Section 1081

Really desperate.

Even if his current strength is suppressed by the origin of the Chaos Sea.

But so what.

The suppressed Eternal Emperor is still in the Eternal Realm.

Far from comparable to the God King monks.

Even the top nine-step god king like Qi Feilong can't do it.

Lu Yuan stands tall in the sky.

Facing the Zangetsu Sword coming straight at him, he had no intention of evading it.

Not even a sacred weapon was sacrificed.

I saw him making a fist with his right hand and punching the knife river in the air.

Boom...

The huge sound shook the world.

The terrifying aftermath swept across all directions and quickly spread to endless distances.

The sword light shattered in the sky.

Qinglong's moon-cutting sword flew back.

Qi Feilong was not discouraged.

He took the long knife.

Quickly activating the magic formula, he once again pounced towards Lu Yuan in the distance.

...

Chapter 763: Sweep away the trash fish first

Although he was easily repelled by Lu Yuan.

But Qi Feilong was not discouraged.

He pinched the magic formula continuously, activated the Qinglong Moon-cutting Sword, and returned to fight again.

Qi Feilong knew very well.

Lu Yuan seemed to be coping easily.

In fact, this is the main method that the other party can use.

After entering the sea of chaos.

The rules of the great road that Lu Yuan himself understood were completely suppressed by the origin of the Chaos Sea.

There is no blessing from the power of rules.

He can only rely on the divine power in his body and the strength of his body to fight.

The monks in the Bolin Holy World are originally known for their physical bodies.

So Lu Yuan seemed to be punching casually.

In fact, this is already the strongest attack he can perform now.

Even if he sacrifices his divine weapon, his strength will not increase much.

Qi Feilong continued to activate the moon-cutting sword.

The sword light is like a long river, hanging in the sky.

That dazzling light, even though it is hundreds of millions of miles away from the void.

Still clearly visible.

Lu Yuan was dressed in white.

He waved his fist casually and shattered the oncoming sword light with one punch.

at the same time.

He also had a ray of consciousness to keep an eye on the situation on other battlefields around him.

Following Qi Feilong's action.

The sixteen God King monks in the Deacon Hall jumped out of the Sky Crossing Boat almost at the same time.

He rushed towards the Bolin cultists in the void.

Although the Paulinian Cult was present, there were a large number of people.

Even the believers in the God King Realm have more than fifty or sixty people.

There are nearly four times as many people.

And except for the believers in the God King Realm.

The Bolin Cult is surrounded by tens of thousands of True God Realm and False God Realm believers.

despite this.

No one has any fear.

The sixteen supreme divine kings in the Deacon Hall are like tigers entering a flock of sheep.

Kill directly into tens of thousands of people.

As everyone was involved in the fight, the scene quickly became chaotic.

The sixteen supreme god kings each locked their opponents.

In the vast void, more than ten battlefields, large and small, are divided.

Wei Feng and Zhao He joined forces, each of them sacrificed their natal artifacts and attacked Wu Yuheng fiercely.

Wu Yuheng activated his divine sword.

The divine sword shed a little light, encircling Wei Feng and Zhao He.

The three of them fought together and fought back and forth.

Logically speaking.

Wei Feng and Zhao He were originally top-notch Nine-step God Kings.

As for Wu Yuheng of the Desert Academy, his cultivation level is only at the six-step God King level.

The disparity in strength between the two sides cannot be compared at all.

However, under the suppression of the origin of the Chaos Sea.

Neither Wei Feng nor Zhao He could exert the power of rules.

This greatly affected their strength.

So when facing Wu Yuheng.

They would have to join forces to fight against the enemy.

Otherwise.

They really can't beat it.

The situation on other battlefields is roughly the same.

Several or even a dozen evil gods from outside the territory joined forces to besiege the Supreme God King in the Deacon Hall.

Even those Bolin believers from the God King realm who came from the mainland of the Chaos Sea.

They also dare not face the enemy alone.

These supreme god-kings in the Deacon Hall are not comparable to ordinary god-king monks.

With their backs to the Desert Courtyard, they practice the most advanced techniques.

Those who mastered are the most powerful magical powers.

Moreover, the artifacts in each hand are not comparable to those of the Bolin Cultists.

If you catch them alone and kill them.

It probably only takes a few moves at most.

He can kill these god-king monks from the Bolin Sect until they are stunned.

Unfortunately.

There are too many people on the other side.

The number of Paulin Cult God King monks present was nearly four times their number.

Moreover, there are a large number of True God believers around, constantly using their magical powers to interfere.

So much so.

The sixteen supreme god kings in the Deacon Hall all possess great strength.

But all they can do is burn together.

All of a sudden.

It's really hard to tell the winner.

Zhang Yuhe stood at the front of the boat crossing the sky, silently watching everything in front of him.

He was in no hurry to take action.

Those Boleynians didn't matter.

Even those believers in the God King Realm are not the key to the battle situation.

Zhang Yuhe stared intently at the battlefield between Qi Feilong and Lu Yuan in the distance.

Because only here is the key.

Don't beat Lu Yuan to death.

Section 1082

It's all talk.

Even if all the other Bolin cultists on the scene were wiped out.

So what?

This operation still cannot be said to be a success.

The only way is to beat Lu Yuan to death.

Kill this powerful eternal emperor.

Only then can it be said that it is a real victory.

As for the other Bolin followers, they can only be regarded as additions.

Totally unworthy of attention.

Zhang Yuhe silently observed the entire battlefield.

He's thinking about it.

What should I do to kill Lu Yuan in one fell swoop?

no doubt.

Lu Yuan is very strong.

Very strong.

Even if he activates the magical power of Hunyuan Guiyi and uses the God-Devil-Destroying Heaven Sword at the same time.

