture of realization.

If Zhang Yuhe is woken up at this time, will it interrupt his enlightenment?

"No, that bad guy will take action sooner or later."

"We must wake up Zhang Yuhe quickly."

"It would be even more troublesome if we were attacked by bad guys."

Wu Yiyi gritted her teeth gently.

The decision was made quickly.

We must wake up Zhang Yuhe as soon as possible.

At such an urgent moment.

She would rather Zhang Yuhe had his thoughts interrupted.

He didn't want him to be attacked by someone.

Think of this.

Wu Yiyi said urgently.

"Zhang Yuhe, Zhang Yuhe, stop practicing, bad guys are coming."

Zhang Yuhe slowly opened his eyes.

He looked at Wu Yiyi beside him.

I felt a little speechless in my heart.

What's there to worry about?

Isn't he just a five-step god king?

There is absolutely no need to be nervous.

Think of this.

Zhang Yuhe responded in a faint voice transmission.

"Don't worry about him."

After saying this.

Zhang Yuhe slowly closed his eyes again and continued to be immersed in his thoughts.

In fact, when Lu Gang appeared.

He already knew it.

Zhang Yuhe dared to practice in such a place.

Naturally, he will be wary.

He had no hope.

When something goes wrong.

Wu Yiyi can help him.

Wu Yiyi is just a tree.

Although it is very likely that it is the number one treasure in the entire Chaos Sea.

But Wu Yiyi can not only improve his understanding and cultivation speed.

in other ways.

You can't have too much hope.

Especially when it comes to combat.

Wu Yiyi is one of them, purely fighting against the five scum.

In addition to knowing how to escape.

There is no longer any fighting power at all.

that's all.

Can he count on it?

So when I feel enlightened.

Zhang Yuhe has always released a ray of his mind and vigilantly monitored the surrounding situation.

Even at the most critical moment of realization.

He didn't let down his guard either.

Lu Gang's appearance.

Zhang Yuhe naturally discovered it immediately.

But he didn't pay too much attention.

Just a five-step god king.

What's there to care about?

It's not like he hasn't killed the God King monk before.

Stronger than the leader of Tianyang Sect, nine steps into the realm of God King.

He can kill him with one sword strike.

A mere five-step god king.

How could Zhang Yuhe take the other person seriously?

He didn't even glance at Lu Gang.

Just keep closing your eyes and comprehending.

Zhang Yuhe continued to be immersed in the realization of the avenue of time.

I thought silently in my heart.

I hope the other party doesn't want to die.

Otherwise.

He didn't mind a ride.

...

"The treasure must be in this person's hands."

"But who is this person?"

"Why don't I have any impression?"

"Could this person come from another realm in the Sea of Chaos?"

Lu Gang stared at Zhang Yuhe, muttering silently to himself.

Throughout the Beiyuan Realm, there are countless True God cultivators.

Of course it's impossible for him to know them all.

But those who can advance their cultivation to the perfection of the True God Realm.

All of them are the best of the major forces.

Lu Gang felt.

You should have some impression on yourself.

However, he thought for a while.

I haven't figured out where Zhang Yuhe comes from.

In fact, this is normal.

Section 1017

Although Zhang Yuhe is now extremely famous in the Desert Heaven Realm.

With the power of the True God, he swept across the entire Tianyang Sect.

Kill ten supreme god kings in a row.

This also includes the top nine-step god king, the leader of Tianyang Sect.

Now the entire desert sky.

Who doesn't know the reputation of Zhang Yuhe in Donghua Palace?

But this is the Beiyuan realm.

I don't know how far away it is from the desert sky.

Zhang Yuhe is a true god cultivator, no matter how famous he is.

It is also impossible for it to spread to other realms.

"No matter who he is, kill the person and grab the treasure first."

Lu Gang made a decision quickly without any hesitation.

Kill people and seize treasures.

He doesn't care who Zhang Yuhe is, where he comes from, or what kind of backstage forces he has.

all of these.

Lu Gang didn't care at all.

As the protector god king of Beiyuan Palace.

Talking about the background.

Who would he be afraid of?

The Eternal Emperor sits in Beiyuan Palace.

It is the truly top power in the entire Chaos Sea.

In Lu Gang's opinion.

Just make sure.

He is not from Beiyuan Palace.

He dares to kill.

If there is indeed a valuable treasure,

Even if they are from Beiyuan Palace.

He also dares to kill.

Just a true god monk.

If he kills, he will kill.

Is there anyone else who can do anything to get him?

Think of this.

Lu Gang quickly jumped into the air.

He made a fist with his right hand.

He punched Zhang Yuhe directly with his fist.

The huge fist shadow is illuminated by various lights in the secret realm.

The brilliant divine power is obviously extremely terrifying.

Soaring punches.

