

Top talent 1041

Section 1041

"Now he has actually been promoted to the Supreme God King."

"There is such a peerless person in the world who actually came out of the same primitive world as us."

An Tianzuo was stunned.

Think back to when I was in the fairy world.

He has always been the number one in the fairy world.

The strength is far ahead of others.

Until Zhang Yuhe rose.

Not only did he sweep across the Chaos Continent, but even the terrifying Supreme True God was killed by him alone.

Zhang Yuhe opens the way to the fairy world and leads everyone into the sea of chaos.

It's just because the space passage is tortuous and complicated.

After everyone walked out of the fairy world, they were completely dispersed.

An Tianzuo and Li Tianxing's luck is pretty good.

When they walked out of the space passage, the exit was near the eternal world of the desert.

And the distance between the two is not too far.

After coming together.

They settled down in a nearby small city.

At the same time, I also slowly asked for news from other people.

Unfortunately.

The sea of chaos is really too big.

Even if it is just a desert sky realm, it is so big that it has no boundaries.

Hundreds of millions of years passed.

They didn't get any news from anyone else at all.

At that time, more than thirty people walked out of the fairy world together.

Now there are only two of them, gathered together.

Until more than 80 million years ago.

Li Tianxing accidentally heard the news about Zhang Yuhe from the market.

I heard that Zhang Yuhe joined Donghua Palace and has been promoted to the True God Realm.

the most important is.

According to the message.

Zhang Yuhe, with the power of the eighth level of the True God, actually swept away a large force.

Even the God King monks were beaten to death by him more than ten times.

When I first heard the news.

They almost thought it was a mistake.

Maybe someone with the same name.

Later, after many inquiries.

They were finally sure.

That is Zhang Yuhe.

It was Zhang Yuhe who came out of the fairy world with them.

At that time, they planned to find a way to meet Zhang Yuhe.

Unfortunately.

Donghua Domain is really too far away.

With their strength, it is simply impossible to get by.

over the years.

Regarding cultivation matters.

They never slacked off for a moment.

Relying on outstanding talent and many years of accumulation in the fairy world.

Li Tianxing has been promoted to the sixth level of Virtual God Realm.

And An Tianzuo has already been promoted to the seventh level of the Virtual God Realm.

Just less than 400 million years.

Their cultivation speed is definitely very fast.

Look at the entire sea of chaos.

Totally worthy of the word [genius].

However, compared with Zhang Yuhe.

That's really not enough.

Less than 400 million years have just passed.

Zhang Yuhe has actually been promoted to the Supreme God King.

What kind of incredible cultivation speed is this?

An Tianzuo couldn't understand it at all.

The gap between people is really too big.

It's almost too big to be accepted.

Li Tianxing next to him also spoke in a daze.

"Yeah, it's really fast."

I remember the first time he met Zhang Yuhe.

Zhang Yuhe was still just promoted to the Daluo realm and was holding a Daluo celebration.

And he has been promoted to the virtual god realm for many years.

Now, less than 400 million years have just passed.

Although Li Tianxing's progress is not slow, he is still in the virtual god realm.

But Zhang Yuhe has been promoted to the Supreme God King.

The difference between them is simply unimaginable.

The scene was silent for a long time.

Li Tianxing suddenly suggested.

"Tian Zuo, do you think there will be a grand celebration this time when Zhang Yuhe is promoted to the Divine King Realm?"

An Tianzuo was stunned for a moment, then he spoke subconsciously.

"That's natural."

"Any supreme god-king is a towering figure."

"Zhang Yuhe is promoted to the Divine King Realm, so Donghua Palace will definitely hold a grand celebration for him."

Li Tianxing then said excitedly.

"If that's the case, then many big shots will go to Donghua Palace to celebrate."

"Can we think of a way to follow a team and go to Donghua Palace together?"

Ever since I found out about Zhang Yuhe.

Li Tianxing has been thinking about joining Zhang Yuhe as much as possible.

no way.

That's a super thick leg.

With the protection of Zhang Yuhe.

They will no longer have any worries in their future cultivation.

But the problem is.

Donghua Palace is really too far away.

They couldn't get through it at all.

Even if they are willing to pay a huge amount of divine crystals.

I can't find the kind of super teleportation array that can span the desert sky.

Generally speaking.

Only those big forces have the ability to build super teleportation arrays across borders.

But such teleportation arrays exist as the foundation of a large force.

Generally not allowed to be used by outsiders.

Not even if you give me money.

Little monks like them in the virtual god realm.

Even less qualified to borrow it.

But this time is an opportunity.

This time Donghua Palace held a celebration of the God King.

It is estimated that all the major forces in Desert Sky will go to celebrate.

Section 1042

Maybe they could take a chance and see if they could catch a ride.

An Tianzuo was thoughtful.

This is indeed a solution.

If he could join Zhang Yuhe, he would naturally be willing to try.

Although An Tianzuo is arrogant.

But if you don't hold your thighs, you'd be a fool.

He's not stupid.

Moreover, they and Zhang Yuhe came from the same primitive world.

The love of incense is especially present.

Zhang Yuhe will definitely help them.

With Zhang Yuhe's protection.

Their future cultivation path will be much smoother.

Rather than like now.

He can only be a casual cultivator with no one to rely on in a small city.

It's possible that someone will beat him to death one day.

There is no stable environment.

There are not enough resources.

There is no way to talk about progress in cultivation.

...

Chapter 740 Zhang Yuhe's ambition

After sending Qi Feilong and Wu Yuheng away.

Zhang Yuhe returned to Yitian Mansion soon.

He walked to the training platform and slowly sat down cross-legged.