It's probably impossible to kill him.

If you miss a hit.

With Lu Yuan's cultivation level so high.

Once he chooses to run away.

Zhang Yuhe was really not sure that he could keep him.

So just don't move.

The moment he makes a move, he must give the opponent a hard blow.

He must be able to beat Lu Yuan to death completely.

"Forget it, let's get all the clones here first."

Zhang Yuhe thought silently in his heart.

Lu Yuan is very powerful.

If you don't transfer the clone.

He probably didn't have much chance of beating him to death.

But wait until the clones gather together.

Then Lu Yuan wouldn't be able to run away.

Zhang Yuhe believes it.

When he gathers the power of the nine clones, they can activate the magical power of Hunyuan Guiyi.

Take turns to use the Gods and Demons Killing Heaven Sword Formation.

Even if he is the true eternal emperor, he has to stay away.

I would never dare to be tough with him.

A remnant like Lu Yuan who was suppressed by the origin of the Chaos Sea.

There is absolutely a chance that he can be beaten to death.

Think of this.

Zhang Yuhe's heart moved slightly.

All over the Chaos Sea.

Nine figures slowly stood up.

Everyone looked into the distance.

At the same time, his right hand opened the void and quickly disappeared.

Zhang Yuhe felt silently.

The clones are all in place.

They have all arrived at the outskirts of the battlefield.

"You can start now."

"Sweep away those stray fish first."

Zhang Yuhe stood on the boat crossing the sky, his sharp eyes sweeping across the entire battlefield.

I saw him wave his right hand.

Nine divine swords appeared in a flash, slowly flowing around him.

A faint spiritual pressure emitted from the surface of the divine sword, and the surrounding void seemed to become a little stagnant.

After being promoted to the level of the God King Weapon.

The power of this set of Nine Heavens Hunyuan Sword is no longer comparable to what it was before.

Even without prompting.

They are all a bit frightening.

Zhang Yuhe waved his right hand.

he shouted softly.

"go."

The nine divine swords turned into streams of light and quickly fell towards the periphery of the battlefield.

As Zhang Yuhe quickly moved the magic formula.

A magnificent sword energy light curtain.

Slowly rising around.

"Um?"

Lu Yuan waved his fist in response to Qi Feilong's continuous slashing swords.

While looking across the entire battlefield.

When he saw Zhang Yuhe suddenly took action.

He couldn't help but feel a little strange.

Why build such a big sword array?

The larger the range of the sword array, the smaller the power, right?

You can create such a large-scale sword formation with just one step to the God King realm.

Who are you trying to scare?

Actually as early as the beginning.

Lu Yuan has already noticed the existence of Zhang Yuhe.

After all, their group, including Qi Feilong, was only eighteen in total.

Others joined the battle group early.

Zhang Yuhe was alone, standing quietly on the boat crossing the sky.

He didn't follow suit.

Such a conspicuous person.

Lu Yuan couldn't help but pay attention to it.

But after seeing clearly, Zhang Yuhe's cultivation level.

He didn't pay much attention.

He is just a newly promoted God King.

It is completely unable to affect the situation of the battle.

Now I see Zhang Yuhe suddenly taking action.

And as soon as he moved, he spread out a huge sword formation, enclosing the entire battlefield.

See this situation.

Lu Yuan couldn't help but was speechless.

He is really a dishonest person who also likes to pretend to be a wolf with a big tail.

All the bells and whistles.

Who can be beaten to death?

I'm afraid this is not a young man who has never seen the world, right?

Just do some bluffing stuff.

...

Chapter 764 You forced me to do this

Lu Yuan did not ignore Zhang Yuhe's existence, but he did not pay too much attention to it either.

Now I see Zhang Yuhe taking action.

He literally laughed.

Section 1083

How can you play like this?

As soon as he took action, the entire battlefield was encompassed.

Do you want to annihilate everyone in the Bolin Cult in one fell swoop?

Isn't this funny?

Just a newly promoted God King monk.

Where does this confidence come from?

Lu Yuan smashed Qi Feilong's sword into pieces with one punch.

He stopped paying attention to Zhang Yuhe.

In his opinion.

That was just for fun.

Not worthy of attention.

Just at this time.

A tyrannical aura quickly rose up on Zhang Yuhe.

After unfolding the Nine Heavens Hunyuan Sword Formation.

He was in no rush to start.

Instead, he decisively activated the magical power of Hunyuan Guiyi.

Although the group of Pauline believers at the scene.

Zhang Yuhe didn't take it too seriously.

But among these people, after all, there are fifty or sixty supreme god kings.

There is even a Nine-step God King.

If he doesn't activate his ultimate move.

It is simply impossible to kill them all in one wave.

In order to quickly deal with the others, and then deal with Lu Yuan, the eternal emperor, with all his strength.

Zhang Yuhe didn't even think about it.

It was activated directly, and Hunyuan returned to his magical power.

Anyway, as his strength increases.

Now the duration of Hunyuan Guiyi's magical power is getting longer and longer.

It can completely support the subsequent battle with Lu Yuan.

Zhang Yuhe's breath rose.

When others haven't noticed yet.

His cultivation level quickly rushed from the one-step God King realm to the nine-step God King realm.

There is even a vague intention to break the momentum of the eternal realm.

Zhang Yuhe quickly pinched the magic formula in his hand and scanned the battlefield in the distance.

He shouted softly.

"go."

The invisible sword energy was like a frenzy, sweeping across all directions instantly.

In these invisible sword energy.

Various avenue rules are intertwined and presented.

Time, fluctuation, crushing, tearing, etc., dozens of rules of the avenue are presented at the same time.

The invisible sword energy carried the power of various rules and flooded the entire battlefield in an instant.

