Section 1031

Zhang Yuhe stood quietly on the training platform.

After a long time.

Then he slowly sat down.

He closed his eyes slightly and silently circulated the Chaos God and Demon Heavenly Scripture.

As the technique was circulated.

Countless divine auras began to swarm around.

Clouds swept across the sky.

A huge spiritual energy vortex formed above the Bi Bo Lake.

Outside the mountain gate of Donghua Palace.

A large number of True God disciples opened a wide cordon outside.

As for those disciples below the True God, they were farther away.

Arranged multiple lines of defense.

As early as ten days ago.

Yuanhe Palace Master suddenly ordered.

Let all True God disciples outside return to the sect.

Whether they are serving as garrison commanders outside or disciples patrolling in various places.

They must be teleported back to the sect as much as possible.

Yuanhe Palace Master did not say what the reason was.

Everyone originally thought that something big had happened in the sect.

However.

When they returned to the sect.

They were assigned to guard the surrounding areas outside the mountain gate.

Everyone was confused.

They didn't understand at all.

What happened?

Could it be that someone was going to come knocking on the door soon?

Until now.

When they saw that the wind and clouds suddenly rose inside the mountain gate, the aura of divine power swept across the world.

Everyone seemed to understand something.

"What's going on?"

"Why is there a sudden surge of spiritual energy?"

"Is one of the senior brothers breaking through the True God Realm?"

"Tsk, you really have no vision."

"Look at that posture, it looks like the momentum of breaking through the True God Realm?"

"Isn't that right?"

"I remember when Senior Brother Zhang Yuhe broke through the True God Realm."

"The momentum was also extremely amazing."

"It shouldn't be."

"It is very likely that one of the senior brothers is breaking through the God King Realm this time."

"Impossible."

"Is our Donghua Palace going to give birth to the fourth Supreme God King?"

"Which senior brother will it be?"

"Is it Senior Brother Duan or Senior Brother Wan?"

"Are you blind?"

"Weren't Senior Brother Duan and Senior Brother Wan still there just now?"

At this time, Duan Changqing, Wan Fenghai and the other four were standing quietly in the air.

Silently watching the scene in the distance.

Wan Fenghai suddenly looked at Duan Changqing next to him, and he asked uncertainly.

"Brother Duan, that should be Junior Brother Zhang."

"The Palace Master is so mysterious and didn't tell us."

"If it's not him, who else could it be?"

"Could there be a second disciple in our Donghua Palace who has the opportunity to break through the God King realm now?"

"That's right."

"It can only be Junior Brother Zhang."

"It's really enviable."

"The God King is like the sky. If he takes this step, it will be a different world."

Looking at the scene of the spiritual energy like the sea and the surging tide in the distance.

Everyone can't help but yearn for it.

This is the breath of breaking through the God King realm.

They didn't expect it at all.

The little junior brother at the time actually reached this step so quickly.

How long has it been.

Duan Changqing remembered.

The situation when he went to Xilinjiao to pick up Zhang Yuhe.

The past scene is vivid.

It's like it happened just yesterday.

At the beginning, he was perfect in the True God Realm.

Now he is still perfect in the True God Realm, except that he has advanced the Sky-Splitting Rules by a small step.

There were no other changes.

However, during this period of time.

Zhang Yuhe actually made great progress from the first level of the virtual god realm.

He directly reached the perfection of the true god realm.

It is even very likely that he will soon break through to the god king realm.

Thinking of these situations.

Duan Changqing was both excited and a little sad.

There is no comparison.

Compared with Zhang Yuhe, he felt like a waste.

Accomplished nothing.

Compared with Duan Changqing.

Wan Fenghai and others next to him seemed even more sad.

Over the years.

Duan Changqing has made some progress.

At least he has pushed the power of rules to the state of great success.

He is only one step away from the god king realm.

Although it is still unknown how long this step will take.

It is even very likely that it will never come.

But what about the other three?

For nearly 400 million years.

They have been completely standing still and have made no progress at all.

Looking at the spiritual energy frenzy in the distance.

Everyone seemed to feel that they had wasted 400 million years.

Although for a true god cultivator.

400 million years is not a long time.

When they traveled outside, it was often hundreds of billions of years.

However, looking at the turbulent scene in the distance.

Everyone felt a little powerless.

They felt like a waste.

Why is there such a terrible genius in the world.

It seems that he has grown and risen in just a blink of an eye.

Such a growth rate makes them feel very unreal.

Section 1032

Zhang Yuhe's growth rate is really too fast.

So fast that they can't see his back if they are not careful.

Fortunately, this is also a disciple of their Donghua Palace.

Thinking of this.

Everyone seemed to feel a little more comfortable.

The four people stood in the sky, silently looking at the scene in the distance.

At the same time, they were also vigilant and observed the surrounding situation.

Now is the weakest moment of Donghua Palace.

The two palace masters of Donghua Duantian were trapped in the Taijin Miyu and have not returned yet.

Only the palace master Yuanhe was left to support the situation alone.

The most important thing is.

In order to allow Zhang Yuhe to absorb enough divine power when he breaks through.

At this time, the gate of Donghua Palace was wide open.

All defenses and concealment formations have been removed.

The entire Donghua Palace is completely defenseless.

And this time is different from the previous time when Zhang Yuhe broke through the True God Realm.

At that time, Zhang Yuhe's breakthrough to the True God Realm had been brewing for a long time in advance.

The Palace Master Yuanhe only released the sect's formation at the last moment.

This time, the formation was withdrawn in advance.

In other words.

During the entire process of Zhang Yuhe's breakthrough, Donghua Palace was undefended.