Donghua Palace has issued a notice.

A grand celebration of the God King will be held one hundred thousand years later.

Zhang Yuhe plans to advance the wave path and the rules of time to the perfect level during this period of time.

If the opportunity is right.

He still wants to try it.

See if you can understand a few more rules of the great road.

Now he has been promoted to the Supreme God King.

The next step is Hedao Eternity.

According to the records collected in Donghua Palace.

If the God King monk wants to break through the eternal realm, he needs to integrate all the Dao rules he has understood with himself.

Then integrate these avenue rules into the chaotic world in Dantian.

When the God King monks merged with the Tao, the more rules and avenues they incorporated.

The rules of the avenue are more perfect.

The chaotic world created in the end will be more perfect.

It is no different from the world born naturally in chaos.

It can completely maintain the reincarnation of heaven and the endless reproduction of life.

Of course.

Such a perfect world is just the most ideal state.

so far.

Throughout the sea of chaos.

There is no eternal emperor yet.

Able to evolve his own world into such a perfect state.

Even those legendary extraterritorial supreme beings.

Their world is still not perfect.

At best, it can only maintain the daily routine of living beings, but it cannot allow living beings to reproduce naturally.

Because their world path is lacking.

It is far from being compared with the world that was born naturally in the long river outside the territory.

Zhang Yuhe harbored a hint of ambition.

He hopes that the world he will evolve will be the same as the world in the long river.

It is as vast and boundless as the Sea of Chaos.

It can naturally give birth to living beings and maintain the endless reproduction of living beings.

It can even allow living beings to practice and grow.

If this can be done.

Then he is the true Creator God.

Created a perfect world.

But to do this.

Obviously it's not that easy.

A perfect world contains vast and endless origins.

Countless rules and avenues are intertwined in the origin.

And there are some basic rules that are indispensable.

For example, the five elements rules of metal, wood, water, fire, and earth, as well as special rules such as wind, thunder, and ice.

In addition, the natural reproduction of the world must be maintained.

Like life, death, time, space, reincarnation, cause and effect, etc.

None of these supreme Dao rules can be missing.

Zhang Yuhe once thought about it carefully.

he thinks.

Only by fully understanding all these basic rules.

And push it all to perfection.

Only when we are in harmony with the Tao can we finally evolve into a perfect world.

For ordinary god king monks.

This is almost impossible to do.

Even those eternal emperors, even the invincible supreme ones.

No one dares to have such expectations.

But Zhang Yuhe dared to think.

he thinks.

Just try hard yourself.

Maybe it will work out someday.

So far though.

He just realized that there are two kinds of rules.

We are still far away from the basic rules for building a world.

But Zhang Yuhe still felt that.

You have a good chance of success.

Not because of anything else.

Just because of his incredible understanding.

If you don't try it.

Zhang Yuhe is afraid that he will regret it in the future.

Because harmony is eternal.

It is the best opportunity for monks to build a perfect world.

It could also be the last chance.

If the union is successful, you will be promoted to the eternal realm.

I want to go back and continue to improve my world.

That way the difficulty will be doubled.

It's almost impossible to even get another chance.

Evolve your own world to a perfect state.

The long river outside the territory is vast and endless.

There are countless chaotic worlds born in it.

Section 1043

in these worlds.

I don't know how many eternal emperors there are.

Even the Invincible Supremes are not in the minority.

But in the endless years.

No monk has ever evolved the world he created into a perfect state.

Even the most powerful and invincible Supreme.

It can only maintain life and multiply in one's own world.

It does not allow those creatures to cultivate and grow like they can in the outside world.

Because in their world.

All lack one or more crucial avenue rules.

Zhang Yuhe believes it.

Those Eternal Emperors and Invincible Supremes must also want to continue to improve their own world.

But in the long years.

But no one has ever succeeded.

No matter how hard they try.

The world is always lacking.

Less than perfect.

In Zhang Yuhe's view.

That was when they were in their infancy, when they were first creating and evolving the world.

The best opportunity was missed.

That is Hedao.

Hedao is eternal and the world is new.

At the moment when the god-king monk succeeded in joining the Tao.

The rules framework of the world has basically taken shape.

The best we can do in the future is to tinker with it or strengthen the existing avenue rules.

As for saying.

I want to add new avenue rules to the world.

That would be extremely difficult.

Even the Eternal Emperor or the Invincible Supreme has newly understood other rules and avenues.

Nor can it be structured into its own world.

Can enhance strength.

But he is unable to make qualitative changes in his own world.

Zhang Yuhe didn't want himself to have any regrets in the future.

He wanted to get it right in one step.

Before Hedao.

Complete the understanding of all the basic rules that may be needed and applied in the future evolving world.

This matter sounds like a fantasy.

Don't say anything else.

The Five Elements Avenue alone has stumped countless people.

Among the eternal emperors in the Chaos Sea.

As long as you understand one of the five elements rules, you are considered a top existence.

As for saying.

I want to understand all the Five Elements Avenue, and even want to understand the special rules such as wind, thunder and ice.

And those ethereal supreme rules.

It was just a dream.

Even when other monks are dreaming.

I dare not think so.

But Zhang Yuhe dared.

And he planned to do just that.

Because he has confidence.

As long as you pay attention.

Maybe it will be successful.

Zhang Yuhe's own understanding is incredible, and he is also blessed by the Enlightenment Tree.

As long as the opportunity is right.

It is not difficult for him to understand the rules of the great road.

Just like before in Beiyuan Realm.

From the secret realm of time.

Zhang Yuhe easily understood the rules of time, this supreme avenue.