"not good."

"Rewind."

See this situation.

Lu Yuan couldn't help being surprised.

He didn't expect it at all.

I just didn't pay attention.

Zhang Yuhe suddenly burst out with such terrifying momentum.

What's even scarier is.

The sword formation he didn't care about originally.

It actually showed such terrifying power.

Lu Yuan shouted loudly.

On one side, he offered a small purple four-legged cauldron.

At the same time, he quickly pinched the magic formula with his hand.

The four-legged cauldron instantly grew in size.

It soon turned into a giant cauldron that could reach the sky.

The giant cauldron covered the sky and blocked out the sun, casting a faint purple light.

Guard all the Bolin cultists below.

The eternal artifact, the Purple Inscribed Four Symbols Cauldron.

This is the most powerful defensive artifact in Lu Yuan's hands.

Once the Purple Inscription Four Symbols Cauldron is deployed, it can protect a large area.

See a light lavender light shining down.

Lu Yuan couldn't help but let out a sigh of relief.

He couldn't help but feel lucky that he responded in time.

Otherwise.

The power accumulated in the Sea of Chaos for countless years.

I'm afraid it will be wiped out.

Qi Feilong's eyes narrowed slightly.

Seeing that Lu Yuan was still caring about others when he was fighting with him.

I couldn't help but feel a little angry.

I saw him using his right hand.

The Azure Dragon Zhanyue Sword drew an arc and struck the Ziming Four Elephants Cauldron in mid-air.

However.

As a powerful eternal artifact.

The power of the Ziming Four Elephant Cauldron is extremely powerful.

The sword light struck by Qi Feilong was not close to the giant cauldron.

Under the erosion of the purple light, the power began to weaken continuously.

when.....

The Zhanyue Sword struck the giant cauldron, making a loud roar.

The Ziming Four-Elephant Cauldron only shook slightly a few times, but the purple light did not diminish at all.

Still firmly guarding the Bolin cultists below.

"Come again."

Qi Feilong was completely angry.

He used Kuifeng Dinghaizhu to protect himself and activated the Azure Dragon Zhanyue Sword again.

He struck at the giant cauldron in mid-air.

"snort."

Lu Yuan is not weak at all.

He pumped his fists continuously.

The fist shadows all over the sky swept in all directions, ripples surrounding Qi Feilong's body.

It shook violently.

That's when.

The boundless sword energy has swept over quickly.

The sword energy was like a frenzy, sweeping across all directions.

The radiance shed by the Ziming Four Elephants Cauldron seemed like a rock in the turbulent tide.

No matter how fierce the sword energy frenzy is, it still can't break away from the guard of the reef.

"Humph, I still don't believe it."

"I won't be able to get rid of your turtle shell."

Zhang Yuhe stands tall in the sky.

Seeing Lu Yuan sacrifice the giant cauldron, all the other Bolin followers were guarding it.

He couldn't help but snorted.

Lu Yuan's Purple Inscription Four Symbols Cauldron is indeed extremely powerful in defense.

Section 1084

But Zhang Yuhe didn't believe it.

The opponent can always hold on.

Lu Yuan protects himself, so forget it.

He actually wanted to bring the tens of thousands of Bolin followers around him.

Also placed under protection.

It's simply arrogant.

Zhang Yuhe activated the sword array and struck the purple light shed by the giant cauldron.

While quickly pinching the magic formula.

Just at this time.

In the dim sky, a huge millstone suddenly appeared.

The millstone carries a terrifying divine power, covering the entire battlefield below.

As the grindstone rotates gently.

A large number of Bolin cultists instantly exploded into clouds of blood mist.

The power of the millstone penetrated Lu Yuan's giant cauldron defense and landed directly on the battlefield.

Almost in a moment.

The originally chaotic battlefield soon had only a few dozen people left.

The Bolin followers under the God King were all crushed to pieces by the power of the millstone.

"court death."

Lu Yuan looked at Zhang Yuhe in the distance and shouted crazily.

Originally he thought.

It is protected by the four elephant tripod with purple inscription.

In this battle, they are completely certain.

But what he didn't expect was.

The Ziming Four-Elephant Cauldron blocked Zhang Yuhe's sword formation, but it could not block the terrifying millstone power.

The black millstone only rotated slightly.

Just use the power he accumulated over the endless years in the Sea of Chaos.

All wasted.

Not only that.

As the millstone continues to turn.

That terrifying divine power became more and more terrifying.

Even the Bolin followers in the God King Realm could no longer hold on.

See this situation.

Lu Yuan retracted his fist.

He looked at Zhang Yuhe in the distance and said viciously.

"You forced me to do this."

"If that's the case, then let me die."

After saying this.

Lu Yuan backhanded his fist and blasted it directly towards the meteorite continent below.

The huge meteorite exploded instantly, revealing the underground palace hidden inside.

Lu Yuan pinched the magic formula and followed it up with his right hand.

A tall statue quickly flew out of the palace.

The statue of the god is mysterious and unpredictable.

It sheds a faint light and floats quietly in the air.

Then Lu Yuan summoned the statue.

Qi Feilong waved his right hand.

The sixteen Supreme God Kings in the Deacon Hall quickly broke away from the battle and retreated behind him.

do not know why.

When the idol appears.

Qi Feilong suddenly felt a huge threat.

Logically speaking.

The statue of the Invincible Supreme Being is nothing more than a dead thing.

And before that.

They also seized four idols in a row.

I haven't noticed anything unusual before.

"Is this statue of Lu Yuan different from other statues in other altars?"

Qi Feilong thought silently.

He was secretly on guard.

At the same time, he slowly unfolded the Kui Feng Ding Haizhu and firmly protected the others.

...

