Section 1101

"Master Qi, do you still want those supreme statues?"

Hear this.

Qi Feilong was a little stunned.

What does this mean?

When the Bolin Cult was annihilated, a total of four statues of the Supreme God were captured.

He has already handed it over to the Master of the Desert Academy.

Could it be that Zhang Yuhe has other statues of the Supreme God in his hands?

wrong.

It does seem possible.

They destroyed a total of four Boleyn cult altars.

But that doesn't mean.

The Bolin Cult has only these four sub-altars in Desert Sky.

There must be other sub-forums.

It's just that they didn't have it at first, so they continued to look for it.

Could it be that Zhang Yuhe himself secretly wiped out a group of Bolin branches later.

So he might have more statues of the Supreme God in his hands?

Think of this.

Qi Feilong responded excitedly.

"Of course, the master of the hospital attaches great importance to those supreme statues."

"Does Brother Yinhe have other statues of the Supreme God in his hands?"

"As long as Brother Yinhe is willing to exchange it, if you need anything in exchange, please feel free to ask."

"As long as we have something in the desert courtyard, we will not let Brother Yinhe down."

"Whether it's a sacred artifact, a martial art book, or a precious cultivation resource."

"As long as the galaxy needs it, everything can be exchanged."

...

Chapter 775: Flattered

When Zhang Yuhe asked if he still needed the statue of the Supreme God.

Qi Feilong was simply ecstatic.

want.

Of course I do.

For every eternal emperor.

This kind of statue containing the supreme Taoist charm is a rare treasure.

After he handed over the four captured statues to the owner of the Desert Academy.

The excited look on the face of the Desert Master was completely unconcealed.

In order to obtain more supreme statues.

The master of the desert courtyard even gave the order himself.

Let the many god kings in the Deacon Hall go out together again to sweep the entire realm.

Unfortunately.

Zhang Yuhe is not here.

They have been busy for many years, but they have achieved nothing.

Not to mention the statue of the Supreme God, or the branch altar of the Pauline Cult.

They haven't even found the shadow of a foreign evil god.

It was as if all the extraterritorial evil gods in the entire desert sky had disappeared out of thin air.

It is naturally impossible for Qi Feilong and others to find the evil god from outside the territory.

the reason is simple.

Zhang Yuhe had already wiped out all those evil gods from outside the territory.

After returning to Donghua Palace.

He immediately arranged for his clones to be dispatched.

Each of the nine clones manages one.

Probably less than 200,000 years.

He wiped out all the extraterritorial evil gods in the Desert Heaven Realm.

Because Zhang Yuhe acted alone, those evil gods from outside the territory.

Usually the altars are arranged in some remote locations.

So many years have passed.

No one knows.

He had already wiped out all the extraterritorial evil gods in the entire Desert Heaven Realm.

through this raid.

Zhang Yuhe was found, and the Twelve Bolin Teachings were divided into altars.

All twelve supreme statues were captured intact.

Zhang Yuhe held these statues, but they were of little use.

He once tried to understand the Taoist charm in the statue.

However, there was not much gain.

The Taoist Rhythm in the Idol.

Zhang Yuhe can indeed understand something.

But he felt.

These things don't seem to have much effect on him.

Zhang Yuhe still plans to stick to his own path.

These supreme statues of gods may be precious treasures in the eyes of others.

But in Zhang Yuhe's view.

This stuff is simply poisonous.

If you feel it for too long.

If not, it might even affect your future path.

Better to take it out and sell it.

Just treat it as waste.

It just so happened that Qi Feilong was visiting this time.

Zhang Yuhe was thinking about it.

Can you sell one or two more statues to Desert Court in exchange for some precious resources that Donghua Palace needs?

As for the remaining statues.

Wait until he goes outside the territory in the future.

Let's see if we can get it from other Eternal Emperors.

In exchange for some resources you need.

After listening to Qi Feilong's words.

Zhang Yuhe nodded lightly.

I saw him wave his right hand.

A tall statue appeared out of thin air in the hall.

Feel the faint radiance emanating from the statue.

Qi Feilong asked excitedly.

"Brother Yinhe, I wonder what I need to exchange for this supreme statue?"

Zhang Yuhe pondered for a while.

Then he slowly asked.

"The flower of the gods, I want to use this statue of the Supreme God in exchange for a flower of the gods."

Hear what he said.

Not only Qi Feilong was stunned.

Even the God King Yuanhe next to him felt very puzzled.

He asked slightly confused.

"Why do you want the spirit flower?"

"Except for resolving the God King's bottleneck, this thing has no other uses."

Zhang Yuhe responded with a smile.

"I really don't need it, but Senior Brother Duan just needs it."

Section 1102

"Senior Brother Duan has long comprehended the power of rules and reached the realm of great achievements, and his cultivation has already reached the perfection of the True God."

"Perhaps with the help of the Divine Flower, he can take this crucial step."

King Yuanhe sighed.

He spoke silently.

"Yes, Changqing really needs the spirit flower urgently."

"It's just that this thing is too precious."

Zhang Yuhe waved his hand and said calmly.

"It doesn't matter, if it weren't for Senior Brother Duan who introduced me to the profession."

"I still don't know where I am wandering."

"I've always kept this in mind."

"Now that I have some strength, it's time for me to reward myself."

"And currently, there are only two of us sitting in Donghua Palace."

"The strength is too weak."

"We really need some talents to grow up among the younger generations."

Hear this.

King Yuanhe nodded slightly.

Nothing more was said.

The things belong to Zhang Yuhe himself.

Give it to whomever you are willing to give it.

He was just a little emotional.

Zhang Yuhe is really atmospheric.

Such a precious statue of the supreme god was only given to Duan Changqing in exchange for a god flower.

He asked himself that he could not achieve such a noble spirit.

After hearing the conditions offered by Zhang Yuhe.

Qi Feilong had almost no hesitation.

He immediately responded excitedly.