Moreover, it takes a long time to break through the Divine King Realm.

It can take as short as ten or twenty years, or as long as a hundred or a thousand years.

A powerful sect.

For such a long time, there was no formation defense.

This is simply unimaginable.

If someone unscrupulous destroys it at this time.

The consequences will be disastrous.

Destroying the sect's things is still a small matter.

What if someone deliberately interferes with Zhang Yuhe's breakthrough.

That would be a huge trouble.

...

Chapter 734 It can't be Zhang Yuhe.

Yuanhe Divine King stood outside the palace.

Looking at the scene of wind and clouds surging in the distance and the frenzy sweeping across the sky.

He couldn't help but show an excited expression on his face.

He was originally worried.

Zhang Yuhe might not be well prepared and would eventually fail to break through.

But now it has just begun.

The vast spiritual energy has already swept the whole world.

Yuanhe God King knows.

Zhang Yuhe has taken the most critical step.

Although the subsequent breakthrough process may take a long time.

But it is more about accumulating divine power and evolving the realm of God King.

Zhang Yuhe has already crossed the most difficult bottleneck of God King.

As long as he is not disturbed and the divine power around him is sufficient.

Zhang Yuhe will definitely be able to break through successfully.

Thinking of this.

Yuanhe God King took out a formation plate and vigilantly checked the situation on it.

Through the light spots on the formation plate.

He can monitor all the conditions of the entire Donghua World.

As long as an outsider breaks in, he can immediately find it.

Because this formation plate is not a formation in the simple sense.

It is the manifestation of the rules of Donghua God King in this world.

Donghua God King gave him the authority to monitor the entire world.

Therefore, Yuanhe God King can firmly control the entire Donghua Palace and even the entire Donghua World.

As long as the Donghua God King has not fallen, the rules of the avenue that shrouds the world are still there.

This authority will always be valid.

The Yuanhe God King is in charge of the sect, and countless Donghua Palace disciples are on guard in all directions.

What they do is to prevent any accidents from happening.

Do not let anyone who may appear interfere with Zhang Yuhe's breakthrough.

In fact, what everyone does not know is.

In the void not far from the outer periphery of the Donghua World.

There are also nine vast figures, also vigilantly monitoring the four directions.

These are Zhang Yuhe's nine clones.

As early as when he was preparing to start a breakthrough.

All the nine clones have been mobilized to the outer periphery of the Donghua World.

Zhang Yuhe is very clear.

Breaking through the God King realm is not a small matter, and it will take a long time.

In such a long time.

Any kind of accident may happen.

Zhang Yuhe did not count on the Donghua Palace.

Now the Donghua Palace is weak.

Only the Palace Master Yuanhe, the Supreme God King, is supporting the situation.

What if two hostile God Kings come.

Yuanhe Palace Master might not be able to stop it.

Zhang Yuhe understood.

If he wanted to break through safely without being disturbed, he could only rely on himself.

Fortunately, there were nine clones.

When he broke through, the clones could still act normally.

And were not affected in any way.

As long as he was officially promoted to the Supreme God King.

The clones would automatically be promoted to the God King realm.

I have to say.

The magical power of God and Demon Clone Technique is indeed very powerful.

It is very practical.

...

The spiritual energy frenzy quickly spread to the surroundings with Bi Bo Lake as the center.

It soon swept the entire Donghua World, and was still spreading to the periphery.

Three years later.

Almost the entire Donghua Region could feel the vast and endless spiritual energy frenzy.

Countless cultivators walked out of the cave and looked at the changes in the spiritual energy in the void.

The sudden surging spiritual tide made it impossible for them to practice.

Because suddenly.

Everyone seemed to be unable to normally attract the surrounding divine power.

It was as if there was some kind of terrifying existence.

It was as if it had sucked away all the divine energy of the entire Donghua Region.

Not a single bit was left for them.

"Brother Dao, what's going on?"

Section 1033

"I feel that all the divine energy is surging in one direction."

"Is someone about to break through to a higher realm?"

"I don't know."

"Under normal circumstances, when a cultivator breaks through to a higher realm, it's not so exaggerated, right?"

"When a true god cultivator breaks through, the spiritual energy frenzy affects the entire continent, which is already exaggerated."

"How can it be like this now?"

"All the surrounding continents are affected by this frenzy."

"Maybe someone has broken through to the God King realm?"

"Is it impossible?"

"Who is breaking through to the God King realm?"

"It seems to be the direction of Donghua Palace over there. Could it be that someone in Donghua Palace is breaking through to the God King realm?"

Feeling the spiritual tide surging around.

Countless cultivators looked at the direction of Donghua Palace in the distance, guessing silently in their hearts.

Such an exaggerated spiritual tide phenomenon is almost the only one they have ever seen in their lives.

They have never seen such an amazing phenomenon before.

However, the Chaos Sea has a complete inheritance and countless classics.

Some cultivators with extraordinary knowledge quickly guessed the general idea.

And they also guessed that someone in Donghua Palace might be breaking through to the God King realm.

After all, such an exaggerated vision.

Under normal circumstances.

Even if someone deliberately created it, it would be impossible to make it happen.

Only when a cultivator breaks through, will such an exaggerated scene appear.

And only when he breaks through the God King realm will it be consistent with the current situation.

As for the higher Eternal Realm.

No one would think about it.

In the entire Desert Heaven, there is only one Eternal Emperor, the Desert Dean.

To give birth to a new Eternal Realm.

That is almost impossible.

And it won't happen in their Donghua Region.

Looking at the surging spiritual tide in the distance.

All the cultivators who knew about it couldn't help but show yearning on their faces.