It was that enlightenment that gave him confidence.

There are not many strange places like the Secret Realm of Time in the Sea of Chaos.

It's even possible that this is the only place.

But there is a long river outside the territory.

There are countless similar secret and dangerous places.

For example.

The Taijin Mysterious Realm that trapped the two divine kings Donghua and Duantian.

Maybe it is a strange secret realm that contains the avenue of space.

Zhang Yuhe thought.

If you go deep into the realm of Taijin.

Maybe it's possible to understand the rules of space.

A long river outside the territory.

There are countless dangerous places and secret places.

There are many dangerous places in it.

Even the Invincible Supreme One's expression turned pale when he talked about it.

But in Zhang Yuhe's opinion.

Those are all treasures.

It is a treasure place for him to achieve enlightenment in the future.

But there's no rush yet.

Zhang Yuhe plans to start with the Sea of Chaos first.

First get through those rules of the avenue that can be understood in the sea of chaos.

And improve his own cultivation level by a few steps.

Then go to the long river outside the territory.

Take it step by step.

The road is boundless.

Zhang Yuhe wanted to take a look.

That endless avenue.

Is there any end?

If there is.

Then he will reach the end.

if there is not.

Zhang Yuhe also wants to frame the boundless avenue to an end.

And to do it all.

He is needed to build a perfect world first.

Evolve the world with the great road.

Reshape the road with the world.

...

Chapter 741 Do you know the Lord of Galaxy Palace?

Time passes slowly.

One hundred thousand years later.

Donghua Palace is decorated with lanterns and colorful clouds, and the sky is filled with auspicious clouds.

Section 1044

There was a festive atmosphere at the scene.

Magnificent palaces are suspended in mid-air, extending from outside the mountain gate to the end of the continent.

Countless guests came from far away.

Because there were so many people coming.

Even the entire Donghua World is somewhat overcrowded.

In the major cities around.

Almost all the manor caves have been rented out.

In order to have a glimpse of the Galaxy God King.

Everyone traveled across countless continents and arrived at Donghua World one after another.

Of course.

among these people.

Most of them are not guests invited by Donghua Palace.

But because the distance was not too far, I spontaneously came to see the grand event.

As for the guests who were actually invited, they came from all over the desert.

To build momentum.

In the entire desert heaven realm.

As long as there are true god monks in charge of the forces, Yuanhe God King has sent invitations to all.

It can be said.

Over the past 100,000 years.

Except for Zhang Yuhe himself.

The entire Donghua Palace was busy preparing for this grand event.

Just hand out invitations.

Duan Changqing and other disciples of the True God have been running for tens of thousands of years.

There is nothing we can do about this.

The sky in the desert is really huge.

within the entire realm.

There are probably tens of millions of large and small forces under the control of True God cultivators.

And I want to walk safely and freely within the boundary.

The cultivation level must be at least the True God Realm.

Those disciples under the True God simply cannot do the job of handing out invitations.

And in order to show the momentum of Donghua Palace.

If those False God disciples were allowed to go out and distribute invitations.

That would be too much of a loss.

Therefore, Duan Changqing and other disciples of the True God can only run around the world.

They spare no expense.

With the help of teleportation arrays in various places, he traveled almost all over the desert sky.

Even those on the fringes.

As long as there are true god monks in charge.

They will arrange for someone to make a trip.

Now the grand ceremony is coming.

Donghua Palace will completely release the teleportation hall.

True God cultivators from all over the country arrived one after another via teleportation.

Even among them, the figure of the Supreme God King can occasionally be seen.

In the teleportation hall.

Duan Changqing and Wan Fenghai each led a team of True God disciples, standing on both sides of the hall.

In order to welcome guests from all over the world.

Duan Changqing and Wan Fenghai, two prominent figures in Donghua Palace.

They were all arranged by King Yuanhe to welcome guests here.

The first is to maintain order.

Secondly, it is also to show the momentum of Donghua Palace.

On the teleportation array platform, dazzling light flashed from time to time.

Whenever guests arrive.

Immediately, disciples from Donghua Palace came forward to greet him.

And guide the newly arrived guests to the suspended palaces outside the mountain gate.

Just at this time.

Dazzling light flashed from the formation platform again.

A team of more than ten people slowly appeared on the formation platform.

The leader was a True God cultivator, followed by a dozen False God realms.

The figures of Li Tianxing and An Tianzuo were among them.

In order to reach Donghua World.

They put in a lot of effort.

Hitchhiking is not easy.

Even if they are willing to pay the divine crystal, it will be difficult to get them easily.

The main reason is that their cultivation level is too low and their foundation in the Sea of Chaos is too shallow.

I hardly know any big people.

The people who usually interact with them are basically in the virtual god realm.

Their activity range is generally within the surrounding continents.

You can't go far at all.

By chance.

Li Tianxing learned.

Tianhai Pavilion also received an invitation letter from Donghua Palace.

This made him overjoyed.

Tianhai Pavilion is a small-scale chamber of commerce in the Eternal World of the Desert.

The scope of their activities is only in a small corner of the eternal world.

Among them, the person with the highest cultivation level is Xiong Tianhai, the master of Tianhai Pavilion.

The third level of True God Realm.

He is also the only true god monk in Tianhai Pavilion.

During a transaction with Tianhai Pavilion.

Li Tianxing had met Xiong Tianhai before, and they had some interactions with him.

As a businessman, he also has True God Realm cultivation.

Xiong Tianhai naturally has a way to go to Donghua World.

After learning the news.

Li Tianxing immediately rushed to Tianhai Pavilion to visit Xiong Tianhai.