It was shattered continuously, and there were countless rays of light all around.

"Huh, I'm really looking for death."

Look at Lu Gang actually choosing to take action.

Zhang Yuhe snorted coldly.

He stood up abruptly.

He also punched Lu Gang in the distance.

Zhang Yuhe did not activate the Hunyuan Guiyi magical power, nor did he use the sword formation.

He didn't even sacrifice his divine sword.

Facing Lu Gang's oncoming fist shadow.

He also punched without a whistle.

Seeing Zhang Yuhe being so supportive.

Lu Gang couldn't help but sneer.

He was originally worried that Zhang Yuhe would escape.

if that is the case.

He may still need to spend more effort to take down the opponent.

That would cause a little trouble.

After all, there are still many monks around this secret realm.

His behavior of killing people and seizing treasures.

And he bullied the small ones.

It's really a bit unattractive.

In case it is seen by other monks.

The reputation will definitely not be good.

However.

What Lu Gang didn't expect was.

I don't know where this true god monk came from.

Facing a powerful supreme god king like himself.

The other party is only at the True God Realm.

He actually didn't run away immediately.

He actually wanted to resist.

Want to box against yourself?

He is simply looking for death.

[Salute: Not only did the enemy not surrender, they actually dared to fight back.] ~~

...

Chapter 726: Stunned

Seeing Zhang Yuhe, Zhaozhi punched him.

Lu Gang couldn't help but sneer.

He thought Zhang Yuhe was overestimating his abilities.

The cultivation level of the True God Realm dared to fight with him, the Supreme God King.

I'm afraid I don't know how to write the word "death".

What else Lu Gang didn't know was.

Zhang Yuhe's strength is far from being as simple as it appears on the surface.

Even if the Hunyuan Guiyi magical power is not activated.

Zhang Yuhe's strength is not weaker than that of ordinary God King cultivators.

If the sword formation is used.

Zhang Yuhe is absolutely capable of overpowering the ordinary God King Realm.

not to mention.

He just realized another supreme rule of the great road.

Zhang Yuhe was about to give it a try.

Take a look at the magic of this newly realized avenue of time.

It is precisely because of this.

Since he did not activate the Hunyuan Guiyi magical power, he also did not use the sword formation.

It was just an ordinary punch, and it was blasted directly.

Zhang Yuhe didn't even use any fist magic power.

Just use pure physical strength to punch directly.

Facing Zhang Yuhe's fist.

Lu Gang was completely dismissive.

Just kidding.

Fight with the Supreme God King.

He only used ordinary fists.

He didn't even use his magical powers.

Is it because he shot too fast?

Section 1018

Let Zhang Yuhe panic.

So much so that he didn't have time to use any magical powers.

Thinking of this.

After Lu Gang threw a punch, he had a smile on his face.

He was quite complacent in his heart.

However.

Before Lu Gang could be complacent.

Boom.

There was only a loud noise.

Zhang Yuhe's huge fist hit him directly in the chest.

From Lu Gang's attack to Zhang Yuhe's counterattack.

The whole process was almost in an instant.

Lu Gang's fist shadow had just been thrown out.

He even just raised his hand.

Zhang Yuhe's fist had already hit him solidly.

Lu Gang spit out a mouthful of blood and retreated quickly.

He was even blasted out of the secret realm by Zhang Yuhe.

Lu Gang was completely confused.

What was going on.

How could Zhang Yuhe's fist be so fast.

It seemed to have crossed time and space, ignoring any distance restrictions.

Zhang Yuhe had just thrown a punch.

The fist had already hit him.

What kind of magical power is this?

No.

This is not a magical power at all.

Lu Gang was very sure.

Zhang Yuhe had not used any magical power just now.

It was just an ordinary punch.

Except that the power was a little more powerful.

There was no difference even when fighting with mortals.

But the problem was.

It was just such an ordinary punch.

How could it hit him?

Lu Gang was completely dumbfounded.

He was directly stunned by Zhang Yuhe's punch just now.

This was completely beyond his cognition.

What kind of fist was it?

It could transcend time and space and ignore distance.

It hit as soon as it was thrown?

As a supreme god king.

Lu Gang almost thought.

He had just encountered a ghost.

After being hit hard by Zhang Yuhe's punch.

Lu Gang still didn't understand.

What happened just now.

Zhang Yuhe's punch directly blasted Lu Gang out of the secret realm.

He looked up.

Then he slowly soared into the air and chased out of the secret realm.

Looking at Lu Gang who was vomiting blood in the distance.

Zhang Yuhe nodded with satisfaction.

The Avenue of Time is indeed worthy of being the supreme rule of the Avenue.

Just now, he just tried his hand.

He directly knocked Lu Gang unconscious.

It was very satisfying.

Lu Gang didn't understand, which was actually normal.