"Yes, there is a stock of divine flowers in the desert courtyard."

"I'll have it delivered right away."

The spirit flower is indeed very precious.

Every god flower has a high chance of creating a supreme god king.

Their desert courtyard does not have much stock of such precious treasures.

But compared to the Supreme God Statue.

The Divine Flower is far behind.

After all, the idol is something that the Eternal Emperor cherishes.

Any item that is useful to the Eternal Emperor is of immeasurable value.

No haggling.

A deal was quickly struck.

I just want to wait for the Goddess Flower to be delivered from the Desert Courtyard.

They can take away the statue in the hall.

Qi Feilong took out the token and issued a summons.

He turned to look at Zhang Yuhe beside him and asked with a somewhat eager expression.

"Brother Yinhe, I wonder if you have any extra statues of the Supreme God on your hands."

"Just now our master, the master of the courtyard, spoke in person."

"As long as you can provide more statues of the Supreme God."

"Da Mo Yuan is willing to acquire it at any cost."

"Whatever items you need, we're willing to exchange them."

"If the Desert Courtyard doesn't have it, we can look for it outside the territory."

Seeing the eager look of True God Qi Feilong.

Zhang Yuhe pondered for a while.

Then he took out a statue again.

He spoke slowly.

"I don't have much demand for ordinary items."

"For me, cultivation relies more on myself."

"Well, I want to exchange this statue for access to the classics collected by your sect."

"I don't have to look at those unique skills."

"I only need to check those ordinary books."

"Brother Yinhe, please wait a moment."

Upon hearing Zhang Yuhe's needs, Qi Feilong didn't dare to neglect them at all.

He took out the token again and cast a spell.

After a while.

Qi Feilong said solemnly to Zhang Yuhe.

"The master of the courtyard has already sent the message."

"The Dao Zang Hall of the Desert Courtyard will be completely open to you."

"You can view all the classics collected in it at any time."

Hear this.

Zhang Yuhe was completely stunned.

Is the Master of the Desert Academy so generous?

Originally he was just thinking about it.

Use a statue of the Supreme God in exchange for a chance to enter the Daozang Hall of the Desert Courtyard.

If he wants to understand more rules of the avenue, he needs to consult a large number of classics.

Although the Donghua Palace Daozang Hall has a large enough collection of classics.

Especially after he told King Yuanhe last time.

King Yuanhe made a special trip to Wanfa Tower and purchased a large number of classics.

Moreover, he also asked his disciples to continuously collect classics from various places.

despite this.

The collection of Donghua Palace is far from comparable to that of Desert Courtyard.

It's not even as good as the emergency situation in Desert Courtyard.

The Desert Courtyard has a long heritage.

It can even be traced back to the time when the Chaos Sea, Heaven and Earth first opened.

in these long years.

In the Taoist Hall of the Desert Academy, there are so many various classics accumulated that they have already been counted.

If you could read through all the classics in the Taoist Hall of the Desert Courtyard.

Zhang Yuhe believes it.

He must be able to understand countless rules of the great road.

This will have a great effect on his future eternity.

But what Zhang Yuhe didn't expect was.

How could the Master of the Desert Academy be so generous?

Not only agreed to this exchange.

He even opened the Daozang Palace to him completely.

Even the unique skills of the Desert Academy can be checked by him.

Zhang Yuhe couldn't help but feel a little flattered.

He looked at Qi Feilong beside him and said solemnly.

"Master Qi, please be sure to say hello to the senior master on my behalf."

"If I have free time in the future, I will definitely visit the Desert Courtyard."

...

Chapter 776: Being born in Donghua Palace is our greatest opportunity

A deal was quickly struck.

Zhang Yuhe exchanged two supreme statues for a sacred flower.

In addition, he was given the status of a guest official at the Desert Academy.

Section 1103

After having this identity.

He can be like a normal disciple of Desert Academy.

There is no obstruction in the Desert Courtyard.

Of course.

Zhang Yuhe's status as a guest minister was just to consult the Taoist canon of Damoyuan.

There is no need for him to bear any responsibility.

If something happens to the Desert Courtyard, he needs to be asked to take action.

Then you have to renegotiate and pay extra.

After a while.

Wu Yuheng passed through the super teleportation array and quickly arrived at Donghua Palace.

He brought two items of trade.

An exquisite jade box contains precious divine flowers.

The other piece is an identity token.

Zhang Yuhe took two things.

He first put the jade box next to him, then picked up the token and took a quick look.

I saw that on the front of the token, there were several vigorous and powerful characters engraved on it, "Da Mo Keqing. Zhang Yuhe".

On the back of the token, a vast world is carved.

Look at the token in your hand.

Zhang Yuhe nodded with satisfaction.

With this thing.

From now on, he can enter the Desert Courtyard at any time and check the classics in the Daozang Hall.

The deal is done.

Qi Feilong and Wu Yuheng left Donghua Palace happily with the two statues.

After sending Qi Feilong away.

Zhang Yuhe and Divine King Yuanhe stood quietly outside the main hall.

After a long time.

King Yuanhe finally asked the doubts he had suppressed in his heart.

"What on earth are you doing?"

"Why do I always feel that when Qi Feilong faces you, he feels a sense of deep awe."

Zhang Yuhe responded lightly.

"It's nothing."

"It's the Eternal Realm that killed a Bolin Holy Realm last time when we were sweeping out the evil gods outside the territory."

"It's not a big deal."

"Eternal Realm!"

King Yuanhe couldn't help but exclaimed.

His voice instantly rose eight pitches.

How is this possible?

Has Zhang Yuhe's strength reached such a terrifying level now?

Can even the Eternal Emperor be killed?

Isn't this too exaggerated?

No wonder Qi Feilong's behavior just now seemed so weird.

Facing a ruthless man who can beat the Eternal Emperor to death.

Who dares not to have a sense of awe?

King Yuanhe took a deep breath and didn't speak for a long time.