After some haggling.

Li Tianxing and An Tianzuo have spent almost all their accumulation in recent years.

I caught a ride with Tianhai Pavilion.

After continuous transformation of countless teleportation arrays.

They finally arrived at Donghua World.

Standing on the teleportation array.

Looking at the scene of auspicious clouds filling the sky and brilliant lights in the distance.

And the countless magnificent palaces hanging high in the sky.

Li Tianxing looked extremely excited.

He excitedly said to An Tianzuo next to him.

"Haha, we are finally here."

"It's not easy."

An Tianzuo nodded gently.

He also said with emotion.

"yes."

"We almost spent all our savings on this trip."

"I don't know if I can see Sect Master Zhang."

Section 1045

"If we can't see him in person, it will be a disaster for us."

Just at this time.

The leading True God cultivator next to them smiled at them and said.

"You two little brothers, I can only take you here."

"Where you want to go next is up to you."

"But you have to remember one thing: never cause trouble in Donghua Domain."

"Now that the Lord of Galaxy Palace has risen, Donghua Palace is as powerful as the sky."

"Maybe except for the Desert Court, there is no other force that can compare with it."

"Just take care of yourself."

After saying this.

Xiong Tianhai took the disciples in the pavilion and left.

Although he received the invitation letter, it was impossible for him.

Take two unrelated people to participate in the celebration of the God King in Donghua Palace.

He brought Li Tianxing and An Tianzuo along, it was just a transaction.

Now we are at Donghua World.

Then the transaction will naturally be over.

"Thank you, Pavilion Master."

Seeing Xiong Tianhai leaving, Li Tianxing raised his hands and shouted.

Now he is a little panicked.

Neither he nor An Tianzuo had invitation letters.

In case someone from Donghua Palace asks.

How to do that?

really.

Just as they were walking off the stage.

A purple-clothed disciple walked forward quickly.

Looking at Li Tianxing and the two of them.

The disciple in purple asked politely.

"I wonder what you call these two fellow Taoists? Are you here to attend the Palace Lord's celebration?"

Because there are a lot of people coming here recently.

There are also many people hitchhiking.

He could tell at a glance.

It doesn't look like these two people are here to attend the celebration.

If no one brings it.

How can a virtual god monk be qualified to sit in the palace suspended in the sky outside the mountain gate?

He estimated that these two people were just taking advantage of this opportunity to ride on someone else's coattails.

Take a cross-regional journey.

Despite some speculation in my mind.

The disciple in purple was still very polite.

Everyone who comes is a guest.

As long as you don't cause trouble in Donghua Domain.

Then it doesn't matter.

Li Tianxing choked up for a moment.

He didn't know what to say.

The disciple in purple from Donghua Palace across from him had a polite tone.

But the aura that sinks into the abyss is like the sea, and it is obvious that he is in the true god realm.

Facing the inquiries from the disciples of Donghua Palace.

Li Tianxing was a little panicked.

Just at this time.

An Tianzuo, who was next to him, quickly spoke respectfully.

"Senior, we are fellow residents of the Galaxy Palace Master."

"I came here this time to pay a visit to the Lord of the Galaxy Palace."

"I wonder if it's convenient?"

Hear this.

The purple-clothed disciple's face darkened.

What kind of nonsense is this?

How dare you pretend to be a fellow countryman of the Lord of the God King's Palace.

I'm afraid I don't think that the people in Donghua Palace are too talkative.

Did this fair and aboveboard person trick him?

The disciple in purple was about to yell.

Just at this time.

Duan Changqing, who was in the distance, appeared in front of the three of them in a flash.

He glanced at Li Tianxing and An Tianzuo.

Then he asked with a serious look.

"Do you know the Lord of Galaxy Palace?"

"Are you and the palace master from the same primitive world?"

...

Chapter 742 Meeting an old friend in a foreign land

Duan Changqing originally just stood aside quietly.

When normal guests arrive, he does not need to go over to receive them.

Recently.

The teleportation array in Donghua Palace is operating at almost full capacity.

The number of monks teleported over was too numerous to count.

For general guest arrivals.

Of course there is no need for him to come forward.

If there are other Donghua Palace disciples, they can be responsible for the reception.

When Li Tianxing and An Tianzuo just teleported over.

Duan Changqing just glanced at it and stopped paying attention.

After all, combinations like the two of them are too common recently.

It's nothing more than catching a ride with other True God cultivators and going on a cross-regional journey.

This is not a strange thing.

Think back to the beginning.

Duan Changqing himself had not yet broken through to the True God Realm.

I have also used this method to travel to other large areas.

However.

When An Tianzuo mentioned that they were fellow villagers of Zhang Yuhe.

Duan Changqing reacted immediately.

The concept of fellow countrymen is really rare among monks.

Because the years of monks are endless.

Even many False God cultivators may even have lived through countless epochs.

in these long years.

Not to mention fellow countrymen.

Perhaps even the continent where they were originally born has been submerged in the long river of history.

In this situation.

A monk with endless longevity.

Where can we still have the concept of fellow countrymen?

But Zhang Yuhe is different.

Duan Changqing knows.

Zhang Yuhe came to the Sea of Chaos from a primitive world.

And the years are not too long.

Section 1046

If there are other cultivators from that primitive world who come to the Chaos Sea.

Naturally, they are Zhang Yuhe's fellow countrymen.

Maybe there is a possibility.

They are Zhang Yuhe's descendants.

So when An Tianzuo said that they were Zhang Yuhe's fellow countrymen.

Duan Changqing immediately flashed over.

Regarding Zhang Yuhe's origin.

