

Top talent 1091

Section 1091

Wouldn't it be a narrow road to compete with a ruthless person like Zhang Yuhe?

Unless Zhang Yuhe has exhausted all his strength, he cannot continue to take action.

Only then will it be his turn to make up for this blow.

Qi Feilong glanced quietly.

Zhang Yuhe was seen standing with his hands behind his back, his expression indifferent.

It was as if Lu Yuan in the distance did not exist.

See this situation.

Qi Feilong couldn't help but look slightly stunned.

What does this mean?

Lu Yuan is not dead yet.

Don't take advantage of the opportunity for the opponent to be seriously injured and kill him quickly.

What are you waiting for?

Do you still think that you can't let the other party go?

Just when Qi Feilong was a little confused.

A dazzling sword light appeared from the distant horizon again.

See this situation.

Qi Feilong was speechless.

Big brother.

How many clones do you have?

Why does it keep coming endlessly?

Wouldn't it be better to just do it all at once?

Could it be that you are testing the sword with Lu Yuan, the Eternal Emperor?

Yes.

Qi Feilong had known it for a long time.

The sword light that kept coming in the distance was Zhang Yuhe's clone taking action.

When Zhang Yuhe broke through to the God King Realm.

He had seen Zhang Yuhe's clone before.

What Qi Feilong didn't expect was.

Zhang Yuhe's clone is not only as powerful as his original self.

And there seems to be more than one.

I'm really afraid, there must be more than four or five.

What kind of innate magical power could be so heaven-defying?

Being able to summon so many clones.

Saw the sword light strike again.

Qi Feilong was speechless.

However, as a party.

Lu Yuan was completely desperate.

he knows.

He couldn't bear this sword.

Just now, he relied on his tyrannical physical strength to barely catch the last sword.

But that sword.

He has been completely disabled.

Although he is not dead yet.

But it was just that he was panting for the rest of his breath.

In such a state.

Even the slightly more powerful Supreme God King could kill him.

What's more, the sword light that destroys the world.

Lu Yuan knows.

He will definitely die.

But he was unwilling to do so.

He practiced Taoism for countless years and finally became a powerful eternal emperor.

It never occurred to him.

One day, he will die at the hands of a god king monk.

Faced with the sword light coming quickly.

Lu Yuan did not continue to struggle.

Because he knows.

No matter how hard I struggled, it was of no use.

There was no hope of survival.

Lu Yuan stared at Zhang Yuhe in the distance.

He roared unwillingly.

"I am the Eternal Emperor, you can't kill me."

"When I am resurrected one day and my cultivation is restored, I will definitely hunt down you monks from the Sea of Chaos in the long river outside the territory to the end."

...

Chapter 769 I can't die anymore

Facing Lu Yuan's threatening words, Zhang Yuhe was completely dismissive.

They are all dying.

Are you still thinking about resurrection?

Even if you are resurrected, what will happen?

I can beat you to death once.

I can beat you to death countless times.

In Zhang Yuhe's view.

Lu Yuan's verbal threats.

There is no lethality at all.

It even made him want to laugh a little.

People who are about to die still pretend to be serious in both voice and appearance.

Lu Yuan has already evolved his own world by relying on his status as the eternal emperor.

It's like being immortal.

Even if someone beats him to death.

He can also be resurrected in his own world.

But this is not an absolute thing.

The Eternal Emperor is not invincible.

Just destroy his world at the same time.

Naturally, it is possible to eliminate the possibility of the other party's continued resurrection.

Zhang Yuhe wanted to give it a try.

Look at the aura that followed Lu Yuan after he was beaten to death.

Can he find his world?

Under normal circumstances.

The world created by the Eternal Emperor is deficient because of the Great Dao.

The world is very fragile.

Just find the location of the other person's world.

It's completely effortless to destroy.

While Lu Yuan was still shouting.

The golden giant sword stretched across the sky and descended above the head.

The terrifying sword light shone in the sky and earth, completely submerging Lu Yuan.

Not only that.

Another magnificent sword light struck towards Lu Yuan's position.

It was as if he was going to whip the corpse.

The divine power of sword light suppresses all directions.

Lu Yuan didn't even have time to let out a scream.

Section 1092

Being chopped into ashes by the terrifying sword light.

Zhang Yuhe exerted all his strength to activate the rules of time, covering the place where Lu Yuan disappeared.

He closed his eyes slightly and silently comprehended.

At this moment.

Through the ethereal and inexplicable avenue of time.

Zhang Yuhe seemed to see the endless and distant sky.

There.

The void was stacked layer by layer.

A slightly gray world soon appeared in his perception.

"Finally I found it."

"Hmph, wait until I destroy your world."

"See how you can revive."

Three magnificent sword lights flew from a distance one after another.

The sword light passed through the aftermath of Lu Yuan's death.

Then it flashed and disappeared soon.

It was as if these three sword lights had never appeared.

Zhang Yuhe quickly pinched the magic formula and silently pulled the golden sword light.

The sword light crossed time and space and soon appeared outside the Chaos Sea.

Then it passed through layers of void and flew quickly towards the target location.

...

In the long river outside the domain, there is a hidden void layer somewhere.

A dim world is quietly hidden in it.

This is the world evolved by Lu Yuan.

As long as this world is still there.

He will never die.

He can always be resurrected.

This is the truly terrifying thing about the Eternal Emperor.

He is a man who cannot be killed at all.

Isn't that terrifying enough?

Lu Yuan's world is hidden very deeply.

Except for himself.

He has never brought anyone into his world.

Because the rules of the avenue are incomplete.

No living creatures have evolved in Lu Yuan's world.