That's the Supreme God King.

A Supreme God King is about to be born.

How can they not envy it?

...

Tianfeng Continent, Qiuye City.

Ye Zhiqiu stood in the air.

Looking at the surging spiritual tide around him, he silently said to himself in his heart.

"Is this the breath of breaking through the God King realm?"

"It should be the Lord of the Guardian?"

Ye Zhiqiu had almost no doubt.

The first person he thought of was Zhang Yuhe.

In the past hundreds of millions of years.

He and Zhang Yuhe have had a lot of dealings.

However, every time they met.

He could feel a huge change in Zhang Yuhe.

Until tens of millions of years ago.

Suddenly, the news that Zhang Yuhe swept the entire Tianyang Sect alone came out.

Ye Zhiqiu understood.

The achievements of this garrison commander were far beyond his imagination.

Maybe it won't be long.

Zhang Yuhe may break through to the Supreme God King Realm.

But what he didn't expect was.

Zhang Yuhe would be so fast.

So fast that people couldn't see his back.

Ye Zhiqiu thought he was extremely talented and had extraordinary opportunities.

However, compared with Zhang Yuhe.

He seemed like garbage.

Thinking of this.

He couldn't help but shake his head.

...

Desert Courtyard, Deacon Hall.

Wu Yuheng sat cross-legged on the practice platform.

Suddenly his expression changed slightly.

A golden token soon appeared in his hand.

After casting the spell.

An urgent voice came out from the token.

"Report to the guardian, Donghua Territory suddenly surged with spiritual tides, and it is suspected that someone is breaking through the God King realm."

As the overlord of the entire realm.

Although the Desert Academy will not participate in the fight between the major forces.

But this does not mean.

The Desert Academy will let it go.

The main task of their Deacon Hall is to monitor the four directions on behalf of the Desert Academy.

As long as there is a slight disturbance in various places, they must know it immediately.

Especially about the movements of the evil gods outside the domain and the status of various forces.

Of course.

If a new God King cultivator is born.

They must also know it as soon as possible.

After all, every supreme God King is an important force guarding the gate of the outer world.

Must respond to the call of the Desert Academy.

If they don't even know the people, how can they recruit them?

The Deacon Hall monitors the four directions, that's not a job.

Any major event in the Desert Sky will not escape their eyes.

Like Zhang Yuhe now, the spiritual tide phenomenon of breaking through the God King realm.

The disciples under the Steward Hall will naturally find out soon.

After they confirm the news.

They will quickly report to the higher level.

After putting away the token.

Wu Yuheng was thoughtful.

He muttered to himself.

"A new God King will be born in Donghua Palace. Who will it be?"

"It won't be Zhang Yuhe."

Thinking of this.

Wu Yuheng stood up suddenly with an incredible expression on his face.

...

Chapter 735 It's simply incomparable.

Although Donghua Palace has many True God disciples, there are also several disciples who have reached the Perfect True God Realm.

But I don't know why.

Wu Yuheng thought of Zhang Yuhe at the first time.

Section 1034

There is no reason.

He did not receive any other more accurate information.

It was as if there was a will telling him.

The person who was currently breaking through the God King Realm was Zhang Yuhe of Donghua Palace.

"Could it be him?"

Wu Yuheng stood on the training platform and muttered to himself silently.

"It can't really be him."

"It has only been less than 100 million years. Is he going to break through to the God King Realm?"

The more Wu Yuheng thought about it, the more incredible it felt.

He couldn't help but think of.

The agreement between Zhang Yuhe and Qi Feilong in Donghua Palace.

Wait until he breaks through the God King Realm and comprehends the rules of the wave path to the state of perfection.

Then help the Desert Court to find the traces of those evil gods from outside the domain.

At that time, Qi Feilong and Wu Yuheng thought.

Zhang Yuhe was just making excuses, so they agreed on a deadline.

It was limited to 300 million years.

Regardless of whether Zhang Yuhe successfully promoted to the God King Realm.

Whether he comprehended the rules of the wave path to the state of perfection.

They all have to help their Desert Court to find the whereabouts of the evil gods from outside the domain.

If the person who is breaking through the God King realm in Donghua Domain this time is Zhang Yuhe.

Then he is too terrible.

This shows.

At the beginning, Zhang Yuhe was not just talking nonsense.

But he was absolutely confident.

When he was only in the True God Realm, the eighth heaven, he was confident that he could break through to the God King Realm in a short period of time.

How deep is his background to make him so confident?

Wu Yuheng felt very puzzled.

Although there is no more accurate news yet.

But he has basically confirmed.

The person who is breaking through must be Zhang Yuhe.

The reason is very simple.

Although there are many True God disciples in Donghua Palace.

There are even several disciples who have reached the perfection of the True God Realm.

But in Wu Yuheng's view.

Those people have almost no chance to break through to the God King Realm.

Even if the opportunity is against the sky and they are lucky enough to break through the bottleneck of the God King.

It is impossible to break through at this time.

So this person.

It must be Zhang Yuhe.

"No, I have to report this news to the Lord of the Palace."

Thinking of this.

Wu Yuheng soared into the air and flew quickly into the distance.

Deep in the Desert Courtyard.

A magnificent palace stood between the mountains.

On the top of the palace.

A golden dragon statue stood on it.

The golden dragon soared into the sky, as if it was about to break through the sky and soar.

This is the Flying Dragon Palace.

The residence of Qi Feilong, the Lord of the Deacon Hall of the Desert Courtyard.

Wu Yuheng flew down and walked quickly into the hall.