Most of the disciples of Donghua Palace may not know.

But Duan Changqing knows very well.

Because it was him who personally rushed to Xilinjiao Continent.

He took Zhang Yuhe back to Donghua Palace.

Zhang Yuhe came from the primitive world.

And he didn't practice for too long.

In that primitive world.

There may be many old friends or descendants.

Now Zhang Yuhe is famous.

His old friends and descendants heard about it.

It is normal for them to come to him now.

Hearing Duan Changqing ask.

An Tianzuo immediately responded excitedly.

"Yes, we are from the same primitive world."

"About 400 million years ago, we followed the Lord of the Galaxy Palace and came to the Chaos Sea from the primitive world."

"It's just that the space channel is unstable."

"When we came to the Chaos Sea, we got separated."

An Tianzuo explained while looking at Duan Changqing expectantly.

Duan Changqing pondered for a moment.

If what this person said is true.

It is really possible that he is Zhang Yuhe's fellow countryman.

The Chaos Sea connects to the primitive world, and there has never been a fixed channel.

Even if two people come out at the same time.

It is impossible to appear in the same place in the end.

Duan Changqing naturally knows this common sense.

Even when he was young.

He had planned to find a primitive world and travel in it.

It's a pity.

Even in the Chaos Sea, there are countless primitive worlds.

But it's not that easy to find the entrance.

This requires some luck.

In the end, he didn't go.

An Tianzuo's words are very reasonable, and the time is right.

400 million years ago.

It was just the time when Zhang Yuhe came to Chaos Sea.

Maybe these two people really came to Chaos Sea with Zhang Yuhe.

Thinking of this.

Duan Changqing smiled and said.

"Wait a moment, I will confirm with the Palace Master."

"Thank you, senior."

Hearing Duan Changqing say this.

An Tianzuo and Li Tianxing immediately thanked him excitedly.

Until this time.

They breathed a sigh of relief.

With Duan Changqing's help in contacting.

They can finally meet Zhang Yuhe.

This trip was not in vain.

You know.

In order to catch a ride with Tianhai Pavilion.

They almost spent all their savings in recent years.

If they can't see Zhang Yuhe this time.

Then they will be really miserable.

I'm afraid they won't even have a place to stay.

They have to start all over again like when they first arrived at Chaos Sea.

Duan Changqing took the two to the side, then took out the identity token and cast a spell.

Almost in an instant.

A graceful figure appeared in the teleportation hall.

"Greetings, Palace Master."

The disciples of Donghua Palace on both sides of the hall shouted respectfully in unison.

"Daoyou Zhang."

"Zongzhu Zhang."

Seeing Zhang Yuhe appear.

Li Tianxing and An Tianzuo couldn't help but shout excitedly.

Zhang Yuhe smiled and nodded to everyone.

He looked at Li Tianxing and An Tianzuo in front of him and said happily.

"It's been many years since we last met. Are you two doing well?"

"After I came to the Chaos Sea, I wanted to find you."

"But the Chaos Sea is so big that I don't know where to start."

"I didn't expect that you came here first, haha."

Zhang Yuhe laughed heartily.

Meeting old friends in a foreign land is also a great joy in life.

To be honest.

I came to the Chaos Sea alone.

Zhang Yuhe was indeed thinking about the old friends in the fairy world.

Li Tianxing said excitedly.

"Zhang... Senior Zhang, we have been looking for you for a long time."

"We heard the news that you swept across the Tianyang Sect and knew that you were in Donghua Palace."

"We wanted to come and join you."

"It's just that the journey is long and our cultivation is not enough."

"It's impossible to come."

"It's okay, we are here now."

Zhang Yuhe smiled slightly.

He turned his head to look at Duan Changqing beside him, and then said happily.

"Thank you for telling me, senior brother."

"These two were my good friends in the fairy world back then."

Duan Changqing responded respectfully.

"Palace Master, you are polite. This is what a disciple should do."

Zhang Yuhe nodded gently.

He turned and said to Li Tianxing and An Tianzuo.

"Let's go, I'll take you to Donghua Palace."

After saying this.

He just made a stroke with his right hand.

A small particle vortex slowly appeared in the void.

Section 1047

Zhang Yuhe and the two of them quickly disappeared from the teleportation hall.

Not far from the entrance of the main hall.

Xiong Tianhai couldn't help but sigh.

He didn't go far.

Speaking from An Tianzuo, when he met the Lord of Galaxy Palace.

Xiong Tianhai has been paying attention and listening.

What he didn't expect was.

These two people are really the same hometown of the Lord of Galaxy Palace.

And look at that posture.

The relationship between these two False God monks and the Lord of Galaxy Palace is obviously extraordinary.

While the three of them were talking.

Several times, Xiong Tianhai wanted to approach him to make some friendship.

But finally gave up.

Because between him and these two people, it was just a transaction.

He has received the money.

And it's quite a lot.

It was a serious blow to the other party.

This will lead to further friendship.

Isn't it just asking for trouble?

Think of this.

Xiong Tianhai couldn't help but sigh.

he knows.

I missed a big opportunity.

If he could establish friendship with the Lord of Galaxy Palace.

Then his future cultivation path will definitely be much smoother.

Tianhai Pavilion's business can also be bigger.

Unfortunately, if you miss some things, you will miss them.

There is no need to regret buying the medicine.

If only I had known earlier.

These two False God monks are from the same hometown as the Lord of Galaxy Palace.

How dare Xiong Tianhai accept money?

I had happily sent the two of them directly to Donghua Palace.

Things in the world are so wonderful.

One missed step.

There's no turning back.

Think of this.