The whole world is desolate and dark.

In the center of this world.

There is a fairy pond with misty spiritual energy.

Various avenues of the avenue are constantly rising in the fairy pond.

This is the core of the world.

It is also the location of Lu Yuan's avenue.

At this time in the misty fairy pond.

An illusory figure began to slowly emerge.

After a while,

the figure turned from virtual to real.

It soon turned into Lu Yuan's appearance.

He was resurrected.

Resurrected in his own world.

But compared with the vast power before.

At this time, Lu Yuan had no breath at all.

It was as if he was a mortal without any cultivation.

Lu Yuan was indeed a mortal now.

The cultivation of the newly resurrected Eternal Emperor would be completely cleared.

Everything had to start all over again.

Lu Yuan walked out of the Immortal Pond silently.

Looking into the void in the distance.

He felt very upset.

He was really beaten to death.

He was beaten to death by a Divine King cultivator.

Such a result.

He simply couldn't accept it.

Lu Yuan roared to the sky.

"Damn Zhang Yuhe."

"Just wait for me, I will never coexist with you."

"When my cultivation is restored, I will hunt down all the Divine King cultivators in your Donghua Palace to death."

Lu Yuan roared madly, as if he wanted to vent all the resentment in his heart.

At the same time.

The majestic spiritual energy in the fairy pond quickly gathered on him.

Almost in an instant.

The aura on Lu Yuan's body quickly reached the real fairyland.

This is the spiritual power accumulated in the fairy pond, which can quickly improve his cultivation.

But that's all.

When his cultivation reached the real fairyland.

The upward momentum on Lu Yuan's body slowly slowed down.

If he wants to improve his cultivation later.

He has to polish it slowly like ordinary cultivators.

From the lofty Eternal Emperor, he fell to the real fairyland.

The contrast.

It made Lu Yuan very uncomfortable.

His hatred for Zhang Yuhe was like the water of the long river, endless.

If hatred could kill people.

He would definitely kill Zhang Yuhe hundreds of millions of times.

Lu Yuan stood beside the fairy pond, silently thinking about his future cultivation plan.

He had resources.

He had stored a lot of cultivation resources of various levels in his own world.

As an eternal emperor.

Such a back-up is essential.

Suddenly.

Lu Yuan looked up into the distance.

He saw a faint starlight flying quickly from a distant place.

"Starlight?"

"How could there be starlight in this dim void?"

Lu Yuan looked at the starlight in the distance, and he couldn't help but wonder in his heart.

As the distance got closer.

The starlight became clearer and clearer.

Lu Yuan looked at it intently.

He saw that the faint starlight seemed to be in the shape of a sword.

"Not good."

Seeing this situation.

Lu Yuan couldn't help but be shocked.

He seemed to feel the fear of being killed by Zhang Yuhe again.

Section 1093

What kind of starlight is this?

Separation is a sword.

It was the sword that struck him several times and finally killed him.

"No, we have to move the world quickly."

Lu Yuan was completely panicked.

He doesn't know either.

How did Zhang Yuhe find the location of his world?

How to deliver the attack to such a distant place.

But all this is not important now.

Lu Yuan must protect his world.

Now he is still in true wonderland.

There is simply no way to go out of the world and go to the long river outside the territory.

If the world is destroyed.

Then he is completely dead.

Think of this.

Lu Yuan eagerly pressed the magic formula.

The world hidden in the void began to move slowly.

It's just that his cultivation is limited now.

The whole world is like a snail, unable to move very far at all.

Just at this time.

The sword light in the distance became bigger and bigger.

Boom...

There was a terrible loud noise.

The sword light split the world.

The dim world began to collapse.

Lu Yuan could only watch all this.

There was absolutely nothing he could do to stop it.

Now he's just truly in wonderland.

What else could a true immortal do in front of the Supreme God King?

There is nothing he can do.

follow closely.

Another sword light struck over.

The sword light swept across the world and hit the fairy pond at the core.

Wherever the sword light passed, everything in the world turned into nothingness.

The fairy pond is broken and the Tao Yun disappears.

The terrible aftermath swept across the entire world.

The sword light raged and the avenue was destroyed.

The world created by Lu Yuan completely turned into nothingness under the light of the sword.

As for himself.

It has long been submerged in the aftermath of the sword light.

Dead as hell.

...

Chapter 770 Under the great road, there is nowhere to go

Sea of Chaos.

Zhang Yuhe closed his eyes slightly and stood quietly in the void.

Qi Feilong and the sixteen great kings of the Deacon Hall stood silently in the distance.

As for the group of Bolin cultists around them, they had all died along with Lu Yuan a long time ago.

Even if Zhang Yuhe didn't deliberately target it.

It was just the aftermath of the attack by the God-Devil Sky-Destroying Sword.

Just wipe out all the fifty or sixty Supreme God Kings.

In the vast void around him.

Except Zhang Yuhe.

Only the Deacon Hall and a group of God King monks were left.

At this time, the sword light had already dissipated.

But the terrible aftermath is still raging in the void.

Qi Feilong and the God King monks from the Deacon Hall had already retreated tens of millions of miles away.

But when the aftermath swept over.

They can still clearly feel the great divine power.

The power spreads for tens of millions of miles.

How terrible that would be.

Everyone stood silently in the void, completely stunned.

Everyone originally knew that Zhang Yuhe was very powerful.

When in the realm of true gods.

He could single-handedly sweep through the Tianyang Sect and kill the ten supreme god kings of the Tianyang Sect.

But everyone never thought about it.

Zhang Yuhe was actually able to be so strong.

The True God cultivators went up against the enemy and killed the Supreme God King.

Although it is shocking enough.