Chapter 765 Let me do it

After Lu Yuan summoned the Supreme God Statue.

The battlefield stopped instantly.

Qi Feilong stared at the statue in the distance, feeling a little uneasy.

do not know why.

He always felt that there was an extremely terrifying power hidden in this statue.

Once this power is released, it may be as powerful as destroying the world.

Lu Yuan stood tall in the sky, bathed in the light shed by the statue.

He raised his head and looked into the distance. Zhang Yuhe and the others spoke bitterly.

"You forced me to do this."

"Originally, I did not intend to use the power given by the Supreme."

"Now you have forced me to this point."

"Then you can't blame me."

After saying this.

Lu Yuan quickly used the magic formula.

The light shed by the statue, which was gentle at the beginning, slowly became a little intense.

Under the radiance of the statue, Lu Yuan and others seemed to be cut off from another side of time and space.

There was something indescribably weird about the whole scene.

"No, he is unblocking the source of suppression."

See this situation.

Qi Feilong couldn't help but exclaimed.

Until this time.

He finally understood the purpose of Lu Yuan's supreme statue.

The statue itself should have no power and cannot show power.

But this statue may contain part of Pauline's divine will.

Now Lu Yuan activates this divine will.

The invincible divine will of Supreme Bolin descended.

Even the origin of the surrounding chaotic sea is slowly being pushed away.

Without the original suppression of the Chaos Sea.

Then Lu Yuan can use the rules of the great road that he has understood.

Able to bring out all strengths perfectly.

Facing a complete eternal emperor.

How to fight?

Qi Feilong couldn't help but feel anxious.

Maybe he himself could escape from the hands of the Eternal Emperor.

But what about others.

Once Lu Yuan breaks out to his full strength.

He definitely can't protect others.

Think of this.

Qi Feilong immediately shouted to the others.

Section 1085

"Run quickly. Once he fully unlocks his strength, we won't be able to run anymore."

After saying this.

Qi Feilong quickly used the magic formula.

He himself did not choose to run away, but urged the Azure Dragon Zangetsu Sword.

It moved towards Lu Yuan in the distance and scattered towards him.

He wanted to try it.

Can it interfere with Lu Yuan's access to the supreme divine will in this statue?

However.

That terrifying sword light approached Lu Yuan.

Just like a mud cow entering the sea, it completely disappeared without a trace.

Qi Feilong's heart sank.

he knows.

That was the divine will of Supreme Paulin, which cut off the origin of the Chaos Sea.

in a strict sense

Now the small area around Luyuan.

It no longer belongs to the territory of the Chaos Sea.

Instead, he is under the rule of Pauline Supreme.

No matter how powerful Qi Feilong is.

It is impossible for him to break the rules of Pauline Supreme Avenue.

As long as the glory of the statue remains.

He can't interfere with the divine will conveyed in the statue.

Under Qi Feilong's reminder.

The sixteen supreme god kings in the Deacon Hall didn't even think about it.

They rose into the air almost at the same time and flew quickly towards the void in the distance.

"Hmph, none of you can escape."

Seeing the God King monk in the Deacon Hall, he turned around and ran away.

Lu Yuan couldn't help but snorted coldly.

I saw him casually using the magic formula.

The purple-inscribed four-elephant cauldron in mid-air suddenly burst into intense light.

Purple light shines in all directions, forming a huge light curtain.

It's like a huge bowl, pouring all the surrounding vast void into it.

Everyone rushed to the edge of the light curtain and found that they could no longer rush out.

See this situation.

Qi Feilong couldn't help but feel anxious.

He quickly activated the Qinglong Zhanyue Sword and slashed towards the purple light curtain on the periphery.

However.

The light curtain only shook slightly a few times, and soon became stable as before.

As an eternal artifact.

The Ziming Four-Elephant Cauldron is fully functional.

In addition to its powerful defensive capabilities, this giant cauldron also has a powerful blocking effect.

Now Lu Yuan can master some of the power of rules.

He integrated the power of rules into the Ziming Four Symbols Cauldron.

At this time, the light curtain cast by the giant cauldron is no longer comparable to what it was before.

With Qi Feilong's strength.

I want to break through the purple light curtain that surrounds me in a short time.

It's completely impossible to do.

Lu Yuan stood quietly in the void, bathed in the glory of the statue.

After sealing the void around him, he was not in a hurry to take action.

Because now, he still needs to continue to receive the divine will of Supreme Bolin.

To repel the surroundings, the original rules of the Chaos Sea.

As a huge cosmic world.

The origin of the Chaos Sea is extremely powerful and terrifying.

Even the invincible Supreme One does not dare to confront the origin of the universe.

Now Lu Yuan is just relying on part of Paulin Supreme's divine will.

Control when it comes, a small area around it.

I want to perform perfectly.

He needs to expand the scope of control.

Qi Feilong kept urging the Qinglong Moon-Zhancing Sword, and the other God King monks in the Deacon Hall.

They also sacrificed their divine weapons one after another and blasted towards the purple light curtain on the periphery.

everybody knows.

They had to run out quickly.

Otherwise.

Once Lu Yuan has completely unlocked his strength.

They were all finished.

However.

The purple light curtain cast by the Ziming Four Elephant Cauldron seemed to be indestructible.

No matter how hard they try, they can't shake it.

Just at this time.

Zhang Yuhe's voice faintly reached everyone's ears.

"Let me do it."

Everyone came to their senses in shock.

It was as if he had just seen Zhang Yuhe's presence.

Because they found out.

Zhang Yuhe didn't seem to be in a hurry at all.

Even Lu Yuan in the distance is gradually unblocking his strength.

There was still no sign of anxiety on Zhang Yuhe's face.

Just now, everyone was blasting the purple light curtain on the outside.