Xiong Tianhai couldn't help but sigh.

He turned to look at the disciple next to him and said depressedly.

"Hey, let's go too."

...

Chapter 743 The Favor of Support

Bibo Lake, Yitianfu.

In a small pavilion in the front yard.

The three of them drank and talked happily.

Each recounted their experiences over the years.

An Tianzuo picked up the wine glass and took a small sip.

After putting down the wine glass.

He looked at Zhang Yuhe and said expectantly.

"Senior Zhang, I wonder if the two of us can join Donghua Palace?"

Hearing An Tianzuo's words.

Li Tianxing also immediately put down his wine glass and looked at Zhang Yuhe expectantly.

over the years.

They all work as casual cultivators on the edge of the eternal world in the desert.

Whether it is cultivation resources or magical powers, they all rely on themselves.

Little by little adventure and hard work accumulate.

Even several times.

They have all encountered life and death crises.

Fortunately, An Tianzuo is powerful and Li Tianxing's formation skills are pretty good.

Only then could they escape death again and again.

After 400 million years in the Sea of Chaos.

They know very well how helpful it is to practice with a big force behind them.

Unfortunately.

Those big forces, they simply can't get in.

No one recommended.

Plus.

They have been practicing for a long time.

Both his thinking and his cultivation route have long been finalized.

It is impossible for those big forces to recruit people like them.

For people like An Tianzuo and Li Tianxing.

Their only option.

That is to join those small family forces and hold positions such as serving as guest ministers.

But the problem is.

The two of them have been called ancestors in the fairy world for countless years.

How could he be willing to hang out with those small families?

Not to mention the low pay.

And join the small family forces for their future cultivation.

Hardly much help.

Therefore, they can only remain as casual cultivators with nothing to rely on.

"Haha, of course, it's all small things."

Zhang Yuhe smiled slightly.

I saw my right hand stretched out.

Two strange pieces of metal soon appeared in his hands.

Zhang Yuhe stretched out his hand to draw.

These two strange pieces of metal soon turned into two golden tokens.

Zhang Yuhe waved his sleeves.

The token slowly flew to Li Tianxing and An Tianzuo.

He smiled and spoke.

"Okay, here is your identity token."

"From now on, you will be the disciples of Donghua Palace."

"Is this okay?"

Li Tianxing and An Tianzuo picked up the tokens in front of them in surprise.

I saw the front of the token, which was engraved with [Donghua Palace. Li Tianxing/An Tianzuo], several vigorous and powerful handwritings,

On the back of the token, there is a majestic palace hanging high in the sky.

Look at the token in your hand.

Li Tianxing and An Tianzuo both had expressions of disbelief on their faces.

This is too simple.

Is it that easy?

Are you now a disciple of Donghua Palace?

Are there no assessments or entry-level procedures?

Section 1048

Zhang Yuhe smiled slightly and said lightly.

"That's natural. It really doesn't need to be so complicated."

Although Donghua Palace is strict in recruiting disciples.

It rarely recruits disciples publicly.

Generally, you have to go through the recommendation of existing disciples to have the opportunity to join Donghua Palace.

In addition.

There are very few other channels to join Donghua Palace.

Zhang Yuhe also joined Donghua Palace through this route.

He held Lu Jiuzhou's admission order.

When he just entered the Chaos Sea, he was sensed by Yuanhe God King.

Then Duan Changqing was sent to receive him to Donghua Palace.

Speaking of it.

Zhang Yuhe is indeed very lucky.

Ordinary cultivators, after leaving the primitive world.

I don't know how many hardships they have to go through.

However, he was very smooth.

He didn't even have to do anything.

He was directly accepted into Donghua Palace.

He became a disciple of Donghua Palace.

Then he practiced steadily for 400 million years.

Of course.

Here are just the normal ways.

Donghua Palace has so many disciples.

There will always be some people who join in other ways.

Zhang Yuhe is now the master of the Divine King Palace.

It is naturally a trivial matter for him to pull two people to join the sect.

Let alone two people.

Even if tens of thousands of people join Donghua Palace together.

That is not a big deal.

No one will raise any objections.

Even if Yuanhe Divine King or even Donghua Divine King returns to the sect.

They will be happy to see it happen.

Because this is a good thing for Donghua Palace.

This shows that Zhang Yuhe has completely integrated into Donghua Palace.

He regards Donghua Palace as his home.

Otherwise.

Why would he pull people in.

Li Tianxing and An Tianzuo looked at the identity token in their hands.

They felt that all this was unreal.

It was so easy to join Donghua Palace?

But after a while,

they felt a little embarrassed.

The reason is very simple.

Zhang Yuhe is now the real Supreme Divine King.

In the Chaos Sea.

Any Divine King cultivator is a great man who stands tall.

Even if it is to occupy a territory and create a great power.

That is very easy.

Recruiting a few people to join the sect is indeed just a small matter.

You don't even need to greet anyone.

You can do it directly.

Li Tianxing released a ray of consciousness and silently explored the usage function of the token.

At this time.

Zhang Yuhe suddenly asked.

"Have you found out about the other people's situation."

Li Tianxing shook his head.

He said helplessly.

"Over the years, we have been asking about other people's news."

"It's a pity that the Chaos Sea is too big."

"I don't know where the others are."

Zhang Yuhe nodded gently.

Indeed.

Although he knew.

The more than 30 people who entered the Chaos Sea from the Immortal Realm together.

They must be in the Great Desert Sky.

Because the exit anchored by the Immortal Realm will not leave the scope of a domain.

But even so.

The scope of the Great Desert Sky is too vast.

He also asked someone to inquire.