But this is understandable.

After all, there had been similar precedents in the Sea of Chaos before.

However, like Zhang Yuhe now.

Defeat the Eternal Emperor with the power of the God King.

That has never happened before.

It completely subverted everyone's understanding.

Because the difficulty between the two is not at the same level at all.

What a terrifying existence is the Eternal Emperor?

It is the top power in the entire Chaos Sea.

However, such a character.

Just like that, he died quietly in front of them.

Directly hit by Zhang Yuhe's vast and terrifying sword light.

Completely reduced to ashes.

An eternal emperor died like this.

And Lu Yuan is not an ordinary eternal emperor.

Among the many eternal emperors in the outer world, Lu Yuan can definitely be regarded as a ruthless character.

despite this.

He was still killed by Zhang Yuhe with just a few sword blows.

And Zhang Yuhe.

He has just been promoted to the God King Realm.

Just one step to become a God King.

The God King defeated the Eternal Emperor in one step.

Kill a top eternal emperor.

That must be so terrible.

What if you wait until Zhang Yuhe breaks through to the Nine-Step God King?

How strong does it have to be?

If one day in the future.

Once Zhang Yuhe becomes a Taoist, he will be promoted to the eternal realm.

Then wouldn't he be able to defeat those unpredictable and invincible supreme beings?

In the mind of the Chaos Sea monk.

The Eternal Emperor is already at the pinnacle.

Section 1094

As for those invincible supreme beings outside the domain, they only exist in legends.

Thinking of one day in the future.

Zhang Yuhe may be able to overpower the invincible supreme being.

Everyone couldn't help but sigh.

And they believed.

This day might really come.

Looking at Zhang Yuhe's growth experience.

Since coming to the Chaos Sea.

His cultivation has been advancing by leaps and bounds, as if he has never stopped.

Zhang Yuhe only took hundreds of millions of years to complete the road that others can only dream of but cannot reach.

More importantly.

By observing the terrifying power displayed by Zhang Yuhe just now.

Everyone felt that there were dozens of different rules of the avenue.

In other words.

At least in the realm of God King.

Zhang Yuhe no longer needs to worry about understanding the rules.

He only needs to practice with one heart, and he may reach the ninth step of God King.

If he encounters the right opportunity in the future.

Even if he succeeds in combining with the Dao.

That is completely possible.

In everyone's opinion.

A peerless genius like Zhang Yuhe.

As if he was born to be blessed by the heaven.

Such a person.

The chance of success in the future will definitely be very high.

While everyone was still sighing and sighing.

Zhang Yuhe slowly opened his eyes, and a faint smile appeared on his face.

He looked up at the void in the distance, muttering to himself.

"The world was shattered by my sword, let's see how you can revive."

Thinking of Lu Yuan's threats before.

Zhang Yuhe felt a little ridiculous.

He is really a frog in the well, not knowing the vastness of the world.

Lu Yuan relied on the power of the world and thought he could be immortal.

No one could kill him.

But in this world, where is there a truly immortal person?

Even if he merged with the eternal way and evolved his own world.

And hide the world deeper.

But what can he do?

Lu Yuan may never have thought about it.

There are also supreme rules of the Tao in this world.

Time, space, life, death, etc.

These supreme rules of the avenue can trace a person's past and future.

Not to mention that Lu Yuan hid the world in a secret space.

Even if he hid the world in the long river and Jiuyuan.

Zhang Yuhe can still find it through the Avenue of Time.

As long as the specific location is located, it can be easily destroyed.

Even if there is an endless river.

Zhang Yuhe can still transmit the attack through the Avenue of Time.

Time is infinite.

Contains the past and the future.

Under the avenue, there is no place that cannot be reached.

Of course.

As the distance gets farther and farther.

The attack launched by Zhang Yuhe will continue to weaken.

When he slashed the sword light out of the Chaos Sea.

The power contained in the golden giant sword may only be equivalent to the True God Realm at most.

But that is enough.

The Eternal Emperor is unparalleled in power.

But this does not mean that their world is as powerful as themselves.

Without the support of complete avenue rules.

The worlds created by the emperors are actually pitifully fragile.

Just pass it over, a little attack power is enough to destroy them.

Zhang Yuhe looked into the distance, feeling a little excited.

Killed an Eternal Emperor.

How could he not be excited?

And no one else knew.

Lu Yuan had been destroyed by him, leaving no trace.

Even the hope of resurrection was completely cut off by him.

Thinking of this.

Zhang Yuhe couldn't help but sigh.

The Avenue of Time is indeed the supreme rule of the avenue.

It is indeed infinitely useful.

He just tried it just now.

Unexpectedly, it really succeeded.

Zhang Yuhe thought.

This is just one of the supreme avenues.

If one day in the future.

He comprehends all the supreme rules.

What kind of effect will that be?

Can it reshape the way of heaven and recreate a complete chaotic universe.

Just like the long river outside the domain, a chaotic universe containing endless worlds?

Thinking of this.

Zhang Yuhe couldn't help but look forward to it.

After a long time.

The aftermath dissipated.

The void finally slowly calmed down.

Zhang Yuhe turned around, looked at Qi Feilong and others in the distance, and said with a smile.

"Palace Master Qi, those Bolin believers just now, no one escaped."

"No, they are all dead."

Qi Feilong responded a little speechlessly.

He was even silently complaining in his heart.

"Don't you know how powerful it was just now?"

"Even if I were in it, I would probably be killed by the terrible aftermath."

"As for those Bolin believers, it goes without saying."

"They are just ordinary God King monks, how can they withstand such terrible divine power?"

Zhang Yuhe nodded gently, and he smiled and said.