Because at this time, he didn't know what to say.

Zhang Yuhe is powerful.

For the entire Donghua Palace, it is naturally a supreme honor.

But now he can even beat the Eternal Emperor to death.

This made Yuan and God King instantly feel a sense of distance.

He could no longer talk to Zhang Yuhe as easily as before.

Mrs. Gap.

Both of them are not on the same level.

This made him unable to let go at all.

King Yuanhe even quietly took two steps back and opened up half his body.

Although they are in Donghua Palace, they are also the palace masters of the God King Realm.

In the case of Donghua Divine King, there is no return.

They can freely make decisions on all matters within the sect.

But now God King Yuanhe consciously pulled away half of his body.

There is a sense that Zhang Yuhe is the main one.

I dare not sit on an equal footing with him.

Zhang Yuhe could naturally see the little thoughts of God King Yuanhe.

But he didn't care.

Donghua Palace is very good.

As for who is in charge, it doesn't matter.

As long as it doesn't affect his practice.

He had no intention of taking care of the affairs within the sect.

The two stood quietly for a while outside the main hall.

Zhang Yuhe took out a jade box and handed it to King Yuanhe behind him.

He smiled and spoke.

"I'm going back to practice first."

"Give this to Senior Brother Duan and hope that he can achieve enlightenment as soon as possible."

After saying this.

He left quietly.

Looking at the direction in which Zhang Yuhe disappeared, God King Yuanhe remained silent for a long time.

Originally he thought.

With Zhang Yuhe in Donghua Palace, sooner or later, he will be able to develop and rise.

Become the top force in the sea of chaos.

What he didn't expect was.

This day will come so quickly.

It came so suddenly.

Yes.

In the view of King Yuanhe.

The current Donghua Palace is undoubtedly one of the top forces in the Chaos Sea.

It is an existence comparable to the Desert Courtyard.

Although the territory controlled by Donghua Palace is not too large now.

There are not many disciples in the sect.

But now there is Zhang Yuhe in Donghua Palace.

With this ruthless man who can kill the Eternal Emperor sitting in charge, no one can suppress them anymore.

After all, the entire Chaos Sea originally respected the Eternal Emperor.

If Zhang Yuhe can beat the Eternal Emperor to death, he will undoubtedly defeat Donghua Palace.

Taken to a new level.

Think of this.

King Yuanhe couldn't help but feel a little excited.

He took a deep breath.

He looked down at the jade box in his hand.

He muttered to himself.

"The strength of the Donghua Palace disciples is indeed too weak."

"How can such a weak sect be worthy of having a peerless figure like Zhang Yuhe sitting in charge?"

"Now it is indeed time to try to let the disciples in the sect improve their strength as much as possible."

"With this divine flower, I hope Changqing can succeed."

Section 1104

Divine King Yuanhe took out the jade talisman and quickly cast a spell.

He said calmly.

"Changqing, come here."

"Yes, Palace Master."

After a while.

Duan Changqing came to Yuanhe Hall.

He shouted respectfully towards King Yuanhe.

"Disciple Duan Changqing, meet the Palace Master."

God King Yuanhe smiled slightly and handed over the jade box in his hand.

Then he said with emotion.

"This is what the Lord of Galaxy Palace has prepared for you."

"You must grasp it well and strive to take that crucial step."

Hear this.

Duan Changqing couldn't help but look slightly stunned.

Why would Zhang Yuhe prepare something for him?

What have you prepared?

Why do the words of Yuan He Shenwang feel a bit strange?

Duan Changqing took the jade box doubtfully, and then slowly opened it.

After seeing the items inside.

He couldn't help but exclaim loudly.

"Is this a divine flower?"

I saw only one emerald green flower lying quietly in the jade box.

The endless mysterious Taoist rhyme slowly rises on the surface of the flower.

This small flower seems to contain an endless world.

All kinds of mysterious atmospheres.

When people take one look at it, they can't help but feel a little intoxicated.

Duan Changqing recognized it immediately.

This is the spirit flower.

He has read the records of the God Flower countless times in the classics.

Ever since the Sky-Splitting Rules were advanced to the realm of Dacheng.

He had thought about this top-notch realm-breaking treasure many times.

Unfortunately.

Duan Changqing knows.

With his own strength, he would never be able to obtain such a precious treasure.

Originally, Duan Changqing was still thinking about it.

Can you wait for Donghua Divine King to find a divine flower from the long river outside the territory?

The God King of Donghua is powerful.

Maybe if you have the ability, you can find the divine flower in the river.

Or trade with other monks to get the God Flower.

It's just that now Donghua God King himself is trapped in the Taijin Confusion Realm.

Whether he can come back or not is a matter for two people.

Naturally it is impossible.

Don't send any items to Donghua Palace anymore.

Duan Changqing's way of obtaining the God Flower has almost been completely cut off.

He didn't expect the surprise to come so suddenly.

Zhang Yuhe actually prepared such a precious thing for him.

Duan Changqing looked excited and didn't know what to say for a moment.

King Yuanhe looked into the distance and spoke slowly.

"Just work hard."

"Being born in this era and in Donghua Palace is our greatest opportunity."

"With the Lord of Galaxy Palace here, maybe the God King Realm will no longer be our destination."

"Maybe one day in the future, we will have the opportunity to see a wider world."

...

Chapter 777 Do you want to go back to the fairy world together?

Duan Changqing always felt that King Yuanhe was a little strange today.

King Yuanhe seemed very excited and seemed to have a lot of emotions.

This made Duan Changqing feel a little baffled.

Did something big happen recently?

And it should be a good thing.

Otherwise.

Even God King Yuanhe would not say such a thing.

What is called.

Being born in this era and in Donghua Palace is their greatest opportunity?

Why does Duan Changqing not understand this?

He has stayed in Donghua Palace for so many years, but he has never felt this way.

Not always.