Zhang Yuhe did not join in.

Instead, he stood quietly in the sky, watching Lu Yuan's strength in unblocking with great interest.

Qi Feilong was a little confused.

Brother, this is imminent.

Why are you still so calm?

Are you confident that you can defeat an eternal emperor in perfect condition?

And Lu Yuan is not just an ordinary eternal emperor.

Even in the long river outside the territory.

Lu Yuan is also the strongest among them.

Once you wait for him, all your powers will be completely unlocked.

I'm afraid except for the master of the desert courtyard.

In the entire realm, no one can control it anymore.

When everyone is confused.

Zhang Yuhe waved his right hand.

The huge sword array in the distance instantly disintegrated.

The nine divine swords quickly gathered in the void and turned into a golden giant sword.

The giant sword cuts across the sky.

The terrifying divine power seemed to make the whole world become a little stagnant.

Zhang Yuhe quickly used the magic formula.

He moved his right hand and shouted softly.

"Gods and demons kill the sky, kill them."

The golden giant sword seemed to span time and space.

In an instant, it struck the light curtain cast by the Ziming Four Symbols Cauldron.

Section 1086

The purple light curtain seemed like the first snow in the sun.

It soon melted away.

The giant sword was unstoppable and continued to move forward quickly.

With one sword, the purple-inscribed four-image tripod in the air was chopped away without a trace.

Seeing this situation.

Everyone at the scene was completely stunned.

What kind of strength is this.

So powerful.

Even with so many people together, they couldn't shake the giant tripod.

Just let Zhang Yuhe chopped it away?

Bathed in the glory of the statue, Lu Yuan couldn't help but feel astonished.

Is this still a Divine King cultivator?

One step into the Divine King realm?

I'm afraid it's not a joke.

His eternal artifact was chopped away with one sword, and it was his strongest defensive eternal artifact.

Even if facing the Eternal Emperor.

Few people can so easily chop his purple-inscribed four-image tripod away.

Before Lu Yuan could react.

The golden giant sword had crossed time and space and chopped down at him quickly.

...

Chapter 766 This is impossible!

The golden giant sword traversed the sky, and the terrifying divine power suppressed all directions.

The giant sword continuously smashed the forbidden light curtain and split the purple inscribed four-element tripod.

It quickly attacked Lu Yuan.

It seemed that there was nothing in the world that could stop the footsteps of the sword light.

Seeing this situation.

Lu Yuan's face was slightly gloomy.

He was still receiving the divine will of Supreme Bolin.

His strength had not yet recovered to its peak.

Although in the small area around him.

It was completely covered by the divine will of Supreme Bolin.

It could repel all the original rules of the Chaos Sea.

Even if he was attacked at this time.

It was difficult to pass the power to his side.

Simply put, he could not be hit at all.

The divine will of Supreme Bolin could help him resolve all attacks.

But when Lu Yuan saw the terrifying power of the golden giant sword.

His heart sank to the bottom of the valley.

The giant sword that traversed the sky not only integrated various mysterious rules of power.

The power it carried was also extremely terrifying.

One force breaks all laws.

Lu Yuan knew.

The divine will of Supreme Bolin alone would definitely not be able to stop such a terrible sword light.

Thinking of this.

Lu Yuan waved his right hand.

A black spear appeared in his hand in an instant.

The eternal artifact, the Black God's World-suppressing Spear.

This is his life artifact.

Relying on this Black God's World-suppressing Spear, Lu Yuan has killed countless powerful monks.

He has even killed more than one Eternal Emperor.

Looking at the giant sword coming quickly from a distance.

Lu Yuan pinched the magic formula in his hand.

The spear turned into a stream of light and rushed up in an instant.

Because of the unlocking of part of his strength.

At this time, Lu Yuan can already display the rules of the avenue that he is proud of.

He integrated all the power of the rules into the spear.

Not only that.

Lu Yuan also added the majestic world power from the world he evolved.

It was also blessed on the spear.

Facing the golden sword light that seemed to be able to break everything.

Lu Yuan went all out.

He didn't dare to hold back at all.

Because he knew,

Holding back at this time would be tantamount to suicide.

Boom...

The sword light covered the sky, and the spear shadow shone through the world.

The long spear and the golden sword light collided violently in the void.

The terrible loud noise shook the heaven and earth.

The dazzling light could even be clearly seen in the distant desert heavenly realm.

The aftermath swept across the four directions.

The God King monks on both sides who were watching the battle were directly repelled millions of miles by the terrible aftermath.

At this time, everyone suddenly discovered.

A black long spear, like a kite with a broken string.

It flashed in the distance and soon disappeared.

The golden sword light remained.

It was just after the collision just now.

The divine power on the sword light seemed to be weakened a little.

But it was still very terrible.

The golden giant sword crossed the sky and moved forward.

Even if Lu Yuan sacrificed his life artifact and used up all his strength.

It only blocked for a moment.

"This is impossible."

Seeing the sword light still slashing straight at him.

Lu Yuan almost couldn't believe his eyes.

How could this be possible?

He is the Eternal Emperor.

And he is not an ordinary Eternal Emperor.

Bathed in the glory of the Supreme Statue.

At this time, he has recovered most of his strength.

The strength he can exert now is not inferior to that of an ordinary Eternal Emperor.

However, he is now at full strength, but still can't block Zhang Yuhe's sword.

What kind of sword is this?

What kind of magical power is it?

How can it be so terrible?

Is this still a magical power that a Divine King monk can display?

Even the top Eternal Emperor in the Bolin Holy Realm.

At most, it is just like this.

Boom...

Before Lu Yuan could continue to react.

Section 1087

The golden sword light seemed to span time and space and struck directly in front of him.