"That's good, there will be no more chaos from the Bolin God Cult in the future, and this Desert Heaven Realm can finally return to peace."

Although there are still many Bolin branch temples in various places in the Desert Heaven.

However, their main temples have been wiped out by Zhang Yuhe.

The remaining people are destined to never stir up too big waves again.

Section 1095

What's more.

Zhang Yuhe was not prepared to let go of those Bolin sect temples.

After returning.

He would arrange for his clone to thoroughly sweep the entire desert heavenly realm.

All the evil gods from outside the realm and those Bolin sect members were wiped out.

No one was left.

...

Chapter 771 Details determine success or failure

Zhang Yuhe stood in the void.

He just stretched out his right hand.

Two streams of light quickly returned from a distance.

A black spear and a four-legged square tripod.

These were the relics left behind after Lu Yuan's death.

Both were eternal artifacts.

Although the God and Demon Sword was unparalleled in power.

But things like eternal artifacts would not be easily destroyed.

Zhang Yuhe stretched out his hand and grabbed the two artifacts in his hand.

The surface of the artifact was flowing with Tao rhyme, and it was not damaged at all.

Since the owner of the artifact was dead, the mark on it also disappeared.

He didn't need to make any effort to put away the two artifacts.

Zhang Yuhe silently opened his spiritual sense and carefully scanned the vast void around him.

He wanted to find out if there were any other things.

Lu Yuan was an eternal emperor after all.

Every artifact on him was extremely precious.

Just getting a few of them.

It would be enough to benefit the Divine King cultivators infinitely.

It's a pity.

After a careful investigation.

Zhang Yuhe no longer saw any valuable items.

Except for these two eternal artifacts.

Everything else on Lu Yuan turned into ashes with him.

Even those Bolin followers in the Divine King realm didn't have any items left.

Under the cover of the God and Demon Slaying Heaven.

Everything turned into nothingness.

No other items could be found.

This made Zhang Yuhe feel a little regretful.

That was the entire fortune of an eternal emperor and dozens of supreme gods.

If they could all be left.

Then Donghua Palace would no longer have to worry about resources in the future.

There were countless treasures in front of Zhang Yuhe.

But they were all destroyed by the God and Demon Sword.

It seems a bit wasteful.

But there is no other way.

In the situation just now.

Zhang Yuhe couldn't stop at all.

He only wanted to kill Lu Yuan as soon as possible.

How could he care about keeping the items on the other party?

Lu Yuan's strength is so terrible.

If Zhang Yuhe dared to hold back a little.

Maybe he would be overturned.

Seeing Zhang Yuhe put away the gun and the tripod.

Qi Feilong and others in the distance couldn't help but show envy.

That is the eternal artifact.

Take out one at random.

I'm afraid it will shake the whole Chaos Sea.

That is the exclusive of the Eternal Emperor.

Each Eternal Emperor has at most one or two.

The whole Chaos Sea.

How many Eternal Emperors are there in total?

From this, you can imagine.

How precious are these two eternal artifacts?

Zhang Yuhe got two at once.

He became rich instantly.

If he was willing to trade the spear and the tripod with the Eternal Emperor.

Zhang Yuhe would probably become the richest Divine King in the entire Chaos Sea.

But compared to the spear and the tripod.

What Qi Feilong felt even more sorry for was the Supreme Divine Statue.

The previous statue was mysterious and unpredictable.

It actually contained a trace of the divine will of the Supreme Bolin.

If he could get the statue and give it to the Desert Dean.

Maybe the Desert Dean could take it a step further.

What a pity.

The statue had already been smashed to pieces by Lu Yuan with a fist.

After confirming that there were no more items left around.

Zhang Yuhe flew down in front of everyone.

He said lightly.

"This matter is over, I will send you back first."

After saying this,

Zhang Yuhe made a stroke with his right hand.

A particle vortex of half an acre in size slowly appeared in the void.

When they came over.

They had been flying continuously for nearly a million years.

It was not that Zhang Yuhe wanted to hide this teleportation method.

There was no need at all.

In fact.

He had already shown this teleportation ability in front of many people.

Even on the way here.

He had teleported back to Donghua Palace in front of everyone.

For Zhang Yuhe, the fact that he could teleport through the void was not known to everyone.

But those who should know it still knew it.

Despite this.

After finding the exact location of Lu Yuan and others.

Zhang Yuhe still did not choose to teleport everyone directly.

Instead, he chose to fly in the Dutian Boat.

It was not that he liked trouble.

But he needed time to improve his strength.

At that time, Zhang Yuhe had just broken through to the God King Realm not long ago.

He had not even upgraded his natal artifact.

Thinking of the terrible power of Lu Yuan seen in the long river of time before.

Section 1096

Zhang Yuhe was a little worried.

That's why I used the time I spent flying to upgrade my natal artifact and improve my own strength.

Think about it now.

His decision was so correct.

If not all the natal artifacts were promoted to the level of divine king artifacts.

Even if the nine clones attack at the same time, it is impossible to kill Lu Yuan.

If not, it might even be swept away by the opponent.

Maybe this is God's will.

God wants Lu Yuan to die.

He would have to die.

Or is it.

Zhang Yuhe's steady mind allowed him to avoid possible accidents.

Since embarking on the path of monasticism.

Zhang Yuhe never does anything that he is not sure about, and he never takes risks.

I won't put myself in any danger.

before every action.

He carefully laid out all the details.

Only after confirming that there is no danger will we take action.

Maybe this is it.

The so-called details determine success or failure.

...

Everyone looked to the opposite side through the vortex, and it was clear that they were outside the eternal realm of the desert.