Did you find a treasure in Donghua Palace recently?

wrong.

Duan Changqing seemed to have remembered something.

He looked down at the jade box in his hand.

Where did Zhang Yuhe get this divine flower?

As far as he knows.

Zhang Yuhe has been practicing in Donghua Palace and has not been out recently.

How could it be possible to obtain such a precious boundary-breaking treasure?

Even Zhang Yuhe is very lucky.

You can pick up money when you go out.

That's impossible, you can pick up the divine flower.

There is no such thing in the Sea of Chaos.

Only certain special dangerous places and secret realms in the long rivers outside the territory will produce divine flowers.

Could it be that Zhang Yuhe recently took a trip to a foreign country?

Never heard of it.

Seeing Duan Changqing, he looked puzzled.

King Yuanhe said with a smile.

"Don't think about anything now."

"The most important thing for you is to break through to the God King Realm as soon as possible."

Duan Changqing nodded.

He didn't ask further.

Asking too many questions about things he shouldn't know will only increase his troubles.

Although in Donghua Palace, among the disciples of the True God.

Duan Changqing is an absolute leader.

Even if you look at the entire Desert Heaven Realm.

There are countless True God cultivators who are stronger than him.

But after all, he is still in the true god realm.

There is an insurmountable gap between the true God and the God-King.

Duan Changqing thought.

Since King Yuanhe didn't elaborate.

That probably has something to do with the God King monk.

Maybe it was Zhang Yuhe, the powerful God King monk who was beaten to death recently.

Duan Changqing could only think of this step.

Section 1105

As for saying.

Zhang Yuhe beat the Eternal Emperor to death?

He didn't even think about it.

No matter how big his brain is.

I don't dare to make such a guess.

Duan Changqing picked up the jade box and saluted God King Yuanhe.

Then he turned and left.

Now there is a god flower.

He can then start preparing to break through to the God King Realm.

even though.

There is no 100% guarantee that the God Flower will be able to help him break through the bottleneck of the God King.

According to the classic records.

The cultivator of the True God Perfection was attacking the bottleneck of the God King.

If there is the assistance of the Divine Flower, the breakthrough probability can be increased to about 10%.

It doesn't sound like it has much effect.

But don't underestimate the improvement effect of this 10%.

most of the time.

Maybe it's just a little bit off.

Duan Changqing originally had a certain degree of confidence.

But he still wanted to continue polishing it for a while.

When he has accumulated enough, he can no longer improve.

Then start preparing to break through to the God King Realm.

Now there are gods and flowers to help.

Then there is no need to wait any longer.

You can definitely try to break through.

"We will definitely succeed this time."

Duan Changqing clenched the jade box in his hand, muttering silently to himself.

...

Bibo Lake, Yitianfu.

Zhang Yuhe stood next to the Enlightenment Tree, looking up into the distance.

During these hundreds of millions of years.

His cultivation progress is not too great.

We have just reached the second-step God King level.

The cultivation of the God King Realm is really too slow.

Zhang Yuhe was a little skeptical.

If you follow the steps step by step and continue to practice like this.

If he wants to break through to the Nine-Step God King Realm, it will probably take him two to three tens of billions of years.

Maybe even longer.

Compared to other monks.

In fact, this speed is already extremely fast.

Let alone the God King Realm.

Even other monks are in the true god realm.

Every time you break through a small realm, it may take tens to hundreds of billions of time.

And it may not be successful.

Zhang Yuhe only needs two to three tens of billions of years to reach the nine-step god king level.

It's a bit scary to say it.

But for hundreds of millions of years.

Although Zhang Yuhe's cultivation has not made much progress.

But in terms of understanding the rules, he has made huge progress.

With the collection of ancient books in the Taoist Hall of Donghua Palace, more and more books have been collected.

Zhang Yuhe specially arranged a clone to stay in the Daozang Hall all year round.

While reading the classics, I silently comprehended.

Unconsciously.

Now he has understood and mastered more than a hundred rules.

Three thousand avenues.

He has mastered one-thirtieth.

for such results.

Zhang Yuhe was very satisfied.

Accumulate slowly over time.

Zhang Yuhe is confident.

Sooner or later, he will be able to master all the great rules needed to structure the universe.

All understood.

Wait until then.

He can begin to unite with Tao and eternity and evolve his own universe.

Zhang Yuhe stood there for a long time.

Suddenly he looked at the Enlightenment Tree in front of him, smiled and asked.

"Yiyi, I plan to go back to the fairy world. Do you want to go with me?"

The small purple trees swayed gently.

A beautiful figure quickly appeared from the small tree.

Wu Yiyi appeared.

She happily ran to Zhang Yuhe and shouted excitedly.

"Of course I want to go."

"This girl has stayed in the Immortal Realm for countless years, even longer than in the Sea of Chaos."

"That's my second hometown. Of course I have to go back and visit."

Hear this.

Zhang Yuhe smiled slightly.

When she was in the fairy world, Wu Yiyi was extremely boring.

She was thinking about escaping from the fairy world as soon as possible all the time.

I can't believe that so many years have passed.

Wu Yiyi actually regarded the fairy world as her second hometown.

This change of thinking is indeed a bit too fast.

But that's fine too.

Everyone goes back together, which makes it more lively.

Think of this.

Zhang Yuhe said with a smile.

"Then let's go back together."

"When I call Li Tianxing and An Tianzuo, we will find a way back to the fairy world."

"Great."

Wu Yiyi jumped up with joy.

The long years of cultivation are really boring.

She had long wanted to go out for a walk.

But Wu Yiyi also knew that she had a special status.

If there is no Zhang Yuhe with him.

She can't go anywhere alone.

The last time I went to Beiyuan Territory, there was such a big mess.

In order not to cause trouble to Zhang Yuhe.

Wu Yiyi has been suppressing her restless mind.

Stay in Yitian Mansion to practice honestly.

Now I can finally go out.

And still return to the fairy world.