The surrounding supreme statues cast a faint light.

There is no way to stop the footsteps of the golden sword light.

The sword light carried majestic power and directly knocked Lu Yuan back millions of miles.

Even the statue of the Supreme God above his head was struck and rolled in the void.

At this time, the divine will in the Supreme God Statue has become slightly dim.

Zhang Yuhe stood tall in the sky, looking at the embarrassed Lu Yuan in the distance.

He did not pursue.

Although his strength is still there now.

The blessing effect of Hunyuan Guiyi's magical power has not disappeared.

But the Gods and Demons Killing Heaven Sword only has the power of one sword.

After a sword strike.

There is no further follow-up power.

Lu Yuan is no ordinary monk.

That is the true eternal emperor.

The top eternal emperor.

Except for the Gods and Demons Killing Heaven Sword.

The other magical powers that Zhang Yuhe mastered could not pose any threat to Lu Yuan at all.

Even if he continues to take action.

It's just a waste of effort.

That being the case.

Zhang Yuhe certainly didn't need to pursue him anymore.

Millions of miles away in the void.

Lu Yuan spit out a mouthful of blood and finally stabilized his body.

He looked at Zhang Yuhe in the distance.

A look of disbelief.

Lu Yuan never thought about it.

One day, I will be forced to this point by a god king monk.

If.

Before the lockdown was lifted, his strength had not yet recovered.

Because of the suppression of the origin of the Chaos Sea.

He has never beaten Zhang Yuhe.

That makes sense.

But just now, more than half of his strength has been unlocked.

You can completely display the rules of the great road that you have understood.

It can also perfectly activate the power of the world.

The result is a collision that is nothing fancy.

He was actually at a disadvantage.

The sword struck by Zhang Yuhe just now had already seriously injured him.

If not at the last minute.

If Lu Yuan recalled the Ziming Sixiang Cauldron in time to protect himself.

He even had some doubts.

The sword strike just now might have killed him directly.

Lu Yuan has a purple-inscribed Four-Elephant Cauldron on his head, and holds the Black God's World-Suppressing Spear in his hand.

He looked at Zhang Yuhe in the distance.

He took a deep breath and asked with a gloomy expression.

"What kind of magical power did you have just now?"

Zhang Yuhe stood tall in the sky and responded calmly.

"you guess."

Hear this.

Lu Yuan's expression was slightly stagnant, and he didn't know what to say for a moment.

The two of them were facing each other in the void, neither of them had any intention of taking action in a hurry.

After a while.

Lu Yuan said slowly.

"I don't believe it. With the magical power like just now, you can still strike a second sword?"

"you guess."

Zhang Yuhe looked into the distance and smiled lightly.

After the sword strike just now.

At this time he was completely confident.

Lu Yuan's strength is indeed very strong.

Especially after unblocking the original suppression, it became even more terrifying.

But even so.

That's not invincible.

Although Zhang Yuhe has now stopped using the second sword God Demon Zhutian.

But he is not alone.

He also has nine clones.

so far.

Zhang Yuhe's clone has not taken action yet.

The move of God and Demon Killing Heaven just now could seriously injure Lu Yuan.

If his nine clones take action at the same time.

It should be possible to kill Lu Yuan, the aloof eternal emperor.

Think of this.

Zhang Yuhe couldn't help but look forward to it.

That is the Eternal Emperor.

The top deterrent force in the Chaos Sea.

Without the Invincible Supreme.

The Eternal Emperor is the supreme existence.

But now there is an eternal emperor standing in front of him.

And it is very likely that he will be beaten to death immediately.

Can Zhang Yuhe not look forward to it?

Perhaps he will become the first legend in the history of the Sea of Chaos to use the power of the God King to defeat the Eternal Emperor.

Thinking about it makes me a little excited.

...

Chapter 767 He wants to live

At this time, Lu Yuan hesitated.

He was a little unclear about Zhang Yuhe's background.

If Zhang Yuhe could strike out with another sword like he had the magical power just now.

Lu Yuan would probably turn around and run away immediately.

But he was unwilling to do so.

He has been operating in the Sea of Chaos for countless years.

But now in Zhang Yuhe's hands, everything has been reduced to nothing.

If we don't get this place back.

He couldn't get along with this tone.

It will become his lifelong demon.

Under the influence of inner demons.

He shouldn't even think about taking another half step forward in the future.

the most important is.

Lu Yuan saw that Zhang Yuhe was in an advantageous situation.

He didn't even choose to continue taking action.

Section 1088

This made him even more convinced.

Magical powers like the one just now.

Zhang Yuhe should be unable to perform it a second time.

Maybe that sword blow just now.

This is Zhang Yuhe's limit.

It is even very possible that Zhang Yuhe's power exploded through overdraft potential.

Lu Yuan grasped the spear tightly.

He looked at Zhang Yuhe in the distance and spoke firmly.

"I bet you can never strike again with the sword light like just now."

Hear this.

Zhang Yuhe laughed.

He responded calmly.

"Then what are you waiting for?"

"Why don't you come up and kill me?"

"Hmph, stop bluffing."

"Die to me."

Lu Yuan snorted coldly.

He hesitated no more.

He can accept any failure, but he must beat Zhang Yuhe to death.

Think of this.

Lu Yuan has a purple-inscribed Four-Elephant Cauldron on his head, and holds the Black God's World-Suppressing Spear in his hand.

He quickly rushed towards Zhang Yuhe.

The spear sliced through the void.

The sharp spear tip seemed to shatter the void.

However.

Zhang Yuhe still stands tall in the sky.

Nine divine swords surrounded the body, flowing slowly.

He didn't even move, as if he didn't see it.

Lu Yuan's sharp spear was like that.

"careful."