Although everyone has marveled at Zhang Yuhe's various magical powers countless times.

But when I saw the vortex of particles in the sky.

They still couldn't help but sigh.

I don't know where Zhang Yuhe got so many incredible magical powers.

Teleportation, clones, and the terrifying God-Devil-Destroying Heaven Sword.

They even had some doubts.

Could it be that Zhang Yuhe is the reincarnation of a certain extraterrestrial supreme being?

Reincarnated in the Sea of Chaos.

This is how he possesses so many magical means.

But think about it carefully.

Everyone felt something was wrong again.

Such methods as Zhang Yuhe's.

Even those extraterrestrial supreme beings are probably incomparable.

Could it be that Zhang Yuhe's previous life was a higher-level existence than the Invincible Supreme?

Think of this.

Everyone couldn't help but shake their heads.

I can't think about it, I can't think about it, I don't dare to think about it.

Qi Feilong cupped his hands towards Zhang Yuhe, and then spoke solemnly.

"Thank you Brother Yinhe, we will go back first."

After saying this.

He then jumped up and fell into the vortex in mid-air.

Others followed suit and soon disappeared.

Zhang Yuhe was the only one left in the silent void.

He looked into the distance.

His right hand made a stroke in the void and quickly disappeared.

The void returns to silence.

It was as if nothing had happened.

Except for these parties.

Nobody knows.

These once fell, a terrible eternal emperor.

...

Chapter 772 The Master of the Desert Academy Returns

Zhang Yuhe quietly returned to Yitian Mansion.

Regarding the destruction of the Bolin Divine Sect's main altar, it did not cause too big a ripple in the Sea of Chaos.

Because apart from them, no one else knows about it.

Zhang Yuhe behaves in a low-key manner.

Even when he returned to Yitian Mansion, he did not meet God King Yuanhe.

Go out quietly and return quietly.

He told no one.

In the huge Donghua Palace, few people knew that he had been out.

No one knew that he had done such an earth-shattering thing.

As for Qi Feilong and others in the Desert Courtyard, they may be a little worried about Zhang Yuhe's thoughts.

Worried that Zhang Yuhe would be unhappy.

They are also not easy to publicize.

Just a simple announcement was made to the higher-ups within the Desert Courtyard.

There was no external publicity.

so.

The main altar of the Bolin God Religion was destroyed, and even the palace master of the Eternal Realm was killed.

Such a shocking event happened.

The entire Desert Heaven Realm was actually peaceful.

It was as if nothing had happened.

...

After returning to Yitian Mansion.

Zhang Yuhe slowly walked to the training platform.

He looked up at the small purple sapling next to him, which was about ten feet tall.

A faint smile couldn't help but appear on his face.

Don't know why.

Since he was promoted to the God King Realm.

Wu Yiyi seemed to have become extremely diligent.

She was never the same again.

He would often come out to play quietly and could not calm down to practice at all.

But now I don't know why.

Wu Yiyi seemed to have changed.

Become very diligent.

Even the most diligent Donghua Palace disciples work much harder.

Zhang Yuhe couldn't remember how long it had been since he saw Wu Yiyi transform into a phantom.

I was swinging on the enlightenment tree.

Don't tell me yet.

I haven't seen Wu Yiyi for a long time.

He really missed it a little bit.

Zhang Yuhe smiled and shook his head, then walked up to the training platform and slowly sat down cross-legged.

He closed his eyes slightly and silently ran the Scripture of Chaos Gods and Demons.

For millions of years.

Although his main body has always been on the boat crossing the sky, it is about cultivation.

Zhang Yuhe did not relax for a moment.

As for the nine clones, they have been practicing silently.

despite this.

Section 1097

Now, millions of years have passed since he was promoted to the God King Realm.

He is still at the first level.

After the monks entered the realm of the God King, their cultivation progress was extremely slow.

Even though Zhang Yuhe is extremely talented and has the blessing of nine clones.

The cultivation speed is at least a thousand times that of monks of the same level.

But even so.

Now millions of years have passed.

Zhang Yuhe is still far away from taking the second step from the God King.

But he was in no hurry.

Because there is no need to rush into matters of cultivation.

The Nine Steps of the God King.

One step at a time.

Every small step forward requires long years of polishing.

And it also needs the support of corresponding avenue rules.

Zhang Yuhe has no shortage of rules.

During this time.

He has already understood more than ten kinds of rules of the great road.

It was enough to support him and break through to the nine-step divine king realm.

There is no shortage of rules and no bottlenecks.

For Zhang Yuhe.

He just needs to slowly hone his divine power.

Wait until the divine aura in Dantian is gathered to a certain extent.

Breaking through to the second step of the God King is naturally a matter of course.

Compared to other monks.

Every time you take a small step forward, you need to face various troubles.

Zhang Yuhe has gone very smoothly.

Because the avenue to the sky was clearly placed in front of him.

As long as he accumulates slowly.

One day in the future, he will be able to break through to the Nine-Step God King Realm.

That being the case.

Zhang Yuhe certainly doesn't have to worry.

take it easy.

...

Time passes slowly.

Another 900 million years have passed.

Qi Feilong's figure suddenly appeared outside the gate of Donghua Palace.

Zhang Yuhe and Shenwang Yuanhe welcomed people into the hall.

The three of them sat down in the main hall.

Qi Feilong said slowly.

"The master of the hospital is back."

Hear this.

Divine King Yuanhe and Zhang Yuhe were stunned at first.

Then they responded quickly.

One billion years ago.

The God King Yuanhe reached a deal with the Master of the Desert Academy.

He used a statue of the Supreme God to ask the Master of the Desert Academy to take action.