Qi Feilong sat cross-legged at the front of the hall and saw Wu Yuheng suddenly coming.

He frowned and asked.

"What's the matter?"

"Hello, Lord of the Palace."

Wu Yuheng shouted respectfully, and then slowly spoke.

"Just received a report that the spiritual tide in Donghua Territory is surging, and someone is breaking through the God King Realm."

"Oh, you said it was Zhang Yuhe."

Qi Feilong was slightly stunned, and at the same time spoke subconsciously.

I don't know why.

He also thought of Zhang Yuhe at the first time.

It was very strange.

The fact was indeed so.

Because apart from Zhang Yuhe.

There was no other matter in the entire Donghua region that could attract their attention.

Wu Yuheng pondered for a while, then shook his head and responded.

"It's not certain yet, I haven't received any updated notifications."

"And Donghua Palace has blocked the entire world."

"It's difficult to get more accurate information for the time being."

"But I think."

"Besides Zhang Yuhe, there shouldn't be anyone else."

Qi Feilong stood up slowly, and he smiled and said.

"It's a bit interesting."

"I didn't expect that Donghua Palace would produce such a peerless figure."

"Let's go and take a look."

After saying this.

Qi Feilong waved his sleeves, and then walked out of the hall quickly.

Wu Yuheng's eyes lit up, and he hurriedly followed.

He was really curious.

He wanted to confirm.

Is the person who is breaking through the God King realm Zhang Yuhe?

...

Bi Bo Lake, Yi Tianfu.

Zhang Yuhe sat cross-legged on the training platform, silently running the Chaos God and Demon Heavenly Scripture.

Around him.

Spiritual energy gathered like rain, forming a huge vortex.

The spiritual tide followed the vortex and was quickly sucked into the Dantian by Zhang Yuhe.

At this time, Zhang Yuhe's Dantian had already been surging.

On the surface of the golden Yuanying, dots of light flickered.

Endless rays of light emanated from the surface of the Yuanying, covering the entire Dantian.

It was like wearing a golden rosy robe.

In the center of the Dantian.

A huge world was slowly taking shape.

The world was stacked layer by layer, just like the real thing.

Someone once said.

The cultivator pursued the Great Dao.

In fact, it was a process of creation.

Starting from the Taiyi realm, the world was gradually evolving in the Dantian.

Once promoted to the God King realm.

The world evolved in the Dantian has been fully formed.

But this is still just an illusory world.

Section 1035

I want to create a real world in my Dantian.

Then you have to achieve eternity.

The reason why the Eternal Emperor is eternal.

It is because of the blessing of the power of the world.

Even if the era is destroyed.

The Eternal Emperor still exists in the world.

Moreover, the Eternal Emperor can also evolve himself into a world.

Hidden in the void interlayer.

Even if the real body is killed.

As long as the world is immortal, a new true body will soon evolve.

It is precisely because of this.

The Eternal Emperor is extremely difficult to kill.

Even if the Invincible Supreme takes action.

It is also difficult to completely kill an eternal emperor.

Unless special means are used.

Following some inexplicable line, the attack is transmitted to the opponent's world.

Destroy the entire world.

Only in this way can an eternal emperor be completely killed.

For Zhang Yuhe.

Eternity is still too far away.

At this time, he is drawing the divine power from the outside world, constantly evolving and perfecting his own world.

This is a long process.

Zhang Yuhe was not in a hurry.

He silently operated the technique, and the aura of divine power rushed in around him quickly.

...

Two streams of light quickly passed through the void.

Qi Feilong and Wu Yuheng continuously switched teleportation arrays and gradually approached the Donghua World.

However, due to Donghua Palace, the nearby teleportation array has been closed.

They had to fly the rest of the way on their own.

As the distance got closer and closer, the surrounding spiritual energy frenzy became more and more fierce.

Qi Feilong looked into the distance.

In the direction of the distant Donghua World, the spiritual tide has already covered the entire world.

Even if the distance is so far away.

The huge spiritual tide vortex was still clearly visible.

See this situation.

Qi Feilong couldn't help but said with emotion.

"Such an exaggerated spiritual tide phenomenon is really astonishing."

"It's at least ten times stronger than the scene I had when I broke through."

Wu Yuheng next to him nodded slightly.

As we get closer and closer to Donghua World.

The more surprised he became.

The coverage area of this spiritual tide, as well as the turbulence of the spiritual tide.

Far beyond his imagination.

If you didn't know the details of Donghua Palace in advance.

He almost doubted it.

Is this someone breaking through the eternal realm?

Qi Feilong said.

The vision was ten times his.

Wu Yuheng felt that he might be a little conservative.

Such an exaggerated spiritual tide.

Compared with when he first broke through, it was more than ten times higher.

I'm afraid it's not a hundred times as much.

It's simply incomparable.

...

Chapter 736 Why are you here?

Qi Feilong and Wu Yuheng were flying forward quickly while silently feeling the changes in the spiritual tide around them.

The closer they got to Donghua World, the more surprised they became.

If it were before that.

They were shocked that Zhang Yuhe could break through to the God King Realm so quickly.

So now.

They were Zhang Yuhe and were curious.

What kind of special talent does Zhang Yuhe have?

Or maybe you have practiced some kind of special technique?

How could it trigger such a strong spiritual wave during the breakthrough?

It's really an exaggeration.

As they fly forward.

From time to time, other monks can be seen appearing around.

obviously.

These people also came to watch Zhang Yuhe's breakthrough.

The God King is hard to defeat.

Just such a bottleneck has finally made countless monks trapped here.

Regardless of the number of God King monks in Desert Sky, there seem to be quite a few.