Because when Zhang Yuhe attacked just now.

He really didn't use any boxing skills.

He just attached the rules of time to his fist.

Time is unique, ignoring all time and space barriers.

If you go out, you will hit.

Even if Lu Gang is a powerful supreme god king.

He couldn't react.

Or.

He didn't have the chance to react at all.

Want to block Zhang Yuhe's fist.

Unless he arranged defensive measures in advance.

Rely on his own defense.

Obviously.

Lu Gang didn't do that.

He is a supreme god king, and he attacked a true god cultivator by surprise.

Does he have to hold up the defense first?

Lu Gang couldn't afford to lose this person.

He didn't expect it to be so.

So he got punched.

Seeing Zhang Yuhe, he chased him arrogantly again.

Lu Gang was angry and furious.

He shouted.

"How dare you."

Zhang Yuhe smiled contemptuously, and then said lightly.

"What's wrong with being presumptuous?"

"You are a supreme god king, but you actually attacked a younger cultivator."

"It's simply shameless."

Zhang Yuhe's light words.

It was like a loud slap in the face, slapping him in the face.

Lu Gang was so angry that he almost spit out blood again.

A fight suddenly broke out in the secret realm.

Then Lu Gang was directly blasted out by someone.

This shocked the countless cultivators who came to enjoy the beautiful scenery around him.

It is common for cultivators to fight.

This is not surprising.

But it is rare for god kings to fight.

More importantly.

What is going on?

Looking at the two figures in the air.

Countless people watching the scene were a little confused.

It seemed that the Supreme God King was being beaten.

Was he beaten by a True God monk?

Is this true?

Almost everyone thought that they had seen it wrong.

Section 1019

How could the extremely powerful God King be held down and beaten by a True God cultivator? .

This unscientific.

Yet it is what it is.

And from the conversation between the two.

Everyone has roughly heard the reason.

It should be the Supreme God King who sneak attacked the True God cultivator.

Then the true god monk struck back.

Directly press the Supreme God King to the ground and rub it.

Look at Zhang Yuhe in mid-air.

Everyone couldn't help but become interested.

Where did this fierce man come from?

He was actually able to go against the odds and reach the realm.

Fight against the Supreme God King.

In the history of the Sea of Chaos.

There are probably only a few people who can do this.

As for today's era.

Not even one.

At least in their northern source realm.

Haven't heard of it.

There are such fierce people.

"Hey, that seems to be Lu Gang, Protector Lu from Beiyuan Palace."

Someone recognized Lu Gang and couldn't help but exclaimed softly.

"It is indeed Protector Lu."

"I just don't know who the young True God monk is?"

"He actually beat up Protector Lu, hehe."

"He looks a little unfamiliar. I have never seen this person before."

"To achieve the true divine realm, one should not be an unknown person."

"Could he be a monk from another realm?"

"It shouldn't be."

"How can someone with a mere True God Realm cultivation cross the realm and come to our Beiyuantian?"

"Without the cultivation of the God King Realm, it is impossible to move across realms."

"you're so dumb."

"As soon as they take action, they will crush the Supreme God King of Beiyuan Palace."

"Is this still an ordinary True God cultivator?"

"Right."

"For such a fierce True God cultivator, it doesn't seem to be a strange thing even if he travels across realms."

"That being said, this true god monk may be in some trouble."

"If he offends Beiyuan Palace, even if he can beat Lu Gang, so what?"

"There are hundreds of Beiyuan Palace Divine Kings."

"Wait until the other supreme god kings come to support us."

"I'm afraid he won't have a chance to run away again."

"Tch, do they need you to worry?"

"How can a ruthless person who can go against all odds have no means and no backing?"

"Maybe he is a disciple of some Eternal Emperor."

"Right."

"Before we figure out the origin of the other party."

"I guess Beiyuan Palace doesn't dare to move."

Countless monks were talking quietly around him.

Hearing this, Lu Gang blushed.

This man is in great disgrace.

He was pushed to the ground and rubbed by a true god monk.

And it was seen by so many people.

How can he still mess around in the future?

Lu Gang was angry and angry.

He stared at Zhang Yuhe in the distance.

He said fiercely.

"You're dead today."

"Even if the Eternal Emperor comes, he can't save you."

"Come here and let me see what kind of tricks you have."

Faced with Lu Gang's roaring evil words.

Zhang Yuhe was completely dismissive.

He just responded lightly.

...

Chapter 727 I don't understand

Lu Gang was completely furious.

Thinking of him as the majestic Supreme God King, in full view of everyone.

He was beaten violently by a true god monk.

A lifetime of fame was ruined.

How could he endure this?

That hateful boy must be beaten to death.

To wash away his shame.

Although Zhang Yuhe's origins are mysterious, his methods are extremely extraordinary.