Enter the Taijin Mysterious Realm and help find traces of the two god kings Donghua and Duantian.

I hope that I can bring Donghua and Duantian out of the Lost Realm.

Now a billion years have passed.

The master of the Desert Academy has returned and sent Qi Feilong to Donghua Palace.

The results are naturally self-explanatory.

He did not find Donghua and Duantian in the Taijin Confused Realm.

Otherwise.

Now it is not Qi Feilong who is coming, but the two god kings Donghua and Duantian.

He returned to Donghua Palace.

Think of this.

King Yuanhe sighed, and then asked silently.

"Didn't the master, the old man, find the two palace masters?"

Qi Feilong nodded slightly.

He said helplessly.

"The terrain in the Taijin Mysterious Territory is really too complicated."

"There are countless foldable spaces of all kinds."

"Looking for two people in there is like looking for a needle in a haystack."

"Fortunately, there is not much danger in the Mysterious Territory itself."

"Presumably fellow Taoists Donghua and Duantian are still safe and sound."

"Maybe one day in the future, they will be able to come out unexpectedly."

"I hope so."

Although they failed to get the two palace masters back.

But there was no disappointment or sadness on King Yuanhe's face.

In fact, he had already been mentally prepared for this.

The reason why he chose to make this deal with the Desert Master was in the first place.

First, it is a statue of the Supreme God, which is of no use to Donghua Palace.

They have no one who can understand the Taoist charm in the statue.

This thing is of great value only to the Eternal Emperor.

For monks under the eternal realm.

It's just a decoration.

Even if they kept collecting it, it would be meaningless.

not to mention.

At that time, Donghua Palace was facing a crisis.

Tianyang Sect may launch a large-scale invasion at any time.

In the view of King Yuanhe.

If the Master of the Desert Academy can bring Donghua and Duantian out of the Taijin Confusion Realm.

That is naturally the best.

Even if no one can be found in the end, there is nothing you can do about it.

He originally wanted to use the Supreme God Statue to get closer to the Desert Academy.

In case Donghua Palace encounters a crisis in the future.

They can also rely on this relationship to lead the disciples of Donghua Palace to retreat to the eternal world of the desert.

Of course.

With Zhang Yuhe's strong rise.

Even the entire Tianyang Sect was swept directly into the garbage dump of history.

The crisis facing Donghua Palace has naturally been resolved long ago.

Regarding the search for the two palace masters Donghua and Duantian.

In fact, God King Yuanhe was no longer in a hurry.

Just as Qi Feilong said.

The terrain of Taijin Miyu is strange, and I want to find two people there.

That's all a matter of luck.

If you are not lucky.

Even if we search for hundreds of millions of years, we still have no chance of finding him.

Moreover, there is not much danger in the Taijin Confused Territory.

The strength of Donghua and Duantian is completely enough to deal with it.

Section 1098

Maybe one day in the future, they will be able to come out on their own.

In the view of King Yuanhe.

As long as the sect is safe.

As for when the two palace masters Donghua and Duantian will return, it is not too important.

Just think of these two people as traveling to distant places.

...

Chapter 773 Two Paths to the Supreme

Seeing King Yuanhe and Zhang Yuhe, they did not show any displeasure.

Qi Feilong couldn't help but let out a sigh of relief.

The current status of Donghua Palace is not comparable to that of the past.

If it were just an ordinary big force, they could ask the Master of the Desert Academy to take action.

It is already an extremely honorable thing.

Even if they get nothing in the end, no one dares to say a word "no".

After all, when we were trading.

The Master of the Desert Academy had already made an agreement with the Divine King Yuanhe.

He only needs to search for a billion years in the Taijin Realm.

As for whether he would be able to find someone in the end, he had no guarantee.

So in a strict sense.

The owner of the Desert Courtyard has completed the transaction and has not missed the promise.

Under normal circumstances.

After returning.

He only needs to send someone to inform Donghua Palace of the results.

However, this world has changed too fast.

After returning from outside the territory when he was the master of the Desert Academy.

Qi Feilong immediately reported in detail what happened recently.

Of course, the focus is on the destruction of the Bolin Religion.

Especially regarding the fact that Zhang Yuhe is suspected of controlling the avenue of time.

And single-handedly, he slashed Lu Yuan in his peak state with his sword.

In the end, the top eternal emperor was killed directly by the light of the sword.

Something so momentous has happened.

Qi Feilong naturally had to make a detailed report to the head of the Desert Academy.

to be honest.

After Qi Feilong reported.

The head of the Desert Academy simply didn't want to believe it.

Isn't this nonsense?

A god king cultivator, and one level above god king.

He can be beaten to death, an eternal emperor who has been practicing Taoism for many years.

Is this a joke?

It's simply impossible.

Absolutely impossible.

Until Qi Feilong took out the image stone.

When the war started.

He had already used a photo stone to record the entire process.

After seeing the picture on the image stone.

The master of the desert courtyard remained silent for a long time.

His knowledge is naturally not comparable to that of ordinary people.

Even in the long river outside the territory.

The strength of the Master of the Desert Academy can be regarded as a top-notch existence.

Except for those elusive and invincible supreme beings.

There are not many people who can defeat him steadily.

The Master of the Desert Academy has experienced endless years and witnessed the rise and fall of countless universes.

He didn't know how many talented people he had seen.

Yet he had never heard of it.

Someone can be like Zhang Yuhe.

When he was first promoted to the God King Realm, he was able to kill the Eternal Emperor.

This is almost impossible.

It's simply a myth.

If he were the Nine-Step God King, he would be a match for the Eternal Emperor.

He wouldn't be too surprised yet.