But it was only after endless years of accumulation that it reached its current scale.

If calculated by time.

I am afraid that in tens of billions of years, the entire desert and heaven realm will be destroyed.

A new Supreme God King will not be born.

It can be seen from this.

How difficult it is to break through to the God King Realm.

Now, someone is breaking through to the God King realm near them.

Such a great opportunity.

Of course the True God cultivators around here want to come and observe.

Especially those monks who have perfected the true god.

He is not afraid of the long journey and does not want to miss this once-in-a-lifetime opportunity.

However, these monks are still far away from the great world of Donghua.

He stopped.

When a monk is making a breakthrough, he is most afraid of being disturbed.

Everyone is also very conscious.

Not too close.

In case Donghua Palace is offended.

These people can't handle it.

Qi Feilong and Wu Yuheng had no worries in this regard.

When approaching Donghua World.

They still moved forward without stopping.

In their view.

Even if we go directly to Donghua Palace, that's okay.

They were just here to take a look, not to cause trouble.

...

In the endless void.

A figure slowly emerged.

Section 1036

This is Zhang Yuhe's guardian envoy clone.

In order to monitor the surrounding situation, he kept activating his magical power.

Layers of invisible fluctuations slowly spread around.

All the scenes in the vast surrounding area could not escape his perception.

Sudden.

Zhang Yuhe frowned slightly.

He looked into the distance.

He muttered to himself.

"Why are they here?"

"At such a critical time, we still have to break in."

"This is a bit inappropriate."

Think of this.

Zhang Yuhe made a stroke with his right hand.

A small vortex of particles slowly appeared in the void.

He took one step forward and quickly teleported towards the distance.

After sensing the arrival of Qi Feilong and Wu Yuheng.

Zhang Yuhe did not hesitate, anchored directly in front of the two of them, and teleported over.

He had to intercept these two people.

Although Zhang Yuhe knew.

Qi Feilong and Wu Yuheng should not have any malicious intent.

But now is the critical moment for him to make a breakthrough, and it is really not convenient for anyone to disturb him.

Even people from the Desert Courtyard.

Neither does.

They must be stopped and cannot go any further.

Zhang Yuhe stepped out, and the vortex behind him slowly disappeared.

He stood in mid-air, waiting quietly.

After a while.

Two streaks of light passed quickly in the distance.

I saw Zhang Yuhe suddenly appear in the distance.

Qi Feilong and Wu Yuheng were completely stunned?

The two looked at each other.

A little confused.

What's happening here?

Not to say.

Is the person who is breaking through to the God King Realm Zhang Yuhe?

So who is this person in front of me?

They don't know.

Zhang Yuhe still has a clone.

The three of them stood quietly in the void.

The scene was slightly embarrassing.

Zhang Yuhe looked at the two people in the distance, smiled and said with his hands in hand.

"I've met two seniors."

After a while.

Qi Feilong took a deep breath, and then slowly asked.

"How will you be here?"

“Who’s making the breakthrough over there?”

Zhang Yuhe smiled and said nothing.

What should he say?

Do you have to say.

Here is me.

Am I the one who is making breakthroughs over there?

It's a bit hard to explain.

Just at this time.

A stream of light quickly passed from behind.

The Divine King Yuanhe appeared.

He first looked at Zhang Yuhe, his expression couldn't help but be slightly stunned.

Although King Yuanhe knows.

Zhang Yuhe has a clone, and there are multiple clones.

But what is the specific situation of Zhang Yuhe's clone.

He didn't know.

Never seen it either.

Originally he thought.

When Zhang Yuhe made a breakthrough, he wanted to accumulate strength.

All clones must have been taken back long ago.

After all, when a monk breaks through the realm.

Who hasn't concentrated all their efforts?

Everyone is eager to take all the mighty power into their own hands.

But God King Yuanhe never expected it.

I actually saw Zhang Yuhe's clone here.

When the main body breaks through the great realm.

The clone is still wandering outside.

This is too nerve-racking.

King Yuanhe was a little confused.

After a while, he finally reacted.

Looking at Qi Feilong and Wu Yuheng in the distance.

King Yuanhe said with a smile.

"I have met the master of Qi Palace, Taoist Brother Yu Heng."

"How come you two are free and suddenly come to visit my Donghua Palace?"

Hear this.

Qi Feilong and Wu Yuheng were speechless.

What do you think we are here to do?

The sky-wide frenzy swept across the world.

Do you think we are blind?

Wu Yuheng took a deep breath and looked at the distant King Yuanhe.

He asked with a slightly confused expression.

"Brother Yuanhe, does your sect have disciples who are breaking through to the realm of God King?"

"Yes, it does happen."

King Yuanhe nodded with a smile.

"I don't know which disciple you are, can you tell me?"

"I have never thought before that Guizong actually hid the seed of the God King."

Divine King Yuanhe first looked back at Zhang Yuhe next to him.

Then he looked at Qi Feilong and Wu Yuheng in the distance.

He did not answer directly, but changed the subject.

"It's better that the two of you stay for a while."

"You will naturally know after this matter is over."

Hear this.

Qi Feilong and Wu Yuheng were completely confused.

What?

When your disciple breaks through to the God King Realm, do you still want to be so mysterious?

What's there to cover up?

Section 1037

Do we still need to hide people?

What exactly is going on.

I feel like I can't understand it.

Just at this time.

Qi Feilong said calmly.

"Okay, guests are welcome to host. Then we will wait for a while."

"Just in time to meet the proud disciple of your sect."

King Yuanhe waved his right hand.

A huge chaos boat suddenly appeared in the void.

He extended his hand in invitation.

