

# TOP TALENT, GAME UPGRADE

## Section 11

Liu Yihe did not refuse directly. To put it bluntly, he just wanted to bargain.

Empty words are useless. It is not that easy to get rid of him with a big reward. He must see real benefits.

Moreover, Liu Yihe specifically pointed out that the murderer had been running for a long time, so he should hurry up to make an offer.

Otherwise, he might not be able to catch up.

As for whether this would offend Wu Wei, Liu Yihe did not care at all.

He and the Wu family were at most a cooperative relationship, and he did not have to look at Wu Wei's face.

With his cultivation in the middle stage of foundation building, he could go anywhere in the world, and he did not necessarily have to stay in the Wu family.

...

### Chapter 10 Yunzhong City

Wu Wei clenched his fists and silently looked at the body of his youngest son that was split in half on the ground.

He had already heard the hidden meaning of Liu Yihe's words. He just wanted to take this opportunity to get a big benefit.

Moreover, he had long known what Liu Yihe needed, but he was unwilling to give it.

However, now that his youngest son has been killed, he is willing to pay any price to find the murderer.

Thinking of this, Wu Wei spoke.

"Brother Liu, I heard that you have a grandson with a sixth-grade fire spirit root. You have always wanted to find a suitable fire-related technique for him. This time, as long as you help me find the murderer who killed Tianyi, I can take the initiative to give the Wu family's Chiyang Heart Sutra to your grandson to practice."

"Is this true?"

Hearing this, Liu Yihe couldn't help but confirm excitedly.

Chiyang Heart Sutra is a Xuan-level lower-grade fire-attribute technique, and it is also the clan-protecting technique of the Wu family in Feiyun City.

Not to mention an outsider, even ordinary Wu family members are not qualified to practice.

Although Liu Yihe is a worshiper in the Wu family, he is not alone. He also has family members.

One of the six-year-old grandsons was detected with a sixth-grade fire spirit root earlier.

After that, he has been looking for a suitable fire-related technique for his grandson.

The Wu family's Red Flame Heart Sutra, as a Xuan-level technique that directly points to the Yuanying Avenue, is obviously very suitable.

He had asked Wu Wei about this matter in a roundabout way before, but he was always perfunctory.

No matter how much he was willing to pay, Wu Wei had no intention of passing on the Red Flame Heart Sutra.

If it weren't for Wu Tianyi's sudden death this time, Wu Wei would definitely not let go.

"Of course I take it seriously, but your grandson needs to sign a contract with the Wu family."

"No problem."

Signing a contract is normal, Liu Yihe didn't care about these, as long as his grandson was successful in cultivation, how could a contract restrict him.

And he can live for another few decades, at least he can support his grandson to successfully build his foundation.

As long as his grandson successfully builds his foundation, the rest of the road depends on him.

So Liu Yihe agreed.

After the two continued to discuss some specific details, Wu Wei bowed and said.

"Brother Liu, please, we must find the murderer."

"Master, please rest assured. I can track the murderer's whereabouts in two hours at most."

Liu Yihe was very happy that his wish had been fulfilled. He even showed more respect to Wu Wei in his words.

As for whether he could find the murderer, he was not worried.

To be honest, although the murderer's actions were clean and neat, there were not many traces left at the scene.

But this murderer was obviously a novice. After killing, he did not destroy the body or do any follow-up.

Although Wu Tianyi died, and died unwillingly, the resentment before his death was still lingering nearby. The murderer did not dispel this resentment before leaving.

Following this resentment and using some special means, he was confident that he could find the whereabouts of the murderer.

If you take someone's money, you will naturally work hard, not to mention that the benefits have not yet been obtained.

Liu Yihe took out a small flag from the storage ring and laid it around.

Then he took out a pitch-black array plate and carefully placed it at the place where Wu Tianyi fell.

Wu Wei, who was standing aside, roughly understood some of it, and he couldn't help but exclaimed in amazement.

"Ten Thousand Miles Chasing Soul Technique? Brother Liu is really good at it. He actually knows this unpopular technique."

"It's a small trick, not worth mentioning. Next, please ask the head of the family to protect me. When you cast the Ten Thousand Miles Chasing Soul Technique, you must not be disturbed by anyone."