Section 1106

There would definitely be no one there who would dare to cause trouble for her.

The small purple tree swayed slightly for a few times, and then turned into a stream of light.

It turned into a purple ring and was quietly worn on Zhang Yuhe's left hand.

Zhang Yuhe took out the token.

After playing the magic formula.

Then he waited quietly.

Since we are returning to the fairy world.

Of course he had to ask Li Tianxing and An Tianzuo first.

If these two people also want to go back and have a look.

Then take it with you.

As old friends who came out of the fairy world together.

Zhang Yuhe has not forgotten them.

In fact.

Except for An Tianzuo and Li Tianxing.

The other people who came out of the fairy world together.

Zhang Yuhe had also sensed it when he was sweeping away the evil gods outside the territory.

But he didn't take the initiative to show up.

He will try his best to accommodate old friends who want to come to Donghua Palace.

If no one comes to your door.

Naturally, Zhang Yuhe would not deliberately seek to win over him.

Totally unnecessary.

Cultivation pays attention to the word "fate".

If we are destined, we will naturally meet again.

And tell the truth.

The friendship between Zhang Yuhe and other people is not that deep.

Especially those Taoist ancestors of the demon clan, who had basically no close contact with him.

Let everything take its course.

...

Chapter 778 You must open it up, right?

Zhang Yuhe stood quietly in the front yard of Yitian Mansion.

He reached out and gently touched the purple ring on his left hand.

After a while.

Two streaks of light passed quickly in the distance.

Li Tianxing and An Tianzuo appeared.

both shouted in unison.

"Greetings, senior."

Zhang Yuhe nodded lightly.

Li Tianxing asked excitedly.

"Senior Zhang, do you plan to return to the immortal world?"

Zhang Yuhe looked into the distance and said leisurely.

"yes."

"It has been more than a billion years since we left the fairy world."

"I haven't been back for so many years, and I don't know if the children of my old friends are still well now."

"So I plan to go back and have a look."

Li Tianxing hesitated for a while, and then asked hesitantly.

"But the entrance to the fairyland is so erratic that it's impossible to find it."

"We wanted to go back and have a look back then, but we couldn't find the way at all."

"Senior, can you find the passage back to the fairy world?"

Hear this.

Zhang Yuhe smiled slightly.

He said calmly.

"Do not worry."

"Even if I can't find the original road, I can still reopen a passage back."

Li Tianxing opened his mouth, not knowing what to say.

Are all the Supreme God Kings so fierce?

Able to forcibly open a road to the fairy world.

It feels impossible.

Although I have some doubts in my heart.

But Li Tianxing didn't ask again.

he knows.

Zhang Yuhe's current magical powers are beyond his imagination.

Maybe Zhang Yuhe really has a way.

"Let's go."

Zhang Yuhe made a stroke with his right hand.

A particle vortex the size of half an acre slowly appeared in the void.

Neither Li Tianxing nor An Tianzuo hesitated at all.

They quickly jumped into the vortex and quickly disappeared.

Zhang Yuhe also took a step forward.

His figure soon appeared in a desolate void.

This is where Zhang Yuhe came to the Sea of Chaos for the first time.

it's here.

They can clearly sense the familiar atmosphere of the fairy world.

Unfortunately.

There are layers of void barriers between the fairy world and the sea of chaos.

If there is no special channel.

Even if he knew that the fairy world was not far away.

They can't get through either.

Li Tianxing and An Tianzuo felt silently for a while.

However, they found no sign of a passage nearby.

This made them feel a little confused.

Why did Zhang Yuhe bring them here?

There is no passage here, how can they return to the fairyland.

Zhang Yuhe closed his eyes slightly and silently sensed the location of the fairy world.

Regarding the passage back to the fairy world, he was too lazy to look for it.

The passages connecting the primitive world to the Sea of Chaos are all uncertain.

Maybe I just sensed the location of the passage.

By the time they run over, the passage may have disappeared.

When we first wiped out the evil gods outside the territory.

Zhang Yuhe once sensed the passage into the fairy world many times.

Unfortunately.

Before he could teleport over.

The passage was quickly resealed.

So Zhang Yuhe understands.

It is not that easy to return to the fairyland.

There are many primitive worlds in the Sea of Chaos.

There are also many monks who have come out of the primitive world.

But he had hardly heard of it.

After those people come to the Sea of Chaos, they can still go back.

Even the Supreme God King cannot do it at all.

Section 1107

Despite this.

Zhang Yuhe still has the confidence to return to the fairyland.

Because he is different from others.

He has the ability to teleport.

As long as he can accurately locate, he can teleport to any place in the Chaos Sea.

Although the original world and the Chaos Sea are separated by multiple void layers.

But it still belongs to the range of the Chaos Sea.

Zhang Yuhe believes.

With the boundless magical power of heaven and earth, he can definitely open a channel connecting the two worlds.

It's just a little more difficult.

After silently sensing for a while.

Zhang Yuhe suddenly made a stroke with his right hand.

A tiny particle vortex slowly appeared in the void.

Looking across through the vortex.

I saw the mountains in the distance stretching endlessly, and it looked familiar.

Seeing this situation.

Li Tianxing exclaimed excitedly.

"It seems to be Ziyun Mountain in the Chaos Continent over there. I passed by there in the past."

An Tianzuo next to him also said excitedly.

"Yes, it's Ziyun Mountain."

"I was wondering why it feels so familiar."

"It's just that this space channel seems a little too narrow."

"Can we get through?"

Zhang Yuhe looked up at the particle vortex in the void, and his brows couldn't help but frown slightly.

Opening the void connecting to the fairyland is more difficult than he imagined.

Although the channel is now open.

But the tiny particle vortex is obviously not enough to support their transmission back.

The vortex channel must be expanded a little more.

"It seems that I have to work harder."

Zhang Yuhe muttered to himself silently.

He just waved his right hand.