"Why don't you two come forward and have a drink together."

"Drink freely while waiting for the results."

After seeing Zhang Yuhe's clone appear here.

King Yuanhe was completely relieved.

He no longer had to sit nervously in Donghua Palace.

There is Zhang Yuhe's clone.

Is there any need for him to be in charge?

To know.

Zhang Yuhe is a ruthless person who can conquer an entire sect by one person.

I don't know how many times stronger than him.

And Zhang Yuhe is not just this clone.

At this time, other clones must also be hidden outside the Donghua World.

There are these alter egos.

There really was no need for him to worry about it.

Even if someone dares to come and cause trouble.

It is estimated that he was secretly taken care of by Zhang Yuhe's clone a long time ago.

There's nothing wrong with him at all.

Now he just needs to accompany Qi Feilong and Wu Yuheng.

Qi Feilong didn't hesitate either.

He stepped up and flew towards the Chaos Boat in the void.

...

Chapter 737: Ten Thousand Years of Breakthrough, Proving the Supreme God King

The four of them toasted and drank on the Chaos Boat.

It's just that this scene seems a little embarrassing.

Wu Yuheng was about to speak but stopped.

He wanted to ask several times.

But in the end, they suppressed their curiosity.

Qi Feilong looked indifferent.

to him.

No matter who is on the other side of Donghua Palace who is breaking through to the God King Realm.

In fact, it doesn't matter.

If it is Zhang Yuhe, of course it is the best.

Once Zhang Yuhe breaks through to the God King Realm, and then advances the rules of the Wave Path to the perfect level.

Then the detection range of the wave channel will be greatly improved.

Maybe it only takes a few million years.

This will completely clean up the entire Desert Heaven Realm.

Dig out all the alien evil gods lurking in the desert sky.

Now Zhang Yuhe is sitting in front of him.

So the person who is making a breakthrough will obviously not be him.

But it doesn't matter.

There is one more God King in Donghua Palace.

This is also a good thing for the Desert Courtyard.

This means.

In the future, when guarding the outer gates, there will be more strength.

As the era approaches.

The defensive pressure on the outer territory will become stronger and stronger.

This requires more God King monks to increase Tianguan's defensive strength.

In addition to defending against outside monks.

The most important function of Tianguan is to resist epochal disasters.

This is a disaster sweeping across the entire outer region.

No matter which chaotic universe, no one can be immune to it.

I want my chaotic universe to survive the catastrophe of the era safely.

More god king monks are needed to protect the safety of the chaotic universe.

This is the responsibility of all God King monks.

The greater the number of God King monks.

The pressure shared on everyone will naturally be smaller.

Qi Feilong was happy to see it.

The desert sky keeps growing, and new god-king monks are born.

No matter who this God King monk is.

He was happy to see it.

...

Time passed slowly.

The clones of Yuanhe Shenwang and Zhang Yuhe accompanied Qi Feilong and the others.

It has been thousands of years since we toasted and drank on the Chaos Boat.

During this thousand years.

The frenzy of spiritual energy around him showed no sign of weakening.

Instead, it became more and more violent.

Qi Feilong slowly stood up.

Watching the spiritual tide surge in the distance.

He couldn't help but frown slightly.

Thousands of years have passed, why is it not over yet?

It shouldn't be.

Normally.

When a monk breaks through to the God King Realm, it usually only takes a hundred years.

You can completely evolve your realm.

Even some monks have special skills or talents.

The time for evolving the realm may last longer.

It rarely exceeds a thousand years.

Now over there at Donghua Palace.

It's been going on for so long and it's not over yet.

On the contrary, there is a tendency to become more and more intense.

Even though Qi Feilong is well-informed.

I have seen countless scenes of the God King monks breaking through.

But a situation like this.

He is really a bit confused and can't quite understand it.

What the hell is this?

Don't tell me.

That's Donghua Palace. Someone is breaking through the eternal realm.

Of course this is impossible.

Section 1038

Qi Feilong turned his head.

He looked at King Yuanhe in front of him and asked with a puzzled expression.

"Brother Yuanhe, does your sect really have disciples who are breaking through to the realm of the God King?"

"yes."

King Yuanhe nodded helplessly.

In fact, he was also very confused.

Why did Zhang Yuhe take so long to evolve?

King Yuanhe remembered.

When I was making a breakthrough, it seemed that it only took me a hundred years.

The evolution is completely over.

Faced with Qi Feilong's doubts.

He didn't know how to explain it.

And Zhang Yuhe himself was right next to him.

Since Zhang Yuhe didn't speak.

Naturally, he couldn't explain more.

Qi Feilong became more and more confused.

Because whenever he asked about it.

Both Yuan and Shenwang were unnatural and looked at Zhang Yuhe beside them.

What's happening here.

Could it be that the person making the breakthrough in the distance has anything to do with Zhang Yuhe?

Think of this.

Qi Feilong turned to Zhang Yuhe and asked.

"Fellow Taoist Yuhe, what is going on?"

Zhang Yuhe was helpless.

How could he know?

How could it take so long to evolve into a new realm?

The key is.

It seems like it's just beginning now.

It may take several thousand years before complete evolution is complete.

It's a bit hard to say.

Zhang Yuhe said helplessly.

"There's no rush, Palace Master Qi, please wait for a while."

"In about eight thousand nine years, it should be over."

"What? Another eight or nine thousand years?"

Zhang Yuhe just finished speaking.

Qi Feilong hasn't spoken yet.

King Yuanhe couldn't help but exclaimed.

He couldn't understand it at all.

What realm is Zhang Yuhe breaking through?

Is it really the God King Realm?