No news of any of them was found.

Li Tianxing and An Tianzuo were lucky.

They were able to gather together when they just walked out of the fairyland.

And now they can find Donghua Palace.

It would be difficult for others.

Seeing Zhang Yuhe, he looked a little sad.

Li Tianxing comforted him.

"Senior, don't worry."

"Now Senior Zhang has achieved the Dao of God King and is famous."

"Others will definitely know that Senior is in Donghua Palace."

"I will find you slowly in the future."

"That's all I can do."

Zhang Yuhe nodded silently.

He is a nostalgic person.

At the beginning, more than 30 of them walked out of the fairyland together, but now they are scattered all over the desert.

If there is a chance.

Zhang Yuhe is willing to help.

Even if it is the Taoist ancestor of the demon clan in the fairyland, he has no intention of rejecting him.

Everyone came out of a primitive world together.

They are familiar with each other.

Moreover, when Zhang Yuhe was collecting materials and preparing to survive the Daozu Heavenly Tribulation.

Daozu from all sides of the Immortal Realm all helped and contributed.

Now he is strong enough and has established a firm foothold in the Chaos Sea.

It is only right to help others.

And for Zhang Yuhe now.

These are all easy things to do.

The three of them drank and talked happily, and everyone reviewed the past of the Immortal Realm together.

They talked about their experiences in the Chaos Sea.

After a long time.

Zhang Yuhe slowly stood up.

He smiled and spoke to Li Tianxing and An Tianzuo.

Section 1049

"You can practice in Donghua Palace with peace of mind."

"If you have any difficulties in the future, just come to me."

After saying this.

Zhang Yuhe took out two storage bracelets and handed them to the two of them.

Then he spoke slowly.

"There are some things in here that I can't use myself."

"I hope you will practice well, and if there is a chance in the future, we can explore the end of the road together."

"Thank you, Senior Zhang."

Li Tianxing and An Tianzuo took the storage bracelet respectfully.

At the same time, he said gratefully.

They didn't decline.

Because these cultivation resources are exactly what they need urgently.

For Zhang Yuhe's gift.

They can only keep it in mind silently.

If there is an opportunity in the future, I will definitely repay Zhang Yuhe for his support.

The three of them chatted for a while.

Li Tianxing and An Tianzuo stood up and left.

They also have to find a suitable place within the sect to build their own cave.

Zhang Yuhe stood quietly.

Looking at the direction the two people left, my mind gradually flew away.

Old friends reunited.

He couldn't help but feel a little homesick.

He really wanted to find a chance to return to the fairy world.

See if the fairy world becomes stronger and prosperous.

Look at what's going on with the Dao Sheng Sect today.

Look at the old friends who cultivated and grew up together in the past.

Look at the current situation of Blue Star.

...

Chapter 744 The Great Road to Everlasting Prosperity

Three days later.

The mountain gate of Donghua Palace is wide open.

Over the entire Donghua World, fairy sounds lingered and auspicious clouds filled the sky.

Two rows of magnificent palaces hang high in the sky.

Starting from the mountain gate, the palace is divided into two rows.

All the way to the end of the continent.

In front of every palace, there is a wide square.

A long row of tables lined both sides of the square.

Most of the forces that came to celebrate were at the True God level.

Usually the True God cultivator leads the team, followed by disciples from all sides.

The guests from each force who came to celebrate sat in a separate palace square.

The True God cultivator sat alone in the main seat, while the disciples from all sides lined up on both sides.

Some locations later.

A group of Donghua Palace disciples followed behind.

In addition to countless true god forces.

The major forces in the desert sky, where god king monks were stationed, also sent people to celebrate.

And most of them are led by the God King monk himself.

At the front end near the mountain gate

Those hundreds of palaces are even more glorious and spectacular.

in these palaces.

In every palace, there is a supreme god-king sitting high in it.

In the first palace on the left. ‘

Qi Feilong led a group of disciples from the Desert Academy and sat high up.

King Yuanhe sat beside him with a smile.

Follow normal practice.

As long as there is a new god king monk born in the realm.

The Desert Courtyard will definitely send people to celebrate.

Because they wanted to confirm and verify on site and record the newly born Supreme God King in the book.

When emergencies occur at extraterritorial gates, they can be recruited in time.

But generally.

Naturally, this kind of thing does not require Qi Feilong to take action personally.

From the Deacon Hall of Damoyuan.

Just arrange for a god king monk to come over to celebrate and verify.

But this time the situation is obviously different.

Zhang Yuhe's combat power is incredible.

When he was in the True God Realm.

He can sweep the entire Tianyang Sect by himself.

Moreover, he directly hammered to death one of the ten supreme god kings of Tianyang Sect.

This kind of achievement shocked the entire Desert Sky at that time.

Now Zhang Yuhe has been promoted to the God King Realm.

It is not known how high the real combat power is.

Facing such a peerless genius.

No matter how much attention the Desert Court attaches to it, it cannot be overemphasized.

not to mention.

Now the Desert Court still has Zhang Yuhe for help.

Qi Feilong has always hoped to take advantage of Zhang Yuhe's magical power.

Dig out all the extraterritorial evil gods lurking in the desert sky and clean them out.

Since the last time, I watched Zhang Yuhe's breakthrough process.

Qi Feilong and Donghua Palace have been in constant communication.

He hoped that Zhang Yuhe could understand the rules of the Wave Dao and reach perfection as soon as possible.

Then act together.

This time Qi Feilong came to participate in the celebration in person.

First, it shows that the Desert Academy attaches great importance to Zhang Yuhe.

At the same time, he also wanted to confirm an approximate time with Zhang Yuhe.

and future action plans.