After all, the river is endless and contains countless chaotic universes.

In every universe, there will be various geniuses rising up.

Occasionally, individual characters who go against the will of heaven appear.

That's understandable.

But Zhang Yuhe is only one step into the God King realm.

This is so far apart from the Eternal Emperor.

Under such a huge gap in realm.

Zhang Yuhe was actually able to kill Lu Yuan, the top eternal emperor.

This is simply a myth.

Now the myth appears before our eyes.

How could Master Desert Hospital not be surprised by this.

Through careful inspection, the pictures on the stone are left.

He could clearly feel the various Dao rules mastered by Zhang Yuhe.

Especially the ethereal avenue of time shocked him even more.

The supreme rule of time.

This kind of rule has never appeared in the sea of chaos.

They were all understood and mastered by Zhang Yuhe.

Then Zhang Yuhe's future must be limitless.

According to the owner of Desert Hospital.

If the Eternal Emperor wants to be promoted to the Supreme Realm, there are two ways to go.

One way is to constantly comprehend new rules of the great road.

And reintegrate these rules into the world of its own evolution.

And finally achieve the world's leap.

However, this road is extremely difficult.

Because when the god-king unites with the Tao, the evolved world has already been finalized.

Even if you realize it later, no matter how many rules of the great road you follow, you will not be able to reintegrate into the world.

This is a big problem.

Except for those invincible supreme beings.

No one knows the solution anymore.

This is also the reason why the Master of the Desert Academy values the Supreme God Statue so much.

Because he wanted to understand Paulin Supreme through the Taoist rhyme in the statue.

How did the world of strength rise?

Although the owner of the desert courtyard also knows.

The chances of this are very slim.

Because it is impossible for Supreme Paulin to keep his most critical insights in the statue.

But even so.

Even if it's just a glimmer of hope.

The master of the desert courtyard will not let it go.

Except World Leap, this path.

The easiest way for the Eternal Emperor to break through to the Supreme Realm.

Section 1099

That is to understand the Supreme Way.

For example, time, space, life, death, etc., these are the supreme avenues.

As long as you can understand even one of the great rules.

Then the road to the Supreme is completely opened.

Even the master of the desert courtyard once heard a saying.

Only by comprehending the Supreme Way can one be truly invincible.

People like Pauline Supreme, who jumped through the world and embarked on the road to supremeness.

It can only be regarded as a pseudo-supreme, and it is the weakest existence among the supreme.

That is to say, in their area, the surrounding universes are not strong.

Only people like Paulin Supreme can dominate a party.

If placed in those areas, the avenues will flourish in long river areas.

That can only be regarded as average.

Now Zhang Yuhe, with just one step to the God King realm, has mastered the Avenue of Time.

Doesn't that mean.

someday in the future.

It is very possible that he will become an invincible supreme?

Become the first invincible supreme in the Sea of Chaos.

The true invincible supreme.

Although this is only a hope.

Zhang Yuhe still has a long way to go.

Can he make it to the end?

This is also something difficult to say.

But there is no doubt about it.

Zhang Yuhe is currently the most promising person in the Chaos Sea to become the Supreme.

Think of this.

At that time, the head of the Desert Academy was almost helpless.

I want to come to Donghua Palace in person and meet Zhang Yuhe.

But consider your own identity.

He finally gave up and asked Qi Feilong to make the trip on his behalf.

Before leaving.

The master of the Desert Hospital repeatedly confessed.

Qi Feilong must explain the matter clearly.

Don't let Zhang Yuhe misunderstand.

This is a big thick leg.

Just in case Zhang Yuhe thinks it.

It was because he was perfunctory that he didn't get Donghua and Duantian back.

This misunderstanding is huge.

Don't hug her with your thighs, but you will end up grudges in advance.

Wouldn't that be embarrassing.

Thinking of the instructions given by the Master of the Desert Hospital before leaving.

Qi Feilong took a slow breath and explained seriously.

"Brother Yinhe, fellow Taoist Yuanhe, and the master of the hospital have really tried their best."

"It's just that the Taijin Mysterious Realm is too strange, with all kinds of alien spaces layered on top of each other."

"And new spaces are being formed all the time."

"The master of the hospital searched for a billion years, and finally he had no choice but to return."

Seeing Qi Feilong explain again.

This made King Yuanhe next to him feel a little confused.

We already know the matter.

There is no need to explain anymore.

After all, everyone knows about Taijin Miyu.

And we don't mean to blame.

That was the original agreement.

The Master of the Desert Academy only needs a billion years to find it, and there is no guarantee of the result.

Seeing Qi Feilong's repeated explanation, King Yuanhe became a little confused.

Is there any explanation for this?

It's just a fair deal.

Do we, Donghua Palace, still dare to blame the head of the Desert Palace?

Just at this time.

King Yuanhe suddenly discovered it.

While Qi Feilong was explaining, he kept looking quietly towards Zhang Yuhe.

Because so far, Zhang Yuhe has not spoken.

Could it be that the Desert Courtyard is afraid of Zhang Yuhe?

So Qi Feilong has been waiting for Zhang Yuhe to speak?

Think of this.

King Yuanhe couldn't help but took a breath of cold air.

What on earth did Zhang Yuhe do to make the Desert Court so afraid?

Qi Feilong didn't dare to leave without him speaking.

I can only keep explaining.

...

Chapter 774 Do you still want the Supreme God Statue?

Seeing Qi Feilong acting so strangely.

King Yuanhe felt very puzzled.

It's just an ordinary transaction, even if it doesn't achieve the desired result in the end.

Is it necessary to be so entangled?

But Qi Feilong still kept explaining.