The particle vortex in the void slowly disappeared.

Following.

He used all his strength to stimulate the divine power in his dantian and cut open the void again.

However, the reopened transmission channel is still not satisfactory.

Although the particle vortex is larger than before.

But it is still not enough to transmit them back to the fairyland.

Seeing this situation.

Zhang Yuhe couldn't help but feel annoyed.

"I still don't believe that I can't open the passage back."

"You must use my ultimate move, right?"

"Then use it."

Thinking of this.

Zhang Yuhe decisively activated the Hunyuan Guiyi magical power.

A strong breath rose from him.

The terrifying momentum was everywhere.

Li Tianxing and An Tianzuo next to him were shocked by the sudden momentum.

Under the suppression of this strong momentum.

They even felt a little difficult to breathe.

Until this time.

They really realized how powerful Zhang Yuhe was.

When they met at ordinary times.

Zhang Yuhe always restrained his breath and looked calm.

It didn't make them feel too much pressure.

Now Zhang Yuhe activated the Hunyuan Guiyi magical power, and the terrifying momentum could not be restrained at all.

Li Tianxing and An Tianzuo stood by and were a little scared.

They quietly retreated a little.

It was not until they retreated hundreds of miles away that they felt a little more comfortable.

After opening the Hunyuan Guiyi magical power.

Zhang Yuhe's aura quickly rushed to the peak of the ninth-step God King.

Immediately afterwards.

A more powerful momentum rose from him.

Eternal Realm.

Zhang Yuhe clearly felt.

His current strength seemed to have undergone a qualitative change.

He is now in the second-step God King realm.

With the blessing of the Hunyuan Guiyi magical power, he finally broke through the shackles of the Eternal Realm.

Feeling the boundless power of himself.

Zhang Yuhe couldn't help but reveal a faint smile on his face.

He looked up and looked into the distance, muttering to himself.

"This should be all right now."

Zhang Yuhe stretched out his right hand and slowly drew a line in the void.

A half-acre particle vortex finally appeared in the void.

At the other end of the vortex, the Purple Cloud Mountain of the Chaos Continent in the Immortal Realm was clearly visible.

...

Chapter 779 The old friend is well, and the inheritance is still there

Looking at the particle vortex in the sky, Zhang Yuhe finally showed a faint smile on his face.

"Finally it works."

It's better to use it.

If there is no blessing of the Hunyuan Guiyi magical power.

He really has no way to completely open the passage to the fairyland.

Zhang Yuhe slowly restrained his momentum.

He turned his head to look at Li Tianxing and An Tianzuo in the distance, and said with a smile.

"It's okay, you go first."

The two of them walked quickly to Zhang Yuhe's side.

Looking at the huge particle vortex in the void, both of them couldn't help but show excitement on their faces.

"Finally I can go back and take a look."

Li Tianxing didn't hesitate at all. He quickly jumped into the air and threw himself into the vortex channel.

An Tianzuo arched his hand towards Zhang Yuhe and quickly teleported over.

Zhang Yuhe gently stroked the purple ring on his left hand.

He spoke softly.

"Yiyi, we can go back to the fairyland soon."

After saying this.

He leaped into the air and soon disappeared from the void.

...

Fairyland, Chaos Continent.

Three figures with a vast aura stood quietly among the vast mountains.

Li Tianxing and An Tianzuo looked at the endless continent in the distance, feeling very excited.

This is the fairyland.

Section 1108

It is the place where they cultivate and grow.

A billion years out of the fairy world.

They are finally back.

Although I am excited.

But they didn't dare to make any big moves.

He didn't even dare to scream loudly.

After settling down in Donghua Palace.

Li Tianxing and An Tianzuo have been practicing quietly for hundreds of millions of years.

During these long years, their cultivation levels improved rapidly.

They have all reached the peak of the Virtual God Realm.

Because the rules of the fairy world are weak.

With their current cultivation level, if the movement is too big.

If not, it will cause huge damage to the fairy world.

The three of them silently restrained their breaths and felt the familiar smell of the fairy world.

Zhang Yuhe slowly activated the magical power of Wave Dao.

Layers of invisible fluctuations spread rapidly to the distance.

The situation in the entire fairy world, even the attached lower realm.

are clearly presented in my mind.

After a long time.

Zhang Yuhe said with a smile.

"The dojos of each sect have now been moved to Yitian City."

"Let's go there together."

After saying this.

Zhang Yuhe made a light stroke with his right hand.

A vortex of particles slowly appeared in the void.

On the other side of the vortex.

A magnificent fairy city was clearly reflected in the three people's vision.

This is Yitian City.

Zhang Yuhe, after beating the Supreme True God to death.

A huge fairy city was built here.

The Immortal City is not only where the space passage is guarded, but also the holy land for cultivation in the entire Immortal World.

Through the observation just now.

Zhang Yuhe discovered.

Over the past billions of years.

Great changes have taken place in the fairy world.

The biggest change is.

The chaos beasts that originally dominated the fairy world have long been wiped out by the monks.

In today's Chaos Continent, Chaos Beasts are almost invisible.

Instead, there were fairy cities built by monks.

over the years.

The monks have already focused their development on Chaos Continent.

The major holy places even moved their dojos to Yitian City.

As for the original sect's residence, it is now just used as an ancestral home.

It is more of a commemorative significance, and there are not many disciples left behind.

Travel through the particle vortex.

The three people arrived quickly, above Yitian City.

Feel the spiritual energy rising around you.

Li Tianxing said with emotion.

"The spiritual energy here is at least twice as rich as other places."

"No wonder after we left, the younger generations moved the sect's headquarters here."

Zhang Yuhe said with a smile.

"Actually, this is normal."

"After all, this is the core of the fairy world, and the space passage is also nearby."

"Some of the divine power from the Chaos Sea can be transmitted through the space channel."

"Such a treasure land, they will naturally not waste it."

"Haha, that's right."