All the guests were sitting in front of the palace.

All kinds of delicacies, delicacies, wine, and jade liquid are all placed on the table.

Everyone drank and talked, and the atmosphere was warm.

Just at this time.

Duan Changqing, wearing a purple robe and holding a golden book, slowly appeared above the mountain gate.

As the golden book slowly unfolds.

Duan Changqing shouted loudly.

"God bless Donghua Palace, may all living beings be blessed..."

"Now there is Zhang Jun of Donghua Palace, who can break through the secrets of all dharma and realize the path of the God King."

"This is the good fortune of Donghua Palace and the blessing of all living beings."

The golden book slowly flew up and hung high in the sky.

The dazzling handwriting, like the runes of the great avenue, reflected the entire sky.

Duan Changqing looked into the distance.

He bowed his hands in salute and shouted loudly.

"The time has come to welcome the arrival of the Galaxy God King."

Section 1050

As Duan Changqing finished speaking.

Purple clouds swept across the sky and the earth, and ethereal fairy sounds lingered in all directions.

The guests slowly stood up and looked up at the sky.

Sudden.

A vortex the size of half an acre slowly appeared in the void.

The vortex is deep and mysterious, as if it leads to endless distance.

Just when everyone was surprised.

A delicate figure slowly emerged from the vortex.

"Meet the Lord of Galaxy Palace."

Looking at the god-like figure in the sky, countless Donghua Palace disciples shouted excitedly in unison.

Only then did all the guests wake up.

Everyone also shouted in unison.

"Meet the Galaxy God King."

Zhang Yuhe stood tall in the sky. He glanced at everyone and said with a smile.

"Thank you all for taking time out of your busy schedule to attend this celebration."

Immediately afterwards.

An exquisite wine glass quietly appeared in his hand.

Zhang Yuhe picked up his wine glass and slowly spoke to the guests.

"Let us drink this cup to the full and wish you a prosperous path and a limitless path."

Zhang Yuhe's voice was gentle and not very loud.

But with the blessing of the rules of the wave path.

The soft voice was like a breeze blowing on your face, and it spread clearly into the distance.

Even the guests in the palace at the end could hear it clearly.

It was as if Zhang Yuhe was right beside them.

"I sincerely wish the King of the Galaxy a prosperous path and a path that has no limits."

All the guests picked up their wine glasses and drank them all at the same time.

Zhang Yuhe fell slowly.

He came to the first palace on the left and sat down next to King Yuanhe.

Looking at Qi Feilong in front of him.

Zhang Yuhe shouted politely.

"I've met Palace Master Qi."

Qi Feilong said with a smile.

"Haha, you're welcome, Brother Yinhe, you are the master today."

"The guest does as the host does, just be casual."

With Zhang Yuhe appearing.

The celebration scene was particularly lively.

A new god-king was born in the desert sky, which made everyone yearn for it and sigh with emotion at the same time.

But what made them even more curious was.

The way Zhang Yuhe appeared just now was indeed a bit mysterious.

Even the God King monks who came to celebrate.

Many of them didn't understand it.

How did Zhang Yuhe appear just now?

It seems like it is.

Zhang Yuhe broke through the infinite void and teleported directly.

But how is this possible?

The Chaos Sea space is stable.

Even the Eternal Emperor.

At best, it can only shatter the void in a small area, and it cannot move forward.

"Brother Gongsun Dao, the way God King Galaxy appeared just now was quite mysterious."

"Do you understand how he appeared just now?"

"Could it be that the Galaxy God King can break the void and travel forward?"

"Well, that's a bit hard to say."

"It is naturally impossible to break the void."

"Not to mention the God King cultivator, even the Eternal Emperor cannot achieve this level."

"Then how did he appear just now?"

"Of course there is a way."

"If you prepare in advance."

"It's actually not too difficult to achieve this level."

"Brother Dao, what does this mean? Why can't I understand it?"

"Can such a thing be prepared in advance?"

"That's natural."

"For example, teleportation array."

"If Donghua Palace arranges a miniature teleportation array in the void in advance."

"The Galaxy God King can naturally teleport over from a distance."

"I see, I understand."

"Donghua Palace still knows how to play."

"I have to say that the creativity of this way of appearing is indeed somewhat unique."

"Don't say it, don't say it."

"Just know it yourself."

"Brother Dao, don't worry, I understand."

The guests were drinking and chatting, while secretly communicating through messages.

The way Zhang Yuhe appeared just now really stunned many people.

But with a thoughtful explanation.

They all seemed to "get it".

Everyone feels that.

It should be Donghua Palace. A secret teleportation array was arranged in the void in advance.

Borrow the help of the teleportation array.

Only Zhang Yuhe can do this in such a unique way.

Although setting up a formation in the void is not that easy.

But as long as he is a god king monk who is proficient in formations.

There is still a way.

It just so happened that King Yuanhe of Donghua Palace was good at formations.

No wonder people have such speculation.

...

Chapter 745: Are the rules now complete?

The way Zhang Yuhe appeared on the stage really stunned many people.

However, with some thoughtful explanations, they seemed to understand a little bit.

By arranging the teleportation array in advance, the purpose of traveling through space can be achieved.

It seems reasonable.

It's a celebration.

No one will deliberately reveal their true ability to keep the bottom of the box.

It's enough to do something surprising.

have to say.

Everyone feels that.

The way Zhang Yuhe appeared in the celebration was indeed very unique.

And also very creative.

If someone holds a celebration in the future, they might imitate it.

Of course.

Not everyone will think that it is a small trick of Donghua Palace.