It was as if they were afraid that Donghua Palace might misunderstand them.

This is obviously very wrong.

What kind of existence is that in the Desert Courtyard?

That is the overlord of the entire realm.

It was already abnormal for Qi Feilong to come over in person to inform him of the results.

As the head of the Deacon Hall of the Desert Courtyard.

No matter where Qi Feilong goes, he is definitely a big shot.

How could he be allowed to do such errands and deliver messages?

The key is.

After Qi Feilong arrived, he continued to explain very carefully.

Is there any explanation for this?

Is Donghua Palace so prestigious?

Is it worthy of being so valued by the Desert Academy?

Until now.

King Yuanhe finally woke up.

Something big must have happened that he didn't know about.

And Zhang Yuhe must have shown great strength and played a great role.

Only in this way.

Only the Desert Academy pays so much attention to it.

Even God King Yuanhe felt a hint of awe from Qi Feilong's expression.

To be able to make Qi Feilong so awe-inspiring.

What did Zhang Yuhe do?

Could it be related to the alien evil god?

King Yuanhe thought silently in his heart.

Section 1100

At that time, Zhang Yuhe went out to assist Qi Feilong in investigating the traces of the evil gods from outside the domain.

He knew about this.

But later, Zhang Yuhe returned quietly.

Yuanhe God King did not know the result.

Zhang Yuhe did not tell him,

and he did not hear any news about the evil gods from outside the domain.

Before, Yuanhe God King thought.

Maybe Zhang Yuhe did not find those evil gods from outside the domain.

Or maybe the action changed.

The Desert Court did not make a plan to deal with the evil gods from outside the domain.

But now it seems.

It is estimated that those evil gods from outside the domain have been quietly wiped out.

And in this action.

Zhang Yuhe must have played a crucial role.

And showed extremely powerful strength.

If this is true.

Then now all this can be explained.

Although there are some guesses in my heart.

But guesses are not accurate.

Yuanhe God King opened his mouth slightly, and hesitated several times.

He really wanted to ask Zhang Yuhe what happened at the beginning.

But Qi Feilong is here now.

It is not convenient for him to ask.

What if there is some secret that he should not know, wouldn't it be very embarrassing?

Seeing Qi Feilong, he is still explaining.

Zhang Yuhe couldn't help but be speechless.

He knew.

Qi Feilong was waiting for him to speak up.

But the problem is.

He basically won't interfere in the affairs of Donghua Palace.

All the affairs in the sect are handled by Yuanhe God King.

He just stayed in Yitian Mansion alone, practicing quietly.

As a person who doesn't care about things.

Does he need to speak up about this?

And it doesn't seem to have much to do with him.

The person who found the head of the Desert Court to make a deal was also Yuanhe God King.

Since Yuanhe God King has no objection.

Isn't it over?

What else is there to say.

It's impossible for their Donghua Palace to have a hard time with the Desert Court because of this.

Of course.

Zhang Yuhe also knows.

It was probably because of the last time when he killed Lu Yuan.

He showed too much strength.

It made the Desert Academy feel cautious.

After all, the strong have their own dignity.

As the overlord in the realm.

The Desert Academy will naturally respect the opinions of every strong.

Especially when it comes to their own affairs.

Then it is even more necessary to explain in detail and try to make things clear.

So as not to cause unnecessary rifts between the two sides.

Zhang Yuhe couldn't help but sigh secretly.

He was really not used to this kind of scene where everyone had their own concerns.

Just make things clear, why go around in circles.

Thinking of this.

Zhang Yuhe looked at Qi Feilong and said with a smile.

"We all know what happened. Palace Master Qi is a little worried."

"I've troubled you to make this trip."

"Please express Donghua Palace's gratitude to the Dean Senior on our behalf."

"As for the two Palace Masters Donghua and Duantian being trapped in the Taijin Maze."

"Just treat it as a kind of training for them on the road of cultivation."

"When my strength improves a little in the future, I will go outside the domain."

"See if I can bring them back from the maze."

Hearing Zhang Yuhe's words.

Qi Feilong finally breathed a sigh of relief.

This is finally the end of the matter.

It's good that there is no blame.

To be honest.

Qi Feilong is now full of awe for Zhang Yuhe.

After all, this is a ruthless man who can kill the Eternal Emperor.

You know.

Even the Eternal ancestors of the Chaos Sea.

Few people have the experience of killing the same level of Eternal Realm.

In other words.

Now Zhang Yuhe is completely standing at the top of the entire Chaos Sea.

He may be even stronger than many Eternal Emperors.

Facing such a person.

How could he not be in awe?

As for Zhang Yuhe's plan to go to Taijin Maze in person in the future to find the two God Kings Donghua and Duantian.

Qi Feilong did not find it strange.

Although for normal God King cultivators, entering Taijin Maze is tantamount to seeking death.

It is difficult to get out after entering.

Only those Eternal Emperors can locate themselves through the world evolved by themselves.

They can find the way back from the layers of space.

Although Zhang Yuhe is still far away from the Eternal Realm.

He has not evolved his own world.

But he has many clones.

Zhang Yuhe only needs to send one clone to enter Taijin Maze.

And there is no need to worry that the clone will get lost.

Because there must be a certain induction between the clone and the original body.

Even if there are countless layers of space, they can still sense each other.

Zhang Yuhe's clone, after entering Taijin Maze.

We can definitely return safely.

Qi Feilong was sure of this.

After talking about the matter.

The three of them chatted happily in the hall, and the atmosphere was peaceful.

Zhang Yuhe picked up the wine glass and took a sip.

After putting down the wine glass.

He asked Qi Feilong tentatively.