How could it possibly take such a long time?

Another eight or nine years.

That's not it.

The entire breakthrough process will last a full ten thousand years.

This is too exaggerated.

Zhang Yuhe nodded lightly.

"Yeah, it's really early."

Listen to the conversation between the two.

Qi Feilong was thoughtful.

He seems to understand something?

Could it be that the person making the breakthrough in the distance is Zhang Yuhe himself?

As for Zhang Yuhe in front of him.

Maybe just an incarnation?

Qi Feilong silently sensed Zhang Yuhe's aura.

Very normal.

It is indeed the perfection of the true divine state.

It is also a real one.

Not a phantom incarnation.

Is this the person in front of me?

Is it a clone that Zhang Yuhe cultivated through some kind of innate magical power?

The clone is still there, no different from the real person.

And the person who is making a breakthrough over there is Zhang Yuhe's true identity.

Otherwise.

How could Zhang Yuhe be so clear?

We know that this spiritual energy craze will take eight or nine thousand years.

Only when you are making a breakthrough can you accurately calculate how long it will take.

Qi Feilong took a deep look at Zhang Yuhe.

He said nothing more.

Wait, then.

He felt that this matter was indeed becoming more and more interesting.

If the person making the breakthrough over there is Zhang Yuhe.

That would be so interesting.

I am making a breakthrough.

But the clone is here, drinking and chatting with them.

What kind of nerves is this?

Or rather.

What a confidence.

Only when you can break through a big realm.

Can you still chat and laugh with others?

...

Time passed slowly.

The spiritual energy frenzy swept across the entire Donghua Territory, and even spread to the endless void on the periphery.

Zhang Yuhe sat cross-legged on the training platform.

At this time, the chaotic world in his Dantian has been fully formed.

The world is layered.

A vast aura appeared in the center of Dantian, like the beginning of chaos.

If it weren't for this world, there would be no living beings.

This is almost equivalent to a real chaotic world.

A world as vast as the Sea of Chaos.

A terrifying aura quickly rose up on Zhang Yuhe.

The pressure spreads across the world.

Countless Donghua Palace disciples were on guard outside.

He was directly suppressed from mid-air by this sudden coercion.

Duan Changqing raised his head and looked into the distance.

He muttered to himself.

"This should have been successful."

"Ten thousand years of breakthrough, the supreme divine king."

Endless envy.

It was clearly evident on Duan Changqing's face.

Wan Fenghai and others next to him also showed their yearning.

Section 1039

This is the Supreme God King.

I don't know when.

Will there be such a day for me.

...

Chapter 738 It turns out it's really you

The wind and clouds dissipated, and the sky was blue.

Zhang Yuhe slowly stood up from the practice platform.

He closed his eyes slightly.

He silently felt the majestic divine power in his dantian.

After a long time.

Zhang Yuhe opened his eyes and murmured to himself.

"I have practiced Taoism for 500 million years, and now I have finally achieved the realm of God King."

Recalling the past.

Zhang Yuhe couldn't help but sigh.

Since he first came into contact with the immortal way in the game.

It has been more than 500 million years.

In these long years.

Zhang Yuhe has been practicing almost all the time.

He is rarely distracted by other affairs.

He is devoted to Taoism.

He is focused on the Tao.

Until today.

He finally achieved the realm of God King.

From then on.

In this Chaos Sea, he finally has a place.

Except for those high and mighty Eternal Emperors.

The God King cultivator is one of the top forces in the Chaos Sea.

The God King cultivator walks outside.

No matter where he is, he will be respected.

No one will look down on a Supreme God King.

Even the Desert Academy will not overly restrict the God King cultivators in the realm.

As long as at the critical moment.

These Supreme God Kings can respond to the call and go to the outer heaven to guard.

Now Zhang Yuhe has finally taken this step.

Become a true Supreme God King.

The God King can establish a sect.

Can rule a large domain.

As long as he wants.

He can roam freely in the Chaos Sea.

...

Seeing the wind and clouds retreat, the sky returns to its blue color.

Countless Donghua Palace disciples can't help but cheer excitedly.

Because they know.

Donghua Palace now has another God King Palace Master.

This means.

The strength of Donghua Palace has reached a new level.

Although so far.

Many Donghua Palace disciples do not know.

Who is the newly born God King Palace Master.

But this does not affect the cheers of the crowd.

No matter who it is.

As long as they are from Donghua Palace, they are happy.

Because the entire Donghua Palace is originally a whole.

Duan Changqing stood in the air.

Feeling the vast momentum in the distance.

He couldn't help but reveal a yearning look.

"This is the Supreme God King."

"Junior Brother Zhang has finally taken this step."

At this time.

Wan Fenghai next to him also said excitedly.

"Let's go, let's go over and congratulate Junior Brother Zhang."

"No, now we should call him the Lord of the Galaxy Palace."

"Haha."

"Let's go together and congratulate the Lord of the Galaxy Palace for proving the Supreme God King."

"Let's go together."

The four people quickly took off into the air and turned into flowing light and flew towards the direction of Bi Bo Lake.

...

The outer void of the Donghua World.

A huge Chaos Boat floated quietly in it.

Qi Feilong stood at the front of the Chaos Boat.

He looked at the direction of Donghua Palace in the distance.

Now that the spiritual tide has receded, a vast breath continues to come from afar.

This means.

The mysterious Donghua Palace disciple has completed the breakthrough.

Successfully promoted to the God King Realm.

Qi Feilong looked back at Yuanhe God King.

He smiled and said.

"Congratulations to Brother Yuanhe, your sect has added another Supreme God King..."

