Section 112

As for whether he will be beaten to death?

Wu Tian never thought about it at all.

As long as he wants to leave, no one in the world can beat him to death.

Seeing that Wu Tian was knocked back with one punch, Zhang Yuhe nodded with satisfaction.

The Hunyuan Guiyi magical power is indeed the innate magical power that comes with the Hunyuan Dao body.

It's simply a buggy ultimate move.

The only drawback is that it consumes too much and the cooling time is too long.

Now he had to hurry up.

Think of this.

Zhang Yuhe flew across the sky and punched Wu Tian again.

"snort."

Seeing that Zhang Yuhe didn't even change his moves, he still had the same boxing skills.

Wu Tian couldn't help but snorted coldly.

He used the Heaven-shaking Demonic Stick again.

The magic stick brought endless pressure and instantly shattered the fist shadow.

However, Wu Tian's figure retreated thousands of miles again.

After activating the magical power of Hunyuan Guiyi, Zhang Yuhe's strength has become somewhat stronger than Wu Tian's.

Coupled with the Galaxy Dragon Fist, it combines eight attributes of mana.

The power was extraordinary, and Wu Tian couldn't resist it.

Zhang Yuhe waved his fist continuously and punched Wu Tian.

Wu Tian swung the Heaven-Shaking Demonic Stick and launched some counterattacks from time to time.

The two of them fought all the way from Dingzhou City to hundreds of thousands of miles away.

"The demons in the late Mahayana period are really tough."

Zhang Yuhe punched continuously, although each punch could knock Wu Tian back thousands of miles.

But it didn't really hurt it.

"No, if this continues, how long will it take to beat him to death?"

It can't be delayed any longer.

Once the mana is exhausted, it cannot support the activation of Hunyuan Guiyi's magical power.

Then he would be in tragedy.

Thinking of this, Zhang Yuhe used the magic formula.

Nine flying swords flew out from his side and fell quickly towards Wu Tian's surroundings.

Wu Tian's figure flashed, trying to get out of the scope of the sword formation.

Although he didn't know the details of the Hunyuan Nine Heavens Sword Formation.

But he understood that once he fell into the sword formation, it would definitely not be a good thing.

However, Wu Tian just moved.

Zhang Yuhe punched him again.

Taking advantage of the moment Wu Tianfei retreated, nine flying swords quickly fell around him.

Zhang Yuhe pinched the magic formula, and the sword array flashed with a dazzling light curtain, instantly covering Wu Tian.

"not good."

Wu Tian quickly swung the Heaven-Shaking Demonic Stick and struck down the surrounding sword energy light curtain with one blow.

The light curtain caused a violent tremor, and then returned to its original state.

Seeing such a situation, Wu Tian couldn't help but take a breath of cold air.

He originally thought that Zhang Yuhe's sword formation should specialize in defensive magical powers.

But who knew that this sword formation was equally powerful in trapping enemies.

Once trapped, it is difficult to break out.

"No, we must break the sword formation and rush out as soon as possible."

Seeing that he was trapped by the sword formation, Wu Tian couldn't help but feel a little anxious.

He felt a hint of danger.

Think of this.

Wu Tian swung the Heaven-Shaking Demonic Stick and smashed it at the sword energy light curtain crazily.

"Humph, you just want to run away now, don't you think it's too late?"

Zhang Yuhe snorted coldly.

He quickly pressed the magic formula.

Mana poured into the sword formation like a tide.

At the same time, a large amount of invisible sword energy was generated out of thin air.

The sword energy swept across the sky and the earth, quickly cutting towards Wu Tian.

Seeing this situation, Wu Tian did not dare to be careless at all.

He quickly held out a golden shield.

With the infusion of magic.

The shield turned into a golden halo, guarding him within it.

The invisible sword energy struck the golden light curtain, making bursts of jingling sounds.

As a demon from the late Mahayana period, Wutian's magic power is extremely powerful.

The defensive methods he used were extraordinary.

The invisible sword energy struck the golden light screen without losing any of it.

However, Zhang Yuhe never thought that Wu Tian could be killed with only invisible sword energy.

The later stages of Mahayana are not so easy to kill.

Even if he now activates the Hunyuan Guiyi magical power, it is not that easy to kill Wu Tian.

But just because it's not easy doesn't mean it can't be killed.

Zhang Yuhe controlled the sword array while waving his fists, hitting the golden light screen with punches.

Facing Zhang Yuhe's fierce attack, Wu Tian panicked completely.

Now that he was trapped by the sword formation, he had no room to move and could only carry it.

But Zhang Yuhe's attack was too fierce.

The invisible sword energy in the sword formation is not bad.

Even with these sword energy, any one of them can seriously injure an early Mahayana monk.

But he is confident that he can carry it for a long time.

Compared to the invisible sword energy, Zhang Yuhe's fist was the real threat.

Every time his fist fell, the golden light curtain would shake violently.

If this continues, it won't be long before his defenses are broken.

We must call for help as soon as possible.

Think of this.

Wu Tian quickly sent a message to Mo Yuetian.

"I encountered a Mahayana monk from the Dao Sheng Sect in Dingzhou City. He was able to improve his cultivation to the late Mahayana stage in a short period of time. Please come quickly for support."

As the first demon guard, Wu Tian was originally extremely arrogant.

Except for Mo Yuetian, he didn't take anyone seriously.

But now he was really panicked.

If no one came to support him, he might really be beaten to death.

Chapter 106 Wu Tianyun

Luzhou, Qishan Prefecture.

The demon army is rapidly advancing westward in a mighty manner.

Suddenly, a stream of light flew out from the palace above the army and flew quickly into the distance.

After receiving Wu Tian's message for help, Mo Yuetian rushed to Dingzhou City without any consideration.

He knew that with Wu Tian's arrogant character.

If he was not forced into a desperate situation, he would not easily ask for help.

As for why the Taoist Saint Sect monk suddenly exploded from the early Mahayana stage to the late Mahayana stage.

And he was able to force Wu Tian into a desperate situation.

Wu Tian did not elaborate.

Mo Yuetian did not ask.

Now is not the time to ask such things.

He had to find a way to rush to Dingzhou City as soon as possible to rescue Wu Tian.