"And there is also a formation guard left by the seniors here."

"It can be said to be the safest place in the entire fairy world."

"It would be weird if they didn't move the sect here."

The three of them stood above Yitian City and watched quietly for a while.

Li Tianxing couldn't wait and said to Zhang Yuhe.

"Senior, let's go back to the sect first and see those unscrupulous disciples."

"When senior leaves the fairy world, let us know again."

"good."

Li Tianxing and An Tianzuo bowed their hands towards Zhang Yuhe.

Then he turned around and flew towards the fairy city below.

Zhang Yuhe looked through the layers of void and soon saw the location of Dao Sheng Sect.

He quickly flew down and soon appeared in a huge palace.

He Yueyue sat cross-legged on the training platform.

At this time, the aura on her body was clearly at the level of Da Luo realm.

Today, the Daosheng Sect is at its peak.

As the contemporary head of the Daosheng Sect.

She has basically stopped intervening in all matters within the sect.

He Yueyue now only wants to practice.

She wanted to break through the Dao Ancestor Realm as soon as possible and then pass through the void passage.

Follow in the footsteps of the ancestors of the Galaxy.

Just at this time.

He Yueyue slowly opened her eyes and found that a figure suddenly appeared in the hall.

After seeing clearly who is coming.

she exclaimed in surprise.

"Ancestor, you are back."

He Yueyue stood up and rushed to Zhang Yuhe quickly.

At this time, her eyes were dim and she said with a trembling tone.

"After so many years, ancestor, you are finally back."

Looking at He Yueyue's excitement.

Zhang Yuhe couldn't help but sigh.

Although endless years have passed.

But He Yueyue was in his eyes.

She still looks like the helpless little girl she saw in Blue Star Kunlun Fairy City.

Zhang Yuhe said with a smile.

"Yeah, just come back and have a look."

He Yueyue took a deep breath and put away her excitement.

Said happily.

"I'll notify the others right away."

After a while.

A large number of Daosheng Sect elders quickly poured into the hall.

"Greetings to the ancestor."

After seeing Zhang Yuhe, everyone couldn't help shouting excitedly.

Billions of years have passed.

No one expected that they would see Zhang Yuhe again.

Section 1109

Some of these rising stars have never met Zhang Yuhe in person.

But the legend about Zhang Yuhe has already penetrated deep into his heart.

Now the legend appears before our eyes.

How could they not be excited about this?

Zhang Yuhe smiled and looked at everyone in the hall.

Li Tian, Wang Guofeng, Lu Yunfei, Yu Liwei...

The old friend is still well.

And the progress is not small.

Most of the old people who grew up with him have now broken through to the Great Luo Realm.

Zhang Yuhe took a general glance.

There were actually dozens of Da Luo Immortals in the main hall.

Think back to the beginning.

When the Dao Sheng Sect was in the Nanhai Immortal Territory, only the leader, Lian Zhengyu, the Golden Immortal, was in charge.

Thinking about the miserable appearance back then, and then looking at the talented people in the hall in front of you.

Zhang Yuhe couldn't help but feel relieved.

The Tao Sheng Sect has continued to inherit and develop at its peak.

It's not in vain that he left behind many backup plans.

...

Chapter 780 The Tao spreads throughout the world, and the years will never end

The news of the return of Emperor Yinhe, Emperor Tianzuo and Daozu Tianxing soon spread throughout the fairy world.

All the high-ranking figures in the major forces know it.

billions of years ago.

Emperor Galaxy led the Taoist ancestors of various families through the vast void passage to a wider world.

Unexpectedly.

Now he can actually return to the fairyland.

And the time interval is not too long.

It's just a billion years.

After the monks reach the Taiyi realm, they no longer have to worry about longevity.

One billion years is not too long a time for them.

It seems like just yesterday.

Everyone is very curious about the outside world.

Countless high-level monks rushed to the three holy places.

I want to find out some news about the world outside the fairy world.

There are many of them, because of various bottleneck levels.

Cultivation cannot be improved for a long time.

They just wanted to find out.

Can the world outside the fairy world allow them to break through the bottleneck?

Enter a higher realm.

What is the place beyond the fairy world?

They can also pass by.

Everyone is looking forward to it.

Zhang Yuhe's return can bring them good news.

Especially the senior officials of other holy places were extremely anxious.

the reason is simple.

At the beginning, more than thirty people from each Taoist family walked out of the immortal world at the same time.

Now only Zhang Yuhe and three others have returned.

What about others?

They were very worried about what would happen to their ancestors after they left the fairy world.

Could it be that he didn't come back because he died?

Regarding whether the information about the Sea of Chaos should be made public in the fairy world.

Li Tianxing and An Tianzuo were both undecided.

They came to Daoshengzong together and asked Zhang Yuhe for instructions.

Zhang Yuhe had no intention of covering up.

In his opinion.

Information about the Sea of Chaos should be spread as widely as possible.

Otherwise.

The monks in the immortal world are trapped in a corner, and their vision is restricted.

There is no feeling of being outside the world.

I thought.

The fairy world is all of heaven and earth.

This is not good.

This will make many monks lose their enterprising spirit.

Just let everyone know.

There is heaven beyond the fairy world.

There is a wider world.

Only then will everyone work harder to practice.

Zhang Yuhe hopes.

In the immortal world, everyone should strive to win.

He even planned to.

Restructured, the void passage from the fairy world to the sea of chaos.

Let people in the Immortal Realm go to the Sea of Chaos without breaking through to the Dao Ancestor Realm.

to be honest.

The resources of the fairy world are limited.

It is really difficult for a monk to break through to the Dao Ancestor Realm.

Many monks with extraordinary talents have practiced in the immortal world for endless years.

Still can't break through that terrible bottleneck.

But in the Sea of Chaos, it's completely different.

The origin of the Chaos Sea is thick and its rules are clear.

As long as there are enough resources, the talent is passable.