Qi Feilong, who was watching the battle from a distance, couldn't help but remind him loudly.

He didn't know what was going on.

Zhang Yuhe was so fierce just now.

That sword across the sky was almost one of the most terrifying magical powers he had ever seen in his life.

Zhang Yuhe just struck out with his sword, not only interrupting it, but Lu Yuan continued to receive the Supreme Divine Will.

He even directly injured Lu Yuan seriously.

However.

Why did Zhang Yuhe suddenly stop moving now?

It couldn't be that the explosion was too violent just now and the power has been exhausted.

Qi Feilong hesitated.

Should he go up and help?

Although he couldn't beat Lu Yuan in the unblocked state.

Even if you can withstand a few rounds of attacks from the opponent, there should still be no problem.

Just when Qi Feilong was still struggling.

He was suddenly surprised to find out.

A blazing sword light struck from the empty void in the east.

The golden sword light traveled across the sky and quickly struck at the menacing Lu Yuan in the distance.

The light of the sword covered the sky and the sun, and the divine power enveloped the world in all directions.

It was exactly the same as the sword struck by Zhang Yuhe just now.

See this situation.

The dozens of God King monks watching the battle were all stunned.

What's happening here.

Zhang Yuhe didn't take action at all.

He stood still.

Even his nine natal divine swords are still surrounding him.

There is no sign of stimulation at all.

Where did that sword light coming from the east come from?

Are there other people around here?

And like Zhang Yuhe, can he use that terrifying sky-slaying sword?

But no one was seen.

Everyone unleashed their spiritual consciousness with all their strength and scanned the vast void around them.

I didn't see anyone else there.

The sword light across the sky seemed to appear out of thin air.

I saw the giant sword flying across the sky again.

Lu Yuan was completely numb.

Come again.

That time just now, he almost died.

Now comes another sword.

This is endless, isn't it?

At this moment, he could no longer think about the sudden sword light.

Where did it come from?

to him.

The most important thing now is.

You must block this sword.

Lu Yuan knew very well.

That golden giant sword is so terrifying.

It is completely comparable to the full blow of the top Eternal Emperor.

If he doesn't respond with all his strength.

At any time, he might be struck to death by that terrifying sword light.

Lu Yuan immediately stabilized his body and did not dare to rush forward any further.

He used all his strength to activate the Ziming Sixiang Cauldron.

Fierce purple light continued to shine from the giant cauldron.

Protect him tightly.

Not only that.

Lu Yuan also took back the Black God World-Suppressing Gun in his hand.

He gripped the spear tightly.

Staring closely at the golden giant sword that was approaching quickly from a distance.

The whole process seems very long, but in fact it only takes the blink of an eye.

The golden giant sword seemed to span time and space and struck in front of Lu Yuan in an instant.

"Open it for me."

Lu Yuan shouted loudly.

He waved the spear in his hand and quickly faced the incoming sword light.

Boom...

The loud noise sounded again.

The aftermath of terror swept across all directions.

Blood surged from Lu Yuan's mouth and he retreated millions of miles in a row.

The purple-inscribed Four-Elephant Cauldron that was originally guarding his head disappeared again.

I no longer know where I went after being blown away by that terrifying sword light.

Lu Yuan just stabilized his body.

Before I could take a breath.

Section 1089

In the distant sky, a golden sword light appeared again.

"Again?"

Lu Yuan was almost desperate.

Is it over yet?

Who is going to put him to death?

Lu Yuan didn't believe it at all.

The continuous sword lights in the distance were all Zhang Yuhe's magical powers.

the reason is simple.

Zhang Yuhe just stood there, not moving at all.

There must be others.

who is it?

But Lu Yuan obviously couldn't think too much now.

He must withstand this round of sword light.

If you can't bear it.

Then you have to die.

Lu Yuan didn't want to die.

Although he has lived through countless eras.

It is even longer than the history of many chaotic universes.

despite this.

Lu Yuan still didn't want to die.

He wants to live.

However, in the face of that terrifying sword light, it struck continuously.

How can I live?

Seeking life from death.

Lu Yuan almost didn't think about it.

I saw my right hand stretched out.

A tall statue soon appeared above him.

When Zhang Yuhe struck out the first sword.

This statue of the Supreme Bolin was blown away to an endless and distant place.

However, Lu Yuan has mastered the method of controlling the Supreme God Statue.

Of course he has a way to summon the statue back at any time.

It's just compared to when I first started.

At this time, the Supreme God Statue already looked slightly dim.

After all, idols are just dead objects.

Even if it is attached, there is a ray of divine will from Paulin Supreme.

Still unable to stop the terrifying power of the God-Devil Sky-Destroying Sword.

After summoning the Supreme God Statue back.

Under the surprised eyes of everyone.

Lu Yuan directly punched the statue in the air.

The statue was instantly shattered to pieces.

A blazing light shone in the sky.

The light flashed and then quickly integrated into Lu Yuan's body.

A terrifying aura rose to the sky from him.

this moment.

Lu Yuan's strength finally returned to its peak.

This is his strongest state.

In order to block the terrifying sword that is about to arrive.

Lu Yuan had no other option.

He could only forcibly integrate the divine will of Paulin Supreme into his body.

Although doing so can restore him to his strongest state.

But the consequences are endless.

Paulin's divine will filled his body.

This means.

From now on, Lu Yuan will never be able to walk his own path again.

Under the influence of the supreme divine will of Pauline.

His strength can no longer improve even half a cent.

The road is broken.

despite this.

Lu Yuan still made his choice without hesitation.

Because he wants to live.

In his opinion.

Only by doing this can we gain a chance of survival.

Otherwise.

He will surely die.

If you can't reach your peak strength.

Lu Yuan had no confidence at all.