Especially that mysterious fist, which can actually hit the target.

Hit him directly.

Make him unable to dodge.

But Lu Gang was not worried that he would not be able to defeat him.

As the old Supreme God King.

Lu Gang has this confidence.

The true god monks went against the odds and reached the realm.

I want to hit him on the head.

There is no door at all.

He was careless just now and was a little too confident.

Lu Gang believed it.

Just take it seriously.

The little True God cultivator is not at his mercy.

Think of this.

Lu Gang quickly used a big seal.

The gold seal hangs in the air.

Sprinkle a faint light.

Protect him completely.

Wu Tu Qian Kun Seal.

A defensive divine weapon.

This is Lu Gang's bottom-of-the-box treasure.

In normal times, it is not easy to use.

But facing Zhang Yuhe's fist.

Lu Gang felt.

You still have to be careful.

Although he doesn't think so.

Zhang Yuhe's fist could hit him again.

Section 1020

But just in case.

It is definitely right to put up the defense first.

Lu Gang does not want to lose face again.

If he is hit by another punch from Zhang Yuhe.

I am afraid he will even want to die.

Lu Gang thought to himself.

Put up the defense first.

Even if Zhang Yuhe's fist is faster.

Can he still break through the defense of Wu Tu Qian Kun Yin?

Not to mention that Zhang Yuhe is only in the True God Realm.

Even if it is an ordinary Supreme God King, it is impossible to break the defense of Wu Tu Qian Kun Yin easily.

With this God King weapon to protect him.

He can be stable and invincible.

The kid opposite is only in the True God Realm.

Even if he stands still.

The other party can do nothing.

But this is all later.

In Lu Gang's view.

These are not the most important.

For him now.

The most important thing is.

He must immediately, right now, beat that hateful kid into a pile of slag.

To relieve the hatred in Xue's heart.

Thinking of this.

Lu Gang no longer hesitated.

He had the Wu Earth Qiankun seal on his head, and quickly offered a spear in his hand.

Panlong Zhenshi Spear.

This is his natal divine weapon.

Under this divine spear.

He has killed many supreme gods.

Lu Gang still doesn't believe it.

He will not be able to take down a small true god cultivator.

Even if this true god cultivator has some tricks.

He will inevitably die under his spear.

Zhang Yuhe stood with his hands behind his back, his sleeves fluttering.

When he saw.

Lu Gang on the opposite side raised his turtle shell, and then offered another spear.

Seeing this situation.

Zhang Yuhe couldn't help but laugh.

This is not giving up.

It's not enough to get hit by a punch.

Could it be that he didn't hurt the other party just now.

Let Lu Gang feel.

As a supreme god.

Is he okay again?

"In that case, let's fight a few more times."

"The fifth step of the God King Realm is just right for practicing."

"It will allow me to get more familiar with the skills of using the Avenue of Time."

Zhang Yuhe thought silently in his heart.

Before Lu Gang on the opposite side urged the spear to attack.

Zhang Yuhe punched again and slammed over fiercely.

Boom...

The huge fist seemed to have crossed time and space.

It hit the golden light curtain around Lu Gang.

The mighty fist directly pushed Lu Gang back tens of thousands of miles.

Although there was a defensive God King weapon guarding.

Zhang Yuhe's ordinary fist really couldn't break the defense.

It couldn't hurt Lu Gang.

But the mighty fist.

It was no problem to push him back.

Lu Gang's face turned purple.

He was completely angry.

Here it comes again.

He was hit by another punch.

Although he had prepared defensive measures in advance.

This punch didn't hurt him.

But in Lu Gang's opinion.

He would rather be seriously injured and vomit blood.

I don't want to be insulted like this.

That's right.

For Lu Gang.

Zhang Yuhe's fist is the biggest humiliation to him.

This is not a fist.

It's clearly a palm as big as a palm fan, slapping his face.

Although he was not injured.

But such humiliation.

How could Lu Gang endure it.

He raised his spear.

Staring at Zhang Yuhe in the distance.

He wanted to pierce millions of holes in Zhang Yuhe's body.

However.

Lu Gang's spear still had no chance to attack.

Because Zhang Yuhe punched again.

The punch was ordinary, but mysterious.

Although Lu Gang was already more careful at this time.

He was still knocked back by Zhang Yuhe's punch again.

There was no way to hide.

There was no way to hide at all.

Zhang Yuhe's fist was like a devil.

Every punch could accurately hit the light curtain supported by the Wu Tu Qian Kun Seal.

Zhang Yuhe stood with his hands behind his back.

Punching with one hand.

The shadow of the fist was like a peak.

At this moment, Lu Gang was like a sandbag.

He was constantly punched away.

He had no power to fight back.

To be precise.

He had no chance to fight back.

Because every time he wanted to use his spear.

The huge fist was already on him.