After Liu Yihe finished speaking, he sat cross-legged and pinched the magic formula with his hands.

"Brother Liu, please feel free to cast the spell. I will not let anyone disturb you with me here."

Wu Wei flew into the air, and his consciousness spread around to monitor every move around.

At this time, Zhang Yuhe was happily flying towards Yunzhong City, not knowing that the Wu family would be able to track his movements immediately.

This is also normal. There are countless strange methods in the world of cultivating immortals.

Don't say that he is just a semi-illiterate cultivator. Even if he has been cultivating for thousands of years, he doesn't know everything.

While flying, Zhang Yuhe took out the map jade slip from time to time to compare and check.

Time passed slowly, and Yunzhong City was not far away.

...

Liu Yihe sat cross-legged on the ground, with a pile of spirit stones beside him. As his fingers kept pinching the spell, the spirit stones were consumed quickly, and his face became paler and paler.

Although the Wanli Chasing Soul Technique has a miraculous tracking effect, it also consumes a lot of energy.

With his mid-stage foundation building cultivation, it was really a bit difficult to force this spell.

And activating the Wanli Chasing Soul Technique would cause great damage to him, and it would probably take a long time to recuperate.

If it weren't for the Red Flame Heart Technique, he wouldn't work so hard.

...

Suddenly, Liu Yihe spat out a mouthful of blood and shouted loudly.

"Chasing the soul, hurry..."

As soon as the voice fell, a few spots of light slowly flashed, and then gradually gathered together, forming a picture of a monk flying on a sword.

And the person in the picture was Zhang Yuhe.

Seeing the trace of the murderer, Wu Wei fell from the air and asked with a frown.

"That's the direction of Yunzhong City."

"Yes."

Liu Yihe answered helplessly.

As the capital city, Yunzhong City has disciples of Daosheng Sect sitting in it. Once the murderer enters Yunzhong City, they can't do it.

The most important thing is that the murderer is very close to Yunzhong City at this time. Even if they are fast, it is impossible to intercept him before he enters the city.

Liu Yihe wanted to back down a little. He didn't have the courage to do it under the eyes of the disciples of Daosheng Sect.

However, he wanted to back down, but Wu Wei didn't. He only wanted to avenge his son now.

Wu Wei waved his hand and said to Liu Yihe.

"Let's go to Yunzhong City."

"Master, do you want to do it in Yunzhong City?"

When Liu Yihe heard that Wu Wei wanted to chase him, he couldn't help but asked in surprise.

"Of course we don't dare to do it in Yunzhong City. As long as we go there and stare at the murderer, we don't believe he won't leave the city."

Wu Wei made up his mind. He would stay in Yunzhong City and didn't believe the murderer could stay in the city.

No action is allowed in the city, but there are no restrictions outside the city. As long as the murderer leaves the city, he can avenge his son.

But he has to bring Liu Yihe with him. After all, he is not good at tracking people and needs Liu Yihe's help.

The Red Flame Heart Sutra of their Wu family is not so easy to get. How can Liu Yihe not work hard?

"Okay, then I will accompany the master."

Since Wu Wei insisted, Liu Yihe had no objection. As long as he didn't do it in Yunzhong City, it would be fine to go there and take a look.

And Wu Wei was right. The murderer might not know that he was locked, and it was really unlikely that he would stay in the city.

The two released their flying swords and flew quickly towards Yunzhong City.

...

At this time, Zhang Yuhe had already flown out of the mountains and forests, and a huge city appeared in front of him.

The walls of the huge city were hundreds of meters high, and the edge of the city was endless.

"It's really spectacular. It's hard to imagine how such a large city was built."

Looking at the huge city in front of him, he couldn't help but sigh that the Xiuxian civilization was indeed magnificent.

Thinking of this, he couldn't help but be full of expectations for the future.

"Let's go into the city first."

Zhang Yuhe flew quickly towards the huge city. From time to time, there were cultivators flying by on swords, and then landing hundreds of meters away from the city.

In the Yufantian world, there are forbidden air formations in the prefecture and state-level cities. Unless the strength reaches a certain level, flying is prohibited.

If you want to enter the city, you can only walk over.