Can withstand the golden sword light coming from across the sky.

In order to survive, what does the future mean?

If I die here.

Then why talk about the avenue and the way forward?

Everything is in vain after death.

Only when you are alive can you have hope.

...

Chapter 768 If I are resurrected someday

Lu Yuan didn't want to die.

Although as an eternal emperor, as long as the world of his own evolution still exists.

He can still be resurrected.

despite this.

Lu Yuan still didn't want to die.

Resurrection means starting from scratch.

He had to start practicing again from the Qi Refining Realm.

Even with past experience, the cultivation speed will be very fast.

But in the end I want to return to the eternal realm.

I don't know how long it will take.

If something unexpected happens.

It is entirely possible that his cultivation will never recover.

Lu Yuan didn't dare to take this risk.

He doesn't want to bet on the future, he only cares about the present.

Immortal now.

is his best choice.

Lu Yuan smashed the statue with one punch.

Completely integrate the remaining divine will of Paulin Supreme into himself.

The aura on his body at this time was extremely terrifying.

This is him at his peak.

Lu Yuan stretched out his right hand.

The Ziming Four-Elephant Cauldron flew back again.

He quickly pressed the magic formula.

Using all his strength to activate the Ziming Four-Elephant Cauldron, blazing light continued to shine down.

Guard him firmly.

Section 1090

At this moment.

The indestructible golden giant sword had already chopped over.

Lu Yuan controlled the Ziming Four-Elephant Cauldron to protect himself tightly.

He urged the Black God World-Suppressing Spear in his hand and rushed directly towards the golden giant sword in the sky.

Boom...

The sword light that seemed to be able to crush everything first chopped off the spear in Lu Yuan's hand.

Immediately afterwards.

The sword light shattered the protective light curtain around Lu Yuan, and then chopped off the Ziming Four-Elephant Cauldron.

The remaining force of the sword light did not decrease, and it chopped directly in front of Lu Yuan.

The violent collision between the two sides erupted with a shocking loud noise.

The terrible aftermath continued to spread towards the distant void.

Lu Yuan retreated tens of thousands of miles in a row, and then slowly stabilized his body.

Unlike the previous two times.

Although Lu Yuan still looked a little embarrassed this time.

But he was not injured.

He used his strongest state to mobilize all his strength as much as possible.

Finally, he withstood the world-destroying sword light.

However,

Before Lu Yuan could be happy.

I saw a magnificent sword light appearing again from the distant sky.

The sword light carried the power of annihilation, as if it had crossed time and space.

Still without any fancy moves, it slashed straight at Lu Yuan.

"And, it's not over yet, right?"

Seeing the giant sword across the sky, the power of the gods suppressed the four directions, and quickly attacked him.

Lu Yuan was so depressed that he almost vomited blood.

Which sword is this?

The third sword or the fourth sword?

Such a terrible sword light.

Even if only one sword is needed, it is possible to kill him.

However, such terrible sword lights appear one after another.

It seems to be endless.

How can he bear it?

Just now, Lu Yuan barely survived a wave in his strongest state.

Before he could catch his breath.

Another sword came from the east.

Lu Yuan was almost desperate.

How can he bear it?

It's completely unbearable.

He didn't have a chance to breathe at all.

It was as if.

At the same time, several top-level Eternal Emperors took turns to attack Lu Yuan.

It was already very difficult for him to block one of them.

Now he had to fight a round-robin battle.

He couldn't stand it at all.

Despite the crisis.

Lu Yuan still wanted to continue struggling.

He could only gamble.

Bet that this was the last sword.

As long as he could withstand this sword.

Maybe the situation would be reversed.

Thinking of this.

Lu Yuan quickly pinched the magic formula.

He wanted to summon back the giant tripod and spear that had just been chopped off.

However.

Before he could make more moves.

The golden sword light had already descended.

Boom...

This sword was fast and fierce.

Without Lu Yuan's defense, it directly chopped him.

The terrifying divine power raged in Lu Yuan's body.

Wait until the aftermath dissipated.

Nearly tens of millions of miles away.

Lu Yuan finally revealed his miserable figure.

At this time, both of his arms had disappeared.

The sword light chopped a huge hole in his chest.

Blood flowed quickly on various wounds as if it was free.

Lu Yuan seemed like a bloody man, no longer having the might of the Eternal Emperor.

Despite this.

He was still not dead.

The Eternal Emperor had a strong vitality.

Even if his head was chopped off, as long as his soul was not extinguished, he would not die easily.

Of course.

Although the sword just now did not kill Lu Yuan on the spot.

But he was just breathing with only one breath left.

In this state.

Even if Zhang Yuhe did not continue to attack.

Others could also kill him.

In other words.

Lu Yuan would definitely die today.

Qi Feilong stood in the void and saw this situation.

He urged the Azure Dragon Moon-Slashing Sword and was eager to try.

He was considering.

Should he immediately step forward and give Lu Yuan another blow.

This is a good opportunity.

The opportunity to kill the Eternal Emperor.

Faced with such an opportunity, who could resist it?

Qi Feilong subconsciously looked at Zhang Yuhe in the distance.

To be honest.

He was in awe of the strength Zhang Yuhe showed.

If he didn't know Zhang Yuhe's background.

He would have thought.

Zhang Yuhe had already entered the Eternal Realm.

Because the strength Zhang Yuhe showed was completely comparable to that of an Eternal Monk.

He was even stronger than an ordinary Eternal Monk.

Although Qi Feilong wanted to step forward and make another move.

To take down the head of the Eternal Emperor Lu Yuan.

However.

If Zhang Yuhe didn't nod.

He really didn't dare to do it.

After all, if he did it at this time, it was obvious that he was going to grab the head.