Before he finished speaking.

Qi Feilong was shocked to find that.

Zhang Yuhe next to him had an aura of the God King Realm.

He almost thought he had seen it wrong.

Obviously Zhang Yuhe had always been by his side.

And he didn't feel it.

Zhang Yuhe showed signs of using explosive magical powers.

How come suddenly.

The aura on Zhang Yuhe's body has become the God King Realm?

"Zhang Daoyou, you..."

"So it really is you."

Qi Feilong said with emotion.

Until this time.

He finally confirmed.

The Donghua Palace disciple who had just broken through the Divine King Realm was Zhang Yuhe.

However, the Zhang Yuhe in front of him should be a clone.

The clone is no different from an ordinary person.

Its strength is the same as that of the original body.

Moreover, when the original body breaks through the realm, the clone can still move freely outside.

Once the original body breaks through successfully.

The strength of the clone will naturally increase.

Section 1040

What kind of mysterious talent is this?

It's actually possible to do this.

It's just incredible.

Wu Yuheng next to him was so shocked that his jaw almost dropped.

He is not as knowledgeable as Qi Feilong.

For supernatural powers of the clone type.

Wu Yuheng had only read it in classics.

What are the specific mysteries?

He really didn't know.

The main thing is.

Avatar-type magical powers are usually born with talent.

Each clone-like magical power in the Sea of Chaos has subtle differences.

Like Zhang Yuhe.

The clone-like magical powers that come from the exercises are even more unique.

No wonder he couldn't think of it.

Seeing the surprised expressions of the two people.

Zhang Yuhe said with a smile.

"You two must have guessed it."

"I'm so sorry."

"I didn't mean to hide it."

"It's just that it was really inconvenient at the critical moment when we were making breakthroughs."

"Haha, these are all small things."

Qi Feilong laughed and didn't care at all.

to him.

Zhang Yuhe broke through to the God King Realm. This is great news.

Why would you mind?

After breaking through to the God King Realm.

When Zhang Yuhe uses the magical power of Wave Dao, his power will inevitably become more powerful.

The coverage area of the magical power is also much larger than before.

If Zhang Yuhe takes a small step forward in the wave path rules.

Then the scope of this magical power must be extremely exaggerated.

Maybe it's a magic trick.

You can clearly detect the situation in half of the large area.

This will be of great help to them in tracking down the evil gods outside the territory.

Qi Feilong has never been as confident as he is now in destroying the alien evil god in Desert Sky.

Because Zhang Yuhe is here.

Zhang Yuhe in the God King Realm, coupled with the rules of the Wave Path in the Perfection Realm.

Those extraterritorial evil gods lurking in the desert sky will be able to escape.

At this time, the God King Yuanhe next to him was almost smiling.

Zhang Yuhe was successfully promoted to the Divine King Realm.

Then he won't have any pressure anymore.

Even the Divine King Donghua and the Divine King Duantian have never been able to return.

Donghua Palace can still stand firm in the sea of chaos.

Because Zhang Yuhe is here.

We will definitely be able to preserve Donghua Palace for eternity.

When Zhang Yuhe was still in the True God Realm, he could sweep the Tianyang Sect by himself.

Now he has broken through to the God King realm.

How powerful should it be?

King Yuanhe simply didn't dare to think about it.

It will be strong anyway.

Perhaps one of the most powerful supreme god kings in the entire Chaos Sea.

There is such a great god sitting in charge.

It is difficult for Donghua Palace not to rise.

King Yuanhe looked at Qi Feilong and Wu Yuheng next to him and said with a smile.

"Master Qi, Taoist Brother Yu Heng."

"How about you go sit at my place?"

Qi Feilong laughed loudly.

"Haha, even if you don't invite us, we still have to go and sit down."

"Brother Yinhe Dao has been promoted to the Supreme God King. How can we miss such a joyous event?"

"I must go there and have a few drinks."

"please."

King Yuanhe used the magic formula.

The Chaos Boat sailed through the void and flew quickly towards the Donghua World.

...

Chapter 739 Li Tianxing and An Tianzuo

Zhang Yuhe of Donghua Palace was successfully promoted to the Supreme God King and was titled Lord of the Galaxy Palace.

The news spread quickly in Desert Sky.

Some are excited, some are envious, and most are yearning for it.

Of course.

There are also some jealous and resentful people among them.

The world is too big.

People's hearts are different.

Even the perfect saint cannot be liked by everyone.

What's more, people like Zhang Yuhe suddenly rose to great heights.

It's easier to be hated.

In the eternal world of the desert, in a small city on the edge of the continent.

Li Tianxing rushed into a manor excitedly.

he shouted as he walked quickly closer.

"Tianzuo, Tianzuo, good news."

An Tianzuo walked out of the manor.

Seeing Li Tianxing's excited look, he asked with a slight frown.

"What good news can make you so happy?"

Li Tianxing said excitedly.

"I just came back from the market. What do you think I heard?"

"If you have something to say, just say it. Why bother with it?"

An Tianzuo rolled his eyes at him and said angrily.

They are all old monsters that have lived for thousands of trillions of years, but they still have no formal shape.

Li Tianxing took a deep breath and spoke excitedly.

"I was in Fangshi just now and heard news about Zhang Yuhe again."

"He has been promoted to the Supreme God King, just ten days ago."

"This news has spread throughout Desert Sky."

Hear this.

An Tianzuo was completely stunned.

After a long time.

He then muttered to himself.

"too fast."

"How could he be so fast?"

"I heard that he joined Donghua Palace and swept away a large force with the power of the True God Realm."

"Even the God King monks were killed by him more than ten times."