It is not too difficult to cultivate to the virtual god realm.

At least it's countless times easier than in the fairy world.

Zhang Yuhe hopes to introduce more immortal monks into the Sea of Chaos.

It would be best to join Donghua Palace.

to be honest.

There are only about a hundred thousand disciples in such a big Donghua Palace.

This quantity is simply too small.

If we could introduce a group of monks with extraordinary talents from the immortal world to join Donghua Palace.

Then some time in the future.

The overall strength of Donghua Palace can definitely be raised to a higher level.

soon.

A piece of gossip spread quietly in the fairy world.

The Galaxy Emperor plans to rebuild the rules of the fairy world and create a new road to the outside world.

In the future, as long as you practice to the Daluo realm, you can pass through new passages and enter the vast sea of chaos.

The Sea of Chaos has complete rules and resources everywhere.

There is endless monastic inheritance there.

As long as you have your heart set on the Tao, you will definitely be able to find your own way.

After the news spread.

The whole fairy world is boiling with excitement.

If you can go to the Sea of Chaos, who wouldn't want to?

Section 1110

Just like the monks in the lower world, who doesn't want to ascend to the fairy world?

The principles are the same.

Everyone hopes to enter a wider world.

Be able to reach a higher realm.

Although the True God of the Sea of Chaos walks all over the land, the False God Dao Ancestor is not as good as a dog.

After they entered the Sea of Chaos.

Maybe he will become a nobody from the bottom of the family from now on.

But that is the world that cultivators yearn for.

There is pressure and competition, but no one is afraid of it.

They are afraid that they cannot see the way forward.

Many people have been trapped in the fairy world for countless years.

If it goes on for a long time.

They are all afraid that they will go crazy.

Only when there is a way forward can there be motivation and inspire people's enterprising spirit.

...

Zhang Yuhe walked in the void.

After letting the news out, he ignored it.

Rebuilding the rules of the fairy world and opening new void passages are his true thoughts.

And he plans to do just that.

But that will have to wait a while.

Because he wanted to go back to Blue Star for a visit first.

Look at where you grew up.

Behind Zhang Yuhe.

Wang Guofeng and He Yueyue stood quietly on both sides.

Through the magical power of the Wave Path.

Zhang Yuhe can clearly see the grand situation of Blue Star now.

Endless years passed.

The current cultivation atmosphere in Blue Star is no longer what it was back then.

Now the prosperity of Blue Star's Immortal Path has even exceeded that of the general Immortal Cultivation World.

It is not an exaggeration to say that it is a small fairyland.

Zhang Yuhe looked through the layers of void, and he saw the blue star.

Immortal mountains tower into the sky, and countless monks are scattered all over the place.

He saw hundreds of Mahayana monks alone.

Such a prosperous world of immortality is indeed extremely rare.

See this situation.

Zhang Yuhe couldn't help but reveal a faint smile.

He muttered to himself.

"The current Blue Star is really magnificent."

Wang Guofeng, who was next to him, quickly echoed.

"Yes, I went back once a few years ago."

"The current Blue Star is probably considered to be the top level of immortal cultivation world."

"Oh, one more thing."

"Now the monks in the lower realm have renamed Blue Star the Galaxy Continent."

"Is there such a thing?"

The smile on Zhang Yuhe's face couldn't help but become stronger.

The Tao spreads throughout the world, and the years are endless.

Blue Star is named after his Taoist name.

Zhang Yuhe was naturally happy.

This shows that his efforts back then were not in vain.

Although countless years have passed.

The Blue Star people still remember him, the Galaxy ancestor.

Think of this.

Zhang Yuhe said happily.

"Let's go back to Blue Star."

After saying this.

Zhang Yuhe made a stroke with his right hand.

A huge vortex of particles slowly appeared in the void.

The rules of the fairy world are weak.

Even if the cross-border transmission channel is opened, it is not difficult.

Not to mention Zhang Yuhe is now a dignified god king.

Even a great Immortal like Wang Guofeng can also open the passage to the lower realm.

Zhang Yuhe took one step forward and soon appeared on a vast sea.

Wang Guofeng and He Yueyue followed closely behind.

The three of them stood on the sea, feeling the familiar atmosphere around them.

I couldn't help but feel a little nostalgic.

They are all monks from Blue Star, and they can also be regarded as the first batch of monks from Blue Star.

Now billions of years have passed.

Although the world has changed forever, Blue Star has already undergone earth-shaking changes.

But seeing their homeland again made them feel a little warm.

...

Chapter 781 Wu Yiyi: I want to practice hard

Feel the familiar atmosphere around you and look at the vast world in the distance.

Zhang Yuhe couldn't help but feel relieved.

Blue Star can achieve its current situation.

It can be said.

He is indispensable.

Before ascending to the fairy world.

Zhang Yuhe mobilized the Blue Star monks to build the Kunlun Fairy City.

At the same time, in the fairy city, a great formation of stars in the sky was arranged.

Through the power of the great formation, the endless matter in the starry sky is drawn and integrated into the blue star.

It is precisely because of this.

Blue Star can only be seen from one side, and there are only living planets with a radius of tens of thousands of miles.

It developed into the grandeur it is now and became the current Milky Way Continent.

Zhang Yuhe sighed silently.

After a while.

He turned around and said to Wang Guofeng and He Yueyue beside him.

"You go and do your own work, I'll walk around by myself."

"Yes, ancestor."

Wang Guofeng bowed and saluted, and then quickly flew away.

Different from Zhang Yuhe.

Wang Guofeng and He Yueyue both have family heritage in Blue Star.

And there is the care of the Taoist Sect of the Immortal Realm.

Their families have been developing very well in Blue Star.

The inheritance has never been cut off.

Especially Wang Guofeng.

Before the spiritual energy was revived, their Wang family was the top wealthy family in Blue Star.

By the east wind of Zhang Yuhe.

The Wang family has been prospering.

over the years.
